Archive Date:03/01/2012

Certification and Ongoing Responsibilities: Certification

Topic #196

Border Status Providers

A provider in a state that borders Wisconsin may be eligible for border-status certification. Border-status providers need to notify ForwardHealth in writing that it is common practice for members in a particular area of Wisconsin to seek their medical services.

Exceptions to this policy include:

- Nursing homes and public entities (e.g., cities, counties) outside Wisconsin are not eligible for border status.
- All out-of-state independent laboratories are eligible to be border-status providers regardless of location in the United States.

Providers who have been denied Medicaid certification in their own state are automatically denied certification by Wisconsin Medicaid unless they were denied because the services they provide are not a covered benefit in their state.

Certified border-status providers are subject to the same program requirements as in-state providers, including coverage of services and PA (prior authorization) and claims submission procedures. Reimbursement is made in accordance with ForwardHealth policies.

For more information about out-of-state providers, refer to [DHS 105.48](#), Wis. Admin. Code.

Topic #899

CLIA Certification or Waiver

Congress implemented CLIA (Clinical Laboratory Improvement Amendment) to improve the quality and safety of laboratory services. CLIA requires *all* laboratories and providers that perform tests (including waived tests) for health assessment or for the diagnosis, prevention, or treatment of disease or health impairment to comply with specific federal quality standards. This requirement applies even if only a single test is being performed.

CLIA Enrollment

The federal CMS (Centers for Medicare and Medicaid Services) sends CLIA enrollment information to ForwardHealth. The enrollment information includes CLIA identification numbers for all current laboratory sites. ForwardHealth verifies that laboratories are CLIA certified before Medicaid grants certification.

CLIA Regulations

ForwardHealth complies with the following federal regulations as initially published and subsequently updated:

- Public Health Service Clinical Laboratory Improvement Amendments of 1988.
- Title 42 CFR Part 493, Laboratory Requirements.

Scope of CLIA

CLIA governs all laboratory operations including the following:

- Accreditation.
- Certification.
- Fees.
- Patient test management.
- Personnel qualifications.
- Proficiency testing.
- Quality assurance.
- Quality control.
- Records and information systems.
- Sanctions.
- Test methods, equipment, instrumentation, reagents, materials, supplies.
- Tests performed.

CLIA regulations apply to *all* providers who perform CLIA-monitored laboratory services, including, but not limited to, the following:

- Clinics.
- HealthCheck providers.
- Independent clinical laboratories.
- Nurse midwives.
- Nurse practitioners.
- Osteopaths.
- Physician assistants.
- Physicians.
- Rural health clinics.

CLIA Certification Types

The CMS regulations require providers to have a CLIA certificate that indicates the laboratory is qualified to perform a category of tests.

Clinics or groups with a single group billing certification, but multiple CLIA numbers for different laboratories, may wish to contact [Provider Services](#) to discuss various certification options. There are five types of CLIA certificates as defined by CMS:

1. *Certificate of Waiver*. This certificate is issued to a laboratory to perform only waived tests. The CMS Web site identifies the most current list of [waived procedures](#). BadgerCare Plus identifies allowable waived procedures in [maximum allowable fee schedules](#).
2. *Certificate for Provider-Performed Microscopy Procedures (PPMP)*. This certificate is issued to a laboratory in which a physician, mid-level practitioner, or dentist performs no tests other than the microscopy procedures. This certificate permits the laboratory to also perform waived tests. The CMS Web site identifies the most current list of [CLIA-allowable provider-performed microscopy procedures](#). BadgerCare Plus identifies allowable provider-performed microscopy procedures in fee schedules.
3. *Certificate of Registration*. This certificate is issued to a laboratory and enables the entity to conduct moderate- or high-complexity laboratory testing, or both, until the entity is determined by survey to be in compliance with CLIA regulations.
4. *Certificate of Compliance*. This certificate is issued to a laboratory after an inspection that finds the laboratory to be in compliance with all applicable CLIA requirements.
5. *Certificate of Accreditation*. This is a certificate that is issued to a laboratory on the basis of the laboratory's accreditation by an accreditation organization approved by CMS. The six major approved accreditation organizations are:
 - JCAHO (Joint Commission on Accreditation of Healthcare Organizations).
 - CAP (College of American Pathologists).

- o COLA.
- o American Osteopathic Association.
- o American Association of Blood Banks.
- o ASHI (American Society of Histocompatibility and Immunogenetics).

Applying for CLIA Certification

Use the CMS 116 CLIA application to apply for program certificates. Providers may obtain CMS 116 forms from the [CMS Web site](#) or from the following address:

Division of Quality Assurance
 Clinical Laboratory Section
 1 W Wilson St
 PO Box 2969
 Madison WI 53701-2969

Providers Required to Report Changes

Providers are required to notify Provider Maintenance in writing within 30 days of any change(s) in ownership, name, location, or director. Also, providers are required to notify Provider Maintenance of changes in CLIA certificate types immediately and within six months when a specialty/subspecialty is added or deleted. Following is the address for providing written notification to Provider Maintenance:

ForwardHealth
 Provider Maintenance
 6406 Bridge Rd
 Madison WI 53784-0006

If a provider has a new certificate type to add to its certification information on file with ForwardHealth, the provider should send a copy of the new certificate to the above address. When a provider sends ForwardHealth a copy of a new CLIA certificate, the effective date on the certificate will become the effective date for CLIA certification on file with ForwardHealth.

Topic #3969

Categories of Certification

Wisconsin Medicaid certifies providers in four billing categories. Each billing category has specific designated uses and restrictions. These categories include the following:

- Billing/rendering provider.
- Rendering provider.
- Group billing that requires a rendering provider.
- Group billing that does not require a rendering provider.

Providers should refer to their certification materials or to service-specific information in the Online Handbook to identify what types of certification categories they may apply for or be assigned.

Billing/Rendering Provider

Certification as billing/rendering provider allows providers to identify themselves on claims (and other forms) as either the provider billing for the services or the provider rendering the services.

Rendering Provider

Certification as a rendering provider is given to those providers who practice under the professional supervision of another provider (e.g., physician assistants). Providers with a rendering provider certification cannot submit claims to ForwardHealth directly, but have reimbursement rates established for their provider type. Claims for services provided by a rendering provider must include the supervising provider or group provider as the billing provider.

Group Billing

Certification as a group billing provider is issued primarily as an accounting convenience. This allows a group billing provider to receive one reimbursement, one RA (Remittance Advice), and the 835 (835 Health Care Claim Payment/Advice) transaction for covered services rendered by individual providers within the group.

Group billing providers may not have more than one group certified by Wisconsin Medicaid, WCDP (Wisconsin Chronic Disease Program), or WWWP (Wisconsin Well Woman Program) with the same ZIP+4 address, NPI (National Provider Identifier), and taxonomy code combination. Providers at the same ZIP+4 address are required to differentiate their certification using an NPI or taxonomy code that uniquely identifies their group.

Group Billing That Requires a Rendering Provider

Individual providers within certain groups are required to be Medicaid certified because these groups are required to identify the provider who rendered the service on claims. Claims indicating these group billing providers that are submitted without a rendering provider are denied.

Group Billing That Does Not Require a Rendering Provider

Other groups (e.g., rehabilitation agencies) are not required to indicate a rendering provider on claims.

Group billing providers should refer to their certification materials or to service-specific information in the Online Handbook to determine whether or not a rendering provider is required on claims.

Topic #467

Certification Application

To participate in Wisconsin Medicaid, providers are required to be certified by Wisconsin Medicaid as described in [DHS 105](#), Wis. Admin. Code. Providers certified by Wisconsin Medicaid may render services to members enrolled in Wisconsin Medicaid, BadgerCare Plus, and SeniorCare.

Providers interested in becoming certified by Wisconsin Medicaid are required to complete a provider application that consists of the following forms and information:

- General certification information.
- Certification requirements.
- TOR (Terms of Reimbursement).
- Provider application.
- Provider Agreement and Acknowledgement of Terms of Participation.
- Other forms related to certification.

Providers may submit [certification applications](#) by mail or through the ForwardHealth Portal.

General Certification Information

This section of the provider application contains information on contacting ForwardHealth, certification effective dates, notification of certification decisions, provider agreements, and terms of reimbursement.

Certification Requirements

Wisconsin Administrative Code contains requirements that providers must meet in order to be certified with Wisconsin Medicaid; applicable Administrative Code requirements and any special certification materials for the applicant's provider type are included in the certification requirements document.

To become Medicaid certified, providers are required to do the following:

- Meet all certification requirements for their provider type.
- Submit a properly completed provider application, provider agreement, and other forms, as applicable, that are included in the certification packet.

Providers should carefully complete the certification materials and send all applicable documents demonstrating that they meet the stated Medicaid certification criteria. Providers may call [Provider Services](#) for assistance with completing these materials.

Terms of Reimbursement

Wisconsin Medicaid certification materials include Wisconsin Medicaid's TOR, which describes the methodology by which providers are reimbursed for services provided to BadgerCare Plus, Medicaid, and SeniorCare members. Providers should retain a copy of the TOR in their files. TOR are subject to change during a certification period.

Provider Application

A key part of the certification process is the completion of the Wisconsin Medicaid Provider Application. On the provider application, the applicant furnishes contact, address, provider type and specialty, license, and other information needed by Wisconsin Medicaid to make a certification determination.

Provider Agreement and Acknowledgement of Terms of Participation

As part of the application for certification, providers are required to sign a provider agreement with the DHS (Department of Health Services). Providers applying for certification through the Portal will be required to print, sign and date, and send the provider agreement to Wisconsin Medicaid. Providers who complete a paper provider application will need to sign and date the provider agreement and submit it with the other certification materials.

By signing a provider agreement, the provider certifies that the provider and each person employed by the provider, for the purpose of providing services, holds all licenses or similar entitlements and meets other requirements specified in [DHS 101 through DHS 109](#), Wis. Admin. Code, and required by federal or state statute, regulation, or rule for the provision of the service.

The provider's certification to participate in Wisconsin Medicaid may be terminated by the provider as provided at [DHS 106.05](#), Wis. Admin. Code, or by the DHS upon grounds set forth in [DHS 106.06](#), Wis. Admin. Code.

This provider agreement remains in effect as long as the provider is certified to participate in Wisconsin Medicaid.

Topic #190

Completing Certification Applications

Health care providers are required to include their NPI (National Provider Identifier) on the certification application.

Note: Obtaining an NPI does not replace the Wisconsin Medicaid certification process.

Portal Submission

Providers may apply for Medicaid certification directly through the [ForwardHealth Portal](#). Though the provider certification application is available via the public Portal, the data are entered and transmitted through a secure connection to protect personal data. Applying for certification through the Portal offers the following benefits:

- Fewer returned applications. Providers who apply through the Portal are taken through a series of screens that are designed to guide them through the application process. This ensures that required information is captured and therefore reduces the instances of applications returned for missing or incomplete information.
- Instant submission. At the end of the online application process, applicants instantly submit their application to ForwardHealth and are given an ATN (application tracking number) to use in tracking the status of their application.
- Indicates documentation requirements. At the end of the online process, applicants are also given detailed instructions about what actions are needed to complete the application process. For example, the applicant will be instructed to print the provider agreement and any additional forms that Wisconsin Medicaid must receive on paper and indicates whether supplemental information (e.g., transcripts, copy of license) is required. Applicants are also able to save a copy of the application for their records.

Paper Submission

Providers may also submit provider applications on paper. To request a paper provider application, providers should do one of the following:

- Contact [Provider Services](#).
- Click the "Contact Us" link on the Portal and send the request via e-mail.
- Send a request in writing to the following address:

ForwardHealth
Provider Maintenance
6406 Bridge Rd
Madison WI 53784-0006

Written requests for certification materials must include the following:

- The number of provider applications requested and each applicant's/provider's name, address, and telephone number (a provider application must be completed for each applicant/provider).
- The provider's NPI (for health care providers) that corresponds to the type of application being requested.
- The program for which certification is requested (Wisconsin Medicaid).
- The type of provider (e.g., physician, physician clinic or group, speech-language pathologist, hospital) or the type of services the provider intends to provide.

Paper provider applications are assigned an ATN at the time the materials are requested. As a result, [examples of the provider application are available](#) on the Portal for reference purposes only. These examples should not be downloaded and submitted to Wisconsin Medicaid. For the same reason, providers are not able to make copies of a single paper provider application and submit them for multiple applicants. These policies allow Wisconsin Medicaid to efficiently process and track certifications and assign effective dates.

Once completed, providers should mail certification materials to the address indicated on the application cover letter. Sending certification materials to any other Wisconsin Medicaid address may cause a delay.

Topic #191

Effective Date of Medicaid Certification

When assigning an initial effective date, ForwardHealth follows these regulations:

1. The date the provider submits his or her online provider application to ForwardHealth or contacts ForwardHealth for a paper application is the earliest effective date possible and will be the initial effective date if the following are true:
 - o The provider meets all applicable licensure, certification, authorization, or other credential requirements as a prerequisite for Wisconsin Medicaid on the date of notification. Providers should not hold their application for pending licensure, Medicare, or other required certification but submit it to ForwardHealth. ForwardHealth will keep the provider's application on file and providers should send ForwardHealth proof of eligibility documents immediately, once available, for continued processing.
 - o ForwardHealth received the provider agreement and any supplemental documentation within 30 days of submission of the online provider application.
 - o ForwardHealth received the paper application within 30 days of the date the paper application was mailed.
2. If ForwardHealth receives the provider agreement and any applicable supplemental documents more than 30 days after the provider submitted the online application or receives the paper application more than 30 days after the date the paper application was mailed, the provider's effective date will be the date the complete application was received at ForwardHealth.
3. If ForwardHealth receives the provider's application within the 30-day deadline described above and it is incomplete or unclear, the provider will be granted one 30-day extension to respond to ForwardHealth's request for additional information. ForwardHealth must receive a response to the request for additional information within 30 days from the date on the letter requesting the missing information or item(s). This extension allows the provider additional time to obtain proof of eligibility (such as license verification, transcripts, or other certification).
4. If the provider does not send complete information within the original 30-day deadline or 30-day extension, the initial effective date will be based on the date ForwardHealth receives the complete and accurate application materials.

Group Certification Effective Dates

Group billing certifications are given as a billing convenience. Groups (except providers of mental health services) may submit a written request to obtain group billing certification with a certification effective date back 365 days from the effective date assigned. Providers should mail requests to backdate group billing certification to the following address:

ForwardHealth
 Provider Maintenance
 6406 Bridge Rd
 Madison WI 53784-0006

Request for Change of Effective Date

If providers believe their initial certification effective date is incorrect, they may request a review of the effective date. The request should include documentation that indicates the certification criteria that were incorrectly considered. Requests for changes in certification effective dates should be sent to Provider Maintenance.

Medicare Enrollment

ForwardHealth requires certain types of providers to be enrolled in Medicare as a condition for Medicaid certification. This requirement is specified in the certification materials for these provider groups.

The enrollment process for Medicare is separate from Wisconsin Medicaid's certification process. Providers applying for Medicare enrollment *and* Medicaid certification are encouraged to apply for Wisconsin Medicaid certification at the same time they apply for Medicare enrollment, even though Medicare enrollment must be finalized first. By applying for Medicare enrollment and Medicaid certification simultaneously, it may be possible for ForwardHealth to assign a Medicaid certification effective date that is the same as the Medicare enrollment date.

Topic #1206

Federally Qualified Health Centers

To qualify for Medicaid FQHC (federally qualified health center) certification, a clinic must provide documentation that it is either designated by the federal HHS (Department of Health and Human Services) as an FQHC or that it receives funds under the Indian Self-Determination Act (Public Law 93-638).

1. A federal HHS FQHC is a community health center, migrant health center, or health care for the homeless program that meets one of the following:
 1. Receives a grant under the Public Health Services Act, Section 329, 330, or 340.
 2. Has been designated by the Secretary of the federal HHS as a facility that meets the requirements of receiving a grant (FQHC Look Alike).
 3. Has been granted a temporary waiver of the grant requirements by the Secretary of the federal HHS.
2. An Indian Self-Determination Act FQHC is an outpatient health program or facility operated by a tribe or tribal organization receiving funds under the Indian Self-Determination Act.

Physician and Dental Services

Medicaid-certified FQHCs may provide the following services and submit claims for these services:

- Physician.
- Dental (including dental hygienists).

The service areas for the above have information regarding covered services, PA (prior authorization) guidelines, and billing instructions.

Other Services

FQHCs may also be certified as the following provider types:

- Ambulance.
- Case Management.
- Community Support Programs.
- Day Treatment.
- DME (durable medical equipment).
- DMS (disposable medical supplies).
- ESRD. (end-stage renal disease)
- Family Planning Clinic.
- HealthCheck.
- Hospice.
- Outpatient Mental Health.

- Outpatient Substance Abuse.
- PC (personal care).
- PNCC (Prenatal Care Coordination).
- Rehabilitation Agency.
- RHC (rural health clinic).
- SMV (specialized medical vehicle).

Refer to the above service areas for information regarding covered services, PA guidelines, and billing instructions.

Topic #193

Materials for New Providers

On an ongoing basis, providers should refer to the Online Handbook for the most current BadgerCare Plus and Medicaid information. Future changes to policies and procedures are published in *ForwardHealth Updates*.

Certain providers may opt not to receive these materials by completing the Deletion from Publications Mailing List (F-11015 (10/08)) form in the certification materials. Providers who opt out of receiving publications are still bound by ForwardHealth's rules, policies, and regulations even if they choose not to receive *Updates* on an ongoing basis. *Updates* are available for viewing and downloading on the ForwardHealth Portal.

Topic #3410

Multiple Locations

The number of Medicaid certifications allowed or required per location is based on licensure, registration, certification by a state or federal agency, or an accreditation association identified in the Wisconsin Administrative Code. Providers with multiple locations should inquire if multiple applications must be completed when requesting a Medicaid certification application.

Topic #654

Multiple Services

Providers who offer a variety of services may be required to complete a separate Medicaid certification packet for each specified service/provider type.

Health care providers who are federally required to have an NPI (National Provider Identifier) are responsible for obtaining the appropriate certification for their NPI.

If a Medicaid-certified provider begins offering a new service *after* he or she has become initially certified, it is recommended that he or she call [Provider Services](#) to inquire if another application must be completed.

Topic #194

Noncertified In-State Providers

Wisconsin Medicaid reimburses noncertified in-state providers for providing emergency medical services to a member or providing services to a member during a time designated by the governor as a state of emergency. The emergency situation or the state of emergency must be sufficiently documented on the claim. Reimbursement rates are consistent with rates for Wisconsin

Medicaid-certified providers rendering the same service.

Claims from noncertified in-state providers must be submitted with an [In-State Emergency Provider Data Sheet \(F-11002 \(10/08\)\)](#). The In-State Emergency Provider Data Sheet provides ForwardHealth with minimal tax and licensure information.

Noncertified in-state providers may call [Provider Services](#) with questions.

Topic #4449

Notice of Certification Decision

Wisconsin Medicaid will notify the provider of the status of the certification usually within 10 business days, but no longer than 60 days, after receipt of the complete application for certification. Wisconsin Medicaid will either approve the application and issue the certification or deny the application. If the application for certification is denied, Wisconsin Medicaid will give the applicant reasons, in writing, for the denial.

Providers who meet the certification requirements will be sent a welcome letter and a copy of the signed provider agreement. Included with the letter is an attachment with important information such as effective dates and assigned provider type and specialty. This information will be used when conducting business with BadgerCare Plus, Medicaid, or SeniorCare.

The welcome letter will also notify non-healthcare providers (e.g., SMV (specialized medical vehicle) providers, personal care agencies, blood banks) of their Medicaid provider number. This number will be used on claim submissions, PA (prior authorization) requests, and other communications with ForwardHealth programs.

Topic #1619

Out-of-State Providers

Out-of-state providers are limited to those providers who are licensed in the United States (and its territories), Mexico, and Canada. Out-of-state providers are required to be licensed in their own state of practice.

Wisconsin Medicaid reimburses out-of-state providers for providing emergency medical services to a BadgerCare Plus or Medicaid member or providing services to a member during a time designated by the governor as a state of emergency. The emergency situation or the state of emergency must be sufficiently documented on the claim. Reimbursement rates are consistent with rates for Wisconsin Medicaid-certified providers providing the same service.

Out-of-state providers are reimbursed for services provided to eligible BadgerCare Plus or Medicaid members in either of the following situations:

- The service was provided in an emergency situation, as defined in [DHS 101.03\(52\)](#), Wis. Admin. Code.
- PA (prior authorization) was obtained from ForwardHealth *before* the nonemergency service was provided.

Claims from noncertified out-of-state providers must be submitted with an [Out-of-State Provider Data Sheet \(F-11001 \(10/08\)\)](#). The Out-of-State Provider Data Sheet provides Wisconsin Medicaid with minimal tax and licensure information.

Out-of-state providers may contact [Provider Services](#) with questions.

Topic #4457

Provider Addresses

ForwardHealth interChange has the capability of storing the following types of addresses and related information, such as contact information and telephone numbers:

- *Practice location address and related information (formally known as physical address)*. This address is where the provider's office is physically located and where records are normally kept. Additional information for the practice location includes the provider's office telephone number and telephone number for member's use. With limited exceptions, the practice location and telephone number for member's use are published in a provider directory made available to the public.
- *Mailing address*. This address is where ForwardHealth will mail general information and correspondence. Providers should indicate concise address information to aid in proper mail delivery.
- *PA (prior authorization) address*. This address is where ForwardHealth will mail PA information.
- *Financial addresses (formally known as payee address)*. Two separate financial addresses are stored in ForwardHealth interChange. The checks address is where Wisconsin Medicaid will mail paper checks. The 1099 mailing address is where Wisconsin Medicaid will mail IRS Form 1099.

Providers may submit additional address information or modify their current information through the ForwardHealth Portal or by using the [Provider Change of Address or Status \(F-1181 \(10/08\)\)](#) form.

Note: Providers are cautioned that any changes to their practice location on file with ForwardHealth may alter their ZIP+4 code information required on transactions. Providers may verify the ZIP+4 code for their address on the [U.S. Postal Service Web site](#).

Provider addresses are stored separately for each program (i.e., Medicaid, WCDP (Wisconsin Chronic Disease Program), and WWWP (Wisconsin Well Woman Program)) for which the provider is certified. Providers should consider this when supplying additional address information and keeping address information current. Providers who are certified for multiple programs and have an address change that applies to more than one program should provide this information for each program. Providers who submit these changes on paper need to submit *one* Provider Change of Address or Status form if changes are applicable for multiple programs.

Topic #1931

Provider Type and Specialty Changes

Providers who want to add a certification type or make a change to their certification type should call [Provider Services](#).

Topic #1932

Reinstating Certification

Providers whose Medicaid certification has ended for any reason other than sanctions or failure to be recertified may have their certification reinstated as long as all licensure and certification requirements are met. The criteria for reinstating certification vary, depending upon the reason for the cancellation and when the provider's certification ended.

If it has been less than 365 days since a provider's certification has ended, the provider is required to submit a letter or the [Provider Change of Address or Status \(F-1181 \(10/08\)\)](#) form, stating that he or she wishes to have his or her Medicaid certification reinstated.

If it has been more than 365 days since a provider's certification has ended, the provider is required to submit new certification materials. This can be done by completing them through the ForwardHealth Portal or submitting a paper provider application.

Topic #4448

Tracking Certification Materials

Wisconsin Medicaid allows providers to track the status of their certification application either through the ForwardHealth Portal or by calling [Provider Services](#). Providers who submitted their application through the Portal will receive the ATN (application tracking number) upon submission, while providers who request certification materials from Wisconsin Medicaid will receive an ATN on the application cover letter sent with their provider application. Regardless of how certification materials are submitted, providers may use one of the methods listed to track the status of their certification application.

Note: Providers are required to wait for the Notice of Certification Decision as official notification that certification has been approved. This notice will contain information the provider needs to conduct business with BadgerCare Plus, Medicaid, or SeniorCare; therefore, an approved or enrolled status alone does not mean the provider may begin providing or billing for services.

