

Contract Amendment for BadgerCare Plus and SSI Medicaid Services

The agreement entered into for the period of January 1, 2014 through December 31, 2015 between the State of Wisconsin acting by or through the Department of Health Services, hereinafter referred to as the “Department” and _____, an insurer with a certificate of authority to do business in Wisconsin for the BadgerCare Plus and/or Medicaid SSI Managed Care Program hereinafter referred to as the “HMO,” is hereby amended as follows:

1. Article I – Definitions

Amend the definition of “BadgerCare Plus” to read:

BadgerCare Plus: Effective January 1, 2014, the following populations will be eligible for BadgerCare Plus:

- Parents and caretakers with incomes at or below 100 percent of the Federal Poverty Level (FPL).
- Pregnant women with incomes at or below 306 percent of FPL.
- Children (ages 18 and younger) with household incomes at or below 306 percent of the FPL.
- Childless adults with incomes at or below 100 percent of the FPL.
- Transitional medical assistance individuals, also known as members on extensions, with incomes over 100 percent of the FPL.

2. Article III, C, 11 – Clinical Laboratory Improvement Amendments (CLIA)

Amend #11 to read:

11. Clinical Laboratory Improvement Amendments (CLIA) Requirements

The HMO must use only certain laboratories. All laboratory testing sites providing services under this Contract must have a valid CLIA certificate along with a CLIA identification number, and comply with federal CLIA regulations as specified by [42 CFR Part 493](#), 42 CFR 263a, and Wisconsin Administrative Code, Chapter 105, DHS 105.42(1-2) and DHS 105.46 – Medical Assistance. Those laboratories with certificates must provide only the types of tests permitted under the terms of their certification.

Sanctions in the amount of \$10,000.00 may be imposed for non-compliance with the above compliance requirements.

3. Article III, H – Provider Network and Access Requirements

Amend #6 to read:

6. Network Adequacy Requirements

The HMO must ensure that its delivery network is sufficient to provide adequate access to all services covered under this Contract. In establishing the network, the HMO must consider:

- a. The anticipated BadgerCare Plus and/or Medicaid SSI enrollment.

- b. The expected utilization of services, considering member characteristics and health care needs.
- c. The number and types of providers (in terms of training experience and specialization) required to furnish the Contracted services.
- d. The number of network providers not accepting new patients.
- e. The geographic location of providers and members, distance, travel time, normal means of transportation used by members and whether provider locations are accessible to members with disabilities.

The HMO must provide documentation and assurance of the above network adequacy criteria as required by the Department for pre-contract certification and upon request of the Department.

The HMO must also submit an updated provider network and facility file to the State’s FTP server whenever there are significant service area changes, and notify the appropriate Managed Care Contract Compliance Analyst of changes related to network adequacy. Changes that could affect network adequacy have been defined by the Department as changes in the HMO’s operations that would affect adequate capacity and services, including modifications to HMO benefits, geographic service areas, provider network, payments, or enrollment of a new population into the HMO. ([42 CFR, §. 438.207\(c\)\(2\)\(i-ii\)](#))

The HMO must notify the Department of any geographical service area reductions 120 days before the intended decertification date unless DHS agrees to a shorter time period based on extraordinary circumstances beyond the control of the HMO. The HMO must submit a member communication/transition plan for all service area reductions.

4. Article III, I.8 – Member Handbook, Education and Outreach for Newly Enrolled Members

Amend the first sentence of Article III, I.8.a to read:

- a. Within 10 days of final enrollment notification to the HMO, provide a hardcopy member handbook to new members.

5. Article III, I.11 – HMO Care Management Services (for BadgerCare Plus Childless Adults Only)

Amend to read:

11. HMO Care Management Services (for BadgerCare Plus Childless Adults only)

Upon enrollment of the new BadgerCare Plus Childless Adults population, the HMO is required to comply with items “a. Conducting a **Screening**” to “f. Right to Audit” included in this section.

- a. Conducting a **Screening** of urgent care and service needs.

