## Claims:Responses

---

Topic #13437

### ForwardHealth-Initiated Claim Adjustments

There are times when ForwardHealth must initiate a claim adjustment to address claim issues that do not require provider action and do not affect reimbursement.

Claims that are subject to this type of ForwardHealth-initiated claim adjustment will have EOB (Explanation of Benefits) code 8234 noted on the RA (Remittance Advice).

The adjusted claim will be assigned a new claim number, known as an ICN (internal control number). The new ICN will begin with "58." If the provider adjusts this claim in the future, the new ICN will be required when resubmitting the claim.

## Submission

---

Topic #10637

### Reimbursement Reduction for Most Paper Claims

As a result of the Medicaid Rate Reform project, ForwardHealth will reduce reimbursement on most claims submitted to ForwardHealth on paper. Most paper claims will be subject up to a \$1.10 reimbursement reduction per claim.

For each claim that a reimbursement reduction was applied, providers will receive an EOB (Explanation of Benefits) to notify them of the payment reduction. For claims with reimbursement reductions, the EOB will state the following, "This claim is eligible for electronic submission. Up to a \$1.10 reduction has been applied to this claim payment."

If a paid claim's total reimbursement amount is less than \$1.10, ForwardHealth will reduce the payment up to a \$1.10. The claim will show on the RA (Remittance Advice) as paid but with a \$0 paid amount.

The reimbursement reduction applies to the following paper claims:

- 1500 Health Insurance Claim Form.
- UB-04 (CMS 1450) Claim Form.
- [Compound Drug Claim \(F-13073 \(07/12\)\)](#) form.
- [Noncompound Drug Claim \(F-13072 \(07/12\)\)](#) form.

### Exceptions to Paper Claim Reimbursement Reduction

The reimbursement reduction will not affect the following providers or claims:

- In-state emergency providers.
- Out-of-state providers.
- Medicare crossover claims.
- Any claims that ForwardHealth requires additional supporting information to be submitted on paper. For example:
  - Hysterectomy claims must be submitted along with a paper [Acknowledgment of Receipt of Hysterectomy Information \(F-1160A \(10/08\)\)](#) form.
  - Sterilization claims must be submitted along with a paper [Consent for Sterilization \(F-1164 \(10/08\)\)](#) form.
  - Claims submitted to Timely Filing appeals must be submitted on paper with a [Timely Filing Appeals Request \(F-13047 \(07/12\)\)](#) form.
  - In certain circumstances, drug claims must be submitted on paper with a [Pharmacy Special Handling Request \(F-13074 \(07/12\)\)](#) form.

Topic #186

### Submitting Claims

Providers should follow their service-specific claim instructions when submitting claims for services provided to members receiving the TB-Only (Tuberculosis-Related Services-Only) Benefit.

# Covered and Noncovered Services

2

Archive Date:11/01/2012

## Covered and Noncovered Services:Codes

Topic #187

### Diagnosis Codes

With the exception of independent laboratory providers, portable X-ray providers, and pharmacy providers, providers should indicate a TB (tuberculosis)-related ICD-9-CM (International Classification of Diseases, Ninth Revision, Clinical Modification) diagnosis code as the primary diagnosis when submitting claims for TB-related services. Wisconsin Medicaid has identified commonly used allowable diagnosis codes for services provided to members receiving the TB-Only (Tuberculosis-Related Services-Only) Benefit. Providers are responsible for keeping current with diagnosis code changes. Claims submitted that do not include a TB-related diagnosis code as the primary diagnosis may be denied.

Diagnosis Codes	Descriptions
010.0x-018.9x	Primary tuberculosis (TB) infection Pulmonary TB Other respiratory TB Tuberculosis of meninges and central nervous system Tuberculosis of intestines, peritoneum, and mesenteric glands Tuberculosis of bones and joints Tuberculosis of genitourinary system Tuberculosis of other organs Military TB
137.0-137.4	Late effects of TB
771.2	Infections specific to the perinatal period; other congenital infections; congenital TB
795.5	Nonspecific abnormal histological and immunological findings; nonspecific reaction to tuberculin skin test without active TB
V01.1	Contact with or exposure to communicable diseases; TB
V12.01	Personal history of certain other diseases; infectious and parasitic diseases; TB
V71.2	Observation and evaluation for suspected conditions not found; observation for suspected TB
V72.5	Special investigations and examinations; radiological examination, not elsewhere classified
V74.1	Special screening examination for bacterial and spirochetal diseases; pulmonary TB

Service-specific information about diagnosis codes is available for [independent laboratory providers](#), portable X-ray providers, and [pharmacy providers](#).

