

# Certification and Ongoing Responsibilities

# 1

Archive Date:07/01/2010

## Certification and Ongoing Responsibilities: Certification

---

### Border Status Providers

A provider in a state that borders Wisconsin may be eligible for border-status certification. Border-status providers need to notify ForwardHealth in writing that it is common practice for members in a particular area of Wisconsin to seek their medical services.

Exceptions to this policy include:

- Nursing homes and public entities (e.g., cities, counties) outside Wisconsin are not eligible for border status.
- All out-of-state independent laboratories are eligible to be border-status providers regardless of location in the United States.

Providers who have been denied Medicaid certification in their own state are automatically denied certification by Wisconsin Medicaid unless they were denied because the services they provide are not a covered benefit in their state.

Certified border-status providers are subject to the same program requirements as in-state providers, including coverage of services and PA and claims submission procedures. Reimbursement is made in accordance with ForwardHealth policies.

For more information about out-of-state providers, refer to [DHS 105.48](#), Wis. Admin. Code.

### CLIA Certification or Waiver

Congress implemented CLIA to improve the quality and safety of laboratory services. CLIA requires *all* laboratories and providers performing tests for health assessment or for the diagnosis, prevention, or treatment of disease or health impairment to comply with specific federal quality standards.

#### CLIA Enrollment

The federal CMS sends CLIA enrollment information to ForwardHealth. The enrollment information includes CLIA identification numbers for all current laboratory sites. ForwardHealth verifies that laboratories are CLIA certified before Medicaid grants certification.

#### CLIA Regulations

ForwardHealth complies with the following federal regulations as initially published and subsequently updated:

- Public Health Service Clinical Laboratory Improvement Amendments of 1988.
- Title 42 CFR Part 493, Laboratory Requirements.

#### Scope of CLIA

CLIA governs all laboratory operations including the following:

- Accreditation.
- Certification.
- Fees.
- Patient test management.
- Personnel qualifications.
- Proficiency testing.
- Quality assurance.
- Quality control.
- Records and information systems.
- Sanctions.
- Test methods, equipment, instrumentation, reagents, materials, supplies.
- Tests performed.

CLIA regulations apply to *all* providers who perform laboratory services, including, but not limited to, the following:

- Clinics.
- HealthCheck providers.
- Independent clinical laboratories.

- Nurse midwives.
- Nurse practitioners.
- Osteopaths.
- Physician assistants.
- Physicians.
- Rural health clinics.

## CLIA Certification Types

The CMS regulations require providers to have a CLIA certificate that indicates the laboratory is qualified to perform a category of tests.

Clinics or groups with a single group billing certification, but multiple CLIA numbers for different laboratories, may wish to contact [Provider Services](#) to discuss various certification options. The CMS issues five types of certificates for laboratories:

1. *Waiver certificate.* This certificate allows a laboratory to perform waived tests only. The CMS Web site identifies the most current list of [waived procedures](#). BadgerCare Plus identifies allowable waived procedures in [maximum allowable fee schedules](#).
2. *Provider-performed microscopy procedures certificate.* This certificate allows a physician, mid-level practitioner (i.e., nurse midwife, nurse practitioner, or physician assistant licensed by the state of Wisconsin), or dentist to perform microscopy and waived procedures only. The CMS Web site identifies the most current list of [CLIA-allowable provider-performed microscopy procedures](#). BadgerCare Plus identifies allowable provider-performed microscopy procedures in fee schedules.
3. *Registration certificate.* This certificate allows a laboratory to conduct moderate- or high-complexity tests until the laboratory is determined to be in compliance through a CMS survey performed by the Wisconsin state agency for CLIA.
4. *Compliance certificate.* This certificate is issued to a laboratory (for moderate- and/or high-complexity tests) after criterion performed by the state agency finds the laboratory in compliance with all applicable complexity-level requirements.
5. *Accreditation certificate.* This certificate is issued on the basis of the laboratory's accreditation by a CMS-approved accreditation organization. The six major approved accreditation organizations are:
  - JCAHO.
  - CAP.
  - COLA.
  - American Osteopathic Association.
  - American Association of Blood Banks.
  - ASHI.

## Applying for CLIA Certification

Use the CMS 116 CLIA application to apply for program certificates. Providers may obtain CMS 116 forms from the [CMS Web site](#) or from the following address:

Division of Quality Assurance  
Clinical Laboratory Section  
1 W Wilson St  
PO Box 2969  
Madison WI 53701-2969

## Providers Required to Report Changes

Providers are required to notify the Clinical Laboratory Section in writing within 30 days of any change(s) in ownership, name, location, or director. Also, providers are required to notify the Clinical Laboratory Section of changes in certificate types immediately and within six months when a specialty/subspecialty is added or deleted. Providers may reach the Clinical Laboratory Section at (608) 261-0653.

## Categories of Certification

Wisconsin Medicaid certifies providers in four billing categories. Each billing category has specific designated uses and restrictions. These categories include the following:

- Billing/rendering provider.
- Rendering provider.
- Group billing that requires a rendering provider.
- Group billing that does not require a rendering provider.

Providers should refer to their certification materials or to service-specific information in the Online Handbook to identify what types of certification categories they may apply for or be assigned.

## Billing/Rendering Provider

Certification as billing/rendering provider allows providers to identify themselves on claims (and other forms) as either the provider billing for the services or the provider rendering the services.

## Rendering Provider

Certification as a rendering provider is given to those providers who practice under the professional supervision of another provider (e.g., physician assistants). Providers with a rendering provider certification cannot submit claims to ForwardHealth directly, but have reimbursement rates established for their provider type. Claims for services provided by a rendering provider must include the supervising provider or group provider as the billing provider.

## Group Billing

Certification as a group billing provider is issued primarily as an accounting convenience. This allows a group billing provider to receive one reimbursement, one RA, and the 835 transaction for covered services rendered by individual providers within the group.

### Group Billing That Requires a Rendering Provider

Individual providers within certain groups are required to be Medicaid certified because these groups are required to identify the provider who rendered the service on claims. Claims indicating these group billing providers that are submitted without a rendering provider are denied.

### Group Billing That Does Not Require a Rendering Provider

Other groups (e.g., physician pathology, radiology groups, and rehabilitation agencies) are not required to indicate a rendering provider on claims.

Group billing providers should refer to their certification materials or to service-specific information in the Online Handbook to determine whether or not a rendering provider is required on claims.

## Certification Application

To participate in Wisconsin Medicaid, providers are required to be certified by Wisconsin Medicaid as described in [DHS 105](#), Wis. Admin. Code. Providers certified by Wisconsin Medicaid may render services to members enrolled in Wisconsin Medicaid, BadgerCare Plus, and SeniorCare.

Providers interested in becoming certified by Wisconsin Medicaid are required to complete a provider application that consists of the following forms and information:

- General certification information.
- Certification requirements.
- TOR.
- Provider application.
- Provider Agreement and Acknowledgement of Terms of Participation.
- Other forms related to certification.

Providers may submit [certification applications](#) by mail or through the ForwardHealth Portal.

## General Certification Information

This section of the provider application contains information on contacting ForwardHealth, certification effective dates, notification of certification decisions, provider agreements, and terms of reimbursement.

## Certification Requirements

Wisconsin Administrative Code contains requirements that providers must meet in order to be certified with Wisconsin Medicaid; applicable Administrative Code requirements and any special certification materials for the applicant's provider type are included in the certification requirements document.

To become Medicaid certified, providers are required to do the following:

- Meet all certification requirements for their provider type.
- Submit a properly completed provider application, provider agreement, and other forms, as applicable, that are included in the certification packet.

Providers should carefully complete the certification materials and send all applicable documents demonstrating that they meet the stated Medicaid certification

criteria. Providers may call [Provider Services](#) for assistance with completing these materials.

## Terms of Reimbursement

Wisconsin Medicaid certification materials include Wisconsin Medicaid's TOR, which describes the methodology by which providers are reimbursed for services provided to BadgerCare Plus, Medicaid, and SeniorCare members. Providers should retain a copy of the TOR in their files. TOR are subject to change during a certification period.

## Provider Application

A key part of the certification process is the completion of the Wisconsin Medicaid Provider Application. On the provider application, the applicant furnishes contact, address, provider type and specialty, license, and other information needed by Wisconsin Medicaid to make a certification determination.

## Provider Agreement and Acknowledgement of Terms of Participation

As part of the application for certification, providers are required to sign a provider agreement with the DHS. Providers applying for certification through the Portal will be required to print, sign and date, and send the provider agreement to Wisconsin Medicaid. Providers who complete a paper provider application will need to sign and date the provider agreement and submit it with the other certification materials.

By signing a provider agreement, the provider certifies that the provider and each person employed by the provider, for the purpose of providing services, holds all licenses or similar entitlements and meets other requirements specified in [DHS 101 through DHS 109](#), Wis. Admin. Code, and required by federal or state statute, regulation, or rule for the provision of the service.

The provider's certification to participate in Wisconsin Medicaid may be terminated by the provider as provided at [DHS 106.05](#), Wis. Admin. Code, or by the DHS upon grounds set forth in [DHS 106.06](#), Wis. Admin. Code.

This provider agreement remains in effect as long as the provider is certified to participate in Wisconsin Medicaid.

## Completing Certification Applications

Health care providers are required to include their NPI on the certification application.

*Note:* Obtaining an NPI does not replace the Wisconsin Medicaid certification process.

## Portal Submission

Providers may apply for Medicaid certification directly through the [ForwardHealth Portal](#). Though the provider certification application is available via the public Portal, the data are entered and transmitted through a secure connection to protect personal data. Applying for certification through the Portal offers the following benefits:

- Fewer returned applications. Providers who apply through the Portal are taken through a series of screens that are designed to guide them through the application process. This ensures that required information is captured and therefore reduces the instances of applications returned for missing or incomplete information.
- Instant submission. At the end of the online application process, applicants instantly submit their application to ForwardHealth and are given an ATN to use in tracking the status of their application.
- Indicates documentation requirements. At the end of the online process, applicants are also given detailed instructions about what actions are needed to complete the application process. For example, the applicant will be instructed to print the provider agreement and any additional forms that Wisconsin Medicaid must receive on paper and indicates whether supplemental information (e.g., transcripts, copy of license) is required. Applicants are also able to save a copy of the application for their records.

## Paper Submission

Providers may also submit provider applications on paper. To request a paper provider application, providers should do one of the following:

- Contact [Provider Services](#).
- Click the "Contact Us" link on the Portal and send the request via e-mail.
- Send a request in writing to the following address:

ForwardHealth  
Provider Maintenance  
6406 Bridge Rd

Madison WI 53784-0006

Written requests for certification materials must include the following:

- The number of provider applications requested and each applicant's/provider's name, address, and telephone number (a provider application must be completed for each applicant/provider).
- The provider's NPI (for health care providers) that corresponds to the type of application being requested.
- The program for which certification is requested (Wisconsin Medicaid).
- The type of provider (e.g., physician, physician clinic or group, speech-language pathologist, hospital) or the type of services the provider intends to provide.

Paper provider applications are assigned an ATN at the time the materials are requested. As a result, [examples of the provider application are available](#) on the Portal for reference purposes only. These examples should not be downloaded and submitted to Wisconsin Medicaid. For the same reason, providers are not able to make copies of a single paper provider application and submit them for multiple applicants. These policies allow Wisconsin Medicaid to efficiently process and track certifications and assign effective dates.

Once completed, providers should mail certification materials to the address indicated on the application cover letter. Sending certification materials to any other Wisconsin Medicaid address may cause a delay.

## Effective Date of Medicaid Certification

When assigning an initial effective date, ForwardHealth follows these regulations:

1. The date the provider submits his or her online provider application to ForwardHealth or contacts ForwardHealth for a paper application is the earliest effective date possible and will be the initial effective date if the following are true:
  - The provider meets all applicable licensure, certification, authorization, or other credential requirements as a prerequisite for Wisconsin Medicaid on the date of notification. Providers should not hold their application for pending licensure, Medicare, or other required certification but submit it to ForwardHealth. ForwardHealth will keep the provider's application on file and providers should send ForwardHealth proof of eligibility documents immediately, once available, for continued processing.
  - ForwardHealth received the provider agreement and any supplemental documentation within 30 days of submission of the online provider application.
  - ForwardHealth received the paper application within 30 days of the date the paper application was mailed.
2. If ForwardHealth receives the provider agreement and any applicable supplemental documents more than 30 days after the provider submitted the online application or receives the paper application more than 30 days after the date the paper application was mailed, the provider's effective date will be the date the complete application was received at ForwardHealth.
3. If ForwardHealth receives the provider's application within the 30-day deadline described above and it is incomplete or unclear, the provider will be granted one 30-day extension to respond to ForwardHealth's request for additional information. ForwardHealth must receive a response to the request for additional information within 30 days from the date on the letter requesting the missing information or item(s). This extension allows the provider additional time to obtain proof of eligibility (such as license verification, transcripts, or other certification).
4. If the provider does not send complete information within the original 30-day deadline or 30-day extension, the initial effective date will be based on the date ForwardHealth receives the complete and accurate application materials.

## Group Certification Effective Dates

Group billing certifications are given as a billing convenience. Groups (except providers of mental health services) may submit a written request to obtain group billing certification with a certification effective date back 365 days from the effective date assigned. Providers should mail requests to backdate group billing certification to the following address:

ForwardHealth  
 Provider Maintenance  
 6406 Bridge Rd  
 Madison WI 53784-0006

## Request for Change of Effective Date

If providers believe their initial certification effective date is incorrect, they may request a review of the effective date. The request should include documentation that indicates the certification criteria that were incorrectly considered. Requests for changes in certification effective dates should be sent to Provider Maintenance.

## Medicare Enrollment

ForwardHealth requires certain types of providers to be enrolled in Medicare as a condition for Medicaid certification. This requirement is specified in the

certification materials for these provider groups.

The enrollment process for Medicare is separate from Wisconsin Medicaid's certification process. Providers applying for Medicare enrollment *and* Medicaid certification are encouraged to apply for Wisconsin Medicaid certification at the same time they apply for Medicare enrollment, even though Medicare enrollment must be finalized first. By applying for Medicare enrollment and Medicaid certification simultaneously, it may be possible for ForwardHealth to assign a Medicaid certification effective date that is the same as the Medicare enrollment date.

## HealthCheck Outreach and Case Management Services Providers

The requirements for outreach and case management providers under HealthCheck are detailed in [DHS 105.37\(2\)](#), Wis. Admin. Code, and are as follows:

1. The provider must be certified under [DHS 105.37\(1\)](#) as a provider of HealthCheck assessment and evaluation services (i.e., HealthCheck screening).
2. The provider must submit to the DHS a plan of outreach and case management which includes the following:
  1. Description of the geographical area the provider serves (county, municipality, etc.).
  2. Characteristics of the target population (number of eligible members under age 21, ethnic/language affiliation, access barriers such as rural distance, lack of providers, etc.).
  3. Coordination with support activities conducted by the DHS and other health-related services. The plan must also include a description of the methods and procedures for coordinating and integrating HealthCheck case management activities. At a minimum, the provider must identify the name, location, and phone number of the following resources:
    - WIC Program.
    - Maternal and Child Health Services.
    - Head Start Program.
    - Family Planning Services (including teen or school-based clinics).
    - School health and pupil services.
    - Medicaid-certified physicians and dentists for ongoing HealthCheck care.
    - JOBS and JTPA.
    - Child day care services.
    - Mental Health and Alcohol/Drug Abuse agency.
    - Local County or Tribal Agencies.
    - Domestic Abuse agency.
    - Translator and interpreter services, if not on staff.
    - Vocational rehabilitation programs.
    - Specialized services such as perinatal programs, genetic counseling, and sickle cell anemia programs.
    - Developmentally Disabled Child Service programs.
  4. Description of methods used to ensure that members receive the necessary diagnosis and treatment services for conditions detected during HealthCheck screenings.
  5. Description of how scheduling and transportation assistance will be provided.
  6. Description of how case management will be documented and where records will be maintained.
  7. Procedures for ensuring HealthCheck services do not duplicate care by another local health care or case management provider.
  8. The procedures to be used for educating members about the health care system; how to responsibly use BadgerCare Plus and Medicaid services and utilize various local community services (e.g., WIC, Head Start).
  9. What kinds of health education will be offered.
  10. Description of how other local county or tribal agency providers are to be made aware of HealthCheck services.

The DHS will review all proposed plans and approve or deny the provider's request for certification. The decision to approve or deny will be based on demonstration that all the requirements of the HealthCheck outreach/case management program are being met. All screening providers requesting certification for case management will receive written notice of the DHS decision.

Case management providers must comply with all BadgerCare Plus and Medicaid provider requirements and the signed case management agreement with the DHS for case management activities.

## HealthCheck Screeners

[DHS 105.37\(1\)\(a\)](#), Wis. Admin. Code, defines the following types of providers and agencies that may qualify for HealthCheck screener certification:

- Physicians.
- Outpatient hospital facilities.
- HMOs.
- Visiting nurse associations.
- Local public health agencies.
- Home health agencies.
- RHCs.

- Indian health agencies.
- Neighborhood health centers.
- Nurse practitioners.
- Clinics operated under a physician's supervision.

Providers who are interested in becoming HealthCheck screeners may apply for HealthCheck screener Medicaid certification by completing the appropriate certification packet.

HealthCheck screening services must be performed by or under the supervision of skilled medical personnel within their scope of practice as allowed by state and federal law. Skilled medical personnel include the following:

- Physicians (M.D. or D.O.).
- Physician's Assistants.
- Nurse Practitioners.
- Public Health Nurses.
- Registered Nurses.

Skilled medical personnel who perform physical assessment screening procedures must have successfully completed either a pediatric assessment or inservice training course on physical assessments that has been approved by the DHS. Paraprofessional staff may provide other individual components of a HealthCheck screening (excluding the physical assessment) if they are supervised by skilled medical personnel.

Questions regarding HealthCheck clinical requirements may be directed to the following address:

Division of Health Care Access and Accountability  
Bureau of Fee-For-Service Health Care Benefits  
HealthCheck Policy Analyst  
PO Box 309  
Madison WI 53701-0309

## Materials for New Providers

On an ongoing basis, providers should refer to the Online Handbook for the most current BadgerCare Plus and Medicaid information. Future changes to policies and procedures are published in *Updates*.

Certain providers may opt not to receive these materials by completing the Deletion from Publications Mailing List form in the certification materials. Providers who opt out of receiving publications are still bound by ForwardHealth's rules, policies, and regulations even if they choose not to receive *Updates* on an ongoing basis. *Updates* are available for viewing and downloading on the ForwardHealth Portal.

## Multiple Locations

The number of Medicaid certifications allowed or required per location is based on licensure, registration, certification by a state or federal agency, or an accreditation association identified in the Wisconsin Administrative Code. Providers with multiple locations should inquire if multiple applications must be completed when requesting a Medicaid certification application.

## Multiple Services

Providers who offer a variety of services may be required to complete a separate Medicaid certification packet for each specified service/provider type.

Health care providers who are federally required to have an NPI are responsible for obtaining the appropriate certification for their NPI.

If a Medicaid-certified provider begins offering a new service *after* he or she has become initially certified, it is recommended that he or she call [Provider Services](#) to inquire if another application must be completed.

## Noncertified In-State Providers

Wisconsin Medicaid reimburses noncertified in-state providers for providing emergency medical services to a member or providing services to a member during a time designated by the governor as a state of emergency. The emergency situation or the state of emergency must be sufficiently documented on the claim. Reimbursement rates are consistent with rates for Wisconsin Medicaid-certified providers rendering the same service.

Claims from noncertified in-state providers must be submitted with an [In-State Emergency Provider Data Sheet](#). The In-State Emergency Provider Data Sheet provides ForwardHealth with minimal tax and licensure information.

Noncertified in-state providers may call [Provider Services](#) with questions.

## Notice of Certification Decision

Wisconsin Medicaid will notify the provider of the status of the certification usually within 10 business days, but no longer than 60 days, after receipt of the complete application for certification. Wisconsin Medicaid will either approve the application and issue the certification or deny the application. If the application for certification is denied, Wisconsin Medicaid will give the applicant reasons, in writing, for the denial.

Providers who meet the certification requirements will be sent a welcome letter and a copy of the signed provider agreement. Included with the letter is an attachment with important information such as effective dates, assigned provider type and specialty, and taxonomy code. This information will be used when conducting business with BadgerCare Plus, Medicaid, or SeniorCare (for example, health care providers will need to include their taxonomy code, designated by Wisconsin Medicaid, on claim submissions and requests for PA).

The welcome letter will also notify non-healthcare providers (e.g., SMV providers, personal care agencies, blood banks) of their Medicaid provider number. This number will be used on claim submissions, PA requests, and other communications with ForwardHealth programs.

## Out-of-State Providers

Out-of-state providers are limited to those providers who are licensed in the United States (and its territories), Mexico, and Canada. Out-of-state providers are required to be licensed in their own state of practice.

Wisconsin Medicaid reimburses out-of-state providers for providing emergency medical services to a BadgerCare Plus or Medicaid member or providing services to a member during a time designated by the governor as a state of emergency. The emergency situation or the state of emergency must be sufficiently documented on the claim. Reimbursement rates are consistent with rates for Wisconsin Medicaid-certified providers providing the same service.

Out-of-state providers are reimbursed for services provided to eligible BadgerCare Plus or Medicaid members in either of the following situations:

- The service was provided in an emergency situation, as defined in [DHS 101.03\(52\)](#), Wis. Admin. Code.
- PA was obtained from ForwardHealth *before* the nonemergency service was provided.

Claims from noncertified out-of-state providers must be submitted with an [Out-of-State Provider Data Sheet](#). The Out-of-State Provider Data Sheet provides Wisconsin Medicaid with minimal tax and licensure information.

Out-of-state providers may contact [Provider Services](#) with questions.

## Provider Addresses

ForwardHealth interChange has the capability of storing the following types of addresses and related information, such as contact information and telephone numbers:

- *Practice location address and related information (formally known as physical address)*. This address is where the provider's office is physically located and where records are normally kept. Additional information for the practice location includes the provider's office telephone number and telephone number for member's use. With limited exceptions, the practice location and telephone number for member's use are published in a provider directory made available to the public.
- *Mailing address*. This address is where ForwardHealth will mail general information and correspondence. Providers should indicate concise address information to aid in proper mail delivery.
- *PA address*. This address is where ForwardHealth will mail PA information.
- *Financial addresses (formally known as payee address)*. Two separate financial addresses are stored in ForwardHealth interChange. The checks address is where Wisconsin Medicaid will mail paper checks. The 1099 mailing address is where Wisconsin Medicaid will mail IRS Form 1099.

Providers may submit additional address information or modify their current information through the ForwardHealth Portal or by using the [Provider Change of Address or Status](#) form.

*Note:* Providers are cautioned that any changes to their practice location on file with ForwardHealth may alter their ZIP+4 code information required on transactions. Providers may verify the ZIP+4 code for their address on the [U.S. Postal Service Web site](#).

Provider addresses are stored separately for each program (i.e., Medicaid, WCDP, and WWWP) for which the provider is certified. Providers should consider this when supplying additional address information and keeping address information current. Providers who are certified for multiple programs and have an address change that applies to more than one program should provide this information for each program. Providers who submit these changes on paper need to submit *one* Provider Change of Address or Status form if changes are applicable for multiple programs.

## Provider Type and Specialty Changes

Providers who want to add a certification type or make a change to their certification type should call [Provider Services](#)

Health care providers who are federally required to have an NPI are cautioned that any changes to their provider type and/or specialty information on file with ForwardHealth may alter the [applicable taxonomy code](#) for a provider's certification.

## Reinstating Certification

Providers whose Medicaid certification has ended for any reason other than sanctions or failure to be recertified may have their certification reinstated as long as all licensure and certification requirements are met. The criteria for reinstating certification vary, depending upon the reason for the cancellation and when the provider's certification ended.

If it has been less than 365 days since a provider's certification has ended, the provider is required to submit a letter or the [Provider Change of Address or Status](#) form, stating that he or she wishes to have his or her Medicaid certification reinstated.

If it has been more than 365 days since a provider's certification has ended, the provider is required to submit new certification materials. This can be done by completing them through the ForwardHealth Portal or submitting a paper provider application.

## Tracking Certification Materials

Wisconsin Medicaid allows providers to track the status of their certification application either through the ForwardHealth Portal or by calling [Provider Services](#). Providers who submitted their application through the Portal will receive the ATN upon submission, while providers who request certification materials from Wisconsin Medicaid will receive an ATN on the application cover letter sent with their provider application. Regardless of how certification materials are submitted, providers may use one of the methods listed to track the status of their certification application.

*Note:* Providers are required to wait for the Notice of Certification Decision as official notification that certification has been approved. This notice will contain information the provider needs to conduct business with BadgerCare Plus, Medicaid, or SeniorCare; therefore, an approved or enrolled status alone does not mean the provider may begin providing or billing for services.

### Tracking Through the Portal

Providers are able to track the status of a certification application through the [Portal](#) by entering their ATN. Providers will receive current information on their application, such as whether it's being processed or has been returned for more information.

### Tracking Through Provider Services

Providers may also check on the status of their submitted application by contacting Provider Services and giving their ATN.

## Documentation

---

### 1099 Miscellaneous Forms

ForwardHealth generates the 1099 Miscellaneous form in January of each year for earnings greater than \$600.00, per Internal Revenue Service regulations. One 1099 Miscellaneous form per financial payer and per tax identification number is generated, regardless of how many provider IDs or NPIs share the same tax identification number. For example, a provider who conducts business with both Medicaid and WCDP will receive separate 1099 Miscellaneous forms for each program.

The 1099 Miscellaneous forms are sent to the address designated as the "1099 mailing address." The address formerly known as the "payee address" is used as the 1099 mailing address unless a provider has reported a separate address for the 1099 mailing address to ForwardHealth.

### Availability of Records to Authorized Personnel

The DHCAA has the right to inspect, review, audit, and reproduce provider records pursuant to [DHS 106.02\(9\)\(e\)](#), Wis. Admin. Code. The DHCAA periodically requests provider records for compliance audits to match information against ForwardHealth's information on paid claims, PA requests, and enrollment. These records include, but are not limited to, medical/clinical and financial documents. Providers are obligated to ensure that the records are released to an authorized DHCAA staff member(s).

Wisconsin Medicaid reimburses providers \$0.06 per page for the cost of reproducing records requested by the DHCAA to conduct a compliance audit. A letter of request for records from the DHCAA will be sent to a provider when records are required.

Reimbursement is not made for other reproduction costs included in the provider agreement between the DHCAA and a provider, such as reproduction costs for submitting PA requests and claims.

Also, state-contracted MCOs, including HMOs and SSI HMOs, are not reimbursed for the reproduction costs covered in their contract with the DHS.

The reproduction of records requested by the PRO under contract with the DHCAA is reimbursed at a rate established by the PRO.

### Confidentiality

ForwardHealth supports member rights regarding the confidentiality of health care and other related records, including an applicant or member's billing information or medical claim records. An applicant or member has a right to have this information safeguarded, and the provider is obligated to protect that right. Therefore, use or disclosure of any information concerning applicants and members for any purpose not connected with program administration, including contacts with third-party payers that are necessary for pursuing third-party payment and the release of information as ordered by the court, is prohibited unless authorized by the applicant or member.

To comply with the standards, providers are required to follow the procedures outlined in the Online Handbook to ensure the proper release of this information. ForwardHealth providers, like other health care providers, are also subject to other laws protecting confidentiality of health care information including, but not limited to, the following:

- s. [146.81-146.84](#), Wis. Stats., Wisconsin health care confidentiality of health care information regulations.
- 42 USC s. 1320d - 1320d-8 (federal HIPAA) and accompanying regulations.

Any person violating this regulation may be fined an amount from \$25 up to \$500 or imprisoned in the county jail from 10 days up to one year, or both, for each violation.

A provider is not subject to civil or criminal sanctions when releasing records and information regarding applicants or members if such release is for purposes directly related to administration or if authorized in writing by the applicant or member.

### HealthCheck Outreach and Case Management Services

Disclosure of member information is limited to the following persons or agencies:

1. Representatives of federally assisted programs which provide assistance, in cash or in kind, or services (e.g., Head Start Program, WIC Supplemental Food Program), directly to the individual on the basis of need (45 CFR 205.50).
2. Under [DHS 108.01](#), Wis. Admin. Code, legally qualified representative or agency representatives outside the Wisconsin DHS (e.g., courts, law enforcement officers, governmental authorities) for the purpose of direct program administration.
3. For purposes of outreach and case management and screenings, information obtained on the claim form may be shared with referred providers.

Information may also be disclosed in summary, statistical, or other form which does not identify specific members.

Persons or agencies receiving such information are bound by law to observe confidentiality standards comparable to those of the DHS.

All questions about member information should be directed to the following address:

Division of Health Care Access and Accountability  
HealthCheck Coordinator  
PO Box 309  
Madison WI 53701-0309

## Financial Records

According to [DHS 106.02\(9\)\(c\)](#), Wis. Admin. Code, a provider is required to maintain certain financial records in written or electronic form.

## Medical Records

A dated clinician's signature must be included in all medical notes. According to [DHS 106.02\(9\)\(b\)](#), Wis. Admin. Code, a provider is required to include certain written documentation in a member's medical record.

## Member Access to Records

Providers are required to allow members access to their health care records, including those related to ForwardHealth services, maintained by a provider in accordance with Wisconsin Statutes, excluding billing statements.

## Preparation and Maintenance of Records

All providers who receive payment from Wisconsin Medicaid, including state-contracted MCOs, are required to maintain records that fully document the basis of charges upon which all claims for payment are made, according to [DHS 106.02\(9\)\(a\)](#), Wis. Admin. Code. This required maintenance of records is typically required by any third-party insurance company and is not unique to ForwardHealth.

## Record Retention

Providers are required to retain documentation, including medical and financial records, for a period of not less than five years from the date of payment, except RHCs, who are required to retain records for a minimum of six years from the date of payment.

According to [DHS 106.02\(9\)\(d\)](#), Wis. Admin. Code, providers are required to retain all evidence of billing information.

Ending participation as a provider does not end a provider's responsibility to retain and provide access to fully maintained records unless an alternative arrangement of record retention and maintenance has been established.

## Reviews and Audits

The DHS periodically reviews provider records. The DHS has the right to inspect, review, audit, and photocopy the records. Providers are required to permit access to any requested record(s), whether in written, electronic, or micrographic form.

## Records Requests

Requests for billing or medical claim information regarding services reimbursed by BadgerCare Plus may come from a variety of individuals including attorneys, insurance adjusters, and members. Providers are required to notify ForwardHealth by contacting [Provider Services](#) when releasing billing information or medical claim records relating to charges for covered services except the following:

- When the member is a dual eligible (i.e., member is eligible for both Medicare and Wisconsin Medicaid or BadgerCare Plus) and is requesting materials pursuant to *Medicare* regulations.
- When the provider is attempting to exhaust all existing health insurance sources prior to submitting claims to BadgerCare Plus.

## Request from a Member or Authorized Person

If the request for a member's billing information or medical claim records is from a member or authorized person acting on behalf of the member, the provider should send a copy of the requested billing information or medical claim records, along with the name and address of the requester, to the following address:

Department of Health Services  
Casualty/Subrogation Program  
PO Box 6243  
Madison WI 53791

ForwardHealth will process and forward the requested information to the requester.

## **Request from an Attorney, Insurance Company, or Power of Attorney**

If the request for a member's billing information or medical claim records is from an attorney, insurance company, or power of attorney, the provider should do the following:

1. Obtain a release signed by the member or authorized representative.
2. Furnish the requested material to the requester, marked "BILLED TO FORWARDHEALTH" or "TO BE BILLED TO FORWARDHEALTH," with a copy of the release signed by the member or authorized representative. Approval from ForwardHealth is not necessary.
3. Send a notice of the material furnished to the requester to Coordination of Benefits at the previously listed address with a copy of the signed release.

## **Request for Information About a Member Enrolled in a State-Contracted Managed Care Organization**

If the request for a member's billing information or medical claim records is for a member enrolled in a state-contracted MCO, the provider is required to do the following:

1. Obtain a release signed by the member or authorized representative.
2. Send a copy of the letter requesting the information, along with the release signed by the member or authorized representative, directly to the MCO.

The MCO makes most benefit payments and is entitled to any recovery that may be available.

## **Request for a Statement from a Dual Eligible**

If the request is for an itemized statement from a dual eligible, pursuant to HR 2015 (Balanced Budget Act of 1997) s. 4311, a dual eligible has the right to request and receive an itemized statement from his or her Medicare-certified health care provider. The Act requires the provider to furnish the requested information to the member. The Act does *not* require the provider to notify ForwardHealth.

## **For More Information**

For additional information about requests for billing information or medical claim records, providers should call Provider Services. Providers may also write to the following address:

Division of Health Services  
Estate and Casualty Recovery Section  
PO Box 309  
Madison WI 53701-0309

## **Release of Billing Information to Government Agencies**

Providers are permitted to release member information without informed consent when a written request is made by the DHS or the federal HHS to perform any function related to program administration, such as auditing, program monitoring, and evaluation.

Providers are authorized under BadgerCare Plus confidentiality regulations to report suspected misuse or abuse of program benefits to the DHS, as well as to provide copies of the corresponding patient health care records.

## Ongoing Responsibilities

---

### Accommodating Members with Disabilities

All providers, including ForwardHealth providers, operating an existing public accommodation have requirements under [Title III of the Americans with Disabilities Act of 1990 \(nondiscrimination\)](#).

### Change in Ownership

New certification materials, including a provider agreement, must be completed whenever a change in ownership occurs. ForwardHealth defines a "change in ownership" as when a different party purchases (buys out) or otherwise obtains ownership or effective control over a practice or facility. Examples of a change in ownership include the following:

- A sole proprietorship transfers title and property to another party.
- Two or more corporate clinics or centers consolidate and a new corporate entity is created.
- There is an addition, removal, or substitution of a partner in a partnership.
- An incorporated entity merges with another incorporated entity.
- An unincorporated entity (sole proprietorship or partnership) becomes incorporated.

The following provider types require Medicare enrollment and/or [DQA certification](#) for Wisconsin Medicaid certification change in ownerships:

- Ambulatory surgery centers.
- ESRD services providers.
- Federally qualified health centers.
- Home health agencies.
- Hospice providers.
- Hospitals (inpatient and outpatient).
- Nursing homes.
- Outpatient rehabilitation facilities.
- Rehabilitation agencies.
- RHCs.

All changes in ownership must be reported in writing to ForwardHealth and new certification materials must be completed *before* the effective date of the change. The affected provider numbers should be noted in the letter. When the change in ownership is complete, the provider(s) will receive written notification of his or her provider number and the new Medicaid certification effective date in the mail.

Providers with questions about change in ownership should call [Provider Services](#).

### Repayment Following Change in Ownership

Medicaid-certified providers who sell or otherwise transfer their business or business assets are required to repay ForwardHealth for any erroneous payments or overpayments made to them by Wisconsin Medicaid. If necessary, the provider to whom a transfer of ownership is made will also be held liable by ForwardHealth for repayment. Therefore, prior to final transfer of ownership, the provider acquiring the business is responsible for contacting ForwardHealth to ascertain if he or she is liable under this provision.

The provider acquiring the business is responsible for making payments within 30 days after receiving notice from the DHS that the amount shall be repaid in full.

Providers may send inquiries about the determination of any pending liability on the part of the owner to the following address:

Division of Health Care Access and Accountability  
Bureau of Program Integrity  
PO Box 309  
Madison WI 53701-0309

ForwardHealth has the authority to enforce these provisions within four years following the transfer of a business or business assets. Refer to [s. 49.45\(21\)](#), Wis. Stats., for complete information.

### Civil Rights Compliance (Nondiscrimination)

Providers are required to comply with all federal laws relating to Title XIX of the Social Security Act and state laws pertinent to ForwardHealth, including the following:

- Title VI and VII of the Civil Rights Act of 1964.
- The Age Discrimination Act of 1975.
- Section 504 of the Rehabilitation Act of 1973.
- The ADA of 1990.

The previously listed laws require that all health care benefits under ForwardHealth be provided on a nondiscriminatory basis. No applicant or member can be denied participation in ForwardHealth or be denied benefits or otherwise subjected to discrimination in any manner under ForwardHealth on the basis of race, color, national origin or ancestry, sex, religion, age, disability, or association with a person with a disability.

Any of the following actions may be considered discriminatory treatment when based on race, color, national origin, disability, or association with a person with a disability:

- Denial of aid, care, services, or other benefits.
- Segregation or separate treatment.
- Restriction in any way of any advantage or privilege received by others. (There are some program restrictions based on eligibility classifications.)
- Treatment different from that given to others in the determination of eligibility.
- Refusing to provide an oral language interpreter to persons who are considered LEP at no cost to the LEP individual in order to provide meaning access.
- Not providing translation of vital documents to the LEP groups who represent five percent or 1,000, whichever is smaller, in the provider's area of service delivery.

*Note:* Limiting practice by age is not age discrimination and specializing in certain conditions is not disability discrimination. For further information, see 45 CFR Part 91.

Providers are required to be in compliance with the previously mentioned laws as they are currently in effect or amended. Providers who employ 25 or more employees and receive \$25,000 or more annually in Medicaid reimbursement are also required to comply with the DHS [Affirmative Action and Civil Rights Compliance Plan](#) requirements. Providers that employ less than 25 employees and receive less than \$25,000 annually in Medicaid reimbursement are required to comply by submitting a Letter of Assurance and other appropriate forms.

Providers without Internet access may obtain copies of the DHS Affirmative Action and Civil Rights Compliance Plan (including the Letter of Assurance and other forms) and instructions by calling the Affirmative Action and Civil Rights Compliance Officer at (608) 266-9372. Providers may also write to the following address:

AA/CRC Office  
1 W Wilson St Rm 561  
PO Box 7850  
Madison WI 53707-7850

For more information on the acts protecting members from discrimination, refer to the civil rights compliance information in the Enrollment and Benefits booklet. The booklet is given to new ForwardHealth members by local county or tribal agencies. Potential ForwardHealth members can request the booklet by calling [Member Services](#).

## Title VI of the Civil Rights Act of 1964

This act requires that all benefits be provided on a nondiscriminatory basis and that decisions regarding the provision of services be made without regard to race, color, or national origin. Under this act, the following actions are prohibited, if made on the basis of race, color, or national origin:

- Denying services, financial aid, or other benefits that are provided as a part of a provider's program.
- Providing services in a manner different from those provided to others under the program.
- Aggregating or separately treating clients.
- Treating individuals differently in eligibility determination or application for services.
- Selecting a site that has the effect of excluding individuals.
- Denying an individual's participation as a member of a planning or advisory board.
- Any other method or criteria of administering a program that has the effect of treating or affecting individuals in a discriminatory manner.

## Title VII of the Civil Rights Act of 1964

This act prohibits differential treatment, based solely on a person's race, color, sex, national origin, or religion, in the terms and conditions of employment. These conditions or terms of employment are failure or refusal to hire or discharge compensation and benefits, privileges of employment, segregation, classification, and the establishment of artificial or arbitrary barriers to employment.

## Federal Rehabilitation Act of 1973, Section 504

This act prohibits discrimination in both employment and service delivery based solely on a person's disability.

This act requires the provision of reasonable accommodations where the employer or service provider cannot show that the accommodation would impose an undue hardship in the delivery of the services. A reasonable accommodation is a device or service modification that will allow the disabled person to receive a provider's benefits. An undue hardship is a burden on the program that is not equal to the benefits of allowing that handicapped person's participation.

A handicapped person means any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment.

In addition, Section 504 requires "program accessibility," which may mean building accessibility, outreach, or other measures that allow for full participation of the handicapped individual. In determining program accessibility, the program or activity will be viewed in its entirety. In choosing a method of meeting accessibility requirements, the provider shall give priority to those methods that offer a person who is disabled services that are provided in the most integrated setting appropriate.

## Americans with Disabilities Act of 1990

Under Title III of the ADA of 1990, any provider that operates an existing public accommodation has four specific requirements:

1. Remove barriers to make his or her goods and services available to and usable by people with disabilities to the extent that it is readily achievable to do so (i.e., to the extent that needed changes can be accomplished without much difficulty or expense).
2. Provide auxiliary aids and services so that people with sensory or cognitive disabilities have access to effective means of communication, unless doing so would fundamentally alter the operation or result in undue burdens.
3. Modify any policies, practices, or procedures that may be discriminatory or have a discriminatory effect, unless doing so would fundamentally alter the nature of the goods, services, facilities, or accommodations.
4. Ensure that there are no unnecessary eligibility criteria that tend to screen out or segregate individuals with disabilities or limit their full and equal enjoyment of the place of public accommodation.

## Age Discrimination Act of 1975

The Age Discrimination Act of 1975 prohibits discrimination on the basis of age in programs and activities receiving federal financial assistance. The Act, which applies to all ages, permits the use of certain age distinctions and factors other than age that meet the Act's requirements.

## Contracted Staff

Under a few circumstances (e.g., personal care, case management services), providers may contract with non-Medicaid certified agencies for services. Providers are legally, programmatically, and fiscally responsible for the services provided by their contractors and their contractor's services.

When contracting services, providers are required to monitor the contracted agency to ensure that the agency is meeting member needs and adhering to ForwardHealth requirements.

Providers are also responsible for informing a contracted agency of ForwardHealth requirements. Providers should refer those with whom they contract for services to ForwardHealth publications for program policies and procedures. ForwardHealth references and publications include, but are not limited to, the following:

- Wisconsin Administrative Code.
- *ForwardHealth Updates*.
- The Online Handbook.

Providers should encourage contracted agencies to visit the ForwardHealth Portal regularly for the most current information.

## Examples of Ongoing Responsibilities

Responsibilities for which providers are held accountable are described throughout the Online Handbook. Medicaid-certified providers have responsibilities that include, but are not limited to, the following:

- Providing the same level and quality of care to ForwardHealth members as private-pay patients.
- Complying with all state and federal laws related to ForwardHealth.
- Obtaining PA for services, when required.
- Notifying members in advance if a service is not covered by ForwardHealth and the provider intends to collect payment from the member for the service.

- Maintaining accurate medical and billing records.
- Retaining preparation, maintenance, medical, financial records, along with other documentation, for a period of not less than five years from the date of payment, except rural health clinic providers who are required to retain records for a minimum of six years from the date of payment.
- Billing only for services that were actually provided.
- Allowing a member access to his or her records.
- Monitoring contracted staff.
- Accepting Medicaid reimbursement as payment in full for covered services.
- Keeping provider information (i.e., address, business name) current.
- Notifying ForwardHealth of changes in ownership.
- Responding to Medicaid recertification notifications.
- Safeguarding member confidentiality.
- Verifying member enrollment.
- Keeping up-to-date with changes in program requirements as announced in ForwardHealth publications.

## Keeping Information Current

### Types of Changes

Providers are required to notify ForwardHealth of changes, including the following:

- Address(s) — practice location and related information, mailing, PA, and/or financial.
- Telephone number, including area code.
- Business name.
- Contact name.
- Federal Tax ID number (IRS number).
- Group affiliation.
- Licensure.
- Medicare NPI for health care providers or Medicare provider number for providers of *non-healthcare* services.
- Ownership.
- Professional certification.
- Provider specialty.
- Supervisor of nonbilling providers.

Failure to notify ForwardHealth of changes may result in the following:

- Incorrect reimbursement.
- Misdirected payment.
- Claim denial.
- Suspension of payments in the event that provider mail is returned to ForwardHealth for lack of a current address.

Entering new information on a claim form or PA request is *not* adequate notification of change.

### Address Changes

Healthcare providers who are federally required to have an NPI are cautioned that changes to their practice location address on file with ForwardHealth may alter their ZIP+4 code information that is required on transactions.

## Submitting Changes in Address or Status

Once certified, providers are required to submit changes in address or status as they occur, either through the Portal or on paper.

### ForwardHealth Portal Submission

After establishing a provider account on the ForwardHealth Portal, providers may make changes to their demographic information online. Changes made through the Portal instantly update the provider's information in ForwardHealth interChange. In addition, since the provider is allowed to make changes directly to his or her information, the process does not require re-entry by ForwardHealth.

Providers should note, however, that the demographic update function of the Portal limits certain providers from modifying some types of information. Providers who are not able to modify certain information through the Portal may make these changes using the [Provider Change of Address or Status](#) form.

### Paper Submission

Providers must use the Provider Change of Address or Status form. Copies of old versions of this form will not be accepted and will be returned to the provider so that he or she may complete the current version of the form or submit changes through the Portal.

## Change Notification Letter

When a change is made to certain provider information, either through the use of the Provider Change of Address or Status form or through the Portal, ForwardHealth will send a letter notifying the provider of the change(s) made. Providers should carefully review the Provider File Information Change Summary included with the letter. If any information on this summary is incorrect, providers may do one of the following:

- If the provider made an error while submitting information on the Portal, he or she should correct the information through the Portal.
- If the provider submitted incorrect information using the Provider Change of Address or Status form, he or she should either submit a corrected form or correct the information through the Portal.
- If the provider submitted correct information on the Provider Change of Address or Status form and believes an error was made in processing, he or she can contact [Provider Services](#) to have the error corrected or submit the correct information via the Portal.

## Notify Division of Quality Assurance of Changes

Providers licensed or certified by the DQA are required to notify the DQA of changes to physical address, changes of ownership, and facility closures by calling (608) 266-8481.

Providers licensed or certified by the DQA are required to notify the DQA of these changes *before* notifying ForwardHealth. The DQA will then forward the information to ForwardHealth.

## Legal Framework

The following laws and regulations provide the legal framework for BadgerCare Plus, Medicaid, and Wisconsin Well Woman Medicaid:

- Federal Law and Regulation:
  - Law — United States Social Security Act; Title XIX (42 US Code ss. 1396 and following) and Title XXI.
  - Regulation — Title 42 CFR Parts 430-498 and Parts 1000-1008 (Public Health).
- Wisconsin Law and Regulation:
  - Law — Wisconsin Statutes: [49.43-49.499](#), [49.665](#), and [49.473](#).
  - Regulation — Wisconsin Administrative Code, Chapters [DHS 101](#), [102](#), [103](#), [104](#), [105](#), [106](#), [107](#), and [108](#).

Laws and regulations may be amended or added at any time. Program requirements may not be construed to supersede the provisions of these laws and regulations.

The information included in the ForwardHealth Portal applies to BadgerCare Plus, Medicaid, and Wisconsin Well Woman Medicaid. BadgerCare Plus, Medicaid, and Wisconsin Well Woman Medicaid are administered by the DHS. Within the DHS, the DHCAA is directly responsible for managing these programs.

## HealthCheck Services

Section [49](#), Wis. Stats. and [DHS 105](#), Wis. Admin. Code, provide the legal framework for HealthCheck services.

## Prescription

---

### Disposable Medical Supplies and Durable Medical Equipment

All DME and DMS require a physician or physician assistant prescription signed and dated by the prescriber except for the following DMS:

- Hearing instrument accessories.
- Hearing instrument batteries.
- Hearing instrument repairs.

Prescribers are reminded that they are required to determine that all DME and DMS items are medically necessary before a prescription is written. More information about coverage and limitations is available under the [DMS](#) and [DME](#) service areas of this Online Handbook.

### Breast Pumps

Wisconsin Medicaid reimburses for the prescribing of breast pumps as part of an E&M office visit. Physicians are required to document clinical requirements of an individual's need for a breast pump. Wisconsin Medicaid requires the following criteria be met:

- The member recently delivered a baby and a physician has ordered or recommended mother's breast milk for the infant.
- Documentation indicates there is the potential for adequate milk production.
- Documentation indicates there is a long-term need for and planned use of the breast pump to obtain a milk supply for the infant.
- The member is capable of being trained to use the breast pump as indicated by the physician or provider.
- Current or expected physical separation of mother and infant would make breastfeeding difficult (e.g., illness, hospitalization, work), or there is difficulty with "latch on" due to physical, emotional, or developmental problems of the mother or infant.

The optional [Breast Pump Order](#) form is to be completed by the provider, given to the provider of the breast pump, and kept in the member's medical record.

Physicians or nurse practitioners may prescribe breast pumps for members that can then be obtained through a Medicaid-certified DME provider or pharmacy. Wisconsin Medicaid does not reimburse prescribing providers for supplying breast pumps, unless they are also Medicaid certified as a DME provider or a pharmacy.

## Drugs

Most legend and certain OTC drugs are covered. (A legend drug is one whose outside package has the legend or phrase "Caution, federal law prohibits dispensing without a prescription" printed on it.)

Coverage for some drugs may be restricted by one of the following policies:

- PDL.
- PA.
- Brand medically necessary drugs that require PA.
- Diagnosis-restricted drugs.
- Age-restricted and gender-restricted drugs.

Prescribers are encouraged to write prescriptions for drugs that do not have restrictions; however, processes are available to obtain reimbursement for medically necessary drugs that do have restrictions.

For the most current prescription drug information, refer to the [Pharmacy Data Tables](#). Providers may also call [Provider Services](#) for more information.

### Contraceptives

Contraceptives are covered for females who are 10 through 65 years of age.

ForwardHealth has adopted the gender restriction coding from [First DataBank](#). The gender restrictions are automatically updated by First DataBank.

### Preferred Drug List

Most preferred drugs on the [PDL](#) do *not* require PA, although these drugs may have other restrictions (e.g., age, diagnosis); non-preferred drugs *do* require PA. Prescribers are encouraged to write prescriptions for preferred drugs; however, a PA process is available for non-preferred drugs if the drugs are medically

necessary. Prescribers are encouraged to try more than one preferred drug, if medically appropriate for the member, before prescribing a non-preferred drug.

### Prescriber Responsibilities for Non-Preferred Drugs

If a non-preferred drug is medically necessary, the prescriber is required to complete the appropriate [PA/PDL](#) form and submit it to the dispensing provider. PA/PDL forms allow the prescriber to document that the member meets one of the clinical criteria requirements for PA approval.

Clinical criteria for approval of a PA request for a non-preferred drug must include one of the following:

- A treatment failure with a preferred drug.
- A condition that prevents the use of a preferred drug(s).
- A clinically significant drug interaction with another medication and a preferred drug(s).
- An intolerable side effect experienced when using a preferred drug(s).

If the member's condition does not meet one of the clinical criterion, a PA request and peer-reviewed medical literature must be submitted to ForwardHealth, not the dispensing provider.

Prescribers are required to complete a new PA/PDL form for each non-preferred drug and provide enough clinical information so that pharmacy providers can request and obtain PA both for new prescriptions and for refills on existing prescriptions for non-preferred drugs.

If a PA/PDL form is not sent to the pharmacy provider for an existing prescription of a non-preferred drug or does not accompany a new prescription for a non-preferred drug, the pharmacy provider must contact the prescriber to obtain a completed copy of the form. Prescribers may choose to change the prescription to a preferred drug if medically appropriate for the member.

A completed PA/PDL form may be sent by mail or fax to the pharmacy provider where the prescription will be filled, or the prescriber may send a completed copy of the form with the member to the pharmacy provider. Prescribers should *not* send prescription drug PA forms directly to ForwardHealth. The pharmacy provider will use the completed form to submit a PA request to ForwardHealth. Prescribers and pharmacy providers are required to retain a completed copy of the form.

### Diagnosis-Restricted Drugs

Prescribers are required to include a diagnosis description on prescriptions for those [drugs that are diagnosis-restricted](#).

### Brand Medically Necessary Drugs

The prescriber is required to document specific details about the previous treatment(s) with generic equivalent drugs, including the dose of medication and the approximate dates the generic equivalent drugs were taken. In most circumstances, it will be necessary for a member to try more than one generic equivalent drug before a brand medically necessary PA request may be approved by ForwardHealth.

Prescribers are required to do the following when prescribing brand medically necessary legend drugs:

- Provide a prescription with "Brand Medically Necessary" written in the prescriber's own handwriting and written directly on the prescription or on the face of each new prescription or on a separate order attached to the original prescription. Typed certification, signature stamps, or certification handwritten by someone other than the prescriber does not satisfy this requirement.
- Complete a [PA/BMNA](#). Documentation on the PA/BMNA must indicate how the brand-name drug will prevent recurrence of the adverse or allergic reaction or therapeutic failure.
- Submit the prescription and PA/BMNA to the pharmacy where the prescription will be filled. Prescribers should *not* send prescription drug PA forms directly to ForwardHealth. The pharmacy is required to complete the [PA/RF](#) and submit the PA/BMNA, the PA/RF, and a copy of the prescription to ForwardHealth.

Prescribers are required to submit a new PA/BMNA only when prescribing a new brand medically necessary drug. Pharmacy providers may contact prescribers to request that the prescriber complete the PA/BMNA if one has not already been completed.

Criteria for approval of a PA request for a brand medically necessary drug to include the following:

- Treatment failure(s) with the generic equivalent drug(s).
- Clinically significant adverse drug reaction(s) to the generic equivalent drug(s).
- Allergic reaction(s) to the generic equivalent drug(s).
- A medical condition that causes a contraindication to the use of the generic equivalent drug(s).

### Titration of Brand Medically Necessary Drugs

Prescribers who titrate a brand medically necessary drug for a member may request more than one strength of the drug on the PA/BMNA. Prescribers should

include a prescription for each strength of the titrated brand medically necessary drug with the PA/BMNA.

## Prior Authorization for Alpha-1 Proteinase Inhibitor Drugs

Although pharmacy providers are responsible for obtaining PA for drugs that are on the brand medically necessary list or the PDL, prescribers may be asked to provide clinical information to support the medical necessity for alpha-1 proteinase inhibitor drugs (Prolastin and Aralast).

## Prescribing Drugs Manufactured by Companies Who Have Not Signed the Rebate Agreement

By federal law, pharmaceutical manufacturers who participate in state Medicaid programs must sign a rebate agreement with the Centers for Medicare and Medicaid Services. BadgerCare Plus, Medicaid, and SeniorCare will cover legend and specific categories of OTC products of manufacturers who have signed a rebate agreement.

*Note:* SeniorCare does not cover OTC drugs, except insulin.

ForwardHealth has identified [drug manufacturers who have signed the rebate agreement](#). By signing the rebate agreement, the manufacturer agrees to pay ForwardHealth a rebate equal to a percentage of its "sales" to ForwardHealth.

Drugs of companies choosing not to sign the rebate agreement, with few exceptions, are not covered. A Medicaid-certified pharmacy can confirm for prescribers whether or not a particular drug manufacturer has signed the agreement.

## Members Enrolled in the BadgerCare Plus Standard Plan, Medicaid, or SeniorCare (Levels 1 and 2a)

BadgerCare Plus, Medicaid, and SeniorCare levels 1 and 2a may cover certain FDA-approved legend drugs through the PA process even though the drug manufacturers did not sign rebate agreements.

To submit a PA request for a drug without a signed rebate agreement, the prescriber should complete and submit the Prior Authorization/Drug Attachment (PA/DGA), F-11049 (10/08), to the pharmacy where the drug will be dispensed. Pharmacies should complete the Prior Authorization Request Form (PA/RF), F-11018 (10/08), and submit both forms and any supporting documentation to ForwardHealth. Prior authorizations can be submitted by paper, fax, or on the ForwardHealth Portal.

Included with the PA, the prescriber is required to submit documentation of medical necessity and cost-effectiveness that the non-rebated drug is the only available and medically appropriate product for treating the member. The documentation must include the following:

- A copy of the medical record or documentation of the medical history detailing the member's medical condition and previous treatment results.
- Documentation by the prescriber that shows why other drug products have been ruled out as ineffective or unsafe for the member's medical condition.
- Documentation by the prescriber that shows why the non-rebated drug is the most appropriate and cost-effective drug to treat the member's medical condition

If a PA request for a drug without a signed manufacturer rebate is approved, claims for drugs without a signed rebate agreement must be submitted on paper. Providers should complete and submit the [Noncompound Drug Claim](#) indicating the actual NDC of the drug with the [Pharmacy Special Handling Request Form](#).

If a PA request for a drug without a signed manufacturer rebate is denied, the service is considered noncovered.

## SeniorCare (Levels 2b and 3)

Prior Authorization is not available for drugs from manufacturers without a separate, signed SeniorCare rebate agreement for members in levels 2b and 3. Prior authorization requests submitted for drugs without a separate, signed SeniorCare rebate agreement for members in levels 2b and 3 will be returned to the providers unprocessed and the service will be noncovered. Members do not have appeal rights regarding returned PA requests for noncovered drugs.

## The BadgerCare Plus Benchmark, the BadgerCare Plus Core Plan, and the BadgerCare Plus Basic Plan

PA is not available for drugs that are not included on the [BadgerCare Plus Benchmark National Drug Code List](#), [BadgerCare Plus Core Plan National Drug Code List](#), [BadgerCare Plus Basic Plan National Drug Code List](#), and the [BadgerCare Plus Core Plan Brand Name Drugs — Quick Reference](#). PA requests submitted for noncovered drugs will be returned to providers unprocessed and the services are noncovered. Members do not have appeal rights regarding returned PA requests for noncovered drugs.