- 1) The HMO is required to conduct a **Screening** of new members who have not been enrolled at any time in the prior twelve (12) month period in the same HMO for the purpose of identifying the member's need for urgent care and service needs. Childless adult members that were previously enrolled in the HMO (e.g. as a commercial member or a Core Plan member) within twelve months prior to BadgerCare Plus enrollment are not subject to the **Screening** requirement.
- 2) The HMO shall use staff (i.e., call center operators, care coordinators, behavioral health professionals or nurses) trained in the linguistic, cultural, health and social needs of Childless Adults (CLAs) in order to conduct the **Screening** through face-to-face contact, telephonic contact or by mail with the member and/or legal guardian.
- 3) The **Screening** shall survey members' needs in the following **domains**:
 - a) Urgent medical and behavioral symptoms (i.e. shortness of breath, rapid weight gain/loss, syncope, suicidal ideations, psychotic break);
 - b) Member's perception of their general well-being;
 - c) Identify usual sources of care (e.g. Primary Care Provider, clinic, specialist, and Dental Provider);
 - d) Frequency in use of emergency and inpatient services;
 - e) History of chronic physical and mental health illness (e.g. respiratory disease, heart disease, stroke, diabetes/pre-diabetes, back pain and musculoskeletal disorders, cancer, overweight/obesity, severe mental illness(es), substance abuse);
 - f) Number of prescription medications used monthly;
 - g) Socioeconomic barriers to care (e.g. stability of housing, reliable transportation, nutrition/food resources, availability of family/caregivers to provide support);
 - h) Behavioral and medical risk factors including member's willingness to change their behavior such as:
 - Symptoms of depression
 - Alcohol consumption and abuse
 - Tobacco use
 - Overweight and obesity (e.g. using BMI or waist circumference) and high/elevated blood pressure
- 4) As part of the outreach for the **Screening**, HMOs are encouraged to assist members in identifying a Primary Care Provider for preventive care.

- 5) The HMO shall complete the **Screening** within two months of the member's effective date of enrollment. If unable to complete the **Screening**, the HMO must demonstrate **reasonable efforts to contact** individuals. **Reasonable efforts** are defined as at least three (3) documented attempts to contact a CLA member, preferably with more than one method of contact being employed if possible, to perform the Screening. The documented attempts to contact the member may be by mail, telephonically or in-person. HMOs are not required to do outreach with more than one method of contact to CLA members without a phone number.
- 6) HMOs are encouraged to conduct follow-up **Screening** for members whose medical condition changes.

b. Identifying and stratifying CLA members for care management interventions.

The HMO shall be required to use data collected from the **Screening** and/or additional Medicaid claim history information provided by the Department to:

- 1) Conduct additional chronic or acute illness assessments as needed based on members' responses to the **Screening** and/or the additional Medicaid claim history information (e.g. SBIRT, Adverse Childhood Experiences, patterns on medication adherence, etc.).
- 2) Develop a methodology to identify high-risk or high-cost members.
- 3) Conduct care management interventions for members requiring services based on member needs.

c. Submission of **Screening** tool and care coordination processes and procedures.

The HMO will submit its **Screening** tool (including questions and answer options) to the Department for review and approval annually. Any changes to the **Screening** tool should be approved by the Department prior to their implementation.

The HMO shall also submit the following care coordination processes and procedures to the Department (for documentation purposes only) prior to enrollment of the new BadgerCare Plus Childless Adults Population:

- 1) Policies and procedures on the **Screening** process (including operation flow-chart and narrative) describing the engagement efforts for members to complete the **Screening**, the process to capture the **Screening** responses data and provide appropriate care management.
- 2) A description of the methodology and the process used to stratify members by risk level and determine the level of care management needed (including data provided by the Department and responses to the **Screening**).
- 3) A description of the care coordination efforts to target high-risk members as identified by the **Screenings** and any claims history information provided by the Department.

- 4) A description of the process used to prioritize members for additional assessments and care management interventions.

The HMO shall notify the Department of any changes made to these policies and procedures prior to their implementation.

In order for the *Screening* tool and other materials submitted by the HMO in this section to be considered proprietary and exempt from public records requests, the HMOs needs to notify the Department upon submission that all of these materials are to be considered as trade secrets per Wis. Stat. 134.90(1)(c).

- d. Reporting for monitoring and effectiveness evaluation.

The HMO will submit quarterly reports with the following information:

- 1) Number of new CLA enrollee: in the prior quarter.
- 2) Number of completed *Screenings*: during the prior quarter.
- 3) *Screening* completion rate:
 - i. Overall *Screening* rate – The numerator for this measure is the total number of *Screenings* completed for CLA members during the quarter. The denominator for this measure is the total number of new CLA members enrolled during a given quarter. Exclude (a) CLA members that were previously enrolled in the HMO as a commercial member or a Core Plan member by the HMO in the twelve months prior to BadgerCare Plus enrollment, and (b) CLA members that do not remain continuously enrolled in the HMO for two months after their initial BadgerCare Plus enrollment.
 - ii. Timely *Screening* rate – The numerator for this measure is the total number of new CLA member *Screenings* completed within two months of the member’s effective date of BadgerCare Plus enrollment. The denominator for this measure is the total number of new CLA members enrolled during a given quarter.
- 4) Percent of high-risk members monthly and year to date average.
- 5) Report of Medicaid IDs of those CLA members screened (quarterly submissions only).

