Between Department of Health Services and Dane County

ARTICLE I

THIS CONTRACT is made and entered into this first day of July 2015 for the period of July 1, 2015, through June 30, 2017, by and between the Department of Health Services (hereinafter Department) and the County Board Supervisors of the County of Dane (hereinafter the County) for the purpose of providing and/or purchasing mental health services for severely emotionally disturbed children who are BadgerCare Plus members enrolled in the County’s special managed care program known as Children Come First (CCF).

WHEREAS THE DEPARTMENT wishes to purchase with periodic fixed payments on a risk basis, as defined in 42 CFR 438.2, the “Contract services” and “administrative services” specifically described below; and

WHEREAS the County is able and willing to provide and/or purchase such services.

NOW THEREFORE, in consideration of the mutual covenants hereinafter set forth, the Department of Health Services and the County agree as follows:

I. DEFINITIONS

Abuse: Provider practices that are inconsistent with sound fiscal, business, or medical practices, and result in an unnecessary cost to BadgerCare Plus, in reimbursement for services that fail to meet professionally recognized standards for health. Abuse also includes client or member practices that result in unnecessary costs to Medicaid.

Action: The denial or limited authorization of a requested service, including the type or level of service; the reduction, suspension, or termination of a previously authorized service; the denial in whole or in part of payment of service; failure to provide timely services; or failure by the County to act within contract-specified timeframes.

Administrative Services: An obligation of the County under this Contract other than Contract services.

Advance Directive: An advance directive is a written instruction, such as a living will or durable power of attorney for health care, recognized under Wisconsin law (whether statutory or recognized by the courts of Wisconsin) and relating to the provision of such care when the individual is incapacitated.

Appeal: A request for review of an action.

Authorized Representative: For the purposes of filing a complaint, grievance, or appeal, an individual appointed by the member including a provider or estate representative may serve as an authorized representative with documented consent of the member.

**Enrollment Area:** Refers to Dane County and is the geographic area within which a member’s parent, guardian or primary caregiver must reside in order to enroll in the County’s Managed Care Program under this Contract. A member may enroll regardless of where the member’s parent, guardian, or primary caregiver lives when the member is legally the responsibility of the County.

**Fraud:** An intentional deception or misrepresentation made by a person or entity with the knowledge that the deception could result in some unauthorized benefit to him/herself, or to some other person or entity. It includes any act that constitutes fraud under applicable federal or state law.

ARTICLE II

II. DELEGATIONS OF AUTHORITY

The County shall oversee and remain accountable for any functions and responsibilities that it delegates to any subcontractor. For all major or minor delegation of function or authority:

- There shall be a written agreement that specifies the delegated activities and reporting responsibilities of the subcontractor and provides for revocation of the delegation or imposition of other sanctions if the subcontractor’s performance is inadequate.

- Before any delegation, the County shall evaluate the prospective subcontractor’s ability to perform the activities to be delegated.

- The County shall monitor the subcontractor’s performance on an ongoing basis and subject the subcontractor to formal review at least once a year.

- If the County identifies deficiencies or areas for improvement, the County and the subcontractor shall take corrective action.

- If the County delegates the selection of providers to another entity, the County retains the right to approve, suspend, or terminate any provider selected by that entity.
III. COVERED POPULATION

The eligible population consists of those BadgerCare Plus eligible children and adolescents who meet the following criteria:

A. RESIDENCY----The parents, guardian or primary caregivers of eligible children and adolescents will live in Dane County.

B. AGE----Eligible children and adolescents will be from birth through 18 years of age.

C. SEVERE EMOTIONAL DISTURBANCE----Eligible children will be determined to have severe emotional disturbance as defined in this Contract.

D. IMMINENT RISK OF PLACEMENT----Eligible children will be in an out-of-home placement or at imminent risk of admission to a psychiatric hospital, or placement in a residential care center or juvenile correction facility.

E. NON-NURSING HOME----Eligible children shall not be residents of a nursing facility at the time of enrollment.

F. NON-PSYCHIATRIC HOSPITAL----Eligible children shall not be residing in a psychiatric hospital or a psychiatric unit of a general hospital at the time of enrollment.
IV. FUNCTIONS AND DUTIES OF THE COUNTY

In consideration of promises of the Department contained in this Contract, the County shall:

A. PROVISION OF CONTRACT SERVICES

1. Promptly provide or arrange for the provision of all services as described in this Contract attached hereto and included herein.

2. Be liable, when emergencies and County referrals to out-of-area or non-affiliated providers occur, for payment only to the extent that Medicaid pays, including Medicare deductibles, or would pay its fee-for-service providers for services to BadgerCare Plus members. For outpatient hospital services the Department will provide each managed care program per diem outpatient rates based on the BadgerCare Plus fee-for-service equivalent. This condition does not apply to: (1) Cases where prior payment arrangements were established; and (2) Specific subcontract agreements. The County is not required to make retroactive payment adjustments consistent with the Wisconsin BadgerCare Plus Maximum Allowable Fee Schedule and hospital reimbursement made by the State of Wisconsin for fee-for-service providers, including but not limited to, payments for inpatient and outpatient hospital services.

3. Changes to BadgerCare Plus-covered services mandated by federal or state law subsequent to the signing of this Contract will not affect the Contract services for the term of this Contract, unless agreed to by mutual consent, or the change is necessary to continue receiving federal funds or due to the action of a court of law.

The Department may incorporate into the Contract any change in covered services mandated by federal or state law into the Contract effective the date the law goes into effect, if it adjusts the capitation rate accordingly. The Department will give the County at least 30 days’ notice before the intended effective date of any such change that reflects service increases and the County may elect to accept or reject the service increases for the remainder of that Contract year.

The Department will give the County 60-day notice of any such change that reflects service decreases, with a right of the County to dispute the amount of the decrease within those 60 days. The County has the right to accept or reject service decreases for the remainder of the Contract year. The date of implementation of the change in
coverage will coincide with the effective date of the increased or decreased funding. This section does not limit the Department’s ability to modify this Contract due to changes in State Appropriations.

This Contract is contingent upon authorization of state and federal law and any material amendment or repeal of same affecting relevant funding to, or authority of, the Department shall serve to terminate this agreement except as further agreed by the parties hereto. Nothing contained in this Contract shall be construed to supersede the lawful power or duties of either party.

4. Be responsible for the provision and payment of all Contract services provided to all BadgerCare Plus members listed as ADDs or CONTINUEs on either the Initial or Final Enrollment Reports generated for the month of coverage. Additionally, the County agrees to provide, or authorize provision of, services to all BadgerCare Plus members with valid Forward Health ID cards indicating County enrollment without regard to disputes about enrollment status and without regard to any other identification requirements. Any discrepancies between the cards and the reports will be reported to the Department for resolution. The County shall continue to provide and authorize provision of all Contract services until the discrepancy is resolved. This includes members who were PEND/CLOSE on the Initial Report and held a valid Forward Health ID card indicating County enrollment, but did not appear as a CONTINUE on the Final Report.

5. Assist members in scheduling and obtaining HealthCheck services from their regular provider of primary health care, or other certified HealthCheck service provider.

6. The actual provision of any service must be approved by the members of the Child and Family Treatment team as to the medical necessity and appropriateness of the service, except that the County must provide assessment and evaluation services ordered by a court. The County shall not establish any monetary limit or time limit on mental health and substance abuse treatment where it has been determined that this treatment is medically necessary. Decisions to provide or not to provide or authorize medical services shall be based solely on medical necessity and appropriateness as defined in HFS 101.03(96m) and the recommendations of the child and family treatment team. Disputes between the County and members about medical necessity and appropriateness can be appealed through the County grievance system and ultimately to the Department for a binding determination. Parents must be informed of the grievance procedure in writing.
7. The County and its providers and subcontractors must not bill a BadgerCare Plus member for medically necessary BadgerCare Plus services covered under the County Contract and provided during the member’s period of the County enrollment, except for allowable co-payments on medications and services established by the Department. The County has the right to waive the member’s co-payment for provided services. This provision shall continue to be in effect even if the County becomes insolvent. The County must ensure that a member will not be billed for BadgerCare Plus-covered services provided out of the County’s network.

8. In addition, the County is not required to provide counseling or referral service if the County objects the service on moral or religious grounds. If the County elects not to provide, reimburse for, or provide coverage of, counseling or referral service because of an objection on moral or religious grounds, it must furnish information about the services it does not cover as follows:

   a. To the Department;
   b. With the County’s certification application for a BadgerCare Plus contract;
   c. Whenever the County adopts the policy during the term of the contract;
   d. It must be consistent with the provisions of 42 CFR 438.10;
   e. It must be provided to potential members before and during enrollment;
   f. It must be provided to members within ninety (90) calendar days after adopting the policy with respect to any particular service; and
   g. In written and prominent manner, the County shall inform members via their website and member handbook of any benefits to which the member may be entitled under BadgerCare Plus and Medicaid SSI but which are not available through the County program because of an objection on moral or religious grounds.

9. Children Come First, for members ages 18 years and older, must maintain written policies and procedures related to advance directives. Written information provided must reflect changes in state law as soon as possible, but no later than 90 days after the effective date of the change. An advance directive is a written instruction, such as a living will or durable power of attorney for health care, recognized under Wisconsin law (whether statutory or recognized by the courts of Wisconsin) and relating to the provision of such care when the individual is incapacitated. Children Come First must:
a. Provide written information at the time of enrollment to all adults receiving medical care through the Children Come First regarding:

1) The individual’s rights under Wisconsin law (whether statutory or recognized by the courts of Wisconsin) to make decisions concerning such medical care, including the right to accept or refuse medical or surgical treatment and the right to formulate advance directives; and

2) The individual’s right to file a grievance with the Department of Health Services, Division of Quality Assurance, regarding noncompliance with advance directive requirements. If requested, assist the member in filing a grievance with the Division of Quality Assurance regarding noncompliance with advance directive requirements, and

3) Children Come First’s written policies respecting the implementation of such rights.

b. Document in the individual’s medical record whether or not the individual has executed an advance directive.

c. Not discriminate in the provision of care or otherwise discriminate against an individual based on whether or not the individual has executed an advance directive. This provision shall not be construed as requiring the provision of care which conflicts with an advance directive.

d. Ensure compliance with the requirements of Wisconsin law (whether statutory or recognized by the courts of Wisconsin) respecting advance directives.

e. Provide education for staff and the community on issues concerning advance directives.

10. The County must have written policies regarding member rights, including free exercise of rights without adverse action by the County or the providers. The County must notify members of their rights in the member handbook upon enrollment and annually. The County must comply with any applicable federal and state laws regarding enrollee rights, and must ensure its staff and providers consider those rights when providing services.
B. TIME LIMIT FOR DECISION ON CERTAIN REFERRALS

Payment for covered services pursuant to a court order (for treatment), effective with the receipt of a written request for referral from the non-County provider extends until the County issues a written denial of referral. This requirement does not apply if the County issues a written denial of referral within seven (7) days of receiving the request for referral.

C. EMERGENCY CARE

Promptly provide or pay for needed Contract services for emergency mental health conditions and post-stabilization services. Payments for qualifying emergencies shall be based on the mental health signs and symptoms of the condition upon initial presentation. The retrospective findings of a medical work-up may legitimately serve as the basis for determining how much additional care may be authorized, but not for payment for dealing with the initial emergency.

D. 24-HOUR COVERAGE

Provide all emergency contact and post-stabilization services as defined in this Contract 24 hours each day, seven (7) days a week, either by the County’s own facilities or through arrangements approved by the Department with other providers. The County shall have one (1) telephone number that members or individuals acting on behalf of a member can call at any time to obtain authorization for emergency care. Through this number, members must have access to individuals authorizing treatment as appropriate. A response to such a call must be provided within 30 minutes, or the County will be liable for the cost of medically necessary services covered under this Contract that are related to that illness or injury incident, regardless of whether treatment is in- or out-of-plan and whether the condition is emergency, urgent, or routine.

The County must be able to communicate with a caller in the language spoken by the caller or the County will be liable for the cost of subsequent care related to that illness or injury incident whether treatment is in-or out-of-plan and whether the condition is emergency, urgent, or routine.

These calls must be logged with time, date and any pertinent information related to persons involved, resolution and follow-up instructions.

The County shall notify the Department of any changes of this one telephone number for emergency calls within seven (7) working days of change.

E. THIRTY-DAY PAYMENT REQUIREMENT
The County must pay at least 90% of adjudicated clean claims from subcontractors for covered medically necessary services within 30 days of receipt of bill, 99% within 90 days, and 100% of the claims within 180 days of receipt, except to the extent subcontractors have agreed to later payment. The County agrees not to delay payment to subcontractors pending subcontractor collection of third party liability unless the County has an agreement with their subcontractor to collect third party liability.

F. COUNTY CLAIM RETRIEVAL SYSTEM

The County must maintain a claim retrieval system that can on request identify date of receipt, action taken on all provider claims (i.e., paid, denied, other), and when action was taken. The County shall date stamp all provider claims upon receipt. In addition, the County shall maintain a claim retrieval system that can identify, within the individual claim, services provided and diagnoses of members with nationally accepted coding systems: HCPCS, including Level I CPT codes, Level II, and Level III HCPCS codes with modifiers, ICD-9-CM diagnosis and procedure codes, and other national code sets such as place of service, type of service, and EOB codes. Finally, the claim retrieval system must be capable of identifying the provider of services by the appropriate Wisconsin Medicaid provider ID number assigned to all in-plan providers.

G. PROVIDER APPEALS TO THE DEPARTMENT

1. Providers must appeal first to the County and then to the Department if they disagree with the County’s payment or nonpayment of a claim.

The County must notify providers in writing of the County’s decision to pay or deny the original claim. This notification should include:

   a. A specific explanation of the payment amount or a specific reason for the non-payment.

   b. A statement regarding the provider’s appeal rights to the County.

   c. The name of the person and/or function at the County to whom provider appeals should be submitted.

   d. An explanation of the process the provider should follow when appealing the County’s decision.

      1) Include a separate letter or form clearly marked “Appeal.”
2) Include the provider’s name, date of service, date of billing, date of payment and/or nonpayment, member’s name and BadgerCare Plus ID number.

3) Include the reason(s) the claim merits reconsideration.

4) Address the letter or form to the person and/or function at the County that handles Provider Appeals.

5) Send the appeal within 60 days of the initial denial or payment notice.

e. A statement advising the provider of the provider’s right to appeal to the Department if the County fails to respond to the appeal within 45 days or if the provider is not satisfied with the County’s response to the request for reconsideration. Appeals to the Department must be submitted in writing within 60 days of the County’s final decision or, in the case of no response, within 60 days from the 45 day timeline allotted the County to respond. Appeals should be sent to:

   Medicaid Fiscal Agent
   Managed Care Unit
   P.O. Box 6470
   Madison, WI 53716-0470

2. The County must accept written appeals from providers submitted within 60 days of the County’s initial payment and/or nonpayment notice. The County must respond in writing within 45 days from the date of receipt of the request for reconsideration. If the County fails to respond within 45 days, or if the provider is not satisfied with the County’s response, the provider may seek a final determination from the Department.

