## **Claims: Adjustment Requests**

Topic #814

## **Allowed Claim**

An allowed claim (or adjustment request) contains at least one service that is reimbursable. Allowed claims display on the Paid Claims Section of the RA (Remittance Advice) with a dollar amount greater than "0" in the allowed amount fields. Only an allowed claim, which is also referred to as a claim in an allowed status, may be adjusted.

Topic #815

## **Denied Claim**

A claim that was completely denied is considered to be in a denied status. To receive reimbursement for a claim that was completely denied, it must be corrected and submitted as a new claim.

Topic #2445

# **Documentation for Review Requests**

Documentation might include operative reports, descriptions of special circumstances, or other information. Write "dental review requested" on the adjustment form.

Topic #512

## **Electronic**

## 837 Transaction

Even if the original claim was submitted on paper, providers may submit electronic adjustment requests using an <u>837 (837 Health Care</u> Claim) transaction.

### **Provider Electronic Solutions Software**

The DHS (Department of Health Services) offers electronic billing software at no cost to providers. The PES (Provider Electronic Solutions) software allows providers to submit electronic adjustment requests using an 837 transaction. To obtain PES software, providers may download it from the <u>ForwardHealth Portal</u>. For assistance installing and using PES software, providers may call the <u>EDI</u> (Electronic Data Interchange) Helpdesk.

## **Portal Claim Adjustments**

Providers can submit claim adjustments via the Portal. Providers may use the search function to find the specific claim to adjust. Once the claim is found, the provider can alter it to reflect the desired change and resubmit it to ForwardHealth. Any claim ForwardHealth has paid within 365 days of the DOS (date of service) can be adjusted and resubmitted on the Portal, regardless of how the claim was originally submitted.

Claim adjustments with DOS beyond the 365-day submission deadline should not be submitted electronically. Providers who attempt to

submit a claim adjustment electronically for DOS beyond 365 days will have the entire amount of the claim recouped.

Requests for adjustments to claims with DOS beyond the 365-day submission deadline may be submitted using the <u>timely filing</u> process (a paper process) if the claim adjustment meets one of the <u>exceptions</u> to the claim submission deadline.

Topic #513

# Follow-Up

Providers who believe an error has occurred or their issues have not been satisfactorily resolved have the following options:

- Submit a new adjustment request if the previous adjustment request is in an allowed status.
- Submit a new claim for the services if the adjustment request is in a denied status.
- Contact Provider Services for assistance with paper adjustment requests.
- Contact the EDI (Electronic Data Interchange) Helpdesk for assistance with electronic adjustment requests.

Topic #515

# **Paper**

Paper adjustment requests must be submitted using the <u>Adjustment/Reconsideration Request (F-13046 (08/15))</u> form.

Topic #816

## **Processing**

Within 30 days of receipt, ForwardHealth generally reprocesses the original claim with the changes indicated on the adjustment request and responds on ForwardHealth remittance information.

Topic #514

## **Purpose**

After reviewing both the claim and ForwardHealth <u>remittance information</u>, a provider may determine that an allowed claim needs to be adjusted. Providers may file adjustment requests for reasons including the following:

- To correct billing or processing errors.
- To correct inappropriate payments (overpayments and underpayments).
- To add and delete services.
- To supply additional information that may affect the amount of reimbursement.
- To request professional consultant review (e.g., medical, dental).

Providers may initiate reconsideration of an allowed claim by submitting an adjustment request to ForwardHealth.

Topic #4857

# **Submitting Paper Attachments with Electronic Claim Adjustments**

Providers may submit paper attachments to accompany electronic claim adjustments. Providers should refer to their companion guides

for directions on indicating that a paper attachment will be submitted by mail.

## **Good Faith Claims**

Topic #518

## **Definition of Good Faith Claims**

A good faith claim may be submitted when a claim is denied due to a discrepancy between the member's enrollment information in the claims processing system and the member's actual enrollment. If a member presents a temporary identification card for BadgerCare Plus or Family Planning Only Services, the provider should check the member's enrollment via Wisconsin's EVS (Enrollment Verification System) and, if the enrollment is not on file yet, make a photocopy of the member's temporary identification card.

When a member presents a <u>temporary ID card for EE (Express Enrollment) in BadgerCare Plus or Family Planning Only Services</u> but the member's enrollment is not on file yet in the EVS, the provider should check enrollment again in two days or wait one week to submit a claim to ForwardHealth. If, after two days, the EVS indicates that the member still is not enrolled or the claim is denied with an enrollment-related EOB (Explanation of Benefits) code, the provider should contact <u>Provider Services</u> for assistance.

When a member who received a real-time eligibility determination presents a temporary ID card but the member's enrollment is not on file yet in the EVS, the provider should wait up to one week to submit a claim to ForwardHealth. If the claim is denied with an enrollment-related EOB code, the provider should contact Provider Services for assistance.

## **Overpayments**

Topic #528

# Adjustment Request vs. Cash Refund

Except for nursing home and hospital providers, cash refunds may be submitted to ForwardHealth in lieu of an adjustment request. However, whenever possible, providers should submit an adjustment request for returning overpayments since both of the following are true:

- A cash refund does not provide documentation for provider records as an adjustment request does. (Providers may be required to submit proof of the refund at a later time.)
- Providers are not able to further adjust the claim after a cash refund is done if an additional reason for adjustment is determined.

Topic #532

## **Adjustment Requests**

When correcting an overpayment through an adjustment request, providers may submit the adjustment request electronically or on paper. Providers should not submit provider-based billing claims through adjustment processing channels.

ForwardHealth processes an adjustment request if the provider is all of the following:

- Medicaid-enrolled on the DOS (date of service).
- Not currently under investigation for Medicaid fraud or abuse.
- Not subject to any intermediate sanctions under <u>DHS 106.08</u>, Wis. Admin. Code.
- Claiming and receiving ForwardHealth reimbursement in sufficient amounts to allow the recovery of the overpayment within a very limited period of time. The period of time is usually no more than 60 days.

## **Electronic Adjustment Requests**

Wisconsin Medicaid will deduct the overpayment when the <u>electronic adjustment request</u> is processed. Providers should use the <u>companion guide</u> for the appropriate 837 (837 Health Care Claim) transaction when submitting adjustment requests.

## **Paper Adjustment Requests**

For paper adjustment requests, providers are required to do the following:

- Submit an <u>Adjustment/Reconsideration Request (F-13046 (08/15))</u> form through normal processing channels (not timely filing), regardless of the DOS.
- Indicate the reason for the overpayment, such as a duplicate reimbursement or an error in the quantity indicated on the claim.

After the paper adjustment request is processed, Wisconsin Medicaid will deduct the overpayment from future reimbursement amounts.

Topic #533

## **Cash Refunds**

When submitting a personal check to ForwardHealth for an overpayment, providers should include a copy of the RA (Remittance

Advice) for the claim to be adjusted and highlight the affected claim on the RA. If a copy of the RA is not available, providers should indicate the ICN (internal control number), the NPI (National Provider Identifier) (if applicable), and the payee ID from the RA for the claim to be adjusted. The check should be sent to the following address:

ForwardHealth Financial Services Cash Unit 313 Blettner Blvd Madison WI 53784

Topic #531

# ForwardHealth-Initiated Adjustments

ForwardHealth may initiate an adjustment when a retroactive rate increase occurs or when an improper or excess payment has been made. ForwardHealth has the right to pursue overpayments resulting from computer or clerical errors that occurred during claims processing.

If ForwardHealth initiates an adjustment to recover overpayments, ForwardHealth remittance information will include details of the adjustment in the Claims Adjusted Section of the paper RA (Remittance Advice).

Topic #530

## Requirements

As stated in <u>DHS 106.04(5)</u>, Wis. Admin. Code, the provider is required to refund the overpayment within 30 days of the date of the overpayment if a provider receives overpayment for a claim because of duplicate reimbursement from ForwardHealth or other health insurance sources.

In the case of all other overpayments (e.g., incorrect claims processing, incorrect maximum allowable fee paid), providers are required to return the overpayment within 30 days of the date of discovery.

The return of overpayments may occur through one of the following methods:

- Return of overpayment through the adjustment request process.
- Return of overpayment with a cash refund.
- Return of overpayment with a voided claim.
- · ForwardHealth-initiated adjustments.

*Note:* Nursing home and hospital providers may not return an overpayment with a cash refund. These providers routinely receive retroactive rate adjustments, requiring ForwardHealth to reprocess previously paid claims to reflect a new rate. This is not possible after a cash refund is done.

# Voiding Claims

Providers may void claims on the ForwardHealth Portal to return overpayments. This way of returning overpayments may be a more efficient and timely way for providers as a voided claim is a complete recoupment of the payment for the entire claim. Once a claim is voided, the claim can no longer be adjusted; however, the services indicated on the voided claim may be resubmitted on a new claim.

## An Overview of the Remittance Advice

The RA (Remittance Advice) provides important information about the processing of claims and adjustment requests as well as additional financial transactions such as refunds or recoupment amounts withheld. ForwardHealth provides <u>electronic RAs</u> to providers on their secure ForwardHealth Portal accounts when at least one claim, adjustment request, or financial transaction is processed. RAs are generated from the appropriate ForwardHealth program when at least one claim, adjustment request, or financial transaction is processed. An RA is generated regardless of how a claim or adjustment is submitted (electronically or on paper). Generally, payment information is released and an RA is generated by ForwardHealth no sooner than the first state business day following the financial cycle.

Providers are required to access their secure ForwardHealth provider Portal account to obtain their RA.

RAs are accessible to providers in a TXT (text) format via the secure Provider area of the Portal. Providers are also able to download the RA from their secure provider Portal account in a CSV (comma-separated values) format.

Topic #5091

## **National Provider Identifier on the Remittance Advice**

Health care providers who have a single NPI (National Provider Identifier) that is used for multiple enrollments will receive an RA for each enrollment with the same NPI reported on each of the RAs. For instance, if a hospital has obtained a single NPI and the hospital has a clinic, a lab, and a pharmacy that are all enrolled in Wisconsin Medicaid, the clinic, the lab, and the pharmacy will submit separate claims that indicate the same NPI as the hospital. Separate RAs will be generated for the hospital, the clinic, the lab, and the pharmacy.

Topic #4818

# Calculating Totals on the Remittance Advice for Adjusted and Paid Claims

The total amounts for all adjusted or paid claims reported on the RA (Remittance Advice) appear at the end of the adjusted claims and paid claims sections. ForwardHealth calculates the total for each section by adding the net amounts for all claims listed in that section. Cutback amounts are subtracted from the allowed amount to reach the total reimbursement for the claims.

*Note:* Some cutbacks that are reported in detail lines will appear as EOB (Explanation of Benefits) codes and will not display an exact dollar amount.

Topic #534

## Claim Number

Each claim or adjustment request received by ForwardHealth is assigned a unique claim number (also known as the ICN (internal control number)). However, denied real-time compound and noncompound claims are not assigned an ICN, but receive an authorization number. Authorization numbers are not reported to the RA (Remittance Advice) or 835 (835 Health Care Claim Payment/Advice).

## **Interpreting Claim Numbers**

The <u>ICN</u> consists of 13 digits that identify valuable information (e.g., the date the claim was received by ForwardHealth, how the claim was submitted) about the claim or adjustment request.

# **Interpreting Claim Numbers**

Each claim and adjustment received by ForwardHealth is assigned a unique claim number (also known as the internal control number or ICN). This number identifies valuable information about the claim and adjustment request. The following diagram and table provide detailed information about interpreting the claim number.

## **Claim Status**

ForwardHealth generally processes claims and adjustment requests within 30 days of receipt. Providers may check the status of a claim or adjustment request using the <u>AVR (Automated Voice Response)</u> system or the 276/277 (276/277 Health Care Claim Status Request

and Response) transaction.

If a claim or adjustment request does not appear in claim status within 45 days of the date of submission, a copy of the original claim or adjustment request should be resubmitted through normal processing channels.

Topic #644

## ClaimCheck Review

ForwardHealth monitors all professional claims for compliance with reimbursement policy using an automated procedure coding review software known as McKesson ClaimCheck<sup>®</sup>. ClaimCheck reviews claims submitted for billing inconsistencies and errors during claims processing. Insurance companies, Medicare, and other state Medicaid programs use similar software.

EOB (Explanation of Benefits) codes specific to the ClaimCheck review appear in the TXT (text) RA (Remittance Advice) file and in the electronic 835 (835 Health Care Claim Payment/Advice) transactions.

ClaimCheck review does not change Medicaid or BadgerCare Plus policy on covered services but monitors compliance with policy more closely and reimburses providers appropriately.

## Areas Monitored by ClaimCheck

ForwardHealth uses ClaimCheck software to monitor the following situations:

- Unbundled procedures.
- Incidental/integral procedures.
- Mutually exclusive procedures.
- Medical visit billing errors.
- Preoperative and postoperative billing errors.
- Medically obsolete procedures.
- Assistant surgeon billing errors.
- Gender-related billing errors.

ClaimCheck will not review claims that have been denied for general billing errors, such as an invalid member identification number or an invalid or missing provider number. Providers will need to correct the general billing error and resubmit the claim, at which point ClaimCheck will review the claim.

## **Unbundled Procedures**

Unbundling occurs when two or more procedure codes are used to describe a procedure that may be better described by a single, more comprehensive procedure code. ClaimCheck considers the single, most appropriate procedure code for reimbursement when unbundling is detected.

If certain procedure codes are submitted, ClaimCheck rebundles them into the single most appropriate procedure code. For example, if a provider submits a claim with procedure codes 12035 (Repair, intermediate, wounds of scalp, axillae, trunk and/or extremities [excluding hands and feet]; 12.6 cm to 20.0 cm) and 12036 (Repair, intermediate, wounds of scalp, axillae, trunk and/or extremities [excluding hands and feet]; 20.1 cm to 30.0 cm), ClaimCheck rebundles them to procedure code 12037 (Repair, intermediate, wounds of scalp, axillae, trunk and/or extremities [excluding hands and feet]; over 30.0 cm).

ClaimCheck will also total billed amounts for individual procedures. For example, if the provider bills three procedures at \$20, \$30, and \$25, ClaimCheck rebundles them into a single procedure code, adds the three amounts, and calculates the billed amount for that rebundled code at \$75. Then, ForwardHealth reimburses the provider either the lesser of the billed amounts or the maximum allowable fee for that rebundled procedure code.

## **Incidental/Integral Procedures**

Incidental procedures are those procedures performed at the same time as a more complex primary procedure. These require few additional provider resources and are generally not considered necessary to the performance of the primary procedure. For example, the removal of an asymptomatic appendix is considered an incidental procedure when done during hysterectomy surgery.

Integral procedures are those procedures performed as part of a more complex primary procedure. For example, when a member undergoes a transurethral incision of the prostate, the cystourethroscopy (procedure code 52000) is considered integral to the performance of the prostate procedure and would be denied.

When a procedure is either incidental or integral to a major procedure, ClaimCheck considers only the primary procedure for reimbursement.

## **Mutually Exclusive Procedures**

Mutually exclusive procedures are procedures that would not be performed on a single member on the same day or that use different codes to describe the same type of procedure.

For example, procedure code 58260 (Vaginal hysterectomy, for uterus 250 g or less) and procedure code 58150 (Total abdominal hysterectomy [corpus and cervix], with or without removal of tube[s], with or without removal of ovary[s]) are mutually exclusive — either one or the other, but not both procedures, is performed.

When two or more procedures are mutually exclusive, ForwardHealth considers for reimbursement the procedure code with the highest provider-billed amount and denies the other code.

## **Medical Visit Billing Errors**

Medical visit billing errors occur if E&M (evaluation and management) services are reported separately when a substantial diagnostic or therapeutic procedure is performed. Under CMS (Centers for Medicare and Medicaid Services) guidelines, most E&M procedures are not allowed to be reported separately when a substantial diagnostic or therapeutic procedure is performed.

Medical visit edits monitor services included in CPT (Current Procedural Terminology) procedure ranges 92002-92019, 99024 (postoperative follow-up), 99026-99058 (special services), 99201-99456 (E&M codes) and HCPCS (Healthcare Common Procedure Coding System) codes S0620, S0621 (routine ophthalmological examinations).

ClaimCheck monitors medical visits based on the type of E&M service (i.e., initial or new patient; or follow-up or established patient services) and the complexity (i.e., major or minor) of the accompanying procedure.

For example, if a provider submits procedures 22630 (Arthrodesis, posterior interbody technique, including laminectomy and/or discectomy to prepare interspace [other than for decompression], single interspace; lumbar) and 99221 (Initial hospital care, per day), ClaimCheck denies procedure 99221 as a visit when submitted with procedure 22630 with the same DOS (date of service). Procedure code 22630 is a major procedure with a 90-day global surgical period.

## **Preoperative and Postoperative Billing Errors**

Preoperative and postoperative billing errors occur when E&M services are billed with surgical procedures during their preoperative and postoperative periods. ClaimCheck bases the preoperative and postoperative periods on designations in the CMS National Physician Fee Schedule.

For example, if a provider submits procedure code 99212 (Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of these 3 key components: A problem focused history; A problem focused examination; Straightforward medical decision making [10 minutes]) with a DOS of 11/02/08 and procedure 27750 (Closed treatment of tibial shaft fracture [with or without fibular fracture]; without manipulation) with a DOS of 11/03/08, ClaimCheck will deny procedure code 99212 as a preoperative visit because it is submitted with a DOS one day prior to the DOS for procedure code 27750.

## **Medically Obsolete Procedures**

Obsolete procedures are procedures that are no longer performed under prevailing medical standards. Claims for procedures designated as obsolete are denied.

## **Assistant Surgeon Billing Errors**

ClaimCheck development and maintenance of assistant surgeon values includes two designations, *always* and *never*. ClaimCheck uses the ACS (American College of Surgeons) as its primary source for determining assistant surgeon designations. ForwardHealth's list of procedure codes allowable with an assistant surgeon designation is consistent with ClaimCheck.

For example, if a provider bills procedure code 10040 (Acne surgery [eg, marsupialization, opening or removal of multiple milia, comedones, cysts, pustules]) with modifier 80 (assistant surgeon), ClaimCheck determines that the procedure does not require an assistant surgeon and denies the procedure code.

## **Gender-Related Billing Errors**

Gender-related billing errors occur when a provider submits a gender-specific procedure for a patient of the opposite sex. ForwardHealth has adopted ClaimCheck's designation of gender for procedure codes.

For example, if a provider submits procedure code 58150 (Total abdominal hysterectomy [corpus and cervix], with or without removal of tube[s], with or without removal of ovary[s]) for a male, ClaimCheck will deny the procedure based on the fact that procedure code 58150 is a female gender-specific procedure.

## Payments Denied as a Result of the ClaimCheck Review

Providers should take the following steps if they are uncertain about why particular services on a claim were denied:

- Review ForwardHealth remittance information for the specific reason for the denial.
- Review the claim submitted to ensure all information is accurate and complete.
- Consult current CPT and HCPCS publications to make sure proper coding instructions were followed.
- Consult current ForwardHealth publications to make sure current policy and billing instructions were followed.
- Call Provider Services for further information or explanation.

If a provider disagrees with ClaimCheck's determination, the provider may resubmit the claim with supporting documentation to Provider Service Written Correspondence. If the original claim is in an allowed status, the provider may submit an <u>Adjustment/Reconsideration Request (F-13046 (08/15))</u> with supporting documentation and the words "medical consultant review requested" written on the form to Provider Services Written Correspondence.

# **Cutback Fields on the Remittance Advice for Adjusted and Paid Claims**

Cutback fields indicate amounts that reduce the allowed amount of the claim. Examples of cutbacks include other insurance, member copayment, spenddown amounts, deductibles, or patient liability amounts. Amounts indicated in a cutback field are subtracted from the total allowed reimbursement.

Providers should note that cutback amounts indicated in the header of an adjusted or paid claim section apply only to the header. Not all cutback fields that apply to a detail line (such as copayments or spenddowns) will be indicated on the RA (Remittance Advice); the detail line EOB (Explanation of Benefits) codes inform providers that an amount was deducted from the total reimbursement but may not

indicate the exact amount.

*Note:* Providers who receive <u>835 (835 Health Care Claim Payment/Advice)</u> transactions will be able to see all deducted amounts on paid and adjusted claims.

Topic #537

## **Electronic Remittance Information**

Providers are required to access their secure <u>ForwardHealth provider Portal account</u> to obtain their RAs (Remittance Advices). Electronic RAs on the Portal are not available to the following providers because these providers are not allowed to establish Portal accounts by their Provider Agreements:

- In-state emergency providers.
- Out-of-state providers.
- Out-of-country providers.

RAs are accessible to providers in a TXT (text) format or from a CSV (comma-separated values) file via the secure Provider area of the Portal.

### **Text File**

The TXT format file is generated by financial payer and listed by RA number and RA date on the secure provider Portal account under the "View Remittance Advices" menu. RAs from the last 121 days are available in the TXT format. When a user clicks on an RA, a pop-up window displays asking if the user would like to "Open" or "Save" the file. If "Open" is chosen, the document opens based on the user's application associated with opening text documents. If "Save" is chosen, the "Save As" window will open. The user can then browse to a location on their computer or network to save the document.

Users should be aware that "Word Wrap" must be turned off in the Notepad application. If it is not, it will cause distorted formatting. Also, users may need to resize the Notepad window in order to view all of the data. Providers wanting to print their files must ensure that the "Page Setup" application is set to the "Landscape" setting; otherwise the printed document will not contain all the information.

## **Comma-Separated Values Downloadable File**

A CSV file is a file format accepted by a wide range of computer software programs. Downloadable CSV-formatted RAs allow users the benefits of building a customized RA specific to their use and saving the file to their computer. The CSV file on a provider's Portal appears as linear text separated by commas until it is downloaded into a compatible software program. Once downloaded, the file may be saved to a user's computer and the data manipulated, as desired.

To access the CSV file, providers should select the "View Remittance Advices" menu at the top of the provider's Portal home page.

The CSV files are generated per financial payer and listed by RA number and RA date. A separate CSV file is listed for the last 10 RAs. Providers can select specific sections of the RA by date to download making the information easy to read and organize.

The CSV file may be downloaded into a Microsoft Office Excel spreadsheet or into another compatible software program, such as Microsoft Office Access or OpenOffice 2.2.1. OpenOffice is a free software program obtainable from the Internet. Google Docs and ZDNet also offer free spreadsheet applications. Microsoft Office Excel, a widely used program, is a spreadsheet application for Microsoft Windows and Mac OS X. For maximum file capabilities when downloading the CSV file, the 1995 Office Excel for Windows (Version 7.0) included in Office 95 or a newer version is recommended. Earlier versions of Microsoft Office Excel will work with the CSV file; however, files exceeding 65,000 lines may need to be split into smaller files when downloading using earlier versions. Microsoft Office Access can manage larger data files.

Refer to the CSV User Guide on the <u>Portal User Guides page</u> of the Portal for instructions about Microsoft Office Excel functions that can be used to manipulate RA data downloaded from the CSV file.

### 835

Electronic remittance information may be obtained using the <u>835 (835 Health Care Claim Payment/Advice)</u> transaction. It provides useful information regarding the processing of claims and adjustment requests, which includes the status or action taken on a claim, claim detail, adjustment, or adjustment detail for all claims and adjustments processed that week, regardless of whether they are reimbursed or denied. However, a real-time compound or noncompound claim will not appear on remittance information if the claim is denied by ForwardHealth. ForwardHealth releases payment information to the 835 no sooner than on the first state business day following the financial cycle.

### **Provider Electronic Solutions Software**

ForwardHealth offers electronic billing software at no cost to providers. The PES (Provider Electronic Solutions) software allows providers to submit electronic claims and claim reversals, and to download the 835 transaction. To obtain PES software, providers may download it from the <u>ForwardHealth Portal</u>. For assistance installing and using PES software, providers may call the <u>EDI (Electronic Data Interchange) Helpdesk</u>.

Topic #4822

# **Explanation of Benefit Codes in the Claim Header and in the Detail Lines**

EOB (Explanation of Benefits) codes are four-digit numeric codes specific to ForwardHealth that correspond to a printed message about the status or action taken on a claim, claim detail, adjustment, or adjustment detail.

The claim processing sections of the RA (Remittance Advice) report EOBs for the claim header information and detail lines, as appropriate. Header information is a summary of the information from the claim, such as the DOS (date of service) that the claim covers or the total amount paid for the claim. Detail lines report information from the claim details, such as specific procedure codes or revenue codes, the amount billed for each code, and the amount paid for a detail line item.

Header EOBs are listed below the claim header information and pertain only to the header information. Detail line EOBs are listed after each detail line and pertain only to the detail line.

### **TEXT File**

EOB codes and descriptions are listed in the RA information in the TXT (text) file.

### **CSV File**

EOB codes are listed in the RA information from the CSV (comma-separated values) file; however, the printed messages corresponding to the codes do not appear in the file. The EOB Code Listing matching standard EOB codes to explanation text is available on the Portal for reference.

Topic #13437

## ForwardHealth-Initiated Claim Adjustments

There are times when ForwardHealth must initiate a claim adjustment to address claim issues that do not require provider action and do not affect reimbursement.

Claims that are subject to this type of ForwardHealth-initiated claim adjustment will have EOB (Explanation of Benefits) code 8234

Page 14 of 394

noted on the RA (Remittance Advice).

The adjusted claim will be assigned a new claim number, known as an ICN (internal control number). The new ICN will begin with "58." If the provider adjusts this claim in the future, the new ICN will be required when resubmitting the claim.

Topic #4820

# **Identifying the Claims Reported on the Remittance Advice**

The RA (Remittance Advice) reports the first 12 characters of the MRN (medical record number) and/or a PCN (patient control number), also referred to as Patient Account Number, submitted on the original claims. The MRN and PCN fields are located beneath the member's name on any section of the RA that reports claims processing information.

Providers are strongly encouraged to enter these numbers on claims. Entering the MRN and/or the PCN on claims may assist providers in identifying the claims reported on the RA.

Note: Claims processing sections for dental and drug claims do not include the MRN or the PCN.

Topic #11537

# **National Correct Coding Initiative**

As part of the federal PPACA (Patient Protection and Affordable Care Act) of 2010, the CMS (Centers for Medicare and Medicaid Services) are required to promote correct coding and control improper coding leading to inappropriate payment of claims under Medicaid. The NCCI (National Correct Coding Initiative) is the CMS response to this requirement. The NCCI includes the creation and implementation of claims processing edits to ensure correct coding on claims submitted for Medicaid reimbursement.

ForwardHealth is required to implement the NCCI in order to monitor all professional claims and outpatient hospital claims submitted with CPT (Current Procedural Terminology) or HCPCS (Healthcare Common Procedure Coding System) procedure codes for Wisconsin Medicaid, BadgerCare Plus, WCDP (Wisconsin Chronic Disease Program), and Family Planning Only Services for compliance with the following NCCI edits:

- MUE (Medically Unlikely Edits), or units-of-service detail edits.
- Procedure-to-procedure detail edits.

The NCCI editing will occur in addition to/along with current procedure code review and editing completed by McKesson ClaimCheck<sup>®</sup> and in ForwardHealth interChange.

## **Medically Unlikely Detail Edits**

MUE, or units-of-service detail edits, define the maximum units of service that a provider would report under most circumstances for a single member on a single DOS (date of service) for each CPT or HCPCS procedure code. If a detail on a claim is denied for MUE, providers will receive an EOB (Explanation of Benefits) code on the RA (Remittance Advice) indicating that the detail was denied due to NCCI.

An example of an MUE would be if procedure code 11100 (i.e., biopsy of skin lesion) was billed with a quantity of two or more. This procedure is medically unlikely to occur more than once; therefore, if it is billed with units greater than one, the detail will be denied.

## **Procedure-to-Procedure Detail Edits**

Procedure-to-procedure detail edits define pairs of CPT or HCPCS codes that should not be reported together on the same DOS for a variety of reasons. This edit applies across details on a single claim or across different claims. For example, an earlier claim that was paid may be denied and recouped if a more complete code is billed for the same DOS on a separate claim. If a detail on a claim is denied for

procedure-to-procedure edit, providers will receive an EOB code on the RA indicating that the detail was denied due to NCCI.

An example of a procedure-to-procedure edit would be if procedure codes 11451 (i.e., removal of a sweat gland lesion) and 93000 (i.e., electrocardiogram) were billed on the same claim for the same DOS. Procedure code 11451 describes a more complex service than procedure code 93000, and therefore, the secondary procedure would be denied.

## **Quarterly Code List Updates**

The CMS will issue quarterly revisions to the table of codes subject to NCCI edits that ForwardHealth will adopt and implement. Refer to the CMS Medicaid website for downloadable code lists.

## Claim Details Denied as a Result of National Correct Coding Initiative Edits

Providers should take the following steps if they are uncertain why particular services on a claim were denied:

- Review ForwardHealth remittance information for the EOB message related to the denial.
- Review the claim submitted to ensure all information is accurate and complete.
- Consult current CPT and HCPCS publications to make sure proper coding instructions were followed.
- Consult current ForwardHealth publications, including the Online Handbook, to make sure current policy and billing instructions
  were followed.
- Call <u>Provider Services</u> for further information or explanation.

If reimbursement for a claim or a detail on a claim is denied due to an MUE or procedure-to-procedure edit, providers may appeal the denial. Following are instructions for submitting an appeal:

- Complete the <u>Adjustment/Reconsideration Request (F-13046 (08/15))</u> form. In Element 16, select the "Consultant review requested" checkbox and the "Other/comments" checkbox. In the "Other/comments" text box, indicate "Reconsideration of an NCCI denial."
- Attach notes/supporting documentation.
- Submit a claim, Adjustment/Reconsideration Request, and additional notes/supporting documentation to ForwardHealth for processing.

# **Obtaining the Remittance Advice**

Providers are required to access their secure ForwardHealth provider Portal account to obtain RAs (Remittance Advice). The secure Portal allows providers to conduct business and exchange electronic transactions with ForwardHealth. A separate Portal account is required for each financial payer.

Providers who do not have a ForwardHealth provider Portal account may request one.

RAs are accessible to providers in a TXT (text) format via the secure provider Portal account. The TXT format file is generated per financial payer and listed by RA number and RA date on the secure provider Portal account under "View Remittance Advices" menu at the top of the provider's Portal home page. RAs from the last 121 days are available in the TXT format.

Providers can also access RAs in a CSV (comma-separated values) format from their secure provider Portal account. The CSV files are generated per financial payer and listed by RA number and RA date on the secure provider Portal account under "View Remittance Advices" menu at the top of the provider's Portal home page. A separate CSV file is listed for the last 10 RAs.

# **Overview of Claims Processing Information on the**

## **Remittance Advice**

The claims processing sections of the RA (Remittance Advice) include information submitted on claims and the status of the claims. The claim status designations are paid, adjusted, or denied. The RA also supplies information about why the claim was adjusted or denied or how the reimbursement was calculated for the payment.

The claims processing information in the RA is grouped by the type of claim and the status of the claim. Providers receive claims processing sections that correspond to the types of claims that have been finalized during the current financial cycle.

The claims processing sections reflect the types of claims submitted, such as the following:

- Compound drug claims
- · Dental claims
- · Noncompound drug claims
- Inpatient claims
- Long term care claims
- Medicare crossover institutional claims
- Medicare crossover professional claims
- Outpatient claims
- Professional claims

The claims processing sections are divided into the following status designations:

- Adjusted claims
- · Denied claims
- Paid claims

Dental claims	Dentists, dental hygienists, HealthCheck agencies that provide dental services	
Inpatient claims	Inpatient hospital providers and institutes for mental disease providers

## **Prior Authorization Number on the Remittance Advice**

The RA (Remittance Advice) reports PA (prior authorization) numbers used to process the claim. PA numbers appear in the detail lines of claims processing information.

Topic #4418

# **Reading Non-Claims Processing Sections of the Remittance Advice**

## **Address Page**

In the TXT (text) file, the Address page displays the provider name and "Pay to" address of the provider.

## **Banner Messages**

The Banner Messages section of the RA (Remittance Advice) contains important, time-sensitive messages for providers. For example, banner messages might inform providers of claim adjustments initiated by ForwardHealth, claim submission deadlines, and dates of upcoming training sessions. It is possible for each RA to include different messages; therefore, providers who receive multiple RAs should read all of their banner messages.

Banner messages appear on the TXT file, but not on the CSV (comma-separated values) file. Banner messages are posted in the "View Remittance Advices" menu on the provider's secure Portal account.

## **Explanation of Benefits Code Descriptions**

EOB (Explanation of Benefits) code descriptions are listed in the RA information in the TXT file.

EOB codes are listed in the RA information from the CSV file; however, the printed messages corresponding to the codes do not appear in the file.

## **Financial Transactions Page**

The Financial Transactions section details the provider's weekly financial activity. Financial transactions reported on the RA include payouts, refunds, accounts receivable, and payments for claims.

Payouts are payments made to the provider by ForwardHealth that do not correspond to a specific claim (i.e., nursing home assessment reimbursement).

Refunds are payments made to providers for overpayments.

The Accounts Receivable section displays the accounts receivable for amounts owed by providers. The accounts receivable is set to automatically recover any outstanding balance so that money owed is automatically recouped from the provider. If the full amount cannot be recouped during the current financial cycle, an outstanding balance will appear in the "Balance" column.

In the Accounts Receivable section, the "Amount Recouped In Current Cycle" column, when applicable, shows the recoupment amount for the financial cycle as a separate number from the "Recoupment Amount To Date." The "Recoupment Amount To Date" column

shows the total amount recouped for each accounts receivable, *including* the amount recouped in the current cycle. The "Total Recoupment" *line* shows the sum of all recoupments to date in the "Recoupment Amount To Date" column and the sum of all recoupments for the current financial cycle in the "Amount Recouped In Current Cycle" column.

For each claim adjustment listed on the RA, a separate accounts receivable will be established and will be listed in the Financial Transactions section. The accounts receivable will be established for the entire amount of the original paid claim. This reflects the way ForwardHealth adjusts claims — by first recouping the entire amount of the original paid claim.

Each new claim adjustment is assigned an identification number called the "Adjustment ICN (internal control number)." For other financial transactions, the adjustment ICN is determined by the following formula.

Type of Character and Description	Applicable Characters and Description
Transaction — The first character indicates the type of financial transaction that created the accounts	V — Capitation adjustment
receivable.	1 — OBRA Level 1 screening void request
	2 — OBRA Nurse Aide Training/Testing void request
Identifier — 10 additional numbers are assigned to complete the Adjustment ICN.	The identifier is used internally by ForwardHealth.

## **Service Code Descriptions**

The Service Code Descriptions section lists all the service codes (i.e., procedure codes or revenue codes) reported on the RA with their corresponding descriptions.

## **Summary**

The Summary section reviews the provider's claim activity and financial transactions with the payer (Medicaid, ADAP (Wisconsin AIDS Drug Assistance Program), WCDP (Wisconsin Chronic Disease Program), or WWWP (Wisconsin Well Woman Program)) for the current financial cycle, the month-to-date, and the year-to-date, if applicable.

Under the "Claims Data" heading, providers can review the total number of claims that have been paid, adjusted, or denied along with the total amount reimbursed for all paid and adjusted claims. Only WWWP providers will see amounts reported for "Claims in Process." Other providers will always see zeroes in these fields.

Under the "Earnings Data" heading, providers will see total reimbursement amounts for other financial transactions, such as reimbursement for OBRA (Omnibus Budget Reconciliation Act of 1987) Level 1 screening, reimbursement for OBRA Nurse Aid Training/Testing, and capitation payments.

*Note:* HMOs should note that capitation payments are only reported in the Summary section of the RA. HMOs receive supplemental reports of their financial transactions from ForwardHealth.

The "Earnings Data" portion also summarizes refunds and voids and reports the net payment for the current financial cycle, the month-to-date, and the year-to-date, if applicable.

Providers should note that the Summary section will include outstanding checks 90 days after issuance and/or payments made to lien holders, if applicable.

**Topic #368** 

# Reading the Claim Adjustments Section of the Remittance Advice

Providers receive a Claim Adjustments section in the RA (Remittance Advice) if any of their claims were adjusted during the current financial cycle. A claim may be adjusted because one of the following occurred:

- An adjustment request was submitted by the provider.
- ForwardHealth initiated an adjustment.
- A cash refund was submitted to ForwardHealth.

To adjust a claim, ForwardHealth recoups the *entire amount* of the original paid claim and calculates a new payment amount for the claim adjustment. ForwardHealth does not recoup the *difference* — or pay the *difference* — between the original claim amount and the claim adjustment amount.

In the Claim Adjustments section, the original claim information in the claim header is surrounded by parentheses. Information about the claim adjustment appears directly below the original claim header information. Providers should check the Adjustment EOB (Explanation of Benefits) code(s) for a summary of why the claim was adjusted; other header EOBs will provide additional information.

The Claim Adjustments section only lists detail lines for a claim adjustment if that claim adjustment has detail line EOBs. This section does not list detail lines for the original paid claim.

Note: For adjusted compound and noncompound claims, only the compound drug sections include detail lines.

Below the claim header and the detail information will be located one of three possible responses with a corresponding dollar amount: "Additional Payment," "Overpayment To Be Withheld," or "Refund Amount Applied." The response indicated depends on the difference between the original claim amount and the claim adjustment amount.

If the difference is a positive dollar amount, indicating that ForwardHealth owes additional monies to the provider, then the amount appears in the "Additional Payment" line.

If the difference is a negative dollar amount, indicating that the provider owes ForwardHealth additional monies, then the amount appears in the "Overpayment To Be Withheld" line. ForwardHealth automatically withholds this amount from payments made to the provider during the same financial cycle or during subsequent financial cycles, if necessary. This amount also appears in the Financial Transactions section as an outstanding balance under "Accounts Receivable."

An amount appears for "Refund Amount Applied" if ForwardHealth makes a payment to refund a cash receipt to a provider.

# **Reading the Claims Denied Section of the Remittance Advice**

Providers receive a <u>Claims Denied</u> section in the RA (Remittance Advice) if any of their claims were denied during the current financial cycle.

In the denied claims section, providers will see the original claim header information reported along with EOB (Explanation of Benefits) codes for the claim header and the detail lines, as applicable. Providers should refer to the EOB Code Description section of the RA to determine why the claim was denied.

# Reading the Claims Paid Section of the Remittance Advice

Providers receive a <u>Claims Paid</u> section in the RA (Remittance Advice) if any of their claims were determined payable during the current financial cycle.

In a paid claims section, providers will see the original claim information reported along with EOB (Explanation of Benefits) codes for both the header and the detail lines, if applicable. Providers should refer to the EOB Code Description section of the RA for more information about how the reimbursement amount was determined.

## **Remittance Advice Financial Cycles**

Each financial payer (Medicaid, ADAP (Wisconsin AIDS Drug Assistance Program), WCDP (Wisconsin Chronic Disease Program), and WWWP (Wisconsin Well Woman Program)) has separate financial cycles that occur on different days of the week. RAs (Remittance Advices) are generated and posted to secure provider Portal accounts after each financial cycle is completed. Therefore, RAs may be generated and posted to secure provider ForwardHealth Portal accounts from different payers on different days of the week.

Certain financial transactions may run on a daily basis, including non-claim related payouts and stop payment reissues. Providers may have access to the RAs generated and posted to secure provider Portal accounts for these financial transactions at any time during the week.

Topic #4827

# Remittance Advice Generated by Payer and by Provider Enrollment

RAs (Remittance Advices) are generated and posted to secure provider Portal accounts from one or more of the following ForwardHealth financial payers:

- Wisconsin Medicaid (Wisconsin Medicaid is the financial payer for the Medicaid, BadgerCare Plus, and SeniorCare programs)
- ADAP (Wisconsin AIDS Drug Assistance Program)
- WCDP (Wisconsin Chronic Disease Program)

• WWWP (Wisconsin Well Woman Program)

A separate Portal account is required for each financial payer.

*Note:* Each of the four payers generate separate RAs for the claims, adjustment requests, or other financial transactions submitted to the payer. A provider who submits claims, adjustment requests, or other financial transactions to more than one of these payers may receive several RAs.

The RA is generated per provider enrollment. Providers who have a single NPI (National Provider Identifier) that is used for multiple enrollments should be aware that an RA will be generated for each enrollment, but the same NPI will be reported on each of the RAs.

For instance, a hospital has obtained a single NPI. The hospital has a clinic, a lab, and a pharmacy that are all enrolled with ForwardHealth. The clinic, the lab, and the pharmacy submit separate claims that indicate the same NPI as the hospital. Separate RAs will be generated for the hospital, the clinic, the lab, and the pharmacy.

# **Reporting a Lost Check**

To report a lost check to ForwardHealth, providers are required to mail or fax a letter to ForwardHealth Financial Services. Providers are required to include the following information in the letter:

- Provider's name and address, including the ZIP+4 code.
- Provider's identification number.
  - For healthcare providers, include the NPI (National Provider Identifier) and taxonomy code.
  - o For non-healthcare providers, include the provider identification number.
- Check number, check date, and check amount. (This should be recorded on the RA (Remittance Advice).)
- A written request to stop payment and reissue the check.
- The signature of an authorized financial representative. (An individual provider is considered his or her own authorized financial representative.)

Fax the letter to ForwardHealth at (608) 221-4567 or mail it to the following address:

## **Remittance Advice Header Information**

The first page of each section of the RA (except the address page of the TXT file) displays the same RA header information.

The following fields are on the left-hand side of the header:

- The technical name of the RA section (e.g., CRA-TRAN-R), which is an internal ForwardHealth designation
- The RA number, which is a unique number assigned to each RA that is generated
- The name of the payer (Medicaid, ADAP (Wisconsin AIDS Drug Assistance Program), WCDP (Wisconsin Chronic Disease Program), or WWWP (Wisconsin Well Woman Program))
- The "Pay to" address of the provider. The "Pay to" address is used for mailing purposes.

The following information is in the middle of the header:

- A description of the financial cycle
- The name of the RA section (e.g., "Financial Transactions" or "Professional Services Claims Paid")

The right-hand side of the header reports the following information:

- The date of the financial cycle and date the RA was generated
- · The page number
- The "Payee ID" of the provider. A payee ID is defined as the identification number of a unique entity receiving payment for goods and/or services from ForwardHealth. The payee ID is up to 15 characters long and may be based on a pre-existing identification number, such as the Medicaid provider number. The payee ID is an internal ForwardHealth designation. The Medicaid provider number will display in this field for providers who do not have an NPI (National Provider Identifier).
- The NPI of the provider, if applicable. This field will be blank for those providers who do not have an NPI.
- The number of the check issued for the RA, if applicable
- The date of payment on the check, if applicable

Topic #544

# Verifying Accuracy of Claims Processing

After obtaining ForwardHealth remittance information, providers should compare it to the claims or adjustment requests to verify that ForwardHealth processed elements of the claims or adjustment requests as submitted. To ensure correct reimbursement, providers should do the following:

- Identify and correct any discrepancy that affected the way a claim processed.
- Correct and resubmit claims that are denied.
- Submit an adjustment request for allowed claims that require a change or correction.

When posting a payment or denial to a member's account, providers should note the date on the ForwardHealth remittance information that indicates that the claim or adjustment has finalized. Providers are required to supply this information if further follow-up actions are necessary.

## Responsibilities

Topic #516

# **Accuracy of Claims**

The provider is responsible for the accuracy, truthfulness, and completeness of all claims submitted whether prepared or submitted by the provider or by an outside billing service or clearinghouse.

Providers may submit claims only after the service is provided.

A provider may not seek reimbursement from ForwardHealth for a <u>noncovered service</u> by charging ForwardHealth for a <u>covered service</u> that was not actually provided to the member and then applying the reimbursement toward the noncovered service. In addition, a provider may not seek reimbursement for two separate covered services to receive additional reimbursement over the maximum allowed amount for the one service that was provided. Such actions are considered fraudulent.

Topic #366

# **Copayment Amounts**

<u>Copayment amounts</u> collected from members should not be deducted from the charges submitted on claims. Providers should indicate their usual and customary charges for all services provided.

In addition, copayment amounts should not be included when indicating the amount paid by other health insurance sources.

The appropriate copayment amount is automatically deducted from allowed payments. Remittance information reflects the automatic deduction of applicable copayment amounts.

Topic #547

## **Submission Deadline**

ForwardHealth recommends that providers submit claims at least on a monthly basis. Billing on a monthly basis allows the maximum time available for filing and refiling before the mandatory submission deadline.

With few exceptions, state and federal laws require that providers submit correctly completed claims before the submission deadline.

Providers are responsible for resolving claims. Members are not responsible for resolving claims. To resolve claims before the submission deadline, ForwardHealth encourages providers to use all available resources.

### **Claims**

To receive reimbursement, claims and adjustment requests must be received within 365 days of the DOS (date of service). This deadline applies to claims, corrected claims, and adjustments to claims.

### **Crossover Claims**

To receive reimbursement for services that are allowed by Medicare, claims and adjustment requests for coinsurance, copayment, and deductible must be received within 365 days of the DOS or within 90 days of the Medicare processing date, whichever is later. This

deadline applies to all claims, corrected claims, and adjustments to claims. Providers should submit these claims through normal processing channels (not timely filing).

## **Exceptions to the Submission Deadline**

State and federal laws provide eight exceptions to the submission deadline. According to federal regulations and <u>DHS 106.03</u>, Wis. Admin. Code, ForwardHealth may consider exceptions to the submission deadline only in the following circumstances:

- Change in a nursing home resident's LOC (level of care) or liability amount.
- Decision made by a court order, fair hearing, or the DHS (Department of Health Services).
- Denial due to discrepancy between the member's enrollment information in ForwardHealth interChange and the member's actual enrollment.
- Reconsideration or recoupment.
- Retroactive enrollment for persons on GR (General Relief).
- Medicare denial occurs after ForwardHealth's submission deadline.
- Refund request from an other health insurance source.
- Retroactive member enrollment.

ForwardHealth has no authority to approve any other exceptions to the submission deadline.

Claims or adjustment requests that meet one of the exceptions to the submission deadline may be submitted to <u>Timely Filing</u>.

Topic #517

## **Usual and Customary Charges**

For most services, providers are required to indicate their usual and customary charge when submitting claims. The usual and customary charge is the provider's charge for providing the same service to persons not entitled to the program's benefits. For providers using a sliding fee scale, the usual and customary charge is the median of the individual provider's charge for the service when provided to non-program patients. For providers who have not established usual and customary charges, the charge should be reasonably related to the provider's cost for providing the service.

Providers may not discriminate against BadgerCare Plus or Medicaid members by charging a higher fee for the same service than that charged to a private-pay patient.

For services requiring a member copayment, providers should still indicate their usual and customary charge. The copayment amount collected from the member should not be deducted from the charge submitted. When applicable, ForwardHealth automatically deducts the copayment amount.

For most services, ForwardHealth reimburses the lesser of the provider's usual and customary charge, plus a professional dispensing fee, if applicable, or the maximum allowable fee established.

# **1500 Health Insurance Claim Form Completion Instructions**

These instructions are for the completion of the 1500 Health Insurance Claim Form ((02/12)) for ForwardHealth. Refer to the <u>1500</u> Health Insurance Claim Form Reference Instruction Manual for Form Version 02/12, prepared by the NUCC (National Uniform Claim Committee) and available on their website, to view instructions for all item numbers not listed below.

Use the following claim form completion instructions, in conjunction with the 1500 Health Insurance Claim Form Reference Instruction Manual for Form Version 02/12, prepared by the NUCC, to avoid denial or inaccurate claim payment. Be advised that every code used is required to be a valid code, even if it is entered in a non-required field. Do not include attachments unless instructed to do so.

Members enrolled in BadgerCare Plus or Medicaid receive a ForwardHealth member identification card. Always verify a member's enrollment before providing nonemergency services to determine if there are any limitations to covered services and to obtain the correct spelling of the member's name.

When submitting a claim with multiple pages, providers are required to indicate page numbers using the format "Page X of X" in the upper right corner of the claim form.

Other health insurance sources (e.g., commercial insurance, Medicare, Medicare Advantage Plans) must be billed prior to submitting claims to ForwardHealth, unless the service does not require commercial insurance billing as determined by ForwardHealth. When submitting paper claims, if the member has any other commercial health insurance, providers are required to complete and submit an Explanation of Medical Benefits form, along with the completed paper claim.

Submit completed paper claims and the completed Explanation of Medical Benefits form, as applicable, to the following address:

Topic #10677

# **Advanced Imaging Services**

Claims for advanced imaging services should be submitted to ForwardHealth using normal procedures and claim completion instructions. When PA (prior authorization) is required, providers should always wait two full business days from the date on which <a href="eviCore">eviCore</a> <a href="healthcare">healthcare</a> approved the PA request before submitting a claim for an advanced imaging service that requires PA. This will ensure that ForwardHealth has the PA on file when the claim is received.

# **Submitting Claims for Situations Exempt from the Prior Authorization Requirement**

In the following situations, PA is not required for advanced imaging services:

- The service is provided during a member's inpatient hospital stay.
- The service is provided when a member is in observation status at a hospital.
- The service is provided as part of an emergency room visit.
- The service is provided as an emergency service.
- The ordering provider is exempt from the PA requirement.

## **Service Provided During an Inpatient Stay**

Advanced imaging services provided during a member's inpatient hospital stay are exempt from PA requirements.

Institutional claims for advanced imaging services provided during a member's inpatient hospital stay are automatically exempt from PA requirements. Providers submitting a professional claim for advanced imaging services provided during a member's inpatient hospital stay should indicate POS (place of service) code 21 (Inpatient Hospital) on the claim.

## **Service Provided for Observation Status**

Advanced imaging services provided when a member is in observation status at a hospital are exempt from PA requirements.

Providers using a paper institutional claim form should include modifier UA in Form Locator 44 (HCPCS (Healthcare Common Procedure Coding System)/Rate/HIPPS Code) with the procedure code for the advanced imaging service. To indicate a modifier on an institutional claim, enter the appropriate five-digit procedure code in Form Locator 44, followed by the two-digit modifier. Providers submitting claims electronically using the 837I (837 Health Care Claim: Institutional) should refer to the appropriate companion guide for instructions on including a modifier.

Providers using a professional claim form should indicate modifier UA with the advanced imaging procedure code.

## Service Provided as Part of Emergency Room Visit

Advanced imaging services provided as part of an emergency room visit are exempt from the PA requirements.

Providers using an institutional claim form should include modifier UA in Form Locator 44 with the procedure code for the advanced imaging service. Providers submitting claims electronically using the 837I should refer to the appropriate companion guide for instructions on including a modifier.

Providers using a professional claim form should indicate POS code 23 (Emergency Room — Hospital) on the claim.

## Service Provided as Emergency Service

Advanced imaging services provided as emergency services are exempt from the PA requirements.

Providers using an institutional claim form should include modifier UA in Form Locator 44 with the procedure code for the advanced imaging service. Providers submitting claims electronically using the 837I should refer to the appropriate companion guide for instructions on including a modifier.

Providers using a professional claim form should submit a claim with an emergency indicator.

## Ordering Provider Is Exempt from Prior Authorization Requirement

Health systems, groups, and individual providers (requesting providers) that order CT (computed tomography) and MR (magnetic resonance) imaging services and have implemented advanced imaging decision support tools may request an exemption from PA requirements for these services from ForwardHealth. Upon approval, ForwardHealth will recognize the requesting provider's advanced imaging decision support tool (e.g., ACR Select, Medicalis) as an alternative to current PA requirements for CT and MR imaging services. Requesting providers with an approved tool will not be required to obtain PA through eviCore healthcare for these services when ordered for Medicaid and BadgerCare Plus fee-for-service members.

Providers rendering advanced imaging services for an ordering provider who is exempt from PA requirements are required to include modifier Q4 (Service for ordering/referring physician qualifies as a service exemption) on the claim detail for the CT or MR imaging service. This modifier, which may be used in addition to the TC (Technical component) or 26 (Professional component) modifiers on advanced imaging claims, indicates to ForwardHealth that the referring provider is exempt from PA requirements for these services.

# **American Dental Association 2006 Claim Form Completion Instructions**

A sample ADA (American Dental Association) 2006 claim form is available for dental services.

Use the following claim form completion instructions, not the claim form's printed descriptions, to avoid denial or inaccurate claim payment. Complete all required elements as appropriate. Be advised that every code used, even if it is entered in a non-required element, is required to be a valid code. Do not include attachments unless instructed to do so.

Members enrolled in BadgerCare Plus or Medicaid receive a ForwardHealth identification card. Always verify a member's enrollment before providing nonemergency services to determine if there are any limitations on covered services and to obtain the correct spelling of the member's name.

When submitting a claim with multiple pages, providers are required to indicate page numbers using the format "Page X of X" in the upper right corner of the claim form.

Submit completed single-page paper claims to the following address:

ForwardHealth Claims and Adjustments 313 Blettner Blvd Madison WI 53784

Submit completed multiple-page paper claims to the following address:

ForwardHealth Multiple-Page Dental Claims Ste 22 313 Blettner Blvd Madison WI 53784

Except for a few instances, ForwardHealth is the payer of last resort for any services covered by ForwardHealth. This means the provider is required to make a reasonable effort to exhaust all existing sources before billing ForwardHealth unless the service is not covered by other health insurance. Element 11 identifies Medicare and commercial health insurance and whether the member has commercial health insurance coverage, Medicare coverage, or both.

There are specific instructions for each coverage type. Providers should use the following guidelines for this element depending on the member's coverage:

- Members with commercial health insurance coverage.
- Members with Medicare coverage.
- Members with both Medicare and commercial health insurance coverage.

#### Members with commercial health insurance coverage

Commercial health insurance coverage must be billed prior to submitting claims to ForwardHealth, unless the service does not require commercial health insurance billing as determined by ForwardHealth. Commercial health insurance coverage is indicated by Wisconsin's EVS (Enrollment Verification System) under "Other Commercial Health Insurance." ForwardHealth has defined a set of "other insurance" indicators. Additionally, ForwardHealth has identified specific CDT (Current Dental Terminology) codes which must be billed to other insurance sources prior to being billed to ForwardHealth.

*Note:* When commercial health insurance paid only for some services and denied payment for the others, ForwardHealth recommends that providers submit two separate claims. To maximize reimbursement, one claim should be submitted for the partially paid services and another claim should be submitted for the services that were denied.

The following table indicates appropriate other insurance codes for use in Element 11:

### Code Description

- **OI-P** PAID in part or in full by commercial health insurance, and/or was applied toward the deductible, coinsurance, copayment, blood deductible or psychiatric reduction. Indicate the amount paid by commercial health insurance to the provider or to the insured.
- **OI-D** DENIED by commercial health insurance following submission of a correct and complete claim. Do not use this code unless the claim was actually billed to the commercial health insurer.
- **OI-Y** YES, the member has commercial health insurance coverage, but it was not billed for reasons including, but not limited to, the following:
  - The member denied coverage or will not cooperate.
  - The provider knows the service in question is not covered by the carrier.
  - The member's commercial health insurance failed to respond to initial and follow-up claims.
  - Benefits are not assignable or cannot get assignment.
  - Benefits are exhausted.

*Note:* The provider may not use OI-D or OI-Y if the member is covered by a commercial HMO and the HMO denied payment because an otherwise covered service was not rendered by a designated provider. Services covered by a commercial HMO are not reimbursable by ForwardHealth except for the copayment and deductible amounts. Providers who receive a capitation payment from the commercial HMO may not bill ForwardHealth for services that are included in the capitation payment.

#### Members with Medicare coverage

Submit claims to Medicare before submitting claims to ForwardHealth.

Do not enter a Medicare disclaimer code in Element 11 when one or more of the following statements is true:

- Medicare never covers the procedure in any circumstance.
- ForwardHealth indicates the member does *not* have any Medicare coverage, including a Medicare Advantage Plan, for the service provided. For example, the service is covered by Medicare Part A, but the member does not have Medicare Part A.
- ForwardHealth indicates that the provider is not Medicare enrolled.
- Medicare has allowed the charges. In this case, attach the EOMB (Explanation of Medicare Benefits), but do not indicate on the claim form the amount Medicare paid.

If none of the previous statements is true, a Medicare disclaimer code is necessary. The following table indicates appropriate Medicare disclaimer codes for use in Element 11 when billing Medicare prior to billing ForwardHealth.

#### **Code Description**

**M-7 Medicare disallowed or denied payment.** This code applies when Medicare denies the claim for reasons related to policy (not billing errors), or the member's lifetime benefit, spell of illness, or yearly allotment of available benefits is exhausted.

For Medicare Part A, use M-7 in the following instances (all three criteria must be met):

- The provider is identified in ForwardHealth files as enrolled in Medicare Part A.
- The member is eligible for Medicare Part A.
- The service is covered by Medicare Part A but is denied by Medicare Part A due to frequency limitations, diagnosis restrictions, or exhausted benefits.

For Medicare Part B, use M-7 in the following instances (all three criteria must be met):

- The provider is identified in ForwardHealth files as enrolled in Medicare Part B.
- The member is eligible for Medicare Part B.

- The service is covered by Medicare Part B but is denied by Medicare Part B due to frequency limitations, diagnosis restrictions, or exhausted benefits.
- **M-8** Noncovered Medicare service. This code may be used when Medicare was not billed because the service is not covered in this circumstance.

For Medicare Part A, use M-8 in the following instances (all three criteria must be met):

- The provider is identified in ForwardHealth files as enrolled in Medicare Part A.
- The member is eligible for Medicare Part A.
- The service is usually covered by Medicare Part A but not in this circumstance (e.g., member's diagnosis).

For Medicare Part B, use M-8 in the following instances (all three criteria must be met):

- The provider is identified in ForwardHealth files as enrolled in Medicare Part B.
- The member is eligible for Medicare Part B.
- The service is usually covered by Medicare Part B but not in this circumstance (e.g., member's diagnosis).

#### Members with both Medicare and commercial health insurance coverage

Use both a Medicare disclaimer code ("M-7" or "M-8") and an other insurance explanation code (e.g., "OI-P") when applicable.

#### POLICYHOLDER/SUBSCRIBER INFORMATION

#### Element 12 — Policyholder/Subscriber Name (Last, First, Middle Initial, Suffix), Address, City, State, Zip Code

Enter the member's last name, first name, and middle initial. Use the EVS to obtain the correct spelling of the member's name. If the name or spelling of the name on the ForwardHealth card and the EVS do not match, use the spelling from the EVS. The member's address, city, state, and ZIP code are not required.

#### Element 13 — Date of Birth

Enter the member's birth date in MM/DD/CCYY format.

Element 14 — Gender (not required)

Do not include the deductible, coinsurance, copayment, blood deductible, or psychiatric reduction amount within Element 32. If the commercial health or dental insurance plan paid on only some services, those partially paid services should be submitted on a separate claim from the unpaid services to maximize reimbursement. This allows ForwardHealth to appropriately credit the payments. If the commercial health or dental insurance denied the claim, enter "000." Do not enter Medicarepaid amounts in this field.

Except for a few instances, ForwardHealth is the payer of last resort for any services covered by ForwardHealth. This means the provider is required to make a reasonable effort to exhaust all existing commercial health insurance sources before billing ForwardHealth

unless the service is not covered by commercial health insurance. Element 11 identifies Medicare and commercial health insurance and whether the member has commercial health insurance coverage, Medicare coverage, or both.

# Claims for Drugs Purchased Through the 340B Drug Pricing Program

Providers are required to submit accurate claim-level identifiers to identify claims for drugs purchased through the 340B Program (340B Drug Pricing Program). ForwardHealth uses submission clarification codes on compound and noncompound drug claims and a modifier on professional claims to identify claims for drugs purchased through the 340B Program. ForwardHealth monitors claims for the appropriate submission clarification code or modifier based on whether or not providers have designated themselves on the HRSA (Health Resources & Services Administration) 340B MEF (Medicaid Exclusion File).

ForwardHealth uses claim-level identifiers to identify claims for drugs purchased through the 340B Program in order to exclude these claims from the drug rebate invoicing process. It is the responsibility of the 340B covered entity to indicate the AAC (Actual Acquisition Cost) and to correctly report claims filled with 340B inventory for 340B-eligible members to ensure rebates are not collected for these drugs. If a rebate is received by ForwardHealth for a drug purchased through the 340B Program due to incorrect claim-level identifiers, the 340B covered entity will be responsible to reimburse the manufacturer the 340B discount.

A 340B contract pharmacy must carve-out ForwardHealth from its 340B operation and purchase all drugs billed to ForwardHealth outside of the 340B Program.

# Pharmacy Compound and Noncompound Claim Submission Clarification Codes for Drugs Purchased Through the 340B Drug Pricing Program

The compound and noncompound drug claim formats require submission clarification codes in order to identify claims for drugs purchased through the 340B Program. ForwardHealth uses the submission clarification code value to ensure appropriate rebate processes and avoid duplicate discounts. Providers should only submit claims for drugs purchased through the 340B Program if the provider is present on the HRSA 340B MEF.

ForwardHealth relies solely on these claim level identifiers to identify claims for drugs purchased through the 340B Program. If a 340B claim level identifier is present, then the claim will be excluded from the drug rebate invoicing process.

The following submission clarification codes are applicable to compound and noncompound drug claims submitted by 340B providers:

- "20" (340B) Providers who submit a compound or noncompound drug claim for a drug purchased through the 340B Program are required to enter submission clarification code "20" to indicate that the provider determined the drug being billed on the claim was purchased pursuant to rights available under Section 340B of the Public Health Act of 1992. ForwardHealth uses the submission clarification code value of "20" to apply 340B reimbursement and to ensure that only eligible claims are being used to obtain drug manufacturer rebates. The claim will be reimbursed at the lesser of the calculated 340B ceiling price or the provider-submitted 340B AAC plus a professional dispensing fee. If a calculated 340B ceiling price is not available for a drug, ForwardHealth will reimburse 340B ingredient cost at the lesser of WAC (Wholesale Acquisition Cost) minus 50 percent or the provider-submitted 340B AAC plus a professional dispensing fee.
- "99" (Other) If a provider who is listed on the HRSA 340B MEF submits a compound or noncompound drug claim without submission clarification code "20," the claim will be denied with an <a href="EOB (Explanation of Benefits">EOB (Explanation of Benefits</a>) code stating they are a 340B provider submitting a claim for a drug not purchased through the 340B Program. Once a provider has verified that the claim is not for a drug purchased through the 340B Program, they should resubmit the claim with submission clarification code "99" to verify that the claim was submitted as intended and is not a claim for a drug purchased through the 340B Program. A claim with a submission clarification code of "99" will be reimbursed at the lesser of the current ForwardHealth reimbursement rate or the billed amount plus a professional dispensing fee. 340B reimbursement will not be applied.
- "2" (Other Override) If a submitting provider is not listed on the HRSA 340B MEF but submits a compound or noncompound drug claim for a drug purchased through the 340B Program (by indicating a submission clarification code of "20"), the claim will be denied with an EOB code stating they are not on the HRSA 340B MEF. If the provider believes they are or should be on the HRSA 340B MEF as a 340B-covered entity choosing to carve-in for Wisconsin Medicaid, the provider should resubmit the

claim with submission clarification code "2" to indicate that the claim is for a drug purchased through the 340B Program. The provider should also contact HRSA to update the HRSA 340B MEF with the provider's information. Covered entities are responsible for the accuracy of the information in the HRSA 340B MEF. A claim with a submission clarification code of "2" will be reimbursed at the lesser of the calculated 340B ceiling price or the provider-submitted 340B AAC plus a professional dispensing fee. If a calculated 340B ceiling price is not available for a drug, ForwardHealth will reimburse 340B ingredient cost at the lesser of WAC minus 50 percent or the provider-submitted 340B AAC plus a professional dispensing fee.

*Note:* The compound drug claim format only accepts one submission clarification code value. If a compound drug includes an ingredient that was purchased through the 340B Program, the provider should use the appropriate submission clarification code to identify the claim is for a drug purchased through the 340B Program, and ForwardHealth will assume the submission clarification code "8" (Process Compound for Approved Ingredients) applies to all ingredients of the compound drug claim.

#### **Basis of Cost Determination and Submission Clarification Code**

The Basis of Cost Determination is a required field in which the provider is required to submit the appropriate code indicating the method by which "ingredient cost submitted" was calculated. Providers are responsible for submitting a valid Basis of Cost Determination value, per the ForwardHealth Payer Sheet: NCPDP Version D.0 (ForwardHealth Payer Sheet: National Council for Prescription Drug Programs Version D.0, P-00272 (10/2017)). When a claim is for a drug purchased through the 340B Program, the Basis of Cost Determination field must contain a value of "8" (340B/Disproportionate Share Pricing/Public Health Service); in addition, there must be an appropriate corresponding Submission Clarification Code of "2" (Other Override) or "20" (340B). ForwardHealth will deny claims with Basis of Cost Determination and Submission Clarification Code values that do **not** correspond.

# Professional Claim Modifier for Drugs Purchased Through the 340B Program

Professional claim formats require a "UD" modifier in order to identify claims for drugs purchased through the 340B Program. Providers who submit professional claims for provider-administered drugs purchased through the 340B Program to ForwardHealth are required to indicate modifier UD for each HCPCS (Healthcare Common Procedure Coding System) procedure code to indicate that the provider determined that the product being billed on the claim detail was purchased pursuant to rights available under Section 340B of the Public Health Act of 1992. ForwardHealth uses modifier UD to identify that a claim is for a provider-administered drug purchased through the 340B Program and to ensure that only eligible claims are being used to obtain drug manufacturer rebates. Providers should only submit claims for drugs purchased through the 340B Program if the provider is present on the HRSA 340B MEF.

ForwardHealth relies solely on modifier UD to identify professional claims for drugs purchased through the 340B Program. If modifier UD is present, then the claim will be excluded from the drug rebate invoicing process.

In addition, providers are required to submit their AAC when they submit claims for provider-administered drugs purchased through the 340B Program. Provider-administered drugs purchased through the 340B Program will be reimbursed at the lesser of the maximum allowable fee or the provider-submitted AAC.

# **Claims for Urgent or Emergency Dental Services**

All claims for urgent or emergency dental services, whether submitted on paper or electronically, must include the appropriate emergency indicator. Dentists submitting claims on paper using the ADA (American Dental Association) 2006 claim form or the ADA 2012 claim form should indicate "emergency" in Element 35 of the form. Refer to the <a href="American Dental Association 2006 Claim Form Completion Instructions">American Dental Association 2016 Claim Form Completion Instructions</a> for more information on completing these forms.

In addition to the emergency indicator, the emergency situation or the state of emergency must also be sufficiently documented on the claim

# Reimbursement

Claims for urgent or emergency dental services will only be reimbursed for DOS (dates of service) that the dentist is enrolled in Wisconsin Medicaid. Dentists who fully enroll in Wisconsin Medicaid remain enrolled until it is time for them to revalidate their enrollment. However, dentists who enroll as an in-state emergency provider are only enrolled for the date on which they provide the urgent or emergency service. Each time the dentist provides urgent or emergency services to a BadgerCare Plus or Medicaid member, the dentist is required to re-enroll as an in-state emergency provider for that DOS in order to be reimbursed.

# Copy Claims on the ForwardHealth Portal

Providers can copy institutional, professional, and dental paid claims on the ForwardHealth Portal. Providers can open any paid claim, click the "Copy" button, and all of the information on the claim will be copied over to a new claim form. Providers can then make any desired changes to the claim form and click "Submit" to submit as a new claim. After submission, ForwardHealth will issue a response with a new ICN (internal control number) along with the claim status.

Topic #5017

# **Correct Errors on Claims and Resubmit to ForwardHealth on the Portal**

Providers can view EOB (Explanation of Benefits) codes and descriptions for any claim submitted to ForwardHealth on the ForwardHealth Portal. The EOBs help providers determine why a claim did not process successfully, so providers may correct the error online and resubmit the claim. The EOB appears on the bottom of the screen and references the applicable claim header or detail.

Topic #4997

# **Direct Data Entry of Professional and Institutional Claims on the Portal**

Providers can submit the following claims to ForwardHealth via DDE (Direct Data Entry) on the ForwardHealth Portal:

- · Professional claims.
- Institutional claims.
- Dental claims.
- Compound drug claims.
- Noncompound drug claims.

DDE is an online application that allows providers to submit claims directly to ForwardHealth.

When submitting claims via DDE, required fields are indicated with an asterisk next to the field. If a required field is left blank, the claim will not be submitted and a message will appear prompting the provider to complete the specific required field(s). Portal help is available for each online application screen. In addition, search functions accompany certain fields so providers do not need to look up the following information in secondary resources.

On professional claim forms, providers may search for and select the following:

- Procedure codes.
- Modifiers.
- · Diagnosis codes.
- Place of service codes.

On institutional claim forms, providers may search for and select the following:

- Type of bill.
- · Patient status.
- · Visit point of origin.
- Visit priority.
- · Diagnosis codes.
- · Revenue codes.
- · Procedure codes.
- Modifiers.

On dental claims, providers may search for and select the following:

- · Procedure codes.
- Rendering providers.
- Area of the oral cavity.
- Place of service codes.

On compound and noncompound drug claims, providers may search for and select the following:

- · Diagnosis codes.
- NDCs (National Drug Codes).
- Place of service codes.
- Professional service codes.
- Reason for service codes.
- Result of service codes.

Using DDE, providers may submit claims for compound drugs and single-entity drugs. Any provider, including a provider of DME (durable medical equipment) or of DMS (disposable medical supplies) who submits noncompound drug claims, may submit these claims via DDE. All claims, including POS (Point-of-Sale) claims, are viewable via DDE.

Topic #15957

# **Documenting and Billing the Appropriate National Drug Code**

Providers are required to use the NDC (National Drug Code) of the administered drug and not the NDC of another manufacturer's product, even if the chemical name is the same. Providers should not preprogram their billing systems to automatically default to NDCs that do not accurately reflect the product that was administered to the member.

Per <u>DHS (Department of Health Services) 106.03(3)</u> and <u>107.10</u>, Wis. Admin. Code, submitting a claim with an NDC other than the NDC on the package from which the drug was dispensed is considered an unacceptable practice.

Upon retrospective review, ForwardHealth can seek recoupment for the payment of a claim from the provider if the NDC(s) submitted does not accurately reflect the product that was administered to the member.

Topic #344

# **Electronic Claim Submission**

Providers are encouraged to submit claims electronically. Electronic claim submission does the following:

• Adapts to existing systems.

- Allows flexible submission methods.
- Improves cash flow.
- Offers efficient and timely payments.
- Reduces billing and processing errors.
- · Reduces clerical effort.

Topic #2684

# **Dental Services**

Electronic claims for dental services must be submitted using the 837D (837 Health Care Claim: Dental) transaction. Electronic claims for dental services submitted using any transaction other than the 837D will be denied.

Providers should use the companion guide for the 837D transaction when submitting these claims.

# **Oral Surgery CPT Codes**

Electronic claims from oral surgeons who opt to submit claims with CPT (Current Procedural Terminology) codes are required to be submitted using the 837P (837 Health Care Claim: Professional) transaction. ForwardHealth denies electronic claims for oral surgery services performed by oral surgeons who opt to use CPT codes using any transaction other than the 837P.

Oral surgeons who choose this billing option should use the companion guide for the 837P transaction when submitting these claims.

# **Provider Electronic Solutions Software**

The DHCAA (Division of Health Care Access and Accountability) offers electronic billing software at no cost to the provider. The PES (Provider Electronic Solutions) software allows providers to submit electronic claims using the 837 transaction. To obtain PES software, providers may download it from the <u>ForwardHealth Portal</u>. For assistance installing and using PES software, providers may call the <u>EDI</u> (Electronic Data Interchange) Helpdesk.

Topic #16937

# **Electronic Claims and Claim Adjustments with Other Commercial Health Insurance Information**

Effective for claims and claim adjustments submitted electronically via the Portal or PES software on and after June 16, 2014, other insurance information must be submitted at the detail level on professional, institutional, and dental claims and adjustments if it was processed at the detail level by the primary insurance. Except for a few instances, Wisconsin Medicaid or BadgerCare Plus is the payer of last resort for any covered services; therefore, providers are required to make a reasonable effort to exhaust all existing other health insurance sources before submitting claims to ForwardHealth or to a state-contracted MCO (managed care organization).

Other insurance information that is submitted at the detail level via the Portal or PES software will be processed at the detail level by ForwardHealth.

Under HIPAA (Health Insurance Portability and Accountability Act of 1996), claims and adjustments submitted using an 837 transaction must include detail-level information for other insurance if they were processed at the detail level by the primary insurance.

### Adjustments to Claims Submitted Prior to June 16, 2014

Providers who submit professional, institutional, or dental claim adjustments electronically on and after June 16, 2014, for claims originally submitted prior to June 16, 2014, are required to submit other insurance information at the detail level on the adjustment if it was processed at the detail level by the primary insurance.

Topic #365

# **Extraordinary Claims**

<u>Extraordinary claims</u> are claims that have been denied by a BadgerCare Plus HMO (health maintenance organization) or SSI (Supplemental Security Income) HMO and should be submitted to fee-for-service.

Topic #4837

# **HIPAA-Compliant Data Requirements**

# **Procedure Codes**

All fields submitted on paper and electronic claims are edited to ensure HIPAA (Health Insurance Portability and Accountability Act of 1996) compliance before being processed. Compliant code sets include CPT (Current Procedural Terminology) and HCPCS (Healthcare Common Procedure Coding System) procedure codes entered into all fields, including those fields that are "Not Required" or "Optional."

If the information in all fields is not valid and recognized by ForwardHealth, the claim will be denied.

# **Provider Numbers**

For health care providers, NPIs (National Provider Identifiers) are required in all provider number fields on paper claims and 837 (837 Health Care Claim) transactions, including rendering, billing, referring, prescribing, attending, and "Other" provider fields.

Non-healthcare providers, including personal care providers, SMV (specialized medical vehicle) providers, blood banks, and CCOs (community care organizations) should enter valid provider numbers into fields that require a provider number.

Topic #562

# **Managed Care Organizations**

Claims for services that are covered in a member's state-contracted MCO (managed care organization) should be submitted to that MCO.

Topic #10837

# **Note Field for Most Claims Submitted Electronically**

In some instances, ForwardHealth requires providers to include a description of a service identified by an unlisted, or NOC (not otherwise classified), procedure code. Providers submitting claims electronically should include a description of an NOC procedure code in a "Notes" field, if required. The Notes field allows providers to enter up to 80 characters. In some cases, the Notes field allows providers to submit NOC procedure code information on a claim electronically instead of on a paper claim or with a paper attachment to an electronic claim.

