

Obstetrics Medical Home: DMS Updates

May 14, 2019

Agenda

- OBMH participant data
- Best practices/successes
- Policy and program reminders

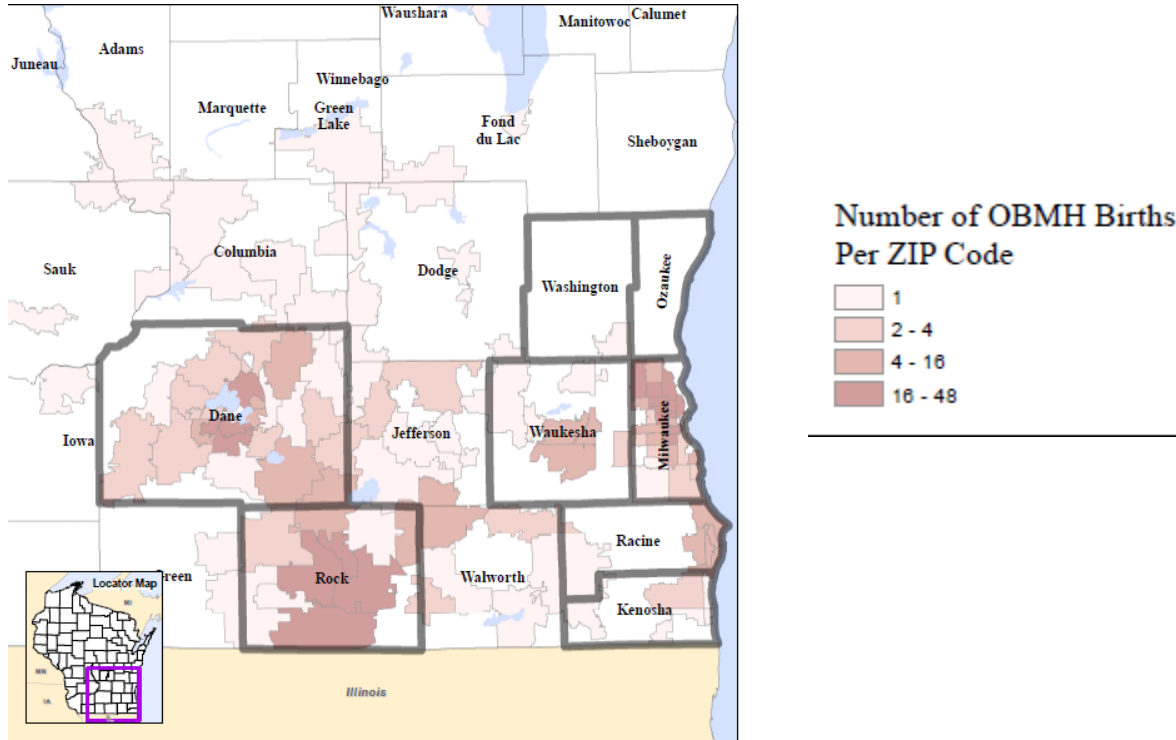

OBMH Fiscal and Outcome Data

OBMH Fiscal and Outcome Data by Year— Births meeting care coordination criteria

Calendar Year	Healthy Birth Outcomes	Poor Birth Outcomes	Total OBMH Incentive Dollars
2012	527	57	\$1,111,000
2013	527	48	\$1,102,000
2014	451	41	\$943,000
2015	756	78	\$1,590,000
2016	685	71	\$1,441,000
Total	2946	295	\$6,187,000

* 2017 data will be available after CY17 payment reconciliation rebuttals are complete – likely early Q3 2019.

CY16 Member Current County of Residence

2016 Neonatal Intensive Care Unit (NICU) Data

Population	NICU Births	Total Births	NICU Rate
Statewide (OBMH Births Excluded)	1,114	25,833	4.3%
OBMH Counties (OBMH Births Excluded)	624	12,679	4.9%
OBMH	6	756	0.8%

2015-16 Neonatal Intensive Care Unit (NICU) Data

Population	CY15 NICU Rate	CY16 NICU Rate
Statewide (OBMH Births Excluded)	4.3%	4.3%
OBMH Counties (OBMH Births Excluded)	5.7%	4.9%
OBMH	2.8%	0.8%

2018 Best Practices/Successes

In the 2018 Annual Report, several HMOs and clinics reported successful implementation of best practices, including:

- Expanded PNCC use.
- Increased collaboration between clinics sites, and with HMOs.
- More intensive or better targeted care coordination.
- Addressing nonmedical or determinate needs.
- Expanded home visitation.
- Increased use of monitoring and metrics.

2019 PRAMS Fact Sheets

- The Wisconsin Pregnancy Risk Assessment Monitoring System (PRAMS) recently published fact sheets on safe sleep practices and perinatal depression.
- These documents are intended to provide providers a statewide obstetric health snapshot, as well as share best practices on a select topic.
- The factsheets can be located at:
 - [PRAMS fact sheet on infant safe sleep practices](#)
 - [PRAMS fact sheet on perinatal depression](#)

CY19 Contract Language Reminders

- Reason(s) for the member's medical home eligibility must be documented in the medical record.
- Enrollment in OBMH within 20 weeks of pregnancy must be entered into the registry by that time.

Payment Update Reminders

- CY17 payment reconciliation
 - Return rebuttal files via the VEDS HMO Support SFTP by 5/31/2019.
 - Please send rebuttal file submission confirmation to:
 - DHS OBMH mailbox (DHSOBMH@dhs.wisconsin.gov).
 - Erik Bakken (erik.bakken@wisconsin.gov).
- Enrollment deadline to be enforced for next payment reconciliation—CY18

Future DHS Disparity Efforts

Medicaid Managed Care Final Rule – 42 CFR 428.340(b)(6)

- CMS requires states to analyze member demographic data, establish health disparity goals, and reduce identified disparities.
- State will focus on birth outcomes for the CY19 analysis.
- Whether these efforts will directly involve OBMH has yet to be determined.