Topic #185

### Place of Service Codes

Services that are reimbursable through the TB-Only (Tuberculosis-Related Services-Only) Benefit must be provided in an allowable POS (place of service).

Place of Service Code	Description
03	School
04	Homeless Shelter
05	Indian Health Service Free-Standing Facility
06	Indian Health Service Provider-Based Facility
07	Tribal 638 Free-Standing Facility
08	Tribal 638 Provider-Based Facility
11	Office
12	Home
15	Mobile Unit
20	Urgent Care Facility
22	Outpatient Hospital
23	Emergency Room — Hospital
34	Hospice
50	Federally Qualified Health Center
60	Mass Immunization Center
71	State or Local Public Health Clinic
72	Rural Health Clinic
81	Independent Laboratory
99	Other Place of Service

Topic #364

## Procedure Codes

Wisconsin Medicaid has identified commonly used allowable procedure codes for services provided to members receiving the TB-Only (Tuberculosis-Related Services-Only) Benefit. Providers are required to use the procedure code that best describes the service and level of service provided.

Procedure Code	Description	Allowable Providers
H0033*	Oral medication administration, direct observation (one unit is 15 minutes)	<ul style="list-style-type: none"> <li>FQHCs (federally qualified health centers).</li> <li>HealthCheck screeners.</li> <li>Home health agencies.</li> <li>Nurse midwives.</li> <li>Nurse practitioners.</li> <li>Physician assistants.</li> <li>Physician clinics.</li> <li>Physicians.</li> <li>PNCC (Prenatal Care Coordination) providers.</li> </ul>
S9445**	Patient education, not otherwise classified, non-physician provider, individual, per session	
99401***	Preventive medicine counseling and/or risk factor reduction intervention(s) provided to an individual (separate procedure); approximately 15 minutes	
99402***	approximately 30 minutes	
99403***	approximately 45 minutes	
99404***	approximately 60 minutes	

71010	Radiologic examination, chest; single view, frontal	<ul style="list-style-type: none"> <li>• Family planning clinics.</li> <li>• FQHCs.</li> <li>• HealthCheck screeners.</li> <li>• Nurse midwives.</li> <li>• Nurse practitioners.</li> <li>• Outpatient hospitals.</li> <li>• Physician assistants.</li> <li>• Physician clinics.</li> <li>• Physicians.</li> <li>• Portable X-ray providers.</li> <li>• PNCC providers.</li> </ul>
71020	Radiologic examination, chest, two views, frontal and lateral	
86480	Tuberculosis test, cell mediated immunity measurement of gamma interferon antigen response	<ul style="list-style-type: none"> <li>• FQHCs.</li> <li>• Independent laboratories.</li> <li>• Nurse practitioners.</li> <li>• Outpatient hospitals.</li> <li>• Physician assistants.</li> <li>• Physician clinics.</li> <li>• Physicians.</li> </ul>
86481	Tuberculosis test, cell mediated immunity antigen response measurement; enumeration of gamma interferon-producing T-cells in cell suspension	<ul style="list-style-type: none"> <li>• FQHCs.</li> <li>• HealthCheck screeners.</li> <li>• Home health agencies.</li> <li>• Independent laboratories.</li> <li>• Nurse midwives.</li> <li>• Nurse practitioners.</li> <li>• Physician assistants.</li> <li>• Physician clinics.</li> <li>• Physicians.</li> <li>• PNCC providers.</li> </ul>
86580	Skin test; tuberculosis, intradermal	<ul style="list-style-type: none"> <li>• Family planning clinics.</li> <li>• FQHCs.</li> <li>• HealthCheck screeners.</li> <li>• Independent laboratories.</li> <li>• Nurse midwives.</li> <li>• Nurse practitioners.</li> <li>• Outpatient hospitals.</li> <li>• Physician assistants.</li> <li>• Physician clinics.</li> <li>• Physicians.</li> <li>• PNCC providers.</li> </ul>
89220	Sputum, obtaining specimen, aerosol induced technique (separate procedure)	<ul style="list-style-type: none"> <li>• FQHCs.</li> <li>• HealthCheck screeners.</li> <li>• Independent laboratories.</li> <li>• Nurse midwives.</li> <li>• Nurse practitioners.</li> <li>• Outpatient hospitals.</li> <li>• Physician assistants.</li> <li>• Physician clinics.</li> </ul>

