Archive Date:12/30/2008

Certification and Ongoing Responsibilities: Certification

Providers of Enteral Nutrition Products

The following Wisconsin Medicaid-certified providers may be reimbursed for providing enteral nutrition products:

- [Home health agencies.](#)
- [DME vendors.](#)
- [Pharmacies.](#)

For BadgerCare Plus HMO or managed care policy, contact the appropriate managed care organization. BadgerCare Plus HMOs are required to provide at least the same benefits as those provided under fee-for-service arrangements.

Provider Numbers

ZIP Code

The ZIP+4 code is the ZIP code of a provider's practice location address on file with ForwardHealth. Providers are required to use the ZIP+4 code when the NPI reported to ForwardHealth corresponds to multiple certifications and the designated taxonomy code does not uniquely identify the provider.

Omission of the ZIP+4 code of the provider's practice location address when it is required as additional data to identify the provider will cause claims and other transactions to be denied or delayed in processing.

Providers may verify the ZIP+4 code for their address on the [U.S. Postal Service Web site](#).

Claims

2

Archive Date:12/30/2008

Claims:Adjustment Requests

Electronic

Even if the original claim was submitted on paper, providers may submit electronic adjustment requests using an 837 transaction.

Provider Electronic Solutions Software

The DHCAA offers electronic billing software at no cost to providers. The PES software allows providers to submit electronic adjustment requests using an 837 transaction. To obtain PES software, providers may download it from the [ForwardHealth Portal](#). Providers may also obtain the software by contacting the [EDI Helpdesk](#).

Submitting Paper Attachments with Electronic Claim Adjustments

Providers may submit [paper attachments to accompany electronic claim adjustments](#). Providers should refer to their [companion documents](#) for directions on indicating that a paper attachment will be submitted by mail.

Responses

Providers who have a single NPI that is used for multiple certifications will receive an RA for each certification with the same NPI reported on each of the RAs. For instance, if a hospital has obtained a single NPI and the hospital has a clinic, a lab, and a pharmacy that are all certified by Medicaid, the clinic, the lab, and the pharmacy will submit separate claims that indicate the same NPI as the hospital. Separate RAs will be generated for the hospital, the clinic, the lab, and the pharmacy.

Prior Authorization Number on the Remittance Advice

The RA reports PA numbers used to process the claim. PA numbers appear in the detail lines of claims processing information.

Submission

1500 Health Insurance Claim Form Completion Instructions for Enteral Nutrition Products

A [sample 1500 Health Insurance Claim Form](#) is available for enteral nutrition products.

Use the following claim form completion instructions, not the claim form's printed descriptions, to avoid denial or inaccurate claim payment. Complete all required elements as appropriate. Do not include attachments unless instructed to do so.

Members enrolled in BadgerCare Plus and Medicaid receive a ForwardHealth identification. Always verify a member's enrollment before providing nonemergency services to determine if there are any limitations on covered services and to obtain the correct spelling of the member's name.

When submitting a claim with multiple pages, providers are required to indicate page numbers using the format "Page X of X" in the upper right corner of the claim form.

Submit completed paper claims to the following address:

ForwardHealth
Claims and Adjustments
6406 Bridge Rd
Madison WI 53784-0002

Element 1 — Medicare, Medicaid, TRICARE CHAMPUS, CHAMPVA, Group Health Plan, FECA, Blk Lung, Other
Enter "X" in the Medicaid check box.

Element 1a — Insured's ID Number

Enter the member identification number. Do not enter any other numbers or letters. Use the ForwardHealth card or the EVS to obtain the correct member ID.

Element 2 — Patient's Name

Enter the member's last name, first name, and middle initial. Use the EVS to obtain the correct spelling of the member's name. If the name or spelling of the name on the ForwardHealth card and the EVS do not match, use the spelling from the EVS.

Element 3 — Patient's Birth Date, Sex

Enter the member's birth date in MM/DD/YY format (e.g., February 3, 1955, would be 02/03/55) or in MM/DD/CCYY format (e.g., February 3, 1955, would be 02/03/1955). Specify whether the member is male or female by placing an "X" in the appropriate box.

Element 4 — Insured's Name

Data are required in this element for OCR processing. Any information populated by a provider's computer software is acceptable data for this element (e.g., "Same"). If computer software does not automatically complete this element, enter information such as the member's last name, first name, and middle initial.

Element 5 — Patient's Address

Enter the complete address of the member's place of residence, if known.

Element 6 — Patient Relationship to Insured (not required)

Element 7 — Insured's Address (not required)**Element 8 — Patient Status (not required)****Element 9 — Other Insured's Name (not required)****Element 9a — Other Insured's Policy or Group Number (not required)****Element 9b — Other Insured's Date of Birth, Sex (not required)****Element 9c — Employer's Name or School Name (not required)****Element 9d — Insurance Plan Name or Program Name (not required)****Element 10a-10c — Is Patient's Condition Related to: (not required)****Element 10d — Reserved for Local Use (not required)****Element 11 — Insured's Policy Group or FECA Number**

Use the first box of this element only. (Elements 11a, 11b, 11c, and 11d are not required.) Element 11 should be left blank when one or more of the following statements are true:

- Medicare never covers the procedure in any circumstance.
- ForwardHealth indicates the member does not have any Medicare coverage including Medicare Cost ("MCC") or Medicare + Choice ("MPC") for the service provided. For example, the service is covered by Medicare Part A, but the member does not have Medicare Part A.
- ForwardHealth indicates that the provider is not Medicare enrolled.
- Medicare has allowed the charges. In this case, attach the Explanation of Medicare Benefits, but do not indicate on the claim form the amount Medicare paid.

If none of the previous statements are true, a Medicare disclaimer code is necessary. If submitting a multiple-page claim, indicate Medicare disclaimer codes on the *first page* of the claim. The following Medicare disclaimer codes may be used when appropriate.

Code	Description
M-7	<p>Medicare disallowed or denied payment. This code applies when Medicare denies the claim for reasons related to policy (not billing errors), or the member's lifetime benefit, spell of illness, or yearly allotment of available benefits is exhausted.</p> <p><i>For Medicare Part A, use M-7 in the following instances (all three criteria must be met):</i></p> <ul style="list-style-type: none"> • The provider is identified in ForwardHealth files as certified for Medicare Part A. • The member is eligible for Medicare Part A. • The service is covered by Medicare Part A but is denied by Medicare Part A due to frequency limitations, diagnosis restrictions, or exhausted benefits. <p><i>For Medicare Part B, use M-7 in the following instances (all three criteria must be met):</i></p> <ul style="list-style-type: none"> • The provider is identified in ForwardHealth files as certified for Medicare Part B. • The member is eligible for Medicare Part B. • The service is covered by Medicare Part B but is denied by Medicare Part B due to frequency limitations, diagnosis restrictions, or exhausted benefits.
M-8	Noncovered Medicare service. This code may be used when Medicare was not billed because the service is not covered in

this circumstance.

For Medicare Part A, use M-8 in the following instances (all three criteria must be met):

- The provider is identified in ForwardHealth files as certified for Medicare Part A.
- The member is eligible for Medicare Part A.
- The service is usually covered by Medicare Part A but not in this circumstance (e.g., member's diagnosis).

For Medicare Part B, use M-8 in the following instances (all three criteria must be met):

- The provider is identified in ForwardHealth files as certified for Medicare Part B.
- The member is eligible for Medicare Part B.
- The service is usually covered by Medicare Part B but not in this circumstance (e.g., member's diagnosis).

Element 11a — Insured's Date of Birth, Sex (not required)

Element 11b — Employer's Name or School Name (not required)

Element 11c — Insurance Plan Name or Program Name (not required)

Element 11d — Is there another Health Benefit Plan? (not required)

Element 12 — Patient's or Authorized Person's Signature (not required)

Element 13 — Insured's or Authorized Person's Signature (not required)

Element 14 — Date of Current Illness, Injury, or Pregnancy (not required)

Element 15 — If Patient Has Had Same or Similar Illness (not required)

Element 16 — Dates Patient Unable to Work in Current Occupation (not required)

Element 17 — Name of Referring Provider or Other Source (not required)

Element 17a (not required)

Element 17b — NPI

Enter the NPI of the referring physician.

Element 18 — Hospitalization Dates Related to Current Services (not required)

Element 19 — Reserved for Local Use

If a provider bills an unlisted (or not otherwise specified) procedure code, a description of the procedure must be indicated in this element. If Element 19 does not provide enough space for the procedure description, or if a provider is billing multiple unlisted procedure codes, documentation must be attached to the claim describing the procedure(s). In this instance, indicate "See Attachment" in Element 19.

Element 20 — Outside Lab? \$Charges (not required)

Element 21 — Diagnosis or Nature of Illness or Injury

Enter ICD-9-CM diagnosis code V23.9 (unspecified high-risk pregnancy) if the [Pregnancy Questionnaire](#) indicates a high-risk pregnancy (four or more risk factors or less than 18 years of age) or V22.2 (pregnant state, incidental) if the Pregnancy

Questionnaire indicates a pregnancy that is not high risk.

ForwardHealth accepts up to eight diagnosis codes. To enter more than four diagnosis codes:

- Enter the fifth diagnosis code in the space *between* the first and third diagnosis codes.
- Enter the sixth diagnosis code in the space *between* the second and fourth diagnosis codes.
- Enter the seventh diagnosis code in the space to the right of the third diagnosis code.
- Enter the eighth diagnosis code in the space to the right of the fourth diagnosis code.

When entering fifth, sixth, seventh, and eighth diagnosis codes, do *not* number the diagnosis codes (e.g., do not include a "5." before the fifth diagnosis code).

Element 22 — Medicaid Resubmission (not required)

Element 23 — Prior Authorization Number (not required)

Element 24

The six service lines in Element 24 have been divided horizontally. Enter service information in the bottom, unshaded area of the six service lines. The horizontal division of each service line is not intended to allow the billing of 12 lines of service.

Element 24A — Date(s) of Service

For services performed on more than one DOS within the month, indicate the last date the service was performed. If billing for more than one month of activities or more than one procedure code, use one detail line for each month's activities with the DOS determined as described below.

Enter to and from DOS in MM/DD/YY or MM/DD/CCYY format. If the service was provided on only one DOS, enter the date under "From." Leave "To" blank or re-enter the "From" date.

If the service was provided on consecutive days, those dates may be indicated as a range of dates by entering the first date as the "From" DOS and the last date as the "To" DOS in MM/DD/YY or MM/DD/CCYY format.

A range of dates may be indicated only if the POS, the procedure code (and modifiers, if applicable), the charge, the units, and the rendering provider were identical for each DOS within the range.

Element 24B — Place of Service

Enter the appropriate two-digit POS code for each item used or service performed.

Element 24C — EMG

Enter a "Y" for each procedure performed as an emergency. If the procedure was not an emergency, leave this element blank.

Element 24D — Procedures, Services, or Supplies

Enter the single most appropriate five-character procedure code. ForwardHealth denies claims received without an appropriate procedure code.

Modifiers

Enter the appropriate (up to four per procedure code) modifier(s) in the "Modifier" column of Element 24D.

Element 24E — Diagnosis Pointer

Enter the number(s) that corresponds to the appropriate ICD-9-CM diagnosis code(s) listed in Element 21. Up to four diagnosis pointers per detail may be indicated. Valid diagnosis pointers, digits 1 through 8, should *not* be separated by commas or spaces.

Element 24F — \$ Charges

Enter the total charge for each line item.

Enter the dollar amount right justified in the dollar area of the field. Do not use commas when reporting dollar amounts. Dollar signs should not be entered. Enter "00" in the cents area if the amount is a whole number.

Providers are to bill ForwardHealth their usual and customary charge. The usual and customary charge is the provider's charge for providing the same service to persons not entitled to ForwardHealth benefits.

Element 24G — Days or Units

Enter the number of days or units. Only include a decimal when billing fractions (e.g., 1.50).

Element 24H — EPSDT/Family Plan (not required)

Element 24I — ID Qual

If the rendering provider's NPI is different than the billing provider number in Element 33A, enter a qualifier of "ZZ," indicating provider taxonomy, in the *shaded area* of the detail line.

Element 24J — Rendering Provider ID. #

If the rendering provider's NPI is different than the billing provider number in Element 33A, enter the rendering provider's 10-digit taxonomy code in the *shaded area* of this element and enter the rendering provider's NPI in the *white area* provided for the NPI.

Element 25 — Federal Tax ID Number (not required)

Element 26 — Patient's Account No. (not required)

Optional — Providers may enter up to 14 characters of the patient's internal office account number. This number will appear on the RA and/or the 835 transaction.

Element 27 — Accept Assignment? (not required)

Element 28 — Total Charge

Enter the total charges for this claim. If submitting a multiple-page claim, enter the total charge for the claim (i.e., the sum of all details from all pages of the claim) *only on the last page of the claim*.

Enter the dollar amount right justified in the dollar area of the field. Do not use commas when reporting dollar amounts. Dollar signs should not be entered. Enter "00" in the cents area if the amount is a whole number.

