Revised Hearing Aid Contract Models and Pricing Effective September 2014

Effective for hearing aids dispensed on and after September 1, 2014, ForwardHealth has implemented annual manufacturer revisions on the volume purchase contracts for hearing aids. This *ForwardHealth Update* provides information about the hearing aid models and purchase rates now available through the volume purchase contract.

Effective for hearing aids dispensed on and after September 1, 2014, ForwardHealth has implemented manufacturer revisions on the volume purchase contracts for hearing aids. The volume purchase contracts for hearing aids are part of the volume purchase program for durable medical equipment. Some models and purchase rates have changed under the volume purchase contract, but policies and procedures for hearing aids have not changed.

Note: There is a five-year life expectancy on hearing aids for adults and a three-year life expectancy on hearing aids for children ages 17 and younger.

Hearing Aid Manufacturers

Providers may only purchase hearing aids from the manufacturers who have entered a contract with ForwardHealth. Refer to Attachment 1 of this *ForwardHealth Update* for manufacturers who have signed a volume purchase contract and have at least one model available through this contract.

Hearing Aid Models and Purchase Rates Available

Refer to Attachment 2 for an updated list of procedure codes, procedure code descriptions, manufacturers, hearing aid models, purchase rates, and repair rates covered by the volume purchase contract. New purchase rates were established by the manufacturers for each hearing aid model available through the volume purchase contract. Providers are reminded that the contracted purchase rate for the hearing aids listed in Attachment 2 (not their usual and customary charge) is required to be indicated on claims and prior authorization (PA) requests. Prior authorization is required for the purchase of any hearing aid.

Policies and Procedures for Hearing Aids

For more information regarding shipping, repairs, warranties, trial periods, replacements, and PA requirements for contracted hearing aids, refer to the Covered Services and Requirements chapter of the Covered and Noncovered Services section of the Hearing service area of the ForwardHealth Online Handbook at www.forwardhealth.wi.gov/.

Noncontracted Hearing Aids

Policies and procedures for noncontracted hearing aids are not changing at this time. For more information about

noncontracted hearing aids, refer to the Covered Services and Requirements chapter of the Covered and Noncovered Services section of the Hearing service area of the Online Handbook.