3. After a provider has appealed to the County according to the terms described in Subsection 1 above, and the provider disputes the determination, the provider may appeal to the Department for the final determination. Appeals must be submitted to the Department within 60 days of the date of written notification of the County’s final decision resulting from a request for reconsideration or, if the County fails to respond, within 60 days from the 45-day timeline allotted the County to respond. In exceptional cases, the Department may override the County’s time limit for the submission of claims and appeals. The Department will not exercise its authority in this regard unreasonably. The Department will accept written comments from all parties to the dispute prior to making a final decision. The Department has 45 days
from the date of receipt of all written comments to inform the provider and the County of the final decision. If the Department’s decision is in favor of the provider, the County will pay the provider(s) within 45 days of receipt of the Department’s final determination. The County must accept the Department’s determinations regarding appeals of disputed claims.

H. MEMBER APPEALS

County must provide written notification to providers on member appeal procedures.

I. PAYMENTS FOR DIAGNOSIS OF WHETHER AN EMERGENCY CONDITION EXISTS

Pay for appropriate diagnostic tests or evaluations utilized to determine if an emergency exists. Payment for emergency services continues until the patient is stabilized and can be safely discharged or transferred.

J. MEMORANDA OF UNDERSTANDING (MOU) FOR EMERGENCY SERVICES AND POST-STABILIZATION SERVICES

Negotiate in good faith MOUs with emergency care providers to ensure prompt and appropriate delivery of and payment for emergency services.

Such MOUs shall provide for:

1. The process for determining whether an emergency exists.

2. The requirements and procedures for contacting the County before the provision of urgent or routine care.

3. Agreements, if any, between the County and the provider regarding indemnification, hold harmless, or any other deviation from malpractice or other legal liability which would attach to the County or provider in the absence of such an agreement.

4. Payments for appropriate diagnostic tests or evaluations to determine if an emergency exists.

5. Assurance of timely and appropriate provision of and payment for emergency services.

Unless a Contract or MOU specifies otherwise, the County is liable to the extent that the fee-for-service system would have been liable for the emergency situation. The Department reserves the right to resolve
disputes between the County, hospitals and urgent care centers regarding emergency situations based on fee-for-service criteria.

K. EQUALITY IN THE DELIVERY OF SERVICES

The County must provide Contract services to BadgerCare Plus members under this Contract in the same manner as those services are provided to other children with serious emotional disturbances by Dane County under Medicaid fee-for-service.

The County must ensure that the services are sufficient in amount, duration, or scope to reasonably be expected to achieve the purpose for which the services are furnished.

L. ENROLLMENT

The County shall accept, as enrolled, all persons who appear as members on County Enrollment Reports. Enrollment in the County’s Managed Care Program shall be voluntary by the member. Signed and completed enrollment forms will be faxed to the Department’s Medicaid Fiscal Agent the day the County’s Community Partnership and Dane County staff determines the child is at imminent risk of out-of-home placement. The Department’s Medicaid Fiscal Agent will determine if a member is BadgerCare Plus eligible, through 18 years of age, does not have a nursing home authorization, and is not residing in a psychiatric hospital. The Department’s Medicaid Fiscal Agent will have five (5) working days to process the County enrollment to final disposition. Final disposition means that:

1. The County enrollment is approved and updates are applied to the members eligibility segment; or

2. The County enrollment is denied and the County is notified.

If determined eligible, members are enrolled effective on the date the enrollment form is received by the Department’s Medicaid Fiscal Agent.

Services can begin immediately. Enrollment can be any day of the month. If the member is enrolled in a BadgerCare Plus HMO, the Medicaid Fiscal Agent Analyst will enroll the member with a start date effective the date the enrollment request was received. By enrolling the member, s/he will automatically be disenrolled from the other BadgerCare Plus HMO, and will receive all non-County provided BadgerCare Plus services on a fee-for-service basis.

The County shall accept referrals of eligible children and adolescents at any time during the time this agreement is in effect. The County will accept
BadgerCare Plus members in the order in which they apply without restriction, except as otherwise noted herein. The County will not discriminate against individuals eligible to enroll on the basis of race, color, or national origin, and will not use any policy or practice that has the effect of discriminating on the basis of race, color, or national origin.

Enrollment opportunities will remain open and available without restriction within the total enrollment limits set by this Contract, except that the County may set reasonable limits on the number of eligibles to be enrolled on a monthly basis to ensure a manageable rate of growth and ability to provide medically necessary care. The County shall develop a policy with approval from the Department on how to determine which child to serve when there is a waiting list.

A referral can originate from County social workers, parents, other agency staff or Emergency Services Unit staff, schools or community-based providers. A referral is a request to enroll in the wraparound system of care. Requests for services or specific requests for CCF enrollment are directed to CCF or the Emergency Services Unit (most often when screening a child for a voluntary psychiatric hospitalization or an emergency detention). The five (5) steps to enroll a child into CCF are:

- Request for CCF enrollment.
- Administration of a standardized risk assessment tool to determine if the child is at risk for out-of-home placement and/or psychiatric hospitalization.
- Determination of severe emotional disturbance (SED).
- Referral of the child to the Community Partnerships for a comprehensive assessment and possible CCF enrollment.
- Community Partnerships determination of the most appropriate service delivery, including possible CCF enrollment with approval from DCDHS.

The County chooses the standardized risk assessment tool for the initial screen; however, the Department must approve the tool. Steps to enroll a child are described below specific to who requested services and the agency that received the request.

Dane County Department of Human Services Ongoing Social Workers:

When a child already has a County social worker, parents, other agencies and youth crisis staff directs requests for CCF services to the child’s social
The social worker shall review historical records regarding the child and family for the presence of a possible SED. If the child has a documented SED diagnosis, the social worker will administer the standardized risk assessment tool to assess the likelihood that the child will be placed in an institution (the initial screen). If the initial screen meets the predetermined threshold and there is documentation of a SED, the social worker shall refer the case to Community Partnerships.

If there is no documentation of an SED, the social worker shall administer the initial screen. If the child meets the threshold of the initial screen, the social worker shall assist the family in arranging for a certified psychologist or psychiatrist to determine if SED exists. SED verification must occur within 25 business days of the initial screen. If the assessment verifies the presence of an SED, the social worker shall refer the case to the Community Partnerships.

Once referral to Community Partnership status is reached, the child is required to have a Community Partnerships review the following week unless there is written documentation that the parent waived the Community Partnerships process. Community Partnerships shall review the child and family history leading up to the current situation and the results of the initial screen and determine the most appropriate services and supports for the child and family.

Community Partnerships:

1. Parents, school, staff and community agencies may also contact the Emergency Services Unit of Dane County to initiate a child’s enrollment in CCF. In these instances, Youth Crisis staff would contact the CCF intake worker or previously assigned Dane County Department of Human Services ongoing worker and work through the enrollment process as described in the previous section.

2. Emergency Services Worker

   Youth Crisis staff can also request CCF enrollment if the child has a SED and meets the predetermined threshold of the standardized risk assessment tool. Emergency Services Workers then contact the CCF Intake Worker, and work in conjunction with the CCF Intake Worker to facilitate the referral to CCF. The Emergency Services Worker and CCF Intake Worker follow the same procedures for referral outlined above for DCDHS Ongoing Social Workers.

Other requirements related to enrollment include:

1. Timeline
Once a request for services or a specific request for CCF enrollment is made, a contact with the child and family must be made within five (5) business days. At the initial contact, the County or Emergency Services Worker should administer the standardized risk assessment tool. Within five (5) business days, the worker should determine if there is a SED determination on record. If the child meets both the threshold of the standardized risk assessment tool and the SED determination, the child is referred to the Community Partnerships for review the following week.

If there is no documentation of a SED, the County or Emergency Services Worker has 25 business days to obtain a SED determination. All requests for CCF enrollment should be determined within 30 business days of the initial contact.

2. Parent Notification

If the parent(s) specifically requests CCF enrollment, the parent(s) shall be able to file a grievance for each step in the enrollment process in which a decision is made. The County is obligated to develop grievance procedures with Department approval. Parent(s) requesting CCF will be provided the grievance procedures in writing. In addition, the parent(s) should be mailed an invitation to participate in the Community Partnerships review. The invitation should inform the parent(s) that a family advocate is available to accompany the parent(s) to the Community Partnerships as well as the telephone number to Wisconsin Family Ties.

3. Documentation

Records will be kept on all children with a SED that come before the Community Partnerships. Information recorded includes the following:

- Child’s name.
- The person who initially requested services or CCF.
- The agency receiving the initial request.
- Date the SED was verified.
- The person that verified the SED.
- Date the standardized risk assessment tool was administered and the rating.
- The person who administered the standardized risk assessment tool.
- The date the Community Partnerships review was requested.
- The date the Community Partnerships review occurred.
- The result of the Community Partnerships review.
4. Monitoring Process

Written notifications explaining the results of the Community Partnerships review, and how that decision was made will be sent to all parents with children with a SED. The parent(s) of a child(ren) with a SED who are reviewed by Community Partnerships will be mailed the policy and procedure to appeal their decision.

The County shall not obtain enrollment through the offer of any compensation, reward, or benefit to the member except for additional mental health-related services, which have been approved by the Department.

M. APPEAL OF DENIAL OF ENROLLMENT IN THE COUNTY CHILDREN COME FIRST MANAGED CARE PROGRAM

The County will maintain and operate a grievance procedure that includes Departmental review or the right to a fair hearing when the County denies enrollment in the Children Come First managed care program. The procedure includes:

1. A written notification to the applicant’s parent/guardian or authorized representative explaining the reason for denial.

2. A statement advising the applicant about his/her right to request either a review by the Department or a fair hearing through the Division of Hearings and Appeals (DHA).

3. Submission of a copy of the written notification to the Contract monitor in the Division of Health Care Access and Accountability (DHCAA). Notification includes the full name, address and social security number of the applicant appealing the denial.

4. Providing the Contract monitor in the DHCAA with the name, address and telephone number of the person who is responsible for processing appeals for the denial of enrollment.

5. A statement indicating the actions that the County requires to consider the appeal and that are consistent with County’s appeal procedure. The procedure provides reasonable time, not to exceed 30 days, in which to appeal County denial as well as reasonable time, not to exceed 30 days, for the County to respond to the appeal.

6. Notification of the County decision to the DHCAA.
7. A statement indicating the final step that is available to the applicant after the County considers and denies the applicant’s appeal. The applicant may submit to the Department’s Contract monitor a written request to review the County decision. The Department shall receive the applicant’s written request within 30 days of the date of the County written notification of its decisions.

At the request of the applicant, the Department shall review the County decisions. After accepting and reviewing written comments from the parties involved, the Department shall make its final determination and notify both parties, County and applicant, within 30 days of the date of the applicant’s request for review by the Department.

If the Department review upholds the County decision, the applicant will be notified of the right to a fair hearing with the DHA.

N. DISENROLLMENT

The County can initiate disenrollment in the Managed Care Program for one of the following reasons (the effective date is the first day of the second month following the request):

1. The member has made substantial progress towards his/her individual goals and no longer is in need of the services provided by the CCF managed care system.

2. All members shall have the right to disenroll from the County pursuant to 42 CFR 438.56(b)(1), if the member feels s/he can no longer abide by the service plan and s/he has exhausted all available options provided by the County. A voluntary disenrollment shall be effective no later than the first day of the second month after the month in which the member requests termination. The County shall promptly forward to the Department or its designee all oral or written requests from members for disenrollment.

3. Other reasons for disenrollment initiated by the County include:

   a. Corrections placement, except stayed correctional orders.
   b. Residency change.
   c. Member is 19 years old or older.
   d. Member enrolls in another Medicaid program

4. The County may request, and the Department may approve, disenrollment for specific cases where there is just cause. “Just Cause” is defined as a situation where enrollment would be harmful to the interests of the member, or which the County cannot provide the
member with appropriate medically necessary Contract services for reasons beyond its control. Examples of “Just Cause” disenrollment include:

a. Parent, guardian or member repeatedly do not carry out the agreed upon plan of care.

b. Parent, guardian or member refuses to sign the plan of care authorizing services.

c. Parent, guardian or member demand a treatment determined unnecessary by the child and family treatment team.

d. A juvenile court order affecting the member explicitly contradicts the plan of care developed by the child and family team.

e. Member is missing from the community for at least 30 days, (e.g., runaway).

f. Member is unlikely to be available for case management due to extended institutional placement. To be considered under this just cause provision, the member must be enrolled in CCF for at least one (1) year, been in an institution for a minimum of 10 consecutive months, and been recommended for continued, extended inpatient treatment by institution psychiatric staff.

If the Department fails to make a disenrollment determination within the time frame specified the disenrollment is considered approved.

O. ENROLLMENT/DISENROLLMENT PRACTICES

The County must permit the Department to monitor its enrollment and disenrollment practices under this Contract. The County will not discriminate in enrollment/disenrollment activities between individuals on the basis of health status or requirements for health care services, including those who have AIDS or are HIV-Positive. This includes a member with a diminished mental capacity, who is uncooperative and displays disruptive behavior due to the member’s special needs. The County will notify the Department’s Medicaid Fiscal Agent in writing of all disenrollments and the reason for disenrollment.

The Department must ensure that members with medical status codes that are not eligible for County enrollment are appropriately disenrolled according to Department policy.
This section does not prevent the County from assisting in the disenrollment process for individuals who the Department determines should be assigned a different medical status code.

To the extent that there are funds available to do so, the County shall ensure that if a member loses Medicaid eligibility, the member continues to receive the services that would have been available pursuant to this contract for as long as he or she is otherwise eligible for said services.

P. PRE-EXISTING CONDITIONS

Assume responsibility for all Contract services of each member as of the effective date of coverage under the Contract. The aforementioned responsibility shall not apply in the case of persons hospitalized at the time of initial enrollment.

Q. HOSPITALIZATION AT THE TIME OF ENROLLMENT OR DISENROLLMENT

1. The County will not enroll members under the terms of this Contract when the member is hospitalized. The Department will assume financial responsibility and will reimburse all BadgerCare Plus covered services on a fee-for-service basis.

The County may begin to provide services during the time of the hospitalization but will not be eligible to receive capitation payments, until the member’s date of discharge.

2. The financial liability of the County for members disenrolled while they are hospitalized ends on the date of disenrollment.

3. Discharge from one hospital and admission to another within 24-hours for continued treatment shall not be considered a discharge under this section. Discharge is defined here as it is in the UB-92 manual.

