A Plan of Correction is not required when no deficiencies are cited.

Chapter 50 of the Wisconsin Statutes does not require a provider to submit a Plan of Correction for State notations, correction orders, and certain assisted living deficiencies.

A Plan of Correction is not required for nursing home deficiencies cited as “past noncompliance.” The facility is not required to provide a plan of correction because the deficiency was corrected at the time it was cited.

A Plan of Correction is not required for federal nursing home deficiencies at scope/severity level “A.”

Providers are required to submit an acceptable plan of correction for all other deficiencies.
