State and Specialty Pharmacy Drug Reimbursement

The following table lists specialty pharmacy drug reimbursement rates.

ForwardHealth defines specialty drugs as drugs requiring comprehensive patient care services, clinical management, and product support services. Drugs that meet ForwardHealth's definition of specialty drugs will be reimbursed using the following rates. However, these rates do not apply to specialty drugs purchased through the federal 340B Drug Discount Program, which will be reimbursed according to the 340B ingredient cost reimbursement methodology.

If ForwardHealth uses State Maximum Allowable Cost (SMAC) reimbursement in the future, the SMAC reimbursement rates will be published in this table.