Tracking Through the Portal

Providers are able to track the status of a certification application through the [Portal](#) by entering their ATN. Providers will receive current information on their application, such as whether it's being processed or has been returned for more information.

Tracking Through Provider Services

Providers may also check on the status of their submitted application by contacting Provider Services and giving their ATN.

Documentation

Topic #6277

1099 Miscellaneous Forms

ForwardHealth generates the 1099 Miscellaneous form in January of each year for earnings greater than \$600.00, per IRS (Internal Revenue Service) regulations. One 1099 Miscellaneous form per financial payer and per tax identification number is generated, regardless of how many provider IDs or NPIs (National Provider Identifier) share the same tax identification number. For example, a provider who conducts business with both Medicaid and WCDP (Wisconsin Chronic Disease Program) will receive separate 1099 Miscellaneous forms for each program.

The 1099 Miscellaneous forms are sent to the address designated as the "1099 mailing address."

Topic #1640

Availability of Records to Authorized Personnel

The DHCAA (Division of Health Care Access and Accountability) has the right to inspect, review, audit, and reproduce provider records pursuant to [DHS 106.02\(9\)\(e\)](#), Wis. Admin. Code. The DHCAA periodically requests provider records for compliance audits to match information against ForwardHealth's information on paid claims, PA (prior authorization) requests, and enrollment. These records include, but are not limited to, medical/clinical and financial documents. Providers are obligated to ensure that the records are released to an authorized DHCAA staff member(s).

Wisconsin Medicaid reimburses providers \$0.06 per page for the cost of reproducing records requested by the DHCAA to conduct a compliance audit. A letter of request for records from the DHCAA will be sent to a provider when records are required.

Reimbursement is not made for other reproduction costs included in the provider agreement between the DHCAA and a provider, such as reproduction costs for submitting PA requests and claims.

Also, state-contracted MCOs (managed care organizations), including HMOs (Health Maintenance Organizations) and SSI (Supplemental Security Income) HMOs, are not reimbursed for the reproduction costs covered in their contract with the DHS (Department of Health Services).

The reproduction of records requested by the PRO (Peer Review Organization) under contract with the DHCAA is reimbursed at a rate established by the PRO.

Topic #200

Confidentiality

ForwardHealth supports member rights regarding the confidentiality of health care and other related records, including an applicant or member's billing information or medical claim records. An applicant or member has a right to have this information safeguarded, and the provider is obligated to protect that right. Therefore, use or disclosure of any information concerning applicants and members for any purpose not connected with program administration, including contacts with third-party payers that are necessary for pursuing third-party payment and the release of information as ordered by the court, is prohibited unless

authorized by the applicant or member.

To comply with the standards, providers are required to follow the procedures outlined in the Online Handbook to ensure the proper release of this information. ForwardHealth providers, like other health care providers, are also subject to other laws protecting confidentiality of health care information including, but not limited to, the following:

- [s. 146.81-146.84](#), Wis. Stats., Wisconsin health care confidentiality of health care information regulations.
- 42 USC s. 1320d - 1320d-8 (federal HIPAA (Health Insurance Portability and Accountability Act of 1996)) and accompanying regulations.

Any person violating this regulation may be fined an amount from \$25 up to \$500 or imprisoned in the county jail from 10 days up to one year, or both, for each violation.

A provider is not subject to civil or criminal sanctions when releasing records and information regarding applicants or members if such release is for purposes directly related to administration or if authorized in writing by the applicant or member.

Topic #201

Financial Records

According to [DHS 106.02\(9\)\(c\)](#), Wis. Admin. Code, a provider is required to maintain certain financial records in written or electronic form.

Topic #202

Medical Records

A dated clinician's signature must be included in all medical notes. According to [DHS 106.02\(9\)\(b\)](#), Wis. Admin. Code, a provider is required to include certain written documentation in a member's medical record.

Topic #199

Member Access to Records

Providers are required to allow members access to their health care records, including those related to ForwardHealth services, maintained by a provider in accordance with Wisconsin Statutes, excluding billing statements.

Fees for Health Care Records

Per [s. 146.83](#), Wis. Stats., providers may charge a fee for providing one set of copies of health care records to members who are enrolled in Wisconsin Medicaid or BadgerCare Plus programs on the date of the records request. This applies regardless of the member's enrollment status on the DOS (dates of service) contained within the health care records.

Per [s. 146.81\(4\)](#), Wis. Stats., health care records are all records related to the health of a patient prepared by, or under the supervision of, a health care provider.

Providers are limited to charging members enrolled in state-funded health care programs 25 percent of the applicable fees for providing one set of copies of the member's health care records.

Note: A provider may charge members 100 percent of the applicable fees for providing a second or additional set of copies of the

member's health care records.

For information regarding fees that may be charged to members for copies of health care records, refer to [s. 146.83\(3f\)](#), Wis. Stats.

Topic #203

Preparation and Maintenance of Records

All providers who receive payment from Wisconsin Medicaid, including state-contracted MCOs (managed care organizations), are required to maintain records that fully document the basis of charges upon which all claims for payment are made, according to [DHS 106.02\(9\)\(a\)](#), Wis. Admin. Code. This required maintenance of records is typically required by any third-party insurance company and is not unique to ForwardHealth.

Topic #204

Record Retention

Providers are required to retain documentation, including medical and financial records, for a period of not less than five years from the date of payment, except RHCs (rural health clinics), who are required to retain records for a minimum of six years from the date of payment.

According to [DHS 106.02\(9\)\(d\)](#), Wis. Admin. Code, providers are required to retain all evidence of billing information.

Ending participation as a provider does not end a provider's responsibility to retain and provide access to fully maintained records unless an alternative arrangement of record retention and maintenance has been established.

Reviews and Audits

The DHS (Department of Health Services) periodically reviews provider records. The DHS has the right to inspect, review, audit, and photocopy the records. Providers are required to permit access to any requested record(s), whether in written, electronic, or micrographic form.

Topic #205

Records Requests

Requests for billing or medical claim information regarding services reimbursed by ForwardHealth may come from a variety of individuals including attorneys, insurance adjusters, and members. Providers are required to notify ForwardHealth by contacting [Provider Services](#) when releasing billing information or medical claim records relating to charges for covered services except the following:

- When the member is a dual eligible (i.e., member is eligible for both Medicare and Wisconsin Medicaid or BadgerCare Plus) and is requesting materials pursuant to *Medicare* regulations.
- When the provider is attempting to exhaust all existing health insurance sources prior to submitting claims to ForwardHealth.

Request from a Member or Authorized Person

If the request for a member's billing information or medical claim records is from a member or authorized person acting on behalf of the member, the provider should send a copy of the requested billing information or medical claim records, along with the name and address of the requester, to the following address:

Department of Health Services
Casualty/Subrogation Program
PO Box 6243
Madison WI 53791

ForwardHealth will process and forward the requested information to the requester.

Request from an Attorney, Insurance Company, or Power of Attorney

If the request for a member's billing information or medical claim records is from an attorney, insurance company, or power of attorney, the provider should do the following:

1. Obtain a release signed by the member or authorized representative.
2. Furnish the requested material to the requester, marked "BILLED TO FORWARDHEALTH" or "TO BE BILLED TO FORWARDHEALTH," with a copy of the release signed by the member or authorized representative. Approval from ForwardHealth is not necessary.
3. Send a copy of the material furnished to the requestor, along with a copy of their original request and medical authorization release to:

Wisconsin Casualty Recovery — HMS
Ste 100
5615 Highpoint Dr
Irving TX 75038-9984

Request for Information About a Member Enrolled in a State-Contracted Managed Care Organization

If the request for a member's billing information or medical claim records is for a member enrolled in a state-contracted MCO (managed care organization), the provider is required to do the following:

1. Obtain a release signed by the member or authorized representative.
2. Send a copy of the letter requesting the information, along with the release signed by the member or authorized representative, directly to the MCO.

The MCO makes most benefit payments and is entitled to any recovery that may be available.

Request for a Statement from a Dual Eligible

If the request is for an itemized statement from a dual eligible, pursuant to HR 2015 (Balanced Budget Act of 1997) s. 4311, a dual eligible has the right to request and receive an itemized statement from his or her Medicare-certified health care provider. The Act requires the provider to furnish the requested information to the member. The Act does *not* require the provider to notify ForwardHealth.

Topic #1646

Release of Billing Information to Government Agencies

Providers are permitted to release member information without informed consent when a written request is made by the DHS (Department of Health Services) or the federal HHS (Department of Health and Human Services) to perform any function related to program administration, such as auditing, program monitoring, and evaluation.

Providers are authorized under Wisconsin Medicaid confidentiality regulations to report suspected misuse or abuse of program benefits to the DHS, as well as to provide copies of the corresponding patient health care records.

Ongoing Responsibilities

Topic #220

Accommodating Members with Disabilities

All providers, including ForwardHealth providers, operating an existing public accommodation have requirements under [Title III of the Americans with Disabilities Act of 1990 \(nondiscrimination\)](#).

Topic #215

Change in Ownership

New certification materials, including a provider agreement, must be completed whenever a change in ownership occurs. ForwardHealth defines a "change in ownership" as when a different party purchases (buys out) or otherwise obtains ownership or effective control over a practice or facility. Examples of a change in ownership include the following:

- A sole proprietorship transfers title and property to another party.
- Two or more corporate clinics or centers consolidate and a new corporate entity is created.
- There is an addition, removal, or substitution of a partner in a partnership.
- An incorporated entity merges with another incorporated entity.
- An unincorporated entity (sole proprietorship or partnership) becomes incorporated.

The following provider types require Medicare enrollment and/or [DQA \(Division of Quality Assurance\) certification](#) for Wisconsin Medicaid certification change in ownerships:

- Ambulatory surgery centers.
- ESRD (end-stage renal disease) services providers.
- FQHCs (federally qualified health centers).
- Home health agencies.
- Hospice providers.
- Hospitals (inpatient and outpatient).
- Nursing homes.
- Outpatient rehabilitation facilities.
- Rehabilitation agencies.
- RHCs (rural health clinics).

All changes in ownership must be reported in writing to ForwardHealth and new certification materials must be completed *before* the effective date of the change. The affected provider numbers should be noted in the letter. When the change in ownership is complete, the provider(s) will receive written notification of his or her provider number and the new Medicaid certification effective date in the mail.

Providers with questions about change in ownership should call [Provider Services](#).

Repayment Following Change in Ownership

Medicaid-certified providers who sell or otherwise transfer their business or business assets are required to repay ForwardHealth for any erroneous payments or overpayments made to them by Wisconsin Medicaid. If necessary, the provider to whom a

transfer of ownership is made will also be held liable by ForwardHealth for repayment. Therefore, prior to final transfer of ownership, the provider acquiring the business is responsible for contacting ForwardHealth to ascertain if he or she is liable under this provision.

The provider acquiring the business is responsible for making payments within 30 days after receiving notice from the DHS (Department of Health Services) that the amount shall be repaid in full.

Providers may send inquiries about the determination of any pending liability on the part of the owner to the following address:

Division of Health Care Access and Accountability
Bureau of Program Integrity
PO Box 309
Madison WI 53701-0309

ForwardHealth has the authority to enforce these provisions within four years following the transfer of a business or business assets. Refer to [s. 49.45\(21\)](#), Wis. Stats., for complete information.

Topic #219

Civil Rights Compliance (Nondiscrimination)

Providers are required to comply with all federal laws relating to Title XIX of the Social Security Act and state laws pertinent to ForwardHealth, including the following:

- Title VI and VII of the Civil Rights Act of 1964.
- The Age Discrimination Act of 1975.
- Section 504 of the Rehabilitation Act of 1973.
- The ADA (Americans with Disabilities Act) of 1990.

The previously listed laws require that all health care benefits under ForwardHealth be provided on a nondiscriminatory basis. No applicant or member can be denied participation in ForwardHealth or be denied benefits or otherwise subjected to discrimination in any manner under ForwardHealth on the basis of race, color, national origin or ancestry, sex, religion, age, disability, or association with a person with a disability.

Any of the following actions may be considered discriminatory treatment when based on race, color, national origin, disability, or association with a person with a disability:

- Denial of aid, care, services, or other benefits.
- Segregation or separate treatment.
- Restriction in any way of any advantage or privilege received by others. (There are some program restrictions based on eligibility classifications.)
- Treatment different from that given to others in the determination of eligibility.
- Refusing to provide an oral language interpreter to persons who are considered LEP (limited English proficient) at no cost to the LEP individual in order to provide meaningful access.
- Not providing translation of vital documents to the LEP groups who represent five percent or 1,000, whichever is smaller, in the provider's area of service delivery.

Note: Limiting practice by age is not age discrimination and specializing in certain conditions is not disability discrimination. For further information, see 45 CFR Part 91.

Providers are required to be in compliance with the previously mentioned laws as they are currently in effect or amended. Providers who employ 25 or more employees and receive \$25,000 or more annually in Medicaid reimbursement are also

required to comply with the DHS (Department of Health Services) [Affirmative Action and Civil Rights Compliance Plan](#) requirements. Providers that employ less than 25 employees and receive less than \$25,000 annually in Medicaid reimbursement are required to comply by submitting a Letter of Assurance and other appropriate forms.

Providers without Internet access may obtain copies of the DHS Affirmative Action and Civil Rights Compliance Plan (including the Letter of Assurance and other forms) and instructions by calling the Affirmative Action and Civil Rights Compliance Officer at (608) 266-9372. Providers may also write to the following address:

AA/CRC Office
1 W Wilson St Rm 561
PO Box 7850
Madison WI 53707-7850

For more information on the acts protecting members from discrimination, refer to the civil rights compliance information in the Enrollment and Benefits booklet. The booklet is given to new ForwardHealth members by local county or tribal agencies. Potential ForwardHealth members can request the booklet by calling [Member Services](#).

Title VI of the Civil Rights Act of 1964

This act requires that all benefits be provided on a nondiscriminatory basis and that decisions regarding the provision of services be made without regard to race, color, or national origin. Under this act, the following actions are prohibited, if made on the basis of race, color, or national origin:

- Denying services, financial aid, or other benefits that are provided as a part of a provider's program.
- Providing services in a manner different from those provided to others under the program.
- Aggregating or separately treating clients.
- Treating individuals differently in eligibility determination or application for services.
- Selecting a site that has the effect of excluding individuals.
- Denying an individual's participation as a member of a planning or advisory board.
- Any other method or criteria of administering a program that has the effect of treating or affecting individuals in a discriminatory manner.

Title VII of the Civil Rights Act of 1964

This act prohibits differential treatment, based solely on a person's race, color, sex, national origin, or religion, in the terms and conditions of employment. These conditions or terms of employment are failure or refusal to hire or discharge compensation and benefits, privileges of employment, segregation, classification, and the establishment of artificial or arbitrary barriers to employment.

Federal Rehabilitation Act of 1973, Section 504

This act prohibits discrimination in both employment and service delivery based solely on a person's disability.

This act requires the provision of reasonable accommodations where the employer or service provider cannot show that the accommodation would impose an undue hardship in the delivery of the services. A reasonable accommodation is a device or service modification that will allow the disabled person to receive a provider's benefits. An undue hardship is a burden on the program that is not equal to the benefits of allowing that handicapped person's participation.

A handicapped person means any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment.

In addition, Section 504 requires "program accessibility," which may mean building accessibility, outreach, or other measures that

allow for full participation of the handicapped individual. In determining program accessibility, the program or activity will be viewed in its entirety. In choosing a method of meeting accessibility requirements, the provider shall give priority to those methods that offer a person who is disabled services that are provided in the most integrated setting appropriate.

Americans with Disabilities Act of 1990

Under Title III of the ADA (Americans with Disabilities Act) of 1990, any provider that operates an existing public accommodation has four specific requirements:

1. Remove barriers to make his or her goods and services available to and usable by people with disabilities to the extent that it is readily achievable to do so (i.e., to the extent that needed changes can be accomplished without much difficulty or expense).
2. Provide auxiliary aids and services so that people with sensory or cognitive disabilities have access to effective means of communication, unless doing so would fundamentally alter the operation or result in undue burdens.
3. Modify any policies, practices, or procedures that may be discriminatory or have a discriminatory effect, unless doing so would fundamentally alter the nature of the goods, services, facilities, or accommodations.
4. Ensure that there are no unnecessary eligibility criteria that tend to screen out or segregate individuals with disabilities or limit their full and equal enjoyment of the place of public accommodation.

Age Discrimination Act of 1975

The Age Discrimination Act of 1975 prohibits discrimination on the basis of age in programs and activities receiving federal financial assistance. The Act, which applies to all ages, permits the use of certain age distinctions and factors other than age that meet the Act's requirements.

Topic #198

Contracted Staff

Under a few circumstances (e.g., personal care, case management services), providers may contract with non-Medicaid certified agencies for services. Providers are legally, programmatically, and fiscally responsible for the services provided by their contractors and their contractor's services.

When contracting services, providers are required to monitor the contracted agency to ensure that the agency is meeting member needs and adhering to ForwardHealth requirements.

Providers are also responsible for informing a contracted agency of ForwardHealth requirements. Providers should refer those with whom they contract for services to ForwardHealth publications for program policies and procedures. ForwardHealth references and publications include, but are not limited to, the following:

- Wisconsin Administrative Code.
- *ForwardHealth Updates*.
- The Online Handbook.

Providers should encourage contracted agencies to visit the ForwardHealth Portal regularly for the most current information.

Topic #216

Examples of Ongoing Responsibilities

Responsibilities for which providers are held accountable are described throughout the Online Handbook. Medicaid-certified providers have responsibilities that include, but are not limited to, the following:

- Providing the same level and quality of care to ForwardHealth members as private-pay patients.
- Complying with all state and federal laws related to ForwardHealth.
- Obtaining PA (prior authorization) for services, when required.
- Notifying members in advance if a service is not covered by ForwardHealth and the provider intends to collect payment from the member for the service.
- Maintaining accurate medical and billing records.
- Retaining preparation, maintenance, medical, and financial records, along with other documentation, for a period of not less than five years from the date of payment, except rural health clinic providers who are required to retain records for a minimum of six years from the date of payment.
- Billing only for services that were actually provided.
- Allowing a member access to his or her records.
- Monitoring contracted staff.
- Accepting Medicaid reimbursement as payment in full for covered services.
- Keeping provider information (i.e., address, business name) current.
- Notifying ForwardHealth of changes in ownership.
- Responding to Medicaid recertification notifications.
- Safeguarding member confidentiality.
- Verifying member enrollment.
- Keeping up-to-date with changes in program requirements as announced in ForwardHealth publications.

Topic #217

Keeping Information Current

Types of Changes

Providers are required to notify ForwardHealth of changes, including the following:

- Address(es) — practice location and related information, mailing, PA (prior authorization), and/or financial.
- Business name.
- Contact name.
- Federal Tax ID number (IRS (Internal Revenue Service) number).
- Group affiliation.
- Licensure.
- NPI (National Provider Identifier).
- Ownership.
- Professional certification.
- Provider specialty.
- Supervisor of nonbilling providers.
- Taxonomy code.
- Telephone number, including area code.

Failure to notify ForwardHealth of changes may result in the following:

- Incorrect reimbursement.
- Misdirected payment.
- Claim denial.
- Suspension of payments in the event that provider mail is returned to ForwardHealth for lack of a current address.

Entering new information on a claim form or PA request is *not* adequate notification of change.

Address Changes

Healthcare providers who are federally required to have an NPI are cautioned that changes to their practice location address on file with ForwardHealth may alter their ZIP+4 code information that is required on transactions.

Submitting Changes in Address or Status

Once certified, providers are required to submit changes in address or status as they occur, either through the Portal or on paper.

ForwardHealth Portal Submission

After establishing a provider account on the ForwardHealth Portal, providers may make changes to their demographic information online. Changes made through the Portal instantly update the provider's information in ForwardHealth interChange. In addition, since the provider is allowed to make changes directly to his or her information, the process does not require re-entry by ForwardHealth.

Providers should note, however, that the demographic update function of the Portal limits certain providers from modifying some types of information. Providers who are not able to modify certain information through the Portal may make these changes using the [Provider Change of Address or Status \(F-01181 \(09/11\)\)](#) form.

Paper Submission

Providers must use the Provider Change of Address or Status form. Copies of old versions of this form will not be accepted and will be returned to the provider so that he or she may complete the current version of the form or submit changes through the Portal.

Change Notification Letter

When a change is made to certain provider information, either through the use of the Provider Change of Address or Status form or through the Portal, ForwardHealth will send a letter notifying the provider of the change(s) made. Providers should carefully review the Provider File Information Change Summary included with the letter. If any information on this summary is incorrect, providers may do one of the following:

- If the provider made an error while submitting information on the Portal, he or she should correct the information through the Portal.
- If the provider submitted incorrect information using the Provider Change of Address or Status form, he or she should either submit a corrected form or correct the information through the Portal.
- If the provider submitted correct information on the Provider Change of Address or Status form and believes an error was made in processing, he or she can contact [Provider Services](#) to have the error corrected or submit the correct information via the Portal.

Notify Division of Quality Assurance of Changes

Providers licensed or certified by the DQA (Division of Quality Assurance) are required to notify the DQA of changes to physical address, changes of ownership, and facility closures by calling (608) 266-8481.

Providers licensed or certified by the DQA are required to notify the DQA of these changes *before* notifying ForwardHealth. The DQA will then forward the information to ForwardHealth.

Topic #577

Legal Framework

The following laws and regulations provide the legal framework for BadgerCare Plus, Medicaid, and Wisconsin Well Woman Medicaid:

- Federal Law and Regulation:
 - Law — United States Social Security Act; Title XIX (42 US Code ss. 1396 and following) and Title XXI.
 - Regulation — Title 42 CFR Parts 430-498 and Parts 1000-1008 (Public Health).
- Wisconsin Law and Regulation:
 - Law — Wisconsin Statutes: [49.43-49.499](#), [49.665](#), and [49.473](#).
 - Regulation — Wisconsin Administrative Code, Chapters [DHS 101](#), [102](#), [103](#), [104](#), [105](#), [106](#), [107](#), and [108](#).

Laws and regulations may be amended or added at any time. Program requirements may not be construed to supersede the provisions of these laws and regulations.

The information included in the ForwardHealth Portal applies to BadgerCare Plus, Medicaid, and Wisconsin Well Woman Medicaid. BadgerCare Plus, Medicaid, and Wisconsin Well Woman Medicaid are administered by the DHS (Department of Health Services). Within the DHS, the DHCAA (Division of Health Care Access and Accountability) is directly responsible for managing these programs.

Prescription

Topic #525

General Requirements

It is vital that prescribers provide adequate supporting clinical documentation for a pharmacy or other dispensing providers to fill a prescription. Except as otherwise provided in federal or state law, a prescription must be in writing or given orally and later reduced to writing by the provider filling the prescription. The prescription must include the following information:

- The name, strength, and quantity of the drug or item prescribed.
- The service required, if applicable.
- The date of issue of the prescription.
- The prescriber's name and address.
- The member's name and address.
- The prescriber's signature (if the prescriber writes the prescription) and date signed.
- The directions for use of the prescribed drug, item, or service.

Drug Enforcement Agency Number Audits

All prescriptions for controlled substances must indicate the DEA (Drug Enforcement Agency) number of the prescriber on all prescriptions. DEA numbers are not required on claims or PAs (prior authorizations).

Members in Hospitals and Nursing Homes

For hospital and nursing home members, prescriptions must be entered into the medical and nursing charts and must include the previously listed information. Prescription orders are valid for no more than one year from the date of the prescription except for controlled substances and prescriber-limited refills that are valid for shorter periods of time.

Topic #11117

Opioid Monthly Prescription Fill Limit

[Opioid drugs](#) are limited to five prescription fills per calendar month for BadgerCare Plus Standard Plan, BadgerCare Plus Benchmark Plan, BadgerCare Plus Core Plan, BadgerCare Plus Basic Plan, Wisconsin Medicaid, and SeniorCare members.

These limits do not affect members who are in a nursing home or hospice care.

The following drugs will be exempt from the opioid monthly prescription fill limit:

- Suboxone film and tablet.
- Buprenorphine tablet.
- Methadone solution.
- Opioid antitussive liquid.