## Drug Utilization Review System

The federal Omnibus Budget Reconciliation Act of 1990 (42 CFR Parts 456.703 and 456.705) called for a DUR program for all Medicaid-covered drugs to improve the quality and cost-effectiveness of member care. ForwardHealth's prospective DUR system assists pharmacy providers in screening certain drug categories for clinically important potential drug therapy problems before the prescription is dispensed to the member. The DUR system checks the member's entire drug history regardless of where the drug was dispensed or by whom it was prescribed.

Diagnoses from medical claims are used to build a medical profile for each member. The prospective DUR system uses this profile to determine whether a prescribed drug may be inappropriate or harmful to the member. It is very important that prescribers provide up-to-date medical diagnosis information about members on medical claims to ensure complete and accurate member profiles, particularly in cases of disease or pregnancy.

*Note:* The prospective DUR system does not dictate which drugs may be dispensed; prescribers and pharmacists must exercise professional judgment.

### **Prospective Drug Utilization Review's Impact on Prescribers**

If a pharmacist receives an alert, a response is required before the drug can be dispensed to the member. This may require the pharmacist to contact the prescriber for additional information to determine if the prescription should be filled as written, modified, or cancelled. Prescribers should respond to inquiries, such as telephone calls or faxes, related to prescribed drugs from pharmacy providers.

## **Drugs with Three-Month Supply Requirement**

ForwardHealth has identified a [list of drugs](#) for which pharmacy providers are required to dispense a three-month supply. The same list includes drugs that may be (but are not required to be) dispensed in a three-month supply.

### **Member Benefits**

When it is appropriate for the member's medical condition, a three-month supply of a drug benefits the member in the following ways:

- Aiding compliance in taking prescribed medications.
- Reducing the cost of member copayments.
- Requiring fewer trips to the pharmacy.
- Allowing the member to obtain a larger quantity of a drug for a chronic condition (e.g., hypertension).

Prescribers are encouraged to write prescriptions for a three-month supply when appropriate for the member.

### **Prescription Quantity**

A prescriber is required to indicate the appropriate quantity on the prescription to allow the dispensing provider to dispense the maintenance drug in a three-month supply. For example, if the prescription is written for "Phenytoin 100 mg., take one capsule three times daily," the dispensing provider may dispense up to 300 capsules as long as the prescriber has indicated a three-month supply quantity on the prescription.

Pharmacy providers are not required to contact prescribers to request a new prescription for a three-month supply if a prescription has been written as a one-month supply with multiple or as needed (i.e., PRN) refills.

ForwardHealth will not audit or recoup three-month supply claims if a pharmacy provider changes a prescription written as a one-month supply with refills as long as the total quantity dispensed per prescription does not exceed the total quantity authorized by the prescriber.

## **Prescription Mail Delivery**

Current Wisconsin law permits Wisconsin Medicaid-certified retail pharmacies to deliver prescriptions to members via the mail. Wisconsin Medicaid-certified retail pharmacies may dispense and mail any prescription or OTC medication to a Medicaid fee-for-service member at no additional cost to the member or Wisconsin Medicaid.

Providers are encouraged to use the mail delivery option if requested by the member, particularly for prescriptions filled for a three-month supply.

## **Noncovered Drugs**

The following drugs are not covered:

- Drugs that are identified by the Food and Drug Administration as LTE or identical, related, or similar to LTE drugs.
- Drugs identified on the Wisconsin Negative Formulary.
- Drugs manufactured by companies who have not signed the rebate agreement.
- Drugs to treat the condition of ED. Examples of noncovered drugs for ED are Viagra® and Cialis®.

## SeniorCare

[SeniorCare](#) is a prescription drug assistance program for Wisconsin residents who are 65 years of age or older and meet eligibility criteria. SeniorCare is modeled after Wisconsin Medicaid in terms of drug coverage and reimbursement, although there are a few differences. Unlike Medicaid, SeniorCare does not cover OTC drugs other than insulin.

## ePocrates

Providers may also access the Medicaid, BadgerCare Plus, and SeniorCare PDL through ePocrates. ePocrates' products provide clinical reference information specifically for health care providers to use at the point of care. Prescribers and pharmacy providers (e.g., pharmacies, dispensing physicians, FQHCs, blood banks) who use PDAs can subscribe and download the PDL from the [ePocrates' Web site](#).

## General Requirements

It is vital that prescribers provide adequate supporting clinical documentation for a pharmacy or other dispensing providers to fill a prescription. Except as otherwise provided in federal or state law, a prescription must be in writing or given orally and later reduced to writing by the provider filling the prescription. The prescription must include the following information:

- The name, strength, and quantity of the drug or item prescribed.
- The service required, if applicable.
- The date of issue of the prescription.
- The prescriber's name and address.
- The member's name and address.
- The prescriber's signature (if the prescriber writes the prescription) and date signed.
- The directions for use of the prescribed drug, item, or service.

## Drug Enforcement Agency Number Audits

All prescriptions for controlled substances must indicate the DEA number of the prescriber on all prescriptions. DEA numbers are not required on claims or PAs.

## Members in Hospitals and Nursing Homes

For hospital and nursing home members, prescriptions must be entered into the medical and nursing charts and must include the previously listed information. Prescription orders are valid for no more than one year from the date of the prescription except for controlled substances and prescriber-limited refills that are valid for shorter periods of time.

## Tamper-Resistant Prescription Pad Requirement

Section 7002(b) of the U.S. Troop Readiness, Veterans' Care, Katrina Recovery, and Iraq Accountability Appropriations Act of 2007 imposed a requirement on prescriptions paid for by Medicaid, SeniorCare, or BadgerCare fee-for-service. The law requires that all written or computer-generated prescriptions that are given to a patient to take to a pharmacy must be written or printed on tamper-resistant prescription pads or tamper-resistant computer paper. This requirement applies to prescriptions for both controlled and noncontrolled substances.

All other Medicaid policies and procedures regarding prescriptions continue to apply.

## Required Features for Tamper-Resistant Prescription Pads or Computer Paper

As of October 1, 2008, to be considered tamper-resistant, federal law requires that prescription pads/paper contain all three of the following characteristics:

- One or more industry-recognized features designed to prevent unauthorized copying of a completed or blank prescription form.
- One or more industry-recognized features designed to prevent the erasure or modification of information written on the prescription by the prescriber.
- One or more industry-recognized features designed to prevent the use of counterfeit prescription forms.

## Exclusions to Tamper-Resistant Prescription Pad Requirement

The following are exclusions to the tamper-resistant prescription pad requirement:

- Prescriptions faxed directly from the prescriber to the pharmacy.
- Prescriptions electronically transmitted directly from the prescriber to the pharmacy.

- Prescriptions telephoned directly from the prescriber to the pharmacy.
- Prescriptions provided to members in nursing facilities, intermediate care facilities for the mentally retarded, and other specified institutional and clinical settings to the extent that drugs are part of their overall rate. However, written prescriptions filled by a pharmacy outside the walls of the facility are subject to the tamper-resistant requirement.

## Obtaining Free Prescription Pads

The Wisconsin DHS has made available a limited supply of free prescription pads through its contracted vendor, Standard Register. Medicaid-certified prescribers may request up to five free prescription pads. There is a limited supply of the free pads available, and they will be distributed as requests are received. Providers are required to pay the shipping costs for the free pads.

Providers are not required to use the state-supplied prescription pads to be compliant with the tamper-resistant prescription pad requirement.

To request the free tamper-resistant prescription pads, providers must complete and submit an order form to [Standard Register](#). The order form is available for download from the Standard Register Web site. Completed orders may be faxed or placed over the telephone to Standard Register at the following numbers:

- Fax — (866) 869-3971.
- Telephone — (866) 741-8488.

## 72-Hour Grace Period

Prescriptions presented by patients on non-tamper-resistant pads or paper may be dispensed and considered compliant if the pharmacy receives a compliant prescription order within 72 hours.

## Coordination of Benefits

The federal law imposing these new requirements applies even when ForwardHealth is the secondary payer.

## Retroactive Medicaid Eligibility

If a patient becomes retroactively eligible for ForwardHealth, the federal law presumes that prescriptions retroactively dispensed were compliant. However, prospective refills will require a tamper-resistant prescription.

## Penalty for Noncompliance

Payment made to the pharmacy for a claim corresponding to a noncompliant order may be recouped, in full, by ForwardHealth.

## Provider Numbers

---

### National Provider Identifier

Health care providers are required to indicate an NPI on electronic and paper transactions submitted to ForwardHealth.

The NPI is a 10-digit number obtained through NPPES.

Providers should ensure that they have obtained an appropriate NPI to correspond to their certification.

There are two kinds of NPIs:

- Entity Type 1 NPIs are for individuals who provide health care, such as physicians, dentists, and chiropractors.
- Entity Type 2 NPIs are for organizations that provide health care such as hospitals, group practices, pharmacies, and home health agencies.

It is possible for a provider to qualify for both Entity Type 1 and Entity Type 2 NPIs. For example, an individual physical therapist may also be the owner of a therapy group that is a corporation and have two Wisconsin Medicaid certifications — one certification as an individual physical therapist and the other certification as the physical therapy group. A Type 1 NPI for the individual certification and a Type 2 NPI for the group certification are required.

NPIs and classifications may be viewed on the [NPPES Web site](#). The [Centers for Medicare and Medicaid Services Web site](#) includes more Type 1 and Type 2 NPI information.

Some providers hold multiple certifications with ForwardHealth. For example, a health care organization may be certified according to the type of services their organization provides (e.g., physician group, therapy group, home health agency) or the organization may have separate certification for each practice location. ForwardHealth maintains a separate provider file for each certification that stores information used for processing electronic and paper transactions (e.g., provider type and specialty, certification begin and end dates). When a single NPI is reported for multiple certifications, ForwardHealth requires additional data to identify the provider and to determine the correct provider file to use when processing transactions.

Either or both of the following additional data is required with NPI when a single NPI corresponds to multiple certifications:

- The [ForwardHealth-designated taxonomy code](#).
- ZIP+4 code (complete, nine digits) that corresponds to the practice location address on file with ForwardHealth.

Omission of the additional required data will cause claims and other transactions to be denied or delayed in processing.

### Taxonomy Codes

Taxonomy codes are standard code sets used to provide information about provider type and specialty for the provider's certification. Providers are required to use the taxonomy code designated by ForwardHealth when the NPI reported to ForwardHealth corresponds to multiple certifications and the provider's practice location ZIP+4 code does not uniquely identify the provider.

ForwardHealth designates a taxonomy code as additional data to be used to correctly match NPI to the correct provider file. The designated taxonomy code may be different than the taxonomy code providers originally submitted to [NPPES](#) when obtaining their NPI as not all national taxonomy code options are recognized by ForwardHealth. For example, some taxonomy codes may correspond to provider types not certifiable with ForwardHealth, or they may represent services not covered by ForwardHealth.

Omission of a taxonomy code when it is required as additional data to identify the provider or indicating a taxonomy code that is not designated by ForwardHealth will cause claims and other transactions to be denied or delayed in processing.

Refer to the [ForwardHealth-designated taxonomy codes](#) for the appropriate taxonomy code for your certification.

*Note:* The ForwardHealth-designated taxonomy code does not change provider certification or affect reimbursement terms.

### ZIP Code

The ZIP+4 code is the ZIP code of a provider's practice location address on file with ForwardHealth. Providers are required to use the ZIP+4 code when the NPI reported to ForwardHealth corresponds to multiple certifications and the designated taxonomy code does not uniquely identify the provider.

Omission of the ZIP+4 code of the provider's practice location address when it is required as additional data to identify the provider will cause claims and other

transactions to be denied or delayed in processing.

Providers may verify the ZIP+4 code for their address on the [U.S. Postal Service Web site](#).

## Provider Rights

---

### A Comprehensive Overview of Provider Rights

Medicaid-certified providers have certain rights including, but not limited to, the following:

- Limiting the number of members they serve in a nondiscriminatory way.
- Ending participation in Wisconsin Medicaid.
- Applying for a discretionary waiver or variance of certain rules identified in Wisconsin Administrative Code.
- [Collecting payment from a member under limited circumstances](#).
- Refusing services to a member if the member refuses or fails to present a ForwardHealth identification card. However, possession of a ForwardHealth card does not guarantee enrollment (e.g., the member may not be enrolled, may be enrolled only for limited benefits, or the ForwardHealth card may be invalid). Providers may confirm the current enrollment of the member by using one of the [EVS methods](#), including calling [Provider Services](#).

### Ending Participation

Providers other than home health agencies and nursing facilities may terminate participation in ForwardHealth according to [DHS 106.05](#), Wis. Admin. Code.

Providers choosing to withdraw should promptly notify their members to give them ample time to find another provider.

When withdrawing, the provider is required to do the following:

- Provide a written notice of the decision at least 30 days in advance of the termination.
- Indicate the effective date of termination.

Providers will not receive reimbursement for nonemergency services provided on and after the effective date of termination. Voluntary termination notices can be sent to the following address:

ForwardHealth  
 Provider Maintenance  
 6406 Bridge Rd  
 Madison WI 53784-0006

If the provider fails to specify an effective date in the notice of termination, ForwardHealth may terminate the provider on the date the notice is received.

### Hearing Requests

A provider who wishes to contest a DHS action or inaction for which due process is required under s. [227](#), Wis. Stats., may request a hearing by writing to the DHA.

A provider who wishes to contest the DHCAA's notice of intent to recover payment (e.g., to recoup for overpayments discovered in an audit by DHCAA) is required to request a hearing on the matter within the time period specified in the notice. The request, which must be in writing, should briefly summarize the provider's basis for contesting the DHS decision to withhold payment.

Refer to [DHS 106](#), Wis. Admin. Code, for detailed instructions on how to file an appeal.

If a timely request for a hearing is not received, the DHS may recover those amounts specified in its original notice from future amounts owed to the provider.

*Note:* Providers are not entitled to administrative hearings for billing disputes.

### Limiting the Number of Members

If providers choose to limit the number of members they see, they cannot accept a member as a private-pay patient. Providers should instead refer the member to another ForwardHealth provider.

Persons applying for or receiving benefits are protected against discrimination based on race, color, national origin, sex, religion, age, disability, or association with a person with a disability.

# Requesting Discretionary Waivers and Variances

In rare instances, a provider or member may apply for, and the DHCAA will consider applications for, a discretionary waiver or variance of certain rules in [DHS 102](#), [103](#), [104](#), [105](#), [107](#), and [108](#), Wis. Admin. Code. Rules that are not considered for a discretionary waiver or variance are included in [DHS 106.13](#), Wis. Admin. Code.

Waivers and variances are not available to permit coverage of services that are either expressly identified as noncovered or are not expressly mentioned in HFS 107, Wis. Admin. Code.

## Requirements

A request for a waiver or variance may be made at any time; however, all applications must be made in writing to the DHCAA. All applications are required to specify the following:

- The rule from which the waiver or variance is requested.
- The time period for which the waiver or variance is requested.
- If the request is for a variance, the specific alternative action proposed by the provider.
- The reasons for the request.
- Justification that all requirements for a discretionary waiver or variance would be satisfied.

The DHCAA may also require additional information from the provider or the member prior to acting on the request.

## Application

The DHCAA may grant a discretionary waiver or variance if it finds that all of the following requirements are met:

- The waiver or variance will not adversely affect the health, safety, or welfare of any member.
- Either the strict enforcement of a requirement would result in unreasonable hardship on the provider or on a member, or an alternative to a rule is in the interests of better care or management. An alternative to a rule would include a new concept, method, procedure or technique, new equipment, new personnel qualifications, or the implementation of a pilot project.
- The waiver or variance is consistent with all applicable state and federal statutes and federal regulations.
- Federal financial participation is available for all services under the waiver or variance, consistent with the Medicaid state plan, the federal CMS, and other applicable federal program requirements.
- Services relating to the waiver or variance are medically necessary.

To apply for a discretionary waiver or variance, providers are required to send their application to the following address:

Division of Health Care Access and Accountability  
 Waivers and Variances  
 PO Box 309  
 Madison WI 53701-0309

## Recertification

---

### An Overview

Each year approximately one-third of all Medicaid-certified providers undergo recertification. During provider recertification, providers update their information and sign the Wisconsin Medicaid Provider Agreement and Acknowledgement of Terms of Participation. Providers are required to complete the provider recertification process to continue their participation with Wisconsin Medicaid. For most providers, recertification will be conducted online at the ForwardHealth Portal. Providers will be notified when they need to be recertified and will be provided with instructions on how to complete the recertification process.

### Checking the Status of a Recertification Application

Providers may check the status of their recertification on the [ForwardHealth Portal](#) by entering the ATN from the Provider Recertification Notice and pressing "Search."

Providers will receive one of the following status responses:

- "Approved." ForwardHealth has reviewed the recertification materials and all requirements have been met. ForwardHealth is completing updates to provider files.
- "Awaiting Additional Info." ForwardHealth has reviewed the recertification materials and has requested additional information from the provider. Providers will receive a letter via mail when additional materials or information are required to complete processing of the recertification materials.
- "Awaiting Follow-On Documents." ForwardHealth requires additional paper documents to process the recertification. After the provider has submitted recertification information online via the Portal, the final screen will list additional documents the provider must mail to ForwardHealth. ForwardHealth cannot complete processing until these documents are received. This status is primarily used for SMV provider recertification.
- "Denied." The provider's recertification has been denied.
- "Failure to Recertify." The provider has not recertified by the established recertification deadline.
- "In Process." The recertification materials are in the process of being reviewed by ForwardHealth.
- "Paper Requested." The provider requested a paper recertification application and ForwardHealth has not received the paper application yet.
- "Recert Initiated." The Provider Recertification Notice and PIN letter have been sent to the provider. The provider has not started the recertification process yet.
- "Recertified." The provider has successfully completed recertification. There are no actions necessary by the provider.
- "Referred To DHS." ForwardHealth has referred the provider recertification materials to the State Certification Specialist for recertification determination.

### Notification Letters

Providers undergoing recertification will receive two important letters in the mail from ForwardHealth:

- The Provider Recertification Notice. This is the first notice to providers. The Provider Recertification Notice contains identifying information about the provider who is required to complete recertification, the recertification deadline, and the ATN assigned to the provider. The ATN is used when logging in to the ForwardHealth Portal to complete recertification and also serves as the tracking number when checking the status of the provider's recertification.
- The PIN letter. Providers will receive this notice a few days after the Provider Recertification Notice. The PIN letter will contain a recertification PIN and instructions on logging in to the Portal to complete recertification.

The letters are sent to the mailing address on file with Wisconsin Medicaid. Providers should read these letters carefully and keep them for reference. The letters contain information necessary to log in to the secure Recertification area of the Portal to complete recertification. If a provider needs to replace one of the letters, the recertification process will be delayed.

### Paper Recertification Applications

Providers who do not have internet access or who are not able to complete recertification via the ForwardHealth Portal should contact [Provider Services](#) to request a paper recertification application. Providers who request a paper application are required to complete the recertification process on paper and not online via the Portal to avoid duplicate recertification submissions.

### Recertification Completed by an Authorized Representative

A provider has several options for submitting information to the DHS, including electronic and Web-based submission methodologies that require the input of secure and discrete access codes but not written provider signatures.

The provider has sole responsibility for maintaining the privacy and security of any access code the provider uses to submit information to the DHS, and any individual who submits information using such access code does so on behalf of the provider, regardless of whether the provider gave the access code to the individual or had knowledge that the individual knew the access code or used it to submit information to the DHS.

## **Recertification on the ForwardHealth Portal**

### **Logging in to the Secure Recertification Area of the Portal**

Once a provider has received the Provider Recertification Notice and PIN letter, the provider may log in to the Recertification area of the ForwardHealth Portal to begin the recertification process.

The Recertification area of the Portal is not part of a Provider Portal account. Providers do not need a Provider Portal account to participate in recertification via the Portal. Providers are not able to access the Recertification area of the Portal by logging in to a Provider Portal account; providers must use the ATN from the Provider Recertification Notice and PIN from the PIN letter to log in to the Recertification area of the Portal.

The Portal will guide providers through the recertification process. On each screen, providers are required to complete or verify information.

### **Completing Recertification**

Providers are required to complete all of the recertification screens in a single session. The Portal will not save a provider's partial progress through the recertification screens. If a provider does not complete all of the recertification screens in a single session, the provider will be required to start over when logging in to the Recertification area of the Portal again.

It is important to read the final screen carefully and follow all instructions before exiting the recertification process. After exiting the recertification process, providers will not be able to retrieve the provider recertification documents for their records.

The final screen of the recertification process gives providers the option to print and save a PDF version of the recertification information submitted to ForwardHealth. Providers whose recertification is approved immediately will also be able to print a copy of the approval letter and the Provider Agreement signed by the DHS.

In other cases, the final screen will give providers additional instructions to complete recertification, such as the following:

- The recertification application requires review. Providers are mailed the approval letter and other materials when the application is approved.
- Some providers may be required to send additional paper documentation to ForwardHealth.

## Sanctions

---

### Intermediate Sanctions

According to [DHS 106.08\(3\)](#), Wis. Admin. Code, the DHS may impose intermediate sanctions on providers who violate certain requirements. Common examples of sanctions that the DHS may apply include the following:

- Review of the provider's claims before payment.
- Referral to the appropriate peer review organization, licensing authority, or accreditation organization.
- Restricting the provider's participation in BadgerCare Plus.
- Requiring the provider to correct deficiencies identified in a DHS audit.

Prior to imposing any alternative sanction under this section, the DHS will issue a written notice to the provider in accordance with [DHS 106.12](#), Wis. Admin. Code.

Any sanction imposed by the DHS may be appealed by the provider under DHS 106.12, Wis. Admin. Code. Providers may appeal a sanction by writing to the DHA.

### Involuntary Termination

The DHS may suspend or terminate the Medicaid certification of any provider according to [DHS 106.06](#), Wis. Admin. Code.

The suspension or termination may occur if both of the following apply:

- The DHS finds that any of the grounds for provider termination are applicable.
- The suspension or termination will not deny members access to services.

Reasonable notice and an opportunity for a hearing within 15 days will be given to each provider whose certification is terminated by the DHS. Refer to [DHS 106.07](#), Wis. Admin. Code, for detailed information regarding possible sanctions.

In cases where Medicare enrollment is required as a condition of certification with Wisconsin Medicaid, termination from Medicare results in automatic termination from Wisconsin Medicaid.

### Sanctions for Collecting Payment from Members

Under state and federal laws, if a provider inappropriately collects payment from an enrolled member, or authorized person acting on behalf of the member, that provider may be subject to program sanctions including termination of Medicaid certification. In addition, the provider may also be fined not more than \$25,000, or imprisoned not more than five years, or both, pursuant to 42 USC s. 1320a-7b(d) or [49.49\(3m\)](#), Wis. Stats.

There may be narrow exceptions on when providers may [collect payment from members](#).

### Withholding Payments

The DHS may withhold full or partial Medicaid provider payments without prior notification if, as the result of any review or audit, the DHS finds reliable evidence of fraud or willful misrepresentation.

"Reliable evidence" of fraud or willful misrepresentation includes, but is not limited to, the filing of criminal charges by a prosecuting attorney against the provider or one of the provider's agents or employees.

The DHS is required to send the provider a written notice within five days of taking this action. The notice will generally set forth the allegations without necessarily disclosing specific information about the investigation.

# Claims

2

Archive Date:07/01/2010

## Claims:Adjustment Requests

---

### Allowed Claim

An allowed claim (or adjustment request) contains at least one service that is reimbursable. Allowed claims display on the Paid Claims Section of the RA with a dollar amount greater than "0" in the allowed amount fields. Only an allowed claim, which is also referred to as a claim in an allowed status, may be adjusted.

### Denied Claim

A claim that was completely denied is considered to be in a denied status. To receive reimbursement for a claim that was completely denied, it must be corrected and submitted as a new claim.

### Electronic

Even if the original claim was submitted on paper, providers may submit electronic adjustment requests using an [837 transaction](#).

### Provider Electronic Solutions Software

The DHCAA offers electronic billing software at no cost to providers. The PES software allows providers to submit electronic adjustment requests using an 837 transaction. To obtain PES software, providers may [download it](#) or contact the [EDI Helpdesk](#).

### Follow-Up

Providers who believe an error has occurred or their issues have not been satisfactorily resolved have the following options:

- Submit a new adjustment request if the previous adjustment request is in an allowed status.
- Submit a new claim for the services if the adjustment request is in a denied status.
- Contact [Provider Services](#) for assistance with paper adjustment requests.
- Contact the [EDI Helpdesk](#) for assistance with electronic adjustment requests.

### Paper

Paper adjustment requests must be submitted using the [Adjustment/Reconsideration Request](#) form.

### Portal Claim Adjustments

Providers can submit claim adjustments via the Portal. Providers may use the search function to find the specific claim they would like to adjust. Once found, the provider can alter the claim to reflect the desired change and resubmit it to ForwardHealth. Any claim (excluding pharmacy) ForwardHealth has paid can be modified on the Portal and resubmitted, regardless of how the claim was originally submitted.

### Processing

Within 30 days of receipt, ForwardHealth generally reprocesses the original claim with the changes indicated on the adjustment request and responds on ForwardHealth remittance information.

### Purpose

After reviewing both the claim and ForwardHealth [remittance information](#), a provider may determine that an allowed claim needs to be adjusted. Providers may file adjustment requests for reasons including the following:

- To correct billing or processing errors.
- To correct inappropriate payments (overpayments and underpayments).
- To add and delete services.
- To supply additional information that may affect the amount of reimbursement.

- To request professional consultant review (e.g., medical, dental).

Providers may initiate reconsideration of an allowed claim by submitting an adjustment request to ForwardHealth.

## Submitting Paper Attachments with Electronic Claim Adjustments

Providers may submit [paper attachments to accompany electronic claim adjustments](#). Providers should refer to their [companion documents](#) for directions on indicating that a paper attachment will be submitted by mail.

## Good Faith Claims

---

### Definition

A good faith claim may be submitted when a claim is denied due to a discrepancy between the member's enrollment information in the claims processing system and the member's actual enrollment. If a member presents a temporary card or an EE card, BadgerCare Plus encourages providers to check the member's enrollment and, if the enrollment is not on file yet, make a photocopy of the member's temporary card or EE card. If Wisconsin's EVS indicates that the member is not enrolled in BadgerCare Plus, providers should check enrollment again in two days or wait one week to submit a claim to ForwardHealth. If the EVS indicates that the member still is not enrolled after two days, or if the claim is denied with an enrollment-related EOB code, providers should contact [Provider Services](#) for assistance.

## Overpayments

---

### Adjustment Request vs. Cash Refund

Except for nursing home and hospital providers, cash refunds may be submitted to ForwardHealth in lieu of an adjustment request. However, whenever possible, providers should submit an adjustment request for returning overpayments since both of the following are true:

- A cash refund does not provide documentation for provider records as an adjustment request does. (Providers may be required to submit proof of the refund at a later time.)
- Providers are not able to further adjust the claim after a cash refund is done if an additional reason for adjustment is determined.

### Adjustment Requests

When correcting an overpayment through an adjustment request, providers may submit the adjustment request electronically or on paper. Providers should not submit provider-based billing claims through adjustment processing channels.

ForwardHealth processes an adjustment request if the provider is all of the following:

- Medicaid certified on the DOS.
- Not currently under investigation for Medicaid fraud or abuse.
- Not subject to any intermediate sanctions under [DHS 106.08](#), Wis. Admin. Code.
- Claiming and receiving ForwardHealth reimbursement in sufficient amounts to allow the recovery of the overpayment within a very limited period of time. The period of time is usually no more than 60 days.

### Electronic Adjustment Requests

ForwardHealth will deduct the overpayment when the [electronic adjustment request](#) is processed. Providers should use the [companion document](#) for the appropriate 837 transaction when submitting adjustment requests.

### Paper Adjustment Requests

For [paper adjustment requests](#), providers are required to do the following:

- Submit an [Adjustment/Reconsideration Request](#) form through normal processing channels (not Timely Filing), regardless of the DOS.
- Indicate the reason for the overpayment, such as a duplicate reimbursement or an error in the quantity indicated on the claim.

After the paper adjustment request is processed, ForwardHealth will deduct the overpayment from future reimbursement amounts.

### Cash Refunds

When submitting a personal check to ForwardHealth for an overpayment, providers should include a copy of the RA for the claim to be adjusted and highlight the affected claim on the RA. If a copy of the RA is not available, providers should indicate the ICN, the NPI (if applicable), and the payee ID from the RA for the claim to be adjusted. The check should be sent to the following address:

ForwardHealth  
Financial Services Cash Unit  
6406 Bridge Rd  
Madison WI 53784-0004

### ForwardHealth-Initiated Adjustments

ForwardHealth may initiate an adjustment when a retroactive rate increase occurs or when an improper or excess payment has been made. ForwardHealth has the right to pursue overpayments resulting from computer or clerical errors that occurred during claims processing.

If ForwardHealth initiates an adjustment to recover overpayments, ForwardHealth remittance information will include details of the adjustment in the Claims Adjusted Section of the paper RA.

## Requirements

As stated in [DHS 106.04\(5\)](#), Wis. Admin. Code, the provider is required to refund the overpayment within 30 days of the date of the overpayment if a provider receives overpayment for a claim because of duplicate reimbursement from ForwardHealth or other health insurance sources.

In the case of all other overpayments (e.g., incorrect claims processing, incorrect maximum allowable fee paid), providers are required to return the overpayment within 30 days of the date of discovery.

The return of overpayments may occur through one of the following methods:

- Return of overpayment through the adjustment request process.
- Return of overpayment with a cash refund.
- Return of overpayment with a voided claim.
- ForwardHealth-initiated adjustments.

*Note:* Nursing home and hospital providers may not return an overpayment with a cash refund. These providers routinely receive retroactive rate adjustments, requiring ForwardHealth to reprocess previously paid claims to reflect a new rate. This is not possible after a cash refund is done.

## Voiding Claims

Providers may void claims on the ForwardHealth Portal to return overpayments. This way of returning overpayments may be a more efficient and timely way for providers as a voided claim is a complete recoupment of the payment for the entire claim. Once a claim is voided, the claim can no longer be adjusted; however, the services indicated on the voided claim may be resubmitted on a new claim.

## Responses

---

### An Overview of the Remittance Advice

The RA provides important information about the processing of claims and adjustment requests as well as additional financial transactions such as refunds or recoupment amounts withheld. ForwardHealth provides [electronic RAs](#) to providers on their secure ForwardHealth Portal accounts when at least one claim, adjustment request, or financial transaction is processed. RAs are generated from the appropriate ForwardHealth program when at least one claim, adjustment request, or financial transaction is processed. An RA is generated regardless of how a claim or adjustment is submitted (electronically or on paper). Generally, payment information is released and an RA is generated by ForwardHealth no sooner than the first state business day following the financial cycle.

Providers are required to access their secure [ForwardHealth provider Portal account](#) to obtain their RA.

RAs are accessible to providers in a TXT format via the secure Provider area of the Portal. Providers are also able to download the RA from their secure provider Portal account in a new [CSV](#) format.

### National Provider Identifier on the Remittance Advice

Providers who have a single NPI that is used for multiple certifications will receive an RA for each certification with the same NPI reported on each of the RAs. For instance, if a hospital has obtained a single NPI and the hospital has a clinic, a lab, and a pharmacy that are all certified by Medicaid, the clinic, the lab, and the pharmacy will submit separate claims that indicate the same NPI as the hospital. Separate RAs will be generated for the hospital, the clinic, the lab, and the pharmacy.

### Calculating Totals on the Remittance Advice for Adjusted and Paid Claims

The total amounts for all adjusted or paid claims reported on the RA appear at the end of the adjusted claims and paid claims sections in the TXT file. Pay-out amounts are in the Financial Transactions section in the CSV. ForwardHealth calculates the total by adding the amounts for all of the claims; cutback amounts are subtracted from the allowed amount to reach the total reimbursement for the claims.

*Note:* Some cutbacks that are reported in detail lines will appear as EOB codes and will not display an exact dollar amount.

### Claim Number

Each claim or adjustment request received by ForwardHealth is assigned a unique claim number (also known as the ICN). However, denied claims submitted using the NCPDP 5.1 transaction are not assigned an ICN.

### Interpreting Claim Numbers

The [ICN consists of 13 digits that identify valuable information](#) (e.g., the date the claim was received by ForwardHealth, how the claim was submitted) about the claim or adjustment request.

### Claim Status

ForwardHealth generally processes claims and adjustment requests within 30 days of receipt. Providers may check the status of a claim or adjustment request using the [AVR](#) system or the 276/277 transaction.

If a claim or adjustment request does not appear in claim status within 45 days of the date of submission, a copy of the original claim or adjustment request should be resubmitted through normal processing channels.

### ClaimCheck Review

ForwardHealth monitors claims for compliance with reimbursement policy using an automated procedure coding review software known as McKesson ClaimCheck®. ClaimCheck reviews claims submitted for billing inconsistencies and errors during claims processing. Insurance companies, Medicare, and other state Medicaid programs use similar software.

EOB codes specific to the ClaimCheck review appear in the TXT RA file and in the electronic 835 transactions.

## Areas Monitored by ClaimCheck

ClaimCheck monitors claims for the following situations:

- Unbundled procedures.
- Incidental/integral procedures.
- Mutually exclusive procedures.
- Medical visit billing errors.
- Preoperative and postoperative billing errors.
- Age-related billing errors.
- Cosmetic procedures.
- Gender-related billing errors.
- Medically obsolete procedures.
- Assistant surgeon billing errors.
- Modifier-related billing errors.
- Bilateral and duplicative procedures.

ClaimCheck will not review claims that have been denied for general billing errors, such as an invalid member identification number or an invalid or missing provider number. Providers will need to correct the general billing error and resubmit the claim, at which point ClaimCheck will review the claim.

## Unbundled Procedures

Unbundling occurs when two or more procedure codes are used to describe a procedure that may be better described by a single, more comprehensive procedure code. ClaimCheck considers the single, most appropriate procedure code for reimbursement when unbundling is detected.

If certain procedure codes are submitted, ClaimCheck rebundles them into the single most appropriate procedure code. For example, if a provider submits a claim with procedure codes 12035 (Layer of closure of wounds, 12.6 cm to 20.0 cm) and 12036 (Layer closure of wounds, 20.1 cm to 30.0 cm), ClaimCheck rebundles them to procedure code 12037 (Layer closure of wounds over 30.0 cm).

ClaimCheck will also total billed amounts for individual procedures. For example, if the provider bills three procedures at \$20, \$30, and \$25, ClaimCheck rebundles them into a single procedure code, adds the three amounts, and calculates the billed amount for that rebundled code at \$75. Then, ForwardHealth reimburses the provider either the lesser of the billed amounts or the maximum allowable fee for that rebundled procedure code.

## Incidental/Integral Procedures

Incidental procedures are those procedures performed at the same time as a more complex primary procedure. These require few additional provider resources and are generally not considered necessary to the performance of the primary procedure. For example, the removal of an asymptomatic appendix is considered an incidental procedure when done during hysterectomy surgery.

Integral procedures are those procedures performed as part of a more complex primary procedure. For example, when a member undergoes a transurethral incision of the prostate, the cystourethroscopy (procedure code 52000) is considered integral to the performance of the prostate procedure and would be denied.

When a procedure is either incidental or integral to a major procedure, ClaimCheck considers only the primary procedure for reimbursement.

## Mutually Exclusive Procedures

Mutually exclusive procedures are procedures that would not be performed on a single member on the same day or that use different codes to describe the same type of procedure.

For example, procedure code 58260 (Vaginal hysterectomy, for uterus 250 g or less) and procedure code 58150 (Total abdominal hysterectomy [corpus and cervix], with or without removal of tube[s], with or without removal of ovary[s]) are mutually exclusive — either one or the other, but not both procedures, is performed.

When two or more procedures are mutually exclusive, ForwardHealth considers for reimbursement the procedure code with the highest provider-billed amount and denies the other code.

## Medical Visit Billing Errors

Medical visit billing errors occur if E&M services are reported separately when a substantial diagnostic or therapeutic procedure is performed. Under CMS guidelines, most E&M procedures are not allowed to be reported separately when a substantial diagnostic or therapeutic procedure is performed.

Medical visit edits monitor services included in CPT procedure ranges 92002-92019, 99024 (postoperative follow-up), 99026-99058 (special services), 99201-99456 (E&M codes) and HCPCS codes S0620, S0621 (routine ophthalmological examinations).

ClaimCheck monitors medical visits based on the type of E&M service (i.e., initial or new patient; or follow-up or established patient services) and the complexity (i.e., major or minor) of the accompanying procedure.

For example, if a provider submits procedures 22630 (Arthrodesis, posterior interbody technique, including laminectomy and/or discectomy to prepare interspace [other than for decompression], single interspace; lumbar) and 99221 (Initial hospital care, per day), ClaimCheck denies procedure 99221 as a visit when submitted with procedure 22630 with the same DOS. Procedure code 22630 is a major procedure with a 90-day global surgical period.

## Preoperative and Postoperative Billing Errors

Preoperative and Postoperative billing errors occur when E&M services are billed with surgical procedures during their preoperative and postoperative periods. ClaimCheck bases the preoperative and postoperative periods on designations in the CMS National Physician Fee Schedule.

For example, if a provider submits procedure code 99212 (Office or outpatient visit for the evaluation and management of an established patient) with a DOS of 11/02/08 and procedure 27750 (Closed treatment of tibial shaft fracture [with or without fibular fracture]; without manipulation) with a DOS of 11/03/08, ClaimCheck will deny procedure code 99212 as a preoperative visit because it is submitted with a DOS one day prior to the DOS for procedure code 27750.

## Age-Related Billing Errors

Age-related billing errors occur when a provider bills an age-specific procedure to a patient whose age is outside the designated age range.

For example, if a provider bills procedure code 43831 (Gastrostomy, open; neonatal, for feeding) for a 45 year-old patient, ClaimCheck will deny the procedure based on the fact that the patient does not meet the age criteria for a neonatal procedure.

## Cosmetic Procedures

Surgical procedures that are performed without a medically indicated purpose are considered to be cosmetic procedures. Most of these procedures are requested by the member merely to improve physical appearance.

## Gender-Related Billing Errors

Gender-related billing errors occur when a provider submits a gender-specific procedure for a patient of the opposite sex.

For example, if a provider submits procedure code 58150 (Total abdominal hysterectomy [corpus and cervix], with or without removal of tube[s], with or without removal of ovary[s]) for a male, ClaimCheck will deny the procedure based on the fact that procedure code 58150 is a female gender-specific procedure.

## Medically Obsolete Procedures

Obsolete procedures are procedures that are no longer performed under prevailing medical standards. Claims for procedures designated as obsolete are denied.

## Assistant Surgeon Billing Errors

ClaimCheck development and maintenance of assistant surgeon values includes two designations, *always* and *never*. ClaimCheck uses the ACS as its primary source for determining assistant surgeon designations.

For example, if a provider bills procedure code 10040 (Acne surgery [eg, marsupialization, opening or removal of multiple milia, comedones, cysts, pustules]) with modifier -80 (assistant surgeon), ClaimCheck determines that the procedure does not require an assistant surgeon and denies the procedure code.

## Modifier Billing Errors

ClaimCheck accepts all CPT and HCPCS modifiers and performs procedure to modifier validity checks to determine if a procedure code is valid with a specific modifier.

## Bilateral and Duplicative Procedures

ClaimCheck has identified five types of duplicate procedure billing errors that encompass duplicate procedures submitted with the same DOS. The five types of

duplicative billing errors are as follows:

- If the description of the procedure code contains the word, "bilateral," the procedure can be performed only once on a single DOS.
- When the description of the procedure code contains the phrase, "unilateral/bilateral," the procedure can be performed only once on a single DOS.
- When the description of the procedure specifies "unilateral" and there is another procedure in which the description specifies "bilateral" performance of the same procedure, the unilateral procedure cannot be submitted more than once on a single DOS.

When the description of one procedure specifies a "single" procedure and the description of a second procedure specifies "multiple" procedures, the "single" procedure cannot be submitted more than once on a single DOS.

- When procedures that may be performed a specified number of times on a single DOS reach the maximum number of times, then additional submissions of the procedure are not recommended for reimbursement.
- When a CPT or HCPCS procedure is billed more than once on a single DOS but the CPT or HCPCS procedure is not normally billed in duplicate, the second procedure is denied.

## Payments Denied as a Result of the ClaimCheck Review

Providers should take the following steps if they are uncertain about why particular services on a claim were denied:

- Review ForwardHealth remittance information for the specific reason for the denial.
- Review the claim submitted to ensure all information is accurate and complete.
- Consult current CPT and HCPCS publications to make sure proper coding instructions were followed.
- Consult current ForwardHealth publications to make sure current policy and billing instructions were followed.
- Call Provider Services for further information or explanation.

If a provider disagrees with ClaimCheck's determination, the provider may resubmit the claim with supporting documentation to Provider Service Written Correspondence. If the original claim is in an allowed status, the provider may submit an [Adjustment/Reconsideration Request](#), with supporting documentation and the words, "medical consultant review requested" written on the form, to Provider Services Written Correspondence.

## Cutback Fields on the Remittance Advice for Adjusted and Paid Claims

Cutback fields indicate amounts that reduce the allowed amount of the claim. Examples of cutbacks include other insurance, member copayment, spenddown amounts, deductibles, or patient liability amounts. Amounts indicated in a cutback field are subtracted from the total allowed reimbursement.

Providers should note that cutback amounts indicated in the header of an adjusted or paid claim section apply only to the header. Not all cutback fields that apply to a detail line (such as copayments or spenddowns) will be indicated on the RA; the detail line EOB codes inform providers that an amount was deducted from the total reimbursement but may not indicate the exact amount.

*Note:* Providers who receive [835](#) transactions will be able to see all deducted amounts on paid and adjusted claims.

## Electronic Remittance Information

Providers are required to access their secure [ForwardHealth provider Portal account](#) to obtain their RAs. Electronic RAs on the Portal are not be available to the following providers because these providers are not allowed to establish Portal accounts by their Provider Agreements:

- In-state emergency providers.
- Out-of-state providers.
- Out-of-country providers.

RAs are accessible to providers in a TXT format or from a CSV file via the secure Provider area of the Portal.

### Text File

The TXT format file is generated by financial payer and listed by RA number and RA date on the secure provider Portal account under the new "View Remittance Advices" menu. RAs from the last 97 days are available in the TXT format. When a user clicks on an RA, a pop-up window displays asking if the user would like to "Open" or "Save" the file. If "Open" is chosen, the document opens based on the user's application associated with opening text documents. If "Save" is chosen, the "Save As" window will open. The user can then browse to a location on their computer or network to save the document.

Users should be aware that "Word Wrap" must be turned off in the Notepad application. If it is not, it will cause distorted formatting. Also, users may need to resize the Notepad window in order to view all of the data. Providers wanting to print their files must ensure that the "Page Setup" application is set to the "Landscape" setting; otherwise the printed document will not contain all the information.

## Comma-Separated Values Downloadable File

A CSV file is a file format accepted by a wide range of computer software programs. Downloadable CSV-formatted RAs allow users the benefits of building a customized RA specific to their use and saving the file to their computer. The CSV file on a provider's Portal appears as linear text separated by commas until it is downloaded into a compatible software program. Once downloaded, the file may be saved to a user's computer and the data manipulated, as desired.

To access the CSV file, providers should select the new "View Remittance Advices" menu at the top of the provider's Portal home page.

The CSV files are generated per financial payer and listed by RA number and RA date. A separate CSV file is listed for the last 10 RAs. Providers can select specific sections of the RA by date to download making the information easy to read and organize.

The CSV file may be downloaded into a Microsoft Office Excel spreadsheet or into another compatible software program, such as Microsoft Office Access or OpenOffice 2.2.1. OpenOffice is a free software program obtainable from the Internet. Google Docs and ZDNet also offer free spreadsheet applications. Microsoft Office Excel, a widely used program, is a spreadsheet application for Microsoft Windows and Mac OS X. For maximum file capabilities when downloading the CSV file, the 1995 Office Excel for Windows (Version 7.0) included in Office 95 or a newer version is recommended. Earlier versions of Microsoft Office Excel will work with the CSV file; however, files exceeding 65,000 lines may need to be split into smaller files when downloading using earlier versions. Microsoft Office Access can manage larger data files.

The [CSV User Guide](#) includes instructions about Microsoft Office Excel functions that can be used to manipulate RA data downloaded from the CSV file.

## 835

Electronic remittance information may be obtained using the [835](#) transaction. It provides useful information regarding the processing of claims and adjustment requests, which includes the status or action taken on a claim, claim detail, adjustment, or adjustment detail for all claims and adjustments processed that week, regardless of whether they are reimbursed or denied. However, a claim submitted by a pharmacy using the NCPDP 5.1 transaction will not appear on remittance information if the claim is denied by ForwardHealth. ForwardHealth releases payment information to the 835 no sooner than on the first state business day following the financial cycle.

## Provider Electronic Solutions Software

The DHCAA offers electronic billing software at no cost to the provider. The [PES](#) software allows providers to download the 835 transaction. To obtain PES software, providers may request the software through the ForwardHealth Portal. Providers may also obtain the software by contacting the [EDI Helpdesk](#).

## Explanation of Benefit Codes in the Claim Header and in the Detail Lines

EOB codes are four-digit numeric codes specific to ForwardHealth that correspond to a printed message about the status or action taken on a claim, claim detail, adjustment, or adjustment detail.

The claim processing sections of the RA report EOBs for the claim header information and detail lines, as appropriate. Header information is a summary of the information from the claim, such as the DOS that the claim covers or the total amount paid for the claim. Detail lines report information from the claim details, such as specific procedure codes or revenue codes, the amount billed for each code, and the amount paid for a detail line item.

Header EOBs are listed below the claim header information and pertain only to the header information. Detail line EOBs are listed after each detail line and pertain only to the detail line.

## TEXT File

EOB codes and descriptions are listed in the RA information in the TXT file.

## CSV File

EOB codes are listed in the RA information from the CSV file; however, the printed message corresponding to the codes do not appear in the file. The [EOB Code Listing](#) matching standard EOB codes to explanation text are available on the Portal for reference.

## Identifying the Claims Reported on the Remittance Advice

The RA reports the first 12 characters of the MRN and/or a PCN, also referred to as Patient Account Number, submitted on the original claims. The MRN and PCN fields are located beneath the member's name on any section of the RA that reports claims processing information.

Providers are strongly encouraged to enter these numbers on claims. Entering the MRN and/or the PCN on claims may assist providers in identifying the claims reported on the RA.

*Note:* Claims processing sections for dental and drug claims do not include the MRN or the PCN.

## Obtaining the Remittance Advice

Providers are required to access their secure ForwardHealth provider Portal account to obtain RA. The secure Portal allows providers to conduct business and exchange electronic transactions with ForwardHealth. A separate Portal account is required for each financial payer.

Providers who do not have a [ForwardHealth provider Portal account](#) may request one.

RAs are accessible to providers in a TXT format via the secure provider Portal account. The TXT format file is generated per financial payer and listed by RA number and RA date on the secure provider Portal account under "View Remittance Advices" menu at the top of the provider's Portal home page. RAs from the last 97 days are available in the TXT format.

Providers can also access RAs in a [CSV](#) format from their secure provider Portal account. The CSV files are generated per financial payer and listed by RA number and RA date on the secure provider Portal account under "View Remittance Advices" menu at the top of the provider's Portal home page. A separate CSV file is listed for the last 10 RAs.

## Overview of Claims Processing Information on the Remittance Advice

The claims processing sections of the RA includes information submitted on claims and the status of the claims. The claim status designations are paid, adjusted, or denied. The RA also supplies information about why the claim was adjusted or denied or how the reimbursement was calculated for the payment.

The claims processing information in the RA is grouped by the type of claim and the status of the claim. Providers receive claims processing sections that correspond to the types of claims that have been finalized during the current financial cycle.

The [claims processing sections](#) reflect the types of claims submitted, such as the following:

- Compound drug claims.
- Dental claims.
- Drug claims.
- Inpatient claims.
- Long term care claims.
- Medicare crossover institutional claims.
- Medicare crossover professional claims.
- Outpatient claims.
- Professional claims.

The claims processing sections are divided into the following status designations:

- Adjusted claims.
- Denied claims.
- Paid claims.

## Prior Authorization Number on the Remittance Advice

The RA reports PA numbers used to process the claim. PA numbers appear in the detail lines of claims processing information.

## Reading Non-Claims Processing Sections of the Remittance Advice

### Address Page

In the TXT file, the Address page displays the provider name and "Pay to" address of the provider.

### Banner Messages

The Banner Messages section of the RA contains important, time-sensitive messages for providers. For example, banner messages might inform providers of claim adjustments initiated by ForwardHealth, claim submission deadlines, and dates of upcoming training sessions. It is possible for each RA to include different

messages, therefore providers who receive multiple RAs should read all of their banner messages.

Banner messages appear on the TXT file, but not on the CSV file. Beginning July 1, 2010, banner messages will be posted in the "View Remittance Advices" menu on the provider's secure Portal account.

## Explanation of Benefits Code Descriptions

[EOB Code Descriptions](#) are listed in the RA information in the TXT file.

EOBs are listed in the RA information from the CSV file; however, the printed message corresponding to the codes does not appear in the file. The EOB listing matches standard EOB codes to explanation text is available on the Portal for reference.

## Financial Transactions Page

The [Financial Transactions](#) section details the provider's weekly financial activity. Financial transactions reported on the RA include payouts, refunds, accounts receivable, and payments for claims.

Payouts are payments made to the provider by ForwardHealth that do not correspond to a specific claim (i.e., nursing home assessment reimbursement).

Refunds are payments made to providers for overpayments.

The Accounts Receivable section displays the accounts receivable for amounts owed by providers. The accounts receivable is set to automatically recover any outstanding balance so that money owed is automatically recouped from the provider. If the full amount cannot be recouped during the current financial cycle, an outstanding balance will appear under "Accounts Receivable." The "Total Recoupment" field lists the cumulative amount recovered for the accounts receivable.

Every financial transaction that results in the creation of an accounts receivable is assigned an identification number called the "adjustment ICN." The adjustment ICN for an adjusted claim matches the original ICN assigned to the adjusted claim. For other financial transactions, the adjustment ICN is determined by the following formula.

Type of Character and Description	Applicable Characters and Description
Transaction — The first character indicates the type of financial transaction that created the accounts receivable.	V — Capitation adjustment  1 — OBRA Level 1 screening void request  2 — OBRA Nurse Aide Training/Testing void request
Identifier — 10 additional numbers are assigned to complete the Adjustment ICN.	The identifier is used internally by ForwardHealth.

## Service Code Descriptions

The [Service Code Descriptions](#) section lists all the service codes (i.e., procedure codes or revenue codes) reported on the RA with their corresponding descriptions.

## Summary

The [Summary](#) section reviews the provider's claim activity and financial transactions with the payer (Medicaid, WCDP, or WWWP) for the current financial cycle, the month-to-date, and the year-to-date, if applicable.

Under the "Claims Data" heading, providers can review the total number of claims that have been paid, adjusted, or denied along with the total amount reimbursed for all paid and adjusted claims. Only WWWP providers will see amounts reported for "Claims in Process." Other providers will always see zeroes in these fields.

Under the "Earnings Data" heading, providers will see total reimbursement amounts for other financial transactions, such as reimbursement for OBRA Level 1 screening, reimbursement for OBRA Nurse Aid Training/Testing, and capitation payments.

*Note:* HMOs should note that capitation payments are only reported in the Summary section of the RA. HMOs receive supplemental reports of their financial transactions from ForwardHealth.

The "Earnings Data" portion also summarizes refunds and voids and reports the net payment for the current financial cycle, the month-to-date, and the year-to-

date, if applicable.

Providers should note that the Summary section will include outstanding checks 90 days after issuance and/or payments made to lien holders, if applicable.

## Reading the Claim Adjustments Section of the Remittance Advice

Providers receive a [Claim Adjustments section](#) in the RA if any of their claims were adjusted during the current financial cycle. A claim may be adjusted because one of the following occurred:

- An adjustment request was submitted by the provider.
- ForwardHealth initiated an adjustment.
- A cash refund was submitted to ForwardHealth.

In a claim adjustments section, the original claim information in the claim header is surrounded by parentheses. Information about the adjusted claim appears directly below the original claim header information. Providers should check the Adjustment EOB code(s) for a summary of why the claim was adjusted; other header EOBs will provide additional information.

The claim adjustments section lists detail lines only for the adjusted claim with detail line EOBs. Details from the original claim will not be reported on the adjusted claims sections of the RA.

*Note:* For adjusted drug claims, only the compound drug sections include detail lines.

Below the claim header and the detail information will be located one of three possible responses with a corresponding dollar amount: "additional payment," "overpayment to be withheld," or "refund amount applied."

An amount appears for "additional payment" if ForwardHealth owes additional monies to the provider after the claim has been adjusted. This amount will be added to the provider's total reimbursable amount for the RA.

An amount appears for "overpayment to be withheld" if ForwardHealth determines, as the result of an adjustment to the original claim, that the provider owes ForwardHealth monies. ForwardHealth automatically withholds this amount from payments made to the provider during the same financial cycle or during subsequent financial cycles, if necessary. This amount also appears in the Financial Transactions section as an outstanding balance under "Accounts Receivable."

An amount appears for "refund amount applied" if ForwardHealth makes a payment to refund a cash receipt to a provider.

## Reading the Claims Denied Section of the Remittance Advice

Providers receive a [Claims Denied](#) section in the RA if any of their claims were denied during the current financial cycle.

In the denied claims section, providers will see the original claim header information reported along with EOB codes for the claim header and the detail lines, as applicable. Providers should refer to the EOB Code Description section of the RA to determine why the claim was denied.

## Reading the Claims Paid Section of the Remittance Advice

Providers receive a [Claims Paid](#) section in the RA if any of their claims were determined payable during the current financial cycle.

In a paid claims section, providers will see the original claim information reported along with EOB codes for both the header and the detail lines, if applicable. Providers should refer to the EOB Code Description section of the RA for more information about how the reimbursement amount was determined.

## Remittance Advice Financial Cycles

Each financial payer (Medicaid, WCDP, and WWWP) has separate financial cycles that occur on different days of the week. RAs are generated and posted to secure provider Portal accounts after each financial cycle is completed. Therefore, RAs may be generated and posted to secure provider Portal accounts from different payers on different days of the week.

Certain financial transactions may run on a daily basis, including non-claim related payouts and stop payment reissues. Providers may have access to the RAs generated and posted to secure provider Portal accounts for these financial transactions at any time during the week.

## Remittance Advice Generated by Payer and by Provider Certification

RAs are generated and posted to secure provider Portal accounts from one or more of the following ForwardHealth financial payers:

- Wisconsin Medicaid (Wisconsin Medicaid is the financial payer for the Medicaid, BadgerCare Plus, and SeniorCare programs).
- WCDP.
- WWWP.

A separate Portal account is required for each financial payer.

*Note:* Each of the three payers generate separate RAs for the claims, adjustment requests, or other financial transactions submitted to the payer. A provider who submits claims, adjustment requests, or other financial transactions to more than one of these payers may receive several RAs.

The RA is generated per provider certification. Providers who have a single NPI that is used for multiple certifications should be aware that an RA will be generated for each certification, but the same NPI will be reported on each of the RAs.

For instance, a hospital has obtained a single NPI. The hospital has a clinic, a lab, and a pharmacy that are all certified with ForwardHealth. The clinic, the lab, and the pharmacy submit separate claims that indicate the same NPI as the hospital. Separate RAs will be generated for the hospital, the clinic, the lab, and the pharmacy.

## Reporting a Lost Check

To report a lost check to ForwardHealth, providers are required to mail or fax a letter to ForwardHealth Financial Services. Providers are required to include the following information in the letter:

- Provider's name and address, including the ZIP+4 code.
- Provider's identification number.
  - For healthcare providers, include the NPI and ForwardHealth-issued taxonomy code.
  - For non-healthcare providers, include the provider identification number.
- Check number, check date, and check amount. (This should be recorded on the RA.)
- A written request to stop payment and reissue the check.
- The signature of an authorized financial representative. (An individual provider is considered his or her own authorized financial representative.)

Fax the letter to ForwardHealth at (608) 221-4567 or mail it to the following address:

ForwardHealth  
Financial Services  
6406 Bridge Rd  
Madison WI 53784-0005

## Searching for and Viewing All Claims on the Portal

All claims, including pharmacy and dental, will be available for viewing on the Portal.

To search and view claims on the Portal, providers may do the following:

- Go to the ForwardHealth Portal.
- Log in to the secure Provider area of the Portal.
- The most recent claims processed by ForwardHealth will be viewable on the provider's home page or the provider may select "claim search" and enter the applicable information to search for additional claims.
- Select the claim the provider wants to view.

## Sections of the Remittance Advice

The RA information in the TXT file includes the following sections:

- Address page.
- Banner messages.
- Paper check information, if applicable.
- Claims processing information.
- EOB code descriptions.
- Financial transactions.
- Service code descriptions.
- Summary.