		<ul style="list-style-type: none"> <li>• Physicians.</li> <li>• PNCC providers.</li> </ul>
94664	Demonstration and/or evaluation of patient utilization of an aerosol generator, nebulizer, metered dose inhaler or IPPB device (94664 can be reported one time only per day of service)	<ul style="list-style-type: none"> <li>• FQHCs.</li> <li>• HealthCheck screeners.</li> <li>• Nurse midwives.</li> <li>• Nurse practitioners.</li> <li>• Outpatient hospitals.</li> <li>• Physician assistants.</li> <li>• Physician clinics.</li> <li>• Physicians.</li> <li>• PNCC providers.</li> </ul>
99000	Handling and/or conveyance of specimen for transfer from the physician's office to a laboratory	<ul style="list-style-type: none"> <li>• Family planning clinics.</li> <li>• FQHCs.</li> <li>• HealthCheck screeners.</li> <li>• Independent laboratories.</li> <li>• Nurse midwives.</li> <li>• Nurse practitioners.</li> <li>• Outpatient hospitals.</li> <li>• Physician assistants.</li> <li>• Physician clinics.</li> <li>• Physicians.</li> <li>• PNCC providers.</li> </ul>

\* Procedure code H0033 may be billed for the same DOS as 99401, 99402, 99403, 99404, and S9445 for symptom treatment monitoring. Procedure code H0033 is limited to 12 units per DOS (date of service). One unit is equal to 15 minutes.

\*\* Procedure codes 99401, 99402, 99403, and 99404 are not reimbursable on the same DOS as S9445. A quantity of "1" indicates a complete service for procedure code S9445. Providers are limited to a quantity of one per day.

\*\*\* A quantity of "1" indicates a complete service for these procedure codes. Providers have a limit of one quantity per day.

Topic #643

## Unlisted Procedure Codes

According to the HCPCS (Healthcare Common Procedure Coding System) code book, if a service is provided that is not accurately described by other HCPCS CPT (Current Procedural Terminology) procedure codes, the service should be reported using an unlisted procedure code.

Before considering using an unlisted, or NOC (not otherwise classified), procedure code, a provider should determine if there is another more specific code that could be indicated to describe the procedure or service being performed/provided. If there is no more specific code available, the provider is required to submit the appropriate documentation, which could include a PA (prior authorization) request, to justify use of the unlisted procedure code and to describe the procedure or service rendered. Submitting the proper documentation, which could include a PA request, may result in more timely claims processing.

Unlisted procedure codes should not be used to request adjusted reimbursement for a procedure for which there is a more specific code available.

## Unlisted Codes That Do Not Require Prior Authorization or Additional Supporting Documentation

For a limited group of unlisted procedure codes, ForwardHealth has established specific policies for their use and associated reimbursement. These codes do not require PA or additional documentation to be submitted with the claim. Providers should refer to their service-specific area of the Online Handbook on the ForwardHealth Portal for details about these unlisted codes.

For most unlisted codes, ForwardHealth requires additional documentation.

## Unlisted Codes That Require Prior Authorization

Certain unlisted procedure codes require PA. Providers should follow their service-specific PA instructions and documentation requirements for requesting PA. For a list of procedure codes for which ForwardHealth requires PA, refer to the service-specific interactive [maximum allowable fee schedules](#).

