Claims:Adjustment Requests

Topic #814

Allowed Claim

An allowed claim (or adjustment request) contains at least one service that is reimbursable. Allowed claims display on the Paid Claims Section of the RA (Remittance Advice) with a dollar amount greater than "0" in the allowed amount fields. Only an allowed claim, which is also referred to as a claim in an allowed status, may be adjusted.

Topic #815

Denied Claim

A claim that was completely denied is considered to be in a denied status. To receive reimbursement for a claim that was completely denied, it must be corrected and submitted as a new claim.

Topic #512

Electronic

837 Transaction

Even if the original claim was submitted on paper, providers may submit electronic adjustment requests using an 837 (837 Health Care Claim) transaction.

Provider Electronic Solutions Software

The Wisconsin DHS (Department of Health Services) offers electronic billing software at no cost to providers. The PES (Provider Electronic Solutions) software allows providers to submit electronic adjustment requests using an 837 transaction. To obtain PES software, providers may download it from the ForwardHealth Portal. For assistance installing and using PES software, providers may call the EDI (Electronic Data Interchange) Helpdesk.

Portal Claim Adjustments

Providers can submit claim adjustments via the Portal. Providers may use the search function to find the specific claim to adjust. Once the claim is found, the provider can alter it to reflect the desired change and resubmit it to ForwardHealth. Any claim ForwardHealth has paid within 365 days of the DOS (date of service) can be adjusted and resubmitted on the Portal, regardless of how the claim was originally submitted.

Claim adjustments with DOS beyond the 365-day submission deadline should *not* be submitted electronically. Providers who attempt to submit a claim adjustment electronically for DOS beyond 365 days will have the entire amount of the claim recouped.

Requests for adjustments to claims with DOS beyond the 365-day submission deadline may be submitted using the timely filing process (a paper process) if the claim adjustment meets one of the exceptions to the claim submission deadline.

Topic #513

Follow-Up

Providers who believe an error has occurred or their issues have not been satisfactorily resolved have the following options:

- Submit a new adjustment request if the previous adjustment request is in an allowed status
- Submit a new claim for the services if the adjustment request is in a denied status
- Contact Provider Services for assistance with paper adjustment requests
- Contact the EDI (Electronic Data Interchange) Helpdesk for assistance with electronic adjustment requests

Topic #515

Paper

Paper adjustment requests must be submitted using the Adjustment/Reconsideration Request (F-13046 (08/2015)) form.

Topic #816

Processing

Within 30 days of receipt, ForwardHealth generally reprocesses the original claim with the changes indicated on the adjustment request and responds on ForwardHealth remittance information.

Topic #514

Purpose

After reviewing both the claim and ForwardHealth remittance information, a provider may determine that an allowed claim needs to be adjusted. Providers may file adjustment requests for reasons including the following:

- To correct billing or processing errors
- To correct inappropriate payments (overpayments and underpayments)
- To add and delete services
- To supply additional information that may affect the amount of reimbursement
- To request professional consultant review (e.g., medical, dental)

Providers may initiate reconsideration of an allowed claim by submitting an adjustment request to ForwardHealth.

Topic #4857

Submitting Paper Attachments with Electronic Claim Adjustments

Providers may submit paper attachments to accompany electronic claim adjustments. Providers should refer to their companion guides for directions on indicating that a paper attachment will be submitted by mail.

Good Faith Claims

Topic #518

Definition of Good Faith Claims

A good faith claim may be submitted when a claim is denied due to a discrepancy between the member's enrollment information in the claims processing system and the member's actual enrollment. If a member presents a temporary identification card for BadgerCare Plus or Family Planning Only Services, the provider should check the member's enrollment via Wisconsin's EVS (Enrollment Verification System) and, if the enrollment is not on file yet, make a photocopy of the member's temporary identification card.

When a member presents a temporary ID card for EE (Express Enrollment) in BadgerCare Plus or Family Planning Only Services but the member's enrollment is not on file yet in the EVS, the provider should check enrollment again in two days or wait one week to submit a claim to ForwardHealth. If, after two days, the EVS indicates that the member still is not enrolled or the claim is denied with an enrollment-related EOB (Explanation of Benefits) code, the provider should contact Provider Services for assistance.

When a member who received a real-time eligibility determination presents a temporary ID card but the member's enrollment is not on file yet in the EVS, the provider should wait up to one week to submit a claim to ForwardHealth. If the claim is denied with an enrollment-related EOB code, the provider should contact Provider Services for assistance.

Overpayments

Topic #528

Adjustment Request vs. Cash Refund

Except for nursing home and hospital providers, cash refunds may be submitted to ForwardHealth in lieu of an adjustment request. However, whenever possible, providers should submit an adjustment request for returning overpayments since both of the following are true:

- A cash refund does not provide documentation for provider records as an adjustment request does. (Providers may be required to submit proof of the refund at a later time.)
- Providers are not able to further adjust the claim after a cash refund is done if an additional reason for adjustment is determined.

Topic #532

Adjustment Requests

When correcting an overpayment through an adjustment request, providers may submit the adjustment request electronically or on paper. Providers should not submit provider-based billing claims through adjustment processing channels.

ForwardHealth processes an adjustment request if the provider is all of the following:

- Medicaid-enrolled on the DOS (date of service).
- Not currently under investigation for Medicaid fraud or abuse.
- Not subject to any intermediate sanctions under Wis. Admin. Code DHS 106.08.
- Claiming and receiving ForwardHealth reimbursement in sufficient amounts to allow the recovery of the overpayment within a very limited period of time. The period of time is usually no more than 60 days.

Electronic Adjustment Requests

Wisconsin Medicaid will deduct the overpayment when the electronic adjustment request is processed. Providers should use the companion guide for the appropriate 837 (837 Health Care Claim) transaction when submitting adjustment requests.

Paper Adjustment Requests

For paper adjustment requests, providers are required to do the following:

- Submit an Adjustment/Reconsideration Request (F-13046 (08/2015)) form through normal processing channels (not timely filing), regardless of the DOS
- Indicate the reason for the overpayment, such as a duplicate reimbursement or an error in the quantity indicated on the claim

After the paper adjustment request is processed, Wisconsin Medicaid will deduct the overpayment from future reimbursement amounts.

Topic #533

Cash Refunds

When submitting a personal check to ForwardHealth for an overpayment, providers should include a copy of the RA (Remittance Advice) for the claim to be adjusted and highlight the affected claim on the RA. If a copy of the RA is not available, providers should indicate the ICN (internal control number), the NPI (National Provider Identifier) (if applicable), and the payee ID from the RA for the claim to be adjusted. The check should be sent to the following address:

ForwardHealth
Financial Services Cash Unit
313 Blettner Blvd
Madison WI 53784

Topic #531

ForwardHealth-Initiated Adjustments

ForwardHealth may initiate an adjustment when a retroactive rate increase occurs or when an improper or excess payment has been made. ForwardHealth has the right to pursue overpayments resulting from computer or clerical errors that occurred during claims processing.

If ForwardHealth initiates an adjustment to recover overpayments, ForwardHealth remittance information will include details of the adjustment in the Claims Adjusted Section of the paper RA (Remittance Advice).

Topic #530

Requirements

As stated in Wis. Admin. Code DHS 106.04(5), the provider is required to refund the overpayment within 30 days of the date of the overpayment if a provider receives overpayment for a claim because of duplicate reimbursement from ForwardHealth or other health insurance sources.

In the case of all other overpayments (e.g., incorrect claims processing, incorrect maximum allowable fee paid), providers are required to return the overpayment within 30 days of the date of discovery.

The return of overpayments may occur through one of the following methods:

- Return of overpayment through the adjustment request process
- Return of overpayment with a cash refund
- Return of overpayment with a voided claim
- ForwardHealth-initiated adjustments

Note: Nursing home and hospital providers may not return an overpayment with a cash refund. These providers routinely receive retroactive rate adjustments, requiring ForwardHealth to reprocess previously paid claims to reflect a new rate. This is not possible after a cash refund is done.

Topic #8417

Voiding Claims

Providers may void claims on the ForwardHealth Portal to return overpayments. This way of returning overpayments may be a more efficient and timely way for providers as a voided claim is a complete recoupment of the payment for the entire claim. Once a claim is voided, the claim can no longer be adjusted; however, the services indicated on the voided claim may be resubmitted on a new claim.

Responses

Topic #540

An Overview of the Remittance Advice

The RA (Remittance Advice) provides important information about the processing of claims and adjustment requests as well as additional financial transactions such as refunds or recoupment amounts withheld. ForwardHealth provides electronic RAs to providers on their secure ForwardHealth Portal accounts when at least one claim, adjustment request, or financial transaction is processed. RAs are generated from the appropriate ForwardHealth program when at least one claim, adjustment request, or financial transaction is processed. An RA is generated regardless of how a claim or adjustment is submitted (electronically or on paper). Generally, payment information is released and an RA is generated by ForwardHealth no sooner than the first state business day following the financial cycle.

Providers are required to access their secure ForwardHealth provider Portal account to obtain their RA.

RAs are accessible to providers in a TXT (text) format via the secure Provider area of the Portal. Providers are also able to download the RA from their secure provider Portal account in a CSV (comma-separated values) format.

Topic #5091

National Provider Identifier on the Remittance Advice

Health care providers who have a single NPI (National Provider Identifier) that is used for multiple enrollments will receive an RA for each enrollment with the same NPI reported on each of the RAs. For instance, if a hospital has obtained a single NPI and the hospital has a clinic, a lab, and a pharmacy that are all enrolled in Wisconsin Medicaid, the clinic, the lab, and the pharmacy will submit separate claims that indicate the same NPI as the hospital. Separate RAs will be generated for the hospital, the clinic, the lab, and the pharmacy.

Topic #4818

Calculating Totals on the Remittance Advice for Adjusted and Paid Claims

The total amounts for all adjusted or paid claims reported on the RA (Remittance Advice) appear at the end of the adjusted claims and paid claims sections. ForwardHealth calculates the total for each section by adding the net amounts for all claims listed in that section. Cutback amounts are subtracted from the allowed amount to reach the total reimbursement for the claims.

Note: Some cutbacks that are reported in detail lines will appear as EOB (Explanation of Benefits) codes and will not display an exact dollar amount.

Topic #534

Claim Number

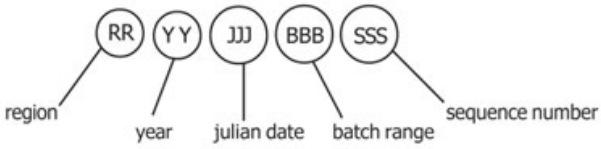
Each claim or adjustment request received by ForwardHealth is assigned a unique claim number (also known as the ICN (internal control number)). However, denied real-time compound and noncompound claims are not assigned an ICN, but receive an authorization number. Authorization numbers are not reported to the RA (Remittance Advice) or 835 (835 Health Care Claim Payment/Advice).

Interpreting Claim Numbers

The ICN consists of 13 digits that identify valuable information (e.g., the date the claim was received by ForwardHealth, how the claim was submitted) about the claim or adjustment request.

Interpreting Claim Numbers

Each claim and adjustment received by ForwardHealth is assigned a unique claim number (also known as the internal control number or ICN). This number identifies valuable information about the claim and adjustment request. The following diagram and table provide detailed information about interpreting the claim number.



Type of Number and Description	Applicable Numbers and Description
Region — Two digits indicate the region. The region indicates how ForwardHealth received the claim or adjustment request.	10 — Paper Claims with No Attachments 11 — Paper Claims with Attachments 20 — Electronic Claims with No Attachments 21 — Electronic Claims with Attachments 22 — Internet Claims with No Attachments 23 — Internet Claims with Attachments 25 — Point-of-Service Claims 26 — Point-of-Service Claims with Attachments 40 — Claims Converted from Former Processing System 45 — Adjustments Converted from Former Processing System 50–59 — Adjustments 67 — Cash Payment Applied 80 — Claim Resubmissions 90–91 — Claims Requiring Special Handling
Year — Two digits indicate the year ForwardHealth received the claim or adjustment request.	For example, the year 2008 would appear as 08.
Julian date — Three digits indicate the day of the year, by Julian date, that ForwardHealth received the claim or adjustment request.	For example, February 3 would appear as 034.
Batch range — Three digits indicate the batch range assigned to the claim.	The batch range is used internally by ForwardHealth.
Sequence number — Three digits indicate the sequence number assigned within the batch range.	The sequence number is used internally by ForwardHealth.

Topic #535

Claim Status

ForwardHealth generally processes claims and adjustment requests within 30 days of receipt. Providers may check the status of a claim or adjustment request using the AVR (Automated Voice Response) system or the 276/277 (276/277 Health Care Claim Status Request and Response) transaction.

If a claim or adjustment request does not appear in claim status within 45 days of the date of submission, a copy of the original claim or adjustment request should be resubmitted through normal processing channels.

Topic #22277

Claims Denial Adjustment/Review Request

Providers should take the following steps if they are uncertain about why particular services on a claim were denied:

- Review ForwardHealth remittance information for the specific reason for the denial.
- Review the claim submitted to ensure all information is accurate and complete.
- Consult recent CPT (Current Procedural Terminology) and HCPCS (Healthcare Common Procedure Coding System) publications to make sure proper coding instructions were followed.
- Consult recent ForwardHealth publications to make sure current policy and billing instructions were followed.
- Call Provider Services for further information or explanation.
- Review the ForwardHealth Adjustment/Reconsideration Request process and submit a request if appropriate.

If a provider disagrees with a claim determination, the provider may take one of two actions.

- If the claim is denied, the provider may resubmit the claim with supporting documentation to Provider Services Written Correspondence using the Written Correspondence (F-01170 (07/2012)) form with the "other (briefly explain the situation in question below)" box checked and the words "medical consultant review requested" written on the form.
- If the original claim is in an allowed status, the provider may submit an Adjustment/Reconsideration Request (F-13046 (08/2015)) form with supporting documentation and the "medical consultant review requested" box checked on the form to Provider Services Written Correspondence.

Topic #644

Information is available for DOS (dates of service) before February 12, 2022.

ClaimsXten Review

ForwardHealth monitors all professional claims for compliance with reimbursement policy using an automated procedure coding review software known as Change Healthcare ClaimsXten. ClaimsXten reviews claims submitted for billing inconsistencies and errors during claims processing. Medicaid programs in other states, insurance companies, and Medicare all use similar software.

EOB (Explanation of Benefits) codes specific to the ClaimsXten review appear in the TXT (text) RA (Remittance Advice) file and in the electronic 835 (835 Health Care Claim Payment/Advice) transactions.

ClaimsXten review does not change Medicaid or BadgerCare Plus policy on covered services but monitors compliance with policy more closely and reimburses providers appropriately.

ClaimsXten will be reviewed on a regular basis and changes will be made as needed based on industry best practices. In addition to adding new procedure codes, ClaimsXten may add or revise claim editing information based on an ongoing review of the software knowledge base. This ongoing process helps to ensure that the default clinical content used in ClaimsXten is clinically appropriate and within national standards.

Areas Monitored by ClaimsXten

ClaimsXten uses rules to monitor certain claim situations.

ClaimsXten rules adopted by ForwardHealth are subject to change or revision. This is not a comprehensive list of all claim edits, but rather examples of areas where edit rules will be implemented via ClaimsXten. Reference to more specific ForwardHealth coverage and reimbursement policy, where applicable, is indicated.

ForwardHealth uses ClaimsXten software to monitor the following situations:

- Unbundled and rebundled procedures
- Incidental/integral procedures
- Mutually exclusive procedures
- Medical visit billing errors
- Preoperative and postoperative billing errors
- Assistant surgeon billing errors

ClaimsXten will not review claims that have been denied for general billing errors, such as an invalid member identification number or an invalid

or missing provider number. Providers will need to correct the general billing error and resubmit the claim, at which point ClaimsXten will review the claim.

Unbundled and Rebundled Procedures

Unbundling occurs when two or more procedure codes are used to describe a procedure that may be better described by a single, more comprehensive procedure code. ClaimsXten considers the single, most appropriate procedure code for reimbursement when unbundling is detected.

If certain procedure codes are submitted, ClaimsXten rebundles them into the single most appropriate procedure code. For example, if a provider submits a claim with two or more procedure codes for the same type of wound with varying sizes, ClaimsXten rebundles them to a procedure code that would encompass the total size.

ClaimsXten will also total billed amounts for individual procedures. For example, if the provider bills three procedures at $20, $30, and $25, ClaimsXten rebundles them into a single procedure code, adds the three amounts, and calculates the billed amount for a new rebundled code at $75. Then, ForwardHealth reimburses the provider either the lesser of the billed amounts or the maximum allowable fee for that rebundled procedure code.

Incidental/Integral Procedures

Incidental procedures are those procedures performed at the same time as a more complex primary procedure. These require few additional provider resources and are generally not considered necessary to the performance of the primary procedure. For example, the removal of an asymptomatic appendix is considered an incidental procedure when done during hysterectomy surgery.

Integral procedures are those procedures performed as part of a more complex primary procedure. For example, when a member undergoes a transurethral incision of the prostate, the scope procedure is considered integral to the performance of the prostate procedure and would be denied as a separately billed item.

When a procedure is either incidental or integral to a major procedure, ClaimsXten considers only the primary procedure for reimbursement.

Mutually Exclusive Procedures

Mutually exclusive procedures are procedures that would not be performed on a single member on the same day or that use different codes to describe the same type of procedure.

An example of a mutually exclusive situation is when the repair of the organ can be performed by two different methods. One repair method must be chosen to repair the organ and must be reported. A second example is the reporting of an "initial" service and a "subsequent" service. It is contradictory for a service to be classified as both an initial and a subsequent service at the same time.

When two or more procedures are mutually exclusive, ForwardHealth considers for reimbursement the procedure code with the highest provider-billed amount and denies the other code.

Medical Visit Billing Errors

Medical visit billing errors occur if E&M (evaluation and management) services are reported separately when a substantial diagnostic or therapeutic procedure is performed. Under CMS (Centers for Medicare & Medicaid Services) guidelines, most E&M procedures are not allowed to be reported separately when a substantial diagnostic or therapeutic procedure is performed.

ClaimsXten monitors medical visits based on the type of E&M service (that is, initial or new patient; or follow-up or established patient services) and the complexity (that is, major or minor) of the accompanying procedure.

For example, if a provider submits a procedure code for a major surgical procedure as well as for the initial hospital care per day, ClaimsXten denies the initial hospital care procedure as a visit when submitted with the major procedure with the same date of service. The major procedure has a 90-day global surgical period and the postoperative visit is not separately reimbursable.

Preoperative and Postoperative Billing Errors

Preoperative and postoperative billing errors occur when E&M services are billed with surgical procedures during their preoperative and postoperative periods. ClaimsXten bases the preoperative and postoperative periods on designations in the CMS National Physician Fee Schedule.

For example, if a provider submits a procedure code for an office visit for E&M with a DOS of 11/02/21 and a related surgical procedure with a DOS of 11/03/21, ClaimsXten may deny the procedure code for the office visit as a preoperative visit.

Assistant Surgeon Billing Errors

ClaimsXten develops and maintains assistant surgeon values using the CMS Physician Fee Schedule as its primary source. Providers should refer to the Medicare Physician Fee Schedule for procedure codes where a surgery assistant may be paid. These codes are denoted with an indicator of "2" in the Assistant at Surgery column of the Medicare Physician Fee Schedule.

ForwardHealth's Assistant Surgeon Fee Schedule reflects procedure codes allowable with an assistant surgeon designation consistent with ClaimsXten.

For example, if a provider bills a procedure code for a surgery with a modifier representing an assistant surgeon, and ClaimsXten determines that the procedure does not require an assistant surgeon, the procedure-modifier combination will be denied.

Topic #4746

Cutback Fields on the Remittance Advice for Adjusted and Paid Claims

Cutback fields indicate amounts that reduce the allowed amount of the claim. Examples of cutbacks include other insurance, member copayment, spenddown amounts, deductibles, or patient liability amounts. Amounts indicated in a cutback field are subtracted from the total allowed reimbursement.

Providers should note that cutback amounts indicated in the header of an adjusted or paid claim section apply only to the header. Not all cutback fields that apply to a detail line (such as copayments or spenddowns) will be indicated on the RA (Remittance Advice); the detail line EOB (Explanation of Benefits) codes inform providers that an amount was deducted from the total reimbursement but may not indicate the exact amount.

Note: Providers who receive 835 (835 Health Care Claim Payment/Advice) transactions will be able to see all deducted amounts on paid and adjusted claims.

Topic #537

Electronic Remittance Information

Providers are required to access their secure ForwardHealth provider Portal account to obtain their RAs (Remittance Advices). Electronic RAs on the Portal are not available to the following providers because these providers are not allowed to establish Portal accounts by their Provider Agreements:

- In-state emergency providers
- Out-of-state providers
- Out-of-country providers

RAs are accessible to providers in a TXT (text) format or from a CSV (comma-separated values) file via the secure Provider area of the Portal.

Text File

The TXT format file is generated by financial payer and listed by RA number and RA date on the secure provider Portal account under the

"View Remittance Advices" menu. RAs from the last 121 days are available in the TXT format. When a user clicks on an RA, a pop-up window displays asking if the user would like to "Open" or "Save" the file. If "Open" is chosen, the document opens based on the user's application associated with opening text documents. If "Save" is chosen, the "Save As" window will open. The user can then browse to a location on their computer or network to save the document.

Users should be aware that "Word Wrap" must be turned off in the Notepad application. If it is not, it will cause distorted formatting. Also, users may need to resize the Notepad window in order to view all of the data. Providers wanting to print their files must ensure that the "Page Setup" application is set to the "Landscape" setting; otherwise the printed document will not contain all the information.

Comma-Separated Values Downloadable File

A CSV file is a file format accepted by a wide range of computer software programs. Downloadable CSV-formatted RAs allow users the benefits of building a customized RA specific to their use and saving the file to their computer. The CSV file on a provider's Portal appears as linear text separated by commas until it is downloaded into a compatible software program. Once downloaded, the file may be saved to a user's computer and the data manipulated, as desired.

To access the CSV file, providers should select the "View Remittance Advices" menu at the top of the provider's Portal home page.

The CSV files are generated per financial payer and listed by RA number and RA date. A separate CSV file is listed for the last 10 RAs. Providers can select specific sections of the RA by date to download making the information easy to read and organize.

The CSV file may be downloaded into a Microsoft Office Excel spreadsheet or into another compatible software program, such as Microsoft Office Access or OpenOffice. OpenOffice is a free software program obtainable from the internet. Google Docs and ZDNet also offer free spreadsheet applications. Microsoft Office Excel, a widely used program, is a spreadsheet application for Microsoft Windows and Mac OS. For maximum file capabilities when downloading the CSV file, the 1995 Office Excel for Windows (Version 7.0) included in Office 95 or a newer version is recommended. Earlier versions of Microsoft Office Excel will work with the CSV file; however, files exceeding 65,000 lines may need to be split into smaller files when downloading using earlier versions. Microsoft Office Access can manage larger data files.

Refer to the CSV User Guide on the User Guides page of the Portal for instructions about Microsoft Office Excel functions that can be used to manipulate RA data downloaded from the CSV file.

835

Electronic remittance information may be obtained using the 835 (835 Health Care Claim Payment/Advice) transaction. It provides useful information regarding the processing of claims and adjustment requests, which includes the status or action taken on a claim, claim detail, adjustment, or adjustment detail for all claims and adjustments processed that week, regardless of whether they are reimbursed or denied. However, a real-time compound or noncompound claim will not appear on remittance information if the claim is denied by ForwardHealth. ForwardHealth releases payment information to the 835 no sooner than on the first state business day following the financial cycle.

Provider Electronic Solutions Software

ForwardHealth offers electronic billing software at no cost to providers. The PES (Provider Electronic Solutions) software allows providers to submit electronic claims and claim reversals, and to download the 835 transaction. To obtain PES software, providers may download it from the ForwardHealth Portal. For assistance installing and using PES software, providers may call the EDI (Electronic Data Interchange) Helpdesk.

Topic #4822

Explanation of Benefit Codes in the Claim Header and in the Detail Lines

EOB (Explanation of Benefits) codes are four-digit numeric codes specific to ForwardHealth that correspond to a printed message about the status or action taken on a claim, claim detail, adjustment, or adjustment detail.

The claim processing sections of the RA (Remittance Advice) report EOBs for the claim header information and detail lines, as appropriate.

Header information is a summary of the information from the claim, such as the DOS (date of service) that the claim covers or the total amount paid for the claim. Detail lines report information from the claim details, such as specific procedure codes or revenue codes, the amount billed for each code, and the amount paid for a detail line item.

Header EOBs are listed below the claim header information and pertain only to the header information. Detail line EOBs are listed after each detail line and pertain only to the detail line.

TEXT File

EOB codes and descriptions are listed in the RA information in the TXT (text) file.

CSV File

EOB codes are listed in the RA information from the CSV (comma-separated values) file; however, the printed messages corresponding to the codes do not appear in the file. The EOB Code Listing matching standard EOB codes to explanation text is available on the Portal for reference.

Topic #13437

ForwardHealth-Initiated Claim Adjustments

There are times when ForwardHealth must initiate a claim adjustment to address claim issues that do not require provider action and do not affect reimbursement.

Claims that are subject to this type of ForwardHealth-initiated claim adjustment will have EOB (Explanation of Benefits) code 8234 noted on the RA (Remittance Advice).

The adjusted claim will be assigned a new claim number, known as an ICN (internal control number). The new ICN will begin with "58." If the provider adjusts this claim in the future, the new ICN will be required when resubmitting the claim.

Topic #4820

Identifying the Claims Reported on the Remittance Advice

The RA (Remittance Advice) reports the first 12 characters of the MRN (medical record number) and/or a PCN (patient control number), also referred to as Patient Account Number, submitted on the original claims. The MRN and PCN fields are located beneath the member's name on any section of the RA that reports claims processing information.

Providers are strongly encouraged to enter these numbers on claims. Entering the MRN and/or the PCN on claims may assist providers in identifying the claims reported on the RA.

Note: Claims processing sections for dental and drug claims do not include the MRN or the PCN.

Topic #11537

National Correct Coding Initiative

As part of the federal PPACA (Patient Protection and Affordable Care Act) of 2010, the federal CMS (Centers for Medicare and Medicaid Services) are required to promote correct coding and control improper coding leading to inappropriate payment of claims under Medicaid. The NCCI (National Correct Coding Initiative) is the CMS response to this requirement. The NCCI includes the creation and implementation of claims processing edits to ensure correct coding on claims submitted for Medicaid reimbursement.

ForwardHealth is required to implement the NCCI in order to monitor all professional claims and outpatient hospital claims submitted with CPT (Current Procedural Terminology) or HCPCS (Healthcare Common Procedure Coding System) procedure codes for Wisconsin Medicaid, BadgerCare Plus, WCDP (Wisconsin Chronic Disease Program), and Family Planning Only Services for compliance with the following NCCI

edits:

- MUE (Medically Unlikely Edits), or units-of-service detail edits
- Procedure-to-procedure detail edits

The NCCI editing will occur in addition to/along with current procedure code review and editing completed by Change Healthcare ClaimsXten and in ForwardHealth interChange.

Medically Unlikely Detail Edits

MUE, or units-of-service detail edits, define the maximum units of service that a provider would report under most circumstances for a single member on a single DOS (date of service) for each CPT or HCPCS procedure code. If a detail on a claim is denied for MUE, providers will receive an EOB (Explanation of Benefits) code on the RA (Remittance Advice) indicating that the detail was denied due to NCCI.

An example of an MUE would be if procedure code 11102 (tangential biopsy of skin [eg, shave, scoop, saucerize, curette]; single lesion) was billed by a provider on a professional claim with a quantity of two or more. This procedure is medically unlikely to occur more than once; therefore, if it is billed with units greater than one, the detail will be denied.

Procedure-to-Procedure Detail Edits

Procedure-to-procedure detail edits define pairs of CPT or HCPCS codes that should not be reported together on the same DOS for a variety of reasons. This edit applies across details on a single claim or across different claims. For example, an earlier claim that was paid may be denied and recouped if a more complete code is billed for the same DOS on a separate claim. If a detail on a claim is denied for procedure-to-procedure edit, providers will receive an EOB code on the RA indicating that the detail was denied due to NCCI.

An example of a procedure-to-procedure edit would be if procedure codes 11451 (excision of skin and subcutaneous tissue for hidradenitis, axillary; with complex repair) and 93000 (electrocardiogram, routine ECG with at least 12 leads; with interpretation and report) were billed on the same claim for the same DOS. Procedure code 11451 describes a more complex service than procedure code 93000, and therefore, the secondary procedure would be denied.

Quarterly Code List Updates

CMS will issue quarterly revisions to the table of codes subject to NCCI edits that ForwardHealth will adopt and implement. Refer to the CMS Medicaid website for downloadable code lists.

Claim Details Denied as a Result of National Correct Coding Initiative Edits

Providers should take the following steps if they are uncertain why particular services on a claim were denied:

- Review ForwardHealth remittance information for the EOB message related to the denial.
- Review the claim submitted to ensure all information is accurate and complete.
- Consult current CPT and HCPCS publications to make sure proper coding instructions were followed.
- Consult current ForwardHealth publications, including the Online Handbook, to make sure current policy and billing instructions were followed.
- Call Provider Services for further information or explanation.

If reimbursement for a claim or a detail on a claim is denied due to an MUE or procedure-to-procedure edit, providers may appeal the denial. Following are instructions for submitting an appeal:

- Complete the Adjustment/Reconsideration Request (F-13046 (08/2015)) form. In Element 16, select the "Consultant review requested" checkbox and the "Other/comments" checkbox. In the "Other/comments" text box, indicate "Reconsideration of an NCCI denial."
- Attach notes/supporting documentation.
- Submit a claim, Adjustment/Reconsideration Request, and additional notes/supporting documentation to ForwardHealth for processing.

Topic #539

Obtaining the Remittance Advice

Providers are required to access their secure ForwardHealth provider Portal account to obtain RAs (Remittance Advice). The secure Portal allows providers to conduct business and exchange electronic transactions with ForwardHealth. A separate Portal account is required for each financial payer.

Providers who do not have a ForwardHealth provider Portal account may request one.

RAs are accessible to providers in a TXT (text) format via the secure provider Portal account. The TXT format file is generated per financial payer and listed by RA number and RA date on the secure provider Portal account under "View Remittance Advices" menu at the top of the provider's Portal home page. RAs from the last 121 days are available in the TXT format.

Providers can also access RAs in a CSV (comma-separated values) format from their secure provider Portal account. The CSV files are generated per financial payer and listed by RA number and RA date on the secure provider Portal account under "View Remittance Advices" menu at the top of the provider's Portal home page. A separate CSV file is listed for the last 10 RAs.

Topic #4745

Overview of Claims Processing Information on the Remittance Advice

The claims processing sections of the RA (Remittance Advice) include information submitted on claims and the status of the claims. The claim status designations are paid, adjusted, or denied. The RA also supplies information about why the claim was adjusted or denied or how the reimbursement was calculated for the payment.

The claims processing information in the RA is grouped by the type of claim and the status of the claim. Providers receive claims processing sections that correspond to the types of claims that have been finalized during the current financial cycle.

The claims processing sections reflect the types of claims submitted, such as the following:

- Compound drug claims
- Dental claims
- Noncompound drug claims
- Inpatient claims
- Long term care claims
- Medicare crossover institutional claims
- Medicare crossover professional claims
- Outpatient claims
- Professional claims

The claims processing sections are divided into the following status designations:

- Adjusted claims
- Denied claims
- Paid claims

Claim Types	Provider Types
Dental claims	Dentists, dental hygienists, HealthCheck agencies that provide dental services
Inpatient claims	Inpatient hospital providers and institutes for mental disease providers
Long term care claims	Nursing homes
Medicare crossover institutional claims	Most providers who submit claims on the UB-04

Medicare crossover professional claims	Most providers who submit claims on the 1500 Health Insurance Claim Form ((02/12))
Noncompound and compound drug claims	Pharmacies and dispensing physicians
Outpatient claims	Outpatient hosptial providers and hospice providers
Professional claims	Ambulance providers, ambulatory surgery centers, anesthesiologist assistants, audiologists, case management providers, certified registered nurse anesthetists, chiropractors, community care organizations, community support programs, crisis intervention providers, day treatment providers, family planning clinics, federally qualified health centers, HealthCheck providers, HealthCheck "Other Services" providers, hearing instrument specialists, home health agencies, independent labs, individual medical supply providers, medical equipment vendors, mental health/substance abuse clinics, nurses in independent practice, nurse practitioners, occupational therapists, opticians, optometrists, personal care agencies, physicial therapists, physician assistants, physician clinics, physicians, podiatrists, portable X-ray providers, prenatal care coordination providers, psychologists, rehabilitation agencies, respiratory therapists, rural health clinics, school-based services providers, specialized medical vehicle providers, speech and hearing clinics, speech-language pathologists, therapy groups

Topic #4821

Prior Authorization Number on the Remittance Advice

The RA (Remittance Advice) reports PA (prior authorization) numbers used to process the claim. PA numbers appear in the detail lines of claims processing information.

Topic #4418

Reading Non-Claims Processing Sections of the Remittance Advice

Address Page

In the TXT (text) file, the Address page displays the provider name and "Pay to" address of the provider.

Banner Messages

The Banner Messages section of the RA (Remittance Advice) contains important, time-sensitive messages for providers. For example, banner messages might inform providers of claim adjustments initiated by ForwardHealth, claim submission deadlines, and dates of upcoming training sessions. It is possible for each RA to include different messages; therefore, providers who receive multiple RAs should read all of their banner messages.

Banner messages appear on the TXT file, but not on the CSV (comma-separated values) file. Banner messages are posted in the "View Remittance Advices" menu on the provider's secure Portal account.

Explanation of Benefits Code Descriptions

EOB (Explanation of Benefits) code descriptions are listed in the RA information in the TXT file.

EOB codes are listed in the RA information from the CSV file; however, the printed messages corresponding to the codes do not appear in the file.

Financial Transactions Page

The Financial Transactions section details the provider's weekly financial activity. Financial transactions reported on the RA include payouts, refunds, accounts receivable, and payments for claims.

Payouts are payments made to the provider by ForwardHealth that do not correspond to a specific claim (that is, nursing home assessment reimbursement).

Refunds are payments made to providers for overpayments.

The Accounts Receivable section displays the accounts receivable for amounts owed by providers. The accounts receivable is set to automatically recover any outstanding balance so that money owed is automatically recouped from the provider. If the full amount cannot be recouped during the current financial cycle, an outstanding balance will appear in the "Balance" column.

In the Accounts Receivable section, the "Amount Recouped In Current Cycle" column, when applicable, shows the recoupment amount for the financial cycle as a separate number from the "Recoupment Amount To Date." The "Recoupment Amount To Date" column shows the total amount recouped for each accounts receivable, **including** the amount recouped in the current cycle. The "Total Recoupment" **line** shows the sum of all recoupments to date in the "Recoupment Amount To Date" column and the sum of all recoupments for the current financial cycle in the "Amount Recouped In Current Cycle" column.

For decreasing claim adjustments listed on the RA, a separate accounts receivable will be established and will be listed in the Financial Transactions section. The accounts receivable will be established for the entire amount of the original paid claim. Providers will see net difference between the claim and the adjustment reflected on the RA.

Each new claim adjustment is assigned an identification number called the "Adjustment ICN (internal control number)." For other financial transactions, the adjustment ICN is determined by the following formula.

Type of Character and Description	Applicable Characters and Description
Transaction—The first character indicates the type of financial transaction that created the accounts receivable.	V—Capitation adjustment 1—OBRA Level 1 screening void request 2—OBRA Nurse Aide Training/Testing void request
Identifier—10 additional numbers are assigned to complete the Adjustment ICN.	The identifier is used internally by ForwardHealth.

Service Code Descriptions

The Service Code Descriptions section lists all the service codes (that is, procedure codes or revenue codes) reported on the RA with their corresponding descriptions.

Summary

The Summary section reviews the provider's claim activity and financial transactions with the payer (Medicaid, ADAP (Wisconsin AIDS Drug Assistance Program), WCDP (Wisconsin Chronic Disease Program), or WWWP (Wisconsin Well Woman Program)) for the current financial cycle, the month-to-date, and the year-to-date, if applicable.

Under the "Claims Data" heading, providers can review the total number of claims that have been paid, adjusted, or denied along with the total amount reimbursed for all paid and adjusted claims. Only WWWP providers will see amounts reported for "Claims in Process." Other providers will always see zeroes in these fields.

Under the "Earnings Data" heading, providers will see total reimbursement amounts for other financial transactions, such as reimbursement for OBRA (Omnibus Budget Reconciliation Act of 1987) Level 1 screening, reimbursement for OBRA Nurse Aid Training/Testing, and capitation payments.

Note: HMOs should note that capitation payments are only reported in the Summary section of the RA. HMOs receive supplemental reports of their financial transactions from ForwardHealth.

The "Earnings Data" portion also summarizes refunds and voids and reports the net payment for the current financial cycle, the month-to-date, and the year-to-date, if applicable.

Providers should note that the Summary section will include outstanding checks 90 days after issuance and/or payments made to lien holders, if applicable.

Topic #368

Reading the Claim Adjustments Section of the Remittance Advice

Providers receive a Claim Adjustments section in the RA (Remittance Advice) if any of their claims were adjusted during the current financial cycle. A claim may be adjusted because one of the following occurred:

- An adjustment request was submitted by the provider.
- ForwardHealth initiated an adjustment.
- A cash refund was submitted to ForwardHealth.

To adjust a claim, ForwardHealth recoups the **difference** — or pays the **difference** — between the original claim amount and the claim adjustment amount. This difference will be reflected on the RA.

In the Claim Adjustments section, the original claim information in the claim header is surrounded by parentheses. Information about the claim adjustment appears directly below the original claim header information. Providers should check the Adjustment EOB (Explanation of Benefits) code(s) for a summary of why the claim was adjusted; other header EOBs will provide additional information.

The Claim Adjustments section only lists detail lines for a claim adjustment if that claim adjustment has detail line EOBs. This section does not list detail lines for the original paid claim.

Note: For adjusted compound and noncompound claims, only the compound drug sections include detail lines.

Below the claim header and the detail information will be located one of three possible responses with a corresponding dollar amount: "Additional Payment," "Overpayment To Be Withheld," or "Refund Amount Applied." The response indicated depends on the difference between the original claim amount and the claim adjustment amount.

If the difference is a positive dollar amount, indicating that ForwardHealth owes additional monies to the provider, then the amount appears in the "Additional Payment" line.

If the difference is a negative dollar amount, indicating that the provider owes ForwardHealth additional monies, then the amount appears in the "Overpayment To Be Withheld" line. ForwardHealth automatically withholds this amount from payments made to the provider during the same financial cycle or during subsequent financial cycles, if necessary. This amount also appears in the Financial Transactions section as an outstanding balance under "Accounts Receivable."

An amount appears for "Refund Amount Applied" if ForwardHealth makes a payment to refund a cash receipt to a provider.

Topic #4824

Reading the Claims Denied Section of the Remittance Advice

Providers receive a Claims Denied section in the RA (Remittance Advice) if any of their claims were denied during the current financial cycle.

In the denied claims section, providers will see the original claim header information reported along with EOB (Explanation of Benefits) codes for the claim header and the detail lines, as applicable. Providers should refer to the EOB Code Description section of the RA to determine

why the claim was denied.

Topic #4825

Reading the Claims Paid Section of the Remittance Advice

Providers receive a Claims Paid section in the RA (Remittance Advice) if any of their claims were determined payable during the current financial cycle.

In a paid claims section, providers will see the original claim information reported along with EOB (Explanation of Benefits) codes for both the header and the detail lines, if applicable. Providers should refer to the EOB Code Description section of the RA for more information about how the reimbursement amount was determined. The Incentives column is calculated in accordance with the 835 (835 Health Care Claim Payment/Advice) standards to balance between the service line, the claim, and the transaction.

Topic #4828

Remittance Advice Financial Cycles

Each financial payer (Medicaid, ADAP (Wisconsin AIDS Drug Assistance Program), WCDP (Wisconsin Chronic Disease Program), and WWWP (Wisconsin Well Woman Program)) has separate financial cycles that occur on different days of the week. RAs (Remittance Advices) are generated and posted to secure provider Portal accounts after each financial cycle is completed. Therefore, RAs may be generated and posted to secure provider ForwardHealth Portal accounts from different payers on different days of the week.

Certain financial transactions may run on a daily basis, including non-claim related payouts and stop payment reissues. Providers may have access to the RAs generated and posted to secure provider Portal accounts for these financial transactions at any time during the week.

Topic #4827

Remittance Advice Generated by Payer and by Provider Enrollment

RAs (Remittance Advices) are generated and posted to secure provider Portal accounts from one or more of the following ForwardHealth financial payers:

- Wisconsin Medicaid (Wisconsin Medicaid is the financial payer for the Medicaid, BadgerCare Plus, and SeniorCare programs)
- ADAP (Wisconsin AIDS Drug Assistance Program)
- WCDP (Wisconsin Chronic Disease Program)
- WWWP (Wisconsin Well Woman Program)

A separate Portal account is required for each financial payer.

Note: Each of the four payers generate separate RAs for the claims, adjustment requests, or other financial transactions submitted to the payer. A provider who submits claims, adjustment requests, or other financial transactions to more than one of these payers may receive several RAs.

The RA is generated per provider enrollment. Providers who have a single NPI (National Provider Identifier) that is used for multiple enrollments should be aware that an RA will be generated for each enrollment, but the same NPI will be reported on each of the RAs.

For instance, a hospital has obtained a single NPI. The hospital has a clinic, a lab, and a pharmacy that are all enrolled with ForwardHealth.

The clinic, the lab, and the pharmacy submit separate claims that indicate the same NPI as the hospital. Separate RAs will be generated for the hospital, the clinic, the lab, and the pharmacy.

Topic #6237

Reporting a Lost Check

To report a lost check to ForwardHealth, providers are required to mail or fax a letter to ForwardHealth Financial Services. Providers are required to include the following information in the letter:

- Provider's name and address, including the ZIP+4 code
- Provider's identification number
  - For healthcare providers, include the NPI (National Provider Identifier) and taxonomy code.
  - For non-healthcare providers, include the provider identification number.
- Check number, check date, and check amount (This should be recorded on the RA (Remittance Advice).)
- A written request to stop payment and reissue the check
- The signature of an authorized financial representative (An individual provider is considered his or her own authorized financial representative.)

Fax the letter to ForwardHealth at 608-221-4567 or mail it to the following address:

ForwardHealth
Financial Services
313 Blettner Blvd
Madison WI 53784

Topic #5018

Searching for and Viewing All Claims on the Portal

All claims, including compound, noncompound, and dental claims, are available for viewing on the ForwardHealth Portal.

To search and view claims on the Portal, providers may do the following:

- Go to the Portal.
- Log in to the secure Provider area of the Portal.
- The most recent claims processed by ForwardHealth will be viewable on the provider's home page or the provider may select "claim search" and enter the applicable information to search for additional claims.
- Select the claim the provider wants to view.

Topic #4829

Sections of the Remittance Advice

The RA (Remittance Advice) information in the TXT (text) file includes the following sections:

- Address page
- Banner messages
- Paper check information, if applicable
- Claims processing information
- EOB (Explanation of Benefits) code descriptions
- Financial transactions
- Service code descriptions
- Summary
- Claim sequence numbers

The RA information in the CSV (comma-separated values) file includes the following sections:

- Payment
- Payment hold
- Service codes and descriptions
- Financial transactions
- Summary
- Inpatient claims
- Outpatient claims
- Professional claims
- Medicare crossovers — Professional
- Medicare crossovers — Institutional
- Compound drug claims
- Noncompound drug claims
- Dental claims
- Long term care claims
- Financial transactions
- Summary
- Claim sequence numbers

Providers can select specific sections of the RA in the CSV file within each RA date to be downloaded making the information easy to read and to organize.

Remittance Advice Header Information

The first page of each section of the RA (except the address page of the TXT file) displays the same RA header information.

The following fields are on the left-hand side of the header:

- The technical name of the RA section (for example, CRA-TRAN-R), which is an internal ForwardHealth designation
- The RA number, which is a unique number assigned to each RA that is generated
- The name of the payer (Medicaid, ADAP (Wisconsin AIDS Drug Assistance Program), WCDP (Wisconsin Chronic Disease Program), or WWWP (Wisconsin Well Woman Program))
- The "Pay to" address of the provider. The "Pay to" address is used for mailing purposes.

The following information is in the middle of the header:

- A description of the financial cycle
- The name of the RA section (for example, "Financial Transactions" or "Professional Services Claims Paid")

The right-hand side of the header reports the following information:

- The date of the financial cycle and date the RA was generated
- The page number
- The "Payee ID" of the provider. A payee ID is defined as the identification number of a unique entity receiving payment for goods and/or services from ForwardHealth. The payee ID is up to 15 characters long and may be based on a pre-existing identification number, such as the Medicaid provider number. The payee ID is an internal ForwardHealth designation. The Medicaid provider number will display in this field for providers who do not have an NPI (National Provider Identifier).
- The NPI of the provider, if applicable. This field will be blank for those providers who do not have an NPI.
- The number of the check issued for the RA, if applicable
- The date of payment on the check, if applicable

Topic #544

Verifying Accuracy of Claims Processing

After obtaining ForwardHealth remittance information, providers should compare it to the claims or adjustment requests to verify that ForwardHealth processed elements of the claims or adjustment requests as submitted. To ensure correct reimbursement, providers should do the following:

- Identify and correct any discrepancy that affected the way a claim processed.
- Correct and resubmit claims that are denied.
- Submit an adjustment request for allowed claims that require a change or correction.

When posting a payment or denial to a member's account, providers should note the date on the ForwardHealth remittance information that indicates that the claim or adjustment has finalized. Providers are required to supply this information if further follow-up actions are necessary.

Responsibilities

Topic #516

Accuracy of Claims

The provider is responsible for the accuracy, truthfulness, and completeness of all claims submitted whether prepared or submitted by the provider or by an outside billing service or clearinghouse.

Providers may submit claims only **after** the service is provided.

A provider may not seek reimbursement from ForwardHealth for a noncovered service by charging ForwardHealth for a covered service that was not actually provided to the member and then applying the reimbursement toward the noncovered service. In addition, a provider may not seek reimbursement for two separate covered services to receive additional reimbursement over the maximum allowed amount for the one service that was provided. Such actions are considered fraudulent.

Topic #22798

Payment Integrity Review Program

The PIR (Payment Integrity Review) program:

- Allows the OIG (Office of the Inspector General) to review claims prior to payment.
- Requires providers to submit all required documentation to support approval and payment of PIR-selected claims.

The goal of the PIR program is to further safeguard the integrity of Wisconsin DHS (Department of Health Services)-administered public assistance programs, such as BadgerCare Plus and Wisconsin Medicaid, from fraud, waste, and abuse by:

- Proactively reviewing claims prior to payment to ensure federal and state requirements are met.
- Providing enhanced, compliance-based technical assistance to meet the specific needs of providers.
- Increasing the monitoring of benefit and service areas that are at high risk for fraud, waste, and abuse.

Fraud, waste, and abuse includes the potential overutilization of services or other practices that directly or indirectly result in unnecessary program costs, such as:

- Billing for items or services that were not rendered.
- Incorrect or excessive billing of CPT (Current Procedural Terminology) or HCPCS (Healthcare Common Procedure Coding System) procedure codes.
- Unit errors, duplicate charges, and redundant charges.
- Billing for services outside of the provider specialty.
- Insufficient documentation in the medical record to support the charges billed.
- Lack of medical necessity or noncovered services.

Note: Review of claims in the PIR process does not preclude claims from future post-payment audits or review.

Payment Integrity Review Program Overview

When a provider submits a claim electronically via the ForwardHealth Portal, the system will display a message if the claim is subject to PIR. The message will instruct providers to submit supporting documentation with the claim. Providers have seven days to attach documentation to claims. The claim will automatically be denied if documentation is not attached within seven days.

Claims that meet PIR requirements may be eligible for payment once they are accurate and complete. Claims that do not meet PIR requirements may be denied or repriced. In these cases, providers are encouraged to:

- Review the EOB (Explanation of Benefits) for billing errors.
- Refer to the Online Handbook for claims documentation and program policy requirements.
- Correct the PIR billing errors and resubmit the claim.

Types of Payment Integrity Review

There are three types of review in the PIR program:

- Claims Review
- Pre-Payment Review
- Intermediate Sanctions

For each type of review, providers must submit supporting documentation that substantiates the CPT and/or HCPCS procedure codes on the claim.

	Claims Review	Pre-Payment Review	Intermediate Sanction
How claims are selected for review	A sampling of claims is selected from providers, provider types, benefit areas, or service codes identified by the OIG.	The OIG has reasonable suspicion that a provider is violating program rules.	The OIG has established cause that a provider is violating program rules.
How providers are notified that selected claims are under review	The provider receives a message on the Portal.	The provider receives a Provider Notification letter and message on the Portal.	The provider receives a Notice of Intermediate Sanction letter and message on the Portal.
How to successfully exit the review	Claims are selected for review based on a pre-determined percentage of claim submissions of specific criteria. All providers who bill the service codes that are part of this criteria are subject to review, regardless of their compliance rates.	Seventy-five percent of a provider's reviewed claims over a three-month period must be paid as submitted. The number of claims submitted during the three-month period may not drop more than 10 percent of the provider's volume of submitted claims prior to pre-payment review.	The provider must meet parameters set during the sanction process.

Claims Review

In accordance with Wis. Admin. Code § DHS 107.02(2), the OIG may identify providers, provider types, benefit areas, or procedure codes, and based on those criteria, choose a sampling of claims to review prior to payment. When a claim submitted through the Portal that meets one of these criteria is selected for review, a message will appear on the Portal to notify the provider that the claim must be submitted with all necessary supporting documentation within seven calendar days. The claim will automatically be denied if documentation is not attached within seven days.

Pre-Payment Review

In accordance with Wis. Admin Code § DHS 106.11, if the OIG has cause to suspect that a provider is prescribing or providing services that are not necessary for members, are in excess of the medical needs of members, or do not conform to applicable professional practice standards, the provider's claims may be subject to review prior to payment. Providers who are subject to this type of review will receive a Pre-Payment Review Initial Notice letter, explaining that the OIG has identified billing practice or program integrity concerns in the provider's claims that warrant the review. This notice details the steps the provider must follow to substantiate their claims and the length of time their claims will be subject to review. Additionally, a message will appear on the Portal when the provider submits claims to notify the provider that certain claims must be submitted with all necessary supporting documentation within seven calendar days. The claim will automatically be denied if documentation is not attached within seven days.

For a provider to be considered for removal from pre-payment review, both of the following conditions must be met:

- Seventy-five percent of the provider's reviewed claims over a three-month period are approved to be paid.
- The number of claims the provider submits during that three-month period may not drop more than 10 percent from their submitted claim amount prior to pre-payment review.

The OIG reserves the right to adjust these thresholds according to the facts of the case.

Intermediate Sanction Review

In accordance with Wis. Admin. Code § DHS 106.08(3)(d), if the OIG has established cause that a provider is violating program rules, the OIG may impose an intermediate sanction that requires the provider's claims to be reviewed prior to payment. Providers who are subject to this type of review will be sent an official Intermediate Sanction Notice letter from the OIG that details the program integrity concerns that warrant the sanction, the length of time the sanction will apply, and the provider's right to appeal the sanction. The provider also will receive a message on the Portal when submitting claims that indicates certain claims must be submitted with the necessary supporting documentation within seven calendar days. The claim will automatically be denied if documentation is not attached within seven days.

For a provider to be considered for removal from an intermediate sanction, the provider must meet the parameters set during the sanction process.

Topic #547

Submission Deadline

ForwardHealth recommends that providers submit claims at least on a monthly basis. Billing on a monthly basis allows the maximum time available for filing and refiling before the mandatory submission deadline.

With few exceptions, state and federal laws require that providers submit correctly completed claims before the submission deadline.

Providers are responsible for resolving claims. Members are not responsible for resolving claims. To resolve claims before the submission deadline, ForwardHealth encourages providers to use all available resources.

Claims

To receive reimbursement, claims and adjustment requests must be received within 365 days of the DOS (date of service). This deadline applies to claims, corrected claims, and adjustments to claims.

Crossover Claims

To receive reimbursement for services that are allowed by Medicare, claims and adjustment requests for coinsurance, copayment, and deductible must be received within 365 days of the DOS or within 90 days of the Medicare processing date, whichever is later. This deadline applies to all claims, corrected claims, and adjustments to claims. Providers should submit these claims through normal processing channels (not timely filing).

Exceptions to the Submission Deadline

State and federal laws provide eight exceptions to the submission deadline. According to federal regulations and Wis. Admin. Code DHS 106.03, ForwardHealth may consider exceptions to the submission deadline only in the following circumstances:

- Change in a nursing home resident's LOC (level of care) or liability amount
- Decision made by a court order, fair hearing, or the Wisconsin DHS (Department of Health Services)
- Denial due to discrepancy between the member's enrollment information in ForwardHealth interChange and the member's actual enrollment
- Reconsideration or recoupment
- Retroactive enrollment for persons on GR (General Relief)

- Medicare denial occurs after ForwardHealth's submission deadline
- Refund request from an other health insurance source
- Retroactive member enrollment

ForwardHealth has no authority to approve any other exceptions to the submission deadline.

Claims or adjustment requests that meet one of the exceptions to the submission deadline may be submitted to Timely Filing.

Topic #517

Usual and Customary Charges

For most services, providers are required to indicate their usual and customary charge when submitting claims. The usual and customary charge is the provider's charge for providing the same service to persons not entitled to the program's benefits. For providers who have not established usual and customary charges, the charge should be reasonably related to the provider's cost for providing the service.

Providers may not discriminate against BadgerCare Plus or Medicaid members by charging a higher fee for the same service than that charged to a private-pay patient.

For services requiring a member copayment, providers should still indicate their usual and customary charge. The copayment amount collected from the member should not be deducted from the charge submitted. When applicable, ForwardHealth automatically deducts the copayment amount.

For most services, ForwardHealth reimburses the lesser of the provider's usual and customary charge, plus a professional dispensing fee, if applicable, or the maximum allowable fee established.

Submission

Topic #17797

1500 Health Insurance Claim Form Completion Instructions

These instructions are for the completion of the 1500 Health Insurance Claim Form ((02/12)) for ForwardHealth. Refer to the 1500 Health Insurance Claim Form Reference Instruction Manual for Form Version 02/12, prepared by the NUCC (National Uniform Claim Committee) and available on their website, to view instructions for all item numbers not listed below.

Use the following claim form completion instructions, in conjunction with the 1500 Health Insurance Claim Form Reference Instruction Manual for Form Version 02/12, prepared by the NUCC, to avoid denial or inaccurate claim payment. Be advised that every code used is required to be a valid code, even if it is entered in a non-required field. Do not include attachments unless instructed to do so.

Members enrolled in BadgerCare Plus or Medicaid receive a ForwardHealth member identification card. Always verify a member's enrollment before providing nonemergency services to determine if there are any limitations to covered services and to obtain the correct spelling of the member's name.

When submitting a claim with multiple pages, providers are required to indicate page numbers using the format "Page X of X" in the upper right corner of the claim form.

Other health insurance (for example, commercial health insurance, Medicare, Medicare Advantage Plans) sources must be billed prior to submitting claims to ForwardHealth, unless the service does not require commercial health insurance billing as determined by ForwardHealth. When submitting paper claims, if the member has any other health insurance sources, providers are required to complete and submit an Explanation of Medical Benefits form, along with the completed paper claim.

Submit completed paper claims and the completed Explanation of Medical Benefits form, as applicable, to the following address:

ForwardHealth
Claims and Adjustments
313 Blettner Blvd
Madison WI 53784

Item Number 6 — Patient Relationship to Insured
Enter "X" in the "Self" box to indicate the member's relationship to insured when Item Number 4 is completed. Only one box can be marked.

Item Number 9 — Other Insured's Name (not required)
This field is not required on the claim.

Note: When submitting paper claims to ForwardHealth, if the member has any other health insurance sources (for example, commercial health insurance, Medicare, Medicare Advantage Plans), providers are required to complete and submit a separate Explanation of Medical Benefits form for each other payer as an attachment(s) to their completed paper claim.

Item Number 9a — Other Insured's Policy or Group Number (not required)
This field is not required on the claim.

Note: When submitting paper claims to ForwardHealth, if the member has any other health insurance sources (for example, commercial health insurance, Medicare, Medicare Advantage Plans), providers are required to complete and submit a separate Explanation of Medical Benefits form for each other payer as an attachment(s) to their completed paper claim.

Item Number 9d — Insurance Plan Name or Program Name (not required)
This field is not required on the claim.

Note: When submitting paper claims to ForwardHealth, if the member has any other health insurance sources (for example, commercial health insurance, Medicare, Medicare Advantage Plans), providers are required to complete and submit a separate Explanation of Medical Benefits

form for each other payer as an attachment(s) to their completed paper claim.

Item Number 10d — Claim Codes (Designated by NUCC)
When applicable, enter the Condition Code. The Condition Codes approved for use on the 1500 Health Insurance Claim Form are available on the NUCC website under Code Sets.

Item Number 11 — Insured's Policy Group or FECA Number (not required)
This field is not required on the claim.

Note: When submitting paper claims to ForwardHealth, if the member has any other health insurance sources (for example, commercial health insurance, Medicare, Medicare Advantage Plans), providers are required to complete and submit a separate Explanation of Medical Benefits form for each other payer as an attachment(s) to their completed paper claim.

Item Number 11d — Is There Another Health Benefit Plan?
This field is not used for processing by ForwardHealth.

Item Number 19 — Additional Claim Information (Designated by NUCC)
When applicable, enter provider identifiers or taxonomy codes. A list of applicable qualifiers are defined by the NUCC and can be found in the NUCC 1500 Health Insurance Claim Form Reference Instruction Manual for Form Version 02/12, prepared by the NUCC.

If a provider bills an unlisted (or not otherwise classified) procedure code, a description of the procedure must be indicated in this field. If a more specific code is not available, the provider is required to submit the appropriate documentation, which could include a PA (prior authorization) request, to justify use of the unlisted procedure code and to describe the procedure or service rendered.

Item Number 22 — Resubmission Code and/or Original Reference Number
This field is not used for processing by ForwardHealth.

Section 24
The six service lines in section 24 have been divided horizontally. Enter service information in the bottom, unshaded area of the six service lines. The horizontal division of each service line is not intended to allow the billing of 12 lines of service.

For physician-administered drugs: NDCs (National Drug Codes) must be indicated in the shaded area of Item Numbers 24A-24G. Each NDC must be accompanied by an NDC qualifier, unit qualifier, and units. To indicate an NDC, providers should do the following:

- Indicate the NDC qualifier N4, followed by the 11-digit NDC, with no space in between.
- Indicate one space between the NDC and the unit qualifier.
- Indicate one unit qualifier (F2 [International unit], GR [Gram], ME [Milligram], ML [Milliliter], or UN [Unit]), followed by the NDC units, with no space in between.

For additional information about submitting a 1500 Health Insurance Claim Form with supplemental NDC information, refer to the completion instructions located under "Section 24" in the Field Specific Instructions section of the NUCC's 1500 Health Insurance Claim Form Reference Instruction Manual for Form Version 02/12.

Item Number 24C — EMG
Enter a "Y" in the unshaded area for each procedure performed as an emergency. If the procedure was not an emergency, leave this field blank.

Item Number 29 — Amount Paid (not required)
This field is not required on the claim.

Note: When submitting paper claims to ForwardHealth, if the member has any other health insurance sources (for example, commercial health insurance, Medicare, Medicare Advantage Plans), providers are required to complete and submit a separate Explanation of Medical Benefits form for each other payer as an attachment(s) to their completed paper claim.

Topic #542

Attached Documentation

Providers should not submit additional documentation with a claim **unless** specifically requested.

