Case Management Services for Medicaid HMO Enrollees

Case Management Providers May Now Submit Claims for Medicaid HMO Enrollees

Medicaid-certified case management providers may now submit claims for case management services provided to Medicaid HMO enrollees. Medicaid HMO enrollees include AFDC and Healthy Start recipients.

Wisconsin Medicaid may reimburse for case management services provided on and after July 1, 1996, on a "fee-for-service" basis for Medicaid HMO enrollees. Case management services must meet all Medicaid requirements.

If you have previously submitted claims which were denied, you do not need to resubmit the claims. Wisconsin Medicaid will automatically pay these claims.

Providers have one year from the date of service to submit or adjust a claim.