In addition to a properly completed PA request, documentation submitted on the service-specific PA attachment or as additional supporting documentation with the PA request should provide the following information:

- Specifically identify or describe the name of the procedure/service being performed or billed under the unlisted code.
- List/justify why other codes are not appropriate.
- Include only relevant documentation.
- Include all required clinical/supporting documentation.

For most situations, once the provider has an approved PA request for the unlisted procedure code, there is no need to submit additional documentation along with the claim.

## Unlisted Codes That Do Not Require Prior Authorization

If an unlisted procedure code does not require PA, documentation submitted with the claim to justify use of the unlisted code and to describe the procedure/service rendered must be sufficient to allow ForwardHealth to determine the nature and scope of the procedure and to determine whether or not the procedure is covered and was medically necessary, as defined in Wisconsin Administrative Code.

The documentation submitted should provide the following information related to the unlisted code:

- Specifically identify or describe the name of the procedure/service being performed or billed under the unlisted code.
- List/justify why other codes are not appropriate.
- Include only relevant documentation.

## How to Submit Claims and Related Documentation

Claims including an unlisted procedure code and supporting documentation may be submitted to ForwardHealth in the following ways:

- On paper with supporting information/description included in Element 19 of the 1500 Health Insurance Claim Form.
- On paper with supporting documentation submitted on paper. This option should be used if Element 19 does not allow enough space for the description or when billing multiple unlisted procedure codes. Providers should indicate "See Attachment" in Element 19 of the paper claim and send the supporting documentation along with the paper claim.
- Electronically, either using DDE (Direct Data Entry) through the ForwardHealth Portal, PES (Provider Electronic Solutions) transactions, or 837 Health Care Claim electronic transactions, with supporting documentation included electronically in the Notes field. The Notes field is limited to 80 characters.

- Electronically with an indication that supporting documentation will be submitted separately on paper. This option should be used if the Notes field does not allow enough space for the description or when billing multiple unlisted procedure codes. Providers should indicate "See Attachment" in the Notes field of the electronic transaction and submit the supporting documentation on paper.
- Upload claim attachments via the secure Provider area of the Portal.

## Covered Services and Requirements

---

Topic #144

### A Comprehensive Overview

Members of the TB-Only (Tuberculosis-Related Services-Only) Benefit are enrolled *only* for covered TB (tuberculosis)-related outpatient services. These services include:

- Drugs.
- Physician services.
- Laboratory services.
- Radiology services.
- Case management services.
- Transportation services.
- DOT (directly observed therapy).
- Symptom and treatment monitoring.
- Patient education and anticipatory guidance.

To receive reimbursement through the TB-Only Benefit, the services provided must relate to the diagnosis, treatment, or complications of TB and may vary depending on the member's condition. For example, services may be provided and reimbursed through the TB-Only Benefit when necessary due to side effects from drugs prescribed to treat TB.

Topic #168

### Case Management Services

Case management services help a member and, when appropriate, the member's family gain access to, coordinate, or monitor necessary medical, social, educational, vocational, and other services. All [Medicaid-covered case management services](#) may be reimbursed through the TB-Only (Tuberculosis-Related Services-Only) Benefit.

#### Allowable Providers

Medicaid case management services providers may provide TB (tuberculosis)-related case management services and receive reimbursement through the TB-Only Benefit. In addition, providers must be Medicaid-enrolled for the target group "individuals infected with TB." Target populations may be added by submitting the [Case Management Target Population Change Request](#) form.

Topic #44

### Definition of Covered Services

A covered service is a service, item, or supply for which reimbursement is available when *all* program requirements are met. [DHS 101.03\(35\)](#) and [107](#), Wis. Admin. Code, contain more information about covered services.

Topic #164

# Directly Observed Therapy

Full-benefit Medicaid members and members of the TB-Only (Tuberculosis-Related Services-Only) Benefit are eligible for DOT (directly observed therapy). These services may be provided to encourage adherence to the member's treatment program, including completion of the course of a prescribed drug.

DOT may be provided by a health care provider or other designated person to ensure that the member ingests TB (tuberculosis) medication as prescribed in his or her treatment plan.

