--------------	-----------------------	----------------	---------------------	---------------------

1. SFY 2025 hospital assessments are calculated based on total inpatient gross patient revenues data collected from FYE 2023 Medicare cost reports provided by the Wisconsin Hospital Association (WHA). The assessment calculation excludes non-hospital and outpatient gross patient revenues.
2. SFY 2025 hospital assessment rate for CAHs is based on the SFY 2025 assessment rate for the acute, long-term care, and rehabilitation hospitals, per Wisconsin statute 50.38. Note that the SFY 2025 assessment rate in this exhibit is displayed only to 4 decimals. The actual assessment rate is not rounded for the purposes of calculating the SFY 2025 assessment amounts. The approximate assessment rate is 0.58439212%.
3. The SFY 2025 hospital tax for each hospital is first calculated by quarter and rounded, then multiplied by four to calculate the annual assessment amount.