Topic #19637

Claim Submission for Behavioral Treatment Services

Only licensed supervisors can submit and be reimbursed for claims submitted to ForwardHealth for behavioral treatment services, including group behavioral treatment.

When submitting claims for behavioral treatment services, providers are required to indicate the licensed supervisor overseeing the member's POC (plan of care) as the billing provider and indicate the licensed supervisor, treatment therapist, or treatment technician who rendered the service to the member as the rendering provider. Each detail line on the claim requires a rendering provider number. Licensed supervisors other than the one indicated on the member's POC may temporarily render services for the member to accommodate a leave of absence (for example, due to illness), but the original licensed supervisor should still be indicated as the billing provider.

Topic #15737

Claims for Services Prescribed, Referred, or Ordered

Claims for services that are prescribed, referred, or ordered must include the NPI (National Provider Identifier) of the Medicaid-enrolled provider who prescribed, referred, or ordered the service. Claims that do not include the NPI of a Medicaid-enrolled provider will be denied. (However, providers should **not** include the NPI of a provider who prescribes, refers, or orders services on claims for services that are not prescribed, referred, or ordered, as those claims will also deny if the provider is not Medicaid-enrolled.)

Note: Claims submitted for ESRD (end-stage renal disease) services do not require **referring** provider information; however, **prescribing** and **ordering** provider information will still be required on claims.

Contacting Prescribing/Referring/Ordering Provider After a Claim Denial

If a claim for services prescribed, referred, or ordered is denied because the prescribing/referring/ordering provider was not Medicaid-enrolled, the rendering provider should contact the prescribing/referring/ordering provider and do the following:

- Communicate that the prescribing/referring/ordering provider is required to be Medicaid-enrolled.
- Inform the prescribing/referring/ordering provider of the limited enrollment available for prescribing/referring/ordering providers.
- Resubmit the claim once the prescribing/referring/ordering provider has enrolled in Wisconsin Medicaid.

Exception for Services Prescribed, Referred, or Ordered Prior to a Member's Medicaid Enrollment

Providers may submit claims for services prescribed, referred, or ordered by a non-Medicaid-enrolled provider if the member was not yet enrolled in Wisconsin Medicaid at the time the prescription, referral, or order was written (and the member has since enrolled in Wisconsin Medicaid). However, once the prescription, referral, or order expires, the prescribing/referring/ordering provider is required to enroll in Wisconsin Medicaid if they continue to prescribe, refer, or order services for the member.

The procedures for submitting claims for this exception depend on the type of claim submitted:

- Institutional, professional, and dental claims for this exception must be sent to the following address:

  ForwardHealth
  P.R.O. Exception Requests
  Ste 50
  313 Blettner Blvd
  Madison WI 53784

  A copy of the prescription, referral, or order must be included with the claim.

- Pharmacy and compound claims for this exception do **not** require any special handling. These claims include a prescription date, so they can be processed to bypass the prescriber Medicaid enrollment requirement in situations where the provider prescribed services before the member was Medicaid-enrolled.

Topic #6957

Copy Claims on the ForwardHealth Portal

Providers can copy institutional, professional, and dental paid claims on the ForwardHealth Portal. Providers can open any paid claim, click the "Copy" button, and all of the information on the claim will be copied over to a new claim form. Providers can then make any desired changes to the claim form and click "Submit" to submit as a new claim. After submission, ForwardHealth will issue a response with a new ICN (internal control number) along with the claim status.

Topic #5017

Correct Errors on Claims and Resubmit to ForwardHealth on the Portal

Providers can view EOB (Explanation of Benefits) codes and descriptions for any claim submitted to ForwardHealth on the ForwardHealth Portal. The EOBs help providers determine why a claim did not process successfully, so providers may correct the error online and resubmit the claim. The EOB appears on the bottom of the screen and references the applicable claim header or detail.

Topic #4997

Direct Data Entry of Professional and Institutional Claims on the Portal

Providers can submit the following claims to ForwardHealth via DDE (Direct Data Entry) on the ForwardHealth Portal:

- Professional claims
- Institutional claims
- Dental claims
- Compound drug claims
- Noncompound drug claims

DDE is an online application that allows providers to submit claims directly to ForwardHealth.

When submitting claims via DDE, required fields are indicated with an asterisk next to the field. If a required field is left blank, the claim will not be submitted and a message will appear prompting the provider to complete the specific required field(s). Portal help is available for each online application screen. In addition, search functions accompany certain fields so providers do not need to look up the following information in secondary resources.

On professional claim forms, providers may search for and select the following:

- Procedure codes
- Modifiers
- Diagnosis codes
- Place of service codes

On institutional claim forms, providers may search for and select the following:

- Type of bill

- Patient status
- Visit point of origin
- Visit priority
- Diagnosis codes
- Revenue codes
- Procedure codes
- HIPPS (Health Insurance Prospective Payment System) codes
- Modifiers

On dental claims, providers may search for and select the following:

- Procedure codes
- Rendering providers
- Area of the oral cavity
- Place of service codes

On compound and noncompound drug claims, providers may search for and select the following:

- Diagnosis codes
- NDCs (National Drug Codes)
- Place of service codes
- Professional service codes
- Reason for service codes
- Result of service codes

Using DDE, providers may submit claims for compound drugs and single-entity drugs. Any provider, including a provider of DME (durable medical equipment) or of DMS (disposable medical supplies) who submits noncompound drug claims, may submit these claims via DDE. All claims, including POS (Point-of-Sale) claims, are viewable via DDE.

Topic #344

Electronic Claim Submission

Providers are encouraged to submit claims electronically. Electronic claim submission does the following:

- Adapts to existing systems
- Allows flexible submission methods
- Improves cash flow
- Offers efficient and timely payments
- Reduces billing and processing errors
- Reduces clerical effort

Topic #16937

Electronic Claims and Claim Adjustments With Other Commercial Health Insurance Information

Effective for claims and claim adjustments submitted electronically via the Portal or PES software on and after June 16, 2014, other insurance information must be submitted at the detail level on professional, institutional, and dental claims and adjustments if it was processed at the detail level by the primary insurance. Except for a few instances, Wisconsin Medicaid or BadgerCare Plus is the payer of last resort for any covered services; therefore, providers are required to make a reasonable effort to exhaust all existing other health insurance sources before submitting claims to ForwardHealth or to a state-contracted MCO (managed care organization).

Other insurance information that is submitted at the detail level via the Portal or PES software will be processed at the detail level by ForwardHealth.

Under HIPAA (Health Insurance Portability and Accountability Act of 1996), claims and adjustments submitted using an 837 transaction must include detail-level information for other insurance if they were processed at the detail level by the primary insurance.

Adjustments to Claims Submitted Prior to June 16, 2014

Providers who submit professional, institutional, or dental claim adjustments electronically on and after June 16, 2014, for claims originally submitted prior to June 16, 2014, are required to submit other insurance information at the detail level on the adjustment if it was processed at the detail level by the primary insurance.

Topic #18938

Electronic Claim Submission for Behavioral Treatment Services

Electronic claims for behavioral treatment services must be submitted using the 837P (837 Health Care Claim: Professional) transaction. Electronic claims for behavioral treatment services submitted using any transaction other than the 837P will be denied.

Providers should use the companion guide for the 837P transaction when submitting these claims.

Provider Electronic Solutions Software

The DMS (Division of Medicaid Services) offers electronic billing software at no cost to providers. The PES (Provider Electronic Solutions) software allows providers to submit electronic claims using an 837 transaction. To obtain PES software, providers may download it from the ForwardHealth Portal. For assistance installing and using PES software, providers may call the EDI (Electronic Data Interchange) Helpdesk.

Topic #365

Extraordinary Claims

Extraordinary claims are claims that have been denied by a BadgerCare Plus HMO or SSI HMO and should be submitted to fee-for-service.

Topic #4837

HIPAA-Compliant Data Requirements

Procedure Codes

All fields submitted on paper and electronic claims are edited to ensure HIPAA (Health Insurance Portability and Accountability Act of 1996) compliance before being processed. Compliant code sets include CPT (Current Procedural Terminology) and HCPCS (Healthcare Common Procedure Coding System) procedure codes entered into all fields, including those fields that are "Not Required" or "Optional."

If the information in all fields is not valid and recognized by ForwardHealth, the claim will be denied.

Provider Numbers

For health care providers, NPIs (National Provider Identifiers) are required in all provider number fields on paper claims and 837 (837 Health Care Claim) transactions, including rendering, billing, referring, prescribing, attending, and "Other" provider fields.

Non-healthcare providers, including personal care providers, SMV (specialized medical vehicle) providers, blood banks, and CCOs (community care organizations) should enter valid provider numbers into fields that require a provider number.

Topic #10837

Note Field for Most Claims Submitted Electronically

In some instances, ForwardHealth requires providers to include a description of a service identified by an unlisted, or NOC (not otherwise classified), procedure code. Providers submitting claims electronically should include a description of an NOC procedure code in a "Notes" field, if required. The Notes field allows providers to enter up to 80 characters. In some cases, the Notes field allows providers to submit NOC procedure code information on a claim electronically instead of on a paper claim or with a paper attachment to an electronic claim.

The Notes field should only be used for NOC procedure codes that do not require PA (prior authorization).

Claims Submitted via the ForwardHealth Portal Direct Data Entry or Provider Electronic Solutions

A notes field is available on the ForwardHealth Portal DDE (Direct Data Entry) and PES (Provider Electronic Solutions) software when providers submit the following types of claims:

- Professional
- Institutional
- Dental

On the professional form, the Notes field is available on each detail. On the institutional and dental forms, the Notes field is only available on the header.

Claims Submitted via 837 Health Care Claim Transactions

ForwardHealth accepts and utilizes information submitted by providers about NOC procedure codes in certain loops/segments on the 837 (837 Health Care Claim) transactions. Refer to the companion guides for more information.

Topic #561

Paper Claim Form Preparation and Data Alignment Requirements

Optical Character Recognition

Paper claims submitted to ForwardHealth on the 1500 Health Insurance Claim Form ((02/12)) and UB-04 Claim Form are processed using OCR (Optical Character Recognition) software that recognizes printed, alphanumeric text. OCR software increases efficiency by alleviating the need for keying in data from paper claims.

The data alignment requirements do not apply to the Compound Drug Claim (F-13073 (04/2017)) form and the Noncompound Drug Claim (F-13072 (04/2017)) form.

Speed and Accuracy of Claims Processing

OCR software processes claim forms by reading text within fields on claim forms. After a paper claim form is received by ForwardHealth, the claim form is scanned so that an image can be displayed electronically. The OCR software reads the electronic image on file and populates the information into the ForwardHealth interChange system. This technology increases accuracy by removing the possibility of errors being made during manual keying.

OCR software speeds paper claim processing, but only if providers prepare their claim forms correctly. In order for OCR software to read the claim form accurately, the quality of copy and the alignment of text within individual fields on the claim form need to be precise. If data are misaligned, the claim could be processed incorrectly. If data cannot be read by the OCR software, the process will stop and the electronic image of the claim form will need to be reviewed and keyed manually. This will cause an increase in processing time.

Handwritten Claims

Submitting handwritten claims should be avoided whenever possible. ForwardHealth accepts handwritten claims; however, it is very difficult for

OCR software to read a handwritten claim. If a handwritten claim cannot be read by the OCR software, it will need to be keyed manually from the electronic image of the claim form. Providers should avoid submitting claims with handwritten corrections as this can also cause OCR software processing delays.

Use Original Claim Forms

Only original 1500 Health Insurance Claim Forms and UB-04 Claim Forms should be submitted. Original claim forms are printed in red ink and may be obtained from a federal forms supplier. ForwardHealth does not provide these claim forms. Claims that are submitted as photocopies cannot be read by OCR software and will need to be keyed manually from an electronic image of the claim form. This could result in processing delays.

Use Laser or Ink Jet Printers

It is recommended that claims are printed using laser or ink jet printers rather than printers that use DOT matrix. DOT matrix printers have breaks in the letters and numbers, which may cause the OCR software to misread the claim form. Use of old or worn ink cartridges should also be avoided. If the claim form is read incorrectly by the OCR software, the claim may be denied or reimbursed incorrectly. The process may also be stopped if it is unable to read the claim form, which will cause a delay while it is manually reviewed.

Alignment

Alignment within each field on the claim form needs to be accurate. If text within a field is aligned incorrectly, the OCR software may not recognize that data are present within the field or may not read the data correctly. For example, if a reimbursement amount of $300.00 is entered into a field on the claim form, but the last "0" is not aligned within the field, the OCR software may read the number as $30.00, and the claim will be reimbursed incorrectly.

To get the best alignment on the claim form, providers should center information vertically within each field, and align all information on the same horizontal plane. Avoid squeezing two lines of text into one of the six line items on the 1500 Health Insurance Claim Form.

The following sample claim forms demonstrate correct and incorrect alignment:

- Correct alignment for the 1500 Health Insurance Claim Form.
- Incorrect alignment for the 1500 Health Insurance Claim Form.
- Correct alignment for the UB-04 Claim Form.
- Incorrect alignment for the UB-04 Claim Form.

Clarity

Clarity is very important. If information on the claim form is not clear enough to be read by the OCR software, the process may stop, prompting manual review.

The following guidelines will produce the clearest image and optimize processing time:

- Use 10-point or 12-point Times New Roman or Courier New font.
- Type all claim data in uppercase letters.
- Use only black ink to complete the claim form.
- Avoid using italics, bold, or script.
- Make sure characters do not touch.
- Make sure there are no lines from the printer cartridge anywhere on the claim form.
- Avoid using special characters such as dollar signs, decimals, dashes, asterisks, or backslashes, unless it is specified that these characters should be used.
- Use Xs in check boxes. Avoid using letters such as "Y" for "Yes," "N" for "No," "M" for "Male," or "F" for "Female."
- Do not highlight any information on the claim form. Highlighted information blackens when it is imaged, and the OCR software will be unable to read it.

Note: The above guidelines will also produce the clearest image for claims that need to be keyed manually from an electronic image.

Staples, Correction Liquid, and Correction Tape

The use of staples, correction liquid, correction tape, labels, or stickers on claim forms should be avoided. Staples need to be removed from claim forms before they can be imaged, which can damage the claim and cause a delay in processing time. Correction liquid, correction tape, labels, and stickers can cause data to be read incorrectly or cause the OCR process to stop, prompting manual review. If the form cannot be read by the OCR software, it will need to be keyed manually from an electronic image.

Additional Diagnosis Codes

ForwardHealth will accept up to 12 diagnosis codes in Item Number 21 of the 1500 Health Insurance Claim Form.

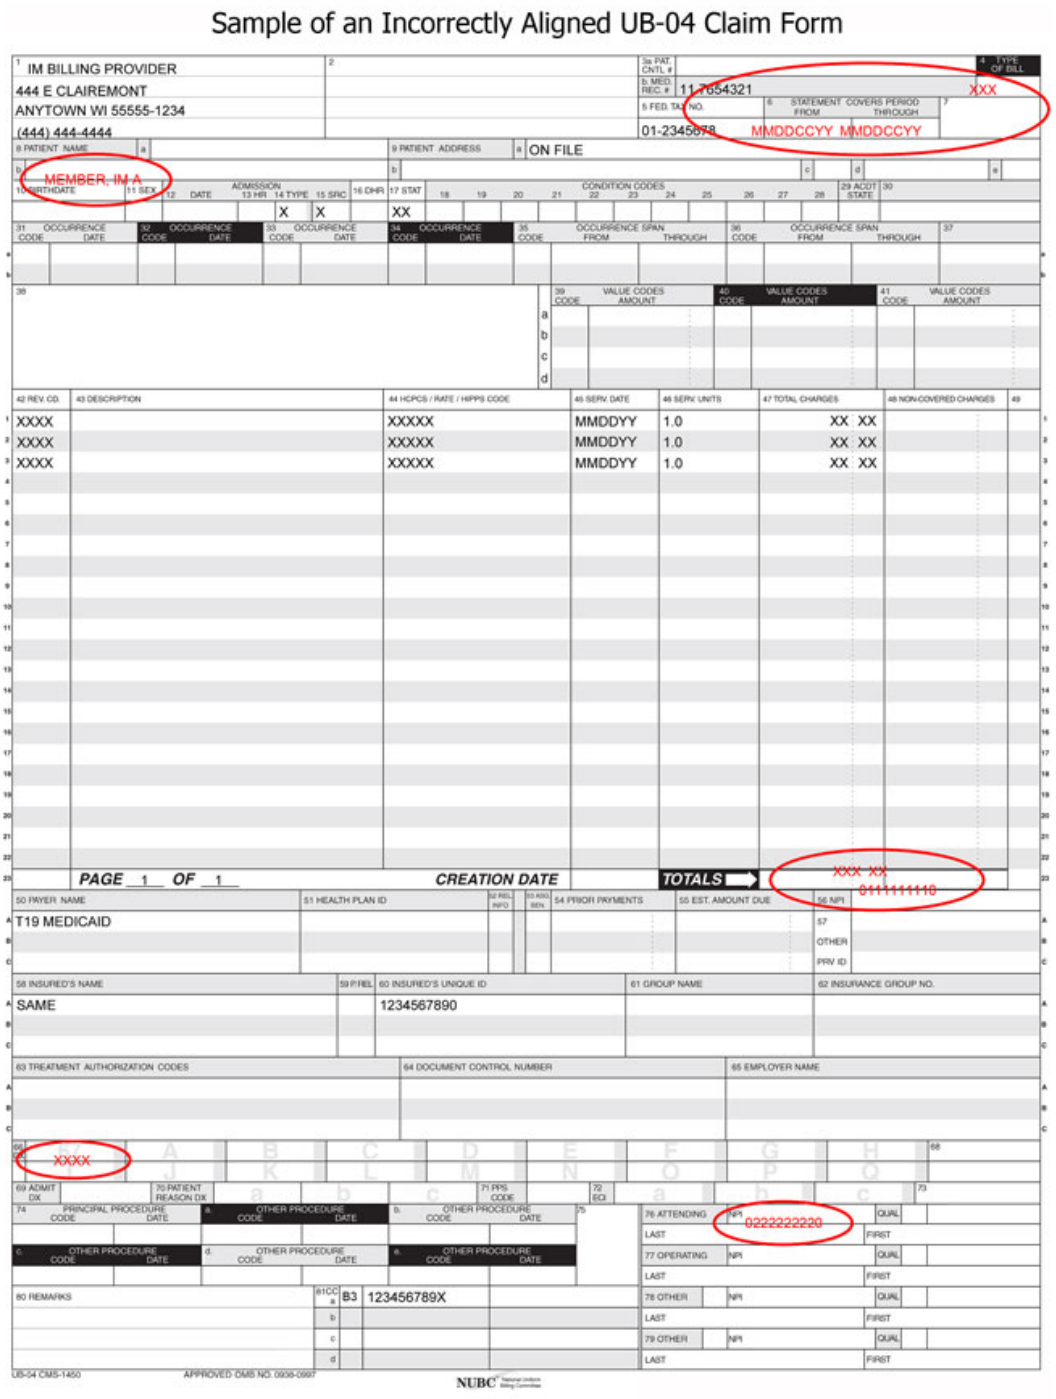
UB-04 CMS-1450 APPROVED OMB NO. 0938-0997 NUBC

Sample of an Incorrectly Aligned UB-04 Claim Form



Topic #18937

Paper Claim Submission

Paper claims for behavioral treatment services must be submitted using the 1500 Health Insurance Claim Form. ForwardHealth denies claims for behavioral treatment services submitted on any other claim form.

Providers should use the appropriate claim form instructions for behavioral treatment services when submitting these claims.

Obtaining the Claim Forms

ForwardHealth does not provide the 1500 Health Insurance Claim Form. The form may be obtained from any federal forms supplier.

Topic #22797

Payment Integrity Review Supporting Documentation

Providers are notified that an individual claim is subject to PIR (payment integrity review) through a message on the Portal when submitting claims. When this occurs, providers have seven calendar days to submit the supporting documentation that must be retained in the member's record for the specific service billed. This documentation must be attached to the claim. The following are examples of documentation providers may attach to the claim; however, this list is not exhaustive, and providers may submit any documentation available to substantiate payment:

- Case management or consultation notes
- Durable medical equipment or supply delivery receipts or proof of delivery and itemized invoices or bills
- Face-to-face encounter documentation
- Individualized plans of care and updates
- Initial or program assessments and questionnaires to indicate the start DOS (date of service)
- Office visit documentation
- Operative reports
- Prescriptions or test orders
- Session or service notice for each DOS
- Testing and lab results
- Transportation logs
- Treatment notes

Providers must attach this documentation to the claim at the time of, or up to seven days following, submission of the claim. A claim may be denied if the supporting documentation is not submitted. If a claim is denied, providers may submit a new claim with the required documentation for reconsideration. To reduce provider impact, claims reviewed by the OIG (Office of the Inspector General) will be processed as quickly as possible, with an expected average adjudication of 30 days.

Topic #10177

Prior Authorization Numbers on Claims

Providers are not required to indicate a PA (prior authorization) number on claims. ForwardHealth interChange matches the claim with the appropriate approved PA request. ForwardHealth's RA (Remittance Advice) and the 835 (835 Health Care Claim Payment/Advice) report to the provider the PA number used to process a claim. If a PA number is indicated on a claim, it will not be used and it will have no effect on processing the claim.

When a PA requirement is added to the list of drugs requiring PA and the effective date of a PA falls in the middle of a billing period, two separate claims that coincide with the presence of PA for the drug must be submitted to ForwardHealth.

Topic #10637

Reimbursement Reduction for Most Paper Claims

As a result of the Medicaid Rate Reform project, ForwardHealth will reduce reimbursement on most claims submitted to ForwardHealth on paper. Most paper claims will be subject up to a $1.10 reimbursement reduction per claim.

For each claim that a reimbursement reduction was applied, providers will receive an EOB (Explanation of Benefits) to notify them of the payment reduction. For claims with reimbursement reductions, the EOB will state the following, "This claim is eligible for electronic submission. Up to a $1.10 reduction has been applied to this claim payment."

If a paid claim's total reimbursement amount is less than $1.10, ForwardHealth will reduce the payment up to a $1.10. The claim will show on

the RA (Remittance Advice) as paid but with a $0 paid amount.

The reimbursement reduction applies to the following paper claims:

- 1500 Health Insurance Claim Form ((02/12))
- UB-04 (CMS 1450) Claim Form
- Compound Drug Claim (F-13073 (04/2017)) form
- Noncompound Drug Claim (F-13072 (04/2017)) form

Exceptions to Paper Claim Reimbursement Reduction

The reimbursement reduction will not affect the following providers or claims:

- In-state emergency providers
- Out-of-state providers
- Medicare crossover claims
- Any claims that ForwardHealth requires additional supporting information to be submitted on paper, such as:
  - Hysterectomy claims must be submitted along with an Acknowledgment of Receipt of Hysterectomy Information (F-01160 (06/2013)) form
  - Sterilization claims must be submitted along with a paper Consent for Sterilization (F-01164 (10/2008)) form.
  - Claims submitted to Timely Filing appeals must be submitted on paper with a Timely Filing Appeals Request (F-13047 (08/2015)) form.
  - In certain circumstances, drug claims must be submitted on paper with a Pharmacy Special Handling Request (F-13074 (04/2014)) form.
  - Claims submitted with four or more NDCs (National Drug Codes) for compound and noncompound drugs with specific and non-specific HCPCS (Healthcare Common Procedure Coding System) procedure codes.

Topic #4817

Submitting Paper Attachments With Electronic Claims

Providers may submit paper attachments to accompany electronic claims and electronic claim adjustments. Providers should refer to their companion guides for directions on indicating that a paper attachment will be submitted by mail.

Paper attachments that go with electronic claim transactions must be submitted with the Claim Form Attachment Cover Page (F-13470 (03/2023)). Providers are required to indicate an ACN (attachment control number) for paper attachment(s) submitted with electronic claims. (The ACN is an alphanumeric entry between 2 and 80 digits assigned by the provider to identify the attachment.) The ACN must be indicated on the cover page so that ForwardHealth can match the paper attachment(s) to the correct electronic claim.

ForwardHealth will hold an electronic claim transaction or a paper attachment(s) for up to seven calendar days to find a match. If a match cannot be made within seven days, the claim will be processed without the attachment and will be denied if an attachment is required. When such a claim is denied, both the paper attachment(s) and the electronic claim will need to be resubmitted.

Providers are required to send paper attachments relating to electronic claim transactions to the following address:

ForwardHealth
Claims and Adjustments
313 Blettner Blvd
Madison WI 53784

This does not apply to compound and noncompound claims.

Topic #11677

Uploading Claim Attachments Via the Portal

Providers are able to upload attachments for most claims via the secure Provider area of the ForwardHealth Portal. This allows providers to submit all components for claims electronically.

Providers are able to upload attachments via the Portal when a claim is suspended and an attachment was indicated but not yet received. Providers are able to upload attachments for any suspended claim that was submitted electronically. Providers should note that all attachments for a suspended claim must be submitted within the same business day.

Claim Types

Providers will be able to upload attachments to claims via the Portal for the following claim types:

- Professional.
- Institutional.
- Dental.

The submission policy for compound and noncompound drug claims does not allow attachments.

Document Formats

Providers are able to upload documents in the following formats:

- JPEG (Joint Photographic Experts Group) (.jpg or .jpeg).
- PDF (Portable Document Format) (.pdf).
- Rich Text Format (.rtf).
- Text File (.txt).

JPEG files must be stored with a ".jpg" or ".jpeg" extension; text files must be stored with a ".txt" extension; rich text format files must be stored with a ".rtf" extension; and PDF files must be stored with a ".pdf" extension.

Microsoft Word files (.doc) cannot be uploaded but can be saved and uploaded in Rich Text Format or Text File formats.

Uploading Claim Attachments

Claims Submitted by Direct Data Entry

When a provider submits a DDE (Direct Data Entry) claim and indicates an attachment will also be included, a feature button will appear and link to the DDE claim screen where attachments can be uploaded.

Providers are still required to indicate on the DDE claim that the claim will include an attachment via the "Attachments" panel.

Claims will suspend for seven days before denying for not receiving the attachment.

Claims Submitted by Provider Electronic Software and 837 Health Care Claim Transactions

Providers submitting claims via 837 (837 Health Care Claim) transactions are required to indicate attachments via the PWK segment. Providers submitting claims via PES (Provider Electronic Solutions) software will be required to indicate attachments via the attachment control field. Once the claim has been submitted, providers will be able to search for the claim on the Portal and upload the attachment via the Portal. Refer to the Implementation Guides for how to use the PWK segment in 837 transactions and the PES Manual for how to use the attachment control field.

Claims will suspend for seven days before denying for not receiving the attachment.

Timely Filing Appeals Requests

Topic #549

Requirements

When a claim or adjustment request meets one of the exceptions to the submission deadline, the provider is required to mail ForwardHealth a Timely Filing Appeals Request (F-13047 (08/2015)) form with a paper claim or an Adjustment/Reconsideration Request (F-13046 (08/2015)) form to override the submission deadline. If claims or adjustment requests are submitted electronically, the entire amount of the claim will be recouped.

DOS (dates of service) that are beyond the submission deadline should be submitted separately from DOS that are within the deadline. Claims or adjustment requests received that contain both current and late DOS are processed through normal channels without review by Timely Filing and late DOS will be denied.

Topic #551

Resubmission

Decisions on Timely Filing Appeals Requests (F-13047 (08/2015)) cannot be appealed. Providers may resubmit the claim to Timely Filing if both of the following occur:

- The provider submits additional documentation as requested.
- ForwardHealth receives the documentation before the specified deadline for the exception to the submission deadline.

Topic #744

Submission

To receive consideration for an exception to the submission deadline, providers are required to submit the following:

- A properly completed Timely Filing Appeals Request (F-13047 (08/2015)) form for each claim and each adjustment to allow for documentation of individual claims and adjustments submitted to ForwardHealth
- A legible claim or Adjustment/Reconsideration Request (F-13046 (08/2015)) form
- All required documentation as specified for the exception to the submission deadline
- A properly completed Explanation of Medical Benefits form for paper claims and paper claim adjustments where other health insurance sources are indicated

Note: Providers are reminded to complete and submit the most current versions of these forms supported by ForwardHealth.

To receive consideration for an exception, a Timely Filing Appeals Request form must be received by ForwardHealth before the applicable submission deadlines specified for the exception.

When completing the claim or adjustment request, providers are required to indicate the procedure code, diagnosis code, POS (place of service) code, and all other required claims data elements effective for the DOS (date of service). However, providers should use the current claim form and instructions or adjustment request form and instructions. Reimbursement for Timely Filing Appeals Requests is contingent upon the claim or adjustment request meeting program requirements for the DOS.

The following table lists the filing deadlines and additional documentation requirements as they correspond to each of the eight allowable exceptions.

Change in Nursing Home Resident's Level of Care or Liability Amount

Description of the Exception	Documentation Requirements	Submission Address
This exception occurs when a nursing home claim is initially received within the submission deadline and reimbursed incorrectly due to a change in the member's authorized LOC (level of care) or liability amount.	To receive consideration, the request must be submitted within 455 days from the DOS. Include the following documentation as part of the request: • The correct liability amount or LOC must be indicated on the Adjustment/Reconsideration Request (F-13046 (08/15)) form. • The most recent claim number (also known as the ICN (internal control number)) must be indicated on the Adjustment/Reconsideration Request form. This number may be the result of a ForwardHealth-initiated adjustment. • A copy of the Explanation of Medical Benefits form, if applicable.	ForwardHealth Timely Filing Ste 50 313 Blettner Blvd Madison WI 53784

Decision Made by a Court, Fair Hearing, or the Wisconsin Department of Health Services

Description of the Exception	Documentation Requirements	Submission Address
This exception occurs when a decision is made by a court, fair hearing, or the Wisconsin DHS (Department of Health Services).	To receive consideration, the request must be submitted within 90 days from the date of the decision of the hearing. Include the following documentation as part of the request: • A complete copy of the decision notice received from the court, fair hearing, or DHS	ForwardHealth Timely Filing Ste 50 313 Blettner Blvd Madison WI 53784

Denial Due to Discrepancy Between the Member's Enrollment Information in ForwardHealth interChange and the Member's Actual Enrollment

Description of the Exception	Documentation Requirements	Submission Address

This exception occurs when a claim is initially received by the deadline but is denied due to a discrepancy between the member's enrollment information in ForwardHealth interChange and the member's actual enrollment.	To receive consideration, the request must be submitted within 455 days from the DOS. Include the following documentation as part of the request:
	• A copy of remittance information showing the claim was submitted in a timely manner and denied with a qualifying enrollment-related explanation.
	• A photocopy of **one** of the following indicating enrollment on the DOS:
	  ◦ Temporary Identification Card for Express Enrollment in BadgerCare Plus
	  ◦ Temporary Identification Card for Express Enrollment in Family Planning Only Services
	  ◦ The response received through Wisconsin's EVS (Enrollment Verification System) from a commercial eligibility vendor
	  ◦ The transaction log number received through WiCall
	  ◦ The enrollment tracking number received through the ForwardHealth Portal
		ForwardHealth
		Good Faith/Timely Filing
		Ste 50
		313 Blettner Blvd
		Madison WI 53784

ForwardHealth Reconsideration or Recoupment

Description of the Exception	Documentation Requirements	Submission Address
This exception occurs when ForwardHealth reconsiders a previously processed claim. ForwardHealth will initiate an adjustment on a previously paid claim.	If a subsequent provider submission is required, the request must be submitted within 90 days from the date of the RA (Remittance Advice) message. Include the following documentation as part of the request: • A copy of the RA message that shows the ForwardHealth-initiated adjustment • A copy of the Explanation of Medical Benefits form, if applicable	ForwardHealth Timely Filing Ste 50 313 Blettner Blvd Madison WI 53784
Retroactive Enrollment for Persons on General Relief		
Description of the Exception	**Documentation Requirements**	**Submission Address**
This exception occurs when the income maintenance or tribal agency requests a return of a GR (general relief) payment from the provider because a member has become retroactively enrolled for Wisconsin Medicaid or BadgerCare Plus.	To receive consideration, the request must be submitted within 180 days from the date the backdated enrollment was added to the member's enrollment information. Include the following documentation as part of the request: • A copy of the Explanation of Medical Benefits form, if applicable **And** • "GR retroactive enrollment" indicated on the claim **Or** • A copy of the letter received from the income maintenance or tribal agency	ForwardHealth GR Retro Eligibility Ste 50 313 Blettner Blvd Madison WI 53784
Medicare Denial Occurs After the Submission Deadline		
Description of the Exception	**Documentation Requirements**	**Submission Address**
This exception occurs when claims submitted to Medicare (within 365 days of the DOS) are denied by Medicare after the 365-day submission deadline. A waiver of the submission deadline will not be granted when Medicare denies a claim for one of the following reasons: • The charges were previously submitted to Medicare. • The member name and identification number do not match. • The services were previously denied by Medicare. • The provider retroactively applied for Medicare enrollment and did not become enrolled.	To receive consideration, the request must be submitted within 90 days of the Medicare processing date. Include the following documentation as part of the request: • A copy of the Medicare remittance information • A copy of the Explanation of Medical Benefits form, if applicable	ForwardHealth Timely Filing Ste 50 313 Blettner Blvd Madison WI 53784

Refund Request from an Other Health Insurance Source		
Description of the Exception	**Documentation Requirements**	**Submission Address**
This exception occurs when an other health insurance source reviews a previously paid claim and determines that reimbursement was inappropriate.	To receive consideration, the request must be submitted within 90 days from the date of recoupment notification. Include the following documentation as part of the request: - A copy of the recoupment notice - An updated Explanation of Medical Benefits form, if applicable *Note:* When the reason for resubmitting is due to Medicare recoupment, ensure that the associated Medicare disclaimer code (i.e., M-7 or M-8) is included on the updated Explanation of Medical Benefits form.	ForwardHealth Timely Filing Ste 50 313 Blettner Blvd Madison WI 53784
Retroactive Member Enrollment into Medicaid		
Description of the Exception	**Documentation Requirements**	**Submission Address**
This exception occurs when a claim cannot be submitted within the submission deadline due to a delay in the determination of a member's retroactive enrollment.	To receive consideration, the request must be submitted within 180 days from the date the backdated enrollment was added to the member's enrollment information. In addition, retroactive enrollment must be indicated by selecting "Retroactive member enrollment for ForwardHealth (attach appropriate documentation for retroactive period, if available)" box on the Timely Filing Appeals Request (F-13047 (08/15)) form.	ForwardHealth Timely Filing Ste 50 313 Blettner Blvd Madison WI 53784

Coordination of Benefits

2

Archive Date:01/02/2024

Coordination of Benefits:Commercial Health Insurance

Topic #595

Assignment of Insurance Benefits

Assignment of insurance benefits is the process by which a specified party (for example, provider or policyholder) becomes entitled to receive payment for claims in accordance with the insurance company policies.

Other health insurance (for example, commercial health insurance, Medicare, Medicare Advantage Plans) companies may permit reimbursement to the provider or member. Providers should verify whether other health insurance benefits may be assigned to the provider. As indicated by the other health insurance, providers may be required to obtain approval from the member for this assignment of benefits.

If the provider is assigned benefits, providers should bill the other health insurance.

If the member is assigned insurance benefits, it is appropriate to submit a claim to ForwardHealth without billing the other health insurance. In this instance providers should indicate the appropriate other insurance indicator or complete the Explanation of Medical Benefits form, as applicable. ForwardHealth will bill the other health insurance.

Topic #19617

Claims for Behavioral Treatment Services Denied by Commercial Health Insurance

If a correct and complete claim for behavioral treatment was denied or services that are covered by BadgerCare Plus and Wisconsin Medicaid are recouped by a commercial health insurance company, the provider may submit a claim to ForwardHealth for those services. To allow payment in this situation, providers are encouraged to follow the requirements (e.g., request PA (prior authorization) before providing the service for covered services that require PA). Providers are required to have an approved PA request from ForwardHealth for behavioral treatment for the DOS (date of service) indicated on the claim in order for the treatment to be considered for reimbursement. ForwardHealth may reimburse for the service up to the allowed amount (less any payments made by other health insurance sources).

Note: The provider is required to demonstrate that a correct and complete claim was denied by the commercial health insurance company. ForwardHealth will not reimburse claims denied by commercial health insurance due to billing errors or when the provider was out of the commercial insurer's network of providers. ForwardHealth will only coordinate benefits when members use a provider in their commercial insurer's network.

ForwardHealth will consider reimbursement of claims denied by commercial health insurance when behavioral treatment is not a covered benefit under the member's plan and/or when the member has reached their maximum annual benefit for behavioral treatment.

Some commercial health insurance carriers will not process claims for behavioral treatment/ABA (Applied Behavior Analysis) services when the service is excluded from the member's benefit plan. These carriers will typically issue an Administrative Denial Letter to the provider. This letter must be retained in the member's file.

When behavioral treatment is excluded from commercial health insurance coverage and/or when members have reached their maximum annual benefit, providers are encouraged to bill ForwardHealth using the adaptive behavior treatment procedure codes allowable under ForwardHealth policy. For members with commercial health insurance, every claim for behavioral treatment must be submitted to ForwardHealth using the claim adjustment reason code that best describes the carrier's reason for non-payment. The Administrative Denial Letter must be retained in the member's file to substantiate the claim adjustment reason code or other insurance indicator that was submitted on the claim. Copies of the Administrative Denial Letter should not be sent to ForwardHealth.

Note: Commercial health insurance benefit plans change on a regular basis. In order to comply with Wisconsin state statutes, providers are required to validate a member's coverage when the plan year changes and update the member's file accordingly.

Topic #844

Claims for Services Denied by Commercial Health Insurance

If commercial health insurance denies or recoups payment for services that are covered by BadgerCare Plus and Wisconsin Medicaid, the provider may submit a claim for those services. To allow payment in this situation, providers are encouraged to follow the requirements (e.g., request PA (prior authorization) before providing the service for covered services that require PA). If the requirements are followed, ForwardHealth may reimburse for the service up to the allowed amount (less any payments made by other health insurance sources).

Note: The provider is required to demonstrate that a correct and complete claim was denied by the commercial health insurance company for a reason other than that the provider was out of network.

Topic #598

Commercial Fee-for-Service

Fee-for-service commercial health insurance is the traditional health care payment system under which providers receive a payment for each unit of service provided rather than a capitation payment for each member. Such insurance usually does not restrict health care to a particular network of providers.

When commercial health insurance plans give the member the option of getting care within or outside a provider network, non-network providers **may** be reimbursed by the commercial health insurance company for covered services if they follow the commercial health insurance plan's billing rules.

Topic #601

Definition of Commercial Health Insurance

Commercial health insurance is defined as any type of health benefit not obtained from Medicare or Wisconsin Medicaid and BadgerCare Plus. The insurance may be employer-sponsored or privately purchased. Commercial health insurance may be provided on a fee-for-service basis or through a managed care plan.

Common types of commercial health insurance include HMOs, PPOs (preferred provider organizations), POS (point-of-service) plans, Medicare Advantage plans, Medicare supplemental plans, dental plans, vision plans, HRAs (health reimbursement accounts), and LTC (long term care) plans. Some commercial health insurance providers restrict coverage to a specified group of providers in a particular service area.

When commercial health insurance plans require members to use a designated network of providers, non-network (i.e., providers who do not have a contract with the member's commercial health insurance plan) will be reimbursed by the commercial health insurance plan **only** if they obtain a referral or provide an emergency service.

Except for emergency services and covered services that are not covered under the commercial health insurance plan, members enrolled in both a commercial health insurance plan and BadgerCare Plus or Wisconsin Medicaid (i.e., state-contracted MCO (managed care organization), fee-for-service) are required to receive services from providers affiliated with the commercial health insurance plan. In this situation, providers are required to refer the members to the commercial health insurance plan's network providers. This is necessary because commercial health insurance is always primary to BadgerCare Plus.

BadgerCare Plus and Wisconsin Medicaid will **not** reimburse the provider if the commercial health insurance plan denied or would deny payment because a service otherwise covered under the commercial health insurance plan was performed by a provider outside the plan. In addition, if a member receives a covered service outside their commercial health insurance plan, the provider cannot collect payment from the member.

Topic #602

Discounted Rates

Providers of services that are discounted by other health insurance (for example, commercial health insurance, Medicare, Medicare Advantage Plans) should include the following information on claims or on the Explanation of Medical Benefits form, as applicable:

- Their usual and customary charge
- The appropriate claim adjustment reason code, NCPDP (National Council for Prescription Drug Programs) reject code, or other insurance indicator
- The amount, if any, actually received from other health insurance as the amount paid by other health insurance

Topic #596

Exhausting Commercial Health Insurance Sources

Providers are required to exhaust commercial health insurance sources before submitting claims to ForwardHealth. This is accomplished by following the process indicated in the following steps. Providers are required to prepare complete and accurate documentation of efforts to bill commercial health insurance to substantiate other insurance indicators used on any claim.

Step 1. Determine if the Member Has Commercial Health Insurance

If Wisconsin's EVS (Enrollment Verification System) does not indicate that the member has commercial health insurance, the provider may submit a claim to ForwardHealth unless the provider is otherwise aware of commercial health insurance coverage.

If the member disputes the information as it is indicated in the EVS, the provider should submit a real-time Other Coverage Discrepancy Report via the ForwardHealth Portal or submit a completed Commercial Other Coverage Discrepancy Report (F-01159 (04/2017)) form. Unless the service does not require other health insurance billing, the provider should allow at least two weeks before proceeding to Step 2.

Step 2. Determine if the Service Requires Other Health Insurance Billing

If the service requires other health insurance billing, the provider should proceed to Step 3.

If the service does not require other health insurance billing, the provider should proceed in one of the following ways:

- The provider is encouraged to bill commercial health insurance if they believe that benefits are available. Reimbursement from commercial health insurance may be greater than the Medicaid-allowed amount. If billing commercial health insurance first, the provider should proceed to Step 3.
- The provider may submit a claim without indicating an other insurance indicator on the claim or on the Explanation of Medical Benefits form, as applicable.

The provider may not bill Wisconsin Medicaid and commercial health insurance simultaneously. Simultaneous billing may constitute fraud and interferes with Wisconsin Medicaid's ability to recover prior payments.

Step 3. Identify Assignment of Commercial Health Insurance Benefits

The provider should verify whether commercial health insurance benefits may be assigned to the provider. (As indicated by commercial health insurance, the provider may be required to obtain approval from the member for this assignment of benefits.)

The provider should proceed in one of the following ways:

- **If the provider is assigned benefits,** the provider should bill commercial health insurance and proceed to Step 4.
- **If the member is assigned insurance benefits,** the provider may submit a claim (without billing commercial health insurance) using the appropriate other insurance indicator or complete the Explanation of Medical Benefits form, as applicable.

If the commercial health insurance reimburses the member, the provider may collect the payment from the member. If the provider receives reimbursement from Wisconsin Medicaid and the member, the provider is required to return the lesser amount to Wisconsin Medicaid.

Step 4. Bill Commercial Health Insurance and Follow Up

If commercial health insurance denies or partially reimburses the provider for the claim, the provider may proceed to Step 5.

If commercial health insurance does not respond within 45 days, the provider should follow up the original claim with an inquiry to commercial health insurance to determine the disposition of the claim. If commercial health insurance does not respond within 30 days of the inquiry, the provider may proceed to Step 5.

Step 5. Submit Claim to ForwardHealth

If only partial reimbursement is received, if the correct and complete claim is denied by commercial health insurance, or if commercial health insurance does not respond to the original and follow-up claims, the provider may submit a claim to ForwardHealth using the appropriate other insurance indicator or complete the Explanation of Medical Benefits form, as applicable. Commercial remittance information should not be attached to the claim.

Topic #18497

Explanation of Medical Benefits Form Requirement

An Explanation of Medical Benefits (F-01234 (04/2018)) form must be included for each other payer when other health insurance (for example, commercial health insurance, Medicare, Medicare Advantage Plans) sources are indicated on a paper claim or paper adjustment.

Note: ADA (American Dental Association) claims and claim adjustments and compound and noncompound drug claims and claim adjustments are **not** subject to the requirements regarding use of the Explanation of Medical Benefits form.

Paper claims or adjustment requests that have other health insurance indicated may be returned to the provider unprocessed or denied if they are submitted without the Explanation of Medical Benefits form for each other payer. Paper claims or adjustments submitted with incorrect or incomplete Explanation of Medical Benefits forms will also be returned or denied.

Use of the ForwardHealth Explanation of Medical Benefits form is mandatory; providers are required to use an exact copy. ForwardHealth will not accept alternate versions (i.e., retyped or otherwise reformatted) of the Explanation of Medical Benefits form.

The Explanation of Medical Benefits form requirement for paper claims and adjustments is intended to help ensure consistency with electronic claims and adjustments submitted via the ForwardHealth Portal or using an 837 (837 Health Care Claim) transaction (including those submitted using PES (Provider Electronic Solutions) software or through a clearinghouse or software vendor).

The Explanation of Medical Benefits form requirement applies to paper claims and paper adjustments submitted to Wisconsin Medicaid, BadgerCare Plus, SeniorCare, and the WCDP (Wisconsin Chronic Disease Program). Providers are reminded that, except for a few instances, Wisconsin Medicaid, BadgerCare Plus, SeniorCare, and WCDP are payers of last resort for any covered service. Therefore, providers are required to make a reasonable effort to exhaust all other existing health insurance sources before submitting claims to ForwardHealth or to a state-contracted MCO (managed care organization).

Wisconsin Medicaid and BadgerCare Plus are not payers of last resort for members who receive coverage from certain governmental programs. Providers should ask members if they have coverage from these other government programs.

If a member becomes retroactively enrolled in Wisconsin Medicaid or BadgerCare Plus after the provider has already been reimbursed by one of these government programs, the provider may be required to submit the claims to ForwardHealth and refund the payment from the government program.

Ink, Data Alignment, and Quality Standards for Paper Claim Submission

In order for OCR (Optical Character Recognition) software to read paper claim forms accurately, the claim forms must comply with certain ink standards, as well as other data alignment and quality standards. The Explanation of Medical Benefits form will also need to comply with these standards.

Topic #263

Members Unable to Obtain Services Under Managed Care

Plan

Sometimes a member's enrollment file shows commercial managed care coverage, but the member is unable to receive services from the managed care plan. Examples of such situations include the following:

- Children enrolled in a commercial managed care plan by a noncustodial parent if the custodial parent refuses to use the coverage
- Members enrolled in a commercial managed care plan who reside outside the service area of the managed care plan
- Members enrolled in a commercial managed care plan who enter a nursing facility that limits the member's access to managed care providers

In these situations, Wisconsin Medicaid will reimburse services covered by both BadgerCare Plus or Medicaid and the commercial managed care plan even though the services are obtained from providers outside the plan.

When submitting claims for these members, providers should do one of the following:

- Indicate the other insurance information on the Explanation of Medical Benefits Form for paper claims
- Refer to the Wisconsin PES (Provider Electronic Solutions) manual or the appropriate 837 (837 health care claim) companion guide to determine the appropriate other insurance indicator for electronic claims

Topic #604

Non-Reimbursable Commercial Health Insurance Services

Providers are not reimbursed for the following:

- Services covered by a commercial health insurance plan, except for coinsurance, copayment, or deductible
- Services for which providers contract with a commercial health insurance plan to receive a capitation payment for services

Topic #605

Other Insurance Indicators

Other insurance indicators are used to report results of commercial health insurance billing and to report when existing insurance was not billed according to Wisconsin Medicaid expectations. Providers are required to use these indicators as applicable on professional, institutional, or dental claims or on the Explanation of Medical Benefits form, as applicable, submitted for members with commercial health insurance. The intentional misuse of other insurance indicators to obtain inappropriate reimbursement constitutes fraud.

Other insurance indicators identify the status and availability of commercial health insurance. The indicators allow providers to be reimbursed correctly when the following occur:

- Commercial health insurance exists, does not apply, or when, for some valid reason, the provider is unable to obtain such reimbursement by reasonable means.
- Commercial health insurance does not cover the service provided.
- Full or partial payment was made by commercial health insurance.

Code	Description
OI-P	PAID in part or in full by commercial health insurance, and/or was applied toward the deductible, coinsurance, copayment, blood deductible, or psychiatric reduction. Indicate the amount paid by commercial health insurance to the provider or to the insured.
OI-D	DENIED by commercial health insurance following submission of a correct and complete claim. Do not use this code unless the claim was actually billed to the commercial health insurer.
OI-Y	YES, the member has commercial health insurance coverage, but it was not billed for reasons including, but not limited to, the following:

- The member denied coverage or will not cooperate.
- The provider knows the service in question is not covered by the carrier.
- The member's commercial health insurance failed to respond to initial and follow-up claims.
- Benefits are not assignable or cannot get assignment.
- Benefits are exhausted.

Note: The provider may not use OI-D or OI-Y if the member is covered by a commercial HMO and the HMO denied payment because an otherwise covered service was not rendered by a designated provider. Services covered by a commercial HMO are not reimbursable by ForwardHealth except for the copayment and deductible amounts. Providers who receive a capitation payment from the commercial HMO may not bill ForwardHealth for services that are included in the capitation payment.

Providers should not use other insurance indicators when the following occur:

- Wisconsin's EVS (Enrollment Verification System) indicates no commercial health insurance for the DOS (date of service).
- The service does not require other health insurance billing.
- Claim denials from other payers relating to NPI (National Provider Identifier) and related data should be resolved with that payer and not submitted to ForwardHealth. Payments made in these situations may be recouped.

Documentation Requirements

Providers are required to prepare and maintain truthful, accurate, complete, legible, and concise documentation of efforts to bill commercial health insurance sources to substantiate other insurance indicators used on any claim, according to Wis. Admin. Code § DHS 106.02(9)(a).

Topic #18977

Procedure Codes for Claims When Commercial Health Insurance Is the Primary Payer

When a member is enrolled in both a commercial health insurance plan and BadgerCare Plus or Wisconsin Medicaid, the provider is required to submit claims to commercial health insurance sources before submitting claims to ForwardHealth. Even when a member has a known deductible or cost share, primary insurance must process the claim prior to submission to ForwardHealth. The outcome of the primary insurance claim submission, regardless of payment status, is required for secondary claims processing by ForwardHealth.

ForwardHealth recognizes that commercial health insurance policies and procedure codes for behavioral treatment do not always match ForwardHealth policies and procedure codes. For example, some commercial insurers use a single procedure code for billing all behavioral treatment services, regardless of the specific service rendered, the skill level of the renderer, or the number of renderers billed concurrently.

When coordinating commercial health insurance and Medicaid benefits, providers are required to bill the commercial health insurance plan **according to the commercial insurer's policies and designated procedure codes, modifiers, and units billed.** Do not use modifiers TG or TF when submitting claims to the commercial insurer unless they are required under the commercial insurer's policy. After receiving the claims processing outcome (i.e., RA (Remittance Advice)) from the commercial insurer, the provider may submit a claim to ForwardHealth for consideration of any remaining balance, **using the same procedure codes, modifiers, and units billed on the original commercial health insurance claim.**

ForwardHealth accepts the following CPT (Current Procedural Terminology) or HCPCS (Healthcare Common Procedure Coding System) procedure codes when allowed by commercial health insurance companies for reimbursement of behavioral treatment services:

- 90791 (Psychiatric diagnostic evaluation)
- H0031 (Mental health assessment, by non-physician)
- H0032 (Mental health service plan development by non-physician)
- H2012 (Behavioral health day treatment, per hour)
- H2014 (Skills training and development, per 15 minutes)

- H2019 (Therapeutic behavioral services, per 15 minutes)

ForwardHealth does not use billing crosswalks between commercial health insurance procedure codes and ForwardHealth's allowable procedure codes in any benefit areas. COB (coordination of benefits) claims are paid using the procedure code billed to commercial health insurance, based on ForwardHealth's maximum allowable fee schedule, which is the standard, statewide, maximum rate that can be paid for a procedure code.

Note: The requirement for providers to submit claims to commercial health insurance companies according to the commercial insurer's coding guidance does not waive other ForwardHealth program requirements. These requirements (e.g., provider qualifications, medical necessity, documentation requirements) are still in effect. ForwardHealth will not reimburse providers for services that do not meet program requirements.

All units of direct treatment billed against the previously listed CPT codes will be deducted from the total treatment units authorized by ForwardHealth.

Topic #769

Services Requiring Commercial Health Insurance Billing

If ForwardHealth indicates that the member has other commercial health insurance, the provider is required to bill the following services to commercial health insurance before submitting claims to ForwardHealth:

- Ambulance services, if provided as emergency services
- Anesthetist services
- Audiology services, unless provided in a nursing home or SNF (skilled nursing facility)
- Behavioral treatment
- Blood bank services
- Chiropractic services
- Dental services
- DME (durable medical equipment) (rental or purchase), prosthetics, and hearing aids if the billed amount is over $10.00 per item
- Home health services (excluding PC (personal care) services)
- Hospice services
- Hospital services, including inpatient or outpatient
- Independent nurse, nurse practitioner, or nurse midwife services
- Laboratory services
- Medicare-covered services for members who have Medicare and commercial health insurance
- In-home mental health/substance abuse treatment services for children (HealthCheck "Other Services") rendered by providers at the master's degree level, doctoral level, and psychiatrist level
- Outpatient mental health/substance abuse services
- Mental health/substance abuse day treatment services, including child and adolescent day treatment
- Narcotic treatment services
- PT (physical therapy), OT (occupational therapy), and SLP (speech and language pathology) services, unless provided in a nursing home or SNF
- Physician assistant services
- Physician services, including surgery, surgical assistance, anesthesiology, or any service to a hospital inpatient (however, physician services provided to a woman whose primary diagnosis indicates a high-risk pregnancy do not require commercial health insurance billing)
- Pharmacy services for members with verified drug coverage
- Podiatry services
- PDN (private duty nursing) services
- Radiology services
- RHC (rural health clinic) services
- Skilled nursing home care, if any DOS (date of service) is within 120 days of the date of admission; if benefits greater than 120 days are available, the nursing home is required to continue to bill for them until those benefits are exhausted
- Vision services over $50, unless provided in a home, nursing home, or SNF

If ForwardHealth indicates the member has other vision coverage, the provider is required to bill the following services to commercial health insurance before submitting claims to ForwardHealth:

- Ophthalmology services
- Optometrist services

If ForwardHealth indicates the member has Medicare supplemental plan coverage, the provider is required to bill the following services to commercial health insurance before submitting claims to ForwardHealth:

- Alcohol, betadine, and/or iodine provided by a pharmacy or medical vendor
- Ambulance services
- Ambulatory surgery center services
- Breast reconstruction services
- Chiropractic services
- Dental anesthesia services
- Home health services (excluding PC services)
- Hospital services, including inpatient or outpatient
- Medicare-covered services
- Osteopath services
- Physician services
- Skilled nursing home care, if any DOS is within 100 days of the date of admission; if benefits greater than 100 days are available, the nursing home is required to continue to bill for them until those benefits are exhausted

ForwardHealth has identified services requiring Medicare Advantage billing.

Other Coverage Information

Topic #4940

After Reporting Discrepancies

After receiving a Commercial Other Coverage Discrepancy Report (F-01159 (04/2017)) form or Medicare Other Coverage Discrepancy Report (F-02074 (04/2018)) form, ForwardHealth confirms the information and updates the member files.

It may take up to two weeks to process and update the member's enrollment information. During that time, ForwardHealth verifies the insurance information submitted and adds, changes, or removes the member's other coverage information as appropriate. If verification contradicts the provider's information, a written explanation is sent to the provider. The provider should wait to submit claims until one of the following occurs:

- The provider verifies through Wisconsin's EVS (Enrollment Verification System) that the member's other coverage information has been updated.
- The provider receives a written explanation.

Topic #4941

Coverage Discrepancies

Maintaining complete and accurate insurance information may result in fewer claim denials. Providers are an important source of other coverage information as they are frequently the first to identify coverage discrepancies.

Topic #609

Insurance Disclosure Program

ForwardHealth receives policyholder files from most major commercial health insurance companies on a monthly basis. ForwardHealth then compares this information with member enrollment files. If a member has commercial health insurance, ForwardHealth revises the member's enrollment file with the most current information.

The insurance company is solely responsible for the accuracy of this data. If the insurance company provides information that is not current, ForwardHealth's files may be inaccurate.

Topic #610

Maintaining Accurate and Current Records

ForwardHealth uses many sources of information to keep accurate and current records of a member's other coverage, including the following:

- Insurance Disclosure program
- Providers who submit an Commercial Other Coverage Discrepancy Report (F-01159 (04/2017)) form or Medicare Other Coverage Discrepancy Report (F-02074 (04/2018)) form
- Member certifying agencies
- Members

The information about a member's other health insurance coverage in the member files may be incomplete or incorrect if ForwardHealth received inaccurate information from the other health insurance source or the member's certifying agency.

Topic #4942

Reporting Discrepancies

Providers are encouraged to report discrepancies to ForwardHealth by submitting the Commercial Other Coverage Discrepancy Report (F-01159 (04/2017)) form or Medicare Other Coverage Discrepancy Report (F-02074 (04/2018)) form. Providers are asked to complete the form in the following situations:

- The provider is aware of other coverage information that is not indicated by Wisconsin's EVS (Enrollment Verification System).
- The provider received other coverage information that contradicts the information indicated by the EVS.
- A claim is denied because the EVS indicates commercial managed care coverage but the coverage is not available to the member (e.g., the member does not live in the plan's service area).

Providers should not use the Commercial Other Coverage Discrepancy Report form or Medicare Other Coverage Discrepancy Report form to update any information regarding a member's coverage in a state-contracted MCO (managed care organization).

When reporting discrepancies, providers should include photocopies of current insurance cards and any available documentation, such as remittance information and benefit coverage dates or denials.

Provider-Based Billing

Topic #19618

Discovery of Commercial Health Insurance After Payment by ForwardHealth

If, after paying a claim for behavioral treatment, ForwardHealth discovers that the member had commercial health insurance coverage on the DOS (date of service) included on the claim, ForwardHealth will submit an invoice to the provider for the previously paid claim. The provider is required to seek reimbursement from the commercial health insurer upon receipt of this invoice using the commercial insurer's policies and designated procedure codes, modifiers, and units billed.

Topic #660

Purpose of Provider-Based Billing

The purpose of provider-based billing is to reduce costs by ensuring that providers receive maximum reimbursement from other health insurance sources that are primary to BadgerCare Plus or Wisconsin Medicaid. For example, a provider-based billing claim is created when BadgerCare Plus or Wisconsin Medicaid pays a claim and later discovers that other coverage exists or was made retroactive. Since BadgerCare Plus and Wisconsin Medicaid benefits are secondary to those provided by most other health insurance sources, providers are required to seek reimbursement from the primary payer, as stated in Wis. Admin. Code § DHS 106.03(7).

Topic #658

Questions About Provider-Based Billing

For questions about provider-based billing claims that are within the 120-day limit, providers may call the Coordination of Benefits Unit at 608-243-0676. Providers may fax the corresponding Provider-Based Billing Summary to 608-221-4567 at the time of the telephone call.

For questions about provider-based billing claims that are **not** within the 120-day limit, providers may call Provider Services.

Topic #661

Receiving Notification

When a provider-based billing claim is created, the provider will receive the following:

- A notification letter.
- A Provider-Based Billing Summary. The summary lists each claim from which a provider-based billing claim was created. The summary also indicates the corresponding primary payer for each claim and necessary information for providers to review and handle each claim.

If a member has coverage through multiple other health insurance sources, the provider may receive additional provider-based billing summaries and provider-based billing claims for each other health insurance source that is on file.

Accessing Provider-Based Billing Summary Reports

Providers can retrieve provider-based billing summary reports through the Portal by logging in to their secure provider Portal account. Once logged in, providers can click the Provider Based Bills (PBB) link located in the Quick Links box of the Providers area of the Portal to access the Provider Based Billing page. This page has links for the provider to download provider-based summary reports in .csv or .pdf format.

