

## Outpatient mental health and substance abuse services maximum allowable fees and copayment rates

The procedure codes listed will be allowable to those providers who provide mental health evaluations, psychotherapy, and substance abuse services in outpatient settings after implementation of the Health Insurance Portability and Accountability Act of 1996 (HIPAA). This includes psychiatrists and Ph.D. psychologists in private practice and all outpatient mental health or substance abuse clinics (for services provided by psychiatrists, Ph.D. psychologists, Master's-level psychotherapists, and alcohol and other drug abuse [AODA] counselors). Not all providers may be reimbursed for all outpatient mental health or substance abuse services. To determine which certified providers may be reimbursed for a particular service, please consult the charts in this Attachment. Maximum allowable fees listed are the proposed fees effective July 1, 2008, and may be subject to change.