The need for DOT services, including the treatment course as indicated in the treatment plan, must be documented in the member's medical record. Family members should not be used for DOT. The provider may not bill for services rendered by family members or be reimbursed for family member time.

Providers are required to indicate procedure code H0033 on claims only when the direct observation is to ensure that the member ingests his or her TB medication. A valid TB related diagnosis must be indicated on claims billing procedure code H0033.

Reimbursement rates for DOT include travel time and delivery of medications. Therefore, travel time and delivery of medications are not separately reimbursable.

## Limitation

Procedure code H0033 is limited to 12 units per DOS. One unit is equal to 15 minutes. This service is reimbursable on the same DOS as 99401 — 99404 (TB symptom and treatment monitoring) or as S9445 (patient education and anticipatory guidance). However, codes 99401 — 99404 are not reimbursable for the same DOS as S9445.

## Allowable Providers

Wisconsin Medicaid has identified [providers who may provide TB-related DOT](#).

Topic #42

## Drugs

TB (tuberculosis)-related drugs include, but are not limited to, the following:

- Capreomycin.
- Cycloserine.
- Ethambutol.
- Ethionamide.
- Isoniazid.
- Kanamycin.
- Pyrazinamide.
- Pyridoxine.
- P-aminosalicylic acid.
- Pyridoxine tablets (Vitamin B<sub>6</sub> — 10, 25, 50, and 100 mg).
- Rifabutin.
- Rifamate<sup>®</sup>.
- Rifampin.
- Rifater<sup>®</sup>.
- Streptomycin.

If the pharmacy provider or dispensing physician verifies with the member that the member's need for the drug is TB related, other drugs may be reimbursed through the TB-Only (Tuberculosis-Related Services-Only) Benefit.

## Allowable Providers

Medicaid pharmacy providers and dispensing physicians may dispense TB-related drugs and receive reimbursement through the TB-Only Benefit.

Topic #43

## Laboratory Services

TB (tuberculosis)-related laboratory services, including services to diagnose or confirm the presence of TB infection or disease, may be reimbursed through the TB-Only (Tuberculosis-Related Services-Only) Benefit.

## Allowable Providers

Wisconsin Medicaid has identified [providers who may provide TB-related laboratory services](#) and receive reimbursement through the TB-Only Benefit.

Topic #189

## Patient Education and Anticipatory Guidance

Full-benefit Medicaid members and members receiving the TB-Only (Tuberculosis-Related Services-Only) Benefit have coverage for patient education and anticipatory guidance. These services may be provided to encourage adherence to the member's treatment program, including completion of the course of a prescribed drug.

Limited patient education and anticipatory guidance may include providing information about TB (tuberculosis) infection or disease, diagnostic tests, treatment, benefits of adherence to treatment, and follow-up care.

Reimbursement rates for patient education and anticipatory guidance include travel time. Therefore, travel time is not separately reimbursable.

Providers should indicate procedure code S9445 when submitting claims for patient education and anticipatory guidance. A quantity of "1" indicates a complete service. Providers are limited to a quantity of one per day.

## Allowable Providers

Wisconsin Medicaid has identified [providers who may provide TB-related patient education and anticipatory guidance](#).

Topic #166

## Physician Services

TB (tuberculosis)-related physician services, including office visits, may be reimbursed through the TB-Only (Tuberculosis-Related Services-Only) Benefit.

## Allowable Providers

Medicaid physicians, physician clinics, physician assistants, and nurse practitioners may provide TB-related physician services within their scope of practice and receive reimbursement through the TB-Only Benefit.

Topic #165

## Radiology Services

TB (tuberculosis)-related radiology services may be reimbursed through the TB-Only (Tuberculosis-Related Services-Only) Benefit.

## Allowable Providers

Wisconsin Medicaid has identified [providers who may provide TB-related radiology services](#) and receive reimbursement through the TB-Only Benefit.