Refer to the Provider-Based Billing Retrieval User Guide for step-by-step instructions on how to access the Provider Based Billing page and download provider-based summary reports.

Note: ForwardHealth also sends the paper provider-based billing summary report to the provider's "mail to" address on file in the Portal.

The provider-based billing process runs monthly on the first full weekend of every month and files are available once the process is completed.

Topic #659

Responding to ForwardHealth After 120 Days

If a response is not received within 120 days, the amount originally paid by BadgerCare Plus or Wisconsin Medicaid will be withheld from future payments. This is not a final action. To receive payment after the original payment has been withheld, providers are required to submit the required documentation to the appropriate address as indicated in the following tables. For DOS (dates of service) that are within claims submission deadlines, providers should refer to the first table. For DOS that are beyond claims submission deadlines, providers should refer to the second table.

Within Claims Submission Deadlines		
Scenario	**Documentation Requirement**	**Submission Address**
The provider discovers through the EVS (Enrollment Verification System) that ForwardHealth has removed or enddated the other health insurance coverage from the member's file.	A claim according to normal claims submission procedures (do **not** use the provider-based billing summary).	ForwardHealth Claims and Adjustments 313 Blettner Blvd Madison WI 53784
The provider discovers that the member's other coverage information (that is, enrollment dates) reported by the EVS is invalid.	• A Commercial Other Coverage Discrepancy Report (F-01159 (04/2017)) form or Medicare Other Coverage Discrepancy Report (F-02074 (04/2018)) form. • A claim according to normal claims submission procedures after verifying that the member's other coverage information has been updated by using the EVS (do **not** use the provider-based billing summary).	Send the Commercial Other Coverage Discrepancy Report form or Medicare Other Coverage Discrepancy Report form to the address indicated on the form. Send the claim to the following address: ForwardHealth Claims and Adjustments 313 Blettner Blvd Madison WI 53784
The other health insurance source reimburses or partially reimburses the provider-based billing claim.	• A claim according to normal claims submission procedures (do **not** use the provider-based billing summary). • The appropriate other insurance indicator on the claim or complete and submit the Explanation of Medical Benefits form, as applicable. • The amount received from the other health insurance source on the claim or complete and submit the Explanation of Medical Benefits form, as applicable.	ForwardHealth Claims and Adjustments 313 Blettner Blvd Madison WI 53784

The other health insurance source denies the provider-based billing claim.	A claim according to normal claims submission procedures (do **not** use the provider-based billing summary). The appropriate other insurance indicator or Medicare disclaimer code on the claim or complete and submit the Explanation of Medical Benefits form, as applicable.	ForwardHealth Claims and Adjustments 313 Blettner Blvd Madison WI 53784
The commercial health insurance carrier does not respond to an initial **and** follow-up provider-based billing claim.	A claim according to normal claims submission procedures (do **not** use the provider-based billing summary). The appropriate other insurance indicator on the claim or complete and submit the Explanation of Medical Benefits form, as applicable.	ForwardHealth Claims and Adjustments 313 Blettner Blvd Madison WI 53784

Beyond Claims Submission Deadlines		
Scenario	**Documentation Requirement**	**Submission Address**
The provider discovers through the EVS that ForwardHealth has removed or enddated the other health insurance coverage from the member's file.	A claim (do **not** use the provider-based billing summary). A Timely Filing Appeals Request (F-13047 (08/2015)) form according to normal timely filing appeals procedures.	ForwardHealth Timely Filing Ste 50 313 Blettner Blvd Madison WI 53784
The provider discovers that the member's other coverage information (that is, enrollment dates) reported by the EVS is invalid.	A Commercial Other Coverage Discrepancy Report form or Medicare Other Coverage Discrepancy Report form. **After** using the EVS to verify that the member's other coverage information has been updated, include both of the following: A claim (do **not** use the provider-based billing summary.) A Timely Filing Appeals Request form according to normal timely filing appeals procedures.	Send the Commercial Other Coverage Discrepancy Report form or Medicare Other Coverage Discrepancy Report form to the address indicated on the form. Send the timely filing appeals request to the following address: ForwardHealth Timely Filing Ste 50 313 Blettner Blvd Madison WI 53784
The commercial health insurance carrier reimburses or partially reimburses the provider-based billing claim.	A claim (do **not** use the provider-based billing summary). Indicate the amount received from the commercial health insurance on the claim or complete and submit the Explanation of Medical Benefits form, as applicable. A Timely Filing Appeals Request form according to	ForwardHealth Timely Filing Ste 50 313 Blettner Blvd Madison WI 53784

	normal timely filing appeals procedures.	

The other health insurance source denies the provider-based billing claim.	• A claim.
	• The appropriate other insurance indicator or Medicare disclaimer code on the claim or complete and submit the Explanation of Medical Benefits form, as applicable.
	• A Timely Filing Appeals Request form according to normal timely filing appeals procedures.
	• The Provider-Based Billing Summary.
	• Documentation of the denial, including any of the following:
	  ¡ Remittance information from the other health insurance source.
	  ¡ A written statement from the other health insurance source identifying the reason for denial.
	  ¡ A letter from the other health insurance source indicating a policy termination date that proves that the other health insurance source paid the member.
	  ¡ A copy of the insurance card or other documentation from the other health insurance source that indicates that the policy provides limited coverage such as pharmacy, dental, or Medicare supplemental coverage only.
	• The DOS, other health insurance source, billed amount, and procedure code indicated on the documentation must match the information on the Provider-Based Billing Summary.
		ForwardHealth
		Timely Filing

		313 Blettner Blvd
		Madison WI 53784

The commercial health insurance carrier does not respond to an initial and follow-up provider-based billing claim.	• A claim (do **not** use the provider-based billing summary). • The appropriate other insurance indicator on the claim or complete and submit the Explanation of Medical Benefits form, as applicable. • A Timely Filing Appeals Request form according to normal timely filing appeals procedures.	ForwardHealth Timely Filing Ste 50 313 Blettner Blvd Madison WI 53784

Topic #662

Responding to ForwardHealth Within 120 Days

Within 120 days of the date on the Provider-Based Billing Summary, the Provider-Based Billing Unit must receive documentation verifying that one of the following occurred:

- The provider discovers through the EVS (Enrollment Verification System) that ForwardHealth has removed or enddated the other health insurance coverage from the member's file.
- The provider verifies that the member's other coverage information reported by ForwardHealth is invalid.
- The other health insurance source reimbursed or partially reimbursed the provider-based billing claim.
- The other health insurance source denied the provider-based billing claim.
- The other health insurance source failed to respond to an initial **and** follow-up provider-based billing claim.

When responding to ForwardHealth within 120 days, providers are required to submit the required documentation to the appropriate address as indicated in the following table. If the provider's response to ForwardHealth does not include all of the required documentation, the information will be returned to the provider. The provider is required to send the complete information within the original 120-day limit.

Scenario	Documentation Requirement	Submission Address
The provider discovers through the EVS that ForwardHealth has removed or enddated the other health insurance coverage from the member's file.	- The Provider-Based Billing Summary. - Indication that the EVS no longer reports the member's other coverage.	ForwardHealth Provider-Based Billing PO Box 6220 Madison WI 53716-0220 Fax 608-221-4567

The provider discovers that the member's other coverage information (i.e., enrollment dates) reported by the EVS is invalid.	- The Provider-Based Billing Summary.
	- One of the following:
	  - The name of the person with whom the provider spoke and the member's correct other coverage information.
	  - A printed page from an enrollment website containing the member's correct other coverage information.
		ForwardHealth
		Provider-Based Billing
		PO Box 6220
		Madison WI 53716-0220
		Fax 608-221-4567

The other health insurance source reimburses or partially reimburses the provider-based billing claim.	- The Provider-Based Billing Summary. - A copy of the remittance information received from the other health insurance source. - The DOS (date of service), other health insurance source, billed amount, and procedure code indicated on the other insurer's remittance information must match the information on the Provider-Based Billing Summary. - A copy of the Explanation of Medical Benefits form, as applicable. *Note:* In this situation, ForwardHealth will initiate an adjustment if the amount of the other health insurance payment does not exceed the allowed amount (even though an adjustment request should not be submitted). However, providers (except nursing home and hospital providers) may issue a cash refund. Providers who choose this option should include a refund check but should not use the Claim Refund form.	ForwardHealth Provider-Based Billing PO Box 6220 Madison WI 53716-0220 Fax 608-221-4567
The other health insurance source denies	- The Provider-Based Billing Summary.	ForwardHealth

the provider-based billing claim.	▪ Documentation of the denial, including any of the following:
	  ▫ Remittance information from the other health insurance source.
	  ▫ A letter from the other health insurance source indicating a policy termination date that precedes the DOS.
	  ▫ Documentation indicating that the other health insurance source paid the member.
	  ▫ A copy of the insurance card or other documentation from the other health insurance source that indicates the policy provides limited coverage such as pharmacy, dental, or Medicare supplemental coverage.
	  ▫ A copy of the Explanation of Medical Benefits form, as applicable.
	▪ The DOS, other health insurance source, billed amount, and procedure code indicated on the documentation must match the information on the Provider-Based Billing Summary.

		Fax 608-221-4567

The other health insurance source fails to respond to the initial **and** follow-up provider-based billing claim.	▪ The Provider-Based Billing Summary. ▪ Indication that no response was received by the other health insurance source. ▪ Indication of the dates that the initial and follow-up provider-based billing claims were submitted to the other health insurance source.	ForwardHealth Provider-Based Billing PO Box 6220 Madison WI 53716-0220 Fax 608-221-4567

Topic #663

Submitting Provider-Based Billing Claims

For each provider-based billing claim, the provider is required to send a claim to the appropriate other health insurance source. The provider should add all information required by the other health insurance source to the claim. The providers should also attach additional documentation (e.g., Medicare's remittance information) if required by the other health insurance source.

Covered and Noncovered Services

Archive Date:01/02/2024

Covered and Noncovered Services:Codes

Topic #18957

Modifiers

When submitting claims or PA (prior authorization) requests for behavioral treatment services, providers are required to include a modifier with the procedure code to indicate the type of treatment (comprehensive or focused) that was provided. ForwardHealth recognizes modifier TG for comprehensive treatment claims and TF for focused treatment claims. In addition to the TG or TF modifiers, providers are also required to submit modifier AM when submitting claims or PA requests for team meetings. Providers are required to submit both the TF and 52 modifiers when submitting claims or PA requests for focused behavioral treatment when technicians are included on the treatment team. Each line of detail submitted on a claim or claim adjustment requires a modifier. Claims and claim adjustments submitted without the required modifier will be denied.

The following table lists the applicable modifiers providers are required to use when submitting claims for behavioral treatment services.

Modifier	Description	Notes
AM	Physician, team member service	Use with code 97156 when documentation supports that a team meeting was performed. This modifier is used in addition to modifiers TG or TF based on the level of service provided.
TG	Comprehensive level of service	Benefit covers high-intensity, early intervention comprehensive behavioral treatment.
TF	Focused level of service	Benefit covers time-limited lower-intensity treatment that focuses on specific behaviors or deficits.
52	Reduced Services	Use with procedure code 97153. This modifier is used in addition to modifier TF to signify the level of focused behavioral treatment that can be rendered by technicians.

Topic #18958

Place of Service Codes

Allowable POS (place of service) codes for the behavioral treatment benefit are listed in the following table. Behavioral assessment and treatment may occur in the home, community, or clinic. Based on standard Wisconsin Medicaid definitions of POS that constitute "home" and "clinic," the following codes are allowed.

POS Code	Description
02	Telehealth Provided Other than in Patient's Home
03	School
04	Homeless shelter
05	Indian Health Service free-standing facility
06	Indian Health Service provider-based facility

Note: When behavioral treatment services are provided in community settings, such as parks, public libraries, or stores, providers should list POS code 12 (home) on the claim.

Topic #18959

Procedure Codes

Use of CPT (Current Procedural Terminology) procedure codes and applicable modifiers is required on all behavioral treatment claims. Claims or claim adjustments received without an appropriate CPT code and corresponding modifier will be denied. The maximum allowable fee schedule indicates maximum allowable fees and copayment rates.

The following table lists CPT codes and applicable modifiers that providers are required to use when requesting PA (prior authorization) and submitting claims for behavioral treatment services. Information on PA coding guidance and procedure codes for claims when commercial health insurance is the primary payer is available. For the full description of current procedure codes and current CPT coding guidance, refer to the current year's CPT code books.

Note: ForwardHealth is required to comply with the CMS (Centers for Medicare & Medicaid Services) NCCI (National Correct Coding Initiative) standards. If NCCI standards change, ForwardHealth will comply with the updated standards.

Behavioral Treatment Procedure Codes

Service Type	Procedure Code	Procedure Code Description	Required Modifier*	Renderer	Required Documentation	ForwardHealth Limits
Assessment	97151	**Behavior identification assessment**, administered by a physician or other qualified healthcare professional, each 15 minutes of the physician's or other qualified healthcare professional's time face-to-face with patient and/or guardian(s)/caregiver(s) administering assessments and discussing findings and recommendations, and non-face-to-face analyzing past data, scoring/interpreting the assessment, and preparing the report/treatment plan	TG or TF	Licensed supervisor	• Time in/time out for both face-to-face and non-face-to-face time • Names of staff and caregiver(s) present • POS (place of service) • Assessment report • Plan of care • Renderer's signature	PA required for more than 96 units (24 hours) per calendar year; non-face-to-face time should not exceed face-to-face time.**

Assessment	97152	**Behavior identification-supporting assessment**, administered by one technician under the direction of a physician or other qualified healthcare professional, face-to-face with the patient, each 15 minutes	TG or TF	Licensed supervisor or treatment therapist	▪ Time in/time out ▪ Names of staff and caregiver(s) present ▪ POS ▪ Assessments completed ▪ Renderer's signature	Service is limited to two hours per DOS.
Treatment	97153	**Adaptive behavior treatment by protocol**, administered by technician under the direction of a physician or other qualified healthcare professional, face-to-face with one patient, each 15 minutes	TG, TF, or TF-52	Any level of behavioral treatment provider as indicated by modifier	▪ Time in/time out ▪ Names of staff and caregiver(s) present ▪ POS ▪ Goals addressed and data collected ▪ Renderer's signature	Units per week established via PA.
Treatment	97154	**Group adaptive behavior treatment by protocol**, administered by technician under the direction of a physician or other qualified health care professional, face-to-face with two or more patients, each 15 minutes	TG or TF	Any level of behavioral treatment provider	▪ Time in/time out ▪ Names of staff and caregiver(s) present ▪ POS ▪ Goals addressed and data collected ▪ Renderer's signature	PA required; limited to 8 units (2 hours) per member per DOS.
Treatment	97155	**Adaptive behavior treatment with protocol modification**, administered by physician or other qualified healthcare professional, which may include simultaneous direction of technician, face-to-face with one patient, each 15 minutes	TG or TF	Licensed supervisor or treatment therapist	▪ Time in/time out ▪ Names of staff and caregiver(s) present ▪ POS ▪ Goals addressed and data collected ▪ Renderer's signature	PA required; do not bill separately for 97153 during simultaneous direction of technician.***

Treatment	97156	**Family adaptive behavior treatment guidance**, administered by physician or other qualified health care professional (with or without the patient present), face-to-face with guardian(s)/caregiver(s), each 15 minutes (Family Treatment Guidance)	TG or TF	Licensed supervisor	▪ Time in/time out ▪ Names of staff and caregiver(s) present ▪ POS ▪ Potential treatment targets identified and/or discussed ▪ Training, demonstration, observation, and/or feedback provided ▪ Renderer's signature	PA required; limited to 8 units (2 hours) per DOS.
Treatment	97156	**Family adaptive behavior treatment guidance**, administered by physician or other qualified health care professional (with or without the patient present), face-to-face with guardian(s)/caregiver(s), each 15 minutes (Team Meeting)	TG or TF with AM (Physician, team member service)	Licensed supervisor or treatment therapist	▪ Time in/time out ▪ Names of staff and caregiver(s) present ▪ POS ▪ Potential treatment targets identified and/or discussed ▪ Renderer's signature	PA required; limited to 4 units (1 hour) per week.
Treatment	97158	**Group adaptive behavior treatment with protocol modification**, administered by physician or other qualified health care professional, face-to-face with multiple patients, each 15 minutes	TG or TF	Licensed supervisor or treatment therapist	▪ Time in/time out ▪ Names of staff and caregiver(s) present ▪ POS ▪ Goals addressed and data collected ▪ Renderer's signature	PA required; limited to 8 units (2 hours) per member per DOS.

* TG = Comprehensive treatment, TF = Focused treatment, TF-52 = Focused treatment that can be rendered by technicians

** Providers are required to document exceptional circumstances that require more than 50 percent non-face-to-face hours for behavior identification assessment (procedure code 97151)

*** Providers are required to request all direct treatment units for CPT procedure codes 97153 and 97155 by including the cumulative total of requested treatment units as a single line item using procedure code 97153. Direct treatment units submitted on claims using either of these CPT procedure codes will be deducted from the cumulative total of approved treatment units.

Topic #830

Valid Codes Required on Claims

ForwardHealth requires that all codes indicated on claims and PA (prior authorization) requests, including diagnosis codes, revenue codes, HCPCS (Healthcare Common Procedure Coding System) codes, HIPPS (Health Insurance Prospective Payment System) codes, and CPT (Current Procedural Terminology) codes be valid codes. Claims received without valid diagnosis codes, revenue codes, and HCPCS, HIPPS, or CPT codes will be denied; PA requests received without valid codes will be returned to the provider. Providers should refer to current national coding and billing manuals for information on valid code sets.

Code Validity

In order for a code to be valid, it must reflect the highest number of required characters as indicated by its national coding and billing manual. If a stakeholder uses a code that is not valid, ForwardHealth will deny the claim or return the PA request, and it will need to be resubmitted with a valid code.

Code Specificity for Diagnosis

All codes allow a high level of detail for a condition. The level of detail for ICD (International Classification of Diseases) diagnosis codes is expressed as the level of specificity. In order for a code to be valid, it must reflect the highest level of specificity (that is, contain the highest number of characters) required by the code set. For some codes, this could be as few as three characters. If a stakeholder uses an ICD diagnosis code that is not valid (that is, not to the specific number of characters required), ForwardHealth will deny the claim or return the PA request, and it will need to be resubmitted with a valid ICD diagnosis code.

Covered Services and Requirements

Topic #18978

An Overview

The ForwardHealth behavioral treatment benefit covers services designed specifically for adaptive behavior assessment and treatment. Treatment may be authorized for members with autism or other diagnoses or conditions associated with deficient adaptive or maladaptive behaviors.

The behavioral treatment benefit is administered fee-for-service for all Medicaid-enrolled members who demonstrate medical necessity for covered services. The behavioral treatment benefit is carved out of MCOs (managed care organizations), which include BadgerCare Plus and Medicaid SSI HMOs and special managed care plans. Special managed care plans include Children Come First, Wraparound Milwaukee, Care4Kids, Family Care, PACE (Program of All-Inclusive Care for the Elderly), and the Family Care Partnership Program, with PA (prior authorization) requests and claims processed by ForwardHealth instead of the member's HMO.

The primary goal of behavioral treatment is to prepare members and their families for successful long-term participation in normative settings and activities at home, in school, and in the community. Intensive, early intervention behavioral treatment is appropriate to close the developmental gap in young children. Lower-intensity treatment that focuses on specific behaviors or deficits is also available. Providers developing POC (plans of care) for early developmental delays should indicate specific, measurable goals that build toward this outcome.

ForwardHealth expects early, comprehensive behavioral treatment to result in meaningful progress for the member, such as:

- Substantial improvement on age-normed cognitive, communicative, and adaptive performance measures in comparison to same-age peers
- Reduction in interfering behaviors that allows the member to commence or return to participation in normative activities
- Increased independence as evidenced by decreased need for direct support and monitoring by parents, guardians, or paid staff

As the member approaches more age-typical functioning, such as successful participation in group learning and social activities with minimal to no support, fewer hours of treatment are appropriate to allow the member more opportunities for normative community participation. The POC should include treatment in settings and at a frequency that is likely to result in desired gains.

Behavioral treatment is also appropriate to address behaviors that prevent the member from living in the least restrictive, appropriate community setting. For members with ongoing, significant behavioral needs for whom early intervention is no longer appropriate, treatment should result in skill acquisition and behavioral improvement that allows the member to transition to a system of care without ongoing behavioral treatment (for example, family, personal care, supported employment). Providers developing POC for these members should prioritize the following:

- Addressing behavioral challenges that are preventing other professionals and caregivers from teaching new skills or supporting the member's day-to-day functioning
- Enhancing the member's safety
- Preparing the member for their next living or occupational environment

The plan must include an anticipated timeline with time or skill acquisition benchmarks that will result in a progressive transition to the member's next system of care.

ForwardHealth presumes that an extended course of behavioral treatment typically establishes the member's expected rate of behavior change. The number of goals and requested hours on the PA request must be realistic, given the member's established rate of behavioral change and ForwardHealth's expectation of meaningful behavioral improvement within 12 months. Goals must be consistent with the member's demonstrated needs and priorities, functionally useful for the member, and aimed at skills identified in the provider's transition/discharge criteria. Caregiver goals should address management of the member's behavior and increase the member's independence with self-care skills. Providers are reminded that not all beneficial skills are considered medically necessary.

If an extended course of behavioral treatment has not effectively reduced the member's need for direct support and monitoring, ForwardHealth may regard this as failure to prove the medical value or usefulness of the service. ForwardHealth will only authorize services that meet the standard of medical necessity as defined under Wis. Admin. Code § DHS 101.03(96m).

Covered Services

Covered services within the following categories are covered under the behavioral treatment benefit:

- Behavior identification assessment and POC development
- Comprehensive behavioral treatment
- Focused behavioral treatment
- Behavioral treatment with protocol modification
- Family adaptive behavior treatment guidance
  - Team meetings
  - Family treatment guidance
- Group behavioral treatment

A list of allowable procedure codes and modifiers is available.

Note: The behavioral treatment benefit does not include screening or diagnostic services such as developmental screening, psychological testing, neuropsychological testing, genetic testing, or other necessary medical evaluations. ForwardHealth covers these services through existing benefits for physician services or outpatient mental health. A comprehensive diagnosis precedes a referral for behavioral treatment services. The behavior identification assessment covered under the behavioral treatment benefit includes only those activities necessary to identify and define the behaviors to be addressed, establish the member's baseline performance, and develop a POC.

Topic #18979

Behavior Identification Assessment and Plan of Care Development

ForwardHealth covers clinical assessment activities used to identify target behaviors and to develop a POC (plan of care) (i.e., treatment plan, protocol) for the member. Covered assessment activities include:

- Administration of assessments
- Discussion of findings and recommendations
- Analyzing data
- Scoring and interpreting assessments
- Preparing the report/POC

These assessment activities must be conducted by licensed supervisors, although behavior identification supporting assessments may be designed by the licensed supervisor and implemented by a treatment therapist. Behavior identification assessment services generally do not require PA (prior authorization). ForwardHealth covers up to 96 units/24 hours of behavioral identification assessment services within a calendar year without PA. This service includes a combination of face-to-face and non-face-to-face activities. Providers conducting behavior identification assessments should spend at least half of the assessment time in a face-to-face setting with the member.

If more non-face-to-face time is needed, providers must document the unique clinical circumstances that justify the additional non-face-to-face time relative to the face-to-face assessment services. Providers are required to submit a Prior Authorization Amendment Request (F-11042 (07/2012)) for additional units beyond 96 units/24hours.

Behavior identification supporting assessments may be conducted by licensed supervisor to finalize or fine-tune the baseline results or POC. Supporting assessment may be provided for up to two hours may be billed per DOS (date of services) and do not count towards the 24-hour limit for behavior identification assessments.

Topic #18980

Behavioral Treatment With Protocol Modification

For both comprehensive and focused treatment, ForwardHealth covers services where the licensed supervisor or treatment therapist resolves

issues with, or otherwise makes changes to, the existing treatment protocol or POC (Plan of Care) in order to improve outcomes for the member.

Adaptive behavioral treatment with protocol modification is administered by the licensed supervisor or treatment therapist who is face to face with a single member. The service may include simultaneous direction of a technician, guardian, and/or caregiver who is face to face with a member.

In general, providers may request up to one hour of protocol modification for each five hours of direct behavioral treatment. Providers may submit prior authorization amendment requests to seek additional units if the member's unique circumstances warrant direction of staff in excess of one hour per five hours of direct behavioral treatment.

Topic #19098

Care Collaboration

Care collaboration (or case sharing) is treatment by two providers of different disciplines **during overlapping episodes of care** but does not include co-treatment. Behavioral treatment providers may share a case with the following types of providers:

- Case management
- Day treatment
- Home health services
- Intensive in-home mental health and substance abuse services
- Outpatient mental health
- Personal care
- Psychosocial rehabilitation (for example, CCS (comprehensive community services), CRS (community recovery services), and CSP (community support programs))
- Therapy

Behavioral treatment providers are required to document their communication with these other providers regarding the member's needs, POC (plan of care), and scheduling. This will ensure coordination of services and continuity of care and will prevent duplication of services provided to a member.

Topic #19097

Co-treatment

Co-treatment is simultaneous treatment by two providers of different disciplines **during a single member encounter**. Co-treatment may be authorized when the treatment approach is medically necessary to optimize the member's benefit from behavioral treatment. Behavioral treatment providers may provide co-treatment with the following types of providers:

- Therapy
- Outpatient mental health
- PDN (Private duty nursing)

Behavioral treatment providers are required to specify on the initial PA (prior authorization) request or on a PA amendment request the plan for co-treatment with another provider. Co-treatment occurs when the member is present with both providers for a joint intervention, but it does not include professional collaboration or consultation. Co-treatment requests should address the specific and unique contribution of each provider.

If co-treatment is approved, two providers of different disciplines can be reimbursed by ForwardHealth for the same time period. For example, if a member is treated by an SLP (speech and language pathology) provider and a behavioral treatment provider from 1:00 p.m. to 2:00 p.m., both providers could receive ForwardHealth reimbursement for one hour of treatment time. However, if co-treatment is not approved, neither the SLP provider nor the behavioral treatment provider would receive reimbursement for one hour. Instead, each provider could receive reimbursement for 30 minutes of treatment time.

Topic #18997

Comprehensive Behavioral Treatment

Comprehensive behavioral treatment may be provided by licensed supervisors, treatment therapists, or treatment technicians.

The behavioral treatment benefit covers high-intensity, early-intervention comprehensive behavioral treatment typically lasting for a year or more. The aim of comprehensive treatment is for the member to acquire a broad base of skills (e.g., communication, social-emotional development, adaptive functioning) with an emphasis on "closing the developmental gap" between the member and same-age peers in the primary deficit areas associated with autism. The broad scope of goals and focus on early developmental impacts are the defining features of this treatment. Comprehensive treatment must be administered face-to-face with the member. Only face-to-face services are reimbursable.

PA (prior authorization) requirements for comprehensive behavioral treatment are available.

ForwardHealth reimburses comprehensive behavioral treatment services under federal EPSDT (Early and Periodic Screening, Diagnosis and Treatment) authority. EPSDT authority limits services to ForwardHealth members under 21 years of age. PA requests and claim submissions for comprehensive behavioral treatment for members 21 years of age or older will be denied by ForwardHealth.

Hours of Treatment

ForwardHealth authorizes comprehensive treatment for no fewer than 20 hours per week at the outset of treatment. Fewer than 20 hours of comprehensive treatment may be approved as part of a planned reduction in hours following a course of high-intensity treatment.

Location of Treatment

Treatment may occur in the member's home, the provider's office, or in the community.

Topic #19019

Concurrent Behavioral Treatment and Behavioral Health Services

ForwardHealth will allow for the concurrent delivery of behavioral treatment services with behavioral health services when both services are identified as medically necessary, per Wis. Admin. Code § DHS 101.03(96m).

ForwardHealth recognizes that coordinated services between behavioral treatment and behavioral health providers may be clinically appropriate.

Topic #44

Definition of Covered Services

A covered service is a service, item, or supply for which reimbursement is available when **all** program requirements are met. Wis. Admin. Code § DHS 101.03(35) and ch. DHS 107 contain more information about covered services.

Topic #18998

Documentation Requirements

Behavioral treatment providers are required to maintain documentation in accordance with Wis. Admin. Code ch. DHS 106 and other applicable laws and rules. According to Wis. Admin. Code § DHS 106.02(9)(f), covered services are not reimbursable under Wisconsin Medicaid unless the documentation and medical record keeping requirements are met. Providers are required to be able to produce documentation upon request from the Wisconsin DHS (Department of Health Services) or federal auditors. Documentation is evaluated by DHS during the audit process.

Topic #21337

Expectations and Documentation Requirements for Collaborating Providers

Whether or not PA (prior authorization) is required for a service, each provider must separately document their collaboration with the other provider in the member's medical record. The documentation must include services the member is receiving from the other provider and the current schedule of services or the frequency of services from both providers. This will ensure better coordination and continuity of care and will prevent duplication of services.

ForwardHealth requires providers to coordinate with each other at least once every six months, or more often if indicated by the member's condition.

The following shows care collaboration requirements for a collaborating behavioral health provider under two possible scenarios:

- If a behavioral health provider intends to provide a service that requires PA, the behavioral health provider must include the mode and frequency of the coordination between themselves and the collaborating behavioral treatment provider in the PA request and the member's medical record.
- If a behavioral health provider is providing a service that does not require PA, the behavioral health provider must document coordination between themselves and the collaborating behavioral treatment provider in the member's medical record.

Services That Require PA

Collaborating providers must include the following information in their PA request:

- The concurrent services received by the member
- The mode and frequency of the care collaboration between providers (for example, phone calls, meetings, the member's weekly schedule)

Note: ForwardHealth may request additional information, if needed, to establish the medical necessity of the service.

In the event a provider experiences challenges obtaining the required documentation from their collaborating provider, ForwardHealth recommends that the provider submit the PA request, detailing the barriers to obtaining the required documentation. ForwardHealth will consider the current barriers and may allow flexibility to authorize services as appropriate.

Topic #18999

Family Adaptive Behavior Treatment Guidance

The aim of family adaptive behavior treatment guidance is to teach parents and/or caregivers to properly use treatment procedures designed to teach new skills and reduce challenging behaviors. Covered activities include face-to-face instruction to parents and/or caregivers, with or without the member present, with a focus on identifying problem behaviors and deficits following the POC (plan of care), to reduce maladaptive behaviors and/or skill deficits.

ForwardHealth covers both team meetings and family treatment guidance under family adaptive behavior treatment guidance as these are considered related, but distinct, services. Team meetings and family treatment guidance require PA (prior authorization).

Family Treatment Guidance

ForwardHealth covers treatment guidance provided to the member's family and caregivers. This service must include specific measurable goals.

ForwardHealth covers family treatment guidance under CPT (Current Procedural Terminology) procedure code 97156 (**Family adaptive behavior guidance**, administered by physician or other qualified health care professional [with or without the patient present], face-to-face with guardian[s]/caregiver[s], each 15 minutes). Procedure code 97156 is used with modifier TG (Comprehensive level of service) or TF

(Focused level of service), as appropriate. Family treatment guidance may satisfy the ForwardHealth direct patient observation requirements for licensed supervisors if clinical notes reflect that the member was present and the provider engages inactivities directly involving the member, such as demonstration protocols or coaching family members in the implementation of a protocol.

In order for family treatment guidance to be reimbursable, providers are required to document all of the following:

- DOS (date of service)
- Information collected from the family
- Information shared with the family
- Length of the meeting, including time in and out
- Measurable family goals addressed
- Name of the licensed supervisor and family members or caregivers that were present
- Update of family goals resulting from the family treatment guidance session
- Renderer's signature

Regardless of the number of participants, family treatment guidance is reimbursed up to two hours per DOS. The licensed supervisor is required to be indicated as the rendering provider on the claim.

Team Meetings

ForwardHealth covers team meeting services with PA. In team meeting services, licensed supervisors or treatment therapists meet with a member's parent(s) or caregiver(s) and the behavioral treatment team to discuss the member's progress and to help the team and caregivers learn how to:

- Identify behavioral problems.
- Implement treatment strategies to minimize destructive behavior.
- Participate in the treatment of the member.

ForwardHealth covers team meeting services under CPT code 97156. Procedure code 97156 is used with modifier AM (Physician, team member service) in addition to modifier TG or TF, as appropriate. As indicated in the code description, the service is delivered "with or without the member present."

In order for team meeting services to be reimbursable, providers are required to document all of the following:

- Goals resulting from the meeting
- Learning objectives that were targeted
- Length of the meeting
- Names of the parents, caregivers, and team members who were present
    - Comprehensive — In addition to the parents or caregivers, a licensed supervisor or treatment therapist and other treatment team member(s) must be present in order for the meeting to qualify as a team meeting
    - Focused — In addition to the parents or caregivers, a licensed supervisor and other treatment team member(s) must be present in order for the meeting to qualify as a team meeting
- Outcome of the learning objectives
- Renderer's signature

Team meetings are reimbursed up to one hour per week, as long as PA is received from ForwardHealth. Team meeting services must be requested as a separate line item on the PA request. Regardless of the number of participants, the team meeting is reimbursed once per member per DOS. Either the licensed supervisor or treatment therapist — who must be documented as present and leading the meeting — is required to be indicated as the rendering provider on the claim. Team meeting services may satisfy the ForwardHealth direct patient observation requirements for licensed supervisors if clinical notes reflect that the member was present and provider engaged in activities directly involving the member, such as demonstration protocols or coaching team members in the implementation of a protocol.

PA (prior authorization) requirements for team meeting services are available.

Further claim submission information is also available.

All documentation requirements must be met for team meeting services to be reimbursable by ForwardHealth.

Topic #19017

Focused Behavioral Treatment

Focused treatment may be provided by licensed supervisors, treatment therapists, or treatment technicians.

ForwardHealth covers time-limited, lower-intensity treatment that focuses on specific behaviors or deficits. The aim of focused behavioral treatment is to reduce challenging behaviors of the member, develop replacement behaviors, and develop discrete skills that enhance personal independence. A narrow scope of goals and a 12-month timeline for goal mastery are the defining features of focused treatment, in contrast to the broad scope of goals with comprehensive treatment. Focused treatment must be administered face-to-face with the member. Only face-to-face services are reimbursable.

ForwardHealth covers the following two levels of focused behavioral treatment:

- Focused treatment for members whose significant maladaptive behavior (e.g., aggression, self-injury, property destruction) or complex conditions (e.g., comorbid mental health diagnoses) require skilled direct treatment by licensed supervisors and/or treatment therapists.
- Focused treatment to address specific behaviors or skill deficits for members with ongoing behavioral needs for whom early intervention is no longer appropriate. Focused treatment to address skill building or management of low-level behaviors can be safely and effectively addressed by treatment technicians. ForwardHealth covers symptoms or behaviors associated with a diagnosed condition that impairs or limits the member's functional community living but does not cover skill acquisition unrelated to functional community living.

These two levels of focused behavioral treatment are distinguished for the purpose of PA (prior authorization) and claims via modifiers.

ForwardHealth adjudicates PA requests based on individual needs and circumstances of members. Treatment plans may be reviewed for appropriateness of the member's full schedule of cognitive and social demands.

Location of Treatment

Treatment may occur in the member's home, the provider's office, or in the community.

Requirements for Technicians Delivering Focused Behavioral Treatment

Behavioral treatment technicians may deliver focused behavioral treatment under the following conditions:

- PA requests must be submitted by a behavioral treatment licensed supervisor.
- The licensed supervisor must attest that treatment technicians can safely and effectively implement the POC (plan of care). ForwardHealth will review all information in the client's file to evaluate whether technicians are appropriate providers. Services will be authorized based on ForwardHealth's determination of the appropriate provider level.
- A licensed supervisor or treatment therapist must provide regular face-to-face observation with simultaneous direction of behavioral treatment technicians during delivery of direct treatment. ForwardHealth requires a minimum of one hour of direct case supervision per 10 hours of direct treatment provided by treatment technicians.
- The reimbursement rate for behavioral treatment technicians is the same for both focused and comprehensive behavioral treatment.

Enrollment for Technicians

Behavioral treatment technicians should enroll under the behavioral treatment technician provider specialty. Only one enrollment per technician is required, even if the technician will render both comprehensive and focused behavioral treatment.

Topic #22657

Group Treatment

Group behavioral treatment is defined as a single session having a minimum of two and maximum of eight members per group and is facilitated by:

- A single provider servicing multiple members during a single session.

- A secondary assisting provider, who may be reimbursed for a group of four or more members.

Provider and Member Eligibility

Medicaid-enrolled behavioral treatment licensed supervisors and behavioral treatment therapists may render group adaptive behavior treatment with protocol modification as the provider leading the group. A secondary assisting provider may render group adaptive behavior treatment by protocol for group sizes of four or more members. Secondary assisting providers may be a behavioral treatment licensed supervisor, behavioral treatment therapist, or behavioral treatment technician.

Treatment may be authorized for members with diagnoses or conditions associated with deficient adaptive or maladaptive behavior when the provider demonstrates the medical necessity of the proposed group behavioral treatment service for the member via the PA (prior authorization) request process.

Coverage Limitations

Coverage is limited to no more than eight units (two hours) total per member per day. A member receiving comprehensive treatment must receive one-on-one treatment to be approved for group treatment. However, ForwardHealth may reimburse group treatment exclusively when members receive focused treatment.

Providers may determine the most clinically appropriate place of service for group behavioral treatment services.

Topic #22917

Interpretive Services

ForwardHealth reimburses interpretive services provided to BadgerCare Plus and Medicaid members who are deaf or hard of hearing or who have LEP (limited English proficiency). A member with LEP is someone who does not speak English as their primary language and who has a limited ability to read, speak, write, or understand English.

Interpretive services are defined as the provision of spoken or signed language communication by an interpreter to convey a message from the language of the original speaker into the language of the listener in real time (synchronous) with the member present. This task requires the language interpreter to reflect both the tone and the meaning of the message.

Only services provided by interpreters of the spoken word or sign language will be covered with the HCPCS (Healthcare Common Procedure Coding System) procedure code T1013 (Sign language or oral interpretive services, per 15 minutes). Translation services for written language are not reimbursable with T1013, including services provided by professionals trained to interpret written text.

Covered Interpretive Services

ForwardHealth covers interpretive services for deaf or hard of hearing members or members with LEP when the interpretive service and the medical service are provided to the member on the same DOS (date of service) and during the same time as the medical service. A Medicaid-enrolled provider must submit for interpretive services on the same claim as the medical service, and the DOS they are provided to the member must match. Interpretive services cannot be billed by HMOs and MCOs (managed care organizations). Providers should follow CPT (Current Procedural Terminology) and HCPCS coding guidance to appropriately document and report procedure codes related to interpretive and medical services on the applicable claim form. Time billed for interpretive services should reflect time spent providing interpretation to the member. At least three people must be present for the services to be covered: the provider, the member, and the interpreter.

Interpreters may provide services either in-person or via telehealth. Services provided via telehealth must be functionally equivalent to an in-person visit, meaning that the transmission of information must be of sufficient quality as to be the same level of service as an in-person visit. Transmission of voices, images, data, or video must be clear and understandable. Both the distant and originating sites must have the requisite equipment and staffing necessary to provide the telehealth service.

Billing time for documentation of interpretive services will be considered part of the service performed. BadgerCare Plus and Wisconsin Medicaid have adopted the federal "Documentation Guidelines for Evaluation and Management Services" (CMS (Centers for Medicare & Medicaid Services) 2021 and 2023) in combination with BadgerCare Plus and Medicaid policy for E&M (evaluation and management) Services.

Most Medicaid-enrolled providers, including border-status or out-of-state providers, are able to submit claims for interpretive services.

Standard ForwardHealth policy applies to the reimbursement for interpretive services for out-of-state providers, including PA (prior authorization) requirements.

Interpretive Services Provided Via Telehealth for Out-of-State Providers

ForwardHealth requirements for services provided via telehealth by out-of-state providers are the same as the ForwardHealth policy for services provided in-person by out-of-state providers. Requirements for out-of-state providers for interpretive services are the same whether the service is provided via telehealth or in-person. Out-of-state providers who are not enrolled as either border-status or telehealth-only border-status providers are required to obtain PA before providing services via telehealth to BadgerCare Plus or Medicaid members. The PA would indicate that interpretive services are needed.

Documentation

While not required for submitting a claim for interpretive services, providers must include the following information in the member's file:

- The interpreter's name and/or company
- The date and time of interpretation
- The duration of the interpretive service (time in and time out or total duration)
- The amount submitted by the medical provider for interpretive services reimbursement
- The type of interpretive service provided (foreign language or sign language)
- The type of covered service(s) the provider is billing for

Third-Party Vendors and In-House Interpreters

Providers may be reimbursed for the use of third-party vendors or in-house interpreters supplying interpretive services.

Providers are reminded that HIPAA (Health Insurance Portability and Accountability Act of 1996) confidentiality requirements apply to interpretive services. When a covered entity or provider utilizes interpretive services that involve PHI (protected health information), the entity or provider will need to conduct an accurate and thorough assessment of the potential risks and vulnerabilities to PHI confidentiality, integrity, and availability. Each entity or provider must assess what are reasonable and appropriate measures for their situation.

Limitations

There are no limitations for how often members may utilize interpretive services when the interpretive service is tied to another billable medical service for the member for the same DOS.

Claims Submission

To receive reimbursement, providers may bill for interpretive services on one of the following claim forms:

- 1500 Health Insurance Claim Form ((02/12)) (for dental, professional, and professional crossover claims)
- Institutional UB-04 (CMS 1450) claim form (for outpatient crossover claims and home health/personal care claims)

Noncovered Services

The following will not be eligible for reimbursement with procedure code T1013:

- Interpretive services provided in conjunction with a noncovered, non-reimbursable, or excluded service
- Interpretive services provided by the member's family member, such as a parent, spouse, sibling, or child
- The interpreter's waiting time and transportation costs, including travel time and mileage reimbursement, for interpreters to get to or from appointments
- The technology and equipment needed to conduct interpretive services
- Interpretive services provided directly by the HMOs and MCOs are not billable to ForwardHealth for reimbursement via procedure code T1013

Cancellations or No Shows

Providers cannot submit a claim for interpretive services if an appointment is cancelled, the member or the interpreter is a no-show (is not present), or the interpreter is unable to perform the interpretation needed to complete the appointment successfully.

Procedure Code and Modifiers

Providers must submit claims for interpretive services and the medical service provided to the member on separate details on the same claim.

Procedure code T1013 is a time-based code, with 15-minute increments. Rounding up to the 15-minute mark is allowable if at least eight minutes of interpretation were provided.

Providers should use the following rounding guidelines for procedure code T1013.

Time (Minutes)	Number of Interpretation Units Billed
8–22 minutes	1.0 unit
23–37 minutes	2.0 units
38–52 minutes	3.0 units
53–67 minutes	4.0 units
68–82 minutes	5.0 units
83–97 minutes	6.0 units

Claims for interpretive services must include HCPCS procedure code T1013 and the appropriate modifier(s):

- U1 (Spoken language)
- U3 (Sign Language)
- GT (Via interactive audio and video telecommunication systems)
- 93 (Synchronous telemedicine service rendered via telephone or other real-time interactive audio-only telecommunications system)

Providers should refer to the interactive maximum allowable fee schedules for the reimbursement rate, covered provider types and specialties, modifiers, and the allowable POS (place of service) codes for procedure code T1013.

Delivery Method of Interpretive Services	Definition for Sign Language and Foreign Language Interpreters		Modifiers
In person (foreign language and sign language)	When the interpreter is physically present with the member and provider		U1 or U3
Telehealth* (foreign language and sign language)	When the member is located at an originating site and the interpreter is available remotely (via audio-visual or audio only) at a distant site		U1 or U3 **and** GT or 93
	Phone (foreign language only)	When the interpreter is not physically present with the member and the provider and interprets via audio-only through the phone	U1 **and** 93
	Interactive video (foreign language and	When the interpreter is not physically present with the member and the provider and interprets on interactive video	U1 or U3 **and**

	sign language)		GT

*Any telehealth service must be provided using HIPAA-compliant software or delivered via an app or service that includes all the necessary privacy and security safeguards to meet the requirements of HIPAA.

Dental Providers

Dental providers submitting claims for interpretive services are not required to include a modifier with procedure code T1013. Dental providers should retain documentation of the interpretive service in the member's records.

Allowable Places of Service

Claims for interpretive services must include a valid POS (place of service) code where the interpretive services are being provided.

Federally Qualified Health Centers

Non-tribal FQHCs (federally qualified health centers), also known as CHCs (community health centers), (POS code 50), will not receive direct reimbursement for interpretive services as these are indirect services assumed to be already included in the FQHC's bundled PPS (prospective payment system) rate. However, CHCs can still bill the T1013 code as an indirect procedure code when providing interpretive services. This billing process is similar to that of other indirect services provided by non-tribal FQHCs. This will enable DHS (Wisconsin Department of Health Services) to better track how FQHCs provide these services and process any future change in scope adjustment to increase their PPS rate that includes providing interpretive services.

Rural Health Clinics

RHCs (rural health clinics) (POS code 72) receives direct reimbursement for interpretive services. Procedure code T1013 should be billed when providing interpretive services.

Interpreter Qualifications

The two types of allowable interpreters include:

- Sign language interpreters—Professionals who facilitate the communication between a hearing individual and a person who is deaf or hard of hearing and uses sign language to communicate
- Foreign language interpreters—Professionals who are fluent in both English and another language and listen to a communication in one language and convert it to another language while retaining the same meaning

Qualifications for Sign Language Interpreters

For Medicaid-enrolled providers to receive reimbursement, sign language interpreters must be licensed in Wisconsin under Wis. Stat. § 440.032 and must follow the specific requirements regarding education, training, and locations where they are able to interpret. The billing provider is responsible for determining the sign language interpreter's licensure and must retain all documentation supporting it.

Qualifications for Foreign Language Interpreters

There is not a licensing process in Wisconsin for foreign language interpreters. However, Wisconsin Medicaid strongly recommends that providers work through professional agencies that can verify the qualifications and skills of their foreign language interpreters.

A competent foreign language interpreter should:

- Be at least 18 years of age.
- Be able to interpret effectively, accurately, and impartially, both receptively and expressively, using necessary specialized vocabulary.
- Demonstrate proficiency in English and another language and have knowledge of the relevant specialized terms and concepts in both languages.
- Be guided by the standards developed by the National Council on Interpreting Health Care.
- Demonstrate cultural responsiveness regarding the LEP language group being served including values, beliefs, practices, languages, and terminology.

Topic #84

Medical Necessity

Wisconsin Medicaid reimburses only for services that are medically necessary as defined under Wis. Admin. Code § DHS 101.03(96m). Wisconsin Medicaid may deny or recoup payment if a service fails to meet Medicaid medical necessity requirements.

Topic #86

Member Payment for Covered Services

Under state and federal laws, a Medicaid-enrolled provider may not collect payment from a member, or authorized person acting on behalf of the member, for covered services even if the services are covered but do not meet program requirements. Denial of a claim by ForwardHealth does not necessarily render a member liable. However, a covered service for which PA (prior authorization) was denied is treated as a noncovered service. (If a member chooses to receive an originally requested service instead of the service approved on a modified PA request, it is also treated as a noncovered service.) If a member requests a covered service for which PA was denied (or modified), the provider may collect payment from the member if certain conditions are met.

If a provider collects payment from a member, or an authorized person acting on behalf of the member, for a covered service, the provider may be subject to program sanctions including termination of Medicaid enrollment.

Topic #66

Program Requirements

For a covered service to meet program requirements, the service must be provided by a qualified Medicaid-enrolled provider to an enrolled member. In addition, the service must meet all applicable program requirements, including, but not limited to, medical necessity, PA (prior authorization), claims submission, prescription, and documentation requirements.

Topic #824

Services That Do Not Meet Program Requirements

As stated in Wis. Admin. Code § DHS 107.02(2), BadgerCare Plus and Wisconsin Medicaid may deny or recoup payment for covered services that fail to meet program requirements.

Examples of covered services that do not meet program requirements include the following:

- Services for which records or other documentation were not prepared or maintained
- Services for which the provider fails to meet any or all of the requirements of Wis. Admin. Code § DHS 106.03, including, but not limited to, the requirements regarding timely submission of claims
- Services that fail to comply with requirements or state and federal statutes, rules, and regulations
- Services that the Wisconsin DHS (Department of Health Services), the PRO (Peer Review Organization) review process, or BadgerCare Plus determines to be inappropriate, in excess of accepted standards of reasonableness or less costly alternative services, or of excessive frequency or duration
- Services provided by a provider who fails or refuses to meet and maintain any of the enrollment requirements under Wis. Admin. Code ch. DHS 105
- Services provided by a provider who fails or refuses to provide access to records
- Services provided inconsistent with an intermediate sanction or sanctions imposed by DHS

Noncovered Services

Topic #68

Definition of Noncovered Services

A noncovered service is a service, item, or supply for which reimbursement is not available. Wis. Admin. Code § DHS 101.03(103) and ch. 107 contain more information about noncovered services. In addition, Wis. Admin. Code § DHS 107.03 contains a general list of noncovered services.

Topic #19020

Services Not Covered Under the Behavioral Treatment Benefit

The following services are not covered by ForwardHealth **under the behavioral treatment benefit**:

- **Supportive services, such as respite care**
- **Services that are primarily recreation-oriented**
- **Noncovered services as defined in Wis. Admin. Code § DHS 107.02(2)**
- **Services that do not meet all clinical and coding guidelines**

Services Not Separately Reimbursable

The following services are not separately reimbursable by ForwardHealth **under the behavioral treatment benefit:**

- **Travel**—Time spent traveling by the provider
- **Case management services provided under Wis. Admin. Code § DHS 107.32**

Topic #104

Member Payment for Noncovered Services

A provider may collect payment from a member for noncovered services if certain conditions are met.

Providers may not collect payment from a member, or authorized person acting on behalf of the member, for certain noncovered services or activities provided in connection with covered services, including the following:

- Charges for missed appointments
- Charges for telephone calls
- Charges for time involved in completing necessary forms, claims, or reports
- Translation services

Missed Appointments

The federal CMS (Centers for Medicare and Medicaid Services) does not allow state Medicaid programs to permit providers to collect payment from a member, or authorized person acting on behalf of the member, for a missed appointment.

Avoiding Missed Appointments

ForwardHealth offers the following suggestions to help avoid missed appointments:

- Remind members of upcoming appointments (by telephone or postcard) prior to scheduled appointments.
- If a member needs assistance in obtaining transportation to a medical appointment, encourage the member to call the NEMT (non-

emergency medical transportation) manager contracted with the Wisconsin DHS (Department of Health Services). Most Medicaid and BadgerCare Plus members may receive NEMT services through the NEMT manager if they have no other way to receive a ride. Refer to the NEMT service area for more information.

- If the appointment is made through the HealthCheck screening or targeted case management programs, encourage the staff from those programs to ensure that the scheduled appointments are kept.

Translation Services

Translation services are considered part of the provider's overhead cost and are not separately reimbursable. Providers may not collect payment from a member, or authorized person acting on behalf of the member, for translation services.

Providers should call the Affirmative Action and Civil Rights Compliance Officer at 608-266-9372 for information about when translation services are required by federal law. Providers may also write to the following address:

AA/CRC Office
1 W Wilson St Rm 561
PO Box 7850
Madison WI 53707-7850

Telehealth

Topic #22737

Behavioral Health Telehealth Services

Behavioral health services should be indicated by the following modifiers.

Modifier	Description
FQ*	A telehealth service was furnished using audio-only communication technology
FR*	A supervising practitioner was present through a real-time two-way, audio/video communication technology
GQ	Via asynchronous telecommunications system
GT	Via interactive audio and video telecommunication systems

*Use for behavioral health services **only**.

Topic #22739

Originating and Distant Sites

The originating site is where the member is located during a telehealth visit. Only the provider at the originating site can bill for an originating site fee for hosting the member. The originating site should not use telehealth modifiers on the claims since all services are provided in-person. The distant site is where the provider is located during the telehealth visit. The provider who is providing health care services to the member via telehealth cannot bill the originating site fee because they are not hosting the member.

The following locations are eligible for the originating site fee under permanent telehealth policy:

- Office or clinic:
  - Medical
  - Dental
  - Therapies (physical therapy, occupational therapy, speech and language pathology)
  - Behavioral and mental health agencies
- Hospital
- Skilled nursing facility
- Community mental health center
- Intermediate care facility for individuals with intellectual disabilities
- Pharmacy
- Day treatment facility
- Residential substance use disorder treatment facility

Claims Submission and Reimbursement for Distant Site Providers

Claims for services provided via telehealth by distant site providers must be billed with the same procedure code as would be used for a face-to-face encounter along with modifiers GQ, GT, FQ, or 93.

Note: Only the service rendered from the distant site must be billed with modifier GQ. The originating site for asynchronous services is not eligible to receive an originating site fee.

Claims must also include either POS (place of service) code 02 or 10. ForwardHealth reimburses the service rendered by distant site providers at the same rate as when the service is provided face-to-face.

Ancillary Providers

Claims for services provided via telehealth by distant site ancillary providers should continue to be submitted under the supervising physician's NPI (National Provider Identifier) using the lowest appropriate level office or outpatient visit procedure code or other appropriate CPT (Current Procedural Terminology) code for the service performed. These services must be provided under the direct on-site supervision of a physician who is located at the same physical site as the ancillary provider and must be documented in the same manner as services that are provided face to face.

Refer to the Supervision topic for additional information.

Pediatric and Health Professional Shortage Area-Eligible Services

Claims for services provided via telehealth by distant site providers may additionally qualify for pediatric (services for members 18 years of age and under) or HPSA (Health Professional Shortage Area)-enhanced reimbursement. Pediatric and HPSA-eligible providers are required to indicate POS code 02 or 10, along with modifier GQ, GT, FQ, or 93 and the applicable pediatric or HPSA modifier, when submitting claims that qualify for enhanced reimbursement.

Claims Submission and Reimbursement for Originating Site Fee

In addition to reimbursement to the distant site provider, ForwardHealth reimburses an originating site fee for the staff and equipment at the originating site requisite to provide a service via telehealth. Eligible providers who serve as the originating site should bill the fee with HCPCS procedure code Q3014 (Telehealth originating site fee). Modifier GQ, GT, FQ, or 93 should not be included with procedure code Q3014.

Outpatient hospitals, including emergency departments, must bill HCPCS procedure code Q3014 on an institutional claim form as a separate line item with revenue code 0780. ForwardHealth will reimburse hospitals for the fee based on the standard hospital reimbursement methodology. ForwardHealth will reimburse these providers for the fee based on the provider's standard reimbursement methodology.

All other providers should bill HCPCS procedure code Q3014 with a POS code that represents where the member is located during the service. The POS must be a ForwardHealth-allowable originating site for HCPCS procedure code Q3014 in order to be reimbursed for the originating site fee. Billing-only provider types must include an allowable rendering provider on the claim form. The originating site fee is reimbursed based on a maximum allowable fee.

Although FQHCs are not directly reimbursed an originating site fee, HCPCS procedure code Q3014 should be billed for tracking purposes and for consideration in any potential future changes in scope.

To receive reimbursement, the originating site must:

- Utilize an interactive audiovisual telecommunications system that permits real-time communication between the provider at the distant site and the member at the originating site.
- Be in a physical location that ensures privacy.
- Provide access to broadband internet with sufficient bandwidth to transmit audio and video data.
- Provide access to support staff to assist with technical components of the telehealth visit.
- Be compliant with Health Insurance Portability and Accountability Act of 1996 standards.

Federally Qualified Health Centers and Rural Health Clinics

For the purpose of this Online Handbook topic, FQHC (Federally Qualified Health Center) refers to Tribal and Out-of-State FQHCs. This topic does not apply to Community Health Centers subject to PPS (prospective payment system) reimbursement.

FQHCs and RHCs (rural health clinics) may serve as originating site and distant site providers for telehealth services.

Distant Site

FQHCs and RHCs may report services provided via telehealth on the cost settlement report when the FQHC or RHC served as the distant site and the member is an established patient of the FQHC or RHC at the time of the telehealth service. For currently covered services, services that are considered direct when provided in-person will be considered direct when provided via telehealth for FQHCs.

Services billed with modifier GQ, GT, FQ, or 93 will be considered under the PPS (prospective payment system) reimbursement method for

non-tribal FQHCs. Billing HCPCS procedure code T1015 (Clinic visit/encounter, all-inclusive) with a telehealth procedure code will result in a PPS rate for fee-for-service encounters. Fee-for-service claims must include HCPCS procedure code T1015 when services are provided via telehealth in order for proper reimbursement.

Originating Site

The originating site fee is not a FQHC or RHC reportable encounter on the cost report. Any reimbursement for the originating site fee must be reported as a deductive value on the cost report.

Topic #22757

Supervision

Supervision requirements and respective telehealth allowances vary depending on service and provider type. Some supervision requirements necessitate the physical presence of the supervising provider to meet the requirements of appropriate delivery of supervision. Such requirements cannot be met through the provision of telehealth, including audio-visual delivery.

Providers who deliver services with supervision requirements are reminded to review ForwardHealth policy, including permanent telehealth policy, and the requirements of their licensing and/or certifying authorities to determine if the supervisory components of the service can be met via telehealth.

Supervision of Paraprofessional Providers

Paraprofessional providers are subject to supervision requirements. Paraprofessional providers are providers who do not hold a license to practice independently but are providing services under the direction of a licensed provider. Providers who supervise paraprofessionals are responsible for confirming if the required components of supervision can be met through telehealth delivery.

Personal Care/Home Health Provider Supervision

Supervision of PCWs (personal care workers) and home health aides must be performed on site and in person by the RN (registered nurse). State rules and regulations necessitate supervising providers to physically visit a member's home and directly observe the paraprofessional providing services.

Direct Supervision for Ancillary Care Providers

Ancillary providers have specific requirements when providing care via telehealth. These providers are health care professionals that are not enrolled in Wisconsin Medicaid, such as staff nurses, dietician counselors, nutritionists, health educators, genetic counselors, and some nurse practitioners who practice under the direct supervision of a physician and bill under the supervising physician's NPI (National Provider Identifier). (Nurse practitioners, nurse midwives, and anesthetists who are Medicaid-enrolled should refer to their service-specific area of the Online Handbook for billing information).

For telehealth services, the supervising physician is not required to be onsite, but they must be able to interact with the member using real-time audio or audiovisual communication, if needed. For supervision of ancillary providers, remote supervision is allowed in circumstances where the physician feels the member is not at risk of an adverse event that would require hands-on intervention from the physician.

Supervision for Behavioral Health Services

The FR modifier should be used for behavioral health services where the supervising provider is present through audio-visual means and the patient and supervised provider are in-person.

Documenting Supervision Method

Providers should include how the service and the required supervision occurred in the member record and, if applicable, indicate the appropriate modifier on the claim form. For example, for a behavioral health service where the supervising provider is present through audio-visual means and the patient and supervised provider are in-person, modifier FR should be indicated on the claim.

Topic #22837

Telehealth Definitions

General Telehealth Definitions

"Telehealth" means the use of telecommunications technology by a Medicaid-enrolled provider to deliver functionally equivalent health care services including: assessment, diagnosis, consultation, treatment, and transfer of medically relevant data. Telehealth may include real-time interactive audio-only communication. Telehealth does not include communication between a provider and a member that consists solely of an email, text, or fax transmission.

"Synchronous" telehealth services are two-way, real-time, interactive communications. They may include audio-only (telephone) or audio-visual communications.

"Asynchronous" telehealth services are defined as telehealth that is used to transmit medical data about a patient to a provider when the transmission is not a two-way, real-time, interactive communication.

"Functionally equivalent" means that when a service is provided via telehealth, the transmission of information must be of sufficient quality as to be the same level of service as an in-person visit. Transmission of voices, images, data, or video must be clear and understandable.