The RA information in the CSV file includes the following sections:

- Payment.
- Payment hold.
- Service codes and descriptions.
- Financial transactions.
- Summary.
- Inpatient claims.
- Outpatient claims.
- Professional claims.
- Medicare crossovers- Professional.
- Medicare crossovers- Institutional.
- Compound Drug Claims.
- Drug claims.
- Dental claims.
- Long term care claims.
- Financial transactions.
- Summary.

Providers can select specific sections of the RA in the [CSV](#) file within each RA date to be downloaded making the information easy to read and to organize.

## Remittance Advice Header Information

The first page of each section of the RA (except the address page of the TXT file) displays the same RA header information.

The following fields are on the left-hand side of the header:

- The technical name of the RA section (e.g., CRA-TRAN-R), which is an internal ForwardHealth designation.
- The RA number, which is a unique number assigned to each RA that is generated.
- The name of the payer (Medicaid, WCDP, or WWWP).
- The "Pay to" address of the provider. The "Pay to" address is used for mailing purposes.

The following information is in the middle of the header:

- A description of the financial cycle.
- The name of the RA section (e.g., "Financial Transactions" or "Professional Services Claims Paid").

The right-hand side of the header reports the following information:

- The date of the financial cycle and date the RA was generated.
- The page number.
- The "Payee ID" of the provider. A payee ID is defined as the identification number of a unique entity receiving payment for goods and/or services from ForwardHealth. The payee ID is up to 15 characters long and may be based on a pre-existing identification number, such as the Medicaid provider number. The payee ID is an internal ForwardHealth designation. The Medicaid provider number will display in this field for providers who do not have an NPI.
- The NPI of the provider, if applicable. This field will be blank for those providers who do not have an NPI.
- The number of the check issued for the RA, if applicable. The date of payment on the check, if applicable.

## Verifying Accuracy of Claims Processing

After obtaining ForwardHealth remittance information, providers should compare it to the claims or adjustment requests to verify that ForwardHealth processed elements of the claims or adjustment requests as submitted. To ensure correct reimbursement, providers should do the following:

- Identify and correct any discrepancy that affected the way a claim processed.
- Correct and resubmit claims that are denied.
- Submit an adjustment request for allowed claims that require a change or correction.

When posting a payment or denial to a member's account, providers should note the date on the ForwardHealth remittance information that indicates that the claim or adjustment has finalized. Providers are required to supply this information if further follow-up actions are necessary.

## Responsibilities

---

### Accuracy of Claims

The provider is responsible for the accuracy, truthfulness, and completeness of all claims submitted whether prepared or submitted by the provider or by an outside billing service or clearinghouse.

Providers may submit claims only *after* the service is provided.

A provider may not seek reimbursement from ForwardHealth for a [noncovered service](#) by charging ForwardHealth for a [covered service](#) that was not actually provided to the member and then applying the reimbursement toward the noncovered service. In addition, a provider may not seek reimbursement for two separate covered services to receive additional reimbursement over the maximum allowed amount for the one service that was provided. Such actions are considered fraudulent.

### Copayment Amounts

[Copayment amounts](#) collected from members should not be deducted from the charges submitted on claims. Providers should indicate their usual and customary charges for all services provided.

In addition, copayment amounts should not be included when indicating the amount paid by other health insurance sources.

The appropriate copayment amount is automatically deducted from allowed payments. Remittance information reflects the automatic deduction of applicable copayment amounts.

### Exceptions to the Submission Deadline

State and federal laws provide eight exceptions to the submission deadline. According to federal regulations and [DHS 106.03](#), Wis. Admin. Code, ForwardHealth may consider exceptions to the submission deadline only in the following circumstances:

- Change in a nursing home resident's [level of care](#) or [liability amount](#).
- Decision made by a court order, fair hearing, or the DHS.
- Denial due to discrepancy between the member's enrollment information in ForwardHealth interChange and the member's actual enrollment.
- Reconsideration or recoupment.
- Retroactive enrollment for persons on GR.
- Medicare denial occurs after ForwardHealth's submission deadline.
- Refund request from an other health insurance source.
- Retroactive member enrollment.

ForwardHealth has no authority to approve any other exceptions to the submission deadline.

Claims or adjustment requests that meet one of the exceptions to the submission deadline may be submitted to [Timely Filing](#).

### Submission Deadline

ForwardHealth recommends that providers submit claims at least on a monthly basis. Billing on a monthly basis allows the maximum time available for filing and refiling before the mandatory submission deadline.

With few exceptions, state and federal laws require that providers submit correctly completed claims before the submission deadline.

Providers are responsible for resolving claims. Members are not responsible for resolving claims. To resolve claims before the submission deadline, ForwardHealth encourages providers to use all available resources.

### Claims

To receive reimbursement, claims and adjustment requests must be received within 365 days of the DOS. This deadline applies to claims, corrected claims, and adjustments to claims.

## Crossover Claims

To receive reimbursement for services that are allowed by Medicare, claims and adjustment requests for coinsurance, copayment, and deductible must be received within 365 days of the DOS or within 90 days of the Medicare processing date, whichever is later. This deadline applies to all claims, corrected claims, and adjustments to claims. Providers should submit these claims through normal processing channels (not timely filing).

## Usual and Customary Charges

For most services, providers are required to indicate their usual and customary charge when submitting claims. The usual and customary charge is the provider's charge for providing the same service to persons not entitled to the program's benefits. For providers using a sliding fee scale, the usual and customary charge is the median of the individual provider's charge for the service when provided to non-program patients. For providers who have not established usual and customary charges, the charge should be reasonably related to the provider's cost for providing the service.

Providers may not discriminate against BadgerCare Plus or Medicaid members by charging a higher fee for the same service than that charged to a private-pay patient.

For services requiring a member copayment, providers should still indicate their usual and customary charge. The copayment amount collected from the member should not be deducted from the charge submitted. When applicable, BadgerCare Plus automatically deducts the copayment amount.

For most services, BadgerCare Plus reimburses the lesser of the provider's usual and customary charge or the maximum allowable fee established.

## Submission

---

# 1500 Health Insurance Claim Form Completion Instructions for HealthCheck Services

The following sample 1500 Health Insurance Claim Forms for HealthCheck services are available:

- HealthCheck Services ([Physician, Physician Clinic, Physician Assistant, or Nurse Practitioner Performed a Comprehensive HealthCheck Screen with Referral and Follow-up Visit](#)).
- HealthCheck Services ([Comprehensive Screen with Referral and Vaccines](#)).
- HealthCheck Services ([Environmental Lead Inspection with Educational Visit](#)).
- HealthCheck Nursing Agency ([Follow-up Visit and Lab Handling Fee](#)).
- HealthCheck Outreach and Case Management Services ([Screen Performed by Another Provider](#)).
- HealthCheck Outreach and Case Management Services ([With Comprehensive Screen](#)).

Use the following claim form completion instructions, not the claim form's printed descriptions, to avoid denial or inaccurate claim payment. Complete all required elements as appropriate. Do not include attachments unless instructed to do so.

Members enrolled in BadgerCare Plus or Medicaid receive a ForwardHealth identification card. Always verify a member's enrollment before providing nonemergency services to determine if there are any limitations on covered services and to obtain the correct spelling of the member's name.

*When submitting a claim with multiple pages, providers are required to indicate page numbers using the format "Page X of X" in the upper right corner of the claim form.*

Submit completed paper claims to the following address:

ForwardHealth  
Claims and Adjustments  
6406 Bridge Rd  
Madison WI 53784-0002

### **Element 1 — Medicare, Medicaid, TRICARE CHAMPUS, CHAMPVA, Group Health Plan, FECA, Blk Lung, Other**

Enter "X" in the Medicaid check box.

### **Element 1a — Insured's ID Number**

Enter the member identification number. Do not enter any other numbers or letters. Use the ForwardHealth card or EVS to obtain the correct member ID.

### **Element 2 — Patient's Name**

Enter the member's last name, first name, and middle initial. Use the EVS to obtain the correct spelling of the member's name. If the name or spelling of the name on the ForwardHealth card and the EVS do not match, use the spelling from the EVS.

### **Element 3 — Patient's Birth Date, Sex**

Enter the member's birth date in MM/DD/YY format (e.g., February 3, 1955, would be 02/03/55) or in MM/DD/CCYY format (e.g., February 3, 1955, would be 02/03/1955). Specify whether the member is male or female by placing an "X" in the appropriate box.

### **Element 4 — Insured's Name**

Data are required in this element for OCR processing. Any information populated by a provider's computer software is acceptable data for this element (e.g., "Same"). If computer software does not automatically complete this element, enter information such as the member's last name, first name, and middle initial.

### **Element 5 — Patient's Address**

Enter the complete address of the member's place of residence, if known.

### **Element 6 — Patient Relationship to Insured (not required)**

### **Element 7 — Insured's Address (not required)**

### **Element 8 — Patient Status (not required)**

### **Element 9 — Other Insured's Name**

Commercial health insurance must be billed prior to submitting claims to ForwardHealth, unless the service does not require commercial health insurance billing

as determined by ForwardHealth.

If the EVS indicates that the member has dental ("DEN") insurance only or has no commercial health insurance, leave Element 9 blank.

If the EVS indicates that the member has Wausau Health Protection Plan ("HPP"), BlueCross & BlueShield ("BLU"), Wisconsin Physicians Service ("WPS"), Medicare Supplement ("SUP"), TriCare ("CHA"), Vision only ("VIS"), a health maintenance organization ("HMO"), or some other ("OTH") commercial health insurance, and the service requires other insurance billing, one of the following three OI explanation codes must be indicated in the first box of Element 9. If submitting a multiple-page claim, providers are required to indicate OI explanation codes on the first page of the claim.

The description is not required, nor is the policyholder, plan name, group number, etc. (Elements 9a, 9b, 9c, and 9d are not required.)

Code	Description
<b>OI-P</b>	PAID in part or in full by commercial health insurance or commercial HMO. In Element 29 of this claim form, indicate the amount paid by commercial health insurance to the provider or to the insured.
<b>OI-D</b>	DENIED by commercial health insurance or commercial HMO following submission of a correct and complete claim, or payment was applied towards the coinsurance and deductible. Do not use this code unless the claim was actually billed to the commercial health insurer.
<b>OI-Y</b>	YES, the member has commercial health insurance or commercial HMO coverage, but it was not billed for reasons including, but not limited to, the following: <ul style="list-style-type: none"> <li>• The member denied coverage or will not cooperate.</li> <li>• The provider knows the service in question is not covered by the carrier.</li> <li>• The member's commercial health insurance failed to respond to initial and follow-up claims.</li> <li>• Benefits are not assignable or cannot get assignment.</li> <li>• Benefits are exhausted.</li> </ul>

*Note:* The provider may not use OI-D or OI-Y if the member is covered by a commercial HMO and the HMO denied payment because an otherwise covered service was not rendered by a designated provider. Services covered by a commercial HMO are not reimbursable by ForwardHealth except for the copayment and deductible amounts. Providers who receive a capitation payment from the commercial HMO may not bill ForwardHealth for services that are included in the capitation payment.

**Element 9a — Other Insured's Policy or Group Number (not required)**

**Element 9b — Other Insured's Date of Birth, Sex (not required)**

**Element 9c — Employer's Name or School Name (not required)**

**Element 9d — Insurance Plan Name or Program Name (not required)**

**Element 10a-10c — Is Patient's Condition Related to: (not required)**

**Element 10d — Reserved for Local Use (not required)**

**Element 11 — Insured's Policy Group or FECA Number**

Use the first box of this element only. (Elements 11a, 11b, 11c, and 11d are not required.) Element 11 should be left blank when one or more of the following statements are true:

- Medicare never covers the procedure in any circumstance.
- ForwardHealth indicates the member does *not* have any Medicare coverage including Medicare Cost ("MCC") or Medicare + Choice ("MPC") for the service provided. For example, the service is covered by Medicare Part A, but the member does not have Medicare Part A.
- ForwardHealth indicates that the provider is not Medicare enrolled.
- Medicare has allowed the charges. In this case, attach the Explanation of Medicare Benefits, but do not indicate on the claim form the amount Medicare paid.

If none of the previous statements are true, a Medicare disclaimer code is necessary. If submitting a multiple-page claim, indicate Medicare disclaimer codes on the *first page* of the claim. The following Medicare disclaimer codes may be used when appropriate.

Code	Description
<b>M-7</b>	<b>Medicare disallowed or denied payment.</b> This code applies when Medicare denies the claim for reasons related to policy (not billing errors), or the member's lifetime benefit, spell of illness, or yearly allotment of available benefits is exhausted.  <i>For Medicare Part A, use M-7 in the following instances (all three criteria must be met):</i>

- The provider is identified in ForwardHealth files as certified for Medicare Part A.
- The member is eligible for Medicare Part A.
- The service is covered by Medicare Part A but is denied by Medicare Part A due to frequency limitations, diagnosis restrictions, or exhausted benefits.

*For Medicare Part B, use M-7 in the following instances (all three criteria must be met):*

- The provider is identified in ForwardHealth files as certified for Medicare Part B.
- The member is eligible for Medicare Part B.
- The service is covered by Medicare Part B but is denied by Medicare Part B due to frequency limitations, diagnosis restrictions, or exhausted benefits.

**M-8 Noncovered Medicare service.** This code may be used when Medicare was not billed because the service is not covered in this circumstance.

*For Medicare Part A, use M-8 in the following instances (all three criteria must be met):*

- The provider is identified in ForwardHealth files as certified for Medicare Part A.
- The member is eligible for Medicare Part A.
- The service is usually covered by Medicare Part A but not in this circumstance (e.g., member's diagnosis).

*For Medicare Part B, use M-8 in the following instances (all three criteria must be met):*

- The provider is identified in ForwardHealth files as certified for Medicare Part B.
- The member is eligible for Medicare Part B.
- The service is usually covered by Medicare Part B but not in this circumstance (e.g., member's diagnosis).

**Element 11a — Insured's Date of Birth, Sex (not required)**

**Element 11b — Employer's Name or School Name (not required)**

**Element 11c — Insurance Plan Name or Program Name (not required)**

**Element 11d — Is there another Health Benefit Plan? (not required)**

**Element 12 — Patient's or Authorized Person's Signature (not required)**

**Element 13 — Insured's or Authorized Person's Signature (not required)**

**Element 14 — Date of Current Illness, Injury, or Pregnancy (not required)**

**Element 15 — If Patient Has Had Same or Similar Illness (not required)**

**Element 16 — Dates Patient Unable to Work in Current Occupation (not required)**

**Element 17 — Name of Referring Provider or Other Source (not required)**

**Element 17a (not required)**

**Element 17b — NPI (not required)**

**Element 18 — Hospitalization Dates Related to Current Services (not required)**

**Element 19 — Reserved for Local Use**

If a provider bills an unlisted (or not otherwise specified) procedure code, a description of the procedure must be indicated in this element. If Element 19 does not provide enough space for the procedure description, or if a provider is billing multiple unlisted procedure codes, documentation must be attached to the claim describing the procedure(s). In this instance, indicate "See Attachment" in Element 19.

**Element 20 — Outside Lab? \$Charges (not required)**

**Element 21 — Diagnosis or Nature of Illness or Injury**

Enter a valid ICD-9-CM diagnosis code for each symptom or condition related to the services provided. The required use of valid diagnosis codes includes the use of the most specific diagnosis codes. List the primary diagnosis first.

When a specific medical diagnosis has not been determined, indicate diagnosis code V20.2 (Routine infant or child health check).

ForwardHealth accepts up to eight diagnosis codes. To enter more than four diagnosis codes:

- Enter the fifth diagnosis code in the space *between* the first and third diagnosis codes.
- Enter the sixth diagnosis code in the space *between* the second and fourth diagnosis codes.
- Enter the seventh diagnosis code in the space to the right of the third diagnosis code.
- Enter the eighth diagnosis code in the space to the right of the fourth diagnosis code.

When entering fifth, sixth, seventh, and eighth diagnosis codes, do *not* number the diagnosis codes (e.g., do not include a "5." before the fifth diagnosis code).

## **Element 22 — Medicaid Resubmission (not required)**

## **Element 23 — Prior Authorization Number (not required)**

## **Element 24**

The six service lines in Element 24 have been divided horizontally. Enter service information in the bottom, unshaded area of the six service lines. The horizontal division of each service line is not intended to allow the billing of 12 lines of service.

### **Element 24A — Date(s) of Service**

Enter to and from DOS in MM/DD/YY or MM/DD/CCYY format. If the service was provided on only one DOS, enter the date under "From." Leave "To" blank or re-enter the "From" date.

If the service was provided on consecutive days, those dates may be indicated as a range of dates by entering the first date as the "From" DOS and the last date as the "To" DOS in MM/DD/YY or MM/DD/CCYY format.

A range of dates may be indicated only if the POS, the procedure code (and modifiers, if applicable), the charge, the units, and the rendering provider were identical for each DOS within the range.

### **Element 24B — Place of Service**

Enter the appropriate two-digit POS code for each item used or service performed.

### **Element 24C — EMG (not required)**

### **Element 24D — Procedures, Services, or Supplies**

Enter the single most appropriate five-character procedure code. ForwardHealth denies claims received without an appropriate procedure code.

### **Modifiers**

Enter the appropriate (up to four per procedure code) modifier(s) in the "Modifier" column of Element 24D.

### **Element 24E — Diagnosis Pointer**

Enter the number(s) that corresponds to the appropriate ICD-9-CM diagnosis code(s) listed in Element 21. Up to four diagnosis pointers per detail may be indicated. Valid diagnosis pointers, digits 1 through 8, should *not* be separated by commas or spaces.

### **Element 24F — \$ Charges**

Enter the total charge for each line item.

Enter the dollar amount right justified in the dollar area of the field. Do not use commas when reporting dollar amounts. Dollar signs should not be entered. Enter "00" in the cents area if the amount is a whole number.

Providers are to bill ForwardHealth their usual and customary charge. The usual and customary charge is the provider's charge for providing the same service to persons not entitled to ForwardHealth benefits.

### **Element 24G — Days or Units**

Enter the number of units. Only include a decimal when billing fractions (e.g., 1.50).

HealthCheck nursing agencies may bill up to four units of outreach and targeted outreach case management services with each screening.

### **Element 24H — EPSDT/Family Plan (not required)**

### **Element 24I — ID Qual**

If the rendering provider's NPI is different than the billing provider number in Element 33A, enter a qualifier of "ZZ," indicating provider taxonomy, in the *shaded area* of the detail line.

This element is not required for HealthCheck nursing agencies.

**Element 24J — Rendering Provider ID. #**

If the rendering provider's NPI is different than the billing provider number in Element 33A, enter the rendering provider's 10-digit taxonomy code in the shaded area of this element and enter the rendering provider's NPI in the *white area* provided for the NPI.

This element is not required for HealthCheck nursing agencies.

**Element 25 — Federal Tax ID Number (not required)**

**Element 26 — Patient's Account No. (not required)**

Optional — Providers may enter up to 14 characters of the patient's internal office account number. This number will appear on the R/A and/or the 835 transaction.

**Element 27 — Accept Assignment? (not required)**

**Element 28 — Total Charge**

Enter the total charges for this claim. If submitting a multiple-page claim, enter the total charge for the claim (i.e., the sum of all details from all pages of the claim) *only on the last page of the claim*.

Enter the dollar amount right justified in the dollar area of the field. Do not use commas when reporting dollar amounts. Dollar signs should not be entered. Enter "00" in the cents area if the amount is a whole number.

**Element 29 — Amount Paid**

Enter the actual amount paid by commercial health insurance. If submitting a multiple-page claim, indicate the amount paid by commercial health insurance only on the *first page* of the claim.

Enter the dollar amount right justified in the dollar area of the field. Do not use commas when reporting dollar amounts. Dollar signs should not be entered. Enter "00" in the cents area if the amount is a whole number.

If a dollar amount indicated in Element 29 is greater than zero, "OI-P" must be indicated in Element 9. If the commercial health insurance denied the claim, enter "000." Do not enter Medicare-paid amounts in this field.

**Element 30 — Balance Due**

Enter the balance due as determined by subtracting the amount paid in Element 29 from the amount in Element 28. If submitting a multiple-page claim, enter the balance due for the claim (i.e., the sum of all details from all pages of the claim minus the amount paid by commercial insurance) *only on the last page of the claim*.

Enter the dollar amount right justified in the dollar area of the field. Do not use commas when reporting dollar amounts. Dollar signs should not be entered. Enter "00" in the cents area if the amount is a whole number.

**Element 31 — Signature of Physician or Supplier, Including Degrees or Credentials**

The provider or authorized representative must sign in Element 31. The month, day, and year the form is signed must also be entered in MM/DD/YY or MM/DD/CCYY format.

*Note:* The signature may be a computer-printed or typed name and date or a signature stamp with the date.

**Element 32 — Service Facility Location Information (not required)**

**Element 32a — NPI (not required)**

**Element 32b (not required)**

**Element 33 — Billing Provider Info & Ph #**

Enter the name of the provider submitting the claim and the practice location address. The minimum requirement is the provider's name, street, city, state, and ZIP+4 code.

**Element 33a — NPI**

Enter the NPI of the billing provider.

**Element 33b**

Enter qualifier "ZZ" followed by the 10-digit provider taxonomy code.

Do not include a space between the qualifier ("ZZ") and the provider taxonomy code.

# American Dental Association 2006 Claim Form Completion Instructions

A [sample American Dental Association 2006 Claim Form](#) is available for HealthCheck providers.

Use the following claim form completion instructions, not the claim form's printed descriptions, to avoid denial or inaccurate claim payment. Complete all required elements as appropriate. Do not include attachments unless instructed to do so.

Members enrolled in BadgerCare Plus or Medicaid receive a ForwardHealth identification card. Always verify a member's enrollment before providing nonemergency services to determine if there are any limitations on covered services and to obtain the correct spelling of the member's name.

*When submitting a claim with multiple pages, providers are required to indicate page numbers using the format "Page X of X" in the upper right corner of the claim form.*

Submit completed single-page paper claims to the following address:

ForwardHealth  
Claims and Adjustments  
6406 Bridge Rd  
Madison WI 53784-0002

Submit completed multiple-page paper claims to the following address:

ForwardHealth  
Multiple-Page Dental Claims  
Ste 22  
6406 Bridge Rd  
Madison WI 53784-0022

## HEADER INFORMATION

### Element 1 — Type of Transaction (required, if applicable)

EPSDT (HealthCheck): HealthCheck is Wisconsin Medicaid's federally mandated program known nationally as EPSDT. If the services were performed as a result of a HealthCheck/EPSDT exam, check the EPSDT box.

### Element 2 — Predetermination/Preauthorization Number (not required)

## INSURANCE COMPANY/DENTAL BENEFIT PLAN INFORMATION

### Element 3 — Company/Plan Name, Address, City, State, Zip Code (not required)

## OTHER COVERAGE

### Element 4 — Other Dental or Medical Coverage? (not required)

### Element 5 — Name of Policyholder/Subscriber in #4 (Last, First, Middle Initial, Suffix) (not required)

### Element 6 — Date of Birth (MM/DD/CCYY) (not required)

### Element 7 — Gender (not required)

### Element 8 — Policyholder/Subscriber ID (SSN or ID#) (not required)

### Element 9 — Plan/Group Number (not required)

### Element 10 — Patient's Relationship to Person Named in #5 (not required)

### Element 11 — Other Insurance Company/Dental Benefit Plan Name, Address, City, State, Zip Code

Except for a few instances, ForwardHealth is the payer of last resort for any services covered by ForwardHealth. This means the provider is required to make a reasonable effort to exhaust all existing commercial health insurance sources before billing ForwardHealth unless the service is not covered by commercial health insurance. Element 11 identifies Medicare and commercial health insurance and whether the member has commercial health insurance coverage, Medicare

coverage, or both.

There are specific instructions for each coverage type. Providers should use the following guidelines for this element depending on the member's coverage:

- Members with commercial health or dental insurance coverage.
- Members with Medicare coverage.
- Members with both Medicare and commercial health or dental insurance coverage.

#### **Members with commercial health or dental insurance coverage**

Commercial health or dental insurance coverage must be billed prior to submitting claims to ForwardHealth, unless the service does not require commercial health insurance billing as determined by ForwardHealth. Commercial health insurance coverage is indicated by Wisconsin's EVS under "Other Commercial Health Insurance." A list of "other insurance" indicators is available. A list of CDT codes is also available.

*Note:* When commercial health or dental insurance paid only for some services and denied payment for the others, ForwardHealth recommends that providers submit two separate claim forms. To maximize reimbursement, one claim should be submitted for the partially paid services and another for the services denied by commercial health or dental insurance.

The following table indicates appropriate other insurance codes for use in Element 11.

Code	Description
<b>OI-P</b>	PAID in part or in full by commercial health or dental insurance or commercial HMO. In Element 32 of this claim form, indicate the amount paid by commercial health insurance to the provider or to the insured.
<b>OI-D</b>	Use OI-D for dental claims in either of the following situations: <ul style="list-style-type: none"> <li>• DENIED by commercial health or dental insurance or commercial HMO following submission of a correct and complete claim, or payment was applied towards the coinsurance and deductible.</li> <li>• YES, the member has commercial health or dental insurance or commercial HMO coverage, but it was not billed for reasons including, but not limited to, the following: <ul style="list-style-type: none"> <li>◦ The member denied coverage or will not cooperate.</li> <li>◦ The provider knows the service in question is not covered by the carrier.</li> <li>◦ The member's commercial health or dental insurance failed to respond to initial and follow-up claims.</li> <li>◦ Benefits are not assignable or cannot get assignment.</li> <li>◦ Benefits are exhausted.</li> </ul> </li> </ul>
<b>None</b>	Providers may leave this element blank if none of the CDT procedure codes on the claim are listed in the tables in Attachment 10 or if the other insurance is vision only.

*Note:* The provider may not use OI-D if the member is covered by a commercial HMO and the HMO denied payment because an otherwise covered service was not rendered by a designated provider. Services covered by a commercial HMO are not reimbursable by ForwardHealth except for the copayment and deductible amounts. Providers who receive a capitation payment from the commercial HMO may not bill ForwardHealth for services that are included in the capitation payment.

#### **Members with Medicare coverage**

Submit claims to Medicare before submitting claims to ForwardHealth.

Do not enter a Medicare disclaimer code in Element 11 when one or more of the following statements is true:

- Medicare never covers the procedure in any circumstance.
- ForwardHealth indicates the member does *not* have any Medicare coverage including Medicare Cost ("MCC") or Medicare + Choice ("MPC") for the service provided. For example, the service is covered by Medicare Part A, but the member does not have Medicare Part A.
- ForwardHealth indicates that the provider is not Medicare enrolled.
- Medicare has allowed the charges. In this case, attach the Explanation of Medicare Benefits, but do not indicate on the claim form the amount Medicare paid.

If none of the previous statements is true, a Medicare disclaimer code is necessary. The following table indicates appropriate Medicare disclaimer codes for use in Element 11 when billing Medicare prior to billing ForwardHealth.

Code	Description
<b>M-7</b>	<b>Medicare disallowed or denied payment.</b> This code applies when Medicare denies the claim for reasons related to policy (not billing errors), or the member's lifetime benefit, spell of illness, or yearly allotment of available benefits is exhausted.  <i>For Medicare Part A, use M-7 in the following instances (all three criteria must be met):</i>

	<ul style="list-style-type: none"> <li>• The provider is identified in ForwardHealth files as certified for Medicare Part A.</li> <li>• The member is eligible for Medicare Part A.</li> <li>• The service is covered by Medicare Part A but is denied by Medicare Part A due to frequency limitations, diagnosis restrictions, or exhausted benefits.</li> </ul> <p><i>For Medicare Part B, use M-7 in the following instances (all three criteria must be met):</i></p> <ul style="list-style-type: none"> <li>• The provider is identified in ForwardHealth files as certified for Medicare Part B.</li> <li>• The member is eligible for Medicare Part B.</li> <li>• The service is covered by Medicare Part B but is denied by Medicare Part B due to frequency limitations, diagnosis restrictions, or exhausted benefits.</li> </ul>
<b>M-8</b>	<p><b>Noncovered Medicare service.</b> This code may be used when Medicare was not billed because the service is not covered in this circumstance.</p> <p><i>For Medicare Part A, use M-8 in the following instances (all three criteria must be met):</i></p> <ul style="list-style-type: none"> <li>• The provider is identified in ForwardHealth files as certified for Medicare Part A.</li> <li>• The member is eligible for Medicare Part A.</li> <li>• The service is usually covered by Medicare Part A but not in this circumstance (e.g., member's diagnosis).</li> </ul> <p><i>For Medicare Part B, use M-8 in the following instances (all three criteria must be met):</i></p> <ul style="list-style-type: none"> <li>• The provider is identified in ForwardHealth files as certified for Medicare Part B.</li> <li>• The member is eligible for Medicare Part B.</li> <li>• The service is usually covered by Medicare Part B but not in this circumstance (e.g., member's diagnosis).</li> </ul>

**Members with both Medicare and commercial health or dental insurance coverage**

Use both a Medicare disclaimer code ("M-7" or "M-8") and an other insurance explanation code (e.g., "OI-P") when applicable.

**POLICYHOLDER/SUBSCRIBER INFORMATION**

**Element 12 — Policyholder/Subscriber Name (First, Last, Middle Initial, Suffix), Address, City, State, Zip Code**

Enter the member's last name, first name, and middle initial. Use the EVS to obtain the correct spelling of the member's name. If the name or spelling of the name on the ForwardHealth card and the EVS do not match, use the spelling from the EVS. The member's address, city, state, and ZIP code are not required.

**Element 13 — Date of Birth**

Enter the member's birth date in MM/DD/CCYY format.

**Element 14 — Gender (not required)**

**Element 15 — Policyholder/Subscriber ID (SSN or ID#)**

Enter the member identification number. Do not enter any other numbers or letters. Use the ForwardHealth card or the EVS to obtain the correct member ID.

**Element 16 — Plan/Group Number (not required)**

**Element 17 — Employer Name (not required)**

**PATIENT INFORMATION**

**Element 18 — Relationship to Policyholder/Subscriber in #12 Above (not required)**

**Element 19 — Student Status (not required)**

**Element 20 — Name (Last, First, Middle Initial, Suffix), Address, City, State, Zip Code (not required)**

**Element 21 — Date of Birth (MM/DD/CCYY) (not required)**

**Element 22 — Gender (not required)**

**Element 23 — Patient ID/Account # (Assigned by Dentist) (not required)**

**RECORD OF SERVICES PROVIDED****Element 24 — Procedure Date (MM/DD/CCYY)**

Enter the dates of service in MM/DD/CCYY format for each detail.

**Element 25 — Area of Oral Cavity**

If the procedure applies to gingivectomy, perio scaling, repair of dentures or partials, or alveoplasty, the area of the oral cavity is entered here.

**Element 26 — Tooth System (not required)****Element 27 — Tooth Number(s) or Letter(s)**

If the procedure applies to only one tooth, the tooth number or tooth letter is entered here.

**Element 28 — Tooth Surface**

Enter the tooth surface(s) restored for each restoration.

**Element 29 — Procedure Code**

Enter the appropriate procedure code for each dental service provided.

**Element 30 — Description**

Write a brief description of each procedure.

**Element 31 — Fee**

Enter the usual and customary charge for each detail line of service.

**Element 32 — Other Fee(s) (required for other insurance information, if applicable)**

Enter the actual amount paid by commercial health or dental insurance. (If the dollar amount indicated in Element 32 is greater than zero, "OI-P" must be indicated in Element 11.) Do not include the copayment amount. If the commercial health or dental insurance plan paid on only some services, those partially paid services should be submitted on a separate claim from the unpaid services to maximize reimbursement. This allows ForwardHealth to appropriately credit the payments. If the commercial health or dental insurance denied the claim, enter "000." Do not enter Medicare-paid amounts in this field.

**Element 33 — Total Fee**

Enter the total of all detail charges. Do not subtract other insurance payments.

**MISSING TEETH INFORMATION****Element 34 — Permanent and Primary (Place an `X? on each missing tooth) (not required)****Element 35 — Remarks (required, if applicable)**

List any unusual services, including reasons why limitations were exceeded. Providers should enter the word "Emergency" in this element for an emergency service.

**AUTHORIZATIONS****Element 36 — Patient/Guardian Signature and Date (not required)****Element 37 — Subscriber Signature and Date (not required)****ANCILLARY CLAIM/TREATMENT INFORMATION****Element 38 — Place of Treatment (Check applicable box)**

Check the appropriate box.

**Element 39 — Number of Enclosures (00 to 99) (not required)****Element 40 — Is Treatment for Orthodontics? (not required)****Element 41 — Date Appliance Placed (MM/DD/CCYY) (not required)****Element 42 — Months of Treatment Remaining (not required)****Element 43 — Replacement of Prosthesis? (not required)****Element 44 — Date Prior Placement (MM/DD/CCYY) (not required)**

**Element 45 — Treatment Resulting from (Check applicable box) (required, if applicable)**

Check the appropriate box if the dental services were the result of an occupational illness/injury, auto accident, or other accident.

**Element 46 — Date of Accident (MM/DD/CCYY) (required, if applicable)**

If a box was checked in Element 45, enter the date the accident happened.

**Element 47 — Auto Accident State (required, if applicable)**

Enter the state where the auto accident occurred.

**BILLING DENTIST OR DENTAL ENTITY****Element 48 — Name, Address, City, State, Zip Code**

Enter the name of the provider submitting the claim and the complete mailing address. The minimum requirement is the provider's name, street, city, state, and ZIP+4 code. If the billing provider is a group or clinic, enter the group or clinic name in this element. The name in Element 48 must correspond with the NPI in Element 49.

**Element 49 — NPI**

Enter the NPI of the billing provider. The NPI in this element must correspond with the provider name indicated in Element 48.

**Element 50 — License Number (not required)****Element 51 — SSN or TIN (not required)****Element 52 — Phone Number (not required)****Element 52A — Additional Provider ID**

Enter the billing provider's 10-digit taxonomy code. The taxonomy code in this element must correspond with the NPI indicated in Element 49.

**TREATING DENTIST AND TREATMENT LOCATION INFORMATION****Element 53 — Dentist's Signature and Date**

The provider or the authorized representative must sign in Element 53. The month, day, and year the form is signed must also be entered in MM/DD/CCYY format.

*Note:* The signature may be a computer-printed or typed name and date or a signature stamp with a date. However, claims with ?signature on file? stamps are denied.

**Element 54 — NPI (required, if applicable)**

If the treating provider's NPI is different than the billing provider NPI in Element 49, enter the treating provider's NPI in this element.

**Element 55 — License Number (not required)****Element 56 — Address, City, State, Zip Code (not required)****Element 56A — Provider Specialty Code (required, if applicable)**

Enter the treating provider's 10-digit taxonomy code. The taxonomy code in this element must correspond with the NPI indicated in Element 54.

**Element 57 — Phone Number (not required)****Element 58 — Additional Provider ID (not required)**

## Attached Documentation

Providers should not submit additional documentation with a claim *unless* specifically requested.

## Copy Claims on the ForwardHealth Portal

Providers can copy institutional, professional and dental paid claims on the ForwardHealth Portal. Providers can open any paid claim, click the "Copy" button, and all of the information on the claim will be copied over to a new claim form. Providers can then make any desired changes to the claim form and click "Submit" to submit as a new claim. After submission, ForwardHealth will issue a response with a new ICN along with the claim status.

## Correct Errors on Claims and Resubmit to ForwardHealth on the Portal

Providers can view EOB codes and descriptions for any claim submitted to ForwardHealth on the Portal. The EOBs will be useful for providers to determine why a claim did not process successfully, so the provider may correct the error online and resubmit the claim. The EOB will appear on the bottom of the screen and will reference the applicable claim header or detail.

## Direct Data Entry of Professional and Institutional Claims on the Portal

Providers can submit professional, institutional and dental claims to ForwardHealth via DDE on the Portal. DDE is an online application that allows providers to submit claims directly to ForwardHealth. DDE is not available for dental or pharmacy claims at this time.

When submitting claims via DDE, required fields are indicated with an asterisk next to the field. If a required field is left blank, the claim will not be submitted and a message will appear prompting the provider to complete the specific required field(s). Portal help is available for each online application screen. In addition, search functions accompany certain fields so providers do not need to look up the following information in secondary resources.

On professional claim forms, providers may search for and select the following:

- Procedure codes.
- Modifiers.
- Diagnosis codes.
- Place of service codes.

On institutional claim forms, providers may search for and select the following:

- Type of bill.
- Patient status.
- Admission source.
- Admission type.
- Diagnosis codes.
- Revenue codes.
- Procedure codes.
- Modifiers.

On dental claims, providers may search for and select the following:

- Procedure codes.
- Rendering providers.
- Area of the oral cavity.
- Place of service.

## Electronic Claims Submission

Providers are encouraged to submit claims electronically. Electronic claims submission does the following:

- Adapts to existing systems.
- Allows flexible submission methods.
- Improves cash flow.
- Offers efficient and timely payments.
- Reduces billing and processing errors.
- Reduces clerical effort.

Electronic claims for HealthCheck services must be submitted using the following transactions:

- 837P transaction (for HealthCheck and HealthCheck outreach and case management services).
- 837D transaction for dental sealants (for HealthCheck nursing agencies only). Providers should refer to the [Dental](#) service area for ADA claim instructions.

Electronic claims for HealthCheck services submitted using any transaction other than the 837P or 837D will be denied.

Providers should use the appropriate [companion document](#) for the 837 transaction when submitting claims for the 837P and 837D transactions.

## Provider Electronic Solutions Software

The DHCAA offers electronic billing software at no cost to the provider. The PES software allows providers to submit electronic claims using the 837 transaction. To obtain [PES software](#), providers may request the software through the ForwardHealth Portal. Providers may also obtain the software by contacting the [DHCAA EDI Helpdesk](#).

## Extraordinary Claims

[Extraordinary claims](#) are claims that have been denied by a BadgerCare Plus HMO or SSI HMO and should be submitted to fee-for-service.

## HIPAA-Compliant Data Requirements

### Procedure Codes

All fields submitted on paper and electronic claims are edited to ensure HIPAA compliance before being processed. Compliant code sets include CPT and HCPCS procedure codes entered into all fields, including those fields that are "Not Required" or "Optional."

If the information in all fields are not valid and recognized by ForwardHealth, the claim will be denied.

### Provider Numbers

For health care providers, NPIs are required in all provider number fields on paper claims and 837 transactions, including rendering, billing, referring, prescribing, attending, and "Other" provider fields.

Non-healthcare providers, including personal care providers, SMV providers, blood banks, and CCOs should enter valid provider numbers into fields that require a provider number.

## Managed Care Organizations

Claims for services that are covered in a member's state-contracted MCO should be submitted to that MCO.

## Noncertified Providers

Claims from [noncertified in-state providers](#) must meet additional requirements.

## Other Insurance Indicators and Billing Instructions for Dental Providers Using the ADA 2006 Claim

Insurance indicators used by EVS to identify a member's other insurance coverage are listed below. Subsequent tables list CDT codes that dental providers must bill to other insurance sources before submitting a claim to ForwardHealth. Providers should use this information when filling out an ADA 2006 Claim Form.

### *Other Insurance Indicators*

When a member's enrollment is confirmed in the EVS, one of seven "other insurance" indicators may be indicated. The following is a list of the indicators and descriptions:

- DEN — Commercial Dental Insurance.
- HMO — Health Maintenance Organization (non-Medicaid).
- SUP — Medicare Supplement.
- BLU — BlueCross and BlueShield.
- WPS — Wisconsin Physicians Service.
- CHA — TriCare.
- HPP — Wausau Health Protection Plan.
- OTH — All other commercial health or dental insurance plans.

**Insurance Indicator "DEN"**

When the EVS indicates the code "DEN" for "other coverage," submit claims for the following CDT procedure codes to commercial dental insurance prior to billing these procedures to ForwardHealth.

Service Type	Service	Codes
Diagnostic	Exams	D0120-D0170
	X-rays	D0270-D0274
Preventive	Prophylaxis, Fluoride	D1110-D1202
	Sealants	D1351
	Space maintainers	D1510-D1515, D1550
Restorative	Fillings	D2140-D2394
	Crowns	D2390, D2920-D2933
Endodontic	Root canals	D3310-D3330
Periodontic	Gingivectomy	D4210-D4211
	Scaling	D4341-D4342
	Full-mouth debridement	D4355
Prosthodontic	Dentures	D5110-D5212, D5510-D5761
	Bridges	D6930-D6940, D6980-D6985
Extractions	Extractions	D7111-D7250
Surgical	Surgeries	D7260-D7780, D7840-D7850, D7910-D7991
Orthodontic	Orthodontia	D8010-D8680, D8692

**Insurance Indicator "HMO"**

When the EVS indicates the code "HMO" for "other coverage," submit claims for the following CDT procedure codes to the commercial HMO prior to billing these procedures to ForwardHealth. The provider must be a member of the commercial HMO to receive reimbursement.

## Paper Claim Form Preparation and Data Alignment Requirements

### Optical Character Recognition

Paper claims submitted to ForwardHealth on the 1500 Health Insurance Claim Form and UB-04 Claim Form are processed using OCR software that recognizes printed, alphanumeric text. OCR software increases efficiency by alleviating the need for keying in data from paper claims.

The data alignment requirements do not apply to the [Compound Drug Claim](#) and the [Noncompound Drug Claim](#).

### Speed and Accuracy of Claims Processing

OCR software processes claim forms by reading text within fields on claim forms. After a paper claim form is received by ForwardHealth, the claim form is scanned so that an image can be displayed electronically. The OCR software reads the electronic image on file and populates the information into the ForwardHealth interChange system. This technology increases accuracy by removing the possibility of errors being made during manual keying.

OCR software speeds paper claim processing, but only if providers prepare their claim forms correctly. In order for OCR software to read the claim form accurately, the quality of copy and the alignment of text within individual fields on the claim form need to be precise. If data are misaligned, the claim could be processed incorrectly. If data cannot be read by the OCR software, the process will stop and the electronic image of the claim form will need to be reviewed and keyed manually. This will cause an increase in processing time.

### Handwritten Claims

Submitting handwritten claims should be avoided whenever possible. ForwardHealth accepts handwritten claims; however, it is very difficult for OCR software to read a handwritten claim. If a handwritten claim cannot be read by the OCR software, it will need to be keyed manually from the electronic image of the claim form. Providers should avoid submitting claims with handwritten corrections as this can also cause OCR software processing delays.

### Use Original Claim Forms

Only original 1500 Health Insurance Claim Forms and UB-04 Claim Forms should be submitted. Original claim forms are printed in red ink and may be obtained from a federal forms supplier. ForwardHealth does not provide these claim forms. Claims that are submitted as photocopies cannot be read by OCR software and will need to be keyed manually from an electronic image of the claim form. This could result in processing delays.

## Use Laser or Ink Jet Printers

It is recommended that claims are printed using laser or ink jet printers rather than printers that use DOT matrix. DOT matrix printers have breaks in the letters and numbers, which may cause the OCR software to misread the claim form. Use of old or worn ink cartridges should also be avoided. If the claim form is read incorrectly by the OCR software, the claim may be denied or reimbursed incorrectly. The process may also be stopped if it is unable to read the claim form, which will cause a delay while it is manually reviewed.

## Alignment

Alignment within each field on the claim form needs to be accurate. If text within a field is aligned incorrectly, the OCR software may not recognize that data are present within the field or may not read the data correctly. For example, if a reimbursement amount of \$300.00 is entered into a field on the claim form, but the last "0" is not aligned within the field, the OCR software may read the number as \$30.00, and the claim will be reimbursed incorrectly.

To get the best alignment on the claim form, providers should center information vertically within each field, and align all information on the same horizontal plane. Avoid squeezing two lines of text into one of the six line items on the 1500 Health Insurance Claim Form.

The following sample claim forms demonstrate correct and incorrect alignment:

- [Correct alignment](#) for the 1500 Health Insurance Claim Form.
- [Incorrect alignment](#) for the 1500 Health Insurance Claim Form.
- [Correct alignment](#) for the UB-04 Claim Form.
- [Incorrect alignment](#) for the UB-04 Claim Form.

## Clarity

Clarity is very important. If information on the claim form is not clear enough to be read by the OCR software, the process may stop, prompting manual review.

The following guidelines will produce the clearest image and optimize processing time:

- Use 10-point or 12-point Times New Roman or Courier New font.
- Type all claim data in uppercase letters.
- Use only black ink to complete the claim form.
- Avoid using italics, bold, or script.
- Make sure characters do not touch.
- Make sure there are no lines from the printer cartridge anywhere on the claim form.
- Avoid using special characters such as dollar signs, decimals, dashes, asterisks, or backslashes, unless it is specified that these characters should be used.
- Use Xs in check boxes. Avoid using letters such as "Y" for "Yes," "N" for "No," "M" for "Male," or "F" for "Female."
- Do not highlight any information on the claim form. Highlighted information blackens when it is imaged, and the OCR software will be unable to read it.

*Note:* The above guidelines will also produce the clearest image for claims that need to be keyed manually from an electronic image.

## Staples, Correction Liquid, and Correction Tape

The use of staples, correction liquid, correction tape, labels, or stickers on claim forms should be avoided. Staples need to be removed from claim forms before they can be imaged, which can damage the claim and cause a delay in processing time. Correction liquid, correction tape, labels, and stickers can cause data to be read incorrectly or cause the OCR process to stop, prompting manual review. If the form cannot be read by the OCR software, it will need to be keyed manually from an electronic image.

## Additional Diagnosis Codes

ForwardHealth will accept up to eight diagnosis codes in Element 21 of the 1500 Health Insurance Claim Form. To correctly add additional diagnosis codes in this element so that it can be read properly by the OCR software, providers should indicate the fifth diagnosis code between the first and third diagnosis code blanks, the sixth diagnosis code between the second and fourth diagnosis code blanks, the seventh diagnosis code to the right of the third diagnosis code blank, and the eighth diagnosis code to the right of the fourth diagnosis code blank. Providers should not number any additional diagnosis codes.

## Anchor Fields

Anchor fields are areas on the 1500 Health Insurance Claim Form and the UB-04 Claim Form that the OCR software uses to identify what type of form is being processed. The following fields on the 1500 Health Insurance Claim Form are anchor fields:

- Element 2 (Patient's Name).
- Element 4 (Insured's Name).
- Element 24 (Detail 1).

The following fields on the UB-04 Claim Form are anchor fields:

- Form Locator 4 (Type of Bill).
- Form Locator 5 (Fed. Tax No.).
- Form Locator 9 (Patient Address).
- Form Locator 58A (Insured's Name).

Since ForwardHealth uses these fields to identify the form as a 1500 Health Insurance Claim Form or a UB-04 Claim Form, it is required that these fields are completed for processing.

## Paper Claim Submission

### HealthCheck and HealthCheck Outreach and Case Management Services

Paper claims for HealthCheck and HealthCheck outreach and case management services must be submitted using the 1500 Health Insurance Claim Form (dated 08/05). Claims for these services submitted on any other paper claim form are denied.

Providers should use the appropriate claim form instructions for HealthCheck and HealthCheck outreach and case management services when submitting these claims.

### Obtaining the Claim Forms

ForwardHealth does not provide the 1500 Health Insurance Claim Form. The form may be obtained from any federal forms supplier.

### Dental Sealants

Paper claims for dental sealants provided by HealthCheck nursing agencies must be submitted using the ADA 2006 Claim Form. Wisconsin Medicaid denies claims for dental sealants submitted on any claim form other than the ADA 2006 Claim Form.

Providers should use the claim form instructions for the ADA 2006 Claim Form when submitting these claims for dental sealants which are located in the [Dental](#) service area of the ForwardHealth Portal.

### Obtaining the ADA 2006 Claim Form

Wisconsin Medicaid does not provide the ADA 2006 Claim Form. The form may be obtained from the [ADA](#). Providers may call the ADA at (800) 947-4746 if Internet access is not available.

## Submitting Paper Attachments with Electronic Claims

Providers may submit paper attachments to accompany electronic claims and electronic claim adjustments. Providers should refer to their [companion documents](#) for directions on indicating that a paper attachment will be submitted by mail.

Paper attachments that go with electronic claim transactions must be submitted with the [Claim Form Attachment Cover Page](#). Providers are required to indicate an ACN for paper attachment(s) submitted with electronic claims. (The ACN is an alphanumeric entry between 2 and 80 digits assigned by the provider to identify the attachment.) The ACN must be indicated on the cover page so that ForwardHealth can match the paper attachment(s) to the correct electronic claim.

ForwardHealth will hold an electronic claim transaction or a paper attachment(s) for up to 30 calendar days to find a match. If a match cannot be made within 30 days, the claim will be processed without the attachment and will be denied if an attachment is required. When such a claim is denied, both the paper attachment(s) and the electronic claim will need to be resubmitted.

Providers are required to send paper attachments relating to electronic claim transactions to the following address:

ForwardHealth  
Claims and Adjustments  
6406 Bridge Rd  
Madison WI 53784-0002

## Tooth Number or Area of Oral Cavity Requirement

Procedures that require a tooth number or an area of oral cavity cannot be submitted on the 1500 Health Insurance Claim Form. Providers are required to use the ADA 2006 Claim Form when submitting claims for procedures that require a tooth number or an area of oral cavity.

## Vaccines

Providers are required to indicate the procedure code of the actual vaccine administered, not the administration code, on claims for all immunizations.

Reimbursement for both the vaccine, when appropriate, and the administration are included in the reimbursement for the vaccine procedure code, so providers should not separately bill the administration code. Providers are required to indicate their usual and customary charge for the service with the procedure code.

## Sample Reimbursement Scenario

A mother and her 10-year-old child are both BadgerCare Plus Standard Plan members and they both receive an influenza virus vaccine at a physician's office. The influenza virus vaccine is available through the VFC Program. The child's vaccine is obtained from the provider's VFC supply. The mother's vaccine is obtained from the provider's private stock.

To submit a claim for the child's vaccine, indicate CPT procedure code 90658 (Influenza virus vaccine, split virus, when administered to individuals 3 years of age and older, for intramuscular use) with the usual and customary charge. ForwardHealth will reimburse for the administration fee only.

To submit a claim for the mother's vaccine, indicate procedure code 90658 with the usual and customary charge. ForwardHealth will reimburse for the vaccine and the administration fee.

## Timely Filing Appeals Requests

### Requirements

When a claim or adjustment request meets one of the [exceptions](#) to the submission deadline, the provider is required to submit a [Timely Filing Appeals Request](#) form with a paper claim or an [Adjustment/Reconsideration Request](#) form to override the submission deadline.

DOS that are beyond the submission deadline should be submitted separately from DOS that are within the deadline. Claims or adjustment requests received that contain both current and late DOS are processed through normal channels without review by Timely Filing and late DOS will be denied.

### Resubmission

Decisions on [Timely Filing Appeals Requests](#) cannot be appealed. Providers may resubmit the claim to Timely Filing if both of the following occur:

- The provider submits additional documentation as requested.
- ForwardHealth receives the documentation before the specified deadline for the exception to the submission deadline.

### Submission

To receive consideration for an exception to the submission deadline, providers are required to submit the following:

- A properly completed [Timely Filing Appeals Request](#) form.
- A legible claim or adjustment request.
- All required documentation as specified for the exception to the submission deadline.

To receive consideration, a Timely Filing Appeals Request must be received before the deadline specified for the exception to the submission deadline.

When completing the claim or adjustment request, providers are required to indicate the procedure code, diagnosis code, POS code, etc., as effective for the DOS. However, providers should use the current claim form and instructions or adjustment request form and instructions. Reimbursement for Timely Filing Appeals Requests is contingent upon the claim or adjustment request meeting program requirements for the DOS.

The following table lists the filing deadlines and documentation requirements as they correspond to each of the eight allowable exceptions.

Change in Nursing Home Resident's Level of Care or Liability Amount		
Description of the Exception	Documentation Requirements	Submission Address
This exception occurs when a nursing home claim is initially received within the submission deadline and reimbursed incorrectly due to a change in the member's authorized level of care or liability amount.	<p>To receive consideration, the request must be submitted within 455 days from the DOS and the correct liability amount or level of care must be indicated on the <a href="#">Adjustment/Reconsideration Request</a> form.</p> <p>The most recent claim number (also known as the ICN) must be indicated on the Adjustment/Reconsideration Request form. This number may be the result of a ForwardHealth-initiated adjustment.</p>	ForwardHealth Timely Filing Ste 50 6406 Bridge Rd Madison WI 53784-0050
Decision Made by a Court, Fair Hearing, or the Department of Health Services		
Description of the Exception	Documentation Requirements	Submission Address
This exception occurs when a decision is made by a court, fair hearing, or the DHS.	To receive consideration, the request must be submitted within 90 days from the date of the decision of the hearing. A complete copy of the notice received from the court, fair hearing, or DHS must be submitted with the request.	ForwardHealth Timely Filing Ste 50 6406 Bridge Rd Madison WI 53784-0050
Denial Due to Discrepancy Between the Member's Enrollment Information in ForwardHealth interChange and the Member's Actual Enrollment		
Description of the Exception	Documentation Requirements	Submission Address
This exception occurs when a claim is initially received by the	To receive consideration, the following documentation must	ForwardHealth

deadline but is denied due to a discrepancy between the member's enrollment information in ForwardHealth interChange and the member's actual enrollment.	be submitted within 455 days from the DOS: <ul style="list-style-type: none"> <li>• A copy of remittance information showing the claim was submitted in a timely manner and denied with a qualifying enrollment-related explanation.</li> <li>• A photocopy of one of the following indicating enrollment on the DOS:             <ul style="list-style-type: none"> <li>◦ White paper BadgerCare Plus EE for pregnant women or children identification card.</li> <li>◦ Green paper temporary identification card.</li> <li>◦ White paper PE for the FPW identification card.</li> <li>◦ The response received through the EVS from a commercial eligibility vendor.</li> <li>◦ The transaction log number received through <a href="#">WiCall</a>.</li> </ul> </li> </ul>	Good Faith/Timely Filing Ste 50 6406 Bridge Rd Madison WI 53784-0050
--	---	---

ForwardHealth Reconsideration or Recoupment		
Description of the Exception	Documentation Requirements	Submission Address
This exception occurs when ForwardHealth reconsiders a previously processed claim. ForwardHealth will initiate an adjustment on a previously paid claim.	If a subsequent provider submission is required, the request must be submitted within 90 days from the date of the RA message. A copy of the RA message that shows the ForwardHealth-initiated adjustment must be submitted with the request.	ForwardHealth Timely Filing Ste 50 6406 Bridge Rd Madison WI 53784-0050

Retroactive Enrollment for Persons on General Relief		
Description of the Exception	Documentation Requirements	Submission Address
This exception occurs when the local county or tribal agency requests a return of a GR payment from the provider because a member has become retroactively enrolled for Wisconsin Medicaid or BadgerCare Plus.	To receive consideration, the request must be submitted within 180 days from the date the backdated enrollment was added to the member's enrollment information. The request must be submitted with one of the following: <ul style="list-style-type: none"> <li>• "GR retroactive enrollment" indicated on the claim.</li> <li>• A copy of the letter received from the local county or tribal agency.</li> </ul>	ForwardHealth GR Retro Eligibility Ste 50 6406 Bridge Rd Madison WI 53784-0050

Medicare Denial Occurs After the Submission Deadline		
Description of the Exception	Documentation Requirements	Submission Address
This exception occurs when claims submitted to Medicare (within 365 days of the DOS) are denied by Medicare after the 365-day submission deadline. A waiver of the submission deadline will not be granted when Medicare denies a claim for one of the following reasons: <ul style="list-style-type: none"> <li>• The charges were previously submitted to Medicare.</li> <li>• The member name and identification number do not match.</li> <li>• The services were previously denied by Medicare.</li> <li>• The provider retroactively applied for Medicare enrollment and did not become enrolled.</li> </ul>	To receive consideration, the following must be submitted within 90 days of the Medicare processing date: <ul style="list-style-type: none"> <li>• A copy of the Medicare remittance information.</li> <li>• The appropriate Medicare disclaimer code must be indicated on the claim.</li> </ul>	ForwardHealth Timely Filing Ste 50 6406 Bridge Rd Madison WI 53784-0050

#### Refund Request from an Other Health Insurance Source

Description of the Exception	Documentation Requirements	Submission Address
This exception occurs when an other health insurance source reviews a previously paid claim and determines that reimbursement was inappropriate.	<p>To receive consideration, the following documentation must be submitted within 90 days from the date of recoupment notification:</p> <ul style="list-style-type: none"> <li>• A copy of the commercial health insurance remittance information.</li> <li>• A copy of the remittance information showing recoupment for crossover claims when Medicare is recouping payment.</li> </ul>	ForwardHealth Timely Filing Ste 50 6406 Bridge Rd Madison WI 53784-0050

Retroactive Member Enrollment		
Description of the Exception	Documentation Requirements	Submission Address
This exception occurs when a claim cannot be submitted within the submission deadline due to a delay in the determination of a member's retroactive enrollment.	To receive consideration, the request must be submitted within 180 days from the date the backdated enrollment was added to the member's enrollment information. In addition, "retroactive enrollment" must be indicated on the claim.	ForwardHealth Timely Filing Ste 50 6406 Bridge Rd Madison WI 53784-0050

# Coordination of Benefits

3

Archive Date:07/01/2010

## Coordination of Benefits:Commercial Health Insurance

---

### Services Not Requiring Commercial Health Insurance Billing

Providers are not required to bill commercial health insurance sources before submitting claims for the following:

- Case management services.
- Family planning services.
- PNCC services.
- Preventive pediatric services.
- SMV services.