Prescriber Responsibilities

If a member enrolled in the Standard Plan, Medicaid, and SeniorCare require more than five opioid prescription fills in a month, the prescriber may request a policy override through the [DAPO \(Drug Authorization and Policy Override\) Center](#). An override is required for each opioid fill that exceeds the five prescription fill limit per calendar month.

Members enrolled in the Benchmark Plan, the Core Plan, and the Basic Plan are not eligible to receive an opioid monthly prescription fill limit.

When calling the DAPO Center to request a policy override for opioids, the following information must be provided:

- Prescriber's name and NPI (National Provider Identifier).
- Member's name and ID.
- Pharmacy's name and telephone number where the member attempted to have the prescription filled.
- Date the prescription was attempted to be filled.
- Drug name, strength, and quantity.
- Instructions for use.

The DAPO Center will provide information to the prescriber regarding the member's recent medication history.

If the prescriber determines an override is medically necessary, the DAPO Center will record the override, and the prescriber should contact the member and the pharmacy. When contacting the member, the prescriber should use this opportunity to discuss the appropriate use of opioids.

If the prescriber decides that it is not medically necessary to override the opioid monthly prescription fill limit, the prescriber should contact the member and discuss follow-up care. If the override is not given, the prescriber should contact the pharmacy to have the prescription canceled.

Pharmacy Responsibilities

When pharmacies are contacted by a prescriber and notified that an override is available, the pharmacy should submit the claim for the opioid. Pharmacies are responsible for submitting claims for opioids within three days of the override being obtained by the prescriber. If the pharmacy provider does not submit the claim within the three day time period, the claim will be denied.

Note: If the pharmacy provider contacts the DAPO Center to obtain an override, the DAPO Center will inform the pharmacy provider that the prescriber is responsible for obtaining the override.

If a prescriber does not override the opioid monthly prescription fill limit for members enrolled in the Standard Plan, Medicaid, or SeniorCare, the service is considered noncovered.

If a pharmacy has difficulty with claim submission related to the opioid monthly prescription limit, contact the DAPO Center.

Exceptions

Opioid prescription fill limit exceptions are covered for members enrolled in the Standard Plan, Medicaid, and SeniorCare.

Members enrolled in the Benchmark Plan, the Core Plan, and the Basic Plan are not eligible to receive an opioid prescription fill limit exception.

Schedule III-V drugs

If the prescriber is unavailable, the DAPO Center will grant a 96-hour supply exception to exceed the opioid monthly prescription fill limit for a Schedule III-V drug if the following conditions are met:

- Member is enrolled in the Standard Plan, Medicaid, or SeniorCare.
- The pharmacy attempted to contact the prescriber (or the prescriber's agent) but the prescriber is unavailable (e.g., clinic is closed).
- The pharmacy must document on the prescription order that the prescriber is not available.
- The pharmacist confirmed that dispensing a 96-hour supply is medically necessary.
- A 96-hour supply exception was not previously granted within the current calendar month.

If the prescriber is unavailable and the DAPO Center is closed, then pharmacy providers may dispense a 96 hour supply if the following conditions are met:

- Member is enrolled in the Standard Plan, Medicaid, or SeniorCare.
- The pharmacy attempted to contact the prescriber (or the prescriber's agent), but the prescriber is unavailable (e.g., clinic is closed).
- The pharmacy must document on the prescription order that the prescriber is not available.
- The pharmacist confirmed that dispensing a 96-hour supply is medically necessary.
- A 96-hour supply exception was not previously granted within the current calendar month.

Only one 96-hour supply exception for opioid drugs is allowed per calendar month. Once the DAPO Center is open, the pharmacy must call to obtain the 96-hour supply exception.

The 96-hour supply exception may be retroactive up to five days (i.e., back dated).

If a 96-hour supply exception has already been provided in the same calendar month, the prescription is a noncovered service.

Schedule II Drugs

If the prescriber is unavailable, the DAPO Center may grant an exception for a Schedule II drug if the following conditions are met:

- Member is enrolled in the Standard Plan, Medicaid, or SeniorCare.
- The pharmacy attempted to contact the prescriber (or the physician's agent), but the prescriber is unavailable (e.g., clinic is closed).
- The pharmacy must document on the prescription order that the prescriber is not available.
- The pharmacist confirmed that it is medically necessary to dispense the drug.
- An exception for Schedule II drugs was not previously granted within the current calendar month.
- The pharmacist may dispense the full quantity indicated on the prescription order.

If the prescriber is unavailable and the DAPO Center is closed, the pharmacy may dispense an exception for a Schedule II drug if the following conditions are met:

- Member is enrolled in the Standard Plan, Medicaid, or SeniorCare.
- The pharmacy attempted to contact the prescriber (or the physician's agent), but the prescriber is unavailable (e.g., clinic is closed).
- The pharmacy documented on the prescription order that the prescriber is not available.
- The pharmacist confirmed that it is medically necessary to dispense the drug.
- The pharmacist may dispense the full quantity indicated on the prescription order.

Pharmacy providers are required to submit a [Noncompound Drug Claim \(F-13072 \(09/11\)\)](#) form, with a [Pharmacy Special Handling Request \(F-13074 \(04/11\)\)](#) form, indicating the following:

- The drug dispensed was a Schedule II drug and the opioid monthly prescription fill limit was exceeded.
- The pharmacy attempted to contact the prescriber (or the physician's agent), but the prescriber is unavailable (e.g., clinic is closed).

- The pharmacist is required to provide justification why it was medically necessary to dispense the Schedule II opioid before discussing with the prescriber an exception to the opioid monthly prescription fill limit.

Only one exception for Schedule II opioid is allowed per calendar month.

If a Schedule II opioid exception has already been provided in the same calendar month, the prescription is a noncovered service.

Topic #523

Prescriber Information for Drug Prescriptions

Most legend and certain OTC (over-the-counter) drugs are covered. (A legend drug is one whose outside package has the legend or phrase "Caution, federal law prohibits dispensing without a prescription" printed on it.)

Coverage for some drugs may be restricted by one of the following policies:

- PDL (Preferred Drug List).
- PA (prior authorization).
- Brand medically necessary drugs that require PA.
- Diagnosis-restricted drugs.
- Age-restricted and gender-restricted drugs.

Prescribers are encouraged to write prescriptions for drugs that do not have restrictions; however, processes are available to obtain reimbursement for medically necessary drugs that do have restrictions.

For the most current prescription drug information, refer to the [pharmacy data tables](#). Providers may also call [Provider Services](#) for more information.

Preferred Drug List

Most preferred drugs on the [PDL](#) *do not* require PA, although these drugs may have other restrictions (e.g., age, diagnosis); non-preferred drugs *do* require PA. Prescribers are encouraged to write prescriptions for preferred drugs; however, a PA process is available for non-preferred drugs if the drugs are medically necessary. Prescribers are encouraged to try more than one preferred drug, if medically appropriate for the member, before prescribing a non-preferred drug.

Prescriber Responsibilities for Non-preferred Drugs

Prescribers should determine the ForwardHealth benefit plan in which a member is enrolled before writing a prescription. If a member is enrolled in the BadgerCare Plus Standard Plan, Medicaid, or SeniorCare, prescribers are encouraged to write prescriptions for preferred drugs. Prescribers are encouraged to prescribe more than one preferred drug before a non-preferred drug is prescribed.

If a non-preferred drug or a preferred drug that requires clinical PA is medically necessary for a member, the prescriber is required to complete a PA request for the drug. Prescribers are required to complete the appropriate [PA form](#) and submit it to the pharmacy provider where the prescription will be filled. When completing the PA form, prescribers are reminded to sign and date the form. PA request forms may be faxed or mailed to the pharmacy provider, or the member may carry the form with the prescription to the pharmacy provider. The pharmacy provider will use the completed form to submit a PA request to ForwardHealth. The prescriber is required to attest on the form that the member meets the clinical criteria for PA approval. Prescribers should not submit PA forms to ForwardHealth.

Prescribers and pharmacy providers are required to retain a completed copy of the PA form.

For BadgerCare Plus Benchmark Plan, BadgerCare Plus Core Plan, and BadgerCare Plus Basic Plan members, prescribers should be aware of drugs covered by the benefit plan and write prescriptions for drugs that are covered by the plan.

If a noncovered drug is medically necessary for a Benchmark Plan, Core Plan, or Basic Plan member, the prescriber should inform the member the drug is not covered by the benefit plan. The prescriber should instruct the member to work with his or her pharmacy provider to determine whether or not the drug is covered by BadgerRx Gold.

Diagnosis-Restricted Drugs

Prescribers are required to include a diagnosis description on prescriptions for those [drugs that are diagnosis-restricted](#).

Prescribing Drugs Manufactured by Companies Who Have Not Signed the Rebate Agreement

By federal law, pharmaceutical manufacturers who participate in state Medicaid programs must sign a rebate agreement with the CMS (Centers for Medicare and Medicaid Services). BadgerCare Plus, Medicaid, and SeniorCare will cover legend and specific categories of OTC products of manufacturers who have signed a rebate agreement.

Note: SeniorCare does not cover OTC drugs, except insulin.

ForwardHealth has identified [drug manufacturers who have signed the rebate agreement](#). By signing the rebate agreement, the manufacturer agrees to pay ForwardHealth a rebate equal to a percentage of its "sales" to ForwardHealth.

Drugs of companies choosing not to sign the rebate agreement, with few exceptions, are not covered. A Medicaid-certified pharmacy can confirm for prescribers whether or not a particular drug manufacturer has signed the agreement.

Members Enrolled in the BadgerCare Plus Standard Plan, Medicaid, or SeniorCare (Levels 1 and 2a)

BadgerCare Plus, Medicaid, and SeniorCare levels 1 and 2a may cover certain FDA (Food and Drug Administration)-approved legend drugs through the PA process even though the drug manufacturers did not sign rebate agreements.

To submit a PA request for a drug without a signed rebate agreement, the prescriber should complete and submit the [PA/DGA \(Prior Authorization/Drug Attachment, F-11049 \(10/08\)\)](#) to the pharmacy where the drug will be dispensed. Pharmacies should complete the PA/RF and submit both forms and any supporting documentation to ForwardHealth. PAs can be submitted by paper, fax, or on the ForwardHealth Portal.

Included with the PA, the prescriber is required to submit documentation of medical necessity and cost-effectiveness that the non-rebated drug is the only available and medically appropriate product for treating the member. The documentation must include the following:

- A copy of the medical record or documentation of the medical history detailing the member's medical condition and previous treatment results.
- Documentation by the prescriber that shows why other drug products have been ruled out as ineffective or unsafe for the member's medical condition.
- Documentation by the prescriber that shows why the non-rebated drug is the most appropriate and cost-effective drug to treat the member's medical condition.

If a PA request for a drug without a signed manufacturer rebate is approved, claims for drugs without a signed rebate agreement must be submitted on paper. Providers should complete and submit the [Noncompound Drug Claim \(F-13072 \(09/11\)\)](#) indicating the actual NDC of the drug with the [Pharmacy Special Handling Request \(F-13074 \(04/11\)\)](#) form.

If a PA request for a drug without a signed manufacturer rebate is denied, the service is considered noncovered.

Members Enrolled in SeniorCare (Levels 2b and 3)

PA is not available for drugs from manufacturers without a separate, signed SeniorCare rebate agreement for members in levels 2b and 3. PA requests submitted for drugs without a separate, signed SeniorCare rebate agreement for members in levels 2b and 3 will be returned to the providers unprocessed and the service will be noncovered. Members do not have appeal rights regarding returned PA requests for noncovered drugs.

Members Enrolled in the BadgerCare Plus Benchmark, the BadgerCare Plus Core Plan, and the BadgerCare Plus Basic Plan

PA is not available for drugs that are not included on the [BadgerCare Plus Benchmark Plan Product List](#), [BadgerCare Plus Core Plan Product List](#), [BadgerCare Plus Core Plan Brand Name Drugs Quick Reference](#), and the [BadgerCare Plus Basic Plan Product List](#). PA requests submitted for noncovered drugs will be returned to providers unprocessed and the services will not be covered. Members do not have appeal rights regarding returned PA requests for noncovered drugs.

Drug Utilization Review System

The federal OBRA (Omnibus Budget Reconciliation Act of 1990) (42 CFR Parts 456.703 and 456.705) called for a DUR (Drug Utilization Review) program for all Medicaid-covered drugs to improve the quality and cost-effectiveness of member care. ForwardHealth's prospective DUR system assists pharmacy providers in screening certain drug categories for clinically important potential drug therapy problems before the prescription is dispensed to the member. The DUR system checks the member's entire drug history regardless of where the drug was dispensed or by whom it was prescribed.

Diagnoses from medical claims are used to build a medical profile for each member. The prospective DUR system uses this profile to determine whether or not a prescribed drug may be inappropriate or harmful to the member. It is very important that prescribers provide up-to-date medical diagnosis information about members on medical claims to ensure complete and accurate member profiles, particularly in cases of disease or pregnancy.

Note: The prospective DUR system does not dictate which drugs may be dispensed; prescribers and pharmacists must exercise professional judgment.

Prospective Drug Utilization Review's Impact on Prescribers

If a pharmacist receives an alert, a response is required before the drug can be dispensed to the member. This may require the pharmacist to contact the prescriber for additional information to determine if the prescription should be filled as written, modified, or cancelled. Prescribers should respond to inquiries, such as telephone calls or faxes, related to prescribed drugs from pharmacy providers.

Drugs with Three-Month Supply Requirement

ForwardHealth has identified a [list of drugs](#) for which pharmacy providers are required to dispense a three-month supply. The same list includes drugs that may be (but are not required to be) dispensed in a three-month supply.

Member Benefits

When it is appropriate for the member's medical condition, a three-month supply of a drug benefits the member in the following ways:

- Aiding compliance in taking prescribed generic, maintenance medications.
- Reducing the cost of member copayments.
- Requiring fewer trips to the pharmacy.
- Allowing the member to obtain a larger quantity of generic, maintenance drugs for chronic conditions (e.g., hypertension).

Prescribers are encouraged to write prescriptions for a three-month supply when appropriate for the member.

Prescription Quantity

A prescriber is required to indicate the appropriate quantity on the prescription to allow the dispensing provider to dispense the maintenance drug in a three-month supply. For example, if the prescription is written for "Hydrochlorothiazide 25 mg, take one tablet daily," the prescriber is required to indicate a quantity of 90 or 100 tablets on the prescription so the pharmacy provider can dispense a three-month supply. In certain instances, brand name drugs (e.g., oral contraceptives) may be dispensed in a three-month supply.

Pharmacy providers are not required to contact prescribers to request a new prescription for a three-month supply if a prescription has been written as a one-month supply with multiple or as needed (i.e., PRN) refills.

ForwardHealth will not audit or recoup three-month supply claims if a pharmacy provider changes a prescription written as a one-month supply with refills as long as the total quantity dispensed per prescription does not exceed the total quantity authorized by the prescriber.

Prescription Mail Delivery

Current Wisconsin law permits Wisconsin Medicaid-certified retail pharmacies to deliver prescriptions to members via the mail. Wisconsin Medicaid-certified retail pharmacies may dispense and mail any prescription or OTC medication to a Medicaid fee-for-service member at no additional cost to the member or Wisconsin Medicaid.

Providers are encouraged to use the mail delivery option if requested by the member, particularly for prescriptions filled for a three-month supply.

Noncovered Drugs

The following drugs are not covered:

- Drugs that are identified by the FDA as LTE (less-than-effective) or identical, related, or similar to LTE drugs.
- Drugs identified on the Wisconsin Negative Formulary.
- Drugs manufactured by companies who have not signed the rebate agreement.
- Drugs to treat the condition of ED (Erectile Dysfunction). Examples of noncovered drugs for ED are Viagra[®] and Cialis[®].

SeniorCare

[SeniorCare](#) is a prescription drug assistance program for Wisconsin residents who are 65 years of age or older and meet eligibility criteria. SeniorCare is modeled after Wisconsin Medicaid in terms of drug coverage and reimbursement, although there are a few differences. Unlike Medicaid, SeniorCare does not cover OTC drugs other than insulin.

Topic #4346

Tamper-Resistant Prescription Pad Requirement

Section 7002(b) of the U.S. Troop Readiness, Veterans' Care, Katrina Recovery, and Iraq Accountability Appropriations Act of

2007 imposed a requirement on prescriptions paid for by Medicaid, SeniorCare, or BadgerCare fee-for-service. The law requires that all written or computer-generated prescriptions that are given to a patient to take to a pharmacy must be written or printed on tamper-resistant prescription pads or tamper-resistant computer paper. This requirement applies to prescriptions for both controlled and noncontrolled substances.

All other Medicaid policies and procedures regarding prescriptions continue to apply.

Required Features for Tamper-Resistant Prescription Pads or Computer Paper

To be considered tamper-resistant, federal law requires that prescription pads/paper contain all three of the following characteristics:

- One or more industry-recognized features designed to prevent unauthorized copying of a completed or blank prescription form.
- One or more industry-recognized features designed to prevent the erasure or modification of information written on the prescription by the prescriber.
- One or more industry-recognized features designed to prevent the use of counterfeit prescription forms.

Exclusions to Tamper-Resistant Prescription Pad Requirement

The following are exclusions to the tamper-resistant prescription pad requirement:

- Prescriptions faxed directly from the prescriber to the pharmacy.
- Prescriptions electronically transmitted directly from the prescriber to the pharmacy.
- Prescriptions telephoned directly from the prescriber to the pharmacy.
- Prescriptions provided to members in nursing facilities, intermediate care facilities for the mentally retarded, and other specified institutional and clinical settings to the extent that drugs are part of their overall rate. However, written prescriptions filled by a pharmacy outside the walls of the facility are subject to the tamper-resistant requirement.

72-Hour Grace Period

Prescriptions presented by patients on non-tamper-resistant pads or paper may be dispensed and considered compliant if the pharmacy receives a compliant prescription order within 72 hours.

Coordination of Benefits

The federal law imposing these new requirements applies even when ForwardHealth is the secondary payer.

Retroactive Medicaid Eligibility

If a patient becomes retroactively eligible for ForwardHealth, the federal law presumes that prescriptions retroactively dispensed were compliant. However, prospective refills will require a tamper-resistant prescription.

Penalty for Noncompliance

Payment made to the pharmacy for a claim corresponding to a noncompliant order may be recouped, in full, by ForwardHealth.

Provider Numbers

Topic #1891

Group Billing Numbers

Claims that are submitted under an FQHC (federally qualified health center) group/clinic billing provider's NPI (National Provider Identifier) must include an appropriate rendering provider's NPI. The FQHC NPI should be included on all claims submitted for FQHC services.

Topic #4916

National Provider Identifier and Related Data

Health care providers are required to indicate NPI (National Provider Identifier) on electronic and paper transactions submitted to ForwardHealth.

The NPI is a 10-digit number obtained through NPPES (National Plan and Provider Enumeration System).

There are two kinds of NPIs:

- Entity Type 1 NPIs are for individuals who provide health care, such as a physician, dentist, and chiropractor.
- Entity Type 2 NPIs are for organizations that provide health care such as a hospital, group practice, pharmacy, and home health agency.

It is possible for a provider to qualify for both Entity Type 1 and Entity Type 2 NPIs. For example, an individual physical therapist may also be the owner of a therapy group that is a corporation and have two Wisconsin Medicaid certifications — one certification as an individual physical therapist and the other certification as the physical therapy group. A Type 1 NPI for the individual certification and a Type 2 NPI for the group certification are required.

NPIs and classifications may be viewed on the [NPPES](#) Web site. Refer to the [CMS \(Centers for Medicare and Medicaid Services\)](#) Web site for more Type 1 and Type 2 NPI information.

The following additional data is required with an NPI:

- The taxonomy code on file with ForwardHealth.
- The ZIP+4 code (complete, nine digits) that corresponds to the practice location address on file with ForwardHealth.

Omission of the required data will result in claim denials or incorrect payments.

Taxonomy Codes

Taxonomy codes are standard code sets used to provide information about provider type and specialty for the provider's certification. It is important for providers to indicate the taxonomy code, which serves as additional data to accurately identify providers.

Note: Taxonomy codes do not change provider certification or affect reimbursement terms.

Taxonomy Code Requirements for FQHCs

FQHCs (federally qualified health centers) are required to indicate the specific taxonomy code that is related to the appropriate certification for the service provided. The taxonomy code allows ForwardHealth to determine the correct provider file and information to use when processing the claim.

For example, if an FQHC, certified both as an FQHC clinic provider and an ambulance provider, uses the same NPI for both FQHC and ambulance services and submits a claim for an ambulance service, the taxonomy code for the ambulance certification should be indicated on the claim.

ZIP+4 Codes

The ZIP+4 code is the ZIP code of a provider's practice location address on file with ForwardHealth. Providers may verify the ZIP+4 code for their address at the [United States Postal Service](#).

Topic #5096

Taxonomy Codes

Taxonomy codes are standard code sets used to provide information about provider type and specialty for the provider's certification. ForwardHealth uses taxonomy codes as additional data for correctly matching the NPI (National Provider Identifier) to the provider file.

Providers are required to use a taxonomy code when the NPI reported to ForwardHealth corresponds to multiple certifications and the provider's practice location ZIP+4 code does not uniquely identify the provider.

Providers are allowed to report multiple taxonomy codes to ForwardHealth as long as the codes accurately describe the provider type and specialty for the provider's certification. When doing business with ForwardHealth, providers may use any one of the reported codes. Providers who report multiple taxonomy codes will be required to designate one of the codes as the primary taxonomy code; this primary code will be used by ForwardHealth for identification purposes.

Providers who wish to change their taxonomy code or add additional taxonomy codes may do so using the demographic maintenance link found in the secure Provider area of the ForwardHealth Portal. Alternatively, providers may use the [Provider Change of Address or Status \(F-01181 \(09/11\)\)](#) form to report new taxonomy codes.

Most taxonomy code changes entered through demographic maintenance will take effect in real time; providers may use the new codes immediately on transactions. Providers who submit new taxonomy codes using the Provider Change of Address or Status form will need to check demographic maintenance to verify ForwardHealth has received and added the new taxonomy codes prior to using them on transactions.

Omission of a taxonomy code when it is required as additional data to identify the provider will cause claims and other transactions to be denied or delayed in processing.

Note: Taxonomy codes do not change provider certification or affect reimbursement terms.

Topic #5097

ZIP Code

The ZIP code of a provider's practice location address on file with ForwardHealth must be a ZIP+4 code. The ZIP+4 code helps to identify a provider when the NPI (National Provider Identifier) reported to ForwardHealth corresponds to multiple

certifications and the reported taxonomy code does not uniquely identify the provider.

When a ZIP+4 code is required to identify a provider, omission of it will cause claims and other transactions to be denied or delayed in processing.

Providers may verify the ZIP+4 code for their address on the [United States Postal Service](#) Web site.

Provider Rights

Topic #208

A Comprehensive Overview of Provider Rights

Medicaid-certified providers have certain rights including, but not limited to, the following:

- Limiting the number of members they serve in a nondiscriminatory way.
- Ending participation in Wisconsin Medicaid.
- Applying for a discretionary waiver or variance of certain rules identified in Wisconsin Administrative Code.
- [Collecting payment from a member under limited circumstances.](#)
- Refusing services to a member if the member refuses or fails to present a ForwardHealth identification card. However, possession of a ForwardHealth card does not guarantee enrollment (e.g., the member may not be enrolled, may be enrolled only for limited benefits, or the ForwardHealth card may be invalid). Providers may confirm the current enrollment of the member by using one of the [EVS \(Enrollment Verification System\) methods](#), including calling [Provider Services](#).

Topic #207

Ending Participation

Providers other than home health agencies and nursing facilities may terminate participation in ForwardHealth according to [DHS 106.05](#), Wis. Admin. Code.

Providers choosing to withdraw should promptly notify their members to give them ample time to find another provider.

When withdrawing, the provider is required to do the following:

- Provide a written notice of the decision at least 30 days in advance of the termination.
- Indicate the effective date of termination.

Providers will not receive reimbursement for nonemergency services provided on and after the effective date of termination. Voluntary termination notices can be sent to the following address:

ForwardHealth
 Provider Maintenance
 6406 Bridge Rd
 Madison WI 53784-0006

If the provider fails to specify an effective date in the notice of termination, ForwardHealth may terminate the provider on the date the notice is received.

Topic #209

Hearing Requests

A provider who wishes to contest a DHS (Department of Health Services) action or inaction for which due process is required

under [s. 227](#), Wis. Stats., may request a hearing by writing to the DHA (Division of Hearings and Appeals).

A provider who wishes to contest the DHCAA's (Division of Health Care Access and Accountability) notice of intent to recover payment (e.g., to recoup for overpayments discovered in an audit by DHCAA) is required to request a hearing on the matter within the time period specified in the notice. The request, which must be in writing, should briefly summarize the provider's basis for contesting the DHS decision to withhold payment.

Refer to [DHS 106](#), Wis. Admin. Code, for detailed instructions on how to file an appeal.

If a timely request for a hearing is not received, the DHS may recover those amounts specified in its original notice from future amounts owed to the provider.

Note: Providers are not entitled to administrative hearings for billing disputes.

Topic #210

Limiting the Number of Members

If providers choose to limit the number of members they see, they cannot accept a member as a private-pay patient. Providers should instead refer the member to another ForwardHealth provider.

Persons applying for or receiving benefits are protected against discrimination based on race, color, national origin, sex, religion, age, disability, or association with a person with a disability.

Topic #206

Requesting Discretionary Waivers and Variances

In rare instances, a provider or member may apply for, and the DHCAA (Division of Health Care Access and Accountability) will consider applications for, a discretionary waiver or variance of certain rules in [DHS 102](#), [103](#), [104](#), [105](#), [107](#), and [108](#), Wis. Admin. Code. Rules that are not considered for a discretionary waiver or variance are included in [DHS 106.13](#), Wis. Admin. Code.

Waivers and variances are not available to permit coverage of services that are either expressly identified as noncovered or are not expressly mentioned in DHS 107, Wis. Admin. Code.

Requirements

A request for a waiver or variance may be made at any time; however, all applications must be made in writing to the DHCAA. All applications are required to specify the following:

- The rule from which the waiver or variance is requested.
- The time period for which the waiver or variance is requested.
- If the request is for a variance, the specific alternative action proposed by the provider.
- The reasons for the request.
- Justification that all requirements for a discretionary waiver or variance would be satisfied.

The DHCAA may also require additional information from the provider or the member prior to acting on the request.

Application

The DHCAA may grant a discretionary waiver or variance if it finds that all of the following requirements are met:

- The waiver or variance will not adversely affect the health, safety, or welfare of any member.
- Either the strict enforcement of a requirement would result in unreasonable hardship on the provider or on a member, or an alternative to a rule is in the interests of better care or management. An alternative to a rule would include a new concept, method, procedure or technique, new equipment, new personnel qualifications, or the implementation of a pilot project.
- The waiver or variance is consistent with all applicable state and federal statutes and federal regulations.
- Federal financial participation is available for all services under the waiver or variance, consistent with the Medicaid state plan, the federal CMS (Centers for Medicare and Medicaid Services), and other applicable federal program requirements.
- Services relating to the waiver or variance are medically necessary.

To apply for a discretionary waiver or variance, providers are required to send their application to the following address:

Division of Health Care Access and Accountability
Waivers and Variances
PO Box 309
Madison WI 53701-0309

Recertification

Topic #8517

An Overview

Each year approximately one-third of all Medicaid-certified providers undergo recertification. During provider recertification, providers update their information and sign the Wisconsin Medicaid Provider Agreement and Acknowledgement of Terms of Participation. Providers are required to complete the provider recertification process to continue their participation with Wisconsin Medicaid. For most providers, recertification will be conducted online at the ForwardHealth Portal. Providers will be notified when they need to be recertified and will be provided with instructions on how to complete the recertification process.

Topic #8521

Checking the Status of a Recertification Application

Providers may check the status of their recertification on the [ForwardHealth Portal](#) by entering the ATN (application tracking number) from the Provider Recertification Notice and pressing "Search."

Providers will receive one of the following status responses:

- "Approved." ForwardHealth has reviewed the recertification materials and all requirements have been met. ForwardHealth is completing updates to provider files.
- "Awaiting Additional Info." ForwardHealth has reviewed the recertification materials and has requested additional information from the provider. Providers will receive a letter via mail when additional materials or information are required to complete processing of the recertification materials.
- "Awaiting Follow-On Documents." ForwardHealth requires additional paper documents to process the recertification. After the provider has submitted recertification information online via the Portal, the final screen will list additional documents the provider must mail to ForwardHealth. ForwardHealth cannot complete processing until these documents are received. This status is primarily used for SMV (specialized medical vehicle) provider recertification.
- "Denied." The provider's recertification has been denied.
- "Failure to Recertify." The provider has not recertified by the established recertification deadline.
- "In Process." The recertification materials are in the process of being reviewed by ForwardHealth.
- "Paper Requested." The provider requested a paper recertification application and ForwardHealth has not received the paper application yet.
- "Recert Initiated." The Provider Recertification Notice and PIN (personal identification number) letter have been sent to the provider. The provider has not started the recertification process yet.
- "Recertified." The provider has successfully completed recertification. There are no actions necessary by the provider.
- "Referred To DHS." ForwardHealth has referred the provider recertification materials to the State Certification Specialist for recertification determination.

Topic #8519

Notification Letters

Providers undergoing recertification will receive two important letters in the mail from ForwardHealth:

- The Provider Recertification Notice. This is the first notice to providers. The Provider Recertification Notice contains identifying information about the provider who is required to complete recertification, the recertification deadline, and the ATN (application tracking number) assigned to the provider. The ATN is used when logging in to the ForwardHealth Portal to complete recertification and also serves as the tracking number when checking the status of the provider's recertification.
- The PIN (personal identification number) letter. Providers will receive this notice a few days after the Provider Recertification Notice. The PIN letter will contain a recertification PIN and instructions on logging in to the Portal to complete recertification.

The letters are sent to the mailing address on file with Wisconsin Medicaid. Providers should read these letters carefully and keep them for reference. The letters contain information necessary to log in to the secure Recertification area of the Portal to complete recertification. If a provider needs to replace one of the letters, the recertification process will be delayed.

Topic #8523

Paper Recertification Applications

Providers who do not have Internet access or who are not able to complete recertification via the ForwardHealth Portal should contact [Provider Services](#) to request a paper recertification application. Providers who request a paper application are required to complete the recertification process on paper and not online via the Portal to avoid duplicate recertification submissions.

Topic #8522

Recertification Completed by an Authorized Representative

A provider has several options for submitting information to the DHS (Department of Health Services), including electronic and Web-based submission methodologies that require the input of secure and discrete access codes but not written provider signatures.

The provider has sole responsibility for maintaining the privacy and security of any access code the provider uses to submit information to the DHS, and any individual who submits information using such access code does so on behalf of the provider, regardless of whether the provider gave the access code to the individual or had knowledge that the individual knew the access code or used it to submit information to the DHS.

Topic #8520

Recertification on the ForwardHealth Portal

Logging in to the Secure Recertification Area of the Portal

Once a provider has received the Provider Recertification Notice and PIN (personal identification number) letter, the provider may log in to the Recertification area of the ForwardHealth Portal to begin the recertification process.

The Recertification area of the Portal is not part of a Provider Portal account. Providers do not need a Provider Portal account to participate in recertification via the Portal. Providers are not able to access the Recertification area of the Portal by logging in to a Provider Portal account; providers must use the ATN (application tracking number) from the Provider Recertification Notice and PIN from the PIN letter to log in to the Recertification area of the Portal.

The Portal will guide providers through the recertification process. On each screen, providers are required to complete or verify information.

Completing Recertification

Providers are required to complete all of the recertification screens in a single session. The Portal will not save a provider's partial progress through the recertification screens. If a provider does not complete all of the recertification screens in a single session, the provider will be required to start over when logging in to the Recertification area of the Portal again.

It is important to read the final screen carefully and follow all instructions before exiting the recertification process. After exiting the recertification process, providers will not be able to retrieve the provider recertification documents for their records.

The final screen of the recertification process gives providers the option to print and save a PDF (Portable Document Format) version of the recertification information submitted to ForwardHealth. Providers whose recertification is approved immediately will also be able to print a copy of the approval letter and the Provider Agreement signed by the DHS (Department of Health Services).

In other cases, the final screen will give providers additional instructions to complete recertification, such as the following:

- The recertification application requires review. Providers are mailed the approval letter and other materials when the application is approved.
- Some providers may be required to send additional paper documentation to ForwardHealth.

Sanctions

Topic #211

Intermediate Sanctions

According to [DHS 106.08\(3\)](#), Wis. Admin. Code, the DHS (Department of Health Services) may impose intermediate sanctions on providers who violate certain requirements. Common examples of sanctions that the DHS may apply include the following:

- Review of the provider's claims before payment.
- Referral to the appropriate peer review organization, licensing authority, or accreditation organization.
- Restricting the provider's participation in BadgerCare Plus.
- Requiring the provider to correct deficiencies identified in a DHS audit.

Prior to imposing any alternative sanction under this section, the DHS will issue a written notice to the provider in accordance with [DHS 106.12](#), Wis. Admin. Code.

Any sanction imposed by the DHS may be appealed by the provider under DHS 106.12, Wis. Admin. Code. Providers may appeal a sanction by writing to the DHA (Division of Hearings and Appeals).

Topic #212

Involuntary Termination

The DHS (Department of Health Services) may suspend or terminate the Medicaid certification of any provider according to [DHS 106.06](#), Wis. Admin. Code.

The suspension or termination may occur if both of the following apply:

- The DHS finds that any of the grounds for provider termination are applicable.
- The suspension or termination will not deny members access to services.

Reasonable notice and an opportunity for a hearing within 15 days will be given to each provider whose certification is terminated by the DHS. Refer to [DHS 106.07](#), Wis. Admin. Code, for detailed information regarding possible sanctions.

In cases where Medicare enrollment is required as a condition of certification with Wisconsin Medicaid, termination from Medicare results in automatic termination from Wisconsin Medicaid.

Topic #213

Sanctions for Collecting Payment from Members

Under state and federal laws, if a provider inappropriately collects payment from an enrolled member, or authorized person acting on behalf of the member, that provider may be subject to program sanctions including termination of Medicaid certification. In addition, the provider may also be fined not more than \$25,000, or imprisoned not more than five years, or both, pursuant to 42 USC s. 1320a-7b(d) or [s. 49.49\(3m\)](#), Wis. Stats.

There may be narrow exceptions on when providers may [collect payment from members](#).

Topic #214

Withholding Payments

The DHS (Department of Health Services) may withhold full or partial Medicaid provider payments without prior notification if, as the result of any review or audit, the DHS finds reliable evidence of fraud or willful misrepresentation.

"Reliable evidence" of fraud or willful misrepresentation includes, but is not limited to, the filing of criminal charges by a prosecuting attorney against the provider or one of the provider's agents or employees.

The DHS is required to send the provider a written notice within five days of taking this action. The notice will generally set forth the allegations without necessarily disclosing specific information about the investigation.

Claims

2

Archive Date:03/01/2012

Claims:Overpayments

Topic #8417

Voiding Claims

Providers may void claims on the ForwardHealth Portal to return overpayments. This way of returning overpayments may be a more efficient and timely way for providers as a voided claim is a complete recoupment of the payment for the entire claim. Once a claim is voided, the claim can no longer be adjusted; however, the services indicated on the voided claim may be resubmitted on a new claim.

Responses

Topic #11537

National Correct Coding Initiative

As part of the federal Patient Protection and Affordable Care Act of 2010, the CMS (Centers for Medicare and Medicaid Services) are required to promote correct coding and control improper coding leading to inappropriate payment of claims under Medicaid. The NCCI (National Correct Coding Initiative) is the CMS response to this requirement. The CMS developed its coding policies based on coding conventions defined in the American Medical Association's CPT (Current Procedural Terminology) manual, national and local policies and edits, coding guidelines developed by national societies, analysis of standard medical and surgical practices, and a review of current coding practices. The NCCI includes the creation and implementation of claims processing edits to ensure correct coding on claims submitted for Medicaid reimbursement.

ForwardHealth is required to implement the NCCI in order to monitor all professional claims submitted with CPT or HCPCS (Healthcare Common Procedure Coding System) procedure codes for Wisconsin Medicaid, BadgerCare Plus, and Family Planning Only Services for compliance with the following NCCI edits:

- MUE (Medically Unlikely Edits), or units-of-service detail edits, for claims submitted on and after March 21, 2011, regardless of DOS (dates of service).
- Procedure-to-procedure detail edits for claims submitted on and after April 1, 2011, regardless of DOS.

The NCCI editing will occur in addition to/along with current procedure code review and editing completed by McKesson ClaimCheck[®] and in ForwardHealth interChange.

Medically Unlikely Detail Edits

MUE, or units-of-service detail edits, define for each CPT/HCPCS code the maximum units of service that a provider would report under most circumstances for a single member on a single DOS. If a detail on a claim is denied for MUE, providers will receive an EOB (Explanation of Benefits) code on the RA (Remittance Advice) indicating that the detail was denied due to NCCI.

An example of an MUE would be procedure code 11100 (i.e., biopsy of skin lesion). This procedure is medically unlikely to occur more than once; therefore, if it is billed with units greater than one, the detail will be denied.

Procedure-to-Procedure Detail Edits

Procedure-to-procedure detail edits define pairs of CPT/HCPCS codes that should not be reported together on the same DOS for a variety of reasons. This edit applies across details on a single claim or across different claims. For example, an earlier claim that was paid may be denied and recouped if a more complete code is billed for the same DOS on a separate claim. If a detail on a claim is denied for procedure-to-procedure edit, providers will receive an EOB code on the RA indicating that the detail was denied due to NCCI.

An example of a procedure-to-procedure edit would be procedure code 11451 (i.e., removal of a sweat gland lesion). This is a more complex service than procedure code 93000 (i.e., electrocardiogram) and, therefore, the secondary procedure would be denied.

Quarterly Code List Updates

The CMS will issue quarterly revisions to the table of codes subject to NCCI edits that ForwardHealth will adopt and implement. Refer to the [CMS Web site](#) for downloadable code lists.

Claim Details Denied as a Result of National Correct Coding Initiative Edits

Providers should take the following steps if they are uncertain about why particular services on a claim were denied:

- Review ForwardHealth remittance information for the EOB message related to the denial.
- Review the claim submitted to ensure all information is accurate and complete.
- Consult current CPT and HCPCS publications to make sure proper coding instructions were followed.
- Consult current ForwardHealth publications, including the Online Handbook, to make sure current policy and billing instructions were followed.
- Call [Provider Services](#) for further information or explanation.

If reimbursement for a claim or a detail on a claim is denied due to an MUE or procedure-to-procedure edit, providers may appeal the denial. Following are instructions for submitting an appeal:

- Complete the [Adjustment/Reconsideration Request \(F-13046 \(10/08\)\)](#) form. In Element 16, select the "Consultant review requested" checkbox and the "Other/comments" checkbox. In the "Other/comments" text box, indicate "Reconsideration of an NCCI denial."
- Attach notes/supporting documentation.
- Submit a claim, Adjustment/Reconsideration Request, and additional notes/supporting documentation to ForwardHealth for processing.

Topic #5018

Searching for and Viewing All Claims on the Portal

All claims, including compound, noncompound, and dental claims, are available for viewing on the ForwardHealth Portal.

To search and view claims on the Portal, providers may do the following:

- Go to the Portal.
- Log in to the secure Provider area of the Portal.
- The most recent claims processed by ForwardHealth will be viewable on the provider's home page or the provider may select "claim search" and enter the applicable information to search for additional claims.
- Select the claim the provider wants to view.

Submission

Topic #6957

Copy Claims on the ForwardHealth Portal

Providers can copy institutional, professional, and dental paid claims on the ForwardHealth Portal. Providers can open any paid claim, click the "Copy" button, and all of the information on the claim will be copied over to a new claim form. Providers can then make any desired changes to the claim form and click "Submit" to submit as a new claim. After submission, ForwardHealth will issue a response with a new ICN (internal control number) along with the claim status.

Topic #5017

Correct Errors on Claims and Resubmit to ForwardHealth on the Portal

Providers can view [EOB \(Explanation of Benefits\) codes](#) and descriptions for any claim submitted to ForwardHealth on the ForwardHealth Portal. The EOBs help providers determine why a claim did not process successfully, so providers may correct the error online and resubmit the claim. The EOB appears on the bottom of the screen and references the applicable claim header or detail.

Topic #4997

Direct Data Entry of Professional and Institutional Claims on the Portal

Providers can submit the following claims to ForwardHealth via DDE (Direct Data Entry) on the ForwardHealth Portal:

- Professional claims.
- Institutional claims.
- Dental claims.
- Compound drug claims.
- Noncompound drug claims.

DDE is an online application that allows providers to submit claims directly to ForwardHealth.

When submitting claims via DDE, required fields are indicated with an asterisk next to the field. If a required field is left blank, the claim will not be submitted and a message will appear prompting the provider to complete the specific required field(s). Portal help is available for each online application screen. In addition, search functions accompany certain fields so providers do not need to look up the following information in secondary resources.

On professional claim forms, providers may search for and select the following:

- Procedure codes.
- Modifiers.
- Diagnosis codes.

- Place of service codes.

On institutional claim forms, providers may search for and select the following:

- Type of bill.
- Patient status.
- Visit point of origin.
- Visit priority.
- Diagnosis codes.
- Revenue codes.
- Procedure codes.
- Modifiers.

On dental claims, providers may search for and select the following:

- Procedure codes.
- Rendering providers.
- Area of the oral cavity.
- Place of service codes.

On compound and noncompound drug claims, providers may search for and select the following:

- Diagnosis codes.
- NDCs (National Drug Codes).
- Place of service codes.
- Professional service codes.
- Reason for service codes.
- Result of service codes.

Using DDE, providers may submit claims for compound drugs and single-entity drugs. Any provider, including a provider of DME (durable medical equipment) or of DMS (disposable medical supplies) who submits noncompound drug claims, may submit these claims via DDE. All claims, including POS (Point-of-Sale) claims, are viewable via DDE.

Topic #10837

Note Field for Most Claims Submitted Electronically

In some instances, ForwardHealth requires providers to include a description of a service identified by an unlisted, or NOC (not otherwise classified), procedure code. Providers submitting claims electronically should include a description of a NOC procedure code in a "Notes" field, if required. The Notes field allows providers to enter up to 80 characters. In some cases, the Notes field allows providers to submit NOC procedure code information on a claim electronically instead of on a paper claim or with a paper attachment to an electronic claim.

The Notes field should only be used for NOC procedure codes that do not require prior authorization.

Claims Submitted Via the ForwardHealth Portal Direct Data Entry or Provider Electronic Solutions

A Notes field is available on the ForwardHealth Portal DDE (Direct Data Entry) and PES (Provider Electronic Solutions) software when providers submit the following types of claims:

- Institutional.
- Professional.
- Dental.

On the Professional and Dental forms, a Notes field is available on each detail. On the Institutional form, the Notes field is only available on the header.

Claims Submitted Via 837 Health Care Claim Transactions

ForwardHealth accepts and utilizes information submitted by providers about NOC procedure codes in certain loops/segments on the 837 (837 Health Care Claim) transactions. Refer to the HIPAA (Health Insurance Portability and Accountability Act of 1996) Version 5010 Companion Guides on the Portal for more information.

Topic #561

Paper Claim Form Preparation and Data Alignment Requirements

Optical Character Recognition

Paper claims submitted to ForwardHealth on the 1500 Health Insurance Claim Form and UB-04 Claim Form are processed using OCR (Optical Character Recognition) software that recognizes printed, alphanumeric text. OCR software increases efficiency by alleviating the need for keying in data from paper claims.

The data alignment requirements do not apply to the [Compound Drug Claim \(F-13073 \(09/11\)\)](#) and the [Noncompound Drug Claim \(F-13072 \(09/11\)\)](#).

Speed and Accuracy of Claims Processing

OCR software processes claim forms by reading text within fields on claim forms. After a paper claim form is received by ForwardHealth, the claim form is scanned so that an image can be displayed electronically. The OCR software reads the electronic image on file and populates the information into the ForwardHealth interChange system. This technology increases accuracy by removing the possibility of errors being made during manual keying.

OCR software speeds paper claim processing, but only if providers prepare their claim forms correctly. In order for OCR software to read the claim form accurately, the quality of copy and the alignment of text within individual fields on the claim form need to be precise. If data are misaligned, the claim could be processed incorrectly. If data cannot be read by the OCR software, the process will stop and the electronic image of the claim form will need to be reviewed and keyed manually. This will cause an increase in processing time.

Handwritten Claims

Submitting handwritten claims should be avoided whenever possible. ForwardHealth accepts handwritten claims; however, it is very difficult for OCR software to read a handwritten claim. If a handwritten claim cannot be read by the OCR software, it will need to be keyed manually from the electronic image of the claim form. Providers should avoid submitting claims with handwritten corrections as this can also cause OCR software processing delays.

Use Original Claim Forms

Only original 1500 Health Insurance Claim Forms and UB-04 Claim Forms should be submitted. Original claim forms are printed

in red ink and may be obtained from a federal forms supplier. ForwardHealth does not provide these claim forms. Claims that are submitted as photocopies cannot be read by OCR software and will need to be keyed manually from an electronic image of the claim form. This could result in processing delays.

Use Laser or Ink Jet Printers

It is recommended that claims are printed using laser or ink jet printers rather than printers that use DOT matrix. DOT matrix printers have breaks in the letters and numbers, which may cause the OCR software to misread the claim form. Use of old or worn ink cartridges should also be avoided. If the claim form is read incorrectly by the OCR software, the claim may be denied or reimbursed incorrectly. The process may also be stopped if it is unable to read the claim form, which will cause a delay while it is manually reviewed.

Alignment

Alignment within each field on the claim form needs to be accurate. If text within a field is aligned incorrectly, the OCR software may not recognize that data are present within the field or may not read the data correctly. For example, if a reimbursement amount of \$300.00 is entered into a field on the claim form, but the last "0" is not aligned within the field, the OCR software may read the number as \$30.00, and the claim will be reimbursed incorrectly.

To get the best alignment on the claim form, providers should center information vertically within each field, and align all information on the same horizontal plane. Avoid squeezing two lines of text into one of the six line items on the 1500 Health Insurance Claim Form.

The following sample claim forms demonstrate correct and incorrect alignment:

- [Correct alignment](#) for the 1500 Health Insurance Claim Form.
- [Incorrect alignment](#) for the 1500 Health Insurance Claim Form.
- [Correct alignment](#) for the UB-04 Claim Form.
- [Incorrect alignment](#) for the UB-04 Claim Form.

Clarity

Clarity is very important. If information on the claim form is not clear enough to be read by the OCR software, the process may stop, prompting manual review.

The following guidelines will produce the clearest image and optimize processing time:

- Use 10-point or 12-point Times New Roman or Courier New font.
- Type all claim data in uppercase letters.
- Use only black ink to complete the claim form.
- Avoid using italics, bold, or script.
- Make sure characters do not touch.
- Make sure there are no lines from the printer cartridge anywhere on the claim form.
- Avoid using special characters such as dollar signs, decimals, dashes, asterisks, or backslashes, unless it is specified that these characters should be used.
- Use Xs in check boxes. Avoid using letters such as "Y" for "Yes," "N" for "No," "M" for "Male," or "F" for "Female."
- Do not highlight any information on the claim form. Highlighted information blackens when it is imaged, and the OCR software will be unable to read it.

Note: The above guidelines will also produce the clearest image for claims that need to be keyed manually from an electronic image.

Staples, Correction Liquid, and Correction Tape

The use of staples, correction liquid, correction tape, labels, or stickers on claim forms should be avoided. Staples need to be removed from claim forms before they can be imaged, which can damage the claim and cause a delay in processing time. Correction liquid, correction tape, labels, and stickers can cause data to be read incorrectly or cause the OCR process to stop, prompting manual review. If the form cannot be read by the OCR software, it will need to be keyed manually from an electronic image.

Additional Diagnosis Codes

ForwardHealth will accept up to eight diagnosis codes in Element 21 of the 1500 Health Insurance Claim Form. To correctly add additional diagnosis codes in this element so that it can be read properly by the OCR software, providers should indicate the fifth diagnosis code between the first and third diagnosis code blanks, the sixth diagnosis code between the second and fourth diagnosis code blanks, the seventh diagnosis code to the right of the third diagnosis code blank, and the eighth diagnosis code to the right of the fourth diagnosis code blank. Providers should not number any additional diagnosis codes.

Anchor Fields

Anchor fields are areas on the 1500 Health Insurance Claim Form and the UB-04 Claim Form that the OCR software uses to identify what type of form is being processed. The following fields on the 1500 Health Insurance Claim Form are anchor fields:

- Element 2 (Patient's Name).
- Element 4 (Insured's Name).
- Element 24 (Detail 1).

The following fields on the UB-04 Claim Form are anchor fields:

- Form Locator 4 (Type of Bill).
- Form Locator 5 (Fed. Tax No.).
- Form Locator 9 (Patient Address).
- Form Locator 58A (Insured's Name).

Since ForwardHealth uses these fields to identify the form as a 1500 Health Insurance Claim Form or a UB-04 Claim Form, it is required that these fields are completed for processing.

Providers are required to indicate their FQHC (federally qualified health center) NPI (National Provider Identifier) on all claims submitted to ForwardHealth for FQHC services. The FQHC NPI is used to report FQHC services to the federal government. Claims that are submitted under an FQHC group/clinic NPI must include an appropriate rendering provider NPI.

FQHCs may also have separate provider numbers to provide the following services:

- Case management.
- Community support.
- Day treatment.
- Mental health.
- Personal care.
- Prenatal care.
- Substance abuse.

Services provided by these provider types may be considered FQHC services. Claims for services that are *not* FQHC services must be submitted under a separate NPI.

Topic #10637

Reimbursement Reduction for Most Paper Claims

As a result of the Medicaid Rate Reform project, ForwardHealth will reduce reimbursement on most claims submitted to ForwardHealth on paper. Most paper claims will be subject up to a \$1.10 reimbursement reduction per claim.

For each claim that a reimbursement reduction was applied, providers will receive an EOB (Explanation of Benefits) to notify them of the payment reduction. For claims with reimbursement reductions, the EOB will state the following, "This claim is eligible for electronic submission. Up to a \$1.10 reduction has been applied to this claim payment."

If a paid claim's total reimbursement amount is less than \$1.10, ForwardHealth will reduce the payment up to a \$1.10. The claim will show on the RA (Remittance Advice) as paid but with a \$0 paid amount.

The reimbursement reduction applies to the following paper claims:

- 1500 Health Insurance Claim Form.
- UB-04 (CMS 1450) Claim Form.
- [Compound Drug Claim \(F-13073 \(09/11\)\)](#) form.
- [Noncompound Drug Claim \(F-13072 \(09/11\)\)](#) form.

Exceptions to Paper Claim Reimbursement Reduction

The reimbursement reduction will not affect the following providers or claims:

- In-state emergency providers.
- Out-of-state providers.
- Medicare crossover claims.
- Any claims that ForwardHealth requires additional supporting information to be submitted on paper. For example:
 - Hysterectomy claims must be submitted along with a paper [Acknowledgment of Receipt of Hysterectomy Information \(F-1160A \(10/08\)\)](#) form.
 - Sterilization claims must be submitted along with a paper [Consent for Sterilization \(F-1164 \(10/08\)\)](#) form.
 - Claims submitted to Timely Filing appeals must be submitted on paper with a [Timely Filing Appeals Request \(F-13047 \(10/08\)\)](#) form.

- o In certain circumstances, drug claims must be submitted on paper with a [Pharmacy Special Handling Request \(F-13074 \(04/11\)\)](#) form.

Topic #1586

Submitting Claims

FQHCs (federally qualified health centers) should follow service-specific claim instructions when submitting claims.

For a copy of the 1500 Health Insurance Claim Form, providers should refer to the [Physician service area](#) of the Online Handbook.

Covered and Noncovered Services

3

Archive Date:03/01/2012

Covered and Noncovered Services:Codes

Topic #1889

Allowable Codes

FQHCs (federally qualified health centers) are required to indicate procedure codes, POS (place of service) codes, diagnosis codes, etc., that are allowable for the DOS (date of service) and that most accurately identify the service on PA (prior authorization) requests, claims, and adjustments. Allowable codes are identified in each service area of the ForwardHealth Portal.

Topic #643

Unlisted Procedure Codes

According to the HCPCS (Healthcare Common Procedure Coding System) code book, if a service is provided that is not accurately described by other HCPCS CPT (Current Procedural Terminology) procedure codes, the service should be reported using an unlisted procedure code.

Before considering using an unlisted, or NOC (not otherwise classified), procedure code, a provider should determine if there is another more specific code that could be indicated to describe the procedure or service being performed/provided. If there is no more specific code available, the provider is required to submit the appropriate documentation, which could include a PA (prior authorization) request, to justify use of the unlisted procedure code and to describe the procedure or service rendered. Submitting the proper documentation, which could include a PA request, may result in more timely claims processing.

Unlisted procedure codes should not be used to request adjusted reimbursement for a procedure for which there is a more specific code available.

Unlisted Codes That Do Not Require Prior Authorization or Additional Supporting Documentation

For a limited group of unlisted procedure codes, ForwardHealth has established specific policies for their use and associated reimbursement. These codes do not require PA or additional documentation to be submitted with the claim. Providers should refer to their service-specific area of the Online Handbook on the ForwardHealth Portal for details about these unlisted codes.

For most unlisted codes, ForwardHealth requires additional documentation.

Unlisted Codes That Require Prior Authorization

Certain unlisted procedure codes require PA. Providers should follow their service-specific PA instructions and documentation requirements for requesting PA. For a list of procedure codes for which ForwardHealth requires PA, refer to the service-specific interactive [maximum allowable fee schedules](#).

In addition to a properly completed PA request, documentation submitted on the service-specific PA attachment or as additional supporting documentation with the PA request should provide the following information:

- Specifically identify or describe the name of the procedure/service being performed or billed under the unlisted code.
- List/justify why other codes are not appropriate.

- Include only relevant documentation.
- Include all required clinical/supporting documentation.

For most situations, once the provider has an approved PA request for the unlisted procedure code, there is no need to submit additional documentation along with the claim.

Unlisted Codes That Do Not Require Prior Authorization

If an unlisted procedure code does not require PA, documentation submitted with the claim to justify use of the unlisted code and to describe the procedure/service rendered must be sufficient to allow ForwardHealth to determine the nature and scope of the procedure and to determine whether or not the procedure is covered and was medically necessary, as defined in Wisconsin Administrative Code.

The documentation submitted should provide the following information related to the unlisted code:

- Specifically identify or describe the name of the procedure/service being performed or billed under the unlisted code.
- List/justify why other codes are not appropriate.
- Include only relevant documentation.

How to Submit Claims and Related Documentation

Claims including an unlisted procedure code and supporting documentation may be submitted to ForwardHealth in the following ways:

- On paper with supporting information/description included in Element 19 of the 1500 Health Insurance Claim Form.
- On paper with supporting documentation submitted on paper. This option should be used if Element 19 does not allow enough space for the description or when billing multiple unlisted procedure codes. Providers should indicate "See Attachment" in Element 19 of the paper claim and send the supporting documentation along with the paper claim.
- Electronically, either using DDE (Direct Data Entry) through the ForwardHealth Portal, PES (Provider Electronic Solutions) transactions, or 837 Health Care Claim electronic transactions, with supporting documentation included electronically in the Notes field. The Notes field is limited to 80 characters.
- Electronically with an indication that supporting documentation will be submitted separately on paper. This option should be used if the Notes field does not allow enough space for the description or when billing multiple unlisted procedure codes. Providers should indicate "See Attachment" in the Notes field of the electronic transaction and submit the supporting documentation on paper.
- Upload claim attachments via the secure Provider area of the Portal.

Covered Services and Requirements

Topic #44

Definition of Covered Services

A covered service is a service, item, or supply for which reimbursement is available when *all* program requirements are met. [DHS 101.03\(35\)](#) and [107](#), Wis. Admin. Code, contain more information about covered services.

Topic #7897

Resetting Service Limitations

Service limitations used by a member enrolled in the BadgerCare Plus Benchmark Plan and the BadgerCare Plus Core Plan within their continuous 12-month enrollment year will reset in the following situations:

- A fee-for-service member is enrolled in an HMO (health maintenance organization).
- A member switches from one HMO to another HMO (only allowable within the first 90 days of Core Plan enrollment).
- A member is disenrolled from an HMO and moves to fee-for-service.

Note: When a member goes from fee-for-service into an HMO and subsequently moves back to fee-for-service, service limitations will not be reset for the services that were received under the initial fee-for-service enrollment period.

PA (prior authorization) requests for services beyond the covered service limitations will be denied.

Resetting service limitations does not change a member's [Benchmark Plan](#) enrollment year or a member's [Core Plan](#) enrollment year.

Topic #510

Telemedicine

Telemedicine services (also known as "Telehealth") are services provided from a remote location using a combination of interactive video, audio, and externally acquired images through a networking environment between a member (i.e., the originating site) and a Medicaid-certified provider at a remote location (i.e., distant site). The services must be of sufficient audio and visual fidelity and clarity as to be functionally equivalent to a face-to-face contact. Telemedicine services do not include telephone conversations or Internet-based communication between providers or between providers and members.

All applicable HIPAA (Health Information Portability and Accountability Act of 1996) confidentiality requirements apply to telemedicine encounters.

Reimbursable Telemedicine Services

The following individual providers are reimbursed for selected telemedicine-based services:

- Physicians and physician clinics.
- RHCs (rural health clinics).

- FQHCs (federally qualified health centers).
- Physician assistants.
- Nurse practitioners.
- Nurse midwives.
- Psychiatrists in private practice.
- Ph.D. psychologists in private practice.

These providers may be reimbursed, as appropriate, for the following services provided through telemedicine:

- Office or other outpatient services (CPT (Current Procedural Terminology) procedure codes 99201-99205, 99211-99215).
- Office or other outpatient consultations (CPT codes 99241-99245).
- Initial inpatient consultations (CPT codes 99251-99255).
- Outpatient mental health services (CPT codes 90801-90849, 90862, 90875, 90876, and 90887).
- Health and behavior assessment/intervention (CPT codes 96150-96152, 96154-96155).
- ESRD (end-stage renal disease)-related services (CPT codes 90951-90952, 90954-90958, 90960-90961).
- Outpatient substance abuse services (HCPCS (Healthcare Common Procedure Coding System) codes H0022, H0047, T1006).

Reimbursement for these services is subject to the same restrictions as face-to-face contacts (e.g., POS (place of service), allowable providers, multiple service limitations, PA (prior authorization)).

Claims for services performed via telemedicine must include HCPCS modifier "GT" (via interactive audio and video telecommunication systems) with the appropriate procedure code and must be submitted on the 837P (837 Health Care Claim: Professional) transaction or 1500 Health Insurance Claim Form paper claim form. Reimbursement is the same for these services whether they are performed face-to-face or through telemedicine.

Only one eligible provider may be reimbursed per member per DOS (dates of service) for a service provided through telemedicine unless it is medically necessary for the participation of more than one provider. Justification for the participation of the additional provider must be included in the member's medical record.

Separate services provided by separate specialists for the same member at different times on the same DOS may be reimbursed separately.

Services Provided by Ancillary Providers

Claims for services provided through telemedicine by ancillary providers should continue to be submitted under the supervising physician's NPI (National Provider Identifier) using the lowest appropriate level office or outpatient visit procedure code or other appropriate CPT code for the service performed. These services must be provided under the direct on-site supervision of a physician and documented in the same manner as face-to-face services. Coverage is limited to procedure codes 99211 or 99212, as appropriate.

Federally Qualified Health Centers and Rural Health Clinics

Telemedicine may be reported as an encounter on the cost settlement report for both RHCs and FQHCs when both of the following are true:

- The RHC or FQHC is the distant site.
- The member is an established patient of the RHC or FQHC at the time of the telemedicine service.

Members Located in Nursing Homes

Claims for telemedicine services where the originating site is a nursing home should be submitted with the appropriate level office

visit or consultation procedure code.

Out-of-State Providers

Out-of-state providers, except border-status providers, are required to obtain PA before delivering telemedicine-based services to Wisconsin Medicaid members.

Documentation Requirements

All telemedicine services must be thoroughly documented in the member's medical record in the same way as if it were performed as a face-to-face service.

Eligible Members

All members are eligible to receive services through telemedicine. Providers may not require the use of telemedicine as a condition of treating the member. Providers should develop their own methods of informed consent verifying that the member agrees to receive services via telemedicine.

Telemedicine and Enhanced Reimbursement

Providers may receive enhanced reimbursement for pediatric services (services for members 18 years of age and under) and HPSA (Health Professional Shortage Area)-eligible services performed via telemedicine in the same manner as face-to-face contacts. As with face-to-face visits, HPSA-enhanced reimbursement is allowed when either the member resides in or the provider is located in a [HPSA-eligible ZIP code](#). Providers may submit claims for services performed through telemedicine that qualify for pediatric or HPSA-enhanced reimbursement with both modifier "GT" and the applicable pediatric or HPSA modifier.

Originating Site Facility Fee

An originating site may be reimbursed a facility fee. The originating site is a facility at which the member is located during the telemedicine-based service. It may be a physician's office, a hospital outpatient department, an inpatient facility, or any other appropriate POS with the requisite equipment and staffing necessary to facilitate a telemedicine service. The originating site may not be an emergency room.

Note: The originating site facility fee is not an RHC/FQHC service and, therefore, may not be reported as an encounter on the cost report. Any reimbursement for the originating site facility fee must be reported as a deductive value on the cost report.

Claim Submission

The originating site is required to submit claims for the facility fee with HCPCS code Q3014 (Telehealth originating site facility fee). These claims must be submitted on an 837P transaction or a 1500 Health Insurance Claim Form with a POS code appropriate to where the service was provided.

Outpatient Hospital Reimbursement

Wisconsin Medicaid will reimburse outpatient hospitals only the facility fee (Q3014) for the service. Wisconsin Medicaid will not separately reimburse an outpatient hospital the rate-per-visit for that member unless other covered outpatient hospital services are also provided beyond those included in the telemedicine service on the same DOS. Professional services provided in the outpatient hospital are separately reimbursable.

Store and Forward Services

"Store and forward" services are not separately reimbursable which are the asynchronous transmission of medical information to

be reviewed at a later time by a physician or nurse practitioner at the distant site.

Health Professional Shortage Areas

Note: The county is listed for information purposes only. Not all ZIP codes in a county may be included in the HPSA.

Name	County	ZIP Codes
Adams County	Adams	Entire county: 53910, 53920, 53927, 53934, 53936, 53952, 53964, 53965, 54457, 54613, 54921, 54930, 54943, 54966

EHR Incentive Program: Adopting, Implementing, or Upgrading Certified EHR Technology

Topic #12102

Adopting EHR Technology

In order to qualify for a Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program payment under "adoption," Eligible Professionals and Eligible Hospitals must demonstrate acquisition, installation, or contractual proof of a future acquisition of certified EHR technology in the first payment year. All information is subject to audit at any time and must be maintained by the Eligible Professional or Eligible Hospital for a period of six years. If selected for audit, the applicant must be able to supply one of the following items:

- Receipt(s) for certified EHR technology. The receipt must match the products associated with the CMS (Centers for Medicare and Medicaid Services) EHR certification ID the applicant received from the ONC (Office of the National Coordinator for Health Information Technology) for Health IT Certified EHR [Product List](#) and reported through the application process.
- A contract for certified EHR technology. The products listed in the contract must match the products associated with the CMS EHR certification ID the applicant received from ONC's Certified Health IT Product List and reported through the application process.

Additional documentation may be considered but must, at a minimum, identify the certified EHR technology adopted and indicate the certified EHR technology acquired or purchased.

Topic #12103

Implementing EHR Technology

In order to qualify for a Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program payment under "implementation," Eligible Professionals and Eligible Hospitals must meet the criteria for adopting certified EHR technology and demonstrate actual implementation, installation, or utilization of certified EHR technology. Examples of how to demonstrate implementation of certified EHR technology includes completing a workflow analysis and redesign, training staff on the use of modules, and patient demographics and administrative data. All information is subject to audit at any time and must be maintained by the Eligible Professional or Eligible Hospital for a period of six years. If selected for audit, the applicant must be able to supply at least one document from each of the following lists:

List One:

- Receipt(s) for certified EHR technology. The receipt must match the products associated with the CMS (Centers for Medicare and Medicaid Services) EHR certification ID that the applicant received from the ONC (Office of the National Coordinator for Health Information Technology) Certified Health IT [Product List](#) and reported through the application process.
- A contract for certified EHR technology. The products listed in the contract must match the products associated with the CMS EHR certification ID the applicant received from ONC's Certified Health IT Product List and reported through the application process.

List Two:

- Maintenance agreement.
- Installation contract or receipts.
- System logs indentifying use of the certified technology and/or user license agreements.
- Evidence of cost, contract, or third party certification of certified EHR technology training.

Additional documentation may be considered but must, at a minimum, identify the certified EHR technology implemented and indicate the certified EHR technology acquired or purchased.

If attesting to "implementation," the Eligible Professional or Eligible Hospital will select from a list of implementation activities that are either "Planned" or "Completed." Some examples of these activities include workflow analysis, workflow redesigns, software installations, hardware installations, and peripheral installations.

Topic #12104

Upgrading EHR Technology

In order to qualify for a Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program payment under "upgrade," Eligible Professionals and Eligible Hospitals must meet the criteria for adopting and implementing and demonstrate expansion of the certified EHR technology's functionality such as the addition of an e-prescribing functionality or CPOE (Computerized Physician Order Entry). All information is subject to audit at any time and must be maintained by the Eligible Professional or Eligible Hospitals for a period of six years. If selected for audit, the applicant must be able to supply one of the following items:

- Receipt(s) for certified EHR technology. The receipt must match the products associated with the CMS (Centers for Medicare and Medicaid Services) EHR certification ID the applicant received from the ONC (Office of the National Coordinator for Health Information Technology) Certified Health IT [Product List](#) and reported through the application process.
- Executed contract for certified EHR technology. The products in listed in the contract must match the products associated with the CMS EHR certification ID the applicant received from ONC's Certified Health IT Product List and reported through the application process.

Additional documentation may be considered but must, at a minimum, identify the certified EHR technology upgraded and indicate the certified EHR technology acquired or purchased.

Topic #12497

Uploading Documentation for Adopting, Implementation, and Upgrading Certified EHR Technology

It is recommended, but not required, that Eligible Professionals and Hospitals provide documentation supporting adoption, implementation, or upgrading of certified EHR (Electronic Health Record) technology. If attesting to adoption, implementation or upgrade, the Eligible Professional or Hospital may upload supporting documentation at the conclusion of the Wisconsin Medicaid EHR Incentive Program application. Eligible Professionals and Hospitals may upload any relevant documentation to support their attestations related to adopting, implementing or upgrading. This may include PDF (Portable Document Format) files (of no more than 2MBs) of purchase orders, vendor contracts to install the certified EHR technology, any other receipts, and any other auditable documentation.

All Eligible Professionals and Hospitals are reminded that they should maintain supporting documentation for the Wisconsin Medicaid EHR Incentive Program application in their files for six years.

An Overview

Topic #12037

Overview of the EHR Incentive Program

The EHR (Electronic Health Record) Incentive Program was established under the American Recovery and Reinvestment Act of 2009, also known as the "Stimulus Bill," to encourage certain eligible health care professionals and hospitals to adopt and become meaningful users of certified EHR technology.

Under the federal law, Medicare and Medicaid have separate EHR incentive programs. Eligible Professionals may register to participate in either the Medicare or Medicaid EHR Incentive Programs, but not both. Eligible Professionals may change their EHR Incentive Program election once, switching between Medicare and Medicaid, but the change in election must occur on or before December 31, 2014. All Eligible Professionals must be Wisconsin Medicaid certified in order to participate in the Wisconsin Medicaid EHR Incentive Program. Eligible Professionals may participate in only one state's Medicaid EHR Incentive Program. Eligible Professionals should apply for EHR payments from the state with which they do most of their business.

Eligible Professionals must first register with the R&A (Medicare and Medicaid Electronic Health Record Incentive Program Registration and Attestation System). Eligible Professionals may then apply with the Wisconsin Medicaid EHR Incentive Program. All Wisconsin Medicaid EHR Incentive Program applications will be submitted through the secure Provider area of the ForwardHealth Portal.

Payments to Eligible Professionals will be made within 45 calendar days of the approval of a completed and submitted application. Eligible Professionals who meet all of the requirements may receive an incentive payment once per calendar year.

The Wisconsin Medicaid EHR Incentive Program will be available for Eligible Professionals from 2011 through 2021. The last date Eligible Professionals may register to begin receiving incentive payments for adopting, implementing, and upgrading EHR technology is December 31, 2016. Eligible Professionals may participate for a total of six years in the Wisconsin Medicaid EHR Incentive Program. Eligible Professionals are encouraged, but not required, to participate in all six allowed payment years.

The Wisconsin Medicaid EHR Incentive Program payment years are defined as calendar years and are composed in the following way:

- First payment year: Eligible Professionals are required to attest to adopting, implementing, or upgrading certified EHR technology.
- Second payment year: Eligible Professionals are required to demonstrate "meaningful use" of certified EHR technology during any 90-day, continuous period during the payment year.
- Third - sixth payment year: Eligible Professionals are required to demonstrate "meaningful use" of certified EHR technology for the entire payment year.

Eligible Professionals will have an additional 90-day grace period after the end of the Program Year to apply for an incentive payment for that Program Year. The Program Year for Eligible Professionals is based on the calendar year (i.e., January 1 - December 31).

Eligible Professionals should note that they are not required to participate in consecutive years of the Wisconsin Medicaid EHR Incentive Program. For example, an Eligible Professional may register and complete all requirements for the first year in 2011 and receive a payment but then wait until 2013 to demonstrate "meaningful use" during a 90-day, continuous period for the second payment year.

All information submitted on the Wisconsin Medicaid EHR Incentive Program application is subject to audit at any time.

Appeals

Topic #12137

Appeals Process

To file an appeal, the Eligible Professional or Hospital should log into the secure ForwardHealth Portal and select the new quick link called the "Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program Appeal" on the secure Portal homepage.

Eligible Professionals and Hospitals (or an authorized preparer) filing a Wisconsin Medicaid EHR Incentive Program appeal should have the following information on hand when initiating an appeal:

- The NPI (National Provider Identifier) of the Eligible Hospital or Eligible Professional submitting the appeal.
- The payment year for which the appeal is being submitted.
- The name, telephone number, email address, and the preferred method of contact of the person submitting the appeal (i.e., the Eligible Hospital, Eligible Professional, or authorized preparer).

Once the Wisconsin Medicaid EHR Incentive Program has validated that the NPI matches a current application, the Eligible Professional or Hospital will then be able to select the reason to appeal from a drop-down list of reasons or will be able to provide a statement in a free-form comment box.

If the Wisconsin Medicaid EHR Incentive Program cannot match the NPI supplied with a current application, the Eligible Professional or Hospital will receive the following message: "A Wisconsin Medicaid EHR Incentive Program application that is denied or approved for payment is not found for the Eligible Hospital/Professional submitted. Please verify the information entered. If you believe this message was received in error, contact Provider Services." The Eligible Professional or Hospital should then contact Provider Services.

After selecting the reason for the appeal or providing a statement in the free-form comment box, the Eligible Professional or Hospital will then be able to upload any relevant supporting documentation in support of their appeal. This documentation may include any PDF (Portable Document Format) files up to 5 MBs each. Eligible Hospitals and Eligible Professionals should note that they must upload all relevant supporting documentation at the time of submission, as they will not be able to return to the appeal application to upload any documentation after submitting the appeal. Eligible Professionals and Eligible Hospitals will also have the option of creating a PDF of their appeal for their files.