Telehealth Service Definitions

The following are definitions to clarify the meaning of existing terms that describe different modes of telehealth service delivery in telehealth policy.

"In-person" refers to when the provider rendering a service and the member receiving that service are located together physically in the same space. In-person services are not considered to be delivered through telehealth, including audio-visual telehealth, unless there are applicable supervision components and requirements that are rendered through telehealth outside of the direct patient contact by the provider.

"Face-to-face" refers to requirements that can be met either in-person or through real-time, interactive audio-visual telehealth. An interactive telehealth service with face-to-face components must be functionally equivalent to an in-person service. It is delivered from outside the physical presence of a Medicaid member by using audio-visual technology, and there is no reduction in quality, safety, or effectiveness. ForwardHealth does not consider a "face-to-face" requirement to be met by audio-only or asynchronous delivery of services.

Under telehealth policy, "direct" refers to an in-person contact between a member and a provider. Direct services often require a provider to physically touch or examine the recipient and delegation is not appropriate.

Topic #510

Telehealth Policy

Both synchronous (two-way, real-time, interactive communications) and asynchronous (information stored and forwarded to a provider for later review) services identified under permanent policy may be reimbursed when provided via telehealth (also known as "telemedicine"). ForwardHealth will require providers to follow permanent billing guidelines for both synchronous and asynchronous telehealth services.

Telehealth enables a provider who is located at a distant site to render the service remotely to a member located at an originating site using a combination of interactive video, audio, and externally acquired images through a networking environment.

"Telehealth" means the use of telecommunications technology by a Medicaid-enrolled provider to deliver functionally equivalent health care services including: assessment, diagnosis, consultation, treatment, and transfer of medically relevant data. Telehealth may include real-time interactive audio-only communication. Telehealth does not include communication between a provider and a member that consists solely of an email, text, or fax transmission.

"Functionally equivalent" means that when a service is provided via telehealth, the transmission of information must be of sufficient quality as to be the same level of service as an in-person visit. Transmission of voices, images, data, or video must be clear and understandable.

Note: Temporary telehealth policy that will become permanent policy shortly after the Federal Health Emergency expires is included in this topic.

Telehealth Policy Requirements

The following requirements apply to the use of telehealth:

- Both the member and the provider of the health care service must agree to the service being performed via telehealth. If either the member or provider decline the use of telehealth for any reason, the service should be performed in-person.
- The member retains the option to refuse the delivery of health care services via telehealth at any time without affecting their right to future care or treatment and without risking the loss or withdrawal of any program benefits to which they would otherwise be entitled.
- Medicaid-enrolled providers must be able and willing to refer members to another provider if necessary, such as when telehealth services are not appropriate or cannot be functionally equivalent, or the member declines a telehealth visit.
- Title VI of the Civil Rights Act of 1964 requires recipients of federal financial assistance to take reasonable steps to make their programs, services, and activities accessible by eligible persons with limited English proficiency.
- The Americans with Disabilities Act requires that health care entities provide full and equal access for people with disabilities.

Allowable Services

Providers should refer to the Max Fee Schedules page for a complete list of services allowed under permanent telehealth policy. Effective for dates of service on and after April 1, 2022, procedure codes for services allowed under permanent telehealth policy have POS codes 02 and 10 listed as an allowable POS in the fee schedule. Complete descriptions of these POS codes are as follows:

- POS code 02: Telehealth Provided Other Than in Patient's Home–The location where health services and health related services are provided or received through telecommunication technology. Patient is not located in their home when receiving health services or health related services through telecommunication technology.
- POS code 10: Telehealth Provided in Patient's Home–The location where health services and health related services are provided or received through telecommunication technology. Patient is located in their home (which is a location other than a hospital or other facility where the patient receives care in a private residence) when receiving health services or health related services through telecommunication technology.

Claims for services delivered via telehealth must include all modifiers required by the existing benefit coverage policy in order to reimburse the claim correctly. Telehealth delivery of the service is shown on the claim by indicating POS code 02 or 10 and including either the GQ, GT, FQ, or 93 modifier in addition to any other required benefit-specific modifiers.

County-administered programs, school-based services, and any other programs that utilize cost reporting must include required modifiers, such as renderer credentials and group versus individual services, as well as correct details for cost reporting to ensure correct reimbursement.

Note: The GT, FQ or 93 modifiers may not be listed on the fee schedule, but it is still required on all claim submissions that use POS code 02 or 10 to indicate the telehealth service was performed synchronously. The GQ modifier is required to indicate the telehealth service was performed asynchronously.

Services Not Appropriate Via Telehealth

Certain types of benefits or services that are not appropriately delivered via telehealth include:

- Services that are not covered when provided in-person.
- Services that do not meet applicable laws, regulations, licensure requirements, or procedure code definitions if delivered via telehealth.
- Services where a provider is required to physically touch or examine the recipient and delegation is not appropriate.
- Services the provider declines to deliver via telehealth.
- Services the recipient declines to receive via telehealth.
- Transportation services.
- Services provided by personal care workers, home health aides, private duty nurses, or school-based service care attendants.

Reimbursement for Covered Services

The health care provider at the distant site must determine the following:

- The service delivered via telehealth meets the procedural definition and components of the CPT or HCPCS procedure code, as defined by the American Medical Association, or the CDT (Current Dental Terminology) procedure code, as defined by the American Dental Association.
- The service is functionally equivalent to an in-person service for the individual member and circumstances.

Reimbursement is not available for services that cannot be provided via telehealth due to technical or equipment limitations.

Documentation Requirements

Documentation requirements for a telehealth service are the same as for an in-person visit and must accurately reflect the service rendered. Documentation must identify the delivery mode of the service when provided via telehealth and document the following:

- Whether the service was provided via audio-visual telehealth, audio-only telehealth, or via telehealth externally acquired images
- Whether the service was provided synchronously or asynchronously

Additional information for which documentation is recommended, but not required, includes:

- Provider location (for example, clinic [city/name], home, other)
- Member location (for example, clinic [city/name], home)
- All clinical participants, as well as their roles and actions during the encounter (This could apply if, for example, a member presents at a clinic and receives telehealth services from a provider at a different location).

As a reminder, documentation for originating sites must support the member's presence in order to submit a claim for the originating site fee. In addition, if the originating site provides and bills for services in addition to the originating site fee, documentation in the member's medical record should distinguish between the unique services provided.

Audio-Only Guidelines

When possible, telehealth services should include both an audio and visual component. In circumstances where audio-visual telehealth is not possible due to member preference or technology limitations, telehealth may include real-time interactive audio-only communication if the provider feels the service is functionally equivalent to the in-person service and there are no face-to-face or in-person restrictions listed in the procedural definition of the service.

Documentation should include that the service was provided via interactive synchronous audio-only telehealth.

Modifier 93 should be used for any service performed via audio-only telehealth. The GT modifier should only be used to indicate services that were performed using audio-visual technology.

Member Consent Guidelines for Telehealth

On at least an annual basis, providers should supply and document that:

- The member expressed an understanding of their right to decline services provided via telehealth.
- Providers should develop and implement their own methods of informed consent to verify that a member agrees to receive services via telehealth. These methods must comply with all federal and state regulations and guidelines.
- Providers have flexibility in determining the most appropriate method to capture member consent for telehealth services. Examples of allowable methods include educating the member and obtaining verbal consent prior to the start of treatment or telehealth consent and privacy considerations as part of the notice of privacy practices.

Privacy and Security

Providers are required to follow federal laws to ensure member privacy and security. This may include ensuring that:

- The location from which the service is delivered via telehealth protects privacy and confidentiality of member information and communications.
- The platforms used to connect to the member to the telehealth visit are secure.

Group Treatment

Additional privacy considerations apply to members participating in group treatment via telehealth. Group leaders should provide members with information on the risks, benefits, and limits to confidentiality related to group telehealth and document the member's consent prior to the first session. Group leaders should adhere to and uphold the highest privacy standards possible for the group.

Group members should be instructed to respect the privacy of others by not disclosing group members' images, names, screenshots, identifying details, or circumstances. Group members should also be reminded to prevent non-group members from seeing or overhearing telehealth sessions.

Providers may not compel members to participate in telehealth-based group treatment and should make alternative services available for members who elect not to participate in telehealth-based group treatment.

Costs Member Cannot Be Billed For

The following cannot be billed to the member:

- Telehealth equipment like tablets or smart devices
- Charges for mailing or delivery of telehealth equipment
- Charges for shipping and handling of:
  - Diagnostic tools
  - Equipment to allow the provider to assess, diagnose, repair, or set up medical supplies online such as hearing aids, cochlear implants, power wheelchairs, or other equipment

Allowable Providers

There is no restriction on the location of a distant site provider. In addition, there are no limitations on what provider types may be reimbursed for telehealth services.

Requirements and Restrictions

Services provided via telehealth must be of sufficient audio and visual fidelity and clarity as to be functionally equivalent to a face-to-face visit where both the rendering provider and member are in the same physical location. Both the distant and originating sites must have the requisite equipment and staffing necessary to provide the telehealth service.

Coverage of a service provided via telehealth is subject to the same restrictions as when the service is provided face to face (for example, allowable providers, multiple service limitations, PA (prior authorization)).

Providers are reminded that HIPAA (Health Insurance Portability and Accountability Act of 1996) confidentiality requirements apply to telehealth services. When a covered entity or provider utilizes a telehealth service that involves PHI (protected health information), the entity or provider will need to conduct an accurate and thorough assessment of the potential risks and vulnerabilities to PHI confidentiality, integrity, and availability. Each entity or provider must assess what are reasonable and appropriate security measures for their situation.

Note: Providers may not require the use of telehealth as a condition of treating a member. Providers must develop and implement their own methods of informed consent to verify that a member agrees to receive services via telehealth. These methods must comply with all federal and state regulations and guidelines.

Noncovered Services

Services that are not covered when delivered in person are not covered as telehealth services. In addition, services that are not functionally equivalent to the in-person service when provided via telehealth are not covered.

Additional Policy for Certain Types of Providers

Out-of-State Providers

ForwardHealth policy for services provided via telehealth by out-of-state providers is the same as ForwardHealth policy for services provided

face to face by out-of-state providers.

Out-of-state providers who meet the definition of a border-status provider as described in Wis. Admin. Code § DHS 101.03(19) and who provide services to Wisconsin Medicaid members only via telehealth, may apply for enrollment as Wisconsin telehealth-only border-status providers if they are licensed in Wisconsin under applicable Wisconsin statute and administrative code.

Out-of-state providers who do not have border status enrollment with Wisconsin Medicaid are required to obtain PA before providing services via telehealth to BadgerCare Plus or Medicaid members.

Note: Wisconsin Medicaid is prohibited from paying providers located outside of the United States and its territories, including the District of Columbia, Puerto Rico, the Virgin Islands, Guam, the Northern Mariana Islands, and American Samoa.

Managed Care:Covered and Noncovered Services

Topic #16197

Care4Kids Program Benefit Package

Covered Services

Members enrolled in the Care4Kids program are eligible to receive all medically necessary services covered under Wisconsin Medicaid; however, Care4Kids will have the flexibility to provide services in a manner that best meets the unique needs of children in out-of-home care, including streamlining PA (prior authorization) requirements and offering select services in home settings. Members will also be allowed to go to any Medicaid-enrolled provider for emergency medical services or family planning services.

Noncovered Services

The following services are not provided as covered benefits through the Care4Kids program, but can be reimbursed for eligible Medicaid members on a fee-for-service basis:

- Behavioral treatment
- Chiropractic services
- CRS (Community Recovery Services)
- CSP (Community Support Programs)
- CCS (Comprehensive Community Services)
- Crisis intervention services
- Directly observed therapy for individuals with tuberculosis
- MTM (Medication therapy management)
- NEMT (Non-emergency medical transportation) services
- Prescription and over-the-counter drugs and diabetic supplies dispensed by the pharmacy
- Physician-administered drugs and their administration, and the administration of Synagis
- SBS (School-based services)
- Targeted case management

Children's Hospital of Wisconsin will establish working relationships, defined in writing through a memorandum of understanding, with providers of the following services:

- CSP
- CCS
- Crisis intervention services
- SBS
- Targeted case management services

Providers of these services must coordinate with Care4Kids to help assure continuity of care, eliminate duplication, and reduce fragmentation of services.

Topic #391

Noncovered Services

The following are not covered by BadgerCare Plus HMOs or Medicaid SSI HMOs but are provided to enrollees on a fee-for-service basis provided the service is covered for the member and is medically necessary:

- Behavioral treatment
- County-based mental health programs, including CRS (Community Recovery Services), CSP (Community Support Program) benefits,

and crisis intervention services
- Environmental lead investigation services provided through local health departments
- CCC (child care coordination) services provided through county-based programs
- Pharmacy services and diabetic supplies
- PNCC (prenatal care coordination) services
- Physician-administered drugs

  *Note:*The Physician-Administered Drugs Carve-Out Procedure Codes table indicates the status of procedure codes considered under the physician-administered drugs carve-out policy.

- SBS (school-based services)
- Targeted case management services
- NEMT (non-emergency medical transportation) services
- DOT (directly observed therapy) and monitoring for TB (tuberculosis)-Only Services

Providers that render these services to an SSI HMO member are required to submit claims directly to ForwardHealth on a fee-for-service basis.

Note: Members enrolled in an SSI HMO are not eligible for targeted case management services.

Archive Date:01/02/2024

Member Information:Birth to 3 Program

Topic #792

Administration and Regulations

In Wisconsin, Birth to 3 services are administered at the local level by county departments of community programs, human service departments, public health agencies, or any other public agency designated or contracted by the county board of supervisors. The Wisconsin DHS (Department of Health Services) monitors, provides technical assistance, and offers other services to county Birth to 3 agencies.

The enabling federal legislation for the Birth to 3 Program is 34 CFR Part 303. The enabling state legislation is Wis. Stats. § 51.44, and the regulations are found in Wis. Admin. Code ch. DHS 90.

Providers may contact the appropriate county Birth to 3 agency for more information.

Topic #790

Enrollment Criteria

A child from birth up to (but not including) age 3 is eligible for Birth to 3 services if the child meets one of the following criteria:

- The child has a diagnosed physical or mental condition that has a high probability of resulting in a developmental delay.
- The child has at least a 25 percent delay in one or more of the following areas of development:
  - Cognitive development
  - Physical development, including vision and hearing
  - Communication skills
  - Social or emotional development
  - Adaptive development, which includes self-help skills
- The child has atypical development affecting their overall development, as determined by a qualified team using professionally acceptable procedures and informed clinical opinion.

BadgerCare Plus provides Birth to 3 information because many children enrolled in the Birth to 3 Program are also BadgerCare Plus members.

Topic #791

Individualized Family Service Plan

A Birth to 3 member receives an IFSP (Individualized Family Service Plan) developed by an interdisciplinary team that includes the child's family. The IFSP provides a description of the outcomes, strategies, supports, services appropriate to meet the needs of the child and family, and the natural environment settings where services will be provided. All Birth to 3 services must be identified in the child's IFSP.

Topic #788

Requirements for Providers

Title 34 CFR Part 303 for Birth to 3 services requires all health, social service, education, and tribal programs receiving federal funds, including Medicaid providers, to do the following:

- Identify children who may be eligible for Birth to 3 services. These children must be referred to the appropriate county Birth to 3 program within **two working days** of identification. This includes children with developmental delays, atypical development, disabilities, and children who are substantiated as abused or neglected. For example, if a provider's health exam or developmental screen indicates that a child may have a qualifying disability or developmental delay, the child must be referred to the county Birth to 3 program for

evaluation. (Providers are encouraged to explain the need for the Birth to 3 referral to the child's parents or guardians.)
- Cooperate and participate with Birth to 3 service coordination as indicated in the child's IFSP (Individualized Family Services Plan). Birth to 3 services must be provided by providers who are employed by, or under agreement with, a Birth to 3 agency to provide Birth to 3 services.
- Deliver Birth to 3 services in the child's natural environment, unless otherwise specified in the IFSP. The child's natural environment includes the child's home and other community settings where children without disabilities participate. (Hospitals contracting with a county to provide therapy services in the child's natural environment must receive separate enrollment as a therapy group to be reimbursed for these therapy services.)
- Assist parents or guardians of children receiving Birth to 3 services to maximize their child's development and participate fully in implementation of their child's IFSP. For example, an occupational therapist is required to work closely with the child's parents and caretakers to show them how to perform daily tasks in ways that maximize the child's potential for development.

Topic #789

Services

The Birth to 3 Program covers the following types of services when they are included in the child's IFSP (Individualized Family Services Plan):

- Evaluation and assessment
- Special instruction
- OT (occupational therapy)
- PT (physical therapy)
- SLP (speech and language pathology)
- Audiology
- Psychology
- Social work
- Assistive technology
- Transportation
- Service coordination
- Certain medical services for diagnosis and evaluation purposes
- Certain health services to enable the child to benefit from early intervention services
- Family training, counseling, and home visits

Enrollment Categories

Topic #225

BadgerCare Plus

Populations Eligible for BadgerCare Plus

The following populations are eligible for BadgerCare Plus:

- Parents and caretakers with incomes at or below 100 percent of the FPL (Federal Poverty Level)
- Pregnant women with incomes at or below 300 percent of the FPL
- Children (ages 18 and younger) with household incomes at or below 300 percent of the FPL
- Childless adults with incomes at or below 100 percent of the FPL
- Transitional medical assistance individuals, also known as members on extensions, with incomes over 100 percent of the FPL

Where available, BadgerCare Plus members are enrolled in BadgerCare Plus HMOs. In those areas of Wisconsin where HMOs are not available, services will be reimbursed on a fee-for-service basis.

Premiums

The following members are required to pay premiums to be enrolled in BadgerCare Plus:

- Transitional medical assistance individuals with incomes over 133 percent of the FPL. Transitional medical assistance individuals with incomes between 100 and 133 percent FPL are exempt from premiums for the first six months of their eligibility period.
- Children (ages 18 and younger) with household incomes greater than 200 percent with the following exceptions:
  - Children under age 1 year.
  - Children who are tribal members or otherwise eligible to receive Indian Health Services.

Topic #19037

Behavioral Treatment Benefit

The behavioral treatment benefit is available to all BadgerCare Plus or Medicaid members who demonstrate medical necessity for covered services. Members are not required to be evaluated using the Wisconsin Functional Screen to determine if ForwardHealth-covered behavioral treatment services are appropriate for the member.

Topic #230

Express Enrollment for Children and Pregnant Women

The EE (Express Enrollment) for Pregnant Women Benefit is a limited benefit category that allows a pregnant woman to receive immediate pregnancy-related outpatient services while her application for full-benefit BadgerCare Plus is processed. Enrollment is not restricted based on the member's other health insurance coverage. Therefore, a pregnant woman who has other health insurance may be enrolled in the benefit.

The EE for Children Benefit allows certain members through 18 years of age to receive BadgerCare Plus benefits while an application for BadgerCare Plus is processed.

Fee-for-Service

Women and children who are temporarily enrolled in BadgerCare Plus through the EE process are not eligible for enrollment in an HMO until

they are determined eligible for full benefit BadgerCare Plus by the income maintenance or tribal agency.

Topic #4757

ForwardHealth and ForwardHealth interChange

ForwardHealth brings together many Wisconsin DHS (Department of Health Services) health care programs with the goal to create efficiencies for providers and to improve health outcomes for members. ForwardHealth interChange is the DHS claims processing system that supports multiple state health care programs and web services, including:

- BadgerCare Plus
- BadgerCare Plus and Medicaid managed care programs
- SeniorCare
- ADAP (Wisconsin AIDS Drug Assistance Program)
- WCDP (Wisconsin Chronic Disease Program)
- WIR (Wisconsin Immunization Registry)
- Wisconsin Medicaid
- Wisconsin Well Woman Medicaid
- WWWP (Wisconsin Well Woman Program)

ForwardHealth interChange is supported by the state's fiscal agent, Gainwell Technologies.

Topic #229

Limited Benefit Categories Overview

Certain members may be enrolled in a limited benefit category. These limited benefit categories include the following:

- BadgerCare Plus Prenatal Program
- EE (Express Enrollment) for Children
- EE for Pregnant Women
- Family Planning Only Services, including EE for individuals applying for Family Planning Only Services
- QDWI (Qualified Disabled Working Individuals)
- QI-1 (Qualifying Individuals 1)
- QMB Only (Qualified Medicare Beneficiary Only)
- SLMB (Specified Low-Income Medicare Beneficiary)
- Tuberculosis-Related Medicaid

Members may be enrolled in full-benefit Medicaid or BadgerCare Plus and also be enrolled in certain limited benefit programs, including QDWI, QI-1, QMB Only, and SLMB. In those cases, a member has full Medicaid or BadgerCare Plus coverage in addition to limited coverage for Medicare expenses.

Members enrolled in the BadgerCare Plus Prenatal Program, Family Planning Only Services, EE for Children, EE for Pregnant Women, or Tuberculosis-Related Medicaid cannot be enrolled in full-benefit Medicaid or BadgerCare Plus. These members receive benefits through the limited benefit category.

Providers should note that a member may be enrolled in more than one limited benefit category. For example, a member may be enrolled in Family Planning Only Services and Tuberculosis-Related Medicaid.

Providers are strongly encouraged to verify dates of enrollment and other coverage information using Wisconsin's EVS (Enrollment Verification System) to determine whether a member is in a limited benefit category, receives full-benefit Medicaid or BadgerCare Plus, or both.

Providers are responsible for knowing which services are covered under a limited benefit category. If a member of a limited benefit category requests a service that is not covered under the limited benefit category, the provider may collect payment from the member if certain conditions are met.

Topic #228

Medicaid

Medicaid is a joint federal/state program established in 1965 under Title XIX of the Social Security Act to pay for medical services for selected groups of people who meet the program's financial requirements.

The purpose of Medicaid is to provide reimbursement for and assure the availability of appropriate medical care to persons who meet the criteria for Medicaid. Wisconsin Medicaid is also known as the Medical Assistance Program, WMAP (Wisconsin Medical Assistance Program), MA (Medical Assistance), Title XIX, or T19.

A Medicaid member is any individual entitled to benefits under Title XIX of the Social Security Act and under the Medical Assistance State Plan as defined in Wis. Stat. ch. 49.

Wisconsin Medicaid enrollment is determined on the basis of financial need and other factors. A citizen of the United States or a "qualified immigrant" who meets low-income financial requirements may be enrolled in Wisconsin Medicaid if they are in one of the following categories:

- Age 65 and older
- Blind
- Disabled

Some needy and low-income people become eligible for Wisconsin Medicaid by qualifying for programs such as:

- Katie Beckett
- Medicaid Purchase Plan
- Foster care or adoption assistance programs
- SSI (Supplemental Security Income)
- WWWP (Wisconsin Well Woman Program)

Providers may advise these individuals or their representatives to contact their certifying agency for more information. The following agencies certify people for Wisconsin Medicaid enrollment:

- Income maintenance or tribal agencies
- Medicaid outstation sites
- SSA (Social Security Administration) offices

In limited circumstances, some state agencies also certify individuals for Wisconsin Medicaid.

Medicaid fee-for-service members receive services through the traditional health care payment system under which providers receive a payment for each unit of service provided. Some Medicaid members receive services through state-contracted MCOs (managed care organizations).

Topic #232

Qualified Disabled Working Individual Members

QDWI (Qualified Disabled Working Individual) members are a limited benefit category of Medicaid members. They receive payment of Medicare monthly premiums for Part A.

QDWI members are certified by their income maintenance or tribal agency. To qualify, QDWI members are required to meet the following qualifications:

- Have income under 200 percent of the FPL (Federal Poverty Level)
- Be entitled to, but not necessarily enrolled in, Medicare Part A
- Have income or assets too high to qualify for QMB-Only (Qualified Medicare Beneficiary-Only) and SLMB (Specified Low-Income Medicare Beneficiary)

Topic #234

Qualified Medicare Beneficiary-Only Members

QMB-Only (Qualified Medicare Beneficiary-Only) members are a limited benefit category of Medicaid members. They receive payment of the following:

- Medicare monthly premiums for Part A, Part B, or both
- Coinsurance, copayment, and deductible for Medicare-allowed services

QMB-Only members are certified by their income maintenance or tribal agency. QMB-Only members are required to meet the following qualifications:

- Have an income under 100 percent of the FPL (Federal Poverty Level)
- Be entitled to, but not necessarily enrolled in, Medicare Part A

Topic #235

Qualifying Individual 1 Members

QI-1 (Qualifying Individual 1) members are a limited benefit category of Medicaid members. They receive payment of Medicare monthly premiums for Part B.

QI-1 members are certified by their income maintenance or tribal agency. To qualify, QI-1 members are required to meet the following qualifications:

- Have income between 120 and 135 percent of the FPL (Federal Poverty Level)
- Be entitled to, but not necessarily enrolled in, Medicare Part A

Topic #18777

Real-Time Eligibility Determinations

ForwardHealth may complete real-time eligibility determinations for BadgerCare Plus and/or Family Planning Only Services applicants who meet pre-screening criteria and whose reported information can be verified in real time while applying in ACCESS Apply for Benefits. Once an applicant is determined eligible through the real-time eligibility process, they are considered eligible for BadgerCare Plus and/or Family Planning Only Services and will be enrolled for 12 months, unless changes affecting eligibility occur before the 12-month period ends.

A member determined eligible through the real-time eligibility process will receive a temporary ID (identification) card for BadgerCare Plus and/or Family Planning Only Services. Each member will get their own card, and each card will include the member's ForwardHealth ID number. The temporary ID card will be valid for the dates listed on the card and will allow the member to get immediate health care or pharmacy services.

Eligibility Verification

When a member is determined eligible for BadgerCare Plus and/or Family Planning Only Services through the real-time eligibility process, providers are able to see the member's eligibility information in Wisconsin's EVS (Enrollment Verification System) in real time. Providers should always verify eligibility through EVS prior to providing services.

On rare occasions, it may take up to 48 hours for eligibility information to be available through interChange. In such instances, if a member presents a valid temporary ID card, **the provider is still required to provide services**, even if eligibility cannot be verified through EVS.

Sample Temporary Identification Card for Badger Care Plus

To the Provider

The individual listed on this card has been enrolled in BadgerCare Plus. This card entitles the listed individual to receive health care services, including pharmacy services, through BadgerCare Plus from any Medicaid-enrolled provider. For additional information, call Provider Services at 800-947-9627 or refer to the ForwardHealth Online Handbook at *www.forwardhealth.wi.gov*.

NOTE:

It is important to provide services when this card is presented. Providers who render services based on the enrollment dates on this card will receive payment for those services, as long as other reimbursement requirements are met. All policies regarding covered services apply for this individual, including the prohibition against billing members. If "Pending Assignment" is indicated after the name on this card, the member identification (ID) number will be assigned within one business day; the card is still valid. Refer to the ForwardHealth Online Handbook for further information regarding this temporary ID card. Providers are encouraged to keep a photocopy of this card.

WISCONSIN DEPARTMENT OF HEALTH SERVICES

TEMPORARY IDENTIFICATION CARD FOR BADGERCARE PLUS

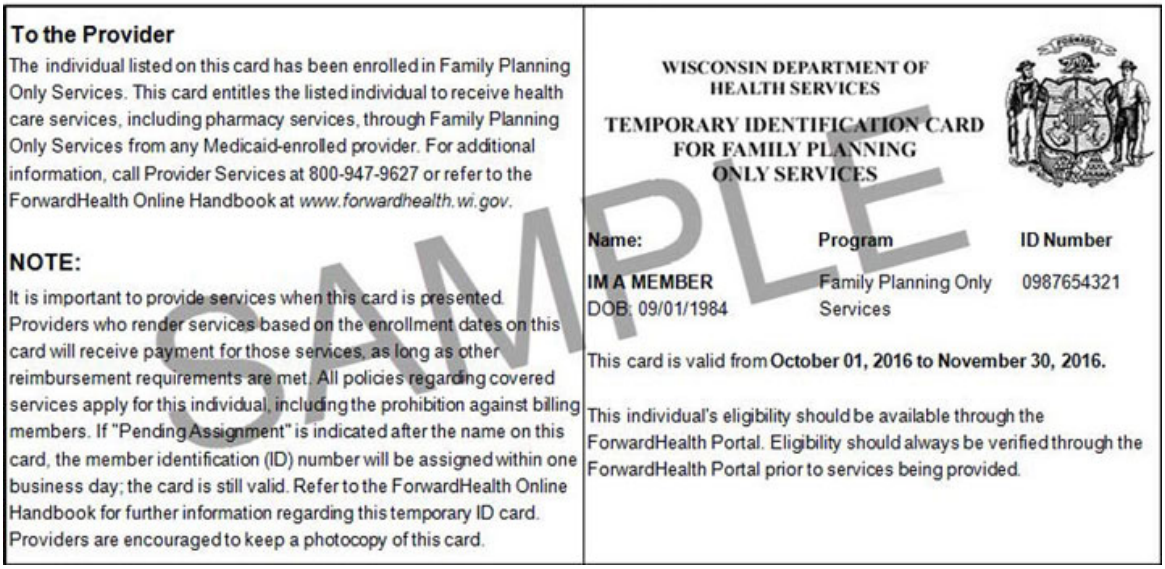
SAMPLE

Name:	Program	ID Number
IM A MEMBER DOB: 09/01/1984	BadgerCare Plus	0987654321

This card is valid from **October 01, 2016 to November 30, 2016.**

This individual's eligibility should be available through the ForwardHealth Portal. Eligibility should always be verified through the ForwardHealth Portal prior to services being provided.

Sample Temporary Identification Card for Family Planning Only Services



To the Provider

The individual listed on this card has been enrolled in Family Planning Only Services. This card entitles the listed individual to receive health care services, including pharmacy services, through Family Planning Only Services from any Medicaid-enrolled provider. For additional information, call Provider Services at 800-947-9627 or refer to the ForwardHealth Online Handbook at *www.forwardhealth.wi.gov*.

NOTE:

It is important to provide services when this card is presented. Providers who render services based on the enrollment dates on this card will receive payment for those services, as long as other reimbursement requirements are met. All policies regarding covered services apply for this individual, including the prohibition against billing members. If "Pending Assignment" is indicated after the name on this card, the member identification (ID) number will be assigned within one business day; the card is still valid. Refer to the ForwardHealth Online Handbook for further information regarding this temporary ID card. Providers are encouraged to keep a photocopy of this card.

WISCONSIN DEPARTMENT OF HEALTH SERVICES

TEMPORARY IDENTIFICATION CARD FOR FAMILY PLANNING ONLY SERVICES

SAMPLE

Name:	Program	ID Number
IM A MEMBER DOB: 09/01/1984	Family Planning Only Services	0987654321

This card is valid from **October 01, 2016 to November 30, 2016.**

This individual's eligibility should be available through the ForwardHealth Portal. Eligibility should always be verified through the ForwardHealth Portal prior to services being provided.

Topic #236

Specified Low-Income Medicare Beneficiaries

SLMB (Specified Low-Income Medicare Beneficiary) members are a limited benefit category of Medicaid members. They receive payment of Medicare monthly premiums for Part B.

SLMB members are certified by their income maintenance or tribal agency. To qualify, SLMB members are required to meet the following qualifications:

- Have an income under 120 percent of the FPL (Federal Poverty Level)
- Be entitled to, but not necessarily enrolled in, Medicare Part A

Enrollment Responsibilities

Topic #241

General Information

Members have certain responsibilities per Wis. Admin. Code § DHS 104.02 and the ForwardHealth Enrollment and Benefits (P-00079 (07/14)) booklet.

Topic #243

Loss of Enrollment — Financial Liability

Some covered services consist of a series of sequential treatment steps, meaning more than one office visit is required to complete treatment.

In most cases, if a member loses enrollment midway through treatment, BadgerCare Plus and Medicaid will **not** reimburse services (including prior authorized services) after enrollment has lapsed.

Members are financially responsible for any services received after their enrollment has been terminated. If the member wishes to continue treatment, it is a decision between the provider and the member whether the service should be given and how the services will be paid. The provider may collect payment from the member if the member accepts responsibility for payment of a service and certain conditions are met.

To avoid misunderstandings, it is recommended that providers remind members that they are financially responsible for any continued care after enrollment ends.

To avoid potential reimbursement problems that can arise when a member loses enrollment midway through treatment, the provider is encouraged to verify the member's enrollment using the EVS (Enrollment Verification System) or the ForwardHealth Portal prior to providing each service, even if an approved PA (prior authorization) request is obtained for the service.

Topic #707

Member Cooperation

Members are responsible for giving providers full and accurate information necessary for the correct submission of claims. If a member has other health insurance, it is the member's obligation to give full and accurate information to providers regarding the insurance.

Topic #269

Members Should Present Card

It is important that providers determine a member's enrollment and other insurance coverage **prior to** each DOS (date of service) that services are provided. Pursuant to Wis. Admin. Code § DHS 104.02(2), a member should inform providers that they are enrolled in BadgerCare Plus or Wisconsin Medicaid and should present a current ForwardHealth identification card before receiving services.

Note: Due to the nature of their specialty, certain providers — such as anesthesiologists, radiologists, DME (durable medical equipment) suppliers, independent laboratories, and ambulances — are not always able to see a member's ForwardHealth identification card because they might not have direct contact with the member prior to providing the service. In these circumstances, it is still the provider's responsibility to obtain member enrollment information.

Topic #244

Prior Identification of Enrollment

Except in emergencies that preclude prior identification, members are required to inform providers that they are receiving benefits and must present their ForwardHealth identification card before receiving care. If a member forgets their ForwardHealth card, providers may verify enrollment without it.

Topic #245

Reporting Changes to Caseworkers

Members are required to report certain changes to their caseworker at their certifying agency. These changes include, but are not limited to, the following:

- A new address or a move out of state
- A change in income
- A change in family size, including pregnancy
- A change in other health insurance coverage
- Employment status
- A change in assets for members who are over 65 years of age, blind, or disabled

Enrollment Rights

Topic #246

Appealing Enrollment Determinations

Applicants and members have the right to appeal certain decisions relating to BadgerCare Plus, Medicaid, or ADAP (Wisconsin AIDS Drug Assistance Program) enrollment. An applicant, a member, or authorized person acting on behalf of the applicant or member, or former member may file the appeal with the DHA (Division of Hearings and Appeals).

Pursuant to Wis. Admin. Code § HA 3.03, an applicant, member, or former member may appeal any adverse action or decision by an agency or department that affects their benefits. Examples of decisions that may be appealed include, but are not limited to, the following:

- Individual was denied the right to apply.
- Application for BadgerCare Plus, ADAP, or Wisconsin Medicaid was denied.
- Application for BadgerCare Plus, ADAP, or Wisconsin Medicaid was not acted upon promptly.
- Enrollment was unfairly discontinued, terminated, suspended, or reduced.

In the case when enrollment is cancelled or terminated, the date the member, or authorized person acting on behalf of the member, files an appeal with the DHA determines what continuing coverage, if any, the member will receive until the hearing decision is made. The following scenarios describe the coverage allowed for a member who files an appeal:

- If a member files an appeal before his or her enrollment ends, coverage will continue pending the hearing decision.
- If a member files an appeal within 45 days after his or her enrollment ends, a hearing is allowed but coverage is not reinstated.

If the member files an appeal more than 45 days after his or her enrollment ends, a hearing is not allowed. Members may file an appeal by submitting a Request for Fair Hearing (DHA-28 (08/09)) form.

Claims for Appeal Reversals

Claim Denial Due to Termination of BadgerCare Plus or Wisconsin Medicaid Enrollment

If a claim is denied due to termination of BadgerCare Plus or Wisconsin Medicaid enrollment, a hearing decision that reverses that determination will allow the claim to be resubmitted and paid. The provider is required to obtain a copy of the appeal decision from the member, attach the copy to the previously denied claim, and submit both to ForwardHealth at the following address:

ForwardHealth
Specialized Research
Ste 50
313 Blettner Blvd
Madison WI 53784

If a provider has not yet submitted a claim, the provider is required to submit a copy of the hearing decision along with a paper claim to Specialized Research.

As a reminder, claims submission deadlines still apply even to those claims with hearing decisions.

Claim Denial Due to Termination of ADAP Enrollment

If a claim is denied due to termination of ADAP enrollment, a hearing decision that reverses that determination will allow the claim to be resubmitted and paid. The provider is required to obtain a copy of the appeal decision from the member, attach the copy to the previously denied claim, and submit both to ForwardHealth at the following address:

ForwardHealth

ADAP Claims and Adjustments
PO Box 8758
Madison WI 53708

If a provider has not yet submitted a claim, the provider is required to submit a copy of the hearing decision along with a paper claim to ADAP Claims and Adjustments.

As a reminder, claims submission deadlines still apply even to those claims with hearing decisions.

Topic #247

Freedom of Choice

Members may receive covered services from **any** willing Medicaid-enrolled provider, unless they are enrolled in a state-contracted MCO (managed care organization) or assigned to the Pharmacy Services Lock-In Program.

Topic #248

General Information

Members are entitled to certain rights per Wis. Admin. Code ch. DHS 103.

Topic #250

Notification of Discontinued Benefits

When DHS (Department of Health Services) intends to discontinue, suspend, or reduce a member's benefits, or reduce or eliminate coverage of services for a general class of members, DHS sends a written notice to members. This notice is required to be provided at least 10 days before the effective date of the action.

Topic #252

Prompt Decisions on Enrollment

Individuals applying for BadgerCare Plus or Wisconsin Medicaid have the right to prompt decisions on their applications. Enrollment decisions are made within 60 days of the date the application was signed for those with disabilities and within 30 days for all other applicants.

Topic #254

Requesting Retroactive Enrollment

An applicant has the right to request retroactive enrollment when applying for BadgerCare Plus or Wisconsin Medicaid. Enrollment may be backdated to the first of the month three months prior to the date of application for eligible members. Retroactive enrollment does not apply to QMB-Only (Qualified Medicare Beneficiary-Only) members.

Identification Cards

Topic #266

ForwardHealth Identification Cards

Each enrolled member receives an identification card. Possession of a program identification card does not guarantee enrollment. It is possible that a member will present a card during a lapse in enrollment; therefore, it is essential that providers verify enrollment before providing services. Members are told to keep their cards even though they may have lapses in enrollment.

ForwardHealth Identification Card Features

The ForwardHealth identification card includes the member's name, 10-digit member ID, magnetic stripe, signature panel, and the Member Services telephone number. The card also has a unique, 16-digit card number on the front for internal program use.

The ForwardHealth card does not need to be signed to be valid; however, adult members are encouraged to sign their cards. Providers may use the signature as another means of identification.

The toll-free number on the back of each of the cards is for member use only. The address on the back of each card is used to return a lost card to ForwardHealth if it is found.

If a provider finds discrepancies with the identification number or name between what is indicated on the ForwardHealth card and the provider's file, the provider should verify enrollment with Wisconsin's EVS (Enrollment Verification System).

Digital ForwardHealth Identification Cards

Members can access digital versions of their ForwardHealth cards on the MyACCESS mobile app. Members are able to save PDFs and print out paper copies of their cards from the app. The digital and paper printout versions of the cards are identical to the physical cards for the purposes of accessing Medicaid-covered services. All policies that apply to the physical cards mailed by ForwardHealth to the member also apply to the digital or printed versions that members may present.

A member may still access their digital ForwardHealth card on the MyACCESS app when they are no longer enrolled. The MyACCESS app will display a banner message noting that the member is not currently enrolled in a ForwardHealth program. Providers should always verify enrollment with Wisconsin's EVS.

Identification Number Changes

Some providers may question whether services should be provided if a member's 10-digit identification number on their ForwardHealth card does not match the EVS response. If the EVS indicates the member is enrolled, services should be provided.

A member's identification number may change, and the EVS will reflect that change. However, ForwardHealth does not automatically send a replacement ForwardHealth card with the new identification number to the member. ForwardHealth cross-references the old and new identification numbers so a provider may submit claims with either number. The member may request a replacement ForwardHealth card that indicates the new number.

Member Name Changes

If a member's name on the ForwardHealth card is different than the response given from Wisconsin's EVS, providers should use the name from the EVS response. When a name change is reported and on file, a new card will automatically be sent to the member.

Deactivated Cards

When any member identification card has been replaced for any reason, the previous identification card is deactivated. If a member presents a

deactivated card, providers should encourage the member to discard the deactivated card and use only the new card.

Although a member identification card may be deactivated, the member ID is valid and the member still may be enrolled in a ForwardHealth program.

If a provider swipes a ForwardHealth card using a magnetic stripe card reader and finds that it has been deactivated, the provider may request a second form of identification if they do not know the member. After the member's identity has been verified, providers may verify a member's enrollment by using one of the EVS methods such as AVR (Automated Voice Response).

Defective Cards

If a provider uses a card reader for a ForwardHealth card and the magnetic stripe is defective, the provider should encourage the member to call Member Services at the number listed on the back of the member's card to request a new card.

If a member presents a ForwardHealth card with a defective magnetic stripe, providers may verify the member's enrollment by using an alternate enrollment verification method. Providers may also verify a member's enrollment by entering the member ID or 16-digit card number on a touch pad, if available, or by calling WiCall or Provider Services.

Lost Cards

If a member needs a replacement ForwardHealth card, they may call Member Services to request a new one.

If a member lost their ForwardHealth card or never received one, the member may call Member Services to request a new one.

Managed Care Organization Enrollment Changes

Members do not receive a new ForwardHealth card if they are enrolled in a state-contracted MCO (managed care organization) or change from one MCO to another. Providers should verify enrollment with the EVS every time they see a member to ensure they have the most current managed care enrollment information.

Topic #1435

Types of Identification Cards

ForwardHealth members receive an identification card upon initial eligibility determination. Identification cards may be presented in different formats (e.g., white plastic cards, paper cards, or paper printouts), depending on the program and the method used to enroll (i.e., paper application or online application). Members who are temporarily enrolled in BadgerCare Plus or Family Planning Only Services receive temporary identification cards.

Misuse and Abuse of Benefits

Topic #271

Examples of Member Abuse or Misuse

Examples of member abuse or misuse are included in Wis. Admin. Code § DHS 104.02(5).

Topic #274

Pharmacy Services Lock-In Program

Overview of the Pharmacy Services Lock-In Program

The purpose of the Pharmacy Services Lock-In Program is to coordinate the provision of health care services for members who abuse or misuse Medicaid, BadgerCare Plus, or SeniorCare benefits by seeking duplicate or medically unnecessary services, particularly for controlled substances. The Pharmacy Services Lock-In Program focuses on the abuse or misuse of prescription benefits for controlled substances. Abuse or misuse is defined under Recipient Duties in Wis. Admin. Code § DHS 104.02.

Coordination of member health care services is intended to:

- Curb the abuse or misuse of controlled substance medications.
- Improve the quality of care for a member.
- Reduce unnecessary physician utilization.

The Pharmacy Services Lock-In Program focuses on the abuse or misuse of prescription benefits for controlled substances. Abuse or misuse is defined under Recipient Duties in Wis. Admin. Code § DHS 104.02. The abuse and misuse definition includes:

- Not duplicating or altering prescriptions
- Not feigning illness, using false pretense, providing incorrect enrollment status, or providing false information to obtain service
- Not seeking duplicate care from more than one provider for the same or similar condition
- Not seeking medical care that is excessive or not medically necessary

The Pharmacy Services Lock-In Program applies to members in fee-for-service as well as members enrolled in Medicaid SSI HMOs and BadgerCare Plus HMOs. Members remain enrolled in the Pharmacy Services Lock-In Program for two years and are continuously monitored for their prescription drug usage. At the end of the two-year enrollment period, an assessment is made to determine if the member should continue enrollment in the Pharmacy Services Lock-In Program.

Members enrolled in the Pharmacy Services Lock-In Program will be locked into one pharmacy where prescriptions for restricted medications must be filled and one prescriber who will prescribe restricted medications. Restricted medications are most controlled substances, carisoprodol, and tramadol. Referrals will be required only for restricted medication services.

Fee-for-service members enrolled in the Pharmacy Services Lock-In Program may choose physicians and pharmacy providers from whom to receive prescriptions and medical services not related to restricted medications. Members enrolled in an HMO must comply with the HMO's policies regarding care that is not related to restricted medications.

Referrals of members as candidates for lock-in are received from retrospective DUR (Drug Utilization Review), physicians, pharmacists, other providers, and through automated surveillance methods. Once a referral is received, six months of pharmacy claims and diagnoses data are reviewed. A recommendation for one of the following courses of action is then made:

- No further action.
- Send an intervention letter to the physician.
- Send a warning letter to the member.

- Enroll the member in the Pharmacy Services Lock-In Program.

Medicaid, BadgerCare Plus, and SeniorCare members who are candidates for enrollment in the Pharmacy Services Lock-In Program are sent a letter of intent, which explains the restriction that will be applied, how to designate a primary prescriber and a pharmacy, and how to request a hearing if they wish to contest the decision for enrollment (that is, due process). If a member fails to designate providers, the Pharmacy Services Lock-In Program may assign providers based on claims' history. In the letter of intent, members are also informed that access to emergency care is not restricted.

Letters of notification are sent to the member and to the lock-in primary prescriber and pharmacy. Providers may designate alternate prescribers or pharmacies for restricted medications, as appropriate. Members remain in the Pharmacy Services Lock-In Program for two years. The primary lock-in prescriber and pharmacy may make referrals for specialist care or for care that they are otherwise unable to provide (for example, home infusion services). The member's utilization of services is reviewed prior to release from the Pharmacy Services Lock-In Program, and lock-in providers are notified of the member's release date.

Excluded Drugs

The following scheduled drugs will be excluded from monitoring by the Pharmacy Services Lock-In Program:

- Anabolic steroids
- Barbiturates used for seizure control
- Lyrica
- Provigil and Nuvigil
- Weight loss drugs

Pharmacy Services Lock-In Program Administrator

The Pharmacy Services Lock-In Program is administered by Kepro. Kepro may be contacted by phone at 877-719-3123, by fax at 800-881-5573, or by mail at the following address:

Pharmacy Services Lock-In Program
c/o Kepro
PO Box 3570
Auburn AL 36831-3570

Pharmacy Services Lock-In Prescribers Are Required to Be Enrolled in Wisconsin Medicaid

To prescribe restricted medications for Pharmacy Services Lock-In Program members, prescribers are required to be enrolled in Wisconsin Medicaid. Enrollment for the Pharmacy Services Lock-In Program is not separate from enrollment in Wisconsin Medicaid.

Role of the Lock-In Prescriber and Pharmacy Provider

The lock-in prescriber determines what restricted medications are medically necessary for the member, prescribes those medications using their professional discretion, and designates an alternate prescriber if needed. If the member requires an alternate prescriber to prescribe restricted medications, the primary prescriber should complete the Pharmacy Services Lock-In Program Designation of Alternate Prescriber for Restricted Medication Services (F-11183 (03/2023)) form and return it to the Pharmacy Services Lock-In Program and to the member's HMO, if applicable.

To coordinate the provision of medications, the lock-in prescriber may also contact the lock-in pharmacy to give the pharmacist(s) guidelines as to which medications should be filled for the member and from whom. The primary lock-in prescriber should also coordinate the provision of medications with any other prescribers they have designated for the member.

The lock-in pharmacy fills prescriptions for restricted medications that have been written by the member's lock-in prescriber(s) and works with the lock-in prescriber(s) to ensure the member's drug regimen is consistent with the overall care plan. The lock-in pharmacy may fill prescriptions for medications from prescribers other than the lock-in prescriber only for medications not on the list of restricted medications. If a pharmacy claim for a restricted medication is submitted from a provider who is not a designated lock-in prescriber, the claim will be denied.

Designated Lock-In Pharmacies

The Pharmacy Services Lock-In Program pharmacy fills prescriptions for restricted medications that have been written by the member's lock-in prescriber(s) and works with the lock-in prescriber(s) to ensure the member's drug regimen is consistent with the overall care plan. The lock-in pharmacy may fill prescriptions for medications from prescribers other than the lock-in prescriber only for medications not on the list of restricted medications. If a pharmacy claim for a restricted medication is submitted from a provider who is not a designated lock-in prescriber, the claim will be denied.

Alternate Providers for Members Enrolled in the Pharmacy Services Lock-In Program

Members enrolled in the Pharmacy Services Lock-In Program do not have to visit their lock-in prescriber to receive medical services unless an HMO requires a primary care visit. Members may see other providers to receive medical services; however, other providers cannot prescribe restricted medications for Pharmacy Services Lock-In Program members unless specifically designated to do so by the primary lock-in prescriber. For example, if a member sees a cardiologist, the cardiologist may prescribe a statin for the member, but the cardiologist may not prescribe restricted medications unless they have been designated by the lock-in prescriber as an alternate provider.

A referral to an alternate provider for a Pharmacy Services Lock-In Program member is necessary only when the member needs to obtain a prescription for a restricted medication from a provider other than their lock-in prescriber or lock-in pharmacy.

If the member requires alternate prescribers to prescribe restricted medications, the primary lock-in prescriber is required to complete the Pharmacy Services Lock-In Program Designation of Alternate Prescriber for Restricted Medication Services form. Referrals for fee-for-service members must be on file with the Pharmacy Services Lock-In Program. Referrals for HMO members must be on file with the Pharmacy Service Lock-In Program and the member's HMO.

Designated alternate prescribers are required to be enrolled in Wisconsin Medicaid.

Claims from Providers Who Are Not Designated Pharmacy Services Lock-In Providers

If the member brings a prescription for a restricted medication from a non-lock-in prescriber to the designated lock-in pharmacy, the pharmacy provider cannot fill the prescription.

If a pharmacy claim for a restricted medication is submitted from a provider who is not the designated lock-in prescriber, alternate prescriber, lock-in pharmacy, or alternate pharmacy, the claim will be denied. If a claim is denied because the prescription is not from a designated lock-in prescriber, the lock-in pharmacy provider cannot dispense the drug or collect a cash payment from the member because the service is a nonreimbursable service. However, the lock-in pharmacy provider may contact the lock-in prescriber to request a new prescription for the drug, if appropriate.

To determine if a provider is on file with the Pharmacy Services Lock-In Program, the lock-in pharmacy provider may do one of the following:

- Speak to the member.
- Call Kepro.
- Call Provider Services.
- Use the ForwardHealth Portal.

Claims are not reimbursable if the designated lock-in prescriber, alternate lock-in prescriber, lock-in pharmacy, or alternate lock-in pharmacy provider is not on file with the Pharmacy Services Lock-In Program.

For More Information

Providers may call Kepro with questions about the Pharmacy Services Lock-In Program. Pharmacy providers may also refer to the list of restricted medications data table or call Provider Services with questions about the following:

- Drugs that are restricted for Pharmacy Services Lock-In Program members
- A member's enrollment in the Pharmacy Services Lock-In Program

- A member's designated lock-in prescriber or lock-in pharmacy

Topic #273

Providers May Refuse to Provide Services

Providers may refuse to provide services to a BadgerCare Plus or Medicaid member in situations when there is reason to believe that the person presenting the ForwardHealth identification card is misusing or abusing it.

Members who abuse or misuse BadgerCare Plus or Wisconsin Medicaid benefits or their ForwardHealth card may have their benefits terminated or be subject to limitations under the Pharmacy Services Lock-In Program or to criminal prosecution.

Topic #275

Requesting Additional Proof of Identity

Providers may request additional proof of identity from a member if they suspect fraudulent use of a ForwardHealth identification card. If another form of identification is not available, providers can compare a person's signature with the signature on the back of the ForwardHealth identification card if it is signed. (Adult members are encouraged to sign the back of their cards; however, it is not mandatory for members to do so.)

Verifying member identity, as well as enrollment, can help providers detect instances of fraudulent ForwardHealth card use.

Special Enrollment Circumstances

Topic #276

Medicaid Members from Other States

Wisconsin Medicaid does not pay for services provided to members enrolled in other state Medicaid programs. Providers are advised to contact other state Medicaid programs to determine whether the service sought is a covered service under that state's Medicaid program.

Topic #279

Members Traveling Out of State

When a member travels out of state but is within the United States (including its territories), Canada, or Mexico, BadgerCare Plus and Wisconsin Medicaid cover medical services in any of the following circumstances:

- An emergency illness or accident
- When the member's health would be endangered if treatment were postponed
- When the member's health would be endangered if travel to Wisconsin were undertaken
- When PA (prior authorization) has been granted to the out-of-state provider for provision of a nonemergency service
- When there are coinsurance, copayment, or deductible amounts remaining after Medicare payment or approval for dual eligibles

Note: Some providers located in a state that borders Wisconsin may be Wisconsin Medicaid enrolled as a border-status provider if the provider notifies ForwardHealth in writing that it is common practice for members in a particular area of Wisconsin to seek their medical services. Border-status providers follow the same policies as Wisconsin providers.

Topic #277

Non-U.S. Citizens — Emergency Services

Certain non-U.S. citizens who are not qualified aliens are eligible for services only in cases of acute emergency medical conditions. Providers should use the appropriate diagnosis code to document the nature of the emergency.

An emergency medical condition is a medical condition manifesting itself by acute symptoms of such severity that one could reasonably expect the absence of immediate medical attention to result in the following:

- Placing the person's health in serious jeopardy
- Serious impairment to bodily functions
- Serious dysfunction of any bodily organ or part

Due to federal regulations, BadgerCare Plus and Wisconsin Medicaid do not cover services for non-U.S. citizens who are not qualified aliens related to routine prenatal or postpartum care, major organ transplants (for example, heart, liver), or ongoing treatment for chronic conditions where there is no evidence of an acute emergent state. For the purposes of this policy, services for ESRD (end-stage renal disease) and all labor and delivery are considered emergency services.

Note: Babies born to certain non-qualifying immigrants are eligible for Medicaid enrollment under the CEN (continuously eligible newborn) option. However, babies born to women with incomes over 300 percent of the FPL (Federal Poverty Level) are not eligible for CEN status. The baby may still qualify for BadgerCare Plus. These mothers should report the birth to the local agencies within ten calendar days.

A provider who gives emergency care to a non-U.S. citizen should refer them to the income maintenance or tribal agency or ForwardHealth outstation site for a determination of BadgerCare Plus enrollment. Providers may complete the Certification of Emergency for Non-U.S. Citizens (F-01162 (02/2009)) form for clients to take to the income maintenance or tribal agency in their county of residence where the BadgerCare Plus enrollment decision is made.

Providers should be aware that a client's enrollment does not guarantee that the services provided will be reimbursed by BadgerCare Plus.

Topic #278

Persons Detained by Legal Process

Most individuals detained by legal process who are eligible for BadgerCare Plus or Wisconsin Medicaid benefits will have their eligibility suspended during their detention period. During the suspension, ForwardHealth will only cover inpatient services received while the member is outside of jail or prison for 24 hours or more.

Note: "Detained by legal process" means a person who is incarcerated because of law violation or alleged law violation, which includes misdemeanors, felonies, delinquent acts, and day-release prisoners. Inmates who are released from jail under the Huber Program to return home to care for their minor children may be eligible for full benefit BadgerCare Plus or Wisconsin Medicaid without suspension.

Pregnant women detained by legal process who qualify for the BadgerCare Plus Prenatal Program and state prison inmates who qualify for Wisconsin Medicaid or BadgerCare Plus during inpatient hospital stays may receive certain benefits and are not subject to eligibility suspension. Additionally, inmates of county jails admitted to a hospital for inpatient services who are expected to remain in the hospital for 24 hours or more will be eligible for PE (presumptive eligibility) determinations for BadgerCare Plus by qualified hospitals. Refer to the Presumptive Eligibility chapter of either the Inpatient or Outpatient Hospital service area for more information on the PE determination process.

The DOC (Department of Corrections) or county jail oversee health care-related needs for individuals detained by legal process who do not qualify for the BadgerCare Plus Prenatal Program or for state prison inmates who do not qualify for Wisconsin Medicaid or BadgerCare Plus during an inpatient hospital stay.

Topic #280

Retroactive Enrollment

Retroactive enrollment occurs when an individual has applied for BadgerCare Plus or Medicaid and enrollment is granted with an effective date prior to the date the enrollment determination was made. A member's enrollment may be backdated to allow retroactive coverage for medical bills incurred prior to the date of application.

The retroactive enrollment period may be backdated up to three months prior to the month of application if all enrollment requirements were met during the period. Enrollment may be backdated more than three months if there were delays in determining enrollment or if court orders, fair hearings, or appeals were involved.

Reimbursing Members in Cases of Retroactive Enrollment

When a member receives retroactive enrollment, he or she has the right to request the return of payments made to a Medicaid-enrolled provider for a covered service during the period of retroactive enrollment, according to Wis. Admin. Code § DHS 104.01(11). A Medicaid-enrolled provider is required to submit claims to ForwardHealth for covered services provided to a member during periods of retroactive enrollment. Medicaid cannot directly refund the member.

If a service(s) that requires PA (prior authorization) was performed during the member's period of retroactive enrollment, the provider is required to submit a PA request and receive approval from ForwardHealth **before** submitting a claim.

If a provider receives reimbursement from Medicaid for services provided to a retroactively enrolled member and the member has paid for the service, the provider is required to reimburse the member or authorized person acting on behalf of the member (for example, local General Relief agency) the full amount that the member paid for the service.

If a claim cannot be filed within 365 days of the DOS (date of service) due to a delay in the determination of a member's retroactive enrollment, the provider is required to submit the claim to Timely Filing within 180 days of the date the retroactive enrollment is entered into Wisconsin's EVS (Enrollment Verification System) (if the services provided during the period of retroactive enrollment were covered).

Topic #281

Spenddown to Meet Financial Enrollment Requirements

Occasionally, an individual with significant medical bills meets all enrollment requirements except those pertaining to income. These individuals are required to "spenddown" their income to meet financial enrollment requirements.

The certifying agency calculates the individual's spenddown (or deductible) amount, tracks all medical costs the individual incurs, and determines when the medical costs have satisfied the spenddown amount. (A payment for a medical service does not have to be made by the individual to be counted toward satisfying the spenddown amount.)

When the individual meets the spenddown amount, the certifying agency notifies ForwardHealth and the provider of the last service that the individual is eligible beginning on the date that the spenddown amount was satisfied.

If the individual's last medical bill is greater than the amount needed to satisfy the spenddown amount, the certifying agency notifies the affected provider by indicating the following:

- The individual is eligible for benefits as of the DOS (date of service) on the last bill.
- A claim for the service(s) on the last bill should be submitted to ForwardHealth. (The claim should indicate the full cost of the service.)
- The portion of the last bill that the individual must pay to the provider.

The certifying agency also informs ForwardHealth of the individual's enrollment and identifies the following:

- The DOS of the final charges counted toward satisfying the spenddown amount
- The provider number of the provider of the last service
- The spenddown amount remaining to be satisfied

When the provider submits the claim, the spenddown amount will automatically be deducted from the provider's reimbursement for the claim. The spenddown amount is indicated in the Member's Share element on the Medicaid Remaining Deductible Update (F-10109 (02/2014)) form sent to providers by the member's certifying agency. The provider's reimbursement is then reduced by the amount of the member's obligation.

Prior Authorization

6

Archive Date:01/02/2024

Prior Authorization:Approval Criteria

Topic #22658

Approval Criteria for Group Treatment

Group behavioral treatment may be authorized for members with sufficient social, language, and adaptive skills to participate effectively in group sessions. Providers are required to substantiate the medical necessity for group behavioral treatment and include all following items with the PA (prior authorization) request:

- Specific treatment goals and targeted problem areas
- Documentation in treatment schedule
- Prescription for treatment

For continued authorization, providers must also identify progress toward group treatment goals on the treatment plan.

Group behavioral treatment must be prior authorized by ForwardHealth to be allowable for reimbursement.

Topic #19038

Approval Criteria for Initial Prior Authorization Requests

An initial PA (prior authorization) request is the first request to ForwardHealth for coverage of services for a member for an episode of behavioral treatment, even if the member's behavioral treatment is already in progress but covered by a payer other than Wisconsin Medicaid.