R. NON-DISCRIMINATION

The County must comply with all applicable federal and state laws relating to non-discrimination and equal employment opportunity, including s. 16.765, Wis. Stats., Federal Civil Rights Act of 1964, regulations issued pursuant to that Act and the provisions of Federal Executive Order 11246 dated September 26, 1985, and assure physical and program accessibility of all services to persons with physical and sensory disabilities pursuant to Section 504 of the Federal Rehabilitation Act of 1973, as amended (29 U.S.C. 794), all requirements imposed by the applicable Department
regulations (45 CFR part 84) and all guidelines and interpretations issued
pursuant thereto, and the provisions of the Age Discrimination and

but not be limited to, the following: employment, upgrading, demotion or
transfer; recruitment or recruitment advertising; layoff or termination; rates of

apprenticeship. Except with respect to sexual orientation, the Contractor
further agrees to take affirmative action to ensure equal employment
opportunities. The Contractor agrees to post in conspicuous places, available
for employees and applicants for employment, notices to be provided by the
contracting officer setting forth the provisions of the non-discrimination
clause.

With respect to provider participation, reimbursement, or indemnification, the
County will not discriminate against any provider who is acting within the
scope of the provider’s license or certification under applicable state law,
solely on the basis of such license or certification. This shall not be construed
to prohibit the County from including providers to the extent necessary to
meet the needs of the Medicaid population or from establishing any measure
designed to maintain quality and control cost consistent with these
responsibilities.

The County will not prohibit or otherwise restrict a healthcare professional
from advising or advocating on behalf of a member who is his or her patient:

- For the members’ health status, medical care, or treatment options,
  including any alternative treatment that may be self-administered.
- For any information the member needs in order to decide among all
  relevant treatment options.
- For the risks, benefits, and consequences of treatment or non-
  treatment.
- For the members right to participate in decisions regarding his or her

  preferences about further treatment decisions.

The County Quality Assessment/Performance Improvement (QAPI) program must conform to requirements of 42 CFR, Part 438, Medicaid Managed Care Requirements, Subpart D, Quality Assessment and Performance Improvement. The program must also comply with 42 Code of Federal Regulations (CFR) 438 which states that the County must have a QAPI system that:

   a. Is consistent with the utilization control requirement of 42 CFR 456.

   b. Provides for review by appropriate mental health professionals of the process followed in providing mental health services.

   c. Provides for systematic data collection of performance and patient results.

   d. Provides for interpretation of this data to the practitioners.

   e. Provides for making needed changes.

2. Quality Assessment/Performance Improvement Program

   a. The County must have a comprehensive Quality Assessment/Performance Improvement Program (QAPI) that protects, maintains, and improves the quality of mental health care provided to Wisconsin BadgerCare Plus Program members. The County must evaluate the overall effectiveness of its QAPI program annually to determine whether the program has demonstrated improvement, where needed, in the quality of mental health care and services provided to its BadgerCare Plus population.

   b. The County must have documentation of all aspects of the QAPI program available for Department review upon request. The Department may perform off-site and on-site QAPI audits to ensure that the County is in compliance with Contract requirements. The review and audit may include: On-site visits; staff and member interviews; mental health case record reviews; review of all QAPI procedures, reports, committee activities, including credentialing and recredentialing activities, corrective actions and follow up plans; peer review process; review of the results of the member satisfaction surveys, and review of staff and provider qualifications.

   c. The County must have a written QAPI work plan that is ratified by the CCF QAPI Committee and outlines the scope of
activity and the goals, objectives, and time lines for the QAPI program. New goals and objectives must be set at least annually based on findings from quality improvement activities and studies.

d. The County is ultimately accountable to the Department for the quality of mental health care provided to County members. Oversight responsibilities of the governing body shall include, at a minimum:

- Approval of the overall QAPI program and an annual QAPI plan;
- Designating an accountable entity or entities within the organization to provide oversight of QAPI;
- Review of written reports from the designated entity on a periodic basis which includes a description of QAPI activities, progress on objectives, and improvements made;
- Formal review on an annual basis of a written report on the QAPI program;
- Directing modifications to the QAPI program on an ongoing basis to accommodate review findings; and
- Issues of concern within the County managed care program.

e. QAPI committee shall be in an organizational location within the County such that it can be responsible for all aspects of the QAPI program. The Committee membership must be interdisciplinary and be made up of both providers and administrative staff of the County, including:

- A variety of human service professions (e.g., social work, mental health, AODA, etc.).
- A variety of qualified mental health professionals (e.g., psychiatry, psychology, etc.).
- County management or governing body.
- At least 50% of the committee should be parents of current or previous members.
- Members of the County must be able to contribute input to the QAPI committee. The County must have a
system to receive member input on quality improvement, document the input received, document the County’s response to the input, including a description of any changes or studies it implemented as the result of the input and document feedback to members in response to input received. The County response must be timely.

f. The committee must meet on a regular basis, but not less frequently than quarterly. The activities of the QAPI Committee must be documented in the form of minutes and reports. The QAPI Committee must be accountable to the CCF Commission.

g. Documentation of QAPI committee minutes and activities must be available to the Department upon request.

h. QAPI activities of County providers and subcontractors, if separate from County QAPI activities, shall be integrated into the overall County QAPI program. Requirements to participate in QAPI activities, including submission of complete encounter data, are incorporated into all provider and subcontractor contracts and employment agreements. The County QAPI Program shall provide feedback to the providers/subcontractors regarding the integration of, operation of, and corrective actions necessary in provider/subcontractor QAPI efforts.

i. Other management activities (Utilization Management, Risk Management, Customer Service, Complaints and Grievances, etc.) must be integrated with the QAPI program. Psychiatrists and other mental health care practitioners and institutional providers must actively cooperate and participate in the County’s quality activities.

j. The County remains accountable for all QAPI functions, even if certain functions are delegated to other entities. If the County delegates any activities to contractors, the conditions listed in this Contract must be met.

k. There is evidence that County management representatives and providers participate in the development and implementation of the QAPI plan of the County. This provision shall not be construed to require that County management representatives and providers participate in every committee or subcommittee of the QAPI program.
l. The County must designate a senior executive to be responsible for the operation and success of the QAPI program. The designated individual shall be accountable for the QAPI activities of the County’s own providers, as well as the County’s subcontracted providers.

m. The qualifications, staffing level and available resources must be sufficient to meet the goals and objectives of the QAPI program and related QAPI activities. Such activities include, but are not limited to, monitoring and evaluation of important aspects of mental health care and services, facilitating appropriate use of preventive services, monitoring provider performance, provider credentialing, involving members in QAPI initiatives, and conducting performance improvement projects.

n. Written documentation listing the staffing resources that are directly under the organizational control of the person who is responsible for QAPI (including total FTEs, percent of time dedicated to QAPI, background and experience, and role) must be available to the Department upon request.

3. Monitoring and Evaluation

a. The QAPI program must monitor and evaluate the quality of clinical care on an ongoing basis. Quality indicators listed and described in this Contract must be used to monitor adherence to practice guidelines. Standardized quality indicators must be used to assess improvement, assure achievement of minimum performance levels, monitor adherence to guidelines, and identify patterns of over-utilization and under-utilization. The measurement of quality indicators selected by the County must be supported by appropriate data collection and analysis methods to improve clinical care and services.

b. Provider performance must be measured against practice guidelines and standards adopted by the QAPI committee. Areas identified for improvement must be tracked and corrective actions taken when warranted. The effectiveness of corrective actions must be monitored until problem resolution occurs. Re-evaluation must occur to assure that the improvement is sustained.

c. The County must use appropriate clinicians to evaluate the data on clinical performance, and multi-disciplinary teams to analyze and address data on systems issues.
d. The County must also monitor and evaluate mental health care and services in certain priority clinical and non-clinical areas as specified.

e. The County must make documentation available to the Department, upon request, regarding quality improvement and assessment studies on CCF performance, which relate to the enrolled population.

f. The County must develop or adopt practice guidelines that are disseminated to providers and to members as appropriate or upon request. The guidelines should be based on reasonable clinical evidence or consensus of mental health professionals; consider the needs of the members developed or adopted in consultation with the contracting professionals, and reviewed and updated periodically. These guidelines shall include the County’s policy on the use of restraint on members.

Decisions with respect to utilization management, member education, coverage of services, and other areas to which the practice guidelines apply are consistent with the guidelines. Variations from the guidelines must be based on the clinical situation.

4. Access

a. The County must provide mental health care to its BadgerCare Plus members that are as accessible to them, in terms of timeliness, amount, duration, and scope, as those services are to non-enrolled BadgerCare Plus members within the area served by the County.

b. The County must have written protocols to ensure that members have access to screening, diagnosis, referral, and treatment agreed upon by the child and family team for those conditions and services covered under this Contract. The County must have written standards for the accessibility of care and services, which are communicated to providers and monitored.

The County must assure the provision for a second opinion from a qualified network provider upon member requests, subject to referral procedures approved by the Department. (If an appropriately qualified provider is not available within the
network, arrangements must be made for a second opinion outside the network at no charge to the member.)

c. The County must assure that its delivery network is sufficient to provide adequate access to all services covered under this agreement. In establishing the network, the County must consider:

   1) The anticipated BadgerCare Plus enrollment with particular attention to children with serious emotional disturbance.

   2) The expected utilization of services, considering member characteristics and mental health care needs.

   3) The number and types of providers (in terms of training, experience and specialization) required to furnish the contracted services.

   4) The number of network providers not accepting new patients.

   5) The geographic location of providers and members, distance, travel time, normal means of transportation used by members and whether provider locations are accessible to members with disabilities.

   6) The County must submit documentation to the State that it offers an appropriate range of behavioral health services that is adequate for the anticipated number of members in the service area.

   7) The County must maintain a network of providers that is sufficient in number, mix, and geographic distribution to meet the needs of the anticipated number of members in the service area.

d. Out of network providers must coordinate with the County with respect to payment. The County must ensure that cost to the member is no greater than it would be if the services were furnished within the network.

   If the entity’s network is unable to provide necessary medical services covered under the Contract to a particular member, the entity must adequately and timely cover these services out of
network for the member for as long as the entity is unable to provide them.

5. Provider Selection (credentialing) and Periodic Evaluation (recredentialing)

a. The County must have written policies and procedures for provider selection and qualifications. For each practitioner, including each member of a contracting group that provides services to the County’s members, initial credentialing must be based on a written application, primary source verification of licensure, disciplinary status, eligibility for payment under BadgerCare Plus and certified for BadgerCare Plus, where applicable. The County’s written policies and procedures must identify the circumstances in which site visits are appropriate in the credentialing process.

b. The County must also have a mechanism for considering the provider’s performance. The recredentialing method must include updating all the information (except medical education) utilized in the initial credentialing process. Performance evaluation must include information from the QAPI system, reviewing member complaints, and the utilization management system.

c. The County must have a formal process of peer review of care delivered by providers and active participation of the County’s contracted providers in the peer review process. This process may include internal medical audits, medical evaluation studies, peer review committees, evaluation of outcomes of care, and systems for correcting deficiencies. The County must supply documentation of its peer review process upon request. The County may delegate this responsibility to meet the standards outlined in this Contract.

d. The selection process must not discriminate against providers such as those serving high-risk populations or who specialize in conditions that require costly treatment. The County must have a process for receiving advice on the selection criteria for credentialing and recredentialing practitioners from practitioners in the County’s network. If the County declines to include individual or groups of providers in its network, it must give the affected providers written notice of the reason for its decision.
e. If the County delegates selection of providers to another entity, the County retains the right to approve, suspend, or terminate any provider selected by that entity.

f. The County must have written policies that allow it to suspend or terminate any provider for quality deficiencies. There must also be an appeals process available to the provider that conforms to the requirements of the HealthCare Quality Improvement Act of 1986 (42 USC §11101 etc. Seq.).

g. In addition to the requirements in this section, the names of individual practitioners and institutional providers who have been terminated from the County provider network as a result of quality issues must be immediately forwarded to the Department and reported to other entities as required by law (42 USC §11101 etc. Seq.).

h. Institutional Provider Selection: For each provider, other than an individual practitioner, the County determines, and verifies at specified intervals, that the provider is:

1) Licensed to operate in the state, if licensure is required, and in compliance with any other applicable state or federal requirements; and

2) Reviewed and approved by an approved accrediting body (if the provider claims accreditation); or is determined by the County to meet standards established by the County itself.

6. Member Feedback on Quality Improvement

a. The County must have a process to maintain a relationship with its members that promotes two (2) way communication and contributes to quality of care and service. The County must show a commitment to treating members with respect and dignity.

b. The County is encouraged to find additional ways to involve BadgerCare Plus members in quality improvement initiatives and in soliciting member feedback on the quality of care and services the County provides. Other ways to bring BadgerCare Plus members into the County’s efforts to improve the health care delivery system includes, but is not limited to: Focus groups, consumer advisory councils, member participation on the governing board, the QAPI committees or other
committees, or task forces related to evaluating services. All efforts to solicit feedback from members must be prior approved by the Department.

7. Mental Health Records

a. The County must have policies and procedures for participating provider medical records content and documentation that have been communicated to providers and a process for evaluating its providers’ mental health records based on the County’s policies. These policies must address patient confidentiality, organization and completeness, tracking, and important aspects of documentation such as accuracy, legibility, and safeguards against loss, destruction, or unauthorized use.

The County must also have confidentiality policies and procedures that are applicable to administrative functions that are concerned with confidential member information.

Those policies must include information with respect to disclosure of member-identifiable medical record and/or enrollment information, and specifically provide that:

1) The members may review and obtain copies of medical records information that pertains to them.

2) The policies above must be made available to members upon request.

b. Member mental health records must be maintained in an organized manner (by the County, and/or by the County’s subcontractors) that permits effective patient care. They must reflect all aspects of patient care and be readily available for patient encounters, for administrative purposes, and for Department review.

c. Because counties are considered contractors of the state and are therefore (only for the limited purpose of obtaining mental health records of its members) entitled to obtain mental health records according to Wis. Adm. Code, HFS 104.01(3), the Department will require Medicaid-certified providers to release relevant records to the County to assist in compliance with this section. Where counties have not specifically addressed photocopying expenses in their provider contracts or other arrangements, the counties are liable for charges for copying
records only to the extent that the Department would reimburse on a fee-for-service basis.

d. The County must have written confidentiality policies and procedures in regard to confidential member information. Policies and procedures must be communicated to County staff, members, and providers. The transfer of mental health records to out-of-plan providers or other agencies not affiliated with the County (except for the Department) are contingent upon the receipt by the County of written authorization to release such records signed by the member or, in the case of a minor, by the member’s parent, guardian, or authorized representative.

e. The County must have written quality standards and performance goals for participating provider mental health record documentation and are able to demonstrate, upon request of the DHS, that the standards and goals have been communicated to providers. The County must actively monitor established standards and provide documentation of standards and goals upon request of the Department.

f. Mental health records must be readily available for Countywide QAPI and Utilization Management (UM) activities and provide adequate medical and other clinical data required for QAPI-UM, and Department use.

g. The County must have adequate policies in regard to transfer of mental health records to ensure continuity of care when members are treated by more than one (1) provider. This may include transfer to local health departments subject to the receipt of a signed authorization form.

h. Minimum mental health record documentation per chart entry or encounter must conform to the Wis. Adm. Code; Chapter HFS 106.02, (9)(b) mental health record contents, and contain, at least, the following items:

1) Date.
2) Department (if the organization is departmentalized).
3) Practitioner’s signature and profession (for example, PT, MD, RN, DDS).
4) Written case note of each interaction with child, family member, or collateral contact and the contents of the interaction.
5) Objective findings (if applicable).
6) Clinical impression.
7) Disposition, recommendations, and instructions to consumers.
8) Written record of each of the treatment team meetings including subject matters discussed, members present, and conclusions, if any.