After submission of the appeal, Eligible Professionals or Hospitals will receive a tracking number that is assigned to each appeal. Eligible Professionals and Hospitals should have this tracking number on hand to reference if they need to contact Provider Services regarding their appeal.

Once an appeal has been filed, the Eligible Professional or Hospital will receive an e-mail confirming the receipt of the appeal request and a second e-mail confirming that the appeal request has been adjudicated. The Wisconsin Medicaid EHR Incentive Program will communicate the appeal determination through a decision letter, sent to the address provided during Wisconsin Medicaid EHR Incentive Program application process, within 90 days of receipt of all information needed to make a determination. The decision letter will state whether the appeal has been denied or approved.

Topic #12477

Valid Reasons to Appeal

Eligible Professionals and Hospitals may only appeal to the Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program for the following reasons:

- To dispute the payment amount.
- To appeal a denied Wisconsin Medicaid EHR Incentive Program application.

Appealing a Payment Amount

Eligible Professionals and Hospitals who wish to appeal a payment amount must do so within 45 calendar days of the RA (Remittance Advice) date of the Wisconsin Medicaid EHR Incentive Program payment.

Appealing a Denied Wisconsin Medicaid Electronic Health Record Incentive Program Application

Eligible Professionals and Hospitals who do not qualify for a Wisconsin Medicaid EHR Incentive Program payment will receive a denial letter in the mail, sent to the address provided during the Wisconsin Medicaid EHR Incentive Program application process. The letter will explain why their Wisconsin Medicaid EHR Incentive Program application was denied. Eligible Professionals and Hospitals who wish to appeal a denied Wisconsin Medicaid EHR Incentive Program application must do so within 45 calendar days from the date on the denial letter.

Eligible Professionals and Hospitals should refer to the tables below for the following information:

- A complete list of valid application denial appeal reasons.
- Additional supporting documentation that the Eligible Professional or Hospital may be required to upload based on the type of appeal, including instances when a statement is needed from the Eligible Professional or Hospital in the appeals application free-form comment box.
- Appealing the payment amount.

Denied Application Appeals	
Reason for Appeal	Documentation Needed
The patient volume required by the CMS (Centers for Medicare and Medicaid Services) have not been met, see federal rule 42 CFR 495.304.	<ul style="list-style-type: none"> • For Eligible Hospitals, provide the out-of-state patient volume for the reported 90-day period on the Wisconsin Medicaid EHR Incentive Program application. • For Eligible Professionals, provide the patient volume for the reported 90-day period on the Wisconsin Medicaid EHR Incentive Program application.
The Eligible Hospital has indicated it is not an acute care hospital with an average length of stay of 25 days or less or a children's hospital.	Acute care and children's hospitals are required to have an average length of stay for patients of 25 days or less to qualify for the Wisconsin Medicaid EHR Incentive Program. If the question was answered incorrectly when completing the original Wisconsin Medicaid EHR Incentive Program application, provide a clarifying statement indicating the reason why the Eligible Hospital meets the requirements for the program.
The Eligible Hospital did not confirm to only participate in the Wisconsin Medicaid EHR Incentive Program.	Eligible Hospitals must agree to participate in only one state's Medicaid EHR Incentive Program. If the question was answered incorrectly when completing the original Wisconsin Medicaid EHR Incentive Program application, provide a clarifying statement that the Eligible Hospital confirms to only participate in the Wisconsin Medicaid EHR Incentive Program.

The Eligible Professional has indicated that they have current or pending sanctions with Medicare or Medicaid and therefore does not qualify for the Wisconsin Medicaid EHR Incentive Program.	Upload documentation proving the Eligible Professional has been reinstated by the Office of Inspector General. If the question was answered incorrectly when completing the original Wisconsin Medicaid EHR Incentive Program application, provide a clarifying statement that the Eligible Professional has no current or pending sanctions with Medicare or Medicaid.
The Eligible Professional has indicated that he or she is hospital based.	Eligible Professionals are not eligible for the Wisconsin Medicaid EHR Incentive Program if they provide 90 percent or more of their services to eligible members in an inpatient hospital or emergency department. If the question was answered incorrectly when completing the original Wisconsin Medicaid EHR Incentive Program application, provide a clarifying statement that the Eligible Professional is not hospital based.
The Eligible Professional has indicated they are not waiving their right to a Medicare EHR Incentive Program payment for this payment year. Eligible Professionals must select to register with either Medicare or Medicaid EHR Incentive Program, but not both.	Eligible Professionals may participate in either Medicare or Medicaid EHR Incentive Programs, but not both. If the question was answered incorrectly when completing the original Wisconsin Medicaid EHR Incentive Program application, provide a clarifying statement that the Eligible Professional is waiving their right to a Medicare EHR Incentive Program payment for this year.

Payment Amount Appeals

Reason for Appeal	Documentation Needed
Eligible Professional payment amount (pediatrician only)	Provide the patient volume numbers for the reported 90-day period that should have been reported on the original Wisconsin Medicaid EHR Incentive Program application.
Eligible Hospital payment amount	Upload the Eligible Hospital's Medicare and Medicaid Cost Reports for the last four years.

Eligibility

Topic #12038

Eligible Professionals for EHR Incentive Program

To be eligible to participate in the Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program, an Eligible Professional must be certified with Wisconsin Medicaid as one of the following:

- Advanced practice nurse prescriber with psychiatric specialty.
- Dentist.
- Nurse midwife.
- Nurse practitioner.
- Physician.
- PAs (physician assistants). Only PAs practicing in an FQHC (federally qualified health center) or RHC (rural health clinic) are considered Eligible Professionals.

Note: Under the federal law, only PAs practicing in an FQHC or RHC that is so led by a PA are considered Eligible Professionals. "So led" is defined in the federal regulation as one of the following:

- When a PA is the primary provider in a clinic.
- When a PA is a clinical or medical director at a clinical site of practice.
- When a PA is an owner of an RHC.

Eligible Professionals will not be eligible for the Wisconsin Medicaid EHR Incentive Program if they provide 90 percent or more of their services rendered to eligible members in an inpatient hospital or emergency department. Less than 90 percent of all services rendered to eligible members must take place outside POS (place of service) code "21" (Inpatient Hospital) and "23" (Emergency Room — Hospital).

Financial Information

Topic #12120

835 Health Care Claim Payment/Advice Transaction

To assist trading partners in identifying Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program payments received for an Eligible Professional or organizations on the 835 (835 Health Care Claim Payment/Advice) transaction, the NPI (National Provider Identifier) of the Eligible Professional approved to receive the Wisconsin Medicaid EHR Incentive Program payment will appear in segment PLB01 of the 2110 Loop. The PLB03-1 segment identifies the adjustment reason code. A code of LS will represent a positive incentive payment while a code of WO will represent a recovery of a previously paid incentive payment. The PLB04 segment will represent the monetary amount that is either paid or recouped based on the Adjustment Reason Code displayed in PLB03-1.

Topic #12118

Electronic Funds Transfer

Eligible Professionals who assign payments to themselves as individuals may elect to receive paper checks but are encouraged to set up an EFT (electronic funds transfer). EFTs allow ForwardHealth to directly deposit payments into the group's or Eligible Professional's designated bank account for a more efficient delivery of payments. An EFT is secure, eliminates paper, and reduces the uncertainty of possible delays in mail delivery.

Eligible Professionals that assign payments to an organization or clinic must supply the organization's EFT number. Organizations receiving payment from an Eligible Professional may only receive incentive payments through their existing EFT account.

Refer to the Electronic Funds Transfer User Guide on the [Portal User Guides page](#) of the Portal for information on EFT enrollment.

Topic #12117

Example of a Six-Year Payment Schedule for an Eligible Professional

Eligible Professionals who complete all the requirements for each applicable payment year will receive incentive payments in lump sums, as listed in the following table. Eligible Professionals may begin registering for the Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program beginning in 2011 and up until 2016.

Calendar Year	Wisconsin Medicaid Eligible Professionals*					
	2011	2012	2013	2014	2015	2016
2011	\$21,250	—	—	—	—	—
2012	\$8,500	\$21,250	—	—	—	—
2013	\$8,500	\$8,500	\$21,250	—	—	—
2014	\$8,500	\$8,500	\$8,500	\$21,250	—	—

2015	\$8,500	\$8,500	\$8,500	\$8,500	\$21,250	—
2016	\$8,500	\$8,500	\$8,500	\$8,500	\$8,500	\$21,250
2017	—	\$8,500	\$8,500	\$8,500	\$8,500	\$8,500
2018	—	—	\$8,500	\$8,500	\$8,500	\$8,500
2019	—	—	—	\$8,500	\$8,500	\$8,500
2020	—	—	—	—	\$8,500	\$8,500
2021	—	—	—	—	—	\$8,500
Total	\$63,750	\$63,750	\$63,750	\$63,750	\$63,750	\$63,750

*Pediatricians with a minimum of 20 percent eligible member patient volume, but less than 30 percent eligible member patient volume will receive two-thirds of the incentive payment amounts. Eligible pediatricians will receive \$14,167 in their first payment year, \$5,667 in their second payment year, and \$42,500 in their third through sixth payment years.

Topic #12105

Incentive Payment Information

Eligible Professionals who meet all of the requirements will receive an incentive payment once per calendar year. Eligible Professionals must assign payment to either themselves or their organization's federal TIN (tax identification number).

Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program payments for Eligible Professionals may only be assigned to either the Eligible Professional themselves or the group practice assigned for the pay-to address on the Wisconsin Medicaid provider file. Eligible Professionals should ensure that the most current group practice is assigned for the pay-to address. Eligible Professionals can check this information via their ForwardHealth Portal Account in the "Demographic" section.

Topic #12119

Remittance Advice

Financial Transactions Section

Eligible Professionals and Eligible Hospitals will see the following information under the "Non-Claim Specific Payouts to Payee" section within the financial transactions page of the TXT (text) version of the RA (Remittance Advice) as well as within Section 130 of the CSV (comma-separated value) downloadable file:

- All Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program payments will appear under the "Non-Claim Specific Payouts to Payee" section of the RA.
- Amounts identified with the Reason Code 0247 will designate the amount as a Wisconsin Medicaid EHR Incentive Program payment.
- Amounts identified with the Reason Code 0248 will designate the amount as a Wisconsin Medicaid EHR Incentive Program positive adjustment.
- Payments reported in this section are processed and mean the same as any other ForwardHealth payment identified within this section.
- A new field has been added, called "Related Provider ID," to identify the NPI (National Provider Identifier) of the individual Eligible Professional approved to receive the Wisconsin Medicaid EHR Incentive Program payment.

Eligible Professionals and Eligible Hospitals will see the following information on the "Accounts Receivable" section within the Financial Transactions page of the TXT version of the RA as well as within Section 150 of the CSV downloadable file:

- If a negative adjusting entry is required to adjust the original Wisconsin Medicaid EHR Incentive Program incentive payment issued, an Accounts Receivable transaction will be generated to initiate the adjusting entry. All Wisconsin Medicaid EHR Incentive Program payment adjustments will be identified with the Reason Code 0265 (EHR Payment Adjustment). The Wisconsin Medicaid EHR Incentive Program payments are subject to recoupment as a result of any monies owed to ForwardHealth.
- The Wisconsin Medicaid EHR Incentive Program payment adjustments are processed and report on the RA as they do today under the Accounts Receivable section.

Summary Section

The Earnings Data section on the Summary section of the TXT version of the RA and the Sections 160 (Summary Net Payments) and Section 180 (Summary Net Earnings) of the CSV downloadable file will include the Wisconsin Medicaid EHR Incentive Program payments and adjustments reported on the Financial Transactions section. The process for calculating and reporting the net payments and earnings for the Summary section has not changed.

Patient Volume

Topic #12098

Eligible Member Patient Volume

The federal law 42 CFR s. 495.306(c)(1) stipulates that only certain services rendered to certain members that are reimbursed with Medicaid (Title XIX) funds may be counted towards eligible member patient volume requirements. The Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program defines eligible members as those members enrolled in the programs listed [here](#).

Eligible Professionals using the eligible member patient volume method must meet a minimum patient encounter volume threshold of one of the following:

- At least 30 percent of their patient volume attributed to eligible members over a continuous 90-day period in the calendar year preceding the payment year.
- Pediatricians will be considered eligible if 20 percent of their patient encounter volume is attributable to eligible members but will receive two-thirds of the incentive amounts. If a pediatrician's patient encounter volume is 30 percent or higher, the incentive payments are the same as any other Eligible Professional.

Note: Eligible Professionals should note that the Wisconsin Medicaid EHR Incentive Program will not round up to meet the minimum patient volume threshold. All patient volumes reported that are below 30 percent (including those at or below 29.99 percent) will be deemed ineligible.

An eligible member patient encounter is defined as services rendered on any one day to an eligible member where Medicaid or BadgerCare Plus paid all or part of the service, including copayments or any other cost-sharing. Eligible Professionals must have submitted a claim to ForwardHealth or a state-contracted managed care organization and received reimbursement of at least \$0.01 to be counted as a patient encounter for an eligible member.

Eligible Professionals may be unable to distinguish between some eligible members and some non-eligible members when determining their patient volume. The Wisconsin Medicaid EHR Incentive Program only considers services provided to members that are reimbursed with funding directly from Medicaid (Title XIX) as a patient encounter. Eligible Professionals may be unable to determine where funding for eligible members comes from, so in order to assist Eligible Professionals in determining their eligible patient encounters, the Wisconsin Medicaid EHR Incentive Program will calculate a standard deduction. The standard deduction for 2012 is 7.84 percent.

To figure out the eligible member patient encounters, the Eligible Professional must multiply the total eligible member encounter patient volume by a factor of (1-.0784) or .9216 and then divide that number by the total eligible member patient encounter volume. The final number should be rounded to the nearest whole number (i.e., .01 through .49 should be rounded down and .50 through .99 should be rounded up to the nearest number.)

Eligible Professionals using the eligible member patient volume method may elect to calculate patient volume at the individual or group practice level. If an Eligible Professional calculates his or her patient encounter volume based on a group practice level, the entire group practice's patient encounter volume must be included. This includes the services rendered by all providers within the group practice, regardless of provider type or eligibility status for the Wisconsin Medicaid EHR Incentive Program. Additionally, all Eligible Professionals included in the group practice who register for the Wisconsin Medicaid EHR Incentive Program must also register using the group practice patient volume.

A group practice is defined by how a group practice enumerates its business using NPIs (National Provider Identifier). When

calculating a group practice patient volume, the group practice patient volume methodology can only be used if all of the following conditions are satisfied:

- The eligible members included in the group practice patient volume calculation were provided services during the 90-day period that the group practice is attesting (for the first year).
- There is an auditable data source to support a group practice's patient volume determination.
- All Eligible Professionals in the group practice use the same methodology for the payment year.
- The group practice uses the entire practice or clinic's patient volume and does not limit patient volume in any way.
- If an Eligible Professional works inside and outside the group practice, the patient volume calculation may only include those encounters associated with the group practice and not individual encounters outside the group practice.

Note: Eligible Professionals should note that whether they calculate their eligible member patient encounter volume as a group practice or as an individual will not affect how the incentive payments are distributed. For example, an Eligible Professional may calculate their eligible member patient volume at an individual level and assign payment to their group practice. Conversely, an Eligible Professional may calculate their eligible member patient volume at a group practice level and assign payment to themselves.

Eligible Professionals calculating group practice patient volume under the eligible member patient volume must meet a minimum of at least 30 percent of their patient volume attributed to eligible members. The standard deduction must be applied to the total (in-state) eligible member-only patient encounters of the group and rounded to the nearest whole number prior to entry in the Wisconsin EHR Incentive Program application.

Topic #12101

Example of Calculating Group Practice Patient Volume

Eligible Professionals must have at least 30 percent of their patient volume encounters attributed to eligible members. When electing to use group practice patient volume, the entire practice's patient volume must be included. This includes the services rendered by all Eligible Professionals within the group practice, regardless of provider type or eligibility status for the Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program. Groups are defined by how their businesses are enumerated under their NPI (National Provider Identifier).

The following is an example of calculating group practice volume for the purpose of establishing eligibility for the Wisconsin Medicaid EHR Incentive Program.

Eligible Provider	Provider Type	Total Encounters (Eligible Members/Total)	Percentage of Eligible Member Encounters
Yes	Physician	80/200	40 percent
Yes	Nurse Practitioner	50/200	50 percent
Yes	Physician	0/100	0 percent
No	Registered Nurse	150/200	75 percent
No	Pharmacist	80/100	80 percent
Yes	Physician	30/300	10 percent
Yes	Dentist	5/100	5 percent
Yes	Dentist	60/200	30 percent

In this scenario, there are 1300 encounters in the selected 90-day period. Of the 1300 encounters, 455 are attributable to eligible members, or 35 percent. The next step is to apply the standard deduction ($1 - .0784 = 0.9216$) to the number of eligible members.

$$455 * 0.9216 = 419.328$$

That number is divided by the total number of encounters in the selected 90-day period, or 1300.

$$419.328 / 1300 = .323 \text{ or } 32.3 \text{ percent}$$

Therefore, the group practice patient volume is 32.3 percent, which is rounded to the nearest whole number of 32 percent, and is eligible for the Wisconsin Medicaid EHR Incentive Program.

Eligible Professionals should note that even though one dentist's eligible member encounter percentage was only 5 percent and one physician's eligible member encounter percentage was 10 percent, when included in the group practice patient volume, both are eligible for the program when registering with the group practice patient volume. The physician whose eligible member encounter percentage is zero is not eligible for the program because he or she did not render services to at least one eligible member.

Topic #12100

Example of Calculating Individual Patient Volume

Eligible Professionals must have at least 30 percent (except pediatricians, who must have at least 20 percent) of their patient volume attributed to eligible members. For example, if an Eligible Professional calculates his or her total eligible member patient encounter volume of 33 out of a total patient encounter volume of 75, the eligible member patient volume is 44 percent.

Eligible Professionals may be unable to distinguish between some eligible members and some non-eligible members when determining their patient volume. The Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program only considers services provided to members who are reimbursed with funding directly from Medicaid (Title XIX) as a patient encounter. Eligible Professionals may be unable to determine where funding for eligible members comes from, so in order to assist Eligible Professionals in determining their eligible patient encounters, the Wisconsin Medicaid EHR Incentive Program will calculate a standard deduction. The standard deduction for 2012 is 7.84 percent.

To figure out the eligible member patient encounters, Eligible Professionals must multiply their total eligible member encounter patient volume by a factor of $(1 - .0784)$ or $.9216$ and then divide that number by their total eligible member patient encounter volume.

Standard Deduction Calculation

Total eligible member patient encounters during any 90-day continuous period * $.9216$

----- * 100

Total patient encounters, regardless of payer over that same 90-day continuous period

-Or-

$$33 * .9216$$

$$----- * 100 = 40.55 \text{ percent}$$

75

So the final eligible member patient encounter volume is 30.41 encounters out of 75 total, or 40.55 percent, rounded to the nearest whole number, 41 percent.

Therefore, 41 percent of the Eligible Professional's patient volume is eligible members and the Eligible Professional fulfills the patient volume requirement for the Wisconsin Medicaid EHR Incentive Program. Eligible Professionals should note that the Wisconsin Medicaid EHR Incentive Program will not round up to meet the minimum patient volume threshold. All patient volumes reported that are below 30 percent (including those at or below 29.99 percent) will be deemed ineligible.

Topic #12097

Members Who May Be Counted When Determining Patient Volume

Most members enrolled in the programs listed below are considered eligible members and may be counted when determining patient encounters and patient volume:

- Wisconsin Medicaid.
- BadgerCare Plus Standard Plan.
- BadgerCare Plus Benchmark Plan.
- BadgerCare Plus Core Plan.
- BadgerCare Plus Express Enrollment for Pregnant Women.
- Alien Emergency Service Only.
- TB-Only (Tuberculosis-Related Service Only) Benefit.
- Family Planning Only Services.

Note: There are certain members enrolled in these programs or certain services provided to eligible members that may be included in the patient volume, which is the reason for the standard deduction.

Topic #12099

Needy Individual Patient Volume

The federal law stipulates that only certain services rendered to certain individuals may be counted towards the needy individual patient volume requirements. The Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program defines needy individuals as those listed [here](#) as well as those who are provided uncompensated care by the provider, or individuals provided services at either no cost or reduced cost based on a sliding scale determined by the individual's ability to pay.

Only Eligible Professionals, including pediatricians, practicing in an FQHC (Federally Qualified Health Center) or RHC (Rural Health Clinic) may use the needy individual patient volume method. In order to meet the definition of practicing predominantly in an FQHC or RHC, the clinical location for more than 50 percent of all services must be in an FQHC or RHC for at least a six-month period of the previous calendar year.

Eligible Professionals using the Needy Individual Patient Volume method must meet a minimum of 30 percent needy individual patient volume threshold. Needy Individual Patient Volume encounters consist of the following:

- Services rendered on any one day to an individual where Medicaid or BadgerCare Plus paid all or part of the service including copayments or any other cost-sharing.
- Services rendered on any one day to an individual where Children's Health Insurance Program under Title XXI paid for part or all of the service.
- Services rendered on any one day to an individual furnished by the provider as uncompensated care.
- Services rendered on any one day to an individual furnished at either no cost or reduced cost based on a sliding scale determined by the individual's ability to pay.

Eligible Professionals using the Needy Individual Patient Volume method may elect to calculate patient volume at an individual or a group practice level. If an Eligible Professional calculates his or her patient encounter volume based on a group practice, the entire group practice's patient volume must be included. This includes the services rendered by all providers within the group practice, regardless of provider type or eligibility status for the Wisconsin Medicaid EHR Incentive Program. Additionally, all Eligible Professionals included in the group practice who register for the Wisconsin Medicaid EHR Incentive Program must also register using the group practice patient volume.

A group practice is defined by how a group practice enumerates its business using NPIs (National Provider Identifiers). When calculating a group practice patient volume, the group practice patient volume methodology can only be used if all of the following conditions are satisfied:

- The eligible members included in the group practice patient volume calculation were provided services during the 90-day period that the organization is attesting (for the first year).
- There is an auditable data source to support a group practice's patient volume determination.
- All Eligible Professionals in the group practice use the same methodology for the payment year.
- The group practice uses the entire group practice's patient volume and does not limit patient volume in any way.
- If an Eligible Professional works inside and outside the group practice, the patient volume calculation may only include those encounters associated with the group practice and not individual encounters outside the group practice.

Note: Eligible Professionals should note that whether they calculate their needy individual patient encounter volume as a group practice or as an individual will not affect how the incentive payments are distributed. For example, an Eligible Professional may calculate his or her needy individual patient volume at an individual level and assign payment to the group practice. Conversely, an Eligible Professional may calculate his or her needy individual patient volume at a group practice level and assign payment to him- or herself.

Eligible Professionals calculating group patient volume under the needy individual patient volume must meet a minimum of at least 30 percent of their patient volume attributed to needy individuals. The standard deduction must be applied to the total (in-state) eligible member-only patient encounters of the organization and rounded to the nearest whole number prior to entry in the Wisconsin EHR Incentive Program application.

Topic #12078

Patient Volume Requirements and Calculations

In addition to other EHR (Electronic Health Record) Incentive Program requirements, Eligible Professionals must meet patient volume thresholds over the course of a 90-day period for each Eligible Professional in the preceding calendar year, chosen by the applicant at the time of application. Eligible Professionals may enter any 90-day period that starts and ends in the previous calendar year.

When reporting patient volume, Eligible Professionals will designate which practice locations are using certified EHR technology and enter the relevant patient encounter data needed to determine eligibility. Patient encounter data will be entered in three parts for each practice location:

- The total (in-state) eligible member-only patient encounter volume over the previously determined continuous 90-day reporting period.
- The total (regardless of state) eligible member-only patient encounter volume over the previously determined continuous 90-day reporting period.
- The total patient encounter volume (regardless of state or payer) over the previously determined continuous 90-day reporting period.