HealthCheck nursing agencies are not required to submit claims to commercial health insurance sources before submitting claims to ForwardHealth.

# Covered and Noncovered Services

## 4

Archive Date:07/01/2010

## Covered and Noncovered Services:Codes

### Diagnosis Codes

All diagnosis codes indicated on claims (and PA requests when applicable) must be the most specific ICD-9-CM diagnosis code. Providers are responsible for keeping current with diagnosis code changes. Etiology and manifestation codes may not be used as a primary diagnosis.

The required use of valid diagnosis codes includes the use of the most specific diagnosis code. Valid, most specific diagnosis codes may have up to five digits. Claims submitted with three- or four-digit codes where four- and five-digit codes are available may be denied.

### Modifiers

The following table lists the allowable modifiers for HealthCheck services.

Modifier	Description	Allowable Procedure Codes	Allowable Providers
UA*	Comprehensive HealthCheck screen results in a referral or follow-up visit for diagnostic or corrective treatment	99381-99385 and 99391-99395	All HealthCheck providers, including HealthCheck nursing agencies
EP	Service provided as part of [follow-up to] Medicaid early periodic screening diagnosis and treatment (EPSDT) program	99211-99215, T1002, T1029, T1017, and T1016	HealthCheck nursing agencies only
TS	Follow-up service [for lead inspection]	T1029	HealthCheck nursing agencies only

\* Modifier "UA" is a national modifier that is state defined.

### Place of Service Codes

The following table lists the allowable POS codes for HealthCheck services.

Code	Description
05	Indian Health Service Free-Standing Facility
06	Indian Health Service Provider-Based Facility
07	Tribal 638 Free-Standing Facility
08	Tribal 638 Provider-Based Facility
11	Office
12	Home
50	Federally Qualified Health Center
71	Public Health Clinic
72	Rural Health Clinic
99	Other Place of Service

### Procedure Codes

Covered HealthCheck screening services are identified by the allowable procedures codes listed in the following tables.

New Patient		
Code	Description	Allowable Modifier
99381	Initial comprehensive preventive medicine evaluation and management of an individual including an age and gender appropriate history, examination, counseling/anticipatory guidance/risk factor reduction interventions, and the ordering of appropriate immunization(s), laboratory/diagnostic procedures, new patient; infant (age under 1 year)	UA
99382	early childhood (age 1 through 4 years)	UA
99383	late childhood (age 5 through 11 years)	UA

99384	adolescent (age 12 through 17 years)	UA
99385	18-(20) years	UA

Established Patient		
Code	Description	Allowable Modifier
99391	Periodic comprehensive preventive medicine reevaluation and management of an individual including an age and gender appropriate history, examination, counseling/anticipatory guidance/risk factor reduction interventions, and the ordering of appropriate immunization(s), laboratory/diagnostic procedures, established patient; infant (age under 1 year)	UA
99392	early childhood (age 1 through 4 years)	UA
99393	late childhood (age 5 through 11 years)	UA
99394	adolescent (age 12 through 17 years)	UA
99395	18-(20) years	UA

Interperiodic Visits		
Code	Description	Allowable Modifier
99211	Office or other outpatient visit for the evaluation and management of an established patient, that may not require the presence of a physician. Usually, the presenting problem(s) are minimal. Typically, 5 minutes are spent performing or supervising these services.	EP
99212	Office or other outpatient visit for the evaluation and management of an established patient, which requires at least two of these three components: a problem focused history; a problem focused examination; straightforward medical decision making. Usually, the presenting problems are self limited or minor. Physicians typically spend 10 minutes face-to-face with the patient and/or family.	EP
99213	Office or other outpatient visit for the evaluation and management of an established patient, which requires at least two of these three components: an expanded problem focused history; an expanded problem focused examination; medical decision making of low complexity. Usually, the presenting problem(s) are of low to moderate severity. Physicians typically spend 15 minutes face-to-face with the patient and/or family.	EP
99214	Office or other outpatient visit for the evaluation and management of an established patient, which requires at least two of these three components: a detailed history; a detailed examination; and medical decision making of moderate complexity. Usually, the presenting problem(s) are of moderate to high severity. Physicians typically spend 25 minutes face-to-face with the patient and/or family.	EP
99215	Office or other outpatient visit for the evaluation and management of an established patient, which requires at least two of these three components: a comprehensive history; a comprehensive examination; medical decision making of high complexity. Usually, the presenting problem(s) are of moderate to high severity. Physicians typically spend 40 minutes face-to-face with the patient and/or family.	EP

Lead Inspection Services		
Code	Description	Allowable Modifier
T1002	Registered nurse services, up to 15 minutes	
T1029	Comprehensive environmental lead investigation, not including laboratory analysis, per dwelling	TS

Immunizations	
Code	Description
90632 <sup>1</sup>	Hepatitis A vaccine, adult dosage, for intramuscular use
90633 <sup>1</sup>	Hepatitis A vaccine, pediatric/adolescent dosage-2 dose schedule, for intramuscular use
90636 <sup>1</sup>	Hepatitis A and hepatitis B vaccine (HepA-HepB), adult dosage, for intramuscular use
90645 <sup>1</sup>	Hemophilus influenza b vaccine (Hib), HbOC conjugate (4 dose schedule), for intramuscular use
90647 <sup>1</sup>	Hemophilus influenza b vaccine (Hib), PRP-OMP conjugate (3 dose schedule), for intramuscular use
90648 <sup>1</sup>	Hemophilus influenza b vaccine (Hib), PRP-T conjugate (4 dose schedule), for intramuscular use
90649 <sup>1</sup>	Human Papilloma virus (HPV) vaccine, types 6, 11, 16, 18 (quadrivalent), 3 dose schedule, for intramuscular use
90650 <sup>1</sup>	Human Papilloma virus (HPV) vaccine, types 16, 18, bivalent, 3 dose schedule, for intramuscular use
90655 <sup>1</sup>	Influenza virus vaccine, split virus, preservative free, when administered to children 6-35 months of age, for intramuscular use
90656 <sup>1</sup>	Influenza virus vaccine, split virus, preservative free, when administered to individuals 3 years of age and older, for intramuscular use

90657 <sup>1</sup>	Influenza virus vaccine, split virus, when administered to children 6-35 months of age, for intramuscular use
90658 <sup>1</sup>	Influenza virus vaccine, split virus, when administered to individuals 3 years of age and older, for intramuscular use
90660 <sup>1</sup>	Influenza virus vaccine, live, for intranasal use
90669	Pneumococcal conjugate vaccine, polyvalent, when administered to children younger than 5 years, for intramuscular use
90670 <sup>1</sup>	Pneumococcal conjugate vaccine, 13 valent, for intramuscular use
90680 <sup>1</sup>	Rotavirus vaccine, pentavalent, 3 dose schedule, live, for oral use
90681 <sup>1</sup>	Rotavirus vaccine, human, attenuated, 2 dose schedule, live, for oral use
90696 <sup>1</sup>	Diphtheria, tetanus toxoids, acellular pertussis vaccine and poliovirus vaccine, inactivated, (DTaP-IPV), when administered to children 4 through 6 years of age, for intramuscular use
90698 <sup>1</sup>	Diphtheria, tetanus toxoids, acellular pertussis vaccine, haemophilus influenza Type B, and poliovirus vaccine, inactivated (DTaP-Hib-IPV), for intramuscular use
90700 <sup>1</sup>	Diphtheria, tetanus toxoids, and acellular pertussis vaccine (DTaP), when administered to individuals younger than 7 years, for intramuscular use
90702	Diphtheria and tetanus toxoids (DT) adsorbed for use in individuals younger than 7 years, for intramuscular use
90707 <sup>1</sup>	Measles, mumps and rubella virus vaccine (MMR), live, for subcutaneous use
90710	Measles, mumps, rubella, and varicella vaccine (MMRV), live, for subcutaneous use
90712	Poliovirus vaccine, (any type(s)) (OPV), live, for oral use
90713 <sup>1</sup>	Poliovirus vaccine, inactivated, (IPV), for subcutaneous or intramuscular use
90714 <sup>1</sup>	Tetanus and diphtheria toxoids (Td) absorbed, preservative free, when administered to individuals 7 years or older, for intramuscular use
90715 <sup>1</sup>	Tetanus, diphtheria toxoids and acellular pertussis vaccine [Tdap], when administered to individuals 7 years or older, for intramuscular use
90716 <sup>1</sup>	Varicella virus vaccine, live, for subcutaneous use
90718	Tetanus and diphtheria toxoids (Td) adsorbed when administered to 7 years or older, for intramuscular use
90723 <sup>1</sup>	Diphtheria, tetanus toxoids, acellular pertussis vaccine, Hepatitis B, and poliovirus vaccine, inactivated (DtaP- HepB-IPV), for intramuscular use
90732	Pneumococcal polysaccharide vaccine, 23-valent, adult or immunosuppressed patient dosage, when administered to individuals 2 years or older, for subcutaneous or intramuscular use
90734 <sup>1</sup>	Meningococcal conjugate vaccine, serogroups A, C, Y and W-135 (tetravalent), for intramuscular use
90740	Hepatitis B vaccine, dialysis or immunosuppressed patient dosage (3 dose schedule), for intramuscular use
90743	Hepatitis B vaccine, adolescent (2 dose schedule), for intramuscular use
90744 <sup>1</sup>	Hepatitis B vaccine, pediatric/adolescent dosage (3 dose schedule), for intramuscular use
90746 <sup>1</sup>	Hepatitis B vaccine, adult dosage, for intramuscular use
90747	Hepatitis B vaccine, dialysis or immunosuppressed patient dosage (4 dose schedule), for intramuscular use
90748 <sup>1</sup>	Hepatitis B and Hemophilus influenza b vaccine (HepB-Hib), for intramuscular use
90749	Unlisted vaccine/toxoid

**Laboratory Tests**

Code	Description
81002 <sup>2</sup>	Urinalysis, by dip stick or tablet reagent for bilirubin, glucose, hemoglobin, ketones, leukocytes, nitrite, pH, protein, specific gravity, urobilinogen, any number of these constituents; non-automated, without microscopy
82465 <sup>3</sup>	Cholesterol, serum or whole blood, total
82947 <sup>3</sup>	Glucose; quantitative, blood, (except reagent strip)
85013 <sup>2</sup>	Blood count; spun microhematocrit
85018 <sup>2</sup>	hemoglobin (Hgb)
99000	Handling and/or conveyance of specimen for transfer from the physician's office to a laboratory

**Other Tests**

Code	Description
86580	Skin test; tuberculosis, intradermal

<sup>1</sup>Vaccine is provided through the [VFC](#) Program. Procedure codes for vaccines available through the VFC Program are subject to change. Providers should refer to the [VFC Web site](#) for a complete list of vaccines available through the VFC Program.

<sup>2</sup>Service may be performed by HealthCheck agencies with an approved CLIA waiver.

<sup>3</sup>Service may only be performed for high-risk children and requires appropriate follow-up.

## Covered Services and Requirements

---

### An Overview of HealthCheck Services

The federal Medicaid program established a comprehensive preventive well-child screening program for Medicaid-eligible children in 1967. Congress established the EPSDT component of Medicaid to promote the early detection and treatment of health conditions that could lead to chronic illnesses and disabilities in children. In Wisconsin, EPSDT is known as HealthCheck.

The purpose of the federally-mandated HealthCheck program is to assure that all Medicaid-enrolled children receive periodic, comprehensive health screening exams resulting in the identification and provision of needed health care services.

The HealthCheck program consists of the following service types:

- [Periodic comprehensive screenings.](#)
- [Interperiodic screenings.](#)
- [Outreach/case management.](#)
- Other services.

A HealthCheck screening examination may be distinguished from other preventative health care under Wisconsin Medicaid because HealthCheck includes a strong anticipatory guidance and health education component, a schedule for periodic examinations (based on recommendations by organizations that are recognized as authorities in the field of child and adolescent health).

### Benchmark Plan Covered HealthCheck Services

The following HealthCheck services are covered under the BadgerCare Plus Benchmark Plan:

- Blood lead testing.
- Dental sealants.
- Fluoride topical applications.
- HealthCheck screenings (not including interperiodic visits, which are not covered). Outreach services.

HealthCheck interperiodic visits and most HealthCheck "Other Services" are *not* covered by the Benchmark Plan.

### Blood Lead Screening Test

A capillary fingerstick can be done for a blood lead screening test. A confirmatory venous blood test is required only if the capillary blood lead level is 10 mcg/dL or greater.

Providers may be reimbursed for collection of a capillary blood specimen (e.g., finger, heel, ear stick) using CPT code 36416 (collection of capillary blood specimen [e.g., finger, heel, ear stick]). This procedure is frequently used when doing a finger stick blood draw for blood lead testing.

Providers may be reimbursed for CPT code 36416 and lab handling fee CPT code 99000 when drawing a finger stick blood specimen to be mailed to the laboratory for analysis.

Providers may be reimbursed for CPT code 36416 and CPT code 83655 (Lead) when doing on-site blood lead testing. Providers will not be reimbursed for the lab handling fee CPT code 99000 in this situation.

### Blood Testing at WIC Clinics

Approximately 75 percent of all children seen in WIC clinics in Wisconsin are ForwardHealth members. The majority of WIC clinics do some blood lead testing of BadgerCare Plus-enrolled children when performing routine blood tests for hemoglobin or hematocrit. Confusion often exists when a fingerstick is performed at the WIC clinic for hemoglobin or hematocrit as parents may assume that their child was also tested for lead. To validate that a blood lead test was performed on a particular child and to obtain the result of the test, providers may contact the Wisconsin Childhood Lead Poisoning Prevention Program at (608) 266-5817 or the Milwaukee Childhood Lead Poisoning Prevention Program at (414) 286-5987.

### Office-Based Blood Lead Testing

Providers are encouraged to draw capillary (fingerstick) blood lead samples within their office or clinic. Performing the fingerstick in the clinic ensures the test is

completed. If the child is referred to an outside area, the test may not be done.

Providers wanting to provide blood lead testing in their office should refer to provider handbooks for information on the CLIA. CLIA requires laboratories and providers performing tests for health assessment or for the diagnosis, prevention, or treatment of disease or health impairment to comply with specific federal quality standards.

## Certificate of Need for Transportation

ForwardHealth covers SMV services if the transportation is to and from a facility where the member receives Medicaid-covered services and the member meets the criteria for SMV services. The following are criteria for SMV services:

- A member must be indefinitely disabled, legally blind, or temporarily disabled.
- A member must have a medical condition that contraindicates safe travel by common carrier such as bus, taxi, or private vehicle.

If a member meets the criteria, a physician, physician assistant, nurse practitioner, or nurse midwife should complete a [Certification of Need for Specialized Medical Vehicle Transportation](#) form.

Specialized medical vehicle services are not covered under the BadgerCare Plus Benchmark Plan.

If the member does not meet the criteria for SMV services, the medical provider should not complete the form. Instead, the provider should refer the member to the Medicaid transportation coordinator in his or her county/tribal social or human services agency.

Inconvenience or lack of timely transportation are not valid justifications for the use of SMV transportation. The presence of a disability does not by itself justify SMV transportation.

The medical provider gives a copy of the completed form to the member who then gives the form to the SMV provider. The medical provider does not need to keep a copy of the completed form on file, but he or she is required to document the medical condition necessitating SMV transportation in the member's medical record.

Physicians are required to complete a new Certification of Need for Specialized Medical Vehicle Transportation form upon expiration. For members who are indefinitely disabled, the form is valid for three years (36 months) from the date the medical provider signed the form. For members who are temporarily disabled, the form is valid for the period indicated on the form, which must not exceed 90 days from the date the medical provider signed the form.

Medical providers must not complete the forms retroactively for SMV providers or members.

Providers may not charge members for completing the Certification of Need for Specialized Medical Vehicle Transportation form. Wisconsin Medicaid will reimburse providers at the lowest level E&M CPT procedure code if the member is in the office when the form is completed and no other medical service is provided.

Prescriptions are required for SMV trips that exceed the one-way upper mileage limits.

## Choosing Appropriate Components for a Member

Each of the seven components of a comprehensive HealthCheck screening must be assessed and documented. On occasion, not every exam component needs to be performed to be a comprehensive screen, but each component must be documented. For example, a hearing test is unnecessary for a member previously referred to an audiologist via a school screening exam referral.

The [HealthCheck Periodicity Table](#) indicates recommended exam components for specific member ages.

## Comprehensive HealthCheck Screening Components and Periodicity

### Required Components for Comprehensive Screens

HealthCheck services consist of a comprehensive health screening of BadgerCare Plus and Medicaid members under 21 years of age that includes *all* the following:

- A comprehensive health and developmental history (including anticipatory guidance).
- A comprehensive unclothed physical exam.
- An age-appropriate vision screen.
- An age-appropriate hearing screen.
- An oral assessment plus referral to a dentist beginning at age 3.

- Appropriate immunizations (according to age and health history).
- Appropriate laboratory tests (including blood lead level testing when appropriate for age).

For federal reporting, Wisconsin Medicaid includes the following number of comprehensive screening exams, consistent with the 1988 American Academy of Pediatrics recommendations:

- Birth to first birthday — six screenings.
- First birthday to second birthday — three screenings.
- Second birthday to third birthday — two screenings.
- Third birthday to sixth birthday — one screening per year.
- Sixth to twenty-first birthday — one screening every other year.

Wisconsin Medicaid, however, allows one screening every year from the sixth to the 21st birthday.

Wisconsin Medicaid has developed and makes available free of charge forms that meet the documentation requirements of the program. Use of these forms is optional. Many clinics/agencies have developed documentation systems which work well for them, and they are encouraged to continue to do this. It is required that documentation shows that all areas listed in this section have been assessed and is located in the member's medical record.

## Definition of Covered Services

A covered service is a service, item, or supply for which reimbursement is available when *all* program requirements are met. [DHS 101.03\(35\)](#) and [107](#), Wis. Admin. Code, contain more information about covered services.

## Dental Sealants

Wisconsin Medicaid reimburses certified HealthCheck nursing agencies for providing dental sealants to BadgerCare Plus and Medicaid members under age 21 when they are provided by a dentist or a dental hygienist as a HealthCheck service. Medicaid coverage for sealants in HealthCheck nursing agencies is limited to tooth numbers 02, 03, 14, 15, 18, 19, 30, and 31. Sealants for other teeth require PA.

The dentist or dental hygienist providing sealants are not required to be Medicaid certified since the HealthCheck nursing agency is Medicaid certified. Dental hygienists may provide sealants at a HealthCheck nursing agency under one of the following:

- A dentist's order.
- A physician's order.
- An agency protocol.

## Submitting Claims

HealthCheck nursing agencies are required to submit claims for dental sealants using the ADA 2006 claim form with CDT procedure code D1351 and the appropriate tooth number(s). Providers should submit claims to fee-for-service, even if the member is enrolled in an HMO, including HMOs that cover dental services. The [Dental](#) service area of the Online Handbook includes ADA claim completion instructions and claim samples for dental sealants.

There is a once-per-three-year limitation on sealants for permanent first and second molars. To exceed the once-per-three-year limitation, a narrative must be attached to the claim explaining why the limitation was exceeded. The narrative must be signed by a licensed dentist.

## Prior Authorization

PA is required for tooth numbers/letters 01, 04-13, 16, 17, 20-29, 32, A-T, and supernumerary teeth (AS-TS, 51-82). For these teeth, HealthCheck providers are required to refer the member to a Medicaid-certified dentist to request PA and provide these services. If the PA request is approved, Wisconsin Medicaid will reimburse the dentist for the service.

## Dental and Dental Hygienist Services

The following procedure codes are reimbursable for HealthCheck agencies submitting claims for services performed by dentists and dental hygienists. Dentists and dental hygienists are not required to be Medicaid certified.

### Dental Hygienists

Diagnostic Procedures	
Procedure Code	Description of Service

D0999	Unspecified diagnostic procedure, by report
-------	---

Preventive Procedures	
Procedure Code	Description of Service
<b>Dental Prophylaxis</b>	
D1110	Prophylaxis — adult
D1120	child
<b>Topical Fluoride Treatment (Office Procedure)</b>	
D1203	Topical application of fluoride (prophylaxis not included); child
D1204	adult
D1206	Topical fluoride varnish; therapeutic application for moderate to high caries risk patients
<b>Other Preventative Services</b>	
D1351	Sealant — per tooth

Periodontics Procedures	
Procedure Code	Description of Service
D4341	Periodontal scaling and root planing — four or more teeth per quadrant
D4342	Periodontal scaling and root planing — one to three teeth, per quadrant

### Dentists

Dental Examinations	
Procedure Code	Description of Service
D0120	Periodic oral evaluation — established patient
D0150	Comprehensive oral evaluation — new or established patient

## Description of Required Components of a HealthCheck Screening Guidelines for Completing Components

Providers may use the following guidelines when documenting components of a HealthCheck screening.

1. A complete health and developmental history (including anticipatory guidance).
  1. Health History — A review of the member's and family's health and treatment history to identify special risk factors or prior conditions/treatments pertinent to future care.
  2. Nutritional Assessment — A review of the individual's eating patterns/habits should be included in order to identify persons who may require a more in-depth dietary assessment and counseling, particularly if other nutrition-related risk factors exist (e.g., iron deficiency anemia, abnormal height/weight).
  3. Health Education/Anticipatory Guidance — All screening exams must include preventive health education and an explanation of screening findings. This may include discussion of:
    - Proper nutrition, parenting skills, family planning concerns, alcohol and other drug abuse/mental health concerns.
    - Preventive health and healthy lifestyle actions (e.g., use of infant car seats, poison prevention, injury prevention, hot water temperature settings, avoidance of tobacco products).
    - Normal stages of growth and development.
    - Screening findings and explanation of any problems found and the importance of necessary follow-up care.
  4. Developmental Behavioral Assessment — Observed behavior and attainment of developmental milestones (including emotional status) should be compared to age specific norms to identify developmental delays or subtle indications of hidden problems.

Parental concerns and observations regarding the child's development and health should be reviewed to identify possible special conditions warranting more careful examination. Adolescent health visits should involve seeing the adolescent alone as well as with the parents whenever possible. The adolescent should be assured of the confidentiality of the interview.

5. Forms — Although optional, a number of forms are available to assist with this requirement. Available forms include the following:
  - [HealthCheck Family History](#).
  - [HealthCheck Infant's Food Record \(Birth to 12 Months of Age\)](#).
  - [HealthCheck Child's Food Record/1-12 Years of Age](#).

- [HealthCheck Adolescent's Food Record \(13 to 20 Years of Age\)](#).

2. A comprehensive unclothed physical examination.
  1. Unclothed Physical Exam and Physical Growth Assessment — This should be a systematic examination of each body system according to accepted medical procedure. Blood pressure readings must be taken for all children beginning at three years of age.  
*Note:* The screener should be alert for any indication of physical or sexual abuse. State law requires that signs of abuse be reported immediately to Protection Services of the county/tribal social or human services agency.
  2. Growth Assessment — Comparison of member's height, weight and head circumference to age specific norms to identify growth abnormalities. This includes the calculation of the child's length to age percentile, weight to length percentile, and head circumference to age percentile.
  3. Sexual Development to members who have reached puberty.

At the request of the member or parent, the screener must provide counseling on sexual development, birth control, and sexually transmitted disease, as well as appropriate prescriptions and testing, or the screener must refer the member to an appropriate resource.

A pelvic examination or referral for the appropriate testing should be offered to all females who have reached puberty.

3. An age-appropriate vision screening exam.

All children should be observed for:

- Appropriate visual acuity.
- Strabismus.
- Abnormal disc reflex (under age 1 year).
- Response to cover test.
- Amblyopia.
- Color blindness.

Use of vision charts must be attempted to measure visual acuity beginning at age four years.

4. An age-appropriate hearing screening exam.
  1. All hearing screenings in infancy and early childhood should include an otoscopic exam and/or tympanometric measurements for the detection of chronic or recurrent otitis media.
  2. Screen at birth through age two using both methods outlined in High Risk Factors for Hearing Loss in Neonates and Infants and the [HealthCheck/Your Child's Speech and Hearing](#) form. Children failing either screening method should be referred for audiological assessment.
  3. Administer puretone audiometric screening as follows: annually to all children three to eight and at four-year intervals thereafter up to age 16; and to any children older than age eight with excessive exposure to noise, delayed speech and language development or who are receiving HealthCheck screening for the first time.
5. An oral assessment plus referral to a dentist beginning at three years of age.

This exam must be sufficient to identify children in need of early examination by a dentist. The examination should include questioning the parents of children under age three years regarding the presence of problematic thumb sucking, lip biting, caries, tongue thrusting, non-erupted teeth, extra teeth, extended use of pacifier or bottle feeding practices conducive to early dental caries or malfunction of oral cavity. All children aged three or older (and younger where medically indicated) must be referred to a dentist if they are not already receiving such care. Medically necessary services which are not otherwise covered may be covered under HealthCheck "Other Services".

The following dental services are covered only when provided to members under age 21 and must be in conjunction with verification that a comprehensive HealthCheck screening was done within the previous 365 days:

- Orthodontics (Once started, orthodontic services will be reimbursed to completion regardless of the recipient's eligibility. PA is required).
- One additional cleaning per year with PA for children ages 13 through 20. One cleaning is allowed per year for recipients between the ages of 13 and 20.

ForwardHealth has identified criteria for [effective oral assessments](#).

6. The appropriate immunizations (according to age and health history). Federal regulations require that immunizations recommended by the [ACIP](#) are automatically covered after approval by the [CDC](#). The majority of required childhood immunizations are available through the Wisconsin Immunization Program's [VFC](#) Program.

Wisconsin Medicaid reimburses only the administration fee for children 18 years of age or younger when a VFC vaccine is available. For members 19 years of age or older, Wisconsin Medicaid reimburses for the vaccine component and the administration component.

Additional resources include the following:

- The [Wisconsin Immunization Registry](#).
- The Wisconsin Immunization Program at (608) 267-9959.

7. The appropriate laboratory tests (including blood lead level testing when appropriate for age).

Blood lead test. Blood lead test. CMS, through EPST guidelines, requires that all children who are enrolled in ForwardHealth receive a blood lead test at about 12 months and again at about 24 months. In addition, children between the ages of three and five must receive a blood lead test if they have never been tested before.

Providers are responsible for assuring that children receive blood lead tests at the required ages. Testing of all children enrolled in ForwardHealth applies regardless of the presence or absence of recognized lead exposure risks. According to the American Academy of Pediatrics, a low blood lead concentration in a one-year-old does not preclude elevation later. Therefore, providers are required to repeat blood lead testing at about two years of age, regardless of the results of the one-year test.

HealthCheck nursing agencies should perform any additional laboratory tests indicated by their protocol.

Physicians should order any additional laboratory tests they feel appropriate.

## Diagnosis and Treatment

All appointments for any further diagnosis or treatment as a result of the screening should be scheduled within *60 days* of the date of the HealthCheck screening. All BadgerCare Plus and Medicaid services on a HealthCheck referral should be provided within six months of the screening date.

## Discussing Results

Following performance of a HealthCheck screening, test results must be explained to educate the member or parent about preventive measures that can be taken. Discuss the need for referred follow-up care (e.g., dentist) and schedule the next periodic examination when possible.

Adolescent health visits should involve seeing the adolescent alone as well as with the parents. The adolescent should be assured of the confidentiality of the interview.

## Emergencies

Certain program requirements and reimbursement procedures are modified in emergency situations. Emergency services are defined in [DHS 101.03\(52\)](#), Wis. Admin. Code, as "those services that are necessary to prevent the death or serious impairment of the health of the individual." Emergency services are not reimbursed unless they are covered services.

Additional definitions and procedures for emergencies exist in other situations, such as dental and mental health.

Program requirements and reimbursement procedures may be modified in the following ways:

- PA or other program requirements may be waived in emergency situations.
- [Noncertified providers](#) may be reimbursed for emergency services.
- [Non-U.S. citizens](#) may be eligible for covered services in emergency situations.

## Environmental Lead Inspections

An environmental lead inspection may be Medicaid reimbursable if HealthCheck nursing agencies obtain PA and the following criteria are met:

- The child is shown to have lead poisoning (i.e., the child has a venous blood lead level >19 µg/dL or two consecutive blood lead levels of 15-19 µg/dL done three months apart).
- The inspection must be in the child's home.
- The person doing the inspection has received DHS-approved lead inspection certification training to provide this service.

## Certified Staff

An agency must have certified staff to do environmental lead inspections. In order to be reimbursed by Wisconsin Medicaid, staff performing the inspection must have received DHS-approved lead inspection training and the agency must be a HealthCheck screening agency. Currently, many local public health agencies meet these criteria.

## Components of Lead Inspections

Environmental lead inspection of the child's home involves not only the identification of potential sources of high-dose exposure to lead, but also advising parents

about identified and potential sources of lead and ways to reduce exposure. Once home owners are notified of the problem and have an opportunity to remedy the situation, a second inspection should be conducted to assure that the problem is resolved. Additional information about aspects of the environmental assessment can be obtained from the [Lead-Safe Wisconsin](#) program and the [PA/ELI](#) Worksheet.

Technical aspects of inspection include all of the following:

- Determining the most likely sources of high-dose exposure to lead.
- Investigating the child's home, giving special attention to painted surfaces, dust, soil, and water.
- Advising parents about identified and potential sources of lead and ways to reduce exposure.
- Notifying the property owner immediately that a child residing on the property has lead poisoning, emphasizing the importance of prompt abatement.
- Monitoring the effectiveness and timeliness of abatement procedures closely.
- Coordinating environmental activities with those of other public health and social management agencies.

## Prior Authorization

PA for lead inspections is obtained by sending a completed [PA/RF](#) and a completed PA/ELI to ForwardHealth. Environmental lead inspections are covered on a fee-for-service basis for all BadgerCare Plus and Medicaid members, including members in BadgerCare Plus and Medicaid MCOs.

Providers may obtain PA for environmental lead inspections electronically through the [STAT-PA](#) system.

Each PA request for an inspection of a child's home to determine the source of lead poisoning will allow one initial inspection (procedure code T1029) and one follow-up inspection (procedure code T1029 *with* modifier "TS"). Additionally, one visit by a nurse for education related to lead poisoning may be needed and should be billed with procedure code T1002.

HealthCheck nursing agencies are required to use modifier "EP" to indicate that lead inspection services were provided as part of (follow-up to) the EPSDT program.

## Fluoride — Topical Applications

Topical application of fluoride to a child's teeth is a safe and effective way to prevent tooth decay as part of a comprehensive oral health program.

It is recommended that children under age 5 who have erupted teeth receive topical fluoride treatment. Children at low or moderate risk of early childhood caries should receive one or two applications per year; children at higher risk should receive three or four applications per year.

The most accepted mode of fluoride delivery in children under age 5 is a fluoride varnish. OTC mouth rinses are not covered.

## Allowable Providers

Topical applications of fluoride may be provided by nurses and dental hygienists employed at certified HealthCheck nursing agencies. Nurses may provide topical fluoride applications at a HealthCheck nursing agency under one of the following:

- A physician's order.
- An agency protocol.

Dental hygienists may provide topical fluoride applications at a HealthCheck nursing agency under one of the following:

- A dentist's order.
- A physician's order.
- An agency protocol.

## Submitting Claims

When submitting claims for topical fluoride treatment, indicate procedure code D1203 (Topical application of fluoride [prophylaxis not included]; child). Providers may also submit claims with HealthCheck and office visit procedure codes for these services.

In cases where more than two fluoride treatments per year are medically necessary, providers are required to retain supporting clinical documentation in the recipient's file indicating the need for additional treatments.

Ancillary staff (e.g., physician assistants, nurse practitioners) are required to follow certain billing procedures.

Wisconsin Medicaid will separately reimburse providers for the appropriate level office visit or preventive visit at which the fluoride application was performed.

## Training Materials

An Oral Health Provider Training guide describing how providers may perform lift-the-lip oral screenings, apply fluoride varnish to a small child's teeth, and provide basic oral health guidance to parents is available.

## Human Papillomavirus Vaccine

The HPV vaccine is approved for administration to females who are nine to 26 years of age. For females who are nine to 18 years of age, providers should use the vaccine received from the VFC Program. For females 19 to 26 years of age, providers should use the vaccine from their private stock.

## Interperiodic Visits

Wisconsin Medicaid covers medically necessary interperiodic screening exams to follow up on detected problems or conditions.

Interperiodic visits may be scheduled between regularly scheduled comprehensive screens. These medically necessary visits are to follow up on issues noted during a comprehensive screen. Examples of interperiodic screenings include the following:

- Immunizations.
- Retesting for an elevated blood lead level.
- Retesting for a low hematocrit.
- Addressing nutrition concerns.

In addition, interperiodic visits may be appropriate and can be requested by any individual inside or outside the formal health care system who feels there may be a physical, mental, or psychosocial issue which requires additional evaluation. The scheduling of interperiodic visits shall be based on medical necessity.

In two situations a provider may submit a claim for an interperiodic visit when a comprehensive screen has not previously been done. These situations include one of the following:

- When PA has been granted for environmental lead inspection and an interperiodic visit for education related to lead poisoning (procedure code T1002).
- When a child comes in for immunizations (procedure code 99211).

Providers should submit claims for interperiodic visits using the appropriate office visit procedure code (99201-99205, 99211-99215) along with a preventive medicine diagnosis code.

## Documentation of Guidelines for Evaluation and Management Services

BadgerCare Plus has adopted the federal CMS 1995 and 1997 Documentation Guidelines for Evaluation and Management Services in combination with BadgerCare Plus policy for E&M services. Providers are required to present documentation upon request indicating which of the guidelines or BadgerCare Plus policies were utilized for the E&M procedure code that was billed.

The documentation in the member's medical record for each service must justify the level of the E&M code billed. Providers may access the CMS documentation guidelines on the [CMS Web site](#). BadgerCare Plus policy information can be found in service-specific areas of the Online Handbook or on the ForwardHealth Portal.

## Laboratory Test Preparation and Handling Fees

The laboratory provider who performed the clinical diagnostic laboratory test is reimbursed, and the provider who collected the specimen is reimbursed a handling fee.

The independent laboratory or a physician's office is reimbursed a handling fee when the independent laboratory or physician's office sends specimens to an outside laboratory for analysis or interpretation. The handling fee covers the collection, preparation, forwarding, and handling of obtained specimen(s).

When forwarding a specimen from a physician's office to an outside laboratory, providers should submit claims for preparation and handling fees using procedure code 99000. When forwarding a specimen from a location other than a physician's office (e.g., an independent laboratory) to an outside laboratory, submit claims using procedure code 99001. It is not necessary to indicate the specific laboratory test performed on the claim.

A handling fee is not reimbursable if the physician or independent laboratory is reimbursed for the professional and/or technical component of the laboratory test.

## Additional Limitations

Additional limitations on reimbursement for handling fees include the following:

- One lab handling fee is reimbursed to a physician or independent laboratory per member, per outside laboratory, or per DOS, regardless of the number of specimens sent to the laboratory.
- More than one handling fee is reimbursed when specimens are sent to two or more laboratories for one member on the same DOS. Indicate the number of laboratories and the total charges on the claim. The name of the laboratory does not need to be indicated on the claim; however, this information must be documented in the provider's records.
- The DOS must be the date the specimen is obtained from the member.

## Medical Necessity

Wisconsin Medicaid reimburses only for services that are medically necessary as defined under [DHS 101.03\(96m\)](#), Wis. Admin. Code. Wisconsin Medicaid may deny or recoup payment if a service fails to meet Medicaid medical necessity requirements.

## Member Payment for Covered Services

Under state and federal laws, a Medicaid-certified provider may not collect payment from a member, or authorized person acting on behalf of the member, for covered services even if the services are covered but do not meet program requirements. Denial of a claim by ForwardHealth does not necessarily render a member liable. However, a covered service for which PA was denied is treated as a noncovered service. (If a member chooses to receive an originally requested service instead of the service approved on a modified PA request, it is also treated as a noncovered service.) If a member requests a covered service for which PA was denied (or modified), the provider may collect payment from the member if [certain conditions](#) are met.

If a provider collects payment from a member, or an authorized person acting on behalf of the member, for a covered service, the provider may be subject to [program sanctions](#) including termination of Medicaid certification.

## Guidelines for On-Site Blood Lead Testing

Providers who currently hold a CLIA certificate of waiver or higher complexity CLIA certification level may be reimbursed for on-site blood lead testing using LeadCare II or similar CLIA-waived instruments if the following guidelines are met:

- Providers are successfully participating in the PT program as administered by the WSLH or another CMS-approved PT program.
- Providers are reporting all lead testing results, regardless of the lead level, to the WCLPPP as required.

To be reimbursed for the on-site blood lead test, providers should indicate on the claim procedure code 83655 (Lead). Procedure code 99000 (Handling and/or conveyance of specimen for transfer from the physician's office to a laboratory) is not separately reimbursable when procedure code 83655 is billed. Providers are eligible to be reimbursed for an appropriate office visit.

On-site blood lead testing is covered under these guidelines for both the BadgerCare Plus Standard Plan and the BadgerCare Plus Benchmark Plan. There is no copayment for on-site blood lead testing in either plan.

## Proficiency Testing

Reimbursement for on-site blood lead testing of BadgerCare Plus members is conditional on successful participation in the WSLH or other approved PT program. The WSLH program is currently available at no cost to participants. Performance must be consistent with 1988 CLIA regulatory requirements, regardless of the test method employed.

For additional information about PT, contact the WSLH at (608) 224 6252.

## Reporting of Results

Providers are required to report all on-site blood lead test results to the WCLPPP, regardless of the lead level. For reporting requirements, refer to [DHS 181](#), Wis. Admin. Code. Providers may use the Blood Lead Lab Reporting form, DPH 7142 (01/07). To establish a mechanism for reporting results, providers may call the WCLPPP at (608) 266-5817 and ask for the data manager.

## Online Resources for Information on the Treatment and Prevention of Lead Poisoning

The following information regarding lead poisoning is available online.

- The American Academy of Pediatrics delivered a [policy statement](#) in 2005 that reiterates the ForwardHealth blood lead testing mandate because most children with lead poisoning are ForwardHealth members and most have not been tested.
- The CDC August 2005 statement titled "[Preventing Lead Poisoning in Young Children](#)," includes a review of scientific evidence for adverse effects in children at blood lead levels below 10 mcg/dL.
- Information on medical assessment and interventions for lead poisoning, including chelation treatment protocols include the following:
  - The CDC's March 2002 report titled "[Managing Elevated Blood Lead Levels in Young Children: Recommendations from the Advisory Committee on Childhood Lead Poisoning Prevention](#)."
  - "[Protocols for Clinical Management of Lead Poisoned Children](#)," Margaret Layde, M.D., Medical College of Wisconsin.
- Lead poisoning [risk factors](#) in Wisconsin, such as Medicaid versus non-Medicaid status, racial and ethnic disparities, age of child, and age of housing.
- [Early and Periodic Screening, Diagnosis, and Treatment program requirements](#), including the blood lead testing requirement.
- Information that can be provided to families include the following:
  - The brochure titled, "[Look Out for Lead](#)."
  - "[Lead Paint Safety: A Field Guide for Painting, Home Maintenance and Renovation Work](#)."
  - A [list of consumer products](#) that contain dangerous levels of lead.

For more information on educational materials for preventing lead poisoning, providers may contact the Wisconsin Childhood Lead Poisoning Prevention Program at (608) 266-5817.

## Periodicity Schedule

As required by 42 CFR 441.58, Wisconsin Medicaid has established a [periodicity schedule](#) for screening services. This schedule specifies the time period when services appropriate at each stage of the member's life should be done, beginning with a neonatal examination at birth up to the 21st birthday. The periodicity schedule closely approximates the American Academy of Pediatrics recommendations and is consistent with reasonable standards of medical and dental practice.

## Periodicity Limitations

A member is limited, based on their age, to the following number of comprehensive screenings for a *consecutive* 12-month period:

- Birth to first birthday, 6 screenings.
- First birthday to second birthday, 3 screenings.
- Second birthday to third birthday, 2 screenings.
- Third birthday to twenty-first birthday, 1 screening per year.

Claims submitted for comprehensive screening packages performed more frequently than the above limits are denied. A comprehensive screening may only be billed if *all* age-specific components of a screening are assessed and documented.

## Program Requirements

For a covered service to meet program requirements, the service must be provided by a qualified Medicaid-certified provider to an enrolled member. In addition, the service must meet all applicable program requirements, including, but not limited to, medical necessity, PA, claims submission, prescription, and documentation requirements.

## Referrals

The member must be referred for any needed follow-up care that cannot be provided at the time of screening, including mandatory referral for an annual dental examination beginning at the age of three if the member is not regularly receiving dental care.

The member should be given verification that a comprehensive HealthCheck screening has been done if the child may need another HealthCheck "Other Service." This verification serves as the member's documentation that a HealthCheck screening was done and may be used in conjunction with a PA request for a HealthCheck "Other Service." Any necessary PA forms must be completed by the provider of the services, not the referring agency. In addition to the verification, clinical information may need to be provided.

Following HealthCheck screening, the case manager is responsible for ensuring that all necessary referral appointments are made. A critical responsibility of the case manager is the removal of barriers a member may encounter for accessing various services on referral. Screenings are valuable only if problems found during the HealthCheck exam are diagnosed and treated. Prompt scheduling of all appointments and referrals will enable the case manager to complete timely member follow up.

## Types of Referrals

### Treatment Referral

Treatment referrals result from the HealthCheck physical examination, when findings indicate the need for further evaluation, diagnosis, or treatment.

### **Mandatory Dental Referral**

All children age three years and above must be referred to a dentist for an oral assessment. In some cases, a dental referral for children under three years of age may also be necessary.

### **Self-Referral**

Self referrals may occur when the member expresses a particular need to the case manager (e.g., day care, Head Start) or chooses to receive services from a provider other than the screening provider or the screener's referral. Case managers are required to be sensitive to these requests and assist the member with identification of other sources of treatment and services.

### **Referral from Another Provider**

Referrals from other providers may result from a previous screening referral or the referral provider may make additional referrals for member care.

### **Support Referral**

Support referrals (for non-Medicaid-reimbursable services) may include other maternal and child health services in the community, employment development programs, food assistance, WIC, nutrition counseling, food stamps, special educational services, housing, and other needs. Case managers must develop a thorough knowledge of local community resources and the member's needs to facilitate these referrals.

## **Discussion and Resolution of Potential Barriers**

The referral process must also include a discussion and resolution of potential barriers to member follow through, such as the following:

- Transportation difficulties.
- Cost concerns.
- Lack of knowledge of providers.
- Language and cultural barriers.
- Failure to understand the need for care.
- Confidentiality concerns (adolescents).

The member should also know the periodicity schedule and date of the next periodic exam. A reminder notice should be mailed by the case manager one week prior to the next periodic screening date.

## **Resetting Service Limitations**

Service limitations used by a member enrolled in the BadgerCare Plus Benchmark Plan and the BadgerCare Plus Core Plan within their continuous 12-month enrollment year will reset in the following situations:

- A fee-for-service member is enrolled in an HMO.
- A member switches from one HMO to another HMO (only allowable within the first 90 days of Core Plan enrollment).
- A member is disenrolled from an HMO and moves to fee-for-service.

*Note:* When a member goes from fee-for-service into an HMO and subsequently moves back to fee-for-service, service limitations will not be reset for the services that were received under the initial fee-for-service enrollment period.

PA requests for services beyond the covered service limitations will be denied.

Resetting service limitations does not change a member's [Benchmark Plan](#) enrollment year or a member's [Core Plan](#) enrollment year.

## **Services That Do Not Meet Program Requirements**

As stated in [DHS 107.02\(2\)](#), Wis. Admin. Code, BadgerCare Plus may deny or recoup payment for covered services that fail to meet program requirements.

Examples of covered services that do not meet program requirements include the following:

- Services for which records or other documentation were not prepared or maintained.
- Services for which the provider fails to meet any or all of the requirements of [DHS 106.03](#), Wis.Admin. Code, including, but not limited to, the

requirements regarding timely submission of claims.

- Services that fail to comply with requirements or state and federal statutes, rules, and regulations.
- Services that the DHS, the PRO review process, or BadgerCare Plus determines to be inappropriate, in excess of accepted standards of reasonableness or less costly alternative services, or of excessive frequency or duration.
- Services provided by a provider who fails or refuses to meet and maintain any of the certification requirements under [DHS 105](#), Wis. Admin. Code.
- Services provided by a provider who fails or refuses to provide access to records.
- Services provided inconsistent with an intermediate sanction or sanctions imposed by the DHS.

## Vaccines for Children Program

The federal [VFC](#) Program was created to provide vaccines to eligible children through enrolled public and private providers. The VFC Program is part of a national approach to improving immunization services and immunization levels.

Any child 18 years of age or younger who meets at least one of the following criteria is eligible for the VFC Program:

- Eligible for BadgerCare Plus or Medicaid.
- American Indian or Alaska Native, as defined by the Indian Health Services Act.
- Uninsured.
- Underinsured. (These children have health insurance but the benefit plan does not cover immunizations. Children in this category may only receive immunizations from a FQHC or RHC; they cannot receive immunizations from a private health care provider using a VFC-supplied vaccine.)

When a vaccine becomes available through the VFC Program, the VFC Program notifies providers with clinical information about new vaccines, including the date they may begin ordering the vaccine. On the first of the month following that date, Wisconsin Medicaid will begin reimbursing only the administration fee for that vaccine.

## Benefits of the VFC Program

The VFC Program provides the following benefits:

- Vaccines are provided at no charge to public and private providers to immunize all eligible children.
- Eliminates or reduces vaccine costs as a barrier to the vaccination of eligible children.
- Vaccines recommended by the [ACIP](#) are automatically covered after approval by the [CDC](#).

## Reimbursement for Vaccines Provided to Children

If a vaccine is available through the VFC Program, providers are required to use vaccines from VFC supply for members 18 years of age or younger. ForwardHealth reimburses only the administration fee for vaccines supplied by the VFC Program.

For vaccines that are not supplied by the VFC Program, providers may use a vaccine from a private stock. In these cases, ForwardHealth reimburses for the vaccine and the administration fee.

## HealthCheck "Other Services"

---

### Definition of HealthCheck "Other Services"

HealthCheck is a federally mandated program known nationally as EPSDT. HealthCheck services consist of a comprehensive health screening of members under 21 years of age. On occasion, a HealthCheck screening may identify the need for health care services that are not otherwise covered by or that exceed coverage limitations. These services are called HealthCheck "Other Services." Federal law requires that these services be reimbursed through HealthCheck "Other Services" if they are medically necessary and prior authorized. The purpose of HealthCheck "Other Services" is to assure that medically necessary medical services are available to BadgerCare Plus Standard Plan and Medicaid members under 21 years of age.

HealthCheck "Other Services" are not available to members enrolled in the BadgerCare Plus Benchmark Plan except for child/adolescent mental health day treatment.

### Examples of HealthCheck "Other Services"

While it is not possible to identify all the services that may be requested under the HealthCheck "Other Services" benefit, the following list includes a sampling of services that may be requested:

- Child and adolescent mental health day treatment for members identified as severely emotionally disturbed.
- Intensive in-home psychotherapy for children and adolescents identified as severely emotionally disturbed.
- Medically necessary noncovered OTC medications.
- Noncovered dental services.

Certain OTC drugs are covered without PA. Covered OTCs include the following:

- Anti-diarrheals.
- Iron supplements.
- Lactase products.
- Laxatives.
- Multi-vitamins.
- Topical protectants.

Other OTC drugs may be covered with PA.

### Prior Authorization

To receive PA for HealthCheck "Other Services," providers are required to [submit a PA request via the ForwardHealth Portal](#) or to submit the following via [fax](#) or [mail](#):

- A completed [PA/RF](#) (or [PA/DRF](#), or [PA/HIAS1](#)).
  - The provider should mark the checkbox titled "HealthCheck Other Services" at the top of the form.
  - The provider may omit the procedure code if he or she is uncertain what it is. The ForwardHealth consultant will assign one for approved services.
- The appropriate service-specific PA attachment.
- Verification that a comprehensive HealthCheck screening has been provided within 365 days prior to ForwardHealth's receipt of the PA request. The date and provider of the screening must be indicated.
- Necessary supporting documentation.

Providers may call [Provider Services](#) for more information about HealthCheck "Other Services" and to determine the appropriate PA attachment.

### Requirements

For a service to be reimbursed through HealthCheck "Other Services," the following requirements must be met:

- The condition being treated is identified in a HealthCheck screening that occurred within 365 days of the PA request for the service.
- The service is provided to a member who is under 21 years of age.
- The service may be covered under federal Medicaid law.
- The service is medically necessary and reasonable.
- The service is prior authorized before it is provided.

- Services currently covered are not considered acceptable to treat the identified condition.

BadgerCare Plus has the authority to do all of the following:

- Review the medical necessity of all requests.
- Establish criteria for the provision of such services.
- Determine the amount, duration, and scope of services as long as limitations are reasonable and maintain the preventive intent of the HealthCheck program.

# Mental Health and Substance Abuse Screening for Pregnant Women

---

## An Overview

### Definition of the Benefit

This benefit is for pregnant women enrolled in BadgerCare Plus and Wisconsin Medicaid. All policies and procedures are the same for the Standard Plan, the Benchmark Plan, and Wisconsin Medicaid unless otherwise specified. Women enrolled in an HMO must receive the services through the HMO. These services do not require PA and are not subject to copayment under BadgerCare Plus and Wisconsin Medicaid.

The purpose of this benefit is to identify and assist pregnant women at risk for mental health or substance abuse problems during pregnancy. The benefit has two components:

- Screening for mental health (e.g., depression and/or trauma) and/or substance abuse problems.
- Brief preventive mental health counseling and/or substance abuse intervention for pregnant women identified as being at risk for experiencing mental health or substance abuse disorders.

These are preventive services available to members with a verified pregnancy. These services are not intended to treat women previously diagnosed with a mental health or substance abuse disorder or to treat women already receiving treatment through mental health, substance abuse, or prenatal care coordination services.

The mental health screening and preventive counseling are designed to prevent mental health disorders from developing or worsening in severity during the pregnancy and the postpartum period. The substance abuse screening and intervention services are designed to help women stay alcohol and drug free during the pregnancy.

Women identified through the screening process as likely to be experiencing mental health disorders and women identified as likely to be dependent on alcohol or other drugs should be referred to an appropriate certified mental health or substance abuse program.

### Mental Health and Substance Abuse Screening

Providers are required to use an in-depth evidence-based tool to identify women at risk for mental health, substance abuse, or trauma-related problems; however, there is no requirement for a specific screening tool.

Mental health screening tools available to providers include the following:

- Edinburgh Postnatal Depression Scale (EPDS). The EPDS is available in English, Spanish and Hmong at the [Perinatal Foundation/Wisconsin Association for Perinatal Care](#) Web site.
- Beck Depression Inventory-II (BDI-II). The BDI-II is available for a fee through the [Harcourt Assessment, Inc.](#), Web site.
- Center for Epidemiologic Studies Depression Scale (CES-D). The CES-D is available through the [Stanford Patient Education Research Center](#).
- The nine item depression scale of the Patient Health Questionnaire (PHQ-9). The PHQ-9 is available through the [MacArthur Initiative on Depression and Primary Care](#) Web site.

Substance abuse screening tools available to providers include the following:

- The 5-Ps Prenatal Substance Abuse Screen for Alcohol, Drugs, and Tobacco. The 5-Ps scale for pregnant women is available at the [Louisiana Department of Health and Hospitals Office for Addictive Disorders](#) Web site.
- Tolerance, Annoyance, Cut down, Eye opener (T-ACE) screen. The T-ACE screen is available through the [Project Cork](#) Web site.
- Tolerance, Worry, Eye opener, Amnesia, Cut down (TWEAK) screen. The TWEAK screen is available through the [Project Cork](#) Web site.
- The Alcohol, Smoking, and Substance Involvement Screening Test (ASSIST). This screen is available through the [World Health Organization](#).

### Preventive Mental Health Counseling and Substance Abuse Intervention

Brief preventive mental health counseling and substance abuse intervention services are covered for pregnant women who are identified through the use of an evidence-based screening tool as being at risk for mental health or substance abuse disorders.

Providers are required to use effective strategies for the counseling and intervention services although BadgerCare Plus and Wisconsin Medicaid are not endorsing a specific approach.

Examples of effective strategies for treatment include the following:

- Screening, Brief Intervention and Referral to Treatment (SBIRT). The SBIRT protocols, designed to treat persons at risk of substance abuse problems, is available through the [U.S. Department of Health and Human Services](#).
- My Baby & Me is a program that addresses alcohol cessation in pregnant women using specific intervention and counseling strategies. For more information about the My Baby & Me program, visit the [Wisconsin Women's Health Foundation](#) Web site.

## Coverage Limitations

### Mental Health and Substance Abuse Screening

The screening (HCPCS procedure code H0002 with modifier "HE" or "HF") is limited to one unit of service per member per pregnancy. A unit of service is equivalent to the total amount of time required to administer the screening. Providers are encouraged to use more than one screening tool during the screening process when appropriate.

The screening is not considered part of the mental health and substance abuse services available under BadgerCare Plus or Wisconsin Medicaid. The screening does not require PA and is not counted towards any service limitations or PA thresholds for those services.

### Preventive Mental Health Counseling and Substance Abuse Intervention

The counseling/intervention services (HCPCS procedure code H0004 with modifier "HE" or "HF") are limited to four hours (or 16 units of service, each unit equivalent to 15 minutes) per member per pregnancy. If a member receives both preventive mental health counseling and substance abuse intervention services, the hours of both services count toward the four-hour limit. Additionally, only one hour (up to four units of service) can be billed on one DOS. The counseling and intervention services must be provided on the same DOS or on a later DOS than the screening.

These services are covered during the pregnancy and up to 60 days postpartum.

These services are not considered part of the mental health and substance abuse services available under BadgerCare Plus or Wisconsin Medicaid and are not counted towards any service limitations or PA thresholds for those services.

## Documentation Requirements

Providers are required to retain documentation that the member receiving these services was pregnant on the DOS. Providers are also required to keep a copy of the completed screening tool(s) in the member's file. If an individual other than a certified or licensed health care professional provides services, the provider is required to retain documents concerning that individual's education, training, and supervision.

## Eligible Providers

Early detection of potential mental health, trauma, or substance abuse problems is crucial to successfully treating pregnant women. It is also important for women to obtain referrals for follow-up care. In order to accomplish these goals, BadgerCare Plus and Wisconsin Medicaid are allowing a wide range of providers to administer these services.

The screening, counseling, and intervention services must be provided by a certified or licensed health care professional or provided by an individual under the direction of a licensed health care professional. In addition to meeting the supervision requirement, individuals who are not licensed health care professionals must have appropriate training or a combination of training and work experience in order to administer any of these services.

### Providers Eligible for Reimbursement of Mental Health and Substance Abuse Screening, Preventive Mental Health Counseling, and Substance Abuse Intervention Services for Pregnant Women

The following table lists provider types eligible for reimbursement for administering mental health and substance abuse screening, preventive mental health counseling, and substance abuse intervention services for pregnant women enrolled in BadgerCare Plus and Wisconsin Medicaid.

Provider Type	Mental Health or Substance Abuse Screening (H0002 with modifier "HE" or "HF")*	Mental Health Preventive Counseling (H0004 with modifier "HE")*	Substance Abuse Intervention (H0004 with modifier "HF")*
Physicians and physician assistants	Allowed	Allowed	Allowed
Psychiatrists	Allowed	Allowed	Allowed
Psychologists (Ph.D.) in outpatient mental health or substance abuse	Not allowed	Allowed	Allowed

clinics			
Master's-level psychotherapists in outpatient mental health or substance abuse clinics	Not allowed	Allowed	Allowed
Master's-level psychotherapists with a substance abuse certificate in outpatient mental health or substance abuse clinics	Not allowed	Not allowed	Allowed
AODA counselors in outpatient mental health or substance abuse clinics	Not allowed	Not allowed	Allowed
Advanced practice nurse prescribers with psychiatric specialty	Allowed	Allowed	Allowed
Nurse midwives	Allowed	Not allowed	Allowed
Nurse practitioners	Allowed	Allowed	Allowed
Prenatal care coordination agencies	Allowed	Not allowed	Allowed
Crisis intervention agencies	Allowed	Allowed	Allowed
HealthCheck providers (not including Case Management Only agencies)	Allowed	Not allowed	Allowed

\* This table includes the HCPCS procedure codes and modifiers that correspond with the screening, counseling, and intervention services.

