Hospice Reimbursement Rate Changes

New Reimbursement Rates Effective for Dates of Service on and After October 1, 2018

Effective for dates of service on and after October 1, 2018, Wisconsin Medicaid and BadgerCare Plus hospice reimbursement rates have changed. Refer to the Attachment of this *ForwardHealth Update* for the new hospice reimbursement rates.

Note: Nursing home room and board rates are not impacted by these hospice reimbursement rate changes.

Claim Adjustments

Wisconsin Medicaid will automatically adjust claims for services provided on and after October 1, 2018, that were reimbursed at the previous reimbursement rate. Reimbursement will be adjusted to the maximum amount allowed or the billed amount, whichever is less. When the adjustments are completed, they will be announced on the banner page of the Remittance Advice.

Reminder About Reimbursement for Routine Care Services

ForwardHealth's two-tiered reimbursement rate structure for hospice routine care services is based on the count of a member's hospice days, using a higher reimbursement rate for a member's first 60 days of hospice care and a lower reimbursement rate for days 61 and after.

Additionally, a service intensity add-on (SIA) payment is for routine care services provided by a social worker or a registered nurse during the last seven days of a member's life. The SIA payment is in addition to the hospice routine care reimbursement.

For more information about reimbursement for hospice routine care services, refer to the Routine Care Services topic (#1155) of the Covered Services and Requirements chapter of the Covered and Noncovered Services section of the Hospice service area of the ForwardHealth Online Handbook at www.forwardhealth.wi.gov/.

Quality Data Reporting Requirement

Hospice providers are required to report quality data to the federal Centers for Medicare and Medicaid Services (CMS), per sections 3004 and 3132(a) of the Patient Protection and Affordable Care Act. Since Wisconsin Medicaid and BadgerCare Plus hospice reimbursement rates are based on hourly and per diem rates established by CMS for all covered hospice services, the amount hospice providers are reimbursed is directly affected by their compliance with the quality data reporting requirement.

Information Regarding Managed Care Organizations

This *Update* contains fee-for-service policy and applies to services members receive on a fee-for-service basis only. For managed care policy, contact the appropriate managed care organization (MCO). MCOs are required to provide at least

the same benefits as those provided under fee-for-service arrangements.

The *ForwardHealth Update* is the first source of program policy and billing information for providers.