When attesting to Wisconsin Medicaid EHR Incentive Program patient volume requirements, there are two methods by which an

Eligible Professional may calculate patient volume.

- Eligible member patient volume.
- Needy individual patient volume.

Each patient volume method contains its own unique requirements; however, only Eligible Professionals practicing in an FQHC (federally qualified health center) or RHC (rural health clinic) may use the needy individual patient volume method.

Registration and Applying

Topic #12057

Individuals Applying for the EHR Incentive Program

A secure Provider account on the ForwardHealth Portal is required to apply for the Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program. All applications must be completed via a secure Provider Portal account.

An Eligible Professional applying as an individual needs to follow the process below when applying for the Wisconsin Medicaid EHR Incentive Program:

- The Eligible Professional needs to first log in to the Portal. If the Eligible Professional does not have a Portal account, he or she needs to obtain one. The Eligible Professional should refer to the Account User Guide on the [Portal User Guides page](#) of the Provider area of the Portal for more information on obtaining a Portal account.
- The Eligible Professional needs to click on the Wisconsin Medicaid EHR Incentive Program link in the Quick Link box.
- The Eligible Professional will have to designate payment to either him- or herself or to the organization.

Topic #12040

Organizations Applying for the EHR Incentive Program on Behalf of Eligible Professionals

A secure Provider Portal account is required to apply for the Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program. All applications must be completed via a secure Provider ForwardHealth Portal account.

Organizations applying on behalf of Eligible Professionals need to follow the process below when applying for the Wisconsin Medicaid EHR Incentive Program:

- The organization needs to first log in to the Portal. The organization only needs one Portal account to apply for all Eligible Professionals assigning payment to their organization and associated with the organization's federal TIN (tax identification number). If the organization does not have a Portal account, it needs to obtain one. Refer to the Account User Guide on the [Portal User Guides page](#) of the Provider area of the Portal for more information on obtaining a Portal account.
- Portal Administrators will automatically have access to the Wisconsin Medicaid EHR Incentive Program application. Organizations may assign the new "EHR Incentive" role to a clerk to conduct all Wisconsin Medicaid EHR Incentive Program business.
- The organization may access the EHR Incentive Program application by clicking on the Wisconsin Medicaid EHR Incentive Program link in the Quick Link box.
- The organization will see a list of all Eligible Professionals that are associated with the organization's TIN. The organization will have to submit a separate application for each Eligible Professional associated with their TIN. Organizations should note that once an application has begun for an Eligible Professional, only the Portal account used to begin the application can access that Eligible Professional's application.

Topic #12039

Registration for the EHR Incentive Program with CMS

All Eligible Professionals are required to first register at the R&A (Medicare and Medicaid Electronic Health Record Incentive Program Registration and Attestation System) [Web site](#). A step-by-step walkthrough of the R&A registration process for Eligible Professionals is also available [online](#).

After an Eligible Professional successfully registers on the R&A, CMS (Centers for Medicare and Medicaid Services) will process the registration and send the file to the Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program. After receipt of the file, the Wisconsin Medicaid EHR Incentive Program will enter all relevant information into the ForwardHealth system. Eligible Professionals must wait two full business days before beginning the application for the Wisconsin Medicaid EHR Incentive Program to allow for this process.

Topic #12058

Required Information When Starting the EHR Incentive Program Application

Eligible Professionals will be required to supply specific information when completing the EHR (Electronic Health Record) Incentive Program application. Eligible Professionals do not have to complete the entire application in one session. The application will allow users to save the information entered and return later to complete the application.

Eligible Professionals should have the following information available when beginning the application:

- Information submitted to the R&A (Medicare and Medicaid Electronic Health Record Incentive Program Registration and Attestation System). Eligible Professionals will need to confirm all of this information during the initial application phases.
- Contact name, telephone number, and e-mail address of the authorized preparer of the Eligible Professional's application, if not the Eligible Professional.
- Information regarding whether or not the Eligible Professional applying to the Wisconsin Medicaid EHR Incentive Program has any sanctions or pending sanctions with the Medicare or Medicaid programs and is licensed to practice in all states in which services are rendered.
- The CMS (Centers for Medicare and Medicaid Services) EHR certification ID for the certified EHR technology the Eligible Professional already has or is contractually obligated to acquire. For more information on approved EHR technology, Eligible Professionals should refer to the ONC (Office of the National Coordinator for Health Information Technology)-certified EHR [product list](#).
- Required Patient Volume Data:
 - The total in-state eligible member patient encounter volume over the previously determined continuous 90-day reporting period.
 - The total eligible member patient encounter volume over the previously determined continuous 90-day reporting period.
 - The total patient encounter volume over the previously determined continuous 90-day reporting period.

Topic #12077

Reviewing, Confirming, and Submitting the EHR Incentive Program Application

After completing attestations for the EHR (Electronic Health Record) Incentive Program, the Eligible Professional will be asked to review all answers provided. An error-checking function will identify any errors found in the application.

Final submission will require an electronic signature by providing the preparer or the Eligible Professional's initials, the Eligible Professional's NPI (National Provider Identifier) and the Eligible Professional's personal TIN (tax identification number). If

completed through the use of an authorized preparer, that preparer will also need to include his or her name and relationship to the Eligible Professional and then electronically sign the application before submission. Once the Wisconsin Medicaid EHR Incentive Program application has been completed and submitted, an e-mail notification will be sent to confirm the application's submission. After an application is successfully submitted and approved, Eligible Professionals can expect payments within 45 days.

Reimbursement

5

Archive Date:03/01/2012

Reimbursement:Amounts

Topic #8117

Electronic Funds Transfer

EFT (electronic funds transfer) allows ForwardHealth to directly deposit payments into a provider's designated bank account for a more efficient delivery of payments than the current process of mailing paper checks. EFT is secure, eliminates paper, and reduces the uncertainty of possible delays in mail delivery.

Only in-state and border-status providers who submit claims and MCOs (managed care organizations) are eligible to receive EFT payments.

Provider Exceptions

EFT payments are not available to the following providers:

- In-state emergency providers.
- Out-of-state providers.
- Out-of-country providers.
- SMV (specialized medical vehicle) providers during their provisional certification period.

Enrolling in Electronic Funds Transfer

A ForwardHealth Portal account is required to enroll into EFT as all enrollments must be completed via a secure Provider Portal account or a secure MCO Portal account. Paper enrollments are not accepted. A separate EFT enrollment is required for each financial payer a provider bills.

Providers who do not have a Portal account may [Request Portal Access](#) online. Providers may also call the [Portal Helpdesk](#) for assistance in requesting a Portal account.

The following guidelines apply to EFT enrollment:

- Only a Portal Administrator or a clerk that has been assigned the "EFT" role on the Portal may complete the EFT enrollment information.
- Organizations cannot revert back to receiving paper checks once enrolled in EFT.
- Organizations may change their EFT information at any time.
- Organizations will continue to receive their Remittance Advice as they do currently.

Refer to the Electronic Funds Transfer User Guide on the [Portal User Guides page](#) of the Portal for instructions and more information about EFT enrollment.

Providers will continue to receive payment via paper check until the enrollment process moves into "Active" status and the provider's ForwardHealth EFT enrollment is considered complete.

Recoupment and Reversals

Enrollment in EFT does not change the current process of recouping funds. Overpayments and recoupment of funds will continue

to be conducted through the reduction of payments.

Note: Enrolling in EFT does not authorize ForwardHealth to make unauthorized debits to the provider's EFT account; however, in some instances an EFT reversal of payment may be necessary. For example, if the system generates a payment twice or the amount entered manually consists of an incorrect value (e.g., a decimal point is omitted creating a \$50,000 keyed value for a \$500 claim), a reversal will take place to correct the error and resend the correct transaction value. ForwardHealth will notify the designated EFT contact person of an EFT reversal if a payment is made in error due to a system processing or manual data entry error.

Problem Resolution

If payment is not deposited into the designated EFT account according to the ForwardHealth payment cycle, providers should first check with their financial institution to confirm the payment was received. If the payment was not received, providers should then call [Provider Services](#) to resolve the issue and payment by paper check will be reinstated until the matter has been resolved.

Topic #4385

Pharmacy Services and Some Drug-Related Supplies

Pharmacy services and some [drug-related supplies](#) for managed care members are reimbursed by fee-for-service.

The following provider-administered drugs and related administration codes are reimbursed by fee-for-service, not a member's MCO (managed care organization), for members enrolled in BadgerCare Plus HMOs, Medicaid SSI (Supplemental Security Income) HMOs, and most special managed care programs if the service is covered by BadgerCare Plus and Medicaid:

- All "J" codes.
- Drug-related "Q" codes.
- A limited number of related [administration codes](#).

For members enrolled in BadgerCare Plus HMOs, Medicaid SSI HMOs, and most special managed care programs, claims for these services should be submitted to BadgerCare Plus and Medicaid fee-for-service.

MCOs are responsible for reimbursing providers for all other provider-administered drugs, such as drug claims submitted with a CPT (Current Procedural Terminology) code, such as CPT code 90378 (Respiratory syncytial virus immune globulin [RSV-IgIM], for intramuscular use, 50 mg, each).

Prescription drugs and related services and provider-administered drugs for members enrolled in the PACE (Program of All-Inclusive Care for the Elderly) and the Family Care Partnership are provided and reimbursed by the special managed care program.

Claims

Claims for drug-related supplies should be submitted with the appropriate HCPCS (Healthcare Common Procedure Coding System) procedure code indicated.

Cost Reporting

Topic #1616

Auditing

All cost reports are audited. Once a cost report has been audited, an FQHC (federally qualified health center) has 60 days to request an adjustment. After 60 days, the cost report is final and additional encounters (i.e., face-to-face visits) will not be accepted. Once a cost settlement is final, it will be reopened only when an audit requires Wisconsin Medicaid to make revisions to the settlement.

If an audited cost report determines that payment to an FQHC, including interim payments, exceeded the FQHC's actual costs for providing services to members, the difference will be recouped by Wisconsin Medicaid. All FQHCs are encouraged to submit timely cost reports so that they may receive cost settlements and avoid recoupment.

Topic #1633

Cost Report Forms

FQHCs (federally qualified health centers) are required to use the [Federally Qualified Health Center Cost Report Forms \(F-11129B-11129H \(04/09\)\)](#) for cost settlements.

The FQHC cost report forms are available to providers as a complete set in a single, fillable Microsoft[®] Excel workbook. After opening the workbook, providers may choose among the tabs at the bottom of the document to display the form or worksheet needed. These forms will accurately perform all necessary calculations for the user and may be downloaded and saved to a computer's hard drive or a computer disk.

Topic #1637

Interim Report Form

FQHCs (federally qualified health centers) interested in receiving a partial cost settlement for services rendered to members for a given fiscal year may submit an interim report to the DHCAA (Division of Health Care Access and Accountability). Interim reports may be submitted at any time within the FQHC's current fiscal year for activity occurring within that time period.

The [Federally Qualified Health Center Interim Report \(F-11130 \(04/09\)\)](#) is available in fillable Microsoft[®] Excel format.

Topic #4172

Site of Service Codes as Allowable Encounters

Site of service revenue codes received by ForwardHealth on Medicare crossover claims may be considered an allowable encounter on FQHC (federally qualified health center) cost reports.

Note: Site of service revenue code 0527 is not applicable for cost reporting purposes as there are currently no home health shortage areas in Wisconsin.

Revenue Code	Definition
0521	Clinic visit by member* to RHC (rural health clinic)/FQHC
0522	Home visit by RHC/FQHC practitioner (for home address visits to the FQHC/RHC member)
0524	Visit by RHC/FQHC practitioner to a member in a covered Part A stay at the SNF
0525	Visit by RHC/FQHC practitioner to a member in an SNF (skilled nursing facility) (not in a covered Part A stay) or NF or ICF MR or other residential facility
0528	Visit by RHC/FQHC practitioner to other non-RHC/FQHC site (e.g., scene of accident)

* A member is defined as someone who has a history of receiving medical care and whose medical record is located at a specific RHC/FQHC.

Topic #1650

Submission

FQHCs (federally qualified health centers) that obtain FQHC certification may submit claims to BadgerCare Plus fee-for-service and submit interim requests for FQHC reimbursement and annual cost reports to receive supplemental payments (i.e., cost settlements) that equal 100 percent of reasonable costs. Claims for FQHCs services that are *not* submitted with an FQHCs provider number may not be included on cost reports and, therefore, will not be included in the cost settlement.

Services provided to Medicaid, BadgerCare Plus Standard Plan, BadgerCare Plus Benchmark Plan, and BadgerCare Plus Core Plan members are eligible for inclusion on cost reports.

Deadline

Because providers are required to retain documentation for no less than five years under [DHS 106.02\(9\)\(e\)2](#), Wis. Admin. Code, cost reports will be accepted only if they are submitted within five years of the last DOS (date of service) in the fiscal year. If a cost report is not completed and sent to ForwardHealth within five years of the last DOS in a fiscal year, providers will not receive a cost settlement for that fiscal year. Settlement may be denied for a cost report if supporting documentation is not available when the FQHC is audited for that fiscal year.

Payment Methodology

According to the BIPA (Benefits Improvement and Protection Act of 2000), all states are required to implement an FQHCs payment methodology using a base rate from expenses filed in 1999 and 2000. These rates are evaluated annually based on the cost reports filed by each FQHCs. To be compliant with the BIPA requirements and for a cost settlement to be issued from ForwardHealth, cost reports must be filed with the DHCAA (Division of Health Care Access and Accountability) BPI (Bureau of Program Integrity).

Interim Payments

If ForwardHealth does not receive a cost report from an FQHCs for two fiscal years, Wisconsin Medicaid may withhold future interim FQHCs payments. If an FQHCs submits a cost report to ForwardHealth more than five years after the DOS, ForwardHealth will not accept the report and may recoup any interim payments made to the FQHCs for that reporting period.

Topic #4456

Resources Reference Guide

The [Provider Services and Resources Reference Guide](#) lists services and resources available to providers and members with contact information and hours of availability.

Provider Services and Resources

Services and resources, contact information, and hours of availability are effective after ForwardHealth implementation, unless otherwise noted.

ForwardHealth Portal	www.forwardhealth.wi.gov/	24 hours a day, seven days a week
Public and secure access to ForwardHealth information with direct link to contact Provider Services for up-to-date access to ForwardHealth programs information, including publications, fee schedules, and forms.		
WiCall Automated Voice Response System	(800) 947-3544	24 hours a day, seven days a week
WiCall, the ForwardHealth Automated Voice Response system, provides responses to the following inquiries: <ul style="list-style-type: none"> • Checkwrite. • Claim status. • Prior authorization. • Member enrollment. 		
ForwardHealth Provider Services Call Center	(800) 947-9627	Monday through Friday, 7:00 a.m. to 6:00 p.m. (Central Time)*
To assist providers in the following programs: <ul style="list-style-type: none"> • BadgerCare Plus. • Medicaid. • SeniorCare. • Wisconsin Well Woman Medicaid. • Wisconsin Chronic Disease Program (WCDP). • Wisconsin Well Woman Program (WWWP). • Wisconsin Medicaid and BadgerCare Plus Managed Care Programs. 		
ForwardHealth Portal Helpdesk	(866) 908-1363	Monday through Friday, 8:30 a.m. to 4:30 p.m. (Central Time)*
To assist providers and trading partners with technical questions regarding Portal functions and capabilities, including Portal accounts, registrations, passwords, and submissions through the Portal.		
Electronic Data Interchange Helpdesk	(866) 416-4979	Monday through Friday, 8:30 a.m. to 4:30 p.m. (Central Time)*
For providers, trading partners, billing services, and clearing houses with technical questions about the following: <ul style="list-style-type: none"> • Electronic transactions. • Companion documents. • Provider Electronic Solutions (PES) software. 		
Managed Care Ombudsman Program	(800) 760-0001	Monday through Friday, 7:00 a.m. to 6:00 p.m. (Central Time)*
To assist managed care enrollees with questions about enrollment, rights, responsibilities, and general managed care information.		
Member Services	(800) 362-3002	Monday through Friday, 7:00 a.m. to 6:00 p.m. (Central Time)*
To assist ForwardHealth members or persons calling on behalf of members with program information and requirements, enrollment, finding certified providers, and resolving concerns.		

* With the exception of state-observed holidays.

Electronic Data Interchange

Topic #461

Electronic Data Interchange Helpdesk

The [EDI \(Electronic Data Interchange\) Helpdesk](#) assists anyone interested in becoming a trading partner with getting started and provides ongoing support pertaining to electronic transactions. Providers, billing services, and clearinghouses are encouraged to contact the EDI Helpdesk for test packets and/or technical questions.

Providers with policy questions should call [Provider Services](#).

Enrollment Verification

Topic #469

An Overview

Providers should always verify a member's enrollment before providing services, both to determine enrollment for the current date (since a member's enrollment status may change) and to discover any limitations to the member's coverage. Each enrollment verification method allows providers to verify the following prior to services being rendered:

- A member's enrollment in a ForwardHealth program(s).
- State-contracted MCO (managed care organization) enrollment.
- Medicare enrollment.
- Limited benefits categories.
- Any other commercial health insurance coverage.
- Exemption from copayments for BadgerCare Plus members.

Topic #4903

Copayment Information

If a member is enrolled in BadgerCare Plus or Wisconsin Medicaid and is exempt from paying copayments for services, providers will receive the following response to an enrollment query from all methods of enrollment verification:

- The name of the benefit plan.
- The member's enrollment dates.
- The message, "No Copay."

If a member is enrolled in BadgerCare Plus, Medicaid, or SeniorCare and is required to pay a copayment, the provider will be given the name of the benefit plan in which the member is enrolled and the member's enrollment dates for the benefit plan only.

Note: The BadgerCare Plus Core Plan may also charge different copayments for hospital services depending on the member's income level. Members identified as "BadgerCare Plus Core Plan 1" are subject to lower copayments for hospital services. Members identified as "BadgerCare Plus Core Plan 2" are subject to higher copayments for hospital services.

Topic #4901

Enrollment Verification on the Portal

The secure ForwardHealth Portal offers real-time member enrollment verification for all ForwardHealth programs. Providers will be able to use this tool to determine:

- The benefit plan(s) in which the member is enrolled.
- If the member is enrolled in a state-contracted managed care program (for Medicaid and BadgerCare Plus members).
- If the member has any other coverage, such as Medicare or commercial health insurance.
- If the member is exempted from copayments (BadgerCare Plus members only).

To access enrollment verification via the ForwardHealth Portal, providers will need to do the following:

- Go to the ForwardHealth Portal.
- Establish a provider account.
- Log into the secure Portal.
- Click on the menu item for enrollment verification.

Providers will receive a unique transaction number for each enrollment verification inquiry. Providers may access a history of their enrollment inquiries using the Portal, which will list the date the inquiry was made and the enrollment information that was given on the date that the inquiry was made. For a more permanent record of inquiries, providers are advised to use the "print screen" function to save a paper copy of enrollment verification inquiries for their records or document the transaction number at the beginning of the response, for tracking or research purposes. This feature allows providers to access enrollment verification history when researching claim denials due to enrollment issues.

The Provider Portal is available 24 hours a day, seven days a week.

Topic #4900

Entering Dates of Service

Enrollment information is provided based on a "From" DOS (date of service) and a "To" DOS that the provider enters when making the enrollment inquiry. For enrollment inquiries, a "From" DOS is the earliest date for which the provider is requesting enrollment information and the "To" DOS is the latest date for which the provider is requesting enrollment information.

Providers should use the following guidelines for entering DOS when verifying enrollment for Wisconsin Medicaid, BadgerCare Plus, SeniorCare, or WCDP (Wisconsin Chronic Disease Program) members:

- The "From" DOS is the earliest date the provider requires enrollment information.
- The "To" DOS must be within 365 days of the "From" DOS.
- If the date of the request is prior to the 20th of the current month, then providers may enter a "From" DOS and "To" DOS up to the end of the current calendar month.
- If the date of the request is on or after the 20th of the current month, then providers may enter a "From" DOS and "To" DOS up to the end of the following calendar month.

For example, if the date of the request was November 15, 2008, the provider could request dates up to and including November 30, 2008. If the date of the request was November 25, 2008, the provider could request dates up to and including December 31, 2008.

Topic #4899

Member Identification Card Does Not Guarantee Enrollment

Most members receive a member identification card, but possession of a program identification card does not guarantee enrollment. Periodically, members may become ineligible for enrollment, only to re-enroll at a later date. Members are told to keep their cards even though they may have gaps in enrollment periods. It is possible that a member will present a card when he or she is not enrolled; therefore, it is essential that providers verify enrollment before providing services. To reduce claim denials, it is important that providers verify the following information prior to each DOS (date of service) that services are provided:

- If a member is enrolled in any ForwardHealth program, including benefit plan limitations.

- If a member is enrolled in a managed care organization.
- If a member is in primary provider lock-in status.
- If a member has Medicare or other insurance coverage.

Topic #4898

Responses Are Based on Financial Payer

When making an enrollment inquiry through Wisconsin's EVS (Enrollment Verification System), the returned response will provide information on the member's enrollment in benefit plans based on financial payers.

There are three financial payers under ForwardHealth:

- Medicaid (Medicaid is the financial payer for Wisconsin Medicaid, BadgerCare Plus, and SeniorCare).
- WCDP (Wisconsin Chronic Disease Program).
- WWWP (Wisconsin Well Woman Program).

Within each financial payer are benefit plans. Each member is enrolled under at least one of the three financial payers, and under each financial payer, is enrolled in at least one benefit plan. An individual member may be enrolled under more than one financial payer. (For instance, a member with chronic renal disease may have health care coverage under the BadgerCare Plus Standard Plan and the WCDP chronic renal disease program. The member is enrolled under two financial payers, Medicaid and WCDP.) Alternatively, a member may have multiple benefits under a single financial payer. (For example, a member may be covered by the TB-Only (Tuberculosis-Related Services Only) Benefit and Family Planning Only Services at the same time, both of which are administered by Medicaid.)

Portal

Topic #4904

Claims and Adjustments Using the ForwardHealth Portal

Providers can [track the status](#) of their submitted claims, [submit individual claims](#), correct errors on claims, copy claims, and determine what claims are in "pay" status on the ForwardHealth Portal. Providers have the ability to [search for and view](#) the status of all their finalized claims, regardless of how they were submitted (i.e., paper, electronic, clearinghouse). If a claim contains an error, providers can correct it on the Portal and resubmit it to ForwardHealth.

Providers can submit an individual claim or adjust a claim through DDE (Direct Data Entry) through the secure Portal.

Topic #8524

Conducting Recertification Via the ForwardHealth Portal

Providers can conduct [recertification](#) online via a secure recertification area of the ForwardHealth Portal.

Topic #5157

Cost Share Reports for Long-Term Managed Care Organizations

Individual cost share reports for long-term care MCOs (managed care organizations) that provide Family Care, Family Care Partnership, and PACE (Program of All-Inclusive Care for the Elderly) services are available via the secure area of the ForwardHealth Portal and can be downloaded as an Excel file.

Topic #4345

Creating a Provider Account

Each provider needs to designate one individual as an administrator of the ForwardHealth Portal account. This user establishes the administrative account once his or her PIN (personal identification number) is received. The administrative user is responsible for this provider account and is able to add accounts for other users (clerks) within his or her organization and assign security roles to clerks that have been established. To establish an administrative account after receiving a PIN, the administrative user is required to follow these steps:

1. Go to the ForwardHealth Portal.
2. Click the **Providers** button.
3. Click **Logging in for the first time?**.
4. Enter the Login ID and PIN. The Login ID is the provider's NPI or provider number.

5. Click **Setup Account**.
6. At the Account Setup screen, enter the user's information in the required fields.
7. Read the security agreement and click the checkbox to indicate agreement with its contents.
8. Click **Submit** when complete.

Once in the secure Provider area of the Portal, the provider may conduct business online with ForwardHealth via a secure connection. Providers may also perform the following administrative functions from the Provider area of the Portal:

- Establish accounts and define access levels for clerks.
- Add other organizations to the account.
- Switch organizations.