Initial PA requests for behavioral treatment services should be submitted for no more than six months of treatment. The authorization period granted may be shorter or longer than the request, depending on individual circumstances related to the demonstration of medical necessity.

The following information is required to make a determination of medical necessity for an initial PA request:

- Diagnostic evaluation
- Provider's initial assessment
- Previous treatment history
- Age-Normed testing results
- Behavioral treatment team
- POC (plan of care) with notes on any medical conditions
- Care collaboration plan
- Supporting documentation

Simplified requirements for comprehensive behavioral treatment PA requests for members who have not yet reached 6 years of age are available.

Diagnostic Evaluation

Diagnostic evaluation, which includes both psychological and neuropsychological testing, is covered under the ForwardHealth mental health benefit when performed by a Medicaid-enrolled licensed physician or psychologist. A diagnostic report is required to be submitted with the PA request.

For comprehensive behavioral treatment, the diagnostic report must be dated within one year of the PA request, or for individuals continuously enrolled in a behavioral treatment program prior to the PA request, within one year of the onset of the member's current course of treatment.

For focused behavioral treatment, diagnostic reports dated more than one year prior to the PA request are acceptable. However, the provider is required to include an updated clinical impression of the member's diagnostic status in the initial assessment.

ForwardHealth requires documentation of the following elements in the diagnostic report:

- Detailed interview regarding developmental, medical, family, educational, and intervention history
- Use of a diagnostic tool that is validated in peer-reviewed clinical literature and appropriate for the condition being evaluated, and which is administered according to protocol (For example for ASD (autism spectrum disorder), the ADOS-2 (Autism Diagnostic Observation Schedule-2), ADI-R (Autism Diagnostic Interview-Revised), and CARS-2 (Childhood Autism Rating Scale) are examples of validated tools appropriate for diagnosing autism.)
- Direct observation of the member, including written descriptions of clinical observations
- Direct probing of the member to assess specific skills, including descriptions of findings
- Review of relevant records (for example, medical, school IEP (Individualized Education Program), outside therapies)
- Consultation with other professionals, for members with comorbid medical or mental health conditions that may contribute to the presenting symptoms
- Discussion of additional symptoms, possible or actual comorbid conditions, and differential diagnosis

If documentation in the member's medical record indicates potential or actual co-morbid conditions that could impact behavioral treatment, and that are not adequately clarified in the diagnostic report, ForwardHealth may request an independent diagnostic evaluation.

Provider's Initial Assessment

The provider requesting behavioral treatment services is required to submit their written initial assessment of the member, completed prior to the current course of behavioral treatment. If the initial assessment is more than three months old, or if the member has participated in behavioral treatment since the initial assessment, the requesting provider should include a brief addendum describing the member's current strengths, functional skills, limitations, and behavioral concerns, as well as updates on any background details that have changed. The initial assessment must include:

- The member's developmental and medical history.
- The member's current living arrangements and family supports.
- The member's current school or vocation.
- The member's current array of treatments and supportive services.
- Past mental health or behavioral health treatment and outcomes.
- The member's strengths and functional skills, including the provider's observations.
- The member's limitations and behavioral concerns, including the provider's observations.
- Appropriateness of the provider's treatment approach for meeting the member's demonstrated needs.
- Discussion of any factors that may impact the member's response to treatment.

The requesting provider's current clinical impression of the member's diagnostic status must be included when the member's diagnostic report is dated more than one year prior to the PA request. When the member's records indicate differences of opinion among professionals who have evaluated or treated the member for conditions related to the diagnosis, the requesting provider is required to address and reconcile these differences in the initial assessment.

Previous Treatment

PA requests must include information about all treatments previously received by the member and related to the member's current deficits. This includes, but is not limited to, behavioral treatment, SLP (speech and language pathology), OT (occupational therapy), PT (physical therapy), daily living skills training, and psychotherapy.

Based on information collected from the member, member's caregivers, or the member's records, the requesting provider is required to indicate the effectiveness of previous interventions and the reason for discontinuing the interventions (for example, aged out, goals mastered). If response to intervention was complex, the requesting provider should summarize the member's outcomes in the initial assessment.

Age-Normed Testing Results

Age-Normed testing or other formal assessments are required to establish the member's baseline prior to the provision of treatment, and may be required to evaluate progress periodically. Different types of testing are required for comprehensive and focused treatment.

Providers should submit all age-normed testing results, when available. However, if cognitive test results are not available, ForwardHealth will adjudicate the PA request without the test results. ForwardHealth requires cognitive testing only when needed to establish medical necessity.

Comprehensive Treatment

The member's developmental age norms should be assessed across a range of skill areas to include cognitive functioning (for example, IQ, developmental age equivalents), communication skills (for example, receptive and expressive language measures), and adaptive behavior (for example, socialization, motor functioning, life skills). Age-Normed testing to establish the member's baseline developmental level is required prior to the provision of treatment. ForwardHealth requires age-normed tests to meet the following standards:

- The member's age is within the test's published age range.
- The test is administered by a qualified professional, following standard administration procedures.
- The test is published and has been subject to rigorous psychometric evaluation and age-norming procedures.
- The test measures one or more specific areas of individual performance (for example, IQ, cognition, communication, adaptive behavior).
- Scores (composite or subscales) are reported as standard scores, percentiles, or age scores.

Recent assessment reports completed by qualified professionals from other agencies or school districts may be submitted. Behavioral identification assessment (CPT (Current Procedural Terminology) code 97151) and behavior identification-supporting assessment (CPT code 97152) are covered services that may be used by the requesting provider to complete baseline testing prior to submitting a PA request for treatment and for periodic reassessments during the member's course of treatment.

ForwardHealth does not routinely require annual re-testing on age-normed measures but may require periodic reassessments when needed to establish the medical necessity of a requested service.

Focused Treatment

The member's specific skill limitations (for example, tolerating change, social communication skills, self-care skills) should be assessed using standardized measures, or as appropriate, an FBA (functional behavior assessment) should be completed to identify the function of the problem behavior and develop an effective treatment protocol. Recent standardized assessment reports completed by qualified professionals from other agencies or school districts may be submitted. FBAs must be current and conducted by the requesting provider. When previous efforts at behavior change have been unsuccessful for very challenging behavior (for example, aggression, self-injury, destructive behavior), a functional analysis of behavior may be required. Behavioral identification assessment (CPT code 97151) and behavior identification-supporting assessment (CPT code 97152) are covered services that may be used by the requesting provider to complete this testing or assessment prior to submitting a PA request for treatment and for periodic re-assessment for treatment planning.

If the only service requested is family adaptive behavior treatment guidance (CPT code 97156), standardized testing may be omitted from the PA request.

Behavioral Treatment Team

The provider is required to establish that the treatment team's skills and experience are adequate and appropriate for the member's assessed needs, and that unlicensed staff will receive adequate face-to-face direction and professional supervision to ensure quality treatment. For focused treatment, which uses direct service providers with advanced knowledge, skills, and clinical judgment, the provider is required to establish that more experienced clinicians are required to meet the member's needs. Providers are required to indicate the amount of direct treatment delivered to the member by each provider specialty during a typical week. ForwardHealth recognizes that exceptional circumstances may occasionally result in changes to the typical treatment schedule.

If the member is a dual-language learner, the PA request must describe the team's training and accommodations to address language barriers, including the primary language that will be used during therapy activities. In addition, the provider is required to document the plan for the family to practice language learning activities outside of sessions, if the primary language used during treatment is not the parents' first spoken language. If specialized training or skills are required for team members who will be serving dual language learners, this should be documented.

Supervisor Visit

To ensure quality programming, the licensed supervisor is required to see the member often enough to confirm data and narrative progress reports provided by the team and is required to directly observe the member for at least one hour every 60 to 75 days. The one-hour minimum observation requirement every 60 to 75 days is counted from the first DOS the member received direct treatment from the provider. These visits must be documented by a detailed progress note or report and by claims submitted by the licensed supervisor for behavior assessment, behavior treatment, protocol modification, or family adaptive behavior treatment guidance. If more than 75 days elapse between supervisory visits, ForwardHealth may recoup all payments made for services delivered after day 75 until the next supervisory visit occurs.

The intent of supervisory visit is for the licensed supervisor to spend at least 60 minutes actively and solely engaged in member-focused activities, such as demonstrating protocols, coaching staff, assessing or observing member skills, or providing direct treatment. Progress notes must include descriptions of these activities in order to meet this requirement. Incidental observation of the member that may occur while the licensed supervisor provides family training and consultation to parents or caregivers does not meet this requirement.

Face-to-Face Direction

Treatment supervisors (either licensed supervisors or treatment therapists) are required to observe, demonstrate, and provide simultaneous direction of service providers during delivery of each member's treatment for a minimum of one hour and a maximum of two hours for every 10 hours of direct treatment provided, averaged over a calendar month. Providers are required to document exceptional circumstances that require direct oversight in excess of the maximum. Documentation of direct oversight of treatment delivery is required.

Professional Supervision

Consistent with Wis. Admin. Code § DHS (Department of Health Services) 101.03(173), professional supervision involves intermittent face-to-face contact between supervisor and assistant and a regular review of the assistant's work by the supervisor, including general clinical guidance that may apply to multiple members. Each treatment therapist must be supervised by a licensed supervisor via weekly face-to-face or indirect contact and monthly face-to-face supervision. Each behavioral treatment technician must be supervised face-to-face by either a treatment therapist or licensed supervisor at least once a month.

Face-to-Face supervision means observing the treatment therapist or technician implementing the POC with the member and/or family present. Indirect supervisory contact includes activities such as oversight of treatment protocol, updating goals, data and progress review, crisis intervention, and family/team management; it may occur face-to-face or via phone or electronic communication, through individual or group contact. Documentation of professional supervision is required.

Note: Time spent by a supervisor observing treatment performed by a team member may fulfill the requirement for professional supervision and direct case supervision.

Comprehensive Treatment

Direct services are typically provided by behavioral treatment technicians but may be provided by behavioral treatment licensed supervisors or behavioral treatment therapists. Behavioral treatment technicians must receive face-to-face direction during delivery of direct treatment, with the member present, from either a treatment therapist or licensed supervisor. ForwardHealth requires a minimum of one hour of face-to-face direction per 10 hours of direct treatment provided by treatment technicians. If face-to-face direction exceeds two hours per 10 hours of direct treatment by treatment technicians, the provider is required to document the exceptional circumstances, such as a significant change in the member's response to treatment that resulted in a temporary need to increase direct supervision.

Focused Treatment

Direct services may be provided by focused treatment licensed supervisors, focused treatment therapists, or behavioral treatment technicians.

Focused treatment therapists must receive face-to-face direction during delivery of direct treatment, with the member present, from the licensed supervisor. ForwardHealth requires a minimum of one hour of face-to-face direction per 10 hours of direct treatment provided by the treatment therapist. If face-to-face direction exceeds two hours per 10 hours of direct treatment by treatment therapists, the provider is required to document the exceptional circumstances, such as a significant change in the member's response to treatment that resulted in a temporary need to increase face-to-face direction.

Behavioral treatment technicians must receive face-to-face case direction during delivery of direct treatment, with the member present, from either a treatment therapist or licensed supervisor. ForwardHealth requires a minimum of one hour of face-to-face direction per 10 hours of direct treatment provided by treatment technicians. If face-to-face direction exceeds two hours per 10 hours of direct treatment by treatment technicians, the provider is required to document the exceptional circumstances, such as a significant change in the member's response to treatment that resulted in a temporary need to increase face-to-face direction.

ForwardHealth covers two levels of focused behavioral treatment.

POC

The POC must indicate the intended start and end dates for the authorization period, the intended treatment hours per week, and when required, a plan to modify treatment intensity over the course of the authorization period. All dates in the authorization period must fall within the date range specified on the prescription from a physician or medical provider for treatment.

The POC must also indicate the treatment approach that will be used. ForwardHealth limits coverage to treatment modalities that are evidence-based as determined by the Wisconsin DHS. The POC must be signed and dated by the supervising provider prior to provision of care.

For members seeking comprehensive treatment for ASD, providers are required to use a curriculum of treatment goals developed for individuals with ASD, addressing skills across a range of developmental areas (for example, communication, socialization, daily living skills, learning, play skills). The curriculum must be validated in the research literature and designed to assess skills, select treatment goals, and evaluate the member's progress multiple times within a year. Examples of commonly used criterion-referenced measures for ASD include the VB-MAPP (Verbal Behavior Milestones Assessment & Placement Program), the ABLLS (Assessment of Basic Language and Learning Skills), and the ESDM (Early Start Denver Model) Curriculum Checklist.

Treatment goals must be functional and individualized for the member. They must meet the following guidelines:

- Address assessed needs of the member
- Be specific with clearly defined target behaviors
- Be observable and measurable to allow frequent objective evaluation of progress
- Include objective measures of baseline performance (for example, frequency, rate, intensity, or duration of symptoms)
- Include clear, measurable mastery criteria
- Be appropriate for the member's age and skill level

Treatment goals should be achievable within the authorization period. For complex goals that require longer than a typical authorization period for mastery, providers should complete a task analysis of the planned treatment steps and include goals based on the individual treatment steps that can be achieved within a single authorization period.

The scope of treatment goals and intensity of treatment hours should be consistent with the member's current needs. For members with prior behavior treatment, the scope and intensity of the proposed POC should be consistent with the member's demonstrated rate of skill acquisition, skill maintenance, and generalization of skills, and should be reasonably likely to result in desired gains.

Medical Conditions

The provider requesting behavioral treatment is required to obtain information regarding specific facets of the member's health that might impact the member's participation and/or expected outcomes from behavioral treatment. Details of any medical conditions that may impact treatment or response to treatment such as visual or hearing impairment, genetic difference, seizures, digestion or elimination problems, sleep disorder, nutrition concerns, or mental health concerns must be noted in the member's POC.

Members Age 18 and Older

Members who are age 18 and older must have input on treatment goals if they are able to express personal needs and priorities. If the member has formally delegated any medical decision-making to another entity, providers must submit documentation of that agreement and confirm that the decision-making entity is in agreement with the POC. If the member is able to make medical decisions independently, the member's signature on the treatment plan to confirm consent for treatment must be included.

Treatment for School-Age Members

If the member is intellectually and behaviorally capable of learning and/or socializing with same-age peers, the POC must allow regular and appropriate participation in school or other settings that support interaction with typically developing same-age peers, consistent with the member's abilities.

If the member is temporarily participating in behavioral treatment in lieu of regular school attendance, the POC must include a plan for returning to full-time attendance. The plan must include an anticipated timeline with time or skill acquisition benchmarks that will trigger each step-down in treatment hours.

If the member is participating in behavioral treatment while attending school, the POC must explain why it is medically necessary for a behavioral treatment provider to address skills typically supported by school staff. The POC must include a plan to reduce treatment in the school environment and replace with available school supports. Behavioral treatment is not intended to function as a long-term support or to

supplant activities typically provided by educational staff.

Because professional educators and homeschooling parents are responsible for teaching academic content to children 6 years of age and older, ForwardHealth will not authorize POCs or reimburse behavioral treatment providers for providing educational instruction to these members.

If disruptive behaviors or deficits in prerequisite skills are impeding the member's successful participation in school, ForwardHealth may authorize and reimburse treatment that addresses these behaviors and skills. If treatment goals appear to be academic in nature but address prerequisite skills that support the member's general functioning, the goals may be evaluated for medical necessity based on the member's unique needs and the rationale given by the provider. The fact that a goal appears on a teaching curriculum and is within scope for a behavioral treatment therapist to teach does not make the goal medically necessary.

POCs for members under 6 years of age may include goals that support the development of foundation learning skills and general knowledge, such as skills that appear on school readiness checklists, provided the goals are appropriate for the member's age and assessed needs.

Including Family/Caregiver Goals

Behavioral treatment frequently seeks to make behavior more manageable for caregivers. This involves both modification of the member's behavior and enhancement of caregiver skills. For children and adult members with legal guardians, ForwardHealth expects the family and/or caregivers to be included in treatment planning and POC goals. The provider's initial assessment of the member must include reports from the family and/or caregivers about the member's current behavioral challenges and other treatment needs. The POC must include goals for the family and/or caregivers to learn how to follow protocols for managing behavior or teaching new skills. Teaching the member's family and/or caregivers about treatment protocols with or without the member present, demonstrating protocols involving the member, and coaching the family and/or caregivers in the implementation of a protocol may all be billed using the appropriate CPT codes.

Specific, measurable goals for the family and/or caregivers must be included in all POCs that include family treatment guidance as a requested service. Initial goals may focus on family participation, communication, and compliance with treatment policies and procedures. However, the purpose of family training is to help family members improve their behavior management skills and reduce the need for treatment and other supports. Goals should be individualized for the member's family or caregivers and may address a range of areas including, but not limited to:

- Increasing the accuracy and consistency of behavior plan implementation.
- Increasing the frequency and duration of successful family and community participation.
- Reducing the frequency and duration of the member's disruptive behavior outside of sessions.
- Teaching the member common adaptive skills.

Family goals must be appropriate and specific, with measurable baselines and mastery criteria.

Any PA request for continued family treatment guidance must summarize progress on family goals documented in specific, measurable, objective terms. Progress that is indicated by descriptive terms, such as "better," "improved," "calmer," "less/more," or "longer" are not measurable and will not be accepted by ForwardHealth. If the family has made limited or no progress by the end of the authorization period, a subsequent POC must clearly identify barriers to progress and propose a corrective action plan.

Including Documentation of Disruptive Behaviors

When disruptive behaviors are identified through the clinical assessment or record review for either comprehensive or focused treatment, these behaviors must be documented in the POC that is submitted as part of the PA request. As part of the behavioral assessment, the provider is required to include the following:

- A clear definition of the concerning behavior
- The baseline level (frequency, rate, duration, latency, and/or interresponse times) of the behavior and rationale for treating it immediately
- The causes or functions of the behavior (For new members, this may indicate the hypothesized function.)

Behavior reduction goals must be included in the POC, and the POC must identify skill acquisition goals that are expected to address skill deficits underlying the behavior. Mastery criteria for behavior goals should reflect behavior that is, at most, age-typical or, at least, manageable for caregivers.

When the member's disruptive behavior may be related to a co-morbid medical or mental health condition, the provider's assessment and POC must explain how the condition will be treated or otherwise addressed alongside the proposed behavioral treatment. A recent consultation to evaluate the member's medication needs may be requested.

If the problem behavior persists despite treatment, a thorough functional analysis of the problem behavior may be required for subsequent PA requests.

Discharge Criteria and Transition Plan

The POC must include the requesting treatment provider's standard discharge criteria that are refined throughout the member's treatment plan. Services should be reviewed and evaluated for discharge planning in the following situations:

- The member has achieved treatment goals.
- The member no longer meets diagnostic criteria for the condition being treated.
- The member has not demonstrated progress toward goals for successive authorization periods.
- The family wishes to discontinue services.
- The family and the provider are unable to reconcile important issues in treatment planning and delivery.
- The member is frequently unable to participate effectively in treatment (for example, due to medical issues).
- Sufficient skilled staff have been unavailable for three consecutive months, and the provider cannot guarantee that the staffing shortage will be corrected within a month.
- The member requires an intervention approach or LOC (level of care) that is not offered by the provider or is not commensurate with the provider's education, training, and experience.

The POC must include discharge criteria that clearly describes a realistic range of outcomes, including lack of progress, which may result in discharge from treatment. Standard discharge criteria should be shared with members at the beginning of treatment to assist them with long-term planning.

Initial PA requests must include the provider's standard discharge criteria. Subsequent PA requests must include a transition plan that is updated based on the member's rate and magnitude of progress. Transition plans should identify the anticipated system(s) of care (for example, school, personal care) that will support the member following the current course of behavioral treatment; the plans should include an anticipated timeline with time or skill acquisition benchmarks that will result in a progressive transition to the next system of care.

Discharge criteria must be provided to ForwardHealth and the member at the outset of treatment. Clear indicators should be specified so that both families and PA request reviewers can easily recognize whether discharge criteria have been met.

Information regarding documentation requirements for a PA request and retroactive enrollment is available.

Care Collaboration

Collaboration with other professionals helps ensure member progress by ensuring consistency of care. Treatment goals are most likely to be achieved when there is shared understanding and collaboration among all health care providers serving a member. In addition, requested services may not duplicate services delivered by other providers.

Every PA request must identify the individual on the member's team who directs communication and collaboration with other care providers serving the member.

The PA request must document efforts to collaborate with other service providers who may be working to achieve the same or similar goals. Planned communication may include, but is not limited to, record review, sharing the POC, phone or email check-ins, attendance at team meetings, or observation during therapy sessions. Providers are required to retain documentation of collaborative activities, which may include phone logs, summaries of conversations or written communication, copies of the POC, staffing reports, or received written reports.

Supporting Documentation

Additional documentation identified on the PA/BTA (Prior Authorization/Behavioral Treatment Attachment, F-01629 (12/2019)) form may be required, depending on the specific PA request. When these documents are required, they must meet the following standards.

Prescription From a Physician or Medical Provider

Any qualified medical provider can write the prescription for behavioral treatment. The qualified medical provider must be enrolled with Wisconsin Medicaid. The prescription for behavioral treatment services, from a physician or medical provider authorized to prescribe, **must** include the following:

- The date of the prescription
- The name and address of the member
- The member's ForwardHealth ID number
- The service to be provided
- The amount of service to be provided and the estimated length of time required (for example, ____ hours/week x ____ months)
- The name and address of the prescriber
- The prescriber's NPI (National Provider Identifier)
- The prescriber's signature

A prescription from a physician or medical provider must include the number of hours of services per week being prescribed. Medically necessary behavioral treatment services are covered as prescribed but do allow for variances not exceeding a total of 45 treatment hours per week. ForwardHealth allows flexible use of approved behavioral treatment services within these parameters to accommodate situations that would necessitate variances, such as inclement weather and illness of the member. If more hours are billed than what was prescribed and approved through the PA process, the provider's documentation must reflect the circumstances that indicate a need for additional time. Claims may be recouped for excessive billing with inadequate documentation.

Proposed Schedule of Treatment Hours and School Hours.

The schedule of treatment hours and school hours **must** be a proposed, grid-style weekly schedule for the member indicating the specific blocks of time when the member will be in school and in treatment. Providers are advised to submit alternate proposed schedules if a change in the member's schedule is anticipated within the authorization period (for example, school year versus summer schedule). If the child is being homeschooled, this should indicate the blocks of time that the family intends to provide required educational programming each day. It should also include any regularly scheduled commitments, such as day care, outside therapies, or supportive services.

Most Recent School IEP

The most recent school IEP must include current intervention goals and a list of services that will be delivered during the requested authorization period.

Topic #19039

Approval Criteria for Prior Authorization Amendment Requests

A PA (prior authorization) amendment request may be submitted to request an extension of services for up to a total of 12 months under the initial PA number. The following information is required to make a determination of medical necessity for a PA amendment request:

- Updated provider specialties on the behavioral treatment team, if applicable
- Updated POC (plan of care) with notes on any medical conditions
- Progress summary
- Documentation that was requested by ForwardHealth in the previous PA grant letter

Simplified requirements for comprehensive behavioral treatment PA requests for members who have not yet reached 6 years of age are available.

POC

For comprehensive behavioral treatment, PA amendment requests must include an updated POC with the intended start and end dates for the authorization period, the intended treatment hours per week, and any planned modifications to treatment intensity. New treatment goals must be included in place of mastered goals.

For focused behavioral treatment, PA amendment requests must include an updated POC with the intended start and end dates for the authorization period, the intended treatment hours per week, and any planned modifications to treatment intensity. New treatment goals should not be included, although adjustments to the original goals may be appropriate to address barriers to progress.

For both comprehensive and focused treatment, details of any medical conditions that may impact delivery of treatment and/or the member's response to treatment such as visual or hearing impairment, genetic difference, seizures, digestion or elimination problems, sleep disorder, nutrition concerns, or mental health concerns must be noted in the member's POC.

The POC must include an updated transition plan based on the member's progress in treatment.

Progress Summary

PA amendment requests must include a summary of the member's progress, or lack of progress, since treatment was last authorized. The summary should include both narrative descriptions of behavior as well as measurements of current behavior compared to behavior at the beginning of the authorization period. Charts or data summaries of measurable results are acceptable. When age-normed testing or other formal testing is included as part of a progress summary, include prior and current test results for comparison purposes.

To assess member response to treatment and rate of behavior change, providers must indicate the introductory date and mastery date, if applicable, for each goal in the progress summary. Baselines, mastery criteria, and progress measures should all be stated using the same metric (for example, times per week, duration of episodes). For goals that required excessive teaching duration or trials, providers must indicate any barriers to acquisition.

For both comprehensive and focused treatment, members are expected to achieve a majority of treatment goals identified for each authorization period. For comprehensive treatment, mastery of goals is expected across a range of developmental areas (for example, communication, socialization, daily living skills, learning, play skills). The provider is required to demonstrate that the member has mastered new skills and, therefore, has advanced or improved in function as a result of treatment intervention. Progress must be documented in specific, measurable, objective terms. Progress that is indicated by descriptive terms, such as "better," "improved," "calmer," "less/more," or "longer" are not measurable and will not be accepted by ForwardHealth.

Comprehensive Treatment

PA amendment requests to extend comprehensive behavioral treatment may be approved if the treatment provider documents that the member has made adequate progress and that comprehensive behavioral treatment continues to be medically necessary.

In order to consider continuation of treatment at the current level of care, ForwardHealth requires a summary of the member's current status or performance of the following:

- Mastery of skills from a research-validated, criterion-referenced measurement tool
- Progress toward treatment goals identified on the treatment plan
- Generalization of skills to new situations, settings, and partners outside of treatment sessions
- Gains in functional behavior that reduce the family's reported stress and/or increase the member's independence
- Measurable changes in the frequency, rate, intensity and/or duration of challenging behaviors

Because an important purpose of comprehensive treatment is to "close the developmental gap" between the member and same-age peers, ForwardHealth may require age-normed assessments of the member's progress toward developmental age norms in one or more of the following foundation skills areas:

- Cognitive functioning (for example, IQ, developmental age equivalents)
- Communication skills (for example, receptive and expressive language measures)
- Adaptive functioning (for example, life skills, socialization, motor functioning, communication)

Age-Normed results will not be requested more often than annually or more often than the tool's administration protocol allows.

Focused Treatment

PA amendment requests to extend focused behavioral treatment may be approved if the treatment provider documents that the member has not mastered the treatment goals but is making adequate progress and that behavioral treatment continues to be medically necessary. Because the purposes of focused treatment are to reduce challenging behavior and promote acquisition of discrete functional skills, progress is assessed by comparing baseline measures of behavior (for example, frequency, rate, intensity, or duration of behaviors) or standardized assessments with post-treatment reassessments on the same measures.

In order to consider continuation of treatment at the current level of care, ForwardHealth requires a summary of the member's current status or

performance on the following:

- Measurable changes in the frequency, rate, intensity and/or duration of challenging behaviors
- Progress toward treatment goals identified on the treatment plan
- Generalization of skills to new situations, settings, and partners outside of treatment sessions

Lack of Progress

If the member has made limited or no progress by the end of the authorization period, ForwardHealth will only consider PA amendment requests for behavioral treatment that clearly identify barriers to progress and propose a corrective action plan, which will be evaluated as part of the PA request approval process. The corrective action plan must include the following:

- Identification of barriers to progress
- Description of corrective actions that have been attempted
- Completion of a functional behavior analysis, as appropriate
- Consultation with other professional specialties (for example, psychiatry) as appropriate
- Updated plan for family education and participation
- A proposed plan of action that addresses the barriers and/or revises the treatment goal(s), including a rationale for continued treatment at the level of service requested

If ForwardHealth concludes that the corrective action plan is inadequate or that medical necessity has not been adequately demonstrated, the PA amendment request will be denied. ForwardHealth may authorize a transition to other medically necessary services.

Documentation Requirements

All of the following must be included as part of a PA amendment request for behavioral treatment:

- A completed Prior Authorization Amendment Request (F-11042 (07/2012))
- Documentation substantiating the request as previously outlined
- An updated prescription from a physician or medical provider if the previous prescription has expired, or will expire during the authorization period, or if requesting an increased level of service

Topic #19040

Approval Criteria for Subsequent Prior Authorization Requests

A subsequent PA (prior authorization) request may be submitted to continue comprehensive behavioral treatment beyond the initial 12 months or to request a new episode of focused behavioral treatment with a new set of treatment goals. Subsequent PA requests for the same member may be submitted for up to 12 months of treatment. The following information is required to make a determination of medical necessity for a subsequent PA request:

- Diagnostic evaluation (provide updated information, if available)
- Provider's initial assessment (focused treatment only)
- Previous treatment history (provide updates, including completed courses of focused treatment)
- Age-Normed testing (provide updated test results, if available)
- Behavioral treatment team (if there are changes in the provider specialties composing the team)
- New or updated POC (plan of care) with notes on any medical conditions
- Progress summary
- Care collaboration plan (provide updates, if any)
- Supporting documentation

Provider's Initial Assessment

For focused treatment, the provider may submit either the original initial assessment with an addendum that summarizes updates and changes in the member's condition or a new initial assessment.

POC

Subsequent PA requests must include an updated POC with the intended start and end dates for the authorization period, the intended treatment hours per week, and any planned modifications to treatment intensity. New treatment goals must be included in place of mastered goals.

Details of any medical conditions that may impact delivery of treatment and/or the member's response to treatment such as visual or hearing impairment, genetic difference, seizures, digestion or elimination problems, sleep disorder, nutrition concerns, or mental health concerns must be noted in the member's POC.

The POC must include an updated transition plan based on the member's progress in treatment.

Progress Summary

Subsequent PA requests must include a summary of the member's progress, or lack of progress, since treatment was last authorized.

Supporting Documentation

Additional documentation identified on the PA/BTA (Prior Authorization/Behavioral Treatment Attachment, F-01629 (12/2019)) form may be required, depending on the specific PA request. When these documents are required, they must meet the following standards described below.

Prescription From a Physician or Medical Provider

The prescription for behavioral treatment, from a physician or medical provider authorized to prescribe, must be updated.

Proposed Schedule of Treatment Hours and School Hours

The schedule of treatment hours and school hours must be an updated grid-style weekly schedule for the member indicating the specific **blocks of time when the member will be in school and in treatment**.

Most Recent School IEP

The most recent IEP (Individualized Education Program) school plan must include current intervention goals and a list of services that will be delivered during the requested authorization period.

Documentation Requirements

All of the following must be included as part of a subsequent PA request for behavioral treatment:

- A completed PA/RF (Prior Authorization Request Form, F-11018 (05/2013))
- A completed PA/BTA
- Documentation substantiating the request
- A prescription for behavioral treatment from a physician or medical provider

Topic #19041

Standards of Medical Necessity

PA (prior authorization) requests for behavioral treatment services are reviewed to evaluate whether or not each service being requested meets ForwardHealth's definition of "medically necessary," as well as other criteria. The PA/BTA (Prior Authorization/Behavioral Treatment Attachment, F-01629 (12/2019)) allows a provider to document the clinical information used to determine whether the standards of medical necessity are met for the requested service.

ForwardHealth considers certain factors when determining whether to approve or deny a PA request pursuant to Wis. Admin. Code § DHS

107.02(3). Providers are required to include adequate information on the PA/BTA for ForwardHealth consultants performing the clinical review to determine whether the service being requested meets all of the elements of ForwardHealth's definition of "medically necessary." Documentation must provide the justification for the service requested specific to the member's current condition and needs. Pursuant to Wis. Admin. Code § DHS 101.03(96m), a service that meets certain criteria is medically necessary under Wis. Admin. Code ch. DHS 107. Each PA is evaluated on its own merits. Providers are also required to prepare, submit, and maintain written documents that are complete, accurate, legible, and based on the current needs of the member (Wis. Admin. Code ch. DHS 106).

Approval criteria required to make a determination of medical necessity for behavioral treatment is included for the following:

- Initial PA requests
- Prior authorization amendment requests
- Subsequent PA requests

Decisions

Topic #424

Approved Requests

PA (prior authorization) requests are approved for varying periods of time based on the clinical justification submitted. The provider receives a copy of a PA decision notice when a PA request for a service is approved. Providers may then begin providing the approved service on the grant date given.

An approved request means that the requested **service**, not necessarily the code, was approved. For example, a similar procedure code may be substituted for the originally requested procedure code. Providers are encouraged to review approved PA requests to confirm the services authorized and confirm the assigned grant and expiration dates.

Listing Procedure Codes Approved as a Group on the Decision Notice Letter

In certain circumstances, ForwardHealth will approve a PA request for a group of procedure codes with a total quantity approved for the entire group. When this occurs, the quantity approved for the entire group of codes will be indicated with the first procedure code. All of the other approved procedure codes within the group will indicate a quantity of zero.

Providers may submit claims for any combination of the procedure codes in the group up to the approved quantity.

Topic #4724

Communicating Prior Authorization Decisions

ForwardHealth will make a decision regarding a provider's PA (prior authorization) request within 20 working days from the receipt of all the necessary information. After processing the PA request, ForwardHealth will send the provider either a decision notice letter or a returned provider review letter. Providers will receive a decision notice letter for PA requests that were approved, approved with modifications, or denied. Providers will receive a returned provider review letter for PA requests that require corrections or additional information. The decision notice letter or returned provider review letter will clearly indicate what is approved or what correction or additional information ForwardHealth needs to continue adjudicating the PA request.

Providers submitting PA requests via the ForwardHealth Portal will receive a decision notice letter or returned provider review letter via the Portal.

If the provider submitted a PA request via mail or fax and the provider has a Portal account, the decision notice letter or returned provider review letter will be sent to the provider via the Portal as well as by mail.

If the provider submitted a paper PA request via mail or fax and does not have a Portal account, the decision notice letter or returned provider review letter will be sent to the address indicated in the provider's file as their PA address (or to the physical address if there is no PA address on file), **not** to the address the provider wrote on the PA request.

The decision notice letter or returned provider review letter will not be faxed back to providers who submitted their paper PA request via fax. Providers who submitted their paper PA request via fax will receive the decision notice letter or returned provider letter via mail.

Topic #5038

Correcting Returned Prior Authorization Requests and Request Amendments on the Portal

If a provider received a returned provider review letter or an amendment provider review letter, they will be able to correct the errors identified on the returned provider review letter directly on the ForwardHealth Portal. Once the provider has corrected the error(s), the provider can resubmit the PA (prior authorization) request or amendment request via the Portal to ForwardHealth for processing. When correcting errors, providers only need to address the items identified in the returned provider review letter or the amendment provider review letter. Providers are not required to resubmit PA information already submitted to ForwardHealth.

Topic #5037

Decision Notice Letters and Returned Provider Review Letters on the Portal

Providers can view PA (prior authorization) decision notices and provider review letters via the secure area of the ForwardHealth Portal. Prior authorization decision notices and provider review letters can be viewed when the PA is selected on the Portal.

Note: The PA decision notice or the provider review letter will not be available until the day after the PA request is processed by ForwardHealth.

Topic #425

Denied Requests

When a PA (prior authorization) request is denied, both the provider and the member are notified. The provider receives a PA decision notice, including the reason for PA denial. The member receives a Notice of Appeal Rights letter that includes a brief statement of the reason PA was denied and information about their right to a fair hearing. Only the **member, or authorized person acting on behalf of the member**, can appeal the denial.

Providers may call Provider Services for clarification of why a PA request was denied.

Providers are required to discuss a denied PA request with the member and are encouraged to help the member understand the reason the PA request was denied.

Providers have three options when a PA request is denied:

- Not provide the service.
- Submit a **new** PA request. Providers are required to submit a copy of the original denied PA request and additional supporting clinical documentation and medical justification along with a new PA/RF (Prior Authorization Request Form, F-11018 (05/2013)), PA/DRF (Prior Authorization/Dental Request Form, F-11035 (07/2012)), or PA/HIAS1 (Prior Authorization for Hearing Instrument and Audiological Services 1, F-11020 (05/2013)).
- Provide the service as a noncovered service.

If the member does not appeal the decision to deny the PA request or appeals the decision but the decision is upheld and the member chooses to receive the service anyway, the member may choose to receive the service(s) as a noncovered service.

<PROGRAM NAME> Notice of Appeal Rights

Appeal Date: <AppealDate>

In <PROGRAM NAME>, certain services and products must be reviewed and approved before payment can be made for them. This review process is called prior authorization (PA). The purposes of this letter are to notify you that <PROGRAM NAME> has either denied or modified a request for prior authorization of a service or product that was submitted on your behalf and to inform you of your right to appeal that decision.

Your provider <ProviderName> requested prior authorization for the following service(s):

Service Code	Modifier	Service Description	Unit	Dollar
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX

<ServiceNN>

That prior authorization request, PA number <PANumber>, was reviewed by <PROGRAM NAME> medical consultants. Based on that review, the following services have been denied or modified as follows.

Denied Services

Service Code	Modifier	Service Description	Unit	Dollar
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX

<DeniedServiceNN>

Modified Services

Service Code	Modifier	Service Description	Unit	Dollar
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX

<ModifiedServiceNN>

<PROGRAM NAME>'s denial or modification of the services requested was made for the following reasons:

(Denial/modify code(s) will be inserted here)

<PROGRAM NAME> bases its decisions on criteria found in the Wisconsin Administrative Code. <PROGRAM NAME> may modify or deny a prior authorization request if one or more of the criteria are not supported by documentation submitted by your provider. The specific regulation(s) that supports the reason for the denial/modification of your provider's request for services is found in the following Wisconsin Administrative Code:

(Wis. Admin. Code Regulation(s) will be inserted here)

We have sent your provider the denied/modified prior authorization request. We encourage you to contact <Provider Name> to review the prior authorization request and the reasons for the decision.

Your Rights and Responsibilities

You or your designated representative may appeal this decision in accordance with state and federal law within <RecipientDays> days. To file an appeal, you may do one of the following:

1) Call your local county or tribal agency at the telephone number listed on the first page of this letter for an appeal form and/or assistance in completing it.

2) Write a letter requesting an appeal to the Division of Hearings and Appeals at the following address:

   Division of Hearings and Appeals
   Department of Administration
   PO Box 7875
   Madison WI 53707-7875

The appeal form or letter should include all of the following:

- The name, address, and telephone number of the <PROGRAM NAME> member for whom the appeal is being made.
- The member identification number.
- The prior authorization number <PANumber> of the denied/modified request.
- The reason you think the denial or modification of the prior authorization is wrong.

REMEMBER: You must mail or deliver your appeal to your local county or tribal agency or the Division of Hearings and Appeals so it is received by the <RecipientDays>-day deadline, which is <AppealDate>.

You will lose your right to an appeal if your request to appeal is not received by the local county or tribal agency or the Division of Hearings and Appeals by <AppealDate>.

If you file an appeal, you may expect the following to occur:

- The state Division of Health Care Access and Accountability will be required to explain, in writing, the reason(s) for the denial or modification of the services your provider requested. This explanation will be mailed to you.
- The Division of Hearings and Appeals will schedule a hearing to consider your appeal and will notify you of the time and place by mail. Hearings are generally held at your local county or tribal agency. You may want to ask your local county or tribal agency if there is free legal help available in your area.
- At that hearing, you (or you may choose a friend, relative, attorney, provider, etc., to represent you) will have an opportunity to explain your need for the service to a hearing officer. Division of Health Care Access and Accountability staff may also appear in person or participate by telephone.
- Based on all the information available, the hearing officer will make a decision on your appeal, notify you of the decision by mail, and advise you of any additional appeal rights.

Whether or not you appeal, <PROGRAM NAME> will pay for any services it has approved. After the hearing officer makes a decision on your appeal, <PROGRAM NAME> will continue to pay for the approved services plus any additional services the hearing officer directs <PROGRAM NAME> to pay.

If you need information about accommodation for a disability or for language translation, please call 1-608-266-3096 (voice) or 1-608-264-9853 (TTY) immediately so arrangements can be made. The staff at these numbers will not be able to provide you with information about the reasons for Wisconsin <PROGRAM NAME>'s decision to deny or modify the prior authorization request. These telephone numbers at the Division of Hearings and Appeals should only be used for questions about the hearing process.

F-11194 (10/08)

Topic #426

Modified Requests

Modification is a change in the services originally requested on a PA (prior authorization) request. Modifications could include, but are not limited to, either of the following:

- The authorization of a procedure code different than the one originally requested.
- A change in the frequency or intensity of the service requested.

When a PA request is modified, both the provider and the member are notified. The provider will be sent a decision notice letter. The decision notice letter will clearly indicate what is approved or what correction or additional information is needed to continue adjudicating the PA request. The member receives a Notice of Appeal Rights letter that includes a brief statement of the reason PA was modified and information on their right to a fair hearing. Only the **member, or authorized person acting on behalf of the member**, can appeal the modification.

Providers are required to discuss with the member the reasons a PA request was modified.

Providers have the following options when a PA request is approved with modification:

- Provide the service as authorized.
- Submit a request to amend the modified PA request. Additional supporting clinical documentation and medical justification must be included.
- Not provide the service.
- Provide the service as originally requested as a noncovered service.

If the member does not appeal the decision to modify the PA request or appeals the decision but the decision is upheld and the member chooses to receive the originally requested service anyway, the member may choose to receive the service(s) as a noncovered service.

Providers may call Provider Services for clarification of why a PA request was modified.

The purposes of this letter are to notify you that <PROGRAM NAME> has either denied or modified a request for prior authorization of a service or product that was submitted on your behalf and to inform you of your right to appeal that decision.

Your provider <ProviderName> requested prior authorization for the following service(s):

Service Code	Modifier	Service Description	Unit	Dollar
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX

<ServiceNN>

That prior authorization request, PA number <PANumber>, was reviewed by <PROGRAM NAME> medical consultants. Based on that review, the following services have been denied or modified as follows.

Denied Services

Service Code	Modifier	Service Description	Unit	Dollar
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX

<DeniedServiceNN>

Modified Services

Service Code	Modifier	Service Description	Unit	Dollar
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX

<ModifiedServiceNN>

<PROGRAM NAME>'s denial or modification of the services requested was made for the following reasons:

(Denial/modify code(s) will be inserted here)

<PROGRAM NAME> bases its decisions on criteria found in the Wisconsin Administrative Code. <PROGRAM NAME> may modify or deny a prior authorization request if one or more of the criteria are not supported by documentation submitted by your provider. The specific regulation(s) that supports the reason for the denial/modification of your provider's request for services is found in the following Wisconsin Administrative Code:

services is found in the following Wisconsin Administrative Code:

(Wis. Admin. Code Regulation(s) will be inserted here)

We have sent your provider the denied/modified prior authorization request. We encourage you to contact <Provider Name> to review the prior authorization request and the reasons for the decision.

Your Rights and Responsibilities

You or your designated representative may appeal this decision in accordance with state and federal law within <RecipientDays> days. To file an appeal, you may do one of the following:

1) Call your local county or tribal agency at the telephone number listed on the first page of this letter for an appeal form and/or assistance in completing it.

2) Write a letter requesting an appeal to the Division of Hearings and Appeals at the following address:

    Division of Hearings and Appeals
    Department of Administration
    PO Box 7875
    Madison WI 53707-7875

The appeal form or letter should include all of the following:

- The name, address, and telephone number of the <PROGRAM NAME> member for whom the appeal is being made.
- The member identification number.
- The prior authorization number <PANumber> of the denied/modified request.
- The reason you think the denial or modification of the prior authorization is wrong.

REMEMBER: You must mail or deliver your appeal to your local county or tribal agency or the Division of Hearings and Appeals so it is received by the <RecipientDays>-day deadline, which is <AppealDate>.

You will lose your right to an appeal if your request to appeal is not received by the local county or tribal agency or the Division of Hearings and Appeals by <AppealDate>.

If you file an appeal, you may expect the following to occur:

- The state Division of Health Care Access and Accountability will be required to explain, in writing, the reason(s) for the denial or modification of the services your provider requested. This explanation will be mailed to you.
- The Division of Hearings and Appeals will schedule a hearing to consider your appeal and will notify you of the time and place by mail. Hearings are generally held at your local county or tribal agency. You may want to ask your local county or tribal agency if there is free legal help available in your area.
- At that hearing, you (or you may choose a friend, relative, attorney, provider, etc., to represent you) will have an opportunity to explain your need for the service to a hearing officer. Division of Health Care Access and Accountability staff may also appear in person or participate by telephone.
- Based on all the information available, the hearing officer will make a decision on your appeal, notify you of the decision by mail, and advise you of any additional appeal rights.

Whether or not you appeal, <PROGRAM NAME> will pay for any services it has approved. After the hearing officer makes a decision on your appeal, <PROGRAM NAME> will continue to pay for the approved services plus any additional services the hearing officer directs <PROGRAM NAME> to pay.

If you need information about accommodation for a disability or for language translation, please call 1-608-266-3096 (voice) or 1-608-264-9853 (TTY) immediately so arrangements can be made. The staff at these numbers will not be able to provide you with information about the reasons for Wisconsin <PROGRAM NAME>'s decision to deny or modify the prior authorization request. These telephone numbers at the Division of Hearings and Appeals should only be used for questions about the hearing process.

F-11194 (10/08)

Topic #4737

Returned Provider Review Letter Response Time

Thirty Days to Respond to the Returned Provider Review Letter

ForwardHealth must receive the provider's response within 30 calendar days of the date on the returned provider review letter, whether the letter was sent to the provider by mail or through the ForwardHealth Portal. If the provider's response is received within 30 calendar days, ForwardHealth still considers the original receipt date on the PA (prior authorization) request when authorizing a grant date for the PA.

If ForwardHealth does not receive the provider's response within 30 calendar days of the date the returned provider review letter was sent, the PA status becomes inactive and the provider is required to submit a new PA request. This results in a later grant date if the PA request is approved. Providers will not be notified when their PA request status changes to inactive, but this information will be available on the Portal and through WiCall.

If ForwardHealth receives additional information from the provider after the 30-day deadline has passed, a letter will be sent to the provider stating that the PA request is inactive and the provider is required to submit a new PA request.

Topic #427

Returned Requests

A PA (prior authorization) request may be returned to the provider when forms are incomplete, inaccurate, or additional clinical information or corrections are needed. When this occurs, the provider will be sent a provider review letter.

Returned Provider Review Letter

The returned provider review letter will indicate the PA number assigned to the request and will specify corrections or additional information needed on the PA request. Providers are required to make the corrections or supply the requested information in the space provided on the letter or attach additional information to the letter before mailing the letter to ForwardHealth. Providers can also correct PAs that have been placed in returned provider review status in the ForwardHealth Portal.

The provider's paper documents submitted with the PA request will not be returned to the provider when corrections or additional information are needed; however, X-rays and dental models will be returned once the PA is finalized.

Photographs submitted to ForwardHealth as additional supporting clinical documentation for PA requests will not be returned to providers and will be disposed of securely.

Therefore, providers are required to make a copy of their PA requests (including attachments and any supplemental information) before mailing the requests to ForwardHealth. The provider is required to have a copy on file for reference purposes if more information is required about the PA request.

Note: When changing or correcting the PA request, providers are reminded to revise or update the documentation retained in their records.

Follow-Up to Decisions

Topic #4738

Amendment Decisions

ForwardHealth will make a decision regarding a provider's amendment request within 20 working days from the receipt of all the necessary information. The method ForwardHealth will use to communicate decisions regarding PA (prior authorization) amendment requests will depend on how the **PA request** was originally submitted (not how the amendment request was submitted) and whether the provider has a ForwardHealth Portal account:

- If the PA request was originally submitted via the Portal, the decision notice letter or returned amendment provider review letter will be sent to the provider via the Portal.
- If the PA request was originally submitted via mail or fax and the provider has a Portal account, the decision notice letter or returned amendment provider review letter will be sent to the provider via the Portal, as well as by mail.
- If the PA request was originally submitted via mail or fax and the provider does **not** have a Portal account, the decision notice letter or returned amendment provider review letter will be sent by mail to the address indicated in the provider's file as their PA address (or to the physical address if there is no PA address on file), **not** to the address the provider wrote on the PA request or amendment request.

Topic #431

Amendments

Providers are required to use the Prior Authorization Amendment Request (F-11042 (07/2012)) to amend an approved or modified PA (prior authorization) request.

ForwardHealth does not accept a paper amendment request submitted on anything other than the Prior Authorization Amendment Request. The Prior Authorization Amendment Request may be submitted through the ForwardHealth Portal as well as by mail or fax. If ForwardHealth receives a PA amendment on a previous version of the Prior Authorization Amendment Request form, a letter will be sent to the provider stating that the provider is required to submit a new PA amendment request using the proper forms.

Examples of when providers may request an amendment to an approved or modified PA request include the following:

- To temporarily modify a member's frequency of a service when there is a short-term change in their medical condition
- To change the rendering provider information when the billing provider remains the same
- To change the member's ForwardHealth identification number
- To add or change a procedure code

Note: ForwardHealth recommends that, under most circumstances, providers should enddate the current PA request and submit a new one if there is a significant, long-term change in services required.

Topic #19043

Prior Authorization Amendments for Behavioral Treatment

Additional examples of when behavioral treatment providers may request an amendment to an approved or modified PA request include the following:

- To temporarily modify a member's frequency of service when there is a short-term increase in the member's behavioral treatment POC (plan of care)
- To change the grant or expiration date
- To identify co-treatment
- To amend a PA end date beyond the original expiration date (An approved or modified PA request initially approved for less than 12

months may be amended for up to a total of 12 months if additional services are medically necessary.)
- When changing from the commercial procedure code set to the Medicaid-allowable procedure code set after a member's commercial health insurance benefits have been exhausted

A request to amend the PA for behavioral treatment must include the following:

- The Prior Authorization Amendment Request form.
- The specific, requested changes (be as specific as possible).
- Documentation justifying the requested change. This may include the POC, a new written report of the member's evaluation, progress summary, etc.
- A corresponding prescription from a physician or medical professional, if needed.
- If the amendment request is to amend a PA end date beyond the original expiration date, an updated POC, progress summary, and updated behavioral treatment team (if there are changes in the team composition). The provider is required to include all documentation that was requested by ForwardHealth in the previous PA grant letter.

Note: Under most circumstances, providers should enddate the current PA request and submit a new one if there is a significant, long-term change in the services required.

ForwardHealth may approve a PA amendment request if the request is all of the following:

- Fully explained and documented. Clinical documentation of the medical necessity justifying the request is required.
- Medically necessary under Wis. Admin. Code § DHS 101.03(96m).
- Submitted before the date of the requested change.
- Submitted before the PA expires.
- Not solely for the convenience of the member, the member's family, or the provider.
- Not requested to allow for a vacation, missed appointments or treatment sessions, illness, or a leave of absence by the provider.

Topic #432

Appeals

If a PA (prior authorization) request is denied or modified by ForwardHealth, only a member, or authorized person acting on behalf of the member, may file an appeal with the DHA (Division of Hearings and Appeals). Decisions that may be appealed include the following:

- Denial or modification of a PA request
- Denial of a retroactive authorization for a service

The member is required to file an appeal within 45 days of the date of the Notice of Appeal Rights.

To file an appeal, members may complete and submit a Request for Fair Hearing (DHA-28 (08/09)) form.

Though providers cannot file an appeal, they are encouraged to remain in contact with the member during the appeal process. Providers may offer the member information necessary to file an appeal and help present their case during a fair hearing.

Fair Hearing Upholds ForwardHealth's Decision

If the hearing decision upholds the decision to deny or modify a PA request, the DHA notifies the member and ForwardHealth in writing. The member may choose to receive the service (or in the case of a modified PA request, the originally requested service) as a noncovered service, not receive the service at all, or appeal the decision.

Fair Hearing Overturns ForwardHealth's Decision

If the hearing decision overturns the decision to deny or modify the PA request, the DHA notifies ForwardHealth and the member. The letter includes instructions for the provider and for ForwardHealth.

If the DHA letter instructs the provider to submit a claim for the service, the provider should submit the following to ForwardHealth after the service has been performed:

- A paper claim with "HEARING DECISION ATTACHED" written in red ink at the top of the claim
- A copy of the hearing decision
- A copy of the denied PA request

Providers are required to submit claims with hearing decisions to the following address:

ForwardHealth
Specialized Research
Ste 50
313 Blettner Blvd
Madison WI 53784

Claims with hearing decisions sent to any other address may not be processed appropriately.

If the DHA letter instructs the provider to submit a new PA request, the provider is required to submit the **new** PA request along with a copy of the hearing decision to the PA Unit at the following address:

ForwardHealth
Prior Authorization
Ste 88
313 Blettner Blvd
Madison WI 53784

ForwardHealth will then approve the PA request with the revised process date. The provider may then submit a claim following the usual claims submission procedures after providing the service(s).

Financial Responsibility

If the member asks to receive the service **before** the hearing decision is made, the provider is required to notify the member before rendering the service that the member will be responsible for payment if the decision to deny or modify the PA request is upheld.

If the member accepts responsibility for payment of the service before the hearing decision is made, and if the appeal decision **upholds** the decision to deny or modify the PA request, the provider may collect payment from the member if certain conditions are met.

If the member accepts responsibility for payment of the service before the hearing decision is made, and if the appeal decision **overturns** the decision to deny or modify a PA request, the provider may submit a claim to ForwardHealth. If the provider collects payment from the member for the service before the appeal decision is overturned, the provider is required to refund the member for the **entire** amount of payment received from the member after the provider receives Medicaid's reimbursement.

Wisconsin Medicaid does not directly reimburse members.

Sample Notice of Appeal Rights Letter

<Month DD, CCYY>
<sequence number>
<RecipName>
<RecipAddressLine1>
<RecipAddressLine2>
<RecipCity> <RecipStateZip>

Member Identification Number:
<XXX-XX-XXXXX>
Local County or Tribal Agency
Telephone Number: <AgencyPhone>

<PROGRAM NAME> Notice of Appeal Rights

Appeal Date: <AppealDate>

In <PROGRAM NAME>, certain services and products must be reviewed and approved before payment can be made for them. This review process is called prior authorization (PA). The purposes of this letter are to notify you that <PROGRAM NAME> has either denied or modified a request for prior authorization of a service or product that was submitted on your behalf and to inform you of your right to appeal that decision.

Your provider <ProviderName> requested prior authorization for the following service(s):

Service Code	Modifier	Service Description	Unit	Dollar
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX

<ServiceNN>

That prior authorization request, PA number <PANumber>, was reviewed by <PROGRAM NAME> medical consultants. Based on that review, the following services have been denied or modified as follows.

Denied Services

Service Code	Modifier	Service Description	Unit	Dollar
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX

<DeniedServiceNN>

Modified Services

Service Code	Modifier	Service Description	Unit	Dollar
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX
XXXXXXXXXXX	XX XX XX XX	XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXXXXXXXXXXX	XXXXX.XX	XXXXX.XX

<ModifiedServiceNN>

<PROGRAM NAME>'s denial or modification of the services requested was made for the following reasons:

(Denial/modify code(s) will be inserted here)

<PROGRAM NAME> bases its decisions on criteria found in the Wisconsin Administrative Code. <PROGRAM NAME> may modify or deny a prior authorization request if one or more of the criteria are not supported by documentation submitted by your provider. The specific regulation(s) that supports the reason for the denial/modification of your provider's request for services is found in the following Wisconsin Administrative Code:

(Wis. Admin. Code Regulation(s) will be inserted here)

We have sent your provider the denied/modified prior authorization request. We encourage you

to contact <Provider Name> to review the prior authorization request and the reasons for the decision.

Your Rights and Responsibilities

You or your designated representative may appeal this decision in accordance with state and federal law within <RecipientDays> days. To file an appeal, you may do one of the following:

1) Call your local county or tribal agency at the telephone number listed on the first page of this letter for an appeal form and/or assistance in completing it.

2) Write a letter requesting an appeal to the Division of Hearings and Appeals at the following address:

   Division of Hearings and Appeals
   Department of Administration
   PO Box 7875
   Madison WI 53707-7875

The appeal form or letter should include all of the following:

- The name, address, and telephone number of the <PROGRAM NAME> member for whom the appeal is being made.
- The member identification number.
- The prior authorization number <PANumber> of the denied/modified request.
- The reason you think the denial or modification of the prior authorization is wrong.

REMEMBER: You must mail or deliver your appeal to your local county or tribal agency or the Division of Hearings and Appeals so it is received by the <RecipientDays>-day deadline, which is <AppealDate>.

You will lose your right to an appeal if your request to appeal is not received by the local county or tribal agency or the Division of Hearings and Appeals by <AppealDate>.

If you file an appeal, you may expect the following to occur:

- The state Division of Health Care Access and Accountability will be required to explain, in writing, the reason(s) for the denial or modification of the services your provider requested. This explanation will be mailed to you.
- The Division of Hearings and Appeals will schedule a hearing to consider your appeal and will notify you of the time and place by mail. Hearings are generally held at your local county or tribal agency. You may want to ask your local county or tribal agency if there is free legal help available in your area.
- At that hearing, you (or you may choose a friend, relative, attorney, provider, etc., to represent you) will have an opportunity to explain your need for the service to a hearing officer. Division of Health Care Access and Accountability staff may also appear in person or participate by telephone.
- Based on all the information available, the hearing officer will make a decision on your appeal, notify you of the decision by mail, and advise you of any additional appeal rights.

Whether or not you appeal, <PROGRAM NAME> will pay for any services it has approved. After the hearing officer makes a decision on your appeal, <PROGRAM NAME> will continue to pay for the approved services plus any additional services the hearing officer directs <PROGRAM NAME> to pay.

If you need information about accommodation for a disability or for language translation, please call 1-608-266-3096 (voice) or 1-608-264-9853 (TTY) immediately so arrangements can be made. The staff at these numbers will not be able to provide you with information about the reasons for Wisconsin <PROGRAM NAME>'s decision to deny or modify the prior authorization request. These telephone numbers at the Division of Hearings and Appeals should only be used for questions about the hearing process.

F-11194 (10/08)

Topic #1106

Enddating

Providers are required to use the Prior Authorization Amendment Request (F-11042 (07/2012)) to enddate most PA (prior authorization) requests. ForwardHealth does not accept requests to enddate a PA request for any service, except drugs, on anything other than the Prior Authorization Amendment Request. PA for drugs may be enddated by using STAT-PA (Specialized Transmission Approval Technology-Prior Authorization) in addition to submitting a Prior Authorization Amendment Request.

Providers may submit a Prior Authorization Amendment Request on the ForwardHealth Portal, or by fax or mail.

If a request to enddate a PA is not submitted on the Prior Authorization Amendment Request, a letter will be sent to the provider stating that the provider is required to submit the request using the proper forms.

Examples of when a PA request should be enddated include the following:

- A member chooses to discontinue receiving prior authorized services.
- A provider chooses to discontinue delivering prior authorized services.

Examples of when a PA request should be enddated and a new PA request should be submitted include the following:

- There is an interruption in a member's continual care services.
- There is a change in the member's condition that warrants a long-term change in services required.
- The service(s) is no longer medically necessary.

Topic #4739

Returned Amendment Provider Review Letter

If the amendment request needs correction or additional information, a returned amendment provider review letter will be sent. The letter will show how the PA (prior authorization) appears currently in the system, and providers are required to respond by correcting errors identified on the letter. Providers are required to make the corrections or supply the requested information in the space provided on the letter or attach additional information to the letter before mailing the letter to ForwardHealth. Providers can also correct an amendment request that has been placed in returned provider review status in the ForwardHealth Portal.

ForwardHealth must receive the provider's response within 30 calendar days of the date the returned amendment provider review letter was sent. After 30 days the amendment request status becomes inactive and the provider is required to submit a new amendment request. The ForwardHealth interChange system will continue to use the original approved PA request for processing claims.

The provider's paper documents submitted with the amendment request will not be returned to the provider when corrections or additional information are needed; however, X-rays and dental models will be returned once the amendment request is finalized.

Photographs submitted to ForwardHealth as additional supporting clinical documentation for PA requests will not be returned to providers and will be disposed of securely.

