

Affected Programs: BadgerCare Plus, Medicaid

To: Audiologists, Hearing Instrument Specialists, Speech and Hearing Clinics, HMOs and Other Managed Care Programs

Revised Hearing Aid Contract Models and Pricing Effective September 2018

Effective for hearing aids dispensed on and after September 1, 2018, ForwardHealth has implemented manufacturer revisions on the volume purchase contracts for hearing aids. The volume purchase contracts for hearing aids are part of the volume purchase program for durable medical equipment. Some manufacturers, models, and purchase rates have changed under the volume purchase contract, but policies and procedures for hearing aids have not changed.

Note: There is a five-year product life expectancy on hearing aids for adults and a three-year product life expectancy on hearing aids for children ages 20 and younger.

Hearing Aid Manufacturers

Providers may only purchase hearing aids from the manufacturers that have entered a contract with ForwardHealth. Refer to Attachment 1 of this *ForwardHealth Update* for manufacturers that have signed a volume purchase contract and have at least one model available through this contract.

Hearing Aid Models and Purchase Rates Available

Refer to Attachment 2 for an updated list of procedure codes, procedure code descriptions, manufacturers, hearing aid models, purchase rates, and repair rates covered by the volume purchase contract. Purchase rates were established by the manufacturers for the hearing aid models available through the volume purchase contract. Providers are

reminded that the contracted purchase rate for the hearing aids listed in Attachment 2 (not their usual and customary charge) is required to be indicated on claims and prior authorization (PA) requests. PA is required for the purchase of any hearing aid.

Policies and Procedures for Hearing Aids

Contracted Hearing Aids

Policies and procedures regarding contracted hearing aids have not changed. For more information regarding shipping, repairs, warranties, trial periods, replacements, and PA requirements for contracted hearing aids, refer to the Covered Services and Requirements chapter of the Covered and Noncovered Services section of the Hearing service area of the ForwardHealth Online Handbook at www.forwardhealth.wi.gov/.

Non-Warranty Repairs

The vendor must continue to honor the repair pricing of the contract under which the hearing aid was sold for the life of the hearing aid, whether the hearing aid has been discontinued from the contract, the vendor has terminated their participation in the contract, or the contract has been cancelled or expired. An invoice must accompany the repaired hearing aid when returned to the audiologist or hearing instrument specialist from the vendor.

Noncontracted Hearing Aids

Policies and procedures for noncontracted hearing aids are not changing at this time. For more information about noncontracted hearing aids, refer to the Covered Services and Requirements chapter of the Covered and Noncovered Services section of the Hearing service area of the Online Handbook.

Coverage of Telecoils

The Wisconsin Office for the Deaf and Hard of Hearing and the Wisconsin Council for the Deaf and Hard of Hearing recommend that audiologists and hearing instrument specialists inform and educate all individuals seeking hearing aids of the benefits of telecoils. When a device includes a telecoil, it is also recommended that audiologists and hearing instrument specialists activate the telecoil.

Providers are reminded that telecoils are included in the purchase price of many hearing aids and are reimbursable as a modification at the time of purchase if not included in the contracted purchase price. For more information regarding ForwardHealth reimbursement of telecoils, refer to the following Online Handbook topics in the Hearing service area:

- The Contracted Hearing Aid Models topic (topic #2996) in the Codes chapter of the Covered and Noncovered Services section
- The Modifications topic (topic #2973) in the Covered Services and Requirements chapter of the Covered and Noncovered Services section

Information Regarding Managed Care Organizations

This *Update* contains fee-for-service policy and applies to services members receive on a fee-for-service basis only. For managed care policy, contact the appropriate managed care organization (MCO). MCOs are required to provide at least the same benefits as those provided under fee-for-service arrangements.

The *ForwardHealth Update* is the first source of program policy and billing information for providers.

Wisconsin Medicaid, BadgerCare Plus, SeniorCare, and Wisconsin Chronic Disease Program are administered by the Division of Medicaid Services, the Wisconsin Department of Health Services (DHS). The Wisconsin AIDS Drug Assistance Program and the Wisconsin Well Woman Program are administered by the Division of Public Health, DHS.

For questions, call Provider Services at 800-947-9627 or visit our website at www.forwardhealth.wi.gov/.

ATTACHMENT 2

Contracted Hearing Aid Models

The following modifiers are allowable for contracted hearing aid models.

Modifier	Description
LT	Left side
RR*	Rental
RT	Right side

* The maximum allowable fee for all rentals is \$27.34 per 30-day period. All rented hearing instruments require prior authorization. Wisconsin Medicaid and BadgerCare Plus do not reimburse providers for dispensing fees for rental hearing instruments.

Contracted Hearing Aid Models

Wisconsin Medicaid and BadgerCare Plus will approve only medically necessary hearing aid models available through a volume purchase contract. The following procedure codes are allowable for the corresponding hearing aid models. Many of the manufacturers and models listed in this table are registered or trademarked by the manufacturer. All new hearing aid orders have a two-year manufacturer warranty.
