# WISCONSIN MEDICAID UPDATE

---

December 3, 1997

UPDATE 97-39

TO:  
Nurse Practitioners  
Physician Assistants  
Physicians

---

## Coverage of Stereotactic Computer Assisted Intracranial Procedures

---

Effective January 1, 1998, Wisconsin Medicaid covers stereotactic computer assisted volumetric intracranial procedures (procedure code 61795).

There are no prior authorization, second opinion, or documentation requirements for these procedures.

When billing, providers may bill using types of service 2 (surgery), 7 (anesthesia), and 8 (assistant surgeon).

Wisconsin Medicaid will manually price these procedures until final pricing is established.
