## Medicaid Provider Numbers Required on Electronic Medicare Crossover Claims

As of July 1, 2006, all state Medicaid programs, including Wisconsin Medicaid, are receiving their Medicare crossover claims from a national Medicare contractor commonly referred to as the Coordination of Benefits Contractor.

Providers submitting electronic Medicare claims must include their Medicaid provider numbers on the electronic transaction in order for the claims to crossover to Wisconsin Medicaid. Electronic Medicare crossover claims submitted without Medicaid provider numbers may be denied, may not crossover properly, or may process incorrectly.

For professional services, refer to the 837 Professional Implementation Guide, loop 2000B/2010AA, "Subscriber Hierarchical/Billing Provider Name," for guidance on where to indicate the Medicaid billing provider number and loop 2320/2330E, "Other Subscriber Information/Other Payer Rendering Provider," for guidance on where to indicate the Medicaid rendering/performing provider number on electronic Medicare crossover claims.

For institutional services, refer to the 837 Institutional Implementation Guide, loop 2000B/2010AA, "Subscriber Hierarchical/Billing Provider Name," for guidance on where to indicate the Medicaid billing provider number on electronic Medicare crossover claims.