Therefore, providers are required to make a copy of their amendment requests (including attachments and any supplemental information) before mailing the requests to ForwardHealth. The provider is required to have a copy on file for reference purposes if ForwardHealth requires more information about the amendment request.

Note: When changing or correcting the amendment request, providers are reminded to revise or update the documentation retained in their records.

Topic #5039

Searching for Previously Submitted Prior Authorization Requests on the Portal

Providers will be able to search for all previously submitted PA (prior authorization) requests, regardless of how the PA was initially submitted. If the provider knows the PA number, they can enter the number to retrieve the PA information. If the provider does not know the PA number, they can search for a PA by entering information in one or more of the following fields:

- Member identification number
- Requested start date
- Prior authorization status
- Amendment status

If the provider does not search by any of the information above, providers will retrieve all their PA requests submitted to ForwardHealth.

Forms and Attachments

Topic #960

An Overview

Depending on the service being requested, most PA (prior authorization) requests must be comprised of the following:

- The PA/RF (Prior Authorization Request Form, F-11018 (05/2013)), PA/DRF (Prior Authorization/Dental Request Form, F-11035 (07/2012)), or PA/HIAS1 (Prior Authorization Request for Hearing Instrument and Audiological Services, F-11020 (05/2013))
- A service-specific PA attachment(s)
- Additional supporting clinical documentation (Typical PA requirements regarding attachments may not apply for some HealthCheck "Other Services" PA requests.)

Topic #446

Attachments

In addition to the PA/RF (Prior Authorization Request Form, F-11018 (05/2013)), PA/HIAS1 (Prior Authorization for Hearing Instrument and Audiological Services 1, F-11020 (05/2013)), or PA/DRF (Prior Authorization/Dental Request Form, F-11035 (07/2012)), a service-specific PA (prior authorization) attachment must be submitted with each PA request. The PA attachment allows a provider to document the clinical information used to determine whether or not the standards of medical necessity are met for the requested service(s). Providers should include adequate information for ForwardHealth to make a reasonable judgment about the case.

ForwardHealth will scan each form with a barcode as it is received, which will allow greater efficiencies for processing PA requests.

Topic #19042

Behavioral Treatment Benefit

All of the following must be included as part of the PA request for behavioral treatment:

- A completed PA/RF
- A completed PA/BTA (Prior Authorization/Behavioral Treatment Attachment, F-01629 (12/2019))
- Documentation supporting the PA approval criteria
- A prescription for behavioral treatment from a physician or medical provider authorized to prescribe

Note: Providers are not required to submit the PA/BTA form for comprehensive services for members under the age of 6.

PA/BTA

The PA/BTA must be submitted with each PA request. The PA/BTA allows a provider to document the clinical information used to determine whether or not the standards of medical necessity are met for the requested service(s) and the proposed POC (plan of care). Providers are required to ensure that the PA/BTA is correct and complete; providers may only indicate "See attached" when the form or instructions indicate that this is a valid entry. When noting "See attached," the information requested on the PA/BTA must be easily located and adequately answered in the attached information. Providers should include adequate information for ForwardHealth to make a reasonable judgment about the case. The PA request will be returned if the attached information is unclear, incomplete, or difficult for a PA reviewer to locate.

Topic #447

Obtaining Forms and Attachments

Providers may obtain paper versions of all PA (prior authorization) forms and attachments. In addition, providers may download and complete most PA attachments from the ForwardHealth Portal.

Paper Forms

Paper versions of all PA forms and PA attachments are available by writing to ForwardHealth. Include a return address, the name of the form, the form number (if applicable), and mail the request to the following address:

ForwardHealth
Form Reorder
313 Blettner Blvd
Madison WI 53784

Providers may also call Provider Services to order paper copies of forms.

Downloadable Forms

Most PA attachments can be downloaded and printed in their original format from the Portal. Many forms are available in fillable PDF (Portable Document Format) and fillable Microsoft Word formats.

Web PA Via the Portal

Certain providers may complete the PA/RF (Prior Authorization Request Form, F-11018 (05/2013)) and PA attachments through the Portal. Providers may then print the PA/RF (and in some cases the PA attachment), and send the PA/RF, service-specific PA attachments, and any supporting documentation on paper by mail or fax to ForwardHealth.

Topic #448

Prior Authorization Request Form

The PA/RF (Prior Authorization Request Form, F-11018 (05/2013)) is used by ForwardHealth and is mandatory for most providers when requesting PA (prior authorization). The PA/RF serves as the cover page of a PA request.

Providers are required to complete the basic provider, member, and service information on the PA/RF. Each PA request is assigned a unique ten-digit number. ForwardHealth remittance information will report to the provider the PA number used to process the claim for prior authorized services.

Topic #19044

Prior Authorization Request Form Completion Instructions for Behavioral Treatment Services

A sample PA/RF (Prior Authorization Request Form, F-11018 (05/2013)) for behavioral treatment services is available. The information presented in the sample is for illustrative purposes only and does not constitute guidance from ForwardHealth regarding specific entries that a provider should make on a PA/RF for a specific PA (prior authorization) request for a specific member.

ForwardHealth requires certain information to enable the programs to authorize and pay for medical services provided to eligible members.

ForwardHealth members are required to give providers full, correct, and truthful information for the submission of correct and complete claims for reimbursement. Per Wis. Admin. Code § DHS 104.02(4), this information should include, but is not limited to, information concerning enrollment status, name, address, and member ID number.

Under Wis. Stat. § 49.45(4), personally identifiable information about program applicants and members is confidential and is used for purposes directly related to ForwardHealth administration such as determining eligibility of the applicant, processing PA requests, or processing provider

claims for reimbursement. The use of the PA/RF is mandatory to receive PA of certain items. Failure to supply the information requested by the form may result in denial of PA or payment for the service.

Providers should make duplicate copies of all paper documents mailed to ForwardHealth. Providers may submit the PA/RF and other required documentation via the ForwardHealth Portal, by fax to ForwardHealth at 608-221-8616, or by mail to the following address:

ForwardHealth
Prior Authorization
Ste 88
313 Blettner Blvd
Madison WI 53784

The provision of services that are greater than or significantly different from those authorized may result in nonpayment of the billing claim(s).

SECTION I — PROVIDER INFORMATION

Element 1 — HealthCheck "Other Services"
Enter an "X" in the box next to HealthCheck "Other Services" if the services requested on the PA/RF are for HealthCheck "Other Services." The provider is required to select HealthCheck "Other Services" when requesting comprehensive behavioral treatment.

Element 2 — Process Type
Enter process type "142" for behavioral treatment. The process type is a three-digit code used to identify a category of service requested.

Element 3 — Telephone Number — Billing Provider
Enter the telephone number, including the area code, of the office, clinic, facility, or place of business of the billing provider.

Element 4 — Name and Address — Billing Provider
Enter the Medicaid-enrolled behavioral treatment provider's name and complete address (street, city, state, and ZIP+4 code). Providers are required to include both the ZIP code and four-digit extension for timely and accurate billing. The name listed in this element must correspond with the billing provider number listed in Element 5a.

Element 5a — Billing Provider Number
Enter the NPI (National Provider Identifier) of the billing provider. The NPI in this element must correspond with the Medicaid-enrolled behavioral treatment provider's name listed in Element 4.

Element 5b — Billing Provider Taxonomy Code
Enter the national 10-digit alphanumeric taxonomy code that corresponds to the NPI of the billing provider in Element 5a.

Element 6a — Name — Prescribing/Referring/Ordering Provider
Enter the prescribing medical provider's name. This is the name of the Medicaid-enrolled medical provider writing the prescription for behavioral treatment. The prescribing, referring, or ordering provider whose information is submitted on the PA request or claim for behavioral treatment services must match the prescribing provider on the prescription for behavioral treatment services.

Element 6b — National Provider Identifier — Prescribing/Referring/Ordering Provider
Enter the prescriber's 10-digit NPI. The NPI in this element must correspond with the provider's name listed in Element 6a.

SECTION II — MEMBER INFORMATION

Element 7 — Member Identification Number
Enter the member ID. Do not enter any other numbers or letters. Use the ForwardHealth ID card or Wisconsin's EVS (Enrollment Verification System) to obtain the correct number.

Element 8 — Date of Birth — Member
Enter the member's date of birth in MM/DD/CCYY format.

Element 9 — Address — Member
Enter the complete address of the member's place of residence, including the street, city, state, and ZIP code.

Element 10 — Name — Member
Enter the member's last name, followed by their first name and middle initial. Use the EVS to obtain the correct spelling of the member's name. If the name or spelling of the name on the ForwardHealth card and the EVS do not match, use the spelling from the EVS.

Element 11 — Gender — Member
Enter an "X" in the appropriate box to specify male or female.

SECTION III — DIAGNOSIS / TREATMENT INFORMATION

Element 12 — Diagnosis — Primary Code and Description
Enter the appropriate ICD (International Classification of Diseases) diagnosis code and description with the greatest level of specificity most relevant to the service/procedure requested. The ICD diagnosis code must correspond with the ICD description.

Element 13 — Start Date — SOI (not required)

Element 14 — First Date of Treatment — SOI (not required)

Element 15 — Diagnosis — Secondary Code and Description
Enter the appropriate secondary ICD diagnosis code and description with the greatest level of specificity most relevant to the service/procedure requested, if applicable. The ICD diagnosis code must correspond with the ICD description.

Element 16 — Requested PA Start Date
Enter the requested start date for service(s) in MM/DD/CCYY format.

Element 17 — Rendering Provider Number
Enter the NPI of the provider who will be performing the service, **only** if the NPI is different from the NPI of the billing provider listed in Element 5a. The rendering provider is required to be a Medicaid-enrolled behavioral treatment provider.

Element 18 — Rendering Provider Taxonomy Code
Enter the national 10-digit alphanumeric taxomony code that corresponds to the provider who will be performing the service, **only** if this code is different from the taxonomy code listed for the billing provider in Element 5b.

Element 19 — Service Code
Enter the appropriate CPT (Current Procedural Terminology) code or HCPCS (Healthcare Common Procedure Coding System) code for each service/procedure/item requested using the procedure code set that is allowable for the member's **primary insurance**.

If the member has Medicaid only (including Medicaid HMO only), the allowable procedure code is 97153 (**Adaptive behavior treatment by protocol**, administered by technician under the direction of a physician or other qualified healthcare professional, face-to-face with one patient, each 15 minutes).

To simplify the PA submission process, providers may request all direct treatment units for CPT codes 97153 and 97155 by including the cumulative total of requested treatment units as a single line item, using a single code (97153).

Note: Direct treatment units submitted on claims using any of these CPT codes will be deducted from the cumulative total of approved treatment units.

Family Treatment Guidance

Family treatment guidance services must be requested as a separate line item on the PA/RF using CPT procedure code 97156.

Team Meeting

Team meeting services must be requested on a separate line item on the PA/RF using CPT procedure code 97156.

Group Behavioral Treatment

Group behavioral treatment services must be requested as separate line items on the PA/RF using CPT procedure codes 97158 and 97154.

Element 20 — Modifiers
Enter the modifier corresponding to the level of service requested using the modifiers required by the member's **primary insurance**.

If the member has Medicaid only (including Medicaid HMO only), use the following modifier(s):

- Comprehensive Behavioral Treatment (modifier TG).
- Focused Behavioral Treatment (modifier TF).
- Team Meeting (modifier AM). Modifier AM is used **only** with procedure code 97156 when 97156 is used to indicate team meetings. Do not use modifier AM with procedure code 97156 when it is used to indicate family treatment guidance.

Element 21 — POS
Enter the appropriate POS (place of service) code designating where the requested service will be provided. If the service will be provided in more than one place, the provider should list the POS code that reflects the place that the majority of the service will be provided.

Element 22 — Description of Service
Enter a written description of the allowable procedure code that corresponds to the procedure code listed in Element 19 for each service requested. Also indicate the **number of weeks** for which the service is requested.

Element 23 — QR (quantity requested)
Enter the appropriate quantity (for example, number of units) requested for the procedure code listed in Element 19.

Element 24 — Charge
Enter the provider's usual and customary charge for each service/procedure/item requested. If the quantity requested (Element 23) is greater than "1.0," multiply the quantity by the charge for each service/procedure/item requested. Enter that total amount in this element.

Note: The charges indicated on the request form should reflect the provider's usual and customary charge for the procedure requested. Providers are reimbursed for authorized services according to provider *Terms of Reimbursement* issued by the Wisconsin DHS (Department of Health Services).

Element 25 — Total Charges
Enter the anticipated total charges for this request.

Element 26 — Signature — Requesting Provider
The original signature of the provider (first and last name) requesting this service must appear in this element.

Element 27 — Date Signed
Enter the month, day, and year the PA/RF was signed (in MM/DD/CCYY format).

Sample PA/RF for Behavioral Treatment Services

DEPARTMENT OF HEALTH SERVICES
ForwardHealth
F-11018 (05/13)

STATE OF WISCONSIN

An approved authorization does not guarantee payment. Reimbursement is contingent upon enrollment of the member and provider at the time the service is provided and the completeness of the claim information. Payment will not be made for services initiated prior to approval or after the authorization expiration date. Reimbursement will be in accordance with ForwardHealth payment methodology and policy. If the member is enrolled in a BadgerCare Plus Managed Care Program at the time a prior authorized service is provided, ForwardHealth reimbursement will be allowed only if the service is not covered by the Managed Care Program.									25. Total Charges		XXXX.XX
26. **SIGNATURE** — Requesting Provider *I.M. Provider*										27. Date Signed MM/DD/CCYY	

Topic #449

Supporting Clinical Documentation

Certain PA (prior authorization) requests may require additional supporting clinical documentation to justify the medical necessity for a service (s). Supporting documentation may include, but is not limited to, X-rays, photographs, a physician's prescription, clinical reports, and other materials related to the member's condition.

All supporting documentation submitted with a PA request must be clearly labeled and identified with the member's name and member identification number. Securely packaged X-rays and dental models will be returned to providers.

Photographs submitted to ForwardHealth as additional supporting clinical documentation for PA requests will not be returned to providers and will be disposed of securely.

Topic #3759

Utilizing Medical Record Documentation

Providers may submit selected existing medical documentation with a PA (prior authorization) request in lieu of writing the same required information on the PA attachment.

For example, as supportive documentation, the current treatment plan could be attached rather than rewritten on the PA attachment. In this case, the provider should write, "See attached treatment plan dated MM/DD/YY" in the element requesting the current treatment plan on the PA attachment.

General Information

Topic #4402

An Overview

The PA (prior authorization) review process includes both a clerical review and a clinical review. The PA request will have one of the statuses detailed in the following table.

Prior Authorization Status	Description
Approved	The PA request was approved.
Approved with Modifications	The PA request was approved with modifications to what was requested.
Denied	The PA request was denied.
Returned—Provider Review	The PA request was returned to the provider for correction or for additional information.
Pending—Fiscal Agent Review	The PA request is being reviewed by the Fiscal Agent.
Pending—Dental Follow-up	The PA request is being reviewed by a Fiscal Agent dental specialist.
Pending—State Review	The PA request is being reviewed by the State.
Suspend—Provider Sending Information	The PA request was submitted via the ForwardHealth Portal and the provider indicated they will be sending additional supporting information on paper.
Inactive	The PA request is inactive due to no response within 30 days to the returned provider review letter and cannot be used for PA or claims processing.

Topic #434

Communication With Members

ForwardHealth recommends that providers inform members that PA (prior authorization) is required for certain specified services **before** delivery of the services. Providers should also explain that, if required to obtain PA, they will be submitting member records and information to ForwardHealth on the member's behalf. Providers are required to keep members informed of the PA request status throughout the **entire** PA process.

Member Questions

A member may call Member Services to find out whether or not a PA request has been submitted and, if so, when it was received by ForwardHealth. The member will be advised to contact the provider if more information is needed about the status of an individual PA request.

Topic #435

Definition

PA (prior authorization) is the electronic or written authorization issued by ForwardHealth to a provider prior to the provision of a service. In most cases, providers are required to obtain PA **before** providing services that require PA. When granted, a PA request is approved for a specific period of time and specifies the type and quantity of service allowed.

Topic #5098

Designating an Address for Prior Authorization

Correspondence

Correspondence related to PA (prior authorization) will be sent to the practice location address on file with ForwardHealth unless the provider designates a separate address for receipt of PA correspondence. This policy applies to all PA correspondence, including decision notice letters, returned provider review letters, returned amendment provider letters, and returned supplemental documentation such as X-rays and dental models.

Photographs submitted to ForwardHealth as additional supporting clinical documentation for PA requests will not be returned to providers and will be disposed of securely.

Providers may designate a separate address for PA correspondence using the demographic maintenance tool.

Topic #4383

Prior Authorization Numbers

Upon receipt of the PA/RF (Prior Authorization Request Form, F-11018 (05/2013)), ForwardHealth will assign a PA (prior authorization) number to each PA request.

The PA number consists of 10 digits, containing valuable information about the PA (for example, the date the PA request was received by ForwardHealth, the medium used to submit the PA request).

Each PA request is assigned a unique PA number. This number identifies valuable information about the PA. The following table provides detailed information about interpreting the PA number.

Type of Number and Description	Applicable Numbers and Description
Media—One digit indicates media type.	Digits are identified as follows: 1 = paper; 2 = fax; 3 = STAT-PA (Specialized Transmission Approval Technology-Prior Authorization); 4 = STAT-PA; 5 = Portal; 6 = Portal; 7 = NCPDP (National Council for Prescription Drug Programs) transaction or 278 (278 Health Care Services Review—Request for Review and Response) transaction; 9 = eviCore healthcare
Year—Two digits indicate the year ForwardHealth received the PA request.	For example, the year 2008 would appear as 08.
Julian date—Three digits indicate the day of the year, by Julian date, that ForwardHealth received the PA request.	For example, February 3 would appear as 034.
Sequence number—Four digits indicate the sequence number.	The sequence number is used internally by ForwardHealth.

Topic #436

Reasons for Prior Authorization

Only about 4 percent of all services covered by Wisconsin Medicaid require PA (prior authorization). PA requirements vary for different types of services. Refer to ForwardHealth publications and Wis. Admin. Code ch. DHS 107 for information regarding services that require PA. According to Wis. Admin. Code § DHS 107.02(3)(b), PA is designed to do the following:

- Safeguard against unnecessary or inappropriate care and services
- Safeguard against excess payments
- Assess the quality and timeliness of services

- Promote the most effective and appropriate use of available services and facilities
- Determine if less expensive alternative care, services, or supplies are permissible
- Curtail misutilization practices of providers and members

PA requests are processed based on criteria established by the Wisconsin DHS (Department of Health Services).

Providers should not request PA for services that do not require PA simply to determine coverage or establish a reimbursement rate for a manually priced procedure code. Also, new technologies or procedures do not necessarily require PA. PA requests for services that do not require PA are typically returned to the provider. Providers having difficulties determining whether or not a service requires PA may call Provider Services.

Topic #437

Referrals to Out-of-State Providers

PA (prior authorization) may be granted to out-of-state providers when nonemergency services are necessary to help a member attain or regain their health and ability to function independently. The PA request may be approved only when the services are not reasonably accessible to the member in Wisconsin.

Out-of-state providers are required to meet ForwardHealth's guidelines for PA approval. This includes sending PA requests, required attachments, and supporting documentation to ForwardHealth before the services are provided.

Note: Emergency services provided out-of-state do not require PA; however, claims for such services must include appropriate documentation (e.g., anesthesia report, medical record) to be considered for reimbursement. Providers are required to submit claims with supporting documentation on paper.

When a Wisconsin Medicaid provider refers a member to an out-of-state provider, the referring provider should instruct the out-of-state provider to go to the Provider Enrollment Information home page on the ForwardHealth Portal to complete a Medicaid Out-of-State Provider Enrollment Application.

All out-of-state nursing homes, regardless of location, are required to obtain PA for all services. All other out-of-state nonborder-status providers are required to obtain PA for all nonemergency services except for home dialysis supplies and equipment.

Topic #438

Reimbursement Not Guaranteed

Wisconsin Medicaid may decline to reimburse a provider for a service that has been prior authorized if one or more of the following program requirements is not met:

- The service authorized on the approved PA (prior authorization) request is the service provided.
- The service is provided within the grant and expiration dates on the approved PA request.
- The member is eligible for the service on the date the service is provided.
- The provider is enrolled in Wisconsin Medicaid on the date the service is provided.
- The service is billed according to service-specific claim instructions.
- The provider meets other program requirements.

Providers may not collect payment from a member for a service requiring PA under any of the following circumstances:

- The provider failed to seek PA before the service was provided.
- The service was provided before the PA grant date or after the PA expiration date.
- The provider obtained PA but failed to meet other program requirements.
- The service was provided before a decision was made, the member did not accept responsibility for the payment of the service before the service was provided, and the PA was denied.

There are certain situations when a provider may collect payment for services in which PA was denied.

Other Health Insurance Sources

Providers are encouraged, but not required, to request PA from ForwardHealth for covered services that require PA when members have other health insurance coverage. This is to allow payment by Wisconsin Medicaid for the services provided in the event that the other health insurance source denies or recoups payment for the service. If a service is provided before PA is obtained, ForwardHealth will not consider backdating a PA request solely to enable the provider to be reimbursed.

Topic #1268

Sources of Information

Providers should verify that they have the most current sources of information regarding PA (prior authorization). It is critical that providers and staff have access to these documents:

- Wisconsin Administrative Code: Chapters DHS 101 through DHS 109 are the rules regarding Medicaid administration.
- Wisconsin Statutes: Sections 49.43 through 49.99 provide the legal framework for Wisconsin Medicaid.
- ForwardHealth Portal: The Portal gives the latest policy information for all providers, including information about Medicaid managed care enrollees.

Topic #812

Status Inquiries

Providers may inquire about the status of a PA (prior authorization) request through one of the following methods:

- Accessing WiCall, ForwardHealth's AVR (Automated Voice Response) system
- Calling Provider Services

Providers should have the 10-digit PA number available when making inquiries.

Grant and Expiration Dates

Topic #439

Backdating

Backdating an initial PA (prior authorization) request or SOI (spell of illness) to a date prior to ForwardHealth's initial receipt of the request may be allowed in limited circumstances.

A request for backdating may be approved if all of the following conditions are met:

- The provider specifically requests backdating in writing on the PA or SOI request.
- The request includes clinical justification for beginning the service before PA or SOI was granted.
- The request is received by ForwardHealth within 14 calendar days of the start of the provision of services.

Topic #19057

Behavioral treatment providers may request PA back to the date of eligibility for members who receive retroactive enrollment in Wisconsin Medicaid or BadgerCare Plus. However, services will not be authorized for dates prior to the date the member's medical provider prescribed or ordered the services. Providers are required to submit a PA request and receive approval from ForwardHealth before submitting a claim for behavioral treatment services.

Topic #440

Expiration Date

The expiration (end) date of an approved or modified PA (prior authorization) request is the date through which services are prior authorized. PA requests are granted for varying periods of time. Expiration dates may vary and do not automatically expire at the end of the month or calendar year. In addition, providers may request a specific expiration date. Providers should carefully review all approved and modified PA requests and make note of the expiration dates.

Topic #441

Grant Date

The grant (start) date of an approved or modified PA (prior authorization) request is the first date in which services are prior authorized and will be reimbursed under this PA number. On a PA request, providers may request a specific date that they intend services to begin. If no grant date is requested or the grant date is illegible, the grant date will typically be the date the PA request was reviewed by ForwardHealth.

Topic #19058

Behavioral Treatment Services

The requested start date for behavioral treatment services on PA requests cannot precede the date of the medical examination, diagnostic evaluation, or prescription from a physician or medical provider authorized to write a prescription (e.g., a nurse practitioner or physician assistant).

Services provided prior to the PA start date or after the PA end date are not considered authorized and will not be covered.

Topic #442

Renewal Requests

To prevent a lapse in coverage or reimbursement for ongoing services, all renewal PA (prior authorization) requests (that is, subsequent PA requests for ongoing services) must be received by ForwardHealth **prior to the expiration date** of the previous PA request. Each provider is solely responsible for the timely submission of PA request renewals. Renewal requests will not be backdated for continuation of ongoing services.

Member Eligibility Changes

Topic #443

Loss of Enrollment During Treatment

Some covered services consist of sequential treatment steps, meaning more than one office visit or service is required to complete treatment.

In most cases, if a member loses enrollment midway through treatment, or at any time between the grant and enddates, Wisconsin Medicaid will **not** reimburse services (including prior authorized services) provided during an enrollment lapse. Providers should not assume Wisconsin Medicaid covers completion of services after the member's enrollment has been terminated.

To avoid potential reimbursement problems when a member loses enrollment during treatment, providers should follow these procedures:

- Ask to see the member's ForwardHealth identification card to verify the member's enrollment or consult Wisconsin's EVS (Enrollment Verification System) before the services are provided at each visit.
- When the PA (prior authorization) request is approved, verify that the member is still enrolled and eligible to receive the service before providing it. An approved PA request does not guarantee payment and is subject to the enrollment of the member.

Members are financially responsible for any services received after their enrollment has ended. If the member wishes to continue treatment, it is a decision between the provider and the member whether the service should be given and how payment will be made for the service.

To avoid misunderstandings, providers should remind members that they are financially responsible for any continued care after their enrollment ends.

Topic #445

Retroactive Enrollment

If a service(s) that requires PA (prior authorization) was performed during a member's retroactive enrollment period, the provider is required to submit a PA request and receive approval from ForwardHealth **before** submitting a claim. For a PA request submitted on paper, indicate the words "RETROACTIVE ENROLLMENT" at the top of the PA request along with a written description explaining that the service was provided at a time when the member was retroactively enrolled under "Description of Service." Also include the actual date(s) the service(s) was provided. For a PA request submitted via the ForwardHealth Portal, indicate the words "RETROACTIVE ENROLLMENT" along with a description explaining that the service was provided at a time when the member was retroactively eligible under the "Service Code Description" field or include additional supporting documentation. Also include the actual date(s) the service(s) was provided.

If the member was retroactively enrolled, and the PA request is approved, the service(s) may be reimbursable, and the earliest effective date of the PA request will be the date the member receives retroactive enrollment. If the PA request is denied, the provider will not be reimbursed for the service(s). Members have the right to appeal the decision to deny a PA request.

If a member requests a service that requires PA before his or her retroactive enrollment is determined, the provider should explain to the member that he or she may be liable for the full cost of the service if retroactive enrollment is not granted and the PA request is not approved. This should be documented in the member's record.

Review Process

Topic #450

Clerical Review

The first step of the PA (prior authorization) request review process is the clerical review. The provider, member, diagnosis, and treatment information indicated on the PA/RF (Prior Authorization Request Form, F-11018 (05/2013)), PA/HIAS1 (Prior Authorization for Hearing Instrument and Audiological Services 1, F-11020 (05/2013)), and PA/DRF (Prior Authorization/Dental Request Form, F-11035 (07/2012)) forms is reviewed during the clerical review of the PA request review process. The following are examples of information verified during the clerical review:

- Billing and/or rendering provider number is correct and corresponds with the provider's name.
- Provider's name is spelled correctly.
- Provider is Medicaid-enrolled.
- Procedure codes with appropriate modifiers, if required, are covered services.
- Member's name is spelled correctly.
- Member's identification number is correct and corresponds with the member's name.
- Member enrollment is verified.
- All required elements are complete.
- Forms, attachments, and additional supporting clinical documentation are signed and dated.
- A current physician's prescription for the service is attached, if required.

Clerical errors and omissions are responsible for the majority of PA requests that are returned to providers for correction or additional information. Since having to return a PA request for corrections or additional information can delay approval and delivery of services to a member, providers should ensure that all clerical information is correctly and completely entered on the PA/RF, PA/DRF, or PA/HIAS1.

If clerical errors are identified, the PA request is returned to the provider for corrections before undergoing a clinical review. One way to reduce the number of clerical errors is to complete and submit PA/RFs through Web PA.

Topic #451

Clinical Review

Upon verifying the completeness and accuracy of clerical items, the PA (prior authorization) request is reviewed to evaluate whether or not each service being requested meets Wisconsin Medicaid's definition of "medically necessary" as well as other criteria.

The PA attachment allows a provider to document the clinical information used to determine whether the standards of medical necessity are met for the requested service. Wisconsin Medicaid considers certain factors when determining whether to approve or deny a PA request pursuant to Wis. Admin. Code § DHS 107.02(3)(e).

It is crucial that a provider include adequate information on the PA attachment so that the ForwardHealth consultant performing the clinical review can determine that the service(s) being requested meets all the elements of Wisconsin Medicaid's definition of "medically necessary", including elements that are not strictly medical in nature. Documentation must provide the justification for the service requested specific to the member's current condition and needs. Pursuant to Wis. Admin Code § DHS 101.03(96m), "medically necessary" is a service under Wis. Admin. Code ch. DHS 107 that meets certain criteria.

Determination of Medical Necessity

The definition of "medically necessary" is a legal definition identifying the standards that must be met for approval of the service. The definition imposes parameters and restrictions that are both medical and nonmedical.

The determination of medical necessity is based on the documentation submitted by the provider. For this reason, it is essential that

documentation is submitted completely and accurately and that it provides the justification for the service requested, specific to the member's current condition and needs. To be approved, a PA request must meet all of the standards of medical necessity including those that are not strictly medical in nature.

To determine if a requested service is medically necessary, ForwardHealth consultants obtain direction and/or guidance from multiple resources including:

- Federal and state statutes
- Wisconsin Administrative Code
- PA guidelines set forth by the Wisconsin DHS (Department of Health Services)
- Standards of practice
- Professional knowledge
- Scientific literature

Services Requiring Prior Authorization

Topic #19060

Prior Authorization Coding Guidance

All direct treatment hours (represented by CPT (Current Procedural Terminology) codes 97153 and 97155) for behavioral treatment must be requested as a single lump sum using CPT code 97153 (**Adaptive behavior treatment by protocol**, administered by technician under the direction of a physician or other qualified healthcare professional, face-to-face with one patient, each 15 minutes).

Family adaptive behavior treatment guidance hours must be requested separately using CPT code 97156 (**Family adaptive behavior treatment guidance**, administered by physician or other qualified health care professional [with or without the patient present], face-to-face with guardian[s]/caregiver[s], each 15 minutes).

Group behavioral treatment hours must be requested separately using CPT procedure codes 97158 (**Group adaptive behavior treatment with protocol modification**, administered by physician or other qualified health care professional, face-to-face with multiple patients, each 15 minutes) and 97154 (**Group adaptive behavior treatment by protocol**, administered by technician under the direction of a physician or other qualified health care professional, face-to-face with two or more patients, each 15 minutes).

Topic #19059

Prior Authorization Requirements for Behavioral Treatment Services

Comprehensive behavioral treatment, focused behavioral treatment, behavioral treatment with protocol modification, family treatment guidance, and team meetings all require PA (prior authorization).

Only licensed supervisors may be listed as the billing or rendering provider on a PA request. The renderer listed on the PA/RF (Prior Authorization Request Form, F-11018 (05/2013)) must match the supervising professional in the POC (plan of care).

Providers should submit a POC consistent with their clinical recommendations for the member. The treatment hours requested on the PA/RF should reflect the number of weekly treatment hours that will be provided, based on member and staff availability. ForwardHealth may approve the plan as requested or may approve a lesser level of service than requested based on the documentation submitted. ForwardHealth will deny PA requests that do not meet approval criteria or that do not establish medical necessity for the requested service.

PA requirements for covered services within the following categories are included below.

Comprehensive Behavioral Treatment

All comprehensive treatment activities require an approved PA request. The comprehensive treatment approach must have adequate research evidence indicating its effectiveness for individuals comparable to the member (for example, age, diagnostic status, behavioral and cognitive characteristics). For members with autism, current evidenced-based comprehensive treatment modalities include ABA (Applied Behavior Analysis) and ESDM (Early Start Denver Model). Comprehensive treatment may continue to be authorized as long as the provider demonstrates the medical necessity of the proposed services for the member via the PA request process.

Focused Behavioral Treatment

All focused treatment activities require an approved PA request. The focused treatment approach must have adequate research evidence indicating its effectiveness for individuals comparable to the member (for example, age, diagnostic status, behavioral and cognitive characteristics) and must fall within the scope of practice of the requesting provider's training and credentials. Focused treatment will typically not be authorized for more than 12 continuous months per episode of treatment for the goals specified in the member's POC. Through the PA process, the provider is required to document the rationale for continued treatment beyond 12 months for a single treatment goal or set of

treatment goals for a member. Focused treatment may be authorized for additional episodes of treatment for a different set of goals, as long as the provider demonstrates medical necessity for the proposed services via the PA approval process.

Team Meetings

Team meetings must be prior authorized by ForwardHealth. Team meeting services are requested on the PA/RF with procedure code 97156 and modifier AM on a separate line item.

Family Treatment Guidance

Family treatment guidance must be prior authorized by ForwardHealth. Family treatment guidance is requested on the PA/RF with procedure code 97156 and modifier TG or TF, as appropriate on a separate line item.

Group Behavioral Treatment

Group behavioral treatment must be prior authorized by ForwardHealth. Group behavior treatment hours must be requested separately on the PA/RF using CPT (Current Procedural Terminology) procedure code 97158 and modifier TG or TF, as appropriate on a separate line item. If an assisting secondary provider is also providing service, an additional line of CPT procedure code 97154 must also be requested.

Topic #20477

Prior Authorization Requirements for Members Under Age 6

In order to expedite early intervention for young children, ForwardHealth allows simplified requirements for comprehensive behavioral treatment PA (prior authorization) requests for members who have not yet reached 6 years of age, the age of mandatory school attendance. Providers are expected to conduct a behavior identification assessment, which is reimbursable without PA, in order to identify target behaviors and develop an appropriate POC (plan of care) for the member. The PA requirements include:

- Initial and amendment PA requests must be submitted before the member's sixth birthday.
- ForwardHealth will authorize up to 30 hours per week of direct treatment (CPT code 97153) through the member's third birthday and up to 40 hours per week thereafter.
- PA requests may be approved for up to 12 months if the request meets the criteria for medical necessity.
- Approval criteria for initial PA requests will be modified for children under age 6. The following information will be required:
  - A PA/RF (Prior Authorization Request Form, F-11018 (05/2013)).
  - Diagnostic evaluation or, if not available, the provider's attestation that the member has been diagnosed with an autism spectrum disorder by a qualified professional.
  - A POC consistent with current requirements that covers all DOS (dates of service) in the authorization period. The POC must include family/caregiver goals and behavior reduction goals, when needed.
  - Documentation of a medical evaluation within the past 12 months.
  - A prescription consistent with current requirements that covers all DOS in the authorization period.
  - The provider's initial assessment of the member, which must be retained on file and consistent with current requirements.
  - Additional information, including the initial assessment, that will be requested only when required to establish the medical necessity of the PA request.
- Approval criteria for PA amendment requests and subsequent PA requests must include the following:
  - A Prior Authorization Amendment Request or PA/RF.
  - A POC consistent with current requirements that covers all DOS in the authorization period. The POC must include family/caregiver goals and behavior reduction goals, when needed.
  - Documentation of a medical evaluation within the past 12 months. If the medical evaluation submitted with the previous PA request occurred within the past 12 months, an update is not required prior to submission. However, an updated evaluation must be maintained in the member's file.
  - An updated prescription consistent with current requirements that covers all DOS in the authorization period. If the prescription submitted with the previous PA request covers all dates in the current PA request, an update is not required prior to submission. However, an updated prescription must be maintained in the member's file.
  - A progress summary consistent with current requirements, required annually after 12 months of continuous behavioral treatment.
  - Additional information that will be requested only when required to establish the medical necessity of the PA request.

If a member under age 6 is enrolled in school, ForwardHealth may require additional information about the member's schedule and coordination with school staff in order to establish the medical necessity of the requested service. Providers may elect to submit additional information with their initial PA submission.

ForwardHealth's policy is based on the member's chronological age, not developmental age equivalent or school enrollment status.

Topic #19657

Prior Authorization for Members with Commercial Health Insurance as Primary Coverage

ForwardHealth will authorize the quantity of behavioral treatment units in accordance with the unit definition for the CPT or HCPCS procedure code required by the member's primary insurance.

Situations Requiring New Requests

Topic #452

Change in Billing Providers

Providers are required to submit a new PA request when there is a change in billing providers. A new PA request must be submitted with the new billing provider's name and billing provider number. The expiration date of the PA request will remain the same as the original PA request.

Typically, as no more than one PA request is allowed for the same member, the same service(s), and the same dates, the new billing provider is required to send the following to ForwardHealth's PA Unit:

- A copy of the existing PA request, if possible
- A new PA request, including the required attachments and supporting documentation indicating the new billing provider's name and address and billing provider number
- A letter requesting the enddating of the existing PA request (may be a photocopy) attached to each PA request with the following information:
  - The previous billing provider's name and billing provider number, if known
  - The new billing provider's name and billing provider number
  - The reason for the change of billing provider (The provider may want to confer with the member to verify that the services by the previous provider have ended. The new billing provider may include this verification in the letter.)
  - The requested effective date of the change

Topic #453

Examples

Examples of when a new PA request must be submitted include the following:

- A provider's billing provider changes.
- A member requests a provider change that results in a change in billing providers.
- A member's enrollment status changes and there is not a valid PA on file for the member's current plan (i.e., BadgerCare Plus, Medicaid).

If the **rendering** provider indicated on the PA request changes but the **billing** provider remains the same, the PA request remains valid and a new PA request does **not** need to be submitted.

Topic #454

Services Not Performed Before Expiration Date

Generally, a new PA request with a new requested start date must be submitted to ForwardHealth if the amount or quantity of prior authorized services is not used by the expiration date of the PA request and the service is still medically necessary.

Submission Options

Topic #12597

278 Health Care Services Review — Request for Review and Response Transaction

Providers may request PA electronically using the 278 transaction, the standard electronic format for health care service PA requests.

Compliance Testing

Trading partners may conduct compliance testing for the 278 transaction.

After receiving an "accepted" 999 for a test 278 transaction, trading partners are required to call the EDI Helpdesk to request the production 278 transaction set be assigned to them.

Submitting Prior Authorization Requests

Submitting an initial PA request using the 278 transaction does not result in a real-time approval and cannot be used to request PA for drugs and diabetic supplies.

After submitting a PA request via a 278 transaction, providers will receive a real-time response indicating whether the transaction is valid or invalid. If the transaction is invalid, the response will indicate the reject reason(s), and providers can correct and submit a new PA request using the 278 transaction. A real-time response indicating a valid 278 transaction will include a PA number and a pending status. The PA request will be placed in a status of "Pending - Fiscal Agent Review."

The 278 transaction does not allow providers to submit supporting clinical information as required to adjudicate the PA request.

Trading partners cannot submit the 278 transaction through PES. In order to submit the 278 transaction, trading partners will need to use their own software or contract with a software vendor.

Topic #455

Fax

Faxing of all PA requests to ForwardHealth may eliminate one to three days of mail time. The following are recommendations to avoid delays when faxing PA requests:

- Providers should follow the PA fax procedures.
- Providers should **not** fax the same PA request more than once.
- Providers should **not** fax **and** mail the same PA request. This causes delays in processing.

PA requests containing X-rays, dental molds, or photos as documentation must be mailed; they may not be faxed.

To help safeguard the confidentiality of member health care records, providers should include a fax transmittal form containing a confidentiality statement as a cover sheet to all faxed PA requests. The Prior Authorization Fax Cover Sheet includes a confidentiality statement and may be photocopied.

Providers are encouraged to retain copies of all PA requests and supporting documentation before submitting them to ForwardHealth.

Prior Authorization Fax Procedures

Providers may fax PA requests to ForwardHealth at 608-221-8616. PA requests sent to any fax number other than 608-221-8616 may result in processing delays.

When faxing PA requests to ForwardHealth, providers should follow the guidelines/procedures listed below.

Fax Transmittal Cover Sheet

The completed fax transmittal cover sheet must include the following:

- Date of the fax transmission
- Number of pages, including the cover sheet (The ForwardHealth fax clerk will contact the provider by fax or telephone if all the pages do not transmit.)
- Provider contact person and telephone number (The ForwardHealth fax clerk may contact the provider with any questions about the fax transmission.)
- Provider number
- Fax telephone number to which ForwardHealth may send its adjudication decision
- To: "ForwardHealth Prior Authorization"
- ForwardHealth's fax number at 608-221-8616 (PA requests sent to any other fax number may result in processing delays.)
- ForwardHealth's telephone numbers

For specific PA questions, providers should call Provider Services.

Incomplete Fax Transmissions

If the pages listed on the initial cover sheet do not all transmit (i.e., pages stuck together, the fax machine has jammed, or some other error has stopped the fax transmission), or if the PA request is missing information, providers will receive the following by fax from the ForwardHealth fax clerk:

- A cover sheet explaining why the PA request is being returned
- Part or all of the original incomplete fax that ForwardHealth received

If a PA request is returned to the provider due to faxing problems, providers should do the following:

- Attach a completed cover sheet with the number of pages of the fax.
- Resend the entire original fax transmission and the additional information requested by the fax clerk to 608-221-8616.

General Guidelines

When faxing information to ForwardHealth, providers should not reduce the size of the PA/RF or the PA/HIAS1 to fit on the bottom half of the cover page. This makes the PA request difficult to read and leaves no space for consultants to write a response if needed or to sign the request.

If a photocopy of the original PA request and attachments is faxed, the provider should make sure these copies are clear and legible. If the information is not clear, it will be returned to the provider.

If the provider does not indicate his or her fax number, ForwardHealth will mail the decision back to the provider.

ForwardHealth will attempt to fax a response to the PA request to a provider three times. If unsuccessful, the PA request will be mailed to the provider.

If providers are not sure if an entire fax was sent, they should call ForwardHealth's fax clerk at 608-224-6124, to inquire about the status of the fax.

Prior Authorization Request Deadlines

Faxing a PA request eliminates one to three days of mail time. However, the adjudication time of the PA request has not changed. All actions regarding PA requests are made within the predetermined time frames.

Faxed PA requests received after 1:00 p.m. will be considered as received the following business day. Faxed PA requests received on a

Saturday, Sunday, or holiday will be processed on the next business day.

Avoid Duplicating Prior Authorization Requests

After faxing a PA request, providers should not send the original paperwork by mail. Mailing the original paperwork after faxing the PA request will create duplicate PA requests in the system and may result in a delay of several days to process the faxed PA request.

Refaxing a PA request before the previous PA request has been returned will also create duplicate PA requests and may result in delays.

Response Back from ForwardHealth

Once ForwardHealth reviews a PA request, ForwardHealth will fax one of three responses back to the provider:

- "Your approved, modified, or denied PA request(s) is attached."
- "Your PA request(s) requires additional information (see attached). Resubmit the entire PA request, including the attachments, with the requested additional information."
- "Your PA request(s) has missing pages and/or is illegible (see attached). Resubmit the entire PA request, including the attachments."

Resubmitting Prior Authorization Requests

When resubmitting a faxed PA request, providers are required to resubmit the faxed copy of the PA request, including attachments. This will allow the provider to obtain the earliest possible grant date for the PA request (apart from backdating for retroactive enrollment). If any attachments or additional information that was requested is received without the rest of the PA request, the information will be returned to the provider.

Topic #458

ForwardHealth Portal Prior Authorization

Providers can use the PA features on the ForwardHealth Portal to do the following:

- Submit PA requests and amendments for all services that require PA.
- View or maintain a PA collaboration (for certain services only).
- Save a partially completed PA request and return at a later time to finish completing it.
- Upload PA attachments and additional supporting clinical documentation for PA requests.
- Receive decision notice letters and returned provider review letters.
- Correct returned PA requests and PA amendment requests.
- Change the status of a PA request from "Suspended" to "Pending."
- Submit additional supporting documentation for a PA request that is in "Suspended" or "Pending" status.
- Search and view previously submitted PA requests or saved PA requests.
- Print a PA cover sheet.

Submitting PA Requests and Amendment Requests

Providers can submit PA requests for all services that require PA to ForwardHealth via the secure Provider area of the Portal. To save time, providers can copy and paste information from plans of care and other medical documentation into the appropriate fields on the PA request. Except for those providers exempt from NPI requirements, NPI and related data are required on PA requests submitted via the Portal.

When completing PA attachments on the Portal, providers can take advantage of an Additional Information field at the end of the PA attachment that holds up to five pages of text that may be needed.

Providers may also submit amendment requests via the Portal for PA requests with a status of "Approved" or "Approved with Modifications."

View or Maintain a PA Collaboration (for Certain Services Only)

A **PA collaborative** will link two or more PA requests for the same member together so providers can easily see and maintain them. Providers

may collaborate on PA request submissions and amendments that are submitted for certain services through the Portal.

Any of the following provider types may initiate or add a PA request to a collaborative:

- Physical therapists
- Occupational therapists
- Speech-language pathologists
- Home health agencies
- Personal care agencies

PA requests and amendments will continue to be reviewed individually, regardless of whether they are part of a PA collaborative or not. The denial or modification of one PA request will **not** impact other PA requests in the same collaborative.

Saving Partially Completed PA Requests

Providers do not have to complete PA requests in one session; they can save partially completed PA requests at any point after the Member Information page has been completed by clicking on the Save and Complete Later button, which is at the bottom of each page. There is no limit to how many times PA requests can be saved.

Providers can complete partially saved PA requests at a later time by logging in to the secure Provider area of the Portal, navigating to the Prior Authorization home page, and clicking on the Complete a Saved PA Request link. This link takes the provider to a Saved PA Requests page containing all of the provider's PA requests that have been saved.

Once on the Saved PA Requests page, providers can select a specific PA request and choose to either continue completing it or delete it.

Note: The ability to save partially completed PA requests is only applicable to new PA requests. Providers cannot save partially completed PA amendments or corrections to returned PA requests or amendments.

30 Calendar Days to Submit or Re-Save PA Requests

Providers must submit or re-save PA requests within 30 calendar days of the date the PA request was last saved. After 30 calendar days of inactivity, a PA request is automatically deleted, and the provider has to re-enter the entire PA request.

The Saved PA Requests page includes a list of deleted PA requests. This list is for information purposes only and includes saved PA requests that have been deleted due to inactivity (it does **not** include PA requests deleted by the provider). Neither providers nor ForwardHealth are able to retrieve PA requests that have been deleted.

Submitting Completed PA Requests

ForwardHealth's initial receipt of a PA request occurs when the PA request is submitted on the Portal. Normal backdating policy applies based on the date of initial receipt, not on the last saved date. Providers receive a confirmation of receipt along with a PA number once a PA request is submitted on the Portal.

PA Attachments on the Portal

Almost all PA request attachments can be completed and submitted on the Portal. When providers are completing PA requests, the Portal presents the necessary attachments needed for that PA request. For example, if a physician is completing a PA request for physician-administered drugs, the Portal will prompt a PA/PAD and display the form for the provider to complete. Certain PA attachments cannot be completed online or uploaded.

Providers may also upload an electronically completed version of the paper PA attachment form. However, when submitting a PA attachment electronically, ForwardHealth recommends completing the PA attachment online as opposed to uploading an electronically completed version of the paper attachment form to reduce the chances of the PA request being returned for clerical errors.

All PA request attachment forms are available on the Portal to download and print to submit by fax or mail.

Providers may also choose to submit their PA request on the Portal and mail or fax the PA attachment(s) and/or additional supporting

documentation to ForwardHealth. If the PA attachment(s) are mailed or faxed, a system-generated Portal PA Cover Sheet must be printed and sent with the attachment to ForwardHealth for processing. Providers must list the attachment(s) on the Portal PA Cover Sheet. When ForwardHealth receives the PA attachment(s) by mail or fax, they will be matched up with the PA/RF that was completed on the Portal.

Note: If the cover sheet could not be generated while submitting the PA request due to technical difficulties, providers can print the cover sheet from the main Portal PA page.

Before submitting any PA request documents, providers should save or print a copy for their records. Once the PA request is submitted, it cannot be retrieved for further editing.

As a reminder, ForwardHealth does not mail back any PA request documents submitted by providers.

Additional Supporting Clinical Documentation

ForwardHealth accepts additional supporting clinical documentation when the information cannot be indicated on the required PA request forms and is pertinent for processing the PA request or PA amendment request. Providers have the following options for submitting additional supporting clinical information for PA requests or PA amendment requests:

- Upload electronically
- Mail
- Fax

Providers can choose to upload electronic supporting information through the Portal in the following formats:

- JPEG (.jpg or .jpeg)
- PDF (.pdf)
- Rich Text Format (.rtf)
- Text File (.txt)
- OrthoCAD (.3dm) (for dental providers)

JPEG files must be stored with a ".jpg" or ".jpeg" extension; text files must be stored with a ".txt" extension; rich text format files must be stored with an ".rtf" extension; and PDF files must be stored with a ".pdf" extension. Dental OrthoCAD files are stored with a ".3dm" extension.

Microsoft Word files (.docx or .doc) cannot be uploaded but can be saved and uploaded in Rich Text Format or Text File formats.

In addition, providers can also upload additional supporting clinical documentation via the Portal when:

- Correcting a PA request or PA amendment request that is in a "Returned — Provider Review" status.
- Submitting a PA amendment request.

If submitting supporting clinical information via mail or fax, providers are prompted to print a system-generated Portal PA Cover Sheet to be sent with the information to ForwardHealth for processing. Providers must list the additional supporting information on the Portal PA Cover Sheet.

ForwardHealth will return PA requests and PA amendments requests when the additional documentation could have been indicated on the PA/RF and PA attachments or when the pertinent information is difficult to find.

"Suspended" PA Requests

For PA requests in a "Suspended" status, the provider has the option to:

- Change a PA request status from "Suspended" to "Pending."
- Submit additional documentation for a PA request that is in "Suspended" or "Pending" status.

Changing a PA Request From "Suspended" to "Pending"

The provider has the option of changing a PA request status from "Suspended — Provider Sending Info" to "Pending" if the provider determines that additional information will not be submitted. Changing the status from "Suspended — Provider Sending Info" to "Pending" will

allow the PA request to be processed without waiting for additional information to be submitted. The provider can change the status by searching for the suspended PA request, checking the box indicating that the PA request is ready for processing without additional documentation, and clicking the Submit button to allow the PA request to be processed by ForwardHealth. There is an optional free form text box, which allows providers to explain or comment on why the PA request can be processed.

Submitting Additional Supporting Clinical Documentation for a PA Request in "Suspended" or "Pending" Status

There is an Upload Documents for a PA link on the PA home page in the provider secured Home Page. By selecting that link, providers have the option of submitting additional supporting clinical documentation for a PA request that is in "Suspended" or "Pending" status. When submitting additional supporting clinical documentation for a PA request that is in "Suspended" status, providers can choose to have ForwardHealth begin processing the PA request or to keep the PA request suspended. PA requests in a "Pending" status are processed regardless.

Note: When the PA request is in a "Pending" status and the provider uploads additional supporting clinical documentation, there may be up to a four-hour delay before the documentation is available to ForwardHealth in the system. If the uploaded information was received after the PA request was processed and the PA request was returned for missing information, the provider may resubmit the PA request stating that the missing information was already uploaded.

Topic #456

Mail

Any type of PA request may be submitted on paper. Providers may mail completed PA requests, amendments to PA requests, and requests to enddate a PA request to ForwardHealth at the following address:

ForwardHealth
Prior Authorization
Ste 88
313 Blettner Blvd
Madison WI 53784

Providers are encouraged to retain copies of all PA requests and supporting documentation before submitting them to ForwardHealth.

Provider Enrollment and Ongoing Responsibilities

7

Archive Date:01/02/2024

Provider Enrollment and Ongoing Responsibilities:Documentation

Topic #6277

1099 Miscellaneous Forms

ForwardHealth generates the 1099 Miscellaneous form in January of each year for earnings greater than $600.00, per IRS regulations. One 1099 Miscellaneous form per financial payer and per tax identification number is generated, regardless of how many provider IDs or NPIs share the same tax identification number. For example, a provider who conducts business with both Medicaid and WCDP will receive separate 1099 Miscellaneous forms for each program.

The 1099 Miscellaneous forms are sent to the address designated as the "1099 mailing address."

Topic #1640

Availability of Records to Authorized Personnel

The Wisconsin DHS has the right to inspect, review, audit, and reproduce provider records pursuant to Wis. Admin. Code § DHS 106.02(9)(e). The DHS periodically requests provider records for compliance audits to match information against ForwardHealth's information on paid claims, PA requests, and enrollment. These records include, but are not limited to, medical/clinical and financial documents. Providers are obligated to ensure that the records are released to an authorized DHS staff member(s).

Wisconsin Medicaid reimburses providers $0.06 per page for the cost of reproducing records requested by the DHS to conduct a compliance audit. A letter of request for records from the DHS will be sent to a provider when records are required.

Reimbursement is not made for other reproduction costs included in the provider agreement between the DHS and a provider, such as reproduction costs for submitting PA requests and claims.

Also, state-contracted MCOs, including HMOs and SSI HMOs, are not reimbursed for the reproduction costs covered in their contract with the DHS.

The reproduction of records requested by the PRO under contract with the DHS is reimbursed at a rate established by the PRO.

Topic #200

Confidentiality and Proper Disposal of Records

ForwardHealth supports member rights regarding the confidentiality of health care and other related records, including an applicant or member's billing information or medical claim records. An applicant or member has a right to have this information safeguarded, and the provider is obligated to protect that right. Use or disclosure of any information concerning an applicant or member (including an applicant or member's billing information or medical claim records) for any purpose not connected with program administration is prohibited unless authorized by the applicant or member (program administration includes contacts with third-party payers that are necessary for pursuing third-party payment and the release of information as ordered by the court).

Federal HIPAA Privacy and Security regulations establish requirements regarding the confidentiality and proper disposal of health care and related records containing PHI. These requirements apply to all providers (who are considered "covered entities") and their business associates who create, retain, and dispose of such records.

For providers and their business partners who are not subject to HIPAA, Wisconsin confidentiality laws have similar requirements pertaining to proper disposal of health care and related records.

HIPAA Privacy and Security Regulations

Definition of Protected Health Information

As defined in the HIPAA privacy and security regulations, PHI is protected health information (including demographic information) that:

- Is created, received, maintained, or transmitted in any form or media.
- Relates to the past, present, or future physical or mental health or condition of an individual, the provision of health care to an individual, or the payment for the provision of health care to an individual.
- Identifies the individual or provides a reasonable basis to believe that it can be used to identify the individual.

A member's name combined with their member identification number or Social Security number is an example of PHI.

Requirements Regarding "Unsecured" Protected Health Information

Title XIII of the American Recovery and Reinvestment Act of 2009 (also known as the HITECH Act) included a provision that significantly expanded the scope, penalties, and compliance challenges of HIPAA. This provision imposes new requirements on covered entities and their business associates to notify patients, the federal government, and the media of breaches of "unsecured" PHI (refer to 45 C.F.R. Parts 160 and 164 and § 13402 of the HITECH Act).

Unsecured PHI is PHI that has not been rendered unusable, unreadable, or indecipherable to unauthorized individuals through the use of physical destruction approved by the U.S. HHS. According to HHS, destruction is the only acceptable method for rendering PHI unusable, unreadable, or indecipherable.

As defined by federal law, unsecured PHI includes information in **any** medium, not just electronic data.

Actions Required for Proper Disposal of Records

Under the HIPAA privacy and security regulations, health care and related records containing PHI must be disposed of in such a manner that they cannot be reconstructed. This includes ensuring that the PHI is secured (i.e., rendered unusable, unreadable, or indecipherable) prior to disposal of the records.

To secure PHI, providers and their business associates are required to use one of the following destruction methods approved by the HHS:

- Paper, film, labels, or other hard copy media should be shredded or destroyed such that the PHI cannot be read or otherwise reconstructed.
- Electronic media should be cleared, purged, or destroyed such that the PHI cannot be retrieved according to National Institute of Standards and Technology Special Publication 800-88, Guidelines for Media Sanitization, which can be found on the NIST website.

For more information regarding securing PHI, providers may refer to Health Information Privacy on the HHS website.

Wisconsin Confidentiality Laws

Wis. Stat. § 134.97 requires providers and their business partners who are not subject to HIPAA regulations to comply with Wisconsin confidentiality laws pertaining to the disposal of health care and related records containing PHI.

Wis. Stat. § 146.836 specifies that the requirements apply to "all patient health care records, including those on which written, drawn, printed, spoken, visual, electromagnetic or digital information is recorded or preserved, regardless of physical form or characteristics." Paper **and** electronic records are subject to Wisconsin confidentiality laws.

"Personally Identifiable Data" Protected

According to Wis. Stat. § 134.97(1)(e), the types of records protected are those containing "personally identifiable data."

As defined by the law, personally identifiable data is information about an individual's medical condition that is not considered to be public knowledge. This may include account numbers, customer numbers, and account balances.

Actions Required for Proper Disposal of Records

Health care and related records containing personally identifiable data must be disposed of in such a manner that no unauthorized person can access the personal information. For the period of time between a record's disposal and its destruction, providers and their business partners are required to take actions that they reasonably believe will ensure that no unauthorized person will have access to the personally identifiable data contained in the record.

Businesses Affected

Wis. Stat.§§ 134.97 and 134.98, governing the proper disposal of health care and related records, apply to medical businesses as well as financial institutions and tax preparation businesses. For the purposes of these requirements, a medical business is any for-profit or nonprofit organization or enterprise that possesses information — other than personnel records — relating to a person's physical or mental health, medical history, or medical treatment. Medical businesses include sole proprietorships, partnerships, firms, business trusts, joint ventures, syndicates, corporations, limited liability companies, or associates.

Continuing Responsibilities for All Providers After Ending Participation

Ending participation in a ForwardHealth program does not end a provider's responsibility to protect the confidentiality of health care and related records containing PHI.

Providers who no longer participate in a ForwardHealth program are responsible for ensuring that they and their business associates/partners continue to comply with all federal and state laws regarding protecting the confidentiality of members' PHI. Once record retention requirements expire, records must be disposed of in such a manner that they cannot be reconstructed — according to federal and state regulations — in order to avoid penalties.

All ForwardHealth providers and their business associates/partners who cease practice or go out of business should ensure that they have policies and procedures in place to protect all health care and related records from any unauthorized disclosure and use.

Penalties for Violations

Any covered entity provider or provider's business associate who violates federal HIPAA regulations regarding the confidentiality and proper disposal of health care and related records may be subject to criminal and/or civil penalties, including any or all of the following:

- Fines up to $1.5 million per calendar year
- Jail time
- Federal HHS Office of Civil Rights enforcement actions

For entities not subject to HIPAA, Wis. Stat. § 34.97(4) imposes penalties for violations of confidentiality laws. Any provider or provider's business partner who violates Wisconsin confidentiality laws may be subject to fines up to $1,000 per incident or occurrence.

For more specific information on the penalties for violations related to members' health care records, providers should refer to § 13410(d) of the HITECH Act, which amends 42 USC § 1320d-5, and Wis. Stat. §§ 134.97(3), (4) and 146.84.

Topic #201

Financial Records

According to Wis. Admin. Code § DHS 106.02(9)(c), a provider is required to maintain certain financial records in written or electronic form.

Topic #202

Medical Records

A dated clinician's signature must be included in all medical notes. According to Wis. Admin. Code § DHS 106.02(9)(b), a provider is required to include certain written documentation in a member's medical record.

Topic #199

Member Access to Records

Providers are required to allow members access to their health care records, including those related to ForwardHealth services, maintained by a provider in accordance with Wisconsin Statutes, excluding billing statements.

Fees for Health Care Records

Per Wis. Stat. § 146.83, providers may charge a fee for providing one set of copies of health care records to members who are enrolled in Wisconsin Medicaid or BadgerCare Plus programs on the date of the records request. This applies regardless of the member's enrollment status on the DOS contained within the health care records.

Per Wis. Stat. § 146.81(4), health care records are all records related to the health of a patient prepared by, or under the supervision of, a health care provider.

Providers are limited to charging members enrolled in state-funded health care programs 25 percent of the applicable fees for providing one set of copies of the member's health care records.