Element 29 — Amount Paid (not required)

Element 30 — Balance Due

Enter the balance due as determined by subtracting the amount paid in Element 29 from the amount in Element 28. If submitting a multiple-page claim, enter the balance due for the claim (i.e., the sum of all details from all pages of the claim minus the amount paid by commercial insurance) *only on the last page of the claim*.

Enter the dollar amount right justified in the dollar area of the field. Do not use commas when reporting dollar amounts. Dollar signs should not be entered. Enter "00" in the cents area if the amount is a whole number.

Element 31 — Signature of Physician or Supplier, Including Degrees or Credentials

The provider or authorized representative must sign in Element 31. The month, day, and year the form is signed must also be entered in MM/DD/YY or MM/DD/CCYY format.

Note: The signature may be a computer-printed or typed name and date or a signature stamp with the date.

Element 32 — Service Facility Location Information (not required)

Element 32a — NPI (not required)

Element 32b (not required)**Element 33 — Billing Provider Info & Ph #**

Enter the name of the provider submitting the claim and the practice location address. The minimum requirement is the provider's name, street, city, state, and ZIP+4 code.

Element 33a — NPI

Enter the NPI of the billing provider.

Element 33b

If an NPI was entered in Element 33a, enter qualifier "ZZ" followed by the 10-digit provider taxonomy code.

Do not include a space between the qualifier "ZZ" and the provider taxonomy code.

Electronic Claims Submission

Providers are encouraged to submit claims electronically. Electronic claims submission does the following:

- Adapts to existing systems.
- Allows flexible submission methods.
- Improves cash flow.
- Offers efficient and timely payments.
- Reduces billing and processing errors.
- Reduces clerical effort.

Electronic claims for enteral nutrition products must be submitted using the 837P transaction. Electronic claims for enteral nutrition products submitted using any transaction other than the 837P will be denied.

Providers should use the [companion document](#) for the 837P transaction when submitting these claims.

Provider Electronic Solutions Software

The DHCAA offers electronic billing software at no cost to the provider. The PES software allows providers to submit electronic claims using the 837 transaction. To obtain PES software, providers may request the software through the [ForwardHealth Portal](#). Providers may also obtain the software by contacting the [DHCAA EDI Helpdesk](#).

Paper Claim Form Preparation and Data Alignment Requirements

Optical Character Recognition

Paper claims submitted to ForwardHealth on the 1500 Health Insurance Claim Form and UB-04 Claim Form are processed using OCR software that recognizes printed, alphanumeric text. OCR software increases efficiency by alleviating the need for keying in data from paper claims.

The data alignment requirements do not apply to the [Compound Drug Claim](#) and the [Noncompound Drug Claim](#).

Speed and Accuracy of Claims Processing

OCR software processes claim forms by reading text within fields on claim forms. After a paper claim form is received by ForwardHealth, the claim form is scanned so that an image can be displayed electronically. The OCR software reads the electronic image on file and populates the information into the ForwardHealth interChange system. This technology increases accuracy by removing the possibility of errors being made during manual keying.

OCR software speeds paper claim processing, but only if providers prepare their claim forms correctly. In order for OCR software to read the claim form accurately, the quality of copy and the alignment of text within individual fields on the claim form need to be precise. If data are misaligned, the claim could be processed incorrectly. If data cannot be read by the OCR software, the process will stop and the electronic image of the claim form will need to be reviewed and keyed manually. This will cause an increase in processing time.

Handwritten Claims

Submitting handwritten claims should be avoided whenever possible. ForwardHealth accepts handwritten claims; however, it is very difficult for OCR software to read a handwritten claim. If a handwritten claim cannot be read by the OCR software, it will need to be keyed manually from the electronic image of the claim form. Providers should avoid submitting claims with handwritten corrections as this can also cause OCR software processing delays.

Use Original Claim Forms

Only original 1500 Health Insurance Claim Forms and UB-04 Claim Forms should be submitted. Original claim forms are printed in red ink and may be obtained from a federal forms supplier. ForwardHealth does not provide these claim forms. Claims that are submitted as photocopies cannot be read by OCR software and will need to be keyed manually from an electronic image of the claim form. This could result in processing delays.

Use Laser or Ink Jet Printers

It is recommended that claims are printed using laser or ink jet printers rather than printers that use DOT matrix. DOT matrix printers have breaks in the letters and numbers, which may cause the OCR software to misread the claim form. Use of old or worn ink cartridges should also be avoided. If the claim form is read incorrectly by the OCR software, the claim may be denied or reimbursed incorrectly. The process may also be stopped if it is unable to read the claim form, which will cause a delay while it is manually reviewed.

Alignment

Alignment within each field on the claim form needs to be accurate. If text within a field is aligned incorrectly, the OCR software may not recognize that data are present within the field or may not read the data correctly. For example, if a reimbursement amount of \$300.00 is entered into a field on the claim form, but the last "0" is not aligned within the field, the OCR software may read the number as \$30.00, and the claim will be reimbursed incorrectly.

To get the best alignment on the claim form, providers should center information vertically within each field, and align all information on the same horizontal plane. Avoid squeezing two lines of text into one of the six line items on the 1500 Health Insurance Claim Form.

The following sample claim forms demonstrate correct and incorrect alignment:

- [Correct alignment](#) for the 1500 Health Insurance Claim Form.
- [Incorrect alignment](#) for the 1500 Health Insurance Claim Form.
- [Correct alignment](#) for the UB-04 Claim Form.
- [Incorrect alignment](#) for the UB-04 Claim Form.

Clarity

Clarity is very important. If information on the claim form is not clear enough to be read by the OCR software, the process may stop, prompting manual review.

The following guidelines will produce the clearest image and optimize processing time:

- Use 10-point or 12-point Times New Roman or Courier New font.
- Type all claim data in uppercase letters.
- Use only black ink to complete the claim form.
- Avoid using italics, bold, or script.
- Make sure characters do not touch.
- Make sure there are no lines from the printer cartridge anywhere on the claim form.
- Avoid using special characters such as dollar signs, decimals, dashes, asterisks, or backslashes, unless it is specified that these characters should be used.
- Use Xs in check boxes. Avoid using letters such as "Y" for "Yes," "N" for "No," "M" for "Male," or "F" for "Female."
- Do not highlight any information on the claim form. Highlighted information blackens when it is imaged, and the OCR software will be unable to read it.

Note: The above guidelines will also produce the clearest image for claims that need to be keyed manually from an electronic image.

Staples, Correction Liquid, and Correction Tape

The use of staples, correction liquid, correction tape, labels, or stickers on claim forms should be avoided. Staples need to be removed from claim forms before they can be imaged, which can damage the claim and cause a delay in processing time. Correction liquid, correction tape, labels, and stickers can cause data to be read incorrectly or cause the OCR process to stop, prompting manual review. If the form cannot be read by the OCR software, it will need to be keyed manually from an electronic image.

Additional Diagnosis Codes

ForwardHealth will accept up to eight diagnosis codes in Element 21 of the 1500 Health Insurance Claim Form. To correctly add additional diagnosis codes in this element so that it can be read properly by the OCR software, providers should indicate the fifth diagnosis code between the first and third diagnosis code blanks, the sixth diagnosis code between the second and fourth diagnosis code blanks, the seventh diagnosis code to the right of the third diagnosis code blank, and the eighth diagnosis code to the right of the fourth diagnosis code blank. Providers should not number any additional diagnosis codes.

Anchor Fields

Anchor fields are areas on the 1500 Health Insurance Claim Form and the UB-04 Claim Form that the OCR software uses to identify what type of form is being processed. The following fields on the 1500 Health Insurance Claim Form are anchor fields:

- Element 2 (Patient's Name).
- Element 4 (Insured's Name).
- Element 24 (Detail 1).

The following fields on the UB-04 Claim Form are anchor fields:

- Form Locator 4 (Type of Bill).
- Form Locator 5 (Fed. Tax No.).
- Form Locator 9 (Patient Address).
- Form Locator 58A (Insured's Name).

Since ForwardHealth uses these fields to identify the form as a 1500 Health Insurance Claim Form or a UB-04 Claim Form, it is required that these fields are completed for processing.

Paper Claim Submission

Paper claims for enteral nutrition products must be submitted using either the 1500 Health Insurance Claim Form (dated 08/05). Paper claims for enteral nutrition products submitted on any other claim form will be denied.

Providers should use the appropriate claim form instructions for enteral nutrition products when submitting these claims.

Obtaining the Claim Forms

ForwardHealth does not provide the 1500 Health Insurance Claim Form. The form may be obtained from any federal forms supplier.

Referring Providers

Claims for enteral nutrition products require the referring provider's name and NPI.

Submitting Paper Attachments with Electronic Claims

Providers may submit paper attachments to accompany electronic claims and electronic claim adjustments. Providers should refer to their [companion documents](#) for directions on indicating that a paper attachment will be submitted by mail.

Paper attachments that go with electronic claim transactions must be submitted with the [Claim Form Attachment Cover Page](#). Providers are required to indicate an ACN for paper attachment(s) submitted with electronic claims. (The ACN is an alphanumeric entry between 2 and 80 digits assigned by the provider to identify the attachment.) The ACN must be indicated on the cover page so that ForwardHealth can match the paper attachment(s) to the correct electronic claim.

ForwardHealth will hold an electronic claim transaction or a paper attachment(s) for up to 30 calendar days to find a match. If a match cannot be made within 30 days, the claim will be processed without the attachment and will be denied if an attachment is required. When such a claim is denied, both the paper attachment(s) and the electronic claim will need to be resubmitted.

Providers are required to send paper attachments relating to electronic claim transactions to the following address:

ForwardHealth

Covered and Noncovered Services

3

Archive Date:12/30/2008

Covered and Noncovered Services:Codes

Diagnosis Codes

All diagnosis codes indicated on claims (and PA requests when applicable) must be the most specific ICD-9-CM diagnosis code. Providers are responsible for keeping current with diagnosis code changes. Etiology and manifestation codes may not be used as a primary diagnosis.

The required use of valid diagnosis codes includes the use of the most specific diagnosis code. Valid, most specific diagnosis codes may have up to five digits. Claims submitted with three- or four-digit codes where four- and five-digit codes are available may be denied.

Enteral Nutrition Codes and Products

Providers may visit the SADMERC Web site for the most current list of enteral nutrition products and classifications.

*Enhanced reimbursement may be requested for these selected products *only* for pediatric cases. Pediatric cases are defined as recipients up to age 21.

**Enhanced reimbursement may be requested for products listed under this *procedure code*.

Modifiers

Allowable modifiers for enteral nutrition products are listed in the following table.

Modifier	Description
BO	Orally administered nutrition, not by feeding tube
SC	Medically necessary service or supply

Providers are required to use modifier "BO" when submitting claims for enteral nutrition products taken orally. Providers may use modifier "SC" to request [enhanced reimbursement](#) for selected medically necessary products.

The "SC" modifier may be billed with other modifiers, including the "BO" modifier.

Place of Service Codes

Allowable POS codes for enteral nutrition products are listed in the following table.

Code	Description
05	Indian Health Service Free-Standing Facility
06	Indian Health Service Provider-Based Facility

07	Tribal 638 Free-Standing Facility
08	Tribal 638 Provider-Based Facility
11	Office
12	Home
50	Federally Qualified Health Center
72	Rural Health Clinic
99	Other Place of Service

Covered Services and Requirements

Definition of Covered Services

A covered service is a service, item, or supply for which reimbursement is available when *all* program requirements are met. [HFS 101.03\(35\)](#) and [107](#), Wis. Admin. Code, contain more information about covered services.

Program Requirements

For a covered service to meet program requirements, the service must be provided by a qualified Medicaid-certified provider to an enrolled member. In addition, the service must meet all applicable program requirements, including, but not limited to, medical necessity, PA, claims submission, prescription, and documentation requirements.

Enteral Nutrition Products

Coverage Overview

Wisconsin Medicaid covers enteral nutrition products as stated in [HFS 107.10\(2\)\(c\)](#), Wis. Admin. Code.

A list of Medicaid-reimbursable [enteral nutrition procedure codes](#), products, and maximum allowable fees is available. However, providers are encouraged to call the SADMERC at (877) 735-1326 for information about any new enteral nutrition products and to verify products and classifications.

Pediatric products are limited to members up to age 21.

All enteral nutrition products require PA.

Enhanced Reimbursement

Enhanced reimbursement is available for select medically necessary pediatric products for which there are no substitutes and the maximum allowable fee does not adequately cover the provider's wholesale costs.

If the [PA request](#) is approved for enhanced reimbursement, the provider may then provide the service and submit claims with the "SC" modifier. If the PA request for the product is approved, but the PA request for enhanced reimbursement is not approved, the claim must be submitted without the "SC" modifier. If the provider submitted a PA amendment request, he or she is required to wait until the request is approved before adjusting any paid claims to add the "SC" modifier.

Enhanced Reimbursement Modifier and Medicare Crossover Claims

When submitting claims containing the "SC" modifier for dual eligibles, the provider should submit claims to Medicare first *without* using the "SC" modifier as Medicare does not recognize the modifier and will not transmit the modifier to ForwardHealth on the automatic crossover claim. After the crossover claim is processed and paid without the modifier, the provider can submit an [Adjustment/Reconsideration Request](#) to ForwardHealth to add the "SC" modifier.

