

# Children's Long-Term Support Program: Multiple Dates of Service on a Claim

You can submit a claim with multiple dates of service (DOS), also known as span billing, if the dates were approved on a prior authorization (PA) **and** the claim meets the criteria described here.

There are four types of multiple DOS on claims:

- Services provided on multiple consecutive days (days in a row, including weekend days)
- Services provided on multiple days that are not consecutive (days that are not in a row)
- Services provided overnight
- Services provided with procedure codes that have “monthly” or “session” units

---

## Services Provided on Multiple Consecutive Days

You can show service information for multiple consecutive days on one detail line on the claim if this information is identical for each DOS:

- Member
- Service
- Units

The total number of units must be evenly divisible by the number of days. For example, if you provided 3 units on May 12, 13, and 14 for the same service and member, you may put 9 units on **one detail line** on the claim.

Detail										
Line Number	From Date of Service	To Date of Service	Procedure Code	Mod1	Mod2	Mod3	Mod4	Status	Units	Charge
1	05/12/2025	05/14/2025	S5150	U2				PAY	9.00	\$75.60

If the service and units are not the same on each DOS, you must bill each date on a separate detail line.

## Services Provided on Multiple Days That Are Not Consecutive

You can show service information for multiple, non-consecutive days by adding more than one detail line on the claim if this information is identical for each DOS:

- Member
- Service

If the services are not the same for each DOS, you must bill each service on a separate claim. For CLTS, each PA only authorizes one service, and each claim refers to only one PA.

For example, if you provided the same service on May 1, May 5, and May 7, you must **add a detail line for each DOS**.

### *Example of a 15-minute unit type billed for non-consecutive dates of service*

You may bill several 15-minute units on one DOS.

## Services Provided Overnight

When you provide a service that is a per diem rate (for example, overnight respite), you must use the **date the service ended in the From Date of Service field and the To Date of Service field**.

For example, a member arrived at 8 p.m. on Monday, March 9, 2025, and they left at 10 a.m. on Tuesday, March 10, 2025. When you submit a claim for the service, you must put 03/10/2025 in the From Date of Service field and 03/10/2025 in the To Date of Service field with 1 unit of service.

M	1	03/10/2025	03/10/2025	S9125	U1				PAY	1.00	\$488.25

## Services Provided With Procedure Codes That Have “Monthly” or “Session” Units

When you provide a service that has a monthly or session unit, you must use the **last day of the month or session in the From Date of Service and To Date of Service field** with 1 unit.

For example, a monthly service for May would be billed as 05/31/2025–05/31/2025 with 1 unit of service.

A	0	05/31/2025	05/31/2025	T2040	U7	22			1.00	\$75.30	

For example, a week-long session from May 12, 2025, to May 16, 2025, would be billed as 05/16/2025–05/16/2025 with 1 unit of service.
