Revised Cost Report Forms for Rural Health Clinics

ForwardHealth has revised all rural health clinic (RHC) forms. The revised forms have been updated for terminology changes and now include an additional field for National Provider Identifiers. Providers are required to use the revised forms for their fiscal year 2007 cost settlement.

ForwardHealth is introducing a new Cost Report for Provider-Based Rural Health Clinics (Affiliated Hospital Having 50 or Fewer Beds), F-11080CP (04/09), and Cost Report for Provider-Based Rural Health Clinics (Affiliated Hospital Having 50 or Fewer Beds) Completion Instructions, F-11080CA (04/09). The Cost Report for Provider-Based Rural Health Clinics (Affiliated Hospital Having 50 or Fewer Beds, F-11080 (04/09), and completion instructions, F-11080A (04/09), are still available. The difference between the two forms is limited to Element 7, which deals with how to calculate the overhead applicable to RHC services. The instructions for these forms will direct the provider to the appropriate form.

The *ForwardHealth Update* is the first source of program policy and billing information for providers.