If the claim does not automatically cross over from Medicare to Medicaid, the provider should submit the crossover claim to ForwardHealth with the "SC" modifier.

Nursing Home Members and Enteral Nutrition Products

Enteral nutrition products are in the daily rate for members residing in a nursing home and therefore are not separately reimbursable.

Quantities

For determining the quantity to indicate on PA requests and claims, one unit is defined as 100 calories. Providers are limited to a maximum amount of product they may request on their PA request based on the daily quantity specified on the prescription.

The following is an example of how to compute quantity:

- The physician writes an order for Ensure, 3 cans daily (8 oz. each, 254 calories per can).
- A 30-day supply requires 90 cans (3 x 30 = 90).

- Total units for 30 days is $90 \text{ cans} \times 2.54 \text{ units/can}$ (units equal 254 calories divided by 100) = 228.6, rounded to 229 units.

HealthCheck "Other Services"

Definition of HealthCheck "Other Services"

HealthCheck is a federally mandated program known nationally as EPSDT. HealthCheck services consist of a comprehensive health screening of members under 21 years of age. On occasion, a HealthCheck screening may identify the need for health care services that are not otherwise covered by or that exceed coverage limitations. These services are called HealthCheck "Other Services." Federal law requires that these services be reimbursed through HealthCheck "Other Services" if they are medically necessary and prior authorized. The purpose of HealthCheck "Other Services" is to assure that medically necessary medical services are available to BadgerCare Plus Standard Plan and Medicaid members under 21 years of age.

HealthCheck "Other Services" are not available to members enrolled in the BadgerCare Plus Benchmark Plan except for child/adolescent mental health day treatment.

Prior Authorization

To receive PA for HealthCheck "Other Services," providers are required to submit a PA request via the [ForwardHealth Portal](#) or to submit the following via [fax](#) or [mail](#):

- A completed [PA/RF](#) (or [PA/DRF](#), or [PA/HIAS1](#)).
 - The provider should mark the checkbox titled "HealthCheck Other Services" at the top of the form.
 - The provider may omit the procedure code if he or she is uncertain what it is. The ForwardHealth consultant will assign one for approved services.
- The appropriate service-specific PA attachment.
- Verification that a comprehensive HealthCheck screening has been provided within 365 days prior to ForwardHealth's receipt of the PA request. The date and provider of the screening must be indicated.
- Necessary supporting documentation.

Providers may call [Provider Services](#) for more information about HealthCheck "Other Services" and to determine the appropriate PA attachment.

Requirements

For a service to be reimbursed through HealthCheck "Other Services," the following requirements must be met:

- The condition being treated is identified in a HealthCheck screening that occurred within 365 days of the PA request for the service.
- The service is provided to a member who is under 21 years of age.
- The service may be covered under federal Medicaid law.
- The service is medically necessary and reasonable.
- The service is prior authorized before it is provided.
- Services currently covered are not considered acceptable to treat the identified condition.

BadgerCare Plus has the authority to do all of the following:

- Review the medical necessity of all requests.
- Establish criteria for the provision of such services.
- Determine the amount, duration, and scope of services as long as limitations are reasonable and maintain the preventive intent

of the HealthCheck program.

Noncovered Services

Benchmark Plan Noncovered Services

The following services are not covered under the BadgerCare Plus Benchmark Plan:

- Case management.
- CCC.
- Enteral nutrition products.
- PDN, including PDN for ventilator-dependent members.
- Personal care.
- SMV and common carrier transportation.

Definition of Noncovered Services

A noncovered service is a service, item, or supply for which reimbursement is not available. [HFS 101.03\(103\)](#) and [107](#), Wis. Admin. Code, contain more information about noncovered services. In addition, [HFS 107.03](#), Wis. Admin. Code, contains a general list of noncovered services.

Member Payment for Noncovered Services

A provider may collect payment from a member for noncovered services if [certain conditions](#) are met.

Providers may not collect payment from a member, or authorized person acting on behalf of the member, for certain noncovered services or activities provided in connection with covered services, including the following:

- Charges for missed appointments.
- Charges for telephone calls.
- Charges for time involved in completing necessary forms, claims, or reports.
- Translation services.

Missed Appointments

The federal CMS does not allow state Medicaid programs to permit providers to collect payment from a member, or authorized person acting on behalf of the member, for a missed appointment.

Avoiding Missed Appointments

ForwardHealth offers the following suggestions to help avoid missed appointments:

- Remind members of upcoming appointments (by telephone or postcard) prior to scheduled appointments.
- Encourage the member to call his or her local county or tribal agency if transportation is needed.
- If the appointment is made through the HealthCheck screening or targeted case management programs, encourage the staff from those programs to ensure that the scheduled appointments are kept.

Translation Services

Translation services are considered part of the provider's overhead cost and are not separately reimbursable. Providers may

not collect payment from a member, or authorized person acting on behalf of the member, for translation services.

Providers should call the Affirmative Action and Civil Rights Compliance Officer at (608) 266-9372 for information about when translation services are required by federal law. Providers may also write to the following address:

AA/CRC Office
1 W Wilson St Rm 561
PO Box 7850
Madison WI 53707-7850

Prior Authorization

4

Archive Date:12/30/2008

Prior Authorization:Decisions

Approved Requests

PA requests are approved for varying periods of time based on the clinical justification submitted. The provider receives a copy of a PA decision notice when a PA request for a service is approved. Providers may then begin providing the approved service on the grant date given.

An approved request means that the requested *service*, not necessarily the code, was approved. For example, a similar procedure code may be substituted for the originally requested procedure code. Providers are encouraged to review approved PA requests to confirm the services authorized and confirm the assigned grant and expiration dates.

Listing Procedure Codes Approved as a Group on the Decision Notice Letter

In certain circumstances, ForwardHealth will approve a PA request for a group of procedure codes with a total quantity approved for the entire group. When this occurs, the quantity approved for the entire group of codes will be indicated with the first procedure code. All of the other approved procedure codes within the group will indicate a quantity of zero.

Providers may submit claims for any combination of the procedure codes in the group up to the approved quantity.

Communicating Prior Authorization Decisions

ForwardHealth will make a decision regarding a provider's PA request within 20 working days from the receipt of all the necessary information. After processing the PA request, ForwardHealth will send the provider either a decision notice letter or a returned provider review letter. Providers will receive a decision notice letter for PA requests that were approved, approved with modifications, or denied. Providers will receive a returned provider review letter for PA requests that require corrections or additional information. The decision notice letter or returned provider review letter will clearly indicate what is approved or what correction or additional information ForwardHealth needs to continue adjudicating the PA request.

Providers submitting PA requests via the [ForwardHealth Portal](#) will receive a decision notice letter or returned provider review letter via the Portal.

If the provider submitted a PA request via [mail](#) or [fax](#) and the provider has a Portal account, the decision notice letter or returned provider review letter will be sent to the provider via the Portal as well as by mail.

If the provider submitted a paper PA request via mail or fax and does not have a Portal account, the decision notice letter or returned provider review letter will be sent to the address indicated in the provider's file as his or her PA address (or to the physical address if there is no PA address on file), *not* to the address the provider wrote on the PA request.

The decision notice letter or returned provider review letter will not be faxed back to providers who submitted their paper PA request via fax. Providers who submitted their paper PA request via fax will receive the decision notice letter or returned provider letter via mail.

Correcting Returned Prior Authorization Requests and Request Amendments on the Portal

If a provider received a returned provider review letter or an amendment provider review letter, he or she will be able to correct the errors identified on the returned provider review letter directly on the ForwardHealth Portal. Once the provider has corrected the error(s), the provider can resubmit the PA request or amendment request via the Portal to ForwardHealth for processing.

Decision Notice Letters and Returned Provider Review Letters on the Portal

Providers can view PA decision notices and provider review letters via the secure area of the ForwardHealth Portal. Prior authorization decision notices and provider review letters can be viewed when the PA is selected on the Portal.

Note: The PA decision notice or the provider review letter will not be available until the day after the PA request is processed by ForwardHealth.

Denied Requests

When a PA request is denied, both the provider and the member are notified. The provider receives a PA decision notice, including the reason for PA denial. The member receives a [Notice of Appeal Rights](#) letter that includes a brief statement of the reason PA was denied and information about his or her right to a fair hearing. Only the *member, or authorized person acting on behalf of the member*, can appeal the denial.

Providers may call [Provider Services](#) for clarification of why a PA request was denied.

Providers are required to discuss a denied PA request with the member and are encouraged to help the member understand the reason the PA request was denied.

Providers have three options when a PA request is denied:

- Not provide the service.
- Submit a *new* PA request. Providers are required to submit a copy of the original denied PA request and additional supporting clinical documentation and medical justification along with a new [PA/RF](#), [PA/DRF](#), or [PA/HIAS1](#).
- Provide the service as a noncovered service.

If the member does not appeal the decision to deny the PA request or appeals the decision but the decision is upheld and the member chooses to receive the service anyway, the member may choose to receive the service(s) as a [noncovered service](#).

Modified Requests

Modification is a change in the services originally requested on a PA request. Modifications could include, but are not limited to, either of the following:

- The authorization of a procedure code different than the one originally requested.
- A change in the frequency or intensity of the service requested.

When a PA request is modified, both the provider and the member are notified. The provider will be sent a decision notice letter. The decision notice letter will clearly indicate what is approved or what correction or additional information is needed to continue adjudicating the PA request. The member receives a [Notice of Appeal Rights](#) letter that includes a brief statement of the reason PA was modified and information on his or her right to a fair hearing. Only the *member, or authorized person acting on behalf of the member*, can appeal the modification.

Providers are required to discuss with the member the reasons a PA request was modified.

Providers have the following options when a PA request is approved with modification:

- Provide the service as authorized.
- Submit a request to amend the modified PA request. Additional supporting clinical documentation and medical justification must be included.
- Not provide the service.
- Provide the service as originally requested as a noncovered service.

If the member does not appeal the decision to modify the PA request or appeals the decision but the decision is upheld and the member chooses to receive the originally requested service anyway, the member may choose to receive the service(s) as a [noncovered service](#).

Providers may call [Provider Services](#) for clarification of why a PA request was modified.

Returned Provider Review Letter Response Time

Thirty Days to Respond to the Returned Provider Review Letter

ForwardHealth must receive the provider's response within 30 calendar days of the date on the returned provider review letter, whether the letter was sent to the provider by mail or through the ForwardHealth Portal. If the provider's response is received within 30 calendar days, ForwardHealth still considers the original receipt date on the PA request when authorizing a grant date for the PA.

If ForwardHealth does not receive the provider's response within 30 calendar days of the date the returned provider review letter was sent, the PA status becomes inactive and the provider is required to submit a new PA request. This results in a later grant date if the PA request is approved. Providers will not be notified when their PA request status changes to inactive, but this information will be available on the Portal and through [WiCall](#).

If ForwardHealth receives additional information from the provider after the 30-day deadline has passed, a letter will be sent to the provider stating that the PA request is inactive and the provider is required to submit a new PA request.

Returned Requests

A PA request may be returned to the provider when forms are incomplete, inaccurate, or additional clinical information or corrections are needed. When this occurs, the provider will be sent a provider review letter.

Returned Provider Review Letter

The returned provider review letter will indicate the PA number assigned to the request and will specify corrections or additional information needed on the PA request. Providers are required to make the corrections or supply the requested information in the space provided on the letter or attach additional information to the letter before mailing the letter to ForwardHealth. Providers can also correct PAs that have been placed in returned provider review status in the ForwardHealth Portal.

The provider's paper documents submitted with the PA request will not be returned to the provider when corrections or additional information are needed; however, X-rays, photographs, and dental molds will be returned once the PA is finalized for dentists, physicians, and DME providers. Therefore, providers are required to make a copy of their PA requests (including attachments and any supplemental information) before mailing the requests to ForwardHealth. The provider is required to have a copy on file for reference purposes if more information is required about the PA request.

Note: When changing or correcting the PA request, providers are reminded to revise or update the documentation retained in

their records.

Emergent and Urgent Situations

Emergency Services

In emergency situations, the PA requirement may be waived for services that normally require PA. Emergency services are defined in [HFS 101.03\(52\)](#), Wis. Admin. Code, as "those services which are necessary to prevent the death or serious impairment of the health of the individual."

Reimbursement is not guaranteed for services that normally require PA that are provided in emergency situations. As with all covered services, emergency services must meet all [program requirements](#), including medical necessity, to be reimbursed by Wisconsin Medicaid. For example, reimbursement is contingent on, but not limited to, eligibility of the member, the circumstances of the emergency, and the medical necessity of the services provided.

Wisconsin Medicaid will not reimburse providers for noncovered services provided in any situation, including emergency situations.

Urgent Services

Telephone consultations with DHCAA staff regarding a prospective PA request can be given only in urgent situations when medically necessary. An urgent, medically necessary situation is one where a delay in authorization would result in undue hardship for the member or unnecessary costs for Medicaid as determined by the DHCAA. All telephone consultations for urgent services should be directed to the DHCAA's Bureau of Program Integrity at (608) 266-2521. Providers should have the following information ready when calling:

- Member's name.
- Member identification number.
- Service(s) needed.
- Reason for the urgency.
- Diagnosis of the member.
- Procedure code of the service(s) requested.