Topic #7897

## Resetting Service Limitations

Service limitations used by a member enrolled in the BadgerCare Plus Benchmark Plan and the BadgerCare Plus Core Plan within their continuous 12-month enrollment year will reset in the following situations:

- A fee-for-service member is enrolled in an HMO (health maintenance organization).
- A member switches from one HMO to another HMO (only allowable within the first 90 days of Core Plan enrollment).
- A member is disenrolled from an HMO and moves to fee-for-service.

*Note:* When a member goes from fee-for-service into an HMO and subsequently moves back to fee-for-service, service limitations will not be reset for the services that were received under the initial fee-for-service enrollment period.

PA (prior authorization) requests for services beyond the covered service limitations will be denied.

Resetting service limitations does not change a member's [Benchmark Plan](#) enrollment year or a member's [Core Plan](#) enrollment year.

Topic #188

## Symptom and Treatment Monitoring

Full-benefit Medicaid members and members receiving the TB-Only (Tuberculosis-Related Services-Only) Benefit are covered for symptom and treatment monitoring. These services may be provided to encourage adherence to the member's treatment program, including completion of the course of a prescribed drug.

TB (tuberculosis) symptom and treatment monitoring includes the following:

- Clinical assessment of TB.
- Incorporating a history of treatment for TB infection or disease.
- Monitoring adherence to the member's treatment program.

- Monitoring signs and symptoms of the TB infection or disease.
- Monitoring adverse reactions.

Reimbursement rates for TB symptom and treatment monitoring include travel time. Therefore, travel time is not separately reimbursable.

Providers should indicate one of the following procedure codes with a quantity of "1" when submitting claims for TB symptom and treatment monitoring:

- 99401.
- 99402.
- 99403.
- 99404.

A quantity of "1" indicates a complete service for the above procedure codes. Providers have a limit of one quantity per day.

## Allowable Providers

Wisconsin Medicaid has identified [providers who may provide TB symptom and treatment monitoring](#).

Topic #167

## Transportation Services

Transportation to receive TB (tuberculosis)-related services is covered for members receiving the TB-Only (Tuberculosis-Related Services-Only) Benefit. NEMT (Non-emergency medical transportation) services are provided through LogistiCare, the transportation management system contracted with the DHS (Department of Health Services). Providers may be asked to verify that the member received covered services at their site on a particular date.

Refer to the NEMT Online Handbook for more information.

## Noncovered Services

---

Topic #184

## Noncovered Services

Inpatient hospital services and nursing home services are not covered through the TB-Only (Tuberculosis-Related Services-Only) Benefit.

In addition, services not related to the treatment or complications of TB (tuberculosis) are not covered through the TB-Only Benefit. For example, routine dental services and substance abuse day treatment services are not covered through this limited benefit category.

# Member Information

3

Archive Date:11/01/2012

## Member Information:Enrollment Categories

---

Topic #3324

### Eligibility Requirements

To be eligible for the TB-Only (Tuberculosis-Related Services-Only) Benefit, documentation must show that one of the following is true:

- The individual has evidence of latent TB infection.
- The individual has evidence of active TB disease.
- The individual has a negative tuberculin skin test, but a positive culture.
- The individual tests negative for TB but requires a TB-related drug and/or surgical therapy based on a physician's judgment.
- The individual requires testing to confirm the presence (or absence) of the TB organism based on a physician's judgment.

Individuals must also meet certain financial requirements. Individuals should contact their county/tribal social or human services agency or Medicaid outstation site for current financial requirements.

Topic #262

### Tuberculosis-Related Services-Only Benefit

The [TB-Only \(Tuberculosis-Related Services-Only\) Benefit](#) is a limited benefit category that allows individuals with TB (tuberculosis) infection or disease to receive covered TB-related outpatient services.

## Identification Cards

---

Topic #324

## ForwardHealth Cards

Most members, whether they have coverage for all services or limited services, receive a ForwardHealth card. Therefore, members of the TB-Only (Tuberculosis-Related Services-Only) Benefit receive a ForwardHealth card.

## Special Enrollment Circumstances

---

Topic #304

### Retroactive Eligibility

Some individuals may not be determined to have coverage for the TB-Only (Tuberculosis-Related Services-Only) Benefit until the TB infection or disease is clinically confirmed. These individuals may request that coverage for the TB-Only Benefit be retroactive to the date the infection or disease is confirmed.