8. Notice of Adverse Action

The notice of adverse action must explain:

- The action the County or its contractor has taken or intends to take.
- The reasons for the action.
- The member or the provider’s right to file an appeal.
- The member’s right to request a State Fair Hearing.
- Procedures for exercising member rights to appeal or grieve.
- Circumstances under which expedited resolution is available and how to request it.
- The member’s rights to have benefits continue pending the resolution of the appeal, how to request that benefits be continued, and the circumstances under which the member may be required to pay the cost of these services.
- Written material must use easily understood language and format, be available in alternative formats, and in an appropriate manner that takes into consideration those with special needs.
- All members and potential members must be informed that information is available in alternative formats and how to access those formats.

9. Utilization Management (UM)

a. The County must have documented policies and procedures for all UM activities that involve determining medical necessity, and the approval or denial of mental health services. Qualified mental health professionals must be involved in any decision-making that requires clinical judgment. The decision to deny, reduce or authorize a service that is less than requested must be made by a health professional with appropriate clinical expertise in treating the affected member’s condition(s). The County may not deny coverage, penalize providers, or give incentives or payments to providers or enrollees that are intended to reward inappropriate restrictions on care or result in the under-utilization of services. Criteria used to determine medical necessity and appropriateness must be communicated
to providers. The criteria for determining medical necessity may not be more stringent than HFS 101.03 (96m), Wis. Adm. Code.

b. If the County utilizes telephone triage, nurse lines or other demand management systems, the County must document review and approval of qualification criteria of staff and of clinical protocols or guidelines used in the system. The system’s performance will be evaluated annually in terms of clinical appropriateness.

c. The prior authorization policies must specify time frames for responding to requests for initial and continued service determinations, specify information required for authorization decision, provide for consultation with the requesting provider when appropriate, and provide for expedited responses to requests for authorization of urgently needed services. In addition, the County must have in effect mechanisms to ensure consistent application of review criteria for authorization decisions (inter-rater reliability).

Within the time frames specified, the County must give the member or their authorized representative and the requesting provider written notice of:

1) The decision to deny, limit, reduce, delay or terminate a service along with the reasons for the decision.

2) The member’s right to file a grievance, or request a review by the Department, or request a fair hearing through the Division of Hearing and Appeals.

Authorization decisions must be made within the following time frames and in all cases as expeditiously as the member’s condition requires:

1) Within 14 days of the receipt of the request, or;

2) Within three (3) working days if the physician indicates or the County determines that following the ordinary time frame could jeopardize the member’s health or ability to regain maximum function.

One extension of up to 14 days may be allowed if the member requests it or if the County justifies the need for more information.
On the date that the time frames expire, the County gives notice that service authorization decisions are not reached. Untimely service authorizations constitute a denial and are thus adverse actions.

d. Criteria for decisions on coverage and medical necessity shall be clearly documented, based on reasonable medical evidence, current standards of mental health practice, or a consensus of relevant mental health care professionals, and regularly updated.

e. The County oversees and is accountable for any functions and responsibilities that it delegates to any subcontractor.

10. External Quality Review Contractor

a. The County must assist the Department and the external quality review organization under contract with the Department in completing all County reviews in accordance with protocols found as part of the Balanced Budget Act of 1997 (BBA). These protocols guide the external, independent review of the quality outcomes and timeliness of, and access to, services provided by the County under this contract.

b. The County must assist the Department and the external quality review organization under contract with the Department in identification of provider and member information required to carry out annual, external independent reviews of access, timeliness and quality outcomes based on on-site or off-site reviews. This includes arranging orientation meetings for physician office staff concerning medical chart review, and encouraging attendance at these meetings by County and physician office staff as necessary. The provider of service may elect to have charts reviewed on-site or off-site.

c. The purposes of the EQRO review are:

   1) To validate data and information including performance measures submitted by the counties to the DHCAA for the purpose of quality assessment. Validation may include the review of information, data, and procedures to determine the extent to which they are accurate, reliable, free from bias, and in accord with standards for data collection and analysis.
2) To validate County Performance Improvement Projects (PIPs) to ensure that PIPs are designed, conducted and reported in a methodologically sound manner.

3) To review compliance with structural and operation standards established by the state.

4) To provide DHCAA and the County with information about their performance that is not available from other sources of data.

5) To provide information that will aid DHCAA and the County in interpreting other sources of data, such as encounter data.

6) To provide insight and information about factors that influenced differences in program performance among similar populations.

7) To provide information that is useful to programs for their ongoing quality improvement processes.

8) To provide information that will be useful to DHCAA in fulfilling its oversight role for developing the County’s contract requirements.

d. When the external quality review organization under contract with the Department identifies an adverse quality finding that needs to be followed up on, the County must:

1) Assign a staff person(s) to conduct follow-up with the provider(s) concerning each adverse quality finding identified by the Department’s external quality review organization, including informing the provider(s) of the finding and monitoring the provider’s resolution of the finding.

2) Inform the County’s QAPI committee of the final finding and involve the QAPI committee in the development, implementation and monitoring of the corrective action plan.

3) Submit a corrective action plan or an opinion in writing to the Department within 60 days that addresses the measures that the County and the provider intend to take to resolve the finding. The County’s final resolution of all potential Quality Improvement cases must be completed within six (6) months of County notification. A case is not considered resolved by the
Department until the Department approves the response provided by the County and provider.

e. The County will facilitate training provided by the Department to its providers.

f. The results of the review will be made available to the Department, and County providers in a manner that does not disclose the identity of any individual member, unless such identification is required to resolve an issue.

11. Performance Improvement Priority Areas and Projects

a. The County must develop and ensure implementation of program initiatives to address the specific clinical or non-clinical needs of the County’s enrolled population served under this agreement. The Department strongly advocates the development of collaborative relationships among the County, local health departments, community-based behavioral health treatment agencies (both public and private), and other community health organizations to achieve improved services in priority areas.

Annually, for the priority areas specified by the Department and listed below, the County must monitor and evaluate the quality of care and services through at least one performance improvement project. The County may propose an alternative topic to be addressed by making a request in writing to the Department. The proposed intervention topic must be submitted by December 1 of each contract year, with technical assistance provided by DHS and the EQRO. The County will have the full calendar year as the intervention year, with the final report due by March 31 of the following year. The County must ensure that improvements are sustained through periodic audits of relevant data and maintenance of the interventions that resulted in the improvement.

The report for each performance improvement project should include consideration of each of the ten performance improvement project criteria outlined in Addendum III in order for the Department to evaluate the soundness and results of the projects submitted. The BCAP quality framework (outlined below) is allowable as an alternative format for performance improvement project design and reporting. Other formats may be used as well, as long as the ten performance improvement project criteria outlined in Addendum III are addressed.
BCAP Framework:
- Identification
- Stratification
- Outreach
- Intervention
- Rapid Cycle Improvement
- Measurement and Evaluation
- Sustainability and Diffusion

b. The County must implement a performance improvement project in the area if a quality improvement opportunity is identified. The County must report to the Department on each of these areas, including those areas where the County will not pursue a performance improvement project.

c. Clinical and Non-Clinical Priority Areas

Clinical Priority Areas

Clinical Priority Areas include prevention and/or care of acute and high-volume/high-risk services for improved continuity and coordination of care.

Non-Clinical Priority Areas include

1) Grievances, appeals and complaints;
2) Access to and availability of services;
3) Member satisfaction with County customer service;
4) Satisfaction with services for members with special health care needs;
5) Cultural competency of the County and its providers.

In addition, the County may be required to conduct performance improvement projects specific to the County and to participate in one (1) annual statewide project that may be specified by the Department.

d. The Department’s Approved Performance Measures

The Department will evaluate the County’s performance using the Department’s approved performance measures, based on County-supplied encounter data and other relevant data (for selected measures). Evaluation of County performance on each measure will be conducted on timetables determined by the Department. The technical specifications for each measure
are established by the Department with County and other stakeholder input.

The Department will inform the County of its performance on each measure, whether the County’s performance satisfied the goal requirements set by the Department, and whether a performance improvement initiative by the County is required. The County will have 60 business days to review and respond to the Department’s performance report. When a performance improvement initiative is required due to sub-goal performance on the measure, the County may request recalculation of the performance level based on new or additional data the County may supply, or if the County can demonstrate material error in the calculation of the performance level. The Department will provide a tentative schedule of measure calculation dates to the County within 90 days of the beginning of each calendar year in the contract period.

Unless otherwise noted within a specific performance improvement measure, the Department may specify minimum performance levels and require that the County develop a plan to respond to levels below the minimum performance levels. Additions, deletions or modifications to the Performance Improvement Measures must be mutually agreed upon by the parties. The Department will give 90 days’ notice to the County of its intent to change any of measures, technical specifications or goals. The County shall have the opportunity to comment on the measure specifications, goals and implementation plan within the 90-day notice period. The Department reserves the right to require the County to report such performance measure data as may be deemed necessary to monitor and improve County-specific or program-wide quality performance.

AA. ACCESS TO PREMISES

The County must allow duly authorized agents or representatives of the state or federal government access to the County or County subcontractor’s premises during normal business hours to inspect, audit, monitor or otherwise evaluate the performance of the County’s or subcontractor’s contractual activities and will produce all records requested as part of such review or audit within a reasonable time, but not more than ten working days. Upon request for such right of access, the County or subcontractor must provide staff to assist in the audit or inspection effort, and adequate space on the premises to reasonably accommodate the state or federal personnel conducting the audit or inspection effort. All inspections or audits must be conducted in a manner as
will not unduly interfere with the performance of County’s or subcontractor’s activities. The County will have 30 business days to respond to any findings of an audit before the Department finalizes it. All information obtained will be accorded confidential treatment as provided under applicable laws, rules or regulations.

BB. SUBCONTRACTS

The County must assure that all subcontracts are in writing, comply with the provisions of this Contract, and include any general requirements of this Contract that are appropriate to the service or activity identified, and to ensure that all subcontracts do not terminate legal liability of the County under this Contract. The County may subcontract for any function covered by this Contract, subject to the requirements of this Contract.

CC. COMPLIANCE WITH APPLICABLE LAWS, RULES, OR REGULATIONS

In the provision of services under this contract, the Contractor and its subcontractors shall comply with all applicable federal and state statutes and rules and regulations, that are in effect when the contract is signed, or that come into effect during the term of the contract. This includes, but is not limited to Title XIX and Title XXI of the Social Security Act and Title 42 of the CFR, except as specified in Article IV, Section A., 3..

Federal funds must not be used for lobbying. Specifically and as applicable, the Contractor agrees to abide by the Copeland Anti-Kickback Act, the Davis-Bacon Act, the Byrd Anti-Lobbying Amendment, federal contract work hours and safety standards requirements, the federal Clean Air Act and the Federal Water Pollution Control Act.

DD. USE OF PROVIDERS CERTIFIED BY BADGERCARE PLUS PROGRAM

Except in emergency situations, the County must use only providers who have been certified by the BadgerCare Plus program for services or items covered by Wisconsin BadgerCare Plus. The Department reserves the right to withhold from capitation payments the monies related to services provided by non-BadgerCare Plus-certified providers, at the BadgerCare Plus fee-for-service rate for those services, unless the County can demonstrate that it reasonably believed, based on the information provided by the Department, that the provider was certified by the BadgerCare Plus program at the time the County reimbursed the provider for service provision. The Wis. Adm. Code, Chapter HFS 105, contains information regarding provider certification requirements. Every BadgerCare Plus contracted agency must require every physician providing services to members to have a unique physician identifier, as specified in Section 1173(b) of the Social Security Act.
For services not covered under the BadgerCare Plus state plan, the County must have written policies to ensure safety, provider and employee qualifications, services description and intent (e.g., use of state certified provider or accredited by a national organization) and ensure they are available for review.

Federal Financial Participation (FFP) is not available for amounts expended for providers excluded by Medicare, Medicaid, or SCHIP, except for emergency services.

**EE. REPRODUCTION AND DISTRIBUTION OF MATERIALS**

Reproduce and distribute at County expense, according to a reasonable Department timetable, information or documents sent to the County from the Department that contain information County-affiliated providers must have in order to fully implement this Contract.

**FF. PROVISION OF INTERPRETERS**

As soon as it is determined that the member is of limited English proficiency the County must provide interpreter and sign language services free of charge for members as necessary to ensure availability of effective communication regarding treatment, medical history or health education and/or any other component of this contract. The County must:

1. Provide for 24-hour a day, seven days a week access to interpreter and sign language services in languages spoken by those individuals eligible to receive the services provided by the County or its providers.

2. Provide an interpreter in time to assist adequately with all necessary care, including urgent and emergency care, when a member or provider requests interpreter services in a specific situation where care is needed. The County must clearly document all such actions and results. This documentation must be available to the Department upon request.

3. Use professional interpreters, as needed, where technical, medical, or treatment information or other matters, where impartiality is critical, are to be discussed or where use of a family member or friend, as interpreter is otherwise inappropriate. Family members, especially children, should not be used as interpreters in assessments, therapy and other situations where impartiality is critical.
4. Maintain a current list of “On Call” interpreters who can provide interpreter services. Provision of interpreter services must be in compliance with Title VI of the Civil Rights Act.

5. Designate a staff person to be responsible for the administration of interpreter/translation services.

6. Receive Department approval of written policies and procedures for the provision of interpreter services.

As part of the certification application, the County must submit the policies and procedures for interpreters, a list of interpreters the County uses, and the language spoken by each interpreter. The County must also submit, as part of certification, its policy on provision of auxiliary aids to hearing-impaired members. The policy must include a description of the County’s process for assessing the preferred method of communication of each hearing-impaired member. The County must offer each hearing-impaired member the type of auxiliary aid(s) s/he prefers in order to access program services and benefits. Once the hearing-impaired member identifies the type of auxiliary aid(s) s/he prefers, a less effective form of communication may not be used. For example, a person who can most effectively communicate in sign language may not be required to communicate using hand written notes.

GG. COORDINATION AND CONTINUATION OF CARE

Have systems in place to ensure well-managed consumer care, including at a minimum:

1. Management and integration of mental health care and community support services through a primary care coordinator.

2. Development of a child and family treatment team for each member, which includes both professionals and significant people important in the lives of the child and family. Team members should be chosen by the child, and parent (or guardian or primary care giver, whichever is applicable). The members of the team shall be documented in the case record and any change of team membership shall be recorded. Family can request a change in the members of the team, including the care coordinator, without negative consequences. A request for a membership change shall be considered an informal grievance and should be treated as such. The ability for a family to request a change in membership without reproach should be detailed in the grievance procedure written in the family handbook.
3. Upon enrollment, the child and family treatment team will promptly perform or compile an assessment to identify the child and family’s strengths and needs.

4. The County will use a standardized plan of care for all members. Within the standardized format, the child and family treatment team will develop an individualized service and support plan of care based upon the strengths and needs of the child and family as identified in the assessment. This plan of care will be developed within 30 days of enrollment, and it will detail the intended providers and treatment actions. Each plan shall have measurable short-term and long-term goals and measurable program completion criteria. At least every three months, the treatment team will meet to review and, if necessary, revise the plan of care to meet the changing needs of the child and family. The case record shall document for each child and family team meeting the issues discussed, action to be taken or conclusions reached, and members attending.

The County shall involve and engage the member and his or her parent, guardian, or primary caregiver in the process used to select providers and treatment options. The purpose of the participation is to get a good match between the member’s needs and the provider(s) who will seek to meet these needs. This section does not require the County to use providers who are not qualified to treat the individual member or who are not contracted providers. If a specific service or support by a non-contracted provider is determined necessary by the child and family treatment team, efforts should be made to contract with the provider identified.

7. Assure an adequate network of qualified providers to provide the services identified in the annual utilization report in this Contract. The County will develop a cooperative working relationship with providers or agencies involved in the provision to members of health services.
other than mental health and community support services (i.e., physical health care).

9. The County shall clearly specify referral requirements and authorize approved services and supports identified within the plan of care to providers and subcontractors and keep copies of referrals (approved and denied) in a central file or the patient’s medical records.

10. Enrollment beyond 16 months requires child and family specific written justification within the individual chart.

11. All children must have a written transition plan at the time of disenrollment.

ARTICLE V

In consideration of the functions and duties of the County contained in this Contract, the Department shall:

1. BadgerCare Plus eligible, if all other enrollment eligibility requirements are met.

2. Under 19 years of age.

3. Not currently residing in a psychiatric hospital.

4. Residents of Dane County.

5. Verified, during on-site medical record reviews conducted by the Department, that the individuals enrolled in the County meet the definition of severely emotionally disturbed.

6. At imminent risk of placement in a psychiatric hospital, a residential care center, or a juvenile correction facility.

7. Are residents of Dane County.

8. Have been screened as eligible for services by Community Partnerships.

B. ENROLLMENT

Promptly notify the County of all BadgerCare Plus members enrolled under this Contract. Notification shall be effected through the County Enrollment Reports. All members listed as an ADD or CONTINUE on either the Initial or Final County Enrollment Report are members of the County Managed Care Program during the enrollment month. The reports shall be generated in the sequence specified under the County Enrollment Reports. These reports shall be in hard copy formats or available through electronic file transfer capability and shall include medical status codes.

C. DISENROLLMENT
Promptly notify the County of all BadgerCare Plus members no longer eligible to receive services through the County under this Contract. Notification shall be effected through the County Enrollment Reports, which the Department will transmit to the County for each month of coverage throughout the term of the Contract. The reports shall be generated in the sequence under COUNTY ENROLLMENT REPORTS. Any member who was enrolled in the County’s Managed Care Program in the previous enrollment month, but does not appear as an ADD or CONTINUE on either the Initial or Final County Enrollment report for the current enrollment month, is disenrolled from the County’s Managed Care Program effective the last day of the previous enrollment month. Members will be disenrolled if either:

1. Member loses BadgerCare Plus eligibility.
2. Member loses Dane County eligibility.
3. Member is disenrolled upon their request.
4. Member completes the program.
5. Court ordered correctional placements.
6. Member is 19 years of age or older.
7. The Department approves a Just Cause Disenrollment.

D. ENROLLMENT ERRORS

The Department must investigate enrollment errors brought to its attention by the County. The Department must correct systems errors and human errors and ensure that the County is not financially responsible for members that the Department determines have been enrolled in error. Capitation payments made in error will be recouped.

E. COUNTY ENROLLMENT REPORTS

For each month of coverage throughout the term of the Contract, the Department will transmit “County Enrollment Reports” to the County. These reports will provide the County with ongoing information about its BadgerCare Plus members and disenrollees and will be used as the basis for the monthly capitation claims. County Enrollment Reports will be generated in the following sequence:

1. The Initial County Enrollment Report will list all of the County’s members and disenrollees for the enrollment month that are known on the date of report generation. The Initial County Enrollment Report will be available to the County on or about the twenty-first day of each month. A capitation claim shall be generated for each member listed as an ADD or CONTINUE on this report. Members who appear as PENDING on the Initial Report and are reinstated into the County prior to the end of the month will appear CONTINUE on the Final
Report, and a capitation claim shall be generated according to the conditions of this Contract.

2. The final County Enrollment Report will list all of the County’s members for the enrollment month that were not included in the Initial County Enrollment Report. The Final County Enrollment Report will be available to the County by the first day of the capitation month. A capitation claim shall be generated for each member listed as an ADD or CONTINUE on this report according to the conditions of this Contract. Members in PENDING status will not be included on the final report.

3. Members will be enrolled effective the date the enrollment request is received by the Department. The County will not receive a regular capitation payment for the month of enrollment. The DHS will reimburse the County for partial months of enrollment through payment of a daily rate. The daily rate will be equal to the monthly capitation multiplied by 12 and divided by 365.

The review/comment period will commence on the fifth business day after the audit report was mailed. The County may request an extension and the Department will exercise reasonable discretion in making the determination to waive the 30 business day review/comment requirement.

H. FRAUD AND ABUSE TRAINING

The Department will provide fraud and abuse detection training to the County annually.
ARTICLE VI

VI. PAYMENTS TO COUNTY

A. CAPITATION RATES

In consideration of full compliance by the County with Contract requirements, the Department agrees to pay the County monthly payments based on the capitation rate specified and subject to the conditions of this Contract. The capitation rate shall not include any amount for recoupment of losses incurred by the County under previous Contracts nor does it include services that are not covered under the State Plan.

B. ACTUARIAL BASIS OF CAPITATION RATE

The capitation rate is calculated on an actuarial basis recognizing the payment limits set forth in federal law 42 CFR 438.6(c).

C. RENEGOTIATION

The monthly capitation rates set forth in this article are recalculated on an annual basis. The County will have 30 calendar days from the date of the written notification to accept the new capitation rates in writing or to initiate termination or non-renewal of the Contract. The capitation rates are not subject to renegotiation once they have been accepted, unless such renegotiation is required by changes in federal or state laws, rules or regulations.

D. REINSURANCE

The County may obtain a risk-sharing arrangement from an insurer other than the Department for coverage of members under this Contract, provided that the County remains substantially at risk for providing services under this Contract.

E. RESPONSIBILITY TO PROVIDE SERVICES

The County is responsible for the provision of Contract and administrative services covered under this Contract from the date the member is enrolled in the County, regardless of whether or not the County receives a capitation payment for that member for the initial month pursuant to the conditions agreed upon.

F. PAYMENT SCHEDULE
Capitation payments to the County shall be based on County Enrollment Reports, which the Department will transmit to the County. Payment for each person listed as an ADD or CONTINUE on County Enrollment Reports shall be made within 134 days of the date the report is generated.

G. COORDINATION OF BENEFITS (COB)

The County must actively pursue, collect and retain all monies from all available resources for services to members covered under this Contract except where the amount of reimbursement the County can reasonably expect to receive is less than the estimated cost of recovery. COB recoveries will be done by post-payment billing (pay and chase) for certain preventive pediatric services. Post-payment billing will also be done in situations where the third party liability is derived from a parent whose obligation to pay is being enforced by the state Child Support Enforcement Agency and the provider has not received payment within 30 days after the date of service.

1. Cost-effectiveness of recovery is determined by, but not limited to time, effort, and capital outlays required to perform the activity. The County must be able to specify the threshold amount or other guidelines used in determining whether to seek reimbursement from a liable third party, or describe the process by which the County determines seeking reimbursement would not be cost effective, upon request of the Department. COB activities include pursuit of the County’s subrogation rights under Chapter 49 of the Wisconsin Statutes.

2. To assure compliance, records shall be maintained by the County of all COB collections and reports shall be made annually on the form designated by the Department. The County must be able to demonstrate that appropriate collection efforts and appropriate recovery actions were pursued. The Department has the right to review all billing histories and other data related to COB activities for members. The County must seek from all members’ information on other available resources.

   a. Other available resources may include, but are not limited to, all other state or federal medical care programs which are primary to Medicaid, group or individual health insurance, ERISAs, service benefit plans, the insurance of absent parents who may have insurance to pay medical care for spouses or minor members, and subrogation/workers compensation collections.

   b. Subrogation collections are any recoverable amounts arising out of settlement of personal injury, medical malpractice,
product liability, or Worker’s Compensation. State subrogation rights have been extended to County under s. 49.89(9), Act 31, Laws of 1989. After attorneys’ fees and expenses have been paid, the County shall collect the full amount paid on behalf of the member.

3. Where the County has entered a risk-sharing arrangement with the Department, the COB collection and distribution shall follow the procedures described in this Contract. Act 27; Laws of 1995 extended assignment rights to counties under s. 632.72.

4. COB collections are the responsibility of the County or its subcontractors. Subcontractors must report COB information to the County. County and subcontractors shall not pursue collection from the member but directly from the third party payer. Access to medical services will not be restricted due to COB collection.

5. The following requirement shall apply if the Contractor (or the Contractor’s parent firm and/or any subdivision or subsidiary of either the Contractor’s parent firm or of the Contractor) is a health care insurer (including, but not limited to, a group health insurer and/or health maintenance organization) licensed by the Wisconsin Office of the Commissioner of Insurance and/or a third-party administrator for a group or individual health insurer(s), health maintenance organization(s), and/or employer self-insurer health plan(s):

   a. Throughout the Contract term, these insurers and third-party administrators shall comply in full with the provision of subsection 49.475 of the Wis. Stats. Such compliance shall include the routine provision of information to the Department in a manner and electronic format prescribed by the Department and based on a monthly schedule established by the Department. The type of information provided shall be consistent with the Department’s written specifications.

   b. Throughout the Contract term, these insurers and third-party administrators shall also accept and properly process post-payment billings from the Department’s fiscal agent for health care services and items received by Wisconsin BadgerCare Plus members.

6. If, at any time during the Contract term, any of the insurers or third party administrators fail, in whole or in part, to adhere to the requirements of (6(a.)) or (6) (b.)) above, the Department may take the remedial measures specified in this Contract.
H. RECOUPMENTS

The Department will not normally recoup County per capita payments when the County actually provided service. However, if the BadgerCare Plus member cannot use County facilities, the Department will recoup the County capitation payments. Such situations are described more fully below.

1. The Department will recoup the County capitation payments for the following situations where an member’s County status has changed before the first day of a month for which a capitation payment has been made:
   a. Member moves out of the County’s service area; or
   b. Member enters a public institution; or
   c. Member dies.

2. The Department will recoup the County capitation payments for the following situations where the Department initiates a change in an member’s County enrollment status on a retroactive basis, reflecting the fact that the County was not able to provide services. In these situations, recoupments for multiple month’s capitation payments are more likely:
   a. For the correction of computer or human error, where the person was never really enrolled in the County.
   b. Disenrollments of members for reasons of pregnancy and continuity of care.

3. If a member moves out of the County, as verified by the eligibility worker, the member will be disenrolled from CCF on the date the member moved unless the member continues under the jurisdiction of the Dane County Juvenile Court despite having moved from the County. If the eligibility worker is unable to verify the member’s move, the County must mail a “Certified Return Receipt Requested” letter to the member to verify the move. The member must sign for the letter. A copy of the letter and the signed return receipt must be sent to the Department or its designee within 20 days of the member’s signature date. If these criteria are met, the effective date of the disenrollment is the first of the month in which the returned registered receipt requested letter was sent. Documentation that fails to meet the 20-day criteria will result in disenrollment the first of the month in which the County supplied information to the Department of its designee. This policy does not apply to extended service area requests that have been approved by the County unless the member moves out of the extended service area or the County’s service area. Any
capitation payment made for periods of time after disenrollment will be recouped.
ARTICLE VII

REPORTS AND DATA

A. ACCESS TO AND/OR DISCLOSURE OF FINANCIAL RECORDS

The County and any subcontractors shall make available to the Department, the Department’s authorized agents, and appropriate representatives of the U.S. Department of Health and Human Services any financial records of County or subcontractors that relate to the County’s capacity to bear the risk of potential financial losses, or to the services performed and amounts paid or payable under this Contract. The County shall comply with applicable recordkeeping requirements specified in HFS 105.02(1)-(7) Wisconsin Administrative Code, as amended.

B. PERIODIC REPORTS

The County agrees to furnish within the Department’s time frame and within the Department’s stated form and format, information and/or data from its records to the Department, and to the Department’s authorized agents, which the Department may require to administer this Contract, including but not limited to the following:

Throughout the duration of the Contract, and for a period of five years after termination of the Contract, the County shall provide duly authorized representatives of the state or federal government access to all records and material relating to the Contractor’s provision of and reimbursement for activities contemplated under the Contract. Such access shall include the right to inspect, audit and reproduce all such records and material and to verify reports furnished in compliance with the provisions of the Contract. All
information so obtained will be accorded confidential treatment as provided under applicable laws, rules, or regulations.

D. RECORDS RETENTION

The County shall retain, preserve and make available, upon request, all records relating to the performance of its obligations under the Contract, including claim forms, for a period of not less than five years from the date of termination of the Contract. Records involving matters, that are the subject of litigation, shall be retained for a period of not less than five years following the termination of litigation. Microfilm copies of the documents contemplated herein may be substituted for the originals with the prior written consent of the Department, provided that the microfilming procedures are approved by the Department as reliable and supported by an effective retrieval system.

Upon expiration of the five (5) year retention period, the subject records shall, upon request, be transferred to the Department’s possession. No records shall be destroyed or otherwise disposed of without the prior written consent of the Department.

E. INSURANCE INFORMATION DISCLOSURE

The following requirements shall apply if the contractor (or the contractor’s parent firm and/or any subdivision or subsidiary of either the contractor’s parent firm or of the Contractor) is a health care insurer (including but not limited to a group health insurer and/or health maintenance organization) licensed by the Wisconsin Office of the Insurance Commissioner and/or a third party administrator for a group or individual health insurer(s), health maintenance organization(s), and/or employer self-insurer health plan(s):

1. Throughout the Contract term, these insurers and third party administrators shall comply in full with the provisions of s. 49.475 of Wis. Stats. Such compliance shall include the routine provision of information to the Department in a manner and electronic format prescribed by the Department and based on a monthly schedule established by the Department. The type of information provided shall be consistent with the Department’s written specifications.

2. Throughout the Contract term, these insurers and third party administrators shall also accept and properly process post-payment billings from the Department’s fiscal agent for health care services and items received by Wisconsin BadgerCare Plus members.

If, at any time during the Contract term, any of the insurers or third party administrators fail, in whole or in part, to adhere to the requirements of this Contract, the Department may take remedial measures.
ARTICLE VIII

VIII. GRIEVANCE PROCEDURES

The grievance process refers to the overall system that includes complaints, grievances and appeals as defined in Article I. BadgerCare Plus members, their legal guardian, or their authorized representative may grieve any aspect of service delivery provided or arranged by the County to the County and to the Department (described in Sections A and B below). The member or her or his authorized representative may appeal an action as defined in Article I to the County, the Department and/or to the Division of Hearings and Appeals as described in section C below.

A. PROCEDURES

The County shall:

1. Have written policies and procedures that detail what the grievance and appeal system is and how it operates.

2. Identify a contact person in the County to receive grievances and be responsible for routing/processing.

3. Operate an informal grievance/complaint process which members can use to get problems resolved without going through the formal, written grievance process. However, the County must treat any verbal requests seeking to appeal an action as an appeal and confirm those in writing, unless the member or authorized representative requests expedited resolution.

4. Operate a formal written grievance process which members can use to grieve in writing or orally.

5. Inform members about the existence of the complaint and grievance processes and how to use them.

6. Attempt to resolve complaints, grievances and appeals informally.

7. Respond to written grievances and appeals in writing within 10 business days of receipt, except in cases of emergency or urgent (expedited grievance) situations. This represents the first response. The County must resolve the grievance or appeal within two business days of receipt of a verbal or written expedited grievance or sooner if possible. More complete procedures are described in Section B of this Article.
8. Operate a grievance process within the County that members can use to grieve or appeal any negative response to the County Executive. The County Executive may delegate this authority to review appeals and grievances to the County grievance committee, but the delegation must be in writing. The decision makers responsible for reviewing a member’s grievance or appeal must not have participated in prior decision making.

9. Provide the member and his or her representative opportunity, before and during the appeals process, to examine member’s case file, including medical records, and any other documents and records considered during the appeals process.

10. Grant the member the right to appear in person before the grievance appeal committee to present written and oral information. The member may bring a representative to this meeting. The County must inform the member in writing of the time and place of the meeting at least seven calendar days before the meeting. For expedited grievances or appeals, the County must also notify the member orally of the limited time to present additional information.

11. Maintain a record-keeping “log” of complaints and grievances that includes a short, dated summary of each of the problems, the response, and the resolution. The log will distinguish BadgerCare Plus from other members, if the County does not have a separate log for Medicaid. The County must submit annual reports to the Department of all complaints, grievances and appeals. The analysis of the log will include the number of complaints, grievances and appeals divided into two categories, program administration and benefits denials.

12. Maintain a record-keeping system for grievances and appeals that includes a copy of the original grievance or appeal, the response and the resolution. This system will distinguish BadgerCare Plus members from other members.

13. At the time of the County’s initial grievance denial of an action decision the County must notify the member that the grievance denial decision may be appealed to the Department and/or to the Division of Hearings and Appeals.

14. Ensure that individuals with the authority to require corrective action are involved in the grievance process.

15. Distribute to advocates such as Family Ties an informational flyer on member grievance and appeal rights (the Ombuds brochure). When a
new brochure is available, the County shall distribute copies to advocates within three weeks of receipt of the new brochure.

16. Ensure that subcontractors and provider networks have written procedures for describing how members are informed of denied services. The County will make copies of subcontractors’ grievance procedures available for review upon request by the Department.

17. Inform members about the availability of interpreter services and provide interpreter services for non-English speaking and hearing impaired members throughout the County’s grievance process.

18. Ensure that decision makers on grievances and appeals were not involved in previous levels of review or decision-making, and who are health care professionals with clinical expertise in treating the member’s condition or disease if any of the following apply:

   a. a denial appeal based on lack of medical necessity
   b. a grievance regarding denial of expedited resolutions of an appeal
   c. any grievance or appeal involving clinical issues

19. The County must inform all subcontractors and providers of the County’s member grievance and fair hearing process upon contracting and as policy updates are made. The information shared with subcontractors and providers must include:

   • The member’s right to a fair hearing with representation and the process for obtaining a hearing;
   • The member’s right to file grievances and appeals, and relevant timeframes;
   • The Ombuds’ toll-free contact information in case the member needs assistance in filing a written or oral grievance; and,
   • The member’s right to request continuation of benefits during a grievance or fair hearing, and that the member may be liable for the cost if the County’s action is upheld.

B. GRIEVANCE AND APPEAL PROCESS

The member may choose to use the County’s grievance and appeal process or appeal directly to the DHA. If the member chooses to use the County’s process, the County must provide an initial response within 10 business days and a final response within 30 calendar days of receiving the grievance. If the County is unable to resolve the grievance within 30 calendar days, the time period may be extended another 14 calendar days from receipt of the grievance if the County notifies the member in writing that the County has not
resolved the grievance, when the resolution may be expected, and why the additional time is needed. The total timeline for the County to finalize a formal grievance may not exceed 45 calendar days from the date of the receipt of the grievance.

Any grievance or appeal decision by the County may be appealed by the member to the Department. The Department will review such appeals and may affirm, modify, or reject any formal grievance decision of the County at any time after the member files the formal appeal. The Department will give final response within 30 days from the date the Department has all information needed for a decision. Also, a member can submit a formal, written grievance directly to the Department at any time during the grievance process. Any formal decision made by the Department under this section is subject to member appeal rights to the extent provided by state and federal laws and rules. The Department will receive input from the member and the County in considering appeals.

For an expedited grievance or appeal, the County must resolve all issues within two business days of receiving the verbal or written request for an expedited grievance. The County must make reasonable effort to provide oral notice, in addition to written notice for the resolution. If the County denies a request for expedited resolution of a grievance or an appeal, it must resolve the issue in the standard timeframe for non-expedited grievances or appeals. The County must also make a reasonable effort to orally notify the member and give written notice within two calendar days when their request for an expedited resolution is denied.

The County must ensure that punitive action is not taken against anyone who either requests an expedited resolution or supports a member’s grievance. The County must include the resolution and date of the appeal resolution in the written notification of the member or their authorized representative.

A member may request a State Fair Hearing. The parties to the State Fair Hearing will include the County as well as the member and his or her representative or the representative of a deceased member’s estate. Decisions will be reached within the specified timeframes:

- Standard resolution: within 90 days of the date the member filed the appeal with the County if the member filed initially with the County (excluding the days the member took to subsequently file for a State Fair Hearing) or the date the member filed for direct access to a State Fair Hearing.

- Expedited resolution (if the appeal was heard first through the County appeal process): within three working days from Department receipt of a hearing request for a denial of a service that:
• Meets the criteria for an expedited appeal process but was not resolved using the County’s appeal timeframes, or
• Was resolved wholly or partially adversely to the member using the County’s expedited appeal timeframes.

• Expedited resolution (if the appeal was made directly to the State Fair Hearing process without accessing the County appeal process): within three working days from agency receipt of a hearing request for a denial of service that meets the criteria for an expedited appeal process.

The County must authorize or provide the disputed services promptly, and as expeditiously as the member’s health condition requires if the services were not furnished while the appeal is pending and the County or the State Fair Hearing officer reverses a decision to deny, limit, or delay services.

C. NOTIFICATIONS TO MEMBERS

When the County, its subcontractors or provider network denies participation, discontinues, terminates, suspends, limits, or reduces a service (including services authorized by the County the member was previously enrolled in or services received by the member on a BadgerCare Plus fee-for-service basis), the County shall notify the affected member(s) in writing, at least 10 days before:

1. The nature of the intended action.

2. The reasons for the intended action. The reason must be clearly stated in sufficient detail to ensure that the member understands the action being taken by the County.

3. The fact that the member, if appealing the action, must do so within 45 days.

4. Member has the right to examine the documentation used when the County made its decision.

5. The fact that interpreter services are available free of charge during the grievance and appeal process and how the member can access those services.

6. The member may bring a representative, including a provider, with him/her to the hearing.
7. The member may present “new” information during the grievance and appeal process; however, for expedited appeals, members may have a limited time available to present information either in person or in writing.

8. The process for requesting an oral or written expedited grievance or appeal. The member or his/her authorized representative may appeal orally, but must follow up with a signed written appeal.

9. An explanation of the member’s right to appeal the County’s decision to the Department at any point in the process.

10. The fact that the member or a provider, if appealing the County action, may file a request for a hearing with the Division of Hearing and Appeals (DHA) and the address of the DHA.

11. The fact that the member can receive help in filing a grievance or appeal by calling the Ombuds at a toll free number.

12. The telephone number of the Ombuds.

13. The circumstance under which a benefit will continue during the grievance and appeal process.

14. The fact that if the member continues to receive the disputed service, the member may be liable for the cost of care if the decision is adverse to the member.

15. That the process for requesting an oral or written expedited grievance or appeal requires a medical provider to verify that delay can be a health risk. If the County determines the grievance or appeal does not meet expedited requirements, the County will review the grievance within the standard timeframes.

16. The period of advanced notice is shortened to five (5) days if probable member fraud has been verified, or by the date of the action for the following:

- In the death of a member (when the County is made aware of the death);
- A signed written member statement requesting service termination or giving information requiring termination or reduction of services (where he/she understands that this must be the result of supplying that information);
• The member’s admission to an institution where he or she is ineligible for further services;

• The member’s address is unknown and mail directed to him or her has no forwarding address;

• The member has been accepted for Medicaid services by another local jurisdiction;

• The member’s physician prescribes the change in the level of medical care;

• An adverse determination made with regard to the preadmission screening requirements for nursing facility admissions on or after January 1, 1989; or

• The safety or health of individuals in the facility would be endangered, the resident’s health improves sufficiently to allow a more immediate transfer or discharge, an immediate transfer or discharge is required by the resident’s urgent medical needs, or a resident has not resided in the nursing facility for 30 days (applies only to adverse actions for nursing facility transfers).

This notice requirement does not apply when the County, or its subcontractors triages a member to a proper health care provider or when an individual health care provider determines that a service is medically unnecessary.

The Department must review and approve all notice language prior to its use by the County. Department review and approval will occur during the BadgerCare Plus certification process of the County and prior to any change of the notice language by the County.

D. CONTINUATION OF BENEFITS

If the member files a request for a hearing with the DHA on or before the later of the effective date or within 10 days of the County mailing of the notice of action to reduce, limit, terminate or suspend benefits, upon notification by the DHA the County will notify the member they are eligible to continue receiving care but may be liable for care if DHA overturns the County’s decision. If the member requests that the services in question be continued pending the outcome of the fair hearing, the following conditions apply:

1. If the DHA reverses the County’s decision the County is responsible to cover services provided to the member during the administrative hearing process.
2. If the DHA upholds the County’s decision, the County may pursue reimbursement from the member for all services provided to the member, to the extent that the services were covered solely because of this requirement.

Benefits must be continued until one of the following occurs:

- The member withdraws the appeal.
- A state fair hearing decision adverse to the member is made.
- The authorization expires or the authorization service is met.

E. NOTIFICATIONS OF DENIAL OF NEW BENEFITS TO MEMBERS

When a County, or its subcontractors, deny a new service, the County shall notify the affected member(s) in writing of:

1. The nature of the intended action.
2. The reasons for the intended action.
3. The fact that the member, if appealing the action, must do so within 45 days.
4. An explanation of how the member may request an expedited grievance, orally or in writing.
5. The member may bring a representative with him/her to the hearing.
6. The member may present “new” information during the grievance process.
7. The member may review the documents used to make the decision.
8. An explanation of the member’s right to appeal the County’s decision to the Department.
9. The fact that interpreter services are available free of charge during the grievance process and how the member can access those services.
10. The fact that the member can receive help in filing an appeal to the Department by calling the Ombudsman.
11. The telephone number of the Ombudsman.

If the member was not receiving the service prior to the denial, the County is not required to provide the benefit while the decision is being appealed. If the County’s denial, limitation, or delay of services is overturned or reversed by the County, Department, or DHA, the County must authorize or provide the disputed services promptly, and as expeditiously as the enrollee’s health condition requires.

County grievance procedures must be reviewed and approved by the Department prior to signing the County Contract. All changes to County grievance procedures require prior review and approval by the Department.
F. REPORTING OF GRIEVANCES TO THE DEPARTMENT
The County must forward both the complaint and grievance reports to the Department within 30 days of the end of a quarter in the format specified in Addendum X. Failure on the part of a County to submit the quarterly complaint and grievance reports in the required format within five days of the due date may result in any or all sanctions available as specified in this Contract.
ARTICLE IX

IX. REMEDIES FOR VIOLATION, BREACH, OR NON-PERFORMANCE OF CONTRACT

A. SUSPENSION OF NEW ENROLLMENT

Whenever the Department determines that the County is out of compliance with this Contract, the Department may suspend the County’s right to enroll new members under this Contract. When exercising this option, the Department must notify the County in writing of its intent to suspend new enrollment at least 30 days prior to the beginning of the suspension period. The suspension period will take effect if the non-compliance remains uncorrected at the end of this period. The Department may suspend new enrollment sooner than the time period specified in this paragraph if the Department finds that the member’s health or welfare is jeopardized. The suspension period may be for any length of time specified by the Department or may be indefinite. The suspension period may extend up to the expiration of the Contract.

B. WITHHOLDING OF CAPITATION PAYMENTS AND ORDERS TO PROVIDE SERVICES

Notwithstanding the provisions of this Contract, the Department may withhold portions of capitation payments or liquidated damages or otherwise recover damages from the County on the following grounds:

1. Whenever the Department determines that the County has failed to provide one or more of the Medicaid covered Contract services under this Contract or failed to comply with the provisions contained in this Contract, the Department may either order the County to provide such service, or withhold a portion of the County’s capitation payments for the following month or subsequent months, such portion withheld to be equal to the amount of money the Department must pay to provide such services. County shall be given at least seven days written notice prior to the County being required to comply with either: a) Department direction to the County to pay, or b) the withholding of any capitation payments, except that in case of an emergency, no such seven day notice is required.

Whenever the Department determines that the County has failed to provide one or more of the Medicaid covered Contract services under this Contract or failed to comply with the provisions contained in this Contract, the Department may either order the County to provide such service, or withhold a portion of the County’s capitation payments for the following month or subsequent months, such portion withheld to
be equal to the amount of money the Department must pay to provide such services. County shall be given at least seven days written notice prior to the County being required to comply with either: a) Department direction to the County to pay, or b) the withholding of any capitation payments, except that in case of an emergency, no such seven day notice is required.

When it withholds payments under this section, the Department must submit to the County a list of the members for whom payments are being withheld, the nature of the service(s) denied, and payments the Department must make to provide medically necessary services.

If the Department acts under this section and subsequently determines that the services in question were not covered services:

   a. If the Department withheld payments it shall restore to the County the full capitation payment; or

   b. If the Department ordered the County to provide services under this section it shall pay the County the actual documented cost of providing the services.

