Revised Hearing Aid Contract Models and Pricing Effective September 2012

Effective for hearing aids dispensed on and after September 1, 2012, the Division of Health Care Access and Accountability has implemented annual manufacturer revisions on the volume purchase contracts for hearing aids. This *ForwardHealth Update* provides information about the hearing aid models and purchase rates now available through the volume purchase contract.

Effective for hearing aids dispensed on and after September 1, 2012, the Division of Health Care Access and Accountability (DHCAA) has implemented manufacturer revisions on the volume purchase contracts for hearing aids. The volume purchase contracts for hearing aids are part of the volume purchase program for durable medical equipment. Some models and purchase rates have changed under the volume purchase contract, but policies and procedures for hearing aids have not changed.

Hearing aids are covered for members enrolled in Wisconsin Medicaid and the BadgerCare Plus Standard Plan, and for members 17 years of age and younger enrolled in the BadgerCare Plus Benchmark Plan.

Hearing Aid Manufacturers

Providers may only purchase hearing aids from the manufacturers who have entered a contract with the DHCAA. Refer to Attachment 1 of this *ForwardHealth Update* for manufacturers who have signed a volume purchase contract and have at least one model available through this contract.

Hearing Aid Models and Purchase Rates Available

Refer to Attachment 2 for an updated list of procedure codes, procedure code descriptions, manufacturers, hearing aid models, purchase rates, and repair rates covered by the volume purchase contract. New purchase rates were established by the manufacturers for each hearing aid model available through the volume purchase contract. Providers are reminded that the contracted purchase rate for the hearing aids listed in Attachment 2 (not their usual and customary charge) is required to be indicated on claims and prior authorization (PA) requests. Prior authorization is required for the purchase of any hearing aid.

Policies and Procedures for Hearing Aids

Contracted Hearing Aids

Policies and procedures regarding contracted hearing aids have not changed. For more information regarding shipping, repairs, warranties, trial periods, replacements, and PA requirements for contracted hearing aids, refer to the Covered Services and Requirements chapter of the Covered and Noncovered Services section of the Hearing service area of the Online Handbook.

Noncontracted Hearing Aids

Policies and procedures for noncontracted hearing aids are not changing at this time. For more information about noncontracted hearing aids, refer to the Covered Services

and Requirements chapter of the Covered and Noncovered Services section of the Hearing service area of the Online Handbook.

Information Regarding Managed Care Organizations

This *Update* contains fee-for-service policy and applies to services members receive on a fee-for-service basis only. For managed care policy, contact the appropriate managed care organization. Managed care organizations are required to provide at least the same benefits as those provided under fee-for-service arrangements.

The *ForwardHealth Update* is the first source of program policy and billing information for providers.

Wisconsin Medicaid, BadgerCare Plus, SeniorCare, and Wisconsin Chronic Disease Program are administered by the Division of Health Care Access and Accountability, Wisconsin Department of Health Services (DHS).