# Provider Enrollment and Ongoing Responsibilities

4

Archive Date:11/01/2012

## **Provider Enrollment and Ongoing Responsibilities:Provider Enrollment**

---

Topic #284

### **Separate Enrollment Not Required**

Medicaid-enrolled providers may provide TB (tuberculosis)-related services to members of the TB-Only (Tuberculosis-Related Services-Only) Benefit. No separate enrollment is required to provide these services.

BadgerCare Plus has determined which Medicaid-enrolled providers may provide certain services and receive reimbursement through the TB-Only Benefit.

## Provider Numbers

---

Topic #5096

### Taxonomy Codes

Taxonomy codes are standard code sets used to provide information about provider type and specialty for the provider's enrollment. ForwardHealth uses taxonomy codes as additional data for correctly matching the NPI (National Provider Identifier) to the provider file.

Providers are required to use a taxonomy code when the NPI reported to ForwardHealth corresponds to multiple enrollments and the provider's practice location ZIP+4 code does not uniquely identify the provider.

Providers are allowed to report multiple taxonomy codes to ForwardHealth as long as the codes accurately describe the provider type and specialty for the provider's enrollment. When doing business with ForwardHealth, providers may use any one of the reported codes. Providers who report multiple taxonomy codes will be required to designate one of the codes as the primary taxonomy code; ForwardHealth will use this primary code for identification purposes.

Providers who wish to change their taxonomy code or add additional taxonomy codes may do so using the demographic maintenance tool found in the secure Provider area of the ForwardHealth Portal. Refer to the Demographic Maintenance Tool User Guide on the [Portal User Guides page](#) of the Portal for more detailed instructions. Most taxonomy code changes entered through the demographic maintenance tool will take effect in real time; providers may use the new codes immediately on transactions.

Alternatively, providers may use the [Provider Change of Address or Status \(F-01181 \(07/12\)\)](#) form to report new taxonomy codes. Providers who submit new taxonomy codes using the Provider Change of Address or Status form will need to check the demographic maintenance tool to verify ForwardHealth has received and added the new taxonomy codes prior to using them on transactions.

Omission of a taxonomy code when it is required as additional data to identify the provider will cause claims and other transactions to be denied or delayed in processing.

*Note:* Taxonomy codes do not change provider enrollment or affect reimbursement terms.

Topic #5097

### ZIP Code

The ZIP code of a provider's practice location address on file with ForwardHealth must be a ZIP+4 code. The ZIP+4 code helps to identify a provider when the NPI (National Provider Identifier) reported to ForwardHealth corresponds to multiple enrollments and the reported taxonomy code does not uniquely identify the provider.

When a ZIP+4 code is required to identify a provider, omission of it will cause claims and other transactions to be denied or delayed in processing.

Providers may verify the ZIP+4 code for their address on the [U.S. Postal Service Web site](#).

# Reimbursement

# 5

Archive Date:11/01/2012

## Reimbursement:Copayment

---

Topic #261

### Prohibited

Providers are prohibited from collecting copayment from members of the TB-Only (Tuberculosis-Related Services-Only) Benefit when providing DOT (directly observed therapy), TB (tuberculosis) symptom and treatment monitoring, or patient education and anticipatory guidance. For information about charging copayment for other services, the information pertaining to the provider's primary service area must be referenced.

# Resources

6

Archive Date:11/01/2012

## Resources:Portal

---

Topic #5157

### Cost Share Reports for Long-Term Managed Care Organizations

Individual cost share reports for long-term care MCOs (managed care organizations) that provide Family Care, Family Care Partnership, and PACE (Program of All-Inclusive Care for the Elderly) services are available via the secure area of the ForwardHealth Portal and can be downloaded as an Excel file.

Topic #5158

### Managed Care Organization Portal Reports

The following reports are generated to MCOs (managed care organizations) through their account on the ForwardHealth MCO Portal:

- Capitation Payment Listing Report.
- Cost Share Report (long-term MCOs only).
- Enrollment Reports.