2. If the County fails to submit required data and/or information to the Department or the Department’s authorized agents or fails to submit such data or information in the required form or format, by the deadline specified by the Department, the Department may immediately impose liquidated damages in the amount of $1,500 per day for each day beyond the deadline that the County fails to submit the data or fails to submit the data in the required form or format, such liquidated damages to be deducted from the County’s capitation payments.

3. Whenever the Department determines that the County has failed to perform an administrative function required under this Contract, the Department may withhold a portion of future capitation payments. For the purposes of this section, “Administrative Function” is defined as any Contract obligation other than the actual provision of Contract services. The amount withheld by the Department under this section will be an amount that the Department determines in the reasonable exercise of its discretion to approximate the cost to the Department to perform the function. The Department may increase these amounts by 50% for each subsequent non-compliance.

Whenever the Department determines that the County has failed to perform the administrative functions, the Department may withhold a portion of future capitation payments sufficient to directly compensate
the Department for the BadgerCare Plus program’s costs of providing mental health care services and items to individuals insured by said insurers and/or the insurers/employers represented by said third party administrators.

4. In any case under this Contract where the Department has the authority to withhold capitation payments, the Department also has the authority to use all other legal processes for the recovery of damages.

5. Notwithstanding the provisions of this subsection, in any case where the Department deducts a portion of capitation payments under Section 2 above, the following procedures shall be used:

   a. The Department will notify the County Contract administrator no later than the second business day after the Department’s deadline that the County has failed to submit the required data or the required data cannot be processed.

   b. Beginning on the second business day after the Department’s deadline, the County will be subject without further notification to liquidated damages per data file or report.

   c. If the County submits encounter data late but submits it within five business days from the deadline, the Department will rescind liquidated damages if the data can be processed according to the criteria published in the Wisconsin BadgerCare Plus and Medicaid SSI HMO Encounter Data User Manual. The Department will not edit the data until the process period in the subsequent month.

   d. If the County submits any other required data or report but in the required format within five business days from the deadline, the Department will rescind liquidated damages and immediately process the data or report.

   e. If the County repeatedly fails to submit required data or reports, or data that cannot be processed, the Department will require the County to develop an action plan to comply with the Contract requirements that must meet Department approval.

   f. After a corrective action plan has been implemented, if the County continues to submit data beyond the deadline, or continues to submit data that cannot be processed, the Department will invoke the remedies under SUSPENSION OF NEW ENROLLMENT, or WITHHOLDING OF CAPITATION PAYMENTS AND ORDERS TO PROVIDE
SERVICES sections, or both, in addition to liquidated damages that may have been imposed for a current violation.

g. If the County notifies the Department that it will discontinue contracting with the Department at the end of a Contract period, but reports or data are due for a Contract period, the Department retains the right to withhold up to two months of capitation payments otherwise due the County which will not be released to the County until all required reports or data are submitted and accepted after expiration of the Contract. Upon determination by the Department that the reports and data are accepted, the Department will release the monies withheld.

6. Payments provided for under the contract will be denied for new members when, and for so long as, payment for those members is denied by CMS in accordance with the requirements in 42 CFR 438.730.

C. CONTRACTUAL REMEDIES

The remedies provided in this Contract are not intended to act as a waiver of any other contractual remedies existing in law or equity that the Department may have for breach of contract, including recovery of damages.

D. DEPARTMENT-INITIATED ENROLLMENT REDUCTIONS

The Department may reduce the maximum enrollment level and/or number of current members whenever it determines that the County has failed to provide one or more of the Contract services required, or that the County has failed to maintain or make available any records or reports required under this Contract, that the Department needs to determine whether County is providing Contract services. The County shall be given at least 30 days to correct the non-compliance prior to the Department taking any action set forth in this paragraph. The Department may reduce enrollment sooner than the time period specified in this paragraph if the Department finds the members’ health or welfare is jeopardized.

E. INAPPROPRIATE PAYMENT DENIALS

Counties that inappropriately fail to provide or deny payments for services may be subject to suspension of new enrollments, withholding, in full or in part, of capitation payments, contract termination, or refusal to contract in a future time period, as determined by the Department. The Department will select among these sanctions based on the nature of the services in question, whether the failure or denial was an isolated instance or a repeated pattern of practice, and whether the health of an member was injured, threatened or
jeopardized by the failure or denial. This applies not only to cases where DHS has ordered payment after appeal, but also to cases where no appeal has been made (i.e., the Department is knowledgeable about the documented abuse from other sources).

F. SANCTIONS

Section 1903(m)(5)(B)(ii) of the Social Security Act vests the Secretary of the Department of Health and Human Services with the authority to deny BadgerCare Plus payments to the County for members who enroll after the date on which the County has been found to have committed one (1) of the violations identified in federal law. State payments for members of the contracting organization are automatically denied whenever, and for as long as, federal payment for such members has been denied as a result of the commission of such violations. The Department may impose sanctions if the County has violated any of the other applicable requirements of sections 1903(m) or 1932 of the Act and any implementing regulations. The following violations can trigger denial of payment pursuant to s.1903(m)(5) of the Social Security Act:

1. Substantial failure to provide required medically necessary items and services when the failure has adversely affected (or has substantial likelihood of adversely affecting) a member.

2. Imposition of premiums on BadgerCare Plus members in excess of permitted premiums.

3. Discrimination among BadgerCare Plus members with respect to enrollment, reenrollment, or disenrollment on the basis of their health status or requirements for health care services.

4. Misrepresentation or falsification of certain information.

G. REMEDIAL ACTIONS

The Department may pursue all sanctions and remedial actions with the County that are taken with BadgerCare Plus fee-for-service providers, including civil monetary in the following specified amounts penalties not to exceed the amounts specified in the Balanced Budget Amendment of 1997 P.L. 105-33 s. 4707(a) [42 U.S.C. 1396v(d)(2)].

- A maximum of $25,000 for each determination of failure to provide services; misrepresentation or false statements to members, potential members or health care providers; failure to comply with physician incentive plan requirements; or marketing violations.
• A maximum of $100,000 for each determination of discrimination; or misrepresentation or false statements to CMS or the State.

• A maximum of $15,000 for each member the State determines was not enrolled because of a discriminatory practice (subject to the $100,000 overall limit above).

• A maximum of $25,000 or double the amount of the excess charges, (whichever is greater) for charging premiums or charges in excess of the amounts permitted under the BadgerCare Plus program. The State must deduct from the penalty the amount of overcharge and return it to the affected member(s).

• Appointment of temporary management for a County as provided in 42 CFR 438.706.

The Department will work with the County and their providers to change and correct problems and will recoup funds only if the County fails to correct a problem, unless otherwise allowed in this Contract.

H. TEMPORARY MANAGEMENT

The state will impose temporary management when:

• There is continued egregious behavior by the County, including but not limited to behavior that is described in 42 CFR 438.700, or that is contrary to any requirements of sections 1903(m) and 1932 of the Act; or

• There is substantial risk to members’ health; or

• The sanction is necessary to ensure the health of the County’s members while improvements are made to remedy violations under 438.700 or until there is an orderly termination or reorganization of the County.
ARTICLE X

X. TERMINATION AND MODIFICATION OF CONTRACT

A. MUTUAL CONSENT

This Contract may be terminated at any time by mutual written agreement of both the County and the Department.

B. UNILATERAL TERMINATION

This Contract between the parties may be terminated by either party as follows:

1. Either party may terminate this Contract at any time, due to modifications mandated by changes in federal or state laws, rules or regulations that materially affect either party’s rights or responsibilities under this Contract. At least 90 days prior to the proposed date of termination, the party initiating the termination must notify the other party of its intent to terminate this Contract. Termination by the Department under these circumstances will impose an obligation upon the Department to pay the Contractor’s reasonable and necessarily incurred termination expenses.

2. Either party may terminate this Contract at any time if it determines that the other party has substantially failed to perform any of its functions or duties under this Contract. The party exercising this option must notify the other party in writing of this intent to terminate this Contract and give the other party 30 days to correct the identified violation, breach or non-performance of Contract. If such violation, breach or non-performance of Contract is not satisfactorily addressed within this time period, the exercising party may terminate this Contract. The termination date will always be the last day of a month. The Contract may be terminated by the Department sooner than the time period specified in this paragraph if the Department finds that member health or welfare is jeopardized by continued enrollment in the County program. A “substantial failure to perform” for purposes of this paragraph includes any violation of any requirement of this Contract that is repeated or ongoing, that goes to the essentials or purpose of the Contract, or that injures, jeopardizes or threatens the health, safety, welfare, rights or other interests of members.

3. Either party may terminate this Contract if federal or state funding of contractual services rendered by the Contractor become or will become permanently unavailable. In the event it becomes evident state or federal funding of claims payments or contractual services
rendered by the Contractor will be temporarily suspended or unavailable, the Department will immediately notify the Contractor, in writing, identifying the basis for the anticipated unavailability or suspension of funding. Upon such notice, the Department or the Contractor may suspend performance of any or all of the Contractor’s obligations under this Contract if the suspension or unavailability of funding will preclude reimbursement for performance of those obligations. The Department or Contractor will attempt to give notice of suspension of performance of any or all of the Contractor’s obligations by 60 calendar days prior to said suspension, if this is possible; otherwise, such notice of suspension should be made as soon as possible. In the event funding temporarily suspended or unavailable is reinstated, the Contractor may remove suspension hereunder by written notice to the Department, to be made within 30 calendar days from the date the funds are reinstated. In the event the Contractor elects not to reinstate services, the Contractor will give the Department written notice of its reasons for such decision, to be made within 30 calendar days from the date the funds are reinstated. The Contractor will make such decision in good faith and will provide to the Department documentation supporting its decision. In the event of termination under this Section, this Contract will terminate without termination costs to either party.

C. OBLIGATIONS OF CONTRACTING PARTIES UPON TERMINATION

When termination of the Contract occurs, the following obligations shall be met by the parties:

1. Where this Contract is terminated unilaterally by the Department, due to non-performance by the County or by mutual consent with termination initiated by the County:
   a. The Department shall be responsible for notifying all members of the date of termination and process by which the members will continue to receive Contract services.
   b. The County shall be responsible for all expenses related to said notification.
   c. The Department shall grant the County a hearing before termination by the Department occurs. The Department shall notify the members of the hearing and allow them to disenroll from the County managed care program without cause.

2. Where this Contract is terminated on any basis not given in 1 above including non-renewal of the contract for a given contract period:
a. The Department shall be responsible for notifying all members of the date of termination and process by which the members will continue to receive Contract services.

b. The Department shall be responsible for all expenses relating to said notification.

3. Where this Contract is terminated for any reason the following payment criteria will apply:

   a. Any payments advanced to the County for coverage of members for periods after the date of termination shall be returned to the Department within 90 days of Contract termination.

   b. The County shall supply all information necessary for the reimbursement of any outstanding Medicaid claims within the period of time specified by the Department.

   c. If a Contract is terminated, recoupments will be handled through a payment by the County within 90 days of Contract termination.

D. MODIFICATION

This Contract may be modified at any time by written mutual consent of the County and the Department or when modifications are mandated by changes in federal or state laws, rules or regulations. If changes in state or federal laws, rules or regulations require the Department to modify its contract with the County, the County will receive written notice.

If the Department exercises its right to renew this Contract, as allowed by Article XIX, the Department will recalculate the capitation rate for succeeding calendar years. The County will have 30 days to accept the new capitation rate in writing or to initiate termination of the Contract. If the Department changes the reporting requirements during the contract period, the County will have 180 days to comply with such changes or to initiate termination of the Contract.
ARTICLE XI

XI. CONFIDENTIALITY OF RECORDS

The parties agree that all information, records, and data collected in connection with this Contract shall be protected from unauthorized disclosure as provided in Chapter 49, Subchapter IV, Wis. Stats., HFS 108.01, Wis. Adm. Code, and 42 CFR 431 Subpart F. Except as otherwise required by laws, rules, or regulations, access to such information shall be limited by the County and the Department to persons who, or agencies which, require the information in order to perform their duties related to this Contract, including the U.S. Department of Health and Human Services and such others as may be required by the Department.

A. DUTY OF NON-DISCLOSURE AND SECURITY PRECAUTIONS

Contractor shall not use Confidential Information for any purpose other than the limited purposes set forth in the Agreement. Contractor shall hold the Confidential Information in confidence, and shall not disclose such Confidential Information to any persons other than those directors, officers, employees, and agents ("Representatives") who have a business-related need to have access to such Confidential Information in furtherance of the limited purposes of this Agreement and who have been apprised of, and agree to maintain, the confidential nature of such information in accordance with the terms of this Agreement. Contractor shall be responsible for the breach of this Agreement by any of its Representatives.

Contractor shall institute and/or maintain such procedures as are reasonably required to maintain the confidentiality of the Confidential Information, and shall apply the same level of care as it employs to protect its own confidential information of like nature.

Contractor shall ensure that all indications of confidentiality contained on or included in any item of Confidential Information shall be reproduced by Contractor on any reproduction, modification, or translation of such Confidential Information. If requested by the State, Contractor shall make a reasonable effort to add a proprietary notice or indication of confidentiality to any tangible materials within its possession that contain Confidential Information of the State, as directed.

If requested by the State, Contractor shall return or destroy all Individually Identifiable Health Information and Personally Identifiable Information it holds upon termination of this Agreement.

B. LIMITATIONS ON OBLIGATIONS
The obligations of confidentiality assumed by Contractor pursuant to this Agreement shall not apply to the extent Contractor can demonstrate that such information:

1. is part of the public domain without any breach of this Agreement by Contractor;
2. is or becomes generally known on a non-confidential basis, through no wrongful act of Contractor;
3. was known by Contractor prior to disclosure hereunder without any obligation to keep it confidential;
4. was disclosed to it by a third party which, to the best of Contractor's knowledge, is not required to maintain its confidentiality;
5. was independently developed by Contractor; or
6. is the subject of a written agreement whereby the State consents to the disclosure of such Confidential Information by Contractor on a non-confidential basis.

C. LEGAL DISCLOSURE

If Contractor or any of its Representatives shall be under a legal obligation in any administrative, regulatory or judicial circumstance to disclose any Confidential Information, Contractor shall give the State prompt notice thereof (unless it has a legal obligation to the contrary) so that the State may seek a protective order or other appropriate remedy. In the event that such protective order is not obtained, Contractor and its Representatives shall furnish only that portion of the information that is legally required and shall disclose the Confidential Information in a manner reasonably designed to preserve its confidential nature.

D. UNAUTHORIZED USE, DISCLOSURE, OR LOSS

If Contractor becomes aware of any threatened or actual use or disclosure of any Confidential Information that is not specifically authorized by this Agreement, or if any Confidential Information is lost or cannot be accounted for, Contractor shall notify the State's Contract Monitor within the same business day the Contractor becomes aware of such use, disclosure, or loss. Such notice shall include, to the best of the Contractor's knowledge at that time, the persons affected, their identities, and the Confidential Information disclosed.

