Changes to Prior Authorization for Disposable Medical Supplies

This *ForwardHealth Update* introduces important changes to prior authorization (PA) for disposable medical supplies, effective October 2008, with the implementation of the ForwardHealth interChange system. These changes include the following:

- Establishing deadlines for providers to respond to returned PA requests and PA amendment requests.
- Revising all PA forms. The following PA forms will be available to download and print from the Web at dhfs.wisconsin.gov/ForwardHealth/:
 - ✓ Prior Authorization Request Form (PA/RF), F-11018 (10/08).
 - ✓ Prior Authorization Amendment Request, F-11042 (10/08).
 - ✓ Prior Authorization/Durable Medical Equipment Attachment (PA/DMEA), F-11030 (10/08).

Providers may also order copies from Provider Services.

The changes were made to do the following:

- Provide efficiencies for both providers and ForwardHealth.
- Accommodate changes required for full National Provider Identifier implementation.
- Align with Health Insurance Portability and Accountability Act of 1996 (HIPAA) terminology.

A separate *Update* will give providers a calendar of additional important dates related to implementation including when to begin submitting the revised PA forms.

Information in this *Update* applies to providers who provide services for BadgerCare Plus and Wisconsin Medicaid members.

Changes to Prior Authorization with the Implementation of ForwardHealth interChange

In October 2008, the Department of Health and Family Services (DHFS) will implement ForwardHealth interChange, which replaces Wisconsin's existing Medicaid Management Information System (MMIS). ForwardHealth interChange will be supported as part of the State's new fiscal agent contract with EDS. With ForwardHealth interChange, providers and trading partners will have more ways to verify member enrollment and submit electronic claims, adjustments, and prior authorization (PA) requests through the secure ForwardHealth Portal. Refer to the March 2008 *ForwardHealth Update* (2008-24), titled "Introducing ForwardHealth interChange, a New Web-Based Information System for State Health Care Programs," for an overview of the implementation and a more detailed outline of the many business process enhancements and added benefits the new system and fiscal agent contract will provide.

With the implementation of the ForwardHealth interChange system, important changes will be made to PA forms and procedures that are detailed in this *Update*. These changes are not policy or coverage related (e.g., PA requirements, documentation requirements)

The changes were made to:

- Provide efficiencies for both providers and ForwardHealth. Providers will be able to submit PA requests and receive decisions and requests for additional information via the ForwardHealth Portal.
- Accommodate changes required for full National Provider Identifier (NPI) implementation. Prior authorization forms were revised to include elements for providers to indicate NPI and taxonomy information.
- Align with Health Insurance Portability and Accountability Act of 1996 (HIPAA) terminology.

Note: Specific implementation dates will be published in a separate *Update*. Use of information presented in this *Update* prior to implementation may result in returned PA requests.

Information in this *Update* applies to providers who provide services for BadgerCare Plus and Wisconsin Medicaid members.

Submitting Prior Authorization Requests

Using the ForwardHealth Portal, providers will be able to submit PA requests for *all* services requiring PA. In addition to the Portal, providers may submit PA requests via any of the following:

- Fax at (608) 221-8616.
- Mail to the following address:

ForwardHealth
Prior Authorization
Ste 88
6406 Bridge Rd
Madison WI 53784-0088

Watch for future publications for information on submitting PA requests via the Portal.

Prior Authorization Numbers

The PA number will no longer be pre-printed on the Prior Authorization Request Form (PA/RF), F-11018 (10/08). As a result, providers will be able to download and print the form from the Portal and no longer have to order pre-printed forms from ForwardHealth. Upon receipt of the

form, ForwardHealth will assign a PA number to each PA request.

The PA number will consist of 10 digits, containing valuable information about the PA (e.g., the date the PA request was received by ForwardHealth, the medium used to submit the PA request). Refer to Attachment 1 of this *Update* for information about interpreting PA numbers.

Changes to Prior Authorization Forms

With the implementation of ForwardHealth interChange, providers submitting a paper PA request for disposable medical supplies (DMS) will be required to use the revised PA/RF. Refer to Attachments 2 and 3 for completion instructions and a copy of the PA/RF for providers to photocopy. Attachment 4 is a sample PA/RF for DMS and Attachment 5 is a sample PA/RF for exceptional supplies provided to members residing in a nursing home.