MCOs are required to establish a Portal account in order to receive reports from ForwardHealth.

#### Capitation Payment Listing Report

The Capitation Payment Listing Report provides "payee" MCOs with a detailed listing of the members for whom they receive capitation payments. ForwardHealth interChange creates adjustment transaction information weekly and regular capitation transaction information monthly. The weekly batch report includes regular and adjustment capitation transactions. MCOs have the option of receiving both the Capitation Payment Listing Report and the 820 Payroll Deducted and Other Group Premium Payment for Insurance Products transactions.

#### Initial Enrollment Roster Report

The Initial Enrollment Roster Report is generated according to the annual schedules detailing the number of new and continuing members enrolled in the MCO and those disenrolled before the next enrollment month.

#### Final Enrollment Roster Report

The Final Enrollment Roster Report is generated the last business day of each month and includes members who have had a change in status since the initial report and new members who were enrolled after the Initial Enrollment Roster Report was generated.

#### Other Reports

Additional reports are available for BadgerCare Plus HMOs, SSI HMOs, and long-term MCOs. Some are available via the

Portal and some in the secure FTP (file transfer protocol).

Topic #5089

## **Other Business Enhancements Available on the Portal**

The secure Provider area of the ForwardHealth Portal enables providers to do the following:

- Verify member enrollment.
- View RAs (Remittance Advice).
- Designate which trading partner is eligible to receive the provider's 835 (835 Health Care Claim Payment/Advice).
- Update and maintain provider file information. Providers have the choice to indicate separate addresses for different business functions.
- Receive electronic notifications and provider publications from ForwardHealth.
- Enroll in EFT (electronic funds transfer).
- Track provider-submitted PA (prior authorization) requests.

# Training Opportunities

---

Topic #12757

## Training Opportunities

The [Provider Relations representatives](#) conduct training sessions in a variety of formats on both program-specific and topic-specific subjects. There is no fee for attending/accessing these training sessions.

### On-Site Sessions

On-site training sessions are offered at various locations (e.g., hotel conference rooms, provider facilities) throughout the state. These training sessions include general all-provider sessions, service-specific and/or topic-specific sessions, and program-specific (such as WCDP (Wisconsin Chronic Disease Program) or the WWWP (Wisconsin Well Woman Program)) sessions.

Registration is required to attend on-site sessions. Online registration is available on the [Trainings](#) page of the Providers area of the Portal.

### Online (Real-Time, Web-Based) Sessions

Online (real-time, Web-based) training sessions are available and are facilitated through [HP® Virtual Room](#). Virtual Room sessions are offered on many of the same topics as on-site sessions, but online sessions offer the following advantages:

- Participants can attend training at their own computers without leaving the office.
- Sessions are interactive as participants can ask questions during the session.
- If requested or needed, a session can be quickly organized to cover a specific topic for a small group or office.

For some larger training topics (such as ForwardHealth Portal Fundamentals), the training may be divided into individual modules, with each module focused on a particular subject. This allows participants to customize their training experience.

Registration, including an e-mail address, is required to attend Virtual Room sessions, so important session information can be sent to participants prior to the start of the session. Online registration is available on the [Trainings](#) page of the Portal.

### Recorded Webcasts

Recorded Webcasts are available on a variety of topics, including some of the same topics as on-site and online sessions. Like Virtual Room sessions, some recorded Webcasts on larger training topics may be divided into individual Webcast modules, allowing participants to customize their training experience. Recorded Webcasts allow providers to view the training at their convenience on their own computers.

Registration is not required to view a recorded Webcast. Related training materials are available to download and print from the specific [Webcast training session page](#) on the Portal.

### Notification of Training Opportunities

In addition to information on the Trainings page of the Portal, upcoming training session information is distributed directly through messages to providers who have secure Portal accounts and to providers who have registered for the ForwardHealth e-mail subscription service.

To sign up for a secure Portal account, click the "Request Portal Access" link in the Quick Links box on the [Provider](#) page of the Portal. To sign up for e-mail subscription, click "Register for E-mail Subscription" in the Quick Links box on the Provider page of the Portal.
