Rate Changes for Case Management Services

Effective for claims processed and paid on and after October 1, 2010, the federal share will decrease from 60.21 percent to 60.16 percent for case management services, although the reimbursement amount for these services will not change.

Wisconsin Medicaid will pay up to the federal share of the contracted rates for these services. If the provider's usual and customary charge for the service is less than the contracted rate, Wisconsin Medicaid will pay the federal share of the usual and customary charge. The usual and customary charge is defined as the provider's charge for providing the same services to persons not entitled to Medicaid or BadgerCare Plus benefits.

To ensure that claims are paid at the appropriate level, providers are reminded to bill using their usual and customary charge. Wisconsin Medicaid and BadgerCare Plus calculate the federal share of the usual and customary charge.