Refer to the Account User Guide on the [Portal User Guides page](#) of the Portal for more detailed instructions on performing these functions.

Topic #4340

Designating a Trading Partner to Receive 835 Health Care Claim Payment/Advice Transactions

Providers must designate a trading partner to receive their 835 (835 Health Care Claim Payment/Advice) transaction for ForwardHealth interChange.

Providers who wish to submit their 835 designation via the Portal are required to create and establish a provider account to have access to the secure area of the Portal.

To designate a trading partner to receive 835 transactions, providers must first complete the following steps:

- Access the Portal and log into their secure account by clicking the Provider link/button.
- Click on the Designate 835 Receiver link on the right-hand side of the secure home page.
- Enter the identification number of the trading partner that is to receive the 835 in the Trading Partner ID field.
- Click Save.

Providers who are unable to use the Portal to designate a trading partner to receive 835 transactions may call the [EDI \(Electronic Data Interchange\) Helpdesk](#) or submit a [paper \(Trading Partner 835 Designation, F-13393 \(08/08\)\)](#) form.

Topic #5088

Enrollment Verification

The secure ForwardHealth Portal offers real time member [enrollment verification](#) for all ForwardHealth programs. Providers are able to use this tool to determine:

- The health care program(s) in which the member is enrolled.
- Whether or not the member is enrolled in a state-contracted MCO (managed care organization).
- Whether or not the member has any third-party liability, such as Medicare or commercial health insurance.
- Whether or not the member is enrolled in the Pharmacy Services Lock-In Program and the member's Lock-In pharmacy, primary care provider, and referral providers (if applicable).

Using the Portal to check enrollment may be more effective than calling [WiCall](#) or the EVS (Enrollment Verification System)

(although both are available).

Providers are assigned a unique enrollment verification number for each inquiry. Providers can also use the "print screen" function to print a paper copy of enrollment verification inquiries for their records.

Topic #4338

ForwardHealth Portal

Providers, members, trading partners, managed care programs, and partners have access to public *and* secure information through the ForwardHealth Portal.

The Portal has the following areas:

- Providers (public and secure).
- Trading Partners.
- Members.
- MCO (managed care organization).
- Partners.

The secure Portal allows providers to conduct business and exchange electronic transactions with ForwardHealth. The public Portal contains general information accessible to all users. Members can access general health care program information and apply for benefits [online](#).

Topic #4441

ForwardHealth Portal Helpdesk

Providers and trading partners may call the [ForwardHealth Portal Helpdesk](#) with technical questions on Portal functions, including their Portal accounts, registrations, passwords, and submissions through the Portal.

Topic #4451

Inquiries to ForwardHealth Via the Portal

Providers are able to contact Provider Services through the ForwardHealth Portal by clicking the [Contact](#) link and entering the relevant inquiry information, including selecting the preferred method of response (i.e., telephone call or e-mail). Provider Services will respond to the inquiry by the preferred method of response indicated within five business days.

Topic #4400

Internet Connection Speed

ForwardHealth recommends providers have an Internet connection that will provide an upload speed of at least 768 Kbps and a download speed of at least 128 Kbps in order to efficiently conduct business with ForwardHealth via the Portal.

For [PES \(Provider Electronic Solutions\)](#) users, ForwardHealth recommends an Internet connection that will provide a download speed of at least 128 Kbps for downloading PES software and software updates from the Portal.

These download speeds are generally not available through a dial-up connection.

Topic #4351

Logging in to the Provider Area of the Portal

Once an administrative user's or other user's account is set up, he or she may log in to the Provider area of the ForwardHealth Portal to conduct business. To log in, the user is required to click the "Provider" link or button, then enter his or her username and password and click "Go" in the Login to Secure Site box at the right side of the screen.

Topic #4743

Managed Care Organization Portal

Information and Functions Through the Portal

The [MCO \(managed care organization\) area](#) of the ForwardHealth Portal allows state-contracted MCOs to conduct business with ForwardHealth. The Public MCO page offers easy access to key MCO information and Web tools. A log-in is required to access the secure area of the Portal to submit or retrieve account and member information which may be sensitive.

The following information is available through the Portal:

- Certified Provider Listing of all Medicaid-certified providers.
- Coordination of Benefits Extract/Insurance Carrier Master List information updated quarterly.
- Data Warehouse, which is linked from the Portal to Business Objects. The Business Objects function allows for access to MCO data for long term care MCOs.
- Electronic messages.
- Enrollment verification by entering a member ID or SSN (Social Security number) with date of birth and a "from DOS (date of service)" and a "to DOS" range. A transaction number is assigned to track the request.
- Member search function for retrieving member information such as medical status code, and managed care and Medicare information.
- Provider search function for retrieving provider information such as address, telephone number, provider ID, taxonomy code (if applicable), and provider type and specialty.
- HealthCheck information.
- MCO contact information.
- Technical contact information. Entries may be added via the Portal.

Topic #5158

Managed Care Organization Portal Reports

The following reports are generated to MCOs (managed care organizations) through their account on the ForwardHealth MCO Portal:

- Capitation Payment Listing Report.
- Cost Share Report (long-term MCOs only).
- Enrollment Reports.

MCOs are required to establish a Portal account in order to receive reports from ForwardHealth.

Capitation Payment Listing Report

The Capitation Payment Listing Report provides "payee" MCOs with a detailed listing of the members for whom they receive capitation payments. ForwardHealth interChange creates adjustment transaction information weekly and regular capitation transaction information monthly. The weekly batch report includes regular and adjustment capitation transactions. MCOs have the option of receiving both the Capitation Payment Listing Report and the 820 Payroll Deducted and Other Group Premium Payment for Insurance Products transactions.

Initial Enrollment Roster Report

The Initial Enrollment Roster Report is generated according to the annual schedules detailing the number of new and continuing members enrolled in the MCO and those disenrolled before the next enrollment month.

Final Enrollment Roster Report

The Final Enrollment Roster Report is generated the last business day of each month and includes members who have had a change in status since the initial report and new members who were enrolled after the Initial Enrollment Roster Report was generated.

Other Reports

Additional reports are available for BadgerCare Plus HMOs, SSI HMOs, and long-term MCOs. Some are available via the Portal and some in the secure FTP (file transfer protocol).

Topic #4744

Members ForwardHealth Portal

Members can access ForwardHealth information by going to the ForwardHealth Portal. Members can search through a directory of providers by entering a ZIP code, city, or county. Members can also access all member-related ForwardHealth applications and forms. Members can use [ACCESS](#) to check availability, apply for benefits, check current benefits, and report any changes.

Topic #4344

Obtaining a Personal Identification Number

To establish an account on the ForwardHealth Portal, providers are required to obtain a PIN (personal identification number). The PIN is a unique, nine-digit number assigned by ForwardHealth interChange for the sole purpose of allowing a provider to establish a Portal account. It is used in conjunction with the provider's login ID. Once the Portal account is established, the provider will be prompted to create a username and password for the account, which will subsequently be used to log in to the Portal.

Note: The PIN used to create the provider's Portal account is not the same PIN used for recertification on the Portal. Providers will receive a separate PIN for recertification.

A provider may need to request more than one PIN if he or she is a provider for more than one program or has more than one type of provider certification. A separate PIN will be needed for each provider certification. Health care providers will need to supply their NPI (National Provider Identifier) and corresponding taxonomy code when requesting an account. Non-healthcare providers will need to supply their unique provider number.

Providers may request a PIN by following these steps:

1. Go to the [Portal](#).
2. Click on the "Providers" link or button.
3. Click the "Request Portal Access" link from the Quick Links box on the right side of the screen.
4. At the Request Portal Access screen, enter the following information:
 - a. Health care providers are required to enter their NPI and click "Search" to display a listing of ForwardHealth certifications. Select the correct certification for the account. The taxonomy code, ZIP+4 code, and financial payer for that certification will be automatically populated. Enter the SSN (Social Security number) or TIN (Tax Identification Number).
 - b. Non-healthcare providers are required to enter their provider number, financial payer, and SSN or TIN. (This option should only be used by non-healthcare providers who are exempt from NPI requirements).

The financial payer is one of the following:

- Medicaid (Medicaid is the financial payer for Wisconsin Medicaid, BadgerCare Plus, and Senior Care).
 - SSI (Supplemental Security Income).
 - WCDP (Wisconsin Chronic Disease Program).
 - The WWWP (Wisconsin Well Woman Program).
- c. Click **Submit**.
 - d. Once the Portal Access Request is successfully completed, ForwardHealth will send a letter with the provider's PIN to the address on file.

Topic #5089

Other Business Enhancements Available on the Portal

The secure Provider area of the ForwardHealth Portal enables providers to do the following:

- Verify member enrollment.
- View RAs (Remittance Advice).
- Designate which trading partner is eligible to receive the provider's 835 (835 Health Care Claim Payment/Advice).
- Update and maintain provider file information. Providers have the choice to indicate separate addresses for different business functions.
- Receive electronic notifications and provider publications from ForwardHealth.
- Enroll in EFT (electronic funds transfer).
- Track provider-submitted PA (prior authorization) requests.

Topic #4911

Portal Account Administrators

Portal administrators are responsible for requesting, creating, and managing accounts to access these features for their organization.

There must be one administrator assigned for each Portal account and all users established for that account. The responsibilities of the Portal administrator include:

- Ensuring the security and integrity of all user accounts (clerk administrators and clerks) created and associated with their Portal account.
- Ensuring clerks or clerk administrators are given the appropriate authorizations they need to perform their functions for the

provider, trading partner, or MCO (managed care organization).

- Ensuring that clerks or clerk administrator accounts are removed/deleted promptly when the user leaves the organization.
- Ensuring that the transactions submitted are valid and recognized by ForwardHealth.
- Ensuring that all users they establish know and follow security and guidelines as required by HIPAA (Health Insurance Portability and Accountability Act of 1996). As Portal administrators establish their Portal account and create accounts for others to access private information, administrators are reminded that all users must comply with HIPAA. The HIPAA privacy and security rules require that the confidentiality, integrity, and availability of PHI (protected health information) are maintained at all times. The HIPAA Privacy Rule provides guidelines governing the disclosure of PHI. The HIPAA Security Rule delineates the security measures to be implemented for the protection of electronic PHI. If Portal administrators have any questions concerning the protection of PHI, visit the Portal for additional information.

Portal administrators have access to all secure functions for their Portal account.

Establish an Administrator Account

All Portal accounts require an administrator account. The administrator is a selected individual who has overall responsibility for management of the account. Therefore, he or she has complete access to all functions within the specific secure area of his or her Portal and are permitted to add, remove, and manage other individual roles.

Topic #4912

Portal Clerk Administrators

A Portal administrator may choose to delegate some of the authority and responsibility for setting up and managing the users within their Portal account. If so, the Portal administrator may establish a clerk administrator. An administrator or clerk administrator can create, modify, manage or remove clerks for a Portal account. When a clerk is created, the administrator or clerk administrator must grant permissions to the clerks to ensure they have the appropriate access to the functions they will perform. A clerk administrator can only grant permissions that they themselves have. For example, if an administrator gives a clerk administrator permission only for enrollment verification, then the clerk administrator can only establish clerks with enrollment verification permissions.

Even if a Portal administrator chooses to create a clerk administrator and delegate the ability to add, modify, and remove users from the same account, the Portal administrator is still responsible for ensuring the integrity and security of the Portal account.

Topic #4913

Portal Clerks

The administrator (or the clerk administrator if the administrator has granted them authorization) may set up clerks within their Portal account. Clerks may be assigned one or many roles (i.e., claims, PA, enrollment verification). Clerks do not have the ability to establish, modify, or remove other accounts.

Once a clerk account is set up, the clerk account does not have to be established again for a separate Portal account. Clerks can easily be assigned a role for different Portal accounts (i.e., different ForwardHealth certifications). To perform work under a different Portal account for which they have been granted authorization, a clerk can use the "switch org" function and toggle between the Portal accounts to which they have access. Clerks may be granted different authorization in each Portal account (i.e., they may do enrollment verification for one Portal account, and HealthCheck inquires for another).

Topic #4740

Public Area of the Provider Portal

The public Provider area of the ForwardHealth Portal offers a variety of important business features and functions that will greatly assist in daily business activities with ForwardHealth programs.

Maximum Allowable Fee Schedules

Within the Portal, all [maximum allowable fee schedules](#) for Medicaid, BadgerCare Plus, and WCDP (Wisconsin Chronic Disease Program) are interactive and searchable. Providers can enter the DOS (date of service), along with other information such as procedure code, category of supplies, or provider type, to find the maximum allowable fee. Providers can also download all fee schedules.

Online Handbook

The Online Handbook is the single source for all current policy and billing information for ForwardHealth. The Online Handbook is designed to sort information based on user-entered criteria, such as program and provider type.

Revisions to policy information are incorporated into the Online Handbook in conjunction with published *Updates*. The Online Handbook also links to the [ForwardHealth Publications page](#), an archive section where providers can research previously published *Updates*.

ForwardHealth Publications Archive Section

The [ForwardHealth Publications page](#), available via the Quick Links box, lists *Updates*, *Update Summaries*, archives of provider Handbooks and provider guides, and monthly archives of the Online Handbook. The ForwardHealth Publications page contains both current and obsolete information for research purposes only. Providers should use the Online Handbook for current policy and procedure questions. The *Updates* are searchable by provider type or program (e.g., physician or HealthCheck "Other Services") and by year of publication.

Training

Providers can register for all scheduled trainings and view online trainings via the [Portal Training page](#), which contains an up-to-date calendar of all available training. Additionally, providers can view [Webcasts](#) of select trainings.

Contacting Provider Services

Providers and other Portal users will have an additional option for contacting Provider Services through the Contact link on the Portal. Providers can enter the relevant inquiry information, including selecting the preferred method of response (i.e., telephone call or e-mail) the provider wishes to receive back from Provider Services. Provider Services will respond to the inquiry within five business days. Information will be submitted via a secure connection.

Online Certification

Providers can speed up the certification process for Medicaid by completing a [provider certification application](#) via the Portal. Providers can then track their application by entering their ATN (application tracking number) given to them on completion of the application.

Other Business Enhancements Available on the Portal

The public Provider area of the Portal also includes the following features:

- A "[What's New?](#)" section for providers that links to the latest provider publication summaries and other new information posted to the Provider area of the Portal.
- Home page for the provider. Providers have administrative control over their Portal homepage and can grant other employees access to specified areas of the Portal, such as claims and PA (prior authorization).
- [E-mail subscription](#) service for *Updates*. Providers can register for e-mail subscription to receive notifications of new provider publications via e-mail. Users are able to select, by program and service area, which publication notifications they would like to receive.
- A [forms library](#).

Topic #4741

Secure Area of the Provider Portal

Providers can accomplish many processes via the ForwardHealth Portal, including submitting, adjusting, and correcting claims, submitting and amending PA (prior authorization) requests, and verifying enrollment.

Claims and Adjustments Using the Portal

Providers can track the status of their submitted claims, submit individual claims, correct errors on claims, and determine what claims are in "pay" status on the Portal. Providers have the ability to search for and view the status of all of their finalized claims, regardless of how they were submitted (i.e., paper, electronic, clearinghouse). If a claim contains an error, providers can correct it on the Portal and resubmit it to ForwardHealth.

Providers can submit an individual claim or adjust a claim via DDE (Direct Data Entry) through the secure Portal.

Submitting Prior Authorization and Amendment Requests Via the Portal

Nearly all service areas can submit PAs via the Portal. Providers can do the following:

- Correct errors on PAs or amendment requests via the Portal, regardless of how the PA was originally submitted.
- View all recently submitted and finalized PA and amendment requests.
- View the latest provider review and decision letters.
- Receive messages about PA and amendment requests that have been adjudicated or returned for provider review.

Electronic Communications

The secure Portal contains a one-way message center where providers can receive electronic notifications and provider publications from ForwardHealth. All new messages display on the provider's main page within the secure Portal.

Enrollment Verification

The secure Portal offers real-time member [enrollment verification](#) for all ForwardHealth programs. Providers are able to use this tool to determine:

- The health care program(s) in which the member is enrolled.
- Whether or not the member is enrolled in a state-contracted MCO (managed care organization).
- Whether or not the member has any third-party liability, such as Medicare or commercial health insurance.

Using the Portal to check enrollment may be more efficient than calling the AVR (Automated Voice Response) system or the EVS

(Enrollment Verification System) (although both are available).

Providers will be assigned a unique enrollment verification number for each inquiry. Providers can also use the "print screen" function to print a paper copy of enrollment verification inquiries for their records.

Other Business Enhancements Available on the Portal

The secure Provider area of the Portal enables providers to do the following:

- Verify member enrollment.
- View RAs (Remittance Advices).
- Designate which trading partner is eligible to receive the provider's 835 (835 Health Care Claim Payment/Advice).
- Update and maintain provider file information. Providers will have the choice to indicate separate addresses for different business functions.
- Receive electronic notifications and provider publications from ForwardHealth.
- Enroll in EFT (electronic funds transfer).
- Track provider-submitted PA requests.

Topic #4401

System and Browser Requirements

The following table lists the recommended system and browser requirements for using the Portal. PES (Provider Electronic Solutions) users should note that the Windows-based requirements noted in the table apply; PES cannot be run on Apple-based systems.

Recommended System Requirements	Recommended Browser Requirements
Windows-Based Systems	
Computer with at least a 500Mhz processor, 256 MB of RAM, and 100MB of free disk space	Microsoft Internet Explorer v. 6.0 or higher, or
Windows XP or higher operating system	Firefox v. 1.5 or higher
Apple-Based Systems	
Computer running a PowerPC G4 or Intel processor, 512 MB of RAM, and 150MB of free disk space	Safari, or
Mac OS X 10.2.x or higher operating system	Firefox v. 1.5 or higher

Topic #4742

Trading Partner Portal

The following information is available on the public [Trading Partner](#) area of the ForwardHealth Portal:

- Trading partner [testing packets](#).
- [Trading Partner Profile](#) submission.
- [PES \(Provider Electronic Solutions\)](#) software and upgrade information.
- EDI (Electronic Data Interchange) [companion guides](#).

In the secure Trading Partner area of the Portal, trading partners can exchange electronic transactions with ForwardHealth.

Trading partners using PES should be sure to enter the Web logon and Web password associated with the ForwardHealth trading partner ID that will be used on PES transactions. Prior to submitting transactions through PES, trading partners must also make sure their trading partner account is entered as the "Default Provider ID" on the Switch Organization page of the secure Trading Partner account on the Portal.

Training Opportunities

Topic #12757

Training Opportunities

The [Provider Relations representatives](#) conduct training sessions in a variety of formats on both program-specific and topic-specific subjects. There is no fee for attending/accessing these training sessions.

On-Site Sessions

On-site training sessions are offered at various locations (e.g., hotel conference rooms, provider facilities) throughout the state. These training sessions include general all-provider sessions, service-specific and/or topic-specific sessions, and program-specific (such as WCDP (Wisconsin Chronic Disease Program) or the WWWP (Wisconsin Well Woman Program)) sessions.

Registration is required to attend on-site sessions. Online registration is available on the [Trainings](#) page of the Providers area of the Portal.

Online (Real-Time, Web-Based) Sessions

Online (real-time, Web-based) training sessions are available and are facilitated through [HP® Virtual Room](#). Virtual Room sessions are offered on many of the same topics as on-site sessions, but online sessions offer the following advantages:

- Participants can attend training at their own computers without leaving the office.
- Sessions are interactive as participants can ask questions during the session.
- If requested or needed, a session can be quickly organized to cover a specific topic for a small group or office.

For some larger training topics (such as ForwardHealth Portal Fundamentals), the training may be divided into individual modules, with each module focused on a particular subject. This allows participants to customize their training experience.

Registration, including an e-mail address, is required to attend Virtual Room sessions, so important session information can be sent to participants prior to the start of the session. Online registration is available on the [Trainings](#) page of the Portal.

Recorded Webcasts

Recorded Webcasts are available on a variety of topics, including some of the same topics as on-site and online sessions. Like Virtual Room sessions, some recorded Webcasts on larger training topics may be divided into individual Webcast modules, allowing participants to customize their training experience. Recorded Webcasts allow providers to view the training at their convenience on their own computers.

Registration is not required to view a recorded Webcast. Related training materials are available to download and print from the specific [Webcast training session page](#) on the Portal.

Notification of Training Opportunities

In addition to information on the Trainings page of the Portal, upcoming training session information is distributed directly through messages to providers who have secure Portal accounts and to providers who have registered for the ForwardHealth e-mail subscription service.

To sign up for a secure Portal account, click the "Request Portal Access" link in the Quick Links box on the [Provider](#) page of the Portal. To sign up for e-mail subscription, click "Register for E-mail Subscription" in the Quick Links box on the Provider page of the Portal.

WiCall

Topic #6257

Entering Letters into WiCall

For some WiCall inquiries, health care providers are required to enter their taxonomy code with their NPI (National Provider Identifier). Because taxonomy codes are a combination of numbers and letters, telephone key pad combinations, shown in the table below, allow providers to successfully enter taxonomy code letters for WiCall functions (e.g., press *21 to enter an "A," press *72 to enter an "R").

Letter	Key Combination	Letter	Key Combination
A	*21	N	*62
B	*22	O	*63
C	*23	P	*71
D	*31	Q	*11
E	*32	R	*72
F	*33	S	*73
G	*41	T	*81
H	*42	U	*82
I	*43	V	*83
J	*51	W	*91
K	*52	X	*92
L	*53	Y	*93
M	*61	Z	*12

Additionally, providers may select option 9 and press "#" for an automated voice explanation of how to enter letters in WiCall.

Topic #466

Information Available Via WiCall

WiCall, ForwardHealth's AVR (Automated Voice Response) system, gathers inquiry information from callers through voice prompts and accesses ForwardHealth interChange to retrieve and "speak" back the following ForwardHealth information:

- Claim status.
- Enrollment verification.
- PA (prior authorization) status.
- Provider CheckWrite information.

Note: ForwardHealth releases CheckWrite information to WiCall no sooner than on the first state business day following the financial cycle.

Providers are prompted to enter NPI (National Provider Identifier) or provider ID and in some cases, NPI-related data, to retrieve query information.

In all inquiry scenarios, WiCall offers the following options after information is retrieved and reported back to the caller:

- Repeat the information.
- Make another inquiry of the same type.
- Return to the main menu.
- Repeat the options.

Claim Status

Providers may check the status of a specific claim by selecting the applicable program ("financial payer" option, i.e., Wisconsin Medicaid, WCDP (Wisconsin Chronic Disease Program), or WWWP (Wisconsin Well Woman Program) by entering their provider ID, member identification number, DOS (date of service), and the amount billed.

Note: Claim information for BadgerCare Plus and SeniorCare is available by selecting the Medicaid option.

Enrollment Verification

Providers may request enrollment status for any date of eligibility the member has on file by entering their provider ID and the member ID. If the member ID is unknown, providers may enter the member's date of birth and SSN (Social Security number). Additionally, the provider is prompted to enter the "From DOS" and the "To DOS" for the inquiry. The "From" DOS is the earliest date the provider requires enrollment information and the "To" DOS must be within 365 days of the "From" DOS.

Each time a provider verifies member enrollment, the enrollment verification is saved and assigned a transaction number as transaction confirmation. Providers should note the transaction number for their records.

Prior Authorization Status

Except in certain instances, providers may obtain the status of PA requests for Medicaid and WCDP via WiCall by entering their provider ID and the applicable PA number. If the provider does not know the PA number, there is an option to bypass entering the PA number and the caller will be prompted to enter other PA information such as member ID and type of service (i.e., NDC (National Drug Code), procedure code, revenue code, or ICD-9-CM (International Classification of Diseases, Ninth Revision, Clinical Modification) diagnosis code.) When a match is found, WiCall reports back the PA status information, including the PA number for future reference, and the applicable program.

Information on past PAs is retained indefinitely. Paper PAs require a maximum of 20 working days from receipt to be processed and incorporated into WiCall's PA status information.

Note: PA information for BadgerCare Plus and SeniorCare is available by selecting the Medicaid option.