The Department will use these reports to monitor monthly compliance with the *Screening* requirements for the CLA population. The Department will keep track of the Medicaid IDs to verify the accuracy of the HMO reported *Screening* rate and for possible audits.

- e. Participation in the “CLA Care Management Best Practices Learning Collaborative”.

HMO must participate in a CLA Care Management Best Practices Learning Collaborative established by the Department to coordinate activities and develop integrated strategies among the Department and HMOs.

f. Right to audit the HMO.

The Department reserves the right to audit the HMO's member records to determine compliance with the requirements of the *Screening* described herein. Auditing of records can occur through chart reviews or requests for additional reports from the HMO.

6. Article VI, I – Hospital Access Payment

Amend to read:

I. Hospital Access Payment

Within the limits of the budgeted allocation from the hospital assessment fund, the Department will pay the HMO a monthly hospital inpatient access payment and a monthly hospital outpatient access payment. The Department's monthly hospital access payments to the HMOs are made as prospective "per member per month" payments, unadjusted for CDPS.

The HMO shall make payments to eligible hospitals based on the number of qualifying inpatient discharges and outpatient claims in the previous month. Payments must be sent within 15 calendar days after the HMO receives the monthly amounts from the Department. These payments are in addition to any amount the HMO is required by agreement to pay the hospital for provision of services to HMO members.

An "eligible hospital" means a Wisconsin hospital that is not a critical access hospital, an institution for mental disease, or a general psychiatric hospital for which the Department has issued a certificate of approval that applies only to the psychiatric hospital and that is not a satellite of an acute care hospital. A list of qualifying hospitals is available from the Department upon request.

"Qualifying discharges and claims" are inpatient discharges and outpatient claims for which the HMO made payments in the month preceding the Department's monthly access payment to the HMO for services to the HMO's Medicaid and BadgerCare Plus members, other than Childless Adult (CLA) Plan members or members who are eligible for both Medicaid and Medicare. HMOs shall exclude all members who are dually-eligible and all dual-eligible claims. If a third party pays the claim in full, and the HMO does not make payment, the claim shall not count as a qualifying claim for the hospital access payment. If the HMO pays any part of the claim, even if there is a third party payer, the claim will be counted as a qualifying claim for the hospital access payment.

1. Method of payment to hospitals

- a. Payments must be sent to eligible hospitals within 15 calendar days of the HMO receiving the hospital access payments from the Department. The HMO shall pay out the full amounts of hospital access payments. The HMO will base its hospital payments upon the number of qualifying inpatient discharges and the number of qualifying outpatient claims regardless of the

amount of the base claims payment for those discharges and claims. The HMO shall pay each eligible hospital based upon its percentage of the total number of qualifying outpatient claims for all eligible hospitals. The HMO shall calculate the percentage of the total access payment that each hospital would receive to the fourth decimal point.

- b. An example of the payment methodology is as follows:

HMO A receives \$1 million for inpatient access payments and \$500,000 for outpatient access payments in the month of June. HMO A distributes inpatient and outpatient access payments to eligible hospitals received from the Department in June according to the following formula:

- 1) Inpatient: HMO A counts 1,000 inpatient qualifying discharges paid in May (excluding Medicare crossover claims and claims paid for Childless Adult (CLA) Plan members) to three eligible hospitals.

Hospital X was paid for 300 discharges by HMO A in the month of May, and therefore, will receive 30% of the total inpatient access payment HMO A received from the Department in June.

- 2) Outpatient: HMO A counts 2,000 outpatient qualifying claims paid in May (excluding Medicare crossover claims and claims paid for Childless Adult (CLA) Plan members) to five eligible hospitals.

Hospital X was paid for 400 claims by HMO A in the month of May, and therefore, will receive 20% of the total outpatient access payment HMO A received from the Department in June.

2. Monthly reporting requirements

- a. The HMO shall send a report along with its monthly payment to each eligible hospital that contains the following information:

- 1) The amount of the hospital access payments received from the Department for inpatient discharges;
- 2) The amount of the hospital access payments received from the Department for outpatient claims;
- 3) That hospital's number of qualifying inpatient discharges;
- 4) That hospital's number of qualifying outpatient claims;
- 5) The total number of qualifying inpatient discharges for all qualifying hospitals;
- 6) The total number of qualifying outpatient claims;
- 7) Access payment amount per qualifying inpatient discharge;
- 8) Access payment amount per qualifying outpatient claims;
- 9) The amount of the total payment to that hospital.