## Procedure Codes and Modifiers

The following tables list the HCPCS procedure codes and applicable modifiers that providers are required to use when submitting claims for mental health and substance abuse screening, preventive mental health counseling, and substance abuse intervention services for pregnant women enrolled in BadgerCare Plus or Wisconsin Medicaid. Not all providers may be reimbursed for a particular service.

<b>Place of Service Codes (Submitted on the 1500 Health Care Claim Form)</b>	
03	School
11	Office
12	Home
21*	Inpatient Hospital
22	Outpatient Hospital
23	Emergency Room / Hospital
99	Other Place of Service

<b>Mental Health and Substance Abuse Screening and Preventive Counseling/Intervention Services for Pregnant Women</b>					
<b>Procedure Code</b>	<b>Description</b>	<b>Required Modifier</b>	<b>Limitations</b>	<b>Allowable ICD-9-CM** Diagnosis</b>	<b>Allowable Place of Service</b>
H0002  Mental Health and Substance Abuse Screening	Behavioral health screening to determine eligibility for admission to treatment program (Unit equals one, regardless of time)	HE (Mental health program) or HF (Substance abuse program)	Limited to one unit per member per pregnancy.	V28.9 (Unspecified antenatal screening)	03, 11, 12, 21*, 22, 23, 99
H0004  Preventive Mental Health Counseling and Substance Abuse Intervention	Behavioral health counseling and therapy, per 15 minutes (Unit equals 15 minutes)	Required HE (Mental health program) HF (Substance abuse program)	Limited to 16 units per member per pregnancy.  Only four units of service are allowed per date of service (DOS).  A screening (H0002 with modifier "HE" or "HF") must be administered on or before the DOS for this procedure.	V65.4 (Other counseling, not otherwise specified)	03, 11, 12, 21*, 22, 23, 99

\* Place of service code "21" is not allowed for substance abuse counselors and Master's-level mental health providers.

\*\* *International Classification of Diseases, Ninth Revision, Clinical Modification.*

## Noncovered Services

---

### Basic Plan Noncovered Services

The following are among the services that are not covered under the BadgerCare Plus Basic Plan:

- Case management.
- Certain visits over the 10-visit limit.
- Enteral nutrition.
- HealthCheck.
- Health education services.
- Hearing services, including hearing instruments, cochlear implants, and bone-anchored hearing devices, hearing aid batteries, and repairs.
- Home care services (home health, personal care, private duty nursing).
- Inpatient mental health and substance abuse treatment services.
- Non-emergency transportation (i.e., common carrier, specialized medical vehicle).
- Nursing home.
- Obstetrical care and delivery.
- Outpatient mental health and substance abuse services.
- Prenatal care coordination.
- Provider administered drugs.
- Routine vision.
- School-based services.
- Transplants and transplant-related services.

### Billing Members for Noncovered Services

Basic Plan members may request noncovered services from providers. In those cases, providers may collect payment for the noncovered service from the member if the member accepts responsibility for payment and makes payment arrangements with the provider. Providers are strongly encouraged to obtain a written statement in advance documenting that the member has accepted responsibility for payment of the service.

Providers may bill members up to their usual and customary charge for noncovered services. Basic Plan members do not have appeal rights for noncovered services.

### Core Plan Noncovered Services

The following services are not covered under the BadgerCare Plus Core Plan:

- Case management.
- Enteral nutrition products.
- Hearing services, including hearing instruments, cochlear implants, bone-anchored hearing devices, hearing aid batteries, and repairs.
- Home care services (home health, personal care, PDN).
- Inpatient mental health and substance abuse treatment services.
- Non-emergency transportation (i.e., common carrier, SMV).
- Nursing home.
- PNCC.
- Routine vision services (CPT codes 92002-92015); vision materials such as glasses, contact lenses, and ocular prosthetics; repairs to vision materials; and services related to the fitting of contact lenses and spectacles.
- SBS.

Services that exceed a service limitation established under the BadgerCare Plus Core Plan are considered noncovered. Providers are required to follow certain procedures for billing members who receive these services.

### Billing Members for Noncovered Services

Services rendered during a noncovered home health visit will not be reimbursed by ForwardHealth. Providers are encouraged to inform the member when he or she has reached a service limitation. If a member requests a service that exceeds the limitation, the member is responsible for payment. Providers should make payment arrangements with the member in advance. Providers may bill members up to their usual and customary charges for noncovered services.

## Definition of Noncovered Services

A noncovered service is a service, item, or supply for which reimbursement is not available. [DHS 101.03\(103\)](#) and [107](#), Wis. Admin. Code, contain more information about noncovered services. In addition, [DHS 107.03](#), Wis. Admin. Code, contains a general list of noncovered services.

## Member Payment for Noncovered Services

A provider may collect payment from a member for noncovered services if [certain conditions](#) are met.

Providers may not collect payment from a member, or authorized person acting on behalf of the member, for certain noncovered services or activities provided in connection with covered services, including the following:

- Charges for missed appointments.
- Charges for telephone calls.
- Charges for time involved in completing necessary forms, claims, or reports.
- Translation services.

## Missed Appointments

The federal CMS does not allow state Medicaid programs to permit providers to collect payment from a member, or authorized person acting on behalf of the member, for a missed appointment.

### Avoiding Missed Appointments

ForwardHealth offers the following suggestions to help avoid missed appointments:

- Remind members of upcoming appointments (by telephone or postcard) prior to scheduled appointments.
- Encourage the member to call his or her local county or tribal agency if transportation is needed.
- If the appointment is made through the HealthCheck screening or targeted case management programs, encourage the staff from those programs to ensure that the scheduled appointments are kept.

## Translation Services

Translation services are considered part of the provider's overhead cost and are not separately reimbursable. Providers may not collect payment from a member, or authorized person acting on behalf of the member, for translation services.

Providers should call the Affirmative Action and Civil Rights Compliance Officer at (608) 266-9372 for information about when translation services are required by federal law. Providers may also write to the following address:

AA/CRC Office  
1 W Wilson St Rm 561  
PO Box 7850  
Madison WI 53707-7850

## Outreach and Case Management Services

---

### Date of Service

The DOS for claims for HealthCheck outreach and case management services cannot be before the HealthCheck screening date.

### Documentation Requirements

In order to receive reimbursement for outreach, case management providers must have on file verification that the HealthCheck screening occurred. This verification may be received in written form or through a conversation with either the provider or the member.

HealthCheck outreach and case management agencies are required to develop a file for each member pursuant to [DHS 106.02\(9\)\(a\)](#), Wis. Admin. Code, for whom reimbursement was claimed for outreach and case management services. The file must include the following information:

- Record of the targeted list priority number the member was assigned on the targeted listing, if available.
- Date that the initial, annual, or periodic outreach contact or notification was made.
- Record of linkage (where possible) of member to an ongoing primary health care provider.
- Record of all case management referrals, dates of appointments, whether or not appointments were met, and any other follow-up documentation notes for referrals.
- Date of the member's next scheduled HealthCheck screening (if known).

All written outreach materials must be made available for review as part of the provider's records. All records must be maintained by the provider for five years from the date of payment following screening as required by [DHS 105.02\(4\)](#), Wis. Admin. Code.

### Follow-Up

In all referral cases, the case manager is required to do the following:

- Assist the member in scheduling and meeting appointments.
- Offer and arrange for transportation for all referral visits.
- Contact the member or referral provider to determine the results of referral appointments.

Open communication between screeners and case managers is important for effective delivery of services and benefits to all members.

### Need Determination

The targeted list the provider agency receives prioritizes BadgerCare Plus members who *may* be in need of outreach and case management. Some members may in fact have received a screening or other health care since this list was generated. Therefore, it is critical that the provider determine if the member has received health care. Providers should begin with the first prioritized listed member. To determine if the member is *in need of outreach*, providers should ask the following questions:

1. When was the date the member was last screened, or had an extensive physical exam?
  1. If the member is under age 2, and was not screened within the past six months, then the member is in need of case management.
  2. If the member is at least 2 years of age but under 5 years of age, and not screened within the past 12 months, then the member is in need of case management.
  3. If the member is at least age 5 but under age 21, and not screened within the past 24 months, then the member is in need of case management.
  4. If the member is pregnant and is not currently receiving prenatal care, then the member is in need of case management.
2. Does the member have a primary health care provider from whom regular health care is obtained?
  1. If yes, the provider should attempt to link the member with the physician for a HealthCheck screening. If this is not possible, or the member requests screening services from the outreach and case management provider, then screen the member. In either screening situation, case management should be provided.
  2. If no, member does not have a primary physician, you may screen and case manage the member. The member should be linked with a Medicaid-certified physician for future care. Screening results should be shared with the physician.
  3. If the member is age 3 or older, referral should be made to a dentist for examination and ongoing care. The member's physician should also know the dentist's name for future screening referral.
3. Conduct inventory needs assessment of the member and family as guided by the case management plan.

Outreach and case management may also be provided to eligible members who are not on a targeted list, but are enrolled in BadgerCare Plus and "in-need" of a

screening based on questions 1 and 2 above. The provider may also seek reimbursement if screening services are provided to this member.

## Overview

HealthCheck outreach and case management agencies are separately certified by Medicaid. Their purpose is to:

- Inform members about the benefits and availability of HealthCheck services, including HealthCheck providers in the area.
- Assist members in obtaining HealthCheck services.
- Refer members, when needed, to the appropriate agency for transportation assistance.
- Promote continuity of care by assisting members in getting HealthCheck screenings from their primary care physician.

Case management is a tool for linking BadgerCare Plus children to HealthCheck screening services as well as to health care providers for follow-up and ongoing primary care services. Case management services include the following:

- Link non-users of health care with HealthCheck screening providers.
- Assess the child's health and social service needs.
- Assist with referrals to all appropriate resources after the HealthCheck screen.
- Educate about the proper utilization of health and covered services.
- Remove the barriers to services and resources.

## Procedure Codes

Outreach/case management providers may seek Medicaid reimbursement when either targeted or non-targeted outreach has been provided that results in a comprehensive HealthCheck screening by either the same agency or an outside screener, such as a physician clinic. Assisting the member in scheduling follow-up appointments to the screening is included in the reimbursement for the case management.

Covered HealthCheck outreach and case management services are identified by the following allowable HCPCS procedures codes:

- T1017 — Targeted outreach case management, each 15 minutes.
- T1016 — Outreach case management, each 15 minutes.

Providers may bill up to 4.0 units of outreach and targeted outreach case management services with each comprehensive HealthCheck screen.

## Provider Responsibilities

Providers of HealthCheck Outreach and Case Management services are required to do the following:

1. Focus outreach and case management efforts upon the targeted list of HealthCheck-eligible members that ForwardHealth sends to providers on a monthly basis.
2. Inform eligible members about the availability and benefits of a HealthCheck screening, remove barriers to program participation and provide all necessary follow-up.
3. Have resources for informing disabled, illiterate and non-English speaking members, including access to persons who speak the language of the non-English speaking population in the local service area.
4. Develop a file for each member pursuant to [DHS 106.02\(9\)\(a\)](#), Wis. Admin. Code, for whom reimbursement was claimed for outreach and case management. The file must include the following information:
  - Record of the targeted list priority number the member was assigned on the targeted listing, if available.
  - Date that the initial, annual, or periodic outreach contact or notification was made.
  - Record of linkage (where possible) of member to an ongoing primary health care provider.
  - Record of all case management referrals, dates of appointments, whether appointments were met, and any other follow-up documentation notes to referrals.
  - Date of the member's next scheduled HealthCheck periodic screening.
  - Record of dental referrals and follow-up for members beginning at age 3 years.
  - All written outreach materials must be available for review as part of the provider's records.
  - All records must be maintained by the provider for five years from the date of payment following the screening as required by [DHS 105.02\(4\)](#), Wis. Admin. Code.

## Purpose

The purpose of outreach is to inform members about the benefits and availability of HealthCheck prevention services, how to obtain those services, and the availability of transportation and scheduling assistance.

Providers are encouraged for a HealthCheck screening to seek out members enrolled in Medicaid or BadgerCare Plus who are under age 21 years and their families who have been targeted as "at risk." Wisconsin Medicaid has identified HealthCheck outreach/case management need determination.

Once all members who are targeted as "at risk" have been contacted, the case manager may contact all other members who are eligible for HealthCheck case management services.

Case management is a tool for linking targeted and non-targeted members with HealthCheck screening services and health care providers for follow-up and ongoing primary care services. Case management services include the following:

- Linking non-users of health care with HealthCheck screening.
- Assessing health and social service needs.
- Assisting with referrals to all appropriate resources beyond the HealthCheck screening process.
- Educating the member about the proper utilization of health and BadgerCare Plus services.
- Removing barriers to services and resources (both HealthCheck primary care and non-BadgerCare Plus related).
- Linking the member to a primary health care provider and dentist.

All case management providers are responsible for assuring that an initial HealthCheck screening is conducted on each member and that all appropriate referrals, resource linkages, and follow-ups occur.

## Referral Requirements

Following HealthCheck screening, the case management provider is responsible for ensuring that all necessary referral appointments are kept. A critical responsibility of the case manager is the removal of all barriers a member may encounter for accessing various services on referral. Screenings are valuable only if problems found during the HealthCheck exam are diagnosed and treated. Prompt scheduling of all appointments and referrals will enable the case manager to complete timely member follow-up.

### Types of Referrals

#### Treatment Referral

Treatment referrals result from the HealthCheck physical examination, findings indicate the need for further evaluation, diagnosis, or treatment.

#### Mandatory Dental Referral

All children age 3 years or greater must be referred to a dentist for an oral assessment. Case managers should be sure this legally required referral occurs as part of the HealthCheck assessment process. In some cases, a dental referral for children under 3 years old may also be necessary.

#### Self-Referral

Self-referrals may occur when the member expresses a particular need to the case manager (e.g., day care, Head Start) or chooses to receive services from a provider other than the screening provider or the screener's referral. Case managers are required to be sensitive to these requests and assist the member with identification of other sources of treatment and services.

#### Referral from Another Provider

Referrals from other providers may result from a previous screening referral or the referral provider may make additional referrals for member care. Case managers are required to be prepared to assist and follow-up these referrals.

#### Support Referral

Support referrals (for non-Medicaid-reimbursable services) may include other maternal and child health services in the community, employment development programs, food assistance, the WIC program, nutrition counseling, food stamps, special educational services, housing, and other needs. Case managers must develop a thorough knowledge of local community resources and the member's needs to facilitate these referrals.

## Discussion and Resolution of Potential Barriers

The referral process must also include a discussion and resolution of potential barriers to member follow through, such as the following:

- Transportation difficulties.
- Cost concerns.
- Lack of knowledge of providers.
- Language and cultural barriers.

- Failure to understand the need for care.
- Confidentiality concerns (adolescents).

The member should also know the periodicity schedule and date of the next periodic exam. A reminder notice should be mailed by the case manager one week prior to the next periodic screening date.

## Steps

The goal of outreach/case management is to ensure that a targeted "at risk" member receives a HealthCheck screening and other associated services, including screening referrals and follow-up.

A [schematic diagram](#) of the steps involved in the HealthCheck case management process is available. The following enumerates and describes those steps:

1. On a monthly basis, HealthCheck outreach/case management providers receive a listing of members who are targeted for HealthCheck outreach screening services. Providers also receive a second list of *all* members who are eligible for HealthCheck services.
2. The outreach case management provider is responsible for contacting *all* members who are on the *targeted list* in priority order. After all members who are on the targeted list are contacted, the provider may contact eligible HealthCheck members who are not on the targeted list, but are in need of case management.

Members may be contacted by telephone, home visit, mail or any other method the outreach case management provider finds effective. In performing outreach, the case manager discusses the HealthCheck program with the member, determines when the member last received health care, the purpose of that health care, and whether the member has ongoing primary care. The purpose of the discussion is to confirm that the member is appropriately targeted and to identify barriers which may impede the member's access to care and other needed services.

3. If the member received a preventive health checkup within the past six to 12 months (depending upon the member's age), then a HealthCheck screening may not be appropriate and should not be provided. If the member has not had a screening, but reports having a primary care provider, the case manager should contact the provider to determine if they will provide the HealthCheck screenings.

*Note:* If the child is age 3 years or older, and has not seen a dentist, a dental referral must be part of the screening. The physician screener should be reminded about the dental referral requirement.

4. In addition to explaining HealthCheck benefits, the outreach case management provider is also required to explain to the covered the appropriate use of the health care delivery system and how to effectively use Medicaid services and other health and social service resources.
5. If the member is in need of a HealthCheck screening, the outreach/case management provider must schedule a time and date for the screening, and ensure that the member has transportation resources to reach the appointment. The provider must also ensure that transportation is available for any other referral appointments which may develop as a result of the initial needs assessment.
6. If the member decides not to use HealthCheck, or fails to keep a scheduled appointment, the outreach/case management provider should attempt to investigate the problem and reschedule a second screening time. Only two attempts are necessary for scheduling a screening during a 12-month period.
7. If the member has a primary care physician or dentist, then the outreach/case management provider must coordinate and share HealthCheck related information with the member's primary care provider. If the member does not have a primary care physician or dentist, then the outreach case management provider should assist the member in locating an appropriate provider.

*Note:* The DHS will provide upon request to certified outreach and case management providers a current listing of Medicaid providers for their respective counties.

8. Following the screening, any findings will require the screener to make referrals for diagnosis and treatment. This includes a referral for all members beginning at age 3 years to a dentist for an exam and cleaning as part of the routine HealthCheck screening, unless the member has received dental care during the six months prior to the screening date. The outreach/case management provider must know of all referral appointments and ensure that the recipient has the ability to reach these appointments. HealthCheck screeners should inform the outreach case management agency when a screening has been performed.
9. Follow-up of all referrals is completed when the recipient has kept the appointment or at least two case management attempts to get the member to keep the appointments have been made.

*Note:* Diagnosis and treatment appointments are required by federal regulation to be scheduled *within 60 days of the date of screening*. All Medicaid services resulting from a HealthCheck referral must be provided within one year of the screening date.

10. If, in the judgement of the outreach/case management provider, additional referrals are needed, then the provider should assist with referral and follow-up, including the assurance of all member transportation.
11. Upon completion of the screening process, the member's name is removed from the targeted list.

## Transportation

Members may request transportation assistance as needed for any HealthCheck related screening or other referral appointment. Transportation should also be offered by case managers during outreach and screening follow-up. While the DHCAA does not require transportation to be provided to every enrolled member who receives a HealthCheck screening, diagnosis, or treatment appointment, transportation assistance is a need for those members who clearly cannot meet appointments without case management assistance for accessing services.

Transportation resources may vary by county. In general, county social services departments either provide volunteer drivers, vouchers, or direct reimbursement for related transportation expenses. Counties are obligated by state social and economic assistance program contracts to provide some form of HealthCheck related transportation assistance on members request.

HealthCheck case managers need not rely strictly on their own resources for helping members with transportation assistance and should assist members with accessing county transportation or other voluntary community resource assistance.

# Screening, Brief Intervention, and Referral to Treatment Benefit

---

## An Overview

### Definition

The SBIRT benefit is covered for members enrolled in the BadgerCare Plus Standard Plan, the BadgerCare Plus Benchmark Plan, the BadgerCare Plus Core Plan, the BadgerCare Plus Basic Plan, and Wisconsin Medicaid. Members enrolled in an HMO must receive the services through the HMO. This benefit applies to members who are 10 years of age or older on the DOS. These services do not require PA and are not subject to copayment.

The purpose of the SBIRT benefit is to identify and assist members at risk for substance abuse problems. The benefit has two components:

- Screening for substance abuse problems.
- Brief preventive substance abuse intervention for members identified as being at risk for having a substance abuse disorders.

The substance abuse screening and intervention services are designed to prevent members from developing a substance abuse disorder. These services are not intended to address tobacco abuse. These services are not intended to treat members diagnosed with a substance abuse disorder or to treat members already receiving substance abuse treatment services. Members identified through the screening and intervention process as needing more extensive or specialized treatment should be referred to an appropriate substance abuse program. A physician's prescription is not required for SBIRT services.

To be reimbursable, SBIRT services must be provided on a face-to-face basis (either in person or via simultaneous audio and video transmission). Telephone and internet-based communication with members are not covered.

Members who are pregnant are eligible for substance abuse screening and intervention services through a [separate benefit designed specifically for pregnant women](#). ForwardHealth will not cover both benefits during the member's pregnancy. Providers are required to use either the benefit for pregnant women or the SBIRT benefit for the substance abuse screening and intervention services.

### Substance Abuse Screening

Substance abuse screening is a method for identifying people who use alcohol or drugs in a way that puts them at risk for problems or injuries related to their substance use. Wisconsin Medicaid and BadgerCare Plus cover substance abuse screening in a wide variety of settings to increase the chance of identifying people at risk. Screening is also a part of primary prevention aimed at educating members about the health effects of using alcohol and other drugs.

Providers are required to use an evidence-based screening tool to identify members at risk for substance abuse problems. A few brief questions on substance use may be asked to identify those individuals likely to need a more in-depth screening. Those brief screening questions, however, do not meet the criteria for reimbursement for this benefit. The screening tool must demonstrate sufficient evidence that it is valid and reliable to identify individuals at risk for a substance abuse disorder and provide enough information to tailor an appropriate intervention to the identified level of substance use. The areas that must be covered include:

- The quantity and frequency of substance use.
- Problems related to substance use.
- Dependence symptoms.
- Injection drug use.

The screening tool should be simple enough to be administered by a wide range of health care professionals. It should also focus on the frequency and the quantity of substance use over a particular time frame (generally 1 to 12 months).

Below is a listing of evidence-based substance abuse screening tools that meet the criteria for reimbursement for this benefit. Providers may choose tools that are not included on the list as long as they meet the criteria above. In addition, providers must obtain prior approval from the DHS before using a tool that is not listed below. Contact the DHS at [DHSSBIRT@wisconsin.gov](mailto:DHSSBIRT@wisconsin.gov) for additional information. The approved tools include the following:

- The Alcohol Use Disorders Inventory Test (AUDIT). This screen is a reliable tool for use to determine the level of alcohol use. The AUDIT screen is available through the [World Health Organization Web site](#).
- The Drug Abuse Screening Test (DAST). This screening tool is a reliable tool to use to determine the level of drug use. The DAST screen is available through the [Dr. Alan Tepp, Ph. D., Web site](#).
- The Alcohol, Smoking, and Substance Involvement Screening Test (ASSIST). This screen is available through the [World Health Organization Web site](#).
- The CRAFFT screening tool developed by John Knight at the Center for Adolescent Substance Abuse Research (CeASAR). The CRAFFT screening tool is available through the [CeASAR Web site](#). This screen is valid for use with children and adolescents.
- The Problem Oriented Screening Instrument for Teenagers (POSIT). This screen is valid for use in adolescents in a medical setting. A POSIT PC tool is available through the [Power Train, Inc. Web site](#).

Providers may use more than one screening tool during the screening process when appropriate; however, there is no additional reimbursement for using more than one screening tool.

## Substance Abuse Intervention

Brief substance abuse intervention services are covered for members who are identified through the use of an evidence-based screening tool as being at risk for substance abuse disorder(s). The purpose of the intervention is to motivate the member to decrease or abstain from alcohol consumption and/or drug use. Brief intervention may be a single session or multiple sessions using a motivational discussion that focuses on increasing insight and awareness regarding substance use and increasing motivation toward behavioral change. Brief intervention can also be used for those in need of more extensive levels of care, as a method of increasing motivation and acceptance of a referral to specialty substance abuse treatment.

Wisconsin Medicaid and BadgerCare Plus cover brief intervention services provided during the same visit as the screening or during a separate visit. The brief intervention is not covered for members who have not had a substance abuse screen.

Providers are required to use effective strategies for the counseling and intervention services although BadgerCare Plus and Wisconsin Medicaid are not endorsing a specific approach.

Examples of effective strategies for the intervention services include the following:

- The SBIRT protocols. The SBIRT protocols are available through the [U.S. Department of Health and Human services](#).
- "Helping Patients Who Drink Too Much," A Clinician's Guide, Updated 2005 Edition, available through the [U.S. Department of Health and Human Services](#).

## Coverage Limitations

### Substance Abuse Screening

For members enrolled in Medicaid or BadgerCare Plus Standard Plan, the screening is limited to one unit of service per rolling 12 months. For members enrolled in the BadgerCare Plus Benchmark Plan, the BadgerCare Plus Core Plan, and the BadgerCare Plus Basic Plan, the screening is limited to one unit of service per enrollment year. A unit of service is equivalent to the total amount of time required to administer the screening.

The Benchmark Plan enrollment year is defined as the continuous 12-month period beginning the first day of the calendar month in which a member is enrolled in the Benchmark Plan and ending on the last day of the 12th calendar month.

The Core Plan enrollment year is defined as the continuous 12-month period beginning on the first day of enrollment (either the first or the 15th day of the month) in the Core Plan and ending on the last day of the 12th full calendar month.

The Basic Plan enrollment year is defined as the continuous 12-month period beginning on the first day of enrollment (the first day of the month) in the Basic Plan and ending on the last day of the 12th full calendar month.

The screening is not considered part of the mental health and substance abuse services available under BadgerCare Plus or Wisconsin Medicaid. The screening is not counted towards any service limitations or PA thresholds for those services.

### Substance Abuse Intervention

For members enrolled in Medicaid and Standard Plan, the intervention services are limited to four hours per rolling 12 months. For members enrolled in Benchmark Plan, Core Plan, and Basic Plan, the intervention services are limited to four hours per enrollment year. A unit of service is 15 minutes, so the four hour limit is equal to 16 units of service.

Only one hour (up to four units of service) can be billed on one DOS. The intervention services may be provided on the same DOS or on a later DOS than the screening.

The intervention services are not considered part of the mental health and substance abuse services available under BadgerCare Plus or Wisconsin Medicaid and are not counted towards any service limitations or PA thresholds for those services.

## Documentation Requirements

In addition to documenting the service provided, providers are required to keep a copy of the completed screening tool(s) in the member's medical record. Providers using electronic medical records should make a note of which screening tool was used if they do not have an electronic version of the tool, and note the member's responses to the screening questions. Providers are also required to retain documents concerning the provider's education, training, and supervision.

Refer to the Documentation chapter of the Certification and Ongoing Responsibilities section of the appropriate Online Handbook for more information about additional documentation requirements.

## Eligible Providers

Early detection of substance abuse problems is crucial to successfully treating members. It is also important for members to obtain referrals for follow-up care when appropriate. In order to accomplish these goals, BadgerCare Plus and Wisconsin Medicaid are allowing a wide range of Medicaid-certified providers to administer the SBIRT services.

The following table lists providers eligible to receive reimbursement for the screening and the substance abuse intervention services.

Provider Type	Eligible for Reimbursement of Services Provided Under the SBIRT benefit?
Advanced practice nurse prescribers with psychiatric specialty	Allowed
Crisis intervention providers	Allowed
HealthCheck providers	Allowed
Master's-level psychotherapists in outpatient mental health or substance abuse clinics	Allowed when provided in conjunction with a primary care, hospital, and/or emergency room visit
Nurse practitioners	Allowed
Physicians	Allowed
Physicians assistants	Allowed
Prenatal care coordination providers	Allowed
Psychiatrists	Allowed
Psychologists in outpatient mental health or substance abuse clinics	Allowed when provided in conjunction with a primary care, hospital, and/or emergency room visit
Substance abuse counselors in outpatient mental health or substance abuse clinics	Allowed when provided in conjunction with a primary care, hospital, and/or emergency room visit

Providers are required to retain documents showing that staff providing substance abuse screening and intervention services meet the training, education, and supervision requirements.

## Requirements for Licensed Individuals

Licensed health care professionals must complete the DHS-approved training to directly deliver the screening and intervention services. Training for licensed professionals must extend at least 4 hours and may be conducted in person or via the internet. The DHS may exempt licensed professionals with expertise in the field of substance abuse screening and motivational enhancement or motivational interviewing on a case by case basis.

Providers should contact the DHS at [DHSSBIRT@wisconsin.gov](mailto:DHSSBIRT@wisconsin.gov) for more information about the required training or to find out if they can be exempted from the training requirements.

## Requirements for Unlicensed Individuals

Unlicensed individuals may provide screening or brief intervention services if they meet all of the following criteria:

- Successfully complete at least 60 hours of training related to providing screening and brief intervention for alcohol and substance abuse (other than tobacco). This training includes the DHS-approved training to deliver the screening and intervention services. At least 30 hours of training must be conducted in person.
- Provide the screening and intervention services under the supervision of a licensed health care professional.
- Follow written or electronic protocols for evidence-based practice during the delivery of screening and intervention services. Protocols must be consistently followed, so the licensed health care professional must ensure that quality assurance procedures are in place for the written or electronic protocols.

## Procedure Codes and Diagnosis Codes

The following tables list the HCPCS procedure codes and applicable diagnosis codes that providers are required to use when submitting claims for substance abuse screening and substance abuse intervention services under the SBIRT benefit.

### Place of Service Codes

**(Submitted on the 1500 Health Insurance Claim Form)**

03	School
11	Office
12	Home
21	Inpatient Hospital
22	Outpatient Hospital
23	Emergency Room — Hospital
99	Other Place of Service

<b>Substance Abuse Screening and Intervention Services</b>					
<b>Procedure Code</b>	<b>Description</b>	<b>Limitations (Medicaid and BadgerCare Plus Standard Plan)</b>	<b>Limitations (BadgerCare Plus Benchmark Plan and BadgerCare Plus Core Plan)</b>	<b>Allowable Place of Service</b>	<b>Allowable Diagnosis Code</b>
H0049	Alcohol and/or drug screening	Limited to one unit per member, per rolling 12 months.	Limited to one unit per member, per enrollment year.	03, 11, 12, 21, 22, 23, 99	V82.9
H0050	Alcohol and/or drug service, brief intervention, per 15 minutes	Limited to 16 units per member, per rolling 12 months.	Limited to 16 units per member, per enrollment year.	03, 11, 12, 21, 22, 23, 99	V65.42

# Managed Care

# 5

Archive Date:07/01/2010

## Managed Care:Claims

---

### Appeals to BadgerCare Plus and Wisconsin Medicaid

The provider has 60 calendar days to file an appeal with BadgerCare Plus or Wisconsin Medicaid after the HMO or SSI HMO either does not respond in writing within 45 calendar days or if the provider is dissatisfied with the HMO's or SSI HMO's response.

BadgerCare Plus or Wisconsin Medicaid will not review appeals that were not first made to the HMO or SSI HMO. If a provider sends an appeal directly to BadgerCare Plus or Wisconsin Medicaid without first filing it with the HMO or SSI HMO, the appeal will be returned to the provider.

Appeals will only be reviewed for enrollees who were eligible for and who were enrolled in a BadgerCare Plus HMO or Medicaid SSI HMO on the date of service in question.

Appeals must be made in writing and must include:

- A letter, clearly marked "APPEAL," explaining why the claim should be paid or a completed [Managed Care Program Provider Appeal](#) form.
- A copy of the claim, clearly marked "APPEAL."
- A copy of the provider's letter to the HMO or SSI HMO.
- A copy of the HMO's or SSI HMO's response to the provider.
- Any documentation that supports the case.

The appeal will be reviewed and any additional information needed will be requested from the provider or the HMO or SSI HMO. Once all pertinent information is received, BadgerCare Plus or Wisconsin Medicaid has 45 calendar days to make a final decision.

The provider and the HMO or SSI HMO will be notified in writing of the final decision. If the decision is in favor of the provider, the HMO or SSI HMO is required to pay the provider within 45 calendar days of the final decision. The decision is final, and all parties must abide by the decision.

### Appeals to HMOs and SSI HMOs

Providers are required to first file an appeal directly with the BadgerCare Plus HMO or Medicaid SSI HMO within 60 calendar days of receipt of the initial denial. Providers are required to include a letter explaining why the HMO or SSI HMO should pay the claim. The appeal should be sent to the address indicated on the HMO's or SSI HMO's denial notice.

The HMO or SSI HMO then has 45 calendar days to respond in writing to the appeal. The HMO or SSI HMO decides whether to pay the claim and sends the provider a letter stating the decision.

If the HMO or SSI HMO does not respond in writing within 45 calendar days, or if the provider is dissatisfied with the HMO's or SSI HMO's response, the provider may send a written appeal to ForwardHealth within 60 calendar days.

### Claims Submission

BadgerCare Plus HMOs and Medicaid SSI HMOs have requirements for timely filing of claims, and providers are required to follow HMO and SSI HMO claims submission guidelines. Contact the enrollee's HMO or SSI HMO for organization-specific submission deadlines.

### Extraordinary Claims

Extraordinary claims are BadgerCare Plus or Medicaid claims for a BadgerCare Plus HMO or Medicaid SSI HMO enrollee that have been denied by an HMO or SSI HMO but may be paid as fee-for-service claims.

The following are some examples of extraordinary claims situations:

- The enrollee was not enrolled in an HMO or SSI HMO at the time he or she was admitted to an inpatient hospital, but then enrolled in an HMO or SSI HMO during the hospital stay. In this case, all claims related to the stay (including physician claims) should be submitted to fee-for-service. These claims (including physician claims) must include admittance and discharge dates.
- The claims are for orthodontia/prostodontia services that began before HMO or SSI HMO coverage. Include a record with the claim of when the bands were placed.

### Submitting Extraordinary Claims

When submitting an extraordinary claim, include the following:

- A legible copy of the completed claim form, in accordance with billing guidelines.
- A letter detailing the problem, any claim denials, and any steps taken to correct the situation.

Submit extraordinary claims to:

ForwardHealth  
Managed Care Extraordinary Claims  
PO Box 6470  
Madison WI 53716-0470

## Medicaid as Payer of Last Resort

Wisconsin Medicaid is the payer of last resort for most covered services, even when a member is enrolled in a BadgerCare Plus HMO or Medicaid SSI HMO. Before submitting claims to HMOs and SSI HMOs, providers are required to submit claims to other health insurance sources. Contact the enrollee's HMO or SSI HMO for more information about billing other health insurance sources.

## Provider Appeals

When a BadgerCare Plus HMO or Medicaid SSI HMO denies a provider's claim, the HMO or SSI HMO is required to send the provider a notice informing him or her of the right to file an appeal.

An HMO or SSI HMO network or non-network provider may file an appeal to the HMO or SSI MCO when:

- A claim submitted to the HMO or SSI HMO is denied payment.
- The full amount of a submitted claim is not paid.

Providers are required to file an appeal with the HMO or SSI HMO *before* filing an appeal with ForwardHealth.

## Covered and Noncovered Services

---

### Covered Services

#### HMOs

HMOs are required to provide at least the same benefits as those provided under fee-for-service arrangements. Although BadgerCare Plus requires contracted HMOs and Medicaid SSI HMOs to provide all medically necessary covered services, the following services may be provided by BadgerCare Plus HMOs at their discretion:

- Dental.
- Chiropractic.

If the HMO does not include these services in their benefit package, the enrollee receives the services on a fee-for-service basis.

### Noncovered Services

The following are not covered by BadgerCare Plus HMOs or Medicaid SSI HMOs but are provided to enrollees on a fee-for-service basis provided the member's fee-for-service plan covers the service:

- CSP benefits.
- Crisis intervention services.
- Environmental lead inspections.
- CCC services.
- Pharmacy services and some drug-related supplies.
- PNCC services.
- Provider-administered drugs, including all "J" codes, drug-related "Q" codes, procedure code S4993 (Contraceptive pills for birth control), and a limited number of related [administration codes](#).
- SBS.
- Targeted case management services.
- Transportation by common carrier (unless the HMO has made arrangements to provide this service as a benefit). Milwaukee HMOs and SSI HMOs are mandated to provide transportation for their enrollees.
- Directly observed therapy and monitoring for TB-only.

## Enrollment

---

### Disenrollment and Exemptions

In some situations, a member may be exempt from enrolling in a BadgerCare Plus HMO or Medicaid SSI HMO. Exempted members receive health care under fee-for-service. Exemptions allow members to complete a course of treatment with a provider who is not contracted with the member's HMO or SSI HMO. For example, in certain circumstances, women in high-risk pregnancies or women who are in the third trimester of pregnancy when they are enrolled in an HMO or SSI HMO *may* qualify for an exemption.

The [contracts](#) between the DHS and the HMO or SSI HMO provide more detail on the exemption and disenrollment requirements.

### Enrollee Grievances

Enrollees have the right to file grievances about services or benefits provided by a BadgerCare Plus HMO or Medicaid SSI HMO. Enrollees also have the right to file a grievance when the HMO or SSI HMO refuses to provide a service. All HMOs and SSI HMOs are required to have written policies and procedures in place to handle enrollee grievances. Enrollees should be encouraged to work with their HMO's or SSI HMO's customer service department to resolve problems first.

If enrollees are unable to resolve problems by talking to their HMO or SSI HMO, or if they would prefer to speak with someone outside their HMO or SSI HMO, they should contact the [Enrollment Specialist](#) or the [Ombudsman Program](#).

The [contracts](#) between the DHS and the HMO or SSI HMO describes the responsibilities of the HMO or SSI HMO and the DHS regarding enrollee grievances.

### Enrollment Eligibility

#### BadgerCare Plus HMOs

Members enrolled in the BadgerCare Plus Standard Plan and the BadgerCare Plus Benchmark Plan are eligible for enrollment in a BadgerCare Plus HMO. BadgerCare Plus Core Plan members are enrolled in BadgerCare Plus HMOs.

An individual who receives the FPW program, the TB-Only benefit, SeniorCare, or Wisconsin Well Woman Medicaid cannot be enrolled in a BadgerCare Plus HMO.

Information about a member's HMO enrollment status and commercial health insurance coverage may be verified by using Wisconsin's [EVS](#) or the ForwardHealth Portal.

#### SSI HMOs

Members of the following subprograms are eligible for enrollment in a Medicaid SSI HMO:

- Individuals ages 19 and older, who meet the SSI and SSI-related disability criteria.
- Dual eligibles for Medicare and Medicaid.

Individuals who are living in an institution, nursing home, or participating in a Home and Community-Based Waiver program are not eligible to enroll in an SSI MCO.

### Enrollment Periods

#### HMOs

Members are sent enrollment packets that explain the BadgerCare Plus HMOs and the enrollment process and provide contact information. Once enrolled, enrollees may change their HMO assignment within the first 90 days of enrollment in an HMO (whether they chose the HMO or were auto-assigned). If an enrollee no longer meets the criteria, he or she will be disenrolled from the HMO.

#### SSI HMOs

Members are sent enrollment packets that explain the Medicaid SSI HMO's enrollment process and provide contract information. Once enrolled, enrollees may disenroll after a 60-day trial period and up to 120 days after enrollment and return to Medicaid fee-for-service if they choose.

## Enrollment Specialist

The [Enrollment Specialist](#) provides objective enrollment, education, outreach, and advocacy services to BadgerCare Plus HMO and Medicaid SSI HMO enrollees. The Enrollment Specialist is a knowledgeable single point of contact for enrollees, solely dedicated to managed care issues. The Enrollment Specialist is not affiliated with any health care agency.

The Enrollment Specialist provides the following services to HMO and SSI HMO enrollees:

- Education regarding the correct use of HMO and SSI HMO benefits.
- Telephone and face-to-face support.
- Assistance with enrollment, disenrollment, and exemption procedures.

## Member Enrollment

### HMOs

BadgerCare Plus HMO enrollment is either mandatory or voluntary based on ZIP code-defined enrollment areas as follows:

- Mandatory enrollment — Enrollment is mandatory for eligible members who reside in ZIP code areas served by two or more BadgerCare Plus HMOs. Some members may meet criteria for exemption from BadgerCare Plus HMO enrollment.
- Voluntary enrollment — Enrollment is voluntary for members who reside in ZIP code areas served by only one BadgerCare Plus HMO.

Members living in areas where enrollment is mandatory are encouraged to choose their BadgerCare Plus HMO. Automatic assignment to a BadgerCare Plus HMO occurs if the member does not choose a BadgerCare Plus HMO. In general, all members of a member's immediate family eligible for enrollment must choose the same HMO.

Members in voluntary enrollment areas can choose whether or not to enroll in a BadgerCare Plus HMO. There is no automatic assignment for members who live within ZIP codes where enrollment is voluntary.

### SSI HMOs

Medicaid SSI HMO enrollment is either mandatory or voluntary as follows:

- Mandatory enrollment — Most SSI and SSI-related members are required to enroll in an SSI HMO. A member may choose the SSI HMO in which he or she wishes to enroll.
- Voluntary enrollment — Some SSI and SSI-related members may choose to enroll in an SSI HMO on a voluntary basis.

## Ombudsman Program

The [Ombudsmen](#), or Ombuds, are resources for enrollees who have questions or concerns about their BadgerCare Plus HMO or Medicaid SSI HMO. Ombuds provide advocacy and assistance to help enrollees understand their rights and responsibilities in the grievance and appeal process.

BadgerCare Plus HMO/Medicaid SSI HMO Ombudsmen  
PO Box 6470  
Madison WI 53716-0470

## Release of Billing or Medical Information

BadgerCare Plus supports BadgerCare Plus HMO and Medicaid SSI HMO enrollee rights regarding the confidentiality of health care records. BadgerCare Plus has [specific standards](#) regarding the release of an HMO or SSI HMO enrollee's billing information or medical claim records.

## Managed Care Information

---

### BadgerCare Plus HMO Program

An HMO is a system of health care providers that provides a comprehensive range of medical services to a group of enrollees. HMOs receive a fixed, prepaid amount per enrollee from BadgerCare Plus (called a capitation payment) to provide medically necessary services.

BadgerCare Plus HMOs are responsible for providing or arranging all contracted covered medically necessary services to enrollees. BadgerCare Plus members enrolled in state-contracted HMOs are entitled to at least the same benefits as fee-for-service members; however, HMOs may establish their own requirements regarding PA, claims submission, adjudication procedures, etc., which may differ from BadgerCare Plus fee-for-service policies and procedures. BadgerCare Plus HMO network providers should contact their HMO for more information about its policies and procedures.

### Managed Care

Managed Care refers to the BadgerCare Plus HMO program, the Medicaid SSI HMO program, and the several special managed care programs available.

The primary goals of the managed care programs are:

- To improve the quality of member care by providing continuity of care and improved access.
- To reduce the cost of health care through better care management.

### Managed Care Contracts

The contract between the DHS and the BadgerCare Plus HMO or Medicaid SSI HMO takes precedence over other ForwardHealth provider publications. Information contained in ForwardHealth publications is used by the DHS to resolve disputes regarding covered benefits that cannot be handled internally by HMOs and SSI HMOs. If there is a conflict, the HMO or SSI HMO contract prevails. If the contract does not specifically address a situation, Wisconsin Administrative Code ultimately prevails. HMO and SSI HMO contracts can be found on the Managed Care Organization area of the ForwardHealth Portal.

### SSI HMO Program

Medicaid SSI HMOs provide the same benefits as Medicaid fee-for-service (e.g. medical, dental, mental health/substance abuse, vision, and prescription drug coverage) at no cost to their enrollees through a care management model. Medicaid members and SSI-related Medicaid members in certain counties may be eligible to enroll in an SSI HMO.

SSI-related Medicaid members receive coverage from Wisconsin Medicaid because of a disability determined by the Disability Determination Bureau.

### Member Enrollment

Members who meet the following criteria are eligible to enroll in an SSI HMO:

- Medicaid-eligible individuals living in a service area that has implemented an SSI managed care program.
- Individuals ages 19 and older.
- Individuals who are enrolled in Wisconsin Medicaid and SSI or receive SSI-related Medicaid.

Individuals who are living in an institution or nursing home or are participating in a home and community-based waiver program or FamilyCare are not eligible to enroll in an SSI HMO.

### Ozaukee and Washington Counties

Most SSI and SSI-related Medicaid members who reside in Ozaukee and Washington counties are required to choose the HMO in which they wish to enroll. Dual eligibles (members receiving Medicare and Wisconsin Medicaid) are not required to enroll. After a 60-day trial period and up to 120 days after enrollment, enrollees may disenroll and return to Medicaid fee-for-service if they choose.

### Southwestern Wisconsin Counties

SSI members and SSI-related Medicaid members who reside in Buffalo, Jackson, La Crosse, Monroe, Trempealeau, and Vernon counties may choose to receive coverage from the HMO or remain in Wisconsin Medicaid fee-for-service.

## Continuity of Care

Special provisions are included in the contract for SSI HMOs for continuity of care for SSI members and SSI-related Medicaid members. These provisions include the following:

- Coverage of services provided by the member's current provider for the first 60 days of enrollment in the SSI program or until the first of the month following completion of an assessment and care plan, whichever comes later. The contracted provider should get a referral from the member's HMO after this.
- Honoring a PA that is currently approved by Wisconsin Medicaid. The PA must be honored for 60 days or until the month following the HMO's completion of the assessment and care plan, whichever comes later.
- Coverage of drugs that an SSI member is currently taking until a prescriber orders different drugs.

## Special Managed Care Programs

Wisconsin Medicaid has several special managed care programs that provide services to individuals who are elderly and/or who have disabilities. These members may be eligible to enroll in voluntary regional managed care programs such as Family Care, the PACE, and the Family Care Partnership Program. Additional information about these special managed care programs may be obtained from the Managed Care Organization area of the ForwardHealth Portal.

## Prior Authorization

---

### Prior Authorization Procedures

BadgerCare Plus HMOs and Medicaid SSI HMOs may develop PA guidelines that differ from fee-for-service guidelines. However, the application of such guidelines may not result in less coverage than fee-for-service. Contact the enrollee's HMO or SSI HMO for more information regarding PA procedures.

## Provider Information

---

### Copayments

Providers cannot charge Medicaid SSI HMO enrollees copayments for covered services except in cases where the Medicaid SSI HMO does not cover services such as dental, chiropractic, and pharmacy. When services are provided through fee-for-service or to members enrolled in a BadgerCare Plus HMO, copayments will apply.

### Emergencies

Non-network providers may provide services to BadgerCare Plus HMO and Medicaid SSI HMO enrollees in an emergency without authorization or in urgent situations when authorized by the HMO or SSI HMO. The [contract](#) between the DHS and the HMO or SSI HMO defines an emergency situation and includes general payment requirements.

Unless the HMO or SSI HMO has a written agreement with the non-network provider, the HMO or SSI HMO is only liable to the extent fee-for-service would be liable for an emergency situation, as defined in 42 CFR s. 438.114. Billing procedures for emergencies may vary depending on the HMO or SSI HMO. For specific billing instructions, non-network providers should always contact the enrollee's HMO or SSI HMO.

### Non-network Providers

Providers who do not have a contract with the enrollee's BadgerCare Plus HMO or Medicaid SSI HMO are referred to as non-network providers. (HMO and SSI HMO network providers agree to payment amounts and billing procedures in a contract with the HMO or SSI HMO.) Non-network providers are required to direct enrollees to HMO or SSI HMO network providers except in the following situations:

- When a non-network provider is treating an HMO or SSI HMO enrollee for an emergency medical condition as defined in the contract between the DHS and the HMO or SSI HMO.
- When the HMO or SSI HMO has authorized (in writing) an out-of-plan referral to a non-network provider.
- When the service is not provided under the HMO's or SSI HMO's contract with the DHS (such as dental, chiropractic, and pharmacy services).

Non-network providers may not serve BadgerCare Plus HMO or Medicaid SSI HMO enrollees as private-pay patients.

### Out-of-Area Care

BadgerCare Plus HMOs and Medicaid SSI HMOs may cover medically necessary care provided to enrollees when they travel outside the HMO's or SSI HMO's service area. The HMO or SSI HMO is required to authorize the services before the services are provided, except in cases of [emergency](#). If the HMO or SSI HMO does not authorize the services, the enrollee may be held responsible for the cost of those services.

### Provider Participation

Providers interested in participating in a BadgerCare Plus HMO or Medicaid SSI HMO or changing HMO or SSI HMO network affiliations should contact the HMO or SSI HMO for more information. Conditions and terms of participation in an HMO or SSI HMO are pursuant to specific contract agreements between HMOs or SSI HMOs and providers. An HMO or SSI HMO has the right to choose whether or not to contract with any provider.

### Referrals

Non-network providers may at times provide services to BadgerCare Plus HMO and Medicaid SSI HMO enrollees on a referral basis. Non-network providers are always required to contact the enrollee's HMO or SSI HMO. Before services are provided, the non-network provider and the HMO or SSI HMO should discuss and agree upon billing procedures and fees for all referrals. Non-network providers and HMOs or SSI HMOs should document the details of any referral in writing before services are provided.

Billing procedures for out-of-plan referrals may vary depending on the HMO or SSI HMO. For specific billing instructions, non-network providers should always contact the enrollee's HMO or SSI HMO.

### Services Not Provided by HMOs or SSI HMOs

If an enrollee's BadgerCare Plus HMO's or Medicaid SSI HMO's benefit package does not include a covered service, such as chiropractic or dental services, any Medicaid-certified provider may provide the service to the enrollee and submit claims to fee-for-service.

## Member Information:Birth to 3 Program

---

### Administration and Regulations

In Wisconsin, B-3 services are administered at the local level by county departments of community programs, human service departments, public health agencies, or any other public agency designated or contracted by the county board of supervisors. The DHS monitors, provides technical assistance, and offers other services to county B-3 agencies.

The enabling federal legislation for the B-3 Program is 34 CFR Part 303. The enabling state legislation is s. [51.44](#), Wis. Stats., and the regulations are found in ch. [DHS 90](#), Wis. Admin. Code.

Providers may contact the appropriate county B-3 agency for more information.

### Enrollment Criteria

A child from birth up to (but not including) age 3 is eligible for B-3 services if the child meets one of the following criteria:

- The child has a diagnosed physical or mental condition that has a high probability of resulting in a developmental delay.
- The child has at least a 25 percent delay in one or more of the following areas of development:
  - Cognitive development.
  - Physical development, including vision and hearing.
  - Communication skills.
  - Social or emotional development.
  - Adaptive development, which includes self-help skills.
- The child has atypical development affecting his or her overall development, as determined by a qualified team using professionally acceptable procedures and informed clinical opinion.

BadgerCare Plus provides B-3 information because many children enrolled in the B-3 Program are also BadgerCare Plus members.

### Individualized Family Service Plan

A B-3 member receives an IFSP developed by an interdisciplinary team that includes the child's family. The IFSP provides a description of the outcomes, strategies, supports, services appropriate to meet the needs of the child and family, and the natural environment settings where services will be provided. All B-3 services must be identified in the child's IFSP.

### Requirements for Providers

Title 34 CFR Part 303 for B-3 services requires all health, social service, education, and tribal programs receiving federal funds, including Medicaid providers, to do the following:

- Identify children who may be eligible for B-3 services. These children must be referred to the appropriate county B-3 program within *two working days* of identification. This includes children with developmental delays, atypical development, disabilities, and children who are substantiated as abused or neglected. For example, if a provider's health exam or developmental screen indicates that a child may have a qualifying disability or developmental delay, the child must be referred to the county B-3 program for evaluation. (Providers are encouraged to explain the need for the B-3 referral to the child's parents or guardians.)
- Cooperate and participate with B-3 service coordination as indicated in the child's IFSP. B-3 services must be provided by providers who are employed by, or under agreement with, a B-3 agency to provide B-3 services.
- Deliver B-3 services in the child's natural environment, unless otherwise specified in the IFSP. The child's natural environment includes the child's home and other community settings where children without disabilities participate. (Hospitals contracting with a county to provide therapy services in the child's natural environment must receive separate certification as a therapy group to be reimbursed for these therapy services.)
- Assist parents or guardians of children receiving B-3 services to maximize their child's development and participate fully in implementation of their child's IFSP. For example, an occupational therapist is required to work closely with the child's parents and caretakers to show them how to perform daily tasks in ways that maximize the child's potential for development.

### Services

The B-3 Program covers the following types of services when they are included in the child's IFSP:

- Evaluation and assessment.
- Special instruction.
- OT.
- PT.
- SLP.
- Audiology.
- Psychology.
- Social work.
- Assistive technology.
- Transportation.
- Service coordination.
- Certain medical services for diagnosis and evaluation purposes.
- Certain health services to enable the child to benefit from early intervention services.
- Family training, counseling, and home visits.

## Enrollment Categories

---

### BadgerCare Expansion for Certain Pregnant Women

As a result of 2005 Wisconsin Act 25, the 2005-07 biennial budget, BadgerCare has expanded coverage to the following individuals:

- Pregnant non-U.S. citizens who are not qualified aliens but meet other eligibility criteria for BadgerCare.
- Pregnant individuals detained by legal process who meet other eligibility criteria for BadgerCare.

The BadgerCare Expansion for Certain Pregnant Women is designed to provide better birth outcomes.

Women are eligible for all covered services from the first of the month in which their pregnancy is verified or the first of the month in which the application for BadgerCare Plus is filed, whichever is later. Members are enrolled through the last day of the month in which they deliver or the pregnancy ends. Postpartum care is reimbursable *only* if provided as part of global obstetric care. Even though enrollment is based on pregnancy, these women are eligible for *all* covered services. (They are not limited to pregnancy-related services.)

These women are not presumptively eligible. Providers should refer them to the appropriate county/tribal social or human services agency where they can apply for this coverage.

### Fee-for-Service

Pregnant non-U.S. citizens who are not qualified aliens and pregnant individuals detained by legal process receive care only on a fee-for-service basis. Providers are required to follow all program requirements (e.g., claims submission procedures, PA requirements) when providing services to these women.

### Emergency Services for Non-U.S. Citizens

When BadgerCare Plus enrollment ends for pregnant non-U.S. citizens who are not qualified aliens, they receive coverage for emergency services. These women receive emergency coverage for 60 days after the pregnancy ends; this coverage continues through the end of the month in which the 60th day falls (e.g., a woman who delivers on June 20, 2006, would be enrolled through the end of August 2006).

### BadgerCare Plus Basic Plan

The Basic Plan is a self-funded plan that focuses on providing Core Plan waitlist members with access to vital, cost-effective primary and preventive care. This option will allow members to have some minimal form of coverage until space becomes available in the Core Plan and will help prevent bankruptcy due to excessive medical debt.

Member participation or non-participation in the Basic Plan does not affect an individual's status on the Core Plan waitlist.

Services for the Basic Plan will be covered under fee-for-service. Basic Plan members will not be enrolled in state-contracted HMOs.

### Applicant Enrollment Requirements

Applicants are required to apply for the Core Plan and be put on the waitlist before they can enroll in the Basic Plan. The applicant must meet the following program requirements to enroll in the Core Plan and thus qualify for the Core Plan waitlist and the Basic Plan:

- Is a Wisconsin resident.
- Is a United States citizen or legal immigrant.
- Is between the ages of 19 and 64.
- Does not have any children under age 19 under his or her care.
- Is not pregnant.
- Is not eligible for or enrolled in Medicaid, the BadgerCare Plus Standard Plan, or the BadgerCare Plus Benchmark Plan. Applicants may be enrolled in the FPW or Tuberculosis-Related Services Only).
- Is not eligible for or enrolled in Medicare.
- Has a monthly gross income that does not exceed 200 percent of the Federal Poverty Level.
- Is not covered by health insurance currently or in the previous 12 months unless there is justifiable cause.
- Has not had access to employer-sponsored insurance in the previous 12 months and does not have access to employer-subsidized insurance during the month of application or any of the three months following application.

## Application Process for New Members

Individuals who wish to enroll in the Basic Plan must first apply for the Core Plan online at [access.wi.gov/](http://access.wi.gov/) or via a toll-free telephone number. A pre-screening tool at [access.wi.gov/](http://access.wi.gov/) will help determine which individuals may be eligible to enroll in the Core Plan. Applications for Core Plan members are processed by the Enrollment Services Center, not by county agencies.

Once the Core Plan application process is complete and the individual has been placed on the waitlist for the Core Plan, the individual will have the option to enroll in the Basic Plan. An informational letter will be mailed to individuals on the waitlist with Basic Plan information and a coupon the individual can use to request enrollment in the Basic Plan and submit their initial premium payment. Members of the Basic Plan will be required to pay a monthly premium of approximately \$130.00 to maintain coverage. Members who fail to pay the monthly premium will have their Basic Plan coverage terminated and will be subject to a restrictive re-enrollment period, which will not allow the member to re-enroll for 12 months. Termination of Basic Plan coverage does not affect a member's status on the Core Plan waitlist or his or her eligibility for the Core Plan if room becomes available.

## Conditions That End Member Enrollment in the Basic Plan

A member's enrollment in the Basic Plan will end if the member:

- Becomes eligible for Medicare, Medicaid, the Standard Plan, the Benchmark Plan, or the Core Plan.
- Becomes incarcerated or becomes institutionalized in an IMD.
- Becomes pregnant. (Note: A Basic Plan member who becomes pregnant should be referred to Member Services at (800) 362-3002 for more information about enrollment in the Standard Plan or the Benchmark Plan.)
- No longer resides in the state of Wisconsin.
- Obtains health insurance coverage.
- Turns 65 years of age.
- Fails to pay the monthly premium.

*Note:* Enrollment in the Basic Plan does not end if the member's income increases.

