

**Wisconsin Medicaid Program
Proposed Inpatient Hospital DRG Weights
Effective July 1, 2006 through June 30, 2007**

----- DRG Grouper Version 23 Is Used -----

For the year July 2006 to June 2007, Wisconsin Medicaid is using the Medicare DRG Grouper Version 23. This timing differs from Medicare which began using Version 23 October 1, 2005 and Version 24, October 1, 2006. As of October 2006, Wisconsin Medicaid has modified its DRG grouping under Version 23 to accept ICD-9-CM changes that Medicare implemented with Version 24. As a result, hospitals can code Wisconsin Medicaid claims with the same ICD-9-CM codes that are used on Medicare claims.

NOTE regarding cochlear implants grouped under DRG 49. Inpatient hospital stays for cochlear implants are paid at a 5.75 weighting factor if requested by the hospital. The hospital must specify in a written request to the Division of Health Care Financing that it wants payment at the 5.75 weight. For more information call (608) 266-9438.

NOTE: These DRG weights for July 1, 2006 are same as weights effective July 1, 2005 except weights have been added for new DRGs in version 23 of the grouper. These DRGs are at 544 through 559.