- b. Within 20 calendar days of receipt of payment from the Department, the HMO must submit the report in Addendum IV, K to the Department.

3. Noncompliance

The Department shall have the right to audit any records of the HMO to determine if the HMO has complied with the requirements in this section L. If at any time the Department determines that the HMO has not complied with any requirement in this section L, the Department will issue an order to the HMO that it comply and the HMO shall comply within 15 calendar days after the Department's determination of noncompliance. If the HMO fails to comply after an order, the Department may terminate the contract as provided under Article XII.

Upon request, the HMO must submit a list of paid inpatient and outpatient claims to the Department and any other records the Department deems necessary to determine compliance.

If the HMO fails to send payment to the hospital within 15 calendar days of receiving the hospital access payment from the Department, the HMO will pay a fine to the Department equal to three percent of the delayed payment.

4. Payment disputes

If the HMO or the hospital dispute the monthly amount that the HMO is required to pay the hospital, either party may request that the Department determine the amount of the payment if the request is filed within six months after the first day of the month in which the payment is due. The Department will determine the amount of the payment within 60 days after the request for a determination is made. The HMO or hospital may request a contested case hearing under Ch. 227 on the Department's determination.

5. Resolution of Reporting Errors

The HMO shall adjust prior hospital access payments that were based on an inaccurate counting of qualifying inpatient discharges or outpatient claims. If an error is discovered, the Bureau of Fiscal Management must be contacted in writing within 15 days of the discovery. Corrections will be adjusted on a prospective basis. Errors shall be corrected in the next distribution of the monthly access payments the HMO receives from DHS.

Inpatient discharges and outpatient claims that were excluded in error shall be added into the calculation for the distribution of the next monthly access payments the HMO receives from DHS.

Discharges and claims that were included in error in previous payments shall be corrected in the next distribution of the monthly access payments the HMO receives from DHS. The number of discharges and claims paid in error will be subtracted from the number of discharges and claims eligible for payment in the current payment month. If there are insufficient numbers of discharges or claims in the current payment month to offset the error, the remaining uncorrected discharges or claims shall be carried forward and corrected in the next payment month.

7. Article VI, J – Ambulatory Surgical Center (ASC) Assessment

Amend to read:

J. Ambulatory Surgical Center (ASC) Assessment

The Department will pay the HMO a monthly ambulatory surgical center payment within the limits of the budgeted allocation from the Medicaid Trust Fund. The Department's monthly ambulatory surgical center payments to the HMOs are made as prospective "per member per month" payments, unadjusted for CDPS.

Payments must be sent to the ASCs within 15 calendar days after receipt of the monthly amounts from the Department. The HMO shall make payments to eligible ambulatory surgical centers based on the number of qualifying claims paid in the previous month. These payments are in addition to any amount the HMO is required by agreement to pay the ASC for provision of services to HMO members.

An "eligible ASC" is a Medicare certified ASC in the State of Wisconsin. A list of qualifying ASCs is available from the Department upon request.

"Qualifying claim" is any claim for which the HMO made payments in the month preceding the Department's monthly access payment to the HMO for services to the HMO's Medicaid and BadgerCare Plus members, other than Childless Adult (CLA) Plan members. HMOs shall include all members who are dually-eligible and all dual-eligible claims.

- Non-Crossover Claims

For non-crossover claims, if a third party pays the claim in full, and the HMO does not make a payment, the claim shall not count as a qualifying claim for the ASC access payment. If the HMO pays any part of the claim, even if there is a third party payer, the claim will be counted as a qualifying claim for the ASC access payment.

- Crossover Claims

For crossover claims, if the HMO adjudicates the claim to be valid, the claims shall count as a qualifying claim for the ASC access payment even if the adjudication results in a payment of zero. If the HMO pays any part of the claim, even if there is a third party payer, the claim will be counted as a qualifying claim for the ASC access payment.

1. Method of payment to ambulatory surgical centers

Payments must be sent to eligible ASCs within 15 calendar days of the HMO receiving the ambulatory surgical center payments from the Department. The HMO shall pay out the full amounts of ambulatory surgical center payments. The HMO will base its ASC payments upon the number of qualifying claims regardless of the amount of the base claim payment for those claims. The HMO shall pay each eligible ASC based upon its percentage of the total number of qualifying claims for eligible ASCs. The HMO shall calculate the percentage of the total access payment that each ASC would receive to the fourth decimal point. If the HMO has no

qualifying claims, the HMO shall return payment to the Department and submit a report to the Department stating “no payments were made”.