Providers are reminded that the Basic Plan does not cover obstetrical services or delivery services.

Providers are required to notify ForwardHealth if they have reason to believe that a person is misusing or abusing BadgerCare Plus or Medicaid benefits or the ForwardHealth identification card.

## Basic Plan Member Fact Sheets

Fact sheets providing additional member information about the Basic Plan are available at [dhs.wisconsin.gov/badgercareplus/core/index.htm](http://dhs.wisconsin.gov/badgercareplus/core/index.htm).

## Enrollment Certification Period for Basic Plan Members

A member's enrollment will begin on the first of the month and will continue through the end of the 12th month. For example, if the individual's enrollment in the Basic Plan begins on July 1, 2010, the enrollment certification period will continue through June 30, 2011, unless conditions occur that end enrollment.

Premium payments are due on the fifth of each month, prior to the month of coverage. Members who fail to pay the monthly premium will have their benefits terminated and will also be subject to a 12-month restrictive re-enrollment period.

## Basic Plan Members Enrolled in Wisconsin Chronic Disease Program

For Basic Plan members who are also enrolled in WCDP, providers should submit claims for all covered services to the Basic Plan first and then to WCDP. For pharmacy services, if both programs deny the pharmacy claim, providers should submit the claim to BadgerRx Gold.

## Basic Plan Members and HIRSP Coverage

Basic Plan members may also be enrolled in the HIRSP as long as the member meets the eligibility requirements for both the Basic Plan and HIRSP. For Basic Plan members who are also enrolled in HIRSP, providers should submit claims for all Basic Plan covered services to HIRSP first and then to the Basic Plan.

Basic Plan members may not be enrolled in the Basic Plan and the Federal Temporary High Risk Insurance Pool. Information that is being distributed to BadgerCare Plus Core Plan members on the waitlist regarding HIRSP and the Federal Temporary High Risk Insurance Pool is [available](#).

## BadgerCare Plus Core Plan

The BadgerCare Plus Core Plan covers basic health care services including primary care, preventive care, certain generic and OTC drugs, and a limited number

of brand name drugs.

## Core Plan Implementation

In the first phase of Core Plan implementation, individuals enrolled in the Milwaukee GAMP and certain other counties' GA medical programs were automatically transitioned into the Core Plan effective January 1, 2009. Services were covered under fee-for-service. Effective April 1, 2009, members transitioned from GAMP began their enrollment process in one of the state-contracted HMOs that serve Wisconsin's Medicaid and BadgerCare Plus population.

In the second phase of implementation, BadgerCare Plus began accepting applications from the general public for enrollment in the Core Plan as of June 15, 2009. The second phase opens enrollment to certain low-income adults with no dependent children. The earliest date of coverage and benefits is July 15, 2009. Services will be covered under fee-for-service until members are enrolled in an HMO. All new Core Plan members will be required to enroll in an HMO under the following circumstances: there are two or more HMOs in the member's area, or there is one HMO in the member's area and the member resides in a designated rural county where federal requirements allow mandatory HMO enrollment. New Core Plan members will receive HMO enrollment materials in the mail to select an HMO. The earliest date of HMO enrollment for new Core Plan members will be October 1, 2009.

## Applicant Enrollment Requirements

An applicant must meet the following enrollment requirements in order to qualify for the Core Plan:

- Is a Wisconsin resident.
- Is a United States citizen or legal immigrant.
- Is between the ages of 19 and 64.
- Does not have any children under age 19 under his or her care.
- Is not pregnant.
- Is not eligible for or enrolled in Medicaid, the BadgerCare Plus Standard Plan, or the BadgerCare Plus Benchmark Plan. This would not include benefits provided under the FPW or those benefits provided to individuals who qualify for TB-Only.
- Is not eligible for or enrolled in Medicare.
- Has a monthly gross income that does not exceed 200 percent of the FPL.
- Is not covered by health insurance currently or in the previous 12 months.
- Has not had access to employer-sponsored insurance in the previous 12 months and does not have access to employer-subsidized insurance during the month of application or any of the three months following application.

## Application Process for New Members

The Core Plan application process will be streamlined and user-friendly. Individuals who wish to enroll may apply for the Core Plan [using the Access tool online](#) or via the ESC toll-free telephone number, (800) 291-2002. A pre-screening tool will help determine which individuals may be eligible to enroll in the Core Plan. Applications for Core Plan members will be processed centrally by the ESC, not by county agencies.

To complete the application process, applicants must meet the following requirements:

- Complete a Health Survey.
- Pay a non-refundable, annual processing fee of \$60.00 per individual or per couple for married couples. The fee will be waived for homeless individuals. There are no monthly premiums.

Medicaid-certified providers cannot pay the \$60.00 application processing fee on behalf of Core Plan applicants. An offer by a Medicaid-certified provider to pay a fee on behalf of a prospective Medicaid member may violate federal laws against kickbacks. These laws are federal criminal statutes that are interpreted and enforced by federal agencies such as the United States DOJ and the Department of HHS's OIG.

## Conditions That End Member Enrollment in the Core Plan

A member's enrollment will end if the member:

- Becomes eligible for Medicare, Medicaid, the Standard Plan, or the Benchmark Plan.
- Becomes incarcerated or institutionalized in an IMD.
- Becomes pregnant.
- No longer resides in the state of Wisconsin.
- Obtains health insurance coverage.
- Turns 65 years of age.

Providers are reminded that the Core Plan does not cover obstetrical services, including the delivery of a child or children. A Core Plan member who becomes pregnant should be referred to the ESC at (800) 291-2002 for more information about enrollment in the Standard Plan or the Benchmark Plan.

## Enrollment Certification Period for Core Plan Members

Once determined eligible for enrollment in the Core Plan, a member's enrollment will begin either on the first or 15th of the month, whichever is first, and will continue through the end of the 12th month. For example, if the individual submits all of his or her application materials, including the application fee, by September 17, 2009, and the DHS reviews the application and approves it on October 6, 2009, the individual is eligible for enrollment beginning on October 15, 2009, the next possible date of enrollment. The enrollment certification period will continue through October 31, 2010.

The enrollment certification period for individuals who qualify for the Core Plan is 12 months, regardless of income changes.

## Core Plan Members Enrolled in Wisconsin Chronic Disease Program

For Core Plan members who are also enrolled in WCDP, providers should submit claims for all covered services to the Core Plan first and then to WCDP. For pharmacy services, if both programs deny the pharmacy claim, providers should submit claims to BadgerRx Gold.

## Core Plan Members with HIRSP Coverage

Core Plan members may also be enrolled in HIRSP as long as the member meets the eligibility requirements for both the Core Plan and HIRSP. For Core Plan members who are also enrolled in HIRSP, providers should submit claims for all Core Plan covered services to the Core Plan. For services not covered by the Core Plan, providers should submit claims to HIRSP. HIRSP is always the payer of last resort.

*Note:* HIRSP will only cover noncovered Core Plan services if the services are covered under the HIRSP benefit.

## BadgerCare Plus Standard Plan and Benchmark Plan

BadgerCare Plus is a state-sponsored health care program that expands coverage of Wisconsin residents and ensures that all children in Wisconsin have access to affordable health care.

The key initiatives of BadgerCare Plus are:

- To ensure that all Wisconsin children have access to affordable health care.
- To ensure that 98 percent of Wisconsin residents have access to affordable health care.
- To streamline program administration and enrollment rules.
- To expand coverage and provide enhanced benefits for pregnant women.
- To promote prevention and healthy behaviors.

BadgerCare Plus expands enrollment in state-sponsored health care to the following:

- All uninsured children.
- More pregnant women.
- More parents and caretaker relatives.
- Parents with children in foster care who are working to reunify their families.
- Young adults exiting out-of-home care, such as foster care, because they have turned 18 years of age.
- Certain farmers and other self-employed parents and caretaker relatives.

Where available, BadgerCare Plus members will be enrolled in BadgerCare Plus HMOs. In those areas of Wisconsin where HMOs are not available, services will be reimbursed on a fee-for-service basis.

## Benefit Plans Under BadgerCare Plus

BadgerCare Plus is comprised of four benefit plans, the BadgerCare Plus Standard Plan, the BadgerCare Plus Benchmark Plan, the BadgerCare Plus Core Plan, and the BadgerCare Plus Basic Plan.

### BadgerCare Plus Standard Plan

The Standard Plan covers children, parents and caretaker relatives, young adults aging out of foster care, and pregnant women with incomes at or below 200 percent of the FPL. The services covered under the Standard Plan are the same as the Wisconsin Medicaid program.

### BadgerCare Plus Benchmark Plan

The Benchmark Plan was adapted from Wisconsin's largest commercial, low-cost health care plan. The Benchmark Plan is for children and pregnant women

with incomes above 200 percent of the FPL and certain self-employed parents, such as farmers with incomes above 200 percent of the FPL. The services covered under the Benchmark Plan are more limited than those covered under the Wisconsin Medicaid program.

## BadgerCare Plus Core Plan

The Core Plan provides adults who were previously not eligible to enroll in state and federal health care programs with access to basic health care services including primary care, preventive care, certain generic and OTC drugs, and a limited number of brand name drugs.

## BadgerCare Plus Basic Plan

The Basic Plan provides Core Plan waitlist members with access to vital, cost-effective primary and preventive care. This option allows members to have some form of minimal coverage until space becomes available in the Core Plan.

## Express Enrollment for Children and Pregnant Women

EE for Pregnant Women Benefit is a limited benefit category that allows a pregnant woman to receive immediate pregnancy-related outpatient services while her application for full-benefit BadgerCare Plus is processed. Enrollment is not restricted based on the member's other health insurance coverage. Therefore, a pregnant woman who has other health insurance may be enrolled in the benefit.

To determine enrollment for EE for Pregnant Women, providers should use the income limits for 200 percent and 300 percent of the [FPL](#).

The EE for Children Benefit allows certain members under 18 years of age to receive BadgerCare Plus benefits under the BadgerCare Plus Standard Plan while an application for BadgerCare Plus is processed.

## Fee-for-Service

Women and children who are temporarily enrolled in BadgerCare Plus through the EE process are not eligible for enrollment in an HMO until they are determined eligible for full benefit BadgerCare Plus by the county/tribal office.

## Family Planning Waiver

The FPW is a limited benefit program that provides routine contraceptive-related services to low-income individuals age 15 through 44 who are otherwise not eligible for Wisconsin Medicaid or BadgerCare Plus. Members receiving FPW services must be receiving routine contraceptive-related services.

The goal of the FPW is to provide members with information and services to assist them in preventing pregnancy, making BadgerCare Plus enrollment due to pregnancy less likely. Providers should explain the purpose of the FPW to members and encourage them to contact their local county or tribal agency to determine their enrollment options if they are not interested in receiving, or do not wish to receive, contraceptive services.

Members enrolled in the FPW receive routine services to prevent or delay pregnancy. In addition, FPW members may receive certain reproductive health services if the services are determined medically necessary during contraceptive-related FPW services. Only services *clearly* related to contraceptive management are covered under the FPW.

Providers should inform members about other service options and provide referrals for care not covered by the FPW.

FPW members are not eligible for other services that are covered under full-benefit Medicaid and BadgerCare Plus (e.g., PT services, dental services). Even if a medical condition is discovered during a contraceptive-related FPW service, treatment for the condition is not covered under the FPW unless the treatment is identified in the list of [allowable procedure codes](#) for FPW services. They are also not eligible for other family planning services that are covered under full-benefit Wisconsin Medicaid and BadgerCare Plus (e.g., mammograms and hysterectomies). If a medical condition, other than an STD, is discovered during contraceptive-related services, treatment for the medical condition is not covered under the FPW.

Colposcopies and treatment for STDs are only covered through the FPW if they are determined medically necessary during routine contraceptive-related services. A colposcopy is a covered service when an abnormal result is received from a pap test, prior to the colposcopy, while the member is in the FPW program and receiving contraceptive-related services.

FPW members diagnosed with cervical cancer, precancerous conditions of the cervix, or breast cancer may be eligible for Wisconsin Well Woman Medicaid. Providers should assist eligible members with the enrollment process for Well Woman Medicaid.

Providers should inform members about other service options and provide referrals for care not covered by FPW.

## Temporary Enrollment for the Family Planning Waiver

Members whose providers are submitting an initial FPW application on their behalf and who meet the enrollment criteria may receive routine contraceptive-related services immediately through TE for the FPW for up to three months. Services covered under the TE for the FPW are the same as those covered under the FPW and must be clearly related to routine contraceptive management.

To determine enrollment for the FPW, providers should use the income limit for 200 percent of the [FPL](#).

TE for the FPW providers may issue white paper TE for BadgerCare Plus FPW Plan temporary identification cards for members to use until they receive a ForwardHealth identification card. Providers should remind members that the benefit is temporary, despite their receiving a ForwardHealth card.

## ForwardHealth and ForwardHealth interChange

ForwardHealth brings together many DHS health care programs with the goal to create efficiencies for providers and to improve health outcomes for members. ForwardHealth interChange is the DHS claims processing system that supports multiple state health care programs and Web services, including:

- BadgerCare Plus.
- BadgerCare Plus and Medicaid managed care programs.
- SeniorCare.
- WCDP.
- WIR.
- Wisconsin Medicaid.
- Wisconsin Well Woman Medicaid.
- WWWP.

ForwardHealth interChange is supported by the state's fiscal agent, HP.

## Limited Benefit Categories Overview

Certain members may be enrolled in a limited benefit category. These limited benefit categories include the following:

- BadgerCare Plus Expansion for Certain Pregnant Women.
- EE for Children.
- EE for Pregnant Women.
- FPW, including the PE for the FPW.
- QDWI.
- QI-1.
- QMB Only.
- SLMB.
- TB-Only Benefit.

Members may be enrolled in full-benefit Medicaid or BadgerCare Plus and also be enrolled in certain limited benefit programs, including QDWI, QI-1, QMB Only, and SLMB. In those cases, a member has full Medicaid or BadgerCare Plus coverage in addition to limited coverage for Medicare expenses.

Members enrolled in BadgerCare Plus Expansion for Certain Pregnant Women, FPW, EE for Children, EE for Pregnant Women, or the TB-Only Benefit cannot be enrolled in full-benefit Medicaid or BadgerCare Plus. These members receive benefits through the limited benefit category.

Providers should note that a member may be enrolled in more than one limited benefit category. For example, a member may be enrolled in the FPW and the TB-Only Benefit.

Providers are strongly encouraged to verify dates of enrollment and other coverage information using the EVS to determine whether a member is in a limited benefit category, receives full-benefit Medicaid or BadgerCare Plus, or both.

Providers are responsible for knowing which services are covered under a limited benefit category. If a member of a limited benefit category requests a service that is not covered under the limited benefit category, the provider may collect payment from the member if certain [conditions](#) are met.

## Medicaid

Medicaid is a joint federal/state program established in 1965 under Title XIX of the Social Security Act to pay for medical services for selected groups of people who meet the program's financial requirements.

The purpose of Medicaid is to provide reimbursement for and assure the availability of appropriate medical care to persons who meet the criteria for Medicaid. Wisconsin Medicaid is also known as the Medical Assistance Program, WMAP, MA, Title XIX, or T19.

A Medicaid member is any individual entitled to benefits under Title XIX of the Social Security Act and under the Medical Assistance State Plan as defined in ch. 49, Wis. Stats.

Wisconsin Medicaid enrollment is determined on the basis of financial need and other factors. A citizen of the United States or a "qualified immigrant" who meets low-income financial requirements may be enrolled in Wisconsin Medicaid if he or she is in one of the following categories:

- Age 65 and older.
- Blind.
- Disabled.

Some needy and low-income people become eligible for Wisconsin Medicaid by qualifying for programs such as:

- Katie Beckett.
- Medicaid Purchase Plan.
- [Subsidized adoption](#) and foster care programs.
- SSI.
- WWWP.

Providers may advise these individuals or their representatives to contact their [certifying agency](#) for more information. The following agencies certify people for Wisconsin Medicaid enrollment:

- Local county or tribal agencies.
- Medicaid outstation sites.
- SSA offices.

In limited circumstances, some state agencies also certify individuals for Wisconsin Medicaid.

Medicaid fee-for-service members receive services through the traditional health care payment system under which providers receive a payment for each unit of service provided. Some Medicaid members receive services through state-contracted MCOs.

## Qualified Disabled Working Individual Members

QDWI members are a limited benefit category of Medicaid members. They receive payment of Medicare monthly premiums for Part A.

QDWI members are certified by their local county or tribal agency. To qualify, QDWI members are required to meet the following qualifications:

- Have income under 200 percent of the FPL.
- Be entitled to, but not necessarily enrolled in, Medicare Part A.
- Have income or assets too high to qualify for QMB Only and SLMB.

## Qualified Medicare Beneficiary-Only Members

QMB-Only members are a limited benefit category of Medicaid members. They receive payment of the following:

- Medicare monthly premiums for Part A, Part B, or both.
- Coinsurance, copayment, and deductible for Medicare-allowed services.

QMB-Only members are certified by their local county or tribal agency. QMB-Only members are required to meet the following qualifications:

- Have an income under 100 percent of the FPL.
- Be entitled to, but not necessarily enrolled in, Medicare Part A.

## Qualifying Individual 1 Members

QI-1 members are a limited benefit category of Medicaid members. They receive payment of Medicare monthly premiums for Part B.

QI-1 members are certified by their local county or tribal agency. To qualify, QI-1 members are required to meet the following qualifications:

- Have income between 120 and 135 percent of the FPL.
- Be entitled to, but not necessarily enrolled in, Medicare Part A.

## Specified Low-Income Medicare Beneficiaries

SLMB members are a limited benefit category of Medicaid members. They receive payment of Medicare monthly premiums for Part B.

SLMB members are certified by their local county or tribal agency. To qualify, SLMB members are required to meet the following qualifications:

- Have an income under 120 percent of the FPL.
- Be entitled to, but not necessarily enrolled in, Medicare Part A.

## Tuberculosis-Related Services-Only Benefit

The [TB-Only Benefit](#) is a limited benefit category that allows individuals with TB infection or disease to receive covered TB-related outpatient services.

## Wisconsin Well Woman Medicaid

Wisconsin Well Woman Medicaid provides full Medicaid benefits to underinsured or uninsured women ages 35 to 64 who have been screened and diagnosed by WWP or the FPW, meet all other enrollment requirements, and are in need of treatment for any of the following:

- Breast cancer.
- Cervical cancer.
- Precancerous conditions of the cervix.

Services provided to women who are enrolled in Well Woman Medicaid are reimbursed through Medicaid fee-for-service.

## Members Enrolled into Wisconsin Well Woman Medicaid from Benchmark Plan or Core Plan

Women diagnosed with breast cancer or cervical cancer while enrolled in the BadgerCare Plus Benchmark Plan or BadgerCare Plus Core Plan for Adults with No Dependent Children are eligible to be enrolled in Wisconsin Well Woman Medicaid. Wisconsin Well Woman Medicaid covers the same services as Wisconsin Medicaid and enables members to receive comprehensive treatment, including services not related to their diagnosis.

Women who are diagnosed with breast cancer, cervical cancer, or a precancerous condition of the cervix must have the diagnosis of their condition confirmed by one of the following Medicaid-certified providers:

- Nurse practitioners, for cervical conditions only.
- Osteopaths.
- Physicians.

Women with Medicare or other insurance that covers treatment for her cancer are not allowed to be enrolled into WWMA.

### Covered and Noncovered Services

Wisconsin Well Woman Medicaid covers the same services as Wisconsin Medicaid regardless of whether the service is related to her cancer treatment.

### Reimbursement

Providers will be reimbursed for services provided to members enrolled in WWMA at the Wisconsin Medicaid rate of reimbursement for covered services. Providers are required to reimburse members for any copayments members paid on or after the date of diagnosis while still enrolled in the Benchmark Plan or the Core Plan.

### Copayments

There are no copayments for any Medicaid covered service for WWMA members who have been enrolled into WWMA from the Benchmark or the Core Plan.

## Enrollment Responsibilities

---

### General Information

Members have certain responsibilities per [DHS 104.02](#), Wis. Admin. Code, and the [Medicaid Enrollment and Benefits](#) booklet or the [BadgerCare Plus Enrollment and Benefits](#) booklet.

### Loss of Enrollment — Financial Liability

Some covered services consist of a series of sequential treatment steps, meaning more than one office visit is required to complete treatment.

In most cases, if a member loses enrollment midway through treatment, BadgerCare Plus will *not* reimburse services (including prior authorized services) after enrollment has lapsed.

Members are financially responsible for any services received after their enrollment has been terminated. If the member wishes to continue treatment, it is a decision between the provider and the member whether the service should be given and how the services will be paid. The provider may collect payment from the member if the member accepts responsibility for payment of a service and certain [conditions](#) are met.

To avoid misunderstandings, it is recommended that providers remind members that they are financially responsible for any continued care after enrollment ends.

To avoid potential reimbursement problems that can arise when a member loses enrollment midway through treatment, the provider is encouraged to verify the member's enrollment using the [EVS](#) or the ForwardHealth Portal prior to providing each service, even if an approved PA request is obtained for the service.

### Member Cooperation

Members are responsible for giving providers full and accurate information necessary for the correct submission of claims. If a member has other health insurance, it is the member's obligation to give full and accurate information to providers regarding the insurance.

### Members Should Present Card

It is important that providers determine a member's enrollment and other insurance coverage *prior to* each DOS that services are provided. Pursuant to [DHS 104.02\(2\)](#), Wis. Admin. Code, a member should inform providers that he or she is enrolled in BadgerCare Plus or Wisconsin Medicaid and should present a current ForwardHealth identification card before receiving services.

*Note:* Due to the nature of their specialty, certain providers — such as anesthesiologists, radiologists, DME suppliers, independent laboratories, and ambulances — are not always able to see a member's ForwardHealth identification card because they might not have direct contact with the member prior to providing the service. In these circumstances, it is still the provider's responsibility to obtain member enrollment information.

### Prior Identification of Enrollment

Except in emergencies that preclude prior identification, members are required to inform providers that they are receiving benefits and must present their ForwardHealth identification card before receiving care. If a [member forgets his or her ForwardHealth card](#), providers may verify enrollment without it.

### Reporting Changes to Caseworkers

Members are required to report certain changes to their caseworker at their certifying agency. These changes include, but are not limited to, the following:

- A new address or a move out of state.
- A change in income.
- A change in family size, including pregnancy.
- A change in other health insurance coverage.
- Employment status.
- A change in assets for members who are over 65 years of age, blind, or disabled.

## Enrollment Rights

---

### Appealing Enrollment Determinations

Applicants and members have the right to appeal certain decisions relating to BadgerCare Plus or Medicaid enrollment. An applicant, a member, or authorized person acting on behalf of the applicant or member, or former member may file the appeal with the DHA.

Pursuant to [HA 3.03](#), Wis. Admin. Code, an applicant, member, or former member may appeal any adverse action or decision by an agency or department that affects their benefits. Examples of decisions that may be appealed include, but are not limited to, the following:

- Individual was denied the right to apply.
- Application for BadgerCare Plus or Wisconsin Medicaid was denied.
- Application for BadgerCare Plus or Wisconsin Medicaid was not acted upon promptly.
- Enrollment was unfairly discontinued, terminated, suspended, or reduced.

In the case when enrollment is cancelled or terminated, the date the member, or authorized person acting on behalf of the member, files an appeal with the DHA determines what continuing coverage, if any, the member will receive until the hearing decision is made. The following scenarios describe the coverage allowed for a member who files an appeal:

- If a member files an appeal before his or her enrollment ends, coverage will continue pending the hearing decision.
- If a member files an appeal within 45 days after his or her enrollment ends, a hearing is allowed but coverage is not reinstated.

If the member files an appeal more than 45 days after his or her enrollment ends, a hearing is not allowed. Members may file an appeal by submitting a [Request for Fair Hearing form](#).

### Claims for Appeal Reversals

If a claim is denied due to termination of enrollment, a hearing decision that reverses that determination will allow the claim to be resubmitted and paid. The provider is required to obtain a copy of the appeal decision from the member, attach the copy to the previously denied claim, and submit both to ForwardHealth at the following address:

ForwardHealth  
Specialized Research  
Ste 50  
6406 Bridge Rd  
Madison WI 53784-0050

If a provider has not yet submitted a claim, the provider is required to submit a copy of the hearing decision along with a paper claim to Specialized Research.

As a reminder, claims [submission deadlines](#) still apply even to those claims with hearing decisions.

### Freedom of Choice

Members may receive covered services from *any* willing Medicaid-certified provider, unless they are enrolled in a state-contracted MCO or assigned to the [Pharmacy Services Lock-In Program](#).

### General Information

Members are entitled to certain rights per [DHS 103](#), Wis. Admin. Code.

### Notification of Discontinued Benefits

When the DHS intends to discontinue, suspend, or reduce a member's benefits, or reduce or eliminate coverage of services for a general class of members, the DHS sends a written notice to members. This notice is required to be provided at least 10 days before the effective date of the action.

### Prompt Decisions on Enrollment

Individuals applying for BadgerCare Plus or Wisconsin Medicaid have the right to prompt decisions on their applications. Enrollment decisions are made within 60 days of the date the application was signed for those with disabilities and within 30 days for all other applicants.

## Requesting Retroactive Enrollment

An applicant has the right to request [retroactive enrollment](#) when applying for BadgerCare Plus or Wisconsin Medicaid. Enrollment may be backdated to the first of the month three months prior to the date of application for eligible members. Retroactive enrollment does not apply to QMB-Only members.

## Identification Cards

---

### ForwardHealth Basic Plan Identification Cards

Members enrolled in the BadgerCare Plus Basic Plan will receive a [ForwardHealth Basic Plan card](#). All identification cards include the member's name and 10-digit member identification number. The identification cards may be used to verify a member's enrollment, but possession of an identification card does not guarantee enrollment. It is possible that a member will present a card when he or she is not enrolled; therefore, it is essential that providers verify enrollment before providing services.

Providers should always check enrollment for a member who presents a ForwardHealth card to verify if the member is enrolled in the Basic Plan or in one of the other ForwardHealth programs. (Providers may use the same methods of enrollment verification under the Basic Plan as they do for other ForwardHealth programs such as Medicaid. These methods include the ForwardHealth Portal, WiCall, magnetic stripe readers, and the 270/271 Health Care Eligibility/Benefit Inquiry and Information Response transactions.) Members who present a ForwardHealth card or a ForwardHealth Basic Plan card may have been enrolled in a different plan since the card was issued. Providers should be careful to verify the plan in which the member is enrolled and know which services are covered under that plan.

Basic Plan members should call Member Services at 1-800-362-3002 with questions about premiums and covered services. The ForwardHealth Basic Plan cards include the Member Services telephone number on the back.

### ForwardHealth Core Plan Identification Cards

Members enrolled in the BadgerCare Plus Core Plan will receive a [ForwardHealth Core Plan card](#). All identification cards include the member's name and 10-digit member identification number. The identification cards may be used to verify a member's enrollment, but possession of an identification card does not guarantee enrollment. It is possible that a member will present a card when he or she is not enrolled; therefore, it is essential that providers verify enrollment before providing services.

Core Plan members should call the ESC with questions about enrollment criteria, HMO enrollment, and covered services. The ForwardHealth Core Plan cards include the Enrollment Services Center telephone number, (800) 291-2002, on the back.

Providers should always check enrollment for a member who presents a ForwardHealth card to verify if the member is enrolled in the Core Plan or in one of the other ForwardHealth programs. Members who present a ForwardHealth card or a ForwardHealth Core Plan card may have been enrolled in a different plan since the card was issued. Providers should be careful to verify the plan in which the member is enrolled and know which services are covered under that plan.

### ForwardHealth Identification Cards

Each enrolled member receives an identification card. Possession of a program identification card does not guarantee enrollment. It is possible that a member will present a card during a lapse in enrollment; therefore, it is essential that providers verify enrollment before providing services. Members are told to keep their cards even though they may have lapses in enrollment.

### ForwardHealth Identification Card Features

The [ForwardHealth identification card](#) includes the member's name, 10-digit member ID, magnetic stripe, signature panel, and the Member Services telephone number. The card also has a unique, 16-digit card number on the front for internal program use.

The ForwardHealth card does not need to be signed to be valid; however, adult members are encouraged to sign their cards. Providers may use the signature as another means of identification.

The toll-free number on the back of each of the cards is for member use only. The address on the back of each card is used to return a lost card to ForwardHealth if it is found.

If a provider finds discrepancies with the identification number or name between what is indicated on the ForwardHealth card and the provider's file, the provider should verify enrollment with Wisconsin's EVS.

### Identification Number Changes

Some providers may question whether services should be provided if a member's 10-digit identification number on his or her ForwardHealth card does not match the EVS response. If the EVS indicates the member is enrolled, services should be provided.

A member's identification number may change, and the EVS will reflect that change. However, ForwardHealth does not automatically send a replacement ForwardHealth card with the new identification number to the member. ForwardHealth cross-references the old and new identification numbers so a provider may submit claims with either number. The member may request a replacement ForwardHealth card that indicates the new number.

## Member Name Changes

If a member's name on the ForwardHealth card is different than the response given from Wisconsin's EVS, providers should use the name from the EVS response. When a name change is reported and on file, a new card will automatically be sent to the member.

## Deactivated Cards

When any member identification card has been replaced for any reason, the previous identification card is deactivated. If a member presents a deactivated card, providers should encourage the member to discard the deactivated card and use only the new card.

Although a member identification card may be deactivated, the member ID is valid and the member still may be enrolled in a ForwardHealth program.

If a provider swipes a ForwardHealth card using a magnetic stripe card reader and finds that it has been deactivated, the provider may request a second form of identification if he or she does not know the member. After the member's identity has been verified, providers may verify a member's enrollment by using one of the EVS methods such as [AVR](#).

## Defective Cards

If a provider uses a card reader for a ForwardHealth card and the magnetic stripe is defective, the provider should encourage the member to call Member Services at the number listed on the back of the member's card to request a new card.

If a member presents a ForwardHealth card with a defective magnetic stripe, providers may verify the member's enrollment by using an alternate enrollment verification method. Providers may also verify a member's enrollment by entering the member ID or 16-digit card number on a touch pad, if available, or by calling [WiCall](#) or [Provider Services](#).

## Lost Cards

If a member needs a replacement ForwardHealth card, he or she may call Member Services to request a new one.

If a member lost his or her ForwardHealth card or never received one, the member may call [Member Services](#) to request a new one.

## Managed Care Organization Enrollment Changes

Members do not receive a new ForwardHealth card if they are enrolled in a state-contracted MCO or change from one MCO to another. Providers should verify enrollment with the EVS every time they see a member to ensure they have the most current managed care enrollment information.

## Temporary Enrollment for BadgerCare Plus Family Planning Waiver Plan Temporary Cards

Qualified providers may issue white paper TE for BadgerCare Plus FPW Plan identification cards for women to use temporarily until they receive a ForwardHealth identification card. The identification card is included with the TE for BadgerCare Plus FPW Plan Application.

The TE for the FPW identification cards have the following message printed on them: "BadgerCare Plus Temporary Identification Card for Temporary Enrollment for the Family Planning Waiver Plan." Providers should accept the white TE for the FPW identification cards as proof of enrollment for the dates provided on the cards and are encouraged to keep a photocopy of the card.

## Temporary Express Enrollment Cards

There are two types of temporary EE identification cards. One is issued for pregnant women and the other for children that are enrolled in BadgerCare Plus through EE. The EE cards are valid for 14 days. [Samples](#) of temporary EE cards for children and pregnant women are available.

Providers may assist pregnant women with filling out an application for temporary ambulatory prenatal care benefits (formerly known as PE) through the online EE process. EE identification cards are included on the bottom portion of the enrollment notice that is printed out and provided to the member after the online enrollment process is completed.

The paper application may also be used to apply for temporary ambulatory prenatal benefits for pregnant women. The beige paper identification card is

attached to the last page of the application and provided to the woman after she completes the enrollment process. A [sample](#) of an EE temporary card from the back of the EE application is available.

The online EE process is also available for adults to apply for full BadgerCare Plus benefits for children. EE identification cards are included on the bottom portion of the enrollment notice that is printed out and provided to the member after the online enrollment process is completed. This temporary identification card is different, since providers may see more than one child listed if multiple children in one household are enrolled through EE. However, each child will receive his or her own ForwardHealth card after the application is submitted.

Each member who is enrolled through EE will receive a ForwardHealth card usually within three business days after the EE application is submitted and approved. To ensure children and pregnant women receive needed services in a timely manner, providers should accept the printed paper EE cards for children and either the printed paper EE card or the beige identification cards for pregnant women as proof of enrollment for the dates provided on the cards. Providers may use Wisconsin's EVS to verify enrollment for DOS after those printed on the card. Providers are encouraged to keep a photocopy of the card.

Information is available for [DOS before April 1, 2009](#).

## Temporary ForwardHealth Identification Cards

All Medicaid certifying agencies have the authority to issue [green paper temporary identification cards](#) to applicants who meet enrollment requirements. Temporary cards are usually issued only when an applicant is in need of medical services prior to receiving the ForwardHealth card. Providers should accept temporary cards as proof of enrollment. Eligible applicants may receive covered services for the dates shown on the card.

Providers are encouraged to keep a photocopy of the temporary card and should delay submitting claims for one week from the enrollment start date until the enrollment information is transmitted to ForwardHealth.

ForwardHealth accepts properly completed and submitted claims for covered services provided to applicants possessing a temporary card as long as the DOS is within the dates shown on the card.

If a claim is denied with an enrollment-related explanation, even though the provider verified the member's enrollment before providing the service, a [good faith claim](#) may be submitted.

## Types of Identification Cards

ForwardHealth members receive an identification card upon initial eligibility determination. Identification cards may be in any of the following formats:

- White plastic ForwardHealth cards.
- White plastic ForwardHealth Core Plan cards.
- White plastic ForwardHealth Basic Plan cards.
- Green paper temporary cards.
- Paper printout temporary card for EE for children.
- Paper printout temporary card for EE for pregnant women.
- Beige paper temporary card for EE for pregnant women.
- White paper TE for the FPW cards.

## Member Enrollment

---

## HealthCheck Requirements

### HealthCheck Screenings

Members under 21 years of age are eligible for a HealthCheck screening and HealthCheck case management services, unless one of the following is true:

- The member is enrolled in a state-contracted MCO. Only the MCO or its affiliated providers may provide the screening for that member.
- The member has recently received a HealthCheck screening. Providers are not reimbursed for comprehensive HealthCheck screenings more frequently than allowed under the [HealthCheck Periodicity Schedule](#), although interperiodic screens may be billed.

### HealthCheck Outreach and Case Management

Outreach and case management workers may find persons unable to pay for health care services who may be eligible for BadgerCare Plus or Medicaid. Providers should advise these persons, or a representative, to apply for BadgerCare Plus or Medicaid at their local county or tribal agency. Low-income pregnant women should be encouraged to apply for BadgerCare Plus.

## Misuse and Abuse of Benefits

---

### Examples of Member Abuse or Misuse

Examples of member abuse or misuse are included in [DHS 104.02\(5\)](#), Wis. Admin. Code.

### Notifying ForwardHealth

Providers are required to notify ForwardHealth if they have reason to believe that a person is misusing or abusing BadgerCare Plus or Medicaid benefits or the ForwardHealth identification card. Section [49.49](#), Wis. Stats., defines actions that represent member misuse or abuse of benefits and the resulting sanctions that may be imposed. Providers are under no obligation to inform the member that they are doing so. A provider may not confiscate a ForwardHealth card from a member in question.

If a provider suspects that a member is abusing his or her benefits or misusing his or her ForwardHealth card, providers are required to notify ForwardHealth by calling [Provider Services](#) or by writing to the following office:

Division of Health Care Access and Accountability  
Bureau of Program Integrity  
PO Box 309  
Madison WI 53701-0309

ForwardHealth monitors member records and can impose sanctions on those who misuse or abuse their benefits. For more information on member misuse and abuse and the resulting sanctions, refer to s. 49.49, Wis. Stats.

## Pharmacy Services Lock-In Program

### Overview of the Pharmacy Services Lock-In Program

The purpose of the Pharmacy Services Lock-In Program is to coordinate the provision of health care services for members who abuse or misuse Wisconsin Medicaid, BadgerCare Plus, or SeniorCare benefits by seeking duplicate or medically unnecessary services, particularly prescriptions for controlled substances.

Coordination of member health care services is intended to do the following:

- Curb the abuse or misuse of controlled substance medications.
- Improve the quality of care for a member.
- Reduce unnecessary physician utilization.

The Pharmacy Services Lock-In Program focuses on the abuse or misuse of controlled substance medications. Abuse or misuse is defined under Recipient Duties in [DHS 104.02\(5\)](#), Wis. Admin. Code. The abuse and misuse definition includes, but is not limited to, the following:

- Duplicating or altering prescriptions.
- Feigning illness, using false pretense, providing incorrect enrollment status, or providing false information to obtain service.
- Seeking duplicate care from more than one provider for the same or similar condition.
- Seeking medical care that is excessive or not medically necessary.

Members enrolled in the Pharmacy Services Lock-In Program are assigned to one primary care provider and one pharmacy to reduce unnecessary physician and pharmacy utilization and to discourage the non-medical or excessive use of prescription drugs.

The Pharmacy Services Lock-In program applies to members in fee-for-service as well as members enrolled in Medicaid SSI HMOs and BadgerCare Plus HMOs. Members remain enrolled in the Pharmacy Services Lock-In Program for two years and are continuously monitored for their prescription drug usage. At the end of the two-year enrollment period an assessment is made to determine if the member should continue enrollment in the Pharmacy Services Lock-In Program.

Health Information Designs, Inc. (HID), administers the Pharmacy Services Lock-In Program. Providers may contact the Pharmacy Services Lock-In Program by calling (800) 225-6998, extension 3045.

### Reporting Suspected Member Misuse of Benefits

ForwardHealth operates a therapeutic DUR program designed to routinely monitor prescription drug use by members. The purpose of the DUR program is to identify potential clinical problems related to drug therapy and instances of potentially inappropriate drug use. When a member is identified through the DUR Program of suspected misuse of benefits, the member and the member's primary care provider(s) and pharmacy(s) may be notified.

Providers may also report members suspected of inappropriate prescription drug use by completing the [Pharmacy Services Lock-In Program Request for Review of Member Prescription Drug Use](#) form and submitting the form to the Pharmacy Services Lock-In Program. When a provider refers a member for review, the Lock In Program assesses the member's history of prescription drug claims to identify patterns that suggest possible misuse of prescription drugs.

The Pharmacy Services Lock-In Program monitors claims for pharmacy services and prescription drugs specifically. The Pharmacy Services Lock-In Program does not address other types of member fraud or misuse of benefits, such as misuse of the ForwardHealth identification card or excessive use of emergency room services.

## Designated Lock-In Pharmacy and Primary Care Provider

Members enrolled in the Pharmacy Services Lock-In Program are required to designate one Lock-In pharmacy and one Lock-In primary care provider. If the member fails to designate Lock-In providers, ForwardHealth or the member's HMO choose for the member. During the member's enrollment in the Lock-In Program, the member may only receive services from the Lock-In primary care provider and the Lock-In pharmacy unless a referral is in place for another provider.

Fee-for-service members are assigned to one pharmacy and one primary care provider.

Members enrolled in an HMO are assigned to one pharmacy. The HMO is assigned as the member's designated Lock-In primary care provider. The HMO may in turn assign the member to one of the HMO's primary care providers.

### Role of the Lock-In Pharmacy and Primary Care Provider

The Lock-In pharmacy fills prescriptions that are medically necessary for the member and works with the Lock-In primary care provider or HMO to ensure the member's drug regimen is consistent with the overall care plan. The Lock-In pharmacy may fill prescriptions from prescribers other than the Lock-In primary care provider, but must assure that prescriptions are medically necessary, consistent with the care plan, and are not overlapping with other similar medications. If the member presents a prescription from an emergency room visit, the pharmacist at the Lock-In pharmacy must use his or her professional judgment as to whether or not to fill the prescription.

The Lock-In primary care provider determines what services are medically necessary for the member, provides those services at his or her discretion, and refers the member to other providers if needed. The Lock-In primary care provider also may contact the Lock-In pharmacy to give the pharmacist(s) guidelines as to which medications should be filled for the member and from whom.

### Changing the Designated Lock-In Provider

If circumstances arise that require a change to the member's designated Lock-In pharmacy or primary care provider, contact the Pharmacy Services Lock-In Program at (800) 225-6998, extension 3045. Providers should allow at least one business day for the change to be applied to the member's file.

## Referrals for Members Enrolled in the Pharmacy Services Lock-In Program

For all non-emergency, medically necessary, non-pharmacy services, the member's designated Lock-In primary care provider may perform the service or refer the member to another provider, as necessary. The member's Lock-In pharmacy may refer the member to other pharmacies to fill prescriptions if needed.

Referrals to other providers must be on file with the Pharmacy Services Lock-In Program before the member may receive services from any provider other than the designated Lock-In primary care provider or pharmacy. Services provided by providers other than the member's designated Lock-In primary care provider or pharmacy are not reimbursable unless a referral is on file with ForwardHealth.

If the member requires a referral, the Lock-In provider is required to complete the [Pharmacy Services Lock-In Program Member Referral to Another Provider for Services form](#). Referrals for fee-for-service members must be on file with the Pharmacy Services Lock-In Program. Referrals for HMO members must be on file with the Pharmacy Services Lock-In Program and the member's HMO.

*Note:* Emergency medical care is the only exception to the referral requirement.

### Looking Up Referral Providers on the ForwardHealth Portal

ForwardHealth Portal member enrollment verification indicates a member's referral providers under the Pharmacy Services Lock-In Program. When a provider looks up member enrollment information, the Portal lists the member's Lock-In pharmacy, Lock-In primary care provider (when applicable), and referral providers.

## Providers May Refuse to Provide Services

Providers may refuse to provide services to a BadgerCare Plus or Medicaid member in situations when there is reason to believe that the person presenting the ForwardHealth identification card is misusing or abusing it.

Members who abuse or misuse BadgerCare Plus or Wisconsin Medicaid benefits or their ForwardHealth card may have their benefits terminated or be subject to limitations under the Pharmacy Services Lock-In Program or to criminal prosecution.

## Requesting Additional Proof of Identity

Providers may request additional proof of identity from a member if they suspect fraudulent use of a ForwardHealth identification card. If another form of identification is not available, providers can compare a person's signature with the signature on the back of the ForwardHealth identification card if it is signed. (adult members are encouraged to sign the back of their cards; however, it is not mandatory for members to do so.)

Verifying member identity, as well as enrollment, can help providers detect instances of fraudulent ForwardHealth card use.

## Special Enrollment Circumstances

---

### Medicaid Members from Other States

Wisconsin Medicaid does not pay for services provided to members enrolled in other state Medicaid programs. Providers are advised to contact [other state Medicaid programs](#) to determine whether the service sought is a covered service under that state's Medicaid program.

### Members Traveling Out of State

When a member travels out of state but is within the United States (including its territories), Canada, or Mexico, BadgerCare Plus covers medical services in any of the following circumstances:

- An emergency illness or accident.
- When the member's health would be endangered if treatment were postponed.
- When the member's health would be endangered if travel to Wisconsin were undertaken.
- When PA has been granted to the out-of-state provider for provision of a nonemergency service.
- When there are coinsurance, copayment, or deductible amounts remaining after Medicare payment or approval for dual eligibles.

*Note:* Some providers located in a state that borders Wisconsin may be Wisconsin Medicaid certified as a [border-status provider](#) if the provider notifies ForwardHealth in writing that it is common practice for members in a particular area of Wisconsin to seek his or her medical services. Border-status providers follow the same policies as Wisconsin providers.

### Non-U.S. Citizens — Emergency Services

Certain non-U.S. citizens who are not qualified aliens are eligible for BadgerCare Plus services only in cases of acute emergency medical conditions. Providers should use the appropriate ICD-9-CM diagnosis code to document the nature of the emergency.

An emergency medical condition is a medical condition manifesting itself by acute symptoms of such severity that one could reasonably expect the absence of immediate medical attention to result in the following:

- Placing the person's health in serious jeopardy.
- Serious impairment to bodily functions.
- Serious dysfunction of any bodily organ or part.

Due to federal regulations, BadgerCare Plus does not cover services for non-U.S. citizens who are not qualified aliens related to routine prenatal or postpartum care, major organ transplants (e.g., heart, liver), or ongoing treatment for chronic conditions where there is no evidence of an acute emergent state. For the purposes of this policy, all labor and delivery is considered an emergency service.

*Note:* Babies born to certain non-qualifying immigrants are eligible for Medicaid enrollment under the CEN option. However, babies born to women with incomes over 300 percent of the FPL are not eligible for CEN status. The baby may still qualify for BadgerCare Plus. These mothers should report the birth to the local agencies within ten calendar days.

A provider who gives emergency care to a non-U.S. citizen should refer him or her to the local county or tribal agency or ForwardHealth outpost site for a determination of BadgerCare Plus enrollment. Providers may complete the [Certification of Emergency for Non-U.S. Citizens form](#), for clients to take to the local county or tribal agency in their county of residence where the BadgerCare Plus enrollment decision is made.

Providers should be aware that a client's enrollment does not guarantee that the services provided will be reimbursed by BadgerCare Plus.

Information for [DOS before January 1, 2009](#), is available.

### Out-of-State Youth Program

The OSY program is responsible for health care services provided to Wisconsin children placed outside the state in foster and subsidized adoption situations. These children are eligible for coverage. The objective is to assure that these children receive quality medical care.

Out-of-state providers not located in border-status-eligible communities may qualify as border-status providers if they deliver services as part of the OSY program. However, providers who have border status as part of the OSY program are reimbursed only for services provided to the specific foster care or subsidized adopted child. In order to receive reimbursement for services provided to other members, the provider is required to follow rules for out-of-state

noncertified providers.

For subsidized adoptions, benefits are usually determined through the adoption assistance agreement and are provided by the state where the child lives. However, some states will not provide coverage to children with state-only funded adoption assistance. In these cases, Wisconsin will continue to provide coverage.

OSY providers are subject to the same regulations and policies as other certified border-status providers. For more information about the OSY program, call [Provider Services](#) or write to ForwardHealth at the following address:

ForwardHealth  
Out-of-State Youth  
Ste 50  
6406 Bridge Rd  
Madison WI 53784-0050

## Persons Detained by Legal Process

Most individuals detained by legal process are *not* eligible for BadgerCare Plus or Wisconsin Medicaid benefits. Only those individuals who qualify for the [BadgerCare Plus Expansion for Certain Pregnant Women](#) may receive benefits.

"Detained by legal process" means a person who is incarcerated (including some Huber Law prisoners) because of law violation or alleged law violation, which includes misdemeanors, felonies, delinquent acts, and day-release prisoners. The justice system oversees health care-related needs for individuals detained by legal process who do not qualify for the BadgerCare Plus Expansion for Certain Pregnant Women.

## Retroactive Enrollment

Retroactive enrollment occurs when an individual has applied for BadgerCare Plus or Medicaid and enrollment is granted with an effective date prior to the date the enrollment determination was made. A member's enrollment may be backdated to allow retroactive coverage for medical bills incurred prior to the date of application.

The retroactive enrollment period may be backdated up to three months prior to the month of application if all enrollment requirements were met during the period. Enrollment may be backdated more than three months if there were delays in determining enrollment or if court orders, fair hearings, or appeals were involved.

## Reimbursing Members in Cases of Retroactive Enrollment

When a member receives retroactive enrollment, he or she has the right to request the return of payments made to a Medicaid-certified provider for a covered service during the period of retroactive enrollment, according to [DHS 104.01\(11\)](#), Wis. Admin. Code. A Medicaid-certified provider is required to submit claims to Medicaid for covered services provided to a member during periods of retroactive enrollment. Medicaid cannot directly refund the member.

If a service(s) that requires PA was performed during the member's period of retroactive enrollment, the provider is required to submit a PA request and receive approval from Medicaid *before* submitting a claim.

If a provider receives reimbursement from Medicaid for services provided to a retroactively enrolled member and the member has paid for the service, the provider is required to reimburse the member or authorized person acting on behalf of the member (e.g., local General Relief agency) the full amount that the member paid for the service.

If a claim cannot be filed within 365 days of the DOS due to a delay in the determination of a member's retroactive enrollment, the provider is required to submit the claim to Timely Filing within 180 days of the date the retroactive enrollment is entered into Wisconsin's EVS (if the services provided during the period of retroactive enrollment were covered).

## Spenddown to Meet Financial Enrollment Requirements

Occasionally, an individual with significant medical bills meets all enrollment requirements except those pertaining to income. These individuals are required to "spenddown" their income to meet financial enrollment requirements.

The certifying agency calculates the individual's spenddown (or deductible) amount, tracks all medical costs the individual incurs, and determines when the medical costs have satisfied the spenddown amount. (A payment for a medical service does not have to be made by the individual to be counted toward satisfying the spenddown amount.)

When the individual meets the spenddown amount, the certifying agency notifies ForwardHealth and the provider of the last service that the individual is eligible

beginning on the date that the spenddown amount was satisfied.

If the individual's last medical bill is greater than the amount needed to satisfy the spenddown amount, the certifying agency notifies the affected provider by indicating the following:

- The individual is eligible for benefits as of the DOS on the last bill.
- A claim for the service(s) on the last bill should be submitted to ForwardHealth. (The claim should indicate the full cost of the service.)
- The portion of the last bill that the individual must pay to the provider.

The certifying agency also informs ForwardHealth of the individual's enrollment and identifies the following:

- The DOS of the final charges counted toward satisfying the spenddown amount.
- The provider number of the provider of the last service.
- The spenddown amount remaining to be satisfied.

When the provider submits the claim, the spenddown amount will automatically be deducted from the provider's reimbursement for the claim. The spenddown amount is indicated in the Member's Share element on the [Medicaid Remaining Deductible Update form](#) sent to providers by the member's certifying agency. The provider's reimbursement is then reduced by the amount of the member's obligation.

# Prior Authorization

*7*

Archive Date:07/01/2010

## Prior Authorization:Decisions

---

### Approved Requests

PA requests are approved for varying periods of time based on the clinical justification submitted. The provider receives a copy of a PA decision notice when a PA request for a service is approved. Providers may then begin providing the approved service on the grant date given.

An approved request means that the requested *service*, not necessarily the code, was approved. For example, a similar procedure code may be substituted for the originally requested procedure code. Providers are encouraged to review approved PA requests to confirm the services authorized and confirm the assigned grant and expiration dates.

### Listing Procedure Codes Approved as a Group on the Decision Notice Letter

In certain circumstances, ForwardHealth will approve a PA request for a group of procedure codes with a total quantity approved for the entire group. When this occurs, the quantity approved for the entire group of codes will be indicated with the first procedure code. All of the other approved procedure codes within the group will indicate a quantity of zero.

Providers may submit claims for any combination of the procedure codes in the group up to the approved quantity.

### Communicating Prior Authorization Decisions

ForwardHealth will make a decision regarding a provider's PA request within 20 working days from the receipt of all the necessary information. After processing the PA request, ForwardHealth will send the provider either a decision notice letter or a returned provider review letter. Providers will receive a decision notice letter for PA requests that were approved, approved with modifications, or denied. Providers will receive a returned provider review letter for PA requests that require corrections or additional information. The decision notice letter or returned provider review letter will clearly indicate what is approved or what correction or additional information ForwardHealth needs to continue adjudicating the PA request.

Providers submitting PA requests via the ForwardHealth Portal will receive a decision notice letter or returned provider review letter via the Portal.

If the provider submitted a PA request via [mail](#) or [fax](#) and the provider has a Portal account, the decision notice letter or returned provider review letter will be sent to the provider via the Portal as well as by mail.

If the provider submitted a paper PA request via mail or fax and does not have a Portal account, the decision notice letter or returned provider review letter will be sent to the address indicated in the provider's file as his or her PA address (or to the physical address if there is no PA address on file), *not* to the address the provider wrote on the PA request.

The decision notice letter or returned provider review letter will not be faxed back to providers who submitted their paper PA request via fax. Providers who submitted their paper PA request via fax will receive the decision notice letter or returned provider letter via mail.

### Correcting Returned Prior Authorization Requests and Request Amendments on the Portal

If a provider received a returned provider review letter or an amendment provider review letter, he or she will be able to correct the errors identified on the returned provider review letter directly on the ForwardHealth Portal. Once the provider has corrected the error(s), the provider can resubmit the PA request or amendment request via the Portal to ForwardHealth for processing.

### Decision Notice Letters and Returned Provider Review Letters on the Portal

Providers can view PA decision notices and provider review letters via the secure area of the ForwardHealth Portal. Prior authorization decision notices and provider review letters can be viewed when the PA is selected on the Portal.

*Note:* The PA decision notice or the provider review letter will not be available until the day after the PA request is processed by ForwardHealth.

### Denied Requests

When a PA request is denied, both the provider and the member are notified. The provider receives a PA decision notice, including the reason for PA denial. The member receives a [Notice of Appeal Rights](#) letter that includes a brief statement of the reason PA was denied and information about his or her right to a fair hearing. Only the *member, or authorized person acting on behalf of the member*, can appeal the denial.

Providers may call [Provider Services](#) for clarification of why a PA request was denied.

Providers are required to discuss a denied PA request with the member and are encouraged to help the member understand the reason the PA request was denied.

Providers have three options when a PA request is denied:

- Not provide the service.
- Submit a *new* PA request. Providers are required to submit a copy of the original denied PA request and additional supporting clinical documentation and medical justification along with a new [PA/RF](#), [PA/DRF](#), or [PA/HIASI](#).
- Provide the service as a noncovered service.

If the member does not appeal the decision to deny the PA request or appeals the decision but the decision is upheld and the member chooses to receive the service anyway, the member may choose to receive the service(s) as a [noncovered service](#).

## Modified Requests

Modification is a change in the services originally requested on a PA request. Modifications could include, but are not limited to, either of the following:

- The authorization of a procedure code different than the one originally requested.
- A change in the frequency or intensity of the service requested.

When a PA request is modified, both the provider and the member are notified. The provider will be sent a decision notice letter. The decision notice letter will clearly indicate what is approved or what correction or additional information is needed to continue adjudicating the PA request. The member receives a [Notice of Appeal Rights](#) letter that includes a brief statement of the reason PA was modified and information on his or her right to a fair hearing. Only the *member, or authorized person acting on behalf of the member*, can appeal the modification.

Providers are required to discuss with the member the reasons a PA request was modified.

Providers have the following options when a PA request is approved with modification:

- Provide the service as authorized.
- Submit a request to amend the modified PA request. Additional supporting clinical documentation and medical justification must be included.
- Not provide the service.
- Provide the service as originally requested as a noncovered service.

If the member does not appeal the decision to modify the PA request or appeals the decision but the decision is upheld and the member chooses to receive the originally requested service anyway, the member may choose to receive the service(s) as a [noncovered service](#).

Providers may call [Provider Services](#) for clarification of why a PA request was modified.

## Returned Provider Review Letter Response Time

### Thirty Days to Respond to the Returned Provider Review Letter

ForwardHealth must receive the provider's response within 30 calendar days of the date on the returned provider review letter, whether the letter was sent to the provider by mail or through the ForwardHealth Portal. If the provider's response is received within 30 calendar days, ForwardHealth still considers the original receipt date on the PA request when authorizing a grant date for the PA.

If ForwardHealth does not receive the provider's response within 30 calendar days of the date the returned provider review letter was sent, the PA status becomes inactive and the provider is required to submit a new PA request. This results in a later grant date if the PA request is approved. Providers will not be notified when their PA request status changes to inactive, but this information will be available on the Portal and through [WiCall](#).

If ForwardHealth receives additional information from the provider after the 30-day deadline has passed, a letter will be sent to the provider stating that the PA request is inactive and the provider is required to submit a new PA request.

## Returned Requests

A PA request may be returned to the provider when forms are incomplete, inaccurate, or additional clinical information or corrections are needed. When this occurs, the provider will be sent a provider review letter.

## **Returned Provider Review Letter**

The returned provider review letter will indicate the PA number assigned to the request and will specify corrections or additional information needed on the PA request. Providers are required to make the corrections or supply the requested information in the space provided on the letter or attach additional information to the letter before mailing the letter to ForwardHealth. Providers can also correct PAs that have been placed in returned provider review status in the ForwardHealth Portal.

The provider's paper documents submitted with the PA request will not be returned to the provider when corrections or additional information are needed; however, X-rays, photographs, and dental molds will be returned once the PA is finalized for dentists, physicians, and DME providers. Therefore, providers are required to make a copy of their PA requests (including attachments and any supplemental information) before mailing the requests to ForwardHealth. The provider is required to have a copy on file for reference purposes if more information is required about the PA request.

*Note:* When changing or correcting the PA request, providers are reminded to revise or update the documentation retained in their records.

## Emergent and Urgent Situations

---

### Emergency Services

In emergency situations, the PA requirement may be waived for services that normally require PA. Emergency services are defined in [DHS 101.03\(52\)](#), Wis. Admin. Code, as "those services which are necessary to prevent the death or serious impairment of the health of the individual."