Note: A provider may charge members 100 percent of the applicable fees for providing a second or additional set of copies of the member's health care records.

The Wisconsin DHS adjusts the amounts a provider may charge for providing copies of a member's health care records yearly per Wis. Stat. § 146.83(3f)(c).

Topic #16157

Policy Requirements for Use of Electronic Signatures on Electronic Health Records

For ForwardHealth policy areas where a signature is required, electronic signatures are acceptable as long as the signature meets the requirements. When ForwardHealth policy specifically states that a handwritten signature is required, an electronic signature will not be accepted. When ForwardHealth policy specifically states that a written signature is required, an electronic signature will be accepted.

Reimbursement for services paid to providers who do not meet all electronic signature requirements may be subject to recoupment.

Electronic Signature Definition

An electronic signature, as stated in Wis. Stats. § 137.11(8), is "an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record."

Some examples include:

- Typed name (performer may type their complete name)
- Number (performer may type a number unique to them)
- Initials (performer may type initials unique to them)

All examples above must also meet all of the electronic signature requirements.

Benefits of Using Electronic Signatures

The use of electronic signatures will allow providers to:

- Save time by streamlining the document signing process.
- Reduce the costs of postage and mailing materials.
- Maintain the integrity of the data submitted.

- Increase security to aid in non-repudiation.

Electronic Signature Requirements

By following the general electronic signature requirements below, the use of electronic signatures provides a secure alternative to written signatures. These requirements align with HIPAA Privacy Rule guidelines.

General Requirements

When using an electronic signature, all of the following requirements must be met:

- The electronic signature must be under the sole control of the rendering provider. Only the rendering provider or designee has the authority to use the rendering provider's electronic signature. Providers are required to maintain documentation that shows the electronic signature that belongs to each rendering provider if a numbering or initial system is used (e.g., what number is assigned to a specific rendering provider). This documentation must be kept confidential.
- The provider is required to have current policies and procedures regarding the use of electronic signatures. The Wisconsin DHS recommends the provider conduct an annual review of policies and procedures with those using electronic signatures to promote ongoing compliance and to address any changes in the policies and procedures.
- The provider is required to conduct or review a security risk analysis in accordance with the requirements under 45 CFR s. 164.308(a)(1).
- The provider is required to implement security updates as necessary and correct identified security deficiencies as part of its risk management process.
- The provider is required to establish administrative, technical, and physical safeguards in compliance with the HIPAA Security Rule.

Electronic Health Record Signature Requirements

An EHR that utilizes electronic signatures must meet the following requirements:

- The certification and standard criteria defined in the Health Information Technology Initial Set of Standards, Implementation Specifications, Certification Criteria for Electronic Health Record Technology Final Rule (45 CFR Part 170) and any revisions including, but not limited to, the following:
  - Assign a unique name and/or number for identifying, tracking user identity, and establishing controls that permit only authorized users to access electronic health information.
  - Record actions related to electronic health information according to the standard set forth in 45 CFR s. 170.210.
  - Enable a user to generate an audit log for a specific time period. The audit log must also have the ability to sort entries according to any of the elements specified in the standard 45 CFR s. 170.210.
  - Verify that a person or entity seeking access to electronic health information is the one claimed and is authorized to access such information.
  - Record the date, time, patient identification, and user identification when electronic health information is created, modified, accessed, or deleted. An indication of which action(s) occurred and by whom must also be recorded.
  - Use a hashing algorithm with a security strength equal to or greater than SHA-1 as specified by the NIST in FIPS PUB 180-3 (October 2008) to verify that electronic health information has not been altered. (Providers unsure whether or not they meet this guideline should contact their IT and/or security/privacy analyst.)
- Ensure the EHR provides:
  - Nonrepudiation — assurance that the signer cannot deny signing the document in the future
  - User authentication — verification of the signer's identity at the time the signature was generated
  - Integrity of electronically signed documents — retention of data so that each record can be authenticated and attributed to the signer
  - Message integrity — certainty that the document has not been altered since it was signed
  - Capability to convert electronic documents to paper copy — the paper copy must indicate the name of the individual who electronically signed the form as well as the date electronically signed
- Ensure electronically signed records created by the EHR have the same back-up and record retention requirements as paper records.

Topic #203

Preparation and Maintenance of Records

All providers who receive payment from Wisconsin Medicaid, including state-contracted MCOs, are required to maintain records that fully document the basis of charges upon which all claims for payment are made, according to Wis. Admin. Code § DHS 106.02(9)(a). This required maintenance of records is typically required by any third-party insurance company and is not unique to ForwardHealth.

Topic #204

Record Retention

Providers are required to retain documentation, including medical and financial records, for a period of not less than five years from the date of payment, except RHCs, which are required to retain records for a minimum of six years from the date of payment.

According to Wis. Admin. Code § DHS 106.02(9)(d), providers are required to retain all evidence of billing information.

Ending participation as a provider does not end a provider's responsibility to retain and provide access to fully maintained records unless an alternative arrangement of record retention and maintenance has been established.

Maintaining Confidentiality of Records

Ending participation in a ForwardHealth program does not end a provider's responsibility to protect the confidentiality of health care and related records containing PHI.

Providers who no longer participate in a ForwardHealth program are responsible for ensuring that they and their business associates/partners continue to comply with all federal and state laws regarding protecting the confidentiality of members' PHI. Once record retention requirements expire, records must be disposed of in such a manner that they cannot be reconstructed — according to federal and state regulations — in order to avoid penalties. For more information on the proper disposal of records, refer to Confidentiality and Proper Disposal of Records.

All ForwardHealth providers and their business associates/partners who cease practice or go out of business should ensure that they have policies and procedures in place to protect all health care and related records from any unauthorized disclosure and use.

Reviews and Audits

The Wisconsin DHS periodically reviews provider records. DHS has the right to inspect, review, audit, and photocopy the records. Providers are required to permit access to any requested record(s), whether in written, electronic, or micrographic form.

Topic #205

Records Requests

Requests for billing or medical claim information regarding services reimbursed by Wisconsin Medicaid may come from a variety of individuals including attorneys, insurance adjusters, and members. Providers are required to notify ForwardHealth when releasing billing information or medical claim records relating to charges for covered services except in the following instances:

- When the member is a dual eligible (i.e., member is eligible for both Medicare and Wisconsin Medicaid or BadgerCare Plus) and is requesting materials pursuant to **Medicare** regulations.
- When the provider is attempting to exhaust all existing health insurance sources prior to submitting claims to ForwardHealth.

Request From a Member or Authorized Person

If the request for a member's billing information or medical claim records is from a member or authorized person acting on behalf of a member, the provider is required to do the following:

1. Send a copy of the requested billing information or medical claim records to the requestor.
2. Send a letter containing the following information to ForwardHealth:
    - Member's name
    - Member's ForwardHealth identification number or SSN, if available

- Member's DOB
- DOS
- Entity requesting the records, including name, address, and telephone number

The letter must be sent to the following address:

Wisconsin Casualty Recovery — HMS
Ste 100
5615 Highpoint Dr
Irving TX 75038-9984

Request From an Attorney, Insurance Company, or Power of Attorney

If the request for a member's billing information or medical claim records is from an attorney, insurance company, or power of attorney, the provider is required to do the following:

1. Obtain a release signed by the member or authorized representative.
2. Furnish the requested material to the requester, marked "BILLED TO FORWARDHEALTH" or "TO BE BILLED TO FORWARDHEALTH," with a copy of the release signed by the member or authorized representative. Approval from ForwardHealth is not necessary.
3. Send a copy of the material furnished to the requestor, along with a copy of their original request and medical authorization release to:

   Wisconsin Casualty Recovery — HMS
   Ste 100
   5615 Highpoint Dr
   Irving TX 75038-9984

Request for Information About a Member Enrolled in a State-Contracted Managed Care Organization

If the request for a member's billing information or medical claim records is for a member enrolled in a state-contracted MCO, the provider is required to do the following:

1. Obtain a release signed by the member or authorized representative.
2. Send a copy of the letter requesting the information, along with the release signed by the member or authorized representative, directly to the MCO.

The MCO makes most benefit payments and is entitled to any recovery that may be available.

Request for a Statement From a Dual Eligible

If the request is for an itemized statement from a dual eligible, pursuant to HR 2015 (Balanced Budget Act of 1997) § 4311, a dual eligible has the right to request and receive an itemized statement from their Medicare-enrolled health care provider. The Act requires the provider to furnish the requested information to the member. The Act does **not** require the provider to notify ForwardHealth.

Topic #1646

Release of Billing Information to Government Agencies

Providers are permitted to release member information without informed consent when a written request is made by Wisconsin DHS or the federal HHS to perform any function related to program administration, such as auditing, program monitoring, and evaluation.

Providers are authorized under Wisconsin Medicaid confidentiality regulations to report suspected misuse or abuse of program benefits to the DHS, as well as to provide copies of the corresponding patient health care records.

Ongoing Responsibilities

Topic #220

Accommodating Members With Disabilities

All providers, including ForwardHealth providers, operating an existing public accommodation have requirements under Title III of the Americans with Disabilities Act of 1990 (nondiscrimination).

Topic #219

Civil Rights Compliance (Nondiscrimination)

Providers are required to comply with all federal laws relating to Title XIX of the Social Security Act and state laws pertinent to ForwardHealth, including the following:

- Title VI and VII of the Civil Rights Act of 1964
- The Age Discrimination Act of 1975
- Section 504 of the Rehabilitation Act of 1973
- The ADA of 1990

The previously listed laws require that all health care benefits under ForwardHealth be provided on a nondiscriminatory basis. No applicant or member can be denied participation in ForwardHealth or be denied benefits or otherwise subjected to discrimination in any manner under ForwardHealth on the basis of race, color, national origin or ancestry, sex, religion, age, disability, or association with a person with a disability.

Any of the following actions may be considered discriminatory treatment when based on race, color, national origin, disability, or association with a person with a disability:

- Denial of aid, care, services, or other benefits
- Segregation or separate treatment
- Restriction in any way of any advantage or privilege received by others (There are some program restrictions based on eligibility classifications.)
- Treatment different from that given to others in the determination of eligibility
- Refusing to provide an oral language interpreter to persons who are considered LEP at no cost to the LEP individual in order to provide meaningful access
- Not providing translation of vital documents to the LEP groups who represent 5 percent or 1,000, whichever is smaller, in the provider's area of service delivery

Note: Limiting practice by age is not age discrimination and specializing in certain conditions is not disability discrimination. For further information, see 45 C.F.R. Part 91.

Providers are required to be in compliance with the previously mentioned laws as they are currently in effect or amended. Providers who employ 25 or more employees and receive $25,000 or more annually in Medicaid reimbursement are also required to comply with the Wisconsin DHS Affirmative Action and Civil Rights Compliance Plan requirements. Providers that employ less than 25 employees and receive less than $25,000 annually in Medicaid reimbursement are required to comply by submitting a Letter of Assurance and other appropriate forms.

Providers without internet access may obtain copies of the DHS Affirmative Action and Civil Rights Compliance Plan (including the Letter of Assurance and other forms) and instructions by calling the Affirmative Action and Civil Rights Compliance Officer at 608-266-9372. Providers may also write to the following address:

AA/CRC Office
1 W Wilson St Rm 561
PO Box 7850

Madison WI 53707-7850

For more information on the acts protecting members from discrimination, refer to the civil rights compliance information in the Enrollment and Benefits booklet. The booklet is given to new ForwardHealth members by local county or tribal agencies. Potential ForwardHealth members can request the booklet by calling Member Services.

Title VI of the Civil Rights Act of 1964

This act requires that all benefits be provided on a nondiscriminatory basis and that decisions regarding the provision of services be made without regard to race, color, or national origin. Under this act, the following actions are prohibited, if made on the basis of race, color, or national origin:

- Denying services, financial aid, or other benefits that are provided as a part of a provider's program
- Providing services in a manner different from those provided to others under the program
- Aggregating or separately treating clients
- Treating individuals differently in eligibility determination or application for services
- Selecting a site that has the effect of excluding individuals
- Denying an individual's participation as a member of a planning or advisory board
- Any other method or criteria of administering a program that has the effect of treating or affecting individuals in a discriminatory manner

Title VII of the Civil Rights Act of 1964

This act prohibits differential treatment, based solely on a person's race, color, sex, national origin, or religion, in the terms and conditions of employment. These conditions or terms of employment are failure or refusal to hire or discharge compensation and benefits, privileges of employment, segregation, classification, and the establishment of artificial or arbitrary barriers to employment.

Federal Rehabilitation Act of 1973, Section 504

This act prohibits discrimination in both employment and service delivery based solely on a person's disability.

This act requires the provision of reasonable accommodations where the employer or service provider cannot show that the accommodation would impose an undue hardship in the delivery of the services. A reasonable accommodation is a device or service modification that will allow the disabled person to receive a provider's benefits. An undue hardship is a burden on the program that is not equal to the benefits of allowing that handicapped person's participation.

A handicapped person means any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment.

In addition, Section 504 requires "program accessibility," which may mean building accessibility, outreach, or other measures that allow for full participation of the handicapped individual. In determining program accessibility, the program or activity will be viewed in its entirety. In choosing a method of meeting accessibility requirements, the provider shall give priority to those methods that offer a person who is disabled services that are provided in the most integrated setting appropriate.

Americans With Disabilities Act of 1990

Under Title III of the ADA of 1990, any provider that operates an existing public accommodation has four specific requirements:

1. Remove barriers to make their goods and services available to and usable by people with disabilities to the extent that it is readily achievable to do so (i.e., to the extent that needed changes can be accomplished without much difficulty or expense)
2. Provide auxiliary aids and services so that people with sensory or cognitive disabilities have access to effective means of communication, unless doing so would fundamentally alter the operation or result in undue burdens
3. Modify any policies, practices, or procedures that may be discriminatory or have a discriminatory effect, unless doing so would fundamentally alter the nature of the goods, services, facilities, or accommodations
4. Ensure that there are no unnecessary eligibility criteria that tend to screen out or segregate individuals with disabilities or limit their full and equal enjoyment of the place of public accommodation

Age Discrimination Act of 1975

The Age Discrimination Act of 1975 prohibits discrimination on the basis of age in programs and activities receiving federal financial assistance. The Act, which applies to all ages, permits the use of certain age distinctions and factors other than age that meet the Act's requirements.

Topic #216

Examples of Ongoing Responsibilities

Responsibilities for which providers are held accountable are described throughout the Online Handbook. Medicaid-enrolled providers have responsibilities that include, but are not limited to, the following:

- Providing the same level and quality of care to ForwardHealth members as private-pay patients
- Complying with all state and federal laws related to ForwardHealth
- Obtaining PA for services, when required
- Notifying members in advance if a service is not covered by ForwardHealth and the provider intends to collect payment from the member for the service
- Maintaining accurate medical and billing records
- Retaining preparation, maintenance, medical, and financial records, along with other documentation, for a period of not less than five years from the date of payment, except rural health clinic providers who are required to retain records for a minimum of six years from the date of payment
- Billing only for services that were actually provided
- Allowing a member access to their records
- Monitoring contracted staff
- Accepting Medicaid reimbursement as payment in full for covered services
- Keeping provider information (i.e., address, business name) current
- Notifying ForwardHealth of changes in ownership
- Responding to Medicaid revalidation notifications
- Safeguarding member confidentiality
- Verifying member enrollment
- Keeping up-to-date with changes in program requirements as announced in ForwardHealth publications

Topic #217

Keeping Information Current

Changes That Require ForwardHealth Notification

Providers are required to notify ForwardHealth of any changes to their demographic information, including the following, as they occur:

- Address(es) — practice location and related information, mailing, PA, and/or financial

  Note: Health care providers who are federally required to have an NPI are cautioned that changes to their practice location address on file with ForwardHealth may alter their ZIP+4 code information that is required on transactions.

- Business name
- Contact name
- Federal Tax ID number (IRS number)
- Group affiliation
- Licensure
- NPI
- Ownership
- Professional certification
- Provider specialty
- Supervisor of nonbilling providers

- Taxonomy code
- Telephone number, including area code

Failure to notify ForwardHealth of changes may result in the following:

- Incorrect reimbursement
- Misdirected payment
- Claim denial
- Suspension of payments or cancellation of provider file if provider mail is returned to ForwardHealth for lack of a current address

Entering new information on a claim form or PA request is **not** adequate notification of change.

Notifying ForwardHealth of Changes

Providers can notify ForwardHealth of changes using the demographic maintenance tool.

Providers Enrolled in Multiple Programs

If demographic information changes, providers enrolled in multiple programs (e.g., Wisconsin Medicaid and WCDP) will need to change the demographic information for each program. By toggling between accounts using the Switch Organization function of the Portal, providers who have a Portal account for each program can change their information for each program using the demographic maintenance tool. The Account User Guide provides specific information about switching organizations.

Providers Licensed or Certified by the Division of Quality Assurance

Providers licensed or certified by the DQA are required to notify the DQA of changes to physical address, changes of ownership, and facility closures by emailing Lisa.Imhof@dhs.wisconsin.gov.

Topic #577

Legal Framework

The following laws and regulations provide the legal framework for BadgerCare Plus, Medicaid, and Wisconsin Well Woman Medicaid:

- Federal Law and Regulation:
  - Law — United States Social Security Act; Title XIX (42 US Code ss. 1396 and following) and Title XXI
  - Regulation — Title 42 C.F.R. Parts 430-498 and Parts 1000-1008 (Public Health)
- Wisconsin Law and Regulation:
  - Law — Wis. Stat. §§ 49.43-49.499, 49.665, and 49.473
  - Regulation — Wis. Admin. Code chs. DHS 101, 102, 103, 104, 105, 106, 107, and 108

Laws and regulations may be amended or added at any time. Program requirements may not be construed to supersede the provisions of these laws and regulations.

The information included in the ForwardHealth Portal applies to BadgerCare Plus, Medicaid, and Wisconsin Well Woman Medicaid. BadgerCare Plus, Medicaid, and Wisconsin Well Woman Medicaid are administered by the Wisconsin DHS. Within DHS, DMS is directly responsible for managing these programs.

Topic #17097

Licensure Information

Licensed providers are required to keep all licensure information, including license number, grant and expiration dates, and physical location as applicable (e.g., hospital providers), current with ForwardHealth.

If providers do not keep their licensure information, including their license number, current with ForwardHealth, any of the following may occur:

- Providers' enrollment may be deactivated. As a result, providers would not be able to submit claims or PA requests or be able to function as prescribing/referring/ordering providers, if applicable, until they update their licensure information.
- Providers may experience a lapse in enrollment. If a lapse occurs, providers may need to re-enroll, which may result in another application fee being assessed.

Providers may change the grant and expiration dates for their current license(s) and enter information for a new license(s), such as the license number, licensing state, and grant and expiration dates, using the demographic maintenance tool. After entering information for their new license (s), some providers (e.g., out-of-state providers) will also be required to upload a copy of their license using the demographic maintenance tool. Provided licensure information must correspond with the information on file with the applicable licensing authority.

In some cases, ForwardHealth will need to verify licensure information with the applicable licensing authority, which may take up to 10 business days after submission. Providers updating their license information should plan accordingly so that they do not experience any of the indicated interruptions in enrollment. If provided licensure information (e.g., grant and expiration dates) does not correspond with the licensing authority's information, the licensing authority's information will be retained and will display in the demographic maintenance tool once verified by ForwardHealth.

Topic #15157

Recovery Audit Contractor Audits

The ACA requires states to establish an RAC program to enable the auditing of Medicaid claim payments to providers. In Wisconsin, the RAC will audit claim payments from Wisconsin Medicaid and BadgerCare Plus. The Wisconsin DHS has awarded the contract to HMS as the RAC for the state of Wisconsin.

Note: The RAC will not audit claims submitted for Family Planning Only Services, SeniorCare, WCDP, the WWWP, and ADAP.

The overall goal of the RAC program is to identify and decrease improper payments. The audits will ensure that payments are for services covered under the programs in which the member was enrolled and that the services were actually provided and properly billed and documented. The audits are being conducted under Generally Accepted Government Auditing Standards.

Providers will be selected for audits based on data analysis by the RAC and referrals by state agencies. The RAC will ensure that its audits neither duplicate state audits of the same providers nor interfere with potential law enforcement investigations.

Providers who receive a notification regarding an audit should follow the instructions as outlined in the notification within the requested time frames.

Affected Providers

Any provider may be audited, including, but not limited to, fee-for-service providers, institutional and non-institutional providers, as well as managed care entities.

Additional Information

Any questions regarding the RAC program should be directed to HMS at 855-699-6289. Refer to the RAC website for additional information regarding HMS RAC activities.

Topic #13277

Reporting Suspected Waste, Fraud, and Abuse

The Wisconsin DHS OIG investigates fraud and abuses including, but not limited to, the following:

- Billing Medicaid for services or equipment that were not provided
- Submitting false applications for a DHS-funded assistance program such as Medicaid, BadgerCare Plus, WIC, or FoodShare

- Trafficking FoodShare benefits
- Crime, misconduct, and/or mismanagement by a DHS employee, official, or contractor

Those who suspect fraudulent activity in Medicaid programs are required to notify the OIG if they have reason to believe that a person is misusing or abusing any DHS health care program or the ForwardHealth identification card.

Wisconsin Stat. § 49.49 defines actions that represent member misuse or abuse of benefits and the resulting sanctions that may be imposed. Providers are under no obligation to inform the member that they are misusing or abusing their benefits. A provider may not confiscate a ForwardHealth card from a member in question.

Reporting Suspected Fraud and Abuse

Those who suspect any form of fraud, waste, or abuse of a program by providers, trading partners, billing services, agencies, or recipients of any government assistance program are required to report it. Those reporting allegations of fraud and abuse may remain anonymous. However, not providing contact information may prevent OIG from fully investigating the complaint if questions arise during the review process.

If a provider suspects that someone is committing fraudulent activities or is misusing his or her ForwardHealth card, the provider is required to notify ForwardHealth by one of the following methods:

- Going to the OIG fraud and abuse reporting website
- Calling the DHS fraud and abuse hotline at 877-865-3432

The following information is helpful when reporting fraud and abuse:

- A description of the fraud, waste, and/or abuse, including the nature, scope, and timeframe of the activity in question (The description should include sufficient detail for the complaint to be evaluated.)
- The names and dates of birth (or approximate ages) of the people involved, as well as the number of occurrences and length of the suspected activity
- The names and date(s) of other people or agencies to which the activity may have been reported

After the allegation is received, DHS OIG will evaluate it and take appropriate action. If the name and contact information of the person reporting the allegation was provided, the OIG may be in contact to verify details or ask for additional information.

Provider Enrollment

Topic #19061

Behavioral Treatment

ForwardHealth requires that all licensed/certified medical professionals and qualifying paraprofessionals who provide behavioral treatment to ForwardHealth members be enrolled in Wisconsin Medicaid as behavioral treatment providers with one of the following provider specialties:

- Behavioral treatment licensed supervisor
- Behavioral treatment therapist
- Behavioral treatment technician
- Focused treatment licensed supervisor
- Focused treatment therapist

Behavioral treatment providers are encouraged to enroll in a single provider specialty when enrolling in Wisconsin Medicaid. For example, a provider who enrolls as a behavioral treatment licensed supervisor is not required to also enroll as a focused treatment licensed supervisor.

When selecting a provider specialty, providers should consider the enrollment criteria found on the Provider Enrollment Information home page, the allowable level(s) of service for the specialty, and the billing status of the specialty.

The following table lists the different behavioral treatment provider specialties, allowable levels of service, and billing status.

Provider Specialty	Allowable Levels of Service	Billing Status
Behavioral Treatment Licensed Supervisor	Comprehensive and Focused	Billing and Rendering
Behavioral Treatment Therapist	Comprehensive and Focused	Rendering Only
Behavioral Treatment Technician	Comprehensive and Focused	Rendering Only
Focused Treatment Licensed Supervisor	Focused Only	Billing and Rendering
Focused Treatment Therapist	Focused Only	Rendering Only

Topic #3969

Categories of Enrollment

Wisconsin Medicaid enrolls providers in three billing categories. Each billing category has specific designated uses and restrictions. These categories include the following:

- Billing/rendering provider
- Rendering-only provider
- Billing-only provider (including group billing)

Providers should refer to the service-specific information in the Online Handbook or the Information for Specific Provider Types page on the Provider Enrollment Information home page to identify which category of enrollment is applicable.

Billing/Rendering Provider

Enrollment as a billing/rendering provider allows providers to identify themselves on claims (and other forms) as either the provider billing for the services or the provider rendering the services.

Rendering-Only Provider

Enrollment as a rendering-only provider is given to those providers who practice under the professional supervision of another provider (e.g., physician assistants). Providers with a rendering provider enrollment cannot submit claims to ForwardHealth directly, but they have reimbursement rates established for their provider type. Claims for services provided by a rendering provider must include the supervising provider or group provider as the billing provider.

Billing-Only Provider (Including Group Billing)

Enrollment as a billing-only provider is given to certain provider types when a separate rendering provider is required on claims.

Group Billing

Groups of individual practitioners are enrolled as billing-only providers as an accounting convenience. This allows the group to receive one reimbursement, one RA, and the 835 transaction for covered services rendered by individual practitioners within the group.

Providers may not have more than one group practice enrolled in Wisconsin Medicaid with the same ZIP+4 code address, NPI, and taxonomy code combination. Provider group practices located at the same ZIP+4 code address are required to differentiate their enrollment using an NPI or taxonomy code that uniquely identifies each group practice.

Individual practitioners within group practices are required to be Medicaid-enrolled because these groups are required to identify the provider who rendered the service on claims. Claims indicating these group billing providers that are submitted without a rendering provider are denied.

Topic #14137

Enrollment Requirements Due to the Affordable Care Act

In 2010, the federal government signed into law the ACA, also known as federal health care reform, which affects several aspects of Wisconsin health care. ForwardHealth has been working toward ACA compliance by implementing some new requirements for providers and provider screening processes. To meet federally mandated requirements, ForwardHealth is implementing changes in phases, the first of which began in 2012. A high-level list of the changes included under ACA is as follows:

- Providers are assigned a risk level of limited, moderate, or high. Most of the risk levels have been established by the federal CMS based on an assessment of potential fraud, waste, and abuse for each provider type.
- Providers are screened according to their assigned risk level. Screenings are conducted during enrollment, reenrollment, and revalidation.
- Certain provider types are subject to an application fee. This fee has been federally mandated and may be adjusted annually. The fee is used to offset the cost of conducting screening activities.
- Providers are required to undergo revalidation every three years.
- All physicians and other professionals who prescribe, refer, or order services are required to be enrolled as a participating Medicaid provider.
- Payment suspensions are imposed on providers based on a credible allegation of fraud.
- Providers are required to submit personal information about all persons with an ownership or controlling interest, agents, and managing employees at the time of enrollment, re-enrollment, and revalidation.

Topic #194

In-State Emergency Providers and Out-of-State Providers

ForwardHealth requires all in-state emergency providers and out-of-state providers who render services to BadgerCare Plus, Medicaid, or SeniorCare members to be enrolled in Wisconsin Medicaid. Information is available regarding the enrollment options for in-state emergency providers and out-of-state providers.

In-state emergency providers and out-of-state providers who dispense covered outpatient drugs will be assigned a professional dispensing fee reimbursement rate of $10.51.

Topic #193

Materials for New Providers

On an ongoing basis, providers should refer to the Online Handbook for the most current BadgerCare Plus, Medicaid, and ADAP information. Future changes to policies and procedures are published in *ForwardHealth Updates*.

Topic #4457

Provider Addresses

ForwardHealth has the capability to store the following types of addresses and contact information:

- **Practice location address and related information.** This address is where the provider's office is physically located and where records are normally kept. Additional information for the practice location includes the provider's office telephone number and the telephone number for members' use. With limited exceptions, the practice location and telephone number for members' use are published in a provider directory made available to the public.
- **Mailing address.** This address is where ForwardHealth will mail general information and correspondence. Providers should indicate accurate address information to aid in proper mail delivery.
- **PA address.** This address is where ForwardHealth will mail PA information.
- **Financial addresses.** Two separate financial addresses are stored for ForwardHealth. The checks address is where ForwardHealth will mail paper checks. The 1099 mailing address is where ForwardHealth will mail IRS Form 1099.

Providers may submit additional address information or modify their current information using the demographic maintenance tool.

Note: Providers are cautioned that any changes to their practice location on file with Wisconsin Medicaid may alter their ZIP+4 code information required on transactions. Providers may verify the ZIP+4 code for their address on the U.S. Postal Service website.

Topic #14157

Provider Enrollment Information Home Page

ForwardHealth has consolidated all information providers will need for the enrollment process in one location on the ForwardHealth Portal. For information related to enrollment criteria and to complete online provider enrollment applications, providers should refer to the Provider Enrollment Information home page.

The Provider Enrollment Information home page includes enrollment applications for each provider type and specialty eligible for enrollment with Wisconsin Medicaid. Prior to enrolling, providers may consult a provider enrollment criteria menu, which is a reference for each individual provider type detailing the information the provider may need to gather before beginning the enrollment process, including:

- Links to enrollment criteria for each provider type
- Provider terms of reimbursement
- Disclosure information
- Category of enrollment
- Additional documents needed (when applicable)

Providers will also have access to a list of links related to the enrollment process, including:

- General enrollment information
- Regulations and forms
- Provider type-specific enrollment information
- In-state and out-of-state emergency enrollment information
- Contact information

Information regarding enrollment policy and billing instructions may still be found in the Online Handbook.

Topic #1931

Provider Type and Specialty Changes

Provider Type

Providers who want to add a provider type or change their current provider type are required to complete a new enrollment application for each provider type they want to add or change to because they need to meet the enrollment criteria for each provider type.

Provider Specialty

Providers who have the option to add or change a provider specialty can do so using the demographic maintenance tool. After adding or changing a specialty, providers may be required to submit documentation to ForwardHealth, either by uploading through the demographic maintenance tool or by mail, supporting the addition or change.

Providers should contact Provider Services with any questions about adding or changing a specialty.

Topic #22257

Providers Have 35 Days to Report a Change in Ownership

Medicaid-enrolled providers are required to notify ForwardHealth of a change in ownership within 35 calendar days after the effective date of the change, in accordance with the Centers for Medicare & Medicaid Services Final Rule 42 C.F.R. § 455.104(c)(1)(iv).

Failure to report a change in ownership within 35 calendar days may result in denial of payment, per 42 C.F.R. § 455.104(e).

Note: For demographic changes that do not constitute a change in ownership, providers should update their current information using the demographic maintenance tool.

Written Notification and a New Enrollment Application Are Required

Any time a change in ownership occurs, providers are required to do **one** of the following:

- Mail a change in ownership notification to ForwardHealth. After mailing the notification, providers are required to complete a new Medicaid provider enrollment application on the Portal.
- Upload a change in ownership notification as an attachment when completing a new Medicaid provider enrollment application on the Portal.

ForwardHealth must receive the change in ownership notification, which must include the affected provider number (NPI or provider ID), within 35 calendar days **after** the effective date of the change in ownership.

Providers will receive written notification of their new Medicaid enrollment effective date in the mail once their provider file is updated with the change in ownership.

Special Requirements for Specific Provider Types

The following provider types require Medicare enrollment and/or Wisconsin DQA certification with current provider information before submitting a Medicaid enrollment change in ownership:

- Ambulatory surgery centers
- CHCs
- ESRD services providers
- Home health agencies
- Hospice providers
- Hospitals (inpatient and outpatient)
- Nursing homes
- Outpatient rehabilitation facilities

- Rehabilitation agencies
- RHCs
- Tribal FQHCs

Events That ForwardHealth Considers a Change in Ownership

ForwardHealth defines a change in ownership as an event where a different party purchases (buys out) or otherwise obtains ownership or effective control over a practice or facility.

The following events are considered a change in ownership and require the completion of a new provider enrollment application:

- Change from one type of business structure to another type of business structure. Business structures include the following:
  - Sole proprietorships
  - Corporations
  - Partnerships
  - Limited Liability Companies
- Change of name and TIN associated with the provider's submitted enrollment application (for example, EIN)
- Change (addition or removal) of names identified as owners of the provider

Examples of a Change in Ownership

Examples of a change in ownership include the following:

- A sole proprietorship transfers title and property to another party.
- Two or more corporate clinics or centers consolidate, and a new corporate entity is created.
- There is an addition, removal, or substitution of a partner in a partnership.
- An incorporated entity merges with another incorporated entity.
- An unincorporated entity (sole proprietorship or partnership) becomes incorporated.

End Date of Previous Owner's Enrollment

The end date of the previous owner's enrollment will be one day prior to the effective date for the change in ownership. When the Wisconsin DHS is notified of a change in ownership, the original owner's enrollment will automatically be end-dated.

Repayment Following a Change in Ownership

Medicaid-enrolled providers who sell or otherwise transfer their business or business assets are required to repay ForwardHealth for any erroneous payments or overpayments made to them. If the previous owner does not repay ForwardHealth for any erroneous payments or overpayments, the new owner's application will be denied.

If necessary, ForwardHealth will hold responsible for repayment the provider to whom a transfer of ownership is made prior to the final transfer of ownership. The provider acquiring the business is responsible for contacting ForwardHealth to ascertain if they are liable under this provision.

The provider acquiring the business is responsible for full repayment within 30 days after receiving such a notice from ForwardHealth.

Providers may send inquiries about the determination of any pending liability to the following address:

Office of the Inspector General
PO Box 309
Madison WI 53701-0309

ForwardHealth has the authority to enforce these provisions within four years following the transfer of a business or business assets. Refer to Wis. Stat. § 49.45(21) for complete information.

Automatic Recoupment Following a Change in Ownership

ForwardHealth will automatically recover payments made to providers whose enrollment has ended in the ForwardHealth system due to a change in ownership. This automatic recoupment for previous owners occurs about 45 days after DHS is notified of the change in ownership. The recoupment will apply to all claims processed with DOS after the provider's new end date.

New Prior Authorization Requests Must Be Submitted After a Change in Ownership

Medicaid-enrolled providers are required to submit new PA requests when there is a change in billing providers. New PA requests must be submitted with the new billing provider's name and billing provider number. The expiration date of the new PA request will remain the same as the original PA request.

The provider is required to send the following to ForwardHealth with the new PA request:

- A copy of the original PA request, if possible
- The new PA request, including the required attachments and supporting documentation indicating the new billing provider's name, address, and billing provider number
- A letter requesting to enddate the original PA request (may be a photocopy), which should include the following information:
  - The previous billing provider's name and billing provider number, if known
  - The new billing provider's name and billing provider number
  - The reason for the change of billing provider (The new billing provider may want to verify with the member that the services from the previous billing provider have ended. The new billing provider may include this verification in the letter).
  - The requested effective date of the change

Submitting Claims After a Change in Ownership

The provider acquiring the business may submit claims with DOS on and after the change in ownership effective date.

Additional information on submission of timely filing requests or adjustment reconsideration requests is available.

How to Bill for a Hospital Stay That Spans a Change in Ownership

When a change in hospital ownership occurs, use the NPI that is current on the date of discharge. For example: A change in ownership occurs on July 1. A patient stay has DOS from June 26 to July 2. The hospital submits the claim using the NPI effective July 1.

How to Bill for a Nursing Home Stay That Spans a Change in Ownership

When a change in nursing home ownership occurs, use the NPI that is current on the date of discharge. For example: A change in ownership occurs on July 1. A nursing home patient stay has DOS from June 26 to July 2. The nursing home submits the claim using the NPI effective July 1.

For Further Questions

Providers with questions about changes in ownership may call Provider Services.

Topic #14317

Terminology to Know for Provider Enrollment

Due to the ACA, ForwardHealth has adopted new terminology. The following table includes new terminology that will be useful to providers during the provider enrollment and revalidation processes. Providers may refer to the Medicaid rule 42 C.F.R. s. 455.101 for more information.

New Terminology	Definition
Agent	Any person who has been delegated the authority to obligate or act on behalf of a provider.

Disclosing entity	A Medicaid provider (other than an individual practitioner or group of practitioners) or a fiscal agent.
Federal health care programs	Federal health care programs include Medicare, Medicaid, Title XX, and Title XXI.
Other disclosing agent	Any other Medicaid disclosing entity and any entity that does not participate in Medicaid but is required to disclose certain ownership and control information because of participation in any of the programs established under Title V, XVII, or XX of the Act. This includes: - Any hospital, skilled nursing facility, home health agency, independent clinical laboratory, renal disease facility, rural health clinic, or HMO that participates in Medicare (Title XVIII) - Any Medicare intermediary or carrier - Any entity (other than an individual practitioner or group of practitioners) that furnishes, or arranges for the furnishing of, health-related services for which it claims payment under any plan or program established under Title V or XX of the Act
Indirect ownership	An ownership interest in an entity that has an ownership interest in the disclosing entity. This term includes an ownership interest in any entity that has an indirect ownership in the disclosing entity.
Managing employee	A general manager, business manager, administrator, director, or other individual who exercises operational or managerial control over, or who directly or indirectly conducts the day-to-day operation of an institution, organization, or agency.
Ownership interest	The possession of equity in the capital, the stock, or the profits of the disclosing entity.
Person with an ownership or control interest	A person or corporation for which one or more of the following applies: - Has an ownership interest totaling five percent or more in a disclosing entity - Has an indirect ownership interest equal to five percent or more in a disclosing entity - Has a combination of direct and indirect ownership interest equal to five percent or more in a disclosing entity - Owns an interest of five percent or more in any mortgage, deed of trust, note, or other obligation secured by the disclosing entity if that interest equals at least five percent of the value of the property or asset of the disclosing entity - Is an officer or director of a disclosing entity that is organized as a corporation - Is a person in a disclosing entity that is organized as a partnership
Subcontractor	- An individual, agency, or organization to which a disclosing entity has contracted or delegated some of its management functions or responsibilities of providing medical care to its patients; or, - An individual, agency, or organization with which a fiscal agent has entered into a contract, agreement, purchase order, or lease (or leases of real property) to obtain space, supplies, equipment, or services provided under the Medicaid agreement.
Re-enrollment	Re-enrollment of a provider whose Medicaid enrollment has ended for any reason other than sanctions or failure to revalidate may be re-enrolled as long as all licensure and enrollment requirements are met. Providers should note that when they re-enroll, application fees and screening activities may apply. Re-enrollment was formerly known as re-instate.
Revalidation	All enrolled providers are required to revalidate their enrollment information every three years to continue their participation with Wisconsin Medicaid. Revalidation was formerly known as recertification.

Note: Providers should note that the federal CMS requires revalidation at least every five years. However, Wisconsin Medicaid will continue to revalidate providers every three years.

Topic #19597

Variance of Enrollment Criteria

Any provider who is interested in enrollment with ForwardHealth as a certain provider specialty but who does not meet the published enrollment criteria for that provider specialty may request a variance. The provider is required to provide the following information to ForwardHealth:

- The requested provider specialty
- The specific enrollment requirement for which the variance is requested
- The alternative qualification that is proposed to replace the previous requirement
- Documentation of the training, education, experience, or credential that supports the proposed qualification
- The time period for which the waiver or variance is requested
- Reason(s) for the request
- Contact information

Providers should mail completed variance requests to the following address:

Division of Medicaid Services
Bureau of Benefits Management
PO Box 309
Madison WI 53701-0309

ForwardHealth may require additional information prior to processing the request.

ForwardHealth will examine each request individually and issue a decision based on certain factors, including need, compliance history, and public safety. The fact that exceptions have been approved for other providers does not constitute evidence of need. When reviewing a variance request, ForwardHealth must determine the following in order to approve the request:

- The variance will not adversely affect the health, safety, or welfare of a member.
- Strict enforcement of the rule would result in unreasonable hardship on a member, or a proposed alternative to the rule is in the interest of better care or management.
- The variance will comply with all state and federal statutes or regulations, ForwardHealth requirements, and any other regulatory requirements for ForwardHealth coverage.

Provider Numbers

Topic #3421

Provider Identification

Health Care Providers

Health care providers are required to indicate an NPI on enrollment applications and electronic and paper transactions submitted to ForwardHealth.

The NPI is a 10-digit number obtained through the NPPES.

Providers should ensure that they have obtained an appropriate NPI prior to beginning their enrollment application. There are two kinds of NPIs:

- Entity Type 1 NPIs are for individuals who provide health care, such as physicians, dentists, and chiropractors.
- Entity Type 2 NPIs are for organizations that provide health care, such as hospitals, group practices, pharmacies, and home health agencies.

It is possible for a provider to qualify for both Entity Type 1 and Entity Type 2 NPIs. For example, an individual physical therapist may also be the owner of a therapy group that is a corporation and have two Wisconsin Medicaid enrollments — one enrollment as an individual physical therapist and the other enrollment as the physical therapy group. A Type 1 NPI for the individual enrollment and a Type 2 NPI for the group enrollment are required.

NPIs and classifications may be viewed on the NPPES website. The federal CMS website includes more information on Type 1 and Type 2 NPIs.

Health care providers who are federally required to have an NPI are responsible for obtaining the appropriate certification for their NPI.

Non-healthcare Providers

Non-healthcare providers, such as SMV providers, personal care agencies, and blood banks, are exempt from federal NPI requirements. Providers exempt from federal NPI requirements are assigned a Medicaid provider number once their enrollment application is accepted; they are required to indicate this Medicaid provider number on electronic and paper transactions submitted to ForwardHealth.

Topic #5096

Taxonomy Codes

Taxonomy codes are standard code sets used to provide information about provider type and specialty for the provider's enrollment. ForwardHealth uses taxonomy codes as additional data for correctly matching the NPI to the provider file.

Providers are required to use a taxonomy code when the NPI reported to ForwardHealth corresponds to multiple enrollments and the provider's practice location ZIP+4 code does not uniquely identify the provider.

Providers are allowed to report multiple taxonomy codes to ForwardHealth as long as the codes accurately describe the provider type and specialty for the provider's enrollment. When doing business with ForwardHealth, providers may use any one of the reported codes. Providers who report multiple taxonomy codes will be required to designate one of the codes as the primary taxonomy code; ForwardHealth will use this primary code for identification purposes.

Providers who wish to change their taxonomy code or add additional taxonomy codes may do so using the demographic maintenance

tool. Most taxonomy code changes entered through the demographic maintenance tool will take effect in real time; providers may use the new codes immediately on transactions.

Omission of a taxonomy code when it is required as additional data to identify the provider will cause claims and other transactions to be denied or delayed in processing.

Note: Taxonomy codes do not change provider enrollment or affect reimbursement terms.

Topic #5097

ZIP Code

The ZIP code of a provider's practice location address on file with ForwardHealth must be a ZIP+4 code. The ZIP+4 code helps to identify a provider when the NPI reported to ForwardHealth corresponds to multiple enrollments and the reported taxonomy code does not uniquely identify the provider.

When a ZIP+4 code is required to identify a provider, omission of it will cause claims and other transactions to be denied or delayed in processing.

Providers may verify the ZIP+4 code for their address on the U.S. Postal Service website.

Provider Rights

Topic #208

A Comprehensive Overview of Provider Rights

Medicaid-enrolled providers have certain rights including, but not limited to, the following:

- Limiting the number of members they serve in a nondiscriminatory way.
- Ending participation in Wisconsin Medicaid.
- Applying for a discretionary waiver or variance of certain rules identified in Wisconsin Administrative Code.
- Collecting payment from a member under limited circumstances.
- Refusing services to a member if the member refuses or fails to present a ForwardHealth identification card. However, possession of a ForwardHealth card does not guarantee enrollment (e.g., the member may not be enrolled, may be enrolled only for limited benefits, or the ForwardHealth card may be invalid). Providers may confirm the current enrollment of the member by using one of the EVS methods, including calling Provider Services.

Topic #207

Ending Participation

Providers other than home health agencies and nursing facilities may terminate participation in ForwardHealth according to Wis. Admin. Code § DHS 106.05.

Providers choosing to withdraw should promptly notify their members to give them ample time to find another provider.

When withdrawing, the provider is required to do the following:

- Provide a written notice of the decision at least 30 days in advance of the termination.
- Indicate the effective date of termination.

Providers will not receive reimbursement for nonemergency services provided on and after the effective date of termination. Voluntary termination notices can be sent to the following address:

Wisconsin Medicaid
Provider Enrollment
313 Blettner Blvd
Madison WI 53784

If the provider fails to specify an effective date in the notice of termination, ForwardHealth may terminate the provider on the date the notice is received.

Topic #209

Hearing Requests

A provider who wishes to contest a Wisconsin DHS action or inaction for which due process is required under Wis. Stat. ch. 227, may request a hearing by writing to the DHA.

A provider who wishes to contest the DMS's notice of intent to recover payment (e.g., to recoup for overpayments discovered in an audit by DMS) is required to request a hearing on the matter within the time period specified in the notice. The request, which must be in writing, should briefly summarize the provider's basis for contesting the DHS decision to withhold payment.

Refer to Wis. Admin. Code ch. DHS 106 for detailed instructions on how to file an appeal.

If a timely request for a hearing is not received, DHS may recover those amounts specified in its original notice from future amounts owed to the provider.

Note: Providers are not entitled to administrative hearings for billing disputes.

Topic #210

Limiting the Number of Members

If providers choose to limit the number of members they see, they cannot accept a member as a private-pay patient. Providers should instead refer the member to another ForwardHealth provider.

Persons applying for or receiving benefits are protected against discrimination based on race, color, national origin, sex, religion, age, disability, or association with a person with a disability.

Topic #206

Requesting Discretionary Waivers and Variances

In rare instances, a provider or member may apply for, and the DMS will consider applications for, a discretionary waiver or variance of certain rules in Wis. Admin. Code chs. DHS 102, 103, 104, 105, 107, and 108. Rules that are not considered for a discretionary waiver or variance are included in Wis. Admin. Code § DHS 106.13.

Waivers and variances are not available to permit coverage of services that are either expressly identified as noncovered or are not expressly mentioned in Wis. Admin. Code ch. DHS 107.

Requirements

A request for a waiver or variance may be made at any time; however, all applications must be made in writing to the DMS. All applications are required to specify the following:

- The rule from which the waiver or variance is requested.
- The time period for which the waiver or variance is requested.
- If the request is for a variance, the specific alternative action proposed by the provider.
- The reasons for the request.
- Justification that all requirements for a discretionary waiver or variance would be satisfied.

The DMS may also require additional information from the provider or the member prior to acting on the request.

Application

The DMS may grant a discretionary waiver or variance if it finds that all of the following requirements are met:

- The waiver or variance will not adversely affect the health, safety, or welfare of any member.
- Either the strict enforcement of a requirement would result in unreasonable hardship on the provider or on a member, or an alternative to a rule is in the interests of better care or management. An alternative to a rule would include a new concept, method, procedure or technique, new equipment, new personnel qualifications, or the implementation of a pilot project.
- The waiver or variance is consistent with all applicable state and federal statutes and federal regulations.
- Federal financial participation is available for all services under the waiver or variance, consistent with the Medicaid state plan, the federal CMS, and other applicable federal program requirements.
- Services relating to the waiver or variance are medically necessary.

To apply for a discretionary waiver or variance, providers are required to send their application to the following address:

Division of Medicaid Services
Waivers and Variances
PO Box 309
Madison WI 53701-0309

Sanctions

Topic #211

Intermediate Sanctions

According to Wis. Admin. Code § DHS 106.08(3), the Wisconsin DHS may impose intermediate sanctions on providers who violate certain requirements. Common examples of sanctions that DHS may apply include the following:

- Review of the provider's claims before payment
- Referral to the appropriate peer review organization, licensing authority, or accreditation organization
- Restricting the provider's participation in BadgerCare Plus
- Requiring the provider to correct deficiencies identified in a DHS audit

Prior to imposing any alternative sanction under this section, DHS will issue a written notice to the provider in accordance with Wis. Admin. Code § DHS 106.12.

Any sanction imposed by DHS may be appealed by the provider under Wis. Admin. Code § DHS 106.12. Providers may appeal a sanction by writing to the DHA.

Topic #212

Involuntary Termination

The Wisconsin DHS may suspend or terminate the Medicaid enrollment of any provider according to Wis. Admin. Code § DHS 106.06.

The suspension or termination may occur if both of the following apply:

- DHS finds that any of the grounds for provider termination are applicable.
- The suspension or termination will not deny members access to services.

Reasonable notice and an opportunity for a hearing within 15 days will be given to each provider whose enrollment is terminated by DHS. Refer to Wis. Admin. Code § DHS 106.07 for detailed information regarding possible sanctions.

In cases where Medicare enrollment is required as a condition of enrollment with Wisconsin Medicaid, termination from Medicare results in automatic termination from Wisconsin Medicaid.

Topic #213

Sanctions for Collecting Payment From Members

Under state and federal laws, if a provider inappropriately collects payment from an enrolled member, or authorized person acting on behalf of the member, that provider may be subject to program sanctions including termination of Medicaid enrollment. In addition, the provider may also be fined not more than $25,000, or imprisoned not more than five years, or both, pursuant to 42 USC § 1320a-7b(d) or Wis. Stat. § 49.49(3m).

There may be narrow exceptions on when providers may collect payment from members.

Topic #214

Withholding Payments

The Wisconsin DHS may withhold full or partial Medicaid provider payments without prior notification if, as the result of any review or audit, DHS finds reliable evidence of fraud or willful misrepresentation.

"Reliable evidence" of fraud or willful misrepresentation includes, but is not limited to, the filing of criminal charges by a prosecuting attorney against the provider or one of the provider's agents or employees.

DHS is required to send the provider a written notice within five days of taking this action. The notice will generally set forth the allegations without necessarily disclosing specific information about the investigation.

Reimbursement

8

Archive Date:01/02/2024

Reimbursement:Amounts

Topic #258

Acceptance of Payment

The amounts allowed as payment for covered services must be accepted as payment in full. Therefore, total payment for the service (i.e., any amount paid by other health insurance sources, any BadgerCare Plus or Medicaid copayment or spenddown amounts paid by the member, and any amount paid by BadgerCare Plus, Medicaid, or ADAP) may not exceed the allowed amount. As a result, providers may not collect payment from a member, or authorized person acting on behalf of the member, for the difference between their usual and customary charge and the allowed amount for a service (i.e., balance billing).

Other health insurance payments may exceed the allowed amount if no additional payment is received from the member or BadgerCare Plus, Medicaid, or ADAP.

Topic #694

Billing Service and Clearinghouse Contracts

According to Wis. Admin. Code § DHS 106.03(5)(c)2, contracts with outside billing services or clearinghouses may not be based on commission in which compensation for the service is dependent on reimbursement from BadgerCare Plus. This means compensation must be unrelated, directly or indirectly, to the amount of reimbursement or the number of claims and is not dependent upon the actual collection of payment.

Topic #8117

Electronic Funds Transfer

EFT allows ForwardHealth to directly deposit payments into a provider's designated bank account for a more efficient delivery of payments than the current process of mailing paper checks. EFT is secure, eliminates paper, and reduces the uncertainty of possible delays in mail delivery.

Only in-state and border-status providers who submit claims and MCOs are eligible to receive EFT payments.

Provider Exceptions

EFT payments are not available to the following providers:

- In-state emergency providers
- Out-of-state providers
- Out-of-country providers
- SMV providers during their provisional enrollment period

Enrolling in Electronic Funds Transfer

A ForwardHealth Portal account is required to enroll into EFT as all enrollments must be completed via a secure Provider Portal account or a secure MCO Portal account. Paper enrollments are not accepted. A separate EFT enrollment is required for each financial payer a provider bills.

Providers who do not have a Portal account may Request Portal Access online. Providers may also call the Portal Helpdesk for assistance in requesting a Portal account.

The following guidelines apply to EFT enrollment:

- Only a Portal Administrator or a clerk that has been assigned the "EFT" role on the Portal may complete the EFT enrollment information.
- Organizations can revert back to receiving paper checks by disenrolling in EFT.
- Organizations may change their EFT information at any time.
- Organizations will continue to receive their Remittance Advice as they do currently.

Refer to the Electronic Funds Transfer User Guide on the User Guides page of the Portal for instructions and more information about EFT enrollment.

Providers will continue to receive payment via paper check until the enrollment process moves into "Active" status and the provider's ForwardHealth EFT enrollment is considered complete.

Recoupment and Reversals

Enrollment in EFT does not change the current process of recouping funds. Overpayments and recoupment of funds will continue to be conducted through the reduction of payments.

Note: Enrolling in EFT does not authorize ForwardHealth to make unauthorized debits to the provider's EFT account; however, in some instances an EFT reversal of payment may be necessary. For example, if the system generates a payment twice or the amount entered manually consists of an incorrect value (e.g., a decimal point is omitted creating a $50,000 keyed value for a $500 claim), a reversal will take place to correct the error and resend the correct transaction value. ForwardHealth will notify the designated EFT contact person of an EFT reversal if a payment is made in error due to a system processing or manual data entry error.

Problem Resolution

If payment is not deposited into the designated EFT account according to the ForwardHealth payment cycle, providers should first check with their financial institution to confirm the payment was received. If the payment was not received, providers should then call Provider Services to resolve the issue and payment by paper check will be reinstated until the matter has been resolved.

Topic #897

Fee Schedules

Maximum allowable fee information is available on the Max Fee Schedules page of the ForwardHealth Portal in the following forms:

- An interactive maximum allowable fee schedule
- Downloadable fee schedules by service area only in TXT or CSV files

Policy information is not displayed in the fee schedules. Providers should refer to their specific service area in the Online Handbook for more information about coverage policy related to a specific procedure code.

Certain fee schedules are interactive. On the interactive fee schedule, providers have more search options for looking up some coverage information, as well as the maximum allowable fees, as appropriate, for reimbursable HCPCS, CPT, or CDT procedure codes for most services.

Providers have the ability to independently search by:

- A single HCPCS, CPT, or CDT procedure code
- Multiple HCPCS, CPT, or CDT procedure codes
- A pre-populated code range
- A service area (Service areas listed in the interactive fee schedule more closely align with the provider service areas listed in the Online Handbook, including the WCDP programs and WWWP.)

The downloadable fee schedules, which are updated monthly, provide basic maximum allowable fee information by provider service area.

Through the interactive fee schedule, providers can export their search results for a single code, multiple codes, a code range, or by service area. The export function of the interactive fee schedule will return a zip file that includes seven CSV files containing the results.

Note: The interactive fee schedule will export all associated information related to the provider's search criteria except the procedure code descriptions.

Providers may call Provider Services in the following cases:

- The ForwardHealth Portal is not available.
- There is uncertainty as to which fee schedule should be used.
- The appropriate fee schedule cannot be found on the Portal.
- To determine coverage or maximum allowable fee of procedure codes not appearing on a fee schedule.

Topic #260

Maximum Allowable Fees

Maximum allowable fees are established for most covered services. Maximum allowable fees are based on various factors, including a review of usual and customary charges submitted, the Wisconsin State Legislature's Medicaid budgetary constraints, and other relevant economic limitations. Maximum allowable fees may be adjusted to reflect reimbursement limits or limits on the availability of federal funding as specified in federal law.

Providers are reimbursed at the lesser of their billed amount and the maximum allowable fee for the procedure.

Collecting Payment From Members

Topic #227

Conditions That Must Be Met

A member may request a noncovered service, a covered service for which PA was denied (or modified), or a service that is not covered under the member's limited benefit category. The charge for the service may be collected from the member if the following conditions are met **prior** to the delivery of that service:

- The member accepts responsibility for payment.
- The provider and member make payment arrangements for the service.

Providers are strongly encouraged to obtain a **written** statement in advance documenting that the member has accepted responsibility for the payment of the service.

Furthermore, the service must be separate or distinct from a related, covered service. For example, a vision provider may provide a member with eyeglasses but then, upon the member's request, provide and charge the member for anti-glare coating, which is a noncovered service. Charging the member is permissible in this situation because the anti-glare coating is a separate service and can be added to the lenses at a later time.

Topic #538

Cost Sharing

According to federal regulations, providers cannot hold a member responsible for any commercial or Medicare cost-sharing amount such as coinsurance, copayment, or deductible. Therefore, a provider may not collect payment from a member, or authorized person acting on behalf of the member, for copayments required by other health insurance sources. Instead, the provider should collect from the member **only** the Medicaid or BadgerCare Plus copayment amount indicated on the member's remittance information.

Topic #224

Situations When Member Payment Is Allowed

Providers may not collect payment from a member, or authorized person acting on behalf of the member, **except** for the following:

- Required member copayments for certain services.
- Other health insurance payments made to the member.
- Spenddown.
- Charges for a private room in a nursing home if meeting the requirements stated in Wis. Admin. Code § DHS 107.09(4)(k), or in a hospital if meeting the requirements stated in Wis. Admin. Code § DHS 107.08(3)(a)2.
- Noncovered services if certain conditions are met.
- Covered services for which PA was denied (or an originally requested service for which a PA request was modified) if certain conditions are met. These services are treated as noncovered services.
- Services provided to a member in a limited benefit category when the services are not covered under the limited benefit and if certain conditions are met.

If a provider inappropriately collects payment from a member, or authorized person acting on behalf of the member, that provider may be subject to program sanctions including termination of Medicaid enrollment.

Copayment

Topic #231

Exemptions

Wisconsin Medicaid and BadgerCare Plus Copay Exemptions

According to Wis. Admin. Code § DHS 104.01(12)(a), and 42 C.F.R. § 447.56, providers are prohibited from collecting any copays from the following Medicaid and BadgerCare Plus members:

- Children under age 19
- American Indians or Alaskan Natives, regardless of age or income level, who are receiving or have ever received items and services either directly from an Indian health care provider or through referral under contract health services (Note: Until further notice, Wisconsin Medicaid and BadgerCare Plus will apply this exemption policy for **all** services regardless of whether a tribal health care provider or a contracted entity provides the service. Providers may not collect copay from any individual identified in the EVS as an American Indian or Alaskan Native.)
- Terminally ill individuals receiving hospice care
- Nursing home residents
- Members enrolled in Wisconsin Well Woman Medicaid
- Individuals eligible through EE

The following services do not require copays from any member enrolled in Wisconsin Medicaid or BadgerCare Plus:

- Behavioral treatment
- Care coordination services (prenatal and child care coordination)
- CRS
- Crisis intervention services
- CSP services
- Comprehensive community services
- COVID-19-related care
- Emergency services for medical conditions that meet the prudent layperson standard (the prudent layperson standard is defined by 42 C.F.R. § 438.114, and may be expanded to include a psychiatric emergency involving a significant risk or serious harm to oneself or others, a substance abuse emergency in which there is significant risk of serious harm to a member or others or there is likelihood of return to substance abuse without immediate treatment, or emergency dental care, which is defined as an immediate service needed to relieve the patient from pain, an acute infection, swelling, trismus, fever, or trauma)
- EMTALA-required medical screening exam and stabilization services
- Family planning services and supplies, including sterilizations
- HealthCheck services
- Home care services (home health, personal care, and PDN services)
- Hospice care services
- Immunizations, including approved vaccines recommended to adults by the ACIP
- Independent laboratory services
- Injections
- Pregnancy-related services
- Preventive services with an A or B rating* from the USPSTF**, including tobacco cessation services
- SBS
- Substance abuse day treatment services
- Surgical assistance
- Targeted case management services

Note: Providers may not impose cost sharing for health-care acquired conditions or other provider-preventable services as defined in federal law under 42 C.F.R. § 447.26(b).

* Providers are required to add CPT modifier 33 to identify USPSTF services that are not specifically identified as preventive in nature. The definition for modifier 33 reads as follows:

> When the primary purpose of the service is the delivery of an evidence based service in accordance with a U.S. Preventive Services Task Force A or B rating in effect and other preventive services identified in preventive services mandates (legislative or regulatory), the service may be identified by adding 33 to the procedure. For separately reported services specifically identified as preventive, the modifier should not be used.

Since many of the USPSTF recommendations are provided as part of a regular preventive medicine visit, ForwardHealth will not deduct a copayment for these services (CPT procedure codes 99381–99387 and 99391–99397).