Providers are required to submit a PA request to ForwardHealth within 14 calendar days after the date of the telephone consultation. PA may be denied if the request is received more than two weeks after the consultation. If the PA request is denied in this case, the provider cannot request payment from the member.

Enteral Nutrition Products

Enhanced Reimbursement

All enteral nutrition products require PA.

When requesting PA with enhanced reimbursement, (modifier "SC") providers should do the following:

- Complete the [PA/RF](#) and [PA/ENPA](#). Indicate the modifier "SC" on the PA/RF.
- Attach a copy of the provider's invoice indicating the wholesale cost.
- Attach documentation to demonstrate one of the following:
 - The member has experienced treatment failure or feeding intolerance with a more cost-effective product.
 - The member has a medical condition(s) that prevents the use of a more cost-effective product.
 - The member has experienced unacceptable side effects while on the more cost-effective product.

If the PA request is approved with the enhanced reimbursement, the PA consultant will manually price the product based on the invoice. Wisconsin Medicaid will reimburse the provider the invoice price in addition to a fee based on the pharmacy dispensing fee.

Prior Authorization Guidelines for Food Supplements

The following table provides PA guidelines for food supplement products:

Authority	HFS 107.10(2)(c) , Wis. Admin. Code, states that PA is required for "all food supplement or replacement products."
Use	Medically necessary, specially formulated enteral nutrition products are used for the treatment of health conditions such as pathology of the gastrointestinal tract or metabolic disorders.
Approval Criteria	<ul style="list-style-type: none"> ● Nasogastric or gastrostomy tube feeding. ● Malabsorption diagnoses including: <ul style="list-style-type: none"> ○ Short Bowel (Gut) Syndrome. ○ Crohn's Disease. ○ Pancreatic Insufficiency. ● Metabolic disorders including cystic fibrosis. ● Limited volumetric tolerance requiring a concentrated source of nutrition (i.e., athetoid cerebral palsy with high metabolic rate). ● Severe swallowing and eating disorders where consistency and nutritional requirements can be met only using commercial nutritional supplements, including (refer below to noncovered swallowing and eating disorders): <ul style="list-style-type: none"> ○ Dysphagia due to excoriation of oral-pharyngeal mucosa. ○ Mechanical swallowing dysfunction secondary to a disease process such as: <ul style="list-style-type: none"> ■ Cancer or herpetic stomatitis. ■ Oral-pharyngeal trauma such as burns. ■ Other oral-pharyngeal tissue injury. ● Weight loss, with documentation providing the following information: <ul style="list-style-type: none"> ○ Normal weight, percentile weight, and number of pounds lost in a specified time period. ○ A specific medical problem which has caused the weight loss. ○ Specific reasons why a diet of normal or pureed food cannot suffice. ● Failure to thrive in infants, with documentation providing the following information:

	<ul style="list-style-type: none"> ○ Weight and height, percentile weight and height, and number of pounds lost, if any, in a specified time period. ○ A specific medical problem or condition which has caused the failure to thrive. ○ Specific reasons why a diet of formula, normal, or pureed food cannot suffice. ● Conditions that are not covered by Medicare, such as products given by mouth: <ul style="list-style-type: none"> ○ When justified by documentation indicating why normal and pureed food is not sufficient.
<p>Noncovered Diagnoses</p>	<p>Wisconsin Medicaid does not grant PA for:</p> <ul style="list-style-type: none"> ● Food supplements used by nursing facility residents and included in the daily rate. ● Products which may be purchased in a grocery store, drug store, or other retail outlet, with food stamps or with WIC stamps. Individuals who receive food stamps or WIC assistance may be able to use these for purchasing enteral nutrition products. <p>Noncovered swallowing and eating disorders include:</p> <ul style="list-style-type: none"> ● Swallowing disorders which may lead to aspiration. ● Swallowing disorders which are psychosomatic in nature, as in anorexia or dementia. ● Reduced appetite due to side effects of drug products, as with methylphenidate, amphetamines, appetite suppressants, etc. ● Mastication problems due to dentition problems (i.e., lack of teeth).

Follow-Up to Decisions

Amendment Decisions

ForwardHealth will make a decision regarding a provider's amendment request within 20 working days from the receipt of all the information necessary. If the provider submitted the amendment request via the ForwardHealth Portal, the decision notice letter or returned amendment provider review letter will be sent to the provider via the Portal.

If the provider submitted an amendment request via mail or fax and the provider has a Portal account, the decision notice letter or returned amendment provider review letter will be sent to the provider via the Portal as well as by mail.

If the provider submitted a paper amendment request via mail or fax and does not have a Portal account, the decision notice letter or returned amendment provider review letter will be sent to the address indicated in the provider's file as his or her PA address (or to the physical address if there is no PA address on file), *not* to the address the provider wrote on the amendment request.

Neither the decision notice letter nor the returned amendment provider review letter will be faxed back to providers who submitted their paper amendment request via fax. Providers who submitted their paper amendment request via fax will receive the decision notice letter or returned amendment provider review letter via mail.

Amendments

Providers are required to use the [Prior Authorization Amendment Request](#) to amend an approved or modified PA request.

ForwardHealth does not accept a paper amendment request submitted on anything other than the Prior Authorization Amendment Request. The Prior Authorization Amendment Request may be submitted through the [ForwardHealth Portal](#) as well as by [mail](#) or [fax](#). If ForwardHealth receives a PA amendment on a previous version of the Prior Authorization Amendment Request form, a letter will be sent to the provider stating that the provider is required to submit a new PA amendment request using the proper forms.

Examples of when providers may request an amendment to an approved or modified PA request include the following:

- To temporarily modify a member's frequency of a service when there is a short-term change in his or her medical condition.
- To change the rendering provider information when the billing provider remains the same.
- To change the ForwardHealth Member Identification Number.
- To add or change a procedure code.

Note: ForwardHealth recommends that, under most circumstances, providers should enddate the current PA request and submit a new one if there is a significant, long-term change in services required.

Appeals

If a PA request is denied or modified by ForwardHealth, only a member, or authorized person acting on behalf of the member, may file an appeal with the DHA. Decisions that may be appealed include the following:

- Denial or modification of a PA request.
- Denial of a retroactive authorization for a service.

The member is required to file an appeal within 45 days of the date of the [Notice of Appeal Rights](#) letter.

To file an appeal, members may complete and submit a [Request for Fair Hearing](#) form.

Though providers cannot file an appeal, they are encouraged to remain in contact with the member during the appeal process. Providers may offer the member information necessary to file an appeal and help present his or her case during a fair hearing.

Fair Hearing Upholds ForwardHealth's Decision

If the hearing decision upholds the decision to deny or modify a PA request, the DHA notifies the member and ForwardHealth in writing. The member may choose to receive the service (or in the case of a modified PA request, the originally requested service) as a noncovered service, not receive the service at all, or appeal the decision.

Fair Hearing Overturns ForwardHealth's Decision

If the hearing decision overturns the decision to deny or modify the PA request, the DHA notifies ForwardHealth, the member, and the provider. The letter includes instructions for the provider and for ForwardHealth.

If the DHA letter instructs the provider to submit a claim for the service, the provider should submit the following to ForwardHealth after the service(s) has been performed:

- A paper claim with "HEARING DECISION ATTACHED" written in red ink at the top of the claim.
- A copy of the hearing decision.
- A copy of the denied PA request.

Providers are required to submit claims with hearing decisions to the following address:

ForwardHealth
Specialized Research
Ste 50
6406 Bridge Rd
Madison WI 53784-0050

Claims with hearing decisions sent to any other address may not be processed appropriately.

If the DHA letter instructs the provider to submit a new PA request, the provider is required to submit the *new* PA request along with a copy of the hearing decision to the PA Unit at the following address:

ForwardHealth
Prior Authorization
Ste 88
6406 Bridge Rd
Madison WI 53784-0088

ForwardHealth will then approve the PA request with the revised process date. The provider may then submit a claim following the usual claims submission procedures after providing the service(s).

Financial Responsibility

If the member asks to receive the service *before* the hearing decision is made, the provider is required to notify the member before rendering the service that the member will be responsible for payment if the decision to deny or modify the PA request is upheld.

If the member accepts responsibility for payment of the service before the hearing decision is made, and if the appeal decision *upholds* the decision to deny or modify the PA request, the provider [may collect payment from the member](#) if certain conditions are met.

If the member accepts responsibility for payment of the service before the hearing decision is made, and if the appeal decision *overturns* the decision to deny or modify a PA request, the provider may submit a claim to ForwardHealth. If the provider collects payment from the member for the service before the appeal decision is overturned, the provider is required to refund the member for the *entire* amount of payment received from the member after the provider receives Medicaid's reimbursement.

Wisconsin Medicaid does not directly reimburse member.

Enddating

Providers are required to use the [Prior Authorization Amendment Request](#) to enddate most PA requests. ForwardHealth does not accept requests to enddate a PA request for any service, except drugs, on anything other than the Prior Authorization Amendment Request. PA for drugs may be enddated by using STAT-PA in addition to submitting a Prior Authorization Amendment Request.

Providers may submit a Prior Authorization Amendment Request on the ForwardHealth Portal, or by fax or mail.

If a request to enddate a PA is not submitted on the Prior Authorization Amendment Request, a letter will be sent to the provider stating that the provider is required to submit the request using the proper forms.

Examples of when a PA request should be enddated include the following:

- A member chooses to discontinue receiving prior authorized services.
- A provider chooses to discontinue delivering prior authorized services.

Examples of when a PA request should be enddated and a new PA request should be submitted include the following:

- There is an interruption in a member's continual care services.
- There is a change in the member's condition that warrants a long-term change in services required.
- The service(s) is no longer medically necessary.

Returned Amendment Provider Review Letter

If the amendment request needs correction or additional information, a returned amendment provider review letter will be sent. The letter will show how the PA appears currently in the system and providers are required to respond by correcting errors identified on the letter. Providers are required to make the corrections or supply the requested information in the space provided on the letter or attach additional information to the letter before mailing the letter to ForwardHealth. Providers can also correct an amendment request that has been placed in returned provider review status in the [ForwardHealth Portal](#).

ForwardHealth must receive the provider's response within 30 calendar days of the date the returned amendment provider review letter was sent. After 30 days the amendment request status becomes inactive and the provider is required to submit a new amendment request. The ForwardHealth interChange system will continue to use the original approved PA request for processing claims.

The provider's paper documents submitted with the amendment request will not be returned to the provider when corrections or additional information are needed; however, X-rays, photographs, and dental models will be returned once the amendment request is finalized for dentists, physicians, and DME providers. Therefore, providers are required to make a copy of their

amendment requests (including attachments and any supplemental information) before mailing the requests to ForwardHealth. The provider is required to have a copy on file for reference purposes if ForwardHealth requires more information about the amendment request.

Note: When changing or correcting the amendment request, providers are reminded to revise or update the documentation retained in their records.

Searching for Previously Submitted Prior Authorization Requests on the Portal

Providers will be able to search for all previously submitted PA requests, regardless of how the PA was initially submitted. If the provider knows the PA number, he or she can enter the number to retrieve the PA information. If the provider does not know the PA number, he or she can search for a PA by entering information in one or more of the following fields:

- Member identification number.
- Requested start date.
- Prior authorization status.
- Amendment status.

If the provider does not search by any of the information above, providers will retrieve all their PA requests submitted to ForwardHealth.

Forms and Attachments

An Overview

Depending on the service being requested, most PA requests must be comprised of the following:

- The [PA/RF](#), [PA/DRF](#), or [PA/HIAS1](#).
- A service-specific PA attachment(s).
- Additional supporting clinical documentation.

Attachments

In addition to the [PA/RF](#), [PA/HIAS1](#), or [PA/DRF](#), a service-specific PA attachment must be submitted with each PA request. The PA attachment allows a provider to document the clinical information used to determine whether or not the standards of medical necessity are met for the requested service(s). Providers should include adequate information for ForwardHealth to make a reasonable judgment about the case.

ForwardHealth will scan each form with a barcode as it is received, which will allow greater efficiencies for processing PA requests.

Prior Authorization/Enteral Nutrition Product Attachment

The purpose of the [PA/ENPA](#) is to document the medical necessity of enteral nutrition products.

Obtaining Forms and Attachments

Providers may obtain paper versions of all PA forms and attachments. In addition, providers may download and complete most PA attachments from the ForwardHealth Portal.

Paper Forms

Paper versions of all PA forms and PA attachments are available by writing to ForwardHealth. Include a return address, the name of the form, the form number (if applicable), and mail the request to the following address:

ForwardHealth
Form Reorder
6406 Bridge Rd
Madison WI 53784-0003

Providers may also call [Provider Services](#) to order paper copies of forms.

Downloadable Forms

Most PA attachments can be downloaded and printed in their original format from the Portal. Many forms are available in fillable PDF and fillable Microsoft® Word formats.

Web Prior Authorization Via the Portal

Certain providers may complete the [PA/RF](#) and PA attachments through the Portal. Providers may then print the PA/RF (and in some cases the PA attachment), and send the PA/RF, service-specific PA attachments, and any supporting documentation on paper by mail or fax to ForwardHealth.