Reimbursement is not guaranteed for services that normally require PA that are provided in emergency situations. As with all covered services, emergency services must meet all [program requirements](#), including medical necessity, to be reimbursed by Wisconsin Medicaid. For example, reimbursement is contingent on, but not limited to, eligibility of the member, the circumstances of the emergency, and the medical necessity of the services provided.

Wisconsin Medicaid will not reimburse providers for noncovered services provided in any situation, including emergency situations.

### Urgent Services

Telephone consultations with DHCAA staff regarding a prospective PA request can be given only in urgent situations when medically necessary. An urgent, medically necessary situation is one where a delay in authorization would result in undue hardship for the member or unnecessary costs for Medicaid as determined by the DHCAA. All telephone consultations for urgent services should be directed to the DHCAA's Bureau of Program Integrity at (608) 266-2521. Providers should have the following information ready when calling:

- Member's name.
- Member identification number.
- Service(s) needed.
- Reason for the urgency.
- Diagnosis of the member.
- Procedure code of the service(s) requested.

Providers are required to submit a PA request to ForwardHealth within 14 calendar days after the date of the telephone consultation. PA may be denied if the request is received more than two weeks after the consultation. If the PA request is denied in this case, the provider cannot request payment from the member.

## Follow-Up to Decisions

---

### Amendment Decisions

ForwardHealth will make a decision regarding a provider's amendment request within 20 working days from the receipt of all the information necessary. If the provider submitted the amendment request via the ForwardHealth Portal, the decision notice letter or returned amendment provider review letter will be sent to the provider via the Portal.

If the provider submitted an amendment request via mail or fax and the provider has a Portal account, the decision notice letter or returned amendment provider review letter will be sent to the provider via the Portal as well as by mail.

If the provider submitted a paper amendment request via mail or fax and does not have a Portal account, the decision notice letter or returned amendment provider review letter will be sent to the address indicated in the provider's file as his or her PA address (or to the physical address if there is no PA address on file), *not* to the address the provider wrote on the amendment request.

Neither the decision notice letter nor the returned amendment provider review letter will be faxed back to providers who submitted their paper amendment request via fax. Providers who submitted their paper amendment request via fax will receive the decision notice letter or returned amendment provider review letter via mail.

### Amendments

Providers are required to use the [Prior Authorization Amendment Request](#) to amend an approved or modified PA request.

ForwardHealth does not accept a paper amendment request submitted on anything other than the Prior Authorization Amendment Request. The Prior Authorization Amendment Request may be submitted through the ForwardHealth Portal as well as by [mail](#) or [fax](#). If ForwardHealth receives a PA amendment on a previous version of the Prior Authorization Amendment Request form, a letter will be sent to the provider stating that the provider is required to submit a new PA amendment request using the proper forms.

Examples of when providers may request an amendment to an approved or modified PA request include the following:

- To temporarily modify a member's frequency of a service when there is a short-term change in his or her medical condition.
- To change the rendering provider information when the billing provider remains the same.
- To change the ForwardHealth Member Identification Number.
- To add or change a procedure code.

*Note:* ForwardHealth recommends that, under most circumstances, providers should enddate the current PA request and submit a new one if there is a significant, long-term change in services required.

### Appeals

If a PA request is denied or modified by ForwardHealth, only a member, or authorized person acting on behalf of the member, may file an appeal with the DHA. Decisions that may be appealed include the following:

- Denial or modification of a PA request.
- Denial of a retroactive authorization for a service.

The member is required to file an appeal within 45 days of the date of the [Notice of Appeal Rights](#) letter.

To file an appeal, members may complete and submit a [Request for Fair Hearing](#) form.

Though providers cannot file an appeal, they are encouraged to remain in contact with the member during the appeal process. Providers may offer the member information necessary to file an appeal and help present his or her case during a fair hearing.

### Fair Hearing Upholds ForwardHealth's Decision

If the hearing decision upholds the decision to deny or modify a PA request, the DHA notifies the member and ForwardHealth in writing. The member may choose to receive the service (or in the case of a modified PA request, the originally requested service) as a noncovered service, not receive the service at all, or appeal the decision.

## Fair Hearing Overturns ForwardHealth's Decision

If the hearing decision overturns the decision to deny or modify the PA request, the DHA notifies ForwardHealth, the member, and the provider. The letter includes instructions for the provider and for ForwardHealth.

If the DHA letter instructs the provider to submit a claim for the service, the provider should submit the following to ForwardHealth after the service(s) has been performed:

- A paper claim with "HEARING DECISION ATTACHED" written in red ink at the top of the claim.
- A copy of the hearing decision.
- A copy of the denied PA request.

Providers are required to submit claims with hearing decisions to the following address:

ForwardHealth  
Specialized Research  
Ste 50  
6406 Bridge Rd  
Madison WI 53784-0050

Claims with hearing decisions sent to any other address may not be processed appropriately.

If the DHA letter instructs the provider to submit a new PA request, the provider is required to submit the *new* PA request along with a copy of the hearing decision to the PA Unit at the following address:

ForwardHealth  
Prior Authorization  
Ste 88  
6406 Bridge Rd  
Madison WI 53784-0088

ForwardHealth will then approve the PA request with the revised process date. The provider may then submit a claim following the usual claims submission procedures after providing the service(s).

## Financial Responsibility

If the member asks to receive the service *before* the hearing decision is made, the provider is required to notify the member before rendering the service that the member will be responsible for payment if the decision to deny or modify the PA request is upheld.

If the member accepts responsibility for payment of the service before the hearing decision is made, and if the appeal decision *upholds* the decision to deny or modify the PA request, the provider [may collect payment from the member](#) if certain conditions are met.

If the member accepts responsibility for payment of the service before the hearing decision is made, and if the appeal decision *overturns* the decision to deny or modify a PA request, the provider may submit a claim to ForwardHealth. If the provider collects payment from the member for the service before the appeal decision is overturned, the provider is required to refund the member for the *entire* amount of payment received from the member after the provider receives Medicaid's reimbursement.

Wisconsin Medicaid does not directly reimburse member.

## Enddating

Providers are required to use the [Prior Authorization Amendment Request](#) to enddate most PA requests. ForwardHealth does not accept requests to enddate a PA request for any service, except drugs, on anything other than the Prior Authorization Amendment Request. PA for drugs may be enddated by using STAT-PA in addition to submitting a Prior Authorization Amendment Request.

Providers may submit a Prior Authorization Amendment Request on the ForwardHealth Portal, or by fax or mail.

If a request to enddate a PA is not submitted on the Prior Authorization Amendment Request, a letter will be sent to the provider stating that the provider is required to submit the request using the proper forms.

Examples of when a PA request should be enddated include the following:

- A member chooses to discontinue receiving prior authorized services.
- A provider chooses to discontinue delivering prior authorized services.

Examples of when a PA request should be ended and a new PA request should be submitted include the following:

- There is an interruption in a member's continual care services.
- There is a change in the member's condition that warrants a long-term change in services required.
- The service(s) is no longer medically necessary.

## Returned Amendment Provider Review Letter

If the amendment request needs correction or additional information, a returned amendment provider review letter will be sent. The letter will show how the PA appears currently in the system and providers are required to respond by correcting errors identified on the letter. Providers are required to make the corrections or supply the requested information in the space provided on the letter or attach additional information to the letter before mailing the letter to ForwardHealth. Providers can also correct an amendment request that has been placed in returned provider review status in the ForwardHealth Portal.

ForwardHealth must receive the provider's response within 30 calendar days of the date the returned amendment provider review letter was sent. After 30 days the amendment request status becomes inactive and the provider is required to submit a new amendment request. The ForwardHealth interChange system will continue to use the original approved PA request for processing claims.

The provider's paper documents submitted with the amendment request will not be returned to the provider when corrections or additional information are needed; however, X-rays, photographs, and dental models will be returned once the amendment request is finalized for dentists, physicians, and DME providers. Therefore, providers are required to make a copy of their amendment requests (including attachments and any supplemental information) before mailing the requests to ForwardHealth. The provider is required to have a copy on file for reference purposes if ForwardHealth requires more information about the amendment request.

*Note:* When changing or correcting the amendment request, providers are reminded to revise or update the documentation retained in their records.

## Searching for Previously Submitted Prior Authorization Requests on the Portal

Providers will be able to search for all previously submitted PA requests, regardless of how the PA was initially submitted. If the provider knows the PA number, he or she can enter the number to retrieve the PA information. If the provider does not know the PA number, he or she can search for a PA by entering information in one or more of the following fields:

- Member identification number.
- Requested start date.
- Prior authorization status.
- Amendment status.

If the provider does not search by any of the information above, providers will retrieve all their PA requests submitted to ForwardHealth.

## Forms and Attachments

---

### An Overview

Depending on the service being requested, most PA requests must be comprised of the following:

- The [PA/RF](#), [PA/DRF](#), or [PA/HIASI](#).
- A service-specific PA attachment(s).
- Additional supporting clinical documentation.

### Attachments

In addition to the [PA/RF](#), [PA/HIASI](#), or [PA/DRF](#), a service-specific PA attachment must be submitted with each PA request. The PA attachment allows a provider to document the clinical information used to determine whether or not the standards of medical necessity are met for the requested service(s). Providers should include adequate information for ForwardHealth to make a reasonable judgment about the case.

ForwardHealth will scan each form with a barcode as it is received, which will allow greater efficiencies for processing PA requests.

### Obtaining Forms and Attachments

Providers may obtain paper versions of all PA forms and attachments. In addition, providers may download and complete most PA attachments from the ForwardHealth Portal.

#### Paper Forms

Paper versions of all PA forms and PA attachments are available by writing to ForwardHealth. Include a return address, the name of the form, the form number (if applicable), and mail the request to the following address:

ForwardHealth  
Form Reorder  
6406 Bridge Rd  
Madison WI 53784-0003

Providers may also call [Provider Services](#) to order paper copies of forms.

#### Downloadable Forms

Most PA attachments can be downloaded and printed in their original format from the Portal. Many forms are available in fillable PDF and fillable Microsoft® Word formats.

#### Web Prior Authorization Via the Portal

Certain providers may complete the [PA/RF](#) and PA attachments through the Portal. Providers may then print the PA/RF (and in some cases the PA attachment), and send the PA/RF, service-specific PA attachments, and any supporting documentation on paper by mail or fax to ForwardHealth.

### Prior Authorization Request Form

The [PA/RF](#) is used by ForwardHealth and is mandatory for most providers when requesting PA. The PA/RF serves as the cover page of a PA request.

Providers are required to complete the basic provider, member, and service information on the PA/RF. Each PA request is assigned a unique ten-digit number. ForwardHealth remittance information will report to the provider the PA number used to process claim for prior authorized services.

### Prior Authorization Request Form Completion Instructions for Environmental Lead Inspections

A [sample PA/RF](#) for an environmental lead inspection is available.

ForwardHealth requires certain information to enable the programs to authorize and pay for medical services provided to eligible members.

Members of ForwardHealth are required to give providers full, correct, and truthful information for the submission of correct and complete claims for reimbursement. This information should include, but is not limited to, information concerning enrollment status, accurate name, address, and member identification number ([DHS 104.02\[4\]](#), Wis. Admin. Code).

Under s. [49.45\(4\)](#), Wis. Stats., personally identifiable information about program applicants and members is confidential and is used for purposes directly related to ForwardHealth administration such as determining eligibility of the applicant, processing PA requests, or processing provider claims for reimbursement. The use of the [PA/RF](#) is mandatory to receive PA for certain items. Failure to supply the information requested by the form may result in denial of PA or payment for the service.

Providers should make duplicate copies of all paper documents mailed to ForwardHealth. Providers may submit PA requests, along with the [PA/ELI](#) form, by fax to ForwardHealth at (608) 221-8616 or by mail to the following address:

ForwardHealth  
Prior Authorization  
Ste 88  
6406 Bridge Rd  
Madison WI 53784-0088

The provision of services that are greater than or significantly different from those authorized may result in nonpayment of the billing claim(s).

## SECTION I — PROVIDER INFORMATION

### Element 1 — HealthCheck "Other Services" and Wisconsin Chronic Disease Program

Enter an "X" in the box next to HealthCheck "Other Services" if the services requested on the PA/RF, are for HealthCheck "Other Services." Enter an "X" in the box next to WCDP if the services requested on the PA/RF are for a WCDP member.

### Element 2 — Process Type

Enter process type 999 (Other). The process type is a three-digit code used to identify a category of service requested.

### Element 3 — Telephone Number — Billing Provider

Enter the telephone number, including the area code, of the office, clinic, facility, or place of business of the billing provider.

### Element 4 — Name and Address — Billing Provider

Enter the name and complete address (street, city, state, and ZIP+4 code) of the billing provider. Providers are required to include both the ZIP code and the four-digit extension for timely and accurate billing. The name listed in this element must correspond with the billing provider number listed in Element 5a.

### Element 5a — Billing Provider Number

Enter the NPI of the billing provider. The NPI in this element must correspond with the provider name listed in Element 4.

### Element 5b — Billing Provider Taxonomy Code

Enter the national 10-digit alphanumeric taxonomy code that corresponds to the NPI of the billing provider in Element 5a.

## SECTION II — MEMBER INFORMATION

### Element 6 — Member Identification Number

Enter the member ID. Do not enter any other numbers or letters. Use the ForwardHealth identification card or Wisconsin's EVS to obtain the correct number.

### Element 7 — Date of Birth — Member

Enter the member's date of birth in MM/DD/CCYY format.

### Element 8 — Address — Member

Enter the complete address of the member's place of residence, including the street, city, state, and ZIP code. If the member is a resident of a nursing home or other facility, include the name of the nursing home or facility.

### Element 9 — Name — Member

Enter the member's last name, followed by his or her first name and middle initial. Use the EVS to obtain the correct spelling of the member's name. If the name or spelling of the name on the ForwardHealth card and the EVS do not match, use the spelling from the EVS.

### Element 10 — Gender — Member

Enter an "X" in the appropriate box to specify male or female.

**SECTION III — DIAGNOSIS / TREATMENT INFORMATION****Element 11 — Diagnosis — Primary Code and Description**

Enter the appropriate ICD-9-CM diagnosis code and description most relevant to the service/procedure requested.

**Element 12 — Start Date — SOI (not required)****Element 13 — First Date of Treatment — SOI (not required)****Element 14 — Diagnosis — Secondary Code and Description**

Enter the appropriate secondary ICD-9-CM diagnosis code and description relevant to the service/procedure requested, if applicable.

**Element 15 — Requested PA Start Date**

Enter the requested start date for service(s) in MM/DD/CCYY format, if a specific start date is requested.

**Element 16 — Rendering Provider Number (not required)****Element 17 — Rendering Provider Taxonomy Code (not required)****Element 18 — Procedure Code**

Enter the appropriate procedure code for each service/procedure/item requested.

**Element 19 — Modifiers**

Enter the modifier(s) corresponding to the service code listed if a modifier is required.

**Element 20 — POS**

Enter POS code "12." The only allowable POS is the child's home.

**Element 21 — Description of Service**

Enter a written description corresponding to the appropriate procedure code for each service/procedure/item requested.

**Element 22 — QR**

Enter the appropriate quantity (e.g., number of services, days' supply) requested for the procedure code listed.

**Element 23 — Charge**

Enter the provider's usual and customary charge for each service/procedure/item requested. If the quantity is greater than "1.0," multiply the quantity by the charge for each service/procedure/item requested. Enter that total amount in this element.

*Note:* The charges indicated on the request form should reflect the provider's usual and customary charge for the procedure requested. Providers are reimbursed for authorized services according to provider *Terms of Reimbursement* issued by the DHS.

**Element 24 Total Charges**

Enter the anticipated total charges for this request.

**Element 25 — Signature — Requesting Provider**

The original signature of the provider requesting/performing/dispensing this service/procedure/item must appear in this element.

**Element 26 — Date Signed**

Enter the month, day, and year the PA/RF was signed (in MM/DD/CCYY format).

## Prior Authorization/Environmental Lead Inspection Worksheet

Providers should send a completed [PA/RF](#) and a completed [PA/ELI](#) to ForwardHealth or submit a STAT-PA request for environmental lead inspections.

## Supporting Clinical Documentation

Certain PA requests may require additional supporting clinical documentation to justify the medical necessity for a service(s). Supporting documentation may include, but is not limited to, X-rays, photographs, a physician's prescription, clinical reports, and other materials related to the member's condition.

All supporting documentation submitted with a PA request must be clearly labeled and identified with the member's name and member identification number. Securely packaged X-rays and photographs will be returned to providers with the finalized PA request. X-rays and photographs must be mailed with the PA request. Mailing dental models with PA requests is recommended.

## General Information

### An Overview

The PA review process continues to include both a clerical review and a clinical review. The PA request will have one of the statuses detailed in the following table.

Prior Authorization Status	Description
Approved	The PA request was approved.
Approved with Modifications	The PA request was approved with modifications to what was requested.
Denied	The PA request was denied.
Returned — Provider Review	The PA request was returned to the provider for correction or for additional information.
Pending — Fiscal Agent Review	The PA request is being reviewed by the Fiscal Agent.
Pending — Dental Follow-up	The PA request is being reviewed by a Fiscal Agent dental specialist.
Pending — State Review	The PA request is being reviewed by the State.
Suspend — Provider Sending Information	The PA request was submitted via the ForwardHealth Portal and the provider indicated they will be sending additional supporting information on paper.
Inactive	The PA request is inactive due to no response within 30 days to the returned provider review letter and cannot be used for PA or claims processing.

### Communication with Members

ForwardHealth recommends that providers inform members that PA is required for certain specified services *before* delivery of the services. Providers should also explain that, if required to obtain PA, they will be submitting member records and information to ForwardHealth on the member's behalf. Providers are required to keep members informed of the PA request status throughout the *entire* PA process.

#### Member Questions

A member may call [Member Services](#) to find out whether or not a PA request has been submitted and, if so, when it was received by ForwardHealth. The member will be advised to contact the provider if more information is needed about the status of an individual PA request.

### Definition

PA is the electronic or written authorization issued by ForwardHealth to a provider prior to the provision of a service. In most cases, providers are required to obtain PA *before* providing services that require PA. When granted, a PA request is approved for a specific period of time and specifies the type and quantity of service allowed.

### Designating an Address for Prior Authorization Correspondence

Correspondence related to PA will be sent to the practice location address on file with ForwardHealth unless the provider designates a separate address for receipt of PA correspondence. This policy applies to all PA correspondence, including decision notice letters, returned provider review letters, returned amendment provider letters, and returned supplemental documentation such as X-rays and photographs.

Providers who want to designate a separate address for PA correspondence have the following options:

- Update demographic information online via the ForwardHealth Portal. (This option is only available to providers who have established a provider account on the Portal.)
- Submit a [Provider Change of Address or Status](#) form.

### Prior Authorization Numbers

Upon receipt of the [PA/RE](#), ForwardHealth will assign a PA number to each PA request.

The PA number consists of 10 digits, containing valuable information about the PA (e.g., the date the PA request was received by ForwardHealth, the medium used to submit the PA request).

Each PA request is assigned a unique PA number. This number identifies valuable information about the PA. The following diagram and table provides detailed information about interpreting the PA number.

Type of Number and Description	Applicable Numbers and Description
<b>Media</b> — One digit indicates media type.	Digits are identified as follows: 1= paper; 2 = fax; 3 = STAT-PA; 4 = STAT-PA; 5 = Portal; 6 = Portal; 7 = NCPDP transaction
<b>Year</b> — Two digits indicate the year ForwardHealth received the PA request.	For example, the year 2008 would appear as 08.
<b>Julian date</b> — Three digits indicate the day of the year, by Julian date, that ForwardHealth received the PA request.	For example, February 3 would appear as 034.
<b>Sequence number</b> — Four digits indicate the sequence number.	The sequence number is used internally by ForwardHealth.

## Reasons for Prior Authorization

Only about four percent of all services covered by Wisconsin Medicaid require PA. PA requirements vary for different types of services. Refer to ForwardHealth publications and [DHS 107](#), Wis. Admin. Code, for information regarding services that require PA. According to [DHS 107.02\(3\)\(b\)](#), Wis. Admin. Code, PA is designed to do the following:

- Safeguard against unnecessary or inappropriate care and services.
- Safeguard against excess payments.
- Assess the quality and timeliness of services.
- Promote the most effective and appropriate use of available services and facilities.
- Determine if less expensive alternative care, services, or supplies are permissible.
- Curtail misutilization practices of providers and members.

PA requests are processed based on criteria established by the DHS.

Providers should not request PA for services that do not require PA simply to determine coverage or establish a reimbursement rate for a manually priced procedure code. Also, new technologies or procedures do not necessarily require PA. PA requests for services that do not require PA are typically returned to the provider. Providers having difficulties determining whether or not a service requires PA may call [Provider Services](#).

## Referrals to Out-of-State Providers

PA may be granted to non-certified out-of-state providers when nonemergency services are necessary to help a member attain or regain his or her health and ability to function independently. The PA request may be approved only when the services are not reasonably accessible to the member in Wisconsin.

Out-of-state providers are required to meet Wisconsin Medicaid's guidelines for PA approval. This includes sending PA requests, required attachments, and supporting documentation to ForwardHealth before the services are provided.

*Note:* Emergency services provided out-of-state do not require PA; however, claims for such services must include appropriate documentation (e.g., anesthesia report, medical record) to be considered for reimbursement. Providers are required to submit claims with supporting documentation on paper.

When a Wisconsin Medicaid provider refers a member to an out-of-state, non-certified provider, the referring provider should refer the out-of-state provider to the ForwardHealth Portal or [Provider Services](#) to obtain appropriate certification materials, PA forms, and claim instructions.

All out-of-state nursing homes, regardless of location, are required to obtain PA for all services. All other out-of-state non-border-status providers are required to obtain PA for all nonemergency services except for home dialysis supplies and equipment.

## Reimbursement Not Guaranteed

Wisconsin Medicaid may decline to reimburse a provider for a service that has been prior authorized if one or more of the following program requirements is not met:

- The service authorized on the approved PA request is the service provided.
- The service is provided within the grant and expiration dates on the approved PA request.
- The member is eligible for the service on the date the service is provided.
- The provider is certified by Wisconsin Medicaid on the date the service is provided.

- The service is billed according to service-specific claim instructions.
- The provider failed to meet other program requirements.

Providers may not [collect payment](#) from a member for a service requiring PA under any of the following circumstances:

- The provider failed to seek PA before the service was provided.
- The service was provided before the PA grant date or after the PA expiration date.
- The provider obtained PA but failed to meet other program requirements.
- The service was provided before a decision was made, the member did not accept responsibility for the payment of the service before the service was provided, and the PA was denied.

There are [certain situations](#) when a provider may collect payment for services in which PA was denied.

## Other Health Insurance Sources

Providers are encouraged, but not required, to request PA from ForwardHealth for covered services that require PA when members have other health insurance coverage. This is to allow payment by Wisconsin Medicaid for the services provided in the event that the other health insurance source denies or recoups payment for the service. If a service is provided before PA is obtained, ForwardHealth will not consider backdating a PA request solely to enable the provider to be reimbursed.

## Sources of Information

Providers should verify that they have the most current sources of information regarding PA. It is critical that providers and staff have access to these documents:

- Wisconsin Administrative Code: Chapters [DHS 101 through DHS 109](#) are the rules regarding Medicaid administration.
- Wisconsin Statutes: Sections [49.43 through 49.99](#) provide the legal framework for Wisconsin Medicaid.
- ForwardHealth Portal: The Portal gives the latest policy information for all providers, including information about Medicaid managed care enrollees.

## Status Inquiries

Providers may inquire about the status of a PA request through one of the following methods:

- Accessing [WiCall](#), ForwardHealth's AVR system.
- Calling [Provider Services](#).

Providers should have the 10-digit PA number available when making inquiries.

## Grant and Expiration Dates

---

### Backdating

Backdating an initial PA request or SOI to a date prior to ForwardHealth's initial receipt of the request may be allowed in limited circumstances.

A request for backdating may be approved if all of the following conditions are met:

- The provider specifically requests backdating in writing on the PA or SOI request.
- The request includes clinical justification for beginning the service before PA or SOI was granted.
- The request is received by ForwardHealth within 14 calendar days of the start of the provision of services.

### Expiration Date

The expiration (end) date of an approved or modified PA request is the date through which services are prior authorized. PA requests are granted for varying periods of time. Expiration dates may vary and do not automatically expire at the end of the month or calendar year. In addition, providers may request a specific expiration date. Providers should carefully review all approved and modified PA requests and make note of the expiration dates.

### Grant Date

The grant (start) date of an approved or modified PA request is the first date in which services are prior authorized and will be reimbursed under this PA number. On a PA request, providers may request a specific date that they intend services to begin. If no grant date is requested or the grant date is illegible, the grant date will typically be the date the PA request was reviewed by ForwardHealth.

### Renewal Requests

To prevent a lapse in coverage or reimbursement for ongoing services, all renewal PA requests (i.e., subsequent PA requests for ongoing services) must be received by ForwardHealth *prior to the expiration date* of the previous PA request. Each provider is solely responsible for the timely submission of PA request renewals. Renewal requests will not be backdated for continuation of ongoing services.

## Member Eligibility Changes

---

### Loss of Enrollment During Treatment

Some covered services consist of sequential treatment steps, meaning more than one office visit or service is required to complete treatment.

In most cases, if a member loses enrollment midway through treatment, or at any time between the grant and end dates, Wisconsin Medicaid will *not* reimburse services (including prior authorized services) provided during an enrollment lapse. Providers should not assume Wisconsin Medicaid covers completion of services after the member's enrollment has been terminated.

To avoid potential reimbursement problems when a member loses enrollment during treatment, providers should follow these procedures:

- Ask to see the member's ForwardHealth identification card to verify the member's enrollment or consult Wisconsin's EVS before the services are provided at each visit.
- When the PA request is approved, verify that the member is still enrolled and eligible to receive the service before providing it. An approved PA request does not guarantee payment and is subject to the enrollment of the member.

Members are financially responsible for any services received after their enrollment has ended. If the member wishes to continue treatment, it is a decision between the provider and the member whether the service should be given and how payment will be made for the service.

To avoid misunderstandings, providers should remind members that they are financially responsible for any continued care after their enrollment ends.

### Retroactive Disenrollment from State-Contracted MCOs

Occasionally, a service requiring fee-for-service PA is performed during a member's enrollment period in a state-contracted MCO. After the service is provided, and it is determined that the member should be retroactively disenrolled from the MCO, the member's enrollment is changed to fee-for-service for the DOS. The member is continuously eligible for BadgerCare Plus or Wisconsin Medicaid but has moved from MCO enrollment to fee-for-service status.

In this situation, the state-contracted MCO would deny the claim because the member was not enrolled on the DOS. Fee-for-service would also deny the claim because PA was not obtained.

Providers may take the following steps to obtain reimbursement in this situation:

- For a service requiring PA for fee-for-service members, the provider is required to submit a retroactive PA request. For a PA request submitted on paper, indicate "RETROACTIVE FEE-FOR-SERVICE" along with a written description of the service requested/provided under "Description of Service." Also indicate the actual date(s) the service(s) was provided. For a PA request submitted via the ForwardHealth Portal, indicate "RETROACTIVE FEE-FOR-SERVICE" along with a description of the service requested/provided under the "Service Code Description" field or include additional supporting documentation. Also indicate the actual date(s) the service(s) was provided.
- If the PA request is approved, the provider is required to follow fee-for-service policies and procedures for claims submission.
- If the PA request is denied, Wisconsin Medicaid will not reimburse the provider for the services. A PA request would be denied for reasons such as lack of medical necessity. A PA request would not be denied due to the retroactive fee-for-service status of the member.

### Retroactive Enrollment

If a service(s) that requires PA was performed during a member's [retroactive enrollment](#) period, the provider is required to submit a PA request and receive approval from ForwardHealth *before* submitting a claim. For a PA request submitted on paper, indicate the words "RETROACTIVE ENROLLMENT" at the top of the PA request along with a written description explaining that the service was provided at a time when the member was retroactively enrolled under "Description of Service." Also include the actual date(s) the service(s) was provided. For a PA request submitted via the ForwardHealth Portal, indicate the words "RETROACTIVE ENROLLMENT" along with a description explaining that the service was provided at a time when the member was retroactively eligible under the "Service Code Description" field or include additional supporting documentation. Also include the actual date(s) the service(s) was provided.

If the member was retroactively enrolled, and the PA request is approved, the service(s) may be reimbursable, and the earliest effective date of the PA request will be the date the member receives retroactive enrollment. If the PA request is denied, the provider will not be reimbursed for the service(s). Members have the right to appeal the decision to deny a PA request.

If a member requests a service that requires PA before his or her retroactive enrollment is determined, the provider should explain to the member that he or she may be liable for the full cost of the service if retroactive enrollment is not granted and the PA request is not approved. This should be documented in the member's record.

## Review Process

---

### Clerical Review

The first step of the PA request review process is the clerical review. The provider, member, diagnosis, and treatment information indicated on the [PA/RF](#), [PA/HIAS1](#), and [PA/DRF](#) forms is reviewed during the clerical review of the PA request review process. The following are examples of information verified during the clerical review:

- Billing and/or rendering provider number is correct and corresponds with the provider's name.
- Provider's name is spelled correctly.
- Provider is Medicaid certified.
- Procedure codes with appropriate modifiers, if required, are covered services.
- Member's name is spelled correctly.
- Member's identification number is correct and corresponds with the member's name.
- Member enrollment is verified.
- All required elements are complete.
- Forms, attachments, and additional supporting clinical documentation are signed and dated.
- A current physician's prescription for the service is attached, if required.

Clerical errors and omissions are responsible for the majority of PA requests that are returned to providers for correction or additional information. Since having to return a PA request for corrections or additional information can delay approval and delivery of services to a member, providers should ensure that all clerical information is correctly and completely entered on the PA/RF, PA/DRF, or PA/HIAS1.

If clerical errors are identified, the PA request is returned to the provider for corrections before undergoing a clinical review. One way to reduce the number of clerical errors is to complete and submit PA/RFs through Web PA.

### Clinical Review

Upon verifying the completeness and accuracy of clerical items, the PA request is reviewed to evaluate whether or not each service being requested meets Wisconsin Medicaid's definition of "medically necessary" as well as other criteria.

The PA attachment allows a provider to document the clinical information used to determine whether the standards of medical necessity are met for the requested service. Wisconsin Medicaid considers certain factors when determining whether to approve or deny a PA request pursuant to [DHS 107.02\(3\)\(e\)](#), Wis. Admin. Code.

It is crucial that a provider include adequate information on the PA attachment so that the ForwardHealth consultant performing the clinical review can determine that the service(s) being requested meets all the elements of Wisconsin Medicaid's definition of "medically necessary", including elements that are not strictly medical in nature. Documentation must provide the justification for the service requested specific to the member's current condition and needs. Pursuant to [DHS 101.03\(96m\)](#), Wis. Admin. Code, "medically necessary" is a service under ch. HFS 107 that meets certain criteria.

### Determination of Medical Necessity

The definition of "medically necessary" is a legal definition identifying the standards that must be met for approval of the service. The definition imposes parameters and restrictions that are both medical and nonmedical.

The determination of medical necessity is based on the documentation submitted by the provider. For this reason, it is essential that documentation is submitted completely and accurately and that it provides the justification for the service requested, specific to the member's current condition and needs. To be approved, a PA request must meet all of the standards of medical necessity including those that are not strictly medical in nature.

To determine if a requested service is medically necessary, ForwardHealth consultants obtain direction and/or guidance from multiple resources including:

- Federal and state statutes.
- Wisconsin Administrative Code.
- PA guidelines set forth by the DHS.
- Standards of practice.
- Professional knowledge.
- Scientific literature.

## Services Requiring Prior Authorization

---

### Environmental Assessments for Lead Poisoning

To receive [PA/RF](#) and a completed [PA/ELI](#) to ForwardHealth or submit a STAT-PA request. Environmental lead inspection is reimbursable on a fee-for-service basis for all BadgerCare Plus and Medicaid members, including members in MCOs.

A PA request may be approved for lead inspection of a child's home for the source of lead poisoning with the following services:

- One initial inspection using procedure code T1029 — Comprehensive environmental lead investigation, not including laboratory analysis, per dwelling.
- One follow-up inspection using procedure code T1029 *and* modifier "TS" (follow-up service).
- One interperiodic visit by a nurse for education related to lead poisoning using procedure code T1002 (Registered nurse services, up to 1 hour [four 15 minute increments]).

### Services Resulting from a HealthCheck Referral

HealthCheck screenings do not require PA. However, services which result from a HealthCheck referral may require PA and, if so, are subject to all applicable PA requirements.

## Situations Requiring New Requests

---

### Change in Billing Providers

Providers are required to submit a new PA request when there is a change in billing providers. A new PA request must be submitted with the new billing provider's name and billing provider number. The expiration date of the PA request will remain the same as the original PA request.

Typically, as no more than one PA request is allowed for the same member, the same service(s), and the same dates, the new billing provider is required to send the following to ForwardHealth's PA Unit:

- A copy of the existing PA request, if possible.
- A new PA request, including the required attachments and supporting documentation indicating the new billing provider's name and address and billing provider number.
- A letter requesting the enddating of the existing PA request (may be a photocopy) attached to each PA request with the following information:
  - The previous billing provider's name and billing provider number, if known.
  - The new billing provider's name and billing provider number.
  - The reason for the change of billing provider. (The provider may want to confer with the member to verify that the services by the previous provider have ended. The new billing provider may include this verification in the letter.)
  - The requested effective date of the change.

### Changes to Member Enrollment Status

Changes to a member's enrollment status may affect PA determinations. In the following cases, providers are required to obtain valid, approved PA for those services that require PA:

- A member enrolled in the BadgerCare Plus Standard Plan has a change in income level and becomes eligible for the BadgerCare Plus Benchmark Plan. The member's enrollment status changes to Benchmark Plan.
- A member enrolled in the Benchmark Plan has a change in income level or medical condition and becomes eligible for the Standard Plan or Medicaid. The member's enrollment status changes to Standard Plan or Medicaid accordingly.

Some changes in a member's enrollment status do not affect PA determinations. In the following cases, providers are not required to obtain separate PA because PA will continue to be valid:

- A member enrolled in the Standard Plan becomes eligible for Medicaid coverage. PA granted under the Standard Plan will be valid for Medicaid.
- A member switches from the Standard Plan to the Benchmark Plan and there is already a valid PA on file for the member under the Benchmark Plan.
- A member switches from the Benchmark Plan to the Standard Plan or Medicaid and there is already a valid PA on file for the member under the Standard Plan or Medicaid.

Providers are encouraged to [verify enrollment](#) before every office visit or service rendered. Verifying enrollment will help providers identify changes in member enrollment status and take appropriate actions to obtain PA for services when necessary.

The first time a member switches plans, the provider is required to submit a new PA request, including all required PA forms and attachments. If a member switches back into either of the plans and there is a valid, approved PA on file under that plan, the provider does not need to submit a new PA request.

Providers who have a provider account on the ForwardHealth Portal may use the Portal to check if a valid PA is on file for the service.

### Calculating Limits for Services Requiring Prior Authorization

Any limits that pertain to services requiring PA will accumulate separately under each plan.

### Examples

Examples of when a new PA request must be submitted include the following:

- A provider's billing provider changes.
- A member requests a provider change that results in a change in billing providers.
- A member's enrollment status changes and there is not a valid PA on file for the member's current plan (i.e., BadgerCare Plus Standard Plan, BadgerCare Plus Benchmark Plan, Medicaid).

If the *rendering* provider indicated on the PA request changes but the *billing* provider remains the same, the PA request remains valid and a new PA request does *not* need to be submitted.

## Services Not Performed Before Expiration Date

Generally, a new PA request with a new requested start date must be submitted to ForwardHealth if the amount or quantity of prior authorized services is not used by the expiration date of the PA request and the service is still medically necessary.

## Submission Options

---

### Fax

Faxing of all PA requests to ForwardHealth may eliminate one to three days of mail time. The following are recommendations to avoid delays when faxing PA requests:

- Follow the PA fax procedures.
- Providers should *not* fax the same PA request more than once.
- Providers should *not* fax *and* mail the same PA request. This causes delays in processing.

PA requests containing X-rays, dental molds, or photos as documentation must be mailed; they may not be faxed.

To help safeguard the confidentiality of member health care records, providers should include a fax transmittal form containing a confidentiality statement as a cover sheet to all faxed PA requests. The [Prior Authorization Fax Cover Sheet](#) includes a confidentiality statement and may be photocopied.

Providers are encouraged to retain copies of all PA requests and supporting documentation before submitting them to ForwardHealth.

### Prior Authorization Fax Procedures

Providers may fax PA requests to ForwardHealth at (608) 221-8616. PA requests sent to any fax number other than (608) 221-8616 may result in processing delays.

When faxing PA requests to ForwardHealth, providers should follow the guidelines/procedures listed below.

#### Fax Transmittal Cover Sheet

The completed fax transmittal cover sheet must include the following:

- Date of the fax transmission.
- Number of pages, including the cover sheet. The ForwardHealth fax clerk will contact the provider by fax or telephone if all the pages do not transmit.
- Provider contact person and telephone number. The ForwardHealth fax clerk may contact the provider with any questions about the fax transmission.
- Provider number.
- Fax telephone number to which ForwardHealth may send its adjudication decision.
- To: "ForwardHealth Prior Authorization."
- ForwardHealth's fax number ((608) 221-8616). PA requests sent to any other fax number may result in processing delays.
- ForwardHealth's telephone numbers. For specific PA questions, providers should call [Provider Services](#). For faxing questions, providers should call (608) 221-4746, extension 80118.

#### Incomplete Fax Transmissions

If the pages listed on the initial cover sheet do not all transmit (i.e., pages stuck together, the fax machine has jammed, or some other error has stopped the fax transmission), or if the PA request is missing information, providers will receive the following by fax from the ForwardHealth fax clerk:

- A cover sheet explaining why the PA request is being returned.
- Part or all of the original incomplete fax that ForwardHealth received.

If a PA request is returned to the provider due to faxing problems, providers should do the following:

- Attach a completed cover sheet with the number of pages of the fax.
- Resend the entire original fax transmission and the additional information requested by the fax clerk to (608) 221-8616.

#### General Guidelines

When faxing information to ForwardHealth, providers should not reduce the size of the [PA/RF](#) or the [PA/HIAS1](#) to fit on the bottom half of the cover page. This makes the PA request difficult to read and leaves no space for consultants to write a response if needed or to sign the request.

If a photocopy of the original PA request and attachments is faxed, the provider should make sure these copies are clear and legible. If the information is not clear, it will be returned to the provider.

If the provider does not indicate his or her fax number, ForwardHealth will mail the decision back to the provider.

ForwardHealth will attempt to fax a response to the PA request to a provider three times. If unsuccessful, the PA request will be mailed to the provider.

If providers are not sure if an entire fax was sent, they should call ForwardHealth's fax clerk at (608) 221-4746, extension 80118, to inquire about the status of the fax.

## Prior Authorization Request Deadlines

Faxing a PA request eliminates one to three days of mail time. However, the adjudication time of the PA request has not changed. All actions regarding PA requests are made within the [predetermined time frames](#).

Faxed PA requests received after 1:00 p.m. will be considered as received the following business day. Faxed PA requests received on a Saturday, Sunday, or holiday will be processed on the next business day.

## Avoid Duplicating Prior Authorization Requests

After faxing a PA request, providers should not send the original paperwork, such as the carbon PA/RF, by mail. Mailing the original paperwork after faxing the PA request will create duplicate PA requests in the system and may result in a delay of several days to process the faxed PA request.

Refaxing a PA request before the previous PA request has been returned will also create duplicate PA requests and may result in delays.

## Response Back from ForwardHealth

Once ForwardHealth reviews a PA request, ForwardHealth will fax one of three responses back to the provider:

- "Your approved, modified, or denied PA request(s) is attached."
- "Your PA request(s) requires additional information (see attached). Resubmit the entire PA request, including the attachments, with the requested additional information."
- "Your PA request(s) has missing pages and/or is illegible (see attached). Resubmit the entire PA request, including the attachments."

## Resubmitting Prior Authorization Requests

When resubmitting a faxed PA request, providers are required to resubmit the faxed copy of the PA request, including attachments. This will allow the provider to obtain the earliest possible grant date for the PA request (apart from backdating for retroactive enrollment). If any attachments or additional information that was requested is received without the rest of the PA request, the information will be returned to the provider.

## ForwardHealth Portal Prior Authorization

Providers can use the following PA features on the ForwardHealth Portal to do the following:

- Submit PA requests and amendments for all services that require PA.
- [Receive](#) decision notice letters and returned provider review letters.
- [Correct](#) returned PA requests and PA amendment requests.
- [Search and view](#) previously submitted PA requests.
- Print a PA cover sheet.

## Submitting Prior Authorization Requests and Amendment Requests

Providers can submit PA requests for all services that require PA to ForwardHealth via the secure Provider area of the Portal. To save time, providers can copy and paste information from plans of care and other medical documentation into the appropriate fields on the PA request. Except for those providers exempt from NPI requirements, NPI and related data are required on PAs submitted via the Portal.

When completing PA attachments on the Portal, providers can take advantage of an Additional Information field at the end of the PA attachment that holds up to five pages of text that may be needed.

Providers may also submit amendment requests via the Portal for PAs with a status of "Approved" or "Approved with Modifications."

## PA Attachments on the Portal

Almost all PA request attachments can be completed and submitted on the Portal. When providers are completing PA requests, the Portal presents the necessary attachments needed for that PA request. For example, if a physician is completing a PA request for physician-administered drugs, the Portal will

prompt a [PA/JCA](#), and display the form for the provider to complete.

All PA request attachment forms are available on the Portal to download and print to submit by fax or mail.

Providers may also choose to submit their PA request on the Portal and mail or fax the PA attachment(s) and/or additional supporting documentation to ForwardHealth. If the PA attachment(s) are mailed or faxed, a system-generated [Portal PA Cover Sheet](#), must be printed and sent with the attachment to ForwardHealth for processing. Providers must list the attachments on the Portal PA Cover Sheet. When ForwardHealth receives the PA attachments by mail or fax, they will be matched up with the [PA/RF](#) that was completed on the Portal.

\*Please note: If the cover sheet could not be generated while submitting the PA request due to technical difficulties, providers can print the cover sheet from the main Portal PA page.

Before submitting any PA documents, providers should save or print a copy for their records. Once the PA request is submitted, it cannot be retrieved for further editing.

As a reminder, ForwardHealth does not mail back any PA request documents submitted by the providers.

### **Additional Supporting Information**

Providers may choose to submit additional supporting information via mail or fax. If additional supporting information is needed, providers are prompted to print a system-generated Portal PA Cover Sheet to be sent with the information to ForwardHealth for processing. Providers must list the additional supporting information on the Portal PA Cover Sheet.

For certain PA process types, providers can choose to upload electronic supporting information through the Portal. Files can be uploaded if the user selects a process type of 117 (Physician services), 124 (Dental services), or 125 (Orthodontic services). Photographs, X-rays and dental models may be uploaded through the Portal if the images are in a JPEG format or created with OrthoCad software (available free on the Web). Dental model OrthoCad files must be uploaded with an extension of ".3dm." JPEG files must be uploaded with an extension of ".jpg" or ".jpeg."

## **Mail**

Any type of PA request may be submitted on paper. Providers may mail completed PA requests, amendments to PA requests, and requests to enddate a PA request to ForwardHealth at the following address:

ForwardHealth  
Prior Authorization  
Ste 88  
6406 Bridge Rd  
Madison WI 53784-0088

Providers are encouraged to retain copies of all PA requests and supporting documentation before submitting them to ForwardHealth.

## **STAT-PA**

Providers can submit STAT-PA requests for a limited number of services (e.g., certain drugs, selected orthopedic shoes, lead inspections for HealthCheck). The STAT-PA system is an automated system accessed by providers by touch-tone telephone that allows them to receive an immediate decision for certain PA requests.

NPI and related data are required when using the STAT-PA system.

Providers are encouraged to retain copies of all PA requests and supporting documentation before submitting them to ForwardHealth.

*Note:* A PA request cannot be submitted through STAT-PA for members enrolled in the BadgerCare Plus Benchmark Plan, the BadgerCare Plus Core Plan, or the BadgerCare Plus Basic Plan. PA requests for members enrolled in the Benchmark Plan, the Core Plan, and the Basic Plan may be submitted online via the ForwardHealth Portal or on paper.

## **Environmental Lead Inspections**

To request PA for environmental lead inspections using the STAT-PA system, access STAT-PA in one of the following ways:

- Touch-tone telephone.
- STAT-PA help desk correspondent.

Wisconsin STAT-PA is available from 8:00 a.m. to 11:45 p.m., seven days a week. The STAT-PA help desk is available from 8 a.m. to 6 p.m., Monday through Friday, excluding holidays. Providers are allowed to submit up to five PA requests per connection for touch-tone telephone and help desk queries.

The [STAT-PA System Instructions](#) and the [STAT-PA Quick Reference Guide](#) include more information about STAT-PA inquiries.

# Reimbursement

8

Archive Date:07/01/2010

## Reimbursement:Amounts

---

### Acceptance of Payment

The amounts allowed as payment for covered services must be accepted as payment in full. Therefore, total payment for the service (i.e., any amount paid by other health insurance sources, any BadgerCare Plus or Medicaid copayment or spenddown amounts paid by the member, and any amount paid by BadgerCare Plus) may not exceed the BadgerCare Plus-allowed amount. As a result, providers may not collect payment from a member, or authorized person acting on behalf of the member, for the difference between their usual and customary charge and the BadgerCare Plus-allowed amount for a service (i.e., balance billing).

Other health insurance payments may exceed the BadgerCare Plus-allowed amount if no additional payment is received from the member or BadgerCare Plus.

### Additional Reimbursement for Reporting Body Mass Index

ForwardHealth is collecting body mass index (BMI) data on children enrolled in the BadgerCare Plus Standard Plan, the BadgerCare Plus Benchmark Plan, or Medicaid to gather baseline information for future policy initiatives.

ForwardHealth will reimburse an additional \$10.00 to providers and clinics for reporting BMI on professional claims for routine office visits and preventive services for members two to 18 years old on the DOS.

Providers who are eligible to receive the additional reimbursement include the following:

- HealthCheck agencies.
- Nurse midwives.
- Nurse practitioners.
- Physician assistants.
- Physicians.

### Reporting Body Mass Index on Claims

For the additional reimbursement, Current Procedural Terminology procedure code 3008F (Body mass index, documented) is required on the claim in addition to an office visit procedure code. A \$10.00 minimum is required to be billed for procedure code 3008F.

Procedure code 3008F must point to one of the following BMI diagnosis codes in the following table, as appropriate.

Code	Description
V85.51	Body Mass Index, pediatric, less than 5th percentile for age
V85.52	Body Mass Index, pediatric, 5th percentile to less than 85th percentile for age
V85.53	Body Mass Index, pediatric, 85th percentile to less than 95th percentile for age
V85.54	Body Mass Index, pediatric, greater than or equal to 95th percentile for age

Providers are required to [maintain records](#) that fully document the basis of charges upon which all claims for additional reimbursement payments are made.

### Reimbursement

Providers are paid \$10.00 per billing provider, per child, per calendar year for reporting BMI for members in fee-for-service. Payments for reporting BMI will appear on the Remittance Advice under Explanation of Benefits 9944, "Pricing Adjustment - Incentive Pricing."

### Billing Service and Clearinghouse Contracts

According to [DHS 106.03\(5\)\(c\)2](#), Wis. Admin. Code, contracts with outside billing services or clearinghouses may not be based on commission in which compensation for the service is dependent on reimbursement from BadgerCare Plus. This means compensation must be unrelated, directly or indirectly, to the amount of reimbursement or the number of claims and is not dependent upon the actual collection of payment.

### Electronic Funds Transfer

EFT allows ForwardHealth to directly deposit payments into a provider's designated bank account for a more efficient delivery of payments than the current process of mailing paper checks. Electronic Funds Transfer is secure, eliminates paper, and reduces the uncertainty of possible delays in mail delivery.

Only in-state and border-status providers who submit claims and MCOs are eligible to receive EFT payments.

## Provider Exceptions

EFT payments are not available to the following providers:

- In-state emergency providers.
- Out-of-state providers.
- Out-of-country providers.
- SMV providers during their provisional certification period.

## Enrolling in Electronic Funds Transfer

A ForwardHealth Portal account is required to enroll into EFT as all enrollments must be completed via a secure Provider Portal account or a secure MCO Portal account. Paper enrollments are not accepted. A separate EFT enrollment is required for each financial payer a provider bills.

Providers who do not have a Portal account may [Request Portal Access](#) online. Providers may also call the [Portal Helpdesk](#) for assistance in requesting a Portal account.

The following guidelines apply to EFT enrollment:

- Only a Portal Administrator or a clerk that has been assigned the new "EFT" role on the Portal may complete the EFT enrollment information.
- Organizations cannot revert back to receiving paper checks once enrolled in EFT.
- Organizations may change their EFT information at any time.
- Organizations will continue to receive their Remittance Advice as they do currently.

Refer to the ForwardHealth Portal Electronic Funds Transfer User Guide and the Electronic Funds Transfer Fact Page for instructions and more information about EFT enrollment.

Providers will continue to receive payment via paper check until the enrollment process moves into "Active" status and the provider's ForwardHealth EFT enrollment is considered complete.

## Recoupment and Reversals

Enrollment in EFT does not change the current process of recouping funds. Overpayments and recoupment of funds will continue to be conducted through the reduction of payments.

*Note:* Enrolling in EFT does not authorize ForwardHealth to make unauthorized debits to the provider's EFT account; however, in some instances an EFT reversal of payment may be necessary. For example, if the system generates a payment twice or the amount entered manually consists of an incorrect value (e.g., a decimal point is omitted creating a \$50,000 keyed value for a \$500 claim), a reversal will take place to correct the error and resend the correct transaction value. ForwardHealth will notify the designated EFT contact person of an EFT reversal if a payment is made in error due to a system processing or manual data entry error.

## Problem Resolution

If payment is not deposited into the designated EFT account according to the ForwardHealth payment cycle, providers should first check with their financial institution to confirm the payment was received. If the payment was not received, providers should then call [ForwardHealth Provider Services](#) to resolve the issue and payment by paper check will be reinstated until the matter has been resolved.

## Fee Schedules

[Maximum allowable fee](#) information is available on the ForwardHealth Portal in the following forms:

- Interactive fee schedule.
- Downloadable fee schedule in TXT files.

Certain fee schedules are interactive. Interactive fee schedules provide coverage information as well as maximum allowable fees for all reimbursable procedure codes. The downloadable TXT files are free of charge and provide basic maximum allowable fee information for BadgerCare Plus by provider service area.

A provider may request a paper copy of a fee schedule by calling [Provider Services](#).

Providers may call Provider Services in the following cases:

- Internet access is not available.
- There is uncertainty as to which fee schedule should be used.
- The appropriate fee schedule cannot be found on the Portal.
- To determine coverage or maximum allowable fee of procedure codes not appearing on a fee schedule.

## HealthCheck Services

### HealthCheck Screenings

In recognition of the importance of comprehensive health care for children under age 21, reimbursement for HealthCheck screenings (CPT procedure codes 99381-99385 and 99391-99395) is higher than reimbursement for other preventive exams such as "well baby" and "well child" visits. Reimbursement for HealthCheck screening services is made in accordance with the maximum allowable fee schedule established by Wisconsin Medicaid.

Maximum allowable fees exist for the comprehensive screening package. In addition, laboratory tests, immunizations, and pelvic exams may be reimbursed separately.

### Vaccines

Reimbursement for vaccines provided through the VFC is limited to an administration fee, since the vaccines are provided free to providers who give immunizations.

### HealthCheck Services and Health Professional Shortage Areas

HealthCheck services are *not* eligible for HPSA bonuses, regardless of the billing or rendering provider's or member's location, since reimbursement for these procedure codes includes enhanced reimbursement for HealthCheck services.

## Maximum Allowable Fees

Maximum allowable fees are established for most covered services. Maximum allowable fees are based on various factors, including a review of usual and customary charges submitted, the Wisconsin State Legislature's Medicaid budgetary constraints, and other relevant economic limitations. Maximum allowable fees may be adjusted to reflect reimbursement limits or limits on the availability of federal funding as specified in federal law.

Providers are reimbursed at the lesser of their billed amount and the maximum allowable fee for the procedure.

## Non-Targeted Outreach and Case Management Services

Non-targeted outreach and case management services are reimbursed at a lower rate than targeted services.

## Collecting Payment From Members

---

### Conditions That Must Be Met

A member may request a noncovered service, a covered service for which PA was denied (or modified), or a service that is not covered under the member's limited benefit category. The charge for the service may be collected from the member if the following conditions are met *prior* to the delivery of that service:

- The member accepts responsibility for payment.
- The provider and member make payment arrangements for the service.

Providers are strongly encouraged to obtain a *written* statement in advance documenting that the member has accepted responsibility for the payment of the service.

Furthermore, the service must be separate or distinct from a related, covered service. For example, a vision provider may provide a member with eyeglasses but then, upon the member's request, provide and charge the member for anti-glare coating, which is a noncovered service. Charging the member is permissible in this situation because the anti-glare coating is a separate service and can be added to the lenses at a later time.

### Cost Sharing

According to federal regulations, providers cannot hold a member responsible for any commercial or Medicare cost-sharing amount such as coinsurance, copayment, or deductible. Therefore, a provider may not collect payment from a member, or authorized person acting on behalf of the member, for copayments required by other health insurance sources. Instead, the provider should collect *only* the copayment amount from the member.

### Situations When Member Payment Is Allowed

Providers may not collect payment from a member, or authorized person acting on behalf of the member, *except* for the following:

- Required member [copayments](#) for certain services.
- Commercial insurance payments made to the member.
- [Spendedown](#).
- Charges for a [private room](#) in a nursing home or hospital.
- Noncovered services if certain conditions are met.
- Covered services for which PA was denied (or an originally requested service for which a PA request was modified) if certain conditions are met. These services are treated as noncovered services.
- Services provided to a member in a limited benefit category when the services are not covered under the limited benefit and if certain conditions are met.

If a provider inappropriately collects payment from a member, or authorized person acting on behalf of the member, that provider may be subject to program sanctions including termination of Medicaid certification.

## Copayment

---

### Amounts

No copayment may be charged for a HealthCheck screening provided to a member under 19 years of age or to any member enrolled in a state-contracted MCO.

A \$1.00 screening copayment must be collected from any member between 19 and 21 years of age for comprehensive screenings only.

### Benchmark Plan Copayment Policies

Preventive services, including HealthCheck services and family planning services, are exempt from copayment under the BadgerCare Plus Benchmark Plan.

## Exemptions

### Wisconsin Medicaid Exemptions

According to [DHS 104.01\(12\)](#), Wis. Admin. Code, providers are prohibited from collecting copayment from the following Wisconsin Medicaid members:

- Members under 18 years of age with incomes at or below 100 percent of the FPL. (For HealthCheck services, members under 19 years old are exempt.)
- Members under 18 years of age who are members of a federally recognized tribe regardless of income.
- Members enrolled in Medicaid because they are in foster care regardless of age.
- Members enrolled in Medicaid through subsidized adoption regardless of age.
- Members enrolled in Medicaid through the Katie Beckett program regardless of age.
- Nursing home residents.
- Members enrolled in Medicaid SSI HMOs or Medicaid special managed care programs receiving managed care-covered services.
- Pregnant women.

The following services do not require copayment:

- Case management services.
- Crisis intervention services.
- CSP services.
- Emergency services.
- Family planning services, including sterilizations.
- Home care services.
- Hospice care services.
- Immunizations.
- Independent laboratory services.
- Injections.
- PDN and PDN services for ventilator-dependent members.
- SBS.
- Substance abuse day treatment services.
- Surgical assistance.

### BadgerCare Plus Standard Plan Exemptions

Providers are prohibited from collecting copayment from the following BadgerCare Plus Standard Plan members:

- Members in nursing homes.
- Members under 18 years old who are members of a federally recognized tribe regardless of income.
- Members under 18 years old with incomes at or below 100 percent of the FPL.
- Pregnant women.

The following services do not require copayment:

- Case management services.

- Crisis intervention services.
- CSP services.
- Emergency services.
- Family planning services, including sterilizations.
- Home care services.
- Hospice care services.
- Immunizations.
- Independent laboratory services.
- Injections.
- PDN and PDN services for ventilator-dependent members.
- SBS.
- Substance abuse day treatment services.
- Surgical assistance.

## Wisconsin Well Woman Medicaid Exemptions

Providers are prohibited from collecting copayment from members who have been enrolled into Wisconsin Well Woman Medicaid from the BadgerCare Plus Benchmark Plan or Core Plan for any Medicaid covered service.

## Limitations

Providers should verify that they are collecting the correct copayment for services as some services have monthly or annual copayment limits. Providers may not collect member copayments in amounts that exceed copayment limits.

