

## Drug Authorization and Policy Override Center

### Early Refill Drugs

In response to COVID-19, ForwardHealth is implementing the following temporary measure.

**Beginning March 20, 2020**, pharmacies will be allowed to override the overuse precaution prospective DUR alert for drugs that previously required an override by the Drug Authorization and Policy Override (DAPO) Center, excluding Schedule II drugs. Schedule II drugs will still require a DAPO exception to override the alert. Pharmacists should use their clinical judgement when determining the appropriateness and necessity of overriding a DUR alert.

Pharmacies will receive the message “Early Refill Alert. Policy override must be granted by the Drug Authorization and Policy Override Center to dispense early.” Pharmacies must contact the Drug Authorization and Policy Override Center (DAPO) Center to request an override of the early refill alert.

The drugs included in the DAPO early refill alert are listed in the table below.

Effective Date: 08/01/2018

DRUG NAME
ALPRAZOLAM ORAL 0.25 MG TAB RAPDIS
ALPRAZOLAM ORAL 0.25 MG TABLET
ALPRAZOLAM ORAL 0.5 MG TAB RAPDIS
ALPRAZOLAM ORAL 0.5 MG TAB.SR 24 H