- An example of the payment methodology is as follows:

HMO A receives \$100,000 for ASC access payments in the month of June. HMO A distributes access payments received from the Department in June to eligible ASCs according to the following formula:

HMO A counts 100 ASC qualifying claims paid in May (including Medicare crossover claims and excluding claims paid for Childless Adult (CLA) Plan members) to three eligible ASCs.

ASC X was paid for 30 claims by HMO A in the month of May, and therefore, will receive 30% of the total access payment HMO A received from the Department in June.

2. Monthly reporting requirements

- a. The HMO shall send a report along with its monthly payment to each eligible ASC that contains the following information:
 - 1) The amount of the ASC payments received from the Department;
 - 2) The ASC’s number of qualifying claims;
 - 3) The total number of qualifying claims for all qualifying ASCs;
 - 4) Access payment amount per qualifying claim;
 - 5) The amount of the total payment to that ASC.
- b. The HMO must submit the report in Addendum IV, L to the Department within 20 calendar days of receipt of payment from the Department.

3. Noncompliance

The Department shall have the right to audit any records of the HMO to determine if the HMO has complied with the requirements in this section. If at any time the Department determines that the HMO has not complied with any requirement in this section, the Department will issue an order to the HMO that it comply and the HMO shall comply within 15 calendar days after the Department’s determination of noncompliance. If the HMO fails to comply after an order, the Department may terminate the contract as provided under Article XII.

Upon request, the HMO must submit a list of qualifying claims to the Department and any other records the Department deems necessary to determine compliance.

If the HMO fails to send payment to the ASC within 15 calendar days of receiving the ASC access payment from the Department, the HMO will pay a fine to the Department equal to three percent of the delayed payment.

4. Payment disputes

If the HMO or the ASC dispute the monthly amount that the HMO is required to pay the ASC, either party may request that the Department determine the amount of the payment if the request is filed within six months after the first day of the month in which the payment is due. The Department will determine the amount of the payment within 60 days after the request for a determination is made. The HMO or ASC may request a contested case hearing under Ch. 227 on the Department's determination.

5. Resolution of Reporting Errors

The HMO shall adjust prior ASC payments that were based on an inaccurate counting of disqualifying claims. If an error is discovered, the Bureau of Fiscal Management must be contacted in writing within 15 days of the discovery. Corrections will be adjusted on a prospective basis. Errors shall be corrected in subsequent distributions of the monthly access payments the HMO receives from DHS.

Claims that were excluded in error shall be added into the calculation for the distribution of the next monthly access payments the HMO receives from DHS.

Claims that were included in error in previous payments shall be corrected in the next distribution of the monthly access payments the HMO receives from DHS. The number of claims paid in error will be subtracted from the number of claims eligible for payment in the current payment month. If there are insufficient numbers of claims in the current month to offset the error, the remaining uncorrected claims shall be carried forward and corrected in the next payment month.

8. Article VI, K – Critical Access Hospital (CAH) Access Payment

Amend to read:

K. Critical Access Hospital (CAH) Access Payment

Within the limits of the budgeted allocation from the Critical Access Hospital (CAH) assessment fund, the Department will pay the HMO a monthly CAH inpatient access payment and a monthly CAH outpatient access payment. The Department's monthly CAH access payments to the HMOs are made as prospective "per member per month" payments, unadjusted for CDPS.

The HMO shall make payments to eligible CAHs based on the number of qualifying inpatient discharges and outpatient claims in the previous month. Payments must be sent to the CAH within 15 calendar days after the HMO receives the monthly amounts from the Department. These payments are in addition to any amount the HMO is required by agreement to pay the CAH for provision of services to HMO members.

An "eligible CAH" means a Wisconsin CAH that is not an acute care hospital, an institution for mental disease, or a general psychiatric hospital for which the Department has issued a certificate of approval that applies only to the psychiatric hospital and that is not a satellite of an acute care hospital. A list of qualifying CAH is available from the Department upon request.

“Qualifying discharges and claims” are inpatient discharges and outpatient claims for which the HMO made payments in the month preceding the Department’s monthly access payment to the HMO for services to the HMO’s Medicaid and BadgerCare Plus members, other than Childless Adult (CLA) Plan members or members who are eligible for both Medicaid and Medicare. HMOs shall exclude all members who are dually-eligible and all dual-eligible claims. If a third party pays the claim in full, and the HMO does not make a payment, the claim shall not count as a qualifying claim for the CAH access payment. If the HMO pays any part of the claim, even if there is a third party payer, the claim will be counted as a qualifying claim for the CAH access payment.