Note: If ForwardHealth receives a PA request on a previous version of the PA/RF, a letter will be sent to the provider stating that the provider is required to submit a new PA request using the proper forms. This may result in a later grant date if the PA request is approved.

Revisions to the Prior Authorization Request Form and Instructions

The following revisions have been made to the PA/RF:

- The PA number is eliminated from the form.
- The paper PA/RF is a one-part form (no longer a two-part, carbonless form) that can be downloaded and printed. The PA/RF is available in two formats on the Portal — Microsoft® Word and Portable Document Format (PDF).
- Checkboxes are added for HealthCheck “Other Services” and Wisconsin Chronic Disease Program (WCDP) (Element 1) to create efficiencies for providers who render services to members in Wisconsin Medicaid, BadgerCare Plus, and WCDP.
- The term “rendering provider” replaces “performing provider” to align with HIPAA terminology.

- Billing and rendering provider taxonomy code fields are added (Elements 5b and 17) to accommodate NPI implementation.
- In the billing provider’s name and address fields, providers are now required to include the ZIP+4 code (Element 4) to accommodate NPI implementation.

Prior Authorization Attachments

With the implementation of ForwardHealth interChange, providers submitting a paper PA request for DMS will be required to use the revised Prior Authorization/Durable Medical Equipment Attachment (PA/DMEA), F-11030 (10/08). While the basic information requested on the form has not changed, the format of the form has changed to accommodate NPI information and to add a barcode. ForwardHealth will scan each form with a barcode as it is received, which will allow greater efficiencies for processing PA requests.

Refer to Attachment 8 for a copy of the completion instructions for the PA/DMEA. Attachment 9 is a copy of the PA/DMEA for providers to photocopy.

Obtaining Prior Authorization Request Forms and Attachments

The PA/RF and PA/DMEA are available in fillable PDF or fillable Microsoft® Word from the Forms page at dhfs.wisconsin.gov/ForwardHealth/ prior to implementation and will be available from the Portal after implementation.

The fillable PDF is accessible using Adobe Reader® and may be completed electronically. To use the fillable PDF, click on the dash-outlined boxes and enter the information. Press the “Tab” key to move from one box to the next.

To request a paper copy of the PA/RF and PA/DMEA for photocopying, call Provider Services at (800) 947-9627. Questions about the forms may also be directed to Provider Services.

In addition, a copy of any PA form and/or attachment is available by writing to ForwardHealth. Include a return

address, the name of the form, and the number of the form (if applicable) and mail the request to the following address:

Prior Authorization Decisions

The PA review process continues to include both a clerical review and a clinical review. The PA request will have one of the statuses detailed in the following table.

Prior Authorization Status	Description
Approved	The PA request was approved as requested.
Approved with Modifications	The PA request was approved with modifications to what was requested.
Denied	The PA request was denied.
Returned — Provider Review	The PA request was returned to the provider for correction or for additional information.
Pending — Fiscal Agent Review	The PA request is being reviewed by the Fiscal Agent.
Pending — Dental Follow-up	The PA request is being reviewed by a Fiscal Agent dental specialist.
Pending — State Review	The PA request is being reviewed by the State.
Suspend — Provider Sending Information	The PA request was submitted via the ForwardHealth Portal and the provider indicated they will be sending additional supporting information on paper.
Inactive	The PA request is inactive due to no response within 30 days to the returned provider review letter and cannot be used for PA or claims processing.

Communicating Prior Authorization Decisions

ForwardHealth will make a decision regarding a provider's PA request within 20 working days from the receipt of all the necessary information. After processing the PA request, ForwardHealth will send the provider either a decision notice letter or a returned provider review letter. Providers will receive a decision notice letter for PA requests that were approved, approved with modifications, or denied. Providers will receive a returned provider review letter for PA requests that require corrections or additional information. The new decision notice letter or returned provider review letter implemented with ForwardHealth interChange will clearly indicate what is approved or what correction or additional information ForwardHealth needs to continue adjudicating the PA request.