Prior Authorization Request Form

The [PA/RF](#) is used by ForwardHealth and is mandatory for most providers when requesting PA. The PA/RF serves as the cover page of a PA request.

Providers are required to complete the basic provider, member, and service information on the PA/RF. Each PA request is assigned a unique ten-digit number. ForwardHealth remittance information will report to the provider the PA number used to process claim for prior authorized services.

Prior Authorization Request Form Completion Instructions for Enteral Nutrition Products

A [sample PA/RF](#) for enteral nutrition products is available.

ForwardHealth requires certain information to enable the programs to authorize and pay for medical services provided to eligible members.

Members of ForwardHealth are required to give providers full, correct, and truthful information for the submission of correct and complete claims for reimbursement. This information should include, but is not limited to, information concerning enrollment status, accurate name, address, and member identification number ([HFS 104.02\[4\]](#), Wis. Admin. Code).

Under s. [49.45\(4\)](#), Wis. Stats., personally identifiable information about program applicants and members is confidential and is used for purposes directly related to ForwardHealth administration such as determining eligibility of the applicant, processing PA requests, or processing provider claims for reimbursement. The use of the [PA/RF](#) is mandatory to receive PA for certain items. Failure to supply the information requested by the form may result in denial of PA or payment for the service.

Providers should make duplicate copies of all paper documents mailed to ForwardHealth. Providers may submit PA requests, along with the [PA/ENPA](#) by fax to ForwardHealth at (608) 221-8616 or by mail to the following address:

ForwardHealth
Prior Authorization
Ste 88
6406 Bridge Rd
Madison WI 53784-0088

The provision of services that are greater than or significantly different from those authorized may result in nonpayment of the billing claim(s).

SECTION I — PROVIDER INFORMATION

Element 1 — HealthCheck "Other Services" and Wisconsin Chronic Disease Program (WCDP)

Enter an "X" in the box next to HealthCheck "Other Services" if the services requested on the PA/RF are for HealthCheck "Other Services." Enter an "X" in the box next to WCDP if the services requested on the PA/RF are for a WCDP member.

Element 2 — Process Type

Enter process type "131" for enteral nutrition products. The process type is a three-digit code used to identify a category of

service requested. Prior authorization requests will be returned without adjudication if no process type is indicated.

Element 3 — Telephone Number — Billing Provider

Enter the telephone number, including the area code, of the office, clinic, facility, or place of business of the billing provider.

Element 4 — Name and Address — Billing Provider

Enter the name and complete address (street, city, state, and ZIP+4 code) of the billing provider. Providers are required to include both the ZIP code and four-digit extension for timely and accurate billing. The name listed in this element must correspond with the billing provider number listed in Element 5a.

Element 5a — Billing Provider Number

Enter the NPI of the billing provider. The NPI in this element must correspond with the provider name listed in Element 4.

Element 5b — Billing Provider Taxonomy Code

Enter the national 10-digit alphanumeric taxonomy code that corresponds to the NPI in Element 5a.

SECTION II — MEMBER INFORMATION

Element 6 — Member Identification Number

Enter the member ID. Do not enter any other numbers or letters. Use the ForwardHealth identification card or Wisconsin's EVS to obtain the correct number.

Element 7 — Date of Birth — Member

Enter the member's date of birth in MM/DD/CCYY format.

Element 8 — Address — Member

Enter the complete address of the member's place of residence, including the street, city, state, and ZIP code. If the member is a resident of a nursing home or other facility, include the name of the nursing home or facility.

Element 9 — Name — Member

Enter the member's last name, followed by his or her first name and middle initial. Use the EVS to obtain the correct spelling of the member's name. If the name or spelling of the name on the ForwardHealth card and the EVS do not match, use the spelling from the EVS.

Element 10 — Gender — Member

Enter an "X" in the appropriate box to specify male or female.

SECTION III — DIAGNOSIS / TREATMENT INFORMATION

Element 11 — Diagnosis — Primary Code and Description

Enter the appropriate ICD-9-CM diagnosis code and description most relevant to the service/procedure requested.

Element 12 — Start Date — SOI (not required)

Element 13 — First Date of Treatment — SOI (not required)

Element 14 — Diagnosis — Secondary Code and Description (not required)

Element 15 — Requested PA Start Date

Enter the requested start date for service(s) in MM/DD/CCYY format, if a specific start date is requested.

Element 16 — Rendering Provider Number (not required)

Element 17 — Rendering Provider Taxonomy Code (not required)

Element 18 — Procedure Code

Enter the appropriate HCPCS code for each service/product/item requested.

Element 19 — Modifiers

Enter the modifier(s) corresponding to the procedure code listed if a modifier is required.

Element 20 — POS

Enter the appropriate POS code designating where the requested service/procedure/item would be provided/performed/dispensed.

Element 21 — Description of Service

Enter a written description corresponding to the appropriate HCPCS code for each service/product/item requested.

Element 22 — QR

Enter the appropriate quantity number of units for the product requested, with one unit = 100 calories.

Element 23 — Charge

Enter the provider's usual and customary charge for each service/procedure/item requested. If the quantity is greater than "1.0," multiply the quantity by the charge for each service/procedure/item requested. Enter that total amount in this element.

Note: The charges indicated on the request form should reflect the provider's usual and customary charge for the procedure requested. Providers are reimbursed for authorized services according to provider *Terms of Reimbursement* issued by the DHS.

Element 24 — Total Charges

Enter the anticipated total charges for this request.

Element 25 — Signature — Requesting Provider

The original signature of the provider requesting/performing/dispensing this service/product/item must appear in this element.

Element 26 — Date Signed

Enter the month, day, and year the PA/RF was signed (in MM/DD/CCYY format).

Supporting Clinical Documentation

Certain PA requests may require additional supporting clinical documentation to justify the medical necessity for a service(s). Supporting documentation may include, but is not limited to, X-rays, photographs, a physician's prescription, clinical reports, and other materials related to the member's condition.

All supporting documentation submitted with a PA request must be clearly labeled and identified with the member's name and member identification number. Securely packaged X-rays and photographs will be returned to providers with the finalized PA request. X-rays and photographs must be mailed with the PA request. Mailing dental models with PA requests is recommended.

General Information

An Overview

The PA review process continues to include both a clerical review and a clinical review. The PA request will have one of the statuses detailed in the following table.

Prior Authorization Status	Description
Approved	The PA request was approved.
Approved with Modifications	The PA request was approved with modifications to what was requested.
Denied	The PA request was denied.
Returned — Provider Review	The PA request was returned to the provider for correction or for additional information.
Pending — Fiscal Agent Review	The PA request is being reviewed by the Fiscal Agent.
Pending — Dental Follow-up	The PA request is being reviewed by a Fiscal Agent dental specialist.
Pending — State Review	The PA request is being reviewed by the State.
Suspend — Provider Sending Information	The PA request was submitted via the ForwardHealth Portal and the provider indicated they will be sending additional supporting information on paper.
Inactive	The PA request is inactive due to no response within 30 days to the returned provider review letter and cannot be used for PA or claims processing.

Communication with Members

ForwardHealth recommends that providers inform members that PA is required for certain specified services *before* delivery of the services. Providers should also explain that, if required to obtain PA, they will be submitting member records and information to ForwardHealth on the member's behalf. Providers are required to keep members informed of the PA request status throughout the *entire* PA process.

Member Questions

A member may call [Member Services](#) to find out whether or not a PA request has been submitted and, if so, when it was received by ForwardHealth. The member will be advised to contact the provider if more information is needed about the status of an individual PA request.

Designating an Address for Prior Authorization Correspondence

Correspondence related to PA will be sent to the practice location address on file with ForwardHealth unless the provider designates a separate address for receipt of PA correspondence. This policy applies to all PA correspondence, including decision notice letters, returned provider review letters, returned amendment provider letters, and returned supplemental documentation such as X-rays and photographs.

Providers who want to designate a separate address for PA correspondence have the following options:

- Update demographic information online via the ForwardHealth Portal. (This option is only available to providers who have established a provider account on the Portal.)
- Submit a [Provider Change of Address or Status](#) form.

Prior Authorization Numbers

Upon receipt of the [PA/RF](#), ForwardHealth will assign a PA number to each PA request.

The PA number consists of 10 digits, containing valuable information about the PA (e.g., the date the PA request was received by ForwardHealth, the medium used to submit the PA request).

Each PA request is assigned a unique PA number. This number identifies valuable information about the PA. The following diagram and table provides detailed information about interpreting the PA number.

Type of Number and Description	Applicable Numbers and Description
Media — One digit indicates media type.	Digits are identified as follows: 1 = paper; 2 = fax; 3 = STAT-PA; 4 = STAT-PA; 5 = Portal; 6 = Portal; 7 = NCPDP transaction
Year — Two digits indicate the year ForwardHealth received the PA request.	For example, the year 2008 would appear as 08.
Julian date — Three digits indicate the day of the year, by Julian date, that ForwardHealth received the PA request.	For example, February 3 would appear as 034.
Sequence number — Four digits indicate the sequence number.	The sequence number is used internally by ForwardHealth.

Reasons for Prior Authorization

Only about four percent of all services covered by Wisconsin Medicaid require PA. PA requirements vary for different types of services. Refer to ForwardHealth publications and [HFS 107](#), Wis. Admin. Code, for information regarding services that require PA. According to [HFS 107.02\(3\)\(b\)](#), Wis. Admin. Code, PA is designed to do the following:

- Safeguard against unnecessary or inappropriate care and services.
- Safeguard against excess payments.
- Assess the quality and timeliness of services.
- Promote the most effective and appropriate use of available services and facilities.
- Determine if less expensive alternative care, services, or supplies are permissible.
- Curtail misutilization practices of providers and members.

PA requests are processed based on criteria established by the DHS.

Providers should not request PA for services that do not require PA simply to determine coverage or establish a reimbursement rate for a manually priced procedure code. Also, new technologies or procedures do not necessarily require PA. PA requests for services that do not require PA are typically returned to the provider. Providers having difficulties determining whether or not a service requires PA may call [Provider Services](#).

Referrals to Out-of-State Providers

PA may be granted to non-certified out-of-state providers when nonemergency services are necessary to help a member attain or regain his or her health and ability to function independently. The PA request may be approved only when the services are

not reasonably accessible to the member in Wisconsin.

Out-of-state providers are required to meet Wisconsin Medicaid's guidelines for PA approval. This includes sending PA requests, required attachments, and supporting documentation to ForwardHealth before the services are provided.

Note: Emergency services provided out-of-state do not require PA; however, claims for such services must include appropriate documentation (e.g., anesthesia report, medical record) to be considered for reimbursement. Providers are required to submit claims with supporting documentation on paper.

When a Wisconsin Medicaid provider refers a member to an out-of-state, non-certified provider, the referring provider should refer the out-of-state provider to the [ForwardHealth Portal](#) or [Provider Services](#) to obtain appropriate certification materials, PA forms, and claim instructions.

All out-of-state nursing homes, regardless of location, are required to obtain PA for all services. All other out-of-state non-border-status providers are required to obtain PA for all nonemergency services except for home dialysis supplies and equipment.

Reimbursement Not Guaranteed

Wisconsin Medicaid may decline to reimburse a provider for a service that has been prior authorized if one or more of the following program requirements is not met:

- The service authorized on the approved PA request is the service provided.
- The service is provided within the grant and expiration dates on the approved PA request.
- The member is eligible for the service on the date the service is provided.
- The provider is certified by Wisconsin Medicaid on the date the service is provided.
- The service is billed according to service-specific claim instructions.
- The provider failed to meet other program requirements.

Providers may not [collect payment](#) from a member for a service requiring PA under any of the following circumstances:

- The provider failed to seek PA before the service was provided.
- The service was provided before the PA grant date or after the PA expiration date.
- The provider obtained PA but failed to meet other program requirements.
- The service was provided before a decision was made, the member did not accept responsibility for the payment of the service before the service was provided, and the PA was denied.

There are [certain situations](#) when a provider may collect payment for services in which PA was denied.

Other Health Insurance Sources

Providers are encouraged, but not required, to request PA from ForwardHealth for covered services that require PA when members have other health insurance coverage. This is to allow payment by Wisconsin Medicaid for the services provided in the event that the other health insurance source denies or recoups payment for the service. If a service is provided before PA is obtained, ForwardHealth will not consider backdating a PA request solely to enable the provider to be reimbursed.

Sources of Information

Providers should verify that they have the most current sources of information regarding PA. It is critical that providers and staff have access to these documents:

- Wisconsin Administrative Code: Chapters [HFS 101-109](#) are the rules regarding Medicaid administration.
- Wisconsin Statutes: Sections [49.43-49.499](#) provide the legal framework for Wisconsin Medicaid.
- [ForwardHealth Portal](#): The Portal gives the latest policy information for all providers, including information about Medicaid managed care enrollees.

Status Inquiries

Providers may inquire about the status of a PA request through one of the following methods:

- Accessing [WiCall](#), ForwardHealth's AVR system.
- Calling [Provider Services](#).

Providers should have the 10-digit PA number available when making inquiries.

