

# ForwardHealth Pharmacy Data Table

## Diagnosis Restrictions

**Note:** Prescribers are required to indicate the diagnosis code or description on prescriptions for diagnosis-restricted drugs. If a diagnosis code is not indicated on the prescription, pharmacy providers should contact the prescriber to obtain the diagnosis code or description. *It is not acceptable for pharmacy providers to obtain the diagnosis code or description from the member.*

All diagnosis codes indicated on claims (and PA requests when applicable).

### Preferred Diagnosis-Restricted Drugs

Pharmacy providers should submit the most specific ICD-9-CM diagnosis code on claims for preferred drugs.

### Non-preferred Diagnosis-Restricted Drugs

Prescribers should indicate the most specific ICD-9-CM diagnosis code for non-preferred drugs on the Prior Authorization/Preferred Drug List (PA/PDL) Exemption Request.

### Diagnosis Outside the Allowed Diagnoses

BadgerCare Plus Standard Plan, Medicaid, and Senior Care

If the prescriber writes a prescription with a diagnosis outside the ForwardHealth-allowed diagnoses for a drug, the prescriber is required to submit peer-reviewed medical literature to support the proven efficacy and safety of the requested use of the drug. Documentation of previous treatments and detailed reasons why other covered drug treatments were discontinued or not utilized are required. Medical records should be provided as necessary to support the PA request. This information should be documented on the PA/DGA in Section V (Clinical Information for Diagnosis-Restricted Drug Requests).

When completing the PA/DGA, prescribers should provide the diagnosis code and description, complete Section V, and use Section VIII (Additional Information), if needed. Prescribers are reminded to **provide a handwritten signature** and date on the form before submitting it to the pharmacy provider where the prescription will be filled. The pharmacy provider is required to complete a PA/RF before submitting the forms and supporting documentation to ForwardHealth. Prescribers should not submit PA forms to ForwardHealth.

As a reminder, prescribers and pharmacy providers are required to retain a completed copy of the PA form(s).