Providers submitting PA requests via the Portal will receive a decision notice letter or returned provider review letter via the Portal.

If the provider submitted a PA request via mail or fax and the provider has a Portal account, the decision notice letter or returned provider review letter will be sent to the provider via the Portal as well as by mail.

If the provider submitted a paper PA request via mail or fax and does not have a Portal account, the decision notice letter or returned provider review letter will be sent to the address indicated in the provider's file as his or her PA address (or to the physical address if there is no PA address on file), *not* to the address the provider wrote on the PA request.

The decision notice letter or returned provider review letter will not be faxed back to providers who submitted their paper PA request via fax. Providers who submitted their paper PA request via fax will receive the decision notice letter or returned provider letter via mail.

Returned Provider Review Letter

The returned provider review letter will indicate the PA number assigned to the request and will specify corrections

or additional information needed on the PA request.

Providers are required to make the corrections or supply the requested information in the space provided on the letter or attach additional information to the letter before mailing the letter to ForwardHealth. Providers can also correct PAs that have been placed in returned provider review status in the Portal.

The provider's paper documents submitted with the PA request will no longer be returned to the provider when corrections or additional information are needed. Therefore, providers are required to make a copy of their PA requests (including attachments and any supplemental information) before mailing the requests to ForwardHealth. The provider is required to have a copy on file for reference purposes if ForwardHealth requires more information about the PA request.

Note: When changing or correcting the PA request, providers are reminded to revise or update the documentation retained in their records.

Thirty Days to Respond to the Returned Provider Review Letter

ForwardHealth must receive the provider's response within 30 calendar days of the date on the returned provider review letter, whether the letter was sent to the provider by mail or through the Portal. If the provider's response is received within 30 calendar days, ForwardHealth will still consider the original receipt date on the PA request when authorizing a grant date for the PA.

If ForwardHealth does not receive the provider's response within 30 calendar days of the date the returned provider review letter was sent, the PA status becomes inactive and the provider is required to submit a new PA request. This will result in a later grant date if the PA request is approved. Providers will not be notified when their PA request status changes to inactive, but this information will be available on the Portal and through the WiCall Automated Voice Response system. Watch for future publications for more information regarding checking PA status via WiCall.

If ForwardHealth receives additional information from the provider after the 30-day deadline has passed, a letter will be sent to the provider stating that the PA request is inactive and the provider is required to submit a new PA request.

Listing Procedure Codes Approved as a Group on the Decision Notice Letter

In certain circumstances, ForwardHealth will approve a PA request for a group of procedure codes with a total quantity approved for the entire group. When this occurs, the quantity approved for the entire group of codes will be indicated with the first procedure code. All of the other approved procedure codes within the group will indicate a quantity of zero.

Providers may submit claims for any combination of the procedure codes in the group up to the approved quantity.

New Amendment Process

Providers are required to use the Prior Authorization Amendment Request, F-11042 (10/08), to amend an approved or modified PA request. The Prior Authorization Amendment Request was revised to accommodate NPI information.

Instructions for completion of the Prior Authorization Amendment Request are located in Attachment 6. Attachment 7 is a copy of the revised Prior Authorization Amendment Request for providers to photocopy.

ForwardHealth does not accept a paper amendment request submitted on anything other than the Prior Authorization Amendment Request. The Prior Authorization Amendment Request may be submitted through the Portal as well as by mail or fax. If ForwardHealth receives a PA amendment on a previous version of the Prior Authorization Amendment Request form, a letter will be sent to the provider stating that the provider is required to submit a new PA amendment request using the proper forms.

ForwardHealth will make a decision regarding a provider's amendment request within 20 working days from the receipt

of all the information necessary. If the provider submitted the amendment request via the Portal, the decision notice letter or returned amendment provider review letter will be sent to the provider via the Portal.

If the provider submitted an amendment request via mail or fax and the provider has a Portal account, the decision notice letter or returned amendment provider review letter will be sent to the provider via the Portal as well as by mail.