## Resetting Copayment Limitations

Copayment amounts paid by a member enrolled in the BadgerCare Plus Benchmark Plan and the BadgerCare Plus Core Plan within their continuous 12-month enrollment year will reset in the following situations:

- A fee-for-service member is enrolled in an HMO.
- A member switches from one HMO to another HMO (only allowable within the first 90 days of Core Plan enrollment).
- A member is disenrolled from an HMO and moves to fee-for-service.

*Note:* When a member goes from fee-for-service into an HMO and subsequently moves back to fee-for-service, copayments will not be reset for the services that were received under the initial fee-for-service enrollment period.

Resetting copayment limitations does not change a member's [Benchmark Plan](#) enrollment year or a member's [Core Plan](#) enrollment year.

## Refund/Collection

If a provider collects a copayment before providing a service and BadgerCare Plus does not reimburse the provider for any part of the service, the provider is required to return or credit the entire copayment amount to the member.

If BadgerCare Plus deducts less copayment than the member paid, the provider is required to return or credit the remainder to the member. If BadgerCare Plus deducts more copayment than the member paid, the provider may collect the remaining amount from the member.

## Requirements

Federal law permits states to charge members a copayment for certain covered services. Providers are required to request copayments from members. Providers may not deny services to a Wisconsin Medicaid or BadgerCare Plus Standard Plan member who fails to make a copayment; however, providers may deny services to a BadgerCare Plus Benchmark Plan member, BadgerCare Plus Core Plan member, or BadgerCare Plus Basic Plan member who fails to make a copayment.

Chapter [49.45\(18\)](#), Wis. Stats., requires providers to make a reasonable attempt to collect copayment from the member unless the provider determines that the cost of collecting the copayment exceeds the amount to be collected.

## Payer of Last Resort

---

### Instances When Medicaid Is Not Payer of Last Resort

Wisconsin Medicaid or BadgerCare Plus are *not* the payer of last resort for members who receive coverage from certain governmental programs, such as:

- B-3.
- Crime Victim Compensation Fund.
- GA.
- HCBS waiver programs.
- IDEA.
- Indian Health Service.
- Maternal and Child Health Services.
- WCDP.
  - Adult Cystic Fibrosis.
  - Chronic Renal Disease.
  - Hemophilia Home Care.

Providers should ask members if they have coverage from these other governmental programs.

If the member becomes retroactively enrolled in Wisconsin Medicaid or BadgerCare Plus, providers who have already been reimbursed by one of these government programs may be required to submit the claims to ForwardHealth and refund the payment from the government program.

## Reimbursement Not Available

---

## Reimbursement Not Available

BadgerCare Plus or Medicaid may deny or recoup payment for covered services that fail to meet program requirements. Reimbursement is also not available for noncovered services.

### HealthCheck Screening Services

The following are not reimbursable as HealthCheck services:

- Comprehensive screenings in excess of periodicity limitations.
- Pap smears and pelvic exams not performed by or under the direct supervision of a physician, physician assistant, or nurse.
- HealthCheck screening components provided to an HMO member by a non-HMO affiliated provider.
- Any service provided to a member who is not enrolled for BadgerCare Plus or Medicaid on the DOS.

### HealthCheck Outreach and Case Management Services

The following are not reimbursable as HealthCheck outreach and case management services:

- Case management services do not result in a screening.
- The member was not enrolled on the date the HealthCheck outreach/case management or HealthCheck screening services were provided. The outreach/case management provider should inform the member that any services obtained during a period in which the member is not enrolled will not be covered.
- Outreach and case management services are billed more than once per member during a periodicity interval.
- Outreach is provided in connection with an interperiodic screening.

## Reimbursement Not Available Through a Factor

BadgerCare Plus will not reimburse providers through a factor, either directly or by virtue of a power of attorney given to the factor by the provider. A factor is an organization (e.g., a collection agency) or person who advances money to a provider for the purchase or transfer of the provider's accounts receivable. The term "factor" does not include business representatives, such as billing services, clearinghouses, or accounting firms, which render statements and receive payments in the name of the provider.

## Services Not Separately Reimbursable

If reimbursement for a service is included in the reimbursement for the primary procedure or service, it is not separately reimbursable. For example, routine venipuncture is not separately reimbursable, but it is included in the reimbursement for the laboratory procedure or the laboratory test preparation and handling fee. Also, DME delivery charges are included in the reimbursement for DME items.

Archive Date:07/01/2010

## Resources:Contact Information

---

### Member Services

Providers should refer ForwardHealth members with questions to [Member Services](#). The telephone number for Member Services is for member use only.

### Provider Relations Representatives

The Provider Relations representatives, also known as field representatives, conduct training sessions on various ForwardHealth topics for both large and small groups of providers and billers. In addition to provider education, field representatives are available to assist providers with complex billing and claims processing questions. Field representatives are located throughout the state to offer detailed assistance to all ForwardHealth providers and all ForwardHealth programs.

### Field Representative Specialization

The field representatives are assigned to [specific regions](#) of the state. In addition, the field representatives have [specialized](#) in a group of provider types. This specialization allows the field representatives to most efficiently and effectively address provider inquiries. To better direct inquiries, providers should contact the field representative in [their region who specializes in their provider type](#).

### Provider Education

The field representatives' primary focus is provider education. They provide information on ForwardHealth programs and topics in the following ways:

- Conducting provider training sessions throughout the state.
- Providing training and information for newly certified providers and/or new staff.
- Participating in professional association meetings.

Providers may also contact the field representatives if there is a specific topic, or topics, on which they would like to have an individualized training session. This could include topics such as use of the Portal (information about claims, enrollment verification, and PA requests on the Portal). Refer to the [Providers Trainings page](#) for the latest information on training opportunities.

### Additional Inquiries

Providers are encouraged to initially obtain information through the ForwardHealth Portal, WiCall, and Provider Services. If these attempts are not successful, field representatives may be contacted for the following types of inquiries:

- Claims, including discrepancies regarding enrollment verification and claim processing.
- PES claims submission software.
- Claims processing problems that have not been resolved through other channels (e.g., telephone or written correspondence).
- Referrals by a Provider Services telephone correspondent.
- Complex issues that require extensive explanation.

Field representatives primarily work outside their offices to provide on-site service; therefore, providers should be prepared to leave a complete message when contacting field representatives, including all pertinent information related to the inquiry. Member inquiries should not be directed to field representatives. Providers should refer members to Member Services at (800) 362-3002.

If contacting a field representative by e-mail, providers should ensure that no individually identifiable health information, known as PHI, is included in the message. PHI can include things such as the member's name combined with his/her identification number or SSN.

### Information to Have Ready

Providers or their representatives should have the following information ready when they call:

- Name or alternate contact.
- County and city where services are provided.
- Name of facility or provider whom they are representing.
- NPI or provider number.
- Telephone number, including area code.
- A concise statement outlining concern.

- Days and times when available.

For questions about a specific claim, providers should also include the following information:

- Member's name.
- Member identification number.
- Claim number.
- DOS.

## Provider Services

Providers should call [Provider Services](#) to answer enrollment, policy, and billing questions. Members should call [Member Services](#) for information. Members should *not* be referred to Provider Services.

The Provider Services Call Center provides service-specific assistance to Medicaid, BadgerCare Plus, WCDP, and WWWP providers.

## Ways Provider Services Can Help

The Provider Services Call Center is organized to include program-specific and service-specific assistance to providers. The Provider Services call center supplements the ForwardHealth Portal and WiCall by providing information on the following:

- Billing and claim submissions.
- Certification.
- COB (e.g., verifying a member's other health insurance coverage).
- Assistance with completing forms.
- Assistance with remittance information and claim denials.
- Policy clarification.
- PA status.
- Verifying covered services.

## Information to Have Ready

When contacting or transferring from WiCall to the call center, callers will be prompted to enter their NPI or provider ID. Additionally, to facilitate service, providers are recommended to have all pertinent information related to their inquiry on hand when contacting the call center, including:

- Provider name and NPI or provider ID.
- Member name and member identification number.
- Claim number.
- PA number.
- DOS.
- Amount billed.
- RA.
- Procedure code of the service in question.
- Reference to any provider publications that address the inquiry.

## Call Center Correspondent Team

The ForwardHealth call center correspondents are organized to respond to telephone calls from providers. Correspondents offer assistance and answer inquiries specific to the program (i.e., Medicaid, WCDP, or WWWP) or to the service area (i.e., pharmacy services, hospital services) in which they are designated.

## Call Center Menu Options and Inquiries

Providers contacting Provider Services are prompted to select from the following menu options:

- WCDP and WWWP (for inquiries from all providers regarding WCDP or WWWP).
- Dental (for all inquiries regarding dental services).
- Medicaid or SeniorCare Pharmacy (for pharmacy providers) or STAT-PA for STAT-PA inquiries, including inquiries from pharmacies, DME providers for orthopedic shoes, and HealthCheck providers for environmental lead inspections.
- Medicaid and BadgerCare Plus institutional services (for inquiries from providers who provide hospital, nursing home, home health, personal care, ESRD, and hospice services or NIP).
- Medicaid and BadgerCare Plus professional services (for inquiries from all other providers not mentioned in the previous menu prompts).

## Walk-in Appointments

Walk-in appointments offer face-to-face assistance for providers at the Provider Services office. Providers are encouraged to contact the Provider Services Call Center to schedule a walk-in appointment.

## Written Inquiries

Providers may contact Provider Services through the Portal by selecting the "Contact Us" link. Provider Services will respond to the inquiry by the preferred method of response indicated within five business days. All information is transmitted via a secure connection to protect personal health information.

Providers may submit written inquiries to ForwardHealth by mail using the [Written Correspondence Inquiry](#) form. The Written Correspondence Inquiry form may be photocopied or downloaded via a link from the Portal. Written correspondence should be sent to the following address:

ForwardHealth  
Provider Services Written Correspondence  
6406 Bridge Rd  
Madison WI 53784-0005

Providers are encouraged to use the other resources before mailing a written request to ForwardHealth. Provider Services will respond to written inquiries in writing unless otherwise specified.

## Provider Suggestions

The DHCAA is interested in improving its program for providers and members. Providers who would like to suggest a revision of any policy or procedure stated in provider publications or who wish to suggest new policies are encouraged to submit recommendations on the [Provider Suggestion](#) form.

## Resources Reference Guide

The [Provider Services and Resources Reference Guide](#) lists services and resources available to providers and members with contact information and hours of availability.

## Electronic Data Interchange

---

### Companion Documents

#### Purpose of Companion Documents

ForwardHealth [companion documents](#) provide trading partners with useful technical information on ForwardHealth's standards for nationally recognized electronic transactions.

The information in companion documents applies to BadgerCare Plus, Medicaid, SeniorCare, WCDP, and WWWP. Companion documents are intended for information technology and systems staff who code billing systems or software.

The companion documents complement the federal HIPAA Implementation Guides and highlight information that trading partners need to successfully exchange electronic transactions with ForwardHealth, including general topics such as the following:

- Methods of exchanging electronic information (e.g., exchange interfaces, transaction administration, and data preparation).
- Instructions for constructing the technical component of submitting or receiving electronic transactions (e.g., claims, RA, and enrollment inquiries).

Companion documents do *not* include program requirements, but help those who create the electronic formats for electronic data exchange.

Companion documents cover the following specific subjects:

- Getting started (e.g., identification information, testing, and exchange preparation).
- Transaction administration (e.g., tracking claims submissions, contacting the [EDI Helpdesk](#)).
- Transaction formats.

#### Revisions to Companion Documents

Companion documents may be updated as a result of changes to federal requirements. When this occurs, ForwardHealth will do the following:

- Post the revised companion document on the ForwardHealth Portal.
- Post a message on the banner page of the RA.
- Send an e-mail to trading partners.

Trading partners are encouraged to periodically check for the revised companion documents on the Portal. If trading partners do not follow the revisions identified in the companion document, transactions may not process successfully (e.g., claims may deny or process incorrectly).

A revision log located at the front of the revised companion document lists the changes that have been made. The date on the companion document reflects the last date the companion document was revised. In addition, the version number located in the footer of the first page is changed with each revision.

### Data Exchange Methods

The following data exchange methods are supported by the [EDI Department](#):

- Remote access server dial-up, using a personal computer with a modem, browser, and encryption software.
- Secure Web, using an Internet Service Provider and a personal computer with a modem, browser, and encryption software.
- Real-time, by which trading partners exchange the NCPDP 5.1, 270/271, or 276/277 transactions via an approved clearinghouse.

The EDI Department supports the exchange of the transactions for BadgerCare Plus, Medicaid, SeniorCare, WCDP, and WWWP.

### Electronic Data Interchange Helpdesk

The [EDI Helpdesk](#) assists anyone interested in becoming a trading partner with getting started and provides ongoing support pertaining to electronic transactions. Providers, billing services, and clearinghouses are encouraged to contact the EDI Helpdesk for test packets and/or technical questions.

Providers with policy questions should call [Provider Services](#).

## Electronic Transactions

Trading partners may submit claims and adjustment requests, inquire about member enrollment, claim status, and ForwardHealth payment advice by exchanging electronic transactions.

Through the EDI Department, trading partners may exchange the following electronic transactions:

- 270/271. The 270 is the electronic transaction for inquiring about a member's enrollment. The 271 is received in response to the inquiry.
- 276/277. The 276 is the electronic transaction for checking claim status. The 277 is received in response.
- 835. The electronic transaction for receiving remittance information.
- 837. The electronic transaction for submitting claims and adjustment requests.
- 997. The electronic transaction for reporting whether a transaction is accepted or rejected.
- TA1 Interchange Acknowledgment. The electronic transaction for reporting a transaction that is rejected for interchange level errors.
- NCPDP 5.1 Telecommunication Standard for Retail Pharmacy Claims. The real-time POS electronic transaction for submitting pharmacy claims.

## Provider Electronic Solutions Software

ForwardHealth offers electronic billing software at no cost to providers. The PES software allows providers to submit 837 transactions and download the 997 and the 835 transactions. To obtain PES software, providers may download it from the ForwardHealth Portal or may request it from the [EDI Helpdesk](#).

## Trading Partner Profile

A [TPP](#) must be completed and signed for each billing provider number that will be used to exchange electronic transactions.

In addition, billing providers who do not use a third party to exchange electronic transactions, billing services, and clearinghouses are required to complete a TPP.

To determine whether a TPP is required, providers should refer to the following:

- Billing providers who do not use a third party to exchange electronic transactions, including providers who use the PES software, are required to complete the TPP.
- Billing providers who use a third party (billing services and clearinghouses) to exchange electronic transactions are required to submit a TPP.
- Billing services and clearinghouses, including those that use PES software, that are authorized by providers to exchange electronic transactions on a provider's behalf, are required to submit a TPP.

Providers who change billing services and clearinghouses or become a trading partner should keep their information updated by contacting the [EDI Helpdesk](#).

## Trading Partners

ForwardHealth exchanges nationally recognized electronic transactions with trading partners. A "trading partner" is defined as a covered entity that exchanges electronic health care transactions. The following covered entities are considered trading partners:

- Providers who exchange electronic transactions directly with ForwardHealth.
- Billing services and clearinghouses that exchange electronic transactions directly with ForwardHealth on behalf of a billing provider.

## Enrollment Verification

---

### 270/271 Transactions

The [270/271](#) transactions allow for batch enrollment verification, including information for the current benefit month or for any date of eligibility the member has on file, through a secure Internet connection. The 270 is the electronic transaction for inquiring about a member's enrollment. The 271 is received in response to the inquiry.

For those providers who are federally required to have an NPI, an NPI is required on the 270/271 transactions. The NPI indicated on the 270 is verified to ensure it is associated with a valid certification on file with ForwardHealth. The 271 response will report the NPI that was indicated on the 270.

For those providers exempt from NPI, a provider ID is required on the 270/271 transactions. The provider ID indicated on the 270 is verified to ensure it is associated with a valid certification on file with ForwardHealth. The 271 response will report the provider ID that was indicated on the 270.

### An Overview

Providers should always verify a member's enrollment before providing services, both to determine enrollment for the current date (since a member's enrollment status may change) and to discover any limitations to the member's coverage. Each enrollment verification method allows providers to verify the following prior to services being rendered:

- A member's enrollment in a ForwardHealth program(s).
- State-contracted MCO enrollment.
- Medicare enrollment.
- Limited benefits categories.
- Any other commercial health insurance coverage.
- Exemption from copayments for BadgerCare Plus members.

### Commercial Enrollment Verification Vendors

ForwardHealth has agreements with several [commercial enrollment verification vendors](#) to offer enrollment verification technology to ForwardHealth providers. Commercial enrollment verification vendors have up-to-date access to the ForwardHealth enrollment files to ensure that providers have access to the most current enrollment information. Providers may access Wisconsin's EVS to verify member enrollment through one or more of the following methods available from commercial enrollment verification vendors:

- Magnetic stripe card readers.
- Personal computer software.
- Internet.

Vendors sell magnetic stripe card readers, personal computer software, Internet access, and other services. They also provide ongoing maintenance, operations, and upgrades of their systems. Providers are responsible for the costs of using these enrollment verification methods.

*Note:* Providers are *not* required to purchase services from a commercial enrollment verification vendor. For more information on other ways to verify member enrollment or for questions about ForwardHealth identification cards, contact [Provider Services](#).

The real-time enrollment verification methods allow providers to print a paper copy of the member's enrollment information, including a transaction number, for their records. Providers should retain this number or the printout as proof that an inquiry was made.

### Magnetic Stripe Card Readers

The magnetic stripe card readers resemble credit card readers. Some ForwardHealth identification cards have a magnetic stripe and signature panel on the back, and a unique, 16-digit card number on the front. The 16-digit card number is valid only for use with a magnetic card reader.

Providers receive current member enrollment information after passing the ForwardHealth card through the reader or entering the member identification number or card number into a keypad and entering the DOS about which they are inquiring.

### Personal Computer Software

Personal computer software can be integrated into a provider's current computer system by using a modem and can access the same information as the

magnetic stripe card readers.

## Internet Access

Some enrollment verification vendors provide real-time access to enrollment from the EVS through the Internet.

## Copayment Information

If a member is enrolled in BadgerCare Plus and is exempted from paying copayments for services, providers will receive the following response to an enrollment query from all methods of enrollment verification:

- The name of the benefit plan.
- The member's enrollment dates.
- The message, "No Copay."

If a member is enrolled in BadgerCare Plus and is required to pay copayments, providers will be given the name of the benefit plan in which the member is enrolled and the member's enrollment dates for the benefit plan only.

*Note:* The BadgerCare Plus Core Plan may also charge different copayments for hospital services depending on the member's income level. Members identified as "BadgerCare Plus Core Plan 1" are subject to lower copayments for hospital services. Members identified as "BadgerCare Plus Core Plan 2" are subject to higher copayments for hospital services.

## Enrollment Verification System

Member enrollment issues are the primary reason claims are denied. To reduce claim denials, providers should *always* verify a member's enrollment before providing services, both to determine enrollment for the current date (since a member's enrollment status may change) and to discover any limitations to the member's coverage. Providers may want to verify the member's enrollment a second time before submitting a claim to find out whether the member's enrollment information has changed since the appointment.

Providers can access Wisconsin's EVS to receive the most current enrollment information through the following methods:

- ForwardHealth Portal.
- [WiCall](#), Wisconsin's AVR system.
- Commercial enrollment verification vendors.
- 270/271 transactions.
- [Provider Services](#).

Providers cannot charge a member, or authorized person acting on behalf of the member, for verifying his or her enrollment.

The EVS does not indicate other government programs that are secondary to Wisconsin Medicaid.

## Enrollment Verification on the Portal

The secure ForwardHealth Portal offers real-time member enrollment verification for all ForwardHealth programs. Providers will be able to use this tool to determine:

- The benefit plan(s) in which the member is enrolled.
- If the member is enrolled in a state-contracted managed care program (for Medicaid and BadgerCare Plus members).
- If the member has any other coverage, such as Medicare or commercial health insurance.
- If the member is exempted from copayments (BadgerCare Plus members only).

To access enrollment verification via the ForwardHealth Portal, providers will need to do the following:

- Go to the ForwardHealth Portal.
- Establish a provider account.
- Log into the secure Portal.
- Click on the menu item for enrollment verification.

Providers will receive a unique transaction number for each enrollment verification inquiry. Providers may access a history of their enrollment inquiries using the Portal, which will list the date the inquiry was made and the enrollment information that was given on the date that the inquiry was made. For a more permanent record of inquiries, providers are advised to use the "print screen" function to save a paper copy of enrollment verification inquiries for their records or document

the transaction number at the beginning of the response, for tracking or research purposes. This feature allows providers to access enrollment verification history when researching claim denials due to enrollment issues.

The Provider Portal is available 24 hours a day, seven days a week.

## Entering Dates of Service

Enrollment information is provided based on a "From" DOS and a "To" DOS that the provider enters when making the enrollment inquiry. For enrollment inquiries, a "From" DOS is the earliest date for which the provider is requesting enrollment information and the "To" DOS is the latest date for which the provider is requesting enrollment information.

Providers should use the following guidelines for entering DOS when verifying enrollment for Wisconsin Medicaid, BadgerCare Plus, SeniorCare, or WCDP members:

- The "From" DOS is the earliest date the provider requires enrollment information.
- The "To" DOS must be within 365 days of the "From" DOS.
- If the date of the request is prior to the 20th of the current month, then providers may enter a "From" DOS and "To" DOS up to the end of the current calendar month.
- If the date of the request is on or after the 20th of the current month, then providers may enter a "From" DOS and "To" DOS up to the end of the following calendar month.

For example, if the date of the request was November 15, 2008, the provider could request dates up to and including November 30, 2008. If the date of the request was November 25, 2008, the provider could request dates up to and including December 31, 2008.

## Member Forgets ForwardHealth Identification Card

Even if a member does not present a ForwardHealth identification card, a provider can use Wisconsin's EVS to verify enrollment, otherwise, the provider may choose not to provide the service(s) until a member brings in a ForwardHealth card.

A provider may use a combination of the member's name, date of birth, ForwardHealth identification number, or SSN with a "0" at the end to access enrollment information through the EVS.

A provider may call [Provider Services](#) with the member's full name and date of birth to obtain the member's enrollment information if the member's identification number or SSN is not known.

## Member Identification Card Does Not Guarantee Enrollment

Most members receive a member identification card, but possession of a program identification card does not guarantee enrollment. Periodically, members may become ineligible for enrollment, only to re-enroll at a later date. Members are told to keep their cards even though they may have gaps in enrollment periods. It is possible that a member will present a card when he or she is not enrolled; therefore, it is essential that providers verify enrollment before providing services. To reduce claim denials, it is important that providers verify the following information prior to each DOS that services are provided:

- If a member is enrolled in any ForwardHealth program, including benefit plan limitations.
- If a member is enrolled in a managed care organization.
- If a member is in primary provider lock-in status.
- If a member has Medicare or other insurance coverage.

## Responses Are Based on Financial Payer

When making an enrollment inquiry through Wisconsin's EVS, the returned response will provide information on the member's enrollment in benefit plans based on financial payers.

There are three financial payers under ForwardHealth:

- Medicaid (Medicaid is the financial payer for Wisconsin Medicaid, BadgerCare Plus, and SeniorCare).
- WCDP.
- WWWP.

Within each financial payer are benefit plans. Each member is enrolled under at least one of the three financial payers, and under each financial payer, is enrolled in at least one benefit plan. An individual member may be enrolled under more than one financial payer. (For instance, a member with chronic renal disease may have health care coverage under the BadgerCare Plus Standard Plan and the WCDP chronic renal disease program. The member is enrolled under two financial

payers, Medicaid and WCDP.) Alternatively, a member may have multiple benefits under a single financial payer. (For example, a member may be covered by the TB-Only Benefit and the FPW at the same time, both of which are administered by Medicaid.)

## Forms

---

### An Overview

ForwardHealth requires providers to use a variety of forms for PA, claims processing, and documenting special circumstances.

### Fillable Forms

Most forms may be obtained from the [Forms](#) page of the ForwardHealth Portal.

Forms on the Portal are available as fillable PDF files, which can be viewed with Adobe Reader® computer software. Providers may also complete and print fillable PDF files using Adobe Reader®.

To complete a fillable PDF, follow these steps:

- Select a specific form.
- Save the form to the computer.
- Use the "Tab" key to move from field to field.

*Note:* The Portal provides instructions on how to obtain Adobe Reader® at no charge from the Adobe® Web site. Adobe Reader® only allows providers to view and print completed PDFs. It does not allow users to save completed fillable PDFs to their computer; however, if Adobe Acrobat® is purchased, providers may save completed PDFs to their computer. Refer to the [Adobe® Web site](#) for more information about fillable PDFs.

Selected forms are also available in fillable Microsoft® Word format on the Portal. The fillable Microsoft® Word format allows providers to complete and print the form using Microsoft® Word. To complete a fillable Microsoft® Word form, follow these steps:

- Select a specific form.
- Save the form to the computer.
- Use the "Tab" key to move from field to field.

*Note:* Providers may save fillable Microsoft® Word documents to their computer by choosing "Save As" from the "File" menu, creating a file name, and selecting "Save" on their desktop.

### Telephone or Mail Requests

Providers who do not have Internet access or who need forms that are not available on the ForwardHealth Portal may obtain them by doing either of the following:

- Requesting a paper copy of the form by calling [Provider Services](#). Questions about forms may also be directed to Provider Services.
- Submitting a written request and mailing it to ForwardHealth. Include a return address, the name of the form, and the form number and send the request to the following address:

ForwardHealth  
Form Reorder  
6406 Bridge Rd  
Madison WI 53784-0003

## Portal

---

### Claims and Adjustments Using the ForwardHealth Portal

Providers can [track the status](#) of their submitted claims, [submit individual claims](#), correct errors on claims, copy claims, and determine what claims are in "pay" status on the Portal. Providers have the ability to [search for and view](#) the status of all their finalized claims, regardless of how they were submitted (i.e., paper, electronic, clearinghouse). If a claim contains an error, providers can correct it on the Portal and resubmit it to ForwardHealth.

Providers can submit an individual claim or adjust a claim through DDE through the secure Portal.

### Conducting Recertification Via the ForwardHealth Portal

Providers can conduct [recertification](#) online via a secure recertification area of the ForwardHealth Portal.

### Cost Share Reports for Long-Term Managed Care Organizations

Individual cost share reports for long-term care MCOs that provide Family Care, Family Care Partnership, and PACE services are available via the secure area of the ForwardHealth Portal and can be downloaded as an Excel file.

### Creating a Provider Account

Each provider needs to designate one individual as an administrator of the ForwardHealth Portal account. This user establishes the administrative account once his or her PIN is received. The administrative user is responsible for this provider account and is able to add accounts for other users (clerks) within his or her organization and assign security roles to clerks that have been established. To establish an administrative account after receiving a PIN, the administrative user is required to follow these steps:

1. Go to the ForwardHealth Portal.
2. Click the **Providers** button.
3. Click **Logging in for the first time?**.
4. Enter the Login ID and PIN. The Login ID is the provider's NPI or provider number.
5. Click **Setup Account**.
6. At the Account Setup screen, enter the user's information in the required fields.
7. Read the security agreement and click the checkbox to indicate agreement with its contents.
8. Click **Submit** when complete.

Once in the secure Provider area of the Portal, the provider may conduct business online with ForwardHealth via a secure connection. Providers may also perform the following administrative functions from the Provider area of the Portal:

- Establish accounts and define access levels for clerks.
- Add other organizations to the account.
- Switch organizations.

A user's guide containing detailed instructions for performing these functions can be found on the Portal.

### Designating a Trading Partner to Receive 835 Health Care Claim Payment/Advice Transactions

Providers must designate a trading partner to receive their 835 transaction for ForwardHealth interChange.

Providers who wish to submit their 835 designation via the Portal are required to create and establish a provider account to have access to the secure area of the Portal.

To designate a trading partner to receive 835 transactions, providers must first complete the following steps:

- Access the Portal and log into their secure account by clicking the Provider link/button.
- Click on the Designate 835 Receiver link on the right-hand side of the secure home page.

- Enter the identification number of the trading partner that is to receive the 835 in the Trading Partner ID field.
- Click Save.

Providers who are unable to use the Portal to designate a trading partner to receive 835 transactions may call the [EDI Helpdesk](#) or submit a [paper](#) form.

## Electronic Communications

The secure Portal contains a one-way message center where providers can receive electronic notifications and provider publications from ForwardHealth. All new messages display on the provider's main page within the secure Portal.

## Enrollment Verification

The secure Portal offers real time member [enrollment verification](#) for all ForwardHealth programs. Providers are able to use this tool to determine:

- The health care program(s) in which the member is enrolled.
- Whether or not the member is enrolled in a state-contracted MCO.
- Whether or not the member has any third-party liability, such as Medicare or commercial health insurance.
- Whether or not the member is enrolled in the Pharmacy Services Lock-In Program and the member's Lock-In pharmacy, primary care provider, and referral providers (if applicable).

Using the Portal to check enrollment may be more effective than calling [WiCall](#) or the EVS (although both are available).

Providers are assigned a unique enrollment verification number for each inquiry. Providers can also use the "print screen" function to print a paper copy of enrollment verification inquiries for their records.

## ForwardHealth Portal

Providers, members, trading partners, managed care programs, and partners have access to public *and* secure information through the ForwardHealth Portal.

The Portal has the following areas:

- Providers (public and secure).
- Trading Partners.
- Members.
- MCO.
- Partners.

The secure Portal allows providers to conduct business and exchange electronic transactions with ForwardHealth. The public Portal contains general information accessible to all users. Members can access general health care program information and apply for benefits [online](#).

## ForwardHealth Portal Helpdesk

Providers and trading partners may call the [ForwardHealth Portal Helpdesk](#) with technical questions on Portal functions, including their Portal accounts, registrations, passwords, and submissions through the Portal.

## HealthCheck Information Available Through the ForwardHealth Portal

HealthCheck providers can access outreach reports and view screening history, the Periodicity Schedule, and the WIR through the ForwardHealth Portal.

### HealthCheck Agency Portal Outreach Reports

HealthCheck Agency Outreach reports are available through the secure area of the Portal for agencies with "active" Portal user IDs. HealthCheck Outreach Agencies receive a notification in their message box when updated monthly and quarterly reports are available. The message gives providers instructions on how to download their files. Notifications in the message box are retained for seven calendar days.

The monthly report, titled "HealthCheck Monthly Screening," is uploaded every 28 days and the quarterly report, titled "HealthCheck Quarterly Eligibility Member," is replaced every 88 days by a new report with updated information.

Paper reports are still mailed to providers without a Portal account.

## HealthCheck Screening Inquiry

Providers may use the online inquiry function to query a member's HealthCheck screening history by entering one of the following:

- Member identification number.
- Member's first and last name and date of birth.
- Member Social Security number and date of birth.

Once the member information is entered, the following member information is displayed:

- Member ID.
- First and last name.
- Date of last HealthCheck screening.
- Date of last preventive dental visit.
- Date of birth.

If the member has additional past HealthCheck screenings or preventative dental visits, the history of the member is displayed in the "Search Results" panel including:

- Previous date(s) of service.
- Name(s) of provider(s) that performed past screening(s) or dental visit(s).
- Member age at time of previous screening(s) or dental visit(s).
- Status of the claim(s).

Information about HealthCheck screenings reimbursed by fee-for-service or HMOs is available through the HealthCheck screening inquiry.

*Note:* Providers have 365 days from the date of service to submit a claim and HMOs have one year to submit encounter data. Therefore, delayed submission of HealthCheck screening information affects the availability of data in the screening query.

## Periodicity Screening Schedule

A Periodicity Screening Schedule that lists the frequency and timing of recommended HealthCheck screenings is available for providers to review on the Provider Portal.

## Wisconsin Immunization Registry

A link on the HealthCheck page in the Portal connects users to the WIR Web site to view immunization data. Wisconsin Immunization Registry will continue to monitor all vaccination information for children, maintain recommended immunization schedules, record immunizations, track contraindications and reactions, and verify immunization history. Additionally, complete blood lead testing history with the testing results are available.

Providers may access the WIR Web site via the Portal or may continue to access the site directly at <https://www.dhfs.wis.org/>. Login and password requirements for WIR apply regardless of the link used to reach the Web site.

## Inquiries to ForwardHealth Via the Portal

Providers are able to contact Provider Services through the ForwardHealth Portal by clicking the [Contact](#) link and entering the relevant inquiry information, including selecting the preferred method of response (i.e., telephone call or e-mail). Provider Services will respond to the inquiry by the preferred method of response indicated within five business days.

## Internet Connection Speed

ForwardHealth recommends providers have an Internet connection that will provide an upload speed of at least 768 Kbps and a download speed of at least 128 Kbps in order to efficiently conduct business with ForwardHealth via the Portal.

For [PES](#) users, ForwardHealth recommends an Internet connection that will provide a download speed of at least 128 Kbps for downloading PES software and software updates from the Portal.

These download speeds are generally not available through a dial-up connection.

## Logging in to the Provider Area of the Portal

Once an administrative user's or other user's account is set up, he or she may log in to the Provider area of the Portal to conduct business. To log in, the user is required to click the "Provider" link or button, then enter his or her username and password and click "Go" in the Login to Secure Site box at the right side of the screen.

## Managed Care Organization Portal

### Information and Functions Through the Portal

The [MCO area](#) of the ForwardHealth Portal allows state-contracted MCOs to conduct business with ForwardHealth. The Public MCO page offers easy access to key MCO information and Web tools. A log-in is required to access the secure area of the Portal to submit or retrieve account and member information which may be sensitive.

The following information is available through the Portal:

- Certified Provider Listing of all Medicaid-certified providers.
- Coordination of Benefits Extract/Insurance Carrier Master List information updated quarterly.
- Data Warehouse, which is linked from the Portal to Business Objects. The Business Objects function allows for access to MCO data for long term care MCOs.
- Electronic messages.
- Enrollment verification by entering a member ID or SSN with date of birth and a "from DOS" and a "to DOS" range. A transaction number is assigned to track the request.
- Member search function for retrieving member information such as medical status code, and managed care and Medicare information.
- Provider search function for retrieving provider information such as address, telephone number, provider ID, and taxonomy code (if applicable), and provider type and specialty.
- HealthCheck information.
- MCO contact information.
- Technical contact information. Entries may be added via the Portal.

## Managed Care Organization Portal Reports

The following reports are generated to MCOs through their account on the ForwardHealth MCO Portal:

- Capitation Payment Listing Report.
- Cost Share Report (long-term MCOs only).
- Enrollment Reports.

MCOs are required to establish a Portal account in order to receive reports from ForwardHealth.

### Capitation Payment Listing Report

The Capitation Payment Listing Report provides "payee" MCOs with a detailed listing of the members for whom they receive capitation payments. ForwardHealth interChange creates adjustment transaction information weekly and regular capitation transaction information monthly. The weekly batch report includes regular and adjustment capitation transactions. MCOs have the option of receiving both the Capitation Payment Listing Report and the 820 Payroll Deducted and Other Group Premium Payment for Insurance Products transactions.

### Initial Enrollment Roster Report

The Initial Enrollment Roster Report is generated according to the annual schedules detailing the number of new and continuing members enrolled in the MCO and those disenrolled before the next enrollment month.

### Final Enrollment Roster Report

The Final Enrollment Roster Report is generated the last business day of each month and includes members who have had a change in status since the initial report and new members who were enrolled after the Initial Enrollment Roster Report was generated.

### Other Reports

Additional reports are available for BadgerCare Plus HMOs, SSI HMOs, and long-term MCOs. Some are available via the Portal and some in the secure FTP.

## Members ForwardHealth Portal

Members can access ForwardHealth information by going to the ForwardHealth Portal. Members can search through a directory of providers by entering a ZIP code, city, or county. Members can also access all member-related ForwardHealth applications and forms. Members can use [ACCESS](#) to check availability, apply for benefits, check current benefits, and report any changes.

## Obtaining a Personal Identification Number

To establish an account on the ForwardHealth Portal, providers are required to obtain a PIN. The PIN is a unique, nine-digit number assigned by ForwardHealth interChange for the sole purpose of allowing a provider to establish a Portal account. It is used in conjunction with the provider's login ID. Once the Portal account is established, the provider will be prompted to create a username and password for the account, which will subsequently be used to log in to the Portal.

*Note:* The PIN used to create the provider's Portal account is not the same PIN used for recertification on the Portal. Providers will receive a separate PIN for recertification.

A provider may need to request more than one PIN if he or she is a provider for more than one program or has more than one type of provider certification. A separate PIN will be needed for each provider certification. Health care providers will need to supply their NPI and corresponding taxonomy code when requesting an account. Non-healthcare providers will need to supply their unique provider number.

Providers may request a PIN by following these steps:

1. Go to the [Portal](#).
2. Click on the "Providers" link or button.
3. Click the "Request Portal Access" link from the Quick Links box on the right side of the screen.
4. At the Request Portal Access screen, enter the following information:
  - a. Health care providers are required to enter their NPI and click "Search" to display a listing of ForwardHealth certifications. Select the correct certification for the account. The taxonomy code, ZIP+4 code, and financial payer for that certification will be automatically populated. Enter the SSN or TIN.
  - b. Non-healthcare providers are required to enter their provider number, financial payer, and SSN or TIN. (This option should only be used by non-healthcare providers who are exempt from NPI requirements).

The financial payer is one of the following:

- Medicaid (Medicaid is the financial payer for Wisconsin Medicaid, BadgerCare Plus, and Senior Care).
- SSI.
- WCDP.
- The WWWP.

c. Click **Submit**.

d. Once the Portal Access Request is successfully completed, ForwardHealth will send a letter with the provider's PIN to the address on file.

## Online Handbook

The Online Handbook allows providers access to all policy and billing information for Wisconsin Medicaid, BadgerCare Plus, SeniorCare, and WCDP in one centralized place. A secure ForwardHealth Portal account is not required to use the Online Handbook as it is available to all Portal visitors.

Revisions to policy information are incorporated immediately after policy changes have been issued in *ForwardHealth Updates*. The Online Handbook also links to the [ForwardHealth Publications page](#), an archive section that providers can use to research past policy and procedure information.

The Online Handbook, which is available through the public area of the Portal, is designed to sort information based on user-entered criteria, such as program and provider type. It is organized into sections and chapters. Sections within each handbook may include the following:

- Certification.
- Claims.
- Coordination of Benefits.
- Managed Care.
- Member Information.
- Prior Authorization.

- Reimbursement.
- Resources.

Each section consists of separate chapters (e.g. claims submission, procedure codes), which contain further detailed information.

## Advanced Search Function

The Online Handbook has an advanced search function, which allows providers to search for a specific word or phrase within a user type, program, service area, or throughout the entire Online Handbook.

Providers can access the advanced search function by following these steps:

1. Go to the Portal.
2. Click the "Online Handbooks" link in the upper left "Providers" box.
3. Complete the two drop-down selections at the right to narrow the search by program and service area, if applicable. This is not needed if providers wish to search the entire Online Handbook.
4. Click "Advanced Search" to open the advanced search options.
5. Enter the word or phrase you would like to search.
6. Select "Search within the options selected above" or "Search all handbooks, programs and service areas."
7. Click the "Search" button.

## ForwardHealth Publications Archive Area

The ForwardHealth Publications page of the Online Handbook allows providers to view old *Updates* and previous versions of the Online Handbook.

Providers can access the archive information area by following these steps:

1. Go to the Portal.
2. Click the "Online Handbooks" link in the upper left "Providers" box.
3. Click on the "Updates and Handbooks" link. (This link is below the three drop-down menus.)

## Other Business Enhancements on the Portal

The secure Provider area of the Portal enables providers to do the following:

- View RAs.
- Designate which trading partner is eligible to receive the provider's 835.
- Update and maintain provider file information. Providers will have the choice to indicate separate addresses for different business functions.

## Portal Account Administrators

Portal administrators are responsible for requesting, creating, and managing accounts to access these features for their organization.

There must be one administrator assigned for each Portal account and all users established for that account. The responsibilities of the Portal administrator include:

- Ensuring the security and integrity of all user accounts (clerk administrators and clerks) created and associated with their Portal account.
- Ensuring clerks or clerk administrators are given the appropriate authorizations they need to perform their functions for the provider, trading partner, or MCO.
- Ensuring that clerks or clerk administrator accounts are removed/deleted promptly when the user leaves the organization.
- Ensuring that the transactions submitted are valid and recognized by ForwardHealth.
- Ensuring that all users they establish know and follow security and guidelines as required by HIPAA. As Portal administrators establish their Portal account and create accounts for others to access private information, administrators are reminded that all users must comply with HIPAA. The HIPAA privacy and security rules require that the confidentiality, integrity, and availability of PHI are maintained at all times. The HIPAA Privacy Rule provides guidelines governing the disclosure of PHI. The HIPAA Security Rule delineates the security measures to be implemented for the protection of electronic PHI. If Portal administrators have any questions concerning the protection of PHI, visit the Portal for additional information.

Portal administrators have access to all secure functions for their Portal account.

## Establish an Administrator Account

All Portal accounts require an administrator account. The administrator is a selected individual who has overall responsibility for management of the account. Therefore, he or she has complete access to all functions within the specific secure area of his or her Portal and are permitted to add, remove, and manage other individual roles.

## Portal Clerk Administrators

A Portal administrator may choose to delegate some of the authority and responsibility for setting up and managing the users within their Portal account. If so, the Portal administrator may establish a clerk administrator. An administrator or clerk administrator can create, modify, manage or remove clerks for a Portal account. When a clerk is created, the administrator or clerk administrator must grant permissions to the clerks to ensure they have the appropriate access to the functions they will perform. A clerk administrator can only grant permissions that they themselves have. For example, if an administrator gives a clerk administrator permission only for enrollment verification, then the clerk administrator can only establish clerks with enrollment verification permissions.

Even if a Portal administrator chooses to create a clerk administrator and delegate the ability to add, modify, and remove users from the same account, the Portal administrator is still responsible for ensuring the integrity and security of the Portal account.

## Portal Clerks

The administrator (or the clerk administrator if the administrator has granted them authorization) may set up clerks within their Portal account. Clerks may be assigned one or many roles (i.e., claims, PA, enrollment verification). Clerks do not have the ability to establish, modify, or remove other accounts.

Once a clerk account is set up, the clerk account does not have to be established again for a separate Portal account. Clerks can easily be assigned a role for different Portal accounts (i.e., different ForwardHealth certifications). To perform work under a different Portal account for which they have been granted authorization, a clerk can use the "switch org" function and toggle between the Portal accounts to which they have access. Clerks may be granted different authorization in each Portal account (i.e., they may do enrollment verification for one Portal account, and HealthCheck inquires for another).

## Submitting Prior Authorization and Amendment Requests Via the Portal

Nearly all service areas can [submit PAs](#) via the ForwardHealth Portal. Providers can do the following:

- [Correct errors](#) on PAs or amendment requests via the Portal, regardless of how the PA was originally submitted.
- [View all recently submitted](#) and finalized and amendment requests.
- View the latest provider review and decision letters.
- [Receive messages](#) about PA and amendment requests that have been adjudicated or returned for provider review.

## Public Area of the Provider Portal

The public Provider area of the ForwardHealth Portal offers a variety of important business features and functions that will greatly assist in daily business activities with ForwardHealth programs.

### Maximum Allowable Fee Schedules

Within the Portal, all [fee schedules](#) for Medicaid, BadgerCare Plus, and WCDP are interactive and searchable. Providers can enter the DOS, along with other information such as procedure code, category of supplies, or provider type, to find the maximum allowable fee. Providers can also download all fee schedules.

### Online Handbook

The Online Handbook is the single source for all current policy and billing information for ForwardHealth. The Online Handbook is designed to sort information based on user-entered criteria, such as program and provider type.

Revisions to information are incorporated immediately after policy changes have been issued in *Updates*. The Online Handbook also links to the ForwardHealth Publications page, an archive section where providers can research past policy changes.

### ForwardHealth Publications Archive Section

The [ForwardHealth Publications page](#), available via the Quick Links box, lists *Updates*, *Update Summaries*, archives of provider Handbooks and provider guides, and monthly archives of the Online Handbook. The ForwardHealth Publications page contains both current and obsolete information for research purposes only. Providers should use the Online Handbook for current policy and procedure questions. The *Updates* are searchable by provider type or program (e.g., physician or HealthCheck "Other Services") and by year of publication.

## Training

Providers can register for all scheduled trainings and view online trainings via the [Portal Training page](#), which contains an up-to-date calendar of all available training. Additionally, providers can view [Webcasts](#) of select trainings.

## Contacting Provider Services

Providers and other Portal users will have an additional option for contacting Provider Services through the Contact link on the Portal. Providers can enter the relevant inquiry information, including selecting the preferred method of response (i.e., telephone call or e-mail) the provider wishes to receive back from Provider Services. Provider Services will respond to the inquiry within five business days. Information will be submitted via a secure connection.

## Online Certification

Providers can speed up the certification process for Medicaid by completing a [provider certification application](#) via the Portal. Providers can then track their application by entering their ATN given to them on completion of the application.

## Other Business Enhancements Available on the Portal

The public Provider area of the Portal also includes the following features:

- A ["What's New?"](#) section for providers that links to the latest provider publication summaries and other new information posted to the Provider area of the Portal.
- Home page for the provider. Providers have administrative control over their Portal homepage and can grant other employees access to specified areas of the Portal, such as claims and PA.
- [E-mail subscription](#) service for *Updates*. Providers can sign up to receive notifications of new provider publications via e-mail. Users are able to select, by program and service area, which publication notifications they would like to receive.
- A [forms library](#).

## Secure Area of the Provider Portal

Providers can accomplish many processes via the ForwardHealth Portal, including submitting, adjusting, and correcting claims, submitting and amending PA requests, and verifying enrollment.

## Claims and Adjustments Using the Portal

Providers can track the status of their submitted claims, submit individual claims, correct errors on claims, and determine what claims are in "pay" status on the Portal. Providers have the ability to search for and view the status of all of their finalized claims, regardless of how they were submitted (i.e., paper, electronic, clearinghouse). If a claim contains an error, providers can correct it on the Portal and resubmit it to ForwardHealth.

Providers can submit an individual claim or adjust a claim via DDE through the secure Portal.

## Submitting Prior Authorization and Amendment Requests Via the Portal

Nearly all service areas can submit PAs via the Portal. Providers can do the following:

- Correct errors on PAs or amendment requests via the Portal, regardless of how the PA was originally submitted.
- View all recently submitted and finalized PA and amendment requests.
- View the latest provider review and decision letters.
- Receive messages about PA and amendment requests that have been adjudicated or returned for provider review.

## Electronic Communications

The secure Portal contains a one-way message center where providers can receive electronic notifications and provider publications from ForwardHealth. All new messages display on the provider's main page within the secure Portal.

## Enrollment Verification

The secure Portal offers real-time member [enrollment verification](#) for all ForwardHealth programs. Providers are able to use this tool to determine:

- The health care program(s) in which the member is enrolled.
- Whether or not the member is enrolled in a state-contracted MCO.
- Whether or not the member has any third-party liability, such as Medicare or commercial health insurance.

Using the Portal to check enrollment may be more efficient than calling the AVR system or the EVS (although both are available).

Providers will be assigned a unique enrollment verification number for each inquiry. Providers can also use the "print screen" function to print a paper copy of enrollment verification inquiries for their records.

## Other Business Enhancements Available on the Portal

The secure Provider area of the Portal also enables providers to do the following:

- View RAs.
- Designate which trading partner is eligible to receive the provider's 835.
- Update and maintain provider file information. Providers will have the choice to indicate separate addresses for different business functions.

## System and Browser Requirements

The following table lists the recommended system and browser requirements for using the Portal. PES users should note that the Windows-based requirements noted in the table apply; PES cannot be run on Apple-based systems.

Recommended System Requirements	Recommended Browser Requirements
Windows-Based Systems	
Computer with at least a 500Mhz processor, 256 MB of RAM, and 100MB of free disk space	Microsoft Internet Explorer v. 6.0 or higher, or Firefox v. 1.5 or higher
Windows XP or higher operating system	
Apple-Based Systems	
Computer running a PowerPC G4 or Intel processor, 512 MB of RAM, and 150MB of free disk space	Safari, or Firefox v. 1.5 or higher
Mac OS X 10.2.x or higher operating system	

## Trading Partner Portal

The following information is available on the public [Trading Partner](#) area of the Portal:

- Trading partner [testing packets](#).
- [Trading Partner Profile](#) submission.
- [PES](#) software and upgrade information.
- EDI [companion documents](#).

In the secure Trading Partner area of the Portal, trading partners can exchange electronic transactions with ForwardHealth.

## Updates

---

### Full-Text Publications Available

Providers may request full-text versions of *ForwardHealth Updates* to be mailed to them by calling [Provider Services](#).

### General Information

*ForwardHealth Updates* are the first source of provider information. *Updates* announce the latest information on policy and coverage changes, PA submission requirements, claims submission requirements, and training announcements.

The *ForwardHealth Update Summary* is distributed on a monthly basis and contains an overview of *Updates* published that month. Providers with a ForwardHealth Portal account will be notified through their Portal mailbox when the *Update Summary* is available on the Portal. Providers without a Portal account will receive a paper copy of the *Update Summary* unless they have opted out of receiving paper publications.

Providers may obtain copies of *Updates* listed in the *Update Summary* from the Portal. A Web address that directly links providers to a list of each month's *Updates* is listed in the *Update Summary*. Providers may then print specific articles to keep on paper as well as navigate to other Medicaid information available on the Portal.

Providers without Internet access may call [Provider Services](#) to request a paper copy of an *Update*. To expedite the call, correspondents will ask providers for the *Update* number. Providers should allow seven to 10 business days for delivery.

Revisions to policy information are incorporated into the Online Handbook immediately after policy changes have been issued in *Updates*. The Online Handbook also includes a link to the [ForwardHealth Publications page](#), an archive section where providers can research past changes.

### Multiple Ways to Access ForwardHealth Publications

Providers may choose to receive notification on paper via U.S. mail or through a new e-mail subscription service. Providers who have established a ForwardHealth Portal account will automatically receive notification of *ForwardHealth Updates* and the monthly *ForwardHealth Update Summary* in their Portal message box. Providers will receive notification via their Portal accounts or e-mail subscription much sooner than on paper. Certain providers may choose not to receive *Updates* and the monthly *Update Summary*.

### ForwardHealth Portal Account

Providers who establish a Portal account will not receive the *Update Summary* on paper through the U.S. mail. Providers are still bound to the program's rules, policies, and regulations even if they do not receive the *Update Summary* through the mail.

### Mail

ForwardHealth will mail the monthly *Update Summary* to providers who do not have a Portal account.

### E-mail Subscription Service

Providers and other interested parties may sign up on the Portal to receive e-mail notifications of new provider publications. Users are able to select, by program (Wisconsin Medicaid, BadgerCare Plus, or WCDP) and provider type (e.g., physician, hospital, DME vendor), and which publication notifications they would like to receive. Any number of staff or other interested parties from an organization may sign up for an e-mail subscription. Providers who sign up for an e-mail subscription will continue to receive paper copies of the monthly *Update Summary* unless they have a Portal account or have opted out of receiving paper publications.

Users may sign up for an e-mail subscription by following these steps:

1. Go to the Portal.
2. Click on the "Providers" link or button.
3. Click the "Subscribe to Provider Notifications" link from the Quick Links box on the right side of the screen.
4. Register by supplying e-mail address.

Users may register for additional electronic subscriptions by adding service areas listed under "Available Subscriptions" on the right side of the subscriptions page.

## WiCall

### Enrollment Inquiries

WiCall is an [AVR](#) system that allows providers with touch-tone telephones direct access to enrollment information. A [WiCall Quick Reference Guide for Enrollment Inquiries](#) is available.

Information from WiCall will be returned in the following order if applicable to the member's current enrollment:

- Transaction number: A number will be given as a transaction confirmation that providers should keep for their records.
- Benefit enrollment: All benefit plans the member is enrolled in on the DOS or within the [DOS range selected for the financial payer](#).
- County Code: The member's county code will be provided if available. The county code is a two-digit code between 01 and 72 that represents the county in which member resides. If the enrollment response reflects that the member resides in a designated HPSA on the DOS or within the DOS range selected, HPSA information will be given.
- MCO: All information about state-contracted MCO enrollment, including MCO names and telephone numbers (that exists on the DOS or within the DOS range selected), will be listed. This information is applicable to Medicaid and BadgerCare Plus members only.
- Hospice: If the member is enrolled in the hospice benefit on the DOS or within the DOS range that the provider selected, the hospice information will be given. This information is applicable to Medicaid and BadgerCare Plus members only.
- Lock-in: Information about the [Pharmacy Services Lock-In Program](#) that exists on the DOS or within the DOS range selected will be provided. This information is applicable to Medicaid, BadgerCare Plus, and SeniorCare members only.
- Medicare: All information about Medicare coverage, including type of coverage and Medicare number, if available, that exists on the DOS or within the DOS range selected will be listed.
- Other Commercial Insurance Coverage: All information about commercial coverage, including carrier names and telephone numbers, if available, that exists on the DOS or within the DOS range selected will be listed.
- Transaction Completed: After the member's enrollment information has been given using the financial payer that was selected, providers will be given the following options:
  - To hear the information again.
  - To request enrollment information for the same member using a different financial payer.
  - To hear another member's enrollment information using the same financial payer.
  - To hear another member's enrollment information using a different financial payer.
  - To return to the main menu.

WiCall is available 24 hours a day, seven days a week. If for some reason the system is unavailable, providers may call [Provider Services](#).

### Transaction Number

The AVR system issues a transaction number every time a provider verifies enrollment, even when an individual is *not* enrolled in BadgerCare Plus or Wisconsin Medicaid. The provider should retain this transaction number. It is proof that an inquiry was made about the member's enrollment. If a provider thinks a claim was denied in error, the provider can reference the transaction number to ForwardHealth to confirm the enrollment response that was actually given.

### Entering Letters into WiCall

For some WiCall inquiries, health care providers are required to enter their taxonomy code with their NPI. Because taxonomy codes are a combination of numbers and letters, telephone key pad combinations, shown in the table below, allow providers to successfully enter taxonomy code letters for WiCall functions (e.g., press \*21 to enter an "A," press \*72 to enter an "R").

Letter	Key Combination	Letter	Key Combination
A	*21	N	*62
B	*22	O	*63
C	*23	P	*71
D	*31	Q	*11
E	*32	R	*72
F	*33	S	*73
G	*41	T	*81
H	*42	U	*82
I	*43	V	*83
J	*51	W	*91

K	*52	X	*92
L	*53	Y	*93
M	*61	Z	*12

Additionally, providers may select option 9 and press "#" for an automated voice explanation of how to enter letters in WiCall.

## Information Available Via WiCall

WiCall, ForwardHealth's AVR system, gathers inquiry information from callers through voice prompts and accesses ForwardHealth interChange to retrieve and "speak" back the following ForwardHealth information:

- Claim status.
- Enrollment verification.
- PA status.
- Provider CheckWrite information.

*Note:* ForwardHealth releases Checkwrite information to WiCall no sooner than on the first state business day following the financial cycle.

Providers are prompted to enter NPI or provider ID and in some cases, NPI-related data, to retrieve query information.

In all inquiry scenarios, WiCall offers the following options after information is retrieved and reported back to the caller:

- Repeat the information.
- Make another inquiry of the same type.
- Return to the main menu.
- Repeat the options.

## Claim Status

Providers may check the status of a specific claim by selecting the applicable program ("financial payer" option, i.e., Wisconsin Medicaid, WCDP, or WWWP) by entering their provider ID, member identification number, DOS, and the amount billed.

*Note:* Claim information for BadgerCare Plus and SeniorCare is available by selecting the Medicaid option.

## Enrollment Verification

Providers may request enrollment status for any date of eligibility the member has on file by entering their provider ID and the member ID. If the member ID is unknown, providers may enter the member's date of birth and SSN. Additionally, the provider is prompted to enter the "From DOS" and the "To DOS" for the inquiry. The "From" DOS is the earliest date the provider requires enrollment information and the "To" DOS must be within 365 days of the "From" DOS.

Each time a provider verifies member enrollment, the enrollment verification is saved and assigned a transaction number as transaction confirmation. Providers should note the transaction number for their records.

## Prior Authorization Status

Except in certain instances, providers may obtain the status of PA requests for Medicaid and WCDP via WiCall by entering their provider ID and the applicable PA number. If the provider does not know the PA number, there is an option to bypass entering the PA number and the caller will be prompted to enter other PA information such as member ID and type of service (i.e., NDC/procedure code, revenue code, or ICD-9-CM diagnosis code.) When a match is found, WiCall reports back the PA status information, including the PA number for future reference, and the applicable program.

Information on past PAs is retained indefinitely. Paper PAs require a maximum of 20 working days from receipt to be processed and incorporated into WiCall's PA status information.

*Note:* PA information for BadgerCare Plus and SeniorCare is available by selecting the Medicaid option.

## Quick Reference Guide

The WiCall [AVR Quick Reference Guide](#) displays the information available for WiCall inquiries.