Grant and Expiration Dates

Backdating

Backdating an initial PA request to a date prior to ForwardHealth's initial receipt of the request may be allowed in limited circumstances.

A request for backdating may be approved if all of the following conditions are met:

- The provider specifically requests backdating in writing on the PA request.
- The request includes clinical justification for beginning the service before PA was granted.
- The request is received by ForwardHealth within 14 calendar days of the start of the provision of services.

Expiration Date

The expiration (end) date of an approved or modified PA request is the date through which services are prior authorized. PA requests are granted for varying periods of time. Expiration dates may vary and do not automatically expire at the end of the month or calendar year. In addition, providers may request a specific expiration date. Providers should carefully review all approved and modified PA requests and make note of the expiration dates.

Grant Date

The grant (start) date of an approved or modified PA request is the first date in which services are prior authorized and will be reimbursed under this PA number. On a PA request, providers may request a specific date that they intend services to begin. If no grant date is requested or the grant date is illegible, the grant date will typically be the date the PA request was reviewed by ForwardHealth.

Renewal Requests

To prevent a lapse in coverage or reimbursement for ongoing services, all renewal PA requests (i.e., subsequent PA requests for ongoing services) must be received by ForwardHealth *prior to the expiration date* of the previous PA request. Each provider is solely responsible for the timely submission of PA request renewals. Renewal requests will not be backdated for continuation of ongoing services.

Member Eligibility Changes

Loss of Enrollment During Treatment

Some covered services consist of sequential treatment steps, meaning more than one office visit or service is required to complete treatment.

In most cases, if a member loses enrollment midway through treatment, or at any time between the grant and end dates, Wisconsin Medicaid will *not* reimburse services (including prior authorized services) provided during an enrollment lapse. Providers should not assume Wisconsin Medicaid covers completion of services after the member's enrollment has been terminated.

To avoid potential reimbursement problems when a member loses enrollment during treatment, providers should follow these procedures:

- Ask to see the member's ForwardHealth identification card to verify the member's enrollment or consult Wisconsin's EVS before the services are provided at each visit.
- When the PA request is approved, verify that the member is still enrolled and eligible to receive the service before providing it. An approved PA request does not guarantee payment and is subject to the enrollment of the member.

Members are financially responsible for any services received after their enrollment has ended. If the member wishes to continue treatment, it is a decision between the provider and the member whether the service should be given and how payment will be made for the service.

To avoid misunderstandings, providers should remind members that they are financially responsible for any continued care after their enrollment ends.

Retroactive Disenrollment from State-Contracted MCOs

Occasionally, a service requiring fee-for-service PA is performed during a member's enrollment period in a state-contracted MCO. After the service is provided, and it is determined that the member should be retroactively disenrolled from the MCO, the member's enrollment is changed to fee-for-service for the DOS. The member is continuously eligible for BadgerCare Plus or Wisconsin Medicaid but has moved from MCO enrollment to fee-for-service status.

In this situation, the state-contracted MCO would deny the claim because the member was not enrolled on the DOS. Fee-for-service would also deny the claim because PA was not obtained.

Providers may take the following steps to obtain reimbursement in this situation:

- For a service requiring PA for fee-for-service members, the provider is required to submit a retroactive PA request. For a PA request submitted on paper, indicate "RETROACTIVE FEE-FOR-SERVICE" along with a written description of the service requested/provided under "Description of Service." Also indicate the actual date(s) the service(s) was provided. For a PA request submitted via the [ForwardHealth Portal](#), indicate "RETROACTIVE FEE-FOR-SERVICE" along with a description of the service requested/provided under the "Service Code Description" field or include additional supporting documentation. Also indicate the actual date(s) the service(s) was provided.
- If the PA request is approved, the provider is required to follow fee-for-service policies and procedures for claims submission.

- If the PA request is denied, Wisconsin Medicaid will not reimburse the provider for the services. A PA request would be denied for reasons such as lack of medical necessity. A PA request would not be denied due to the retroactive fee-for-service status of the member.

Retroactive Enrollment

If a service(s) that requires PA was performed during a member's [retroactive enrollment](#) period, the provider is required to submit a PA request and receive approval from ForwardHealth *before* submitting a claim. For a PA request submitted on paper, indicate the words "RETROACTIVE ENROLLMENT" at the top of the PA request along with a written description explaining that the service was provided at a time when the member was retroactively enrolled under "Description of Service." Also include the actual date(s) the service(s) was provided. For a PA request submitted via the ForwardHealth Portal, indicate the words "RETROACTIVE ENROLLMENT" along with a description explaining that the service was provided at a time when the member was retroactively eligible under the "Service Code Description" field or include additional supporting documentation. Also include the actual date(s) the service(s) was provided.

If the member was retroactively enrolled, and the PA request is approved, the service(s) may be reimbursable, and the earliest effective date of the PA request will be the date the member receives retroactive enrollment. If the PA request is denied, the provider will not be reimbursed for the service(s). Members have the right to appeal the decision to deny a PA request.

If a member requests a service that requires PA before his or her retroactive enrollment is determined, the provider should explain to the member that he or she may be liable for the full cost of the service if retroactive enrollment is not granted and the PA request is not approved. This should be documented in the member's record.

Review Process

Clerical Review

The first step of the PA request review process is the clerical review. The provider, member, diagnosis, and treatment information indicated on the [PA/RF](#), [PA/HIAS1](#), and [PA/DRF](#) forms is reviewed during the clerical review of the PA request review process. The following are examples of information verified during the clerical review:

- Billing and/or rendering provider number is correct and corresponds with the provider's name.
- Provider's name is spelled correctly.
- Provider is Medicaid certified.
- Procedure codes with appropriate modifiers, if required, are covered services.
- Member's name is spelled correctly.
- Member's identification number is correct and corresponds with the member's name.
- Member enrollment is verified.
- All required elements are complete.
- Forms, attachments, and additional supporting clinical documentation are signed and dated.
- A current physician's prescription for the service is attached, if required.

Clerical errors and omissions are responsible for the majority of PA requests that are returned to providers for correction or additional information. Since having to return a PA request for corrections or additional information can delay approval and delivery of services to a member, providers should ensure that all clerical information is correctly and completely entered on the PA/RF, PA/DRF, or PA/HIAS1.

If clerical errors are identified, the PA request is returned to the provider for corrections before undergoing a clinical review. One way to reduce the number of clerical errors is to complete and submit PA/RFs through Web PA.

Clinical Review

Upon verifying the completeness and accuracy of clerical items, the PA request is reviewed to evaluate whether or not each service being requested meets Wisconsin Medicaid's definition of "medically necessary" as well as other criteria.

The PA attachment allows a provider to document the clinical information used to determine whether the standards of medical necessity are met for the requested service. Wisconsin Medicaid considers certain factors when determining whether to approve or deny a PA request pursuant to [HFS 107.02\(3\)\(e\)](#), Wis. Admin. Code.

It is crucial that a provider include adequate information on the PA attachment so that the ForwardHealth consultant performing the clinical review can determine that the service(s) being requested meets all the elements of Wisconsin Medicaid's definition of "medically necessary", including elements that are not strictly medical in nature. Documentation must provide the justification for the service requested specific to the member's current condition and needs. Pursuant to [HFS 101.03\(96m\)](#), Wis. Admin. Code, "medically necessary" is a service under ch. HFS 107 that meets certain criteria.

Determination of Medical Necessity

The definition of "medically necessary" is a legal definition identifying the standards that must be met for approval of the service. The definition imposes parameters and restrictions that are both medical and nonmedical.

The determination of medical necessity is based on the documentation submitted by the provider. For this reason, it is essential that documentation is submitted completely and accurately and that it provides the justification for the service requested,

specific to the member's current condition and needs. To be approved, a PA request must meet all of the standards of medical necessity including those that are not strictly medical in nature.

To determine if a requested service is medically necessary, ForwardHealth consultants obtain direction and/or guidance from multiple resources including:

- Federal and state statutes.
- Wisconsin Administrative Code.
- PA guidelines set forth by the DHS.
- Standards of practice.
- Professional knowledge.
- Scientific literature.

Situations Requiring New Requests

Change in Billing Providers

Providers are required to submit a new PA request when there is a change in billing providers. A new PA request must be submitted with the new billing provider's name and billing provider number. The expiration date of the PA request will remain the same as the original PA request.

Typically, as no more than one PA request is allowed for the same member, the same service(s), and the same dates, the new billing provider is required to send the following to ForwardHealth's PA Unit:

- A copy of the existing PA request, if possible.
- A new PA request, including the required attachments and supporting documentation indicating the new billing provider's name and address and billing provider number.
- A letter requesting the enddating of the existing PA request (may be a photocopy) attached to each PA request with the following information:
 - The previous billing provider's name and billing provider number, if known.
 - The new billing provider's name and billing provider number.
 - The reason for the change of billing provider. (The provider may want to confer with the member to verify that the services by the previous provider have ended. The new billing provider may include this verification in the letter.)
 - The requested effective date of the change.

Examples

Examples of when a new PA request must be submitted include the following:

- A provider's billing provider changes.
- A member requests a provider change that results in a change in billing providers.
- A member's enrollment status changes and there is not a valid PA on file for the member's current plan (i.e., BadgerCare Plus Standard Plan, BadgerCare Plus Benchmark Plan, Medicaid).

If the *rendering* provider indicated on the PA request changes but the *billing* provider remains the same, the PA request remains valid and a new PA request does *not* need to be submitted.

Services Not Performed Before Expiration Date

Generally, a new PA request with a new requested start date must be submitted to ForwardHealth if the amount or quantity of prior authorized services is not used by the expiration date of the PA request and the service is still medically necessary.

Submission Options

Fax

Faxing of all PA requests to ForwardHealth may eliminate one to three days of mail time. The following are recommendations to avoid delays when faxing PA requests:

- Follow the PA fax procedures.
- Providers should *not* fax the same PA request more than once.
- Providers should *not* fax *and* mail the same PA request. This causes delays in processing.

PA requests containing X-rays, dental molds, or photos as documentation must be mailed; they may not be faxed.

To help safeguard the confidentiality of member health care records, providers should include a fax transmittal form containing a confidentiality statement as a cover sheet to all faxed PA requests. The [Prior Authorization Fax Cover Sheet](#) includes a confidentiality statement and may be photocopied.

Providers are encouraged to retain copies of all PA requests and supporting documentation before submitting them to ForwardHealth.

Prior Authorization Fax Procedures

Providers may fax PA requests to ForwardHealth at (608) 221-8616. PA requests sent to any fax number other than (608) 221-8616 may result in processing delays.

When faxing PA requests to ForwardHealth, providers should follow the guidelines/procedures listed below.

Fax Transmittal Cover Sheet

The completed fax transmittal cover sheet must include the following:

- Date of the fax transmission.
- Number of pages, including the cover sheet. The ForwardHealth fax clerk will contact the provider by fax or telephone if all the pages do not transmit.
- Provider contact person and telephone number. The ForwardHealth fax clerk may contact the provider with any questions about the fax transmission.
- Provider number.
- Fax telephone number to which ForwardHealth may send its adjudication decision.
- To: "ForwardHealth Prior Authorization."
- ForwardHealth's fax number ([608] 221-8616). PA requests sent to any other fax number may result in processing delays.
- ForwardHealth's telephone numbers. For specific PA questions, providers should call [Provider Services](#). For faxing questions, providers should call (608) 221-4746, extension 80118.

Incomplete Fax Transmissions

If the pages listed on the initial cover sheet do not all transmit (i.e., pages stuck together, the fax machine has jammed, or some other error has stopped the fax transmission), or if the PA request is missing information, providers will receive the following by fax from the ForwardHealth fax clerk:

- A cover sheet explaining why the PA request is being returned.
- Part or all of the original incomplete fax that ForwardHealth received.

If a PA request is returned to the provider due to faxing problems, providers should do the following:

- Attach a completed cover sheet with the number of pages of the fax.
- Resend the entire original fax transmission and the additional information requested by the fax clerk to (608) 221-8616.

General Guidelines

When faxing information to ForwardHealth, providers should not reduce the size of the [PA/RF](#) or the [PA/HIAS1](#) to fit on the bottom half of the cover page. This makes the PA request difficult to read and leaves no space for consultants to write a response if needed or to sign the request.

If a photocopy of the original PA request and attachments is faxed, the provider should make sure these copies are clear and legible. If the information is not clear, it will be returned to the provider.

If the provider does not indicate his or her fax number, ForwardHealth will mail the decision back to the provider.

ForwardHealth will attempt to fax a response to the PA request to a provider three times. If unsuccessful, the PA request will be mailed to the provider.

If providers are not sure if an entire fax was sent, they should call ForwardHealth's fax clerk at (608) 221-4746, extension 80118, to inquire about the status of the fax.

Prior Authorization Request Deadlines

Faxing a PA request eliminates one to three days of mail time. However, the adjudication time of the PA request has not changed. All actions regarding PA requests are made within the [predetermined time frames](#).

Faxed PA requests received after 1:00 p.m. will be considered as received the following business day. Faxed PA requests received on a Saturday, Sunday, or holiday will be processed on the next business day.