If the provider submitted a paper amendment request via mail or fax and does not have a Portal account, the decision notice letter or returned amendment provider review letter will be sent to the address indicated in the provider's file as his or her PA address (or to the physical address if there is no PA address on file), *not* to the address the provider wrote on the amendment request.

Neither the decision notice letter nor the returned amendment provider review letter will be faxed back to providers who submitted their paper amendment request via fax. Providers who submitted their paper amendment request via fax will receive the decision notice letter or returned amendment provider review letter via mail.

Returned Amendment Provider Review Letter

If the amendment request needs correction or additional information, a returned amendment provider review letter will be sent. The letter will show how the PA appears currently in the system and providers are required to respond by correcting errors identified on the letter. Providers are required to make the corrections or supply the requested information in the space provided on the letter or attach additional information to the letter before mailing the letter to ForwardHealth. Providers can also correct an amendment request that has been placed in returned provider review status in the Portal.

ForwardHealth must receive the provider's response within 30 calendar days of the date the returned amendment provider review letter was sent. After 30 days the

amendment request status becomes inactive and the provider is required to submit a new amendment request. The ForwardHealth interChange system will continue to use the original approved PA request for processing claims.

The provider's paper documents submitted with the amendment request will no longer be returned to the provider when corrections or additional information are needed. Therefore, providers are required to make a copy of their amendment requests (including attachments and any supplemental information) before mailing the requests to ForwardHealth. The provider is required to have a copy on file for reference purposes if ForwardHealth requires more information about the amendment request.

Note: When changing or correcting the amendment request, providers are reminded to revise or update the documentation retained in their records.

Valid Diagnosis Code Required

Effective with implementation, the PA/RF will be monitored for the most specific *International Classification of Diseases, Ninth Revision, Clinical Modification* diagnosis codes for all diagnoses. The required use of valid diagnosis codes includes the use of the most specific diagnosis codes. Valid, most specific, diagnosis codes may have up to five digits.

Prior authorization requests sent by mail or fax with an invalid diagnosis code will be returned to the provider. Providers using the Portal will receive a message that the diagnosis code is invalid and will be allowed to correct the code and submit the PA request.

Information Regarding Managed Care

This *Update* contains fee-for-service policy and applies to services members receive on a fee-for-service basis. For managed care policy, contact the appropriate managed care organization. HMOs are required to provide at least the same benefits as those provided under fee-for-service arrangements.

The *ForwardHealth Update* is the first source of program policy and billing information for providers.

Interpreting Prior Authorization Numbers

Each prior authorization (PA) request is assigned a unique PA number. This number identifies valuable information about the PA. The following diagram and table provide detailed information about interpreting the PA number.

Type of Number and Description	Applicable Numbers and Description
Media — One digit indicates media type.	Digits are identified as follows: 1 = paper; 2 = fax; 3 = Specialized Transmission Approval Technology-Prior Authorization (STAT-PA); 4 = STAT-PA; 5 = Portal; 6 = Portal; 7 = National Council for Prescription Drug Programs (NCPDP) transaction
Year — Two digits indicate the year ForwardHealth received the PA request.	For example, the year 2008 would appear as 08.
Julian date — Three digits indicate the day of the year, by Julian date, that ForwardHealth received the PA request.	For example, February 3 would appear as 034.
Sequence number — Four digits indicate the sequence number.	The sequence number is used internally by ForwardHealth.

FORWARDHEALTH PRIOR AUTHORIZATION AMENDMENT REQUEST COMPLETION INSTRUCTIONS

ForwardHealth requires certain information to enable the programs to authorize and pay for medical services provided to eligible members.

Members of ForwardHealth are required to give providers full, correct, and truthful information for the submission of correct and complete claims for reimbursement. This information should include, but is not limited to, information concerning enrollment status, accurate name, address, and member identification number (HFS 104.02[4], Wis. Admin. Code).

Under s. 49.45(4), Wis. Stats., personally identifiable information about program applicants and members is confidential and is used for purposes directly related to ForwardHealth administration such as determining eligibility of the applicant, processing prior authorization (PA) requests, or processing provider claims for reimbursement. Failure to supply the information requested by the form may result in denial of PA or payment for the service.