The Notes field should only be used for NOC procedure codes that do not require PA (prior authorization).

# Claims Submitted via the ForwardHealth Portal Direct Data Entry or Provider Electronic Solutions

A notes field is available on the ForwardHealth Portal DDE (Direct Data Entry) and PES (Provider Electronic Solutions) software when providers submit the following types of claims:

- Professional.
- Institutional.
- Dental.

On the professional form, the Notes field is available on each detail. On the institutional and dental forms, the Notes field is only available on the header.

# Claims Submitted via 837 Health Care Claim Transactions

ForwardHealth accepts and utilizes information submitted by providers about NOC procedure codes in certain loops/segments on the 837 (837 Health Care Claim) transactions. Refer to the companion guides for more information.

Topic #561

# Paper Claim Form Preparation and Data Alignment Requirements

# **Optical Character Recognition**

Paper claims submitted to ForwardHealth on the 1500 Health Insurance Claim Form ((02/12)) and UB-04 Claim Form are processed using OCR (Optical Character Recognition) software that recognizes printed, alphanumeric text. OCR software increases efficiency by alleviating the need for keying in data from paper claims.

The data alignment requirements do not apply to the <u>Compound Drug Claim (F-13073 (04/17))</u> and the <u>Noncompound Drug Claim (F-13072 (04/17))</u>.

# **Speed and Accuracy of Claims Processing**

OCR software processes claim forms by reading text within fields on claim forms. After a paper claim form is received by ForwardHealth, the claim form is scanned so that an image can be displayed electronically. The OCR software reads the electronic image on file and populates the information into the ForwardHealth interChange system. This technology increases accuracy by removing the possibility of errors being made during manual keying.

OCR software speeds paper claim processing, but only if providers prepare their claim forms correctly. In order for OCR software to read the claim form accurately, the quality of copy and the alignment of text within individual fields on the claim form need to be precise. If data are misaligned, the claim could be processed incorrectly. If data cannot be read by the OCR software, the process will stop and the electronic image of the claim form will need to be reviewed and keyed manually. This will cause an increase in processing time.

#### **Handwritten Claims**

Submitting handwritten claims should be avoided whenever possible. ForwardHealth accepts handwritten claims; however, it is very difficult for OCR software to read a handwritten claim. If a handwritten claim cannot be read by the OCR software, it will need to be keyed manually from the electronic image of the claim form. Providers should avoid submitting claims with handwritten corrections as this can also cause OCR software processing delays.

### **Use Original Claim Forms**

Only original 1500 Health Insurance Claim Forms and UB-04 Claim Forms should be submitted. Original claim forms are printed in red ink and may be obtained from a federal forms supplier. ForwardHealth does not provide these claim forms. Claims that are submitted as

photocopies cannot be read by OCR software and will need to be keyed manually from an electronic image of the claim form. This could result in processing delays.

### **Use Laser or Ink Jet Printers**

It is recommended that claims are printed using laser or ink jet printers rather than printers that use DOT matrix. DOT matrix printers have breaks in the letters and numbers, which may cause the OCR software to misread the claim form. Use of old or worn ink cartridges should also be avoided. If the claim form is read incorrectly by the OCR software, the claim may be denied or reimbursed incorrectly. The process may also be stopped if it is unable to read the claim form, which will cause a delay while it is manually reviewed.

### **Alignment**

Alignment within each field on the claim form needs to be accurate. If text within a field is aligned incorrectly, the OCR software may not recognize that data are present within the field or may not read the data correctly. For example, if a reimbursement amount of \$300.00 is entered into a field on the claim form, but the last "0" is not aligned within the field, the OCR software may read the number as \$30.00, and the claim will be reimbursed incorrectly.

To get the best alignment on the claim form, providers should center information vertically within each field, and align all information on the same horizontal plane. Avoid squeezing two lines of text into one of the six line items on the 1500 Health Insurance Claim Form.

The following sample claim forms demonstrate correct and incorrect alignment:

- Correct alignment for the 1500 Health Insurance Claim Form.
- Incorrect alignment for the 1500 Health Insurance Claim Form.
- Correct alignment for the UB-04 Claim Form.
- Incorrect alignment for the UB-04 Claim Form.

### Clarity

Clarity is very important. If information on the claim form is not clear enough to be read by the OCR software, the process may stop, prompting manual review.

The following guidelines will produce the clearest image and optimize processing time:

- Use 10-point or 12-point Times New Roman or Courier New font.
- Type all claim data in uppercase letters.
- Use only black ink to complete the claim form.
- Avoid using italics, bold, or script.
- Make sure characters do not touch.
- Make sure there are no lines from the printer cartridge anywhere on the claim form.
- Avoid using special characters such as dollar signs, decimals, dashes, asterisks, or backslashes, unless it is specified that these characters should be used.
- Use Xs in check boxes. Avoid using letters such as "Y" for "Yes," "N" for "No," "M" for "Male," or "F" for "Female."
- Do not highlight any information on the claim form. Highlighted information blackens when it is imaged, and the OCR software will be unable to read it.

Note: The above guidelines will also produce the clearest image for claims that need to be keyed manually from an electronic image.

#### Staples, Correction Liquid, and Correction Tape

The use of staples, correction liquid, correction tape, labels, or stickers on claim forms should be avoided. Staples need to be removed from claim forms before they can be imaged, which can damage the claim and cause a delay in processing time. Correction liquid, correction tape, labels, and stickers can cause data to be read incorrectly or cause the OCR process to stop, prompting manual review. If the form cannot be read by the OCR software, it will need to be keyed manually from an electronic image.

# **Additional Diagnosis Codes**

ForwardHealth will accept up to 12 diagnosis codes in Item Number 21 of the 1500 Health Insurance Claim Form.

Topic #2704

# **Paper Claim Submission**

Paper claims for dental services must be submitted using the ADA (American Dental Association) 2006 Claim Form or the ADA 2012 Claim Form. ForwardHealth denies paper claims for dental services submitted on any claim form other than the ADA 2006 or 2012.

Providers should use ForwardHealth's claim form completion instructions for the ADA 2006 or 2012 claim forms, as appropriate, when submitting these claims.

# **Obtaining American Dental Association Claim Forms**

ForwardHealth does not provide ADA claim forms. To order ADA 2006 or 2012 claim forms, call the ADA at (800) 947-4746 or order online from the ADA Web site.

# **Multiple-Page Paper American Dental Association Claims**

ForwardHealth recognizes that the number of dental procedures performed on a member on a single DOS (date of service) may exceed the number of details (line items where information about the services provided is indicated) available on a paper claim form. In such circumstances, providers may submit multiple-page paper claims containing up to 25 total details.

When submitting multiple-page paper dental claims, follow these instructions:

- Use the same type of paper claim form for all pages of the claim. The only allowable paper claim forms are the ADA 2006 or 2012 claim forms.
- Complete all of the claim form information on each page, including, but not limited to, the provider's identification number, the member's name, and the member's identification number.
- Staple additional pages behind the first page of the claim.
- Indicate the total amount billed for the entire claim on the last page of the claim. The Total Fee element should be left blank on all other pages.
- Mail multiple-page paper claims to the following address for specialized handling:

ForwardHealth Multiple-Page Dental Claims Ste 22 313 Blettner Blvd Madison WI 53784

Note: Single-page paper dental claims should continue to be sent to the following address:

ForwardHealth Claims and Adjustments 313 Blettner Blvd Madison WI 53784

# **Oral Surgery CPT Codes**

Oral surgeons who opt to submit paper claims with CPT (Current Procedural Terminology) codes are required to use the 1500 Health Insurance Claim Form ((02/12)). ForwardHealth denies claims from oral surgeons who opt to submit paper claims with CPT codes on any claim form other than the 1500 Health Insurance Claim Form.

Providers should use the appropriate claim form instructions for oral surgery services when submitting these claims.

# **Obtaining the 1500 Health Insurance Claim Form**

ForwardHealth does not provide the 1500 Health Insurance Claim Form. This form may be obtained from any federal forms supplier.

Topic #10177

# **Prior Authorization Numbers on Claims**

Providers are not required to indicate a PA (prior authorization) number on claims. ForwardHealth interChange matches the claim with the appropriate approved PA request. ForwardHealth's RA (Remittance Advice) and the 835 (835 Health Care Claim Payment/Advice) report to the provider the PA number used to process a claim. If a PA number is indicated on a claim, it will not be used and it will have no effect on processing the claim.

When a PA requirement is added to the list of drugs requiring PA and the effective date of a PA falls in the middle of a billing period, two separate claims that coincide with the presence of PA for the drug must be submitted to ForwardHealth.

Topic #4382

# **Provider-Administered Drugs**

# **Deficit Reduction Act of 2005**

Providers are required to comply with requirements of the federal DRA (Deficit Reduction Act) of 2005 and submit NDCs (National Drug Codes) with HCPCS (Healthcare Common Procedure Coding System) procedure codes on claims for provider-administered drugs. Section 1927(a)(7)(C) of the Social Security Act requires NDCs to be indicated on all claims submitted to ForwardHealth for covered outpatient drugs, including Medicare crossover claims.

ForwardHealth requires that NDCs be indicated on claims for all provider-administered drugs to identify the drugs and invoice a manufacturer for rebates, track utilization, and receive federal funds. States that do not collect NDCs with HCPCS procedure codes on claims for provider-administered drugs will not receive federal funds for those claims. ForwardHealth cannot claim a rebate or federal funds if the NDC submitted on a claim is incorrect or invalid or if an NDC is not indicated.

If an NDC is not indicated on a claim submitted to ForwardHealth, or if the NDC indicated is invalid, the claim will be denied.

*Note:* Vaccines are exempt from the DRA requirements. Providers who receive reimbursement under a bundled rate are not subject to the DRA requirements.

# **Less-Than-Effective Drugs**

ForwardHealth will deny provider-administered drug claims for ForwardHealth members for LTE (less-than-effective) drugs as identified by CMS (Centers for Medicare and Medicaid Services) or identical, related, or similar drugs.

# Claim Submission

# **Institutional Claims**

Providers that submit claims for services on an institutional claim also are required to submit claims for provider-administered drugs on an institutional claim.

Institutional claims that include provider-administered drugs must be submitted to ForwardHealth fee-for-service for fee-for-service members and to the HMO for managed care members.

#### **Professional Claims**

Providers that submit claims for services on a professional claim also are required to submit claims for provider-administered drugs on a professional claim.

Professional claims that include provider-administered drugs must be submitted to ForwardHealth fee-for-service for fee-for-service members.

Professional claims for provider-administered drugs must be submitted to ForwardHealth fee-for-service for managed care members. Other services submitted on a professional claim must be submitted to the HMO for managed care members.

The following POS (place of service) codes will not be accepted by Medicaid fee-for-service when submitted by a provider on a professional claim:

POS Code	Description
06	Indian Health Services Provider-Based Facility
08	Tribal 638 Provider-Based Facility
21	Inpatient Hospital
22	On Campus — Outpatient Hospital
23	Emergency Room — Hospital
51	Inpatient Psychiatric Facility
61	Comprehensive Inpatient Rehabilitation Facility
65	ESRD Treatment Facility

# **Medicare Crossover Claims**

To be considered for reimbursement, NDCs and a HCPCS procedure code must be indicated on Medicare crossover claims.

ForwardHealth will deny crossover claims if an NDC was not submitted to Medicare with a provider-administered drug HCPCS code.

# 340B Providers

The 340B Program (340B Drug Pricing Program) enables <u>covered entities</u> to fully utilize federal resources, reaching more eligible patients and providing more comprehensive services. Providers who participate in the 340B Program are required to indicate an NDC on claims for provider-administered drugs. When <u>submitting the 340B billed amount</u>, they are also required to indicate the AAC (Actual Acquisition Cost) and appropriate claim level identifier(s).

# **Explanation of Benefits Codes on Claims for Provider-Administered Drugs**

Providers will receive an <u>EOB (Explanation of Benefits) code</u> on claims with a denied detail for a provider-administered drug if the claim does not comply with the standards of the DRA. If a provider receives an EOB code on a claim for a provider-administered drug, he or she should correct and resubmit the claim for reimbursement.

# **Provider-Administered Claim Denials**

If a clinic's professional claim with a HCPCS code is received by ForwardHealth and a subsequent claim for the same drug is received from a pharmacy, having a DOS (date of service) within seven days of the clinic's DOS, then the pharmacy's claim will be denied as a duplicate claim.

Reconsideration of the denied drug claim may occur if the claim was denied with an EOB code and the drug therapy was due to the treatment for an acute condition. To submit a claim that was originally denied as a duplicate, pharmacies should complete and submit the Noncompound Drug Claim (F-13072 (04/17)) form along with the Pharmacy Special Handling Request (F-13074 (07/12)) form indicating the EOB code and requesting an override.

# **Provider-Administered Drugs Carve-Out Code Sets**

Provider-administered drugs carve-out policy is defined to include the following procedure codes:

- Drug-related "J" codes
- Drug-related "Q" codes
- Certain drug-related "S" codes

The <u>Provider-Administered Drugs Carve-Out Procedure Codes table</u> indicates the status of procedure codes considered under the provider-administered drugs carve-out policy. This table provides information on Medicaid and BadgerCare Plus coverage status as well as carve-out status based on POS.

Note: The table will be revised in accordance with national annual and quarterly HCPCS code updates.

Provider-administered drugs carve-out policy applies to certain procedure code sets, services, POS, and claim types. A service is carved-out based on the procedure code, POS, and claim type on which the service is submitted. It is important to note that provider-administered drugs may be given in many different practice settings and submitted on different claim types. Whether the service is carved in or out depends on the combination of these factors, not simply on the procedure code.

Claims for dual eligibles should be submitted to Medicare first before they are submitted to ForwardHealth. Providers should continue to submit claims for other services to the member's MCO.

Provider-administered drugs and related services for members enrolled in the PACE (Program for All-Inclusive Care for the Elderly) and the Family Care Partnership are provided and reimbursed by the special managed care program.

# **Exemptions**

Claims for drugs included in the cost of the procedure (e.g., a claim for a dental visit where lidocaine is administered) should be submitted to the member's MCO.

Vaccines and their administration fees are reimbursed by a member's MCO.

Providers who receive reimbursement under a bundled rate are reimbursed by a member's MCO.

Providers who were reimbursed a bundled rate by the member's MCO for certain services (e.g., hydration, catheter maintenance, TPN (total parenteral nutrition)) should continue to be reimbursed by the member's MCO. Providers should work with the member's MCO in these situations.

# **Additional Information**

Additional information about the DRA and claim submission requirements can be located on the following Web sites:

- CMS (Centers for Medicare and Medicaid Services) DRA information page
- NUBC (National Uniform Billing Committee)
- NUCC (National Uniform Claim Committee)

For information about NDCs, providers may refer to the following Web sites:

- The FDA (Food and Drug Administration) website
- The Drug Search Tool (Providers may verify if an NDC and its segments are valid using this website.)

Topic #10237

# **Claims for Provider-Administered Drugs**

Claims for provider-administered drugs may be submitted to ForwardHealth via the following:

- A 1500 Health Insurance Claim Form ((02/12))
- The 837P (837 Health Care Claim: Professional) transaction

- The DDE (Direct Data Entry) on ForwardHealth Portal
- The PES (Provider Electronic Solutions) software

#### 1500 Health Insurance Claim Form

These instructions apply to claims submitted for provider-administered drugs. NDCs for provider-administered drugs must be indicated in the shaded area of Item Numbers 24A-24G on the 1500 Health Insurance Claim Form. The NDC must be accompanied by an NDC qualifier, unit qualifier, and units. To indicate an NDC, providers should do the following:

- Indicate the NDC qualifier "N4," followed by the 11-digit NDC of the drug dispensed, with no space in between.
- Indicate one space between the NDC and the unit qualifier.
- Indicate one unit qualifier (F2 [International unit], GR [Gram], ME [Milligram], ML [Milliliter], or UN [Unit]), followed by the NDC units, with no space in between. For further instruction on submitting a 1500 Health Insurance Claim Form with supplemental NDC information, providers may refer to the 1500 Health Insurance Claim Form Reference Instruction Manual for Form Version 02/12 on the NUCC (National Uniform Claim Committee) website.

Providers should indicate the appropriate NDC of the drug that was dispensed that corresponds to the HCPCS procedure code on claims for provider-administered drugs. If an NDC is not indicated on the claim, or if the NDC indicated is invalid, the claim will be denied.

#### 837 Health Care Claim: Professional Transactions

Providers may refer to the NUCC Web site for information about indicating NDCs on provider-administered drug claims submitted using the 837P transaction.

#### **Direct Data Entry on the ForwardHealth Portal**

The following must be indicated on provider-administered drug claims submitted using DDE on the Portal:

- The NDC of the drug dispensed
- · Quantity unit
- · Unit of measure

Note: The "N4" NDC qualifier is not required on claims submitted on the Portal.

### **Provider Electronic Solutions Software**

ForwardHealth offers electronic billing software at no cost to providers. The PES software allows providers to submit 837P transactions, adjust claims, and check claim status. To obtain PES software, providers may download it from the <u>ForwardHealth Portal</u>. For assistance installing and using PES software, providers may call the <u>EDI (Electronic Data Interchange) Helpdesk</u>.

# Submitting Multiple National Drug Codes per Procedure Code

If two or more NDCs (National Drug Codes) are submitted for a single procedure code, the procedure code is required to be repeated on separate details for each unique NDC. Whether billing a compound or noncompound drug, the procedures for billing multiple components (NDCs) with a single HCPCS (Healthcare Common Procedure Coding System) code are the same.

# **Claim Submission Instructions for Claims with Two or Three National Drug Codes**

When two NDCs are submitted on a claim, a KP modifier (first drug of a multiple drug unit dose formulation) is required on the first detail and a KQ modifier (second or subsequent drug of a multiple drug unit dose formulation) is required on the second detail.

For example, if a provider administers 150 mg of Synagis<sup>®</sup>, and a 100 mg vial and a 50 mg vial were used, then the NDC from each vial must be submitted on the claim. Although the vials have different NDCs, the drug has one procedure code, 90378 (Respiratory syncytial virus, monoclonal antibody, recombinant, for intramuscular use, 50 mg, each). In this example, the same procedure code would be reported on two details of the claim and paired with different NDCs.

<b>Procedure Code</b>	NDC	NDC Description
90378	60574-4111-01	Synagis <sup>®</sup> — 100 mg
90378	60574-4112-01	Synagis®— 50 mg

When three NDCs are submitted on a claim, a KP modifier is required on the first detail, a KQ modifier on the second detail, and the modifier should be left blank on the third detail.

For example, if a provider administers a mixture of 1 mg of hydromorphone HCl powder, 125 mg of bupivacaine HCl powder, and 50 ml of sodium chloride 0.9 percent solution, each NDC is required on a separate detail. However, this compound drug formulation is required to be billed under one procedure code, J3490 (Unclassified drugs), and the same procedure code must be reported on three separate details on the claim and paired with different NDCs.

Claims for provider-administered drugs with two or three NDCs may be submitted to ForwardHealth via the following methods:

- The 837P (837 Health Care Claim: Professional) transaction.
- PES (Provider Electronic Solutions) software.
- DDE (Direct Data Entry) on the ForwardHealth Portal.
- A 1500 Health Insurance Claim Form ((02/12)).

# Claim Submission Instructions for Claims with Four or More National Drug

# **Codes**

When four or more components are reported, each component is required to be listed separately in a statement of ingredients on an attachment that must be appended to a paper 1500 Health Insurance Claim Form.

Note: The reimbursement reduction for paper claims will not affect claims submitted on paper with four or more NDCs, as described above.

Topic #4817

# **Submitting Paper Attachments with Electronic Claims**

Providers may submit paper attachments to accompany electronic claims and electronic claim adjustments. Providers should refer to their <u>companion guides</u> for directions on indicating that a paper attachment will be submitted by mail.

Paper attachments that go with electronic claim transactions must be submitted with the <u>Claim Form Attachment Cover Page (F-13470 (10/08))</u>. Providers are required to indicate an ACN (attachment control number) for paper attachment(s) submitted with electronic claims. (The ACN is an alphanumeric entry between 2 and 80 digits assigned by the provider to identify the attachment.) The ACN must be indicated on the cover page so that ForwardHealth can match the paper attachment(s) to the correct electronic claim.

ForwardHealth will hold an electronic claim transaction or a paper attachment(s) for up to 30 calendar days to find a match. If a match cannot be made within 30 days, the claim will be processed without the attachment and will be denied if an attachment is required. When such a claim is denied, both the paper attachment(s) and the electronic claim will need to be resubmitted.

Providers are required to send paper attachments relating to electronic claim transactions to the following address:

ForwardHealth Claims and Adjustments 313 Blettner Blvd Madison WI 53784

This does not apply to compound and noncompound claims.

Topic #11677

# **Uploading Claim Attachments Via the Portal**

Providers are able to upload attachments for most claims via the secure Provider area of the ForwardHealth Portal. This allows providers to submit all components for claims electronically.

Providers are able to upload attachments via the Portal when a claim is suspended and an attachment was indicated but not yet received. Providers are able to upload attachments for any suspended claim that was submitted electronically. Providers should note that all attachments for a suspended claim must be submitted within the same business day.

# **Claim Types**

Providers will be able to upload attachments to claims via the Portal for the following claim types:

- · Professional.
- Institutional.
- Dental.

The submission policy for compound and noncompound drug claims does not allow attachments.

# **Document Formats**

Providers are able to upload documents in the following formats:

- JPEG (Joint Photographic Experts Group) (.jpg or .jpeg).
- PDF (Portable Document Format) (.pdf).
- Rich Text Format (.rtf).
- Text File (.txt).

JPEG files must be stored with a ".jpg" or ".jpeg" extension; text files must be stored with a ".txt" extension; rich text format files must be stored with a ".rtf" extension; and PDF files must be stored with a ".pdf" extension.

Microsoft Word files (.doc) cannot be uploaded but can be saved and uploaded in Rich Text Format or Text File formats.

# **Uploading Claim Attachments**

# Claims Submitted by Direct Data Entry

When a provider submits a DDE (Direct Data Entry) claim and indicates an attachment will also be included, a feature button will appear and link to the DDE claim screen where attachments can be uploaded.

Providers are still required to indicate on the DDE claim that the claim will include an attachment via the "Attachments" panel.

Claims will suspend for 30 days before denying for not receiving the attachment.

# Claims Submitted by Provider Electronic Software and 837 Health Care Claim Transactions

Providers submitting claims via 837 (837 Health Care Claim) transactions are required to indicate attachments via the PWK segment. Providers submitting claims via PES (Provider Electronic Solutions) software will be required to indicate attachments via the attachment control field. Once the claim has been submitted, providers will be able to search for the claim on the Portal and upload the attachment via the Portal. Refer to the Implementation Guides for how to use the PWK segment in 837 transactions and the <u>PES Manual</u> for how to use the attachment control field.

Claims will suspend with 30 days before denying for not receiving the attachment.

# **Timely Filing Appeals Requests**

Topic #549

# Requirements

When a claim or adjustment request meets one of the <u>exceptions</u> to the submission deadline, the provider is required to mail ForwardHealth a <u>Timely Filing Appeals Request form (F-13047 (08/15))</u> with a paper claim or an <u>Adjustment/Reconsideration Request form (F-13046 (08/15))</u> to override the submission deadline. If claims or adjustment requests are submitted electronically, the entire amount of the claim will be recouped.

DOS (dates of service) that are beyond the submission deadline should be submitted separately from DOS that are within the deadline. Claims or adjustment requests received that contain both current and late DOS are processed through normal channels without review by Timely Filing and late DOS will be denied.

Topic #551

# Resubmission

Decisions on <u>Timely Filing Appeals Requests (F-13047 (08/15)</u>) cannot be appealed. Providers may resubmit the claim to Timely Filing if both of the following occur:

- The provider submits additional documentation as requested.
- ForwardHealth receives the documentation before the specified deadline for the exception to the submission deadline.

Topic #744

# **Submission**

To receive consideration for an exception to the submission deadline, providers are required to submit the following:

- A properly completed <u>Timely Filing Appeals Request (F-13047 (08/15))</u> form for each claim and each adjustment to allow for electronic documentation of individual claims and adjustments submitted to ForwardHealth.
- A legible claim or adjustment request.
- All required documentation as specified for the exception to the submission deadline.

For paper claims and paper claim adjustments where other health insurance sources are indicated, providers are also required to complete and submit the Explanation of Medical Benefits form.

To receive consideration, a Timely Filing Appeals Request must be received before the deadline specified for the exception to the submission deadline.

When completing the claim or adjustment request, providers are required to indicate the procedure code, diagnosis code, POS (place of service) code, etc., as effective for the DOS (date of service). However, providers should use the current claim form and instructions or adjustment request form and instructions. Reimbursement for Timely Filing Appeals Requests is contingent upon the claim or adjustment request meeting program requirements for the DOS.

The following table lists the filing deadlines and documentation requirements as they correspond to each of the eight allowable exceptions.

# **Coordination of Benefits: Commercial Health Insurance**

Topic #595

# **Assignment of Insurance Benefits**

Assignment of insurance benefits is the process by which a specified party (e.g., provider or policyholder) becomes entitled to receive payment for claims in accordance with the insurance company policies.

Commercial health insurance companies may permit reimbursement to the provider or member. Providers should verify whether commercial health insurance benefits may be assigned to the provider. As indicated by the commercial health insurance, providers may be required to obtain approval from the member for this assignment of benefits.

If the provider is assigned benefits, providers should bill the commercial health insurance.

If the member is assigned insurance benefits, it is appropriate to submit a claim to ForwardHealth without billing the commercial health insurance. In this instance providers should indicate the appropriate other insurance indicator or complete the <a href="Explanation of Medical">Explanation of Medical</a> <a href="Benefits form">Benefits form</a>, as applicable. ForwardHealth will bill the commercial health insurance.

Topic #844

# **Claims for Services Denied by Commercial Health Insurance**

If commercial health insurance denies or recoups payment for services that are covered by BadgerCare Plus and Wisconsin Medicaid, the provider may submit a claim for those services. To allow payment in this situation, providers are encouraged to follow the requirements (e.g., request PA (prior authorization) before providing the service for covered services that require PA). If the requirements are followed, ForwardHealth may reimburse for the service up to the allowed amount (less any payments made by other health insurance sources).

*Note:* The provider is required to demonstrate that a correct and complete claim was denied by the commercial health insurance company for a reason other than that the provider was out of network.

Topic #598

# Commercial Fee-for-Service

Fee-for-service commercial health insurance is the traditional health care payment system under which providers receive a payment for each unit of service provided rather than a capitation payment for each member. Such insurance usually does not restrict health care to a particular network of providers.

When commercial health insurance plans give the member the option of getting care within or outside a provider network, non-network providers *may* be reimbursed by the commercial health insurance company for covered services if they follow the commercial health insurance plan's billing rules.

Topic #601

# **Definition of Commercial Health Insurance**

Commercial health insurance is defined as any type of health benefit not obtained from Medicare or Wisconsin Medicaid and BadgerCare Plus. The insurance may be employer-sponsored or privately purchased. Commercial health insurance may be provided on a fee-for-service basis or through a managed care plan.

Common types of commercial health insurance include HMOs, PPOs (preferred provider organizations), POS (point-of-service) plans, Medicare Advantage plans, Medicare supplemental plans, dental plans, vision plans, HRAs (health reimbursement accounts), and LTC (long-term care) plans. Some commercial health insurance providers restrict coverage to a specified group of providers in a particular service area.

When commercial health insurance plans require members to use a designated network of providers, non-network (i.e., providers who do not have a contract with the member's commercial health insurance plan) will be reimbursed by the commercial health insurance plan **only** if they obtain a referral or provide an emergency service.

Except for emergency services and covered services that are not covered under the commercial health insurance plan, members enrolled in both a commercial health insurance plan and BadgerCare Plus or Wisconsin Medicaid (i.e., state-contracted MCO (managed care organization), fee-for-service) are required to receive services from providers affiliated with the commercial health insurance plan. In this situation, providers are required to refer the members to the commercial health insurance plan's network providers. This is necessary because commercial health insurance is always primary to BadgerCare Plus.

BadgerCare Plus and Wisconsin Medicaid will **not** reimburse the provider if the commercial health insurance plan denied or would deny payment because a service otherwise covered under the commercial health insurance plan was performed by a provider outside the plan. In addition, if a member receives a covered service outside his or her commercial health insurance plan, the provider cannot collect payment from the member.

Topic #602

## **Discounted Rates**

Providers of services that are discounted by commercial health insurance should include the following information on claims or on the Explanation of Medical Benefits form, as applicable:

- Their usual and customary charge.
- The appropriate other insurance indicator.
- The amount, if any, actually received from commercial health insurance as the amount paid by commercial health insurance.

Topic #596

## **Exhausting Commercial Health Insurance Sources**

Providers are required to exhaust commercial health insurance sources before submitting claims to ForwardHealth. This is accomplished by following the process indicated in the following steps. Providers are required to prepare complete and accurate documentation of efforts to bill commercial health insurance to substantiate other insurance indicators used on any claim.

#### Step 1. Determine if the Member Has Commercial Health Insurance

If Wisconsin's EVS (Enrollment Verification System) does not indicate that the member has commercial health insurance, the provider may submit a claim to ForwardHealth unless the provider is otherwise aware of commercial health insurance coverage.

If the member disputes the information as it is indicated in the EVS, the provider should submit a completed <u>Commercial Other Coverage Discrepancy Report (F-01159 (04/2017))</u> form. Unless the service does not require other health insurance billing, the provider should allow at least two weeks before proceeding to Step 2.

#### Step 2. Determine if the Service Requires Other Health Insurance Billing

If the service requires other health insurance billing, the provider should proceed to Step 3.

If the service does not require other health insurance billing, the provider should proceed in one of the following ways:

- The provider is encouraged to bill commercial health insurance if he or she believes that benefits are available. Reimbursement from commercial health insurance may be greater than the Medicaid-allowed amount. If billing commercial health insurance first, the provider should proceed to Step 3.
- The provider may submit a claim without indicating an other insurance indicator on the claim or on the <u>Explanation of Medical</u> Benefits form, as applicable.

The provider may not bill Wisconsin Medicaid and commercial health insurance simultaneously. Simultaneous billing may constitute fraud and interferes with Wisconsin Medicaid's ability to recover prior payments.

#### Step 3. Identify Assignment of Commercial Health Insurance Benefits

The provider should verify whether commercial health insurance benefits may be assigned to the provider. (As indicated by commercial health insurance, the provider may be required to obtain approval from the member for this assignment of benefits.)

The provider should proceed in one of the following ways:

- If the provider is assigned benefits, the provider should bill commercial health insurance and proceed to Step 4.
- If the member is assigned insurance benefits, the provider may submit a claim (without billing commercial health insurance) using the appropriate other insurance indicator or complete the Explanation of Medical Benefits form, as applicable.

If the commercial health insurance reimburses the member, the provider may collect the payment from the member. If the provider receives reimbursement from Wisconsin Medicaid and the member, the provider is required to return the lesser amount to Wisconsin Medicaid.

#### Step 4. Bill Commercial Health Insurance and Follow Up

If commercial health insurance denies or partially reimburses the provider for the claim, the provider may proceed to Step 5.

If commercial health insurance does not respond within 45 days, the provider should follow up the original claim with an inquiry to commercial health insurance to determine the disposition of the claim. If commercial health insurance does not respond within 30 days of the inquiry, the provider may proceed to Step 5.

#### Step 5. Submit Claim to ForwardHealth

If only partial reimbursement is received, if the correct and complete claim is denied by commercial health insurance, or if commercial health insurance does not respond to the original and follow-up claims, the provider may submit a claim to ForwardHealth using the appropriate other insurance indicator or complete the Explanation of Medical Benefits form, as applicable. Commercial remittance information should not be attached to the claim.

Topic #18497

## **Explanation of Medical Benefits Form Requirement**

An Explanation of Medical Benefits (F-01234 (11/14)) form must be included for each other payer when other health insurance sources (e.g., commercial insurance, Medicare) are indicated on a paper claim or paper adjustment.

*Note:* ADA (American Dental Association) claims and claim adjustments and compound and noncompound drug claims and claim adjustments are **not** subject to the requirements regarding use of the Explanation of Medical Benefits form.

Paper claims or adjustment requests that have other health insurance indicated may be returned to the provider unprocessed or denied if

they are submitted without the Explanation of Medical Benefits form for each other payer. Paper claims or adjustments submitted with incorrect or incomplete Explanation of Medical Benefits forms will also be returned or denied.

Use of the ForwardHealth Explanation of Medical Benefits form is mandatory; providers are required to use an exact copy. ForwardHealth will not accept alternate versions (i.e., retyped or otherwise reformatted) of the Explanation of Medical Benefits form.

The Explanation of Medical Benefits form requirement for paper claims and adjustments is intended to help ensure consistency with electronic claims and adjustments submitted via the ForwardHealth Portal or using an 837 (837 Health Care Claim) transaction (including those submitted using PES (Provider Electronic Solutions) software or through a clearinghouse or software vendor).

The Explanation of Medical Benefits form requirement applies to paper claims and paper adjustments submitted to Wisconsin Medicaid, BadgerCare Plus, SeniorCare, and the WCDP (Wisconsin Chronic Disease Program). Providers are reminded that, except for a few instances, Wisconsin Medicaid, BadgerCare Plus, SeniorCare, and WCDP are payers of last resort for any covered service. Therefore, providers are required to make a reasonable effort to exhaust all other existing health insurance sources before submitting claims to ForwardHealth or to a state-contracted MCO (managed care organization).

Wisconsin Medicaid and BadgerCare Plus are not payers of last resort for members who receive coverage from <u>certain governmental</u> <u>programs</u>. Providers should ask members if they have coverage from these other government programs.

If a member becomes retroactively enrolled in Wisconsin Medicaid or BadgerCare Plus after the provider has already been reimbursed by one of these government programs, the provider may be required to submit the claims to ForwardHealth and refund the payment from the government program.

#### Ink, Data Alignment, and Quality Standards for Paper Claim Submission

In order for OCR (Optical Character Recognition) software to read paper claim forms accurately, the claim forms must comply with certain ink standards, as well as other data alignment and quality standards. The Explanation of Medical Benefits form will also need to comply with these standards.

Topic #263

## **Members Unable to Obtain Services Under Managed Care Plan**

Sometimes a member's enrollment file shows commercial managed care coverage, but the member is unable to receive services from the managed care plan. Examples of such situations include the following:

- Children enrolled in a commercial managed care plan by a noncustodial parent if the custodial parent refuses to use the coverage.
- Members enrolled in a commercial managed care plan who reside outside the service area of the managed care plan.
- Members enrolled in a commercial managed care plan who enter a nursing facility that limits the member's access to managed care providers.

In these situations, Wisconsin Medicaid will reimburse services covered by both BadgerCare Plus or Medicaid and the commercial managed care plan even though the services are obtained from providers outside the plan.

When submitting claims for these members, providers should do one of the following:

- Indicate the other insurance information on the Explanation of Medical Benefits Form for paper claims.
- Refer to the Wisconsin <u>PES (Provider Electronic Solutions) manual</u> or the appropriate <u>837 (837 health care claim) companion</u> guide to determine the appropriate other insurance indicator for electronic claims.

Topic #604

## Non-reimbursable Commercial Health Insurance Services

Providers are not reimbursed for the following:

- Services covered by a commercial health insurance plan, except for coinsurance, copayment, or deductible.
- Services for which providers contract with a commercial health insurance plan to receive a capitation payment for services.

Topic #605

#### **Other Insurance Indicators**

Other insurance indicators are used to report results of commercial health insurance billing and to report when existing insurance was not billed according to Wisconsin Medicaid expectations. Providers are required to use these indicators as applicable on professional, institutional, or dental claims or on the <u>Explanation of Medical Benefits form</u>, as applicable, submitted for members with commercial health insurance. The intentional misuse of other insurance indicators to obtain inappropriate reimbursement constitutes fraud.

Other insurance indicators identify the status and availability of commercial health insurance. The indicators allow providers to be reimbursed correctly when the following occur:

- Commercial health insurance exists, does not apply, or when, for some valid reason, the provider is unable to obtain such reimbursement by reasonable means.
- Commercial health insurance does not cover the service provided.
- Full or partial payment was made by commercial health insurance.

#### **Code** Description

- **OI-P** PAID in part or in full by commercial health insurance, and/or was applied toward the deductible, coinsurance, copayment, blood deductible or psychiatric reduction. Indicate the amount paid by commercial health insurance to the provider or to the insured.
- **OI-D** DENIED by commercial health insurance following submission of a correct and complete claim. Do not use this code unless the claim was actually billed to the commercial health insurer.
- **OI-Y** YES, the member has commercial health insurance coverage, but it was not billed for reasons including, but not limited to, the following:
  - The member denied coverage or will not cooperate.
  - The provider knows the service in question is not covered by the carrier.
  - The member's commercial health insurance failed to respond to initial and follow-up claims.
  - Benefits are not assignable or cannot get assignment.
  - · Benefits are exhausted.

Note: The provider may not use OI-D or OI-Y if the member is covered by a commercial HMO and the HMO denied payment because an otherwise covered service was not rendered by a designated provider. Services covered by a commercial HMO are not reimbursable by ForwardHealth except for the copayment and deductible amounts. Providers who receive a capitation payment from the commercial HMO may not bill ForwardHealth for services that are included in the capitation payment.

Providers should not use other insurance indicators when the following occur:

- Wisconsin's EVS (Enrollment Verification System) indicates no commercial health insurance for the DOS (date of service).
- The service does not require other health insurance billing.
- Claim denials from other payers relating to NPI (National Provider Identifier) and related data should be resolved with that payer and not submitted to ForwardHealth. Payments made in these situations may be recouped.

#### **Documentation Requirements**

Providers are required to prepare and maintain truthful, accurate, complete, legible, and concise documentation of efforts to bill commercial health insurance sources to substantiate other insurance indicators used on any claim, according to <u>DHS 106.02(9)(a)</u>, Wis. Admin. Code.

Providers should use the following information about insurance indicators when completing an ADA (American Dental Association) 2006 Claim Form or an ADA 2012 Claim Form.

When a member's enrollment is confirmed in Wisconsin's EVS (Enrollment Verification System), up to 23 other insurance indicators identifying the member's other insurance coverage may be indicated, if applicable. The following is a list of the indicators and descriptions most applicable to dental providers:

- 03 DENT (Dental Major Medical Coverage)
- 13 SDENT (Medicare Supplemental Dental Coverage)
- 23 DENTO (Dental Only Coverage Comprehensive Dental Coverage)

#### Insurance Indicator "23 — DENTO"

When the EVS indicates the code "23 — DENTO" for other coverage, submit claims for the following CDT (Current Dental Terminology) procedure codes to comprehensive commercial dental insurance prior to billing these procedures to ForwardHealth. The provider must be a member of the comprehensive commercial insurance network of providers to receive reimbursement, if required by the commercial insurance.

Service Type	Service	Codes

	X-rays	D0270-D0274
Preventive	Prophylaxis, Fluoride	D1110-D1120

Surgical	Surgeries	D7210-D7780, D7840-D7850, D7910-D7999

#### Insurance Indicator "03 — DENT"

When the EVS indicates the code "03 — DENT" for other coverage, submit claims for the following CDT procedure codes to

commercial insurance prior to billing these procedures to ForwardHealth. The provider must be a member of the commercial insurance network of providers to receive reimbursement, if required by the commercial insurance.

Service Type	Service	Codes
Diagnostic	Exams	D0120-D0170
Preventive	Cleanings	D1110-D1120

Surgical	Surgeries	D7260-D7780, D7840-D7850, D7910-D7991

#### Insurance Indicator "13 — SDENT"

When the EVS indicates the code "13 — SDENT" for other coverage, submit claims for the following CDT procedure codes to the member's commercial health or dental insurance prior to billing these procedures to ForwardHealth.

- Preventive pediatric services
- SMV (specialized medical vehicle) services

Topic #769

- Anesthetist services
- Audiology services, unless provided in a nursing home or SNF (skilled nursing facility)
- · Behavioral treatment
- · Blood bank services

- Chiropractic services
- Dental services
- DME (durable medical equipment) (rental or purchase), prosthetics, and hearing aids if the billed amount is over \$10.00 per item
- Home health services (excluding PC (personal care) services)
- · Hospice services

- PT (physical therapy), OT (occupational therapy), and SLP (speech and language pathology) services, unless provided in a nursing home or SNF
- Physician assistant services
- Physician services, including surgery, surgical assistance, anesthesiology, or any service to a hospital inpatient (however, physician services provided to a woman whose primary diagnosis indicates a high-risk pregnancy do not require commercial health insurance billing)
- Pharmacy services for members with verified drug coverage
- · Podiatry services
- PDN (private duty nursing) services
- Radiology services
- RHC (rural health clinic) services
- Skilled nursing home care, if any DOS (date of service) is within 120 days of the date of admission; if benefits greater than 120 days are available, the nursing home is required to continue to bill for them until those benefits are exhausted
- Vision services over \$50, unless provided in a home, nursing home, or SNF

If ForwardHealth indicates the member has other vision coverage, the provider is required to bill the following services to commercial health insurance before submitting claims to ForwardHealth:

- · Ophthalmology services
- · Optometrist services

If ForwardHealth indicates the member has Medicare supplemental plan coverage, the provider is required to bill the following services to commercial health insurance before submitting claims to ForwardHealth:

- Alcohol, betadine, and/or iodine provided by a pharmacy or medical vendor
- Ambulance services
- Ambulatory surgery center services
- Breast reconstruction services
- Chiropractic services
- Dental anesthesia services
- Home health services (excluding PC services)
- Hospital services, including inpatient or outpatient
- Medicare-covered services
- · Osteopath services
- · Physician services

## **Acceptance of Assignment**

In Medicare, "assignment" is a process through which a provider agrees to accept the Medicare-allowed amount as payment in full. A provider who agrees to this amount is said to "accept assignment."

A Medicare-enrolled provider performing a Medicare-covered service for a dual eligible or <a href="QMB-Only">QMB-Only</a> (Qualified Medicare
<a href="Beneficiary-Only">Beneficiary-Only</a>) member is required to accept assignment of the member's Medicare Part A benefits. Therefore, Wisconsin

Medicaid's total reimbursement for a Medicare Part A-covered inpatient hospital service (i.e., any amount paid by other health insurance sources, any copayment or deductible amounts paid by the member, and any amount paid by Wisconsin Medicaid or BadgerCare Plus) may not exceed the Medicare-allowed amount.

Topic #666

## **Claims Denied for Errors**

Medicare claims that were denied for provider billing errors must be corrected and resubmitted to Medicare before the claim may be submitted to ForwardHealth.

Topic #668

# Claims Processed by Commercial Insurance That Is Secondary to Medicare

If a crossover claim is also processed by commercial health insurance that is secondary to Medicare (e.g., Medicare supplemental), the claim will not be forwarded to ForwardHealth. After the claim has been processed by the commercial health insurance, the provider should submit a provider-submitted crossover claim to ForwardHealth with the appropriate other insurance indicator or Explanation of Medical Benefits form, as applicable.

Topic #670

## Claims That Do Not Require Medicare Billing

For services provided to dual eligibles, professional, institutional, and dental claims should be submitted to ForwardHealth without first submitting them to Medicare in the following situations:

- The provider cannot be enrolled in Medicare.
- The service is not allowed by Medicare under any circumstance. Providers should note that claims are denied for services that Medicare has determined are not medically necessary.

In these situations, providers should not indicate a Medicare disclaimer code on the claim.

Topic #704

## Claims That Fail to Cross Over

ForwardHealth must be able to identify the billing provider in order to report paid or denied Medicare crossover claims information on the RA (Remittance Advice). Claims with an NPI (National Provider Identifier) that fails to appear on the provider's RA are an indication that there is a problem with the matching and identification of the billing provider and the claims were denied.

ForwardHealth is not able to identify the billing provider on automatic crossover claims submitted by health care providers in the following situations:

- The billing provider's NPI has not been reported to ForwardHealth.
- The taxonomy code has not been reported to ForwardHealth or is not indicated on the automatic crossover claim.
- The billing provider's practice location ZIP+4 code on file with ForwardHealth is required to identify the provider and is not indicated on the automatic crossover claim.

If automatic crossover claims do not appear on the ForwardHealth and/or the MCO's (managed care organization) RA after 30 days of the Medicare processing date, providers are required to resubmit the claim directly to ForwardHealth or the MCO using the NPI that was reported to ForwardHealth as the primary NPI. Additionally, the taxonomy code and the ZIP+4 code of the practice location on file with ForwardHealth are required when additional data is needed to identify the provider.

Topic #667

## Claims for Services Denied by Medicare

If Medicare denies or recoups payment for services provided to dual eligibles that are covered by BadgerCare Plus or Wisconsin Medicaid, the provider may submit a claim for those services directly to ForwardHealth. To allow payment by ForwardHealth in this situation, providers are encouraged to follow BadgerCare Plus and Medicaid requirements (e.g., request PA (prior authorization) before providing the service for covered services that require PA). If the requirements are followed, ForwardHealth may reimburse for the service up to the allowed amount (less any payments made by other health insurance sources).

Topic #671

## **Crossover Claims**

A Medicare crossover claim is a Medicare-allowed claim for a dual eligible or QMB-Only (Qualified Medicare Beneficiary-Only) member sent to ForwardHealth for payment of coinsurance, copayment, and deductible.

Submit Medicare claims first, as appropriate, to one of the following:

- Medicare Part A fiscal intermediary.
- · Medicare Part B carrier.
- Medicare DME (durable medical equipment) regional carrier.
- Medicare Advantage Plan or Medicare Cost Plan.
- Railroad Retirement Board carrier (also known as the Railroad Medicare carrier).

There are two types of crossover claims based on who submits them:

- Automatic crossover claims.
- Provider-submitted crossover claims.

#### **Automatic Crossover Claims**

An automatic crossover claim is a claim that Medicare automatically forwards to ForwardHealth by the COBC (Coordination of

Benefits Contractor).

Claims will be forwarded if the following occur:

- Medicare has identified that the services were provided to a dual eligible or a QMB-Only member.
- The claim is for a member who is not enrolled in a Medicare Advantage Plan.

Providers are advised to wait 30 days before billing for claims submitted to Medicare to allow time for the automatic crossover process to complete. If automatic crossover claims do not appear on the ForwardHealth and/or the MCO's (managed care organization) RA (Remittance Advice)after 30 days of the Medicare processing date, providers are required to resubmit the claim directly to ForwardHealth or the MCO using the NPI (National Provider Identifier) that was reported to ForwardHealth as the primary NPI.

If the service is covered by the MCO, the ForwardHealth RA will indicate EOB (explanation of benefits) code 0287 (Member is enrolled in a State-contracted managed care program). If the service is covered on a fee-for-service basis, the MCO RA will indicate that the service is not covered. If the crossover claim is submitted without error, the responsible entity (either ForwardHealth or the MCO) will process the claim to a payable status.

#### **Provider-Submitted Crossover Claims**

A provider-submitted crossover claim is a Medicare-allowed claim that a provider directly submits to ForwardHealth when the Medicare claim did not automatically cross over. Providers should submit a provider-submitted crossover claim in the following situations:

- The automatic crossover claim does not appear on the ForwardHealth or MCO RA within 30 days of the Medicare processing date
- The automatic crossover claim is denied and additional information may allow payment.
- The claim is for a member who was not enrolled in BadgerCare Plus or Wisconsin Medicaid at the time the service was submitted to Medicare for payment, but the member was retroactively determined enrolled in BadgerCare Plus or Medicaid.
- The claim is for a member who is enrolled in a Medicare Advantage Plan or Medicare Cost Plan.
- The claim is for a member who is enrolled in Medicare and commercial health insurance that is secondary to Medicare (e.g., Medicare Supplemental).

When submitting crossover claims directly, the following additional data may be required on the claim to identify the billing and rendering provider:

- The NPI that ForwardHealth has on file for the provider.
- The taxonomy code that ForwardHealth has on file for the provider.
- The ZIP+4 code that corresponds to the practice location address on file with ForwardHealth.

Providers may initiate a provider-submitted claim in one of the following ways:

- DDE (Direct Data Entry) through the ForwardHealth Provider Portal.
- 837I (837 Health Care Claim: Institutional) transaction, as applicable.
- 837P (837 Health Care Claim: Professional) transaction, as applicable.
- PES (Provider Electronic Solution) software.
- · Paper claim form.

## **Definition of Medicare**

Medicare is a health insurance program for people 65 years of age or older, for certain people with disabilities under age 65, and for people with ESRD (end-stage renal disease). Medicare is a federal government program created under Title XVIII of the Social Security Act.

Medicare coverage is divided into four parts:

- Part A (i.e., Hospital Insurance). Part A helps to pay for medically necessary services, including inpatient hospital services, services provided in critical access hospitals (i.e., small facilities that give limited inpatient services and outpatient services to beneficiaries who reside in rural areas), services provided in skilled nursing facilities, hospice services, and some home health services.
- Part B (i.e., Supplemental Medical Insurance). Part B helps to pay for medically necessary services, including physician services, outpatient hospital services, and some other services that Part A does not cover (such as PT (physical therapy) services, OT (occupational therapy) services, and some home health services).
- Part C (i.e., Medicare Advantage). A commercial health plan that acts for Medicare Parts A and B, and sometimes Medicare Part D, for all Medicare covered services except hospice. Medicare Part A continues to provide coverage for hospice services. There are limitations on coverage outside of the carrier's provider network.
- Part D (i.e., drug benefit).

Topic #684

## **Dual Eligibles**

Dual eligibles are members who are eligible for coverage from Medicare (either Medicare Part A, Part B, or both) *and* Wisconsin Medicaid or BadgerCare Plus.

Dual eligibles may receive coverage for the following:

- Medicare monthly premiums for Part A, Part B, or both.
- Coinsurance, copayment, and deductible for Medicare-allowed services.
- BadgerCare Plus- or Medicaid-covered services, even those that are not allowed by Medicare.

Topic #669

## **Exhausting Medicare Coverage**

Providers are required to exhaust Medicare coverage before submitting claims to ForwardHealth. This is accomplished by following these instructions. Providers are required to prepare complete and accurate documentation of efforts to bill Medicare to substantiate Medicare disclaimer codes used on any claim.

#### **Adjustment Request for Crossover Claim**

The provider may submit a paper or electronic adjustment request. If submitting a paper <u>Adjustment/Reconsideration Request (F-13046 (08/15))</u> form, the provider should complete and submit the <u>Explanation of Medical Benefits form</u>, as applicable.

#### **Provider-Submitted Crossover Claim**

The provider may submit a provider-submitted crossover claim in the following situations:

- The claim is for a member who is enrolled in a Medicare Advantage Plan.
- The automatic crossover claim is not processed by ForwardHealth within 30 days of the Medicare processing date.
- ForwardHealth denied the automatic crossover claim and additional information may allow payment.
- The claim is for a member who is enrolled in Medicare and commercial health insurance that is secondary to Medicare (e.g., Medicare Supplemental).
- The claim is for a member who was not enrolled in BadgerCare Plus at the time the service was submitted to Medicare for payment, but the member was retroactively enrolled.\*

When submitting provider-submitted crossover claims, the provider is required to follow all claims submission requirements in addition to

the following:

- For electronic claims, indicate the Medicare payment.
- For paper claims, complete the Explanation of Medical Benefits form.

When submitting provider-submitted crossover claims for members enrolled in Medicare and commercial health insurance that is secondary to Medicare, the provider is also required to do the following:

- Refrain from submitting the claim to ForwardHealth until after the claim has been processed by the commercial health insurance.
- Indicate the appropriate other insurance indicator on the claim or the Explanation of Medical Benefits form, as applicable.

#### Claim for Services Denied by Medicare

When Medicare denies payment for a service provided to a dual eligible that is covered by BadgerCare Plus or Wisconsin Medicaid, the provider may proceed as follows:

- Bill commercial health insurance, if applicable.
- Submit a claim to ForwardHealth using the appropriate Medicare disclaimer code. If applicable, the provider should indicate the
  appropriate other insurance indicator on the claim or the <a href="Explanation of Medical Benefits form">Explanation of Medical Benefits form</a>, as applicable. A copy of
  Medicare remittance information should not be attached to the claim.

#### **Crossover Claim Previously Reimbursed**

A crossover claim may have been previously reimbursed by Wisconsin Medicaid when one of the following has occured:

- Medicare reconsiders services that were previously not allowed.
- Medicare retroactively determines a member eligible.

In these situations, the provider should proceed as follows:

- Refund or adjust Medicaid payments for services previously reimbursed by Wisconsin Medicaid.
- Bill Medicare for the services and follow ForwardHealth's procedures for submitting crossover claims.

Topic #687

## **Medicare Advantage**

Medicare services may be provided to dual eligibles or QMB-Only (Qualified Medicare Beneficiary-Only) members on a fee-for-service basis or through a Medicare Advantage Plan. Medicare Advantage Plans have a special arrangement with the federal CMS (Centers for Medicare and Medicaid Services) and agree to provide all Medicare benefits to Medicare beneficiaries for a fee. Providers may contact Medicare for a list of Medicare Advantage Plans in Wisconsin and the insurance companies with which they are associated.

ForwardHealth has identified services requiring Medicare Advantage billing.

## **Paper Crossover Claims**

Providers are required to complete and submit an <u>Explanation of Medical Benefits form</u>, along with provider-submitted paper crossover claims for services provided to members enrolled in a Medicare Advantage Plan.

<sup>\*</sup> In this situation, a timely filing appeals request may be submitted if the services provided are beyond the claims submission deadline. The provider is required to indicate "retroactive enrollment" on the provider-submitted crossover claim and submit the claim with the <a href="Timely Filing Appeals Request (F-13047 (08/15)">Timely Filing Appeals Request (F-13047 (08/15))</a> form and <a href="Explanation of Medical Benefits form">Explanation of Medical Benefits form</a>, as applicable. The provider is required to submit the timely filing appeals request within 180 days from the date the backdated enrollment was added to the member's file.

#### **Reimbursement Limits**

Reimbursement limits on Medicare Part B services are applied to all Medicare Advantage Plan copayment amounts in accordance with federal law. This may reduce reimbursement amounts in some cases.

Topic #20677

#### **Medicare Cost**

Providers are required to bill the following services to the Medicare Cost Plan before submitting claims to ForwardHealth if the member was enrolled in the Medicare Cost Plan at the time the service was provided:

- Ambulance services
- Ambulatory surgery center services
- Chiropractic services
- Dental anesthesia services
- Home health services (excluding personal care services)
- · Hospital services, including inpatient or outpatient
- Medicare-covered services
- · Osteopath services
- · Physician services

Providers who are not within the member?s Medicare Cost network and are not providing an emergency service or Medicare-allowed service with a referral may submit a claim to traditional Medicare Part A or Medicare Part B for the Medicare-allowed service prior to billing ForwardHealth.

Topic #688

## **Medicare Disclaimer Codes**

Medicare disclaimer codes are used to ensure consistent reporting of common billing situations for dual eligibles. Refer to claim instructions for Medicare disclaimer codes and their descriptions. The intentional misuse of Medicare disclaimer codes to obtain inappropriate reimbursement from ForwardHealth constitutes fraud.

Medicare disclaimer codes identify the status and availability of Medicare benefits. The code allows a provider to be reimbursed correctly by ForwardHealth when Medicare benefits exist or when, for some valid reason, the provider is unable to obtain such benefits by reasonable means.

When submitting a claim for a covered service that was denied by Medicare, providers should resubmit the claim **directly** to ForwardHealth using the appropriate Medicare disclaimer code on the claim or the Explanation of Medical Benefits form, as applicable.

#### **Code Description**

M-7 Medicare disallowed or denied payment. This code applies when Medicare denies the claim for reasons related to policy (not billing errors), or the member's lifetime benefit, SOI (spell of illness), or yearly allotment of available benefits is exhausted.

For Medicare Part A, use M-7 in the following instances (all three criteria must be met):

- The provider is identified in ForwardHealth files as enrolled in Medicare Part A.
- The member is eligible for Medicare Part A.
- The service is covered by Medicare Part A but is denied by Medicare Part A due to frequency limitations, diagnosis restrictions, or exhausted benefits.

For Medicare Part B, use M-7 in the following instances (all three criteria must be met):

- The provider is identified in ForwardHealth files as enrolled in Medicare Part B.
- The member is eligible for Medicare Part B.
- The service is covered by Medicare Part B but is denied by Medicare Part B due to frequency limitations, diagnosis restrictions, or exhausted benefits.

**M-8** Noncovered Medicare service. This code may be used when Medicare was not billed because the service is not covered in this circumstance.

For Medicare Part A, use M-8 in the following instances (all three criteria must be met):

- The provider is identified in ForwardHealth files as enrolled in Medicare Part A.
- The member is eligible for Medicare Part A.
- The service is usually covered by Medicare Part A but not in this circumstance (e.g., member's diagnosis).

For Medicare Part B, use M-8 in the following instances (all three criteria must be met):

- The provider is identified in ForwardHealth files as enrolled in Medicare Part B.
- The member is eligible for Medicare Part B.
- The service is usually covered by Medicare Part B but not in this circumstance (e.g., member's diagnosis).

#### **Documentation Requirements**

Providers are required to prepare and maintain truthful, accurate, complete, legible, and concise documentation of efforts to bill Medicare to substantiate Medicare disclaimer codes used on any claim, according to DHS 106.02(9)(a), Wis. Admin. Code.

Topic #689

## **Medicare Enrollment**

Some providers may become retroactively enrolled in Medicare. Providers should contact Medicare for more information about retroactive enrollment.

## **Services for Dual Eligibles**

As stated in DHS 106.03(7), Wis. Admin. Code, a provider is required to be enrolled in Medicare if both of the following are true:

- He or she provides a Medicare Part A service to a dual eligible.
- He or she can be enrolled in Medicare.

If a provider can be enrolled in Medicare but chooses *not* to be, the provider is required to refer dual eligibles to another Medicaid-enrolled provider who is enrolled in Medicare.

## Services for Qualified Medicare Beneficiary-Only Members

Because QMB-Only (Qualified Medicare Beneficiary-Only) members receive coverage from Wisconsin Medicaid only for services allowed by Medicare, providers who are not enrolled in Medicare are required to refer QMB-Only members to another Medicaid-enrolled provider who is enrolled in Medicare.

Topic #8457

## **Medicare Late Fees**

Medicare assesses a late fee when providers submit a claim after Medicare's claim submission deadline has passed. Claims that cross over to ForwardHealth with a Medicare late fee are denied for being out of balance. To identify these claims, providers should reference the Medicare remittance information and check for ANSI (American National Standards Institute) code B4 (late filing penalty), which indicates a late fee amount deducted by Medicare.

ForwardHealth considers a late fee part of Medicare's paid amount for the claim because Medicare would have paid the additional amount if the claim had been submitted before the Medicare claim submission deadline. ForwardHealth will not reimburse providers for late fees assessed by Medicare.

#### **Resubmitting Medicare Crossover Claims with Late Fees**

Providers may resubmit to ForwardHealth crossover claims denied because the claim was out of balance due to a Medicare late fee. The claim may be submitted on paper, submitted electronically using the ForwardHealth Portal, or submitted as an 837 (837 Health Care Claim) transaction.

#### **Paper Claim Submissions**

When resubmitting a crossover claim on paper, include a copy of the Medicare remittance information so ForwardHealth can determine the amount of the late fee and apply the correct reimbursement amount.

#### **Electronic Claim Submissions**

When resubmitting a claim via the Portal or an electronic 837 transaction (including PES (Provider Electronic Solutions) software submissions), providers are required to balance the claim's paid amount to reflect the amount Medicare would have paid before Medicare subtracted a late fee. This is the amount that ForwardHealth considers when adjudicating the claim. To balance the claim's paid amount, add the late fee to the paid amount reported by Medicare. Enter this amount in the Medicare paid amount field.

For example, the Medicare remittance information reports the following amounts for a crossover claim:

Billed Amount: \$110.00.
Allowed Amount: \$100.00.
Coinsurance: \$20.00.
Late Fee: \$5.00.
Paid Amount: \$75.00.

Since ForwardHealth considers the late fee part of the paid amount, providers should add the late fee to the paid amount reported on the Medicare remittance. In the example above, add the late fee of \$5.00 to the paid amount of \$75.00 for a total of \$80.00. The claim should report the Medicare paid amount as \$80.00.

Topic #690

## **Medicare Retroactive Eligibility**

If a member becomes retroactively eligible for Medicare, the provider is required to refund or adjust any payments for the retroactive period. The provider is required to then bill Medicare for the services and follow ForwardHealth's procedures for submitting crossover claims. Claims found to be in conflict with this program requirement will be recouped.

**Topic #895** 

## Modifier for Catastrophe/Disaster-Related Crossover

## **Claims**

ForwardHealth accepts modifier CR (Catastrophe/disaster related) on Medicare crossover claims (both <u>837P</u> (837 Health Care Claim: Professional) transactions and 1500 Health Insurance Claim Forms) to accommodate the emergency health care needs of dual eligibles and QMB-Only (Qualified Medicare Beneficiary-Only) members affected by disasters. The <u>CMS (Centers for Medicare and Medicaid Services) Web site</u> contains more information.

Topic #692

## **Qualified Medicare Beneficiary-Only Members**

QMB-Only (Qualified Medicare Beneficiary-Only) members are a limited benefit category of Medicaid members. They are eligible for coverage from Medicare (either Part A, Part B, or both) *and* limited coverage from Wisconsin Medicaid. QMB-Only members receive Medicaid coverage for the following:

- Medicare monthly premiums for Part A, Part B, or both.
- Coinsurance, copayment, and deductible for Medicare-allowed services.

QMB-Only members do not receive coverage from Wisconsin Medicaid for services not allowed by Medicare. Therefore, Wisconsin Medicaid will not reimburse for services if either of the following occur:

- Medicare does not cover the service.
- The provider is not enrolled in Medicare.

Topic #686

## **Reimbursement for Crossover Claims**

#### **Professional Crossover Claims**

State law limits reimbursement for coinsurance and copayment of Medicare Part B-covered services provided to dual eligibles and QMB-Only (Qualified Medicare Beneficiary-Only) members.

Total payment for a Medicare Part B-covered service (i.e., any amount paid by other health insurance sources, any copayment or spenddown amounts paid by the member, and any amount paid by Wisconsin Medicaid) may not exceed the Medicare-allowed amount. Therefore, Medicaid reimbursement for coinsurance or copayment of a Medicare Part B-covered service is the lesser of the following:

- The Medicare-allowed amount less any amount paid by other health insurance sources and any copayment or spenddown amounts paid by the member.
- The *Medicaid*-allowed amount less any amount paid by other health insurance sources and any copayment or spenddown amounts paid by the member.

The following table provides three examples of how the limitations are applied.

Reimbursement for Coinsurance or Copayment of Medicare Part B-Covered Services				
F		Example		
Explanation		1	2	3
Provider's billed amount	\$12	20	\$120	\$120
Medicare-allowed amount	\$10	00	\$100	\$100

Medicaid-allowed amount (e.g., maximum allowable fee)	\$90	\$110	\$75
Medicare payment	\$80	\$80	\$80
Medicaid payment	\$10	\$20	\$0

#### **Outpatient Hospital Crossover Claims**

Detail-level information is used to calculate pricing for all outpatient hospital crossover claims and adjustments. Details that Medicare paid in full or that Medicare denied in full will not be considered when pricing outpatient hospital crossover claims. Medicare deductibles are paid in full.

#### **Inpatient Hospital Services**

State law limits reimbursement for coinsurance, copayment and deductible of Medicare Part A-covered inpatient hospital services for dual eligibles and QMB-Only members.

Wisconsin Medicaid's total reimbursement for a Medicare Part A-covered inpatient hospital service (i.e., any amount paid by other health insurance sources, any copayment or deductible amounts paid by the member, and any amount paid by Wisconsin Medicaid or BadgerCare Plus) may not exceed the Medicare-allowed amount. Therefore, Medicaid reimbursement for coinsurance, copayment, and deductible of a Medicare Part A-covered inpatient hospital service is the *lesser* of the following:

- The difference between the Medicaid-allowed amount and the Medicare-paid amount.
- The sum of Medicare coinsurance, copayment, and deductible.

The following table provides three examples of how the limitations are applied.

Reimbursement for Medicare Part A-Covered Inpatient Hospital Services Provided To Dual Eligibles				
Explanation		Example		
		2	3	
Provider's billed amount	\$1,200	\$1,200	\$1,200	
Medicare-allowed amount	\$1,000	\$1,000	\$1,000	
Medicaid-allowed amount (e.g., diagnosis-related group or per diem)	\$1,200	\$750	\$750	
Medicare-paid amount	\$1,000	\$800	\$500	
Difference between Medicaid-allowed amount and Medicare-paid amount	\$200	(\$-50)	\$250	
Medicare coinsurance, copayment and deductible	\$0	\$200	\$500	
Medicaid payment	\$0	\$0	\$250	

## **Nursing Home Crossover Claims**

Medicare deductibles, coinsurance, and copayments are paid in full.

## Services Requiring Medicare Advantage Billing

Providers are required to bill the following services to the Medicare Advantage Plan before submitting claims to ForwardHealth:

- Ambulance services
- Ambulatory surgery center services
- Chiropractic services

- Dental anesthesia services
- Home health services (excluding PC (personal care) services)
- Hospital services, including inpatient or outpatient
- Medicare-covered services
- · Osteopath services
- Physician services

Providers who are not within the member's Medicare Advantage network and are not providing an emergency service or Medicareallowed service with a referral are required to refer the member to a provider within their network.

ForwardHealth has identified services requiring commercial health insurance billing.

## **Other Coverage Information**

Topic #4940

## **After Reporting Discrepancies**

After receiving a Commercial Other Coverage Discrepancy Report (F-01159 (04/2017)) form or Medicare Other Coverage Discrepancy Report (F-02074 (04/2017)) form, ForwardHealth confirms the information and updates the member files.

It may take up to two weeks to process and update the member's enrollment information. During that time, ForwardHealth verifies the insurance information submitted and adds, changes, or removes the member's other coverage information as appropriate. If verification contradicts the provider's information, a written explanation is sent to the provider. The provider should wait to submit claims until one of the following occurs:

- The provider verifies through Wisconsin's EVS (Enrollment Verification System) that the member's other coverage information has been updated.
- The provider receives a written explanation.

Topic #4941

## **Coverage Discrepancies**

Maintaining complete and accurate insurance information may result in fewer claim denials. Providers are an important source of other coverage information as they are frequently the first to identify coverage discrepancies.

Topic #609

## **Insurance Disclosure Program**

ForwardHealth receives policyholder files from most major commercial health insurance companies on a monthly basis. ForwardHealth then compares this information with member enrollment files. If a member has commercial health insurance, ForwardHealth revises the member's enrollment file with the most current information.

The insurance company is solely responsible for the accuracy of this data. If the insurance company provides information that is not current, ForwardHealth's files may be inaccurate.

Topic #610

## **Maintaining Accurate and Current Records**

ForwardHealth uses many sources of information to keep accurate and current records of a member's other coverage, including the following:

- Insurance Disclosure program.
- Providers who submit an <u>Commercial Other Coverage Discrepancy Report (F-01159 (04/2017))</u> form or <u>Medicare Other Coverage Discrepancy Report (F-02074 (04/2017))</u>. form.
- Member certifying agencies.
- Members.

The information about a member's other health insurance coverage in the member files may be incomplete or incorrect if ForwardHealth received inaccurate information from the other health insurance source or the member's certifying agency.

Topic #4942

## **Reporting Discrepancies**

Providers are encouraged to report discrepancies to ForwardHealth by submitting the <u>Commercial Other Coverage Discrepancy Report</u> (F-01159 (04/2017)) form or <u>Medicare Other Coverage Discrepancy Report</u> (F-02074 (04/2017)) form. Providers are asked to complete the form in the following situations:

- The provider is aware of other coverage information that is not indicated by Wisconsin's EVS (Enrollment Verification System).
- The provider received other coverage information that contradicts the information indicated by the EVS.
- A claim is denied because the EVS indicates commercial managed care coverage but the coverage is not available to the member (e.g., the member does not live in the plan's service area).

Providers should not use the Commercial Other Coverage Discrepancy Report form or Medicare Other Coverage Discrepancy Report form to update any information regarding a member's coverage in a state-contracted MCO (managed care organization).

When reporting discrepancies, providers should include photocopies of current insurance cards and any available documentation, such as remittance information and benefit coverage dates or denials.

## **Provider-Based Billing**

Topic #660

## **Purpose of Provider-Based Billing**

The purpose of provider-based billing is to reduce costs by ensuring that providers receive maximum reimbursement from other health insurance sources that are primary to BadgerCare Plus or Wisconsin Medicaid. For example, a provider-based billing claim is created when BadgerCare Plus or Wisconsin Medicaid pays a claim and later discovers that other coverage exists or was made retroactive. Since BadgerCare Plus and Wisconsin Medicaid benefits are secondary to those provided by most other health insurance sources, providers are required to seek reimbursement from the primary payer, as stated in DHS 106.03(7), Wis. Admin. Code.

Topic #658

## **Questions About Provider-Based Billing**

For questions about provider-based billing claims that are within the 120-day limit, providers may call the Coordination of Benefits Unit at 608-243-0676. Providers may fax the corresponding Provider-Based Billing Summary to 608-221-4567 at the time of the telephone call.

For questions about provider-based billing claims that are *not* within the 120-day limit, providers may call Provider Services.

Topic #661

## **Receiving Notification**

When a provider-based billing claim is created, the provider will receive the following:

- · A notification letter.
- A Provider-Based Billing Summary. The Summary lists each claim from which a provider-based billing claim was created. The Summary also indicates the corresponding primary payer for each claim and necessary information for providers to review and handle each claim.

If a member has coverage through multiple other health insurance sources, the provider may receive additional Provider-Based Billing Summaries and provider-based billing claims for each other health insurance source that is on file.

Topic #659

## Responding to ForwardHealth After 120 Days

If a response is not received within 120 days, the amount originally paid by BadgerCare Plus or Wisconsin Medicaid will be withheld from future payments. This is not a final action. To receive payment after the original payment has been withheld, providers are required to submit the required documentation to the appropriate address as indicated in the following tables. For DOS (dates of service) that are within claims submission deadlines, providers should refer to the first table. For DOS that are beyond claims submission deadlines, providers should refer to the second table.

## Responding to ForwardHealth Within 120 Days

Within 120 days of the date on the Provider-Based Billing Summary, the Provider-Based Billing Unit must receive documentation verifying that one of the following occurred:

- The provider discovers through the EVS (Enrollment Verification System) that ForwardHealth has removed or enddated the other health insurance coverage from the member's file.
- The provider verifies that the member's other coverage information reported by ForwardHealth is invalid.
- The other health insurance source reimbursed or partially reimbursed the provider-based billing claim.
- The other health insurance source denied the provider-based billing claim.
- The other health insurance source failed to respond to an initial and follow-up provider-based billing claim.

When responding to ForwardHealth within 120 days, providers are required to submit the required documentation to the appropriate address as indicated in the following table. If the provider's response to ForwardHealth does not include all of the required documentation, the information will be returned to the provider. The provider is required to send the complete information within the original 120-day limit.

Scenario	Documentation Requirement	<b>Submission Address</b>

Note: In this situation, ForwardHealth will initiate an adjustment if the amount of the other health insurance payment does not exceed the allowed amount (even though an adjustment request should not be submitted). However, providers (except nursing home and hospital providers) may issue a cash refund. Providers who choose this option should include a refund check but should not use the Claim Refund form.

Topic #663

## **Submitting Provider-Based Billing Claims**

For each provider-based billing claim, the provider is required to send a claim to the appropriate other health insurance source. The provider should add all information required by the other health insurance source to the claim. The providers should also attach additional documentation (e.g., Medicare's remittance information) if required by the other health insurance source.

#### **Reimbursement for Services Provided for Accident Victims**

Topic #657

## **Billing Options**

Providers may choose to seek payment from either of the following:

- Civil liabilities (e.g., injuries from an automobile accident).
- Worker's compensation.

However, as stated in <u>DHS 106.03(8)</u>, Wis. Admin. Code, BadgerCare Plus and Wisconsin Medicaid will not reimburse providers if they receive payment from either of these sources.

The provider may choose a different option for each DOS (date of service). For example, the decision to submit one claim to ForwardHealth does not mean that all claims pertaining to the member's accident must be submitted to ForwardHealth.

Topic #829

## **Points of Consideration**

Providers should consider the time and costs involved when choosing whether to submit a claim to ForwardHealth or seek payment from a settlement.

#### **Time**

Providers are not required to seek payment from worker's compensation or civil liabilities, rather than seeking reimbursement from BadgerCare Plus or Wisconsin Medicaid, because of the time involved to settle these cases. While some worker's compensation cases and certain civil liability cases may be settled quickly, others may take several years before settlement is reached.

#### Costs

Providers may receive more than the allowed amount from the settlement; however, in some cases the settlement may not be enough to cover all costs involved.

Topic #826

## **Seeking Payment from Settlement**

After choosing to seek payment from a settlement, the provider may *instead* submit the claim to ForwardHealth as long as it is submitted before the claims submission deadline. For example, the provider may instead choose to submit the claim to ForwardHealth because no reimbursement was received from the liability settlement or because a settlement has not yet been reached.

Topic #827

## **Submitting Claims to ForwardHealth**

If the provider chooses to submit a claim to ForwardHealth, he or she may not seek further payment for that claim in any liability

settlement that may follow. Once a claim is submitted to ForwardHealth, the provider may not decide to seek reimbursement for that claim in a liability settlement. Refunding payment and then seeking payment from a settlement may constitute a felony. If a settlement occurs, ForwardHealth retains the sole right to recover medical costs.

Providers are required to indicate an accident-related diagnosis code on claims when services are provided to an accident victim. If the member has other health insurance coverage, the provider is required to exhaust the other health insurance sources before submitting the claim to ForwardHealth.

## **Covered and Noncovered Services: Adjunctive General Services**

Topic #2901

#### An Overview

BadgerCare Plus's coverage of adjunctive general services includes the following services:

- · Anesthesia.
- · Professional visits.
- Unclassified treatment.
- Miscellaneous services.

Topic #2887

## **Anesthesia Coverage for Dental Services**

## Anesthesia coverage for members 20 years of age and younger

Deep sedation/general anesthesia, inhalation of nitrous oxide, intravenous moderate (conscious) sedation/analgesia, and non-intravenous conscious sedation procedure codes D9223, D9230, D9243, and D9248 are separately reimbursable and require PA (prior authorization) when administered by a dental provider other than an oral surgeon or pedodontist. The services are not allowed simply to control apprehension, even when providing emergency services. Only one of these services may be performed on the same DOS (date of service), per member.

#### Anesthesia coverage for members 21 years of age and older

Deep sedation/general anesthesia, inhalation of nitrous oxide, intravenous moderate (conscious) sedation/analgesia, and non-intravenous conscious sedation procedure codes D9223, D9230, D9243, and D9248 are separately reimbursable and require PA when administered by a dental provider. The services are not allowed simply to control apprehension, even when providing emergency services. Only one of these services may be performed on the same DOS, per member.

Topic #20317

## **Inhalation of Nitrous Oxide**

ForwardHealth covers inhalation of nitrous oxide for members when certain criteria are met.

ForwardHealth does not cover inhalation of nitrous oxide for the express purpose of controlling apprehension or when not medically necessary, pursuant to Wis. Admin. Code § DHS 101.03(96m).

#### Allowable Procedure Code

Providers are required to indicate inhalation of nitrous oxide using CDT (Current Dental Terminology) procedure code D9230 (Inhalation of nitrous oxide/analgesia, anxiolysis) on all PA (prior authorization) requests and claims.

#### **Claims**

Inhalation of nitrous oxide is billable as one unit per DOS (date of service).

Topic #2846

## **Inpatient and Outpatient Hospital Services**

BadgerCare Plus covers inpatient and outpatient hospitalization on an emergency and non-emergency (elective) basis for all dental services.

Hospitalization for the express purpose of controlling apprehension is not a Medicaid-reimbursable service. This policy applies to inpatient or outpatient hospital and ASCs (ambulatory surgery centers).

Examples of conditions that providers are required to document in the member's medical record when providing treatment in a hospital include, but are not limited to, the following:

- Members with physical or developmental disabilities resulting in uncontrolled behavior.
- Children who require extensive operative procedures.
- Members who are hospitalized.
- A physician requests a dental consultation.
- Geriatric patients who require monitoring of vital signs.
- Members who have a medical history of uncontrolled bleeding, severe cerebral palsy, or uncontrolled diabetes.
- Members who require extensive oral and maxillofacial procedures, such as orthognathic surgery, cleft palate surgery, or TMJ (temporomandibular joint) surgery.

Hospital calls are limited to two visits per stay and are only allowable in hospitals and ASCs.

Topic #20357

## **Occlusal Guards**

Occlusal guards are removable dental appliances designed to minimize the effects of bruxism (grinding of teeth) and other occlusal factors.

ForwardHealth covers occlusal guards with PA (prior authorization).

Coverage is limited to one occlusal guard per year.

*Note:* Occlusal guards are different from sports guards (procedure code D9941) and temporomandibular joint (TMJ) splints (procedure code D7880). ForwardHealth does not cover either sports guards or TMJ splints.

#### Allowable Procedure Code

Providers are required to indicate the fabrication and dispensing of occlusal guards using CDT (Current Dental Terminology) procedure code D9940 (occlusal guards, by report) on all PA requests and claims.

Topic #20397

## Oral Devices/Appliances

An oral device/appliance reduces upper airway collapsibility and is used to treat sleep apnea.

ForwardHealth covers oral devices/appliances for members 20 years of age and younger with <u>PA (prior authorization)</u>. In order to be eligible for these services, the member must have received a <u>HealthCheck</u> screening within the last 365 days.

Coverage is limited to one oral device/appliance per year.

#### Allowable Procedure Code

Providers are required to indicate the fabrication and dispensing of oral devices/appliances using HCPCS (Healthcare Common Procedure Coding System) procedure code E0486 (Oral device/appliance used to reduce upper airway collapsibility, adjustable or non-adjustable, custom fabricated, includes fitting and adjustment) and modifier EP (Services provided as part of the EPSDT (Medicaid Early and Periodic Screening, Diagnostic and Treatment) program) on all PA requests and claims.

Topic #2902

## **Palliative (Emergency) Treatment**

Emergency services are defined as services that must be provided immediately to relieve pain, swelling, acute infection, trismus, fever, or trauma. For BadgerCare Plus purposes, palliative (emergency) treatment is treatment of dental pain — minor procedures that do not fit into the restorative, endodontic, periodontal, or oral and maxillofacial surgery covered services described in this handbook. Palliative treatment and definitive treatment cannot be performed on the same tooth on the same DOS (date of service).

#### Codes

Topic #6717

# **Administration Procedure Codes for Provider- Administered Drugs**

For provider-administered drugs administered to members enrolled in BadgerCare Plus HMOs, Medicaid SSI (Supplemental Security Income) HMOs, and most special MCOs (managed care organizations), all CPT (Current Procedural Terminology) administration procedure codes should be indicated on claims submitted for reimbursement to the member's MCO.

Topic #2806

## **Area of Oral Cavity Codes**

BadgerCare Plus has identified allowable areas of oral cavity codes for dental services providers.

Note: BadgerCare Plus does not require an area of oral cavity code for all dental services.

Area of Oral Cavity Code	Description
01	Maxillary
02	Mandibular
10	Upper right quadrant
20	Upper left quadrant
30	Lower left quadrant

#### **D8000-D8999** Orthodontics

## **Dental Hygienist Allowable Services**

Dental hygienists may be reimbursed for the following procedures only:

- D0191 Assessment of a patient.
- D1110 Prophylaxis adult.
- D1120 Prophylaxis child.
- D1206 Topical application of fluoride varnish.
- D1208 Topical application of fluoride.
- D1351 Sealant per tooth.
- D4341 Periodontal scaling and root planing four or more teeth per quadrant.
- D4342 Periodontal scaling and root planing one to three teeth per quadrant.
- D4346 Scaling in presence of generalized moderate or severe gingival inflammation full mouth, after oral evaluation.
- D4355 Full mouth debridement to enable comprehensive evaluation and diagnosis.
- D4910 Periodontal maintenance.

Providers are required to obtain PA (prior authorization) for certain specified services before delivery of that service. The procedure codes that always require PA are D4341, D4342, D4346, and D4910. Procedure code D4355 requires PA when performed on children through the age of 12.

Refer to the appropriate dental service category (i.e., diagnostic, preventative, or periodontics) for coverage limitations.

## **Diagnosis Codes**

#### **Current Dental Terminology Codes**

Dentists are not required to indicate a diagnosis code on ADA (American Dental Association) 2012 Claim Forms, 837D (837 Health Care Claim: Dental) transactions, or on PA (prior authorization) requests with CDT (Current Dental Terminology) procedure codes.

#### **Other Procedure Codes**

Diagnosis codes indicated on 1500 Health Insurance Claim Forms and 837P (837 Health Care Claim: Professional) transactions (and PA requests when applicable) must be from the ICD (International Classification of Diseases) coding structure. Etiology and manifestation codes may not be used as a primary diagnosis.

Providers are responsible for keeping current with diagnosis code changes. Those 1500 Health Insurance Claim Forms and 837P transactions (and PA requests when applicable) received with a CPT (Current Procedural Terminology) code but without an allowable ICD diagnosis code are denied.

Topic #2816

## **Modifiers**

Oral surgeons and oral pathologists submitting 1500 Health Insurance Claim forms and 837P (837 Health Care Claim: Professional) transactions with CPT (Current Procedural Terminology) codes for oral surgeries are to use modifier "80" (Assistant surgeon) on claims to designate when a provider assists at surgery.

Topic #2814

Topic #2820

## **Tooth Numbers and Letters**

BadgerCare Plus recognizes tooth letters "A" through "T" for primary teeth and tooth numbers "1" through "32" for permanent teeth.

BadgerCare Plus also recognizes supernumerary teeth that cannot be classified under "A" through "T" or "1" through "32." For primary teeth, an "S" will be placed after the applicable tooth letter (values "AS" through "TS"). For permanent teeth, enter the sum of the value of the tooth number closest to the supernumerary tooth and 50. For example, if the tooth number closest to the supernumerary tooth has a value of 12, the provider will indicate supernumerary with the number 62 (12 + 50 = 62).

Topic #2866

## **Tooth Surfaces**

BadgerCare Plus has identified BadgerCare Plus allowable tooth surface codes for dental services providers.

#### **Anterior Teeth (Centrals, Laterals, Cuspids)**

Surface	Code
Mesial	M
Facial	F
Incisal	I
Lingual	L
Distal	D
Gingival	G

## Posterior Teeth (Pre-molars/Bicuspids, Molars)

Surface	Code
Mesial	M
Bucal	В
Occlusal	O
Lingual	L
Distal	D
Gingival	G

BadgerCare Plus reimburses *only* per unique surface regardless of location. When gingival (G) is listed with a second surface, such as BG, BFG, DG, FG, LG, MG, the combination is considered a single surface. Also, "FB" is considered one surface since the two letters describe the same tooth surface.

Topic #643

#### Unlisted Procedure Codes

According to the HCPCS (Healthcare Common Procedure Coding System) codebook, if a service is provided that is not accurately described by other HCPCS CPT (Current Procedural Terminology) procedure codes, the service should be reported using an unlisted procedure code.

Before considering using an unlisted, or NOC (not otherwise classified), procedure code, a provider should determine if there is another more specific code that could be indicated to describe the procedure or service being performed/provided. If there is no more specific code available, the provider is required to submit the appropriate documentation, which could include a PA (prior authorization) request,

Page 130 of 394

to justify use of the unlisted procedure code and to describe the procedure or service rendered. Submitting the proper documentation, which could include a PA request, may result in more timely claims processing.

Unlisted procedure codes should not be used to request adjusted reimbursement for a procedure for which there is a more specific code available.

## **Unlisted Codes That Do Not Require Prior Authorization or Additional Supporting Documentation**

For a limited group of unlisted procedure codes, ForwardHealth has established specific policies for their use and associated reimbursement. These codes do not require PA or additional documentation to be submitted with the claim. Providers should refer to their service-specific area of the Online Handbook on the ForwardHealth Portal for details about these unlisted codes.

For most unlisted codes, ForwardHealth requires additional documentation.

#### **Unlisted Codes That Require Prior Authorization**

Certain unlisted procedure codes require PA. Providers should follow their service-specific PA instructions and documentation requirements for requesting PA. For a list of procedure codes for which ForwardHealth requires PA, refer to the service-specific interactive maximum allowable fee schedules.

In addition to a properly completed PA request, documentation submitted on the service-specific PA attachment or as additional supporting documentation with the PA request should provide the following information:

- Specifically identify or describe the name of the procedure/service being performed or billed under the unlisted code.
- List/justify why other codes are not appropriate.
- Include only relevant documentation.
- Include all required clinical/supporting documentation.

For most situations, once the provider has an approved PA request for the unlisted procedure code, there is no need to submit additional documentation along with the claim.

## **Unlisted Codes That Do Not Require Prior Authorization**

If an unlisted procedure code does not require PA, documentation submitted with the claim to justify use of the unlisted code and to describe the procedure/service rendered must be sufficient to allow ForwardHealth to determine the nature and scope of the procedure and to determine whether or not the procedure is covered and was medically necessary, as defined in Wisconsin Administrative Code.

The documentation submitted should provide the following information related to the unlisted code:

- Specifically identify or describe the name of the procedure/service being performed or billed under the unlisted code.
- List/justify why other codes are not appropriate.
- Include only relevant documentation.

#### **How to Submit Claims and Related Documentation**

Claims including an unlisted procedure code and supporting documentation may be submitted to ForwardHealth in the following ways:

- If submitting on paper using the 1500 Health Insurance Claim Form ((02/12)), the provider may do either of the following:
  - o Include supporting information/description in Item Number 19 of the claim form.
  - Include supporting documentation on a separate paper attachment. This option should be used if Item Number 19 on the 1500 Health Insurance Claim Form does not allow enough space for the description or when billing multiple unlisted procedure codes. Providers should indicate "See Attachment" in Item Number 19 of the claim form and send the supporting documentation along with the claim form.

- If submitting electronically using DDE (Direct Data Entry) on the Portal, PES (Provider Electronic Solutions) software, or 837 (837 Health Care Claim) electronic transactions, the provider may do one of the following:
  - o Include supporting documentation in the Notes field. The Notes field is limited to 80 characters.
  - Indicate that supporting documentation will be submitted separately on paper. This option should be used if the Notes field does not allow enough space for the description or when billing multiple unlisted procedure codes. Providers should indicate "See Attachment" in the Notes field of the electronic transaction and submit the supporting documentation on paper.
  - o <u>Upload claim attachments</u> via the secure Provider area of the Portal.

## **Covered Services and Requirements**

Topic #44

## **Definition of Covered Services**

A covered service is a service, item, or supply for which reimbursement is available when *all* program requirements are met. <u>DHS</u> 101.03(35) and 107, Wis. Admin. Code, contain more information about covered services.

Topic #85

## **Emergencies**

Certain program requirements and reimbursement procedures are modified in emergency situations. Emergency services are defined in <u>DHS 101.03(52)</u>, Wis. Admin. Code, as "those services that are necessary to prevent the death or serious impairment of the health of the individual." Emergency services are not reimbursed unless they are covered services.

Additional definitions and procedures for emergencies exist in other situations, such as dental and mental health.

Program requirements and reimbursement procedures may be modified in the following ways:

- PA (prior authorization) or other program requirements may be waived in emergency situations.
- Non-U.S. citizens may be eligible for covered services in emergency situations.

Topic #2804

## **Emergency Dental Services**

Emergency dental care is immediate service that must be provided to relieve the member from pain, an acute infection, swelling, trismus, fever, or trauma.

PA (prior authorization) is not required in emergency situations.

PA for general anesthesia and intravenous sedation is waived. These procedures are the only procedures in which PA is waived in an emergency.

ForwardHealth has identified certain services that are allowable *only* in emergency situations in the following categories:

- Diagnostic procedures.
- Oral and maxillofacial surgeries.
- Adjunctive general services.

Providers must retain documentation in the member's records regarding the nature of the emergency.

Emergency services are exempt from copayment.

#### Traumatic Loss of Teeth for Children Under Age 21

When a child experiences a traumatic loss of an anterior tooth or teeth (tooth numbers 6-11, 22-27), removable prostheses may be provided by backdating a PA request.

## **HealthCheck**

<u>HealthCheck</u> is Wisconsin Medicaid's federally-mandated program known nationally as EPSDT (Early and Periodic Screening, Diagnosis, and Treatment). Through HealthCheck, children receive preventive medical check-ups, immunizations, and referrals.

To be eligible for a HealthCheck referral, a member must:

- Have a current ForwardHealth identification card.
- Be under 21 years of age.

When a member is enrolled in a contracted managed care program, only the managed care program or its affiliated providers may provide the HealthCheck screening for that member.

Dentists can encourage members to obtain their HealthCheck screenings before their dental visits. This is particularly helpful when members have a medical need for orthodontia.

All allowable services resulting from a HealthCheck screening must be provided within one year of the screening date. When providing a service that requires a HealthCheck screening, dentists are required to maintain documentation, (e.g., a photocopy of the member's current HealthCheck card), that a HealthCheck screening has occurred in the past year. The HealthCheck provider signature is required on the documentation. No additional statement from the HealthCheck provider is needed. This evidence must be submitted with PA (prior authorization) requests, but is not required when submitting claims. A new HealthCheck screening must be performed if more than one year has passed since the previous screening.

A dentist should refer the member to the HealthCheck Hotline telephone number at (800) 722-2295. Members may also obtain information from the HealthCheck Web site.

Topic #84

## **Medical Necessity**

Wisconsin Medicaid reimburses only for services that are medically necessary as defined under Wis. Admin. Code § <u>DHS 101.03</u> (96m). Wisconsin Medicaid may deny or recoup payment if a service fails to meet Medicaid medical necessity requirements.

Topic #86

## **Member Payment for Covered Services**

Under state and federal laws, a Medicaid-enrolled provider may not collect payment from a member, or authorized person acting on behalf of the member, for covered services even if the services are covered but do not meet program requirements. Denial of a claim by ForwardHealth does not necessarily render a member liable. However, a covered service for which PA (prior authorization) was denied is treated as a noncovered service. (If a member chooses to receive an originally requested service instead of the service approved on a modified PA request, it is also treated as a noncovered service.) If a member requests a covered service for which PA was denied (or modified), the provider may collect payment from the member if certain conditions are met.

If a provider collects payment from a member, or an authorized person acting on behalf of the member, for a covered service, the provider may be subject to <u>program sanctions</u> including termination of Medicaid enrollment.

Topic #5677

## **Not Otherwise Classified Procedure Codes**

Providers who indicate procedure codes such as J3490 (Unclassified drugs), J3590 (Unclassified biologics), or J9999 (Not otherwise classified, antineoplastic drugs) on claims for NOC (not otherwise classified) drugs must also indicate the following on the claim:

- The NDC (National Drug Code) of the drug dispensed.
- The name of the drug.
- The quantity billed.
- The unit of issue (i.e., F2, gr, me, ml, un).

If this information is not included on the claim or if there is a more specific HCPCS (Healthcare Common Procedure Coding System) procedure code for the drug, the claim will be denied. Compound drugs that do not include a drug approved by the FDA (Food and Drug Administration) will be denied.

Providers are required to comply with the requirements of the <u>federal DRA (Deficit Reduction Act)</u> of 2005 and submit NDCs with HCPCS and CPT (Current Procedural Terminology) procedure codes for provider-administered drugs. Section 1927(a)(7)(C) of the Social Security Act requires NDCs to be indicated on all claims submitted to ForwardHealth for covered outpatient drugs, including Medicare crossover claims.

Topic #2847

## Occupational Illness, Injury, or Accident

All claims submitted which related to an occupational illness, injury, or accident must be clearly identified and explained.

Topic #66

## **Program Requirements**

For a covered service to meet program requirements, the service must be provided by a qualified Medicaid-enrolled provider to an enrolled member. In addition, the service must meet all applicable program requirements, including, but not limited to, medical necessity, PA (prior authorization), claims submission, prescription, and documentation requirements.

Topic #5697

## **Provider-Administered Drugs**

A provider-administered drug is either an oral, injectible, intravenous, or inhaled drug administered by a physician or a designee of the physician (e.g., nurse, nurse practitioner, physician assistant).

Providers may refer to the <u>maximum allowable fee schedules</u> for the most current HCPCS (Healthcare Common Procedure Coding System) and CPT (Current Procedural Terminology) procedure codes for provider-administered drugs and reimbursement rates.

Provider-administered drugs carve-out policy is defined to include the following procedure codes:

- Drug-related "J" codes
- Drug-related "Q" codes
- Certain drug-related "S" codes

The <u>Provider-Administered Drugs Carve-Out Procedure Codes</u> table indicates the status of procedure codes considered under the provider-administered drugs carve-out policy. This table provides information on Medicaid and BadgerCare Plus coverage status as well as carve-out status based on POS (place of service).

*Note:* The table will be revised in accordance with national annual and quarterly HCPCS code updates.

For members enrolled in BadgerCare Plus HMOs, Medicaid SSI HMOs, and most special managed care programs, claims for these services should be submitted to BadgerCare Plus and Medicaid fee-for-service.

All fee-for-service policies and procedures related to provider-administered drugs, including copayment, cost sharing, diagnosis restriction, PA (prior authorization), and pricing policies, apply to <u>claims submitted</u> to fee-for-service for members enrolled in an MCO (managed care organization).

Provider-administered drugs and related services for members enrolled in the PACE (Program of All-Inclusive Care for the Elderly) and the Family Care Partnership are provided and reimbursed by the special managed care program.

## **Obtaining Provider-Administered Drugs**

To ensure the content and integrity of the drugs administered to members, prescribers are required to obtain all drugs that will be administered in their offices. Prescribers may obtain a provider-administered drug from a pharmacy provider if the drug is delivered directly from the pharmacy to the prescriber's office. Prescribers may also obtain a drug to be administered in the prescriber's office from a drug wholesaler or direct purchase. Pharmacy providers should not dispense a drug to a member if the drug will be administered in the prescriber's office.

Topic #824

## **Services That Do Not Meet Program Requirements**

As stated in DHS 107.02(2), Wis. Admin. Code, BadgerCare Plus and Wisconsin Medicaid may deny or recoup payment for covered services that fail to meet program requirements.

Examples of covered services that do not meet program requirements include the following:

- Services for which records or other documentation were not prepared or maintained.
- Services for which the provider fails to meet any or all of the requirements of <u>DHS 106.03</u>, Wis. Admin. Code, including, but not limited to, the requirements regarding timely submission of claims.
- Services that fail to comply with requirements or state and federal statutes, rules, and regulations.
- Services that the DHS (Department of Health Services), the PRO (Peer Review Organization) review process, or BadgerCare
  Plus determines to be inappropriate, in excess of accepted standards of reasonableness or less costly alternative services, or of
  excessive frequency or duration.
- Services provided by a provider who fails or refuses to meet and maintain any of the enrollment requirements under <u>DHS 105</u>, Wis. Admin. Code.
- Services provided by a provider who fails or refuses to provide access to records.
- Services provided inconsistent with an intermediate sanction or sanctions imposed by the DHS.

## **Diagnostic Services**

Topic #2825

## **An Overview**

Medicaid-allowable dental diagnostic services include the following:

- Clinical oral evaluations.
- Radiographs/diagnostic imaging.
- · Tests and examinations.

These services allow dental providers to do the following:

- · Assess oral health.
- Diagnose oral pathology.
- Develop an adequate treatment plan for the member's oral health.

Topic #2886

## **Emergency Exams**

BadgerCare Plus covers limited, problem-focused oral evaluations (D0140) once per six months per member, per provider.

Topic #2869

#### **Oral Evaluations**

Dentists are required to document and maintain oral evaluation information in the same manner for BadgerCare Plus members as they do for other patients. BadgerCare Plus regulations and accepted standards of dental care require documentation of the following evaluations:

- · Periodic evaluations.
- Limited oral evaluation problem focused.
- Comprehensive oral evaluations.
- Detailed and extensive oral evaluations problem focused.
- Re-evaluation limited problem focused.

Dentists are required to submit claims for the oral evaluation procedure appropriate to the level of service provided and include documentation supporting the medical necessity of the services in the member's record.

Children ages 13-20 may receive up to two additional oral evaluations per year through HealthCheck with PA (prior authorization). Providers should submit PA requests and claims with procedure code D0191 or D0999 for these services.

Providers who use procedure code D0999 should indicate "preliminary examination" or "oral screening" on the claim.

A copy of a valid HealthCheck screen is required when submitting the PA request.

## **Oral Evaluations Performed in Nursing Homes or for Children**

To provide greater flexibility in scheduling oral evaluations for children or for members residing in a nursing home, the time period between oral evaluations may be as few as 160 days for children and 330 days for adults in nursing homes.

Topic #2870

## Radiographs

ForwardHealth coverage of radiographs includes reimbursement for exposure, developing, mounting, and interpretation of the radiograph.

An intraoral complete series may include either a periapical series plus bitewings or a panorex plus bitewings. Individual panoramic radiographs are covered when another radiograph is insufficient for proper diagnosis.

#### **Full Mouth Radiographs**

Dentists may obtain PA (prior authorization) for additional full mouth (intraoral complete series) radiographs or panoramic films in cases of trauma or other unusual medical or dental clinical histories, such as cancer or rampant decay.

#### Panoramic Films (D0330)

Coverage of panoramic films is limited to once per member per DOS (date of service), and should be taken *only* when another type of radiograph is insufficient for diagnosis. Documentation to support the medical necessity of this service must be included in the member's record.

When a panoramic film *and* bitewings are taken on the same DOS, claims should be submitted with procedure code D0210 (Intraoral; complete series [including bitewings]) only.

#### Cephalormetric Films and Pre-Orthodontic Visits (D0340, D8660)

Cephalormetric films and pre-orthodontic visit services are limited to members with an orthodontic diagnosis only. Providers may submit claims for these services before submitting a PA request for orthodontia.

## **Oral/Facial Photographic Images (D0350)**

Oral/facial photographic images may be used as a diagnostic tool for oral surgery and orthodontia services only and may be submitted as supporting clinical documentation with a PA request.

## **Mounting Radiographs for Prior Authorization**

When *four or more* periapical X-rays, four bitewing X-rays, or when a full mouth X-ray must be submitted to BadgerCare Plus to substantiate a PA request, providers should mount the X-rays to allow for proper identification and to speed the review process.

Providers are required to do the following when sending in four or more periapical X-rays, four bitewing X-rays, or a full mouth series:

- Mount the X-rays.
- Label the X-rays (left or right).
- Include the date the X-rays were taken.
- Include the member's name and identification number.
- Include the provider's name and provider number.

When sending in three or fewer periapical or bitewing X-rays:

- Label the X-rays (left or right).
- Include the date the X-rays were taken.
- Include the member's name and identification number.
- Include the provider's name and provider number.
- Place X-rays in an envelope.
- Staple X-ray envelope to designated portion of PA form that states, "Staple X-ray envelope here."

## **Submitting Claims for Radiographs**

Radiographs provided to a member on the same DOS must be submitted on the same claim form. Wisconsin Medicaid denies reimbursement for services performed on the same DOS but submitted on separate claim forms.

#### **Endodontics**

Topic #2867

## **An Overview**

BadgerCare Plus coverage of endodontic services includes the following services:

- Pulpotomy.
- Endodontic therapy.
- · Apexification.
- Apicoectomy/periradicular services.

Topic #2881

## Anterior, Bicuspid, and Molar Root Canal Therapy

Root canal therapy should only be provided when there is a strong likelihood that the treatment will be successful and definitive (i.e., that it will not later result in extraction). To receive Medicaid reimbursement for root canal therapy, the member's record must include clinical documentation of *all* the following:

- Evidence of good periodontal health (AAP (American Academy of Periodontology) periodontal classification of Type I or II).
- Evidence visible on radiographs that at least 50 percent of the clinical crown is intact.
- A treatment plan that identifies no more than three teeth for root canal therapy, including molars. Molar root canals (D3330) for members ages 21 and older and treatment plans involving root canal therapy on four or more teeth require PA (prior authorization).

Anterior, bicuspid, and molar root canals (D3310, D3320, and D3330) are not reimbursable if any of the following are true:

- The member has fewer than two posterior teeth in occlusion per quadrant.
- The member is missing six or more teeth in the arch where the root canal is to be performed, including third molars.
- The member is missing one or more anterior teeth in the arch where the root canal is to be performed.

If the member has one of the previously listed conditions, he or she may qualify for a partial denture and the provider should request PA for the partial denture service.

Topic #2882

## **Apicoectomy and Retrograde Fillings**

Apicoectomy and retrograde fillings (D3410, D3430) are only allowable for permanent anterior teeth (6-11, 22-27, and corresponding supernumerary teeth). Providers are required to retain documentation, such as radiographs, supporting the medical necessity of these services. These services are not payable with root canal therapy on some DOS (dates of service). Examples of medical necessity include, but are not limited to, the following:

- Fractured root tip.
- Periapical pathology not resolved by conventional root canal therapy.
- Broken root canal file.
- Symptomatic files.

## **Open Tooth for Drainage**

Emergency treatment for members needing root canal therapy may be provided to allow the dentist to relieve pain and/or extirpate the tooth in anticipation of proceeding with a root canal. Providers should submit claims for this procedure with CDT (Current Dental Terminology) code D9110 (Palliative [emergency] treatment of dental pain — minor procedure).

Topic #2880

#### **Referrals to Endodontists**

General dentists should not refer BadgerCare Plus members to endodontists unless the member has a restorative dentist to provide restoration of the teeth.

Dental providers referring a member to an endodontist for root canal procedures that require PA (prior authorization), should complete the appropriate sections of the <u>PA/DA1 (Prior Authorization Dental Attachment 1, F-11010 (01/2018))</u> and send it to the endodontist with the referral.

When referring BadgerCare Plus members to endodontists, providers must supply the endodontist with the following information:

- A minimum of two bitewing X-rays.
- An oral charting of missing teeth.
- A treatment plan including plan for involved tooth.
- The member's oral hygiene status.
- Attendance information.
- The date and reason for any extractions performed within the past three years.

Topic #2878

## **Root Canal Therapy**

Dental providers must adhere to the following guidelines when performing endodontic services:

- The standard of acceptability employed by BadgerCare Plus for endodontic procedures requires that the canal(s) be completely filled apically and laterally.
- Root canal therapy for permanent teeth includes the following:
  - 1. Diagnosis.
  - Extirpation.
  - 3. Treatment.
  - 4. Progress radiographs.
  - 5. Filling and obliteration of root canals.
  - 6. Temporary fillings.

When a root canal filling does not meet its treatment standards, BadgerCare Plus may do the following:

- Require the procedure to be redone with no additional Wisconsin Medicaid reimbursement or cost to the member.
- Recoup any reimbursement already made after the ForwardHealth dental consultant reviews the circumstances.

#### **Radiographs**

Dental

A post treatment radiograph is required for all root canal therapy and may be reimbursed separately.

## **Interrupted Root Canal Therapy**

If root canal therapy has begun and the member under treatment becomes ineligible for BadgerCare Plus or fails to return for subsequent visits, providers may submit claims for opening a tooth for drainage with CDT (Current Dental Terminology) procedure codes D9110 and D2940 (Sedative filling) to receive reimbursement for the services provided.

#### HealthCheck "Other Services"

Topic #22

## **Definition of HealthCheck "Other Services"**

HealthCheck is a federally mandated program known nationally as EPSDT (Early and Periodic Screening, Diagnosis, and Treatment). HealthCheck services consist of a comprehensive health screening of members under 21 years of age. On occasion, a HealthCheck screening may identify the need for health care services that are not otherwise covered or that exceed coverage limitations. These services are called HealthCheck "Other Services." Federal law requires that these services be reimbursed through HealthCheck "Other Services" if they are medically necessary and prior authorized. The purpose of HealthCheck "Other Services" is to assure that medically necessary medical services are available to BadgerCare Plus and Medicaid members under 21 years of age.

Topic #2842

#### **Dental Services**

ForwardHealth covers orthodontia and some other dental services only if the child has received a HealthCheck screening within the last 365 days. ForwardHealth has identified dental services that require a HealthCheck referral.

This information only applies to eligible members under BadgerCare Plus and Medicaid.

As a result of the federal Omnibus Budget Reconciliation Act of 1989 (OBRA), Wisconsin Medicaid considers PA (prior authorization) requests for coverage of medically necessary dental services that are not specifically listed as covered services, or that are listed as nonreimbursable services, when all of the following conditions are met:

- The provider verifies that a comprehensive HealthCheck referral has been performed in the past year through a signed written document from the HealthCheck provider.
- The service is allowed under the Social Security Act as a "medical service."
- The service is "medically necessary" and "reasonable" to correct or ameliorate a condition or defect which is discovered during a HealthCheck referral.
- The service is noncovered under BadgerCare Plus.
- A service currently covered by BadgerCare Plus is not appropriate to treat the identified condition.

All requests for HealthCheck "Other Services" require PA.

Topic #1

### **Prior Authorization**

To receive PA (prior authorization) for HealthCheck "Other Services," providers are required to <u>submit a PA request via the ForwardHealth Portal</u> or to submit the following via <u>fax</u> or <u>mail</u>:

- A completed PA/RF (Prior Authorization Request Form, F-11018 (05/13)) (or PA/DRF (Prior Authorization/Dental Request Form, F-11035 (07/12)), or PA/HIAS1 (Prior Authorization Request for Hearing Instrument and Audiological Services 1, F-11020 (05/13))).
  - o The provider should mark the checkbox titled "HealthCheck Other Services" at the top of the form.
  - The provider may omit the procedure code if he or she is uncertain what it is. The ForwardHealth consultant will assign one for approved services.
- The appropriate service-specific PA attachment.

- Verification that a comprehensive HealthCheck screening has been provided within 365 days prior to ForwardHealth's receipt of the PA request. The date and provider of the screening must be indicated.
- Necessary supporting documentation.

Providers may call <u>Provider Services</u> for more information about HealthCheck "Other Services" and to determine the appropriate PA attachment.

Topic #41

## Requirements

For a service to be reimbursed through HealthCheck "Other Services," the following requirements must be met:

- The condition being treated is identified in a HealthCheck screening that occurred within 365 days of the PA (prior authorization) request for the service.
- The service is provided to a member who is under 21 years of age.
- The service may be covered under federal Medicaid law.
- The service is medically necessary and reasonable.
- The service is prior authorized before it is provided.
- Services currently covered are not considered acceptable to treat the identified condition.

ForwardHealth has the authority to do all of the following:

- Review the medical necessity of all requests.
- Establish criteria for the provision of such services.
- Determine the amount, duration, and scope of services as long as limitations are reasonable and maintain the preventive intent of the HealthCheck program.

#### **Maxillofacial Prosthetics**

Topic #2894

## **An Overview**

Wisconsin Medicaid reimburses dental providers for allowable maxillofacial prosthetics identified by ForwardHealth.

Obturators (D5932) for cleft palate and palatal lifts prostheses (D5955) are allowed once per six months. This frequency limitation may be exceeded in exceptional circumstances with written justification on a PA (prior authorization) request. Providers are required to retain documentation of medical necessity of these procedures.

PA requests for maxillofacial prostheses should also include a request for a complete or removable partial denture when clinically appropriate. PA requests for unspecified maxillofacial prostheses must include laboratory bills and are approved based on documentation of medical necessity and appropriateness on a case-by-case basis.

#### **Noncovered Services**

Topic #68

## **Definition of Noncovered Services**

A noncovered service is a service, item, or supply for which reimbursement is not available. Wis. Admin. Code § <u>DHS 101.03(103)</u> and ch. <u>107</u> contain more information about noncovered services. In addition, Wis. Admin. Code § <u>DHS 107.03</u> contains a general list of noncovered services.

Topic #104

# **Member Payment for Noncovered Services**

A provider may collect payment from a member for noncovered services if certain conditions are met.

Providers may not collect payment from a member, or authorized person acting on behalf of the member, for certain noncovered services or activities provided in connection with covered services, including the following:

- Charges for missed appointments.
- Charges for telephone calls.
- Charges for time involved in completing necessary forms, claims, or reports.
- Translation services.

#### **Missed Appointments**

The federal CMS (Centers for Medicare and Medicaid Services) does not allow state Medicaid programs to permit providers to collect payment from a member, or authorized person acting on behalf of the member, for a missed appointment.

#### **Avoiding Missed Appointments**

ForwardHealth offers the following suggestions to help avoid missed appointments:

- Remind members of upcoming appointments (by telephone or postcard) prior to scheduled appointments.
- If a member needs assistance in obtaining transportation to a medical appointment, encourage the member to call MTM, Inc. (Medical Transportation Management, Inc.) for NEMT (non-emergency medical transportation). Most Medicaid and BadgerCare Plus members may receive NEMT services through MTM, Inc. if they have no other way to receive a ride. Refer to the NEMT service area for more information.
- If the appointment is made through the HealthCheck screening or targeted case management programs, encourage the staff from those programs to ensure that the scheduled appointments are kept.

#### **Translation Services**

Translation services are considered part of the provider's overhead cost and are not separately reimbursable. Providers may not collect payment from a member, or authorized person acting on behalf of the member, for translation services.

Providers should call the Affirmative Action and Civil Rights Compliance Officer at (608) 266-9372 for information about when translation services are required by federal law. Providers may also write to the following address:

AA/CRC Office

1 W Wilson St Rm 561 PO Box 7850 Madison WI 53707-7850

Topic #17997

## **Periodontal Services**

#### **Periodontal Scaling and Root Planing**

If <u>PA</u> (<u>prior authorization</u>) <u>requirements</u> are met, ForwardHealth covers periodontal scaling and root planing when traditional, less intensive dental services have not been effective in treating pain and infection.

ForwardHealth does *not* cover periodontal scaling and root planing in the following circumstances:

- The requested start date for periodontal scaling and root planing is within four weeks of a full-mouth debridement.
- The member received periodontal scaling and root planing within the last three years.
- The member's periodontal pockets per individual tooth are less than 5 millimeters or greater than 6 millimeters and no documentation exists to justify an exception to this guideline.
- The member has excessive bone loss, as determined by the ForwardHealth dental consultant or the dental provider.
- The member does not have bone loss, as determined by the ForwardHealth dental consultant or the dental provider.
- The member has an unfavorable periodontal prognosis, as determined by the ForwardHealth dental consultant or the dental provider.
- The member has long-standing chronic periodontal disease affecting multiple teeth in a quadrant.
- Documentation submitted with the PA request explicitly indicates a failure to attend appointments, poor dental hygiene, or other negative factors.

## **Oral and Maxillofacial Surgery**

Topic #2924

#### **An Overview**

BadgerCare Plus's coverage of oral and maxillofacial surgical services is limited to services provided due to trauma or congenital malformations, such as clefts, or the removal or pathologic, painful, or non-restorable teeth. Corrective congenital surgery and orthognathic surgery are limited to specific cases due to severe handicapping malocclusions.

Wisconsin Medicaid reimburses for the following oral and maxillofacial surgery services:

- Extractions.
- Surgical extractions.
- Alveoloplasty.
- Surgical excision of soft tissue lesions.
- Surgical excision of intra-osseous lesions.
- Excision of bone tissue.
- Surgical incision.
- Treatment of simple and compound fractures.
- Reduction of dislocation and management of other temporomandibular joint dysfunctions.
- Repair of traumatic wounds.
- Complicated suturing.
- Other surgical and repair procedures.

Providers are required to obtain PA (prior authorization) for certain specified oral and maxillofacial surgery services before delivery of the service, unless the service is performed on an emergency basis. BadgerCare Plus may request a diagnostic cast or oral/facial photographic images to aid in evaluating any PA request.

BadgerCare Plus has identified allowable oral and maxillofacial surgery procedure codes.

Topic #2925

## **Assistant Surgeon**

An assisting surgeon is allowed for some allowable complex surgery procedures.

When CPT (Current Procedural Terminology) billing providers request reimbursement for an assisting surgeon, indicate modifier "80" (Assistant surgeon) in the appropriate element on the claim. If a procedure requires PA (prior authorization) and an assistant surgeon will be involved with performing the procedure(s), providers are required to request PA for both on the same PA request.

ADA (American Dental Association) billing providers are required to request PA for assisting surgeons. Providers should use D7899 for an assistant surgeon for TMJ (temporomandibular joint) services and D7999 for all other types of assisting surgeon services.

Topic #2926

# **Claims Submission Options**

Dentists are assigned a procedure coding system to use for submitting claims for oral surgery services based on their speciality.

#### **Assignment of Oral Surgery Claims Submission Method**

Assignment of a provider's oral surgery claims submission method depends on the dental specialty chosen during Medicaid enrollment. This assignment is necessary because it enables BadgerCare Plus to identify the oral surgery procedure codes a provider may use to ensure accurate reimbursement.

#### **Identical Policies and Reimbursement for All Dentists**

All dentists, regardless of specialty:

- Receive the same reimbursement for the same procedures.
- Have virtually the same program limitations, such as PA (prior authorization) requirements, for the same procedures.
- Submit claims for all other dental (nonsurgical) procedures using CDT (Current Dental Terminology) procedure codes and a few BadgerCare Plus HCPCS (Healthcare Common Procedure Coding System) procedure codes.
- Submit claims for all oral surgeries using the code system assigned at enrollment.
- Cannot temporarily alternate between coding systems, using different procedure codes on different days.
- Find that the CPT claims submission method requires fewer attachments and is easier to submit electronically.

#### **Decreased Attachments and Claim Processing Time**

The CPT coding system is more precise than the ADA coding system for describing the same oral surgery procedures. Therefore, most CPT codes do not require operative and pathology reports for manual pricing by Wisconsin Medicaid, as well as the additional time needed for processing manually priced claims. This facilitates electronic claims submission.

Topic #2927

## **Excision of Hyperplastic Tissue**

For ForwardHealth coverage of PA (prior authorization) requests for the excision of hyperplastic tissue (per arch), the member must have an edentulous ridge, and have difficulty wearing a prosthesis. The member must have adequate healing after tooth extraction before requesting this service. The service includes all local anesthetic, suturing, postoperative care, and soft tissue conditioning of any appliances at the time of surgery.

Topic #20457

## **Frenulectomy Procedures**

Frenulectomy procedures involve the surgical removal or release of mucosal and muscle elements of a frenum associated with a pathological condition or interference with proper oral development or treatment.

ForwardHealth covers frenulectomy procedures without PA (prior authorization).

Members must meet one of the following criteria:

- The member's frenum creates a central incisor diastema.
- The member's frenum creates ankyloglossia.
- The member's frenum creates periodontal defects.
- The member's frenum requires removal to complete orthodontic services.
- The member's frenum interferes with denture stabilization, due to its high attachment on the ridge.

*Note:* An image of the obstructed frenum is not required to be submitted with claims, but must be available in the medical or dental record. A dentist statement regarding the medical/dental need for the treatment is required to be available upon request.

#### **Allowable Procedure Code for Frenulectomy**

Providers are required to indicate frenulectomy procedures using CDT (Current Dental Terminology) code D7960 ("Frenulectomy – also known as frenectomy – separate procedure not incidental to another procedure").

The following billing rules apply to the coverage of frenulectomy procedures when billed under CDT code D7960:

- Covered areas of the oral cavity for frenulectomy procedures are 01 (maxillary arch) and 02 (mandibular arch). The area of the oral cavity is required to be indicated on the claim.
- Up to two units of service per area of the oral cavity are allowed per DOS (date of service). A total of four units are allowed per DOS.
- CDT code D7960 is defined as a separate procedure, meaning that CDT code D7960 should not be separately billed when the frenulectomy is rendered in conjunction with any other surgical procedure in the same surgical area, by the same provider.

#### **Allowable Procedure Codes for Oral Surgeons**

Oral surgeons are required to indicate either CDT code D7960 or the following appropriate CPT codes:

- 40806 (Incision of labial frenum [frenotomy])
- 40819 (Excision of frenum, labial or buccal [frenumectomy, frenulectomy, frenectomy])
- 41010 (Incision of lingual frenum [frenotomy])
- 41115 (Excision of lingual frenum [frenectomy])

Topic #2928

## Limitations

Many oral surgeries are limited to once per day. This limitation may be exceeded if narrative on the claim form demonstrates the additional services were medically necessary.

Topic #2929

# Osteoplasty/Osteotomy

Wisconsin Medicaid reimburses for osteoplasty/osteotomy for orthognathic deformities for only the most severe orthodontic skeletal malocclusion. PA (prior authorization) requests for correction of orthognathic deformities require a HealthCheck exam. Criteria for PA approval for osteoplasty or osteotomy includes one of the following, where the procedure is necessary to correct:

- The most severe cases of protruding or retruding mandible or maxillae where conventional orthodontics cannot provide a stable and acceptable outcome.
- The most severe cases of open bite where conventional orthodontics cannot provide a stable and acceptable outcome.
- A significant skeletal malocclusion where conventional orthodontics cannot provide a stable and acceptable outcome.
- Severe malocclusions caused by disease or injury where conventional orthodontics cannot provide a stable and acceptable outcome.

If the deformity has been caused by disease or injury, a physician's statement is required.

The criteria for PA approval includes a frenum which creates a central incisor diastema, ankyloglossia, periodontal defects, or is necessary to complete orthodontic services.

# **Pre- and Post-Care Days**

Reimbursement for procedures directly related to an oral surgery is incorporated into the reimbursement for the oral surgery procedure.

Palliative treatment, application of desensitizing medicaments, and other related procedures are not allowed at least three days before and 10 or more days after the surgery. Claims for other procedures *directly related* to the surgery must not be submitted separately, regardless of when the claim for the procedure is submitted.

If the procedure is *not directly related* to oral surgery, the limitation can be overridden with a narrative demonstrating that fact on the claim form. For example, a procedure may be performed on a separate section of the mouth than the oral surgery.

Topic #2932

### Removal of Extosis Maxillae or Mandible

Criteria for PA (prior authorization) approval for the removal of extosis maxillae or mandible includes one of the following situations:

- The exostosis presents an undesirable undercut.
- The exostosis presents problems with insertion or stability of the prosthesis.
- The removal is medically necessary due to the presence of pain caused by the insertion or wearing of a removable prosthesis.

Topic #2931

## Removal of a Foreign Body

PA (prior authorization) requests for removal of a foreign body must be accompanied by one periapical radiograph.

Topic #2933

# **Replantation and Splinting**

BadgerCare Plus's coverage of the replantation and splinting of a traumatically avulsed or subluxated tooth:

- Includes the postoperative follow-up.
- Includes the removal of any splints and wires.
- Does not include any root canal therapy for the involved teeth.

Topic #2935

# Surgical Exposure of Impacted or Unerupted Tooth

Reimbursement for the surgical exposure of an impacted or unerupted tooth for orthodontic reasons includes (with PA (prior authorization)) placement of any hooks, wires, pins, etc., to aid eruption through orthodontics. This service includes placement of any orthodontic appliance on the impacted tooth.

Include the following documentation with PA requests for this service:

- A HealthCheck exam (the HealthCheck provider signature is required).
- A periapical radiograph of the tooth.

# Surgical Exposure of a Tooth to Aid Eruption

For surgical exposure of a tooth to aid eruption, the tooth must be impacted by an adjacent tooth, and not close to natural eruption. This service can be requested for primary and permanent teeth.

This service does not include placement of any hooks, wires, pins, etc., to aid eruption through orthodontics.

Topic #2936

# **Surgical Extraction of a Tooth**

Wisconsin Medicaid's reimbursement for surgical extraction of a tooth is limited to when an extraction is necessary for the following reasons:

- An emergency, which is a situation when an immediate service must be provided to relieve the member from pain, an acute infection, swelling, fever, or trauma.
- Orthodontia (for children up to age 21). In this case, PA (prior authorization) should be requested for the surgical extraction of a tooth in a non-emergency situation.

If during the routine extraction of any tooth the extraction unexpectedly becomes a surgical extraction, the surgical extraction is considered a dental emergency. The provider should indicate that the procedure was an emergency when submitting a claim to ForwardHealth. Providers should also retain documentation of the circumstances of the procedure in the member's records.

Topic #2937

# **Suturing**

Wisconsin Medicaid reimburses providers for suturing only when it is provided as a result of trauma. Suturing is not separately reimbursable when it is part of a surgical procedure, as suturing is included in the surgical procedure and fee.

When submitting claims for suturing, include an operative report describing the procedure, complexity of closure, location of laceration, and length of laceration(s) repaired.

Topic #2938

## **Temporomandibular Joint Surgery**

The TMJ (temporomandibular joint) office visit requires detailed and extensive examination and documentation of the member's TMJ dysfunction.

A TMJ office visit consists of:

- A comprehensive history.
- Clinical examination.
- Diagnosis.
- Treatment planning.

#### **Initial Treatment**

The initial treatment of a TMJ dysfunction must consist of nonsurgical treatments which include:

- Short-term medication.
- Home therapy (e.g., soft diet).
- Splint therapy.
- Physical therapy, including correction of myofunctional habits.
- · Relaxation or stress management techniques.
- Psychological evaluation or counseling.

Nonsurgical TMJ treatments are not covered.

#### **Prior Authorization**

Providers are required to include appropriate current clinical physical and dental information about the member on the PA request to enable ForwardHealth to determine whether the surgery is medically necessary. Only TMJ surgeries with favorable prognosis for surgery are considered for approval.

#### **TMJ Surgery Procedures and Managed Care Programs**

State-contracted MCOs (managed care organizations) may designate the facility at which the TMJ surgery is performed. The MCO is responsible for paying the cost of the surgery and all related services (e.g., hospitalization and anesthesiology).

Wisconsin Medicaid does not reimburse for a TMJ surgery performed by a dentist on a fee-for-service basis when provided to a member enrolled in an MCO that covers dentistry. Therefore, to obtain reimbursement, dentists must participate in or obtain a referral from the member's MCO since the MCO is responsible for paying the cost of all services. Failing to obtain an MCO referral may result in a denial of payment for services by the MCO.

If the MCO does not cover dental services, the dentist may submit a PA request to ForwardHealth and, if approved, the dental surgeon is reimbursed for the evaluation on a fee-for-service basis.

- ForwardHealth has identified MCOs and services for which dental providers may request fee-for-service reimbursement.
- If PA is obtained, the MCO is responsible for paying the cost of all related medical and hospital services and may therefore
  designate the facility at which the surgery is performed.
- The dentist must work closely with the MCO to assure continuity of coverage.

#### **Orthodontics**

Topic #2905

## **An Overview**

Wisconsin Medicaid reimburses providers for orthodontic services including the following.

- Limited orthodontic treatment.
- Interceptive orthodontic treatment.
- Comprehensive orthodontic treatment.
- Minor treatment to control harmful habits.
- Other orthodontic services.

This information applies to BadgerCare Plus and Medicaid only.

#### **HealthCheck Requirement**

Orthodontia treatment is available only after the member has received a HealthCheck exam and is not available to adults over age 20. A well child exam, sports physical, or presurgical physical will not be accepted as a HealthCheck exam.

#### **Member Eligibility for Completion of Orthodontic Treatment**

Regardless of member subsequent eligibility, all approved orthodontic services, once started (bands, brackets, or appliances placed during a period of eligibility) are reimbursed to completion of the approved services performed by an enrolled provider.

If an orthodontia member becomes BadgerCare Plus-eligible in mid-treatment, BadgerCare Plus will approve a PA (prior authorization) request for continued services if all PA criteria are met.

#### **Prior Authorization Requirements**

All orthodontic services require PA and a HealthCheck referral.

Pre-orthodontic treatment visits (D8660) include an examination, consultation, and the obtaining of diagnostic casts. This service is limited to members with an orthodontic diagnosis only. Providers may submit claims for these services before submitting a PA request for orthodontia.

Panoramic x-ray (D0330), cephalometric x-ray (D0340), and oral/facial photographic images (D0350) for members with an orthodontic diagnosis do not require PA. Claims for these services may be submitted before submission of a PA request for orthodontia.

#### **Documentation**

The following documentation must be submitted with all PA requests for orthodontic services:

- Orthodontic records of the examination, consultation, and diagnostic casts. Casts must be securely packed, clearly labeled to identify the provider and the member, and must include a bite registration.
- A completed <u>PA/DRF</u> (Prior Authorization Dental Request Form, F-11035 (07/12)) and <u>PA/DA2</u> (Prior Authorization/Dental Attachment 2, F-11014 (07/12)).
- Evidence that a HealthCheck exam has occurred within the past year.
- A specific orthodontic treatment plan that addresses appliance(s) to be used during the course of treatment.

Topic #2906

## Fixed or Removable Appliances

#### **Limited Orthodontic Treatment**

Limited treatment services are for correction of a minor malocclusion in which one to four teeth are involved. It is considered especially for children under the age of 12 in the transitional dentition stage of development. Services may be used to correct anterior crossbites, ectopic eruption of permanent first molars, and bite plates.

#### **Interceptive Orthodontic Treatment**

Interceptive orthodontic treatment is for the correction of a minor malocclusion in which one to four teeth are involved, and is considered especially for children under the age of 12 in the transitional dentition stage of development. The correction of posterior cross bites, orthopedic orthodontics, and 2 x 4 interceptive procedures are allowed services under this procedure. Interceptive procedures are not inclusive of comprehensive orthodontic treatment of this malocclusion. Interceptive orthodontic treatment of adolescent or adult dentition is not a covered service.

#### **Minor Treatment to Control Harmful Habits**

Correction of harmful habits such as thumb, finger, tongue, or lip sucking is considered especially for children under the age of 12 in the transitional dentition stage of development. Fixed appliances only are encouraged.

Topic #2907

# **Initial Treatment and Billing Date**

When billing for the initial orthodontic banding service, the date used is the day the treatment started. This is defined as the date when the bands, brackets, or appliances are placed in the member's mouth. The member must be BadgerCare Plus eligible on this DOS (date of service).

Topic #2908

#### **Retainers**

Retainers can be authorized for limited, interceptive, or comprehensive orthodontic services requested. If retainers are separately identified on an approved PA (prior authorization) for orthodontic service, they may be separately reimbursed. However, when submitting the PA request, the provider may include the placement, fees, and follow-up for retainers in the initial fee and monthly adjustments. In this case, a separate request for retainers will not be granted. Using either way of billing, the maximum fee for orthodontic treatment will be the same.

#### **Lost or Damaged Retainers**

In cases of lost or damaged retainers, the provider should submit a new PA request for a new retainer. New orthodontic records do not need to be submitted with the new PA. However, multiple lost retainers (due to member negligence) will not be replaced. HealthCheck is not required. The provider is required to indicate the date the initial retainer was placed. The member and/or family are required to indicate when and how the retainer was lost and present a plan to prevent future loss.

## **Severe Malocclusion**

The following criteria are considered when reviewing PA (prior authorization) requests for orthodontia:

- A severe and handicapping malocclusion determined by a minimum Salzmann Index of 30.
- In extenuating circumstances, the dental consultant may, after comprehensive review of the case, determine that a severe handicapping malocclusion does exist, and approve the orthodontia treatment even though the Salzmann score is less than 30.
- Transfer cases from out-of-state or within state must fulfill BadgerCare Plus criteria of age and <u>Salzmann Index</u> at time of initial treatment (banding).
- Certain cases of minor treatment (1-4 teeth) can be approved for limited or interceptive orthodontic treatment using either fixed or removable appliances.
- If the request for orthodontic services is the result of a personality or psychological problem or condition and a member does not meet the criteria listed above, then a referral from a mental health professional is required.

Orthodontic treatment is *not* authorized for cosmetic reasons. Transfer cases from one enrolled provider to another enrolled provider are reimbursed at the maximum fee authorized minus the fees reimbursed to the original provider.

Topic #2910

## **Terminated Treatment**

If any orthodontic treatment is terminated prior to completion, the provider is required to notify BadgerCare Plus in writing within 30 days of termination. The notification must include the reason(s) for termination and a copy of the treatment progress notes.

#### **Periodontics**

Topic #2868

### **An Overview**

Wisconsin Medicaid reimburses providers for the following periodontal services if all requirements are met:

- Surgical.
- Nonsurgical.
- Other periodontal.

All services performed on the same DOS (date of service) must be submitted on the same claim form. Wisconsin Medicaid denies reimbursement for services performed on the same DOS but submitted on separate claim forms.

#### **Quadrants/Area of Oral Cavity**

ForwardHealth defines gingivectomy, gingivoplasty, and periodontal scaling and root planing according to the CDT (Current Dental Terminology) description of four or more contiguous teeth per quadrant or one to three contiguous teeth per quadrant.

For a member 13 years of age and older, gingivectomy, gingivoplasty, or periodontal scaling and root planing are allowed once every three years per quadrant per provider, except in the following circumstances:

- Four quadrants are allowed per day in a hospital or an ASC (ambulatory surgical center).
- Two quadrants are allowed per day in an office, home, ECF (extended-care facility), or other POS (place of service).
- If a PA request provides sound medical or other logical reasons, including long distance travel to the dentist or a disability that makes travel to the dentist difficult, four quadrants may be allowed per day in an office, home, ECF, or other POS.

Providers are required to submit PA requests and claims for certain periodontal services with the appropriate <u>area of oral cavity code</u> for each quadrant requested. Each quadrant must be requested on a separate detail.

Topic #2883

#### **Full-Mouth Debridement**

Full-mouth debridement (D4355) is allowable only once per three years for members ages 13 and older and is not reimbursable on the same DOS (date of service) as prophylaxis procedures. If full-mouth debridement is completed in more than one appointment, the service should be billed on the date of completion. Excess calculus must be evident on X-rays and documented in the member's medical record.

No other periodontal therapy (D4341, D4342, D4910) will be authorized within four weeks after full-mouth debridement.

#### **Preventive Services**

Topic #2864

### **An Overview**

BadgerCare Plus allowable dental preventive services include the following:

- Dental prophylaxes.
- Topical flouride treatment.
- Space maintenance.
- Other preventive services.

Topic #2872

#### Fluoride Treatment

Topical application of fluoride varnish (D1206) and topical application of fluoride (D1208) are allowable for both children and adults. <u>Coverage</u> is based on a member's age and risk group.

If a member has a high caries risk or a disability that impairs the member's ability to maintain oral hygiene, providers are required to document that information in the member's medical record.

ForwardHealth does not cover a fluoride treatment provided on the same DOS (date of service) as periodontal scaling and root planing.

Topic #2871

## **Prophylaxes**

Preventive services include routine prophylaxes (which includes scaling and polishing) for adults and children.

## Prophylaxis Services Performed in a Nursing Home or for Children

To provide greater flexibility in scheduling prophylaxis services in a nursing home or for children, the time period between services may be as few as 330 days for adults and 160 days for children.

### **Prophylaxis (D1110, D1120)**

Prophylaxis services are limited to one per six-month period for members through age 20 and one per 12-month period for members ages 21 and older.

## Members With Disabilities that Impair Their Ability to Maintain Oral Hygiene

For members with a permanent physical or developmental disability that impairs their ability to maintain oral hygiene, up to four prophylaxis services may be provided per 12-month period. Providers are required to retain documentation of the member's disability in his or her record.

### **Sealants**

The application of sealants is a method of preventing tooth decay.

ForwardHealth covers the application of sealants for the following:

- Members 20 years of age and younger without PA (prior authorization). Sealants are covered for tooth numbers/letters 2, 3, 4, 5, 12, 13, 14, 15, 18, 19, 20, 21, 28, 29, 30, 31, A, B, I, J, K, L, S, and T and are allowable for members 20 years of age and younger once every three years per tooth, per provider.

Sealants on teeth numbers 4, 5, 12, 13, 20, 21, 28, and 29 or tooth letters A, B, I, J, K, L, S, and T are not allowed for routine preventative reasons. Providers must document the high risk condition, oral health factors, or disability affecting the member's ability to perform daily oral health care in the dental record.

In all cases the provider must document the medical necessity for sealants in the member's dental record.

*Note:* ForwardHealth does not cover sealant repair (D1353 [sealant repair-per tooth]).

#### Allowable Procedure Code

Providers are required to indicate the application of sealants using CDT (Current Dental Terminology) procedure code D1351 (sealant - per tooth) on all PA requests and claims.

#### **Claims**

Tooth numbers are required on claims and PA.

Topic #2874

# **Space Maintenance**

Wisconsin Medicaid reimburses providers for space maintenance therapy. This service includes coverage of missing anterior teeth, bilateral missing posterior teeth, and unilateral missing posterior teeth.

A space maintainer which includes a stainless steel crown (loop or distal shoe types) is reimbursed as a spacer plus a stainless steel crown. When a stainless steel crown is used instead of a band, the stainless steel crown must be separately identified.

Space maintainers are allowable for members up to age 20 only.

### **Prosthodontics (Fixed)**

Topic #2903

## **An Overview**

Coverage of fixed prosthodontic services includes the following:

- Fixed partial denture pontics.
- Fixed partial denture retainers.
- Other fixed partial denture services.

The recementing of a fixed bridge, either of acid-etch retainer type or conventional crown/inlay/onlay retainers, is limited to permanent cementation.

PA (prior authorization) is required for fixed partial denture retainers, pontics, stress breakers and fixed partial denture repairs. Coverage is limited to members who cannot safely wear a removable partial denture due to a preexisting medical condition.

PA requests for fixed prosthetic services are only considered when the following criteria can be documented:

- The member cannot wear a removable partial or complete denture.
- The member has periodontally healthy teeth.

The following documentation must be submitted with a PA request for a fixed prosthodontic appliance:

- A minimum of periodontal charting and periapical radiographs of all abutment teeth.
- An explanation of unsuccessful wearing or attempt to wear a removable prosthetic appliance.
- Documentation that the member is physically, psychologically or otherwise indefinitely disabled or has a medical condition that imparts the treatment required (indicate in Element 4 of the Prior Authorization Dental Attachment 2).
- Periodontal case type (indicate in Element 12 of the Prior Authorization Dental Request form).

If necessary, diagnostic casts may be requested by BadgerCare Plus.

Topic #2904

## **Bridge Repair**

Repairing a fixed bridge requires PA (prior authorization). The PA request for repair of a fixed prosthetic device is considered *only* when the following criteria can be documented:

- The fixed bridge is functional.
- The member has periodontally healthy teeth.

### **Prosthodontics (Removable)**

Topic #2884

## An Overview

Coverage of removable prosthodontic services includes:

- Complete dentures.
- · Partial dentures.
- Repairs to complete dentures.
- Repairs to partial dentures.
- Denture reline procedures.
- Maxillofacial prosthetics.

Wisconsin Medicaid reimburses dental providers for allowable removable prosthodontic services identified by BadgerCare Plus.

When submitting claims for partial and complete dentures, the following requirements must be met:

- Providers may use the date of final impressions as the DOS (date of service), but may not submit claims to BadgerCare Plus until
  the prosthesis is inserted.
- Members must be eligible on the date the final impressions are made in order for the denture service to be covered. If eligibility issues arise, providers will be asked to verify this date through treatment progress notes.

Topic #3084

# **Custom Preparation of Maxillofacial Prosthetics**

The custom preparation of maxillofacial prosthetics is used to artificially replace the loss or absence of facial tissue or teeth due to disease, trauma, surgery, or a congenital defect.

ForwardHealth covers the custom preparation of maxillofacial prosthetics with <u>PA (prior authorization)</u> when rendered in an office setting by oral surgeons, orthodontists, pediatric dentist or prosthodontists.

Coverage is limited to once per six months.

#### Allowable Procedure Codes

Providers are required to indicate custom preparation of maxillofacial prosthetics on PA requests and claims using the most appropriate CPT (Current Procedure Terminology) procedure code listed below:

- 21088 (Impression and custom preparation; facial prosthesis)
- 21089 (Unlisted maxillofacial prosthetic procedure)

Topic #2888

## **Denture Repair Services**

BadgerCare Plus requests that dentists use discretion with denture repairs. Old, worn dentures with severely worn teeth or fractures due to age should be replaced. A PA (prior authorization) request with appropriate documentation must be submitted for replacement dentures.

Providers are required to indicate an area of the oral cavity modifier (01, maxillary or 02, mandibular).

Wisconsin Medicaid reimburses a maximum amount per member, per denture, per six-month period for the repair of complete or partial dentures.

If laboratory costs exceed the maximum reimbursement allowed, dentists may submit a claim or adjustment request with laboratory bills.

#### **Complete Denture Repairs**

Complete denture repairs include the following:

- Repair of broken complete denture base.
- Replacement of missing or broken teeth.

#### **Partial Denture Repairs**

Repairs to partial dentures include the following:

- Repair of resin denture base.
- Repair of cast framework.
- Repair or replace a broken clasp.
- Replace broken teeth.
- Add tooth to existing partial denture.
- Add clasp to existing partial denture.
- Replace all teeth and acrylic on cast metal framework.

#### **Noncovered Repairs**

The following repairs are not covered by BadgerCare Plus:

- Extensive repairs of marginally functional dentures.
- Repairs to a denture when a new denture would be better for the health of the member.

Topic #2889

#### **Edentulous Members**

If a member has been edentulous for more than five years and has never worn a prosthesis, then no denture is ordinarily approved unless the dentist submits the following:

- A favorable prognosis
- An analysis of the oral tissue status (e.g., muscle tone, ridge height, muscle attachments, etc.)
- Justification indicating why a member has been without a prosthesis

If a member has not worn an existing prosthesis for three years, no new prosthesis will usually be authorized unless unusual mitigating circumstances and medical necessity are documented and verified by a physician.

When a member has a history of an inability to tolerate and wear a prosthetic appliance due to psychological or physiological reasons, then a new prosthesis will not be approved.

Topic #2890

## **Full Dentures with Few Remaining Teeth**

Wisconsin Medicaid may reimburse for full dentures when a member has only one or two remaining teeth per arch if this treatment would maintain proper anchorage and if the denture could be converted to a full denture by a simple repair, in the event of tooth loss. The ForwardHealth dental consultant determines the appropriateness of this situation at the time prior authorization is requested.

Topic #2891

## **Healing Period After Tooth Extraction**

BadgerCare Plus requires a minimum of six weeks healing period after the last tooth extraction occurs in the arch in question before a final impression is made.

A PA (prior authorization) request for dentures may be approved before teeth are removed. The six-week healing period must still take place. If the six-week waiting period does not take place, payment for dentures is denied or recouped.

#### **Shorter Healing Period After Tooth Extraction**

A shorter healing period after an extraction may be approved or no healing period may be required if the PA request demonstrates that such approval is appropriate due to medical necessity, an unusual medical condition, that only a few teeth are extracted, or that extracted teeth are in noncritical areas such as the opposing arch.

BadgerCare Plus may grant a shortened healing period or require no healing period in limited situations for members who are employed with job duties that require public contact. In this situation, a statement from the employer indicating the job duties that require public contact must be included in the PA request.

To have a shorter healing period, a provider must request the shorter period at the same time the PA request for dentures is made.

Immediate upper complete denture or upper complete denture with shorter healing period is authorized and billed using procedure code D5110. Immediate lower complete denture or lower complete denture with shorter healing period is authorized and billed using procedure code D5120.

Topic #2892

## **Life Expectancy of Prostheses**

Generally, given reasonable care and maintenance, a prosthesis should last at least five years. Coverage of removable prosthodontic services is limited to one new full or partial denture per arch per five years unless unusual circumstances are documented with the PA (prior authorization) request. Providers and members should not expect to receive approval for a replacement prosthesis without adequate justification and documentation.

ForwardHealth assesses all cases that request early replacement of a prosthesis due to a member's poor adaptation to a new prosthesis, or poor quality workmanship by the provider.

Topic #2893

## Lost, Stolen, or Severely Damaged Prostheses

Removable prosthodontic services are provided at considerable expense to BadgerCare Plus. BadgerCare Plus does not intend to repeatedly replace lost, severely damaged, or stolen prostheses. PA (prior authorization) requests for lost, severely damaged, or stolen prostheses are only approved when:

- The member has exercised reasonable care in maintaining the denture.
- The prosthesis was being used up to the time of loss or theft.
- The loss or theft is not a repeatedly occurring event.
- A reasonable explanation is given for the loss or theft of the prosthesis.
- A reasonable plan to prevent future loss is outlined by the member or the facility where the member lives.

In these situations, BadgerCare Plus will reimburse only for the first lost, damaged, or stolen prosthesis per arch. Subsequent lost, damaged, or stolen prostheses are payable by the member.

#### **Prior Authorization Requirements**

When submitting a PA request involving a lost, stolen, or severely damaged prosthesis, give special attention to the need for the prosthesis. The request must include a police report, accident report, fire report, or hospital, nursing home, or group home (community based residential facility) administrator statement or member statement on the loss. Such statements should include how, when, and where the prosthesis was lost or damaged, and what attempts were made to recover the loss and plans to prevent future loss.

Topic #2895

## **Partial Dentures**

Wisconsin Medicaid reimburses for partial dentures *only* for members with good oral health and hygiene, good periodontal health (AAP (American Academy of Pediatrics) Type I or II), and a favorable prognosis where continuous deterioration of teeth and periodontal health is not expected.

A member qualifies for a partial denture if any of the following criteria are met:

- One or more anterior teeth are missing.
- The member has less than two posterior teeth per quadrant in occlusion with the opposing quadrant.
- The member has at least six missing teeth per arch, including third molars.
- A combination of one or more anterior teeth are missing, and the member has less than two posterior teeth per quadrant in occlusion with the opposing quadrant.
- The member requires replacement of anterior teeth for employment reasons.
- Medically necessary for nutritional reasons documented by a physician.
- Unusual clinical situations where a partial is determined to be necessary based on a comprehensive review of the dental and medical histories.

If placement of a partial denture in an arch provides at least two posterior teeth (posterior teeth are bicuspids and molars only) per quadrant in occlusion with the opposing quadrant, the opposing partial, if requested, may not be authorized unless the member also has an anterior tooth missing in that arch.

# **Prior Authorization Requirements**

PA (prior authorization) requests are required for the following:

- Complete dentures.
- · Partial dentures.
- Replacement of all teeth and acrylic on cast metal frame work.
- Unspecified maxillofacial prosthesis.
- Frequency limitations for dentures, partials, and relines.

#### **Complete and Partial Dentures**

PA requests for a removable prosthesis should explain the individual needs of the member and include the following information:

- The age of existing prosthesis (if applicable).
- The date(s) of surgery, edentulation, or date the last tooth or teeth were extracted.
- The adaptability of the member. When appropriate, specifically document why a member is not wearing an existing prosthesis, and why a new prosthesis will eliminate the problem.
- The appropriateness of repairing or relining the existing prosthesis.
- Any misutilization practice of the member.
- Documented loss or damage of prosthesis requiring replacement, if applicable, and how future loss will be prevented.

#### **Partial Dentures**

Complete periodontal charting and X-rays sufficient to show entire arch in question; the BadgerCare Plus consultant may request additional information such as diagnostic casts on a case-by-case basis.

PA requests for partial dentures must include the following information:

- Periodontal status (AAP Type I-V).
- Verification that all abscessed or non-restorable teeth have been extracted or are scheduled to be extracted.
- Verification that all remaining teeth are decay-free or the member is scheduled for all restorative procedures.
- Success potential for proper completion and long-term maintenance of the partial denture.
- Verification that no tooth requires root canal therapy or that the member is responsible for any necessary root canals.

BadgerCare Plus may request additional documentation including a physician's statement to verify the following for complete or partial dentures:

- The medical necessity and appropriateness of the PA request.
- The prosthesis is necessary for proper nourishment and digestion.
- The member is physically and psychologically able to wear and maintain the prosthesis.
- The previous dentures have become unserviceable or lost.

## **Unspecified Maxillofacial Prostheses**

Unspecified <u>maxillofacial prostheses</u> (D5999) require PA. PA requests for unspecified maxillofacial prostheses are approved based on medical necessity and appropriateness on a case-by-case basis. A laboratory bill and narrative must be included with the claim form.

### **Upgraded Partial Dentures**

Wisconsin Medicaid reimburses dentists for providing upgraded partial dentures (D5213 and D5214), according to the following guidelines:

- PA is always required.
- Reimbursement is at the maximum fee for the "standard" resin-base partial denture (D5211 and D5212).
- Reimbursement must be accepted as payment in full.
- Each dental office that provides the service must have written criteria based on medical necessity to determine who receives the upgraded service.
- All criteria must be applied consistently to all BadgerCare Plus members.

No provider is obligated to provide upgraded partial dentures.

Topic #2897

### **Prostheses Care Instructions**

As part of any removable prosthetic service, dentists are expected to instruct the member on the proper care of the prostheses. Six months of post-insertion follow-up care is included in the reimbursement for complete and partial dentures and relining complete and partial dentures.

Providers performing denture and partial denture adjustments after six months of post-insertion follow-up care may submit claims to ForwardHealth using procedure code D9110 for these services.

Topic #2898

## **Reline Services**

Relining complete and partial upper and lower dentures is limited to once every three years, per arch, when an existing denture is loose or ill fitting or there is considerable amount of tissue shrinkage or weight loss. Six months of post-insertion follow-up care is included in reimbursement for complete and partial dentures and relining complete and partial dentures.

The frequency limitation for relines may be exceeded in exceptional circumstances. Written justification must be included with the PA (prior authorization) request.

Note: Chair-side reline services are not covered by BadgerCare Plus.

Topic #2899

# Traumatic Loss of Teeth for Members Under Age 21

When a child experiences a traumatic loss of an anterior tooth or teeth (tooth numbers 6-11, 22-27), removable prostheses may be provided by <u>backdating</u> a PA request.

#### **Restorative Services**

Topic #2865

#### An Overview

Wisconsin Medicaid reimburses providers for restorative services (D2000-D2999). Restorations are expected to last for a reasonable time. Providers may exceed limitations *only* if a narrative on the submitted claim demonstrates the medical necessity for replacing a properly completed restoration.

BadgerCare Plus allowable dental restorative services include the following:

- Amalgam restorations.
- Resin-based composite restorations.
- Crowns single restorations.
- Other restorative services.

ForwardHealth denies claims for replacement restorations performed in less than the allowable timeframe that fail to include a statement indicating why the restoration was replaced.

When performing restorative services, dental providers must follow the limitations and requirements identified by BadgerCare Plus for allowable restorative procedures, along with the following standards and guidelines:

- A restoration is considered a two or more surface restoration when two or more actual tooth surfaces are involved, whether they
  are connected or not.
- Any single or combination of restorations on one surface of a tooth is considered as one surface for reimbursement purposes.
- For claims submission purposes, count the total number of tooth surfaces restored and list the surface letters on the claim, even when unrelated surfaces are restored.

Services that are not reimbursable as separate procedures or billable to the member include the following:

- Services considered part of the restoration, including:
  - o Base, copalite, or calcium hydroxide liners placed under a restoration.
  - o The acid etching procedure for composite restorations or amalgam bonding.
- Local anesthesia, which is included in the restorative service fee.
- Sedative filling in conjunction with pulpotomy, endodontice therapy, or apexification.

Topic #2876

#### **Crowns**

BadgerCare Plus allowable crowns include anterior resin-based composite crowns, full-cast predominantly base metal crowns (upgraded crowns), prefabricated resin crowns, prefabricated stainless steel crowns with resin window, and prefabricated aesthetic coated stainless steel crowns. Dentists are not obligated to provide upgraded crowns.

For cases where Medicaid reimbursement for an upgraded crown (D2791) is less than the laboratory fee, providers may initiate reconsideration of an allowed claim by submitting an <u>Adjustment/Reconsideration Request (F-13046 (07/12))</u> along with a copy of the laboratory bill to receive additional reimbursement — up to the amount of the laboratory fee.

# **Temporary Sedative Fillings**

Temporary sedative fillings in conjunction with root canal procedures are reimbursed as part of the root canal procedure and are not separately reimbursable. They are not considered a small base before placement of a permanent restoration.

Topic #2877

# **Unspecified Restorative Procedures**

Providers are required to include a periapical radiograph of the involved tooth or teeth with any PA (prior authorization) request for unspecified restorative procedures (D2999).