Avoid Duplicating Prior Authorization Requests

After faxing a PA request, providers should not send the original paperwork, such as the carbon PA/RF, by mail. Mailing the original paperwork after faxing the PA request will create duplicate PA requests in the system and may result in a delay of several days to process the faxed PA request.

Refaxing a PA request before the previous PA request has been returned will also create duplicate PA requests and may result in delays.

Response Back from ForwardHealth

Once ForwardHealth reviews a PA request, ForwardHealth will fax one of three responses back to the provider:

- "Your approved, modified, or denied PA request(s) is attached."
- "Your PA request(s) requires additional information (see attached). Resubmit the entire PA request, including the attachments, with the requested additional information."
- "Your PA request(s) has missing pages and/or is illegible (see attached). Resubmit the entire PA request, including the attachments."

Resubmitting Prior Authorization Requests

When resubmitting a faxed PA request, providers are required to resubmit the faxed copy of the PA request, including attachments. This will allow the provider to obtain the earliest possible grant date for the PA request (apart from backdating for retroactive enrollment). If any attachments or additional information that was requested is received without the rest of the PA request, the information will be returned to the provider.

ForwardHealth Portal Prior Authorization

Providers can use the following PA features on the [ForwardHealth Portal](#) to do the following:

- Submit PA requests and amendments for all services that require PA.
- [Receive](#) decision notice letters and returned provider review letters.
- [Correct](#) returned PA requests and PA amendment requests.
- [Search and view](#) previously submitted PA requests.

Submitting Prior Authorization Requests and Amendment Requests

Providers can submit PA requests for all services that require PA to ForwardHealth via the secure Provider area of the Portal. To save time, providers can copy and paste information from plans of care and other medical documentation into the appropriate fields on the PA request. Except for those providers exempt from NPI requirements, NPI and related data are required on PAs submitted via the Portal.

When completing PA attachments on the Portal, providers can take advantage of an Additional Information field at the end of the PA attachment that holds up to five pages of text that may be needed.

Providers may also submit amendment requests via the Portal for PAs with a status of "Approved" or "Approved with Modifications."

PA Attachments on the Portal

Almost all PA request attachments can be completed and submitted on the Portal. When providers are completing PA requests, the Portal presents the necessary attachments needed for that PA request. For example, if a physician is completing a PA request for physician-administered drugs, the Portal will prompt a [PA/JCA](#), and display the form for the provider to complete.

All PA request attachment forms are available on the Portal to download and print to submit by fax or mail.

Providers may also choose to submit their PA request on the Portal and mail or fax the PA attachment(s) and/or additional supporting documentation to ForwardHealth. If the PA attachment(s) are mailed or faxed, a system-generated [Portal PA Cover Sheet](#), must be printed and sent with the attachment to ForwardHealth for processing. Providers must list the attachments on the Portal PA Cover Sheet. When ForwardHealth receives the PA attachments by mail or fax, they will be matched up with the [PA/RF](#) that was completed on the Portal.

Before submitting any PA documents, providers should save or print a copy for their records. Once the PA request is submitted, it cannot be retrieved for further editing.

As a reminder, ForwardHealth does not mail back any PA request documents submitted by the providers.

Additional Supporting Information

Providers may choose to submit additional supporting information via mail or fax. If additional supporting information is needed, providers are prompted to print a system-generated Portal PA Cover Sheet to be sent with the information to ForwardHealth for processing. Providers must list the additional supporting information on the Portal PA Cover Sheet.

For certain PA process types, providers can choose to upload electronic supporting information through the Portal. Files can be uploaded if the user selects a process type of 117 (Physician services), 124 (Dental services), or 125 (Orthodontic services). Photographs, X-rays and dental models may be uploaded through the Portal if the images are in a JPEG format or created with OrthoCad software (available free on the Web). Dental model OrthoCad files must be uploaded with an extension of ".3dm." JPEG files must be uploaded with an extension of ".jpg" or ".jpeg."

Mail

Any type of PA request may be submitted on paper. Providers may mail completed PA requests, amendments to PA requests, and requests to enddate a PA request to ForwardHealth at the following address:

ForwardHealth
Prior Authorization
Ste 88
6406 Bridge Rd
Madison WI 53784-0088

Providers are encouraged to retain copies of all PA requests and supporting documentation before submitting them to ForwardHealth.

STAT-PA

Providers can submit STAT-PA requests for a limited number of services (e.g., certain drugs, selected orthopedic shoes, lead inspections for HealthCheck). The STAT-PA system is an automated system accessed by providers by touch-tone telephone that allows them to receive an immediate decision for certain PA requests.

NPI and related data are required when using the STAT-PA system.

Providers are encouraged to retain copies of all PA requests and supporting documentation before submitting them to ForwardHealth.

Note: A PA request cannot be approved through STAT-PA for members enrolled in the BadgerCare Plus Benchmark Plan. PA requests for members enrolled in the Benchmark Plan may be submitted online via the [ForwardHealth Portal](#) or on paper.

Reimbursement

5

Archive Date:12/30/2008

Reimbursement:Amounts

Maximum Allowable Fees for Enteral Nutrition Products

Wisconsin Medicaid establishes [maximum allowable fees](#) for enteral nutrition products. Maximum allowable fees are based on various factors, including a review of usual and customary charges submitted to Wisconsin Medicaid, the Wisconsin State Legislature's Medicaid budgetary constraints, and other relevant economic limitations. Maximum allowable fees may be adjusted to reflect reimbursement limits or limits on the availability of federal funding as specified in federal law.

Providers are reimbursed at the lesser of their billed amount and the maximum allowable fee for the procedure.

Resources:Contact Information

Resources Reference Guide

The [Provider Services and Resources Reference Guide](#) lists services and resources available to providers and members with contact information and hours of availability.

Electronic Data Interchange

Electronic Data Interchange Helpdesk

The [EDI Helpdesk](#) assists anyone interested in becoming a trading partner with getting started and provides ongoing support pertaining to electronic transactions. Providers, billing services, and clearinghouses are encouraged to contact the EDI Helpdesk for test packets and/or technical questions.

Providers with policy questions should call [Provider Services](#).

Enrollment Verification

An Overview

Providers should always verify a member's enrollment before providing services, both to determine enrollment for the current date (since a member's enrollment status may change) and to discover any limitations to the member's coverage. Each enrollment verification method allows providers to verify the following prior to services being rendered:

- A member's enrollment in a ForwardHealth program(s).
- State-contracted MCO enrollment.
- Medicare enrollment.
- Limited benefits categories.
- Any other commercial health insurance coverage.
- Exemption from copayments for BadgerCare Plus members.

Copayment Information

If a member is enrolled in BadgerCare Plus and is exempted from paying copayments for services, providers will receive the following response to an enrollment query from all methods of enrollment verification:

- The name of the benefit plan.
- The member's enrollment dates.
- The message, "No Copay."

If a member is enrolled in BadgerCare Plus and is required to pay copayments, providers will be given the name of the benefit plan in which the member is enrolled and the member's enrollment dates for the benefit plan only.

Enrollment Verification on the Portal

The secure [ForwardHealth Portal](#) offers real-time member enrollment verification for all ForwardHealth programs. Providers will be able to use this tool to determine:

- The benefit plan(s) in which the member is enrolled.
- If the member is enrolled in a state-contracted managed care program (for Medicaid and BadgerCare Plus members).
- If the member has any other coverage, such as Medicare or commercial health insurance.
- If the member is exempted from copayments (BadgerCare Plus members only).

To access enrollment verification via the ForwardHealth Portal, providers will need to do the following:

- Go to the ForwardHealth Portal.
- Establish a provider account.
- Log into the secure Portal.
- Click on the menu item for enrollment verification.

Providers will receive a unique transaction number for each enrollment verification inquiry. Providers may access a history of their enrollment inquiries using the Portal, which will list the date the inquiry was made and the enrollment information that was given on the date that the inquiry was made. For a more permanent record of inquiries, providers are advised to use the "print screen" function to save a paper copy of enrollment verification inquiries for their records or document the transaction number

at the beginning of the response, for tracking or research purposes. This feature allows providers to access enrollment verification history when researching claim denials due to enrollment issues.

The Provider Portal is available 24 hours a day, seven days a week.

Entering Dates of Service

Enrollment information is provided based on a "From" DOS and a "To" DOS that the provider enters when making the enrollment inquiry. For enrollment inquiries, a "From" DOS is the earliest date for which the provider is requesting enrollment information and the "To" DOS is the latest date for which the provider is requesting enrollment information.

Providers should use the following guidelines for entering DOS when verifying enrollment for Wisconsin Medicaid, BadgerCare Plus, SeniorCare, or WCDP members:

- The "From" DOS may be up to one year prior to the current date.
- If the date of the request is prior to the 20th of the current month, then providers may enter a "From" DOS and "To" DOS up to the end of the current calendar month.
- If the date of the request is on or after the 20th of the current month, then providers may enter a "From" DOS and "To" DOS up to the end of the following calendar month.

For example, if the date of the request was November 15, 2008, the provider could request dates up to and including November 30, 2008. If the date of the request was November 25, 2008, the provider could request dates up to and including December 31, 2008.

Member Identification Card Does Not Guarantee Enrollment

Most members receive a member identification card, but possession of a program identification card does not guarantee enrollment. Periodically, members may become ineligible for enrollment, only to re-enroll at a later date. Members are told to keep their cards even though they may have gaps in enrollment periods. It is possible that a member will present a card when he or she is not enrolled; therefore, it is essential that providers verify enrollment before providing services. To reduce claim denials, it is important that providers verify the following information prior to each DOS that services are provided:

- If a member is enrolled in any ForwardHealth program, including benefit plan limitations.
- If a member is enrolled in a managed care organization.
- If a member is in primary provider lock-in status.
- If a member has Medicare or other insurance coverage.

Responses Are Based on Financial Payer

When making an enrollment inquiry through Wisconsin's EVS, the returned response will provide information on the member's enrollment in benefit plans based on financial payers.

There are three financial payers under ForwardHealth:

- Medicaid (Medicaid is the financial payer for Wisconsin Medicaid, BadgerCare Plus, and SeniorCare).
- WCDP.
- WWWP.

Within each financial payer are benefit plans. Each member is enrolled under at least one of the three financial payers, and

under each financial payer, is enrolled in at least one benefit plan. An individual member may be enrolled under more than one financial payer. (For instance, a member with chronic renal disease may have health care coverage under the BadgerCare Plus Standard Plan and the WCDP Chronic Renal Disease Program. The member is enrolled under two financial payers, Medicaid and WCDP.) Alternatively, a member may have multiple benefits under a single financial payer. (For example, a member may be covered by the TB-Only Benefit and the FPW at the same time, both of which are administered by Medicaid.)

Portal

Cost Share Reports for Long-Term Managed Care Organizations

Individual cost share reports for long-term care MCOs that provide Family Care, Family Care Partnership, and PACE services are available via the secure area of the ForwardHealth Portal and can be downloaded as an Excel file.

Creating a Provider Account

Each provider will need to designate one individual as an administrator of the ForwardHealth Portal account. This user will establish the administrative account once his or her PIN is received. The administrative user is responsible for this provider account and is able to add accounts for other users (clerks) within his or her organization and assign security roles to clerks that have been established. To establish an administrative account after receiving a PIN, the administrative user is required to follow these steps:

1. Go to the [Portal](#).
2. Click the "Providers" link or button.
3. Click the "Logging in for the first time" link.
4. Enter the Login ID and PIN. The Login ID is the provider's NPI or provider number.
5. Click "Setup Account."
6. At the Account Setup screen, enter the user's information in the required fields.
7. Read the security agreement and click the checkbox to indicate agreement with its contents.
8. Click "Submit" when complete.

Once in the secure Provider area of the Portal, the provider may conduct business online with ForwardHealth via a secure connection. Providers may also perform the following administrative functions from the Provider area of the Portal:

- Establish accounts and define access levels for clerks.
- Add other organizations to the account.
- Switch organizations.

A user's guide containing detailed instructions for performing these functions can be found on the Portal.

Designating a Trading Partner to Receive 835 Health Care Claim Payment/Advice Transactions

Providers must designate a trading partner to receive their 835 transaction for ForwardHealth interChange.

Providers who wish to submit their 835 designation via the Portal are required to create and establish a provider account to have access to the secure area of the Portal.

To designate a trading partner to receive 835 transactions, providers must first complete the following steps:

- Access the [Portal](#) and log into their secure account by clicking the Provider link/button.
- Click on the Designate 835 Receiver link on the right-hand side of the secure home page.

- Enter the identification number of the trading partner that is to receive the 835 in the Trading Partner ID field.
- Click Save.

Providers who are unable to use the Portal to designate a trading partner to receive 835 transactions may call the [EDI Helpdesk](#) or submit a [paper](#) form.

ForwardHealth Portal

Providers, members, trading partners, managed care programs, and partners will have access to both public and secure information through the ForwardHealth Portal.

The Portal has the following areas:

- Providers (public and secure).
- Trading Partners.
- Members.
- MCO.
- Partners.

The secure Portal allows providers to conduct business and exchange electronic transactions with ForwardHealth. The public Portal contains general information accessible to all users. Members can access general health care program information and apply for benefits [online](#).