** The USPSTF recommendations include screening tests, counseling, immunizations, and preventive medications for targeted populations. These services must be provided or recommended by a physician or other licensed practitioner of the healing arts within the scope of their practice.

Topic #19077

Prohibited

Providers are prohibited from collecting copayments from members for services covered under the behavioral treatment benefit.

Payer of Last Resort

Topic #242

Instances When Medicaid Is Not Payer of Last Resort

Wisconsin Medicaid or BadgerCare Plus are **not** the payer of last resort for members who receive coverage from certain governmental programs, such as:

- Birth to 3
- Crime Victim Compensation Fund
- GA
- HCBS waiver programs
- IDEA
- Indian Health Service
- Maternal and Child Health Services
- WCDP:
  - Adult Cystic Fibrosis
  - Chronic Renal Disease
  - Hemophilia Home Care

Providers should ask members if they have coverage from these other governmental programs.

If the member becomes retroactively enrolled in Wisconsin Medicaid or BadgerCare Plus, providers who have already been reimbursed by one of these government programs may be required to submit the claims to ForwardHealth and refund the payment from the government program.

Topic #251

Other Health Insurance Sources

BadgerCare Plus reimburses only that portion of the allowed cost remaining after a member's other health insurance sources have been exhausted. Other health insurance sources include the following:

- Commercial fee-for-service plans
- Commercial managed care plans
- Medicare supplements (e.g., Medigap)
- Medicare
- Medicare Advantage and Medicare Cost plans
- TriCare
- CHAMPVA
- Other governmental benefits

Topic #253

Payer of Last Resort

Except for a few instances, Wisconsin Medicaid or BadgerCare Plus is the payer of last resort for any covered services. Therefore, the provider is required to make a reasonable effort to exhaust all other existing health insurance sources before submitting claims to ForwardHealth or to a state-contracted MCO.

Topic #255

Primary and Secondary Payers

The terms "primary payer" and "secondary payer" indicate the relative order in which insurance sources are responsible for paying claims.

In general, commercial health insurance is primary to Medicare, and Medicare is primary to Wisconsin Medicaid and BadgerCare Plus. Therefore, Wisconsin Medicaid and BadgerCare Plus are secondary to Medicare, and Medicare is secondary to commercial health insurance.

Reimbursement Not Available

Topic #695

Reimbursement Not Available Through a Factor

BadgerCare Plus will not reimburse providers through a factor, either directly or by virtue of a power of attorney given to the factor by the provider. A factor is an organization (e.g., a collection agency) or person who advances money to a provider for the purchase or transferal of the provider's accounts receivable. The term "factor" does not include business representatives, such as billing services, clearinghouses, or accounting firms, which render statements and receive payments in the name of the provider.

Topic #51

Services Not Separately Reimbursable

If reimbursement for a service is included in the reimbursement for the primary procedure or service, it is not separately reimbursable. For example, routine venipuncture is not separately reimbursable, but it is included in the reimbursement for the laboratory procedure or the laboratory test preparation and handling fee. Also, DME delivery charges are included in the reimbursement for DME items.

Resources

9

Archive Date:01/02/2024

Resources:Contact Information

Topic #476

Member Services

Providers should refer ForwardHealth members with questions to Member Services. The telephone number for Member Services is for member use only.

Topic #473

Professional Field Representatives

Professional field representatives, also known as field representatives, are available to assist providers with complex billing and claims processing questions. Field representatives are located throughout the state to offer detailed assistance to all ForwardHealth providers and all ForwardHealth programs.

The field representatives are assigned to specific regions of the state. Most professional field representatives can address inquiries for all provider types. However, certain dedicated professional field representatives are assigned to the following:

- Dental providers
- Milwaukee County

Provider Education

The field representatives' primary focus is provider education. They provide information on ForwardHealth programs and topics in the following ways:

- Conducting provider training sessions throughout the state
- Providing training and information for newly enrolled providers and/or new staff
- Participating in professional association meetings

Providers may also contact the field representatives if there is a specific topic, or topics, on which they would like to have an individualized training session. This could include topics such as use of the ForwardHealth Portal (information about claims, enrollment verification, and PA requests on the Portal). Refer to the Providers Trainings page for the latest information on training opportunities.

Additional Inquiries

Providers are encouraged to initially obtain information through the Portal, WiCall, and Provider Services. If these attempts are not successful, field representatives may be contacted for the following types of inquiries:

- Claims, including discrepancies regarding enrollment verification and claim processing
- PES claims submission software
- Claims processing problems that have not been resolved through other channels (for example, phone or written correspondence)
- Referrals by a Provider Services phone correspondent
- Complex issues that require extensive explanation

At times, professional field representatives work outside their offices to provide on-site service; therefore, providers should be prepared to leave a complete message when contacting field representatives, including all pertinent information related to the inquiry. Member inquiries should not be directed to field representatives. Providers should refer members to Member Services.

If contacting a field representative by email, providers should ensure that no individually identifiable health information, known as PHI, is included in the message. Discuss the appropriate method of sending emails with your assigned field representative to ensure secure

transmission of information.

Providers or their representatives should have the following information ready when they contact their professional field representative:

- Name or alternate contact
- County and city where services are provided
- Name of facility or provider whom they are representing
- NPI or provider number
- Phone number, including area code
- A concise statement outlining concern
- Days and times when available

For questions about a specific claim, providers should also include the following information:

- Member's name
- Member ID number
- Claim number
- DOS

Topic #474

Provider Services

Providers should call Provider Services to answer enrollment, policy, and billing questions. Members should call Member Services for information. Members should **not** be referred to Provider Services.

The Provider Services Call Center provides service-specific assistance to Medicaid, BadgerCare Plus, WCDP, and WWWP providers.

Ways Provider Services Can Help

The Provider Services Call Center is organized to include program-specific and service-specific assistance to providers. The Provider Services Call Center supplements the ForwardHealth Portal and WiCall by providing information on the following:

- Billing and claim submission
- Provider enrollment
- Member enrollment
- COB (for example, verifying a member's other health insurance coverage)
- Assistance with completing forms
- Assistance with remittance information and claim denials
- Policy clarification
- PA status
- Claim status
- Verifying covered services

Information to Have Ready

When contacting or transferring from WiCall to the call center, callers will be prompted to enter their NPI or provider ID. Additionally, to facilitate service, providers are recommended to have all pertinent information related to their inquiry on hand when contacting the call center, including:

- Provider name and NPI or provider ID
- Member name and ID
- Claim ICN
- PA number
- DOS
- Amount billed
- RA

- Procedure code of the service in question
- Reference to any provider publications that address the inquiry

Call Center Representatives

The ForwardHealth call center representatives are organized to respond to phone calls from providers. Representatives offer assistance and answer inquiries specific to the program (for example, Medicaid, WCDP, or WWWP) or to the service area (for example, pharmacy services, hospital services) in which they are designated.

In addition to trained call center representatives, Provider Services employs an automated tool for assisting callers. The virtual agent is available 24 hours a day, seven days a week to answer questions that do not require a call center representative, such as inquiries related to:

- Claim status
- PA status
- Provider payment status
- Member enrollment verification

Walk-in Appointments

Walk-in appointments offer face-to-face assistance for providers at the Provider Services office. Providers must schedule an appointment in advance by contacting Provider Services at 800-947-9627. Appointments for in-person provider assistance are available Monday through Friday, 7:30 a.m.-4:00 p.m. (CST), except for state-observed holidays. Providers without an appointment may not receive in-person assistance and may have to schedule an appointment for a later date.

Written Inquiries

Providers may contact Provider Services through the Portal by selecting the "Contact Us" link. Provider Services will respond to the inquiry by the preferred method of response indicated within five business days. All information is transmitted via a secure connection to protect personal health information.

Providers may submit written inquiries to ForwardHealth by mail using the Written Correspondence Inquiry form. The Written Correspondence Inquiry form may be photocopied or downloaded via a link from the Portal. Written correspondence should be sent to the following address:

ForwardHealth
Provider Services Written Correspondence
313 Blettner Blvd
Madison WI 53784

Providers are encouraged to use the other resources before mailing a written request to ForwardHealth. Provider Services will respond to written inquiries in writing unless otherwise specified.

Topic #4456

Resources Reference Guide

The Provider Services and Resources Reference Guide lists services and resources available to providers and members with contact information and hours of availability.

ForwardHealth Portal	**www.forwardhealth.wi.gov/**	**24 hours a day, seven days a week**
Public and secure access to ForwardHealth information with direct link to contact Provider Services for up-to-date access to ForwardHea programs information, including publications, fee schedules, and forms.		
WiCall Automated Voice Response System	**800-947-3544**	**24 hours a day, seven days a week**
WiCall, the ForwardHealth AVR system, provides responses to the following inquiries:		

- Checkwrite
- Claim status
- PA
- Member enrollment

ForwardHealth Provider Services Call Center	**800-947-9627**	**Call center representatives: Monday through Friday, 7 a.m. to 6 p.m. (Central time)* Virtual agent: 24 hours a day, seven days a wee**

To assist providers in the following programs:

- BadgerCare Plus
- Medicaid
- SeniorCare
- ADAP
- WCDP
- Wisconsin Medicaid and BadgerCare Plus Managed Care Programs
- Wisconsin Well Woman Medicaid
- WWWP

ForwardHealth Portal Helpdesk	**866-908-1363**	**Monday through Friday, 8:30 a.m. to 4:30 p.m. (Central time)***

To assist providers and trading partners with technical questions regarding Portal functions and capabilities, including Portal accounts, registrations, passwords, and submissions through the Portal.

Electronic Data Interchange Helpdesk	**866-416-4979**	**Monday through Friday, 8:30 a.m. to 4:30 p.m. (Central time)***

For providers, including trading partners, billing services, and clearinghouses with technical questions about the following:

- Electronic transactions
- Companion documents
- PES software

Managed Care Provider Appeals	**800-760-0001, Option 1**	**Monday through Friday, 7 a.m. to 6 p.m. (Central time)***

To assist BadgerCare Plus/Medicaid SSI HMO or Children's Specialty Managed Care PIHP providers with questions regarding their app status and other general managed care provider appeal information.

Managed Care Ombudsman Program	**800-760-0001**	**Monday through Friday, 7 a.m. to 6 p.m. (Central time)***

To assist managed care enrollees with questions about enrollment, rights, responsibilities, and general managed care information.

Member Services	**800-362-3002**	**Monday through Friday, 8 a.m. to 6 p.m. (Central time)***

To assist ForwardHealth members, or persons calling on behalf of members, with program information and requirements, enrollment, findir enrolled providers, and resolving concerns.

Wisconsin AIDS Drug Assistance Program	**800-991-5532**	**Monday through Friday, 8 a.m. to 4:30 p.m. (Central time)***
To assist ADAP providers and members, or persons calling on behalf of members, with program information and requirements, enrollment finding enrolled providers, and resolving concerns.		

*With the exception of state-observed holidays.

Electronic Data Interchange

Topic #459

Companion Guides and NCPDP Version D.0 Payer Sheet

Companion guides and the NCPDP version D.0 payer sheet are available for download on the ForwardHealth Portal.

Purpose of Companion Guides

ForwardHealth companion guides and payer sheet provide trading partners with useful technical information on ForwardHealth's standards for nationally recognized electronic transactions.

The information in companion guides and payer sheet applies to BadgerCare Plus, Medicaid, SeniorCare, ADAP, WCDP, and WWWP. Companion guides and payer sheet are intended for information technology and systems staff who code billing systems or software.

The companion guides and payer sheet complement the federal HIPAA implementation guides and highlight information that trading partners need to successfully exchange electronic transactions with ForwardHealth, including general topics such as the following:

- Methods of exchanging electronic information (e.g., exchange interfaces, transaction administration, and data preparation)
- Instructions for constructing the technical component of submitting or receiving electronic transactions (e.g., claims, RA, and enrollment inquiries)

Companion guides and payer sheet do **not** include program requirements, but help those who create the electronic formats for electronic data exchange.

Companion guides and payer sheet cover the following specific subjects:

- Getting started (e.g., identification information, testing, and exchange preparation)
- Transaction administration (e.g., tracking claims submissions, contacting the EDI Helpdesk)
- Transaction formats

Revisions to Companion Guides and Payer Sheet

Companion guides and payer sheet may be updated as a result of changes to federal requirements. When this occurs, ForwardHealth will do the following:

- Post the revised companion guides and payer sheet on the ForwardHealth Portal.
- Post a message on the banner page of the RA.
- Send an email to trading partners.

Trading partners are encouraged to periodically check for revised companion guides and payer sheet on the Portal. If trading partners do not follow the revisions identified in the companion guides or payer sheet, transactions may not process successfully (e.g., claims may deny or process incorrectly).

A change summary located at the end of the revised companion guide lists the changes that have been made. The date on the companion guide reflects the date the revised companion guide was posted to the Portal. In addition, the version number located in the footer of the first page is changed with each revision.

Revisions to the payer sheet are listed in Appendix A. The date on the payer sheet reflects the date the revised payer sheet was posted to the Portal.

Topic #460

Data Exchange Methods

The following data exchange methods are supported by the EDI Helpdesk:

- Remote access server dial-up, using a personal computer with a modem, browser, and encryption software
- Secure web, using an internet service provider and a personal computer with a modem, browser, and encryption software
- Real-time, by which trading partners exchange the NCPDP D.0, 270/271, 276/277, or 278 transactions via an approved clearinghouse

The EDI Helpdesk supports the exchange of the transactions for BadgerCare Plus, Medicaid, SeniorCare, ADAP, WCDP, and WWWP.

Topic #461

Electronic Data Interchange Helpdesk

The EDI Helpdesk assists anyone interested in becoming a trading partner with getting started and provides ongoing support pertaining to electronic transactions. Providers, billing services, and clearinghouses are encouraged to contact the EDI Helpdesk for test packets and/or technical questions.

Providers with policy questions should call Provider Services.

Topic #462

Electronic Transactions

HIPAA ASC X12 Version 5010 Companion Guides and the NCPDP Version D.0 Payer Sheet are available for download on the HIPAA Version 5010 Companion Guides and NCPDP Version D.0 Payer Sheet page of the ForwardHealth Portal.

Trading partners may submit claims and adjustment requests, inquire about member enrollment, claim status, and ForwardHealth payment advice by exchanging electronic transactions.

Through the EDI Helpdesk, trading partners may exchange the following electronic transactions:

- 270/271. The 270 is the electronic transaction for inquiring about a member's enrollment. The 271 is received in response to the inquiry.
- 276/277. The 276 is the electronic transaction for checking claim status. The 277 is received in response.
- 278. The electronic transaction for health care service PA requests.
- 835. The electronic transaction for receiving remittance information.
- 837. The electronic transaction for submitting claims and adjustment requests.
- 999. The electronic transaction for reporting whether a transaction is accepted or rejected.
- TA1 interChange Acknowledgment. The electronic transaction for reporting a transaction that is rejected for interChange-level errors.
- NCPDP D.0 Telecommunication Standard for Retail Pharmacy claims. The real-time POS electronic transaction for submitting pharmacy claims.

Topic #463

Provider Electronic Solutions Software

ForwardHealth offers electronic billing software at no cost to providers. PES software allows providers to submit 837 transactions and download the 999 and the 835 transactions. To obtain PES software, providers may download it from the ForwardHealth Portal. For assistance installing and using PES software, providers may call the EDI Helpdesk.

Topic #464

Trading Partner Profile

A Trading Partner Profile must be completed and signed for each billing provider number that will be used to exchange electronic transactions.

In addition, billing providers who do not use a third party to exchange electronic transactions, billing services, and clearinghouses are required to complete a Trading Partner Profile.

To determine whether a Trading Partner Profile is required, providers should refer to the following:

- Billing providers who do not use a third party to exchange electronic transactions, including providers who use the PES software, are required to complete the Trading Partner Profile.
- Billing providers who use a third party (billing services and clearinghouses) to exchange electronic transactions are required to submit a Trading Partner Profile.
- Billing services and clearinghouses, including those that use PES software, that are authorized by providers to exchange electronic transactions on a provider's behalf, are required to submit a Trading Partner Profile.

Providers who change billing services and clearinghouses or become a trading partner should keep their information updated by contacting the EDI Helpdesk.

Topic #465

Trading Partners

ForwardHealth exchanges nationally recognized electronic transactions with trading partners. A "trading partner" is defined as a covered entity that exchanges electronic health care transactions. The following covered entities are considered trading partners:

- Providers who exchange electronic transactions directly with ForwardHealth
- Billing services and clearinghouses that exchange electronic transactions directly with ForwardHealth on behalf of a billing provider

Enrollment Verification

Topic #256

270/271 Transactions

The 270/271 transactions allow for batch enrollment verification, including information for the current benefit month or for any date of eligibility the member has on file, through a secure internet connection. The 270 is the electronic transaction for inquiring about a member's enrollment. The 271 is received in response to the inquiry.

For those providers who are federally required to have an NPI, an NPI is required on the 270/271 transactions. The NPI indicated on the 270 is verified to ensure it is associated with a valid enrollment on file with ForwardHealth. The 271 response will report the NPI that was indicated on the 270.

For those providers exempt from NPI, a provider ID is required on the 270/271 transactions. The provider ID indicated on the 270 is verified to ensure it is associated with a valid enrollment on file with ForwardHealth. The 271 response will report the provider ID that was indicated on the 270.

Topic #469

An Overview

Providers should always verify a member's enrollment before providing services, both to determine enrollment for the current date (since a member's enrollment status may change) and to discover any limitations to the member's coverage. Each enrollment verification method allows providers to verify the following prior to services being rendered:

- A member's enrollment in a ForwardHealth program(s)
- State-contracted MCO enrollment
- Medicare enrollment
- Limited benefits categories
- Any other health insurance coverage
- Exemption from copayments for BadgerCare Plus members

Topic #259

Commercial Enrollment Verification Vendors

ForwardHealth has agreements with several commercial enrollment verification vendors to offer enrollment verification technology to ForwardHealth providers. Commercial enrollment verification vendors have up-to-date access to the ForwardHealth enrollment files to ensure that providers have access to the most current enrollment information. Providers may access Wisconsin's EVS to verify member enrollment through one or more of the following methods available from commercial enrollment verification vendors:

- Magnetic stripe card readers
- Personal computer software
- Internet

Vendors sell magnetic stripe card readers, personal computer software, internet access, and other services. They also provide ongoing maintenance, operations, and upgrades of their systems. Providers are responsible for the costs of using these enrollment verification methods.

Note: Providers are *not* required to purchase services from a commercial enrollment verification vendor. For more information on other ways to verify member enrollment or for questions about ForwardHealth identification cards, contact Provider Services.

The real-time enrollment verification methods allow providers to print a paper copy of the member's enrollment information, including a transaction number, for their records. Providers should retain this number or the printout as proof that an inquiry was made.

Magnetic Stripe Card Readers

The magnetic stripe card readers resemble credit card readers. Some ForwardHealth identification cards have a magnetic stripe and signature panel on the back, and a unique, 16-digit card number on the front. The 16-digit card number is valid only for use with a magnetic card reader.

Providers receive current member enrollment information after passing the ForwardHealth card through the reader or entering the member identification number or card number into a keypad and entering the DOS about which they are inquiring.

Personal Computer Software

Personal computer software can be integrated into a provider's current computer system by using a modem and can access the same information as the magnetic stripe card readers.

Internet Access

Some enrollment verification vendors provide real-time access to enrollment from the EVS through the internet.

Topic #4903

Copay Information

No Copay

If a member is enrolled in BadgerCare Plus or Wisconsin Medicaid and is exempt from paying copays for services, providers will receive the following response to an enrollment query from all methods of enrollment verification:

- The name of the benefit plan
- The member's enrollment dates
- The message, "No Copay"

If a member is enrolled in BadgerCare Plus, Wisconsin Medicaid, or SeniorCare and is required to pay a copay, the provider will be given the name of the benefit plan in which the member is enrolled and the member's enrollment dates for the benefit plan only.

Copay

If a member is enrolled in BadgerCare Plus, Wisconsin Medicaid, or SeniorCare and is required to pay a copay, providers will receive the following response to an enrollment query from all methods of enrollment verification:

- The name of the benefit plan
- The member's enrollment dates

Non-Emergent Copay

If a member is enrolled in BadgerCare Plus and is eligible for the $8 non-emergent copay, providers will receive the following response to an enrollment query from all methods of enrollment verification:

- The name of the benefit plan
- The member's enrollment dates
- The message, "Member Eligible for Non-Emergent Copay" or "Eligible for Non-Emergent Copay"

The messages "Member Eligible for Non-Emergent Copay" and "Eligible for Non-Emergent Copay" indicate that a member is a

BadgerCare Plus childless adult and they are eligible for the copay if they do not meet the prudent layperson standard and seek and receive additional post-stabilization care in the emergency department after being informed of the $8 copay and availability of alternative providers with lesser or no cost share.

Topic #264

Enrollment Verification System

Member enrollment issues are the primary reason claims are denied. To reduce claim denials, providers should **always** verify a member's enrollment before providing services, both to determine enrollment for the current date (since a member's enrollment status may change) and to discover any limitations to the member's coverage. Providers may want to verify the member's enrollment a second time before submitting a claim to find out whether the member's enrollment information has changed since the appointment.

Providers can access Wisconsin's EVS to receive the most current enrollment information through the following methods:

- ForwardHealth Portal
- WiCall, Wisconsin's AVR system
- Commercial enrollment verification vendors
- 270/271 transactions
- Provider Services

Providers cannot charge a member, or authorized person acting on behalf of the member, for verifying their enrollment.

The EVS does not indicate other government programs that are secondary to Wisconsin Medicaid.

Topic #4901

Enrollment Verification on the Portal

The secure ForwardHealth Portal offers real-time member enrollment verification for all ForwardHealth programs. Providers will be able to use this tool to determine:

- The benefit plan(s) in which the member is enrolled
- If the member is enrolled in a state-contracted managed care program (for Medicaid and BadgerCare Plus members)
- If the member has any other coverage, such as Medicare or commercial health insurance
- If the member is exempted from copays (BadgerCare Plus and Medicaid members only)

To access enrollment verification via the ForwardHealth Portal, providers will need to do the following:

- Go to the ForwardHealth Portal.
- Establish a provider account.
- Log into the secure Portal.
- Click on the menu item for enrollment verification.

Providers will receive a unique transaction number for each enrollment verification inquiry. Providers may access a history of their enrollment inquiries using the Portal, which will list the date the inquiry was made and the enrollment information that was given on the date that the inquiry was made. For a more permanent record of inquiries, providers are advised to use the "print screen" function to save a paper copy of enrollment verification inquiries for their records or document the transaction number at the beginning of the response, for tracking or research purposes. This feature allows providers to access enrollment verification history when researching claim denials due to enrollment issues.

The Provider Portal is available 24 hours a day, seven days a week.

Topic #4900

Entering Dates of Service

Enrollment information is provided based on a "From" DOS and a "To" DOS that the provider enters when making the enrollment inquiry. For enrollment inquires, a "From" DOS is the earliest date for which the provider is requesting enrollment information and the "To" DOS is the latest date for which the provider is requesting enrollment information.

Providers should use the following guidelines for entering DOS when verifying enrollment for Wisconsin Medicaid, BadgerCare Plus, SeniorCare, or WCDP members:

- The "From" DOS is the earliest date the provider requires enrollment information.
- The "To" DOS must be within 365 days of the "From" DOS.
- If the date of the request is prior to the 20th of the current month, then providers may enter a "From" DOS and "To" DOS up to the end of the current calendar month.
- If the date of the request is on or after the 20th of the current month, then providers may enter a "From" DOS and "To" DOS up to the end of the following calendar month.

For example, if the date of the request was November 15, 2008, the provider could request dates up to and including November 30, 2008. If the date of the request was November 25, 2008, the provider could request dates up to and including December 31, 2008.

Topic #265

Member Forgets ForwardHealth Identification Card

Even if a member does not present a ForwardHealth identification card, a provider can use Wisconsin's EVS to verify enrollment; otherwise, the provider may choose not to provide the service(s) until a member brings in a ForwardHealth card or displays a digital ForwardHealth Card on the MyACCESS app.

A provider may use a combination of the member's name, date of birth, ForwardHealth identification number, or SSN with a "0" at the end to access enrollment information through the EVS.

A provider may call Provider Services with the member's full name and date of birth to obtain the member's enrollment information if the member's identification number or SSN is not known.

Topic #4899

Member Identification Card Does Not Guarantee Enrollment

Most members receive a member identification card, but possession of a program identification card does not guarantee enrollment. Periodically, members may become ineligible for enrollment, only to re-enroll at a later date. Members are told to keep their cards even though they may have gaps in enrollment periods. It is possible that a member will present a card when they are not enrolled; therefore, it is essential that providers verify enrollment before providing services. To reduce claim denials, it is important that providers verify the following information prior to each DOS that services are provided:

- If a member is enrolled in any ForwardHealth program, including benefit plan limitations
- If a member is enrolled in a managed care organization
- If a member is in primary provider lock-in status
- If a member has Medicare or other insurance coverage

Topic #4898

Responses Are Based on Financial Payer

When making an enrollment inquiry through Wisconsin's EVS, the returned response will provide information on the member's enrollment in benefit plans based on financial payers.

There are three financial payers under ForwardHealth:

- Medicaid (Medicaid is the financial payer for Wisconsin Medicaid, BadgerCare Plus, and SeniorCare).
- WCDP.
- WWWP.

Within each financial payer are benefit plans. Each member is enrolled under at least one of the three financial payers, and under each financial payer, is enrolled in at least one benefit plan. An individual member may be enrolled under more than one financial payer. (For instance, a member with chronic renal disease may have health care coverage under BadgerCare Plus and the WCDP chronic renal disease program. The member is enrolled under two financial payers, Medicaid and WCDP.) Alternatively, a member may have multiple benefits under a single financial payer. (For example, a member may be covered by Tuberculosis-Related Medicaid and Family Planning Only Services at the same time, both of which are administered by Medicaid.)

Forms

Topic #767

An Overview

ForwardHealth requires providers to use a variety of forms for PA, claims processing, and documenting special circumstances.

Topic #470

Fillable Forms

Most forms may be obtained from the Forms page of the ForwardHealth Portal.

Forms on the Portal are available as fillable PDF files, which can be viewed with Adobe Reader computer software. Providers may also complete and print fillable PDF files using Adobe Reader.

To complete a fillable PDF, follow these steps:

- Select a specific form.
- Save the form to the computer.
- Use the "Tab" key to move from field to field.

Note: The Portal provides instructions on how to obtain Adobe Reader at no charge from the Adobe website. Adobe Reader only allows providers to view and print completed PDFs. It does not allow users to save completed fillable PDFs to their computer; however, if Adobe Acrobat is purchased, providers may save completed PDFs to their computer. Refer to the Adobe website for more information about fillable PDFs.

Selected forms are also available in fillable Microsoft Word format on the Portal. The fillable Microsoft Word format allows providers to complete and print the form using Microsoft Word. To complete a fillable Microsoft Word form, follow these steps:

- Select a specific form.
- Save the form to the computer.
- Use the "Tab" key to move from field to field.

Note: Providers may save fillable Microsoft Word documents to their computer by choosing "Save As" from the "File" menu, creating a file name, and selecting "Save" on their desktop.

Topic #766

Telephone or Mail Requests

Providers who do not have internet access or who need forms that are not available on the ForwardHealth Portal may obtain them by doing either of the following:

- Requesting a paper copy of the form by calling Provider Services. Questions about forms may also be directed to Provider Services.
- Submitting a written request and mailing it to ForwardHealth. Include a return address, the name of the form, and the form number and send the request to the following address:

  ForwardHealth
  Form Reorder
  313 Blettner Blvd
  Madison WI 53784

Portal

Topic #4904

Claims and Adjustments Using the ForwardHealth Portal

Providers can track the status of their submitted claims, submit individual claims, correct errors on claims, copy claims, and determine what claims are in "pay" status on the ForwardHealth Portal. Providers have the ability to search for and view the status of all their finalized claims, regardless of how they were submitted (i.e., paper, electronic, clearinghouse). If a claim contains an error, providers can correct it on the Portal and resubmit it to ForwardHealth.

Providers can submit an individual claim or adjust a claim through DDE through the secure Portal.

Topic #8524

Conducting Revalidation Via the ForwardHealth Portal

Providers can conduct revalidation online via a secure revalidation area of the ForwardHealth Portal.

Topic #4345

Creating a Provider Account

Each provider needs to designate one individual as an administrator of the ForwardHealth Portal account. This user establishes the administrative account once their PIN is received. The administrative user is responsible for this provider account and can add accounts for other users (clerks) within their organization and assign security roles to clerks that have been established. To establish an administrative account after receiving a PIN, the administrative user is required to follow these steps:

1. Go to the ForwardHealth Portal.
2. Click the **Providers** button.
3. Click **Logging in for the first time?**.
4. Enter the Login ID and PIN. The Login ID is the provider's NPI or provider number.
5. Click **Setup Account**.
6. At the Account Setup screen, enter the user's information in the required fields. Enter a backup user's information in the required fields.
7. Read the security agreement and click the checkbox to indicate agreement with its contents.
8. Click **Submit** when complete.

Once in the secure Provider area of the Portal, the provider may conduct business online with ForwardHealth via a secure connection. Providers may also perform the following administrative functions from the Provider area of the Portal:

- Establish accounts and define access levels for clerks
- Add other organizations to the account
- Switch organizations

Refer to the Account User Guide on the User Guides page of the Portal for more detailed instructions on performing these functions.

Topic #16737

Demographic Maintenance Tool

The demographic maintenance tool allows providers to update information online that they are required to keep current with

ForwardHealth. To access the demographic maintenance tool, providers need a ForwardHealth Portal account. After logging into their Portal account, providers should select the Demographic Maintenance link located in the Home Page box on the right side of the secure Provider home page.

Note: The Demographic Maintenance link will only display for administrative accounts or for clerk accounts that have been assigned the Demographic Maintenance role. The Account User Guide provides specific information about assigning roles.

The demographic maintenance tool contains general panels which are available to all or most providers as well as specific panels which are only available to certain provider types and specialties. The Demographic Maintenance Tool User Guide provides further information about general and provider-specific panels.

Uploading Supporting Documentation

Providers can upload enrollment-related supporting documentation (e.g., licenses, certifications) using the demographic maintenance tool. Documents in the following formats can be uploaded:

- JPEG (.jpg or .jpeg)
- PDF (.pdf)

To avoid delays in processing, ForwardHealth strongly encourages providers to upload their documents.

Submitting Information

After making **all** their changes, providers are required to submit their information in order to save it. After submitting information, providers will receive one of the following messages:

- "Your information was **updated** successfully." This message indicates that providers' files were immediately updated with the changed information.
- "Your information was **uploaded** successfully." This message indicates that ForwardHealth needs to verify the information before providers' files can be updated. Additionally, an Application Submitted panel will display and indicate next steps.

Verification

ForwardHealth will verify changes within 10 business days of submission. If the changes can be verified, ForwardHealth will update providers' files. In some cases, providers may receive a Change Notification letter indicating what information ForwardHealth updated. Providers should carefully review the Provider File Information Change Summary included with the letter to verify the accuracy of the changes. If any of the changes are inaccurate, providers can correct the information using the demographic maintenance tool. Providers may contact Provider Services if they have questions regarding the letter.

Regardless of whether or not providers are notified that their provider files were updated, changed information is not considered approved until 10 business days after the information was changed. If the changes cannot be verified within 10 business days, ForwardHealth will notify providers by mail that their provider files were not updated, and providers will need to make corrections using the demographic maintenance tool.

Topic #4340

Designating a Trading Partner to Receive 835 Health Care Claim Payment/Advice Transactions

Providers must designate a trading partner to receive their 835 transaction for ForwardHealth interChange.

Providers who wish to submit their 835 designation via the Portal are required to create and establish a provider account to have access to the secure area of the Portal.

To designate a trading partner to receive 835 transactions, providers must first complete the following steps:

1. Access the Portal and log into their secure account by clicking the Provider link/button.
2. Click on the Designate 835 Receiver link on the right-hand side of the secure home page.
3. Enter the identification number of the trading partner that is to receive the 835 in the Trading Partner ID field.
4. Click Save.

Providers who are unable to use the Portal to designate a trading partner to receive 835 transactions may call the EDI Helpdesk or submit a paper form.

Topic #5088

Enrollment Verification

The secure ForwardHealth Portal offers real time member enrollment verification for all ForwardHealth programs. Providers are able to use this tool to determine:

- The health care program(s) in which the member is enrolled
- Whether or not the member is enrolled in a state-contracted MCO
- Whether or not the member has any third-party liability, such as Medicare or commercial health insurance
- Whether or not the member is enrolled in the Pharmacy Services Lock-In Program and the member's Lock-In pharmacy, primary care provider, and referral providers (if applicable)

Using the Portal to check enrollment may be more effective than calling WiCall or the EVS (although both are available).

Providers are assigned a unique enrollment verification number for each inquiry. Providers can also use the "print screen" function to print a paper copy of enrollment verification inquiries for their records.

Topic #4338

ForwardHealth Portal

Providers, members, trading partners, managed care programs, and partners have access to public **and** secure information through the ForwardHealth Portal.

The Portal has the following areas:

- Providers (public and secure)
- Trading Partners
- Members
- MCO
- Partners

The secure Portal allows providers to conduct business and exchange electronic transactions with ForwardHealth. The public Portal contains general information accessible to all users. Members can access general health care program information and apply for benefits online.

Topic #4441

ForwardHealth Portal Helpdesk

Providers and trading partners may call the ForwardHealth Portal Helpdesk with technical questions on Portal functions, including their Portal accounts, registrations, passwords, and submissions through the Portal.

Topic #4451

Inquiries to ForwardHealth Via the Portal

Providers are able to contact Provider Services through the ForwardHealth Portal by clicking the Contact link and entering the relevant inquiry information, including selecting the preferred method of response (i.e., telephone call or email). Provider Services will respond to the inquiry by the preferred method of response indicated within five business days.

Topic #4400

Internet Connection Speed

ForwardHealth recommends providers have an internet connection that will provide an upload speed of at least 768 Kbps and a download speed of at least 128 Kbps in order to efficiently conduct business with ForwardHealth via the Portal.

For PES users, ForwardHealth recommends an internet connection that will provide a download speed of at least 128 Kbps for downloading PES software and software updates from the Portal.

These download speeds are generally not available through a dial-up connection.

Topic #4351

Logging in to the Provider Area of the Portal

Once an administrative user's or other user's account is set up, they may log in to the Provider area of the ForwardHealth Portal to conduct business. To log in, the user is required to click the "Provider" link or button, then enter their username and password and click "Go" in the Login to Secure Site box at the right side of the screen.

If a user has forgotten their username, they can recover their username by choosing from the following options:

- Ask the Portal Helpdesk to do one of the following:
  - Send the Portal account username to the email account on record.
  - Verify the request with the designated account backup.
- Ask the Portal Helpdesk to remove the Portal account's current credentials and create a new account.

Topic #4744

Members ForwardHealth Portal

Members can access ForwardHealth information by going to the ForwardHealth Portal. Members can search through a directory of providers by entering a ZIP code, city, or county. Members can also access all member-related ForwardHealth applications and forms. Members can use ACCESS to check availability, apply for benefits, check current benefits, and report any changes.

Topic #4344

Obtaining a Personal Identification Number

To establish an account on the ForwardHealth Portal, providers are required to obtain a PIN. The PIN is a unique, nine-digit number assigned by ForwardHealth interChange for the sole purpose of allowing a provider to establish a Portal account. It is used in conjunction with the provider's login ID. Once the Portal account is established, the provider will be prompted to create a username and password for the account, which will subsequently be used to log in to the Portal.

Note: The PIN used to create the provider's Portal account is not the same PIN used for revalidation. Providers will receive a separate PIN for revalidation.

A provider may need to request more than one PIN if he or she is a provider for more than one program or has more than one type of provider enrollment. A separate PIN will be needed for each provider enrollment. Health care providers will need to supply their NPI and corresponding taxonomy code when requesting an account. Non-healthcare providers will need to supply their unique provider

number.

Providers may request a PIN by following these steps:

1. Go to the Portal.
2. Click on the "Providers" link or button.
3. Click the "Request Portal Access" link from the Quick Links box on the right side of the screen.
4. At the Request Portal Access screen, enter the following information:
    a. Health care providers are required to enter their NPI and click "Search" to display a listing of ForwardHealth enrollments. Select the correct enrollment for the account. The taxonomy code, ZIP+4 code, and financial payer for that enrollment will be automatically populated. Enter the SSN or TIN.
    b. Non-healthcare providers are required to enter their provider number, financial payer, and SSN or TIN. (This option should only be used by non-healthcare providers who are exempt from NPI requirements).

        The financial payer is one of the following:
        - Medicaid (Medicaid is the financial payer for Wisconsin Medicaid, BadgerCare Plus, and Senior Care.)
        - SSI
        - WCDP
        - The WWWP

    c. Click **Submit**.
    d. Once the Portal Access Request is successfully completed, ForwardHealth will send a letter with the provider's PIN to the address on file.

Topic #4459

Online Handbook

The Online Handbook gives providers access to all policy and billing information for Wisconsin Medicaid, BadgerCare Plus, ADAP, and WCDP. A secure ForwardHealth Portal account is not required to use the Online Handbook, as it is available to all Portal visitors.

Revisions to Online Handbook information are incorporated after policy changes have been issued in *ForwardHealth Updates*, typically on the policy effective date. The Online Handbook also links to the Communication Home page, which takes users to ForwardHealth Updates, user guides, and other communication pages.

The Online Handbook is designed to sort information based on user-entered criteria, such as program and provider type. It is organized into sections, chapters, and topics. Sections within each handbook may include the following:

- Claims
- Coordination of Benefits
- Covered and Noncovered Services
- Managed Care
- Member Information
- Prior Authorization
- Provider Enrollment and Ongoing Responsibilities
- Reimbursement
- Resources

Each section consists of separate chapters (for example, claims submission, procedure codes), which contain further detailed information in individual topics.

Search Function

The Online Handbook has a search function that allows providers to search for a specific word, phrase, or topic number within a user type, program, service area, or throughout the entire Online Handbook.

Providers can access the search function by following these steps:

1. Go to the Portal.
2. Click **Online Handbooks** under the Policy and Communication heading.
3. Complete the two drop-down selections at the left to narrow the search by program and service area, if applicable. This is not needed if searching the entire Online Handbook.
4. Enter the word, phrase, or topic number you would like to search.
5. Select **Search within the options selected above** or **Search all handbooks, programs and service areas; or Search by Topic Number.**
6. Click **Search**.

Saving Preferences

Providers can select Save Preferences when performing a search (by service area, section, chapter, topic number) and will receive confirmation that their preferences have been saved. This will save the program (for example, BadgerCare Plus and Medicaid) and service area (for example, Anesthesiologist) combinations that are selected from the drop-down menus. The next time the provider accesses the Online Handbook, they will be taken to their default preferences page. The provider can also click the Preferences Home link, which returns the provider to the saved area of the Online Handbook with their default preferences.

ForwardHealth Publications Archive Area

The Handbook Archives page allows providers to view previous versions of the Online Handbook. Providers can access the archive information area by following these steps:

1. Go to the Portal.
2. Click the **Communication Home** link under the Policy and Communication heading.
3. Click the **Online Handbooks** link on the left sidebar menu.
4. Click on the **ForwardHealth Handbook Archives** link at the bottom of the page.

Topic #5089

Other Business Enhancements Available on the Portal

The secure Provider area of the ForwardHealth Portal enables providers to do the following:

- Verify member enrollment.
- View RAs.
- Designate which trading partner is eligible to receive the provider's 835.
- Update and maintain provider file information. Providers have the choice to indicate separate addresses for different business functions.
- Receive electronic notifications and provider publications from ForwardHealth.
- Enroll in EFT.
- Track provider-submitted PA requests.

Topic #4911

Portal Account Administrators

Portal administrators are responsible for requesting, creating, and managing accounts to access these features for their organization.

There must be one administrator assigned for each Portal account and all users established for that account. The responsibilities of the Portal administrator include:

- Ensuring the security and integrity of all user accounts (clerk administrators and clerks) created and associated with their Portal account.
- Ensuring clerks or clerk administrators are given the appropriate authorizations they need to perform their functions for the provider, trading partner, or MCO.
- Ensuring that clerks or clerk administrator accounts are removed/deleted promptly when the user leaves the organization.
- Ensuring that the transactions submitted are valid and recognized by ForwardHealth.
- Ensuring that all users they establish know and follow security and guidelines as required by HIPAA. As Portal administrators establish

their Portal account and create accounts for others to access private information, administrators are reminded that all users must comply with HIPAA. The HIPAA privacy and security rules require that the confidentiality, integrity, and availability of PHI are maintained at all times. The HIPAA Privacy Rule provides guidelines governing the disclosure of PHI. The HIPAA Security Rule delineates the security measures to be implemented for the protection of electronic PHI. If Portal administrators have any questions concerning the protection of PHI, visit the Portal for additional information.

Portal administrators have access to all secure functions for their Portal account.

Establish an Administrator Account

All Portal accounts require an administrator account. The administrator is a selected individual who has overall responsibility for management of the account. Therefore, they have complete access to all functions within the specific secure area of their Portal and are permitted to add, remove, and manage other individual roles.

Add Backup Contact Information for Provider Administrator Accounts

Provider administrators must set up a backup contact for their Portal accounts to ensure that requests and changes can be verified as legitimate. Provider administrators will not be able to use the same contact information for both the administrator account and the backup contact.

Topic #4912

Portal Clerk Administrators

A Portal administrator may choose to delegate some of the authority and responsibility for setting up and managing the users within their ForwardHealth Portal account. If so, the Portal administrator may establish a clerk administrator. An administrator or clerk administrator can create, modify, manage or remove clerks for a Portal account. When a clerk is created, the administrator or clerk administrator must grant permissions to the clerks to ensure they have the appropriate access to the functions they will perform. A clerk administrator can only grant permissions that they themselves have. For example, if an administrator gives a clerk administrator permission only for enrollment verification, then the clerk administrator can only establish clerks with enrollment verification permissions.

Even if a Portal administrator chooses to create a clerk administrator and delegate the ability to add, modify, and remove users from the same account, the Portal administrator is still responsible for ensuring the integrity and security of the Portal account.

Topic #4913

Portal Clerks

The administrator (or the clerk administrator if the administrator has granted them authorization) may set up clerks within their ForwardHealth Portal account. Clerks may be assigned one or many roles (i.e., claims, PA, member enrollment verification). Clerks do not have the ability to establish, modify, or remove other accounts.

Once a clerk account is set up, the clerk account does not have to be established again for a separate Portal account. Clerks can easily be assigned a role for different Portal accounts (i.e., different ForwardHealth enrollments). To perform work under a different Portal account for which they have been granted authorization, a clerk can use the "switch org" function and toggle between the Portal accounts to which they have access. Clerks may be granted different authorization in each Portal account (i.e., they may do member enrollment verification for one Portal account, and HealthCheck inquires for another).

Topic #4740

Public Area of the Provider Portal

The public Provider area of the ForwardHealth Portal offers a variety of important business features and functions that will assist in daily business activities with ForwardHealth programs.

Interactive Maximum Allowable Fee Schedule

Within the Portal, are maximum allowable fee schedules for most services. Providers can search the interactive maximum allowable fee schedule by a single procedure code, multiple codes, a code range, or by a service area to find the maximum allowable fee. Through the interactive fee schedule, providers also can export their search results for a single code, multiple codes, a code range, or by service area. The downloadable fee schedules, which are updated monthly, are downloadable only by service area as TXT or CSV files.

ForwardHealth Communications

ForwardHealth Updates announce changes in policy and coverage, PA requirements, and claim submission requirements. They communicate new initiatives from the Wisconsin DHS or new requirements from the federal CMS and the Wisconsin state legislature.

Updates reflect current policy at the time of publication; this information may change over time and be revised by a subsequent Update. Update information is added to the ForwardHealth Online Handbook after the Update is posted, unless otherwise noted.

Providers should refer to the Online Handbook for current information. The Online Handbook is the source for current ForwardHealth policy and contains provider-specific information for various services and benefits.

Trainings

Providers can register for all scheduled trainings and view online trainings via the Trainings page, which contains an up-to-date calendar of all available training. Additionally, providers can view webcasts of select trainings.

Contacting Provider Services

Providers and other Portal users will have an additional option for contacting Provider Services through the Contact link on the Portal. Providers can enter the relevant inquiry information, including selecting the preferred method of response (that is, a phone call or email) the provider wishes to receive back from Provider Services. Provider Services will respond to the inquiry within five business days. Information will be submitted via a secure connection.

Online Enrollment

Providers can speed up the enrollment process for Medicaid by completing a provider enrollment application via the Portal. Providers can then track their application by entering their ATN given to them on completion of the application.

Other Resources Available on the Portal

The public Provider area of the Portal also includes the following features:

- A "What's New?" section for providers that links to the latest information posted to the Provider area of the Portal
- Home page for the provider (Providers have administrative control over their Portal homepage and can grant other employees access to specified areas of the Portal, such as claims and PA.)
- Email subscription service for Updates (Providers can register for email subscription to receive notifications of new provider publications via email. Users are able to select, by program and service area, which publication notifications they would like to receive.)
- A forms library

Topic #4741

Secure Area of the Provider Portal

Providers can accomplish many processes via the ForwardHealth Portal, including submitting, adjusting, and correcting claims, submitting and amending PA requests, and verifying enrollment.

Claims and Adjustments Using the Portal

Providers can track the status of their submitted claims, submit individual claims, correct errors on claims, and determine what claims are in "pay" status on the Portal. Providers can search for and view the status of all of their finalized claims, regardless of how they were submitted (i.e., paper, electronic, clearinghouse). If a claim contains an error, providers can correct it on the Portal and resubmit it to ForwardHealth.

Providers can submit an individual claim or adjust a claim via DDE through the secure Portal.

Submitting PA and Amendment Requests Via the Portal

Nearly all service areas can submit PA requests via the Portal. Providers can do the following:

- Correct errors on PA or amendment requests via the Portal, regardless of how the PA request was originally submitted
- View all recently submitted and finalized PA and amendment requests
- Save a partially completed PA request and finish completing it at a later time (*Note:* providers are required to submit or re-save a PA request within 30 calendar days of the date the PA request was last saved)
- View all saved PA requests and select any to continue completing or delete
- View the latest provider review and decision letters
- Receive messages about PA and amendment requests that have been adjudicated or returned for provider review

Electronic Communications

The secure Portal contains a two-way message center where providers can send and receive electronic notifications as well as receive links to ForwardHealth provider publications. Providers will be able to send secure messages to select Wisconsin DHS groups/staff by selecting a recipient from a drop-down menu; options in the drop-down menu will differ based on the provider's security role. All new messages will be displayed on the provider's secure Portal messages inbox.

Providers can sign up to receive notifications about the availability of new ForwardHealth messages through email, text, or both. After signing up, the user will receive a verification email to register their device. Once registered, providers will receive notifications by the requested method(s).

Enrollment Verification

The secure Portal offers real-time member enrollment verification for all ForwardHealth programs. Providers are able to use this tool to determine:

- The health care program(s) in which the member is enrolled
- Whether or not the member is enrolled in a state-contracted MCO
- Whether or not the member has other health insurance, such as Medicare or commercial health insurance

Using the Portal to check enrollment may be more efficient than calling the AVR system or the EVS (although both are available).

Providers will be assigned a unique enrollment verification number for each inquiry. Providers can also use the "print screen" function to print a paper copy of enrollment verification inquiries for their records.

Other Business Enhancements Available on the Portal

The secure Provider area of the Portal enables providers to do the following:

- Verify member enrollment.
- View RAs.
- Designate which trading partner is eligible to receive the provider's 835 transaction.
- Update and maintain provider file information; providers will have the choice to indicate separate addresses for different business functions.
- Receive electronic notifications and provider publications from ForwardHealth.
- Enroll in EFT.
- Track provider-submitted PA requests.

Topic #4905

Submitting Prior Authorization and Amendment Requests Via the Portal

Nearly all service areas can submit PA requests via the ForwardHealth Portal. Providers can do the following:

- Correct errors on PAs or amendment requests via the Portal, regardless of how the PA was originally submitted.
- View all recently submitted and finalized PAs and amendment requests.
- View the latest provider review and decision letters.
- Receive messages about PA and amendment requests that have been adjudicated or returned for provider review.

Topic #4401

System and Browser Requirements

The following table lists the recommended system and browser requirements for using the ForwardHealth Portal. PES users should note that the Windows-based requirements noted in the table apply; PES cannot be run on Apple-based systems.

Recommended System Requirements	Recommended Browser Requirements
Windows-Based Systems	
Computer with at least a 500Mhz processor, 256 MB of RAM, and 100MB of free disk space	Chrome v. 73 or higher, Edge v. 19 or higher, Firefox v. 38 or higher
Windows XP or higher operating system	
Apple-Based Systems	
Computer running a PowerPC G4 or Intel processor, 512 MB of RAM, and 150MB of free disk space	Chrome v. 73 or higher, Edge v. 19 or higher, Safari v. 14 or higher, Firefox v. 38 or higher
Mac OS X 10.2 or higher operating system	

Topic #4742

Trading Partner Portal

The following information is available on the public Trading Partners area of the ForwardHealth Portal:

- Trading partner testing packets
- Trading partner profile submission
- PES software and upgrade information
- EDI companion guides

In the secure Trading Partners area of the Portal, trading partners can exchange electronic transactions with ForwardHealth.

Trading partners using PES should be sure to enter the web logon and web password associated with the ForwardHealth Trading Partner ID that will be used on PES transactions. Prior to submitting transactions through PES, trading partners must also make sure their trading partner account is entered as the "Default Provider ID" on the Switch Organization page of the secure trading partner account on the Portal.

Training Opportunities

Topic #12757

Training Opportunities

The Provider Relations representatives conduct training sessions in a variety of formats on both program-specific and topic-specific subjects. There is no fee for attending/accessing these training sessions.

On-Site Sessions

On-site training sessions are offered at various locations (e.g., hotel conference rooms, provider facilities) throughout the state. These training sessions include general all-provider sessions, service-specific and/or topic-specific sessions, and program-specific (such as WCDP or the WWWP) sessions.

Registration is required to attend on-site sessions. Online registration is available on the Trainings page of the Providers area of the Portal.

Online (Real-Time, Web-Based) Sessions

Online (real-time, web-based) training sessions are available and are facilitated through HPE MyRoom. MyRoom sessions are offered on many of the same topics as on-site sessions, but online sessions offer the following advantages:

- Participants can attend training at their own computers without leaving the office.
- Sessions are interactive as participants can ask questions during the session.
- If requested or needed, a session can be quickly organized to cover a specific topic for a small group or office.

For some larger training topics (such as ForwardHealth Portal Fundamentals), the training may be divided into individual modules, with each module focused on a particular subject. This allows participants to customize their training experience.

Registration, including an e-mail address, is required to attend Virtual Room sessions, so important session information can be sent to participants prior to the start of the session. Online registration is available on the Trainings page of the Portal.

Recorded Webcasts

Recorded Webcasts are available on a variety of topics, including some of the same topics as on-site and online sessions. Like Virtual Room sessions, some recorded Webcasts on larger training topics may be divided into individual Webcast modules, allowing participants to customize their training experience. Recorded Webcasts allow providers to view the training at their convenience on their own computers.

Registration is not required to view a recorded Webcast. Related training materials are available to download and print from the specific Webcast training session page on the Portal.

Notification of Training Opportunities

In addition to information on the Trainings page of the Portal, upcoming training session information is distributed directly through messages to providers who have secure Portal accounts and to providers who have registered for the ForwardHealth e-mail subscription service.

To sign up for a secure Portal account, click the "Request Portal Access" link in the Quick Links box on the Provider page of the Portal. To sign up for e-mail subscription, click "Register for E-mail Subscription" in the Quick Links box on the Provider page of the Portal.

Updates

Topic #478

Accessing ForwardHealth Communications

ForwardHealth Updates announce changes in policy and coverage, prior authorization requirements, and claim submission requirements. They communicate new initiatives from the Wisconsin Department of Health Services or new requirements from the federal Centers for Medicare and Medicaid Services and the Wisconsin state legislature.

Updates reflect current policy at the time of publication; this information may change over time and be revised by a subsequent *Update*. *Update* information is added to the Online Handbook after the *Update* is posted, unless otherwise noted.

Providers should refer to the *ForwardHealth Online Handbook* for current information. The Online Handbook is the source for current ForwardHealth policy and contains provider-specific information for various services and benefits.

Topic #4458

Electronic Notifications from ForwardHealth

ForwardHealth sends electronic messaging using both email subscription and secure Portal messaging to notify providers of newly released ForwardHealth Updates. ForwardHealth also uses electronic messaging to communicate training opportunities and other timely information.

Secure Portal Messages

Providers who have established a secure ForwardHealth Portal account automatically receive messages from ForwardHealth in their secure Portal Messages inbox.

E-mail Subscription Messages

Providers and other interested parties may register to receive e-mail subscription notifications. When registering for e-mail subscription, providers and other interested parties are able to select, by program (for example, Wisconsin Medicaid, BadgerCare Plus, ADAP, or WCDP), provider type (for example, physician, hospital, DME vendor), and/or specific area of interest, (Trading Partner and ICD-10 Project Information) to designate what information they would like to receive. Any number of staff or other interested parties from an organization may sign up for an e-mail subscription and may select multiple subscription options.

Registering for E-mail Subscription

Users may sign up for an e-mail subscription by following these steps:

1. Click the Register for E-mail Subscription link on the ForwardHealth Portal home page.
2. The Subscriptions page will be displayed. In the E-Mail field in the New Subscriber section, enter the e-mail address to which messages should be sent.
3. Enter the e-mail address again in the Confirm E-Mail field.
4. Click Register. A message will be displayed at the top of the Subscriptions page indicating the registration was successful. If there are any problems with the registration, an error message will be displayed instead.
5. Once registration is complete, click the program for which you want to receive messages in the Available Subscriptions section of the Subscriptions page. The selected program will expand and a list of service areas will be displayed.
6. Select the service area(s) for which you want to receive messages. Click Select All if you want to receive messages for all service areas.
7. When service area selection is complete, click Save at the bottom of the page.

The selected subscriptions will load and a confirmation message will appear at the top of the page.

Topic #4460

Full Text Publications Available

Providers without internet access may call Provider Services to request that a paper copy of a *ForwardHealth Update* be mailed to them. To expedite the call, correspondents will ask providers for the *Update* number. Providers should allow seven to 10 business days for delivery.

WiCall

Topic #257

Enrollment Inquiries

WiCall is an AVR system that allows providers with touch-tone telephones direct access to enrollment information.

Information from WiCall will be returned in the following order if applicable to the member's current enrollment:

- Transaction number: A number will be given as a transaction confirmation that providers should keep for their records.
- Benefit enrollment: All benefit plans the member is enrolled in on the DOS or within the DOS range selected for the financial payer.
- County code: The member's county code will be provided if available. The county code is a two-digit code between 01 and 72 that represents the county in which member resides. If the enrollment response reflects that the member resides in a designated HPSA on the DOS or within the DOS range selected, HPSA information will be given.
- MCO: All information about state-contracted MCO enrollment, including MCO names and telephone numbers, that exists on the DOS or within the DOS range selected will be listed. This information is applicable to Medicaid and BadgerCare Plus members only.
- Hospice: If the member is enrolled in the hospice benefit on the DOS or within the DOS range that the provider selected, the hospice information will be given. This information is applicable to Medicaid and BadgerCare Plus members only.
- Lock-in: Information about the Pharmacy Services Lock-In Program that exists on the DOS or within the DOS range selected will be provided. This information is applicable to Medicaid, BadgerCare Plus, and SeniorCare members only.
- Medicare: All information about Medicare coverage, including type of coverage and Medicare member ID, if available, that exists on the DOS or within the DOS range selected will be listed.
- Commercial health insurance coverage: All information about commercial coverage, including carrier names and telephone numbers, if available, that exists on the DOS or within the DOS range selected will be listed.
- Transaction completed: After the member's enrollment information has been given using the financial payer that was selected, providers will be given the following options to:
  - Hear the information again
  - Request enrollment information for the same member using a different financial payer
  - Hear another member's enrollment information using the same financial payer
  - Hear another member's enrollment information using a different financial payer
  - Return to the main menu

WiCall is available 24 hours a day, seven days a week. If for some reason the system is unavailable, providers may call Provider Services.

Transaction Number

The AVR system issues a transaction number every time a provider verifies enrollment, even when an individual is *not* enrolled in BadgerCare Plus or Wisconsin Medicaid. The provider should retain this transaction number. It is proof that an inquiry was made about the member's enrollment. If a provider thinks a claim was denied in error, the provider can reference the transaction number to ForwardHealth to confirm the enrollment response that was actually given.

Topic #6257

Entering Letters into WiCall

For some WiCall inquries, health care providers are required to enter their taxonomy code with their NPI. Because taxonomy codes are a combination of numbers and letters, telephone key pad combinations, shown in the table below, allow providers to successfully enter taxonomy code letters for WiCall functions (e.g., press *21 to enter an "A," press *72 to enter an "R").

Letter	Key Combination	Letter	Key Combination
A	*21	N	*62

B	*22	O	*63
C	*23	P	*71
D	*31	Q	*11
E	*32	R	*72
F	*33	S	*73
G	*41	T	*81
H	*42	U	*82
I	*43	V	*83
J	*51	W	*91
K	*52	X	*92
L	*53	Y	*93
M	*61	Z	*12

Additionally, providers may select option 9 and press "#" for an automated voice explanation of how to enter letters in WiCall.

Topic #466

Information Available Via WiCall

WiCall, ForwardHealth's AVR system, gathers inquiry information from callers through voice prompts and accesses ForwardHealth interChange to retrieve and "speak" back the following ForwardHealth information:

- Claim status
- Enrollment verification
- PA status
- Provider CheckWrite information

Note: ForwardHealth releases CheckWrite information to WiCall no sooner than on the first state business day following the financial cycle.

Providers are prompted to enter NPI or provider ID and in some cases, NPI-related data, to retrieve query information.

In all inquiry scenarios, WiCall offers the following options after information is retrieved and reported back to the caller:

- Repeat the information.
- Make another inquiry of the same type.
- Return to the main menu.
- Repeat the options.

Claim Status

Providers may check the status of a specific claim by selecting the applicable financial payer (program, i.e., Wisconsin Medicaid, WCDP, or WWWP) and entering their provider ID, member identification number, DOS, and the amount billed.

Note: Claim information for BadgerCare Plus and SeniorCare is available by selecting the Medicaid option.

Enrollment Verification

Providers may request enrollment status for any date of eligibility the member has on file by entering their provider ID and the member ID. If the member ID is unknown, providers may enter the member's date of birth and SSN. Additionally, the provider is prompted to enter the "From DOS" and the "To DOS" for the inquiry. The "From" DOS is the earliest date the provider requires enrollment information and the "To" DOS must be within 365 days of the "From" DOS.

Each time a provider verifies member enrollment, the enrollment verification is saved and assigned a transaction number as transaction confirmation. Providers should note the transaction number for their records.

PA Status

Except in certain instances, providers may obtain the status of PA requests for Medicaid and WCDP via WiCall by entering their provider ID and the applicable PA number. If the provider does not know the PA number, there is an option to bypass entering the PA number and the caller will be prompted to enter other PA information such as member ID and type of service (i.e., NDC, procedure code, revenue code, or ICD procedure code). When a match is found, WiCall reports back the PA status information, including the PA number for future reference, and the applicable program.

Information on past PAs is retained indefinitely. Paper PAs require a maximum of 20 working days from receipt to be processed and incorporated into WiCall's PA status information.

Note: PA information for BadgerCare Plus and SeniorCare is available by selecting the Medicaid option.

Topic #765

Quick Reference Guide

The WiCall AVR Quick Reference Guide displays the information available for WiCall inquiries.

Automated Voice Response Quick Reference Guide