### **Submission Requirements**

Individual Eligible Professionals are required to upload to the Wisconsin Medicaid EHR Incentive Program application. Organizations attesting on behalf of **more than one** Eligible Professional may either upload the CEHRT documentation to each application or submit the documentation once, via secure email, with a list of all Eligible Professionals to whom the documentation applies.

#### **Uploading Documentation**

Organizations that are uploading supporting documentation are required to upload it through the Application Submission (Part 1 of 2) page in the Submit section of the Wisconsin Medicaid EHR Incentive Program application. Organizations are strongly encouraged to upload their supporting documentation as a Microsoft<sup>®</sup> Excel spreadsheet, although Microsoft<sup>®</sup> Word, and PDF files can also be uploaded. Topic #12037

## Overview of the EHR Incentive Program

The EHR (Electronic Health Record) Incentive Program was established under the American Recovery and Reinvestment Act of 2009, also known as the "Stimulus Bill," to encourage certain eligible health care professionals and hospitals to adopt and become meaningful users of CEHRT (Certified Electronic Health Record Technology).

Under the American Recovery and Reinvestment Act of 2009, Medicare and Medicaid have separate EHR incentive programs. All Eligible Professionals must be Wisconsin Medicaid-enrolled in order to participate in the Wisconsin Medicaid EHR Incentive Program in a given Program Year. Eligible Professionals may participate in only one state's Medicaid EHR Incentive Program. Eligible Professionals should apply for EHR payments from the state with which they do most of their business.

Eligible Professionals must first register through the CMS (Centers for Medicare and Medicaid Services) R&A (Medicare and Medicaid Electronic Health Record Incentive Program Registration and Attestation System) system. Eligible Professionals may then apply with the Wisconsin Medicaid EHR Incentive Program. All Wisconsin Medicaid EHR Incentive Program applications will be submitted through the secure Provider area of the ForwardHealth Portal.

Payments to Eligible Professionals will be made within 45 calendar days of the approval of a completed and submitted application. Participating Eligible Professionals may receive an incentive payment once per calendar year.

The Wisconsin Medicaid EHR Incentive Program was first made available for Eligible Professionals in 2011 and will be available through 2021. The last date Eligible Professionals were allowed to initially register to begin receiving incentive payments for adopting, implementing, and upgrading EHR technology was December 31, 2016. Eligible Professionals may participate for a total of six years in the Wisconsin Medicaid EHR Incentive Program. Eligible Professionals are encouraged, but not required, to participate in all six allowed payment years.

The Wisconsin Medicaid EHR Incentive Program payment years are defined as calendar years and are composed in the following way:

- First payment year: Eligible Professionals can apply for incentive payments for adopting, implementing, upgrading, demonstrating Meaningful Use of CEHRT.
- Second payment year: Eligible Professionals are required to demonstrate Meaningful Use of CEHRT during any 90-day, continuous period during the payment year.
- Third—sixth payment year: Eligible Professionals are required to demonstrate Meaningful Use of CEHRT for either a 90-day period or the full calendar year depending on the stage of Meaningful use to which they attest and the <a href="Program Year of that">Program Year of that</a> attestation.

Eligible Professionals are not required to participate in consecutive years of the Wisconsin Medicaid EHR Incentive Program. For example, an Eligible Professional may have registered and completed all requirements for their first year in 2011 and received a payment but then waited until 2013 to demonstrate Meaningful Use during a 90-day, continuous period for the second payment year.

All information submitted on the Wisconsin Medicaid EHR Incentive Program application is subject to audit at any time.

*Note:* Emails from the Wisconsin Medicaid EHR Incentive Program are sent to the contact person provided during the Medicare and Medicaid EHR Incentive Program Registration and Attestation System process. The name indicated in the "From" line for these emails is *DHSEHRIncentiveProgram@dhs.wisconsin.gov*.

### **Appeals**

Topic #12137

## **Appeals Process**

To file an appeal, the Eligible Professional or Hospital should log into the secure ForwardHealth Portal and select the new quick link called the "Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program Appeal" on the secure Portal homepage.

Eligible Professionals and Hospitals (or an authorized preparer) filing a Wisconsin Medicaid EHR Incentive Program appeal should have the following information on hand when initiating an appeal:

- The NPI (National Provider Identifier) of the Eligible Hospital or Eligible Professional submitting the appeal.
- The payment year for which the appeal is being submitted.
- The name, telephone number, email address, and the preferred method of contact of the person submitting the appeal (i.e., the Eligible Hospital, Eligible Professional, or authorized preparer).

Once the Wisconsin Medicaid EHR Incentive Program has validated that the NPI matches a current application, the Eligible Professional or Hospital will then be able to select the reason to appeal from a drop-down list of reasons or will be able to provide a statement in a free-form comment box.

If the Wisconsin Medicaid EHR Incentive Program cannot match the NPI supplied with a current application, the Eligible Professional or Hospital will receive the following message: "A Wisconsin Medicaid EHR Incentive Program application that is denied or approved for payment is not found for the Eligible Hospital/Professional submitted. Please verify the information entered. If you believe this message was received in error, contact Provider Services." The Eligible Professional or Hospital should then contact Provider Services.

After selecting the reason for the appeal or providing a statement in the free-form comment box, the Eligible Professional or Hospital will then be able to upload any relevant supporting documentation in support of their appeal. This documentation may include any PDF (Portable Document Format) files up to 5 MBs each. Eligible Hospitals and Eligible Professionals should note that they must upload all relevant supporting documentation at the time of submission, as they will not be able to return to the appeal application to upload any documentation after submitting the appeal. Eligible Professionals and Eligible Hospitals will also have the option of creating a PDF of their appeal for their files.

After submission of the appeal, Eligible Professionals or Hospitals will receive a tracking number that is assigned to each appeal. Eligible Professionals and Hospitals should have this tracking number on hand to reference if they need to contact Provider Services regarding their appeal.

Once an appeal has been filed, the Eligible Professional or Hospital will receive an e-mail confirming the receipt of the appeal request and a second e-mail confirming that the appeal request has been adjudicated. The Wisconsin Medicaid EHR Incentive Program will communicate the appeal determination through a decision letter, sent to the address provided during Wisconsin Medicaid EHR Incentive Program application process, within 90 days of receipt of all information needed to make a determination. The decision letter will state whether the appeal has been denied or approved.

Topic #12477

## **Clinical Quality Measures Overview**

CQMs (clinical quality measures) are tools that help measure or quantify health care processes, outcomes, patient perceptions, organizational structures, and systems that are associated with the ability to provide high-quality health care. Although CQMs are reported separately from Meaningful Use measures, all Eligible Professionals are still required to report CQMs in order to demonstrate Meaningful Use successfully.

CMS (Centers for Medicare and Medicaid Services) has defined CQMs that must be reported and has defined recommended core sets of CQMs, one for adults and one for children, based on the analysis of several factors, including the following:

- · Conditions that contribute to the morbidity and mortality of the most Medicare and Medicaid beneficiaries
- Conditions that represent national public health priorities
- · Conditions that are common to health disparities
- Conditions that disproportionately drive health care costs and could improve with better quality measurement
- Measures that would enable CMS, states, and the provider community to measure quality of care in new dimensions, with a stronger focus on parsimonious measurement
- Measures that include patient and/or caregiver engagement

Eligible Professionals are encouraged to report on the <u>recommended core set of CQMs</u> that apply to their scope of practice and patient population.

Additionally, CMS selected all CQMs to align with the HHS (Department of Health and Human Services)'s National Quality Strategy priorities for health care quality improvement. These priorities have been placed into the following six domains:

- Person and caregiver-centered experience and outcomes
- · Patient safety
- Communication and care coordination
- Community/population health
- Efficiency and cost reduction
- Effective clinical care

Of the 53 approved CQMs, Eligible Professionals are required to report on six.

Zero is an acceptable value for the CQM denominator, numerator, and exclusion fields and will not prevent an Eligible Professional from demonstrating Meaningful Use or receiving an incentive payment. Eligible Professionals can meet the CQM requirements even if one or more CQM has "0" in the denominator, provided that this value was produced by CEHRT (certified electronic health record technology).

See the <u>CMS Clinical Quality Measure Basics page of the CMS website</u> to learn more about reporting CQMs. For a complete listing of CQMs, refer to the <u>eCQM Library page of the CMS website</u>.

#### **Clinical Quality Measure Reporting Period**

The CQM reporting period for Meaningful Use for Program Year 2017 for all Eligible Professionals is any continuous 90-day period between January 1, 2017, and December 31, 2017.

# Wisconsin Medicaid-Recommended Clinical Quality Measures

Eligible Professionals report CQMs (clinical quality measures) through attestation at an aggregate level. Wisconsin Medicaid recommends Eligible Professionals report on the following priority CQMs. Wisconsin Medicaid highly recommends that Eligible Professionals report measures marked with an "A" in the Wisconsin Medicaid Recommendations column because those measures closely align with Medicaid's initiatives and priorities. Additionally, Wisconsin Medicaid recommends that Eligible Professionals report measures marked with a "B" in the Wisconsin Medicaid Recommendations column because those measures have been identified as potential future areas of interest for Wisconsin Medicaid.

# **Eligible Professionals for EHR Incentive Program**

To be eligible to participate in the Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program, an Eligible Professional must be enrolled in Wisconsin Medicaid as one of the following:

- Advanced practice nurse prescriber with psychiatric specialty.
- Dentist.
- Nurse midwife.
- Nurse practitioner.
- Physician.
- PAs (physician assistants). Only PAs practicing in an FQHC (federally qualified health center) or RHC (rural health clinic) are considered Eligible Professionals.

*Note*: Under the federal law, only PAs practicing in an FQHC or RHC that is so led by a PA are considered Eligible Professionals. "So led" is defined in the federal regulation as one of the following:

- When a PA is the primary provider in a clinic.
- When a PA is a clinical or medical director at a clinical site of practice.
- When a PA is an owner of an RHC.

Eligible Professionals who are able to demonstrate that they funded the acquisition of the CEHRT (Certified Electronic Health Record Technology) they are using without reimbursement from an Eligible Hospital and provide more than 90 percent of their services in POS (place of service) 21 (Inpatient Hospital) or 23 (Emergency Room — Hospital) are eligible to participate in the Wisconsin Medicaid EHR Incentive Program. Hospital-based Eligible Professionals are required to upload one of the following documents as part of the application process:

- Receipt or proof of purchase detailing the CEHRT, including the vendor, product, and version number.
- Contract or lease detailing the CEHRT, including the vendor, product, and version number.

# 835 Health Care Claim Payment/Advice Transaction

To assist trading partners in identifying Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program payments received for an Eligible Professional or organizations on the 835 (835 Health Care Claim Payment/Advice) transaction, the NPI (National Provider Identifier) of the Eligible Professional approved to receive the Wisconsin Medicaid EHR Incentive Program payment will appear in segment PLB01 of the 2110 Loop. The PLB03-1 segment identifies the adjustment reason code. A code of LS will represent a positive incentive payment while a code of WO will represent a recovery of a previously paid incentive payment. The PLB04 segment will represent the monetary amount that is either paid or recouped based on the Adjustment Reason Code displayed in PLB03-1.

Topic #12118

#### **Electronic Funds Transfer**

Eligible Professionals who assign payments to themselves as individuals may elect to receive paper checks but are encouraged to set up an EFT (electronic funds transfer). EFTs allow ForwardHealth to directly deposit payments into the group's or Eligible Professional's designated bank account for a more efficient delivery of payments. An EFT is secure, eliminates paper, and reduces the uncertainty of possible delays in mail delivery.

Eligible Professionals that assign payments to an organization or clinic must supply the organization's EFT number. Organizations receiving payment from an Eligible Professional may only receive incentive payments through their existing EFT account.

Refer to the Electronic Funds Transfer User Guide on the Portal User Guides page of the Portal for information on EFT enrollment.

# Example of a Six-Year Payment Schedule for an Eligible Professional

Eligible Professionals who complete all the requirements for each applicable payment year will receive incentive payments in lump sums, as listed in the following table. Eligible Professionals may begin registering for the Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program beginning in 2011 and up until 2016.

# **Incentive Payment Information**

Eligible Professionals who meet all of the requirements will receive an incentive payment once per calendar year. Eligible Professionals must assign payment to either themselves or their organization's federal TIN (tax identification number).

Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program payments for Eligible Professionals may only be assigned to either the Eligible Professional themselves or the group practice assigned for the pay-to address on the Wisconsin Medicaid provider file. Eligible Professionals should ensure that the most current group practice is assigned for the pay-to address. Eligible Professionals can check this information via their ForwardHealth Portal Account in the "Demographic" section.

## **Remittance Advice**

### **Financial Transactions Section**

Eligible Professionals and Eligible Hospitals will see the following information under the "Non-Claim Specific Payouts to Payee" section within the financial transactions page of the TXT (text) version of the RA (Remittance Advice) as well as within Section 130 of the CSV (comma-separated value) downloadable file:

- All Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program payments will appear under the "Non-Claim Specific Payouts to Payee" section of the RA.
- Amounts identified with the Reason Code 0247 will designate the amount as a Wisconsin Medicaid EHR Incentive Program
  payment.
- Amounts identified with the Reason Code 0248 will designate the amount as a Wisconsin Medicaid EHR Incentive Program
  positive adjustment.
- Payments reported in this section are processed and mean the same as any other ForwardHealth payment identified within this section.
- A new field has been added, called "Related Provider ID," to identify the NPI (National Provider Identifier) of the individual Eligible Professional approved to receive the Wisconsin Medicaid EHR Incentive Program payment.

Eligible Professionals and Eligible Hospitals will see the following information on the "Accounts Receivable" section within the Financial Transactions page of the TXT version of the RA as well as within Section 150 of the CSV downloadable file:

If a negative adjusting entry is required to adjust the original Wisconsin Medicaid EHR Incentive Program incentive payment
issued, an Accounts Receivable transaction will be generated to initiate the adjusting entry. All Wisconsin Medicaid EHR
Incentive Program payment adjustments will be identified with the Reason Code 0265 (EHR Payment Adjustment). The
Wisconsin Medicaid EHR Incentive Program payments are subject to recoupment as a result of any monies owed to
ForwardHealth.

• The Wisconsin Medicaid EHR Incentive Program payment adjustments are processed and report on the RA as they do today under the Accounts Receivable section.

### **Summary Section**

The Earnings Data section on the Summary section of the TXT version of the RA and the Sections 160 (Summary Net Payments) and Section 180 (Summary Net Earnings) of the CSV downloadable file will include the Wisconsin Medicaid EHR Incentive Program payments and adjustments reported on the Financial Transactions section. The process for calculating and reporting the net payments and earnings for the Summary section has not changed.

## Meaningful Use of Certified EHR Technology

Topic #13357

# **Definition of Meaningful Use**

The Medicare and Medicaid EHR (Electronic Health Record) Incentive Programs provide a financial incentive for the Meaningful Use of certified technology to achieve health and efficiency goals. By implementing and using EHR systems, Eligible Professionals can also expect benefits beyond financial incentives, such as reduction of clerical errors, immediate availability of records and data, clinical decision support, and e-prescribing and refill automation.

The American Recovery and Reinvestment Act of 2009 specifies three main components of Meaningful Use:

- The use of a certified EHR in a meaningful manner, such as e-prescribing
- The use of CEHRT (Certified Electronic Health Record Technology) for electronic exchange of health information to improve quality of health care
- The use of CEHRT to submit clinical quality and other measures

In short, Meaningful Use means Eligible Professionals need to demonstrate that they are using EHR technology in ways that can be measured in quality and quantity.

Beginning in 2017, Eligible Professionals are required to attest to cooperation with the following policies:

- Demonstration of supporting information exchange and prevention of information blocking
- Demonstration of good faith with a request relating to the Office of the National Coordinator for Health Information Technology direct review of CEHRT (Certified Electronic Health Record Technology)

Topic #13358

# **Electronic Health Record Reporting Period for Meaningful Use**

The EHR (Electronic Health Record) reporting period is defined as the timeframe when Eligible Professionals report Meaningful Use to the Wisconsin Medicaid EHR Incentive Program. Each Program Year of the EHR Incentive Program follows different rules for determining the EHR reporting period. These are defined as follows:

- In Program Year 2017, the EHR reporting period for Eligible Professionals is any continuous 90 days between January 1, 2017, and December 31, 2017.
- In Program Year 2018, the EHR reporting period for Eligible Professionals is any continuous 90 days between January 1, 2018, and December 31, 2018.
- In Program Year 2019 and subsequent Program Years, the EHR reporting period for all Eligible Professionals, except new
  meaningful users, will be the full calendar year from January 1, 2019, through December 31, 2019. New meaningful users will be
  allowed to select any continuous 90-day period as their EHR reporting period.

Topic #13377

# Meaningful Use Criteria Overview

CMS (Centers for Medicare and Medicaid Services) has split the Meaningful Use criteria into separate stages that have been introduced

over the course of the EHR (electronic health record) Incentive Program through the federal rulemaking process.

- Stage 1 sets the baseline for electronic data capture and information sharing.
- Stage 2 and Modified Stage 2 advance clinical practices and further promote information sharing.
  - The CMS established a modified set of criteria for attestation in Program Years 2015 through 2017, known as Modified Stage 2. Modified Stage 2 replaces the core and menu structure of Stages 1 and 2 with a single set of objectives and measures, and establishes several other changes to the EHR Incentive Program.
  - Eligible Professionals will no longer attest to Stage 1 and Stage 2 criteria. <u>Archived versions</u> of the Online Handbook containing previous attestation criteria are available for audit purposes.
- Stage 3 uses advanced clinical practices to improve outcomes.

## **Meaningful Use Supporting Documentation**

Beginning in Program Year 2017, Eligible Professionals are required to submit Meaningful Use measure reports to support attestation. Required documentation includes:

- SRA (Security Risk Assessment) documentation. The SRA must be completed prior to December 31, 2017. For groups, practices may provide one SRA for all of their Eligible Professionals.
- Use report(s) supporting all Meaningful Use percentage-based measures (with numerators and denominators) and/or any other source material used by the Eligible Professionals to enter the Meaningful Use measure numerators and denominators.

*Note*: Eligible Professionals are not required to submit documentation supporting their CQMs (Clinical Quality Measures). Beginning in Program Year 2017, all Eligible Professionals are required to submit documentation to support Objective 1, Protect Patient Health Information, and All Meaningful Use percentage-based measures entered in the Attestation section of the application.

Applicable percentage-based measures include:

Modified Stage 2	Stage 3
<ul> <li>Objective 3: Computerized Provider Order Entry</li> <li>Objective 4: Electronic Prescribing, Measure 1</li> <li>Objective 5: Health Information Exchange, Measure 1</li> <li>Objective 6: Patient-Specific Educaion, Measure 1</li> <li>Objective 7: Medication Reconciliation, Measure 1</li> <li>Objective 8: Patient Electronic Access, Measures 1 and 2</li> <li>Objective 9: Secure Electronic Messaging, Measure 1</li> </ul>	<ul> <li>Objective 2: Electronic Prescribing, Measure 1</li> <li>Objective 4: Computerized Provider Order Entry, Measures 1-3</li> <li>Objective 5: Patient Electronic Access to Health Information, Measures 1 and 2</li> <li>Objective 6: Coordination of Care through Patient Engagement, Measures 1-3</li> <li>Objective 7: Health Information Exchange, Measures 1-3</li> </ul>

Eligible Professionals should use SRA documentation and Meaningful Use reports to demonstrate that requirements were met for Meaningful Use measures during the 90-day EHR reporting period selected. For percentage-based measures, Eligible Professionals' EHR will electronically record the numerator and denominator and generate a report that includes the numerator, denominator, and percentage. If their Meaningful Use reports do not support the exact data entered in the Attestation section of the application, Eligible Professionals may also submit any other source material used to enter the Meaningful Use measure numerators and denominators.

Eligible Professionals are not required to submit documentation supporting their CQMs.

The following table further describes the acceptable types of documentation:

Documentation Type	Documentation Description	Submission Method	Required
Security Risk Analysis	For Objective 1, Protect Patient Health Information, supply detail on security risk analysis including:  • Approach for assessment • Results of the assessment • Indication of who performed the assessment  Detail on security update performed as a result of the security risk analysis including, but not limited to:  • Update made • Date made  Note: No exclusion is available for this objective.	Upload or email	Yes
Meaningful Use Reports	<ul> <li>Percentage-based measures</li> <li>Any claimed exclusions where the report displays a "0" for the or the report displays a denominator that is less than a threshold specified in the measure exclusion criteria. (For example, if the requirement states that an exclusion may be used by an Eligible Professional with "less than 100 orders" and the report supports that the Eligible Professional had less than 100 orders.)</li> <li>If Eligible Professionals' Meaningful Use reports do not support the exact data entered in the Attestation section of the application, they may also submit any other source materials used to enter the Meaningful Use measure numerators and denominators.</li> </ul>	Upload or email	Yes

## **Meaningful Use Audit Documentation**

All information is subject to audit at any time and must be retained by Eligible Professionals for six years post-attestation. If selected for an audit, the applicant must be able to supply <u>supporting documentation</u>.

Topic #19197

# Requirements for Modified Stage 2 Meaningful Use

The requirements for Modified Stage 2 contain 10 objectives for Eligible Professionals, including one consolidated public health reporting objective. Each objective has one or more measures to which Eligible Professionals are required to attest.

Information for Eligible Professionals regarding objectives and measure specifications is available in the <u>CMS (Centers for Medicare and Medicaid Services) 2017 Specification Sheets.</u>

## **Responses for Meaningful Use Measures**

Eligible Professionals will have three different types of responses to Meaningful Use measures:

- · Yes or no
- Attest to exclusions (any measure not applicable to the Eligible Professional's practice)
- Numerators and denominators

### **Exclusions**

Some Meaningful Use objectives are not applicable to every Eligible Professional's clinical practice; therefore, no patients or actions would be eligible for the measure denominator. In these cases, the Eligible Professional would be excluded from having to meet that measure. For example, Objective 2 Measure 2 is to "Enable and implement the functionality for drug-drug and drug-allergy interaction checks for the entire EHR reporting period." An Eligible Professional who writes fewer than 100 medication orders during the EHR reporting period may select the exclusion to this measure.

The Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program recommends that Eligible Professionals review the exclusions on the CMS Specification Sheets to see if they appropriately satisfy the exclusion criteria.

*Note:* In the event of an audit, Eligible Professionals will need to support their attestation by providing documentation showing they satisfy the appropriate exclusion criteria. Refer to the Modified Stage 2 Meaningful Use Supporting Documentation Topic for examples of supporting documentation an Eligible Professional would be expected to provide if selected for an audit.

### **Numerators and Denominators**

When entering percentage-based measures, the calculation to determine the Meaningful Use numerator and denominator will vary by measure. Eligible Professionals should refer to the CMS Specification Sheets for a clear definition of a Meaningful Use numerator and denominator prior to completing the Wisconsin Medicaid EHR Incentive Program application.

*Note:* Meaningful Use numerators and denominators include the number of relevant patients as defined in the Specification Sheets, not just Medicare and Medicaid patients.

Topic #19217

## **Consolidated Public Health Objective**

For Modified Stage 2 Meaningful Use in Program Years 2015 through 2017, Eligible Professionals are required to attest to a consolidated public health objective, which has three measure options. The following is an overview of the public health reporting objective for Eligible Professionals with details on how to successfully demonstrate active engagement and obtain supporting documentation for public health reporting.

#### **Public Health Reporting Objective and Measures**

The public health reporting objective requires Eligible Professionals to demonstrate active engagement with a public health agency to submit electronic public health data from CEHRT (certified electronic health record technology). The following table shows the three measure options that make up the public health reporting objective.

Measure Number and Name	Measure Specification	Maximum Times Measure Can Count	Exclusion Criteria
Measure 1 — Immunization	The Eligible Professional is in active engagement with a	1	At least one of the following is true:
Registry Reporting	public health agency to submit immunization data.		<ul> <li>Does not administer any immunizations during the EHR reporting period.</li> <li>Operates in a jurisdiction for which no immunization registry is capable of accepting the specific Meaningful Use standards at the start of the EHR reporting period.</li> <li>Operates in a jurisdiction where no</li> </ul>

			immunization registry has declared readiness at the start of the EHR reporting period.
Measure 2 — Syndromic Surveillance Reporting	The Eligible Professional is in active engagement with a public health agency to submit syndromic surveillance data.	1	<ul> <li>At least one of the following is true:</li> <li>Is not in a category of providers from which ambulatory syndromic surveillance data is collected by their jurisdiction.</li> <li>Operates in a jurisdiction for which no public health agency is capable of receiving electronic syndromic surveillance data per specific Meaningful Use standards at the start of the EHR reporting period.</li> <li>Operates in a jurisdiction where no public health agency has declared readiness to receive syndromic surveillance data at the beginning of the EHR reporting period.</li> </ul>
Measure 3 — Specialized Registry Reporting*	The Eligible Professional is in active engagement with a public health agency to submit data to a specialized registry.	2	<ul> <li>At least one of the following is true:</li> <li>Does not diagnose or treat any disease or condition associated with, or collect relevant data that is required by, a specialized registry in their jurisdiction during the EHR reporting period.</li> <li>Operates in a jurisdiction for which no specialized registry is capable of accepting electronic transaction in the specific Meaningful Use standards at the start of the EHR reporting period.</li> <li>Operates in a jurisdiction where no specialized registry for which the Eligible Professional is eligible has declared readiness to receive electronic registry transactions at the start of the EHR reporting period.</li> </ul>

\*Note: In determining whether an Eligible Professional meets the first exclusion, the registries in question are those sponsored by the public health agencies with jurisdiction over the area where the Eligible Professional practices and by national medical societies covering the Eligible Professional's scope of practice. Therefore, an Eligible Professional is required to complete a minimum of two actions in order to determine available registries or claim an exclusion: 1) determine if the jurisdiction (state, territory, etc.) endorses or sponsors a registry, and 2) determine if a National Specialty Society or other specialty society with which the provider is affiliated endorses or sponsors a registry. Specialized registries sponsored by Wisconsin can be found on the <u>Public Health Meaningful Use</u> website.

Eligible Professionals in Program Years 2016 and 2017 are required to attest to any two of the three measures.

### **Demonstrating Active Engagement for Public Health Reporting**

For the Modified Stage 2 public health reporting objective, Eligible Professionals are required to be in active engagement with a public health agency to submit electronic public health data from CEHRT. Active engagement means the Eligible Professional is progressing toward sending production data or is sending production data to a public health agency or clinical data registry. Submitting production data shows that an Eligible Professional regularly reports data generated through clinical processes involving patient care from CEHRT to a public health program using appropriate standards and specifications.

An Eligible Professional can meet a public health reporting measure by registering to submit data and demonstrating any of the following Modified Stage 2 active engagement options\*:

- Option 1 Completed Registration to Submit Data: The Eligible Professional registered to submit data with the public health agency or, where applicable, with the clinical data registry to which the information is being submitted; registration was completed no later than 60 days after the start of his or her EHR reporting period; and the Eligible Professional is awaiting invitation to begin testing and validation. With this option:
  - Eligible Professionals are able to meet the measure even when the public health agency or clinical data registry has limited resources to initiate the testing and validation process.
  - Eligible Professionals are able to meet the measure by registering their intent to report with a registry if a registry declares readiness at any point in the calendar year after the initial 60 days. (However, if an Eligible Professional had already planned to exclude based on the registry not being ready to allow for registrations of intent within the first 60 days of the reporting period, he or she may still exclude for that calendar year.)
  - Eligible Professionals who have completed registration in previous years do not need to submit a new registration to meet this requirement for each EHR reporting period as long as the registration accurately reflects their intent to submit data. Eligible Professionals whose completed registrations do not accurately reflect their intent to submit data for a public health measure are required to update their registration no later than 60 days after the start of their EHR reporting period.

For example, if an Eligible Professional previously only registered intent to submit immunization data and has now decided to also attest to the specialized registry measure for cancer reporting, the Eligible Professional will have to update the existing registration.

- Option 2 Testing and Validation: The Eligible Professional is in the process of testing and validation of the electronic submission of data.
- Option 3 Production: The Eligible Professional has completed testing and validation of the electronic submission and is electronically submitting production data to the public health agency or clinical data registry.

\*Note: The active engagement options included in Modified Stage 2 replace the ongoing submission requirement in Stage 2; however, they should not be considered mutually exclusive. Eligible Professionals who have already planned for and/or acted toward meeting any of the previous Meaningful Use requirements (Stage 1 or Stage 2 public health reporting objectives) may use those actions to count toward meeting the active engagement options under Modified Stage 2. Multiple exclusions apply.

### **Public Health Reporting Exclusions**

There are multiple exclusions for each of the public health reporting measures. Claiming an exclusion for a measure does not count toward the total number of public health reporting measures an Eligible Professional is required to meet. Instead, to meet the public health objective, an Eligible Professional is required to do one of the following:

- Demonstrate active engagement with a public health agency for at least the minimum number of measures for his or her scheduled stage.
- Demonstrate active engagement with a public health agency for less than the minimum number of measures for his or her scheduled stage, and claim an applicable exclusion for all remaining measures.

Note: Eligible Professionals cannot attest to meeting an active engagement measure and claim an exclusion for the same measure.

Eligible Professionals who do not collect appropriate or relevant data to submit to a public health agency may be able to claim an exclusion or pick another public health reporting measure. If an Eligible Professional meets the exclusion criteria, he or she can claim the exclusion to the measure. If an Eligible Professional is part of a group that submits data to a registry, but the Eligible Professional does not contribute to that data (e.g., does not administer immunizations), the Eligible Professional should not attest to meeting the measure and should claim the exclusion.

Although exclusions are available for the public health reporting measures, the Wisconsin Medicaid EHR Incentive Program does not formally grant exclusions to Eligible Professionals or offer documentation for Eligible Professionals to use when claiming an exclusion. Eligible Professionals are required to self-attest to exclusions in the attestation system based on CMS exclusion criteria. It is the Eligible Professional's responsibility to claim an exclusion and maintain the proper documentation to substantiate the attestation.

### **Public Health Reporting Alternate Exclusions**

In Program Year 2016, all Eligible Professionals demonstrating meaningful use have the option of using alternate exclusions for one or more public health reporting measures if they did not intend to attest to the equivalent menu measure under previous Meaningful Use requirements. The following table contains the requirements for meeting the public health objective for Modified Stage 2 in Program Year 2015.

Requirements for Public Health Objective		
Minimum Number of Measures	2	
Measures Eligible for an Alternate Exclusion	Measure 2 or Measure 3	
Maximum Number of Alternate Exclusions	2	

Topic #19218

### **Registration for Public Health Program**

All Eligible Professionals participating in Meaningful Use (regardless of scheduled stage) should register with DPH (Wisconsin Division of Public Health) for the public health program and/or registry (e.g., immunizations) to which they intend to electronically submit data. In January 2014, DPH launched PHREDS (Public Health Registration for Electronic Data Submission System), a Microsoft<sup>®</sup> SharePoint<sup>®</sup> site where Eligible Professionals register their intent to submit data from CEHRT to a public health program/registry. Eligible Professionals who would like to electronically submit data from CEHRT to a public health program are required to register through PHREDS.

After a registration form is successfully submitted in PHREDS, Eligible Professionals receive a registration confirmation email and are put into a queue with the public health registries for which they have registered. Eligible Professionals in the queue will await an invitation from registry personnel to begin the onboarding process. Onboarding is the testing and validation process Eligible Professionals and public health programs engage in prior to the achievement of ongoing submission of production data. Each registry has a separate process for onboarding Eligible Professionals, but all use PHREDS to manage registrations and the onboarding queue.

In order to meet active engagement option one, all Eligible Professionals who collect the appropriate data should register their intent to submit data to the relevant public health registry no later than 60 days after the start of their EHR reporting period. Based on the registry's onboarding policies, Eligible Professionals may not be invited to further participate in the onboarding process before their EHR reporting period ends; however, they will have successfully demonstrated the public health reporting objective criteria for Active Engagement Option 1 — Completed Registration to Submit Data (and would not have to claim an exclusion).

#### **Meaningful Use Acknowledgements for Public Health Programs**

Meaningful Use Acknowledgements are the mechanism DPH uses to acknowledge that Eligible Professionals have registered, completed a test, or reached ongoing submission of production data from CEHRT. The Wisconsin Medicaid EHR Incentive Program strongly encourages Eligible Professionals to retain these documents (i.e., registration confirmation email and Acknowledgements file) because they are the only forms of documentation produced by DPH for this purpose.

The Wisconsin Medicaid EHR Incentive Program also recommends that all Eligible Professionals save a copy of the Acknowledgements file (in Excel format) dated after the end of their EHR reporting period, even if they are still in the onboarding queue or have achieved ongoing submission of production data. In the event of an audit, Eligible Professionals will use the Acknowledgments file to substantiate their Meaningful Use attestation. The auditor will want to see an Acknowledgments file dated after the end of the EHR reporting period being audited, to confirm the organization's or site's active engagement status with the public health registry at that time. To facilitate the audit process, all Eligible Professionals are encouraged to save a printed or PDF copy of the PHREDS page explaining the contents of the Acknowledgements file.

### **Specialized Registries**

Modified Stage 2 allows for a wide range of reporting options now and in the future, explicitly stating that Eligible Professionals may

choose to report to clinical data registries to satisfy the measure. This means the category of specialized registries used to satisfy the specialized registry measure is not limited to those sponsored by state or local public health agencies, and Eligible Professionals may work with specialized registries outside of DPH to satisfy the Specialized Registry Reporting measure. The registries outside of DPH might include applicable registries sponsored by the Centers for Disease Control and Prevention, national medical specialty organizations, patient safety organizations, and/or quality improvement organizations. This flexibility in use of specialized registries allows Eligible Professionals to continue in the direction they may have already planned for reporting to specialized registries.

The DPH does not provide registration, administrative onboarding, compliance, or audit support to Eligible Professionals trying to meet the Specialized Registry Reporting measure if the an Eligible Professional has chosen to use a registry outside of those offered by DPH. Eligible Professionals are strongly encouraged to consider the availability of supporting documentation before attesting to the use of a specialized registry outside of those offered by DPH. In order to be considered a specialized registry by the Wisconsin Medicaid EHR Incentive Program, the agency/registry must:

- Publicly declare readiness to receive electronic data submissions.
- Publicly declare the ability to support the registration/onboarding and production processes.
- Provide proper documentation to providers to support active engagement.

Documentation maintained by an Eligible Professional to support electronic data submission to the specialized registry may also be used, in addition to any documentation provided by the agency/registry.

Eligible Professionals will be prompted to attest to the name of the specialized registry during the application process. The Wisconsin Medicaid EHR Incentive Program also encourages Eligible Professionals to upload documentation supporting their attestation. If an Eligible Professional is intending to attest to a specialized registry sponsored by DPH, appropriate documentation would be the Acknowledgements file provided on the PHREDS SharePoint site.

# **Modified Stage 2 Meaningful Use Audit Documentation**

The following table contains examples of supporting documentation an Eligible Professional would be expected to provide if selected for an audit of an application submitted for the Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program under Modified Stage 2 Meaningful Use.

Eligible Professionals should note that measures listed below with an asterisk (\*) have an alternate exclusion available for select Eligible Professionals in either 2015 or 2016. Alternate exclusions are based on an Eligible Professional's scheduled Stage of Meaningful Use and are available for <a href="Program Year 2016">Program Year 2016</a> in some limited cases. According to the EHR Incentive Program — Stage 3 and Modifications to Meaningful Use in 2015 through 2017 Final Rule (80 FR 62788), CMS (Centers for Medicare and Medicaid Services) will not require documentation to claim an alternate exclusion for a measure to which an Eligible Professional did not plan to attest.

# Requirements for Stage 3 Meaningful Use

The requirements for Stage 3 contain eight objectives with one or more measures to which Eligible Professionals are required to attest. Eligible Professionals will attest to all eight objectives by either meeting the measure or satisfying an exclusion, if applicable. Eligible Professionals may choose to satisfy an exclusion, rather than meet the measure, when the measure is not applicable to them and they meet the exclusion criteria.

Information for Eligible Professionals regarding objectives and measure specifications is available in the <u>CMS (Centers for Medicare and Medicaid Services)</u> Stage 3 Meaningful Use Specification Sheets.

Stage 3 includes flexibility within certain objectives to allow Eligible Professionals to choose the measures most relevant to their patient population or practice. The Stage 3 objectives with flexible measure options include:

- Coordination of Care through Patient Engagement Eligible Professionals must attest to all three measures and must either meet the thresholds or satisfy an exclusion for at least two measures to meet the objective.
- Health Information Exchange Eligible Professionals must attest to all three measures and must either meet the thresholds or satisfy an exclusion for at least two measures to meet the objective.
- Public Health Reporting Eligible Professionals must either attest or satisfy an exclusion for two measures. More information is
  detailed in the section below.

## Stage 3 Public Health Reporting Objective

The public health reporting objective requires Eligible Professionals to demonstrate active engagement with a public health agency to submit electronic health data from CEHRT (Certified Electronic Health Records Technology). The public health reporting objective contains four measure options. In Program Year 2017, all Eligible Professionals must do one of the following:

- · Meet two of four measure options
- Meet fewer than two measures and satisfy the exclusion criteria for all other measure options
- Satisfy the exclusion criteria for all four measure options

*Note:* If an Eligible Professional is in active engagement with two public health or clinical data registries, he or she may choose to report on these measures twice to meet the required number of measures for the public health reporting objective.

# Stages of Meaningful Use of Certified EHR Technology

The table below demonstrates what stage of Meaningful Use must be reported based upon the first year an Eligible Professional began participating in the Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program. It is assumed that an Eligible Professional's first year of participation is the AIU (adopt, implement, upgrade) phase and his/her participation occurs in consecutive years; however, Eligible Professionals do not need to participate in consecutive Program Years and may attest to meaningful use the first year of participation.

Stage of Meaningful Use

2011	Modified Stage 2 or Stage 3	Stage 3

2016	Modified Stage 2 or Stage 3	Stage 3	

<sup>\*</sup>In August 2017, a CMS (Centers for Medicare and Medicaid Services) final rule changed federal requirements to allow Eligible Professionals the choice of attesting to Modified Stage 2 in Program Year 2018.

### **Patient Volume**

Topic #12078

# **Patient Volume Requirements and Calculations**

In addition to other EHR (Electronic Health Record) Incentive Program requirements, Eligible Professionals must meet patient volume thresholds over the course of a 90-day period.

Eligible Professionals are required to select one of the following patient volume reporting periods:

- Calendar year preceding payment year
- Twelve months preceding attestation date

*Note:* The attestation date is defined as the day when the application is electronically signed and submitted for the first time in the Program Year or the last day of the Program Year if applying during the grace period.

An Eligible Professional cannot calculate patient volume by including patient encounters that occur during the 90-day grace period following the Program Year. For example, an Eligible Professional who applies for Program Year 2013 participation cannot include patient encounters occurring after December 31, 2013.

An Eligible Professional cannot use the same or overlapping patient volume periods for future Program Year applications. For example, an Eligible Professional uses January 1, 2013, through March 31, 2013, for Program Year 2013. In Program Year 2014, the Eligible Professional cannot use January 1, 2013, through March 31, 2013, or any overlapping period (i.e., February 1, 2013, through April 30, 2013).

When reporting patient volume, Eligible Professionals will designate which practice locations are using CEHRT (Certified Electronic Health Record Technology) and enter the relevant patient encounter data needed to determine eligibility. Patient encounter data will be entered in three parts for each practice location:

- The total (in-state) eligible member-only patient encounter volume over the previously determined continuous 90-day reporting period
- The total (regardless of state) eligible member-only patient encounter volume over the previously determined continuous 90-day reporting period
- The total patient encounter volume (regardless of state or payer) over the previously determined continuous 90-day reporting period

When attesting to Wisconsin Medicaid EHR Incentive Program patient volume requirements, there are two methods by which an Eligible Professional may calculate patient volume:

- Eligible member patient volume
- · Needy individual patient volume

Each patient volume method contains its own unique requirements; however, only Eligible Professionals practicing in an FQHC (federally qualified health center) or RHC (rural health clinic) may use the needy individual patient volume method.

Topic #18077

## **Documentation Requirements**

In its Final Rule (42 CFR Part 495), CMS (Centers for Medicare and Medicaid Services) published guidance on collecting supporting

documentation prior to an incentive payment being paid. This supporting documentation is used to validate information provided for the incentive payment and to ensure program integrity.

As a result of CMS's guidance, Eligible Professionals are required to submit a copy of the reports used to enter eligible member patient volume for their Wisconsin Medicaid EHR Incentive Program application in order to support their patient volume attestation. The report submission method varies depending on whether an Eligible Professional is reporting individual patient volume or group practice patient volume.

*Note*: The new documentation requirements do not affect how Eligible Professionals calculate individual or group practice patient volume.

#### **Eligible Professionals Reporting Individual Patient Volume**

Eligible Professionals reporting individual patient volume are required to submit a copy of the detail report used to enter patient volume for their Wisconsin Medicaid EHR Incentive Program application for their selected 90-day volume reporting period. The detail report must include the following information:

- NPI (National Provider Identifier)
- The following details regarding each reported patient encounter (a patient encounter is defined as any services rendered on any one day):
  - o DOS (date of service)
  - Unique patient identifier. The identifier must be either a Medicaid ID or patient name if the encounter is counted as a Medicaid encounter. Alternative patient identifiers may be used for all non-Medicaid encounters (e.g., Medical Record Number or Patient Control Number)
  - Financial payer (e.g., Medicaid fee-for-service, managed care, commercial health insurer, Medicare) or an indication that the encounter is considered a Medicaid encounter
  - o Out-of-state Medicaid encounters (e.g., name of the State Medicaid Agency), if applicable
  - o Indication that the encounter is considered an "other needy" encounter (e.g., provided at no cost or on a sliding fee scale), only applicable if needy individual patient volume is reported

*Note:* Patient encounter details should support both the patient volume numerator (before the standard deduction, if applicable) and denominator entered in the Wisconsin Medicaid EHR Incentive Program application.

#### **Eligible Professionals Reporting Group Practice Patient Volume**

Eligible Professionals attesting to group practice patient volume are required to submit the following:

- Summary report of the provider information included in the group practice patient volume calculation
- Detail report (used to enter patient volume) that supports the information provided in the summary report

Organizations (at the group NPI level) using the group patient volume calculation for more than one Eligible Professional's Wisconsin Medicaid EHR Incentive Program application will be required to submit the same summary report and detail report for each application. This means summary and detail reports provided for each Eligible Professional application should not vary from one application to another for the same organization and will not require any additional data manipulation.

Eligible Professionals reporting group practice patient volume will be required to submit the group practice's summary report used to enter patient volume for their Wisconsin Medicaid EHR Incentive Program application for their selected 90-day volume reporting period. The summary report must include the following information for each provider included in the group practice patient volume calculation:

- Provider name
- NPI
- Individual Medicaid encounter volume (numerator) and total encounter volume (denominator) totals for each provider included in the group practice patient volume calculation

In addition, Eligible Professionals reporting group practice patient volume are required to submit a copy of the group practice's detail report used to enter patient volume for their Wisconsin Medicaid EHR Incentive Program application for their selected 90-day volume reporting period. The detail report must include the following information:

- Group and provider NPIs
- The following details regarding each reported patient encounter (a patient encounter is defined as any services rendered on any one day):
  - o DOS
  - Unique patient identifier. The identifier must be either a Medicaid ID or patient name if the encounter is counted as a Medicaid encounter. Alternative patient identifiers may be used for all non-Medicaid encounters (e.g., Medical Record Number or Patient Control Number)
  - Financial payer (e.g., Medicaid fee-for-service, managed care, commercial health insurer, Medicare) or an indication that the encounter is considered a Medicaid encounter
  - o Out-of-state Medicaid encounters (e.g., name of the State Medicaid Agency), if applicable
  - o Indication that the encounter is considered an "other needy" encounter (e.g., provided at no cost or on a sliding fee scale), only applicable if needy individual patient volume is reported

*Note:* Patient encounter details should support both the patient volume numerator (before the standard deduction, if applicable) and the denominator entered in the Wisconsin Medicaid EHR Incentive Program application.

Alternative supporting documentation may be submitted for Eligible Professionals who do not have claims with their current group practice during the 90-day patient volume reporting period to support they are either new to practicing medicine (e.g., a recent graduate of an appropriate training program) or reporting at least one patient encounter from a previous practice.

### **Submission Requirements**

Eligible Professionals attesting on their own behalf using individual patient volume are required to upload their supporting documentation to the Wisconsin Medicaid EHR Incentive Program application. Organizations attesting on behalf of more than one Eligible Professional using individual patient volume may upload supporting documentation to each application or may submit the patient volume documentation for all Eligible Professionals via one secure email.

### **Uploading Documentation**

Eligible Professionals who are uploading supporting documentation are required to upload it through the Application Submission (Part 1 of 2) page in the Submit section of the Wisconsin Medicaid EHR Incentive Program application. Eligible Professionals are strongly encouraged to use a Microsoft<sup>®</sup> Excel spreadsheet(s) for their patient volume report(s). For specific instructions on uploading required supporting documentation, Eligible Professionals should refer to the Wisconsin Medicaid Electronic Health Record Incentive Program User Guide for Eligible Professionals on the Portal User Guides page.

### **Emailing Documentation**

If submitting supporting documentation via email, Eligible Professionals are required to do the following:

- To ensure documentation is applied to the appropriate application, the individual patient volume detail report should be named, "Patient Volume.
- Encrypt all confidential information.
- Attach the detail report(s) to the email.
- Indicate the following as the subject line of the email: "Eligible Professional Application Supporting Documentation."
- Attach the rest of the required documentation to the email before sending it to the Wisconsin Medicaid EHR Incentive Program at *DHSEHRIncentiveProgram@dhs.wisconsin.gov*.

Eligible Professionals are encouraged to send their CEHRT, (Certified Electronic Health Record Technology) <u>patient volume</u>, and Meaningful Use measure documentation in a single email.

Topic #12098

# **Eligible Member Patient Volume**

Eligible Professionals using the eligible member patient volume method must meet a minimum patient encounter volume threshold of one of the following:

- At least 30 percent of their patient volume attributed to eligible members over a continuous 90-day period in the calendar year preceding the payment year or during the 12 months prior to the date of attestation.
- Pediatricians will be considered eligible if 20 percent of their patient encounter volume is attributable to eligible members but will receive two-thirds of the incentive amounts. If a pediatrician's patient encounter volume is 30 percent or higher, the incentive payments are the same as any other Eligible Professional.

*Note:* Eligible Professionals should note that the Wisconsin Medicaid EHR Incentive Program will not round up to meet the minimum patient volume threshold. All patient volumes reported that are below 30 percent (including those at or below 29.99 percent) will be deemed ineligible.

### **Definition of Eligible Members**

The federal law 42 CFR s. 495.306(c)(1) stipulates that only certain services rendered to certain members who are reimbursed with Medicaid (Title XIX) funds may be counted towards eligible member patient volume requirements. The Wisconsin Medicaid EHR Incentive Program defines eligible members as those members enrolled in the programs.

### **Definition of Patient Encounter**

An eligible member patient encounter is defined as services rendered on any one day to an individual enrolled in a Medicaid program, regardless of the Medicaid reimbursement amount. Unpaid encounters for services rendered to an individual enrolled in a Medicaid program may be counted as eligible member patient encounters. Claims denied because the patient was not Medicaid eligible at the date of service cannot be counted as eligible member patient encounters.

Multiple Eligible Professionals may count an encounter for the same individual. For example, it may be common for a PA (physician assistant) or nurse practitioner and physician to provide services to a patient during an encounter on the same DOS (date of service). It is acceptable in these and similar circumstances to count the same encounter for multiple Eligible Professionals for purposes of calculating each Eligible Professional's patient volume. The encounters must take place within the scope of practice for each of the Eligible Professionals.

#### **Standard Deduction**

The federal regulations governing the Medicaid EHR Incentive Program stipulate that an eligible member is an individual whose services are reimbursed through Medicaid (Title XIX). Since ForwardHealth is funded by both Medicaid (Title XIX) and the CHIP (Children?s Health Insurance Program) (Title XXI), Eligible Professionals may be unable to distinguish encounters with eligible members from encounters with non-eligible members when determining their patient volume. To assist Eligible Professionals in determining their eligible patient encounters, the Wisconsin Medicaid EHR Incentive Program will calculate a standard deduction. The standard deduction for Program Year 2017 is 4.93 percent.

To calculate eligible patient encounters, Eligible Professionals should multiply the total number of eligible member encounters by a factor of (1 - 0.0493), which is 0.9507, and then divide that number by the total number of patient encounters. The final number should be rounded to the nearest whole number (i.e., .01 through .49 should be rounded down to the nearest whole number, and .50 through .99 should be rounded up to the nearest whole number).

#### **Individual and Group Practice Methodologies**

Eligible Professionals using the eligible member patient volume method may elect to calculate patient volume at the individual or group practice level. If an Eligible Professional calculates his or her patient encounter volume based on a group practice level, the entire group practice's patient encounter volume must be included. This includes the services rendered by all providers within the group practice,

regardless of provider type or eligibility status for the Wisconsin Medicaid EHR Incentive Program. Additionally, all Eligible Professionals included in the group practice who register for the Wisconsin Medicaid EHR Incentive Program must also register using the group practice patient volume.

A group practice is defined by how a group practice enumerates its business using NPIs (National Provider Identifiers). When calculating a group practice patient volume, the group practice patient volume methodology can only be used if all of the following conditions are satisfied:

- The eligible members included in the group practice patient volume calculation were provided services during the group practice's 90-day period patient volume reporting period.
- There is an auditable data source to support a group practice's patient volume determination.
- All Eligible Professionals in the group practice use the same methodology for the payment year.
- The group practice uses the entire practice or clinic's patient volume and does not limit patient volume in any way.
- If an Eligible Professional works inside and outside the group practice, the patient volume calculation may only include those encounters associated with the group practice and not individual encounters outside the group practice.

*Note:* Eligible Professionals should note that whether they calculate their eligible member patient encounter volume as a group practice or as an individual will not affect how the incentive payments are distributed. For example, an Eligible Professional may calculate their eligible member patient volume at an individual level and assign payment to their group practice. Conversely, an Eligible Professional may calculate their eligible member patient volume at a group practice level and assign payment to themselves.

Eligible Professionals calculating group practice patient volume under the eligible member patient volume must meet a minimum of at least 30 percent of their patient volume attributed to eligible members. The standard deduction must be applied to the total (in-state) eligible member-only patient encounters of the group and rounded to the nearest whole number prior to entry in the Wisconsin EHR Incentive Program application.

Topic #12099

# **Needy Individual Patient Volume**

The federal law stipulates that only certain services rendered to certain individuals may be counted towards the needy individual patient volume requirements. The Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program defines needy individuals as those listed <a href="here">here</a> as well as those who are provided uncompensated care by the provider, or individuals provided services at either no cost or reduced cost based on a sliding scale determined by the individual's ability to pay.

Only Eligible Professionals, including pediatricians, practicing predominantly in an FQHC (Federally Qualified Health Center) or RHC (Rural Health Clinic) may use the Needy Individual Patient Volume method. An Eligible Professional is defined as practicing predominantly in a FQHC or RHC if more than 50 percent of the Eligible Professional's encounters occur in an FQHC or RHC during a six-month period in the most recent calendar year or in the most recent 12 months prior to attestation.

Eligible Professionals using the Needy Individual Patient Volume method must meet a minimum of 30 percent needy individual patient volume threshold. Needy Individual Patient Volume encounters consist of the following:

- Services rendered on any one day to an individual where Medicaid or BadgerCare Plus paid all or part of the service including copayments or any other cost-sharing
- Services rendered on any one day to an individual where Children's Health Insurance Program under Title XXI paid for part or all
  of the service
- Services rendered on any one day to an individual furnished by the provider as uncompensated care
- Services rendered on any one day to an individual furnished at either no cost or reduced cost based on a sliding scale determined by the individual's ability to pay

Eligible Professionals using the Needy Individual Patient Volume method may elect to calculate patient volume at an individual or a group practice level. If an Eligible Professional calculates his or her patient encounter volume based on a group practice, the entire group practice's patient volume must be included. This includes the services rendered by all providers within the group practice, regardless of provider type or eligibility status for the Wisconsin Medicaid EHR Incentive Program. Additionally, all Eligible Professionals included in

the group practice who register for the Wisconsin Medicaid EHR Incentive Program must also register using the group practice patient volume.

A group practice is defined by how a group practice enumerates its business using NPIs (National Provider Identifiers). When calculating a group practice patient volume, the group practice patient volume methodology can only be used if all of the following conditions are satisfied:

- The eligible members included in the group practice patient volume calculation were provided services during the 90-day period that the organization is attesting (for the first year).
- There is an auditable data source to support a group practice's patient volume determination.
- All Eligible Professionals in the group practice use the same methodology for the payment year.
- The group practice uses the entire group practice's patient volume and does not limit patient volume in any way.
- If an Eligible Professional works inside and outside the group practice, the patient volume calculation may only include those encounters associated with the group practice and not individual encounters outside the group practice.

*Note*: Eligible Professionals should note that whether they calculate their needy individual patient encounter volume as a group practice or as an individual will not affect how the incentive payments are distributed. For example, an Eligible Professional may calculate his or her needy individual patient volume at an individual level and assign payment to the group practice. Conversely, an Eligible Professional may calculate his or her needy individual patient volume at a group practice level and assign payment to him- or herself.

Eligible Professionals calculating group patient volume under the needy individual patient volume must meet a minimum of at least 30 percent of their patient volume attributed to needy individuals. The standard deduction must be applied to the total (in-state) eligible member-only patient encounters of the organization and rounded to the nearest whole number prior to entry in the Wisconsin EHR Incentive Program application.

Topic #12101

# **Example of Calculating Group Practice Patient Volume**

Eligible Professionals must have at least 30 percent of their patient volume encounters attributed to eligible members. When electing to use group practice patient volume, the entire practice's patient volume must be included. This includes the services rendered by all practitioners within the group practice, regardless of provider type or eligibility status for the Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program. Groups are defined by how their businesses are enumerated under their NPI (National Provider Identifier).

The following is an example of calculating group practice volume for the purpose of establishing eligibility for the Wisconsin Medicaid EHR Incentive Program.

Eligible Based on Provider Type	Provider Type	Total Encounters (Eligible Members/Total)	Percentage of Eligible Member Encounters
Yes	Physician	80/200	40 percent
Yes	Nurse Practitioner	50/100	50 percent
Yes	Physician	0/100	0 percent
No	RN (Registered Nurse)	150/200	75 percent
No	Pharmacist	80/100	80 percent
Yes	Physician	30/300	10 percent
Yes	Dentist	5/100	5 percent
Yes	Dentist	60/200	30 percent

In this scenario, there are 1300 encounters in the selected 90-day period. Of the 1300 encounters, 455 are attributable to eligible

members, or 35 percent. The next step is to apply the standard deduction (1 - 0.0493 = 0.9507) to the number of eligible members.

455 \* 0.9507 = 432.5685

That number is divided by the total number of encounters in the selected 90-day period, or 1300.

432.5685 / 1300 = 0.332745 or 33.27 percent

Therefore, the group practice patient volume is 33.27 percent, which is rounded to the nearest whole number of 33 percent, and is eligible for the Wisconsin Medicaid EHR Incentive Program.

Eligible Professionals should note that even though one dentist's eligible member encounter percentage was only 5 percent and one physician's eligible member encounter percentage was 10 percent, when included in the group practice patient volume, both are eligible for the program when registering with the group practice patient volume. The physician whose eligible member encounter percentage is zero is not eligible for the program because he or she did not render services to at least one eligible member during the 90-day period; however, if the physician is new to practicing medicine (e.g., a recent graduate of an appropriate training program), he or she would be eligible for the program because he or she does not need to provide proof of an encounter.

Topic #12100

# **Example of Calculating Individual Patient Volume**

Eligible Professionals must have at least 30 percent (except pediatricians, who must have at least 20 percent) of their patient volume attributed to eligible members. For example, if an Eligible Professional calculates his or her total eligible member patient encounter volume of 33 out of a total patient encounter volume of 75, the eligible member patient volume is 44 percent.

Eligible Professionals may be unable to distinguish between some eligible members and some non-eligible members when determining their patient volume. The Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program only considers services provided to members who are eligible to be reimbursed with funding directly from Medicaid (Title XIX) to be a patient encounter. Eligible Professionals may be unable to determine where funding for eligible members comes from, so in order to assist Eligible Professionals in determining their eligible patient encounters, the Wisconsin Medicaid EHR Incentive Program will calculate a standard deduction. The standard deduction for Program Year 2017 is 4.93 percent.

To figure out the eligible member patient encounters, Eligible Professionals must multiply their total eligible member encounter patient volume by a factor of (1 - 0.0493) or 0.9507 and then divide that number by their total eligible member patient encounter volume.

So the final eligible member patient encounter volume is 33.2745 encounters out of 100 total, or 33.27 percent, rounded to the nearest whole number, 33 percent.

Therefore, 33 percent of the Eligible Professional's patient volume is eligible members and the Eligible Professional fulfills the patient volume requirement for the Wisconsin Medicaid EHR Incentive Program. Eligible Professionals should note that the Wisconsin Medicaid EHR Incentive Program will not round up to meet the minimum patient volume threshold. All patient volumes reported that are below 30 percent (including those at or below 29.99 percent) will be deemed ineligible.

Topic #12097

# **Members Who May Be Counted When Determining Patient Volume**

Most members enrolled in the programs listed below are considered eligible members and may be counted when determining patient encounters and patient volume:

- Wisconsin Medicaid.
- · BadgerCare Plus.
- BadgerCare Plus Express Enrollment for Pregnant Women.
- Alien Emergency Service Only.
- TB-Only (Tuberculosis-Related Service Only) Benefit.
- Family Planning Only Services.

*Note*: There are certain members enrolled in these programs or certain services provided to eligible members that may be included in the patient volume, which is the reason for the standard deduction.

# Registration for the EHR Incentive Program with CMS

All Eligible Professionals are required to first register at the <u>R&A (Medicare and Medicaid Electonic Health Record Incentive Program Registration and Attestation System) Web site</u>. A step-by-step walkthrough of the R&A registration process for Eligible Professionals is

also available online.

After an Eligible Professional successfully registers on the R&A, CMS (Centers for Medicare and Medicaid Services) will process the registration and send the file to the Wisconsin Medicaid EHR (Electronic Health Record) Incentive Program. After receipt of the file, the Wisconsin Medicaid EHR Incentive Program will enter all relevant information into the ForwardHealth system. Eligible Professionals must wait two full business days before beginning the application for the Wisconsin Medicaid EHR Incentive Program to allow for this process.

Topic #12058

# **Required Information When Starting the EHR Incentive Program Application**

Eligible Professionals will be required to supply specific information when completing the EHR (Electronic Health Record) Incentive Program application. Eligible Professionals do not have to complete the entire application in one session. The application will allow users to save the information entered and return later to complete the application.

Eligible Professionals should have the following information available when beginning the application:

- Information submitted to the R&A (Medicare and Medicaid Electronic Health Record Incentive Program Registration and Attestation System). Eligible Professionals will need to confirm all of this information during the initial application phases.

Topic #385

# **Appeals to ForwardHealth**

The provider has 60 calendar days to file an appeal with BadgerCare Plus or Wisconsin Medicaid after the HMO or SSI HMO either does not respond in writing within 45 calendar days or if the provider is dissatisfied with the HMO's or SSI HMO's response.

BadgerCare Plus or Wisconsin Medicaid will not review appeals that were not first made to the HMO or SSI HMO. If a provider sends an appeal directly to BadgerCare Plus or Wisconsin Medicaid without first filing it with the HMO or SSI HMO, the appeal will be returned to the provider.

Appeals will only be reviewed for enrollees who were eligible for and who were enrolled in a BadgerCare Plus HMO or Medicaid SSI HMO on the date(s) of service in question.

Once all pertinent information is received, ForwardHealth has 45 calendar days to make a final decision. The provider and the BadgerCare Plus HMO or SSI HMO will be notified by ForwardHealth in writing of the final decision. If the decision is in the provider's favor, the HMO or SSI HMO is required to pay the provider within 45 calendar days of the final decision. The decision is final, and all parties are required to abide by the decision.

Providers are required to submit an appeal with legible copies of all of the following documentation, regardless of whether the <u>Managed</u> Care Program Provider Appeal (F-12022 (07/2017)) form or their own appeal letter is used:

- A copy of the original claim submitted to the HMO (If applicable, include a copy of all corrected claims submitted to the HMO.)
- A copy of all of the HMO's payment denial remittance(s) showing the date(s) of denial and reason code with a description of the exact reason(s) for the claim denial
- A copy of the provider's written appeal to the HMO
- A copy of the HMO response to the appeal
- A copy of the medical record for appeals regarding coding issues, medical necessity, or emergency determination (Providers should only send relevant medical documentation that supports the appeal. Large documents should be submitted on a CD.)
- A copy of any contract language that supports your appeal (If contract language is submitted, indicate the exact language that supports overturning the payment denial.)
- Any other documentation that supports the appeal (e.g., commercial insurance Explanation of Benefits/Explanation of Payment to support Wisconsin Medicaid as the payer of last resort)

Appeals may be faxed to ForwardHealth at 608-224-6318 or mailed to the following address:

BadgerCare Plus and Medicaid SSI Managed Care Unit — Provider Appeal PO Box 6470 Madison WI 53716-0470

A decision to uphold the HMO's original payment denial or to overturn the denial will be made based on the documentation submitted for review. Failure to submit the required documentation or submitting incomplete/insufficient documentation may lead to an upholding of the original denial. The decision to overturn an HMO's denial must be clearly supported by the documentation.

Providers should notify ForwardHealth if the HMO subsequently overturns their original denial and reprocesses and pays the claim for which they have submitted an appeal. Notifications should be faxed to ForwardHealth at 608-224-6318. This documentation will be added to the original appeal documentation to complete the record.

Contact ForwardHealth Provider Services (Managed Care Unit) at 800-760-0001, option 1, to check on the status of an appeal

submitted to the department.

Topic #384

# **Appeals to HMOs and SSI HMOs**

BadgerCare Plus and Medicaid SSI (Supplemental Security Income) managed care contracted and non-contracted providers are required to first file an appeal directly with the BadgerCare Plus HMO (health maintenance organization) or Medicaid SSI HMO after the initial payment denial or reduction. Providers should refer to their signed contract with the HMO or the HMO's website for specific filing timelines and responsibilities (e.g., PA, claim filing timelines, and coordination of benefits requirements) pertaining to filing a claim reconsideration and/or filing a formal appeal. The provider's signed contract with the HMO may dictate the final decision. Filing a claim reconsideration is not the same as filing a formal appeal.

Appeal documents must reach the HMO within the time frame established by the HMO. Special care should be taken to ensure the documents reach the HMO timely by allowing enough time for USPS mail handling or by using a verifiable delivery method (e.g., fax, certified mail or secure email).

The HMO or SSI HMO has 45 calendar days to respond in writing to an appeal. The HMO or SSI HMO decides whether or not to pay the claim and sends a letter stating this decision. If the HMO or SSI HMO does not respond in writing within 45 calendar days, or if the provider is dissatisfied with the HMO's or SSI HMO's response, the provider may send a written appeal to ForwardHealth within 60 calendar days from the end of the 45 calendar day timeline or the date of the HMO response.

Topic #386

## **Claims Submission**

BadgerCare Plus HMOs (health maintenance organizations) and Medicaid SSI (Supplemental Security Income) HMOs have requirements for timely filing of claims, and providers are required to follow HMO and SSI HMO claims submission guidelines. Contact the enrollee's HMO or SSI HMO for organization-specific submission deadlines.

Topic #387

## **Extraordinary Claims**

Extraordinary claims are BadgerCare Plus or Medicaid claims for a BadgerCare Plus HMO or Medicaid SSI (Supplemental Security Income) HMO enrollee that have been denied by an HMO or SSI HMO but may be paid as fee-for-service claims.

The following are some examples of extraordinary claims situations:

- The enrollee was not enrolled in an HMO or SSI HMO at the time he or she was admitted to an inpatient hospital, but then he or she enrolled in an HMO or SSI HMO during the hospital stay. In this case, all claims related to the stay (including physician claims) should be submitted to fee-for-service. For the physician claims associated with the inpatient hospital stay, the provider is required to include the date of admittance and date of discharge in Item Number 18 of the paper 1500 Health Insurance Claim Form ((02/12)).
- The claims are for orthodontia/prosthodontia services that began before HMO or SSI HMO coverage. Include a record with the claim of when the bands were placed.

## **Submitting Extraordinary Claims**

When submitting an extraordinary claim, include the following:

• A legible copy of the completed claim form, in accordance with billing guidelines.

- A letter detailing the problem, any claim denials, and any steps taken to correct the situation.
- A copy of the Explanation of Medical Benefits form, as applicable.

Submit extraordinary claims to:

# **Medicaid as Payer of Last Resort**

Wisconsin Medicaid is the payer of last resort for most covered services, even when a member is enrolled in a BadgerCare Plus HMO (health maintenance organization) or Medicaid SSI (Supplemental Security Income) HMO. Before submitting claims to HMOs and SSI HMOs, providers are required to submit claims to other health insurance sources. Contact the enrollee's HMO or SSI HMO for more information about billing other health insurance sources.

Topic #389

# **Provider Appeals**

When a BadgerCare Plus HMO (health maintenance organization) or Medicaid SSI (Supplemental Security Income) HMO denies a provider's claim, the HMO or SSI HMO is required to send the provider a notice informing him or her of the right to file an appeal.

An HMO or SSI HMO network or non-network provider may file an appeal to the HMO or SSI HMO when:

- A claim submitted to the HMO or SSI HMO is denied payment.
- The full amount of a submitted claim is not paid.

Providers are required to file an appeal with the HMO or SSI HMO before filing an appeal with ForwardHealth.

## **Covered Services**

### **HMOs**

HMOs (health maintenance organizations) are required to provide at least the same benefits as those provided under fee-for-service arrangements. Although ForwardHealth requires contracted HMOs and Medicaid SSI (Supplemental Security Income) HMOs to provide all medically necessary covered services, the following services may be provided by BadgerCare Plus HMOs at their discretion:

- Dental.
- Chiropractic.

If the HMO does not include these services in their benefit package, the enrollee receives the services on a fee-for-service basis.

Topic #17037

### **Dental and Chiropractic Coverage**

When a provider verifies a member's enrollment via the ForwardHealth Portal, the MC Program column on the Managed Care Enrollment panel will indicate whether or not the HMO provides dental and/or chiropractic services to enrolled members. The Enrollment Verification Portal User Guide contains more information.

Topic #391

## **Noncovered Services**

The following are not covered by BadgerCare Plus HMOs or Medicaid SSI (Supplemental Security Income) HMOs but are provided to enrollees on a fee-for-service basis provided the member's fee-for-service plan covers the service:

### **Enrollment**

Topic #392

# **Disenrollment and Exemptions**

In some situations, a member may be exempt from enrolling in a BadgerCare Plus HMO (health maintenance organization) or Medicaid SSI (Supplemental Security Income) HMO. Exempted members receive health care under fee-for-service. Exemptions allow members to complete a course of treatment with a provider who is not contracted with the member's HMO or SSI HMO. For example, in certain circumstances, women in high-risk pregnancies or women who are in the third trimester of pregnancy when they are enrolled in an HMO or SSI HMO *may* qualify for an exemption.

The <u>contracts</u> between the DHS (Department of Health Services) and the HMO or SSI HMO provide more detail on the exemption and disenrollment requirements.

Topic #393

## **Enrollee Grievances**

Enrollees have the right to file grievances about services or benefits provided by a BadgerCare Plus HMO (health maintenance organization) or Medicaid SSI (Supplemental Security Income) HMO. Enrollees also have the right to file a grievance when the HMO or SSI HMO refuses to provide a service. All HMOs and SSI HMOs are required to have written policies and procedures in place to handle enrollee grievances. Enrollees should be encouraged to work with their HMO's or SSI HMO's customer service department to resolve problems first.

If enrollees are unable to resolve problems by talking to their HMO or SSI HMO, or if they would prefer to speak with someone outside their HMO or SSI HMO, they should contact the <u>Enrollment Specialist</u> or the <u>Ombudsman Program</u>.

The <u>contracts</u> between the DHS (Department of Health Services) and the HMO or SSI HMO describes the responsibilities of the HMO or SSI HMO and the DHS regarding enrollee grievances.

Topic #397

# **Enrollment Eligibility**

## **BadgerCare Plus HMOs**

Members enrolled in BadgerCare Plus are eligible for enrollment in a BadgerCare Plus HMO (health maintenance organization).

An individual who receives the TB-Only (Tuberculosis-Related Services-Only) benefit, SeniorCare, or Wisconsin Well Woman Medicaid cannot be enrolled in a BadgerCare Plus HMO.

Information about a member's HMO enrollment status and commercial health insurance coverage may be verified by using Wisconsin's EVS (Enrollment Verification System) or the ForwardHealth Portal.

### SSI HMOs

Members of the following subprograms are eligible for enrollment in a Medicaid SSI (Supplemental Security Income) HMO:

- Individuals ages 19 and older, who meet the SSI and SSI-related disability criteria.
- Dual eligibles for Medicare and Medicaid.

Individuals who are living in an institution, nursing home, or participating in a Home and Community-Based Waiver program are not eligible to enroll in an SSI MCO (managed care organization).

Topic #394

#### **Enrollment Periods**

#### **HMOs**

Members are sent enrollment packets that explain the BadgerCare Plus HMOs (health maintenance organizations) and the enrollment process and provide contact information. Once enrolled, enrollees may change their HMO assignment within the first 90 days of enrollment in an HMO (whether they chose the HMO or were auto-assigned). If an enrollee no longer meets the criteria, he or she will be disenrolled from the HMO.

#### SSI HMOs

Members are sent enrollment packets that explain the Medicaid SSI (Supplemental Security Income) HMO's enrollment process and provide contact information. Once enrolled, enrollees may disenroll after a 60-day trial period and up to 120 days after enrollment and return to Medicaid fee-for-service if they choose.

**Topic #395** 

### **Enrollment Specialist**

The Enrollment Specialist provides objective enrollment, education, outreach, and advocacy services to BadgerCare Plus HMO (health maintenance organization) and Medicaid SSI (Supplemental Security Income) HMO enrollees. The Enrollment Specialist is a knowledgeable single point of contact for enrollees, solely dedicated to managed care issues. The Enrollment Specialist is not affiliated with any health care agency.

The Enrollment Specialist provides the following services to HMO and SSI HMO enrollees:

- Education regarding the correct use of HMO and SSI HMO benefits.

#### **HMOs**

BadgerCare Plus HMO (health maintenance organization) enrollment is either mandatory or voluntary based on ZIP code-defined enrollment areas as follows:

- Mandatory enrollment Enrollment is mandatory for eligible members who reside in ZIP code areas served by two or more BadgerCare Plus HMOs. Some members may meet criteria for exemption from BadgerCare Plus HMO enrollment.
- Voluntary enrollment Enrollment is voluntary for members who reside in ZIP code areas served by only one BadgerCare Plus HMO.

Members living in areas where enrollment is mandatory are encouraged to choose their BadgerCare Plus HMO. Automatic assignment to a BadgerCare Plus HMO occurs if the member does not choose a BadgerCare Plus HMO. In general, all members of a member's immediate family eligible for enrollment must choose the same HMO.

Members in voluntary enrollment areas can choose whether or not to enroll in a BadgerCare Plus HMO. There is no automatic assignment for members who live within ZIP codes where enrollment is voluntary.

#### SSI HMOs

Medicaid SSI (Supplemental Security Income) HMO enrollment is either mandatory or voluntary as follows:

- Mandatory enrollment Most SSI and SSI-related members are required to enroll in an SSI HMO. A member may choose the SSI HMO in which he or she wishes to enroll.
- Voluntary enrollment Some SSI and SSI-related members may choose to enroll in an SSI HMO on a voluntary basis.

### **Ombudsman Program**

The <u>Ombudsmen</u>, or Ombuds, are resources for enrollees who have questions or concerns about their BadgerCare Plus HMO (health maintenance organization) or Medicaid SSI (Supplemental Security Income) HMO. Ombuds provide advocacy and assistance to help enrollees understand their rights and responsibilities in the grievance and appeal process.

Ombuds can be contacted at the following address:

BadgerCare Plus HMO/Medicaid SSI HMO Ombudsmen PO Box 6470 Madison WI 53716-0470

Topic #399

### **Release of Billing or Medical Information**

ForwardHealth supports BadgerCare Plus HMO (health maintenance organization) and Medicaid SSI (Supplemental Security Income) HMO enrollee rights regarding the confidentiality of health care records. ForwardHealth has <u>specific standards</u> regarding the release of an HMO or SSI HMO enrollee's billing information or medical claim records.

#### **Managed Care Information**

Topic #401

### **BadgerCare Plus HMO Program**

An HMO (health maintenance organization) is a system of health care providers that provides a comprehensive range of medical services to a group of enrollees. HMOs receive a fixed, prepaid amount per enrollee from ForwardHealth (called a capitation payment) to provide medically necessary services.

BadgerCare Plus HMOs are responsible for providing or arranging all contracted covered medically necessary services to enrollees. BadgerCare Plus members enrolled in state-contracted HMOs are entitled to at least the same benefits as fee-for-service members; however, HMOs may establish their own requirements regarding PA (prior authorization), claims submission, adjudication procedures, etc., which may differ from fee-for-service policies and procedures. BadgerCare Plus HMO network providers should contact their HMO for more information about its policies and procedures.

Topic #16177

### Care4Kids Program Overview

Care4Kids is a health care program for children and youth in out-of-home care in Wisconsin. The Care4Kids program will offer comprehensive, coordinated services that are intended to improve the quality and timeliness of and access to health services for these children.

The Care4Kids program will serve children in out-of-home care placements (other than residential care centers) in Kenosha, Milwaukee, Ozaukee, Racine, Washington, and Waukesha counties. Member participation will be voluntary and enrollment will be allowed to continue for up to 12 months after the child leaves the out-of-home care system, as long as the child remains Medicaideligible and resides within one of the six counties.

Care4Kids is required to provide at least the same benefits as those provided under fee-for-service arrangements.

#### **Program Administration**

Children's Hospital of Wisconsin is currently the only integrated health system certified by ForwardHealth to administer the Care4Kids program. Children's Hospital of Wisconsin will be responsible for providing or arranging for the provision of all services covered under Medicaid, with a small number of exceptions. The services not included in the Care4Kids program will be reimbursed as fee-for-service benefits. Children's Hospital of Wisconsin's integrated network of health care providers, which includes specialty and primary care physicians and clinics within the Children's Hospital System as well as providers who are participating in CCHP (Children's Community Health Plan), is intended to provide coordinated care and services to meet the individualized needs of each of the children enrolled across multiple disciplines, including physical, behavioral health, and dental care.

Care4Kids will be responsible for providing or arranging for the provision of all medically necessary <u>services covered</u> by Wisconsin Medicaid to enrollees. Providers are required to be part of the CCHP network to get reimbursed by Care4Kids. Providers interested in being a part of the network should contact CCHP. Out-of-network providers are required to call Care4Kids prior to providing services to a Care4Kids enrollee. In situations where emergency medical services are needed, out-of-network providers are required to contact Care4Kids within 24 hours of providing services.

#### **Member Enrollment Verification**

Providers should verify a member's enrollment before providing services to determine if the member is enrolled in Care4Kids. Members

enrolled in Care4Kids will present a ForwardHealth member identification card.

Providers verifying enrollment on the ForwardHealth Portal will see Care4Kids under the MC Program heading in the Managed Care Enrollment panel.

For 271 response transactions, Care4Kids enrollment will be identified in the EB segment of the 2110C loop. Identified by "MC" in the EB01, "HM" in the EB04, and "Care4Kids" in the EB05. The MC provider contact information will be reported in the NM1 (name info), N3 (address info), and PER (telephone numbers) segments within the 2120C loop.

The WiCall AVR (automated voice response) system will identify Care4Kids as the state-contracted managed care program in which the member is enrolled.

#### **Contact Information**

Providers can contact CCHP at (800) 482-8010 for the following:

- To become part of the CCHP network.
- For coverage policy and procedure information, including PA (prior authorization) and claim submission guidelines, if they are already a Care4Kids network provider.

Topic #405

### **Managed Care**

Managed Care refers to the BadgerCare Plus HMO (health maintenance organization) program, the Medicaid SSI (Supplemental Security Income) HMO program, and the several special managed care programs available.

The primary goals of the managed care programs are:

- To improve the quality of member care by providing continuity of care and improved access.
- To reduce the cost of health care through better care management.

Topic #402

### **Managed Care Contracts**

The contract between the DHS (Department of Health Services) and the BadgerCare Plus HMO (health maintenance organization) or Medicaid SSI (Supplemental Security Income) HMO takes precedence over other ForwardHealth provider publications. Information contained in ForwardHealth publications is used by the DHS to resolve disputes regarding covered benefits that cannot be handled internally by HMOs and SSI HMOs. If there is a conflict, the HMO or SSI HMO contract prevails. If the contract does not specifically address a situation, Wisconsin Administrative Code ultimately prevails. HMO and SSI HMO contracts can be found on the Managed Care Organization area of the ForwardHealth Portal.

Topic #404

### **SSI HMO Program**

Medicaid SSI (Supplemental Security Income) HMOs (health maintenance organizations) provide the same benefits as Medicaid fee-for-service (e.g. medical, dental, mental health/substance abuse, vision, and prescription drug coverage) at no cost to their enrollees through a care management model. Medicaid members and SSI-related Medicaid members in certain counties may be eligible to enroll in an SSI HMO.

SSI-related Medicaid members receive coverage from Wisconsin Medicaid because of a disability determined by the Disability Determination Bureau.

#### **Member Enrollment**

Members who meet the following criteria are eligible to enroll in an SSI HMO:

- Medicaid-eligible individuals living in a service area that has implemented an SSI managed care program.
- Individuals ages 19 and older.
- Individuals who are enrolled in Wisconsin Medicaid and SSI or receive SSI-related Medicaid.

Individuals who are living in an institution or nursing home or are participating in a home and community-based waiver program or FamilyCare are not eligible to enroll in an SSI HMO.

#### **Ozaukee and Washington Counties**

Most SSI and SSI-related Medicaid members who reside in Ozaukee and Washington counties are required to choose the HMO in which they wish to enroll. Dual eligibles (members receiving Medicare and Wisconsin Medicaid) are not required to enroll. After a 60-day trial period and up to 120 days after enrollment, enrollees may disenroll and return to Medicaid fee-for-service if they choose.

#### **Southwestern Wisconsin Counties**

SSI members and SSI-related Medicaid members who reside in Buffalo, Jackson, La Crosse, Monroe, Trempealeau, and Vernon counties may choose to receive coverage from the HMO or remain in Wisconsin Medicaid fee-for-service.

#### **Continuity of Care**

Special provisions are included in the contract for SSI HMOs for continuity of care for SSI members and SSI-related Medicaid members. These provisions include the following:

- Coverage of services provided by the member's current provider for the first 60 days of enrollment in the SSI program or until the
  first of the month following completion of an assessment and care plan, whichever comes later. The contracted provider should
  get a referral from the member's HMO after this.
- Honoring a PA (prior authorization) that is currently approved by ForwardHealth. The PA must be honored for 60 days or until the month following the HMO's completion of the assessment and care plan, whichever comes later.
- Coverage of drugs that an SSI member is currently taking until a prescriber orders different drugs.

Topic #403

### **Special Managed Care Programs**

Wisconsin Medicaid has several special managed care programs that provide services to individuals who are elderly and/or who have disabilities. These members may be eligible to enroll in voluntary regional managed care programs such as Family Care, the PACE (Program of All-Inclusive Care for the Elderly), and the Family Care Partnership Program. Additional information about these special managed care programs may be obtained from the Managed Care Organization area of the ForwardHealth Portal.

### **Prior Authorization**

Topic #400

### **Prior Authorization Procedures**

BadgerCare Plus HMOs (health maintenance organizations) and Medicaid SSI (Supplemental Security Income) HMOs may develop PA (prior authorization) guidelines that differ from fee-for-service guidelines. However, the application of such guidelines may not result in less coverage than fee-for-service. Contact the enrollee's HMO or SSI HMO for more information regarding PA procedures.

#### **Provider Information**

Topic #406

### **Copayments**

Providers cannot charge Medicaid SSI (Supplemental Security Income) HMO (health maintenance organization) enrollees copayments for covered services except in cases where the Medicaid SSI HMO does not cover services such as dental, chiropractic, and pharmacy. However, even in these cases, providers are prohibited from collecting copayment from members who are exempt from the copayment requirement.

When services are provided through fee-for-service or to members enrolled in a BadgerCare Plus HMO, copayments will apply, except when the member or the service is exempt from the copayment requirement.

Topic #407

### **Emergencies**

Non-network providers may provide services to BadgerCare Plus HMO (health maintenance organization) and Medicaid SSI (Supplemental Security Income) HMO enrollees in an emergency without authorization or in urgent situations when authorized by the HMO or SSI HMO. The <u>contract</u> between the DHS (Department of Health Services) and the HMO or SSI HMO defines an emergency situation and includes general payment requirements.

Unless the HMO or SSI HMO has a written agreement with the non-network provider, the HMO or SSI HMO is only liable to the extent fee-for-service would be liable for an emergency situation, as defined in 42 CFR s. 438.114. Billing procedures for emergencies may vary depending on the HMO or SSI HMO. For specific billing instructions, non-network providers should always contact the enrollee's HMO or SSI HMO.

Topic #408

### **Non-network Providers**

Providers who do not have a contract with the enrollee's BadgerCare Plus HMO (health maintenance organization) or Medicaid SSI (Supplemental Security Income) HMO are referred to as non-network providers. (HMO and SSI HMO network providers agree to payment amounts and billing procedures in a contract with the HMO or SSI HMO.) Non-network providers are required to direct enrollees to HMO or SSI HMO network providers except in the following situations:

- When a non-network provider is treating an HMO or SSI HMO enrollee for an emergency medical condition as defined in the contract between the DHS (Department of Health Services) and the HMO or SSI HMO.
- When the HMO or SSI HMO has authorized (in writing) an out-of-plan referral to a non-network provider.
- When the service is not provided under the HMO's or SSI HMO's contract with the DHS (such as dental, chiropractic, and pharmacy services).

Non-network providers may not serve BadgerCare Plus HMO or Medicaid SSI HMO enrollees as private-pay patients.

Topic #409

#### **Out-of-Area Care**

BadgerCare Plus HMOs (health maintenance organizations) and Medicaid SSI (Supplemental Security Income) HMOs may cover medically necessary care provided to enrollees when they travel outside the HMO's or SSI HMO's service area. The HMO or SSI HMO is required to authorize the services before the services are provided, except in cases of <a href="mailto:emergency">emergency</a>. If the HMO or SSI HMO does not authorize the services, the enrollee may be held responsible for the cost of those services.

Topic #410

### **Provider Participation**

Providers interested in participating in a BadgerCare Plus HMO (health maintenance organization) or Medicaid SSI (Supplemental Security Income) HMO or changing HMO or SSI HMO network affiliations should contact the HMO or SSI HMO for more information. Conditions and terms of participation in an HMO or SSI HMO are pursuant to specific contract agreements between HMOs or SSI HMOs and providers. An HMO or SSI HMO has the right to choose whether or not to contract with any provider.

Topic #411

#### Referrals

Non-network providers may at times provide services to BadgerCare Plus HMO (health maintenance organization) and Medicaid SSI (Supplemental Security Income) HMO enrollees on a referral basis. Non-network providers are always required to contact the enrollee's HMO or SSI HMO. Before services are provided, the non-network provider and the HMO or SSI HMO should discuss and agree upon billing procedures and fees for all referrals. Non-network providers and HMOs or SSI HMOs should document the details of any referral in writing before services are provided.

Billing procedures for out-of-plan referrals may vary depending on the HMO or SSI HMO. For specific billing instructions, non-network providers should always contact the enrollee's HMO or SSI HMO.

Topic #412

### Services Not Provided by HMOs or SSI HMOs

If an enrollee's BadgerCare Plus HMO (health maintenance organization) or Medicaid SSI (Supplemental Security Income) HMO benefit package does not include a covered service, such as chiropractic or dental services, any Medicaid-enrolled provider may provide the service to the enrollee and submit claims to fee-for-service.

#### **Member Information:Birth to 3 Program**

Topic #792

### **Administration and Regulations**

In Wisconsin, Birth to 3 services are administered at the local level by county departments of community programs, human service departments, public health agencies, or any other public agency designated or contracted by the county board of supervisors. The DHS (Department of Health Services) monitors, provides technical assistance, and offers other services to county Birth to 3 agencies.

The enabling federal legislation for the Birth to 3 Program is 34 CFR Part 303. The enabling state legislation is <u>s. 51.44</u>, Wis. Stats., and the regulations are found in <u>DHS 90</u>, Wis. Admin. Code.

Providers may contact the appropriate county Birth to 3 agency for more information.

Topic #790

#### **Enrollment Criteria**

A child from birth up to (but not including) age 3 is eligible for Birth to 3 services if the child meets one of the following criteria:

- The child has a diagnosed physical or mental condition that has a high probability of resulting in a developmental delay.
- The child has at least a 25 percent delay in one or more of the following areas of development:
  - o Cognitive development.
  - o Physical development, including vision and hearing.
  - o Communication skills.
  - Social or emotional development.
  - o Adaptive development, which includes self-help skills.
- The child has atypical development affecting his or her overall development, as determined by a qualified team using professionally acceptable procedures and informed clinical opinion.

BadgerCare Plus provides Birth to 3 information because many children enrolled in the Birth to 3 Program are also BadgerCare Plus members.

Topic #791

### **Individualized Family Service Plan**

A Birth to 3 member receives an IFSP (Individualized Family Service Plan) developed by an interdisciplinary team that includes the child's family. The IFSP provides a description of the outcomes, strategies, supports, services appropriate to meet the needs of the child and family, and the natural environment settings where services will be provided. All Birth to 3 services must be identified in the child's IFSP.

Topic #788

### **Requirements for Providers**

Title 34 CFR Part 303 for Birth to 3 services requires all health, social service, education, and tribal programs receiving federal funds, including Medicaid providers, to do the following:

- Identify children who may be eligible for Birth to 3 services. These children must be referred to the appropriate county Birth to 3 program within *two working days* of identification. This includes children with developmental delays, atypical development, disabilities, and children who are substantiated as abused or neglected. For example, if a provider's health exam or developmental screen indicates that a child may have a qualifying disability or developmental delay, the child must be referred to the county Birth to 3 program for evaluation. (Providers are encouraged to explain the need for the Birth to 3 referral to the child's parents or guardians.)
- Cooperate and participate with Birth to 3 service coordination as indicated in the child's IFSP (Individualized Family Services Plan). Birth to 3 services must be provided by providers who are employed by, or under agreement with, a Birth to 3 agency to provide Birth to 3 services.
- Deliver Birth to 3 services in the child's natural environment, unless otherwise specified in the IFSP. The child's natural environment includes the child's home and other community settings where children without disabilities participate. (Hospitals contracting with a county to provide therapy services in the child's natural environment must receive separate enrollment as a therapy group to be reimbursed for these therapy services.)
- Assist parents or guardians of children receiving Birth to 3 services to maximize their child's development and participate fully in implementation of their child's IFSP. For example, an occupational therapist is required to work closely with the child's parents and caretakers to show them how to perform daily tasks in ways that maximize the child's potential for development.

Topic #789

### **Services**

The Birth to 3 Program covers the following types of services when they are included in the child's IFSP (Individualized Family Services Plan):

- · Evaluation and assessment.
- Special instruction.
- OT (occupational therapy).
- PT (physical therapy).
- SLP (speech and language pathology).
- Audiology.
- Psychology.
- Social work.
- Assistive technology.
- Transportation.
- Service coordination.
- Certain medical services for diagnosis and evaluation purposes.
- Certain health services to enable the child to benefit from early intervention services.
- Family training, counseling, and home visits.

### **BadgerCare Plus**

#### Populations Eligible for BadgerCare Plus

The following populations are eligible for BadgerCare Plus:

- Parents and caretakers with incomes at or below 100 percent of the FPL (Federal Poverty Level).
- Pregnant women with incomes at or below 300 percent of the FPL.
- Children (ages 18 and younger) with household incomes at or below 300 percent of the FPL.
- Childless adults with incomes at or below 100 percent of the FPL.
- Transitional medical assistance individuals, also known as members on extensions, with incomes over 100 percent of the FPL.

#### **Premiums**

The following members are required to pay premiums to be enrolled in Badgercare Plus:

  - o Children under age 1 year.
  - o Children who are tribal members or otherwise eligible to receive Indian Health Services.

### **BadgerCare Plus Benefit Plan Changes**

Effective April 1, 2014, all members eligible for BadgerCare Plus were enrolled in the BadgerCare Plus Standard Plan. As a result of this change, the following benefit plans were discontinued:

- BadgerCare Plus Benchmark Plan.
- BadgerCare Plus Core Plan.
- BadgerCare Plus Basic Plan.

Members who are enrolled in the Benchmark Plan or the Core Plan who met new income limits for BadgerCare Plus eligibility were automatically transitioned into the BadgerCare Plus Standard Plan on April 1, 2014. In addition, the last day of BadgerRx Gold program coverage for all existing members was March 31, 2014.

Providers should refer to the <u>March 2014 Online Handbook archive</u> of the appropriate service area for policy information pertaining to these discontinued benefit plans.

Topic #785

### **BadgerCare Plus Prenatal Program**

As a result of 2005 Wisconsin Act 25, the 2005-07 biennial budget, BadgerCare has expanded coverage to the following individuals:

- Pregnant non-U.S. citizens who are not qualified aliens but meet other eligibility criteria for BadgerCare.
- Pregnant individuals detained by legal process who meet other eligibility criteria for BadgerCare.

The BadgerCare Plus Prenatal Program is designed to provide better birth outcomes.

Women are eligible for all covered services from the first of the month in which their pregnancy is verified or the first of the month in which the application for BadgerCare Plus is filed, whichever is later. Members are enrolled through the last day of the month in which they deliver or the pregnancy ends. Postpartum care is reimbursable *only* if provided as part of global obstetric care. Even though enrollment is based on pregnancy, these women are eligible for *all* covered services. (They are not limited to pregnancy-related services.)

These women are not presumptively eligible. Providers should refer them to the appropriate county/tribal social or human services agency where they can apply for this coverage.

#### **Fee-for-Service**

Pregnant non-U.S. citizens who are not qualified aliens and pregnant individuals detained by legal process receive care only on a fee-for-service basis. Providers are required to follow all program requirements (e.g., claim submission procedures, PA (prior authorization) requirements) when providing services to these women.

#### **Emergency Services for Non-U.S. Citizens**

When BadgerCare Plus enrollment ends for pregnant non-U.S. citizens who are not qualified aliens, they receive coverage for emergency services. These women receive emergency coverage for 60 days after the pregnancy ends; this coverage continues through the end of the month in which the 60th day falls (e.g., a woman who delivers on June 20, 2006, would be enrolled through the end of August 2006).

Topic #230

### **Express Enrollment for Children and Pregnant Women**

The EE (Express Enrollment) for Pregnant Women Benefit is a limited benefit category that allows a pregnant woman to receive immediate pregnancy-related outpatient services while her application for full-benefit BadgerCare Plus is processed. Enrollment is not restricted based on the member's other health insurance coverage. Therefore, a pregnant woman who has other health insurance may be enrolled in the benefit.

The EE for Children Benefit allows certain members through 18 years of age to receive BadgerCare Plus benefits while an application for BadgerCare Plus is processed.

#### **Fee-for-Service**

Women and children who are temporarily enrolled in BadgerCare Plus through the EE process are not eligible for enrollment in an HMO until they are determined eligible for full benefit BadgerCare Plus by the county/tribal office.

Topic #226

### **Family Planning Only Services**

Family Planning Only Services is a limited benefit program that provides routine contraceptive management or related services to low-income individuals who are of childbearing/reproductive age (typically 15 years of age or older) and who are otherwise not eligible for Wisconsin Medicaid or BadgerCare Plus. Members receiving Family Planning Only Services must be receiving routine contraceptive management or related services.

*Note:* Members who meet the enrollment criteria may receive routine contraceptive management or related services *immediately* by temporarily enrolling in Family Planning Only Services through EE (Express Enrollment).

The goal of Family Planning Only Services is to provide members with information and services to assist them in preventing pregnancy, making BadgerCare Plus enrollment due to pregnancy less likely. Providers should explain the purpose of Family Planning Only Services to members and encourage them to contact their certifying agency to determine their enrollment options if they are not interested in, or do not need, contraceptive services.

Members enrolled in Family Planning Only Services receive routine services to prevent or delay pregnancy and are not eligible for other services (e.g., PT (physical therapy) services, dental services). Even if a medical condition is discovered during a family planning visit, treatment for the condition is not covered under Family Planning Only Services unless the treatment is identified in the list of <u>allowable procedure codes</u> for Family Planning Only Services.

Members are also not eligible for certain other services that are covered under Wisconsin Medicaid and BadgerCare Plus (e.g., mammograms and hysterectomies). If a medical condition, other than an STD (sexually transmitted disease), is discovered during routine contraceptive management or related services, treatment for the medical condition is not covered under Family Planning Only Services.

Colposcopies and treatment for STDs are only covered through Family Planning Only Services if they are determined medically necessary during routine contraceptive management or related services. A colposcopy is a covered service when an abnormal result is received from a pap test, prior to the colposcopy, while the member is enrolled in Family Planning Only Services and receiving contraceptive management or related services.

Family Planning Only Services members diagnosed with cervical cancer, precancerous conditions of the cervix, or breast cancer may be eligible for Wisconsin Well Woman Medicaid. Providers should assist eligible members with the enrollment process for Well Woman Medicaid.

Providers should inform members about other coverage options and provide referrals for care not covered by Family Planning Only Services.

### ForwardHealth and ForwardHealth interChange

ForwardHealth brings together many DHS (Department of Health Services) health care programs with the goal to create efficiencies for providers and to improve health outcomes for members. ForwardHealth interChange is the DHS claims processing system that supports multiple state health care programs and Web services, including:

- · BadgerCare Plus.
- BadgerCare Plus and Medicaid managed care programs.
- SeniorCare.
- ADAP (Wisconsin AIDS Drug Assistance Program).
- WCDP (Wisconsin Chronic Disease Program).
- WIR (Wisconsin Immunization Registry).
- Wisconsin Medicaid.
- Wisconsin Well Woman Medicaid.
- WWWP (Wisconsin Well Woman Program).

ForwardHealth interChange is supported by the state's fiscal agent, DXC Technology.

Topic #229

### **Limited Benefit Categories Overview**

Certain members may be enrolled in a limited benefit category. These limited benefit categories include the following:

- BadgerCare Plus Prenatal Program.
- EE (Express Enrollment) for Children.
- EE for Pregnant Women.
- Family Planning Only Services, including EE for individuals applying for Family Planning Only Services.
- QDWI (Qualified Disabled Working Individuals).
- QI-1 (Qualifying Individuals 1).
- QMB Only (Qualified Medicare Beneficiary Only).
- SLMB (Specified Low-Income Medicare Beneficiary).
- TB-Only (Tuberculosis-Related Services-Only) Benefit.

Members may be enrolled in full-benefit Medicaid or BadgerCare Plus and also be enrolled in certain limited benefit programs, including QDWI, QI-1, QMB Only, and SLMB. In those cases, a member has full Medicaid or BadgerCare Plus coverage in addition to limited coverage for Medicare expenses.

Members enrolled in the BadgerCare Plus Prenatal Program, Family Planning Only Services, EE for Children, EE for Pregnant Women, or the TB-Only Benefit cannot be enrolled in full-benefit Medicaid or BadgerCare Plus. These members receive benefits through the limited benefit category.

Providers should note that a member may be enrolled in more than one limited benefit category. For example, a member may be enrolled in Family Planning Only Services and the TB-Only Benefit.

Providers are strongly encouraged to verify dates of enrollment and other coverage information using Wisconsin's EVS (Enrollment Verification System) to determine whether a member is in a limited benefit category, receives full-benefit Medicaid or BadgerCare Plus, or both.

Providers are responsible for knowing which services are covered under a limited benefit category. If a member of a limited benefit category requests a service that is not covered under the limited benefit category, the provider may collect payment from the member if certain conditions are met.

Topic #228

#### Medicaid

Medicaid is a joint federal/state program established in 1965 under Title XIX of the Social Security Act to pay for medical services for selected groups of people who meet the program's financial requirements.

The purpose of Medicaid is to provide reimbursement for and assure the availability of appropriate medical care to persons who meet the criteria for Medicaid. Wisconsin Medicaid is also known as the Medical Assistance Program, WMAP (Wisconsin Medical Assistance), Title XIX, or T19.

A Medicaid member is any individual entitled to benefits under Title XIX of the Social Security Act and under the Medical Assistance State Plan as defined in ch. 49, Wis. Stats.

Wisconsin Medicaid enrollment is determined on the basis of financial need and other factors. A citizen of the United States or a "qualified immigrant" who meets low-income financial requirements may be enrolled in Wisconsin Medicaid if he or she is in one of the following categories:

· Age 65 and older.

- Blind.
- Disabled.

Some needy and low-income people become eligible for Wisconsin Medicaid by qualifying for programs such as:

- Katie Beckett.
- Medicaid Purchase Plan.
- Subsidized adoption and foster care programs.
- SSI (Supplemental Security Income).
- WWWP (Wisconsin Well Woman Program).

Providers may advise these individuals or their representatives to contact their <u>certifying agency</u> for more information. The following agencies certify people for Wisconsin Medicaid enrollment:

- Local county or tribal agencies.
- Medicaid outstation sites.
- SSA (Social Security Administration) offices.

In limited circumstances, some state agencies also certify individuals for Wisconsin Medicaid.

Medicaid fee-for-service members receive services through the traditional health care payment system under which providers receive a payment for each unit of service provided. Some Medicaid members receive services through state-contracted MCOs (managed care organizations).

Topic #232

### **Qualified Disabled Working Individual Members**

QDWI (Qualified Disabled Working Individual) members are a limited benefit category of Medicaid members. They receive payment of Medicare monthly premiums for Part A.

QDWI members are certified by their local county or tribal agency. To qualify, QDWI members are required to meet the following qualifications:

- Have income under 200 percent of the FPL (Federal Poverty Level).
- Be entitled to, but not necessarily enrolled in, Medicare Part A.
- Have income or assets too high to qualify for QMB-Only (Qualified Medicare Beneficiary-Only) and SLMB (Specified Low-Income Medicare Beneficiaries).

Topic #234

### **Qualified Medicare Beneficiary-Only Members**

QMB-Only (Qualified Medicare Beneficiary-Only) members are a limited benefit category of Medicaid members. They receive payment of the following:

- Medicare monthly premiums for Part A, Part B, or both.
- Coinsurance, copayment, and deductible for Medicare-allowed services.

QMB-Only members are certified by their local county or tribal agency. QMB-Only members are required to meet the following qualifications:

• Have an income under 100 percent of the FPL (Federal Poverty Level).

• Be entitled to, but not necessarily enrolled in, Medicare Part A.

Topic #235

### **Qualifying Individual 1 Members**

QI-1 (Qualifying Individual 1) members are a limited benefit category of Medicaid members. They receive payment of Medicare monthly premiums for Part B.

QI-1 members are certified by their local county or tribal agency. To qualify, QI-1 members are required to meet the following qualifications:

- Have income between 120 and 135 percent of the FPL (Federal Poverty Level).
- Be entitled to, but not necessarily enrolled in, Medicare Part A.

Topic #18777

### **Real-Time Eligibility Determinations**

ForwardHealth may complete real-time eligibility determinations for BadgerCare Plus and/or Family Planning Only Services applicants who meet pre-screening criteria and whose reported information can be verified in real time while applying in <u>ACCESS Apply for Benefits</u>. Once an applicant is determined eligible through the real-time eligibility process, he or she is considered eligible for BadgerCare Plus and/or Family Planning Only Services and will be enrolled for 12 months, unless changes affecting eligibility occur before the 12-month period ends.

A member determined eligible through the real-time eligibility process will receive a temporary ID (identification) card for BadgerCare Plus and/or Family Planning Only Services. Each member will get his or her own card, and each card will include the member's ForwardHealth ID number. The temporary ID card will be valid for the dates listed on the card and will allow the member to get immediate health care or pharmacy services.

### **Eligibility Verification**

When a member is determined eligible for BadgerCare Plus and/or Family Planning Only Services through the real-time eligibility process, providers are able to see the member's eligibility information in Wisconsin's EVS (Enrollment Verification System) in real time. Providers should always verify eligibility through EVS prior to providing services.

On rare occasions, it may take up to 48 hours for eligibility information to be available through interChange. In such instances, if a member presents a valid temporary ID card, **the provider is still required to provide services**, even if eligibility cannot be verified through EVS.

Topic #236

### **Specified Low-Income Medicare Beneficiaries**

SLMB (Specified Low-Income Medicare Beneficiary) members are a limited benefit category of Medicaid members. They receive payment of Medicare monthly premiums for Part B.

SLMB members are certified by their local county or tribal agency. To qualify, SLMB members are required to meet the following qualifications:

- Have an income under 120 percent of the FPL (Federal Poverty Level).
- Be entitled to, but not necessarily enrolled in, Medicare Part A.

Topic #262

### **Tuberculosis-Related Services-Only Benefit**

The <u>TB-Only (Tuberculosis-Related Services-Only) Benefit</u> is a limited benefit category that allows individuals with TB (tuberculosis) infection or disease to receive covered TB-related outpatient services.

Topic #240

#### Wisconsin Well Woman Medicaid

Wisconsin Well Woman Medicaid provides full Medicaid benefits to underinsured or uninsured women ages 35 to 64 who have been screened and diagnosed by WWWP (Wisconsin Well Woman Program) or Family Planning Only Services, meet all other enrollment requirements, and are in need of treatment for any of the following:

- Breast cancer.
- Cervical cancer.
- Precancerous conditions of the cervix.

Services provided to women who are enrolled in WWWMA (Wisconsin Well Woman Medicaid) are reimbursed through Medicaid fee-for-service.

#### **Enrollment Responsibilities**

Topic #241

### **General Information**

Members have certain responsibilities per <u>DHS 104.02</u>, Wis. Admin. Code, and the <u>ForwardHealth Enrollment and Benefits (P-00079 (07/14))</u> booklet.

Topic #243

### **Loss of Enrollment — Financial Liability**

Some covered services consist of a series of sequential treatment steps, meaning more than one office visit is required to complete treatment.

In most cases, if a member loses enrollment midway through treatment, BadgerCare Plus and Medicaid will *not* reimburse services (including prior authorized services) after enrollment has lapsed.

Members are financially responsible for any services received after their enrollment has been terminated. If the member wishes to continue treatment, it is a decision between the provider and the member whether the service should be given and how the services will be paid. The provider may collect payment from the member if the member accepts responsibility for payment of a service and certain conditions are met.

To avoid misunderstandings, it is recommended that providers remind members that they are financially responsible for any continued care after enrollment ends.

To avoid potential reimbursement problems that can arise when a member loses enrollment midway through treatment, the provider is encouraged to verify the member's enrollment using the <u>EVS (Enrollment Verification System)</u> or the ForwardHealth Portal prior to providing each service, even if an approved PA (prior authorization) request is obtained for the service.

Topic #2564

#### **Orthodontic and Prosthodontic Services Exceptions**

Exceptions to the loss of eligibility in mid-treatment include dental prosthodontic services and orthodontic treatment. BadgerCare Plus makes exceptions due to the complexity, cost, and long-term nature of these services. Providers are reminded that Wisconsin Medicaid reimburses providers for services that have been prior authorized in situations where a member moves into an <u>eligibility category</u> where dental services are not ordinarily covered.

#### **Orthodontic Treatment**

The date of band placement for orthodontic treatment is the determination date for reimbursement. If a member becomes ineligible while receiving orthodontic treatment, Wisconsin Medicaid will continue to reimburse the dentist for completion of orthodontic services when bands are placed during the member's period of eligibility. If the member was eligible on the date the bands were placed, Wisconsin Medicaid will reimburse dentists *only for those services for which PA (prior authorization) was granted*.

#### **Prosthodontic Services**

The date of the final impression for prosthodontic services is the determination date for reimbursement. If a member becomes ineligible

while receiving fixed or removable prosthodontic treatment, Wisconsin Medicaid will continue to reimburse the dentist for completion of prosthodontic services when final impressions were taken during the member's period of eligibility. If the member was eligible on the date the final impression was made, Wisconsin Medicaid will reimburse dentists *only for those services for which PA was granted*.

Topic #707

### **Member Cooperation**

Members are responsible for giving providers full and accurate information necessary for the correct submission of claims. If a member has other health insurance, it is the member's obligation to give full and accurate information to providers regarding the insurance.

Topic #269

### **Members Should Present Card**

It is important that providers determine a member's enrollment and other insurance coverage *prior to* each DOS (date of service) that services are provided. Pursuant to <u>DHS 104.02(2)</u>, Wis. Admin. Code, a member should inform providers that he or she is enrolled in BadgerCare Plus or Wisconsin Medicaid and should present a current ForwardHealth identification card before receiving services.

*Note:* Due to the nature of their specialty, certain providers — such as anesthesiologists, radiologists, DME (durable medical equipment) suppliers, independent laboratories, and ambulances — are not always able to see a member's ForwardHealth identification card because they might not have direct contact with the member prior to providing the service. In these circumstances, it is still the provider's responsibility to obtain member enrollment information.

Topic #244

#### **Prior Identification of Enrollment**

Except in emergencies that preclude prior identification, members are required to inform providers that they are receiving benefits and must present their ForwardHealth identification card before receiving care. If a <u>member forgets his or her ForwardHealth card</u>, providers may verify enrollment without it.

Topic #245

### **Reporting Changes to Caseworkers**

Members are required to report certain changes to their caseworker at their certifying agency. These changes include, but are not limited to, the following:

- A new address or a move out of state.
- A change in income.
- A change in family size, including pregnancy.
- A change in other health insurance coverage.
- Employment status.
- A change in assets for members who are over 65 years of age, blind, or disabled.

#### **Enrollment Rights**

Topic #246

### **Appealing Enrollment Determinations**

Applicants and members have the right to appeal certain decisions relating to BadgerCare Plus, Medicaid, or ADAP (Wisconsin AIDS Drug Assistance Program) enrollment. An applicant, a member, or authorized person acting on behalf of the applicant or member, or former member may file the appeal with the DHA (Division of Hearings and Appeals).

Pursuant to <u>HA 3.03</u>, Wis. Admin. Code, an applicant, member, or former member may appeal any adverse action or decision by an agency or department that affects their benefits. Examples of decisions that may be appealed include, but are not limited to, the following:

- Individual was denied the right to apply.
- Application for BadgerCare Plus, ADAP, or Wisconsin Medicaid was denied.
- Application for BadgerCare Plus, ADAP, or Wisconsin Medicaid was not acted upon promptly.
- Enrollment was unfairly discontinued, terminated, suspended, or reduced.

In the case when enrollment is cancelled or terminated, the date the member, or authorized person acting on behalf of the member, files an appeal with the DHA determines what continuing coverage, if any, the member will receive until the hearing decision is made. The following scenarios describe the coverage allowed for a member who files an appeal:

- If a member files an appeal before his or her enrollment ends, coverage will continue pending the hearing decision.
- If a member files an appeal within 45 days after his or her enrollment ends, a hearing is allowed but coverage is not reinstated.

If the member files an appeal more than 45 days after his or her enrollment ends, a hearing is not allowed. Members may file an appeal by submitting a Request for Fair Hearing (DHA-28 (08/09)) form.

### **Claims for Appeal Reversals**

#### Claim Denial Due to Termination of BadgerCare Plus or Wisconsin Medicaid Enrollment

If a claim is denied due to termination of BadgerCare Plus or Wisconsin Medicaid enrollment, a hearing decision that reverses that determination will allow the claim to be resubmitted and paid. The provider is required to obtain a copy of the appeal decision from the member, attach the copy to the previously denied claim, and submit both to ForwardHealth at the following address:

ForwardHealth Specialized Research Ste 50 313 Blettner Blvd Madison WI 53784

If a provider has not yet submitted a claim, the provider is required to submit a copy of the hearing decision along with a paper claim to Specialized Research.

As a reminder, claims <u>submission deadlines</u> still apply even to those claims with hearing decisions.

#### **Claim Denial Due to Termination of ADAP Enrollment**

If a claim is denied due to termination of ADAP enrollment, a hearing decision that reverses that determination will allow the claim to be

resubmitted and paid. The provider is required to obtain a copy of the appeal decision from the member, attach the copy to the previously denied claim, and submit both to ForwardHealth at the following address:

ForwardHealth ADAP Claims and Adjustments PO Box 8758 Madison WI 53708

If a provider has not yet submitted a claim, the provider is required to submit a copy of the hearing decision along with a paper claim to ADAP Claims and Adjustments.

As a reminder, claims <u>submission deadlines</u> still apply even to those claims with hearing decisions.

Topic #247

#### Freedom of Choice

Members may receive covered services from *any* willing Medicaid-enrolled provider, unless they are enrolled in a state-contracted MCO (managed care organization) or assigned to the <u>Pharmacy Services Lock-In Program</u>.

Topic #248

### **General Information**

Members are entitled to certain rights per DHS 103, Wis. Admin. Code.

Topic #250

### **Notification of Discontinued Benefits**

When the DHS (Department of Health Services) intends to discontinue, suspend, or reduce a member's benefits, or reduce or eliminate coverage of services for a general class of members, the DHS sends a written notice to members. This notice is required to be provided at least 10 days before the effective date of the action.

Topic #252

### **Prompt Decisions on Enrollment**

Individuals applying for BadgerCare Plus or Wisconsin Medicaid have the right to prompt decisions on their applications. Enrollment decisions are made within 60 days of the date the application was signed for those with disabilities and within 30 days for all other applicants.

Topic #254

### **Requesting Retroactive Enrollment**

An applicant has the right to request <u>retroactive enrollment</u> when applying for BadgerCare Plus or Wisconsin Medicaid. Enrollment may be backdated to the first of the month three months prior to the date of application for eligible members. Retroactive enrollment does not apply to QMB-Only (Qualified Medicare Beneficiary-Only) members.

#### **Identification Cards**

**Topic #266** 

#### ForwardHealth Identification Cards

Each enrolled member receives an identification card. Possession of a program identification card does not guarantee enrollment. It is possible that a member will present a card during a lapse in enrollment; therefore, it is essential that providers verify enrollment before providing services. Members are told to keep their cards even though they may have lapses in enrollment.

#### ForwardHealth Identification Card Features

The <u>ForwardHealth identification card</u> includes the member's name, 10-digit member ID, magnetic stripe, signature panel, and the Member Services telephone number. The card also has a unique, 16-digit card number on the front for internal program use.

The ForwardHealth card does not need to be signed to be valid; however, adult members are encouraged to sign their cards. Providers may use the signature as another means of identification.

The toll-free number on the back of each of the cards is for member use only. The address on the back of each card is used to return a lost card to ForwardHealth if it is found.

If a provider finds discrepancies with the identification number or name between what is indicated on the ForwardHealth card and the provider's file, the provider should verify enrollment with Wisconsin's EVS (Enrollment Verification System).

#### **Identification Number Changes**

Some providers may question whether services should be provided if a member's 10-digit identification number on his or her ForwardHealth card does not match the EVS response. If the EVS indicates the member is enrolled, services should be provided.

A member's identification number may change, and the EVS will reflect that change. However, ForwardHealth does not automatically send a replacement ForwardHealth card with the new identification number to the member. ForwardHealth cross-references the old and new identification numbers so a provider may submit claims with either number. The member may request a replacement ForwardHealth card that indicates the new number.

#### **Member Name Changes**

If a member's name on the ForwardHealth card is different than the response given from Wisconsin's EVS, providers should use the name from the EVS response. When a name change is reported and on file, a new card will automatically be sent to the member.

#### **Deactivated Cards**

When any member identification card has been replaced for any reason, the previous identification card is deactivated. If a member presents a deactivated card, providers should encourage the member to discard the deactivated card and use only the new card.

Although a member identification card may be deactivated, the member ID is valid and the member still may be enrolled in a ForwardHealth program.

If a provider swipes a ForwardHealth card using a magnetic stripe card reader and finds that it has been deactivated, the provider may request a second form of identification if he or she does not know the member. After the member's identity has been verified, providers may verify a member's enrollment by using one of the EVS methods such as AVR (Automated Voice Response).

#### **Defective Cards**

If a provider uses a card reader for a ForwardHealth card and the magnetic stripe is defective, the provider should encourage the member to call Member Services at the number listed on the back of the member's card to request a new card.

If a member presents a ForwardHealth card with a defective magnetic stripe, providers may verify the member's enrollment by using an alternate enrollment verification method. Providers may also verify a member's enrollment by entering the member ID or 16-digit card number on a touch pad, if available, or by calling WiCall or Provider Services.

#### **Lost Cards**

If a member needs a replacement ForwardHealth card, he or she may call Member Services to request a new one.

If a member lost his or her ForwardHealth card or never received one, the member may call Member Services to request a new one.

#### **Managed Care Organization Enrollment Changes**

Members do not receive a new ForwardHealth card if they are enrolled in a state-contracted MCO (managed care organization) or change from one MCO to another. Providers should verify enrollment with the EVS every time they see a member to ensure they have the most current managed care enrollment information.

### Sample ForwardHealth Identification Card

Topic #1435

### **Types of Identification Cards**

ForwardHealth members receive an identification card upon initial eligibility determination. Identification cards may be presented in different formats (e.g., white plastic cards, paper cards, or paper printouts), depending on the program and the method used to enroll (i.e., paper application or online application). Members who are temporarily enrolled in BadgerCare Plus or Family Planning Only

Services receive temporary identification cards.

#### **Member Enrollment**

Topic #2828

### **Eligibility Requirements**

#### **Limited Benefit Categories**

Some members do not have dental coverage or have very limited dental coverage because they are Medicaid eligible only for a <u>limited-benefit category</u>. Providers are reminded that Wisconsin Medicaid reimburses providers for services that have been prior authorized in situations where a member moves into an eligibility category where dental services are not ordinarily covered.

#### **Members Enrolled in Managed Care Organizations**

Some members enrolled in <u>Medicaid HMOs and SSI HMOs</u> have dental coverage through their HMO. If a dentist without HMO affiliation provides *non-emergency* dental care to a Medicaid member with HMO dental coverage, neither the HMO nor Medicaid will reimburse the dentist for those services. Neither can the dentist hold the member liable.

Therefore, *before* providing any non-emergency dental services, a dentist should always check whether a Medicaid member is enrolled in a Medicaid or SSI HMO and whether the HMO provides dental coverage. Eligibility information, including HMO dental coverage, is available through the AVR (Automated Voice Response) system.

If a <u>non-network dentist</u> provides <u>emergency dental care</u> to a member with HMO dental coverage, the HMO will reimburse the dentist according to conditions of payment established in the HMO's contract with Wisconsin Medicaid.

Dental providers are paid on a fee-for-service basis for services provided to a managed care program enrollee if the managed care program does not offer dental services, or if the enrollee received <u>prosthodontia (fixed)</u>, <u>prosthodontia (removable)</u>, or <u>orthodontia</u> treatment before the member was enrolled in a Medicaid-contracted managed care program.

#### Misuse and Abuse of Benefits

Topic #271

### **Examples of Member Abuse or Misuse**

Examples of member abuse or misuse are included in DHS 104.02(5), Wis. Admin. Code.

Topic #274

### **Pharmacy Services Lock-In Program**

#### Overview of the Pharmacy Services Lock-In Program

The purpose of the Pharmacy Services Lock-In Program is to coordinate the provision of health care services for members who abuse or misuse Medicaid, BadgerCare Plus, or SeniorCare benefits by seeking duplicate or medically unnecessary services, particularly for controlled substances. The Pharmacy Services Lock-In Program focuses on the abuse or misuse of prescription benefits for controlled substances. Abuse or misuse is defined under Recipient Duties in <u>DHS 104.02</u>, Wis. Admin. Code.

Coordination of member health care services is intended to:

- Curb the abuse or misuse of controlled substance medications.
- Improve the quality of care for a member.
- Reduce unnecessary physician utilization.

The Pharmacy Services Lock-In Program focuses on the abuse or misuse of prescription benefits for controlled substances. Abuse or misuse is defined under Recipient Duties in DHS 104.02, Wis. Admin. Code. The abuse and misuse definition includes:

- Not duplicating or altering prescriptions.
- Not feigning illness, using false pretense, providing incorrect enrollment status, or providing false information to obtain service.
- Not seeking duplicate care from more than one provider for the same or similar condition.
- Not seeking medical care that is excessive or not medically necessary.

The Pharmacy Services Lock-In Program applies to members in fee-for-service as well as members enrolled in Medicaid SSI (Supplemental Security Income) HMOs (health maintenance organizations) and BadgerCare Plus HMOs. Members remain enrolled in the Pharmacy Services Lock-In Program for two years and are continuously monitored for their prescription drug usage. At the end of the two-year enrollment period, an assessment is made to determine if the member should continue enrollment in the Pharmacy Services Lock-In Program.

Members enrolled in the Pharmacy Services Lock-In Program will be locked into one pharmacy where prescriptions for restricted medications must be filled and one prescriber who will prescribe restricted medications. <u>Restricted medications</u> are most controlled substances, carisoprodol, and tramadol. Referrals will be required only for restricted medication services.

Fee-for-service members enrolled in the Pharmacy Services Lock-In Program may choose physicians and pharmacy providers from whom to receive prescriptions and medical services not related to restricted medications. Members enrolled in an HMO must comply with the HMO's policies regarding care that is not related to restricted medications.

Referrals of members as candidates for lock-in are received from retrospective DUR (Drug Utilization Review), physicians, pharmacists, other providers, and through automated surveillance methods. Once a referral is received, six months of pharmacy claims and diagnoses data are reviewed. A recommendation for one of the following courses of action is then made:

- · No further action.
- Send an intervention letter to the physician.
- Send a warning letter to the member.
- Enroll the member in the Pharmacy Services Lock-In Program.

Medicaid, BadgerCare Plus, and SeniorCare members who are candidates for enrollment in the Pharmacy Services Lock-In Program are sent a letter of intent, which explains the restriction that will be applied, how to designate a primary prescriber and a pharmacy, and how to request a hearing if they wish to contest the decision for enrollment (i.e., due process). If a member fails to designate providers, the Pharmacy Services Lock-In Program may assign providers based on claims' history. In the letter of intent, members are also informed that access to emergency care is not restricted.

Letters of notification are sent to the member and to the lock-in primary prescriber and pharmacy. Providers may designate alternate prescribers or pharmacies for restricted medications, as appropriate. Members remain in the Pharmacy Services Lock-In Program for two years. The primary lock-in prescriber and pharmacy may make referrals for specialist care or for care that they are otherwise unable to provide (e.g., home infusion services). The member's utilization of services is reviewed prior to release from the Pharmacy Services Lock-In Program, and lock-in providers are notified of the member's release date.

#### **Excluded Drugs**

The following scheduled drugs will be excluded from monitoring by the Pharmacy Services Lock-In Program:

- · Anabolic steroids.
- Barbiturates used for seizure control.
- Lyrica<sup>®</sup>.
- Provigil<sup>®</sup> and Nuvigil<sup>®</sup>.
- Weight loss drugs.

#### **Pharmacy Services Lock-In Program Administrator**

The Pharmacy Services Lock-In Program is administered by HID (Health Information Designs, Inc.). HID may be contacted by telephone at (800) 225-6998, extension 3045, by fax at (800) 881-5573, or by mail at the following address:

Pharmacy Services Lock-In Program c/o Health Information Designs 391 Industry Dr Auburn AL 36832

## Pharmacy Services Lock-In Prescribers Are Required to Be Enrolled in Wisconsin Medicaid

To prescribe restricted medications for Pharmacy Services Lock-In Program members, prescribers are required to be <u>enrolled in</u> Wisconsin Medicaid. Enrollment for the Pharmacy Services Lock-In Program is not separate from enrollment in Wisconsin Medicaid.

#### Role of the Lock-In Prescriber and Pharmacy Provider

The Lock-In prescriber determines what restricted medications are medically necessary for the member, prescribes those medications using his or her professional discretion, and designates an alternate prescriber if needed. If the member requires an alternate prescriber to prescribe restricted medications, the primary prescriber should complete the <a href="Pharmacy Services Lock-In Program Designation of Alternate Prescriber for Restricted Medication Services (F-11183 (12/10))">(F-11183 (12/10))</a> form and return it to the Pharmacy Services Lock-In Program and to the member's HMO, if applicable.

To coordinate the provision of medications, the Lock-In prescriber may also contact the Lock-In pharmacy to give the pharmacist(s) guidelines as to which medications should be filled for the member and from whom. The primary Lock-In prescriber should also

coordinate the provision of medications with any other prescribers he or she has designated for the member.

The Lock-In pharmacy fills prescriptions for restricted medications that have been written by the member's Lock-In prescriber(s) and works with the Lock-In prescriber(s) to ensure the member's drug regimen is consistent with the overall care plan. The Lock-In pharmacy may fill prescriptions for medications from prescribers other than the Lock-In prescriber only for medications not on the list of restricted medications. If a pharmacy claim for a restricted medication is submitted from a provider who is not a designated Lock-In prescriber, the claim will be denied.

#### **Designated Lock-In Pharmacies**

The Pharmacy Services Lock-In Program pharmacy fills prescriptions for restricted medications that have been written by the member's Lock-In prescriber(s) and works with the Lock-In prescriber(s) to ensure the member's drug regimen is consistent with the overall care plan. The Lock-In pharmacy may fill prescriptions for medications from prescribers other than the Lock-In prescriber only for medications not on the list of restricted medications. If a pharmacy claim for a restricted medication is submitted from a provider who is not a designated Lock-In prescriber, the claim will be denied.

# Alternate Providers for Members Enrolled in the Pharmacy Services Lock-In Program

Members enrolled in the Pharmacy Services Lock-In Program do not have to visit their Lock-In prescriber to receive medical services unless an HMO requires a primary care visit. Members may see other providers to receive medical services; however, other providers cannot prescribe restricted medications for Pharmacy Services Lock-In Program members unless specifically designated to do so by the primary Lock-In prescriber. For example, if a member sees a cardiologist, the cardiologist may prescribe a statin for the member, but the cardiologist may not prescribe restricted medications unless he or she has been designated by the Lock-In prescriber as an alternate provider.

A referral to an alternate provider for a Pharmacy Services Lock-In Program member is necessary only when the member needs to obtain a prescription for a restricted medication from a provider other than his or her Lock-In prescriber or Lock-In pharmacy.

If the member requires alternate prescribers to prescribe restricted medications, the primary Lock-In prescriber is required to complete the Pharmacy Services Lock-In Program Designation of Alternate Prescriber for Restricted Medication Services form. Referrals for fee-for-service members must be on file with the Pharmacy Services Lock-In Program. Referrals for HMO members must be on file with the Pharmacy Service Lock-In Program and the member's HMO.

Designated alternate prescribers are required to be enrolled in Wisconsin Medicaid.

# Claims from Providers Who Are Not Designated Pharmacy Services Lock-In Providers

If the member brings a prescription for a restricted medication from a non-Lock-In prescriber to the designated Lock-In pharmacy, the pharmacy provider cannot fill the prescription.

If a pharmacy claim for a restricted medication is submitted from a provider who is not the designated Lock-In prescriber, alternate prescriber, Lock-In pharmacy, or alternate pharmacy, the claim will be denied. If a claim is denied because the prescription is not from a designated Lock-In prescriber, the Lock-In pharmacy provider cannot dispense the drug or collect a cash payment from the member because the service is a nonreimbursable service. However, the Lock-In pharmacy provider may contact the Lock-In prescriber to request a new prescription for the drug, if appropriate.

To determine if a provider is on file with the Pharmacy Services Lock-In Program, the Lock-In pharmacy provider may do one of the following:

- Speak to the member.
- Call HID.
- Call Provider Services.

• Use the ForwardHealth Portal.

Claims are not reimbursable if the designated Lock-In prescriber, alternate Lock-In prescriber, Lock-In pharmacy, or alternate Lock-In pharmacy provider is not on file with the Pharmacy Services Lock-In Program.

#### **For More Information**

Providers may call HID with questions about the Pharmacy Services Lock-In Program. Pharmacy providers may also refer to the list of restricted medications data table or call Provider Services with questions about the following:

- Drugs that are restricted for Pharmacy Services Lock-In Program members.
- A member's enrollment in the Pharmacy Services Lock-In program.
- A member's designated Lock-In prescriber or Lock-In pharmacy.

Topic #273

### **Providers May Refuse to Provide Services**

Providers may refuse to provide services to a BadgerCare Plus or Medicaid member in situations when there is reason to believe that the person presenting the ForwardHealth identification card is misusing or abusing it.

Members who abuse or misuse BadgerCare Plus or Wisconsin Medicaid benefits or their ForwardHealth card may have their benefits terminated or be subject to limitations under the Pharmacy Services Lock-In Program or to criminal prosecution.

Topic #275

### **Requesting Additional Proof of Identity**

Providers may request additional proof of identity from a member if they suspect fraudulent use of a ForwardHealth identification card. If another form of identification is not available, providers can compare a person's signature with the signature on the back of the ForwardHealth identification card if it is signed. (Adult members are encouraged to sign the back of their cards; however, it is not mandatory for members to do so.)

Verifying member identity, as well as enrollment, can help providers detect instances of fraudulent ForwardHealth card use.

#### **Special Enrollment Circumstances**

Topic #276

#### **Medicaid Members from Other States**

Wisconsin Medicaid does not pay for services provided to members enrolled in other state Medicaid programs. Providers are advised to contact <u>other state Medicaid programs</u> to determine whether the service sought is a covered service under that state's Medicaid program.

Topic #279

### **Members Traveling Out of State**

When a member travels out of state but is within the United States (including its territories), Canada, or Mexico, BadgerCare Plus and Wisconsin Medicaid cover medical services in any of the following circumstances:

- An emergency illness or accident.
- When the member's health would be endangered if treatment were postponed.
- When the member's health would be endangered if travel to Wisconsin were undertaken.
- When PA (prior authorization) has been granted to the out-of-state provider for provision of a nonemergency service.
- When there are coinsurance, copayment, or deductible amounts remaining after Medicare payment or approval for dual eligibles.

*Note:* Some providers located in a state that borders Wisconsin may be Wisconsin Medicaid enrolled as a <u>border-status provider</u> if the provider notifies ForwardHealth in writing that it is common practice for members in a particular area of Wisconsin to seek his or her medical services. Border-status providers follow the same policies as Wisconsin providers.

Topic #277

### Non-U.S. Citizens — Emergency Services

Certain non-U.S. citizens who are not qualified aliens are eligible for services only in cases of acute emergency medical conditions. Providers should use the appropriate diagnosis code to document the nature of the emergency.

An emergency medical condition is a medical condition manifesting itself by acute symptoms of such severity that one could reasonably expect the absence of immediate medical attention to result in the following:

- Placing the person's health in serious jeopardy.
- Serious impairment to bodily functions.
- Serious dysfunction of any bodily organ or part.

Due to federal regulations, BadgerCare Plus and Wisconsin Medicaid do not cover services for non-U.S. citizens who are not qualified aliens related to routine prenatal or postpartum care, major organ transplants (e.g., heart, liver), or ongoing treatment for chronic conditions where there is no evidence of an acute emergent state. For the purposes of this policy, all labor and delivery is considered an emergency service.

*Note:* Babies born to certain non-qualifying immigrants are eligible for Medicaid enrollment under the CEN (continuously eligible newborn) option. However, babies born to women with incomes over 300 percent of the FPL (Federal Poverty Level) are not eligible for CEN status. The baby may still qualify for BadgerCare Plus. These mothers should report the birth to the local agencies within ten calendar days.

A provider who gives emergency care to a non-U.S. citizen should refer him or her to the local county or tribal agency or ForwardHealth outstation site for a determination of BadgerCare Plus enrollment. Providers may complete the <u>Certification of Emergency for Non-U.S. Citizens (F-01162 (02/09))</u> form for clients to take to the local county or tribal agency in their county of residence where the BadgerCare Plus enrollment decision is made.

Providers should be aware that a client's enrollment does not guarantee that the services provided will be reimbursed by BadgerCare Plus.

Topic #278

### **Persons Detained by Legal Process**

Most individuals detained by legal process are *not* eligible for BadgerCare Plus or Wisconsin Medicaid benefits.

*Note:* "Detained by legal process" means a person who is incarcerated (including some Huber Law prisoners) because of law violation or alleged law violation, which includes misdemeanors, felonies, delinquent acts, and day-release prisoners.

Pregnant women detained by legal process who qualify for the <u>BadgerCare Plus Prenatal Program</u> and state prison inmates who qualify for Wisconsin Medicaid or BadgerCare Plus during inpatient hospital stays may receive certain benefits. Additionally, inmates of county jails admitted to a hospital for inpatient services who are expected to remain in the hospital for 24 hours or more will be eligible for PE (presumptive eligibility) determinations for BadgerCare Plus by qualified hospitals. Refer to the Presumptive Eligibility chapter of either the Inpatient or Outpatient Hospital service area for more information on the PE determination process.

The DOC (Department of Corrections) oversees health care-related needs for individuals detained by legal process who do not qualify for the BadgerCare Plus Prenatal Program or for state prison inmates who do not qualify for Wisconsin Medicaid or BadgerCare Plus during an inpatient hospital stay.

# State Prison Inmates May Qualify for BadgerCare Plus or Wisconsin Medicaid During Inpatient Hospital Stays

As a result of 2013 Wisconsin Act 20, the 2013-15 biennial budget, state prison inmates may qualify for BadgerCare Plus or Wisconsin Medicaid during inpatient hospital stays.

#### **Eligibility**

Only inmates of a state prison, not a county jail, are eligible to receive benefits. To qualify for BadgerCare Plus or Wisconsin Medicaid, state prison inmates must meet all applicable eligibility criteria. The DOC coordinates and reimburses inpatient hospital services for inmates who do not qualify for BadgerCare Plus or Wisconsin Medicaid.

Inmates are eligible for BadgerCare Plus or Wisconsin Medicaid for the duration of their hospital stay. Eligibility begins on their date of admission and ends on their date of discharge.

Inmates are not eligible for outpatient hospital services, including observations, under BadgerCare Plus and Wisconsin Medicaid. Inmates may only be eligible for ER (emergency room) services if they are admitted to the hospital directly from the ER and are counted in the midnight census; otherwise, ER services are considered outpatient services. Outpatient hospital services approved by the DOC are reimbursed by the DOC.

Inmates are not presumptively eligible. Retroactive eligibility will only apply to dates of admission on and after April 1, 2014.

#### **Enrollment**

The DOC coordinates the submission of enrollment applications on behalf of inmates.

#### **Covered Services**

The only services allowable by BadgerCare Plus or Wisconsin Medicaid for inmates are inpatient hospital services and professional services provided during the inpatient hospital stay that are covered under BadgerCare Plus and Wisconsin Medicaid. Providers with questions regarding services covered by BadgerCare Plus and Wisconsin Medicaid may refer to the applicable service area or contact Provider Services.

#### Fee-for-Service

Inmates receive services on a fee-for-service basis; they are not enrolled in HMOs.

#### **Prior Authorization**

The DOC will assist inpatient hospital providers with their submission of PA (prior authorization) requests for any services requiring PA. If PA is denied, the DOC is responsible for reimbursement of the services.

#### **Enrollment Verification**

Inmates are only enrolled for the duration of their hospital stay. Providers should always verify an inmate's enrollment in BadgerCare Plus or Wisconsin Medicaid before submitting a claim.

#### **Claim Submission**

When submitting a claim for an inmate's inpatient hospital stay, providers should follow the current claim submission procedures for each applicable service area.

#### Reimbursement

Acute care hospitals that provide services to inmates are reimbursed at a percentage of their usual and customary charge.

Critical access hospitals that provide services to inmates are reimbursed according to their existing Wisconsin Medicaid <u>reimbursement methodology</u>.

Wisconsin Medicaid reimburses professional services related to an inmate's inpatient hospital stay (e.g., laboratory services, physician services, radiology services, or DME (durable medical equipment)) at the current maximum allowable fee.

#### **Contact Information**

Providers may contact the DOC at (608) 240-5139 or (608) 240-5190 with questions regarding enrollment or PA for inmate inpatient hospital stays.

Topic #280

### **Retroactive Enrollment**

Retroactive enrollment occurs when an individual has applied for BadgerCare Plus or Medicaid and enrollment is granted with an effective date prior to the date the enrollment determination was made. A member's enrollment may be backdated to allow retroactive coverage for medical bills incurred prior to the date of application.

The retroactive enrollment period may be backdated up to three months prior to the month of application if all enrollment requirements were met during the period. Enrollment may be backdated more than three months if there were delays in determining enrollment or if court orders, fair hearings, or appeals were involved.

#### **Reimbursing Members in Cases of Retroactive Enrollment**

When a member receives retroactive enrollment, he or she has the right to request the return of payments made to a Medicaid-enrolled provider for a covered service during the period of retroactive enrollment, according to DHS 104.01(11), Wis. Admin. Code. A Medicaid-enrolled provider is required to submit claims to ForwardHealth for covered services provided to a member during periods of retroactive enrollment. Medicaid cannot directly refund the member.

If a service(s) that requires PA (prior authorization) was performed during the member's period of retroactive enrollment, the provider is required to submit a PA request and receive approval from ForwardHealth *before* submitting a claim.

If a provider receives reimbursement from Medicaid for services provided to a retroactively enrolled member and the member has paid for the service, the provider is required to reimburse the member or authorized person acting on behalf of the member (e.g., local General Relief agency) the full amount that the member paid for the service.

If a claim cannot be filed within 365 days of the DOS (date of service) due to a delay in the determination of a member's retroactive enrollment, the provider is required to submit the claim to Timely Filing within 180 days of the date the retroactive enrollment is entered into Wisconsin's EVS (Enrollment Verification System) (if the services provided during the period of retroactive enrollment were covered).

Topic #281

### Spenddown to Meet Financial Enrollment Requirements

Occasionally, an individual with significant medical bills meets all enrollment requirements except those pertaining to income. These individuals are required to "spenddown" their income to meet financial enrollment requirements.

The certifying agency calculates the individual's spenddown (or deductible) amount, tracks all medical costs the individual incurs, and determines when the medical costs have satisfied the spenddown amount. (A payment for a medical service does not have to be made by the individual to be counted toward satisfying the spenddown amount.)

When the individual meets the spenddown amount, the certifying agency notifies ForwardHealth and the provider of the last service that the individual is eligible beginning on the date that the spenddown amount was satisfied.

If the individual's last medical bill is greater than the amount needed to satisfy the spenddown amount, the certifying agency notifies the affected provider by indicating the following:

- The individual is eligible for benefits as of the DOS (date of service) on the last bill.
- A claim for the service(s) on the last bill should be submitted to ForwardHealth. (The claim should indicate the full cost of the service.)
- The portion of the last bill that the individual must pay to the provider.

The certifying agency also informs ForwardHealth of the individual's enrollment and identifies the following:

- The DOS of the final charges counted toward satisfying the spenddown amount.
- The provider number of the provider of the last service.
- The spenddown amount remaining to be satisfied.

When the provider submits the claim, the spenddown amount will automatically be deducted from the provider's reimbursement for the claim. The spenddown amount is indicated in the Member's Share element on the <u>Medicaid Remaining Deductible Update (F-10109 (02/14))</u> form sent to providers by the member's certifying agency. The provider's reimbursement is then reduced by the amount of the member's obligation.

# **Exemption from Prior Authorization**

# **Providers Ordering Computed Tomography and Magnetic Resonance Imaging Services**

Health systems, groups, and individual providers (requesting providers) that order CT (computed tomography) and MR (magnetic resonance) imaging services and have implemented advanced imaging decision support tools may request an exemption from PA (prior authorization) requirements for these services. Upon approval, ForwardHealth will recognize the requesting provider's advanced imaging decision support tool (e.g., ACR Select, Medicalis) as an alternative to current PA requirements for CT and MR imaging services. Requesting providers with an approved tool will not be required to obtain PA through eviCore healthcare for these services when ordered for Medicaid and BadgerCare Plus fee-for-service members.

*Note:* It is the ordering provider's responsibility to communicate PA status (whether the provider is exempt from PA requirements or PA has been obtained through eviCore healthcare) to the rendering provider at the time of the request for advanced imaging services.

#### **Exemption from Prior Authorization Requirements Not Available for Positron Emission Tomography**

Decision support for PET (positron emission tomography) is not available in all advanced imaging decision support tools. Therefore, PET will not be eligible to be exempted from PA requirements at this time. ForwardHealth may review its policies and requirements in response to any future developments in decision support tools, including the addition of PET decision support tools to the PA exemption.

# Process for Obtaining an Exemption from Prior Authorization Requirements

Requesting providers with advanced imaging decision support tools may request exemption from PA requirements for CT and MR imaging services using the following process:

- 1. Complete a <u>Prior Authorization Requirements Exemption Request for Computed Tomography (CT) and Magnetic Resonance (MR) Imaging Services (F-00787 (05/13)) and agree to its terms.</u>
- 2. Submit the completed Prior Authorization Requirements Exemption Request for CT and MR Imaging Services to the mailing or e-mail address listed on the form. Once received, ForwardHealth will review the exemption request materials, approve or deny the request, and send a decision letter to the requesting provider within 60 days after receipt of all necessary documentation. ForwardHealth will contact the requesting provider if any additional information is required for the application.
- 3. If the exemption request is approved, submit a list of all individual providers who order CT and MR scans using the requesting provider's decision support tool. Exemptions are verified using the NPI (National Provider Identifier) of the individual ordering provider; therefore, requesting providers should submit a complete list of all individual ordering providers within the requesting provider's group to ForwardHealth. Lists may be submitted via e-mail to DHSPAExemption@wisconsin.gov.

### **Process for Maintaining an Exemption from Prior Authorization Requirements**

To maintain exemption from PA requirements for advanced imaging services, the requesting provider is required to report the following outcome measures to ForwardHealth for the previous full six-month interval (January 1 through June 30 and July 1 through December 31) by July 31 and January 31 of each year:

 Aggregate score for all ordering providers that measures consistency with system recommendations based on the reporting standards described in more detail in Section III of the Prior Authorization Requirements Exemption Request for CT and MR Imaging Services form.

- Subset scores, grouped by primary and specialty care.
- Aggregate outcome measures identified in the quality improvement plan.

ForwardHealth will work with requesting providers to determine the most appropriate quality metrics. All requesting providers will need to provide similar data based on their reporting capabilities. This information should be submitted by the July 31 and January 31 deadlines to DHSPAExemption@wisconsin.gov.

Refer to the Prior Authorization Requirements Exemption Request for CT and MR Imaging Services form for more detailed information on quality improvement plans and maintaining exemption from PA requirements. Providers with questions regarding the requirements may e-mail them to DHSPAExemption@wisconsin.gov. If a requesting provider's quality improvement plan changes over time, any additional information identified in the plan must also be reported to this e-mail address.

ForwardHealth may discontinue an exemption after initial approval if it determines the requesting provider either no longer meets the requirements outlined previously or does not demonstrate meaningful use of decision support to minimize inappropriate utilization of CT and MR imaging services.

#### **Updating the List of Eligible Providers**

The requesting provider is required to maintain the list of individual ordering providers eligible for the exemption. The requesting provider will have two mechanisms for updating the list of individual ordering providers eligible for the exemption: individual entry of provider NPIs or uploading a larger, preformatted text file.

The requesting provider may enter individual NPIs using the Prior Authorization Exempted link under the Quick Links box in the secure Provider area of Portal.

For larger lists of providers eligible for exemption, requesting providers should upload a text file to the Portal that includes the individual provider NPIs, start dates for exemption, and end dates for exemption, if applicable. All submitted NPIs will be matched to the ForwardHealth provider file. ForwardHealth will notify the requesting provider monthly, using the e-mail contact indicated on the exemption application form, of any NPIs that cannot be matched.

ForwardHealth will enable the requesting provider's Portal administrator and delegated clerks to update the individual ordering providers for whom the exemption applies by July 1, 2013. Any changes that need to be made prior to that time for individual ordering providers eligible for the exemption should be sent to DHSPAExemption@wisconsin.gov.

The individual providers listed may order CT and MR imaging services without requesting PA for any DOS on and after the date the requesting provider indicates those providers are eligible to use the decision support tool, regardless of the date an individual provider's information was submitted to ForwardHealth.

For example, ABC Health Clinic is approved for an exemption from PA requirements on June 1. Dr. Smith of ABC Health Clinic orders an MR imaging service on June 15. It is discovered on June 20 that Dr. Smith was mistakenly excluded from ABC Health Clinic's exemption list. Once Dr. Smith is added to the exemption list, she is covered under the exemption going back to the date ABC Health Clinic indicated she was eligible to use the clinic's decision support tool.

## **Providers Rendering Advanced Imaging Services**

Providers rendering advanced imaging services are encouraged to verify that either a PA request has been approved for the member (verified by contacting eviCore healthcare or the ordering provider), or the ordering provider is exempt from PA (verified by contacting the ordering provider) prior to rendering the service.

#### Claim Submission

Providers rendering advanced imaging services for an ordering provider who is exempt from PA requirements should include modifier Q4 (Service for ordering/referring physician qualifies as a service exemption) on the claim detail for the CT or MR imaging service. This modifier, which may be used in addition to the TC (Technical component) or 26 (Professional component) modifiers on advanced imaging claims, indicates to ForwardHealth that the ordering provider is exempt from PA requirements for these services.

Providers are also reminded to include the NPI of the ordering provider on the claim if the ordering provider is different from the rendering provider. If a PA request was not approved for the member and an exempt ordering provider's NPI is not included on the claim, the claim will be denied.

Topic #10678

# **Prior Authorization for Advanced Imaging Services**

Most advanced imaging services, including CT (computed tomography), MR (magnetic resonance), and PET (positron emission tomography) imaging, require PA (prior authorization) when performed in either outpatient hospital settings or in non-hospital settings (e.g., radiology clinics). <a href="eviCore healthcare">eviCore healthcare</a>, a private radiology benefits manager, is authorized to administer PA for advanced imaging services on behalf of ForwardHealth. Refer to the Prior Authorization section of the Radiology area of the Online Handbook for PA requirements and submission information for advanced imaging services.

Health systems, groups, and individual providers that order CT and MR imaging services and have implemented decision support tools may request an exemption from PA requirements for these services. Upon approval, ForwardHealth will recognize the requesting provider's advanced imaging decision support tool (e.g., ACR Select, Medicalis) as an alternative to current PA requirements for CT and MR imaging services.

#### **Decisions**

Topic #424

# **Approved Requests**

PA (prior authorization) requests are approved for varying periods of time based on the clinical justification submitted. The provider receives a copy of a PA decision notice when a PA request for a service is approved. Providers may then begin providing the approved service on the grant date given.

An approved request means that the requested *service*, not necessarily the code, was approved. For example, a similar procedure code may be substituted for the originally requested procedure code. Providers are encouraged to review approved PA requests to confirm the services authorized and confirm the assigned grant and expiration dates.

### Listing Procedure Codes Approved as a Group on the Decision Notice Letter

In certain circumstances, ForwardHealth will approve a PA request for a group of procedure codes with a total quantity approved for the entire group. When this occurs, the quantity approved for the entire group of codes will be indicated with the first procedure code. All of the other approved procedure codes within the group will indicate a quantity of zero.

Providers may submit claims for any combination of the procedure codes in the group up to the approved quantity.

Topic #4724

# **Communicating Prior Authorization Decisions**

ForwardHealth will make a decision regarding a provider's PA (prior authorization) request within 20 working days from the receipt of all the necessary information. After processing the PA request, ForwardHealth will send the provider either a decision notice letter or a returned provider review letter. Providers will receive a decision notice letter for PA requests that were approved, approved with modifications, or denied. Providers will receive a returned provider review letter for PA requests that require corrections or additional information. The decision notice letter or returned provider review letter will clearly indicate what is approved or what correction or additional information ForwardHealth needs to continue adjudicating the PA request.

Providers submitting PA requests via the ForwardHealth Portal will receive a decision notice letter or returned provider review letter via the Portal.

If the provider submitted a PA request via <u>mail</u> or <u>fax</u> and the provider has a Portal account, the decision notice letter or returned provider review letter will be sent to the provider via the Portal as well as by mail.

If the provider submitted a paper PA request via mail or fax and does not have a Portal account, the decision notice letter or returned provider review letter will be sent to the address indicated in the provider's file as his or her PA address (or to the physical address if there is no PA address on file), *not* to the address the provider wrote on the PA request.

The decision notice letter or returned provider review letter will not be faxed back to providers who submitted their paper PA request via fax. Providers who submitted their paper PA request via fax will receive the decision notice letter or returned provider letter via mail.

# **Correcting Returned Prior Authorization Requests and**

# **Request Amendments on the Portal**

If a provider received a returned provider review letter or an amendment provider review letter, he or she will be able to correct the errors identified on the returned provider review letter directly on the ForwardHealth Portal. Once the provider has corrected the error (s), the provider can resubmit the PA (prior authorization) request or amendment request via the Portal to ForwardHealth for processing. When correcting errors, providers only need to address the items identified in the returned provider review letter or the amendment provider review letter. Providers are not required to resubmit PA information already submitted to ForwardHealth.

Topic #5037

# **Decision Notice Letters and Returned Provider Review Letters on the Portal**

Providers can view PA (prior authorization) decision notices and provider review letters via the secure area of the ForwardHealth Portal. Prior authorization decision notices and provider review letters can be viewed when the PA is selected on the Portal.

*Note:* The PA decision notice or the provider review letter will not be available until the day after the PA request is processed by ForwardHealth.

Topic #425

# **Denied Requests**

When a PA (prior authorization) request is denied, both the provider and the member are notified. The provider receives a PA decision notice, including the reason for PA denial. The member receives a Notice of Appeal Rights letter that includes a brief statement of the reason PA was denied and information about his or her right to a fair hearing. Only the *member*, *or authorized person acting on behalf of the member*, can appeal the denial.

Providers may call Provider Services for clarification of why a PA request was denied.

Providers are required to discuss a denied PA request with the member and are encouraged to help the member understand the reason the PA request was denied.

Providers have three options when a PA request is denied:

- Not provide the service.
- Submit a *new* PA request. Providers are required to submit a copy of the original denied PA request and additional supporting clinical documentation and medical justification along with a new <u>PA/RF (Prior Authorization Request Form, F-11018 (05/13))</u>, <u>PA/DRF (Prior Authorization/Dental Request Form, F-11035 (07/12))</u>, or <u>PA/HIAS1 (Prior Authorization for Hearing Instrument and Audiological Services 1, F-11020 (05/13))</u>.
- Provide the service as a noncovered service.

If the member does not appeal the decision to deny the PA request or appeals the decision but the decision is upheld and the member chooses to receive the service anyway, the member may choose to receive the service(s) as a <u>noncovered service</u>.

# **Modified Requests**

Modification is a change in the services originally requested on a PA (prior authorization) request. Modifications could include, but are not limited to, either of the following:

- The authorization of a procedure code different than the one originally requested.
- A change in the frequency or intensity of the service requested.

When a PA request is modified, both the provider and the member are notified. The provider will be sent a decision notice letter. The decision notice letter will clearly indicate what is approved or what correction or additional information is needed to continue adjudicating the PA request. The member receives a Notice of Appeal Rights letter that includes a brief statement of the reason PA was modified and information on his or her right to a fair hearing. Only the member, or authorized person acting on behalf of the member, can appeal the modification.

Providers are required to discuss with the member the reasons a PA request was modified.

Providers have the following options when a PA request is approved with modification:

- Provide the service as authorized.
- Submit a request to amend the modified PA request. Additional supporting clinical documentation and medical justification must be included.
- Not provide the service.
- Provide the service as originally requested as a noncovered service.

If the member does not appeal the decision to modify the PA request or appeals the decision but the decision is upheld and the member chooses to receive the originally requested service anyway, the member may choose to receive the service(s) as a <u>noncovered service</u>.

Providers may call **Provider Services** for clarification of why a PA request was modified.

# **Returned Provider Review Letter Response Time**

### Thirty Days to Respond to the Returned Provider Review Letter

ForwardHealth must receive the provider's response within 30 calendar days of the date on the returned provider review letter, whether the letter was sent to the provider by mail or through the ForwardHealth Portal. If the provider's response is received within 30 calendar days, ForwardHealth still considers the original receipt date on the PA (prior authorization) request when authorizing a grant date for the PA.

If ForwardHealth does not receive the provider's response within 30 calendar days of the date the returned provider review letter was sent, the PA status becomes inactive and the provider is required to submit a new PA request. This results in a later grant date if the PA request is approved. Providers will not be notified when their PA request status changes to inactive, but this information will be available on the Portal and through WiCall.

If ForwardHealth receives additional information from the provider after the 30-day deadline has passed, a letter will be sent to the provider stating that the PA request is inactive and the provider is required to submit a new PA request.

Topic #427

# **Returned Requests**

A PA (prior authorization) request may be returned to the provider when forms are incomplete, inaccurate, or additional clinical information or corrections are needed. When this occurs, the provider will be sent a provider review letter.

### **Returned Provider Review Letter**

The returned provider review letter will indicate the PA number assigned to the request and will specify corrections or additional information needed on the PA request. Providers are required to make the corrections or supply the requested information in the space provided on the letter or attach additional information to the letter before mailing the letter to ForwardHealth. Providers can also correct PAs that have been placed in returned provider review status in the ForwardHealth Portal.

The provider's paper documents submitted with the PA request will not be returned to the provider when corrections or additional information are needed; however, X-rays and dental models will be returned once the PA is finalized.

Photographs submitted to ForwardHealth as additional supporting clinical documentation for PA requests will not be returned to providers and will be disposed of securely.

Therefore, providers are required to make a copy of their PA requests (including attachments and any supplemental information) before mailing the requests to ForwardHealth. The provider is required to have a copy on file for reference purposes if more information is required about the PA request.

*Note:* When changing or correcting the PA request, providers are reminded to revise or update the documentation retained in their records.

### **Emergent and Urgent Situations**

Topic #429

# **Emergency Services**

In emergency situations, the PA (prior authorization) requirement may be waived for services that normally require PA. Emergency services are defined in <u>DHS 101.03(52)</u>, Wis. Admin. Code, as "those services which are necessary to prevent the death or serious impairment of the health of the individual."

Reimbursement is not guaranteed for services that normally require PA that are provided in emergency situations. As with all covered services, emergency services must meet all <u>program requirements</u>, including medical necessity, to be reimbursed by Wisconsin Medicaid. For example, reimbursement is contingent on, but not limited to, eligibility of the member, the circumstances of the emergency, and the medical necessity of the services provided.

Wisconsin Medicaid will not reimburse providers for noncovered services provided in any situation, including emergency situations.

Topic #430

# **Urgent Services**

Telephone consultations with DHCAA (Division of Health Care Access and Accountability) staff regarding a prospective PA (prior authorization) request can be given only in urgent situations when medically necessary. An urgent, medically necessary situation is one where a delay in authorization would result in undue hardship for the member or unnecessary costs for Medicaid as determined by the DHCAA. All telephone consultations for urgent services should be directed to the Quality Assurance and Appropriateness Review Section at (608) 266-2521. Providers should have the following information ready when calling:

- · Member's name.
- Member identification number.
- Service(s) needed.
- Reason for the urgency.
- Diagnosis of the member.
- Procedure code of the service(s) requested.

Providers are required to submit a PA request to ForwardHealth within 14 calendar days after the date of the telephone consultation. PA may be denied if the request is received more than two weeks after the consultation. If the PA request is denied in this case, the provider cannot request payment from the member.

### **Follow-Up to Decisions**

Topic #4738

### **Amendment Decisions**

ForwardHealth will make a decision regarding a provider's amendment request within 20 working days from the receipt of all the information necessary. The method ForwardHealth will use to communicate decisions regarding PA (prior authorization) amendment requests will depend on how the *PA request* was originally submitted (not how the amendment request was submitted) and whether the provider has a ForwardHealth Portal account:

- If the PA request was originally submitted via the Portal, the decision notice letter or returned amendment provider review letter will be sent to the provider via the Portal.
- If the PA request was originally submitted via mail or fax and the provider has a Portal account, the decision notice letter or returned amendment provider review letter will be sent to the provider via the Portal, as well as by mail.
- If the PA request was originally submitted via mail or fax and the provider does *not* have a Portal account, the decision notice letter or returned amendment provider review letter will be sent by mail to the address indicated in the provider's file as his or her PA address (or to the physical address if there is no PA address on file), *not* to the address the provider wrote on the PA request or amendment request.

Topic #431

### **Amendments**

Providers are required to use the <u>Prior Authorization Amendment Request (F-11042 (07/12))</u> to amend an approved or modified PA (prior authorization) request.

ForwardHealth does not accept a paper amendment request submitted on anything other than the Prior Authorization Amendment Request. The Prior Authorization Amendment Request may be submitted through the ForwardHealth Portal as well as by <u>mail</u> or <u>fax</u>. If ForwardHealth receives a PA amendment on a previous version of the Prior Authorization Amendment Request form, a letter will be sent to the provider stating that the provider is required to submit a new PA amendment request using the proper forms.

Examples of when providers may request an amendment to an approved or modified PA request include the following:

- To temporarily modify a member's frequency of a service when there is a short-term change in his or her medical condition.
- To change the rendering provider information when the billing provider remains the same.
- To change the member's ForwardHealth identification number.
- To add or change a procedure code.

*Note:* ForwardHealth recommends that, under most circumstances, providers should enddate the current PA request and submit a new one if there is a significant, long-term change in services required.

Topic #432

# **Appeals**

If a PA (prior authorization) request is denied or modified by ForwardHealth, only a member, or authorized person acting on behalf of the member, may file an appeal with the DHA (Division of Hearings and Appeals). Decisions that may be appealed include the following:

• Denial or modification of a PA request.

• Denial of a retroactive authorization for a service.

The member is required to file an appeal within 45 days of the date of the Notice of Appeal Rights.

To file an appeal, members may complete and submit a Request for Fair Hearing (DHA-28 (08/09)) form.

Though providers cannot file an appeal, they are encouraged to remain in contact with the member during the appeal process. Providers may offer the member information necessary to file an appeal and help present his or her case during a fair hearing.

### Fair Hearing Upholds ForwardHealth's Decision

If the hearing decision upholds the decision to deny or modify a PA request, the DHA notifies the member and ForwardHealth in writing. The member may choose to receive the service (or in the case of a modified PA request, the originally requested service) as a noncovered service, not receive the service at all, or appeal the decision.

### Fair Hearing Overturns ForwardHealth's Decision

If the hearing decision overturns the decision to deny or modify the PA request, the DHA notifies ForwardHealth and the member. The letter includes instructions for the provider and for ForwardHealth.

If the DHA letter instructs the provider(s) to submit a claim for the service, each provider should submit the following to ForwardHealth after the service(s) has been performed:

- A paper claim with "HEARING DECISION ATTACHED" written in red ink at the top of the claim.
- A copy of the hearing decision.
- A copy of the denied PA request.

Providers are required to submit claims with hearing decisions to the following address:

ForwardHealth Specialized Research Ste 50 313 Blettner Blvd Madison WI 53784

Claims with hearing decisions sent to any other address may not be processed appropriately.

If the DHA letter instructs the provider to submit a new PA request, the provider is required to submit the *new* PA request along with a copy of the hearing decision to the PA Unit at the following address:

ForwardHealth Prior Authorization Ste 88 313 Blettner Blvd Madison WI 53784

ForwardHealth will then approve the PA request with the revised process date. The provider may then submit a claim following the usual claims submission procedures after providing the service(s).

### **Financial Responsibility**

If the member asks to receive the service *before* the hearing decision is made, the provider is required to notify the member before rendering the service that the member will be responsible for payment if the decision to deny or modify the PA request is upheld.

If the member accepts responsibility for payment of the service before the hearing decision is made, and if the appeal decision *upholds* the decision to deny or modify the PA request, the provider may collect payment from the member if certain conditions are met.

If the member accepts responsibility for payment of the service before the hearing decision is made, and if the appeal decision *overturns* the decision to deny or modify a PA request, the provider may submit a claim to ForwardHealth. If the provider collects payment from the member for the service before the appeal decision is overturned, the provider is required to refund the member for the *entire* amount of payment received from the member after the provider receives Medicaid's reimbursement.

Wisconsin Medicaid does not directly reimburse members.

<PROGRAM NAME>'s denial or modification of the services requested was made for the following reasons:

(Denial/modify code(s) will be inserted here)

<PROGRAM NAME> bases its decisions on criteria found in the Wisconsin Administrative Code. <PROGRAM NAME> may modify or deny a prior authorization request if one or more of the criteria are not supported by documentation submitted by your provider. The specific regulation(s) that supports the reason for the denial/modification of your provider's request for services is found in the following Wisconsin Administrative Code:

(Wis. Admin. Code Regulation(s) will be inserted here)

We have sent your provider the denied/modified prior authorization request. We encourage you to contact <Provider Name> to review the prior authorization request and the reasons for the decision.

#### Your Rights and Responsibilities

You or your designated representative may appeal this decision in accordance with state and federal law within <RecipientDays> days. To file an appeal, you may do one of the following:

- Call your local county or tribal agency at the telephone number listed on the first page of this letter for an appeal form and/or assistance in completing it.
- 2) Write a letter requesting an appeal to the Division of Hearings and Appeals at the following address:

Division of Hearings and Appeals Department of Administration PO Box 7875 Madison WI 53707-7875

The appeal form or letter should include all of the following:

- The name, address, and telephone number of the <PROGRAM NAME> member for whom
  the appeal is being made.
- · The member identification number.
- The prior authorization number <PANumber> of the denied/modified request.
- · The reason you think the denial or modification of the prior authorization is wrong.

REMEMBER: You must mail or deliver your appeal to your local county or tribal agency or the Division of Hearings and Appeals so it is received by the <RecipientDays>-day deadline, which is <AppealDate>.

You will lose your right to an appeal if your request to appeal is not received by the local county or tribal agency or the Division of Hearings and Appeals by <AppealDate>.

If you file an appeal, you may expect the following to occur:

- The state Division of Health Care Access and Accountability will be required to explain, in writing, the reason(s) for the denial or modification of the services your provider requested. This explanation will be mailed to you.
- The Division of Hearings and Appeals will schedule a hearing to consider your appeal and
  will notify you of the time and place by mail. Hearings are generally held at your local county
  or tribal agency. You may want to ask your local county or tribal agency if there is free legal
  help available in your area.
- At that hearing, you (or you may choose a friend, relative, attorney, provider, etc., to represent you) will have an opportunity to explain your need for the service to a hearing officer. Division of Health Care Access and Accountability staff may also appear in person or participate by telephone.
- Based on all the information available, the hearing officer will make a decision on your appeal, notify you of the decision by mail, and advise you of any additional appeal rights.

Whether or not you appeal, <PROGRAM NAME> will pay for any services it has approved. After the hearing officer makes a decision on your appeal, <PROGRAM NAME> will continue to pay for the approved services plus any additional services the hearing officer directs <PROGRAM NAME> to pay.

If you need information about accommodation for a disability or for language translation, please call 1-608-266-3096 (voice) or 1-608-264-9853 (TTY) immediately so arrangements can be made. The staff at these numbers will not be able to provide you with information about the reasons for Wisconsin <PROGRAM NAME>'s decision to deny or modify the prior authorization request. These telephone numbers at the Division of Hearings and Appeals should only be used for questions about the hearing process.

Topic #1106

# **Enddating**

Providers are required to use the <u>Prior Authorization Amendment Request (F-11042 (07/12))</u> to enddate most PA (prior authorization) requests. ForwardHealth does not accept requests to enddate a PA request for any service, except drugs, on anything other than the Prior Authorization Amendment Request. PA for drugs may be enddated by using STAT-PA (Specialized Transmission Approval Technology-Prior Authorization) in addition to submitting a Prior Authorization Amendment Request.

Providers may submit a Prior Authorization Amendment Request on the ForwardHealth Portal, or by fax or mail.

If a request to enddate a PA is not submitted on the Prior Authorization Amendment Request, a letter will be sent to the provider stating that the provider is required to submit the request using the proper forms.

Examples of when a PA request should be enddated include the following:

- A member chooses to discontinue receiving prior authorized services.
- A provider chooses to discontinue delivering prior authorized services.

Examples of when a PA request should be enddated and a new PA request should be submitted include the following:

- There is an interruption in a member's continual care services.
- There is a change in the member's condition that warrants a long-term change in services required.
- The service(s) is no longer medically necessary.

Topic #4739

# **Returned Amendment Provider Review Letter**

If the amendment request needs correction or additional information, a returned amendment provider review letter will be sent. The letter will show how the PA (prior authorization) appears currently in the system and providers are required to respond by correcting errors identified on the letter. Providers are required to make the corrections or supply the requested information in the space provided on the letter or attach additional information to the letter before mailing the letter to ForwardHealth. Providers can also correct an amendment request that has been placed in returned provider review status in the ForwardHealth Portal.

ForwardHealth must receive the provider's response within 30 calendar days of the date the returned amendment provider review letter was sent. After 30 days the amendment request status becomes inactive and the provider is required to submit a new amendment request. The ForwardHealth interChange system will continue to use the original approved PA request for processing claims.

The provider's paper documents submitted with the amendment request will not be returned to the provider when corrections or additional information are needed; however, X-rays and dental models will be returned once the amendment request is finalized.

Photographs submitted to ForwardHealth as additional supporting clinical documentation for PA requests will not be returned to providers and will be disposed of securely.

Therefore, providers are required to make a copy of their amendment requests (including attachments and any supplemental information) before mailing the requests to ForwardHealth. The provider is required to have a copy on file for reference purposes if ForwardHealth requires more information about the amendment request.

*Note:* When changing or correcting the amendment request, providers are reminded to revise or update the documentation retained in their records.

Topic #5039

# **Searching for Previously Submitted Prior Authorization Requests on the Portal**

Providers will be able to search for all previously submitted PA (prior authorization) requests, regardless of how the PA was initially submitted. If the provider knows the PA number, he or she can enter the number to retrieve the PA information. If the provider does not know the PA number, he or she can search for a PA by entering information in one or more of the following fields:

- Member identification number.
- Requested start date.
- Prior authorization status.
- Amendment status.

If the provider does not search by any of the information above, providers will retrieve all their PA requests submitted to ForwardHealth.

### **Forms and Attachments**

Topic #2834

# **An Overview**

Depending on the dental service being requested, most PA (prior authorization) requests must be comprised of the following:

- The PA/DRF (Prior Authorization Dental Request Form, F-11035 (07/12)).
- A PA/DA1 (Prior Authorization/Dental Attachment 1, F-11010 (01/2018)) or a PA/DA2 (Prior Authorization/Dental Attachment 2, F-11014 (07/12)).
- Additional supporting clinical documentation.

Topic #446

### **Attachments**

In addition to the PA/RF (Prior Authorization Request Form, F-11018 (05/13)), PA/HIAS1 (Prior Authorization for Hearing Instrument and Audiological Services 1, F-11020 (05/13)), or PA/DRF (Prior Authorization/Dental Request Form, F-11035 (07/12)), a service-specific PA (prior authorization) attachment must be submitted with each PA request. The PA attachment allows a provider to document the clinical information used to determine whether or not the standards of medical necessity are met for the requested service(s). Providers should include adequate information for ForwardHealth to make a reasonable judgment about the case.

ForwardHealth will scan each form with a barcode as it is received, which will allow greater efficiencies for processing PA requests.

Topic #2833

#### **Prior Authorization/Dental Attachment 1**

The <u>PA/DA1 (Prior Authorization/Dental Attachment 1, F-11010 (01/2018))</u> allows a provider to document the clinical information used to determine whether the standards of medical necessity are met for the requested service(s). Dental providers should use the PA/DA1 for certain services within the following categories:

- Adjunctive general services.
- · Diagnostic services.
- Endodontic services.
- HealthCheck "Other Services."
- · Periodontal services.
- Prosthodontic services.
- Restorative services.

#### **Prior Authorization/Dental Attachment 2**

The purpose of the <u>PA/DA2 (Prior Authorization/Dental Attachment 2, F-11014 (07/12))</u> is to document the medical necessity of certain services within the following categories:

- Fixed prosthetic services.
- Oral surgery services.
- Orthodontic services.

Topic #447

# **Obtaining Forms and Attachments**

Providers may obtain paper versions of all PA (prior authorization) forms and attachments. In addition, providers may download and complete most PA attachments from the ForwardHealth Portal.

### **Paper Forms**

Paper versions of all PA forms and PA attachments are available by writing to ForwardHealth. Include a return address, the name of the form, the form number (if applicable), and mail the request to the following address:

ForwardHealth Form Reorder 313 Blettner Blvd Madison WI 53784

Providers may also call **Provider Services** to order paper copies of forms.

#### **Downloadable Forms**

Most PA attachments can be downloaded and printed in their original format from the Portal. Many forms are available in fillable PDF (Portable Document Format) and fillable Microsoft<sup>®</sup> Word formats.

#### Web Prior Authorization Via the Portal

Certain providers may complete the <u>PA/RF (Prior Authorization Request Form, F-11018 (05/13))</u> and PA attachments through the Portal. Providers may then print the PA/RF (and in some cases the PA attachment), and send the PA/RF, service-specific PA attachments, and any supporting documentation on paper by mail or fax to ForwardHealth.

Topic #2831

The <u>PA/DRF</u> (Prior Authorization Dental Request Form, F-11035 (07/12)) may be downloaded and printed in its original format from this Web site. Providers may order paper copies of the PA/DRF from Form Reorder at the previously listed address.

Topic #2830

# **Prior Authorization Dental Request Form**

The <u>PA/DRF</u> (Prior Authorization Dental Request Form, F-11035 (07/12)) is used by ForwardHealth and is mandatory for dental providers when requesting PA (prior authorization). The PA/DRF serves as the cover page of a PA request.

A sample PA/DRF is available.

Providers are required to complete the basic provider, member, and service information on the PA/DRF. Each PA request is assigned a unique ten-digit number. ForwardHealth remittance information will report to the provider the PA number used to process claim for prior authorized services.

### **Multiple-Page Requests**

ForwardHealth accepts PA requests with a maximum of 26 details per PA request. The ForwardHealth PA/RF (Prior Authorization Request Form, F-11018 (05/13)) has space for 10 items. If a provider's PA request requires more than 12 items to be listed, the

provider may continue the PA request on a second and third PA/RF. When submitting a PA request with multiple pages, indicate the page number and total number of pages for the PA/RF in the upper right hand corner (e.g., "page 1 of 2" and "page 2 of 2").

In addition, the total charges should be indicated in Element 24 of the last page of the PA/DRF. On the preceding pages, Element 24 should refer to the last page (for example, "see page 2").

#### **PA Numbers**

The PA number consists of 10 digits, containing valuable information about the PA (e.g., the date the PA request was received by ForwardHealth, the medium used to submit the PA request). The PA number will no longer be pre-printed on the PA/DRF.

# **Prior Authorization Request Form Completion Instructions** for Prescribers for Drugs

ForwardHealth requires certain information to enable the programs to authorize and pay for medical services provided to eligible members.

Members of ForwardHealth are required to give providers full, correct, and truthful information for the submission of correct and complete claims for reimbursement. This information should include, but is not limited to, information concerning enrollment status, accurate name, address, and member identification number (Wis. Admin. Code § DHS 104.02[4]).

Under Wis. Stat. § 49.45(4), personally identifiable information about program applicants and members is confidential and is used for purposes directly related to ForwardHealth administration such as determining eligibility of the applicant, processing PA (prior authorization) requests, or processing provider claims for reimbursement. The use of this form is mandatory to receive PA of certain procedures/services/items. Failure to supply the information requested by the form may result in denial of PA or payment for the service.

Providers should make duplicate copies of all paper documents mailed to ForwardHealth. Providers may submit PA requests, along with all applicable service-specific attachments, via the ForwardHealth Portal, by fax to ForwardHealth at 608-221-8616, or by mail to the following address:

ForwardHealth Prior Authorization Ste 88 313 Blettner Blvd Madison WI 53784

The provision of services that are greater than or significantly different from those authorized may result in nonpayment of the billing claim (s).

Topic #449

# **Supporting Clinical Documentation**

Certain PA (prior authorization) requests may require additional supporting clinical documentation to justify the medical necessity for a service(s). Supporting documentation may include, but is not limited to, X-rays, photographs, a physician's prescription, clinical reports, and other materials related to the member's condition.

All supporting documentation submitted with a PA request must be clearly labeled and identified with the member's name and member identification number. Securely packaged X-rays and dental models will be returned to providers.

Photographs submitted to ForwardHealth as additional supporting clinical documentation for PA requests will not be returned to providers and will be disposed of securely.

Topic #2912

Dental services providers should refer to the appropriate PA attachment to determine what supporting clinical documentation is required to be submitted with each PA request.

### **General Information**

Topic #4402

# **An Overview**

The PA (prior authorization) review process includes both a clerical review and a clinical review. The PA request will have one of the statuses detailed in the following table.

<b>Prior Authorization Status</b>	Description
Approved	The PA request was approved.
Approved with Modifications	The PA request was approved with modifications to what was requested.
Denied	The PA request was denied.
Returned — Provider Review	The PA request was returned to the provider for correction or for additional information.
Pending — Fiscal Agent Review	The PA request is being reviewed by the Fiscal Agent.
Pending — Dental Follow-up	The PA request is being reviewed by a Fiscal Agent dental specialist.
Pending — State Review	The PA request is being reviewed by the State.
Suspend — Provider Sending Information	The PA request was submitted via the ForwardHealth Portal and the provider indicated they will be sending additional supporting information on paper.
Inactive	The PA request is inactive due to no response within 30 days to the returned provider review letter and cannot be used for PA or claims processing.

Topic #434

# **Communication with Members**

ForwardHealth recommends that providers inform members that PA (prior authorization) is required for certain specified services *before* delivery of the services. Providers should also explain that, if required to obtain PA, they will be submitting member records and information to ForwardHealth on the member's behalf. Providers are required to keep members informed of the PA request status throughout the *entire* PA process.

### **Member Questions**

A member may call <u>Member Services</u> to find out whether or not a PA request has been submitted and, if so, when it was received by ForwardHealth. The member will be advised to contact the provider if more information is needed about the status of an individual PA request.

Topic #435

# **Definition**

PA (prior authorization) is the electronic or written authorization issued by ForwardHealth to a provider prior to the provision of a service. In most cases, providers are required to obtain PA *before* providing services that require PA. When granted, a PA request is approved for a specific period of time and specifies the type and quantity of service allowed.

Topic #5098

# Designating an Address for Prior Authorization Correspondence

Correspondence related to PA (prior authorization) will be sent to the practice location address on file with ForwardHealth unless the provider designates a separate address for receipt of PA correspondence. This policy applies to all PA correspondence, including decision notice letters, returned provider review letters, returned amendment provider letters, and returned supplemental documentation such as X-rays and dental models.

Photographs submitted to ForwardHealth as additional supporting clinical documentation for PA requests will not be returned to providers and will be disposed of securely.

Providers may designate a separate address for PA correspondence using the demographic maintenance tool.

Topic #436

### **Reasons for Prior Authorization**

Only about four percent of all services covered by Wisconsin Medicaid require PA (prior authorization). PA requirements vary for different types of services. Refer to ForwardHealth publications and <u>DHS 107</u>, Wis. Admin. Code, for information regarding services that require PA. According to DHS 107.02(3)(b), Wis. Admin. Code, PA is designed to do the following:

- Safeguard against unnecessary or inappropriate care and services.
- Safeguard against excess payments.
- Assess the quality and timeliness of services.
- Promote the most effective and appropriate use of available services and facilities.
- Determine if less expensive alternative care, services, or supplies are permissible.
- Curtail misutilization practices of providers and members.

PA requests are processed based on criteria established by the DHS (Department of Health Services).

Providers should not request PA for services that do not require PA simply to determine coverage or establish a reimbursement rate for a manually priced procedure code. Also, new technologies or procedures do not necessarily require PA. PA requests for services that do not require PA are typically returned to the provider. Providers having difficulties determining whether or not a service requires PA may call <u>Provider Services</u>.

Topic #437

# **Referrals to Out-of-State Providers**

PA (prior authorization) may be granted to out-of-state providers when nonemergency services are necessary to help a member attain or regain his or her health and ability to function independently. The PA request may be approved only when the services are not reasonably accessible to the member in Wisconsin.

Out-of-state providers are required to meet ForwardHealth's guidelines for PA approval. This includes sending PA requests, required attachments, and supporting documentation to ForwardHealth before the services are provided.

*Note:* Emergency services provided out-of-state do not require PA; however, claims for such services must include appropriate documentation (e.g., anesthesia report, medical record) to be considered for reimbursement. Providers are required to submit claims with supporting documentation on paper.

Page 282 of 394

When a Wisconsin Medicaid provider refers a member to an out-of-state provider, the referring provider should instruct the out-of-state provider to go to the <u>Provider Enrollment Information home page</u> on the ForwardHealth Portal to complete a Medicaid Out-of-State Provider Enrollment Application.

All out-of-state nursing homes, regardless of location, are required to obtain PA for all services. All other out-of-state non-border-status providers are required to obtain PA for all nonemergency services except for home dialysis supplies and equipment.

Topic #438

### **Reimbursement Not Guaranteed**

Wisconsin Medicaid may decline to reimburse a provider for a service that has been prior authorized if one or more of the following program requirements is not met:

- The service authorized on the approved PA (prior authorization) request is the service provided.
- The service is provided within the grant and expiration dates on the approved PA request.
- The member is eligible for the service on the date the service is provided.
- The provider is enrolled in Wisconsin Medicaid on the date the service is provided.
- The service is billed according to service-specific claim instructions.
- The provider meets other program requirements.

Providers may not collect payment from a member for a service requiring PA under any of the following circumstances:

- The provider failed to seek PA before the service was provided.
- The service was provided before the PA grant date or after the PA expiration date.
- The provider obtained PA but failed to meet other program requirements.
- The service was provided before a decision was made, the member did not accept responsibility for the payment of the service before the service was provided, and the PA was denied.

There are <u>certain situations</u> when a provider may collect payment for services in which PA was denied.

### **Other Health Insurance Sources**

Providers are encouraged, but not required, to request PA from ForwardHealth for covered services that require PA when members have other health insurance coverage. This is to allow payment by Wisconsin Medicaid for the services provided in the event that the other health insurance source denies or recoups payment for the service. If a service is provided before PA is obtained, ForwardHealth will not consider backdating a PA request solely to enable the provider to be reimbursed.

Topic #1268

# **Sources of Information**

Providers should verify that they have the most current sources of information regarding PA (prior authorization). It is critical that providers and staff have access to these documents:

- Wisconsin Administrative Code: Chapters DHS 101 through DHS 109 are the rules regarding Medicaid administration.
- Wisconsin Statutes: Sections 49.43 through 49.99 provide the legal framework for Wisconsin Medicaid.
- ForwardHealth Portal: The Portal gives the latest policy information for all providers, including information about Medicaid managed care enrollees.

Topic #812

# **Status Inquiries**

Providers may inquire about the status of a PA (prior authorization) request through one of the following methods:

- Accessing WiCall, ForwardHealth's AVR (Automated Voice Response) system.
- Calling Provider Services.

Providers should have the 10-digit PA number available when making inquiries.

Topic #13697

# **Third-Party Web Sites**

The ForwardHealth Portal allows providers access to all policy and billing information for BadgerCare Plus, Medicaid, SeniorCare, ADAP (Wisconsin AIDS Drug Assistance Program), and WCDP (Wisconsin Chronic Disease Program) in one centralized place. PA (prior authorization) request forms and information about ForwardHealth's policies should be obtained from the Portal or <u>Provider Services</u>. Third-party Web sites are not affiliated with or endorsed by ForwardHealth.

## **Grant and Expiration Dates**

Topic #439

# **Backdating**

Backdating an initial PA (prior authorization) request or SOI (spell of illness) to a date prior to ForwardHealth's initial receipt of the request may be allowed in limited circumstances.

A request for backdating may be approved if all of the following conditions are met:

- The provider specifically requests backdating in writing on the PA or SOI request.
- The request includes clinical justification for beginning the service before PA or SOI was granted.
- The request is received by ForwardHealth within 14 calendar days of the start of the provision of services.

Topic #440

# **Expiration Date**

The expiration (end) date of an approved or modified PA (prior authorization) request is the date through which services are prior authorized. PA requests are granted for varying periods of time. Expiration dates may vary and do not automatically expire at the end of the month or calendar year. In addition, providers may request a specific expiration date. Providers should carefully review all approved and modified PA requests and make note of the expiration dates.

Topic #441

### **Grant Date**

The grant (start) date of an approved or modified PA (prior authorization) request is the first date in which services are prior authorized and will be reimbursed under this PA number. On a PA request, providers may request a specific date that they intend services to begin. If no grant date is requested or the grant date is illegible, the grant date will typically be the date the PA request was reviewed by ForwardHealth.

Topic #442

# **Renewal Requests**

To prevent a lapse in coverage or reimbursement for ongoing services, all renewal PA (prior authorization) requests (i.e., subsequent PA requests for ongoing services) must be received by ForwardHealth *prior to the expiration date* of the previous PA request. Each provider is solely responsible for the timely submission of PA request renewals. Renewal requests will not be backdated for continuation of ongoing services.

## **Member Eligibility Changes**

Topic #443

# **Loss of Enrollment During Treatment**

Some covered services consist of sequential treatment steps, meaning more than one office visit or service is required to complete treatment.

In most cases, if a member loses enrollment midway through treatment, or at any time between the grant and enddates, Wisconsin Medicaid will *not* reimburse services (including prior authorized services) provided during an enrollment lapse. Providers should not assume Wisconsin Medicaid covers completion of services after the member's enrollment has been terminated.

To avoid potential reimbursement problems when a member loses enrollment during treatment, providers should follow these procedures:

- Ask to see the member's ForwardHealth identification card to verify the member's enrollment or consult Wisconsin's EVS (Enrollment Verification System) before the services are provided at each visit.
- When the PA (prior authorization) request is approved, verify that the member is still enrolled and eligible to receive the service before providing it. An approved PA request does not guarantee payment and is subject to the enrollment of the member.

Members are financially responsible for any services received after their enrollment has ended. If the member wishes to continue treatment, it is a decision between the provider and the member whether the service should be given and how payment will be made for the service.

To avoid misunderstandings, providers should remind members that they are financially responsible for any continued care after their enrollment ends.

Topic #4919

# **Loss of Enrollment During Treatments**

Exceptions to the loss-of-enrollment-midway-through-treatment rule are if a member becomes ineligible while receiving dental prosthodontia treatments or orthodontic treatment.

Members are not financially responsible for dental prosthodontia and orthodontic treatment received after their enrollment has ended.

Topic #444

# **Retroactive Disenrollment from State-Contracted MCOs**

Occasionally, a service requiring fee-for-service PA (prior authorization) is performed during a member's enrollment period in a state-contracted MCO (managed care organization). After the service is provided, and it is determined that the member should be retroactively disenrolled from the MCO, the member's enrollment is changed to fee-for-service for the DOS (date of service). The member is continuously eligible for BadgerCare Plus or Wisconsin Medicaid but has moved from MCO enrollment to fee-for-service status.

In this situation, the state-contracted MCO would deny the claim because the member was not enrolled on the DOS. Fee-for-service would also deny the claim because PA was not obtained.

Providers may take the following steps to obtain reimbursement in this situation:

- For a service requiring PA for fee-for-service members, the provider is required to submit a retroactive PA request. For a PA request submitted on paper, indicate "RETROACTIVE FEE-FOR-SERVICE" along with a written description of the service requested/provided under "Description of Service." Also indicate the actual date(s) the service(s) was provided. For a PA request submitted via the ForwardHealth Portal, indicate "RETROACTIVE FEE-FOR-SERVICE" along with a description of the service requested/provided under the "Service Code Description" field or include additional supporting documentation. Also indicate the actual date(s) the service(s) was provided.
- If the PA request is approved, the provider is required to follow fee-for-service policies and procedures for claims submission.
- If the PA request is denied, Wisconsin Medicaid will not reimburse the provider for the services. A PA request would be denied
  for reasons such as lack of medical necessity. A PA request would not be denied due to the retroactive fee-for-service status of
  the member.

Topic #445

### **Retroactive Enrollment**

If a service(s) that requires PA (prior authorization) was performed during a member's retroactive enrollment period, the provider is required to submit a PA request and receive approval from ForwardHealth *before* submitting a claim. For a PA request submitted on paper, indicate the words "RETROACTIVE ENROLLMENT" at the top of the PA request along with a written description explaining that the service was provided at a time when the member was retroactively enrolled under "Description of Service." Also include the actual date(s) the service(s) was provided. For a PA request submitted via the ForwardHealth Portal, indicate the words "RETROACTIVE ENROLLMENT" along with a description explaining that the service was provided at a time when the member was retroactively eligible under the "Service Code Description" field or include additional supporting documentation. Also include the actual date(s) the service(s) was provided.

If the member was retroactively enrolled, and the PA request is approved, the service(s) may be reimbursable, and the earliest effective date of the PA request will be the date the member receives retroactive enrollment. If the PA request is denied, the provider will not be reimbursed for the service(s). Members have the right to appeal the decision to deny a PA request.

If a member requests a service that requires PA before his or her retroactive enrollment is determined, the provider should explain to the member that he or she may be liable for the full cost of the service if retroactive enrollment is not granted and the PA request is not approved. This should be documented in the member's record.

### **Review Process**

Topic #450

### Clerical Review

The first step of the PA (prior authorization) request review process is the clerical review. The provider, member, diagnosis, and treatment information indicated on the PA/RF (Prior Authorization Request Form, F-11018 (05/13)), PA/HIAS1 (Prior Authorization for Hearing Instrument and Audiological Services 1, F-11020 (05/13)), and PA/DRF (Prior Authorization/Dental Request Form, F-11035 (07/12)) forms is reviewed during the clerical review of the PA request review process. The following are examples of information verified during the clerical review:

- Billing and/or rendering provider number is correct and corresponds with the provider's name.
- Provider's name is spelled correctly.
- Provider is Medicaid-enrolled.
- Procedure codes with appropriate modifiers, if required, are covered services.
- Member's name is spelled correctly.
- Member's identification number is correct and corresponds with the member's name.
- Member enrollment is verified.
- All required elements are complete.
- Forms, attachments, and additional supporting clinical documentation are signed and dated.
- A current physician's prescription for the service is attached, if required.

Clerical errors and omissions are responsible for the majority of PA requests that are returned to providers for correction or additional information. Since having to return a PA request for corrections or additional information can delay approval and delivery of services to a member, providers should ensure that all clerical information is correctly and completely entered on the PA/RF, PA/DRF, or PA/HIAS1.

If clerical errors are identified, the PA request is returned to the provider for corrections before undergoing a clinical review. One way to reduce the number of clerical errors is to complete and submit PA/RFs through Web PA.

Topic #451

## **Clinical Review**

Upon verifying the completeness and accuracy of clerical items, the PA (prior authorization) request is reviewed to evaluate whether or not each service being requested meets Wisconsin Medicaid's definition of "medically necessary" as well as other criteria.

The PA attachment allows a provider to document the clinical information used to determine whether the standards of medical necessity are met for the requested service. Wisconsin Medicaid considers certain factors when determining whether to approve or deny a PA request pursuant to <u>DHS 107.02(3)(e)</u>, Wis. Admin. Code.

It is crucial that a provider include adequate information on the PA attachment so that the ForwardHealth consultant performing the clinical review can determine that the service(s) being requested meets all the elements of Wisconsin Medicaid's definition of "medically necessary", including elements that are not strictly medical in nature. Documentation must provide the justification for the service requested specific to the member's current condition and needs. Pursuant to <a href="DHS 101.03(96m)">DHS 101.03(96m)</a>, Wis. Admin. Code, "medically necessary" is a service under ch. DHS 107 that meets certain criteria.

### **Determination of Medical Necessity**

The definition of "medically necessary" is a legal definition identifying the standards that must be met for approval of the service. The

definition imposes parameters and restrictions that are both medical and nonmedical.

The determination of medical necessity is based on the documentation submitted by the provider. For this reason, it is essential that documentation is submitted completely and accurately and that it provides the justification for the service requested, specific to the member's current condition and needs. To be approved, a PA request must meet all of the standards of medical necessity including those that are not strictly medical in nature.

To determine if a requested service is medically necessary, ForwardHealth consultants obtain direction and/or guidance from multiple resources including:

- Federal and state statutes.
- Wisconsin Administrative Code.
- PA guidelines set forth by the DHS (Department of Health Services).
- Standards of practice.
- Professional knowledge.
- Scientific literature.

# **Services Requiring Prior Authorization**

Topic #20437

# **Custom Preparation of Maxillofacial Prosthetics**

ForwardHealth covers the custom preparation of maxillofacial prosthetics with PA (prior authorization) when rendered in an office setting by oral surgeons, orthodontists, pediatric dentist or prosthodontists.

PA requests for custom preparation of maxillofacial prosthetics will be approved for members who meet medical necessity as determined by defect and prognosis.

Topic #20337

## **Inhalation of Nitrous Oxide**

# **Coverage Policy and Prior Authorization Criteria for Members 20 Years of Age and Younger**

ForwardHealth covers inhalation of nitrous oxide for members 20 years of age and younger when one of the following criteria is met:

- An emergency extraction is needed to treat infection (e.g., space infection, moderate to severe pericornitis) or after trauma.
- An extraction has been requested for the member in conjunction with ForwardHealth-approved orthodontic treatment.
- The member has been medically diagnosed with a permanent physical, developmental, or intellectual disability, or has a documented medical condition that impairs their ability to maintain oral hygiene. (Refer to Wis. Admin. Code § <u>DHS 101.03</u> [122m] and 101.03[41] for definitions of physical disability and developmental disability.)
- The member has been medically diagnosed with an anxiety disorder by a qualified health care professional (Anxiety disorders include, but are not limited to, panic disorders [episodic paroxysmal anxiety] without agoraphobia, generalized anxiety disorders, other mixed anxiety disorders, other specified anxiety disorders, and unspecified anxiety disorders).
- The member has documented behavioral issues or failed behavioral interventions.
- The member's third molars have diagnosed pathology.

PA (prior authorization) is required for all providers except when the service is rendered by an oral surgeon or pediatric dentist. When requesting PA for inhalation of nitrous oxide, one of the above criteria must be indicated on the PA request form. In all cases, when inhalation of nitrous oxide is performed for members 20 years of age and younger, the provider is required to document one of the above criteria in the dental record.

ForwardHealth does not cover inhalation of nitrous oxide for the express purpose of controlling apprehension or when not medically necessary, pursuant to Wis. Admin. Code § DHS 101.03(96m).

## Coverage Criteria and PA Criteria for Members 21 Years of Age and Older

ForwardHealth covers inhalation of nitrous oxide for members 21 years of age and older with PA.

When requesting PA for inhalation of nitrous oxide one of the following criteria must be indicated on the PA request form for inhalation of nitrous oxide to be approved:

- An emergency extraction is needed to treat infection (e.g., space infection, moderate to severe pericornitis) or after trauma.
- The member has been medically diagnosed with a permanent physical, developmental, or intellectual disability, or has a documented medical condition that impairs their ability to maintain oral hygiene. (Refer to Wis. Admin. Code § DHS 101.03

[122m] and 101.03[41] for definitions of physical disability and developmental disability).

• The member has been medically diagnosed with an anxiety disorder by a qualified health care professional.

Up to four units of inhalation of nitrous oxide may be allowed per PA request. Providers are required to indicate if more than one unit is requested. If additional units beyond four are medically necessary, providers may submit another PA request once the original four units have been used.

Topic #20377

# **Occlusal Guards**

ForwardHealth covers occlusal guards with PA (prior authorization).

#### Prior Authorization Criteria for Members 20 Years of Age and Younger

#### **Initial Occlusal Guard**

- The member is able to tolerate the prosthesis, per the provider's statement and the consultant's review.

#### **Subsequent Occlusal Guard**

Members 20 years of age and younger must meet the following criteria in order for a PA request for a subsequent occlusal guard to be approved:

- The member has a para-functional habit (e.g., clenching, bruxism), per the provider's statement.
- The member is able to tolerate the prosthesis, per the provider's statement and the consultant's review.
- The existing prosthesis cannot be repaired, per the provider's statement.

## Prior Authorization Criteria for Members 21 Years of Age and Older

#### **Initial Occlusal Guard**

Members 21 years of age and older must meet all of the following criteria in order for a PA request for an initial occlusal guard to be approved:

- The member has been medically diagnosed with a permanent physical, developmental, or intellectual disability, or has a documented medical condition that impairs their ability to maintain oral hygiene. (Refer to Wis. Admin. Code § <u>DHS 101.03</u> [122m] and 101.03[41] for definitions of physical disability and developmental disability).
- The member has a para-functional habit (e.g., clenching, bruxism), per the provider's statement.
- The member is able to tolerate the prosthesis, per the provider's statement and the consultant's review.

#### **Subsequent Occlusal Guard**

Members 21 years of age and older must meet all of the following criteria in order for a PA request for a subsequent occlusal guard to be approved:

• The member has been medically diagnosed with a permanent physical, developmental, or intellectual disability, or has a documented medical condition that impairs their ability to maintain oral hygiene. (Refer to Wis. Admin. Code § DHS 101.03 [122m] and 101.03[41] for definitions of physical disability and developmental disability).

- The member has a para-functional habit (e.g., clenching, bruxism), per the provider's statement.

Topic #20398

# **Oral Devices/Appliances**

ForwardHealth covers oral devices/appliances for members 20 years of age and younger with PA (prior authorization).

#### **Prior Authorization Criteria**

All of the following criteria must be met in order for a PA request for an oral device/appliance to be approved:

- The member received a referral for mild or moderate obstructive sleep apnea.
- The member completed a sleep study/polysomnogram.
- Documentation shows that other modalities failed.

Topic #15457

#### **Periodontal Services**

Providers requesting PA (prior authorization) for a periodontal service are required to submit the following to ForwardHealth:

- A completed <u>PA/DRF (Prior Authorization Dental Request Form, F-11035 (07/12))</u>. Providers requesting PA for certain periodontal services are required to indicate the appropriate area of oral cavity code for each requested quadrant. Each <u>quadrant</u> must be indicated on a separate detail.
- A completed PA/DA1 (Prior Authorization Dental Attachment 1, F-11010 (01/2018)).
- Supporting clinical documentation. Required supporting clinical documentation for a periodontal service is indicated on the PA/DA1.

## **Periodontal Scaling and Root Planing**

ForwardHealth covers periodontal scaling and root planing when traditional, less intensive dental services have not been effective in treating pain and infection. Periodontal scaling and root planing always require PA in order to be covered by ForwardHealth.

#### **Approval Criteria**

All of the following criteria must be met before PA requests for periodontal scaling and root planing can be approved:

- For PA requests indicating CDT (Current Dental Terminology) procedure code D4341 (Periodontal scaling and root planing four or more teeth per quadrant), four or more teeth have at least one pocket measurement of 5–6 millimeters in a quadrant.
- For PA requests indicating CDT procedure code D4342 (Periodontal scaling and root planing one to three teeth, per quadrant), one to three teeth have at least one pocket measurement of 5–6 millimeters in a quadrant.
- At least 50 percent of bony support is intact for the teeth to be treated. Calculus should be visible on the X-ray.
- Documentation exists that the member is a patient of record.
- If the patient is new and a full-mouth debridement is included in the treatment plan, at least four weeks of healing time has passed following debridement.

#### Allowable Quadrants Per Date of Service

In most circumstances, periodontal scaling and root planing is limited to two quadrants per DOS (date of service). In the following circumstances, periodontal scaling and root planing may be completed for all four quadrants per DOS:

- If the member has been hospitalized for another service(s) and periodontal scaling and root planing may be provided concurrently with that service.
- If the member has to travel long distances (more than 60 miles one way) to an appointment with the requesting provider.
- If the member has a disability that makes traveling to the dentist difficult.

The above exceptions must be indicated on the PA request and must be specifically approved by the ForwardHealth dental consultant.

#### **Required Supporting Clinical Documentation**

PA requests for periodontal scaling and root planing must include the following supporting clinical documentation:

- A complete periodontal charting of the oral cavity performed within one year of the date of request.
- Full-mouth X-rays with a current set of bitewing X-rays. The teeth to be extracted should be identified. (Note: A panoramic radiograph and set of bitewing X-rays may be substituted.) The following reimbursement limitations apply:
  - Full-mouth X-rays (or panoramic radiograph plus four bitewing X-rays) are reimbursable once every three years per provider.
  - o A set of bitewing X-rays is reimbursable once per six months.
- The dentist's statement of need, if requesting more than two quadrants per day using procedure code D4341. (Note: No statement of need is required when requesting more than two quadrants per day using procedure code D4342.)
- The dentist's statement supporting a request for periodontal scaling and root planing, if the member is under age 13. Dentists who submit PA requests either through the ForwardHealth Portal or on paper should use the additional information section of the PA/DA1 or the comments section of the Portal PA request for this information.

#### **Documentation to Be Maintained in the Dental Record**

The following documentation should be maintained in the member's dental record and must be available upon request:

- Clinical notes stating that the member has been informed of the etiology of periodontal disease and the methods of treatment and prevention.
- Clinical notes stating that a long-term plan for maintenance, including annual re-evaluation and a review of periodontal disease, has been established.
- Status of oral hygiene since initiating periodontal treatment.
- Favorable prognosis to treatment.

#### Follow-up Care

Follow-up cleanings and maintenance for periodontal scaling and root planing may be provided to members; however, <u>standard limitations</u> apply.

Providers may request one additional prophylactic service for periodontal scaling and root planing per member per year if that member has already reached his or her annual limit for prophylactic services but requires an additional prophylactic service for periodontal scaling and root planing. Providers are required to use procedure code D4910 (Periodontal maintenance) to indicate the additional prophylactic service. The additional prophylactic service may be included on the PA request for periodontal scaling and root planing. The PA request must include documentation that justifies the additional prophylactic service.

*Note:* Providers should use the same procedure codes that are used for routine prophylactic services when submitting claims.

#### **Sealants**

ForwardHealth covers the application of sealants for members 21 years of age and older with PA (prior authorization).

#### Prior Authorization Criteria for Members 21 Years of Age and Older

One of the following criteria must be met in order for a PA request for the application of sealants to be approved for members 21 years of age and older:

- The member has been medically diagnosed with a cognitive disability by a qualified health care professional.
- The member has high risk conditions, oral health factors, or a congenitally malformed tooth that justifies the application of sealants.

Topic #2734

# **Services Requiring Prior Authorization**

#### **Dental Services**

The following dental services require PA (prior authorization):

- Intraoral radiograph (D0210) and panoramic film (D0330), if frequency limitations are exceeded
- Molar root canal therapy (D3330) for members ages 21 and over
- Periodontal scaling, root planing, and periodontal maintenance (D4341, D4342, D4910)
- Full-mouth debridement (D4355) for members ages 12 and under
- Full and partial dentures (D5110, D5120, D5211-D5226)
- Repairs to partial dentures including replacement of all teeth and acrylic on cast metal framework (maxillary and mandibular) (D5670-D5671)
- Fixed prosthodontics (D6211-D6971, D6940-D6980)
- Orthodontic services (D8010-D8692, excluding D8660)

#### **Oral Surgery Services**

PA is required for members 21 years of age and older in a nonemergency situation. PA is never required when an emergency is indicated on the claim form.

#### **Services That Do Not Require Prior Authorization**

ForwardHealth does not require PA for the following services when they are provided by a pediatric dentist or an oral surgeon for a member less than 21 years of age on the DOS (date of service):

- D9223 (Deep sedation/general anesthesia each 15 minute increment)
- D9230 (Inhalation of nitrous oxide/analgesia, anxiolysis)
- D9243 (Intravenous moderate [conscious] sedation/analgesia each 15 minute increment)
- D9248 (Non-intravenous conscious sedation)

# **Situations Requiring New Requests**

Topic #452

# **Change in Billing Providers**

Providers are required to submit a new PA (prior authorization) request when there is a change in billing providers. A new PA request must be submitted with the new billing provider's name and billing provider number. The expiration date of the PA request will remain the same as the original PA request.

Typically, as no more than one PA request is allowed for the same member, the same service(s), and the same dates, the new billing provider is required to send the following to ForwardHealth's PA Unit:

- A copy of the existing PA request, if possible.
- A new PA request, including the required attachments and supporting documentation indicating the new billing provider's name and address and billing provider number.
- A letter requesting the enddating of the existing PA request (may be a photocopy) attached to each PA request with the following information:
  - o The previous billing provider's name and billing provider number, if known.
  - o The new billing provider's name and billing provider number.
  - The reason for the change of billing provider. (The provider may want to confer with the member to verify that the services by the previous provider have ended. The new billing provider may include this verification in the letter.)
  - o The requested effective date of the change.

Topic #453

# **Examples**

Examples of when a new PA (prior authorization) request must be submitted include the following:

- A provider's billing provider changes.
- A member requests a provider change that results in a change in billing providers.
- A member's enrollment status changes and there is not a valid PA on file for the member's current plan (i.e., BadgerCare Plus, Medicaid).

If the *rendering* provider indicated on the PA request changes but the *billing* provider remains the same, the PA request remains valid and a new PA request does *not* need to be submitted.

Topic #454

# **Services Not Performed Before Expiration Date**

Generally, a new PA (prior authorization) request with a new requested start date must be submitted to ForwardHealth if the amount or quantity of prior authorized services is not used by the expiration date of the PA request and the service is still medically necessary.

# **Submission Options**

Topic #12597

# 278 Health Care Services Review — Request for Review and Response Transaction

Providers may request PA (prior authorization) electronically using the 278 (278 Health Care Services Review — Request for Review and Response) transaction, the standard electronic format for health care service PA requests.

#### **Compliance Testing**

Trading partners may conduct compliance testing for the 278 transaction.

After receiving an "accepted" 999 (999 Functional Acknowledgment) for a test 278 transaction, trading partners are required to call the EDI (Electronic Data Interchange) Helpdesk to request the production 278 transaction set be assigned to them.

#### **Submitting Prior Authorization Requests**

Submitting an initial PA request using the 278 transaction does not result in a real-time approval and cannot be used to request <u>PA for drugs</u> and <u>diabetic supplies</u>.

After submitting a PA request via a 278 transaction, providers will receive a real-time response indicating whether the transaction is valid or invalid. If the transaction is invalid, the response will indicate the reject reason(s), and providers can correct and submit a new PA request using the 278 transaction. A real-time response indicating a valid 278 transaction will include a <u>PA number</u> and a pending status. The PA request will be placed in a status of "Pending - Fiscal Agent Review."

The 278 transaction does not allow providers to submit supporting clinical information as required to adjudicate the PA request.

Trading partners cannot submit the 278 transaction through PES (Provider Electronic Solutions). In order to submit the 278 transaction, trading partners will need to use their own software or contract with a software vendor.

Topic #455

#### **Fax**

Faxing of all PA (prior authorization) requests to ForwardHealth may eliminate one to three days of mail time. The following are recommendations to avoid delays when faxing PA requests:

- Providers should follow the PA fax procedures.
- Providers should **not** fax the same PA request more than once.
- Providers should **not** fax **and** mail the same PA request. This causes delays in processing.

PA requests containing X-rays, dental molds, or photos as documentation must be mailed; they may not be faxed.

To help safeguard the confidentiality of member health care records, providers should include a fax transmittal form containing a confidentiality statement as a cover sheet to all faxed PA requests. The <u>Prior Authorization Fax Cover Sheet (F-01176 (12/11))</u> includes a confidentiality statement and may be photocopied.

Providers are encouraged to retain copies of all PA requests and supporting documentation before submitting them to ForwardHealth.

#### **Prior Authorization Fax Procedures**

Providers may fax PA requests to ForwardHealth at 608-221-8616. PA requests sent to any fax number other than 608-221-8616 may result in processing delays.

When faxing PA requests to ForwardHealth, providers should follow the guidelines/procedures listed below.

#### **Fax Transmittal Cover Sheet**

The completed fax transmittal cover sheet must include the following:

- Date of the fax transmission.
- Number of pages, including the cover sheet. The ForwardHealth fax clerk will contact the provider by fax or telephone if all the pages do not transmit.
- Provider contact person and telephone number. The ForwardHealth fax clerk may contact the provider with any questions about the fax transmission.
- Provider number.
- Fax telephone number to which ForwardHealth may send its adjudication decision.
- To: "ForwardHealth Prior Authorization."
- ForwardHealth's fax number (608-221-8616). PA requests sent to any other fax number may result in processing delays.
- ForwardHealth's telephone numbers. For specific PA questions, providers should call <u>Provider Services</u>. For faxing questions, providers should call 608-224-6124.

#### **Incomplete Fax Transmissions**

If the pages listed on the initial cover sheet do not all transmit (i.e., pages stuck together, the fax machine has jammed, or some other error has stopped the fax transmission), or if the PA request is missing information, providers will receive the following by fax from the ForwardHealth fax clerk:

- A cover sheet explaining why the PA request is being returned.
- Part or all of the original incomplete fax that ForwardHealth received.

If a PA request is returned to the provider due to faxing problems, providers should do the following:

- Attach a completed cover sheet with the number of pages of the fax.
- Resend the entire original fax transmission and the additional information requested by the fax clerk to 608-221-8616.

#### **General Guidelines**

When faxing information to ForwardHealth, providers should not reduce the size of the <u>PA/RF (Prior Authorization Request Form, F-11018 (05/13))</u> or the <u>PA/HIAS1 (Prior Authorization for Hearing Instrument and Audiological Services 1, F-11020 (05/13))</u> to fit on the bottom half of the cover page. This makes the PA request difficult to read and leaves no space for consultants to write a response if needed or to sign the request.

If a photocopy of the original PA request and attachments is faxed, the provider should make sure these copies are clear and legible. If the information is not clear, it will be returned to the provider.

If the provider does not indicate his or her fax number, ForwardHealth will mail the decision back to the provider.

ForwardHealth will attempt to fax a response to the PA request to a provider three times. If unsuccessful, the PA request will be mailed to the provider.

If providers are not sure if an entire fax was sent, they should call ForwardHealth's fax clerk at 608-224-6124, to inquire about the

status of the fax.

#### **Prior Authorization Request Deadlines**

Faxing a PA request eliminates one to three days of mail time. However, the adjudication time of the PA request has not changed. All actions regarding PA requests are made within the predetermined time frames.

Faxed PA requests received after 1:00 p.m. will be considered as received the following business day. Faxed PA requests received on a Saturday, Sunday, or holiday will be processed on the next business day.

#### **Avoid Duplicating Prior Authorization Requests**

After faxing a PA request, providers should not send the original paperwork by mail. Mailing the original paperwork after faxing the PA request will create duplicate PA requests in the system and may result in a delay of several days to process the faxed PA request.

Refaxing a PA request before the previous PA request has been returned will also create duplicate PA requests and may result in delays.

#### Response Back from ForwardHealth

Once ForwardHealth reviews a PA request, ForwardHealth will fax one of three responses back to the provider:

- "Your approved, modified, or denied PA request(s) is attached."
- "Your PA request(s) requires additional information (see attached). Resubmit the entire PA request, including the attachments, with the requested additional information."
- "Your PA request(s) has missing pages and/or is illegible (see attached). Resubmit the entire PA request, including the
  attachments."

#### **Resubmitting Prior Authorization Requests**

When resubmitting a faxed PA request, providers are required to resubmit the faxed copy of the PA request, including attachments. This will allow the provider to obtain the earliest possible grant date for the PA request (apart from backdating for retroactive enrollment). If any attachments or additional information that was requested is received without the rest of the PA request, the information will be returned to the provider.

Topic #458

#### ForwardHealth Portal Prior Authorization

Providers can use the PA (prior authorization) features on the ForwardHealth Portal to do the following:

- Submit PA requests and amendments for all services that require PA.
- Save a partially completed PA request and return at a later time to finish completing it.
- Upload PA attachments and additional supporting clinical documentation for PA requests.
- Receive decision notice letters and returned provider review letters.
- Correct returned PA requests and PA amendment requests.
- Change the status of a PA request from "Suspended" to "Pending."
- Submit additional supporting documentation for a PA request that is in "Suspended" or "Pending" status.
- Search and view previously submitted PA requests or saved PA requests.
- Print a PA cover sheet.

## **Submitting Prior Authorization Requests and Amendment Requests**

Providers can submit PA requests for all services that require PA to ForwardHealth via the secure Provider area of the Portal. To save time, providers can copy and paste information from plans of care and other medical documentation into the appropriate fields on the

PA request. Except for those providers exempt from NPI (National Provider Identifier) requirements, NPI and related data are required on PA requests submitted via the Portal.

When completing PA attachments on the Portal, providers can take advantage of an Additional Information field at the end of the PA attachment that holds up to five pages of text that may be needed.

Providers may also submit amendment requests via the Portal for PA requests with a status of "Approved" or "Approved with Modifications."

#### **Saving Partially Completed Prior Authorization Requests**

Providers do not have to complete PA requests in one session; they can save partially completed PA requests at any point after the Member Information page has been completed by clicking on the Save and Complete Later button, which is at the bottom of each page. There is no limit to how many times PA requests can be saved.

Providers can complete partially saved PA requests at a later time by logging in to the secure Provider area of the Portal, navigating to the Prior Authorization home page, and clicking on the Complete a Saved PA Request link. This link takes the provider to a Saved PA Requests page containing all of the provider's PA requests that have been saved.

Once on the Saved PA Requests page, providers can select a specific PA request and choose to either continue completing it or delete it.

*Note:* The ability to save partially completed PA requests is only applicable to new PA requests. Providers cannot save partially completed PA amendments or corrections to returned PA requests or amendments.

#### 30 Calendar Days to Submit or Re-Save Prior Authorization Requests

Providers must submit or re-save PA requests within 30 calendar days of the date the PA request was last saved. After 30 calendar days of inactivity, a PA request is automatically deleted, and the provider has to re-enter the entire PA request.

The Saved PA Requests page includes a list of deleted PA requests. This list is for information purposes only and includes saved PA requests that have been deleted due to inactivity (it does *not* include PA requests deleted by the provider). Neither providers nor ForwardHealth are able to retrieve PA requests that have been deleted.

#### **Submitting Completed Prior Authorization Requests**

ForwardHealth's initial receipt of a PA request occurs when the PA request is submitted on the Portal. Normal backdating policy applies based on the date of initial receipt, not on the last saved date. Providers receive a confirmation of receipt along with a PA number once a PA request is submitted on the Portal.

#### PA Attachments on the Portal

Almost all PA request attachments can be completed and submitted on the Portal. When providers are completing PA requests, the Portal presents the necessary attachments needed for that PA request. For example, if a physician is completing a PA request for physician-administered drugs, the Portal will prompt a PA/JCA (Prior Authorization/"J" Code Attachment, F-11034 (07/12)) and display the form for the provider to complete. Certain PA attachments cannot be completed online or uploaded.

Providers may also upload an electronically completed version of the paper PA attachment form. However, when submitting a PA attachment electronically, ForwardHealth recommends completing the PA attachment online as opposed to uploading an electronically completed version of the paper attachment form to reduce the chances of the PA request being returned for clerical errors.

All PA request attachment forms are available on the Portal to download and print to submit by fax or mail.

Providers may also choose to submit their PA request on the Portal and mail or fax the PA attachment(s) and/or additional supporting documentation to ForwardHealth. If the PA attachment(s) are mailed or faxed, a system-generated Portal PA Cover Sheet (F-11159)

(10/08)) must be printed and sent with the attachment to ForwardHealth for processing. Providers must list the attachments on the Portal PA Cover Sheet. When ForwardHealth receives the PA attachments by mail or fax, they will be matched up with the <u>PA/RF</u> (Prior Authorization Request Form, F-11018 (05/13)) that was completed on the Portal.

*Note:* If the cover sheet could not be generated while submitting the PA request due to technical difficulties, providers can print the cover sheet from the main Portal PA page.

Before submitting any PA request documents, providers should save or print a copy for their records. Once the PA request is submitted, it cannot be retrieved for further editing.

As a reminder, ForwardHealth does not mail back any PA request documents submitted by providers.

#### **Additional Supporting Clinical Documentation**

ForwardHealth accepts additional supporting clinical documentation when the information cannot be indicated on the required PA request forms and is pertinent for processing the PA request or PA amendment request. Providers have the following options for submitting additional supporting clinical information for PA requests or PA amendment requests:

- Upload electronically.
- Mail.
- Fax.

Providers can choose to upload electronic supporting information through the Portal in the following formats:

- JPEG (Joint Photographic Experts Group) (.jpg or .jpeg).
- PDF (Portable Document Format) (.pdf).
- Rich Text Format (.rtf).
- Text File (.txt).
- OrthoCAD<sup>TM</sup> (.3dm) (for dental providers).

JPEG files must be stored with a ".jpg" or ".jpeg" extension; text files must be stored with a ".txt" extension; rich text format files must be stored with an ".rtf" extension; and PDF files must be stored with a ".pdf" extension. Dental OrthoCAD<sup>TM</sup> files are stored with a ".3dm" extension.

Microsoft Word files (.doc) cannot be uploaded but can be saved and uploaded in Rich Text Format or Text File formats.

In addition, providers can also upload additional supporting clinical documentation via the Portal when:

- Correcting a PA request or PA amendment request that is in a "Returned Provider Review" status.
- Submitting a PA amendment request.

If submitting supporting clinical information via mail or fax, providers are prompted to print a system-generated Portal PA Cover Sheet to be sent with the information to ForwardHealth for processing. Providers must list the additional supporting information on the Portal PA Cover Sheet.

ForwardHealth will return PA requests and PA amendments requests when the additional documentation could have been indicated on the PA/RF and PA attachments or when the pertinent information is difficult to find.

# "Suspended" Prior Authorization Requests

For PA requests in a "Suspended" status, the provider has the option to:

- Change a PA request status from "Suspended" to "Pending."
- Submit additional documentation for a PA request that is in "Suspended" or "Pending" status.

#### Changing a Prior Authorization Request from "Suspended" to "Pending"

The provider has the option of changing a PA request status from "Suspended — Provider Sending Info" to "Pending" if the provider determines that additional information will not be submitted. Changing the status from "Suspended — Provider Sending Info" to "Pending" will allow the PA request to be processed without waiting for additional information to be submitted. The provider can change the status by searching for the suspended PA request, checking the box indicating that the PA request is ready for processing without additional documentation, and clicking the Submit button to allow the PA request to be processed by ForwardHealth. There is an optional free form text box, which allows providers to explain or comment on why the PA request can be processed.

# Submitting Additional Supporting Clinical Documentation for a Prior Authorization Request in "Suspended" or "Pending" Status

There is an Upload Documents for a PA link on the PA home page in the provider secured Home Page. By selecting that link, providers have the option of submitting additional supporting clinical documentation for a PA request that is in "Suspended" or "Pending" status. When submitting additional supporting clinical documentation for a PA request that is in "Suspended" status, providers can choose to have ForwardHealth begin processing the PA request or to keep the PA request suspended. Prior authorization requests in a "Pending" status are processed regardless.

*Note:* When the PA request is in a "Pending" status and the provider uploads additional supporting clinical documentation, there may be up to a four-hour delay before the documentation is available to ForwardHealth in the system. If the uploaded information was received after the PA request was processed and the PA request was returned for missing information, the provider may resubmit the PA request stating that the missing information was already uploaded.

## Mail

Any type of PA (prior authorization) request may be submitted on paper. Providers may mail completed PA requests, amendments to PA requests, and requests to enddate a PA request to ForwardHealth at the following address:

Providers are encouraged to retain copies of all PA requests and supporting documentation before submitting them to ForwardHealth.

# **STAT-PA**

Providers can submit STAT-PA (Specialized Transmission Approval Technology-Prior Authorization) requests for a limited number of services (e.g., certain drugs, lead inspections for HealthCheck). The STAT-PA system is an automated system accessed by providers by touch-tone telephone that allows them to receive an immediate decision for certain PA (prior authorization) requests.

NPI (National Provider Identifier) and related data are required when using the STAT-PA system.

Providers are encouraged to retain copies of all PA requests and supporting documentation before submitting them to ForwardHealth.

## 1099 Miscellaneous Forms

ForwardHealth generates the 1099 Miscellaneous form in January of each year for earnings greater than \$600.00, per IRS (Internal Revenue Service) regulations. One 1099 Miscellaneous form per financial payer and per tax identification number is generated, regardless of how many provider IDs or NPIs (National Provider Identifier) share the same tax identification number. For example, a provider who conducts business with both Medicaid and WCDP (Wisconsin Chronic Disease Program) will receive separate 1099 Miscellaneous forms for each program.

The 1099 Miscellaneous forms are sent to the address designated as the "1099 mailing address."

# **Availability of Records to Authorized Personnel**

The DHS (Department of Health Services) has the right to inspect, review, audit, and reproduce provider records pursuant to <u>DHS</u> 106.02(9)(e), Wis. Admin. Code. The DHS periodically requests provider records for compliance audits to match information against ForwardHealth's information on paid claims, PA (prior authorization) requests, and enrollment. These records include, but are not limited to, medical/clinical and financial documents. Providers are obligated to ensure that the records are released to an authorized DHS staff member(s).

Wisconsin Medicaid reimburses providers \$0.06 per page for the cost of reproducing records requested by the DHS to conduct a compliance audit. A letter of request for records from the DHS will be sent to a provider when records are required.

Reimbursement is not made for other reproduction costs included in the provider agreement between the DHS and a provider, such as reproduction costs for submitting PA requests and claims.

Also, state-contracted MCOs (managed care organizations), including HMOs and SSI HMOs, are not reimbursed for the reproduction costs covered in their contract with the DHS.

The reproduction of records requested by the PRO (Peer Review Organization) under contract with the DHS is reimbursed at a rate established by the PRO.

# Confidentiality and Proper Disposal of Records

ForwardHealth supports member rights regarding the confidentiality of health care and other related records, including an applicant or member's billing information or medical claim records. An applicant or member has a right to have this information safeguarded, and the provider is obligated to protect that right. Use or disclosure of any information concerning an applicant or member (including an applicant or member's billing information or medical claim records) for any purpose not connected with program administration is prohibited unless authorized by the applicant or member (program administration includes contacts with third-party payers that are necessary for pursuing third-party payment and the release of information as ordered by the court).

Federal HIPAA (Health Insurance Portability and Accountability Act of 1996) Privacy and Security regulations establish requirements regarding the confidentiality and proper disposal of health care and related records containing PHI (protected health information). These requirements apply to all providers (who are considered "covered entities") and their business associates who create, retain, and dispose

of such records.

For providers and their business partners who are not subject to HIPAA, Wisconsin confidentiality laws have similar requirements pertaining to proper disposal of health care and related records.

## **HIPAA Privacy and Security Regulations**

#### **Definition of Protected Health Information**

As defined in the HIPAA privacy and security regulations, PHI is protected health information (including demographic information) that:

- Is created, received, maintained, or transmitted in any form or media.
- Relates to the past, present, or future physical or mental health or condition of an individual, the provision of health care to an individual, or the payment for the provision of health care to an individual.
- Identifies the individual or provides a reasonable basis to believe that it can be used to identify the individual.

A member's name combined with his or her member identification number or Social Security number is an example of PHI.

#### Requirements Regarding "Unsecured" Protected Health Information

Title XIII of the American Recovery and Reinvestment Act of 2009 (also known as the HITECH (Health Information Technology for Economic and Clinical Health) Act) included a provision that significantly expanded the scope, penalties, and compliance challenges of HIPAA. This provision imposes new requirements on covered entities and their business associates to notify patients, the federal government, and the media of breaches of "unsecured" PHI (refer to 45 CFR Parts 160 and 164 and s. 13402 of the HITECH Act).

Unsecured PHI is PHI that has not been rendered unusable, unreadable, or indecipherable to unauthorized individuals through the use of physical destruction approved by the HHS (U.S. Department of Health and Human Services). According to the HHS, destruction is the only acceptable method for rendering PHI unusable, unreadable, or indecipherable.

As defined by federal law, unsecured PHI includes information in any medium, not just electronic data.

#### **Actions Required for Proper Disposal of Records**

Under the HIPAA privacy and security regulations, health care and related records containing PHI must be disposed of in such a manner that they cannot be reconstructed. This includes ensuring that the PHI is secured (i.e., rendered unusable, unreadable, or indecipherable) prior to disposal of the records.

To secure PHI, providers and their business associates are required to use one of the following destruction methods approved by the HHS:

- Paper, film, labels, or other hard copy media should be shredded or destroyed such that the PHI cannot be read or otherwise reconstructed.
- Electronic media should be cleared, purged, or destroyed such that the PHI cannot be retrieved according to National Institute of Standards and Technology Special Publication 800-88, Guidelines for Media Sanitization, which can be found on the <u>NIST</u> (National Institute of Standards and Technology) Web site.

For more information regarding securing PHI, providers may refer to Health Information Privacy on the HHS Web site.

## **Wisconsin Confidentiality Laws**

<u>Section 134.97</u>, Wis. Stats., requires providers and their business partners who are not subject to HIPAA regulations to comply with Wisconsin confidentiality laws pertaining to the disposal of health care and related records containing PHI.

<u>Section 146.836</u>, Wis. Stats., specifies that the requirements apply to "all patient health care records, including those on which written, drawn, printed, spoken, visual, electromagnetic or digital information is recorded or preserved, regardless of physical form or

characteristics." Paper and electronic records are subject to Wisconsin confidentiality laws.

#### "Personally Identifiable Data" Protected

According to s.134.97(1)(e), Wis. Stats., the types of records protected are those containing "personally identifiable data."

As defined by the law, personally identifiable data is information about an individual's medical condition that is not considered to be public knowledge. This may include account numbers, customer numbers, and account balances.

#### **Actions Required for Proper Disposal of Records**

Health care and related records containing personally identifiable data must be disposed of in such a manner that no unauthorized person can access the personal information. For the period of time between a record's disposal and its destruction, providers and their business partners are required to take actions that they reasonably believe will ensure that no unauthorized person will have access to the personally identifiable data contained in the record.

#### **Businesses Affected**

Sections <u>134.97</u> and <u>134.98</u>, Wis. Stats., governing the proper disposal of health care and related records, apply to medical businesses as well as financial institutions and tax preparation businesses. For the purposes of these requirements, a medical business is any forprofit or nonprofit organization or enterprise that possesses information — other than personnel records — relating to a person's physical or mental health, medical history, or medical treatment. Medical businesses include sole proprietorships, partnerships, firms, business trusts, joint ventures, syndicates, corporations, limited liability companies, or associates.

#### **Continuing Responsibilities for All Providers After Ending Participation**

Ending participation in a ForwardHealth program does not end a provider's responsibility to protect the confidentiality of health care and related records containing PHI.

Providers who no longer participate in a ForwardHealth program are responsible for ensuring that they and their business associates/partners continue to comply with all federal and state laws regarding protecting the confidentiality of members' PHI. Once record retention requirements expire, records must be disposed of in such a manner that they cannot be reconstructed — according to federal and state regulations — in order to avoid penalties.

All ForwardHealth providers and their business associates/partners who cease practice or go out of business should ensure that they have policies and procedures in place to protect all health care and related records from any unauthorized disclosure and use.

#### **Penalties for Violations**

Any covered entity provider or provider's business associate who violates federal HIPAA regulations regarding the confidentiality and proper disposal of health care and related records may be subject to criminal and/or civil penalties, including any or all of the following:

- Fines up to \$1.5 million per calendar year.
- Jail time.
- Federal HHS Office of Civil Rights enforcement actions.

For entities not subject to HIPAA, <u>s.134.97(4)</u>, Wis. Stats., imposes penalties for violations of confidentiality laws. Any provider or provider's business partner who violates Wisconsin confidentiality laws may be subject to fines up to \$1,000 per incident or occurrence.

For more specific information on the penalties for violations related to members' health care records, providers should refer to s. 13410 (d) of the HITECH Act, which amends 42 USC s. 1320d-5, and s. 134.97(3), (4) and 146.84, Wis. Stats.

#### **Fees for Health Care Records**

Per <u>s. 146.83</u>, Wis. Stats., providers may charge a fee for providing one set of copies of health care records to members who are enrolled in Wisconsin Medicaid or BadgerCare Plus programs on the date of the records request. This applies regardless of the member's enrollment status on the DOS (dates of service) contained within the health care records.

Per <u>s. 146.81(4)</u>, Wis. Stats., health care records are all records related to the health of a patient prepared by, or under the supervision of, a health care provider.

Providers are limited to charging members enrolled in state-funded health care programs 25 percent of the applicable fees for providing one set of copies of the member's health care records.

*Note*: A provider may charge members 100 percent of the applicable fees for providing a second or additional set of copies of the member's health care records.

The DHS (Department of Health Services) adjusts the <u>amounts</u> a provider may charge for providing copies of a member's health care records yearly per <u>s. 146.83(3f)(c)</u>, Wis. Stats.

# Policy Requirements for Use of Electronic Signatures on Electronic Health Records

For ForwardHealth policy areas where a signature is required, electronic signatures are acceptable as long as the signature meets the requirements. When ForwardHealth policy specifically states that a handwritten signature is required, an electronic signature will not be accepted. When ForwardHealth policy specifically states that a written signature is required, an electronic signature will be accepted.

Reimbursement for services paid to providers who do not meet all electronic signature requirements may be subject to recoupment.

## **Electronic Signature Definition**

An electronic signature, as stated in s. 137.11(8), Wis. Stats., is "an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record."

Some examples include:

- Typed name (performer may type his or her complete name).
- Number (performer may type a number unique to him or her).
- Initials (performer may type initials unique to him or her).

All examples above must also meet all of the electronic signature requirements.

#### **Benefits of Using Electronic Signatures**

The use of electronic signatures will allow providers to:

- Save time by streamlining the document signing process.
- Reduce the costs of postage and mailing materials.
- Maintain the integrity of the data submitted.
- Increase security to aid in non-repudiation.

## **Electronic Signature Requirements**

By following the general electronic signature requirements below, the use of electronic signatures provides a secure alternative to written signatures. These requirements align with HIPAA (Health Insurance Portability and Accountability Act of 1996) Privacy Rule guidelines.

#### **General Requirements**

When using an electronic signature, all of the following requirements must be met:

- The electronic signature must be under the sole control of the rendering provider. Only the rendering provider or designee has the authority to use the rendering provider's electronic signature. Providers are required to maintain documentation that shows the electronic signature that belongs to each rendering provider if a numbering or initial system is used (e.g., what number is assigned to a specific rendering provider). This documentation must be kept confidential.
- The provider is required to have current policies and procedures regarding the use of electronic signatures. The DHS
   (Department of Health Services) recommends the provider conduct an annual review of policies and procedures with those using electronic signatures to promote ongoing compliance and to address any changes in the policies and procedures.
- The provider is required to conduct or review a security risk analysis in accordance with the requirements under 45 CFR s. 164.308(a)(1).
- The provider is required to implement security updates as necessary and correct identified security deficiencies as part of its risk management process.
- The provider is required to establish administrative, technical, and physical safeguards in compliance with the HIPAA Security Rule.

#### **Electronic Health Record Signature Requirements**

An EHR (electronic health record) that utilizes electronic signatures must meet the following requirements:

- The certification and standard criteria defined in the Health Information Technology Initial Set of Standards, Implementation Specifications, Certification Criteria for Electronic Health Record Technology Final Rule (45 CFR Part 170) and any revisions including, but not limited to, the following:
  - Assign a unique name and/or number for identifying, tracking user identity, and establishing controls that permit only authorized users to access electronic health information.
  - Record actions related to electronic health information according to the standard set forth in 45 CFR s. 170.210.
  - Enable a user to generate an audit log for a specific time period. The audit log must also have the ability to sort entries according to any of the elements specified in the standard 45 CFR s. 170.210.

- Verify that a person or entity seeking access to electronic health information is the one claimed and is authorized to access such information.
- Record the date, time, patient identification, and user identification when electronic health information is created, modified, accessed, or deleted. An indication of which action(s) occurred and by whom must also be recorded.
- Use a hashing algorithm with a security strength equal to or greater than SHA-1 (Secure Hash Algorithm 1) as specified by the NIST (National Institute of Standards and Technology) in FIPS PUB 180-3 (October 2008) to verify that electronic health information has not been altered. (Providers unsure whether or not they meet this guideline should contact their IT (Information Technology) and/or security/privacy analyst.)
- Ensure the EHR provides:
  - o Nonrepudiation assurance that the signer cannot deny signing the document in the future.
  - User authentication verification of the signer's identity at the time the signature was generated.
  - Integrity of electronically signed documents retention of data so that each record can be authenticated and attributed to the signer.
  - Message integrity certainty that the document has not been altered since it was signed.
  - Capability to convert electronic documents to paper copy the paper copy must indicate the name of the individual who
    electronically signed the form as well as the date electronically signed.
- Ensure electronically signed records created by the EHR have the same back-up and record retention requirements as paper records.

Topic #203

# **Preparation and Maintenance of Records**

All providers who receive payment from Wisconsin Medicaid, including state-contracted MCOs (managed care organizations), are required to maintain records that fully document the basis of charges upon which all claims for payment are made, according to <u>DHS</u> 106.02(9)(a), Wis. Admin. Code. This required maintenance of records is typically required by any third-party insurance company and is not unique to ForwardHealth.

Topic #204

#### **Record Retention**

Providers are required to retain documentation, including medical and financial records, for a period of not less than five years from the date of payment, except RHCs (rural health clinics), which are required to retain records for a minimum of six years from the date of payment.

According to DHS 106.02(9)(d), Wis. Admin. Code, providers are required to retain all evidence of billing information.

Ending participation as a provider does not end a provider's responsibility to retain and provide access to fully maintained records unless an alternative arrangement of record retention and maintenance has been established.

#### **Maintaining Confidentiality of Records**

Ending participation in a ForwardHealth program does not end a provider's responsibility to protect the confidentiality of health care and related records containing PHI (protected health information).

Providers who no longer participate in a ForwardHealth program are responsible for ensuring that they and their business associates/partners continue to comply with all federal and state laws regarding protecting the confidentiality of members' PHI. Once record retention requirements expire, records must be disposed of in such a manner that they cannot be reconstructed — according to federal and state regulations — in order to avoid penalties. For more information on the proper disposal of records, refer to Confidentiality and Proper Disposal of Records.

All ForwardHealth providers and their business associates/partners who cease practice or go out of business should ensure that they

have policies and procedures in place to protect all health care and related records from any unauthorized disclosure and use.

#### **Reviews and Audits**

The DHS (Department of Health Services) periodically reviews provider records. The DHS has the right to inspect, review, audit, and photocopy the records. Providers are required to permit access to any requested record(s), whether in written, electronic, or micrographic form.

Topic #205

# **Records Requests**

Requests for billing or medical claim information regarding services reimbursed by Wisconsin Medicaid may come from a variety of individuals including attorneys, insurance adjusters, and members. Providers are required to notify ForwardHealth when releasing billing information or medical claim records relating to charges for covered services except in the following instances:

- When the member is a dual eligible (i.e., member is eligible for both Medicare and Wisconsin Medicaid or BadgerCare Plus) and is requesting materials pursuant to *Medicare* regulations.
- When the provider is attempting to exhaust all existing health insurance sources prior to submitting claims to ForwardHealth.

#### Request from a Member or Authorized Person

If the request for a member's billing information or medical claim records is from a member or authorized person acting on behalf of a member, the provider is required to do the following:

- 1. Send a copy of the requested billing information or medical claim records to the requestor.
- 2. Send a letter containing the following information to ForwardHealth:
  - Member's name.
  - Member's ForwardHealth identification number or SSN (Social Security number), if available.
  - Member's DOB (date of birth).
  - DOS (date of service).
  - Entity requesting the records, including name, address, and telephone number.

The letter must be sent to the following address:

Wisconsin Casualty Recovery — HMS Ste 100 5615 Highpoint Dr Irving TX 75038-9984

# Request from an Attorney, Insurance Company, or Power of Attorney

If the request for a member's billing information or medical claim records is from an attorney, insurance company, or power of attorney, the provider is required to do the following:

- 1. Obtain a release signed by the member or authorized representative.
- 2. Furnish the requested material to the requester, marked "BILLED TO FORWARDHEALTH" or "TO BE BILLED TO FORWARDHEALTH," with a copy of the release signed by the member or authorized representative. Approval from ForwardHealth is not necessary.
- 3. Send a copy of the material furnished to the requestor, along with a copy of their original request and medical authorization release to:

Wisconsin Casualty Recovery — HMS

Ste 100 5615 Highpoint Dr Irving TX 75038-9984

# Request for Information About a Member Enrolled in a State-Contracted Managed Care Organization

If the request for a member's billing information or medical claim records is for a member enrolled in a state-contracted MCO (managed care organization), the provider is required to do the following:

- 1. Obtain a release signed by the member or authorized representative.
- 2. Send a copy of the letter requesting the information, along with the release signed by the member or authorized representative, directly to the MCO.

The MCO makes most benefit payments and is entitled to any recovery that may be available.

#### Request for a Statement from a Dual Eligible

If the request is for an itemized statement from a dual eligible, pursuant to HR 2015 (Balanced Budget Act of 1997) s. 4311, a dual eligible has the right to request and receive an itemized statement from his or her Medicare-enrolled health care provider. The Act requires the provider to furnish the requested information to the member. The Act does *not* require the provider to notify ForwardHealth.

Topic #1646

# Release of Billing Information to Government Agencies

Providers are permitted to release member information without informed consent when a written request is made by the DHS (Department of Health Services) or the federal HHS (Department of Health and Human Services) to perform any function related to program administration, such as auditing, program monitoring, and evaluation.

Providers are authorized under Wisconsin Medicaid confidentiality regulations to report suspected misuse or abuse of program benefits to the DHS, as well as to provide copies of the corresponding patient health care records.

# **Ongoing Responsibilities**

Topic #4910

# **Accepting New Patients**

Dental providers may indicate whether they are accepting new patients, not accepting new patients, or accepting new patients with limitations using the <u>demographic maintenance tool</u>. Providers who indicate they are accepting new patients with limitations may choose one or more of the following options to limit services provided to members:

- Children only.
- · Dentures only.
- Emergency services only.
- Nursing home only.
- · Oral surgery only.
- Provider home and surrounding counties only.
- Provider home county only.
- · Root canal only.

Providers may limit the number of Medicaid and BadgerCare Plus members in any number of ways, including based on certain demographic information, certain days of the week, or certain times of the day. However, providers are prohibited from limiting their acceptance of Medicaid and BadgerCare Plus members in a way that discriminates against a protected class, as defined in federal and state anti-discrimination laws.

The option to indicate practice limits through the Portal is available to dental providers and members as a convenience. Not selecting one of the above options does not impact a provider's ability to limit his or her practice in other acceptable ways.

Topic #220

# **Accommodating Members with Disabilities**

All providers, including ForwardHealth providers, operating an existing public accommodation have requirements under <u>Title III of the Americans</u> with Disabilities Act of 1990 (nondiscrimination).

Topic #219

# **Civil Rights Compliance (Nondiscrimination)**

Providers are required to comply with all federal laws relating to Title XIX of the Social Security Act and state laws pertinent to ForwardHealth, including the following:

- Title VI and VII of the Civil Rights Act of 1964.
- The Age Discrimination Act of 1975.
- Section 504 of the Rehabilitation Act of 1973.
- The ADA (Americans with Disabilities Act) of 1990.

The previously listed laws require that all health care benefits under ForwardHealth be provided on a nondiscriminatory basis. No applicant or member can be denied participation in ForwardHealth or be denied benefits or otherwise subjected to discrimination in any manner under ForwardHealth on the basis of race, color, national origin or ancestry, sex, religion, age, disability, or association with a person with a disability.

Any of the following actions may be considered discriminatory treatment when based on race, color, national origin, disability, or association with a person with a disability:

- Denial of aid, care, services, or other benefits.
- Segregation or separate treatment.
- Restriction in any way of any advantage or privilege received by others. (There are some program restrictions based on eligibility classifications.)
- Treatment different from that given to others in the determination of eligibility.
- Refusing to provide an oral language interpreter to persons who are considered LEP (limited English proficient) at no cost to the LEP individual in order to provide meaningful access.
- Not providing translation of vital documents to the LEP groups who represent five percent or 1,000, whichever is smaller, in the provider's area of service delivery.

*Note:* Limiting practice by age is not age discrimination and specializing in certain conditions is not disability discrimination. For further information, see 45 CFR Part 91.

Providers are required to be in compliance with the previously mentioned laws as they are currently in effect or amended. Providers who employ 25 or more employees and receive \$25,000 or more annually in Medicaid reimbursement are also required to comply with the DHS (Department of Health Services) Affirmative Action and Civil Rights Compliance Plan requirements. Providers that employ less than 25 employees and receive less than \$25,000 annually in Medicaid reimbursement are required to comply by submitting a Letter of Assurance and other appropriate forms.

Providers without Internet access may obtain copies of the DHS Affirmative Action and Civil Rights Compliance Plan (including the Letter of Assurance and other forms) and instructions by calling the Affirmative Action and Civil Rights Compliance Officer at (608) 266-9372. Providers may also write to the following address:

AA/CRC Office 1 W Wilson St Rm 561 PO Box 7850 Madison WI 53707-7850

For more information on the acts protecting members from discrimination, refer to the civil rights compliance information in the Enrollment and Benefits booklet. The booklet is given to new ForwardHealth members by local county or tribal agencies. Potential ForwardHealth members can request the booklet by calling Member Services.

## Title VI of the Civil Rights Act of 1964

This act requires that all benefits be provided on a nondiscriminatory basis and that decisions regarding the provision of services be made without regard to race, color, or national origin. Under this act, the following actions are prohibited, if made on the basis of race, color, or national origin:

- Denying services, financial aid, or other benefits that are provided as a part of a provider's program.
- Providing services in a manner different from those provided to others under the program.
- Aggregating or separately treating clients.
- Treating individuals differently in eligibility determination or application for services.
- Selecting a site that has the effect of excluding individuals.
- Denying an individual's participation as a member of a planning or advisory board.
- Any other method or criteria of administering a program that has the effect of treating or affecting individuals in a discriminatory manner.

## Title VII of the Civil Rights Act of 1964

This act prohibits differential treatment, based solely on a person's race, color, sex, national origin, or religion, in the terms and conditions of employment. These conditions or terms of employment are failure or refusal to hire or discharge compensation and

benefits, privileges of employment, segregation, classification, and the establishment of artificial or arbitrary barriers to employment.

#### Federal Rehabilitation Act of 1973, Section 504

This act prohibits discrimination in both employment and service delivery based solely on a person's disability.

This act requires the provision of reasonable accommodations where the employer or service provider cannot show that the accommodation would impose an undue hardship in the delivery of the services. A reasonable accommodation is a device or service modification that will allow the disabled person to receive a provider's benefits. An undue hardship is a burden on the program that is not equal to the benefits of allowing that handicapped person's participation.

A handicapped person means any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment.

In addition, Section 504 requires "program accessibility," which may mean building accessibility, outreach, or other measures that allow for full participation of the handicapped individual. In determining program accessibility, the program or activity will be viewed in its entirety. In choosing a method of meeting accessibility requirements, the provider shall give priority to those methods that offer a person who is disabled services that are provided in the most integrated setting appropriate.

#### Americans with Disabilities Act of 1990

Under Title III of the ADA (Americans with Disabilities Act) of 1990, any provider that operates an existing public accommodation has four specific requirements:

- 1. Remove barriers to make his or her goods and services available to and usable by people with disabilities to the extent that it is readily achievable to do so (i.e., to the extent that needed changes can be accomplished without much difficulty or expense).
- 2. Provide auxiliary aids and services so that people with sensory or cognitive disabilities have access to effective means of communication, unless doing so would fundamentally alter the operation or result in undue burdens.
- 3. Modify any policies, practices, or procedures that may be discriminatory or have a discriminatory effect, unless doing so would fundamentally alter the nature of the goods, services, facilities, or accommodations.
- 4. Ensure that there are no unnecessary eligibility criteria that tend to screen out or segregate individuals with disabilities or limit their full and equal enjoyment of the place of public accommodation.

## **Age Discrimination Act of 1975**

The Age Discrimination Act of 1975 prohibits discrimination on the basis of age in programs and activities receiving federal financial assistance. The Act, which applies to all ages, permits the use of certain age distinctions and factors other than age that meet the Act's requirements.

**Topic #198** 

# **Contracted Staff**

Under a few circumstances (e.g., personal care, case management services), providers may contract with non-Medicaid-enrolled agencies for services. Providers are legally, programmatically, and fiscally responsible for the services provided by their contractors and their contractors' services.

When contracting services, providers are required to ensure contracted agencies are qualified to provide services, meet all ForwardHealth and program requirements, and maintain records in accordance with the requirements for the provision of services.

Medicaid requirements do not relieve contracted agencies of their own regulatory requirements. Contracted agencies are required to continue to meet their own regulatory requirements, in addition to ForwardHealth requirements.

Providers are also responsible for informing a contracted agency of ForwardHealth requirements. Providers should refer those with whom they contract for services to ForwardHealth publications for program policies and procedures. ForwardHealth references and publications include, but are not limited to, the following:

- Wisconsin Administrative Code.
- ForwardHealth Updates.
- The Online Handbook.

Providers should encourage contracted agencies to visit the ForwardHealth Portal regularly for the most current information.

Topic #216

# **Examples of Ongoing Responsibilities**

Responsibilities for which providers are held accountable are described throughout the Online Handbook. Medicaid-enrolled providers have responsibilities that include, but are not limited to, the following:

- Providing the same level and quality of care to ForwardHealth members as private-pay patients.
- Complying with all state and federal laws related to ForwardHealth.
- Obtaining PA (prior authorization) for services, when required.
- Notifying members in advance if a service is not covered by ForwardHealth and the provider intends to collect payment from the member for the service.
- Maintaining accurate medical and billing records.
- Retaining preparation, maintenance, medical, and financial records, along with other documentation, for a period of not less than
  five years from the date of payment, except rural health clinic providers who are required to retain records for a minimum of six
  years from the date of payment.
- Billing only for services that were actually provided.
- Allowing a member access to his or her records.
- Monitoring contracted staff.
- Accepting Medicaid reimbursement as payment in full for covered services.
- Keeping provider information (i.e., address, business name) current.
- Notifying ForwardHealth of changes in ownership.
- Responding to Medicaid revalidation notifications.
- Safeguarding member confidentiality.
- Verifying member enrollment.
- Keeping up-to-date with changes in program requirements as announced in ForwardHealth publications.

Topic #217

# **Keeping Information Current**

#### **Changes That Require ForwardHealth Notification**

Providers are required to notify ForwardHealth of any changes to their demographic information, including the following, as they occur:

Address(es) — practice location and related information, mailing, PA (prior authorization), and/or financial.

*Note:* Health care providers who are federally required to have an NPI (National Provider Identifier) are cautioned that changes to their practice location address on file with ForwardHealth may alter their ZIP+4 code information that is required on transactions.

- · Business name.
- · Contact name.

- Federal Tax ID number (IRS (Internal Revenue Service) number).
- Group affiliation.
- Licensure.
- NPI.
- Ownership.
- Professional certification.
- Provider specialty.
- Supervisor of nonbilling providers.
- · Taxonomy code.
- Telephone number, including area code.

Failure to notify ForwardHealth of changes may result in the following:

- Incorrect reimbursement.
- Misdirected payment.
- Claim denial.
- Suspension of payments or cancellation of provider file if provider mail is returned to ForwardHealth for lack of a current address.

Entering new information on a claim form or PA request is **not** adequate notification of change.

#### **Notifying ForwardHealth of Changes**

Providers can notify ForwardHealth of changes using the demographic maintenance tool.

#### **Providers Enrolled in Multiple Programs**

If demographic information changes, providers enrolled in multiple programs (e.g., Wisconsin Medicaid and WCDP (Wisconsin Chronic Disease Program)) will need to change the demographic information for each program. By toggling between accounts using the Switch Organization function of the Portal, providers who have a Portal account for each program can change their information for each program using the demographic maintenance tool. The Account User Guide provides specific information about switching organizations.

#### Providers Licensed or Certified by the Division of Quality Assurance

Providers licensed or certified by the DQA (Division of Quality Assurance) are required to notify the DQA of changes to physical address, changes of ownership, and facility closures by emailing Lisa.Imhof@dhs.wisconsin.gov.

Topic #577

# **Legal Framework**

The following laws and regulations provide the legal framework for BadgerCare Plus, Medicaid, and Wisconsin Well Woman Medicaid:

- Federal Law and Regulation:
  - Law United States Social Security Act; Title XIX (42 US Code ss. 1396 and following) and Title XXI.
  - o Regulation Title 42 CFR Parts 430-498 and Parts 1000-1008 (Public Health).
- Wisconsin Law and Regulation:
  - Law Wisconsin Statutes: 49.43-49.499, 49.665, and 49.473.
  - o Regulation Wisconsin Administrative Code, Chapters DHS 101, 102, 103, 104, 105, 106, 107, and 108.

Laws and regulations may be amended or added at any time. Program requirements may not be construed to supersede the provisions of these laws and regulations.

The information included in the ForwardHealth Portal applies to BadgerCare Plus, Medicaid, and Wisconsin Well Woman Medicaid. BadgerCare Plus, Medicaid, and Wisconsin Well Woman Medicaid are administered by the DHS (Department of Health Services). Within the DHS, the DHCAA (Division of Health Care Access and Accountability) is directly responsible for managing these programs.

Topic #2837

Section 447.02, Wis. Stats., and DHS 107.07, Wis. Admin. Code provide the legal framework for dental services.

Topic #17097

## **Licensure Information**

Licensed providers are required to keep all licensure information, including license number, grant and expiration dates, and physical location as applicable (e.g., hospital providers), current with ForwardHealth.

If providers do not keep their licensure information, including their license number, current with ForwardHealth, any of the following may occur:

- Providers' enrollment may be deactivated. As a result, providers would not be able to submit claims or PA (prior authorization)
  requests or be able to function as <u>prescribing/referring/ordering providers</u>, if applicable, until they update their licensure
  information.
- Providers may experience a lapse in enrollment. If a lapse occurs, providers may need to re-enroll, which may result in another
  application fee being assessed.

Providers may change the grant and expiration dates for their current license(s) and enter information for a new license(s), such as the license number, licensing state, and grant and expiration dates, using the <u>demographic maintenance tool</u>. After entering information for their new license(s), some providers (e.g., out-of-state providers) will also be required to upload a copy of their license using the demographic maintenance tool. Provided licensure information must correspond with the information on file with the applicable licensing authority.

In some cases, ForwardHealth will need to verify licensure information with the applicable licensing authority, which may take up to 10 business days after submission. Providers updating their license information should plan accordingly so that they do not experience any of the indicated interruptions in enrollment. If provided licensure information (e.g., grant and expiration dates) does not correspond with the licensing authority's information, the licensing authority's information will be retained and will display in the demographic maintenance tool once verified by ForwardHealth.

Topic #15157

# **Recovery Audit Contractor Audits**

The ACA (Affordable Care Act) requires states to establish an RAC (Recovery Audit Contractor) program to enable the auditing of Medicaid claim payments to providers. In Wisconsin, the RAC will audit claim payments from Wisconsin Medicaid and BadgerCare Plus. The Wisconsin DHS (Department of Health Services) has awarded the contract to HMS (Health Management Systems, Inc.) as the RAC for the state of Wisconsin.

*Note:* The RAC will not audit claims submitted for Family Planning Only Services, SeniorCare, WCDP (Wisconsin Chronic Disease Program), the WWWP (Wisconsin Well Woman Program), and ADAP (Wisconsin AIDS Drug Assistance Program).

The overall goal of the RAC program is to identify and decrease improper payments. The audits will ensure that payments are for services covered under the programs in which the member was enrolled and that the services were actually provided and properly billed and documented. The audits are being conducted under Generally Accepted Government Auditing Standards.

Providers will be selected for audits based on data analysis by the RAC and referrals by state agencies. The RAC will ensure that its

audits neither duplicate state audits of the same providers nor interfere with potential law enforcement investigations.

Providers who receive a notification regarding an audit should follow the instructions as outlined in the notification within the requested time frames.

#### **Affected Providers**

Any provider may be audited, including, but not limited to, fee-for-service providers, institutional and non-institutional providers, as well as managed care entities.

#### **Additional Information**

Any questions regarding the RAC program should be directed to HMS at (800) 310-0865. Refer to the <u>RAC Web site</u> for additional information regarding HMS RAC activities.

Topic #2836

# **Reducing the Number of Missed Appointments**

The following suggestions will reduce missed appointments for all patients, including BadgerCare Plus members. When scheduling appointments, providers should explain to members the importance of keeping appointments and the office rules regarding missed appointments. ForwardHealth offers the following suggestions to decrease the "no show" rate:

- Contact the member by telephone or postcard prior to the appointment and remind the member of the time and place of the appointment and the importance of canceling scheduled appointments in advance.
- Require members to verify their appointment by calling the dental office, using the following procedures:
  - 1. Explain the policy carefully to members when they make appointments.
  - 2. Send postcards to remind members of their appointments, of the office policy regarding confirming their appointments, and of the need to call immediately to confirm the upcoming appointment.
  - 3. If members do not call by a given day before their appointment, give the appointment to another patient.
- If the appointment is made through the HealthCheck screening or targeted case management programs, encourage staff from those programs to ensure that scheduled appointments are kept.
- Call the local city/county health department or the HealthCheck Hotline at (800) 722-2295 for information about HealthCheck services in the area. Individual dentists may agree only to accept referrals from HealthCheck providers, such as the local public health agencies and physicians. Some health departments have outreach staff who may be able to assist members in getting to their dental appointments.
- Contact programs and agencies, such as Head Start, sheltered workshops, or human service departments, to develop a referral system. Some of these agencies may assist members in finding transportation and keeping dental appointments.
- If a member needs assistance in obtaining transportation to a medical appointment, encourage the member to call MTM, Inc. (Medical Transportation Management, Inc.) for NEMT (non-emergency medical transportation). Most Medicaid and BadgerCare Plus members may receive NEMT services through MTM Inc. if they have no other way to receive a ride. Refer to the <a href="NEMT service area">NEMT service area</a> for more information.

Topic #13277

# Reporting Suspected Waste, Fraud, and Abuse

The DHS (Department of Health Services) OIG (Office of Inspector General) investigates fraud and abuses including, but not limited to, the following:

- Billing Medicaid for services or equipment that were not provided.
- Submitting false applications for a DHS-funded assistance program such as Medicaid, BadgerCare Plus, WIC (Special Supplemental Nutrition Program for Women, Infants, and Children), or FoodShare.

- Trafficking FoodShare benefits.
- Crime, misconduct, and/or mismanagement by a DHS employee, official, or contractor.

Those who suspect fraudulent activity in Medicaid programs are required to notify the OIG if they have reason to believe that a person is misusing or abusing any DHS health care program or the ForwardHealth identification card.

Section <u>49.49</u>, Wis. Stats., defines actions that represent member misuse or abuse of benefits and the resulting sanctions that may be imposed. Providers are under no obligation to inform the member that they are misusing or abusing their benefits. A provider may not confiscate a ForwardHealth card from a member in question.

#### **Reporting Suspected Fraud and Abuse**

Those who suspect any form of fraud, waste, or abuse of a program by providers, trading partners, billing services, agencies, or recipients of any government assistance program are required to report it. Those reporting allegations of fraud and abuse may remain anonymous. However, not providing contact information may prevent OIG from fully investigating the complaint if questions arise during the review process.

If a provider suspects that someone is committing fraudulent activities or is misusing his or her ForwardHealth card, the provider is required to notify ForwardHealth by one of the following methods:

- Going to the OIG fraud and abuse reporting Web site.
- Calling the DHS fraud and abuse hotline at (877) 865-3432.

The following information is helpful when reporting fraud and abuse:

- A description of the fraud, waste, and/or abuse, including the nature, scope, and timeframe of the activity in question. The description should include sufficient detail for the complaint to be evaluated.
- The names and dates of birth (or approximate ages) of the people involved, as well as the number of occurrences and length of the suspected activity.
- The names and date(s) of other people or agencies to which the activity may have been reported.

After the allegation is received, the DHS OIG will evaluate it and take appropriate action. If the name and contact information of the person reporting the allegation was provided, the OIG may be in contact to verify details or ask for additional information.

## **Prescription**

Topic #525

# **General Requirements**

It is vital that prescribers provide adequate supporting clinical documentation for a pharmacy or other dispensing providers to fill a prescription. Except as otherwise provided in federal or state law, a prescription must be in writing or given orally and later reduced to writing by the provider filling the prescription. The prescription must include the following information:

- The name, strength, and quantity of the drug or item prescribed.
- The service required, if applicable.
- The date of issue of the prescription.
- The prescriber's name and address.
- The member's name and address.
- The prescriber's signature (if the prescriber writes the prescription) and date signed.
- The directions for use of the prescribed drug, item, or service.

#### **Drug Enforcement Agency Number Audits**

All prescriptions for controlled substances must indicate the DEA (Drug Enforcement Agency) number of the prescriber on all prescriptions. DEA numbers are not required on claims or PAs (prior authorizations).

#### **Members in Hospitals and Nursing Homes**

For hospital and nursing home members, prescriptions must be entered into the medical and nursing charts and must include the previously listed information. Prescription orders are valid for no more than one year from the date of the prescription except for controlled substances and prescriber-limited refills that are valid for shorter periods of time.

Topic #2835

#### **Dentists**

Within their scope of practice, dentists may prescribe drugs for BadgerCare Plus members. Before administering or prescribing any Schedule II, III, IV, or V pharmaceutical agents, the provider must also obtain a DEA (Drug Enforcement Administration) certification of registration. Wisconsin Medicaid does not reimburse providers for any charges associated with writing the prescription or for takehome drugs dispensed by a dentist.

Topic #11117

# **Opioid Monthly Prescription Fill Limit**

Opioid drugs are limited to five prescription fills per calendar month for BadgerCare Plus, Wisconsin Medicaid, and SeniorCare members.

These limits do not affect members who are in a nursing home or hospice care.

The following drugs will be exempt from the opioid monthly prescription fill limit:

• Suboxone film and tablet.

- Buprenorphine tablet.
- Methadone solution.
- Opioid antitussive liquid.

#### **Prescriber Responsibilities**

If a member enrolled in BadgerCare Plus, Medicaid, and SeniorCare require more than five opioid prescription fills in a month, the prescriber may request a policy override through the <u>DAPO (Drug Authorization and Policy Override) Center</u>. An override is required for each opioid fill that exceeds the five prescription fill limit per calendar month.

When calling the DAPO Center to request a policy override for opioids, the following information must be provided:

- Prescriber's name and NPI (National Provider Identifier).
- Member's name and ID.
- Pharmacy's name and telephone number where the member attempted to have the prescription filled.
- Date the prescription was attempted to be filled.
- Drug name, strength, and quantity.
- Instructions for use.

The DAPO Center will provide information to the prescriber regarding the member's recent medication history.

If the prescriber determines an override is medically necessary, the DAPO Center will record the override, and the prescriber should contact the member and the pharmacy. When contacting the member, the prescriber should use this opportunity to discuss the appropriate use of opioids.

If the prescriber decides that it is not medically necessary to override the opioid monthly prescription fill limit, the prescriber should contact the member and discuss follow-up care. If the override is not given, the prescriber should contact the pharmacy to have the prescription canceled.

#### **Pharmacy Responsibilities**

When pharmacies are contacted by a prescriber and notified that an override is available, the pharmacy should submit the claim for the opioid. Pharmacies are responsible for submitting claims for opioids within three days of the override being obtained by the prescriber. If the pharmacy provider does not submit the claim within the three day time period, the claim will be denied.

*Note:* If the pharmacy provider contacts the DAPO Center to obtain an override, the DAPO Center will inform the pharmacy provider that the prescriber is responsible for obtaining the override.

If a prescriber does not override the opioid monthly prescription fill limit for members enrolled in BadgerCare Plus, Medicaid, or SeniorCare, the service is considered noncovered.

If a pharmacy has difficulty with claim submission related to the opioid monthly prescription limit, contact the DAPO Center.

## **Exceptions**

Opioid prescription fill limit exceptions are covered for members enrolled in BadgerCare Plus, Medicaid, and SeniorCare.

#### **Schedule III-V drugs**

If the prescriber is unavailable, the DAPO Center will grant a 96-hour supply exception to exceed the opioid monthly prescription fill limit for a Schedule III-V drug if the following conditions are met:

- Member is enrolled in BadgerCare Plus, Medicaid, or SeniorCare.
- The pharmacy attempted to contact the prescriber (or the prescriber's agent) but the prescriber is unavailable (e.g., clinic is

closed).

- The pharmacy must document on the prescription order that the prescriber is not available.
- The pharmacist confirmed that dispensing a 96-hour supply is medically necessary.
- A 96-hour supply exception was not previously granted within the current calendar month.

If the prescriber is unavailable and the DAPO Center is closed, then pharmacy providers may dispense a 96 hour supply if the following conditions are met:

- Member is enrolled in BadgerCare Plus, Medicaid, or SeniorCare.
- The pharmacy attempted to contact the prescriber (or the prescriber's agent), but the prescriber is unavailable (e.g., clinic is closed).
- The pharmacy must document on the prescription order that the prescriber is not available.
- The pharmacist confirmed that dispensing a 96-hour supply is medically necessary.
- A 96-hour supply exception was not previously granted within the current calendar month.

Only one 96-hour supply exception for opioid drugs is allowed per calendar month. Once the DAPO Center is open, the pharmacy must call to obtain the 96-hour supply exception.

The 96-hour supply exception may be retroactive up to five days (i.e., back dated).

If a 96-hour supply exception has already been provided in the same calendar month, the prescription is a noncovered service.

#### **Schedule II Drugs**

If the prescriber is unavailable, the DAPO Center may grant an exception for a Schedule II drug if the following conditions are met:

- Member is enrolled in BadgerCare Plus, Medicaid, or SeniorCare.
- The pharmacy attempted to contacted the prescriber (or the physician's agent), but the prescriber is unavailable (e.g., clinic is closed).
- The pharmacy must document on the prescription order that the prescriber is not available.
- The pharmacist confirmed that it is medically necessary to dispense the drug.
- An exception for Schedule II drugs was not previously granted within the current calendar month.
- The pharmacist may dispense the full quantity indicated on the prescription order.

If the prescriber is unavailable and the DAPO Center is closed, the pharmacy may dispense an exception for a Schedule II drug if the following conditions are met:

- Member is enrolled in BadgerCare Plus, Medicaid, or SeniorCare.
- The pharmacy attempted to contact the prescriber (or the physician's agent), but the prescriber is unavailable (e.g., clinic is closed).
- The pharmacy documented on the prescription order that the prescriber is not available.
- The pharmacist confirmed that it is medically necessary to dispense the drug.
- The pharmacist may dispense the full quantity indicated on the prescription order.

Pharmacy providers are required to submit a <u>Noncompound Drug Claim (F-13072 (04/17))</u> form, with a <u>Pharmacy Special Handling Request (F-13074 (04/14))</u> form, indicating the following:

- The drug dispensed was a Schedule II drug and the opioid monthly prescription fill limit was exceeded.
- The pharmacy attempted to contact the prescriber (or the physician's agent), but the prescriber is unavailable (e.g., clinic is closed).
- The pharmacist is required to provide justification why it was medically necessary to dispense the Schedule II opioid before discussing with the prescriber an exception to the opioid monthly prescription fill limit.

Only one exception for Schedule II opioid is allowed per calendar month.

If a Schedule II opioid exception has already been provided in the same calendar month, the prescription is a noncovered service.

Topic #523

# **Prescriber Information for Drug Prescriptions**

Most legend and certain OTC (over-the-counter) drugs are covered. (A legend drug is one whose outside package has the legend or phrase "Caution, federal law prohibits dispensing without a prescription" printed on it.)

Coverage for some drugs may be restricted by one of the following policies:

- PDL (Preferred Drug List)
- PA (prior authorization)
- BBG (brand before generic) drugs that require PA
- BMN (brand medically necessary) drugs that require PA
- Diagnosis-restricted drugs
- Age-restricted and gender-restricted drugs

Prescribers are encouraged to write prescriptions for drugs that do not have restrictions; however, processes are available to obtain reimbursement for medically necessary drugs that do have restrictions.

For the most current prescription drug information, refer to the <u>pharmacy data tables</u>. Providers may also call <u>Provider Services</u> for more information.

#### **Preferred Drug List**

Most preferred drugs on the <u>PDL</u> do **not** require PA, although these drugs may have other restrictions (e.g., age, diagnosis); non-preferred drugs **do** require PA. Prescribers are encouraged to write prescriptions for preferred drugs; however, a PA process is available for non-preferred drugs if the drugs are medically necessary. Prescribers are encouraged to try more than one preferred drug, if medically appropriate for the member, before prescribing a non-preferred drug.

#### Prescriber Responsibilities for Non-preferred Drugs

Prescribers should determine the ForwardHealth benefit plan in which a member is enrolled before writing a prescription. If a member is enrolled in BadgerCare Plus, Medicaid, or SeniorCare, prescribers are encouraged to write prescriptions for preferred drugs. Prescribers are encouraged to prescribe more than one preferred drug before a non-preferred drug is prescribed.

If a non-preferred drug or a preferred drug that requires clinical PA is medically necessary for a member, the prescriber is required to complete a PA request for the drug. Prescribers are required to complete the appropriate PA form and submit it to the pharmacy provider where the prescription will be filled. When completing the PA form, prescribers are reminded to provide a handwritten signature and date on the form. PA request forms may be faxed or mailed to the pharmacy provider, or the member may carry the form with the prescription to the pharmacy provider. The pharmacy provider will use the completed form to submit a PA request to ForwardHealth. The prescriber is required to attest on the form that the member meets the clinical criteria for PA approval. Prescribers should not submit PA forms to ForwardHealth.

Prescribers and pharmacy providers are required to retain a completed copy of the PA form.

## **Diagnosis-Restricted Drugs**

Prescribers are required to include a diagnosis description on prescriptions for those drugs that are diagnosis-restricted.

# Prescribing Drugs Manufactured by Companies Who Have Not Signed the Rebate Agreement

By federal law, pharmaceutical manufacturers who participate in state Medicaid programs must sign a rebate agreement with CMS (Centers for Medicare and Medicaid Services). BadgerCare Plus, Medicaid, and SeniorCare will cover legend and specific categories of OTC products of manufacturers who have signed a rebate agreement.

Note: SeniorCare does not cover OTC drugs, except insulin.

ForwardHealth has identified <u>drug manufacturers who have signed the rebate agreement</u>. By signing the rebate agreement, the manufacturer agrees to pay ForwardHealth a rebate equal to a percentage of its "sales" to ForwardHealth.

Drugs of companies choosing not to sign the rebate agreement, with few exceptions, are not covered. A Medicaid-enrolled pharmacy can confirm for prescribers whether or not a particular drug manufacturer has signed the agreement.

# Members Enrolled in BadgerCare Plus, Medicaid, or SeniorCare (Levels 1 and 2a)

BadgerCare Plus, Medicaid, and SeniorCare levels 1 and 2a may cover certain FDA (Food and Drug Administration)-approved legend drugs through the PA process even though the drug manufacturers did not sign rebate agreements.

Prescribers are required to complete the <u>appropriate section(s)</u> of the PA/DGA (Prior Authorization/Drug Attachment, F-11049 (07/2016)) as it pertains to the drug being requested.

Included with the PA, the prescriber is required to submit documentation of medical necessity and cost-effectiveness that the non-rebated drug is the only available and medically appropriate product for treating the member. The documentation must include the following:

- A copy of the medical record or documentation of the medical history detailing the member's medical condition and previous treatment results
- Documentation by the prescriber that shows why other drug products have been ruled out as ineffective or unsafe for the member's medical condition
- Documentation by the prescriber that shows why the non-rebated drug is the most appropriate and cost-effective drug to treat the member's medical condition

If a PA request for a drug without a signed manufacturer rebate is approved, claims for drugs without a signed rebate agreement must be submitted on paper. Providers should complete and submit the <u>Noncompound Drug Claim (F-13072 (04/17))</u> form indicating the actual NDC of the drug with the <u>Pharmacy Special Handling Request (F-13074 (04/14))</u> form.

If a PA request for a drug without a signed manufacturer rebate is denied, the service is considered noncovered.

#### **Members Enrolled in SeniorCare (Levels 2b and 3)**

PA is not available for drugs from manufacturers without a separate, signed SeniorCare rebate agreement for members in levels 2b and 3. PA requests submitted for drugs without a separate, signed SeniorCare rebate agreement for members in levels 2b and 3 will be returned to the providers unprocessed and the service will be noncovered. Members do not have appeal rights regarding returned PA requests for noncovered drugs.

#### **Drug Utilization Review System**

The federal OBRA (Omnibus Budget Reconciliation Act) of 1990 (42 CFR Parts 456.703 and 456.705) called for a DUR (Drug Utilization Review) program for all Medicaid-covered drugs to improve the quality and cost-effectiveness of member care. ForwardHealth's prospective DUR system assists pharmacy providers in screening certain drug categories for clinically important potential drug therapy problems before the prescription is dispensed to the member. The DUR system checks the member's entire drug history regardless of where the drug was dispensed or by whom it was prescribed.

Diagnoses from medical claims are used to build a medical profile for each member. The prospective DUR system uses this profile to determine whether or not a prescribed drug may be inappropriate or harmful to the member. It is very important that prescribers provide up-to-date medical diagnosis information about members on medical claims to ensure complete and accurate member profiles, particularly in cases of disease or pregnancy.

*Note:* The prospective DUR system does not dictate which drugs may be dispensed; prescribers and pharmacists must exercise professional judgment.

#### Prospective Drug Utilization Review's Impact on Prescribers

If a pharmacist receives an alert, a response is required before the drug can be dispensed to the member. This may require the pharmacist to contact the prescriber for additional information to determine if the prescription should be filled as written, modified, or cancelled. Prescribers should respond to inquiries, such as telephone calls or faxes, related to prescribed drugs from pharmacy providers.

#### **Drugs with Three-Month Supply Requirement**

ForwardHealth has identified a list of three-month supply drugs:

- Certain drugs are required to be dispensed in a three-month supply.
- Additional drugs are allowed to be dispensed in a three-month supply.

#### **Member Benefits**

When it is appropriate for the member's medical condition, a three-month supply of a drug benefits the member in the following ways:

- Aiding compliance in taking prescribed generic, maintenance medications
- Reducing the cost of member copayments
- Requiring fewer trips to the pharmacy
- Allowing the member to obtain a larger quantity of generic, maintenance drugs for chronic conditions (e.g., hypertension)

Prescribers are encouraged to write prescriptions for a three-month supply when appropriate for the member.

#### **Prescription Quantity**

A prescriber is required to indicate the appropriate quantity on the prescription to allow the dispensing provider to dispense the maintenance drug in a three-month supply. For example, if the prescription is written for "Hydrochlorothiazide 25 mg, take one tablet daily," the prescriber is required to indicate a quantity of 90 or 100 tablets on the prescription so the pharmacy provider can dispense a three-month supply. In certain instances, brand name drugs (e.g., oral contraceptives) may be dispensed in a three-month supply.

Pharmacy providers are not required to contact prescribers to request a new prescription for a three-month supply if a prescription has been written as a one-month supply with multiple or as needed (i.e., PRN (pro re nata)) refills.

ForwardHealth will not audit or recoup three-month supply claims if a pharmacy provider changes a prescription written as a one-month supply with refills as long as the total quantity dispensed per prescription does not exceed the total quantity authorized by the prescriber.

#### **Prescription Mail Delivery**

Current Wisconsin law permits Wisconsin Medicaid-enrolled retail pharmacies to deliver prescriptions to members via the mail. Wisconsin Medicaid-enrolled retail pharmacies may dispense and mail any prescription or OTC medication to a Medicaid fee-for-service member at no additional cost to the member or Wisconsin Medicaid.

Providers are encouraged to use the mail delivery option if requested by the member, particularly for prescriptions filled for a three-month supply.

#### **Noncovered Drugs**

The following drugs are not covered:

- Drugs that are identified by the FDA as LTE (less-than-effective) or identical, related, or similar to LTE drugs
- Drugs identified on the Wisconsin Negative Formulary
- Drugs manufactured by companies who have not signed the rebate agreement
- Drugs to treat the condition of ED (erectile dysfunction). Examples of noncovered drugs for ED are Viagra<sup>®</sup> and Cialis<sup>®</sup>.

#### **SeniorCare**

<u>SeniorCare</u> is a prescription drug assistance program for Wisconsin residents who are 65 years of age or older and meet eligibility criteria. SeniorCare is modeled after Wisconsin Medicaid in terms of drug coverage and reimbursement, although there are a few differences. Unlike Medicaid, SeniorCare does not cover OTC drugs other than insulin.

Topic #4346

# **Tamper-Resistant Prescription Pad Requirement**

Section 7002(b) of the U.S. Troop Readiness, Veterans' Care, Katrina Recovery, and Iraq Accountability Appropriations Act of 2007 imposed a requirement on prescriptions paid for by Medicaid, SeniorCare, or BadgerCare fee-for-service. The law requires that all written or computer-generated prescriptions that are given to a patient to take to a pharmacy must be written or printed on tamper-resistant prescription pads or tamper-resistant computer paper. This requirement applies to prescriptions for both controlled and noncontrolled substances.

All other Medicaid policies and procedures regarding prescriptions continue to apply.

#### Required Features for Tamper-Resistant Prescription Pads or Computer Paper

To be considered tamper-resistant, federal law requires that prescription pads/paper contain all three of the following characteristics:

- One or more industry-recognized features designed to prevent unauthorized copying of a completed or blank prescription form.
- One or more industry-recognized features designed to prevent the erasure or modification of information written on the prescription by the prescriber.
- One or more industry-recognized features designed to prevent the use of counterfeit prescription forms.

### **Exclusions to Tamper-Resistant Prescription Pad Requirement**

The following are exclusions to the tamper-resistant prescription pad requirement:

- Prescriptions faxed directly from the prescriber to the pharmacy.
- Prescriptions electronically transmitted directly from the prescriber to the pharmacy.
- Prescriptions telephoned directly from the prescriber to the pharmacy.
- Prescriptions provided to members in nursing facilities, ICF/IIDs (Intermediate Care Facilities for Individuals with Intellectual Disabilities), and other specified institutional and clinical settings to the extent that drugs are part of their overall rate. However, written prescriptions filled by a pharmacy outside the walls of the facility are subject to the tamper-resistant requirement.

#### 72-Hour Grace Period

Prescriptions presented by patients on non-tamper-resistant pads or paper may be dispensed and considered compliant if the pharmacy receives a compliant prescription order within 72 hours.

### **Coordination of Benefits**

The federal law imposing these new requirements applies even when ForwardHealth is the secondary payer.

#### **Retroactive ForwardHealth Eligibility**

If a patient becomes retroactively eligible for ForwardHealth, the federal law presumes that prescriptions retroactively dispensed were compliant. However, prospective refills will require a tamper-resistant prescription.

### **Penalty for Noncompliance**

Payment made to the pharmacy for a claim corresponding to a noncompliant order may be recouped, in full, by Wisconsin Medicaid.

#### **Provider Enrollment**

Topic #899

### **CLIA Certification or Waiver**

Congress implemented CLIA (Clinical Laboratory Improvement Amendment) to improve the quality and safety of laboratory services. CLIA requires *all* laboratories and providers that perform tests (including waived tests) for health assessment or for the diagnosis, prevention, or treatment of disease or health impairment to comply with specific federal quality standards. This requirement applies even if only a single test is being performed.

#### **CLIA Enrollment**

The federal CMS (Centers for Medicare and Medicaid Services) sends CLIA enrollment information to ForwardHealth. The enrollment information includes CLIA identification numbers for all current laboratory sites. ForwardHealth verifies that laboratories are CLIA certified before Medicaid grants enrollment.

#### **CLIA Regulations**

ForwardHealth complies with the following federal regulations as initially published and subsequently updated:

- Public Health Service Clinical Laboratory Improvement Amendments of 1988.
- Title 42 CFR Part 493, Laboratory Requirements.

### **Scope of CLIA**

CLIA governs all laboratory operations including the following:

- Accreditation.
- Certification.
- Fees.
- Patient test management.
- Personnel qualifications.
- Proficiency testing.
- · Quality assurance.
- Quality control.
- · Records and information systems.
- Sanctions
- Test methods, equipment, instrumentation, reagents, materials, supplies.
- Tests performed.

CLIA regulations apply to all providers who perform CLIA-monitored laboratory services, including, but not limited to, the following:

- · Clinics.
- · HealthCheck providers.
- Independent clinical laboratories.
- Nurse midwives.
- · Nurse practitioners.
- Osteopaths.
- Physician assistants.
- Physicians.

· Rural health clinics.

#### **CLIA Certification Types**

The CMS regulations require providers to have a CLIA certificate that indicates the laboratory is qualified to perform a category of tests.

Clinics or groups with a single group billing certification, but multiple CLIA numbers for different laboratories, may wish to contact <a href="Provider Services">Provider Services</a> to discuss various certification options. There are five types of CLIA certificates as defined by CMS:

- Certificate of Waiver. This certificate is issued to a laboratory to perform only waived tests. The CMS Web site identifies the
  most current list of <u>waived procedures</u>. BadgerCare Plus identifies allowable waived procedures in <u>maximum allowable fee</u>
  schedules.
- Certificate for Provider-Performed Microscopy Procedures (PPMP). This certificate is issued to a laboratory in which a
  physician, mid-level practitioner, or dentist performs no tests other than the microscopy procedures. This certificate permits the
  laboratory to also perform waived tests. The CMS Web site identifies the most current list of <u>CLIA-allowable provider-performed microscopy procedures</u>. BadgerCare Plus identifies allowable provider-performed microscopy procedures in fee
  schedules.
- 3. *Certificate of Registration*. This certificate is issued to a laboratory and enables the entity to conduct moderate- or high-complexity laboratory testing, or both, until the entity is determined by survey to be in compliance with CLIA regulations.
- 4. *Certificate of Compliance*. This certificate is issued to a laboratory after an inspection that finds the laboratory to be in compliance with all applicable CLIA requirements.
- 5. *Certificate of Accreditation.* This is a certificate that is issued to a laboratory on the basis of the laboratory's accreditation by an accreditation organization approved by CMS. The six major approved accreditation organizations are:
  - The Joint Commission.
  - o CAP (College of American Pathologists).
  - o COLA.
  - American Osteopathic Association.
  - o American Association of Blood Banks.
  - o ASHI (American Society of Histocompatibility and Immunogenetics).

#### **Applying for CLIA Certification**

Use the CMS 116 CLIA application to apply for program certificates. Providers may obtain CMS 116 forms from the CMS Web site or from the following address:

Division of Quality Assurance Clinical Laboratory Section 1 W Wilson St PO Box 2969 Madison WI 53701-2969

#### **Providers Required to Report Changes**

Providers are required to notify Provider Enrollment within 30 days of any change(s) in ownership, name, location, or director. Also, providers are required to notify Provider Enrollment of changes in CLIA certificate types immediately and within six months when a specialty/subspecialty is added or deleted.

Providers may notify Provider Enrollment of changes by uploading supporting documentation using the <u>demographic maintenance tool</u> or by mailing supporting documentation to the following address:

Wisconsin Medicaid Provider Enrollment 313 Blettner Blvd

#### Madison WI 53784

If a provider has a new certificate type to add to its certification information on file with ForwardHealth, the provider should upload or mail a copy of the new certificate. When a provider sends ForwardHealth a copy of a new CLIA certificate, the effective date on the certificate will become the effective date for CLIA certification on file with ForwardHealth.

Topic #3969

### **Categories of Enrollment**

Wisconsin Medicaid enrolls providers in three billing categories. Each billing category has specific designated uses and restrictions. These categories include the following:

- Billing/rendering provider.
- Rendering-only provider.
- Billing-only provider (including group billing).

Providers should refer to the service-specific information in the Online Handbook or the Information for Specific Provider Types page on the Provider Enrollment Information home page to identify which category of enrollment is applicable.

#### **Billing/Rendering Provider**

Enrollment as a billing/rendering provider allows providers to identify themselves on claims (and other forms) as either the provider billing for the services or the provider rendering the services.

#### **Rendering-Only Provider**

Enrollment as a rendering-only provider is given to those providers who practice under the professional supervision of another provider (e.g., physician assistants). Providers with a rendering provider enrollment cannot submit claims to ForwardHealth directly, but they have reimbursement rates established for their provider type. Claims for services provided by a rendering provider must include the supervising provider or group provider as the billing provider.

#### **Billing-Only Provider (Including Group Billing)**

Enrollment as a billing-only provider is given to certain provider types when a separate rendering provider is required on claims.

#### **Group Billing**

Groups of individual practitioners are enrolled as billing-only providers as an accounting convenience. This allows the group to receive one reimbursement, one RA (Remittance Advice), and the 835 (835 Health Care Claim Payment/Advice) transaction for covered services rendered by individual practitioners within the group.

Providers may not have more than one group practice enrolled in Wisconsin Medicaid with the same ZIP+4 code address, NPI (National Provider Identifier), and taxonomy code combination. Provider group practices located at the same ZIP+4 code address are required to differentiate their enrollment using an NPI or taxonomy code that uniquely identifies each group practice.

Individual practitioners within group practices are required to be Medicaid-enrolled because these groups are required to identify the provider who rendered the service on claims. Claims indicating these group billing providers that are submitted without a rendering provider are denied.

Topic #2840

### **Dental Hygienists**

Dental hygienists may be separately enrolled in Wisconsin Medicaid, according to  $\underline{DHS\ 105.01(5m)}$  and  $\underline{105.06(2)}$ , Wis. Admin. Code.

*Note:* Medicaid enrollment for dental hygienists is optional. Dental hygienists who operate under a Medicaid-enrolled dentist's written or oral prescription may continue to provide services under that dentist's Medicaid billing provider number, as they currently do, without becoming individually enrolled.

#### **Enrollment Requirements**

Dental hygienists must be licensed by the Wisconsin DSPS (Department of Safety and Professional Services) and operate within their scope of practice as defined by DSPS regulations. To be separately enrolled in Wisconsin Medicaid, dental hygienists are required to meet *all* of the following requirements:

- Be licensed to practice dental hygiene pursuant to <u>s. 447.04(2)</u>, Wis. Stats.
- Operate within the scope of dental hygiene as defined under s. 447.01(3) and s. 447.06, Wis. Stats.

Individual providers within dental services groups are required to be Medicaid-enrolled (except for dental hygienists) because they are required to identify the performing provider number of the individual provider who performed the service on claims.

Dental hygienists who would like to obtain Medicaid enrollment may complete an enrollment application.

Within the enrollment application, providers should select the "Dental Provider" provider type and the "Dental Hygienist" provider specialty.

#### **Practice Settings**

For a dental hygienist employed or contracted by a public health entity, the presence, authorization, or prescription of a dentist is *not* required to provide dental hygiene or perform remediable procedures (i.e., prophylaxis, topical application of fluoride, and sealants). Public health entities are described in s. 447.06(2)(a)2, 447.06(2)(a)3, or 447.06(2)(a)5, Wis. Stats. as:

- A school board of a public school or a governing body of a private school.
- A school for the education of dentists or dental hygienists.
- A local health department, as defined in s. 250.01(4), Wis. Stats.

Sections 447.06(2)(b) and 447.06(2)(c), Wis. Stats. specify requirements for when a dentist's presence, authorization, or prescription is required for a hygienist employed or contracted with any other entity. Other entities include the following:

- · Dental offices.
- Facilities (e.g., a hospital or hospice).
- Charitable institutions.
- Non-profit home health care agencies.
- Non-profit dental care programs serving primarily indigent, economically disadvantaged, or migrant worker populations.

Providers are reminded that dental hygienists operating in any setting who meet the enrollment criteria are eligible for Medicaid enrollment.

#### Medicaid Requirements for Dental Hygienists Employed or Contracted by a Public Health Entity

Medicaid-enrolled dental hygienists employed or contracted by one of the previously listed public health entities are required to maintain additional documentation when providing sealants to receive Medicaid reimbursement.

#### **Documentation Requirements**

In addition to following <u>documentation requirements</u> for all Medicaid-enrolled providers, dental hygienists *and* the public health entities for which they work are required to maintain written documentation of all the following:

- The relationship between the dental hygienist and the public health entity.
- Any referral of a member who has a condition that cannot be treated within the dental hygienist's scope of practice to any entity
  that is under the supervision of a licensed dentist (e.g., private dental practice or a FQHC (federally qualified health center) that
  provides dental services).
- Any consultations made with a licensed dentist.
- Notifications made to the contract agency, as stated previously.

Topic #2839

#### **Dentists**

To be eligible for enrollment in Wisconsin Medicaid, dentists practicing in the state of Wisconsin are required to maintain an active license with the state Dental Examining Board according to section <u>447.05</u>, Wis. Stats. Dentists practicing outside the state of Wisconsin who provide services to BadgerCare Plus members must be licensed by the Dental Examining Board in their own state.

During the enrollment process, Wisconsin Medicaid asks dental providers to identify one of the following practice specialties:

- Endodontics.
- General practice.
- Oral pathology.
- · Oral surgery.
- · Orthodontics.
- Pediatric dentistry.
- Periodontics.
- · Prosthodontics.

### **Oral Surgery Billing**

Dental providers who choose the oral surgery or oral pathology specialty use the American Medical Association's CPT (Current Procedural Terminology) procedure codes for billing most oral surgeries. Dental providers with all other specialties use the ADA (American Dental Association) CDT (Current Dental Terminology) procedure codes for billing most oral surgeries. Dentists who want different oral surgery billing than assigned to their specialty must complete a form requesting a change.

#### M.D./D.D.S.

When a provider is licensed as both a D.D.S. and M.D., Wisconsin Medicaid encourages the provider to be enrolled as a dentist with an oral surgery specialty.

Topic #14137

# **Enrollment Requirements Due to the Affordable Care Act**

In 2010, the federal government signed into law the ACA (Affordable Care Act), also known as federal health care reform, which affects several aspects of Wisconsin health care. ForwardHealth has been working toward ACA compliance by implementing some <u>new requirements for providers and provider screening processes</u>. To meet federally mandated requirements, ForwardHealth is implementing changes in phases, the first of which began in 2012. A high-level list of the changes included under ACA is as follows:

- Providers are assigned a risk level of limited, moderate, or high. Most of the risk levels have been established by CMS (Centers for Medicare and Medicaid Services) based on an assessment of potential fraud, waste, and abuse for each provider type.
- Providers are screened according to their assigned risk level. Screenings are conducted during enrollment, reenrollment, and revalidation.
- Certain provider types are subject to an <u>application fee</u>. This fee has been federally mandated and may be adjusted annually. The
  fee is used to offset the cost of conducting screening activities.
- Providers are required to undergo revalidation every three years.
- All physicians and other professionals who prescribe, refer, or order services are required to be enrolled as a participating Medicaid provider.
- Payment suspensions are imposed on providers based on a credible allegation of fraud.
- Providers are required to submit personal information about all persons with an <u>ownership or controlling interest</u>, <u>agents</u>, <u>and</u> managing employees at the time of enrollment, re-enrollment, and revalidation.

Topic #193

#### **Materials for New Providers**

On an ongoing basis, providers should refer to the Online Handbook for the most current BadgerCare Plus, Medicaid, and ADAP (Wisconsin AIDS Drug Assistance Program) information. Future changes to policies and procedures are published in *ForwardHealth Updates*. *Updates* are available for viewing and downloading on the ForwardHealth Publications page.

Topic #4457

#### **Provider Addresses**

ForwardHealth has the capability to store the following types of addresses and contact information:

- Practice location address and related information. This address is where the provider's office is physically located and where records are normally kept. Additional information for the practice location includes the provider's office telephone number and the telephone number for members' use. With limited exceptions, the practice location and telephone number for members' use are published in a provider directory made available to the public.
- *Mailing address*. This address is where ForwardHealth will mail general information and correspondence. Providers should indicate accurate address information to aid in proper mail delivery.
- PA (prior authorization) address. This address is where ForwardHealth will mail PA information.
- Financial addresses. Two separate financial addresses are stored for ForwardHealth. The checks address is where ForwardHealth will mail paper checks. The 1099 mailing address is where ForwardHealth will mail IRS Form 1099.

Providers may submit additional address information or modify their current information using the demographic maintenance tool.

*Note:* Providers are cautioned that any changes to their practice location on file with Wisconsin Medicaid may alter their ZIP+4 code information required on transactions. Providers may verify the ZIP+4 code for their address on the <u>U.S. Postal Service website</u>.

# **Provider Enrollment Information Home Page**

ForwardHealth has consolidated all information providers will need for the enrollment process in one location on the ForwardHealth Portal. For information related to enrollment criteria and to complete online provider enrollment applications, providers should refer to the Provider Enrollment Information home page.

The Provider Enrollment Information home page includes enrollment applications for each provider type and specialty eligible for enrollment with Wisconsin Medicaid. Prior to enrolling, providers may consult a provider enrollment criteria menu, which is a reference for each individual provider type detailing the information the provider may need to gather before beginning the enrollment process,

#### including:

- Links to enrollment criteria for each provider type.
- Provider terms of reimbursement.
- Disclosure information.
- Category of enrollment.
- Additional documents needed (when applicable).

Providers will also have access to a list of links related to the enrollment process, including:

- General enrollment information.
- Regulations and forms.
- Provider type-specific enrollment information.
- In-state and out-of-state emergency enrollment information.
- Contact information.

Information regarding enrollment policy and billing instructions may still be found in the Online Handbook.

Topic #1931

### **Provider Type and Specialty Changes**

#### **Provider Type**

Providers who want to add a provider type or change their current provider type are required to complete a new <u>enrollment application</u> for each provider type they want to add or change to because they need to meet the enrollment criteria for each provider type.

#### **Provider Specialty**

Providers who have the option to add or change a provider specialty can do so using the <u>demographic maintenance tool</u>. After adding or changing a specialty, providers may be required to submit documentation to ForwardHealth, either by uploading through the demographic maintenance tool or by mail, supporting the addition or change.

Providers should contact <u>Provider Services</u> with any questions about adding or changing a specialty.

Topic #14317

# **Terminology to Know for Provider Enrollment**

Due to the ACA (Affordable Care Act), ForwardHealth has adopted new terminology. The following table includes new terminology that will be useful to providers during the provider enrollment and revalidation processes. Providers may refer to the Medicaid rule 42 CFR s. 455.101 for more information.

New Terminology	Definition
Agent	Any person who has been delegated the authority to obligate or act on behalf of a provider.
Disclosing entity	A Medicaid provider (other than an individual practitioner or group of practitioners) or a fiscal agent.
Federal health care programs	Federal health care programs include Medicare, Medicaid, Title XX, and Title XXI.
Other disclosing agent	Any other Medicaid disclosing entity and any entity that does not participate in Medicaid but is required to disclose certain ownership and control information because of participation in any of the programs established under Title V, XVII, or XX of the Act. This includes:

	<ul> <li>Any hospital, skilled nursing facility, home health agency, independent clinical laboratory, renal disease facility, rural health clinic, or HMO that participates in Medicare (Title XVIII)</li> <li>Any Medicare intermediary or carrier</li> <li>Any entity (other than an individual practitioner or group of practitioners) that furnishes, or arranges for the furnishing of, health-related services for which it claims payment under any plan or program established under Title V or XX of the Act</li> </ul>	
Indirect ownership	An ownership interest in an entity that has an ownership interest in the disclosing entity. This term includes an ownership interest in any entity that has an indirect ownership in the disclosing entity.	
Managing employee	A general manager, business manager, administrator, director, or other individual who exercises operational or managerial control over, or who directly or indirectly conducts the day-to-day operation of an institution, organization, or agency.	
Ownership interest	The possession of equity in the capital, the stock, or the profits of the disclosing entity.	
Person with an ownership or control interest	<ul> <li>A person or corporation for which one or more of the following applies:</li> <li>Has an ownership interest totaling five percent or more in a disclosing entity</li> <li>Has an indirect ownership interest equal to five percent or more in a disclosing entity</li> <li>Has a combination of direct and indirect ownership interest equal to five percent or more in a disclosing entity</li> <li>Owns an interest of five percent or more in any mortgage, deed of trust, note, or other obligation secured by the disclosing entity if that interest equals at least five percent of the value of the property or asset of the disclosing entity</li> <li>Is an officer or director of a disclosing entity that is organized as a corporation</li> <li>Is a person in a disclosing entity that is organized as a partnership</li> </ul>	
Subcontractor	<ul> <li>An individual, agency, or organization to which a disclosing entity has contracted or delegated some of its management functions or responsibilities of providing medical care to its patients; or,</li> <li>An individual, agency, or organization with which a fiscal agent has entered into a contract, agreement, purchase order, or lease (or leases of real property) to obtain space, supplies, equipment, or services provided under the Medicaid agreement.</li> </ul>	
Re-enrollment	Re-enrollment of a provider whose Medicaid enrollment has ended for any reason other than sanctions or failure to revalidate may be re-enrolled as long as all licensure and enrollment requirements are met. Providers should note that when they re-enroll, application fees and screening activities may apply. Re-enrollment was formerly known as re-instate.	
Revalidation	All enrolled providers are required to revalidate their enrollment information every three years to continue their participation with Wisconsin Medicaid. Revalidation was formerly known as recertification.	

*Note:* Providers should note that the CMS (Centers for Medicare and Medicaid Services) requires revalidation at least every five years. However, Wisconsin Medicaid will continue to revalidate providers every three years.

#### **Provider Numbers**

Topic #3421

### **Provider Identification**

#### **Health Care Providers**

Health care providers are required to indicate an NPI (National Provider Identifier) on enrollment applications and electronic and paper transactions submitted to ForwardHealth.

The NPI is a 10-digit number obtained through the NPPES (National Plan and Provider Enumeration System).

Providers should ensure that they have obtained an appropriate NPI prior to beginning their enrollment application. There are two kinds of NPIs:

- Entity Type 1 NPIs are for individuals who provide health care, such as physicians, dentists, and chiropractors.
- Entity Type 2 NPIs are for organizations that provide health care, such as hospitals, group practices, pharmacies, and home health agencies.

It is possible for a provider to qualify for both Entity Type 1 and Entity Type 2 NPIs. For example, an individual physical therapist may also be the owner of a therapy group that is a corporation and have two Wisconsin Medicaid enrollments — one enrollment as an individual physical therapist and the other enrollment as the physical therapy group. A Type 1 NPI for the individual enrollment and a Type 2 NPI for the group enrollment are required.

NPIs and classifications may be viewed on the <u>NPPES Web site</u>. The <u>CMS (Centers for Medicare and Medicaid Services) Web site</u> includes more information on Type 1 and Type 2 NPIs.

Health care providers who are federally required to have an NPI are responsible for obtaining the appropriate certification for their NPI.

#### Non-healthcare Providers

Non-healthcare providers, such as SMV (specialized medical vehicle) providers, personal care agencies, and blood banks, are exempt from federal NPI requirements. Providers exempt from federal NPI requirements are assigned a Medicaid provider number once their enrollment application is accepted; they are required to indicate this Medicaid provider number on electronic and paper transactions submitted to ForwardHealth.

Topic #5096

### **Taxonomy Codes**

Taxonomy codes are standard code sets used to provide information about provider type and specialty for the provider's enrollment. ForwardHealth uses taxonomy codes as additional data for correctly matching the NPI (National Provider Identifier) to the provider file.

Providers are required to use a taxonomy code when the NPI reported to ForwardHealth corresponds to multiple enrollments and the provider's practice location ZIP+4 code does not uniquely identify the provider.

Providers are allowed to report multiple taxonomy codes to ForwardHealth as long as the codes accurately describe the provider type and specialty for the provider's enrollment. When doing business with ForwardHealth, providers may use any one of the reported codes. Providers who report multiple taxonomy codes will be required to designate one of the codes as the primary taxonomy code;

ForwardHealth will use this primary code for identification purposes.

Providers who wish to change their taxonomy code or add additional taxonomy codes may do so using the <u>demographic maintenance</u> <u>tool</u>. Most taxonomy code changes entered through the demographic maintenance tool will take effect in real time; providers may use the new codes immediately on transactions.

Omission of a taxonomy code when it is required as additional data to identify the provider will cause claims and other transactions to be denied or delayed in processing.

Note: Taxonomy codes do not change provider enrollment or affect reimbursement terms.

Topic #5097

### **ZIP Code**

The ZIP code of a provider's practice location address on file with ForwardHealth must be a ZIP+4 code. The ZIP+4 code helps to identify a provider when the NPI (National Provider Identifier) reported to ForwardHealth corresponds to multiple enrollments and the reported taxonomy code does not uniquely identify the provider.

When a ZIP+4 code is required to identify a provider, omission of it will cause claims and other transactions to be denied or delayed in processing.

Providers may verify the ZIP+4 code for their address on the U.S. Postal Service Web site.

### **Provider Rights**

Topic #208

# **A Comprehensive Overview of Provider Rights**

Medicaid-enrolled providers have certain rights including, but not limited to, the following:

- Limiting the number of members they serve in a nondiscriminatory way.
- Ending participation in Wisconsin Medicaid.
- Applying for a discretionary waiver or variance of certain rules identified in Wisconsin Administrative Code.
- Collecting payment from a member under limited circumstances.
- Refusing services to a member if the member refuses or fails to present a ForwardHealth identification card. However, possession
  of a ForwardHealth card does not guarantee enrollment (e.g., the member may not be enrolled, may be enrolled only for limited
  benefits, or the ForwardHealth card may be invalid). Providers may confirm the current enrollment of the member by using one of
  the EVS (Enrollment Verification System) methods, including calling Provider Services.

Topic #207

# **Ending Participation**

Providers other than home health agencies and nursing facilities may terminate participation in ForwardHealth according to <u>DHS 106.05</u>, Wis. Admin. Code.

Providers choosing to withdraw should promptly notify their members to give them ample time to find another provider.

When withdrawing, the provider is required to do the following:

- Provide a written notice of the decision at least 30 days in advance of the termination.
- Indicate the effective date of termination.

Providers will not receive reimbursement for nonemergency services provided on and after the effective date of termination. Voluntary termination notices can be sent to the following address:

Wisconsin Medicaid Provider Enrollment 313 Blettner Blvd Madison WI 53784

If the provider fails to specify an effective date in the notice of termination, ForwardHealth may terminate the provider on the date the notice is received.

Topic #209

### **Hearing Requests**

A provider who wishes to contest a DHS (Department of Health Services) action or inaction for which due process is required under <u>s.</u> 227, Wis. Stats., may request a hearing by writing to the DHA (Division of Hearings and Appeals).

A provider who wishes to contest the DHCAA's (Division of Health Care Access and Accountability) notice of intent to recover

payment (e.g., to recoup for overpayments discovered in an audit by DHCAA) is required to request a hearing on the matter within the time period specified in the notice. The request, which must be in writing, should briefly summarize the provider's basis for contesting the DHS decision to withhold payment.

Refer to DHS 106, Wis. Admin. Code, for detailed instructions on how to file an appeal.

If a timely request for a hearing is not received, the DHS may recover those amounts specified in its original notice from future amounts owed to the provider.

*Note:* Providers are not entitled to administrative hearings for billing disputes.

Topic #210

# **Limiting the Number of Members**

If providers choose to limit the number of members they see, they cannot accept a member as a private-pay patient. Providers should instead refer the member to another ForwardHealth provider.

Persons applying for or receiving benefits are protected against discrimination based on race, color, national origin, sex, religion, age, disability, or association with a person with a disability.

Topic #206

# **Requesting Discretionary Waivers and Variances**

In rare instances, a provider or member may apply for, and the DHCAA (Division of Health Care Access and Accountability) will consider applications for, a discretionary waiver or variance of certain rules in <u>DHS 102</u>, <u>103</u>, <u>104</u>, <u>105</u>, <u>107</u>, and <u>108</u>, Wis. Admin. Code. Rules that are not considered for a discretionary waiver or variance are included in DHS 106.13, Wis. Admin. Code.

Waivers and variances are not available to permit coverage of services that are either expressly identified as noncovered or are not expressly mentioned in DHS 107, Wis. Admin. Code.

#### Requirements

A request for a waiver or variance may be made at any time; however, all applications must be made in writing to the DHCAA. All applications are required to specify the following:

- The rule from which the waiver or variance is requested.
- The time period for which the waiver or variance is requested.
- If the request is for a variance, the specific alternative action proposed by the provider.
- The reasons for the request.
- Justification that all requirements for a discretionary waiver or variance would be satisfied.

The DHCAA may also require additional information from the provider or the member prior to acting on the request.

### **Application**

The DHCAA may grant a discretionary waiver or variance if it finds that all of the following requirements are met:

- The waiver or variance will not adversely affect the health, safety, or welfare of any member.
- Either the strict enforcement of a requirement would result in unreasonable hardship on the provider or on a member, or an alternative to a rule is in the interests of better care or management. An alternative to a rule would include a new concept, method, procedure or technique, new equipment, new personnel qualifications, or the implementation of a pilot project.

- The waiver or variance is consistent with all applicable state and federal statutes and federal regulations.
- Federal financial participation is available for all services under the waiver or variance, consistent with the Medicaid state plan, the federal CMS (Centers for Medicare and Medicaid Services), and other applicable federal program requirements.
- Services relating to the waiver or variance are medically necessary.

To apply for a discretionary waiver or variance, providers are required to send their application to the following address:

Division of Health Care Access and Accountability Waivers and Variances PO Box 309 Madison WI 53701-0309

#### **Sanctions**

Topic #211

### **Intermediate Sanctions**

According to DHS 106.08(3), Wis. Admin. Code, the DHS (Department of Health Services) may impose intermediate sanctions on providers who violate certain requirements. Common examples of sanctions that the DHS may apply include the following:

- Review of the provider's claims before payment.
- Referral to the appropriate peer review organization, licensing authority, or accreditation organization.
- Restricting the provider's participation in BadgerCare Plus.
- Requiring the provider to correct deficiencies identified in a DHS audit.

Prior to imposing any alternative sanction under this section, the DHS will issue a written notice to the provider in accordance with <u>DHS</u> 106.12, Wis. Admin. Code.

Any sanction imposed by the DHS may be appealed by the provider under DHS 106.12, Wis. Admin. Code. Providers may appeal a sanction by writing to the DHA (Division of Hearings and Appeals).

Topic #212

# **Involuntary Termination**

The DHS (Department of Health Services) may suspend or terminate the Medicaid enrollment of any provider according to <u>DHS</u> 106.06, Wis. Admin. Code.

The suspension or termination may occur if both of the following apply:

- The DHS finds that any of the grounds for provider termination are applicable.
- The suspension or termination will not deny members access to services.

Reasonable notice and an opportunity for a hearing within 15 days will be given to each provider whose enrollment is terminated by the DHS. Refer to DHS 106.07, Wis. Admin. Code, for detailed information regarding possible sanctions.

In cases where Medicare enrollment is required as a condition of enrollment with Wisconsin Medicaid, termination from Medicare results in automatic termination from Wisconsin Medicaid.

Topic #213

# **Sanctions for Collecting Payment from Members**

Under state and federal laws, if a provider inappropriately collects payment from an enrolled member, or authorized person acting on behalf of the member, that provider may be subject to program sanctions including termination of Medicaid enrollment. In addition, the provider may also be fined not more than \$25,000, or imprisoned not more than five years, or both, pursuant to 42 USC s. 1320a-7b (d) or s. 49.49(3m), Wis. Stats.

There may be narrow exceptions on when providers may collect payment from members.

Topic #214

# Withholding Payments

The DHS (Department of Health Services) may withhold full or partial Medicaid provider payments without prior notification if, as the result of any review or audit, the DHS finds reliable evidence of fraud or willful misrepresentation.

"Reliable evidence" of fraud or willful misrepresentation includes, but is not limited to, the filing of criminal charges by a prosecuting attorney against the provider or one of the provider's agents or employees.

The DHS is required to send the provider a written notice within five days of taking this action. The notice will generally set forth the allegations without necessarily disclosing specific information about the investigation.