ForwardHealth Portal Helpdesk

Providers and trading partners may call the [ForwardHealth Portal Helpdesk](#) with technical questions on Portal functions, including their Portal accounts, registrations, passwords, and submissions through the Portal.

Inquiries to ForwardHealth Via the Portal

Providers will be able to contact Provider Services through the [ForwardHealth Portal](#) by selecting the "Contact Us" link and entering the relevant inquiry information, including selecting the preferred method of response (i.e., telephone call or e-mail). Provider Services will respond to the inquiry by the preferred method of response indicated within five business days.

Internet Connection Speed

ForwardHealth recommends providers have an Internet connection that will provide an upload speed of at least 768 Kbps and a download speed of at least 128 Kbps in order to efficiently conduct business with ForwardHealth via the Portal.

For [PES](#) users, ForwardHealth recommends an Internet connection that will provide a download speed of at least 128 Kbps for downloading PES software and software updates from the Portal.

These download speeds are generally not available through a dial-up connection.

Logging in to the Provider Area of the Portal

Once an administrative user's or other user's account is set up, he or she may log in to the Provider area of the Portal to conduct business. To log in, the user is required to click the "Provider" link or button, then enter his or her username and password and click "Go" in the Login to Secure Site box at the right side of the screen.

Managed Care Organization Portal

Information and Functions Through the Portal

The [MCO area](#) of the ForwardHealth Portal allows state-contracted MCOs to conduct business with ForwardHealth. The Public MCO page offers easy access to key MCO information and Web tools. A log-in is required to access the secure area of the Portal to submit or retrieve account and member information which may be sensitive.

The following information is available through the Portal:

- Certified Provider Listing of all Medicaid-certified providers.
- Coordination of Benefits Extract/Insurance Carrier Master List information updated quarterly.
- Data Warehouse, which is linked from the Portal to Business Objects. The Business Objects function allows for access to MCO data for long term care MCOs.
- Electronic messages.
- Enrollment verification by entering a member ID or SSN with date of birth and a "from DOS" and a "to DOS" range. A transaction number is assigned to track the request.
- Member search function for retrieving member information such as medical status code, and managed care and Medicare information.
- Provider search function for retrieving provider information such as address, telephone number, provider ID, and taxonomy code (if applicable), and provider type and specialty.
- HealthCheck information.
- MCO contact information.
- Technical contact information. Entries may be added via the Portal.

Managed Care Organization Portal Reports

The following reports will be generated to MCOs through their account on the ForwardHealth MCO Portal:

- Capitation Payment Listing Report.
- Cost Share Report (long-term MCOs only).
- Enrollment Reports.

MCOs are required to establish a Portal account in order to receive reports from ForwardHealth.

Capitation Payment Listing Report

The Capitation Payment Listing Report provides "payee" MCOs with a detailed listing of the members for whom they receive capitation payments. ForwardHealth interChange creates adjustment transaction information weekly and regular capitation transaction information monthly. The weekly batch report includes regular and adjustment capitation transactions. MCOs have the option of receiving both the Capitation Payment Listing Report and the 820 Payroll Deducted and Other Group Premium Payment for Insurance Products transactions.

Initial Enrollment Roster Report

The Initial Enrollment Roster Report is generated according to the annual schedules detailing the number of new and continuing members enrolled in the MCO and those disenrolled before the next enrollment month.

Final Enrollment Roster Report

The Final Enrollment Roster Report is generated the last business day of each month and includes members who have had a change in status since the initial report and new members who were enrolled after the Initial Enrollment Roster Report was generated.

Other Reports

Additional reports are available for BadgerCare Plus HMOs, SSI HMOs, and long-term MCOs, some available via the Portal and some in the secure FTP.

Members ForwardHealth Portal

Members can access ForwardHealth information by going to the [ForwardHealth Portal](#). Members will be able to search through a directory of providers by entering a ZIP code, city, or county. Members can also access all member-related ForwardHealth applications and forms. Members can use [ACCESS](#) to check availability, apply for benefits, check current benefits, and report any changes.

Obtaining a Personal Identification Number

To establish an account on the Portal, providers are required to obtain a PIN. The PIN is a unique, nine-digit number assigned by ForwardHealth interChange for the sole purpose of allowing a provider to establish a Portal account. It is used in conjunction with the provider's login ID. Once the Portal account is established, the provider will be prompted to create a username and password for the account, which will subsequently be used to log in to the Portal.

A provider may need to request more than one PIN if he or she is a provider for more than one program or has more than one type of provider certification. A separate PIN will be needed for each provider certification. Health care providers will need to supply their NPI and corresponding taxonomy code when requesting an account. Non-healthcare providers will need to supply their unique provider number.

Providers may request a PIN by following these steps:

1. Go to the [Portal](#).
2. Click on the "Providers" link or button.
3. Click the "Request Portal Access" link from the Quick Links box on the right side of the screen.
4. At the Request Portal Access screen, enter the following information:
 - a. Health care providers are required to enter their NPI and click "Search" to display a listing of ForwardHealth certifications. Select the correct certification for the account. The taxonomy code, ZIP+4 code, and financial payer for that certification will be automatically populated. Enter the SSN or TIN.
 - b. Non-healthcare providers are required to enter their provider number, financial payer, and SSN or TIN. (This option should only be used by non-healthcare providers who are exempt from NPI requirements).

The financial payer is one of the following:

- Medicaid (Medicaid is the financial payer for Wisconsin Medicaid, BadgerCare Plus, and Senior Care).
 - SSI.
 - WCDP.
 - The WWWP.
- c. Click **Submit**.
 - d. Once the Portal Access Request is successfully completed, ForwardHealth will send a letter with the provider's PIN to the address on file.

Submitting Prior Authorization and Amendment

Requests Via the Portal

Nearly all service areas can [submit PAs](#) via the Portal. Providers can do the following:

- [Correct errors](#) on PAs or amendment requests via the Portal, regardless of how the PA was originally submitted.
- [View all recently submitted](#) and finalized and amendment requests.
- View the latest provider review and decision letters.
- [Receive messages](#) about PA and amendment requests that have been adjudicated or returned for provider review.

Public Area of the Provider Portal

The public Provider area of the Portal offers a variety of important business features and functions that will greatly assist in daily business activities with ForwardHealth programs.

Maximum Allowable Fee Schedules

Within the Portal, all [fee schedules](#) for Medicaid, BadgerCare Plus, and WCDP are interactive and searchable. Providers can enter the DOS, along with other information such as procedure code, category of supplies, or provider type, to find the maximum allowable fee. Providers can also download all fee schedules.

Online Handbook

The Online Handbook is the single source for *all* policy and billing information for ForwardHealth located in one centralized place. The Online Handbook is designed to sort information based on user-entered criteria, such as program and provider type.

Revisions to information are incorporated immediately after policy changes have been issued in *Updates*. The Online Handbook also includes an archive section, so providers can research past policy changes.

Training

Providers can register for all scheduled trainings and view online trainings via the [Portal Training page](#), which contains an up-to-date calendar of all available training. Additionally, providers can view [Webcasts](#) of select trainings.

Contacting Provider Services

Providers and other Portal users will have an additional option for contacting Provider Services through the ["Contact Us"](#) link on the Portal. Providers can enter the relevant inquiry information, including selecting the preferred method of response (i.e., telephone call or e-mail) the provider wishes to receive back from Provider Services. Provider Services will respond to the inquiry within five business days. Information will be submitted via a secure connection.

Online Certification

Providers can speed up the certification process for Medicaid by completing a [provider certification application](#) via the Portal. Providers can then track their application by entering their ATN given to them on completion of the application.

Other Business Enhancements Available on the Portal

The public Provider area of the Portal also includes the following features:

- A "[What's New?](#)" section for providers that links to the latest provider publication summaries and other new information posted to the Provider area of the Portal.
- Home page for the provider. Providers have administrative control over their Portal homepage and can grant other employees access to specified areas of the Portal, such as claims and PA.
- [E-mail subscription](#) service for *Updates*. Providers can sign up to receive notifications of new provider publications via e-mail. Users are able to select, by program and service area, which publication notifications they would like to receive.
- A [forms library](#).

Secure Area of the Provider Portal

Providers can accomplish many processes via the Portal, including submitting, adjusting, and correcting claims, submitting and amending PA requests, and verifying enrollment.

Claims and Adjustments Using the Portal

Providers can track the status of their submitted claims, submit individual claims, correct errors on claims, and determine what claims are in "pay" status on the Portal. Providers have the ability to search for and view the status of all of their finalized claims, regardless of how they were submitted (i.e., paper, electronic, clearinghouse). If a claim contains an error, providers can correct it on the Portal and resubmit it to ForwardHealth.

Providers can submit an individual claim or adjust a claim via DDE through the secure Portal.

Submitting Prior Authorization and Amendment Requests Via the Portal

Nearly all service areas can submit PAs via the Portal. Providers can do the following:

- Correct errors on PAs or amendment requests via the Portal, regardless of how the PA was originally submitted.
- View all recently submitted and finalized PA and amendment requests.
- View the latest provider review and decision letters.
- Receive messages about PA and amendment requests that have been adjudicated or returned for provider review.

Electronic Communications

The secure Portal contains a one-way message center where providers can receive electronic notifications and provider publications from ForwardHealth. All new messages display on the provider's main page within the secure Portal.

Enrollment Verification

The secure Portal offers real-time member [enrollment verification](#) for all ForwardHealth programs. Providers are able to use this tool to determine:

- The health care program(s) in which the member is enrolled.
- Whether or not the member is enrolled in a state-contracted MCO.
- Whether or not the member has any third-party liability, such as Medicare or commercial health insurance.

Using the Portal to check enrollment may be more efficient than calling the AVR system or the EVS (although both will still be available).

Providers will be assigned a unique enrollment verification number for each inquiry. Providers can also use the "print screen" function to print a paper copy of enrollment verification inquiries for their records.

Other Business Enhancements Available on the Portal

The secure Provider area of the Portal also enables providers to do the following:

- View [RAs](#).
- [Designate](#) which trading partner is eligible to receive the provider's 835.
- Update and maintain [provider file](#) information. Providers will have the choice to indicate separate addresses for different business functions.

System and Browser Requirements

The following table lists the recommended system and browser requirements for using the Portal. PES users should note that the Windows-based requirements noted in the table apply; PES cannot be run on Apple-based systems.

Recommended System Requirements	Recommended Browser Requirements
Windows-Based Systems	
Computer with at least a 500Mhz processor, 256 MB of RAM, and 100MB of free disk space	Microsoft Internet Explorer v. 6.0 or higher, or Firefox v. 1.5 or higher
Windows XP or higher operating system	
Apple-Based Systems	
Computer running a PowerPC G4 or Intel processor, 512 MB of RAM, and 150MB of free disk space	Safari, or Firefox v. 1.5 or higher
Mac OS X 10.2.x or higher operating system	

Trading Partner Portal

The following information is available on the public [Trading Partner](#) area of the Portal:

- Trading partner [testing packets](#).
- [Trading Partner Profile](#) submission.
- [PES](#) software and upgrade information.
- EDI [companion documents](#).

In the secure Trading Partner area of the Portal, trading partners can exchange electronic transactions with ForwardHealth.

WiCall

Information Available Via WiCall

WiCall, ForwardHealth's AVR system, gathers inquiry information from callers through voice prompts and accesses ForwardHealth interChange to retrieve and "speak" back the following ForwardHealth information:

- Claim status.
- Enrollment verification.
- PA status.
- Provider CheckWrite information.

Providers are prompted to enter NPI or provider ID and in some cases, NPI-related data, to retrieve query information.

Information on past PAs is retained indefinitely. Paper PAs require a maximum of 20 working days from receipt to be processed and incorporated into WiCall's PA status information.

In all inquiry scenarios, WiCall offers the following options after information is retrieved and reported back to the caller:

- Repeat the information.
- Make another inquiry of the same type.
- Return to the main menu.
- Repeat the options.

Claim Status

Providers may check the status of a specific claim by selecting the applicable program ("financial payer" option, i.e., Wisconsin Medicaid, WCDP, or WWWP by entering their provider ID, member identification number, DOS, and the amount billed.

Note: Claim information for BadgerCare Plus and SeniorCare is available by selecting the Medicaid option.

Enrollment Verification

Providers may request enrollment status by entering their provider ID and the member ID. If the member ID is unknown, providers may enter the member's date of birth and SSN. Additionally, the provider is prompted to enter the "From DOS" and the "To DOS" for the inquiry. The "From DOS" information is available up to one year back from the current date. The provider is also informed if the member is not subject to copayments.

Each time a provider verifies member enrollment, the enrollment verification is saved and assigned a transaction number as transaction confirmation. Providers should note the transaction number for their records.

Prior Authorization Status

Except in certain instances, providers may obtain the status of PA requests for Medicaid and WCDP via WiCall by entering their provider ID and the applicable PA number. If the provider does not know the PA number, there is an option to bypass entering the PA number and the caller will be prompted to enter other PA information such as member ID and type of service (i.e., NDC/procedure code, revenue code, or ICD-9-CM diagnosis code.) When a match is found, WiCall reports back the PA status information, including the PA number for future reference, and the applicable program.

Note: PA information for BadgerCare Plus and SeniorCare is available by selecting the Medicaid option.