1. Method of payment to hospitals

- a. Payments must be sent to eligible CAH(s) within 15 calendar days of the HMO receiving the CAH access payments from the Department. The HMO shall pay out the full amounts of CAH access payments. The HMO will base its CAH payments upon the number of qualifying inpatient discharges and the number of qualifying outpatient claims regardless of the amount of the base claims payment for those discharges and claims. The HMO shall pay each eligible CAH based upon its percentage of the total number of qualifying claims for all eligible CAH(s). The HMO shall calculate the percentage of the total access payment that each hospital would receive to the fourth decimal point.

- b. An example of the payment methodology is as follows:

HMO A receives \$1 million for inpatient access payments and \$500,000 for outpatient access payments in the month of June. HMO A distributes inpatient and outpatient access payments to eligible CAH(s) received from the Department in June according to the following formula:

- 1) Inpatient: HMO A counts 1,000 inpatient qualifying discharges paid in May (excluding Medicare crossover claims and claims paid for Childless Adult (CLA) Plan members) to three eligible CAH(s).

CAH X was paid for 300 discharges by HMO A in the month of May, and therefore, will receive 30% of the total inpatient access payment HMO A received from the Department in June.

- 2) Outpatient: HMO A counts 2,000 outpatient qualifying claims paid in May (excluding Medicare crossover claims and claims paid for Childless Adult (CLA) Plan members) to five eligible CAH(s).

CAH X was paid for 400 claims by HMO A in the month of May, and therefore, will receive 20% of the total outpatient access payment HMO A received from the Department in June.

2. Monthly reporting requirements

- a. The HMO shall send a report along with its monthly payment to each eligible CAH that contains the following information:

- 1) The amount of the CAH access payment received from the Department for inpatient discharges;

- 2) The amount of the CAH access payments received from the Department for outpatient claims;
- 3) That CAH's number of qualifying inpatient discharges;
- 4) That CAH's number of qualifying outpatient claims;
- 5) The total number of qualifying inpatient discharges for all qualifying CAH(s);
- 6) The total number of qualifying outpatient claims;
- 7) Access payment amount per qualifying inpatient discharge;
- 8) Access payment amount per qualifying outpatient claims;
- 9) The amount of the total payment to that CAH.

- b. Within 20 calendar days of receipt of payment from the Department, the HMO must submit the report in Addendum IV, K to the Department.

3. Noncompliance

The Department shall have the right to audit any records of the HMO to determine if the HMO has complied with the requirements in this section K. If at any time the Department determines that the HMO has not complied with any requirement in this section K, the Department will issue an order to the HMO that it comply and the HMO shall comply within 15 calendar days after the Department's determination of noncompliance. If the HMO fails to comply after an order, the Department may terminate the contract as provided under Article XII.

Upon request, the HMO must submit a list of paid inpatient and outpatient claims to the Department and any other records the Department deems necessary to determine compliance.

If the HMO fails to send payment to the CAH within 15 calendar days of receiving CAH access payment from the Department, the HMO will pay a fine to the Department equal to three percent of the delayed payment.

4. Payment disputes

If the HMO or the CAH dispute the monthly amount that the HMO is required to pay the CAH, either party may request that the Department determine the amount of the payment if the request is filed within six months after the first day of the month in which the payment is due. The Department will determine the amount of the payment within 60 days after the request for a determination is made. The HMO or CAH may request a contested case hearing under Ch. 227 on the Department's determination.

5. Resolution of Reporting Errors

The HMO shall adjust prior CAH access payments that were based on an inaccurate counting of qualifying inpatient discharges or outpatient claims. If an error is discovered, the Bureau of Fiscal Management must be contacted in writing within 15 days of the discovery. Corrections will be adjusted on prospective basis. Errors shall be corrected in the next distribution of the monthly access payments the HMO receives from DHS.

Inpatient discharges and outpatient claims that were excluded in error shall be added into the calculation for the distribution of the next monthly access payments the HMO receives from DHS.

Discharges and claims that were included in error in previous payments shall be corrected in the next distribution of the monthly access payments the HMO receives from DHS. The number of discharges and claims paid in error will be subtracted from the number of discharges and claims eligible for payment in the current payment month. If there are insufficient numbers of discharges or claims in the current payment month to offset the error, the remaining uncorrected discharges or claims shall be carried forward and corrected in the next payment month.

9. Article VI, L – PPACA Primary Care Rate Increase

Add a new second paragraph that reads:

Additionally, HMO(s) are required to continue making provider payments on services which appear on the monthly PPACA Primary Care Report until December 31, 2016 or until the Department informs them in writing that the payments and reports will be discontinued as of a specific date.