The Contractor shall take immediate steps to mitigate any harmful effects of the unauthorized use, disclosure, or loss. The Contractor shall reasonably cooperate with the State's efforts to seek appropriate injunctive relief or otherwise prevent or curtail such threatened or actual breach, or to recover its Confidential Information, including complying with a reasonable Corrective Action Plan.
If the unauthorized use, disclosure, or loss is of Individually Identifiable Health Information, Contractor shall, at its own cost, notify the affected individuals by mail or the method previously used by the State to communicate with the individual. If the Contractor cannot with reasonable diligence determine the mailing address of the affected individual and the State has not previously contacted that individual, the Contractor shall provide notice by a method reasonably calculated to provide actual notice. In addition, the Contractor will take other reasonable corrective measures as are agreed to by the parties.

If the unauthorized use, disclosure, or loss is of Personally Identifiable Information, or reasonably could otherwise identify individuals, Contractor shall, at its own cost, take any or all of the following measures that are directed by the State as part of a Corrective Action Plan:

1. Notify the affected individuals by mail or the method previously used by the State to communicate with the individual. If the Contractor cannot with reasonable diligence determine the mailing address of the affected individual and the State has not previously contacted that individual, the Contractor shall provide notice by a method reasonably calculated to provide actual notice.

2. Notify consumer reporting agencies of the unauthorized release.

3. Offer credit monitoring and identity theft insurance to affected individuals from a company, and under terms, acceptable to the State for one year from the date the individual enrolls in credit monitoring.

4. Provide a customer service or hotline to receive telephone calls and provide assistance and information to affected individuals during hours that meet the needs of the affected individuals, as established by the State.

5. Adequately staff customer service telephone lines to assure an actual wait time of less than five (5) minutes for callers.

If the unauthorized use, disclosure, or loss is of Individually Identifiable Health Information, Contractor shall, at its own cost, notify the affected individuals by mail or the method previously used by the State to communicate with the individual. ADDENDUM I

I. SUBCONTRACTS AND MEMORANDA OF UNDERSTANDING

1. The Department will review and approve the County’s Subcontract(s).

   The Department may approve, approve with modification, or deny subcontracts under this Contract at its sole discretion. The Department may, at its sole discretion and without the need to demonstrate cause, impose such conditions or limitations on its approval of a subcontract, as it deems appropriate. The Department may consider such factors, as it deems appropriate to protect the interests of the state and members, including but not limited to the proposed subcontractor’s past performance. DHS will give the County: (1) 120 days to implement a change that requires the County to find a new subcontractor, and (2) 60 days to implement any other change required by DHS. The DHS will acknowledge the approval or disapproval of a subcontract within 14 days after its receipt from the County.

   The Department will review and approve or disapprove each subcontract before contract signing. Any disapproval of subcontracts may result in the application by the Department of remedies pursuant to this Contract. The Department’s subcontract review will assure that County has inserted the following standard language in subcontracts:

   Subcontractor(s) agrees to abide by all applicable provisions of County’s Contract with the Department of Health Services, hereafter referred to as the County Contract. Subcontractor(s) compliance with County Contract specifically includes but is not limited to the following requirements:

   a. Subcontractor uses only BadgerCare Plus certified providers for services that are covered by BadgerCare Plus fee-for-service or providers meeting the qualifications of the County Contract. For services not covered under the BadgerCare Plus state plan, the County must have written standards established by the County and available for review.

   b. No terms of this subcontract are valid which terminate legal liability of the County.

   c. Subcontractor agrees to participate in and contribute required data to the County QAPI programs.

   d. Subcontractor agrees to abide by the terms of the County Contract for the timely provision of emergency and urgent care. Where applicable, subcontractor agrees to follow those procedures for handling urgent and
emergency care cases stipulated in any required hospital/emergency room MOUs signed by the County.

e. Subcontractor agrees to submit encounter data in the format specified by the County, so the County can meet the Department specifications. The County will evaluate the credibility of data obtained from subcontracted vendors’ external databases to ensure that any patient-reported information has been adequately verified.

f. Subcontractor agrees to comply with all non-discrimination requirements.

g. Subcontractor agrees to comply with all record retention requirements.

h. Subcontractor agrees to provide representatives of the County, as well as duly authorized agents or representatives of DHS and the federal Department of Health and Human Services, access to its premises and its Contract and/or medical records. Subcontractor agrees otherwise to preserve the full confidentiality of medical records.

i. Subcontractor agrees to the requirements for maintenance and transfer of medical records.

j. Subcontractor agrees not to create barriers to access to care by imposing requirements on members that are inconsistent with the provision of medically necessary and covered BadgerCare Plus benefits (e.g., COB recovery procedures that delay or prevent care).

k. Subcontractor agrees to clearly specify referral approval requirements to its providers and in any sub-subcontracts.

l. Subcontractor agrees not to bill a BadgerCare Plus member for medically necessary BadgerCare Plus covered services covered under the County Contract and provided during the member’s period of County enrollment, other than the allowable co-payment (unless the County opts to waive co-payments). Subcontractor also agrees not to bill members for any missed appointments while a member is eligible under the BadgerCare Plus Program. This provision will continue to be in effect even if the County becomes insolvent. However, if a member agrees in writing to pay for a non-BadgerCare Plus covered service, then the County or County subcontractor can bill.

m. Subcontractors must forward to the County medical records, pursuant to grievances, within 15 working days of County’s request. If the subcontractor does not meet the 15-day requirement, the subcontractor must explain why and indicate when the medical records will be provided.
n. The subcontractor holds the Department harmless for failure of the County to pay for covered services performed by the subcontractor pursuant to the subcontract.

o. Subcontractor agrees to abide by the terms of this Contract regarding appeals to the County and to the Department for County non-payment of service providers.

p. Subcontractor agrees to abide by the County’s marketing/informing requirements. Subcontractor will forward to the County, for prior approval, all flyers, brochures, letters, and pamphlets the subcontractor intends to distribute to its BadgerCare Plus members concerning its County affiliation, changes in affiliation, or relate directly to the BadgerCare Plus population. Subcontractor will not distribute any “marketing” or member informing materials without the consent of the County and the Department.

2. Review and Approval of New Subcontracts and Changes in Approved Subcontracts during the Contract Period.

New subcontracts and changes in approved subcontracts shall be reviewed and approved by the Department before taking effect. This requirement will be considered met if the Department has not responded within 15 consecutive days of the date of departmental receipt of request.

a. This review requirement applies to changes, which affect the amount, duration, scope, location, or quality of services. In other words, technical changes do not have to be approved.

b. Changes in rates paid do not have to be approved, with the exception of changes in the amounts paid to County management services subcontractors.

c. County must make a good faith effort to give written notice of termination of a contracted provider, within 15 days after receipt or issuance of the termination notice to each member whose primary mental health provider or gatekeeper terminates their contract with the County. The Department must approve the notifications before they are sent to members.

3. The County shall notify the Department within seven (7) days of any notice by the County to a subcontractor, or any notice to the County from a subcontractor, of a subcontract termination, a pending subcontract termination, or a pending modification in subcontract terms, that could reduce BadgerCare Plus members access to care.
If the Department determines that a pending subcontract termination or pending modification in subcontract terms will jeopardize member access to care, then the Department may invoke the remedies provided for in this Contract. These remedies include Contract termination (notice to the County and opportunity to correct are provided for) and suspension of new enrollment.

4. The County shall submit MOUs referred to in this Contract to the Department upon the Department’s request.

5. The County shall submit to the Department copies of new MOUs, or changes in existing MOUs within 15 days of signing.

The County shall not pay non-subcontracted providers more than BadgerCare Plus rates for services provided, unless the Department approves a higher level of payment based on County’s justification of a higher level of payment for a proportionately higher level of services.

6. A managed care entity may not knowingly have a person who is debarred, suspended, or otherwise excluded from participating in procurement activities under the Federal Acquisition Regulation or from participating in non-procurement activities as a director, officer, partner, or a person with beneficial ownership of more than 5% of the entity’s equity, or have an employment, consulting or other agreement for the provision of items and services that are significant and material to the entity’s obligations under its Contract with the state.
ADDENDUM II

II. UTILIZATION REQUIREMENTS

The County must submit utilization data requested on the Quarterly Utilization Report (attached) on an annual basis in a computer readable format. The County must provide utilization data on services delivered to all members. Reports must be submitted to the Department according to the schedule listed in this Contract.

All County subcontracts with providers must have provisions for assuring that the data required on the County Utilization Report is reported to County by the subcontractor(s).

The Department agrees to involve the County in the planning process prior to implementing any changes in format and will request the County review and comment on format changes before they take effect.

The County is subject to the remedies for violation, breach or non-performance of the Contract, outlined in the Contract, for non-compliance with these data reporting requirements. Conditions which constitute non-compliance with the reporting requirements include the following: Failure to submit the Quarterly Utilization Report identified by the Department or its subcontractor; failure to meet the Department’s County Utilization Report production schedule; and failure to provide all data requested through the County Utilization Report.

The County must specify to the Department the name of the primary contact person assigned responsibility for submitting and correcting County utilization data, and the staff person that should be contacted in the event that the primary contact person is not available.

All data should be reported by the unit specified in the Quarterly Utilization Report. For auditing purposes, the County should retain data which will allow the Department to verify for any given member that the units of service reported matches the units of service documented in the member’s record(s).
Quarterly Utilization Report

The County must provide the following utilization data for services provided in a 12-month period (State calendar year). Data is due January 1 of each year, for services provided during the first 3 months of the previous State calendar year (January 1 – March 31); April 1st for the second quarter (April 1 – June 30); July 1 for the third quarter (July 1 – September 30) and October 1 for the fourth quarter (October 1 – December 31).

*ICD-10 changes are effective for dates of service on or after October 1, 2015. Use ICD-9 for services provided in CY 2014 through September 30, 2015. Begin submitting quarterly utilization reports July 1, 2015.

III. PERFORMANCE IMPROVEMENT PROJECT OUTLINE

The design, implementation and reporting format for each performance improvement project should include consideration of each of the ten criteria listed below in order for the Department to evaluate the reliability and validity of the data and the conclusions described in the study. The following is a recommended guideline for completing a performance improvement project:

1. Select a Study Topic
   a. Is the topic important to the enrolled population?
   b. Does the topic affect a significant portion of the members and reflect a high-volume or high-risk condition of the population served?
   c. Can it be affected by the actions of the County?
   d. Was the process of the topic selection described?

2. Define a Study Question
   a. Was the method and procedure used to study the topic clear?
   b. Was the study question clearly stated and consistent throughout the study?
   c. Is the study question specific and answerable?

3. Select Study Indicators
   a. Were the indicators objective, clear, and unambiguously defined?
   b. Are the indicators based on current clinical knowledge or health services research? (Healthcare guidelines)
   c. Do the indicators objectively measure either member outcomes such as health or functional status, member satisfaction, or valid proxies of these outcomes?

4. Identify the Study Population
   a. Is there a clear definition of who to include in the study?
   b. Did the study define an “at risk” population?
   c. Was the entire population included or was a sample used?
   d. If the entire population was included, were all members captured by the data collection process used?

5. Utilize Sampling Methods (if applicable)
   a. Was a valid sample size calculated?
   b. Were valid sampling techniques used?
6. Data Collection

   a. Were the data described in detail?
   b. Were the data appropriate to answer the study question?
   c. Was the data collection process clearly described?
   d. Was the data collection process appropriate to answer the study question?
   e. Was interrater reliability adequate?
   f. Did the loss of data or subjects affect validity?
   g. Was the study time clear?
   h. Was member confidentiality protected?

7. Improvement Strategies/Interventions (Not applicable if the project is to establish a baseline only.)

   a. Were interventions related to causes/barriers identified through data analysis?
   b. Was the intervention fully described?
   c. Can the intervention be widely implemented?
   d. Was the implementation of the intervention monitored for effectiveness?

8. Results and Interpretation

   a. Was the data collected fully reported?
   b. Did the study include comparisons to give meaning to the results?
   c. Is the norm or standard expressed in a specific numerical manner?
   d. Is the goal, norm or standard appropriate to this population and study?
   e. Did the study appropriately use statistical testing? ($\chi^2$ t-test, regression analysis, etc.)?
   f. Were the conclusions consistent with the results?
   g. Were data tables, figures and graphs consistent with the text?
   h. Did the study consider its limitations?
   i. Did the study conclude or imply causality when the supporting data is only correlational?
   j. Did the study include how to improve the study?
   k. Did the study present recommendations on the results?
   l. Did the report clearly state whether performance improvement goals were met (if an intervention was carried out)? If the goals were not met, was there an analysis of why not and a plan for future action?

9. Real Improvement Achieved

   a. Was statistically significant improvement achieved?
   b. Does the improvement in performance appear to be due to the planned intervention?
   c. What if any additional questions did the study raise? What are the next steps, if any, to study this question/topic?
d. What will you do differently as a result of your study?

10. Sustained Improvement

   a. Was sustained improvement demonstrated through repeated measurements over comparable time periods?

XI. SCHOOL-BASED SERVICES (SBS) MOU

The County must sign a MOU with all School-Based Services (SBS) providers in the County’s service area who are BadgerCare Plus-certified. The MOU will be effective on the date when both the County and the SBS provider have signed it or when the SBS provider is BadgerCare Plus-certified, whichever is later.

Refer to the sample SBS MOU following this page.
MODEL MEMORANDUM OF UNDERSTANDING
BETWEEN COUNTY
AND
SCHOOL DISTRICT OR CESA BADGERCARE PLUS
CERTIFIED FOR THE SCHOOL BASED SERVICES BENEFIT

School-based services (SBS) are a benefit paid FFS by Wisconsin BadgerCare Plus for all school-enrolled members, including those enrolled in the County. The SBS provider is responsible for services provided in the schools such as occupational/physical/speech therapies, private duty or home care individualized nursing services, mental health services, testing services, school Individual Education Plan (IEP) services, and Individualized Family Service Program (IFSP) services. The County is responsible for providing and managing medically necessary services outside of school settings. However, the schools cannot provide services in some situations, such as after school hours, during school vacations, and during the summer. Therefore, avoidance of duplication of services and promotion of continuity of care for BadgerCare Plus County members requires cooperation, coordination and communication between the County and the SBS provider.

The County and the SBS provider agree to facilitate effective communication between agencies, work to resolve inter-agency coordination and communication problems, and inform staff from both the County and the SBS provider about the policies and procedures for this cooperation, coordination and communication. Recognizing that these “members-in-common” could receive duplicate services and could suffer from problems in continuity of care (e.g., when the school year ends in the middle of a series of treatments), the County and the SBS provider agree to cooperate in communicating information about the provision of services and in coordinating care.

This agreement becomes effective on the date when the SBS provider is certified by Wisconsin BadgerCare Plus or when both the County and the SBS provider have signed it, whichever is later. It may be terminated in writing with two weeks’ notice by either signer. The SBS provider is the School District.