# Reimbursement

9

Archive Date: 02/01/2018

#### **Reimbursement: Amounts**

Topic #258

# **Acceptance of Payment**

The amounts allowed as payment for covered services must be accepted as payment in full. Therefore, total payment for the service (i.e., any amount paid by other health insurance sources, any BadgerCare Plus or Medicaid copayment or spenddown amounts paid by the member, and any amount paid by BadgerCare Plus, Medicaid, or ADAP (Wisconsin AIDS Drug Assistance Program)) may not exceed the allowed amount. As a result, providers may not collect payment from a member, or authorized person acting on behalf of the member, for the difference between their usual and customary charge and the allowed amount for a service (i.e., balance billing).

Other health insurance payments may exceed the allowed amount if no additional payment is received from the member or BadgerCare Plus, Medicaid, or ADAP.

Topic #694

# **Billing Service and Clearinghouse Contracts**

According to DHS 106.03(5)(c)2, Wis. Admin. Code, contracts with outside billing services or clearinghouses may not be based on commission in which compensation for the service is dependent on reimbursement from BadgerCare Plus. This means compensation must be unrelated, directly or indirectly, to the amount of reimbursement or the number of claims and is not dependent upon the actual collection of payment.

Topic #8117

### **Electronic Funds Transfer**

EFT (electronic funds transfer) allows ForwardHealth to directly deposit payments into a provider's designated bank account for a more efficient delivery of payments than the current process of mailing paper checks. EFT is secure, eliminates paper, and reduces the uncertainty of possible delays in mail delivery.

Only in-state and border-status providers who submit claims and MCOs (managed care organizations) are eligible to receive EFT payments.

#### **Provider Exceptions**

EFT payments are not available to the following providers:

- In-state emergency providers.
- Out-of-state providers.
- Out-of-country providers.
- SMV (specialized medical vehicle) providers during their provisional enrollment period.

#### **Enrolling in Electronic Funds Transfer**

A ForwardHealth Portal account is required to enroll into EFT as all enrollments must be completed via a secure Provider Portal account or a secure MCO Portal account. Paper enrollments are not accepted. A separate EFT enrollment is required for each financial payer a provider bills.

Providers who do not have a Portal account may <u>Request Portal Access</u> online. Providers may also call the <u>Portal Helpdesk</u> for assistance in requesting a Portal account.

The following guidelines apply to EFT enrollment:

- Only a Portal Administrator or a clerk that has been assigned the "EFT" role on the Portal may complete the EFT enrollment information.
- Organizations cannot revert back to receiving paper checks once enrolled in EFT.
- Organizations may change their EFT information at any time.
- Organizations will continue to receive their Remittance Advice as they do currently.

Refer to the Electronic Funds Transfer User Guide on the <u>Portal User Guides page</u> of the Portal for instructions and more information about EFT enrollment.

Providers will continue to receive payment via paper check until the enrollment process moves into "Active" status and the provider's ForwardHealth EFT enrollment is considered complete.

#### **Recoupment and Reversals**

Enrollment in EFT does not change the current process of recouping funds. Overpayments and recoupment of funds will continue to be conducted through the reduction of payments.

*Note:* Enrolling in EFT does not authorize ForwardHealth to make unauthorized debits to the provider's EFT account; however, in some instances an EFT reversal of payment may be necessary. For example, if the system generates a payment twice or the amount entered manually consists of an incorrect value (e.g., a decimal point is omitted creating a \$50,000 keyed value for a \$500 claim), a reversal will take place to correct the error and resend the correct transaction value. ForwardHealth will notify the designated EFT contact person of an EFT reversal if a payment is made in error due to a system processing or manual data entry error.

#### **Problem Resolution**

If payment is not deposited into the designated EFT account according to the ForwardHealth payment cycle, providers should first check with their financial institution to confirm the payment was received. If the payment was not received, providers should then call Provider Services to resolve the issue and payment by paper check will be reinstated until the matter has been resolved.

Topic #897

### **Fee Schedules**

Maximum allowable fee information is available on the ForwardHealth Portal in the following forms:

- Interactive fee schedule
- Downloadable fee schedule in TXT (text) files

Certain fee schedules are interactive. Interactive fee schedules provide coverage information as well as maximum allowable fees for all reimbursable procedure codes. The downloadable TXT files are free of charge and provide basic maximum allowable fee information for BadgerCare Plus by provider service area.

A provider may request a paper copy of a fee schedule by calling Provider Services.

Providers may call Provider Services in the following cases:

- Internet access is not available.
- There is uncertainty as to which fee schedule should be used.

- The appropriate fee schedule cannot be found on the Portal.
- To determine coverage or maximum allowable fee of procedure codes not appearing on a fee schedule.

Topic #19777

#### **Targeted Reimbursement Rate Increase**

In accordance with a provision of the 2015-17 biennial state budget (2015 Wisconsin Act 55), ForwardHealth implemented a <u>targeted reimbursement rate increase for pediatric dental care and certain adult dental services</u> rendered in Brown, Marathon, Polk, and Racine counties.

ForwardHealth reimburses the lesser of the provider's billed amount or the increased reimbursement rate. The maximum daily reimbursement rate policy applies only for services eligible for the rate increase.

ForwardHealth has established a <u>Targeted Reimbursement Rate Maximum Allowable Fee Schedule</u> for all impacted ForwardHealth-allowable CDT (Current Dental Terminology) procedure codes. These rates are not part of ForwardHealth's interactive fee schedule.

Topic #260

### **Maximum Allowable Fees**

Maximum allowable fees are established for most covered services. Maximum allowable fees are based on various factors, including a review of usual and customary charges submitted, the Wisconsin State Legislature's Medicaid budgetary constraints, and other relevant economic limitations. Maximum allowable fees may be adjusted to reflect reimbursement limits or limits on the availability of federal funding as specified in federal law.

Providers are reimbursed at the lesser of their billed amount and the maximum allowable fee for the procedure.

Topic #649

### **Maximum Daily Reimbursement**

ForwardHealth reimbursement for services performed on the same DOS (date of service) for the same member by the same rendering provider is limited to \$2,331.37 for services rendered by the following providers:

- · Anesthesiologists.
- Anesthesiologist Assistants.
- Certified Registered Nurse Anesthetists.
- Dentists.
- · Licensed midwives.
- Nurse Midwives.
- Nurse Practitioners.
- Oral Surgeons.
- Physician Assistants.
- Physicians.
- Podiatrists.

The maximum daily reimbursement amount does not apply to physician-administered drugs and DME (durable medical equipment).

ForwardHealth remittance information will indicate when the maximum daily reimbursement amount has been met.

#### Requests to Exceed Maximum Daily Reimbursement Limit

Providers may request additional reimbursement to exceed the maximum daily reimbursement limit when both of the following criteria are met:

- 1. A surgery exceeds 6 hours or anesthesia exceeds 7.5 hours.
- 2. The Medicaid-allowed amount for the services meets or exceeds the maximum daily reimbursement limit.

#### **Submitting Supporting Documentation**

To request reimbursement in excess of the maximum daily reimbursement limit, providers are required to submit the following information on the claim:

- In the Notes field, indicate "request for additional reimbursement for surgery in excess of 6 hours," or "request for additional reimbursement for anesthesia services in excess of 7.5 hours."
- Attach supporting documentation to the claim that clearly indicates the length of the surgery or the length of the anesthesia services, such as a post-operative report.

Providers are reminded of the following options for providing supporting documentation along with a claim:

- On paper with supporting documentation submitted on paper.
- Electronically using DDE (Direct Data Entry) through the Portal, PES (Provider Electronic Solutions) transactions, or 837 Health Care Claim electronic transactions. For more information, refer to the <a href="Portal User Guides">Portal User Guides</a>, the <a href="PES User Manual">PES User Manual</a>, or the ForwardHealth Companion Guides.
- Electronically with an indication that supporting documentation will be submitted separately on paper. For more information, refer to the ForwardHealth Companion Guides.

Topic #2885

#### **Maximum Daily Reimbursement for Dentists**

ForwardHealth's maximum daily reimbursement limit applies to the following dental services provided to a single member on a single day:

- · All radiographs.
- Selected oral surgery emergency services.
- All dental services.

### **Collecting Payment From Members**

Topic #227

#### **Conditions That Must Be Met**

A member may request a noncovered service, a covered service for which PA (prior authorization) was denied (or modified), or a service that is not covered under the member's limited benefit category. The charge for the service may be collected from the member if the following conditions are met *prior* to the delivery of that service:

- The member accepts responsibility for payment.
- The provider and member make payment arrangements for the service.

Providers are strongly encouraged to obtain a *written* statement in advance documenting that the member has accepted responsibility for the payment of the service.

Furthermore, the service must be separate or distinct from a related, covered service. For example, a vision provider may provide a member with eyeglasses but then, upon the member's request, provide and charge the member for anti-glare coating, which is a noncovered service. Charging the member is permissible in this situation because the anti-glare coating is a separate service and can be added to the lenses at a later time.

Topic #538

# **Cost Sharing**

According to federal regulations, providers cannot hold a member responsible for any commercial or Medicare cost-sharing amount such as coinsurance, copayment, or deductible. Therefore, a provider may not collect payment from a member, or authorized person acting on behalf of the member, for copayments required by other health insurance sources. Instead, the provider should collect from the member *only* the Medicaid or BadgerCare Plus copayment amount indicated on the member's remittance information.

Topic #224

# **Situations When Member Payment Is Allowed**

Providers may not collect payment from a member, or authorized person acting on behalf of the member, except for the following:

- Required member copayments for certain services.
- Commercial insurance payments made to the member.
- Spenddown.
- Charges for a <u>private room</u> in a nursing home or hospital.
- Noncovered services if certain conditions are met.
- Covered services for which PA (prior authorization) was denied (or an originally requested service for which a PA request was modified) if certain conditions are met. These services are treated as noncovered services.
- Services provided to a member in a limited benefit category when the services are not covered under the limited benefit and if certain conditions are met.

If a provider inappropriately collects payment from a member, or authorized person acting on behalf of the member, that provider may be subject to program sanctions including termination of Medicaid enrollment.

### Copayment

Topic #2827

#### **Amounts**

#### **BadgerCare Plus and Medicaid**

Copayment amounts for dental services are determined per procedure code and correspond to the maximum allowable fee for the procedure code. Providers should use the following chart and their <u>maximum allowable fee schedule</u> to determine copayment amounts.

Medicaid Reimbursement (per procedure code)	Copayment
Up to \$10.00	\$0.50
From \$10.01 to \$25.00	\$1.00
From \$25.01 to \$50.00	\$2.00
Over \$50.00	\$3.00

The copayment for most CPT (Current Procedural Terminology) oral surgery services is \$3.00.

Topic #231

# **Exemptions**

### Medicaid and BadgerCare Plus Copayment Exemptions

According to DHS 104.01(12)(a), Wis. Admin. Code, and 42 CFR (Code of Federal Regulations) s. 447.56, providers are prohibited from collecting any copayments from the following Medicaid and BadgerCare Plus members:

- Children in a mandatory coverage category. In Wisconsin, this includes the following:
  - o Children in foster care, regardless of age.
  - o Children in adoption assistance, regardless of age.
  - o Children younger than age 1 year with household income up to 150 percent of the FPL (Federal Poverty Level).
  - o Children ages 1 through 5 years with household income up to 185 percent of the FPL.
  - Children ages 6 through 18 years with household incomes at or below 133 percent of the FPL.
- Children in the Katie Beckett program, regardless of age.
- Children who are American Indian or Alaskan Natives who are enrolled in the state's CHIP (Children's Health Insurance Program). (*Note*: Wisconsin's Enrollment Verification System [EVS] will identify these children as exempt from copayment.)
- American Indians or Alaskan Natives, regardless of age or income level, who are receiving or have ever received items and services either directly from an Indian health care provider or through referral under contract health services. (*Note*: Until further notice, Wisconsin Medicaid and BadgerCare Plus will apply this exemption policy for *all* services regardless of whether a tribal health care provider or a contracted entity provides the service. Providers may not collect copayment from any individual identified in the EVS as an American Indian or Alaskan Native.)
- Terminally ill individuals receiving hospice care.
- Nursing home residents.
- Members enrolled in Wisconsin Well Woman Medicaid.
- Individuals eligible through EE (Express Enrollment).
- Children younger than age 18 who are in SSI (Supplemental Security Income) or an SSI-related eligibility group.

The following services do not require copayments from any member enrolled in Wisconsin Medicaid or BadgerCare Plus:

- · Behavioral treatment.
- Care coordination services (prenatal and child care coordination).
- CRS (community recovery services).
- Crisis intervention services.
- CSP (Community Support Program) services.
- Comprehensive community services.
- Emergency services.
- Family planning services and supplies, including sterilizations.
- HealthCheck services.
- Home care services (home health, personal care, and PDN (private duty nursing) services).
- Hospice care services.
- Immunizations, including approved vaccines recommended to adults by the <u>ACIP</u> (Advisory Committee on Immunization Practices).
- Independent laboratory services.
- Injections.
- Pregnancy-related services.
- Preventive services with an A or B rating \* from the <u>USPSTF</u> (U.S. Preventive Services Task Force) \*\*.
- SBS (school-based services).
- Substance abuse day treatment services.
- Surgical assistance.
- Targeted case management services.

*Note*: Providers may not impose cost sharing for health-care acquired conditions or other provider-preventable services as defined in federal law under 42 CFR s. 447.26(b).

When the primary purpose of the service is the delivery of an evidence based service in accordance with a US Preventive Services Task Force A or B rating in effect and other preventive services identified in preventive services mandates (legislative or regulatory), the service may be identified by adding 33 to the procedure. For separately reported services specifically identified as preventive, the modifier should not be used.

Since many of the USPSTF recommendations are provided as part of a regular preventive medicine visit, ForwardHealth will not deduct a copayment for these services (CPT procedure codes 99381-99387 and 99391-99397).

Topic #233

### Limitations

Providers should verify that they are collecting the correct copayment for services as some services have monthly or annual copayment limits. Providers may not collect member copayments in amounts that exceed copayment limits.

Topic #237

### **Refund/Collection**

<sup>\*</sup> Providers are required to add CPT (Current Procedural Terminology) modifier 33 to identify USPSTF services that are not specifically identified as preventive in nature. The definition for modifier 33 reads as follows:

<sup>\*\*</sup> The USPSTF recommendations include screening tests, counseling, immunizations, and preventive medications for targeted populations. These services must be provided or recommended by a physician or other licensed practitioner of the healing arts within the scope of their practice.

If a provider collects a copayment before providing a service and BadgerCare Plus does not reimburse the provider for any part of the service, the provider is required to return or credit the entire copayment amount to the member.

If BadgerCare Plus deducts less copayment than the member paid, the provider is required to return or credit the remainder to the member. If BadgerCare Plus deducts more copayment than the member paid, the provider may collect the remaining amount from the member.

Topic #239

# Requirements

Federal law permits states to charge members a copayment for certain covered services. Providers are required to request copayments from members. Providers may not deny services to a Wisconsin Medicaid or BadgerCare Plus member who fails to make a copayment.

Section <u>49.45(18)</u>, Wis. Stats., requires providers to make a reasonable attempt to collect copayment from the member unless the provider determines that the cost of collecting the copayment exceeds the amount to be collected.

#### **Payer of Last Resort**

Topic #242

### **Instances When Medicaid Is Not Payer of Last Resort**

Wisconsin Medicaid or BadgerCare Plus are *not* the payer of last resort for members who receive coverage from certain governmental programs, such as:

- Birth to 3.
- Crime Victim Compensation Fund.
- GA (General Assistance).
- HCBS (Home and Community-Based Services) waiver programs.
- IDEA (Individuals with Disabilities Education Act).
- Indian Health Service.
- Maternal and Child Health Services.
- WCDP (Wisconsin Chronic Disease Program).
  - Adult Cystic Fibrosis.
  - o Chronic Renal Disease.
  - o Hemophilia Home Care.

Providers should ask members if they have coverage from these other governmental programs.

If the member becomes retroactively enrolled in Wisconsin Medicaid or BadgerCare Plus, providers who have already been reimbursed by one of these government programs may be required to submit the claims to ForwardHealth and refund the payment from the government program.

Topic #251

#### **Other Health Insurance Sources**

BadgerCare Plus reimburses only that portion of the allowed cost remaining after a member's other health insurance sources have been exhausted. Other health insurance sources include the following:

- Commercial fee-for-service plans.
- Commercial managed care plans.
- Medicare supplements (e.g., Medigap).
- · Medicare.
- Medicare Advantage.
- TriCare.
- CHAMPVA (Civilian Health and Medical Plan of the Veterans Administration).
- Other governmental benefits.

Topic #253

### **Payer of Last Resort**

Except for a few instances, Wisconsin Medicaid or BadgerCare Plus are the payer of last resort for any covered services. Therefore, the provider is required to make a reasonable effort to exhaust all existing other health insurance sources before submitting claims to ForwardHealth or to a state-contracted MCO (managed care organization).

Topic #255

# **Primary and Secondary Payers**

The terms "primary payer" and "secondary payer" indicate the relative order in which insurance sources are responsible for paying claims.

In general, commercial health insurance is primary to Medicare, and Medicare is primary to Wisconsin Medicaid and BadgerCare Plus. Therefore, Wisconsin Medicaid and BadgerCare Plus are secondary to Medicare, and Medicare is secondary to commercial health insurance.

#### **Reimbursement Not Available**

Topic #2826

#### **Reimbursement Not Available**

Wisconsin Medicaid may deny or recoup payment for covered services that fail to meet program requirements. Medicaid reimbursement is also not available for noncovered services.

#### **Noncovered Services for Dentists and Physicians**

Under <u>DHS 107.07(4)</u>, Wis. Admin. Code, unless the service is part of a dental assessment and evaluation for a member under 21 years of age or is found necessary as a result of such an assessment and evaluation, the following dental services are not covered under BadgerCare Plus whether or not the service is performed by a dentist; physician; or a person under the supervision of a dentist or physician:

- 1. General services for purely aesthetic or cosmetic purposes.
- General services performed by means of a telephone call between a provider and a member, including those in which the provider provides advice or instructions to or on behalf of the recipient, or between dentists, physicians, or a dentist and physician on behalf of the recipient.
- 3. Equivalent services or separate components of a service performed on the same day.
- 4. Tests and laboratory examinations, other than for diagnostic casts when required by the department.
- 5. Oral hygiene instruction or training in preventive dental care as a separate procedure, including tooth brushing technique, flossing or use of special oral hygiene aids, tobacco cessation counseling, or nutritional counseling.
- 6. The following restorative services:
  - 1. Labial veneer.
  - 2. Temporary crowns.
  - 3. Cement bases as a separate item.
  - 4. Endodontic filling materials that are not approved for use by the American Dental Association.
- 7. Pulp cappings.
- 8. The following removable prosthodontic services:
  - 1. Overlay dentures.
  - 2. Overlay partial dentures.
  - 3. Duplicate dentures and adjustments.
- 9. The following implant services:
  - 1. Tooth implants.
  - 2. Transplantations.
  - 3. Surgical repositioning except reimplantation under sub. (3).
  - 4. Transseptal fiberotomies.
- 10. Orthodontic services, except as specified under sub. (2) (a) 5.
- 11. The following adjunctive general services:
  - 1. Professional consultation.
  - 2. Non-surgical treatment of temporomandibular joint disorder.
  - 3. Behavior management.
  - 4. Athletic mouthguards.
  - 5. Local anesthesia as a separate procedure.
  - 6. Occlusal guard, analysis and adjustment.
  - 7. Non-covered services that are listed in DHS 107.03, Wis. Admin. Code.
- 12. Professional visits, other than for the oral evaluation of a nursing home resident, or hospital calls as noted in sub. (1) (j) (4).

#### **Noncovered Services for Dental Hygienists**

Unless the service is part of a dental assessment and evaluation for a member under 21 years of age or is found necessary as a result of such an assessment and evaluation, the following services are not covered by BadgerCare Plus whether or not the service is performed by a person under the supervision of a dentist or physician or by a dental hygienist who is individually enrolled under <u>DHS 105</u>,Wis. Admin. Code.:

- 1. Services performed outside the scope of practice of dental hygiene as defined under s. 447.01(3) and s. 447.06, Wis. Stats.
- 2. Oral hygiene instruction or training in preventive dental care as a separate procedure, including tooth brushing technique, flossing or use of special oral hygiene aids, tobacco cessation counseling, or nutritional counseling.
- 3. General services for purely aesthetic or cosmetic purposes.

In certain unusual circumstances, the DHS (Department of Health Services) may request that a noncovered service be performed, including but not limited to diagnostic casts, in order to substantiate a PA (prior authorization) request. In these cases the service shall be reimbursed.

For dental hygienists, all services except prophylaxis, fluoride, sealants, periodontal scaling, and maintenance are noncovered.

Topic #695

### Reimbursement Not Available Through a Factor

BadgerCare Plus will not reimburse providers through a factor, either directly or by virtue of a power of attorney given to the factor by the provider. A factor is an organization (e.g., a collection agency) or person who advances money to a provider for the purchase or transferal of the provider's accounts receivable. The term "factor" does not include business representatives, such as billing services, clearinghouses, or accounting firms, which render statements and receive payments in the name of the provider.

Topic #51

### **Services Not Separately Reimbursable**

If reimbursement for a service is included in the reimbursement for the primary procedure or service, it is not separately reimbursable. For example, routine venipuncture is not separately reimbursable, but it is included in the reimbursement for the laboratory procedure or the laboratory test preparation and handling fee. Also, DME (durable medical equipment) delivery charges are included in the reimbursement for DME items.

Topic #2911

#### **Education in Preventive Care**

Education of a BadgerCare Plus member in preventive care and the provision of dental health information is a component of all allowable dental services covered by BadgerCare Plus, whenever appropriate. When provided, preventive training and information sharing should be documented in the member's dental records. These services are not reimbursed separately by Wisconsin Medicaid.

#### **Infection Control Charges**

Providers should note that all (OSHA) (Occupational Safety and Health Administration)-mandated and other infection-control charges are included in Medicaid reimbursement. These costs may not be separately reimbursed or charged to the member.

#### **Take-Home Supplies**

Routine take-home supplies (e.g., gauze) are not separately reimbursable. Wisconsin Medicaid reimbursement of dental procedures includes routine take-home supplies needed before or after the procedure is performed. Members may not be charged for routine supplies.

Topic #476

#### **Member Services**

Providers should refer ForwardHealth members with questions to <u>Member Services</u>. The telephone number for Member Services is for member use only.

Topic #473

# **Provider Relations Representatives**

The Provider Relations representatives, also known as field representatives, conduct training sessions on various ForwardHealth topics for both large and small groups of providers and billers. In addition to provider education, field representatives are available to assist providers with complex billing and claims processing questions. Field representatives are located throughout the state to offer detailed assistance to all ForwardHealth providers and all ForwardHealth programs.

#### Field Representative Specialization

The field representatives are assigned to <u>specific regions</u> of the state. In addition, the field representatives have <u>specialized</u> in a group of provider types. This specialization allows the field representatives to most efficiently and effectively address provider inquiries. To better direct inquiries, providers should contact the field representative in their region who specializes in their provider type.

#### **Provider Education**

The field representatives' primary focus is provider education. They provide information on ForwardHealth programs and topics in the following ways:

- Conducting provider training sessions throughout the state.
- Providing training and information for newly enrolled providers and/or new staff.
- Participating in professional association meetings.

Providers may also contact the field representatives if there is a specific topic, or topics, on which they would like to have an individualized training session. This could include topics such as use of the Portal (information about claims, enrollment verification, and PA (prior authorization) requests on the Portal). Refer to the <u>Providers Trainings page</u> for the latest information on training opportunities.

#### **Additional Inquiries**

Providers are encouraged to initially obtain information through the ForwardHealth Portal, WiCall, and Provider Services. If these attempts are not successful, field representatives may be contacted for the following types of inquiries:

- Claims, including discrepancies regarding enrollment verification and claim processing.
- PES (Provider Electronic Solutions) claims submission software.
- Claims processing problems that have not been resolved through other channels (e.g., telephone or written correspondence).
- Referrals by a Provider Services telephone correspondent.
- Complex issues that require extensive explanation.

Field representatives primarily work outside their offices to provide on-site service; therefore, providers should be prepared to leave a complete message when contacting field representatives, including all pertinent information related to the inquiry. Member inquiries

should not be directed to field representatives. Providers should refer members to Member Services.

If contacting a field representative by e-mail, providers should ensure that no individually identifiable health information, known as PHI (protected health information), is included in the message. PHI can include things such as the member's name combined with his/her identification number or SSN (Social Security number).

#### **Information to Have Ready**

Providers or their representatives should have the following information ready when they call:

- Name or alternate contact.
- County and city where services are provided.
- Name of facility or provider whom they are representing.
- NPI (National Provider Identifier) or provider number.
- Telephone number, including area code.
- A concise statement outlining concern.
- Days and times when available.

For questions about a specific claim, providers should also include the following information:

- · Member's name.
- Member identification number.
- Claim number.
- DOS (date of service).

Topic #474

#### **Provider Services**

Providers should call <u>Provider Services</u> to answer enrollment, policy, and billing questions. Members should call <u>Member Services</u> for information. Members should *not* be referred to Provider Services.

The Provider Services Call Center provides service-specific assistance to Medicaid, BadgerCare Plus, WCDP (Wisconsin Chronic Disease Program), and WWWP (Wisconsin Well Woman Program) providers.

# Companion Guides and NCPDP Version D.0 Payer Sheet

Companion guides and the NCPDP (National Council for Prescription Drug Programs) version D.0 payer sheet are available for download on the ForwardHealth Portal.

#### **Purpose of Companion Guides**

ForwardHealth <u>companion guides and payer sheet</u> provide trading partners with useful technical information on ForwardHealth's standards for nationally recognized electronic transactions.

The information in companion guides and payer sheet applies to BadgerCare Plus, Medicaid, SeniorCare, ADAP (Wisconsin AIDS Drug Assistance Program), WCDP (Wisconsin Chronic Disease Program), and WWWP (Wisconsin Well Woman Program). Companion guides and payer sheet are intended for information technology and systems staff who code billing systems or software.

The companion guides and payer sheet complement the federal HIPAA (Health Insurance Portability and Accountability Act of 1996) implementation guides and highlight information that trading partners need to successfully exchange electronic transactions with ForwardHealth, including general topics such as the following:

- Methods of exchanging electronic information (e.g., exchange interfaces, transaction administration, and data preparation).
- Instructions for constructing the technical component of submitting or receiving electronic transactions (e.g., claims, RA (Remittance Advice), and enrollment inquiries).

Companion guides and payer sheet do *not* include program requirements, but help those who create the electronic formats for electronic data exchange.

Companion guides and payer sheet cover the following specific subjects:

- Getting started (e.g., identification information, testing, and exchange preparation).
- Transaction administration (e.g., tracking claims submissions, contacting the EDI (Electronic Data Interchange) Helpdesk).
- Transaction formats.

#### **Revisions to Companion Guides and Payer Sheet**

Companion guides and payer sheet may be updated as a result of changes to federal requirements. When this occurs, ForwardHealth will do the following:

- Post the revised companion guides and payer sheet on the ForwardHealth Portal.
- Post a message on the banner page of the RA.
- Send an e-mail to trading partners.

Trading partners are encouraged to periodically check for revised companion guides and payer sheet on the Portal. If trading partners do not follow the revisions identified in the companion guides or payer sheet, transactions may not process successfully (e.g., claims may deny or process incorrectly).

A change summary located at the end of the revised companion guide lists the changes that have been made. The date on the companion guide reflects the date the revised companion guide was posted to the Portal. In addition, the version number located in the footer of the first page is changed with each revision.

Revisions to the payer sheet are listed in Appendix A. The date on the payer sheet reflects the date the revised payer sheet was posted to the Portal.

# **Data Exchange Methods**

The following data exchange methods are supported by the EDI (Electronic Data Interchange) Helpdesk:

- Remote access server dial-up, using a personal computer with a modem, browser, and encryption software.
- Secure Web, using an Internet Service Provider and a personal computer with a modem, browser, and encryption software.
- Real-time, by which trading partners exchange the NCPDP (National Council for Prescription Drug Programs) D.0, 270/271 (270/271 Health Care Eligibility/Benefit Inquiry and Information Response), 276/277 (276/277 Health Care Claim Status Request and Response), or 278 (278 Health Care Services Review Request for Review and Response) transactions via an approved clearinghouse.

The EDI Helpdesk supports the exchange of the transactions for BadgerCare Plus, Medicaid, SeniorCare, ADAP (Wisconsin AIDS Drug Assistance Program), WCDP (Wisconsin Chronic Disease Program), and WWWP (Wisconsin Well Woman Program).

Topic #461

# **Electronic Data Interchange Helpdesk**

The <u>EDI (Electronic Data Interchange) Helpdesk</u> assists anyone interested in becoming a trading partner with getting started and provides ongoing support pertaining to electronic transactions. Providers, billing services, and clearinghouses are encouraged to contact the EDI Helpdesk for test packets and/or technical questions.

## **Electronic Transactions**

HIPAA (Health Insurance Portability and Accountability Act of 1996) ASC (Accredited Standards Committee) X12 Version 5010 Companion Guides and the NCPDP (National Council for Prescription Drug Programs) Version D.0 Payer Sheet are available for download on the HIPAA Version 5010 Companion Guides and NCPDP Version D.0 Payer Sheet Page of the ForwardHealth Portal.

Trading partners may submit claims and adjustment requests, inquire about member enrollment, claim status, and ForwardHealth payment advice by exchanging electronic transactions.

Through the EDI (Electronic Data Interchange) Helpdesk, trading partners may exchange the following electronic transactions:

- 270/271 (270/271 Health Care Eligibility/Benefit Inquiry and Information Response). The 270 is the electronic transaction for inquiring about a member's enrollment. The 271 is received in response to the inquiry.

Topic #463

## **Provider Electronic Solutions Software**

ForwardHealth offers electronic billing software at no cost to providers. PES (Provider Electronic Solutions) software allows providers to submit 837 (837 Health Care Claim) transactions and download the 999 (999 Functional Acknowledgment) and the 835 (835 Health Care Claim Payment/Advice) transactions. To obtain PES software, providers may download it from the <u>ForwardHealth Portal</u>. For assistance installing and using PES software, providers may call the <u>EDI (Electronic Data Interchange) Helpdesk</u>.

Topic #464

# **Trading Partner Profile**

A <u>Trading Partner Profile</u> must be completed and signed for each billing provider number that will be used to exchange electronic transactions.

In addition, billing providers who do not use a third party to exchange electronic transactions, billing services, and clearinghouses are required to complete a Trading Partner Profile.

To determine whether a Trading Partner Profile is required, providers should refer to the following:

- Billing providers who do not use a third party to exchange electronic transactions, including providers who use the PES (Provider Electronic Solutions) software, are required to complete the Trading Partner Profile.
- Billing providers who use a third party (billing services and clearinghouses) to exchange electronic transactions are required to submit a Trading Partner Profile.
- Billing services and clearinghouses, including those that use PES software, that are authorized by providers to exchange electronic transactions on a provider's behalf, are required to submit a Trading Partner Profile.

Providers who change billing services and clearinghouses or become a trading partner should keep their information updated by contacting the EDI (Electronic Data Interchange) Helpdesk.

Topic #465

# **Trading Partners**

ForwardHealth exchanges nationally recognized electronic transactions with trading partners. A "trading partner" is defined as a covered entity that exchanges electronic health care transactions. The following covered entities are considered trading partners:

- Providers who exchange electronic transactions directly with ForwardHealth.
- Billing services and clearinghouses that exchange electronic transactions directly with ForwardHealth on behalf of a billing provider.

#### **Enrollment Verification**

Topic #256

## 270/271 Transactions

The <u>270/271 (270/271 Health Care Eligibility/Benefit Inquiry and Information Response)</u> transactions allow for batch enrollment verification, including information for the current benefit month or for any date of eligibility the member has on file, through a secure Internet connection. The 270 is the electronic transaction for inquiring about a member's enrollment. The 271 is received in response to the inquiry.

For those providers who are federally required to have an NPI (National Provider Identifier), an NPI is required on the 270/271 transactions. The NPI indicated on the 270 is verified to ensure it is associated with a valid enrollment on file with ForwardHealth. The 271 response will report the NPI that was indicated on the 270.

For those providers exempt from NPI, a provider ID is required on the 270/271 transactions. The provider ID indicated on the 270 is verified to ensure it is associated with a valid enrollment on file with ForwardHealth. The 271 response will report the provider ID that was indicated on the 270.

Topic #469

## An Overview

Providers should always verify a member's enrollment before providing services, both to determine enrollment for the current date (since a member's enrollment status may change) and to discover any limitations to the member's coverage. Each enrollment verification method allows providers to verify the following prior to services being rendered:

- A member's enrollment in a ForwardHealth program(s).
- State-contracted MCO (managed care organization) enrollment.
- Medicare enrollment.
- Limited benefits categories.
- Any other commercial health insurance coverage.
- Exemption from copayments for BadgerCare Plus members.

Topic #259

### **Commercial Enrollment Verification Vendors**

ForwardHealth has agreements with several <u>commercial enrollment verification vendors</u> to offer enrollment verification technology to ForwardHealth providers. Commercial enrollment verification vendors have up-to-date access to the ForwardHealth enrollment files to ensure that providers have access to the most current enrollment information. Providers may access Wisconsin's EVS (Enrollment Verification System) to verify member enrollment through one or more of the following methods available from commercial enrollment verification vendors:

- Magnetic stripe card readers.
- Personal computer software.
- Internet.

Vendors sell magnetic stripe card readers, personal computer software, Internet access, and other services. They also provide ongoing maintenance, operations, and upgrades of their systems. Providers are responsible for the costs of using these enrollment verification

methods.

*Note:* Providers are *not* required to purchase services from a commercial enrollment verification vendor. For more information on other ways to verify member enrollment or for questions about ForwardHealth identification cards, contact Provider Services.

The real-time enrollment verification methods allow providers to print a paper copy of the member's enrollment information, including a transaction number, for their records. Providers should retain this number or the printout as proof that an inquiry was made.

#### **Magnetic Stripe Card Readers**

The magnetic stripe card readers resemble credit card readers. Some ForwardHealth identification cards have a magnetic stripe and signature panel on the back, and a unique, 16-digit card number on the front. The 16-digit card number is valid only for use with a magnetic card reader.

Providers receive current member enrollment information after passing the ForwardHealth card through the reader or entering the member identification number or card number into a keypad and entering the DOS (date of service) about which they are inquiring.

#### **Personal Computer Software**

Personal computer software can be integrated into a provider's current computer system by using a modem and can access the same information as the magnetic stripe card readers.

#### **Internet Access**

Some enrollment verification vendors provide real-time access to enrollment from the EVS through the Internet.

Topic #4903

# **Copayment Information**

If a member is enrolled in BadgerCare Plus or Wisconsin Medicaid and is exempt from paying copayments for services, providers will receive the following response to an enrollment query from all methods of enrollment verification:

- The name of the benefit plan.
- The member's enrollment dates.
- The message, "No Copay."

If a member is enrolled in BadgerCare Plus, Medicaid, or SeniorCare and is required to pay a copayment, the provider will be given the name of the benefit plan in which the member is enrolled and the member's enrollment dates for the benefit plan only.

Topic #264

# **Enrollment Verification System**

Member enrollment issues are the primary reason claims are denied. To reduce claim denials, providers should *always* verify a member's enrollment before providing services, both to determine enrollment for the current date (since a member's enrollment status may change) and to discover any limitations to the member's coverage. Providers may want to verify the member's enrollment a second time before submitting a claim to find out whether the member's enrollment information has changed since the appointment.

Providers can access Wisconsin's EVS (Enrollment Verification System) to receive the most current enrollment information through the following methods:

- ForwardHealth Portal.
- WiCall, Wisconsin's AVR (Automated Voice Response) system.
- Commercial enrollment verification vendors.
- 270/271 (270/271 Health Care Eligibility/Benefit Inquiry and Response) transactions.
- Provider Services.

Providers cannot charge a member, or authorized person acting on behalf of the member, for verifying his or her enrollment.

The EVS does not indicate other government programs that are secondary to Wisconsin Medicaid.

Topic #4901

### **Enrollment Verification on the Portal**

The secure ForwardHealth Portal offers real-time member enrollment verification for all ForwardHealth programs. Providers will be able to use this tool to determine:

- The benefit plan(s) in which the member is enrolled.
- If the member is enrolled in a state-contracted managed care program (for Medicaid and BadgerCare Plus members).
- If the member has any other coverage, such as Medicare or commercial health insurance.
- If the member is exempted from copayments (BadgerCare Plus members only).

To access enrollment verification via the ForwardHealth Portal, providers will need to do the following:

- Go to the ForwardHealth Portal.
- Establish a provider account.
- Log into the secure Portal.
- Click on the menu item for enrollment verification.

Providers will receive a unique transaction number for each enrollment verification inquiry. Providers may access a history of their enrollment inquiries using the Portal, which will list the date the inquiry was made and the enrollment information that was given on the date that the inquiry was made. For a more permanent record of inquiries, providers are advised to use the "print screen" function to save a paper copy of enrollment verification inquiries for their records or document the transaction number at the beginning of the response, for tracking or research purposes. This feature allows providers to access enrollment verification history when researching claim denials due to enrollment issues.

The Provider Portal is available 24 hours a day, seven days a week.

Topic #4900

# **Entering Dates of Service**

Enrollment information is provided based on a "From" DOS (date of service) and a "To" DOS that the provider enters when making the enrollment inquiry. For enrollment inquires, a "From" DOS is the earliest date for which the provider is requesting enrollment information and the "To" DOS is the latest date for which the provider is requesting enrollment information.

Providers should use the following guidelines for entering DOS when verifying enrollment for Wisconsin Medicaid, BadgerCare Plus, SeniorCare, or WCDP (Wisconsin Chronic Disease Program) members:

- The "From" DOS is the earliest date the provider requires enrollment information.
- The "To" DOS must be within 365 days of the "From" DOS.
- If the date of the request is prior to the 20th of the current month, then providers may enter a "From" DOS and "To" DOS up to the end of the current calendar month.
- If the date of the request is on or after the 20th of the current month, then providers may enter a "From" DOS and "To" DOS up

to the end of the following calendar month.

For example, if the date of the request was November 15, 2008, the provider could request dates up to and including November 30, 2008. If the date of the request was November 25, 2008, the provider could request dates up to and including December 31, 2008.

Topic #265

# Member Forgets ForwardHealth Identification Card

Even if a member does not present a ForwardHealth identification card, a provider can use Wisconsin's EVS (Enrollment Verification System) to verify enrollment; otherwise, the provider may choose not to provide the service(s) until a member brings in a ForwardHealth card.

A provider may use a combination of the member's name, date of birth, ForwardHealth identification number, or SSN (Social Security number) with a "0" at the end to access enrollment information through the EVS.

A provider may call <u>Provider Services</u> with the member's full name and date of birth to obtain the member's enrollment information if the member's identification number or SSN is not known.

Topic #4899

# **Member Identification Card Does Not Guarantee Enrollment**

Most members receive a member identification card, but possession of a program identification card does not guarantee enrollment. Periodically, members may become ineligible for enrollment, only to re-enroll at a later date. Members are told to keep their cards even though they may have gaps in enrollment periods. It is possible that a member will present a card when he or she is not enrolled; therefore, it is essential that providers verify enrollment before providing services. To reduce claim denials, it is important that providers verify the following information prior to each DOS (date of service) that services are provided:

- If a member is enrolled in any ForwardHealth program, including benefit plan limitations.
- If a member is enrolled in a managed care organization.
- If a member is in primary provider lock-in status.
- If a member has Medicare or other insurance coverage.

Topic #4898

# **Responses Are Based on Financial Payer**

When making an enrollment inquiry through Wisconsin's EVS (Enrollment Verification System), the returned response will provide information on the member's enrollment in benefit plans based on financial payers.

There are three financial payers under ForwardHealth:

- Medicaid (Medicaid is the financial payer for Wisconsin Medicaid, BadgerCare Plus, and SeniorCare).
- WCDP (Wisconsin Chronic Disease Program).
- WWWP (Wisconsin Well Woman Program).

Within each financial payer are benefit plans. Each member is enrolled under at least one of the three financial payers, and under each financial payer, is enrolled in at least one benefit plan. An individual member may be enrolled under more than one financial payer. (For instance, a member with chronic renal disease may have health care coverage under BadgerCare Plus and the WCDP chronic renal

disease program. The member is enrolled under two financial payers, Medicaid and WCDP.) Alternatively, a member may have multiple benefits under a single financial payer. (For example, a member may be covered by the TB-Only (Tuberculosis-Related Services Only) Benefit and Family Planning Only Services at the same time, both of which are administered by Medicaid.)

#### **Forms**

Topic #767

## An Overview

ForwardHealth requires providers to use a variety of forms for PA (prior authorization), claims processing, and documenting special circumstances.

Topic #470

## **Fillable Forms**

Most forms may be obtained from the Forms page of the ForwardHealth Portal.

Forms on the Portal are available as fillable PDF (Portable Document Format) files, which can be viewed with Adobe Reader<sup>®</sup> computer software. Providers may also complete and print fillable PDF files using Adobe Reader<sup>®</sup>.

To complete a fillable PDF, follow these steps:

- Select a specific form.
- Save the form to the computer.
- Use the "Tab" key to move from field to field.

*Note:* The Portal provides instructions on how to obtain Adobe Reader<sup>®</sup> at no charge from the Adobe<sup>®</sup> Web site. Adobe Reader<sup>®</sup> only allows providers to view and print completed PDFs. It does not allow users to save completed fillable PDFs to their computer; however, if Adobe Acrobat<sup>®</sup> is purchased, providers may save completed PDFs to their computer. Refer to the <u>Adobe<sup>®</sup> Web site</u> for more information about fillable PDFs.

Selected forms are also available in fillable Microsoft<sup>®</sup> Word format on the Portal. The fillable Microsoft<sup>®</sup> Word format allows providers to complete and print the form using Microsoft<sup>®</sup> Word. To complete a fillable Microsoft<sup>®</sup> Word form, follow these steps:

- Select a specific form.
- Save the form to the computer.
- Use the "Tab" key to move from field to field.

*Note:* Providers may save fillable Microsoft<sup>®</sup> Word documents to their computer by choosing "Save As" from the "File" menu, creating a file name, and selecting "Save" on their desktop.

Topic #766

# **Telephone or Mail Requests**

Providers who do not have Internet access or who need forms that are not available on the ForwardHealth Portal may obtain them by doing either of the following:

- Requesting a paper copy of the form by calling <u>Provider Services</u>. Questions about forms may also be directed to Provider Services.
- Submitting a written request and mailing it to ForwardHealth. Include a return address, the name of the form, and the form

number and send the request to the following address:

ForwardHealth Form Reorder 313 Blettner Blvd Madison WI 53784

#### **Portal**

Topic #4904

# Claims and Adjustments Using the ForwardHealth Portal

Providers can <u>track the status</u> of their submitted claims, <u>submit individual claims</u>, correct errors on claims, copy claims, and determine what claims are in "pay" status on the ForwardHealth Portal. Providers have the ability to <u>search for and view</u> the status of all their finalized claims, regardless of how they were submitted (i.e., paper, electronic, clearinghouse). If a claim contains an error, providers can correct it on the Portal and resubmit it to ForwardHealth.

Providers can submit an individual claim or adjust a claim through DDE (Direct Data Entry) through the secure Portal.

Topic #8524

# Conducting Revalidation Via the ForwardHealth Portal

Providers can conduct revalidation online via a secure revalidation area of the ForwardHealth Portal.

Topic #5157

# **Cost Share Reports for Long-Term Managed Care Organizations**

Individual cost share reports for long-term care MCOs (managed care organizations) that provide Family Care, Family Care Partnership, and PACE (Program of All-Inclusive Care for the Elderly) services are available via the secure area of the ForwardHealth Portal and can be downloaded as an Excel file.

Topic #4345

# **Creating a Provider Account**

Each provider needs to designate one individual as an administrator of the ForwardHealth Portal account. This user establishes the administrative account once his or her PIN (personal identification number) is received. The administrative user is responsible for this provider account and is able to add accounts for other users (clerks) within his or her organization and assign security roles to clerks that have been established. To establish an administrative account after receiving a PIN, the administrative user is required to follow these steps:

- 1. Go to the ForwardHealth Portal.
- 2. Click the **Providers** button.
- 3. Click **Logging in for the first time?**.
- 4. Enter the Login ID and PIN. The Login ID is the provider's NPI (National Provider Identifier) or provider number.
- 5. Click **Setup Account**.
- 6. At the Account Setup screen, enter the user's information in the required fields.
- 7. Read the security agreement and click the checkbox to indicate agreement with its contents.
- 8. Click **Submit** when complete.

Once in the secure Provider area of the Portal, the provider may conduct business online with ForwardHealth via a secure connection.

Providers may also perform the following administrative functions from the Provider area of the Portal:

- Establish accounts and define access levels for clerks.
- Add other organizations to the account.
- Switch organizations.

Refer to the Account User Guide on the <u>Portal User Guides page</u> of the Portal for more detailed instructions on performing these functions.

Topic #16737

# **Demographic Maintenance Tool**

The demographic maintenance tool allows providers to update information online that they are required to keep <u>current</u> with ForwardHealth. To access the demographic maintenance tool, providers need a ForwardHealth Portal account. After logging into their Portal account, providers should select the Demographic Maintenance link located in the Home Page box on the right side of the secure Provider home page.

*Note:* The Demographic Maintenance link will only display for administrative accounts or for clerk accounts that have been assigned the Demographic Maintenance role. The <u>Account User Guide</u> provides specific information about assigning roles.

The demographic maintenance tool contains general panels which are available to all or most providers as well as specific panels which are only available to certain provider types and specialties. The <u>Demographic Maintenance Tool User Guide</u> provides further information about general and provider-specific panels.

#### **Uploading Supporting Documentation**

Providers can upload enrollment-related supporting documentation (e.g., licenses, certifications) using the demographic maintenance tool. Documents in the following formats can be uploaded:

- JPEG (Joint Photographic Experts Group) (.jpg or .jpeg).
- PDF (Portable Document Format) (.pdf).

To avoid delays in processing, ForwardHealth strongly encourages providers to upload their documents.

## **Submitting Information**

After making *all* their changes, providers are required to submit their information in order to save it. After submitting information, providers will receive one of the following messages:

- "Your information was *updated* successfully." This message indicates that providers' files were immediately updated with the changed information.
- "Your information was *uploaded* successfully." This message indicates that ForwardHealth needs to verify the information before providers' files can be updated. Additionally, an Application Submitted panel will display and indicate next steps.

#### Verification

ForwardHealth will verify changes within 10 business days of submission. If the changes can be verified, ForwardHealth will update providers' files. In some cases, providers may receive a Change Notification letter indicating what information ForwardHealth updated. Providers should carefully review the Provider File Information Change Summary included with the letter to verify the accuracy of the changes. If any of the changes are inaccurate, providers can correct the information using the demographic maintenance tool. Providers may contact <u>Provider Services</u> if they have questions regarding the letter.

Regardless of whether or not providers are notified that their provider files were updated, changed information is not considered

approved until 10 business days after the information was changed. If the changes cannot be verified within 10 business days, ForwardHealth will notify providers by mail that their provider files were not updated, and providers will need to make corrections using the demographic maintenance tool.

# Designating a Trading Partner to Receive 835 Health Care Claim Payment/Advice Transactions

Providers must designate a trading partner to receive their 835 (835 Health Care Claim Payment/Advice) transaction for ForwardHealth interChange.

Providers who wish to submit their <u>835</u> designation via the Portal are required to create and establish a provider account to have access to the secure area of the Portal.

To designate a trading partner to receive 835 transactions, providers must first complete the following steps:

- Access the Portal and log into their secure account by clicking the Provider link/button.
- Click on the Designate 835 Receiver link on the right-hand side of the secure home page.
- Enter the identification number of the trading partner that is to receive the 835 in the Trading Partner ID field.
- · Click Save.

Providers who are unable to use the Portal to designate a trading partner to receive 835 transactions may call the <u>EDI (Electronic Data Interchange)</u> Helpdesk or submit a paper (Trading Partner 835 Designation, F-13393 (07/12)) form.

Topic #5087

## **Electronic Communications**

The secure ForwardHealth Portal contains a one-way message center where providers can receive electronic notifications and provider publications from ForwardHealth. All new messages display on the provider's main page within the secure Portal.

Topic #5088

## **Enrollment Verification**

The secure ForwardHealth Portal offers real time member <u>enrollment verification</u> for all ForwardHealth programs. Providers are able to use this tool to determine:

- The health care program(s) in which the member is enrolled.
- Whether or not the member is enrolled in a state-contracted MCO (managed care organization).
- Whether or not the member has any third-party liability, such as Medicare or commercial health insurance.
- Whether or not the member is enrolled in the <u>Pharmacy Services Lock-In Program</u> and the member's Lock-In pharmacy, primary care provider, and referral providers (if applicable).

Using the Portal to check enrollment may be more effective than calling <u>WiCall</u> or the EVS (Enrollment Verification System) (although both are available).

Providers are assigned a unique enrollment verification number for each inquiry. Providers can also use the "print screen" function to print a paper copy of enrollment verification inquiries for their records.

The MCO (managed care organization) area of the ForwardHealth Portal allows state-contracted MCOs to conduct business with ForwardHealth. The Public MCO page offers easy access to key MCO information and web tools. A log-in is required to access the secure area of the Portal to submit or retrieve account and member information that may be sensitive.

The following information is available through the Portal:

Topic #5158

# **Managed Care Organization Portal Reports**

The following reports are generated to MCOs (managed care organizations) through their account on the ForwardHealth MCO Portal:

- Capitation Payment Listing Report.
- Cost Share Report (long-term MCOs only).
- Enrollment Reports.

MCOs are required to establish a Portal account in order to receive reports from ForwardHealth.

#### **Capitation Payment Listing Report**

The Capitation Payment Listing Report provides "payee" MCOs with a detailed listing of the members for whom they receive capitation payments. ForwardHealth interChange creates adjustment transaction information weekly and regular capitation transaction information monthly. The weekly batch report includes regular and adjustment capitation transactions. MCOs have the option of receiving both the Capitation Payment Listing Report and the 820 Payroll Deducted and Other Group Premium Payment for Insurance Products transactions.

## **Initial Enrollment Roster Report**

The Initial Enrollment Roster Report is generated according to the annual schedules detailing the number of new and continuing members enrolled in the MCO and those disenrolled before the next enrollment month.

#### **Final Enrollment Roster Report**

The Final Enrollment Roster Report is generated the last business day of each month and includes members who have had a change in status since the initial report and new members who were enrolled after the Initial Enrollment Roster Report was generated.

#### **Other Reports**

Additional reports are available for BadgerCare Plus HMOs, SSI HMOs, and long-term MCOs. Some are available via the Portal and some in the secure FTP (file transfer protocol).

Topic #4744

# **Members ForwardHealth Portal**

Members can access ForwardHealth information by going to the ForwardHealth Portal. Members can search through a directory of providers by entering a ZIP code, city, or county. Members can also access all member-related ForwardHealth applications and forms. Members can use <u>ACCESS</u> to check availability, apply for benefits, check current benefits, and report any changes.

Topic #4344

# **Obtaining a Personal Identification Number**

To establish an account on the ForwardHealth Portal, providers are required to obtain a PIN (personal identification number). The PIN is a unique, nine-digit number assigned by ForwardHealth interChange for the sole purpose of allowing a provider to establish a Portal account. It is used in conjunction with the provider's login ID. Once the Portal account is established, the provider will be prompted to create a username and password for the account, which will subsequently be used to log in to the Portal.

*Note:* The PIN used to create the provider's Portal account is not the same PIN used for revalidation. Providers will receive a separate PIN for revalidation.

A provider may need to request more than one PIN if he or she is a provider for more than one program or has more than one type of provider enrollment. A separate PIN will be needed for each provider enrollment. Health care providers will need to supply their NPI (National Provider Identifier) and corresponding taxonomy code when requesting an account. Non-healthcare providers will need to supply their unique provider number.

Providers may request a PIN by following these steps:

- 1. Go to the Portal.
- 2. Click on the "Providers" link or button.
- 3. Click the "Request Portal Access" link from the Quick Links box on the right side of the screen.
- 4. At the Request Portal Access screen, enter the following information:
  - a. Health care providers are required to enter their NPI and click "Search" to display a listing of ForwardHealth enrollments. Select the correct enrollment for the account. The taxonomy code, ZIP+4 code, and financial payer for that enrollment will be automatically populated. Enter the SSN (Social Security number) or TIN (Tax Identification Number).
  - b. Non-healthcare providers are required to enter their provider number, financial payer, and SSN or TIN. (This option should only be used by non-healthcare providers who are exempt from NPI requirements).

The financial payer is one of the following:

- Medicaid (Medicaid is the financial payer for Wisconsin Medicaid, BadgerCare Plus, and Senior Care).
- SSI (Supplemental Security Income).

- WCDP (Wisconsin Chronic Disease Program).
- The WWWP (Wisconsin Well Woman Program).
- c. Click Submit.
- d. Once the Portal Access Request is successfully completed, ForwardHealth will send a letter with the provider's PIN to the address on file.

Topic #4459

## **Online Handbook**

The Online Handbook allows providers access to all policy and billing information for Wisconsin Medicaid, BadgerCare Plus, ADAP (Wisconsin AIDS Drug Assistance Program), and WCDP (Wisconsin Chronic Disease Program) in one centralized place. A secure ForwardHealth Portal account is not required to use the Online Handbook as it is available to all Portal visitors.

Revisions to policy information are incorporated immediately after policy changes have been issued in *ForwardHealth Updates*. The Online Handbook also links to the <u>ForwardHealth Publications page</u>, an archive section that providers can use to research past policy and procedure information.

The Online Handbook, which is available through the public area of the Portal, is designed to sort information based on user-entered criteria, such as program and provider type. It is organized into sections and chapters. Sections within each handbook may include the following:

- · Claims.
- · Coordination of Benefits.
- Covered and Noncovered Services.
- · Managed Care.
- Member Information.
- Prior Authorization.
- Provider Enrollment and Ongoing Responsibilities.
- Reimbursement.
- Resources.

Each section consists of separate chapters (e.g., claims submission, procedure codes), which contain further detailed information.

#### **Advanced Search Function**

The Online Handbook has an advanced search function, which allows providers to search for a specific word or phrase within a user type, program, service area, or throughout the entire Online Handbook.

Providers can access the advanced search function by following these steps:

- 1. Go to the Portal.
- 2. Click the "Online Handbooks" link in the upper left "Providers" box.
- 3. Complete the two drop-down selections at the right to narrow the search by program and service area, if applicable. This is not needed if providers wish to search the entire Online Handbook.
- 4. Click "Advanced Search" to open the advanced search options.
- 5. Enter the word or phrase you would like to search.
- 6. Select "Search within the options selected above" or "Search all handbooks, programs and service areas."
- 7. Click the "Search" button.

#### ForwardHealth Publications Archive Area

The ForwardHealth Publications page of the Online Handbook allows providers to view old *Updates* and previous versions of the

Online Handbook.

Providers can access the archive information area by following these steps:

- 1. Go to the Portal.
- 2. Click the "Online Handbooks" link in the upper left "Providers" box.
- 3. Click on the "Updates and Handbooks" link. (This link is below the three drop-down menus.)

Topic #5089

## Other Business Enhancements Available on the Portal

The secure Provider area of the ForwardHealth Portal enables providers to do the following:

- Verify member enrollment.
- View RAs (Remittance Advice).
- Designate which trading partner is eligible to receive the provider's 835 (835 Health Care Claim Payment/Advice).
- Update and maintain provider file information. Providers have the choice to indicate separate addresses for different business functions.
- Receive electronic notifications and provider publications from ForwardHealth.
- Enroll in EFT (electronic funds transfer).
- Track provider-submitted PA (prior authorization) requests.

Topic #4911

### **Portal Account Administrators**

Portal administrators are responsible for requesting, creating, and managing accounts to access these features for their organization.

There must be one administrator assigned for each Portal account and all users established for that account. The responsibilities of the Portal administrator include:

- Ensuring the security and integrity of all user accounts (clerk administrators and clerks) created and associated with their Portal account.
- Ensuring clerks or clerk administrators are given the appropriate authorizations they need to perform their functions for the provider, trading partner, or MCO (managed care organization).
- Ensuring that clerks or clerk administrator accounts are removed/deleted promptly when the user leaves the organization.
- Ensuring that the transactions submitted are valid and recognized by ForwardHealth.
- Ensuring that all users they establish know and follow security and guidelines as required by HIPAA (Health Insurance Portability Accountability Act of 1996). As Portal administrators establish their Portal account and create accounts for others to access private information, administrators are reminded that all users must comply with HIPAA. The HIPAA privacy and security rules require that the confidentiality, integrity, and availability of PHI (protected health information) are maintained at all times. The HIPAA Privacy Rule provides guidelines governing the disclosure of PHI. The HIPAA Security Rule delineates the security measures to be implemented for the protection of electronic PHI. If Portal administrators have any questions concerning the protection of PHI, visit the Portal for additional information.

Portal administrators have access to all secure functions for their Portal account.

#### **Establish an Administrator Account**

All Portal accounts require an administrator account. The administrator is a selected individual who has overall responsibility for management of the account. Therefore, he or she has complete access to all functions within the specific secure area of his or her Portal and are permitted to add, remove, and manage other individual roles.

Topic #4912

## **Portal Clerk Administrators**

A Portal administrator may choose to delegate some of the authority and responsibility for setting up and managing the users within their ForwardHealth Portal account. If so, the Portal administrator may establish a clerk administrator. An administrator or clerk administrator can create, modify, manage or remove clerks for a Portal account. When a clerk is created, the administrator or clerk administrator must grant permissions to the clerks to ensure they have the appropriate access to the functions they will perform. A clerk administrator can only grant permissions that they themselves have. For example, if an administrator gives a clerk administrator permission only for enrollment verification, then the clerk administrator can only establish clerks with enrollment verification permissions.

Even if a Portal administrator chooses to create a clerk administrator and delegate the ability to add, modify, and remove users from the same account, the Portal administrator is still responsible for ensuring the integrity and security of the Portal account.

Topic #4913

## **Portal Clerks**

The administrator (or the clerk administrator if the administrator has granted them authorization) may set up clerks within their ForwardHealth Portal account. Clerks may be assigned one or many roles (i.e., claims, PA (prior authorization), member enrollment verification). Clerks do not have the ability to establish, modify, or remove other accounts.

Once a clerk account is set up, the clerk account does not have to be established again for a separate Portal account. Clerks can easily be assigned a role for different Portal accounts (i.e., different ForwardHealth enrollments). To perform work under a different Portal account for which they have been granted authorization, a clerk can use the "switch org" function and toggle between the Portal accounts to which they have access. Clerks may be granted different authorization in each Portal account (i.e., they may do member enrollment verification for one Portal account, and HealthCheck inquires for another).

Topic #4740

# **Public Area of the Provider Portal**

The public Provider area of the ForwardHealth Portal offers a variety of important business features and functions that will greatly assist in daily business activities with ForwardHealth programs.

#### Maximum Allowable Fee Schedules

Within the Portal, all <u>maximum allowable fee schedules</u> for Medicaid, BadgerCare Plus, and WCDP (Wisconsin Chronic Disease Program) are interactive and searchable. Providers can enter the DOS (date of service), along with other information such as procedure code, category of supplies, or provider type, to find the maximum allowable fee. Providers can also download all fee schedules.

#### Online Handbook

The Online Handbook is the single source for all current policy and billing information for ForwardHealth. The Online Handbook is designed to sort information based on user-entered criteria, such as program and provider type.

Revisions to policy information are incorporated into the Online Handbook in conjunction with published *Updates*. The Online Handbook also links to the <u>ForwardHealth Publications page</u>, an archive section where providers can research previously published *Updates*.

#### **ForwardHealth Publications Archive Section**

The ForwardHealth Publications page, available via the Quick Links box, lists *Updates*, *Updates*, *Update Summaries*, archives of provider Handbooks and provider guides, and monthly archives of the Online Handbook. The ForwardHealth Publications page contains both current and obsolete information for research purposes only. Providers should use the Online Handbook for current policy and procedure questions. The *Updates* are searchable by provider type or program (e.g., physician or HealthCheck "Other Services") and by year of publication.

#### **Training**

Providers can register for all scheduled trainings and view online trainings via the <u>Portal Training page</u>, which contains an up-to-date calendar of all available training. Additionally, providers can view <u>Webcasts</u> of select trainings.

#### **Contacting Provider Services**

Providers and other Portal users will have an additional option for contacting Provider Services through the Contact link on the Portal. Providers can enter the relevant inquiry information, including selecting the preferred method of response (i.e., telephone call or e-mail) the provider wishes to receive back from Provider Services. Provider Services will respond to the inquiry within five business days. Information will be submitted via a secure connection.

#### **Online Enrollment**

Providers can speed up the enrollment process for Medicaid by completing a <u>provider enrollment application</u> via the Portal. Providers can then track their application by entering their ATN (application tracking number) given to them on completion of the application.

#### Other Business Enhancements Available on the Portal

The public Provider area of the Portal also includes the following features:

- A "What's New?" section for providers that links to the latest provider publication summaries and other new information posted to the Provider area of the Portal.
- Home page for the provider. Providers have administrative control over their Portal homepage and can grant other employees access to specified areas of the Portal, such as claims and PA (prior authorization).
- <u>E-mail subscription</u> service for *Updates*. Providers can register for e-mail subscription to receive notifications of new provider publications via e-mail. Users are able to select, by program and service area, which publication notifications they would like to receive.
- A forms library.

Topic #4741

# **Secure Area of the Provider Portal**

Providers can accomplish many processes via the ForwardHealth Portal, including submitting, adjusting, and correcting claims, submitting and amending PA (prior authorization) requests, and verifying enrollment.

## Claims and Adjustments Using the Portal

Providers can track the status of their submitted claims, submit individual claims, correct errors on claims, and determine what claims are in "pay" status on the Portal. Providers have the ability to search for and view the status of all of their finalized claims, regardless of how they were submitted (i.e., paper, electronic, clearinghouse). If a claim contains an error, providers can correct it on the Portal and resubmit it to ForwardHealth.

Providers can submit an individual claim or adjust a claim via DDE (Direct Data Entry) through the secure Portal.

#### Submitting Prior Authorization and Amendment Requests Via the Portal

Nearly all service areas can submit PA requests via the Portal. Providers can do the following:

- Correct errors on PA or amendment requests via the Portal, regardless of how the PA request was originally submitted.
- View all recently submitted and finalized PA and amendment requests.
- Save a partially completed PA request and finish completing it at a later time. (*Note:* Providers are required to submit or re-save a PA request within 30 calendar days of the date the PA request was last saved.)
- View all saved PA requests and select any to continue completing or delete.
- View the latest provider review and decision letters.
- Receive messages about PA and amendment requests that have been adjudicated or returned for provider review.

#### **Electronic Communications**

The secure Portal contains a one-way message center where providers can receive electronic notifications and provider publications from ForwardHealth. All new messages display on the provider's main page within the secure Portal.

#### **Enrollment Verification**

The secure Portal offers real-time member <u>enrollment verification</u> for all ForwardHealth programs. Providers are able to use this tool to determine:

- The health care program(s) in which the member is enrolled.
- Whether or not the member is enrolled in a state-contracted MCO (managed care organization).
- Whether or not the member has any third-party liability, such as Medicare or commercial health insurance.

Using the Portal to check enrollment may be more efficient than calling the AVR (Automated Voice Response) system or the EVS (Enrollment Verification System) (although both are available).

Providers will be assigned a unique enrollment verification number for each inquiry. Providers can also use the "print screen" function to print a paper copy of enrollment verification inquiries for their records.

#### Other Business Enhancements Available on the Portal

The secure Provider area of the Portal enables providers to do the following:

- Verify member enrollment.
- View RAs (Remittance Advices).
- Designate which trading partner is eligible to receive the provider's 835 (835 Health Care Claim Payment/Advice) transaction.
- Update and maintain provider file information. Providers will have the choice to indicate separate addresses for different business functions.
- Receive electronic notifications and provider publications from ForwardHealth.
- Enroll in EFT (electronic funds transfer).

# **Training Opportunities**

Topic #12757

# **Training Opportunities**

The <u>Provider Relations representatives</u> conduct training sessions in a variety of formats on both program-specific and topic-specific subjects. There is no fee for attending/accessing these training sessions.

#### **On-Site Sessions**

On-site training sessions are offered at various locations (e.g., hotel conference rooms, provider facilities) throughout the state. These training sessions include general all-provider sessions, service-specific and/or topic-specific sessions, and program-specific (such as WCDP (Wisconsin Chronic Disease Program) or the WWWP (Wisconsin Well Woman Program)) sessions.

Registration is required to attend on-site sessions. Online registration is available on the <u>Trainings</u> page of the Providers area of the Portal.

#### Online (Real-Time, Web-Based) Sessions

Online (real-time, web-based) training sessions are available and are facilitated through <u>HPE® MyRoom</u>. MyRoom sessions are offered on many of the same topics as on-site sessions, but online sessions offer the following advantages:

- Participants can attend training at their own computers without leaving the office.
- Sessions are interactive as participants can ask questions during the session.
- If requested or needed, a session can be quickly organized to cover a specific topic for a small group or office.

For some larger training topics (such as ForwardHealth Portal Fundamentals), the training may be divided into individual modules, with each module focused on a particular subject. This allows participants to customize their training experience.

Registration, including an e-mail address, is required to attend Virtual Room sessions, so important session information can be sent to participants prior to the start of the session. Online registration is available on the <u>Trainings</u> page of the Portal.

#### **Recorded Webcasts**

Recorded Webcasts are available on a variety of topics, including some of the same topics as on-site and online sessions. Like Virtual Room sessions, some recorded Webcasts on larger training topics may be divided into individual Webcast modules, allowing participants to customize their training experience. Recorded Webcasts allow providers to view the training at their convenience on their own computers.

Registration is not required to view a recorded Webcast. Related training materials are available to download and print from the specific Webcast training session page on the Portal.

## **Notification of Training Opportunities**

In addition to information on the Trainings page of the Portal, upcoming training session information is distributed directly through messages to providers who have secure Portal accounts and to providers who have registered for the ForwardHealth e-mail subscription service.

To sign up for a secure Portal account, click the "Request Portal Access" link in the Quick Links box on the Provider page of the Portal.

To sign up for e-mail subscription, click "Register for E-mail Subscription" in the Quick Links box on the Provider page of the Portal.

## **Updates**

Topic #478

# **Accessing ForwardHealth Publications**

ForwardHealth Updates are the first source of provider information. Updates announce the latest information on policy and coverage changes, PA (prior authorization) submission requirements, claims submission requirements, and training announcements.

The ForwardHealth Update Summary is posted to the ForwardHealth Portal on a monthly basis and contains an overview of Updates published that month. Providers with a ForwardHealth Portal account are notified through their Portal message inbox when the Update Summary is available on the Portal.

*Updates* included in the *Update Summary* are posted in their entirety on the Provider area of the Portal. Providers may access *Updates* from direct links in the electronic *Update Summary* as well as navigate to other Medicaid information available on the Portal.

Revisions to policy information are incorporated into the Online Handbook in conjunction with published *Updates*. The Online Handbook also includes a link to the <u>ForwardHealth Publications page</u>, an archive section where providers can research previously published *Updates*.

Topic #4458

# **Electronic Notifications from ForwardHealth**

ForwardHealth sends electronic messaging via Portal Account messaging and e-mail subscription messaging to notify of newly released ForwardHealth Updates and the monthly ForwardHealth Update Summary. Providers who have established a ForwardHealth Portal account automatically receive notifications from ForwardHealth in their Portal Messages inbox. Providers and other interested parties may register to receive e-mail subscription notifications.

## **E-mail Subscription**

When registering for e-mail subscription, providers and other interested parties are able to select, by program (Wisconsin Medicaid, BadgerCare Plus, ADAP (Wisconsin AIDS Drug Assistance Program), or WCDP (Wisconsin Chronic Disease Program)), provider type (e.g., physician, hospital, DME (durable medical equipment) vendor), and/or specific information of interest, (Trading Partner and ICD-10 (International Classification of Diseases, 10th Revision) Project Information) to designate what information they would like to receive. Any number of staff or other interested parties from an organization may sign up for an e-mail subscription and may select multiple subscription options.

## **Full Text Publications Available**

Providers without Internet access may call <u>Provider Services</u> to request that a paper copy of a *ForwardHealth Update* be mailed to them. To expedite the call, correspondents will ask providers for the *Update* number. Providers should allow seven to 10 business days for delivery.

#### WiCall

Topic #257

# **Enrollment Inquiries**

WiCall is an <u>AVR (Automated Voice Response)</u> system that allows providers with touch-tone telephones direct access to enrollment information.

Information from WiCall will be returned in the following order if applicable to the member's current enrollment:

- Transaction number: A number will be given as a transaction confirmation that providers should keep for their records.
- Benefit enrollment: All benefit plans the member is enrolled in on the DOS (date of service) or within the <u>DOS range selected for</u> the financial payer.
- County Code: The member's county code will be provided if available. The county code is a two-digit code between 01 and 72 that represents the county in which member resides. If the enrollment response reflects that the member resides in a designated HPSA (Health Personnel Shortage Area) on the DOS or within the DOS range selected, HPSA information will be given.
- MCO (managed care organization): All information about state-contracted MCO enrollment, including MCO names and telephone numbers (that exists on the DOS or within the DOS range selected), will be listed. This information is applicable to Medicaid and BadgerCare Plus members only.
- Hospice: If the member is enrolled in the hospice benefit on the DOS or within the DOS range that the provider selected, the hospice information will be given. This information is applicable to Medicaid and BadgerCare Plus members only.
- Lock-in: Information about the <u>Pharmacy Services Lock-In Program</u> that exists on the DOS or within the DOS range selected will be provided. This information is applicable to Medicaid, BadgerCare Plus, and SeniorCare members only.
- Medicare: All information about Medicare coverage, including type of coverage and Medicare number, if available, that exists on the DOS or within the DOS range selected will be listed.
- Other Commercial Insurance Coverage: All information about commercial coverage, including carrier names and telephone numbers, if available, that exists on the DOS or within the DOS range selected will be listed.
- Transaction Completed: After the member's enrollment information has been given using the financial payer that was selected, providers will be given the following options:
  - o To hear the information again.
  - o To request enrollment information for the same member using a different financial payer.
  - o To hear another member's enrollment information using the same financial payer.
  - o To hear another member's enrollment information using a different financial payer.
  - o To return to the main menu.

WiCall is available 24 hours a day, seven days a week. If for some reason the system is unavailable, providers may call <u>Provider Services</u>.

#### **Transaction Number**

The AVR system issues a transaction number every time a provider verifies enrollment, even when an individual is *not* enrolled in BadgerCare Plus or Wisconsin Medicaid. The provider should retain this transaction number. It is proof that an inquiry was made about the member's enrollment. If a provider thinks a claim was denied in error, the provider can reference the transaction number to ForwardHealth to confirm the enrollment response that was actually given.

Topic #6257

# **Entering Letters into WiCall**

For some WiCall inquries, health care providers are required to enter their taxonomy code with their NPI (National Provider Identifier).

Because taxonomy codes are a combination of numbers and letters, telephone key pad combinations, shown in the table below, allow providers to successfully enter taxonomy code letters for WiCall functions (e.g., press \*21 to enter an "A," press \*72 to enter an "R").

Letter	Key Combination	Letter	Key Combination
A	*21	N	*62
В	*22	O	*63
C	*23	P	*71
D	*31	Q	*11
Е	*32	R	*72
F	*33	S	*73
G	*41	T	*81
Н	*42	U	*82
I	*43	V	*83
J	*51	W	*91
K	*52	X	*92
L	*53	Y	*93
M	*61	Z	*12

Additionally, providers may select option 9 and press "#" for an automated voice explanation of how to enter letters in WiCall.

**Topic #466** 

## Information Available Via WiCall

WiCall, ForwardHealth's AVR (Automated Voice Response) system, gathers inquiry information from callers through voice prompts and accesses ForwardHealth interChange to retrieve and "speak" back the following ForwardHealth information:

- · Claim status.
- Enrollment verification.
- PA (prior authorization) status.
- Provider CheckWrite information.

*Note*: ForwardHealth releases CheckWrite information to WiCall no sooner than on the first state business day following the financial cycle.

Providers are prompted to enter NPI (National Provider Identifier) or provider ID and in some cases, NPI-related data, to retrieve query information.

In all inquiry scenarios, WiCall offers the following options after information is retrieved and reported back to the caller:

- Repeat the information.
- Make another inquiry of the same type.
- Return to the main menu.
- · Repeat the options.

#### **Claim Status**

Providers may check the status of a specific claim by selecting the applicable program ("financial payer" option, i.e., Wisconsin Medicaid, WCDP (Wisconsin Chronic Disease Program), or WWWP (Wisconsin Well Woman Program) by entering their provider ID, member identification number, DOS (date of service), and the amount billed.

Note: Claim information for BadgerCare Plus and SeniorCare is available by selecting the Medicaid option.

#### **Enrollment Verification**

Providers may request enrollment status for any date of eligibility the member has on file by entering their provider ID and the member ID. If the member ID is unknown, providers may enter the member's date of birth and SSN (Social Security number). Additionally, the provider is prompted to enter the "From DOS" and the "To DOS" for the inquiry. The "From" DOS is the earliest date the provider requires enrollment information and the "To" DOS must be within 365 days of the "From" DOS.

Each time a provider verifies member enrollment, the enrollment verification is saved and assigned a transaction number as transaction confirmation. Providers should note the transaction number for their records.

#### **Prior Authorization Status**

Except in certain instances, providers may obtain the status of PA requests for Medicaid and WCDP via WiCall by entering their provider ID and the applicable PA number. If the provider does not know the PA number, there is an option to bypass entering the PA number and the caller will be prompted to enter other PA information such as member ID and type of service (i.e., NDC (National Drug Code), procedure code, revenue code, or ICD (International Classification of Diseases) procedure code.) When a match is found, WiCall reports back the PA status information, including the PA number for future reference, and the applicable program.

Information on past PAs is retained indefinitely. Paper PAs require a maximum of 20 working days from receipt to be processed and incorporated into WiCall's PA status information.

Note: PA information for BadgerCare Plus and SeniorCare is available by selecting the Medicaid option.