10. Article VII, I – Provider and Facility Network Data Submission ([Art. VII, K](#))

Amend #1 to read:

1. The HMO that contracts with the Department to provide BadgerCare Plus and/or Medicaid SSI services must submit a detailed provider network and facility report, in the format designated by DHS, to the State’s FTP whenever the HMO experiences significant change with respect to network adequacy. A separate provider network and facility file must be submitted for both BadgerCare Plus and Medicaid SSI populations (Facility report includes any physical address in which HMO providers serve members, i.e. clinics and hospitals.)

11. Article VII, K – Contracted Specified Reports and Due Dates

Amend the “HMO Provider and Facility Network” row to read:

HMO Provider and Facility Network	Whenever there are significant changes	Next month	DHS	Electronic Media	Art. III, H Art. VII, I
-----------------------------------	--	------------	-----	------------------	----------------------------

Add a new “Health Insurance Tax” row that reads:

Health Insurance Tax	Semi-annually	Annual	BFM	Electronic Media	Art. XVIII, C.8
----------------------	---------------	--------	-----	------------------	--------------------

12. Addendum VI – Incentives

Amend to read:

The Department's Pay-for-Performance (P4P) program for HMOs in 2015 has the following components:

1. **Geographic coverage:** Across the State of Wisconsin, i.e., all six rate regions.
2. **Timeframe:** The 2015 Measurement Year (MY2015) will begin on January 1, 2015 and end on December 31, 2015.
3. **Benefit plans:** BadgerCare Plus Standard Plan (this includes Standard Plan members and Childless Adult population), and SSI Plan (covering SSI members), as described in the "MY2015 HMO P4P Guide" (the Guide). The Department will publish the first version of this Guide by mid-January 2015, and will update it during MY2015, as appropriate. The Department will share all updates electronically and in a timely manner with all HMOs.
4. **Withhold:** The Department will withhold 2.5 percent of each HMO's monthly capitation payments (including administrative payments) for the P4P program. HMOs will be able to earn this withhold back by meeting quality performance targets for a specific set of measures, as described in the HMO P4P Guide for MY2015. Depending on the relative performance of each HMO, highest-performing HMOs may be eligible for a bonus of up to 2.5 percent of their capitation payments in addition to earning back their withhold. Please see the Guide for details.
5. **Measures and targets:** The program will include a combination of HEDIS and other measures, as finalized by the Department and as described in the HMO P4P Guide for MY2015. Unless otherwise specified, performance targets for each measure will be of two types – Level and Degree of Improvement. Level targets are designed to recognize and give credit to HMOs with already high performance. Degree of Improvement targets are designed to recognize HMOs that are substantially below the Level targets but are making significant improvements in their performance. NCQA's Quality Compass results will be used to set the Level targets for HEDIS measures, and other Statewide results will be used for non-HEDIS measures. The Degree of Improvement targets will be set using the past performance of each HMO (i.e., baselines, when available), or state-wide averages. Further details of the methodology for setting targets are specified in the Guide.
6. **Data submission:** HMOs will be asked to submit their HEDIS data and results, after authentication by their HEDIS auditor and NCQA's IDSS, to the Department for the BadgerCare Plus and Medicaid SSI populations, by dates listed in the HMO P4P Guide for MY2015. The Department and its fiscal agent will calculate results for non-HEDIS measures.
7. **Performance measurement methodology:** Detailed methodology used to measure the performance of each HMO is described in the Guide.

13. Article XVIII, C.8 – Health Insurance Tax (HIT) Reimbursement

Amend to read:

8. Health Insurance Tax (HIT) Reimbursement

The Patient Protection and Affordable Care Act (PPACA) imposed an annual fee on health insurance providers based on their net written premiums (“Annual Fee”). As a result, the State will reimburse the Contractor for the Wisconsin-specific Medicaid amount of the Annual Fee and will add an adjustment for the non-deductibility of the Annual Fee for Federal and state tax purposes (the “gross-up”).

- a. Health Insurance Tax (HIT) Reimbursement Methodology Guide and WI HIT MA Calculation Template

The guide and template outlining the reporting requirements necessary to receive reimbursement can be found on the ForwardHealth Portal in the Managed Care Organization section. The website is below:

<https://www.forwardhealth.wi.gov/WIPortal/Home/Managed%20Care%20Login/tabid/38/Default.aspx>

- b. Reporting Timeframes

HMO(s) are required to submit the following reports to DHS each calendar year in order to receive reimbursement for HIT for the prior year. The schedule below outlines several key dates associated with HIT. Only the dates in bold require HMOs to submit reports to DHS:

<i>Date</i>	<i>Explanation</i>
April 1	HMOs submit the NAIC MA filing for the prior year with OCI
April 15	IRS Form 8963 is filed with the IRS
July 15	Corrections to the April 15 filing sent to the IRS
July 31	The NAIC Exhibits, WI HIT MA Calculation Template (based on 5066C), final IRS Form 8963 and the entire IRS Letter 5066C are sent to DHS
August 31	IRS will issue the tax bill to the HMOs
September 10	HMOs will send DHS the IRS Letter 5067C and complete WI HIT MA Calculation Template (based on 5067C) and Signed Attestation
September 25	The DHS will determine final reimbursement associated with the HIT
September 30	HMO tax payment is due to the IRS
December 31	By this date, the State will issue a retroactive capitation rate and contract amendment based on the reimbursement

The non-bolded dates are provided for reference only. HMOs are responsible to inform DHS within 5 days of the due date if an extension is necessary beyond the required dates.

Failure to submit any document, including the attestation form, that the Department finds necessary to calculate and verify the requested Medicaid reimbursement will forfeit the HMO’s right to reimbursement. If the HMO is not subject to the Annual Fee or waives its right to Medicaid reimbursement and fails to submit the attestation

form indicating this, this failure will be considered noncompliance with the Contract's Article VII reporting requirements.

Failure to submit all of the requested documents by the due dates may result in the reimbursement being delayed.

c. Retrospective Capitation Rate Amendment

The Department will provide reimbursement for the Annual Fee and gross-up to the HMOs by approximately September 30, of each calendar year.

As the means to report this reimbursement to the federal Centers for Medicare and Medicaid Services (CMS) the prior year's capitation rate be retrospectively adjusted to reflect the reimbursement. The Department will issue a retroactive capitation rate amendment for HMO signature incorporating the HMO specific HIT reimbursement by approximately December 31, of each calendar year. The rate will be based on the annual enrollment from the prior calendar year. The HIT capitation rate amendment will not be subject to retroactive enrollment adjustments as the HMO's reimbursement and member months will be fixed at the time of the amendment. This rate adjustment is solely for the purpose of reporting to CMS and will not result in additional payment to the HMO.

d. HMOs Participating in a Wisconsin Medicaid Program Other Than, Or In Addition To, BadgerCare Plus and SSI Wisconsin Medicaid Programs

HMOs participating in a Wisconsin Medicaid program impacted by the Annual Fee but not governed by this Contract, such as participating in a Medicaid long-term care program, should seek reimbursement from the contracting entity for that program.

HMOs in the BadgerCare Plus and SSI Medicaid program and in other Wisconsin Medicaid contracts must clearly separate the premiums associated with each contract in a separate exhibit as well as apply all appropriate deductions. Only the premiums associated with this Contract should appear in the template calculation.

e. Noncompliance

The Department shall have the right to audit any records of the HMO and to request any information to determine if the HMO has complied with the requirements in this section. If at any time the Department determines that the HMO has not complied with any requirement in this section, the Department will issue an order to the HMO to comply. The HMO shall comply within 15 calendar days after receipt of the order. If the HMO fails to comply after an order, the Department may pursue action against the HMO as provided under Article XI. Additionally, action may include forfeiture of the reimbursement.

f. Payment Disputes

The Department shall have the right to adjust the reimbursement outside the information provided by the HMO in the guide or template

The HMO may dispute the reimbursement amount by sending a letter to the Department no later than 30 days after receipt of payment. After 30 days, the HMO waives the right to dispute the reimbursement amount.

g. Resolution of Reporting Errors

If the HMO discovers a reporting error, the Department's Bureau of Fiscal Management in the Division of Health Care Access and Accountability must be contacted in writing within 15 days of the discovery.

Errors discovered after the retroactive capitation rate amendment is issued will be applied to the following year's reimbursement.

h. Termination of Contract

HMOs exiting the managed care program prior to the full contract period will have no right to Medicaid reimbursement of any Annual Fee or gross-up for the current calendar year.

HMOs will be responsible for using the most updated version of the guide posted to the website. Questions should be directed by email to:
DHSDHCAABFM@dhs.wisconsin.gov

14. Addendum IV, H – Summary Hospital Access Payment Report to Department of Health Services

Amend to read:

HMO Name	
Month, Year payment was received from the Department	
Month, Year from which hospital discharge and claims data is being reported (i.e. previous month)	
Date the last hospital access payment was sent	
* Grand Total Payment	

* Total payments made to all hospitals should be equal to the total amount the HMO received from the Department. The distribution of these funds by the HMO to hospitals shall be based on eligible discharges and claims in the prior month paid by the HMO to eligible hospitals.
