ForwardHealth interChange Edit Will Prevent Inaccurate Reimbursement of Pharmacy Claims

With the implementation of interChange, all electronic and paper pharmacy claims submitted to ForwardHealth will be reviewed by a new edit to identify billing errors and prevent inaccurate reimbursement. If the billed amount is 60 percent greater than or less than the allowed amount, the claim will be denied.

Implementation of ForwardHealth interChange

In November 2008, the Department of Health Services (DHS) will implement ForwardHealth interChange, which replaces Wisconsin's existing Medicaid Management Information System (MMIS). ForwardHealth interChange will be supported as part of the State's new fiscal agent contract with EDS. With ForwardHealth interChange, providers and trading partners will have more ways to verify member enrollment and submit electronic claims, adjustments, and prior authorization requests through the secure ForwardHealth Portal. Refer to the March 2008 *ForwardHealth Update* (2008-24), titled "Introducing ForwardHealth interChange, a New Web-Based Information System for State Health Care Programs," for an overview of the implementation and a more detailed outline of the many business process enhancements and added benefits the new system and fiscal agent contract will provide.

Implementation of Payment Variance Edit

With the implementation of ForwardHealth, all electronic and paper pharmacy claims submitted to ForwardHealth will be reviewed by a payment variance edit. The variance edit verifies claims data and ensures correct claims reimbursement. The variance edit compares the program-allowed amount for a drug to the dispensing provider's billed amount. If the billed amount is 60 percent greater than or less than the allowed amount, the claim will be denied because there was likely a billing error on the quantity or billed amount. Providers will receive Explanation of Benefits (EOB) code 0509 (Claim denied. Please verify the units and dollars billed. If correct, refer to Pharmacy Handbook for special handling instructions.) and National Council for Prescription Drug Programs reject code 84 (Claim has not been paid/captured.) when the variance is exceeded.

The variance edit applies to claims submitted for members enrolled in BadgerCare Plus, Medicaid, SeniorCare, and Wisconsin Chronic Disease Program.

Remittance Information

Denied claims will appear on the Remittance Advice with an EOB code that requires the provider to verify the quantity and charge for the claim. If the quantity or charge were submitted incorrectly for an electronic or

paper claim, the provider should complete one of the following:

- If the claim was partially paid, submit an Adjustment/Reconsideration Request, F-13046 (10/08). (Refer to Attachments 1 and 2 of this *Update* for a copy of the Adjustment/Reconsideration Request and completion instructions.)
- If the claim was denied, correct and resubmit the claim.

Information Regarding Managed Care

This *Update* contains fee-for-service policy and applies to services members receive on a fee-for-service basis only. Pharmacy services for members enrolled in the Program of All-Inclusive Care for the Elderly (PACE) and the Family Care Partnership are provided by the member's managed care organization. Managed care organizations must provide at least the same benefits as those provided under fee-for-service.

The *ForwardHealth Update* is the first source of program policy and billing information for providers.

Wisconsin Medicaid, BadgerCare Plus, SeniorCare, and Wisconsin Chronic Disease Program are administered by the Division of Health Care Access and Accountability, Wisconsin Department of Health Services (DHS). Wisconsin Well Woman Program is administered by the Division of Public Health, Wisconsin DHFS.

FORWARDHEALTH ADJUSTMENT / RECONSIDERATION REQUEST COMPLETION INSTRUCTIONS

ForwardHealth requires certain information to enable the programs to authorize and pay for medical services provided to eligible members.

ForwardHealth members are required to give providers full, correct, and truthful information for the submission of correct and complete claims for reimbursement. This information should include, but is not limited to, information concerning enrollment status, accurate name, address, and member identification number (HFS 104.02[4], Wis. Admin. Code).

Under s. 49.45(4), Wis. Stats., personally identifiable information about program applicants and members is confidential and is used for purposes directly related to ForwardHealth administration such as determining eligibility of the applicant, processing prior authorization (PA) requests, or processing provider claims for reimbursement. Failure to supply the information requested by the form may result in denial of PA or payment for the service.

The Adjustment/Reconsideration Request, F-13046, is used by ForwardHealth to request an adjustment of an allowed claim (a paid or partially paid claim). Providers may request an adjustment when claim data need to be changed or corrected. After the changes are made to the original claim, the adjusted claim is processed.

Providers cannot adjust a totally denied claim. A claim that was totally denied must be resubmitted after the necessary corrections have been made.

Questions about adjustments and other procedures or policies may be directed to Provider Services at (800) 947-9627.

The Adjustment/Reconsideration Request is reviewed by ForwardHealth based on the information provided. Providers may photocopy the Adjustment/Reconsideration Request for their own use. Providers should be as specific as possible when describing how the original claim is to be changed. Providers may also attach a copy of the corrected claim.

The provider is required to maintain a copy of this form for his or her records.

The provider should mail the Adjustment/Reconsideration Request to the appropriate mailing address:
